

Special Forces God Level Extraction System -

Chapter 1231: I Do

Chapter 1231

Looking at Huang Tianshi like this, Lin Kai couldn't help but want to laugh.

But it's hard for him. It's a lot of trouble to accept disciples.

Now that he has a close relationship, he naturally won't help him.

"But Chu Wei promised or not, I can't guarantee."

"I don't believe it anymore, there are people who dare to reject me, the old man."

Huang Tianshi patted the table with a proud look.

Thinking about who he is, how many people are crying and begging, wanting to apprentice, and they don't even bother.

Now that I take the initiative to open the Chinchilla, how can anyone refuse it?

Looking at his narcissistic look, Lin Kai really didn't know what to say.

There was loud thunder outside the window, and the rain didn't mean to stop at all.

"This child is also suffering."

The words of Huang Tianshi sighed aroused the sympathy of several people.

It was so heavy outside, if he hadn't met them, the child wouldn't know how long he would stay in the rain.

Several people looked outside boredly, and had nothing to do.

Finally, it was decided by consensus that it is better to sleep.

The next day it was still dark, and the rain still did not hear.

As soon as Lin Kai opened his eyes, he felt that there was someone outside his house. He moved quickly to the door. Before he could speak, a sound rang outside the door.

“Hello, I’m Chu Wei. Yesterday...”

Lin Kai suddenly opened the door of the room, shocked Chu Wei, stepped back and almost fell to the ground.

“You...Hello, I’m sorry to cause you trouble.” Chu Wei bowed deeply, embarrassed on his face.

He was a little awkwardly dragging his wide clothes and bare feet, rubbing each other in an uneasy manner.

“It’s okay, would you like to stay?”

“Stay... stay?” Chu Wei’s eyes were surprised, but also a little confused.

He couldn’t understand why Lin Kai wanted to stay with him.

When he saw his clothes, his face instantly turned pale.

His lips trembled, looking at Lin Kai, he couldn’t say a word.

After a while, he closed his eyes, admitting his fate: “If this is the price of staying, then I am willing.”

As he spoke slowly, he took off his clothes, revealing his upper body with scars.

The skinny, at first glance, they were all raised bones.

Obviously he was sixteen or seventeen years old, but he was as thin as an eleven or twelve-year-old.

Lin Kai was a little surprised at his sudden movement, and didn’t understand what was going on.

After seeing the criss-crossing scars on his body, he understood.

Carefully helped him put the clothes on, rubbed his head: “I like women.”

“Then you?” Chu Wei raised his head and looked up at Lin Kai, not understanding what he meant.

“Stay, you don’t have to pay anything.”

“Really?” Chu Wei looked at him hopefully, eyes full of longing.

He had heard too many such things, but he couldn't help but believe it.

I still remember what his mother told him when he was young, there will always be more good people than bad people in this world.

"Of course you stay, to make money for yourself, I can't take you in for nothing."

Lin Kai didn't want to let him become a rice bug, which violated his original intention of taking him in.

Although he wanted to leave this apprentice to the old Huyou, he didn't want him to develop the habit of getting something for nothing.

"I will definitely work hard to make money!" Chu Wei clenched his fists tightly, eyes full of determination.

He wants to live hard!

Everyone who wants to live is brilliant.

"I will let you go to school, and I will send someone to teach you music and other things. If it is good, I will let the company sign you and become a star."

"I will work hard!"

Thinking of the bright and beautiful people he had seen on TV, Chu Wei only felt that the future was bright.

After waking Lao Huyou, Lin Kai threw Chu Wei to him and left.

Today he is still planning to go to Ai Ping, and the matter of Lin Yuan's arrival must be handled as soon as possible.

As for Xu Fu, he had already asked the Yinshen to bring it back.

And those letters in Guo Jie's hands, Lin Kai also asked Yinshen to take photos back.

I have to say that each of them has different company strengths, and they have different news.

It can be seen from those letters that Lin Yuan will be here in half a month.

For the specific time, Lin Kai needs Ai Ping to confirm as soon as possible.

When he arrived at Ai Ping's house, there was only laughter from the second floor, nothing else.

Before Lin Kai called Ai Ping, she saw Ai Lu'er being hugged naked by a strong man.

When she came down, Elur continued to touch the man's chest back and forth.

When the two saw Lin Kai, they were stunned.

The two sides stared at each other, and they were so stiff for almost a minute.

It was Elur who screamed and broke the eyes of several people.

She jumped from the man's arms and ran to the second floor without looking back.

After five or six minutes, Ai Lu'er came down, with a calm look, as if nothing happened.

"How did you come?"

Regarding Lin Kai's sudden visit, Ai Lu'er didn't believe that he came over to see if he was bored, most of it was something.

"When will Lin Yuan come over?"

Ai Lu'er who asked this question was taken aback. They just received the news. Lin Kai knew so soon?

Iruel couldn't help but feel a little crisis, if Lin Kai still cooperated with others.

They will step up their efforts, or they will be replaced by the time.

"Said it will be the 9th of next month, the details have not yet been determined.

Ai Luer shared the news about Lin Yuan and Leiyuan Group in the past two days.

"I know."

Lin Kai nodded, he still has time to prepare now.

I hope Lin Yuan doesn't know that he is in the East China Sea now.

Seeing that Lin Kai was about to leave, Ai Lu'er stood up and called him, there was nothing to say.

Seeing that she hadn't spoken for a long time, Lin Kai was a little puzzled: "If you have anything, just say it."

Elur looked at Lin Kai hesitantly, without saying a word for a long time.

Just when Lin Kai was about to leave, Elur grabbed him.

"I just had a play with the man just now. Because his family has a project, my dad wants to get in."

Elur laughed and said: "As you know, this method is the most trouble-free and simple."

Looking at Elur's drooping head and the sneer at the corners of her mouth, Lin Kai sighed, not knowing how to comfort her for a while.

When Elur finished speaking, she looked at him embarrassedly: "What I said just now has no other meaning. Don't get me wrong."

She bit her lower lip and looked at Lin Kai like that, she was really angry.

"I just want to talk to you about my dad, there is really nothing else."

Seeing that Elur had been emphasizing this matter, Lin Kai reluctantly said: "I didn't say, I think about something else."

Chapter 1232: Provocative

Chapter 1232

Hearing Lin Kai's words, a string in Ai Lu'er's heart, for some reason, was suddenly touched, and her eyes blushed instantly.

Lin Kai was caught off guard by her sudden movement.

He doesn't remember what he said, just telling the truth, why Elur?

Seeing Lin Kai's puzzled look, Ai Luer smiled helplessly.

She is also stupid, so she compares herself to something.

Obviously Lin Kai didn't have any thoughts in this regard for her.

But after listening to what her father said one day, she still couldn't help but feel a little moved.

People are always like this sometimes, expecting things that don't belong to them.

"You really don't know anything about some things."

Elur sighed helplessly, thinking of Lin Qianqian, suddenly resolute.

Wasn't she just a man, she didn't believe it yet.

With so many years of experience in finding men, she can't control Lin Kai?

Listening to Elur's specious words, and the appearance of a resurrection full of blood, Lin Kai became more confused.

Seeing Elur's eager look, Lin Kai didn't know what to say.

"Just say what you want to say, there is no need to circumscribe it."

Lin Kai thinks Ai Lu'er today is very strange, as if she has something to say to herself, but she just doesn't say it.

Seeing her entangled so much, Lin Kai was also a little helpless.

Is there anything that cannot be said directly?

Is it necessary to hesitate like this?

When Lin Kai said this, the smile on Elur's face instantly froze.

She simply didn't know what to say.

When the two of them stared at each other, the man holding Elur came down.

Came over and took Elur into her arms, and put a hand in under her clothes.

He didn't care about Lin Kai's gaze, just playing with Elur like no one else.

From time to time, she lowered her head and bit Ai Luer's earlobe lightly.

Although she pushed the man hard, he was unmoved.

In front of Lin Kai, letting other men move herself, Ai Luer only felt ashamed.

"Hurry up and stop!"

She grabbed Feng Chen's hand and wanted him to stop.

But she didn't see what she was like now, and those words were more like silent invitations.

Looking at Fang Chen's movements, Lin Kai always felt that he was provoking himself.

Looking at Feng Chen inexplicably, Lin Kai didn't disturb their interest.

"When your dad comes back, call me and talk."

"it is good."

Ai Lu'er replied softly, trying to stretch out her hand to hold Lin Kai, but Feng Chen grabbed it.

"What's your relationship with Luer?"

Feng Chen looked like an uncle, sitting on the sofa by the side, and kept touching Elur in his hand.

To be honest, Lin Kai was a little disgusted with Feng Chen's doing this.

No matter what their relationship is, they have to avoid people as much as possible, and they can't control what they are in private.

"It has nothing to do with you."

Lin Kai had no interest in watching them fight.

Feng Chen caught him as soon as he turned around.

"Feng Chen, what are you doing." Ai Lu'er softened into a pool of water, and she didn't even have the strength to stand up, so she could only shake his hand.

"Something?"

Lin Kai was rather disgusted with the touch of strangers and threw him away.

He staggered and almost fell to the ground.

This angered Feng Chen, and no one dared to push him yet.

"Grass and mud, little bastard, do you dare to push your grandpa to me?"

"Give you a face, don't you? Huh? Kneel down and apologize to me!"

Elur gave Lin Kai a scared look. This person's identity is not enough to offend.

If Feng Chen offends him, then he will also be implicated.

Thinking of this, Elur couldn't help but want to kill Feng Chen, how could this person be a fool.

"Hey, it will be fine in a while."

Feng Chen glanced at Ai Lu'er, and finally he could show himself in front of the woman he liked so that he would not miss this opportunity.

"Hurry up..."

Before Ai Luer finished speaking, Feng Chen interrupted her.

"Have you heard of Xiao Yisan? I kneel down and apologize to your father!"

"Don't **** think you know Uncle Ai, I'll let you go."

"No one has offended me yet, who can retreat completely."

"If you don't want to lack arms or legs, you can apologize to me as soon as possible."

"Also lick the floor for me clean."

...

Listening to Feng Chen's mouth, Ai Luer closed her eyes resignedly.

It's useless to say anything this time. The only hope is that Lin meets to see that they cooperate with each other and let the Ai family go.

As for the fool Feng Chen?

Elur felt that he was dead and did it himself.

It doesn't matter what status or status he is, he can even say such things.

It might be okay to run into someone else today, but to run into Lin Kai, it's simply a dead end.

After Feng Chen finished speaking, sitting on the sofa, and just about to kiss Ai Luer, she avoided him.

“Luer, come here!”

He looked at Elur and felt that this woman really didn't know anything.

In front of outsiders, it doesn't give him face so much, so he must be trained and trained.

“Are you finished?” Lin Kai looked at him blankly.

I have to say that those who don't know are fearless.

This sentence refers to Feng Chen.

Lin Kai always feels that many rich second-generation generations have no brains. If they think that they have their own father, they will go to heaven.

Don't they have long ears?

From beginning to end, he once said, is he not as good as Ai Ping? Do I need to look at Ai Ping's face to do things?

“That's it, you hurry up, I have something else!”

Looking at Feng Chen with Erlang's legs tilted, Lin Kai directly lifted him up.

“What are you doing? You **** put me down!”

Feng Chen grabbed Lin Kai's hand, and wanted to do it to him: “Come on, let go!”

“What are you?”

Lin Kai sneered at the corner of his mouth: “What qualifications do you think you have to show off in front of me?”

“Don't you think you are great? You can try.”

“What do you mean?” Feng Chen looked at Lin Kai, a little confused as to what he meant.

“What am I with?”

Lin Kai laughed and said, “Don't you want me to follow your requirements? Now I will satisfy you.”

Before Feng Chen could react, Lin Kai pushed his knee up and hit his stomach.

Before he yelled out, Lin Kai directly raised his feet up, just like that.

“You... ahem!”

Feng Chen’s face was flushed, and the food scum ran down his face, all on his hair.

“I’m going to kill you!”

“You can try.”

“Kill me, you won’t survive!”

Lin Kai looked at him with a smile, and the smile on his face made people feel awkward.

Chapter 1233: Painful Lesson

Chapter 1233: Painful Lesson

“You **** kind of let go of labor and capital!”

Feng Chen yelled loudly, red eyes wishing to kill Lin Kai.

A **** trash thing, dare to do this to him, really wanting to die!

“You **** hurry up.” Feng Chen wanted to reach out to fight Lin Kai, but he caught him.

Even if he struggled to break free, he couldn’t pull it out.

“what!”

He only felt that his hands were hurting terribly, and the bones inside seemed to be crushed.

“Do you want me to apologize to you?”

Looking at Lin Kai's smiling face, Feng Chen couldn't wait to punch him twice, how could there be such a shameless person.

"You release me immediately, or I will kill you!"

Feng Chen panted heavily, his face distorted and unnatural: "Do you know who I am?"

"who are you?"

Lin Kai didn't care who he was.

Whoever he is, the whole East China Sea still can't afford him?

It's just that he doesn't want to cause trouble, but it doesn't mean he is afraid.

"Do you know Gangwan Feng's family?"

When mentioning his family, Feng Chen's expression was a pride.

It is true that he has proud capital.

Half of the export trade of the entire East China Sea is controlled by their Feng family.

Even a first-class family like the Wang family will sell him three-point thin noodles.

Not to mention that his Feng family is fully qualified to sit on an equal footing with people like Li Cheng family and He Zhishan.

Even though they are not first-class families, they are not bad at all.

This is also the reason why Feng Chen is so aggressive.

In the entire East China Sea, there is no one whom Feng Chen cannot touch.

Now a person who didn't know where he came from, didn't tell him to **** someone, and even beat him, how could he give up?

Feng Chen stared at Lin Kai with bitter eyes, wishing to smash him into pieces.

He was so embarrassed that he was so embarrassed that he must not be spared lightly.

Feng Chen kept thinking about what to do with Lin Kai in his mind.

I didn't notice the expressions of Lin Kai and Elur at all.

He held his head triumphantly, waiting for Lin Kai to apologize to himself in tears.

But after waiting for more than a minute, Lin Kai not only didn't let go of him at all, but grasped it tighter.

“what do you mean?”

Feng Chen only felt that his arm was painful and unconscious.

The arms are numb all day, and I can't even move them.

“Harbour Feng's family?” Lin Kai sneered, “I haven't heard of it.”

Although it doesn't matter what the harbor Feng's family is, or what the harbor belongs to.

Feng Chen looked at Lin Kai blankly, as if looking at a monster.

He hasn't heard of the Feng Family of Harbourfront?

Feng Chen felt that Lin Kai just looked down on himself!

"I **** kill you grandson, my Feng family doesn't allow anyone to insult!"

"Stop it!"

Elur yelled nervously, for fear that Lin Kai would be too cruel.

In other words, the Feng family is also one of the best in the East China Sea, and it can be troublesome to offend them.

But when Feng Chen heard these words, the taste changed. He felt that it was Elur who made his men show mercy.

At the thought of how close they were just now, Feng Chen felt green on his head.

"Smelly bitch, wait for labor and management!"

Feng Chen looked back at Ai Lu'er, grabbing the fruit knife on the table without hurting her arm, and stabbed Lin Kai.

Looking at Lin Kai who was motionless, Feng Chen grinned and showed a smile.

How good is he giving you back? Isn't this scared by yourself?

Feng Chen is bound to win this knife, and he must let Lin Kai taste the fate of nonsense.

But when the knife hit Lin Kai, he was dumbfounded.

It was like being blocked by something, no matter how hard he tried, the knife remained motionless.

-“How can this be?”

With all his strength, he thrust forward.

With a sudden “bang”, the knife seemed to be interrupted by something, and the fragments were scattered everywhere.

Feng Chen was stunned for a moment, and then quickly protected his face.

But because of his stunned skills, a piece of debris plunged into his flesh.

“what!”

Feng Chen screamed, covering his face, and he couldn't say a word in pain.

“My face, my face...”

Seeing Feng Chen rolling all over the floor, Ai Luer shook her head at Lin Kai.

He has learned a lesson, and he will do it again.

Although knowing that Lin Kai wouldn't be afraid of this, Elur still subconsciously didn't want him to cause trouble.

Seeing Ai Lu'er like this, Lin Kai didn't say anything about their cooperation.

If it were not for Ai Luer's need to cooperate with the Feng family, Feng Chen would be dead today.

"I will help you deal with the wound!"

Ai Luer effortlessly helped Feng Chen up and led him upstairs.

When passing by Lin Kai, Feng Chen stared at him viciously.

Blood oozes out of his fingers, half of his face flushed, like a ghost in hell.

"You wait to die!"

"Waiting for the big drive at any time."

Lin Kai bends at his gentleman's, and walks away in front of him.

"I **** killed you!"

Feng Chen grinned because of yelling and pulling the wound in the sky.

"Stop talking."

Elur glanced at him disgustingly, if it weren't for sharing, she wouldn't look at Feng Chen more.

In fact, she also understood that it was impossible for someone like herself to go to Lin Kai.

That's why she wanted to be afraid faster, so that she could be closer to her.

"Oh, it hurts me so much!"

Feng Chen's cry made Elur come back to her senses, she smiled apologetically, and concentrated on helping him deal with the wound.

"That little boy, whoops."

Feng Chen carefully dragged his face and asked angrily: "Where is his house? I want to abolish him!"

What a shame, I was beaten like this.

After I went back, I had to be laughed at by those idiots.

Elur was silent for a while, and said, "You better not provoke him."

"what did you say?"

Feng Chen patted the table and stood up with a "rub". As a result, he couldn't straighten up his waist because of the pain caused by the wound.

“Let me let him go? Impossible!”

Feng Chen’s dictionary did not let him go.

Not very capable?

Then wait for him obediently, the anger of the Feng family is not something that anyone can bear.

Seeing Feng Chen’s appearance, Ai Luer smiled helplessly.

Anyway, I’ve already mentioned that I’m awake, and it has nothing to do with her.

Lin Kai didn’t know that Feng Chen was going to act on himself, even if he knew it, he wouldn’t care.

He can do it if he wants to, and don’t lose too ugly.

“Sir, where are you going?”

“Where to go to Hezhi Mountain.”

I have always wanted to ask He Zhishan, what is going on.

As a result, I have been delayed because of something. Now that I have time, I naturally have to ask questions.

“Need to notify Mr. He?”

Chapter 1234: Secret Talk

Chapter 1234

“No need to.”

There is no need to notify him.

Seeing Lin Kai said this, Yinshen didn't ask much when driving.

When the two arrived at He Zhishan's house, the butler looked at them with obvious consternation.

But it was only a moment, and then immediately raised a smile: “Mr. Lin, you are here, I will notify Mr. immediately.”

Looking at the smile on the butler's face, Lin Kai always felt that he had something to hide from himself.

“No, I can go in by myself.”

Seeing Lin Kai like this, he could obviously feel the tension on the butler's face.

This made Lin Kai more and more curious, what the **** was it that couldn't tell himself?

“Sir, you should wait.”

The butler stopped Lin Kai and refused to let him in.

The more so, the more suspicious it is.

“Is there anything I can't know?”

When Lin Kai looked at it this way, the housekeeper only felt that the pressure had doubled, as if there was a big mountain on him.

The butler is also a person who has seen strong winds and waves, and is an ordinary boss, and he should be polite when he sees him.

But the aura from Lin Kai's body made him feel frightened.

Even when He Zhishan was angry, it did not bring him such pressure.

But for Lin Kai, it was just a very common thing.

After sighing, the butler's face was a little ugly: "Sir, it's not that I don't want to tell you, it's really this thing..."

The housekeeper looked at He Zhishan and didn't know what to say for a while.

Seeing the butler doing this, Lin Kai was very curious about this matter.

Seeing that he was going to go over, the butler quickly stopped him.

"Wait, you can't show up now."

The housekeeper was too anxious, but this matter could not be told directly to Lin Kai.

He also knew from He Zhishan about the relationship between Lin Kai and Leiyuan Group.

Now that Leiyuan Group members are here, how can he let Lin Kai pass?

But Mr. Lin Kai's respect for Lin Kai is also in his eyes.

Si Lai wanted to go to the butler and made a decision: "I can show you, but you can't hold grudges against your husband for this."

"I know you will feel uncomfortable after seeing it."

"But you believe me, sir will not harm you."

Lin Kai became more and more curious when the butler said that.

He wanted to know what He Zhishan was hiding from himself.

"I promise you."

Seeing Lin Kai's promise, the butler was still a little worried.

But the words have already been said, so you can't go back.

"Then you must remember."

The butler glanced at Lin Kai and led him around from the other side.

After ten minutes of walking, the two reached a small attic.

"When you go up in a while, don't say anything."

The butler cautiously instructed him, and lightly led him up.

After going up, He Zhishan talked to the man and heard clearly.

The butler glanced at him worriedly, and felt a little relieved when he saw that Lin Kai did not move.

Lin Kai listened attentively to the conversation downstairs, and had no time to take care of anything else.

“What do you want?” He Zhishan’s angry voice came: “No matter what you say, I will not agree to this matter!”

“If you don’t agree, you have to agree!”

Another voice is also very strong.

This made Lin Kai a little curious, who this person is, dare to talk to He Zhishan like this.

He Zhishan’s position in the East China Sea is not a boast. What is the origin of this person?

“Zhangye, let me tell you, no matter what you say about this matter, I won’t agree to it.”

He Zhishan sneered and continued: “Your abacus is really good.”

“Do you think you said that my daughter likes you, I will believe it?”

He Zhishan thinks that Zhang Ye is just talking about dreams. Who his daughter likes, doesn’t he know who is a father?

Seeing that he was a member of the Leiyuan Group, he was unwilling to say anything more.

Unexpectedly, this made him feel that he was afraid of them.

It’s ridiculous!

“Do you not want to agree?”

Zhang Ye slapped the table fiercely, and said angrily: “Don’t be shameless!”

“He Zhishan, let me tell you, I really thought I didn’t know, do you hide any secrets?”

Zhang Ye's voice was like broken ice, piercing He Zhishan's heart fiercely: "Do you think Lin Kai will let you go after knowing that?"

"Which one is not a good-tempered lord, if I tell him, do you think you can still live?"

"I advise you to marry your daughter to me obediently, or you just wait to die."

Lin Kai in the attic took a look at the butler, and didn't understand why they would mention him.

But it doesn't matter, it seems that his conjecture is correct, and He Zhishan really has something to hide from himself.

When Lin Kai saw the housekeeper, his entire back was instantly soaked.

Taking a look at Lin Kai, the butler carefully moved aside, for fear that he might be in a different place by accident.

Lin Kai has no time to take care of the housekeeper. He wants to find out something from the conversation between the two.

"Zhangye, tell me if you have the ability!"

He Zhishan sneered and said, "Do you think Lin Shanxi believes you?"

In fact, when he said this, He Zhishan was obviously lacking in confidence.

After Lin Kai knew about it, no one knew whether he would forgive himself.

But now you must not show your timidity, otherwise Zhang Ye's grasp of the handle will be regarded as really finished.

"What's not to believe?"

Zhang Ye looked fearless, not believing that Lin Zhuan believed in He Zhishan 100%.

As long as there is a gap between the two of them, his mission this time will be completed.

Although I don't know my boss, why let me do this.

It doesn't matter, he just needs to complete the task well. As for other things, he shouldn't worry about it.

"Then you go talk now."

He Zhishan is betting.

He was betting that Zhang Ye didn't know what he had hidden from Lin Kai.

He didn't believe that until now, a few people will know it.

Decades of old things are gone, and there is no need to mention them.

Looking at He Zhishan's appearance, Zhang Ye clenched his fists unconsciously.

He just bombed He Zhishan, but he didn't expect that he was really not afraid.

"He Zhishan, do you think I dare not?"

"I think Lin Kai might care about that."

Zhang Ye's voice was full of triumph: "Although I don't know Lin Kai now, I don't think he would mind me."

"Hahahahaha."

"Why are you laughing?"

Looking at He Zhishan who was laughing out loud, Zhang Ye thought he was just a fool.

"Do you think Lin Kai knows that you are from Leiyuan Group, will he let you go?"

It was no secret that Lin Kai was looking for Leiyuan Group for these first-class families.

Unexpectedly, Zhangye still didn't know.

"what do you mean?"

Chapter 1235: I Fell In Love With Your Car

Chapter 1235 I Fancy Your Car!

"You don't even know?"

He Zhishan couldn't help laughing. He thought Zhang Ye was so good. He didn't expect

such a big deal. He didn't know it.

“Why are you laughing?”

“You should ask the people of Leiyuan Group to see what Lin Kai’s attitude is.”

He Zhishan was still a little worried, but now his mental arithmetic is let go.

Looking at He Zhishan, Zhang Ze was a little surprised for a while. He really didn’t understand the matter between Lin Kai and Leiyuan Group.

Looking at He Zhishan’s appearance, it didn’t seem to be a lie to him, for a while Zhang Ye didn’t know what to do.

He Zhishan didn’t have the patience to continue to consume Zhangye.

“If you don’t believe me, just ask, I don’t have time to waste with you.”

He Zhishan had said so, Zhang Ye would naturally not stay any longer, glanced at him, turned and left.

After Zhangye left, He Zhishan sat in a chair somewhat tired.

Lin Kai absolutely must not let Lin Kai know about that, otherwise it would really be over.

“Ugh.”

“Mr. He, is there anything I can’t know?”

Lin Kai’s sudden voice shocked He Zhishan.

After seeing Lin Kai coming in with the housekeeper, his face turned pale.

“Master, Mr. Lin has already arrived.”

The steward meant that Lin Kai had already heard what he had told Zhang Ye before.

With a sigh, He Zhishan waved his hand tiredly, and the butler bowed and left.

“I didn’t expect you to hear it all.”

“What the **** is it?”

Lin Kai wanted to know what it was that would make Zhang Ye 100% sure and threaten He Zhishan.

He can reach the position he is today, definitely not a soft-hearted person.

Being so threatened by Zhang Ye made him retreat all over.

“It’s not a big deal either.”

He Zhishan said, “Didn’t I say that there is no intersection with Leiyuan Group? This is a lie to you.”

“Before you found me, I met Lin Yuan.”

“where is he?”

“I do not know either.”

He Zhishan shook his head, and was forced to meet with Lin Yuan that time.

The lives of more than a hundred people in the He family can't be ignored.

“He didn't do anything with me, he just met me.”

Speaking of what happened at that time, He Zhishan also couldn't figure out what it was
for.

“Just met?”

“Correct.”

Not to mention that He Zhishan was puzzled, even Lin Kai couldn't understand why.

Lin Kai looked at He Zhishan, somewhat skeptical of what he said.

When Lin Yuan saw him, it would never be so simple to meet him.

He Zhishan certainly didn't tell him the truth, but he couldn't ask anything.

He Zhishan felt a panic when Lin Kai used this look.

He was also a high-ranking person for a long time, but faced with Lin Kai's aura, he
couldn't help being a little scared.

“Lin Kai, I won't harm you.” He Zhishan said such a sentence for a long time.

When he said this, Lin Kai nodded with a smile.

Lin Kai was not interested in knowing what he was thinking.

As for what kind of deal he had with Lin Yuan, that was their problem.

The only thing he did now was to break through as soon as possible, and then completely solve Lin Yuan.

He Zhishan looked at Lin Kai like this, feeling a little unsure.

Neither of them spoke, and the atmosphere in the room seemed to freeze.

The butler stood by, shaking all over.

“Mr. He, I have something to do, so I will leave first.”

Rejecting He Zhishan’s offer to send him, Lin Kai left straight away.

After leaving the Hejia Manor, Lin Kai stood not far away, staring blankly.

“how about it?”

“It has been installed as you ordered.”

“Let’s go.”

Although Lin Kai is not a villain, he is also not a gentleman.

Sometimes in order to achieve the goal by yourself, the necessary means are still needed.

As soon as the two of them drove out of the range of He's house, they were blocked by
two cars.

"Boy, get out of the car."

A skinny man with yellow hair in his twenties, with a cigarette in his mouth, kept
knocking on the car window.

"Is there a problem?"

"Brother Jiang has taken a fancy to your car. Get out of me."

"This is my car, please let me please."

Lin Kai didn't want to talk nonsense with them.

It's just a bunch of dudes, and I can't tell them one, two, three.

"Hey, you kid don't know what is good or bad."

Huang Mao reached out through the car window, trying to open the door.

As a result, as soon as he reached in his hand, he was severely clamped by the raised
window.

"Ah, **** you, let it go!"

Pulling out the hand laboriously, it was already a little red and swollen.

Pointing to Lin Kai tremblingly, Huang Mao looked like cannibalism.

If the look in his eyes can kill, it is estimated that Lin Kai has been broken into pieces.

“Is there anything else?”

Listening to Lin Kai’s arrogant words, Huang Mao cursed angrily: “You **** arrogant, your mother, do you know who we are?”

“Well, no one in Donghai dared to look down on our Brother Feng!”

“Feng Chen?”

Lin Kai was a little puzzled, Feng Chen was like it, it was impossible to be like a okay person so quickly.

It was Huang Mao who heard Lin Kai’s words and looked like Rong Youyan: “It seems that you still know the Feng family, and Feng Chen is our brother Feng!”

“Those who are acquainted with you, hurry up and hand over the car. It is your honor to be seen by our Feng brother!”

“I think you should go to the psychiatric department.”

“What do you mean?”

“You specifically said that my brain is sick?”

Huang Mao was so angry that no one had dared to talk to him like this since talking to
Feng Ke.

“So you still know yourself.”

On the other side, Feng Ke got out of the car angrily after seeing Huang Mao for a long
time.

“Can you **** do it, kid?”

He just kicked Huang Mao’s buttocks and staggered.

Huang Mao didn’t get angry when he was kicked. He smiled flatteringly and said,
“Brother Feng is amazing. He kicked one meter more than before.”

“piss off.”

Feng Ke came over and kicked the car directly: “It’s you kid, what’s the reason for you
to be arrogant here?”

“If you are acquainted, roll down quickly, Xiaoye has taken a fancy to your car.”

“You mean, if you see my car, I have to give it to you?”

“It’s your pleasure.”

Feng Ke held up his head with his nostrils up to the sky: “I’ll give you a few hundred
dollars.”

“How many people want to give me a car, I don’t want it, you don’t know what is good or bad.”

“Then I really don’t know good or bad.”

Lin opened the taxi door and got out of the car.

When the two stood together, Feng Ke was obviously at a disadvantage, no matter from the momentum or from all aspects.

“What do you mean?”

Feng Ke pointed to Lin Kai’s nose with an arrogant look: “You kid don’t be too arrogant, no one in the East China Sea dare not give me Feng Ke face.”

“is it?”

Chapter 1236: Show Me A Demonstration

Chapter 1236 Give Me A Demonstration

“This is natural. Since you know my brother, you should naturally understand that my Feng family is not something you can afford.”

“You say that, I really want to try it.”

Lin Kai moved his cuffs gracefully, as if he was going to a party, and he couldn’t see the tension at all.

“You look down on me?”

Feng Ke was so angry, a person who didn’t know which waste family would dare to treat himself this way?

What about the big family?

In Feng Ke's eyes, there is nothing that cannot be offended.

Not everyone in his Feng family can step on both feet.

"Since you don't know how to promote, don't blame me for being rude."

If you can't talk to him well, Feng Ke won't have that patience.

If you don't give yourself face, don't blame him.

"Do you think you are very capable?"

Feng Ke stared at him with a cannibal look: "The last chance, will you give it or not?"

This car is limited to ten in the world. He did not get it after a lot of effort.

He was so angry that he had a bad temper with his dad.

Now it's hard to find this car, dare you to give it to him?

Really ate the courage of the bear heart and leopard!

I don't know what the sky is, and I don't teach him in seconds, because I don't know who his first name or last name is.

The breeze blows, making people feel relaxed and happy.

Feng Ke squinted and waited for Lin Kai's answer.

Before he could speak again, he felt a strong wind suddenly coming from his cheek.

When he reacted, the whole person had already hit a big tree by the road.

"Ahem, horrible..."

Feng Ke clutched her chest, feeling painful every time she breathed.

Seeing Lin Kai's disapproval look, Feng Ke took out the phone and called his father.

Feng Ke clutched her chest and did not get up for a long time.

"Go on, everyone, this kid dares to touch Brother Feng."

“Fuck him, kill him!”

...

As soon as his group of younger brothers rushed in, they were kicked by Lin Kai alone.

“ow.”

“Mom, help.”

...

Seeing his group of crying brothers, Feng Ke only felt ashamed.

Why did he bring such a group of embarrassing things, it is useless.

“Do you want to continue?”

Lin Kai knelt down and looked at Feng Ke with a smile, looking harmless to humans and animals.

The appearance of the corners of his mouth slightly raised, and the white shirt he was wearing, looked like a teenager next door.

Looking at Lin Kai who was smiling and gentle, Feng Ke suddenly had an illusion that he should have caused him trouble.

“you”

He was just about to speak, and as a result, he tugged at the wound on his body. He grinned in pain, and instantly lost his thoughts.

“If you have the ability, don’t leave, I won’t make you feel better!”

“Then I will stay with you to the end.”

Lin Kai stood aside, with a cigarette in his mouth, a look of stubbornness.

Obviously people are still so personal, with a simple action, the temperament has undergone earth-shaking changes.

With the wind blowing, Lin Kaibai was bored to find something for himself.

“Do you know who the Eight Great Masters of Tang and Song Dynasty are? They...”

Listening to Lin Kai's question, Feng Ke only felt aggrieved.

Fuck, what the **** the eight great masters of Tang and Song dynasties, he didn't even know what the **** it was.

Listening to Lin Kai constantly chatting about all kinds of knowledge in his ears, Feng Ke was very regretful.

If you want a fart car, he's nothing to provoke him to do.

When Feng Jiang came over, Feng Ke was just like seeing the savior.

"Dad, save me!"

Feng Ke could not wait to crawl over on the spot, holding his dad's thigh and crying.

Seeing his son like this, Feng Jiang felt distressed.

"Who are you, dare to move my son?"

Feng Jiang had a sullen face and stared at Lin Kai ill-intentioned: "Hurry up and apologize to my son, or don't blame me for being polite!"

Seeing the wound on his son's face, Feng Jiang felt distressed.

This is the only son he left with his first love. He was holding it in his hand for fear of falling, and holding it in his mouth for fear of melting.

Being bullied so much now, is this when their Feng family does not exist?

"Dad, he actually asked me about classical Chinese and various dynasty knowledge. Where do I know."

"Please, dad, what are these all."

After listening to his son, Feng Jiang was stunned.

Could it be that I heard it wrong?

This man taught his son knowledge, but he cried with anger?

"Son, didn't you say that someone bullied you?"

Hearing what Feng Jiang could really say, Feng Ke could be considered as a reaction.

“Dad, I don’t want to say that he beat me, but I want to rob my car!”

Listening to Feng Ke’s reversal of black and white, Lin Kai felt helpless.

Do these rich kids like to say that when they file a complaint? Is there any tradition in this?

He grabbed other people’s things, was beaten, and in the end it became someone else’s fault?

Lin Kai really didn’t have a good impression of these dudes, but they were just a bunch of rubbish.

Of course someone who is capable like Li Haoxian is different from this kind of waste.

“Boy, apologize to my son!”

Feng Jiang looked at Lin Kai: “What is the identity of my son, and what is your identity?”

“I’m so impatient to live, if you kneel down three times, I can consider letting you go!”

Seeing the same expressions on the father and son, Lin Kai couldn’t help but sigh.

Sure enough, the upper beam is not straight and the lower beam is crooked.

“Why should I apologize?”

Lin Kai approached them step by step: “The car is my car, and it’s also their first hand. Is there anything wrong with my legitimate defense?”

“You are wrong for not giving my son a car!”

“My son beats you, and you fight back, it’s your fault!”

“In a word, what my son does is right!”

Looking at the arrogant Feng General, Lin Kai couldn’t help laughing.

“Who gave you the courage?”

“If you get to my position, so can you.”

“is it?”

“Don’t talk nonsense, apologize quickly!”

Feng Jiang looked at his son distressedly, and he was reluctant to scold him since he was a child. He was beaten like this, absolutely impossible to spare him!

“You say so, I’m relieved!”

Lin Kai didn’t hesitate to say that he slapped Feng Ke’s face with a slap, and his head tilted when he hit him directly.

Before the two of them could react, there was a kick against his head bone, and he knelt on one knee in pain.

“Do you want me to kneel for your son like this?”

“You he”

Before Feng Jiang had finished speaking, Lin Kai faced Feng Ke’s other leg again.

“Is that so?”

Looking at Feng Ke, who was on her knees, Feng Jiang wanted to kill Lin Kai.

“You little deflated calf, do you dare to beat my son?”

Feng made his face flushed with anger, wishing to kill Lin Kai on the spot.

“You don’t want me to kneel, I am not bothering your son to show me a demonstration”

Chapter 1237: Ignorance Is The Most Terrible

Chapter 1237

“I killed you!”

Feng Jiang’s chest was constantly undulating, and he almost fainted without breathing for a breath.

“Boss, are you okay?”

Fortunately, a strong person supported him in time.

“Feng San, hurry up...”

Feng Jiang pointed at Lin Kai, panting heavily: “You quickly kill him, kill him!”

What a shame!

“Yes, boss.”

Feng San helped Feng Jiang to sit down, moving his muscles and bones while walking towards Lin Kai, his bones rattling.

“Boy, how do you want to die?”

Feng San looked at Lin Kai blankly, his eyes a little nonchalant.

Although he could see that Lin Kai had time to do with him, he was still far behind himself.

Feng San has this proud capital, and he is also a famous person in the world.

Once fighting with a lion on the African grasslands, he successfully killed a male lion.

Even in the end, he was in a coma for more than two days because of fighting with the lion.

Looking at the weak Lin Kai, Feng San couldn't help but mockingly said: “Just as you look like a white chicken, it's better to be a good person, or be careful that I will knock you on the head in a while.”

“You can try.”

Lin Kai said so, and Feng San naturally couldn't say more.

Since he is in a hurry to die, then I will fulfill him.

After moving his muscles and bones, Feng San step by step drove towards Lin with wind.

When approaching him, he threw a punch without hesitation.

The fist wind brought up by the fist shook Lin Kai's hair.

The fist was constantly enlarged in Lin Kai's eyes, as if he hadn't seen it, he still stood tall.

“It turned out to be a fool.”

Feng San looked at him disdainfully, and even if he punched it like this, the steel plate would be dented, let alone his face.

When Feng San was about to accept the victory, the smile on his face solidified.

The wide-open eyes revealed the inconceivability of the master.

Looking at the slender hand, Feng San wondered if he had read it wrong.

“How is this possible?”

He muttered to himself, trying to withdraw his hand, but it was like being wrapped in a layer of water.

Obviously you can take it out if you feel relaxed, but only when you apply force, you will find that no matter how hard you work, the result will be the same.

“Aren’t you going to knock me on the side?”

Lin Kai smiled and released Feng San’s hand.

Feng Jiang couldn’t understand the dark tide between them.

He only knew that Lin Kai had retreated, and Feng San had always given him the impression that he was invincible, and he naturally thought he had won.

“Teach me a severe lesson!”

Looking at General Feng who was yelling aside, Feng San’s heart sank.

Feng Jiang couldn’t see that it was naturally excusable, but he clearly felt the strength gap between himself and Lin Kai.

Thinking of Feng Jiang’s order, even if he was unwilling, he had to bite the bullet.

“Do you want to continue?”

As the voice fell, Lin Kai appeared in front of Feng San instantly.

Feng San reacted when his fist was about to touch him.

With both hands crossed in front of his chest, the whole person slid back ten meters before barely resisting it.

Before he could react, Lin Kai appeared in front of him again.

“let me go!”

Feng San waved his arm, trying to force Lin Kai back, but he couldn't do it.

With the sharp pain coming from the top of his head, Feng San's body froze and he dared not move.

"This"

Before the words came out, his eyes turned pale, and the whole person fell to the ground severely.

Feng Jiang looked at Feng San like this, but he still couldn't react.

"Feng San, get me up!"

Feng Jiang called his name, but he didn't react at all.

Only then did he realize what was going on with the "click" sound just now.

Feng San's neck unconsciously twisted backward, forming an incredible arc with his body.

"Dad, what's the matter with you?"

Feng Ke looked at Feng Jiang with a pale face, but still did not react.

He froze for a moment, then reacted and gave Feng Ke a hard push: "Son, run!"

Feng Ke hadn't experienced these things and naturally didn't understand it, but General Feng was not a fool.

He looked at Lin Kai with a pale face, but he didn't expect to encounter hard stubble this time.

It would be okay if it could be negotiated, but Lin was not afraid of them. This would be the rarest thing.

They died here today, and no one would notice.

"Dad, what are you doing?" Feng Ke rubbed his arm and mumbled dissatisfiedly: "Feng San is really a trash, just like that."

"shut up!"

General Feng was furious, but he was helpless. Now he can only hope that Lin Kai can talk to them.

“This brother, I just misunderstood.”

Feng Jiang said with a smile on his face: “It’s normal for children to fight and fight. We can discuss how you want to resolve this matter.”

Lin Kai stared at him like that, Feng Jiang’s smile on his face was fluffy.

He thought this group of people was very interesting.

When the opponent is not strong, humiliate the opponent to show his strength.

But once he was sure that the other party was better than himself, and had contact with him, his face instantly changed.

Whether you say that they are powerful or that they are aware of current affairs, it seems disgusting.

When Lin Kai looked at it with this gaze, Feng Jiang only felt a gust of wind.

He vowed to teach Lin Kai a lesson after he returned.

How could you be so embarrassed today if you weren’t prepared enough?

Looking at Feng Jiang’s resentful gaze, Lin Kai was a little disapproved.

In the face of extremely powerful strength, nothing is futile.

“Want to survive?”

Seeing that Lin Kai had finally spoken, Feng Jiang said quickly: “If you have any requests, please mention them. I will try my best to satisfy them. Just let us go.”

If an outsider sees Feng Jiang, who is usually arrogant and arrogant, he bows and bows so much, I don’t know how he will feel.

“You just made me kneel and apologize?”

Lin Kai took a step, walking towards the two of them gracefully, as if this was not a country, but a stage.

Seeing Lin Kai strolling in the leisurely courtyard, Feng Jiang moved back cautiously, for fear that he might be in a different place by accident.

“what do you mean?”

He looked at Lin Kai, his clenched fists showed his inner thoughts.

“Don’t you know?”

Seeing that Lin Kai really meant that, Feng Jiang wanted to rush to kill him.

But reason caught him, and in front of Lin Kai, he was vulnerable to a blow.

Without an identity to be proud of, facing such a person, he is nothing.

Only by humbly asking for his forgiveness, can he get a chance to survive.

Chapter 1238: Robbery

Chapter 1238

“Yes, I know.” Feng Jiang said so, but his legs couldn’t kneel down.

How do you make him kneel?

Who is he?

The Feng family of the harbor, who controls half of the East China Sea’s export trade, can be on par with the Li Cheng family.

Now he is going to kneel down for an unknown junior. If this is passed on, where will his Feng family’s face be placed?

But what if you don’t kneel?

He and his son will sleep here.

Feng Jiang kept fighting ideologically, but he couldn’t do it.

“need my help?”

“Huh? No need.”

Feng Jiang waved his hand quickly, his body shaking like a chaff.

What a joke, if Lin Kai was asked to help, he wouldn’t need these two legs.

“Dad, what are you doing?”

Up to this time, Feng Ke did not realize the seriousness of the matter.

In his opinion, by virtue of his family background, the entire East China Sea can walk sideways.

But what happened now completely exceeded his cognition.

In his mind, the mighty father, who looked like a god, actually knelt down.

Still pulling yourself to kneel together?

Feng Ke couldn't accept this scene, he threw Feng Jiang away and stared at Lin Kai viciously.

"What the **** are you? Why should we kneel?"

"Believe it or not, just a call from me can kill you. Why are you here?"

...

Feng Ke kept yelling and cursing, Feng Jiang's old face was pale with no trace of blood.

"Feng Ke, you shut up!"

This is the first time Feng Jiang has spoken to Feng Ke in this way, and he has been wronged.

"Dad, why do you kneel to him? What can he do?"

...

Feng Jiang looked at Lin Kai and kept begging for mercy: "I beg you, let him go, Tong Yan Wuji, children are not sensible."

He can die by himself, but he can't watch the son of his first love die.

"Dad, don't..."

Before Feng Ke finished speaking, Lin Kai mentioned it.

"What are you? Don't you want my car, don't you want me to kneel?"

For these double standards, Lin Kai only found it disgusting.

What they do is taken for granted. It is intolerable for others to treat them in their way?

It's ridiculous.

"Since you want to die so, I will fulfill you."

He was holding Feng Ke's neck and preparing to do it, but Feng Jiang stopped him.

"As long as you let him go, I can agree to any conditions."

Looking at General Feng who was kneeling on the ground, Lin Kai had an idea.

"If you want me to let him go, you can give me 10% of Feng's shares."

"You...what did you say?"

Feng Jiang thought he had heard him wrong.

Ten percent of Feng's shares?

This is not a joke.

If this share is given, it will not hurt your muscles, but it will not be much better.

"Then you two will die together."

Seeing that Lin Kai was about to do something, Feng Jiang hurriedly shouted: "I promise, I promise!"

Seeing Feng Ke, who was thrown to the ground by Lin Kai and unconscious, Feng Jiang felt distressed.

He lowered his head and his eyes were full of gloomy birds.

How dare to treat his son like this will surely cost him.

"Send me the contract tomorrow." Lin Kai casually reported an address.

As for whether Feng will backtrack?

He is not worried at all.

If you can catch them once, there will be a second time.

If you don't want to, just wait for death.

Feng Jiang was very happy that Lin Kai asked him to go back and prepare the contract.

It seems that I am young, and the considerations are not comprehensive enough.

As long as he can go back, then wait for revenge.

No one, who provokes a talk about their Feng family, can still retreat.

After turning back and forth in his heart, Feng Jiang's face looked like an amnesty:
"Thank you so much, and rest assured that the contract will be delivered on time tomorrow."

Looking at Feng Jiang's triumphant smile, Lin Kai looked at him with interest, hoping that the result would not disappoint.

"get out."

Leaving such a sentence indifferently, Lin Kai drove away.

Feng Jiang and his son were left here, watching the car leaving by Juechen, wishing to tear Lin Kai to pieces.

"You wait for me!"

A vicious smile appeared at the corner of his mouth, but he was just a child, and still wanted something from their Feng family?

What a foolish dream.

"Dad, what's wrong with me?"

After Feng Ke was awakened by Feng Jiang, he touched his head and looked at the surrounding environment in confusion.

"It's okay, go home."

Feng Jiang sighed and looked at him like this. He couldn't help wondering whether his education for him had failed too much.

But thinking about it carefully, with their Feng family status, there is no need to be afraid of the whole East China Sea.

Feng Jiang felt very uncomfortable along the way because of Lin Kai.

After returning, Feng Jiang called the lawyer directly, got a contract casually, and took a group of people to the address Lin Kai gave him aggressively.

When they passed, Lin Kai was already waiting for them somewhere.

Looking at Lin Kai alone, Feng Jiang showed a cold smile on his mouth.

“I’m so courageous, dare to come alone, really when their Feng family has no one?”

Feng pushed the door in. Lin Kai looked up at him, then lowered his head to continue drinking coffee.

“Did you bring something?”

“Give you.”

Feng Jiang casually threw the contract on the table, looking like an uncle, not the slightest cringing look like before.

“Hurry up and sign it.”

Lin Kai looked at the contract in front of him with a glance, a sneer overflowed from the corner of his mouth.

“This is what you said you gave me 10% of the contract?”

“Isn’t this what you asked for?” Feng Jiang looked at him with a smile, the expression on his face made people look particularly sick.

“I followed your request, what else do you disagree with?”

Looking at Feng Jiang’s confident look, Lin Kai leaned back on the chair with his legs crossed in a leisurely manner.

“I remember I was talking about the Feng family, use a subsidiary to fool me?”

“Your words are serious, how could I do this?”

Although Feng Jiang said so, he didn’t mean to repent at all.

It looks like “how do you do me”.

“Either give me the contract or die, choose it yourself.”

Lin Kai didn’t bother to talk nonsense with him, since he didn’t abide by the agreement, there was nothing to say.

Looking at Lin Kai’s arrogant appearance, Feng Jiang didn’t take it seriously.

I was careless before, but not anymore.

It's an unknown thing, do you really think you can ride on Feng's head and shit?

"Boy, do you really think my Feng family is afraid of you?"

Feng Jiang stood up and looked at him condescendingly, his eyes full of disdain.

It's just a junior who doesn't know the height of the sky, it's really rampant.

Chapter 1239: Do You Want To Continue?

Chapter 1239 Do you want to continue?

"What do you want?"

Lin Kai was not surprised at his sudden change of face.

These people are like this. When you are good, you are the big brother.

But once such a villain gains power, he will not care about your previous affection.

Kneel down and apologize to me immediately, or your life won't be saved. "

Feng Jiang gazed at Lin Kai, daring to insult the Feng family so easily, he wouldn't let him go so easily.

Let him know what it is like to offend the Feng family in a moment.

"You seem to forget, who kneeled to me before."

Lin Kai's words seemed to be adding fuel to the fire, and Feng Jiang instantly became angry.

I was forced to do it before, but now that I was brought up about it, I naturally wanted to kill someone.

"Boy, don't be too arrogant."

Feng Jiang's face was sullen, looking at Lin Kai like a dead person.

It's a life-and-death thing, it was because his life was in his hands before.

Now that you don't hold your own handle, do you really think it's the same as before?

Don't look at yourself as an identity, dare to talk nonsense here.

"Since you want to die, then I will fulfill you."

Feng Jiang clapped his hands, and a dozen sturdy men walked in at a uniform pace.

An iron-blooded air rushed over his face in an instant, and a **** smell lingered in the entire hall.

Looking at those with strong faces, you can tell that they are people who have experienced life and death without even thinking about it.

Surviving from that kind of place is naturally not a simple character.

Feng Jiang is able to find so many and gather them together.

"Kill him for me."

Feng Jiang didn't show any mercy when he opened his mouth, so that such a person who once threatened his life could continue to stay in the world. He naturally couldn't do it.

To be able to get to this position, it is natural that it is not a good man and a believer who has been stained with blood.

It is also because of this that he knows deeply what the consequences of cutting the grass and not removing the roots are.

This must be done in order to avoid future troubles.

"kill."

More than a dozen people shouted in unison, and their voices rushed into Lin Kai's heart like a wave.

In an instant, it was like a galloping horse, mixed with overwhelming murderous aura, swept across.

It is not impossible that if you are replaced by someone who is not determined and scared to death on the spot.

But Lin Kai looked unmoved and didn't react at all.

This is for Feng Jianggao to take a look, but so what?

He is still dying here today.

If you dare to struggle with their Feng family, you must have the consciousness to die.

As those people slowly approached themselves, the smell of blood in their breath became stronger and stronger.

Smelling the smell, Lin Kai stretched out his hand and waved in front of his nose, as if to wave away the smell.

“Smelly.”

With two faint words, the faces of the dozen big guys were very ugly.

“Boy, do you think you are strong?”

The headed man moved his muscles and bones, and walked over slowly, without opening Lin to his eyes.

He also heard Feng Jiang say that Lin Kai killed Feng San and he had to deal with it carefully.

But in Fu San’s opinion, it’s not worth mentioning at all.

Feng San was also a trash in his eyes, and the reason Lin Kai could solve him was nothing but Feng San’s intention.

“Success to death.”

With the sound of thunder, Fu San exerted force under his feet, and instantly rushed towards Lin Kai.

For an instant the air seemed to be opened by him, and only his fists were left between the sky and the earth.

This punch, paying three can be said to be inevitable.

But often the slaps come so quickly.

Lin Kai’s fist was lightly grasped by Lin Kai, and before he could react, his entire arm twisted in an unnatural posture.

“Do you want to continue?”

Fu San gritted his teeth, sweat dripping from his forehead.

He was careless, he didn't expect Lin Kai to be so good.

"Brothers, come on!"

With his name, the remaining big men instantly formed an encirclement, trapping Lin Kai inside.

Constantly tentatively attacking, he was easily taken over by Lin Kai every time.

The more so, the faces of these big men became more solemn.

It seems that today they are encountering hard stubble, and there is bound to be a fierce battle.

Feng Jiang looked at them, anxious: "You guys are doing it!"

When he shouted so, Fu San's group instantly rushed towards Lin Kai.

I have to say that they did not cooperate much.

Three people blocked Lin Kai's way, and he couldn't escape at all.

The remaining few people rushed towards Lin Kai from different places.

Lin Kai just stood there, motionless.

His arrogant attitude angered Fu San's group even more.

A kid who doesn't know the height of the sky must teach him well.

Looking at the crowd rushing over, Lin Kai's mouth showed a smile.

The moment they approached, they seemed to be controlled by some force, stiff in place, motionless.

Looking at Lin Kai in horror, they only felt that their backs were chilly, and the horrible feeling made them want to run away on the spot.

They are all people who broke out of the sea of blood in the corpse mountain, and their perception of danger is much stronger than ordinary people, and they naturally understand what this feeling is.

"How is this possible?"

Fu San muttered to himself, looking at Lin Kai incredulously, this kind of power has exceeded the cognitive range of normal people.

“Do you want to continue?”

Lin Kai walked to Feng Jiang’s side, bent over and leaned close to his ear and said, “Aren’t you going to teach me a lesson?”

“I...” Feng Jiang just felt his teeth tremble and couldn’t say a word.

The whole person’s body was shaking at a speed visible to the naked eye, and his body was wet, as if he had just crawled out of the water.

If he knew that Lin Kai was so good, he wouldn’t do it.

But now it’s too late to say anything, Feng Jiang dare not think about what the Feng family will become because of this incident.

Although the Feng family has a place in the East China Sea, looking at Lin Kai’s appearance, does it seem to be afraid of Feng family’s status?

“You can try, if you can hit me, I will let you go.”

“You...” Feng Jiang clearly heard the sound of his mouth swallowing, his heart “pounding pounding” as if he was about to pop out of his chest.

“This is not a joke.”

He has this heart, but he doesn’t have the courage.

Do it with him?

What a joke.

In less than a minute, his life is gone.

“Do you look at me like a joke?”

Feng Jiang looked at him, and he felt that heaven and man were at war with each other, and he was dead. He might as well try.

At the moment of making a decision, Feng Jiang rushed towards Lin Kai without hesitation.

Before he could get close, he was kicked out. The whole person smashed the table and fell heavily to the ground.

“hiss.”

Feng Jiang was lying on the ground, even when he was breathing, he felt tearing pain all over his body.

“Do you want to continue?”

Lin Kai knelt down and looked at General Feng who couldn't say a word because of pain, the smile on the corner of his mouth became more charming.

“you”

Chapter 1240: Guest Of The Royal Family

Chapter 1240

“What am I?”

Lin Kai looked at him, the smile on his face made people feel very warm.

But this smile, in Feng Jiang's eyes, was just like the devil.

Why did he provoke such an existence? Isn't this seeking his own way?

The only hope now is that the Feng family will not be implicated because of their own affairs.

Otherwise, he would be the sinner of the Feng family, even if he died, he would be ashamed of the ancestors of the Feng family.

Lin Kai handed over a chair and sat in front of him, just looking at him.

Feng Jiang didn't know what he was going to do, and after struggling several times, he didn't get up.

When he thought that he was bound to die, the sudden voice, like nectar from the sky, instantly ignited his hope of survival.

“Lin Kai, why are you here? What's the matter?”

Wang Kang originally planned to eat here with his partners, but he didn't expect to be booked.

Thinking about whether he could give the other side a face, who would want to meet Lin Kai.

Looking at the mess in the room, Wang Kang's face looked a little ugly.

Who is so courageous to provoke Lin Kai?

Really impatient.

Feng Jiang originally saw Wang Kang and felt that he was saved this time.

But who would have thought that the two of them would know each other? Seeing Wang Kang's familiar attitude, Lin Kai's deep fan is definitely not simple.

I actually offended him, this matter is not so easy to solve.

It shouldn't be consumed like this, Feng Jiang was a bit hard to get off for a while.

Before he could speak, Wang Kang found him. He couldn't say a word for a long time watching the embarrassed words.

"This"

He looked at Lin Kai and then at the man who fell on the ground, he understood what was going on.

"Feng Jiang, why are you doing this with a junior?"

Although Wang Kang's remarks opened up Lin to the position of a junior, he was always saying that Feng Jiang was bullying others and was beaten by a junior.

If this spreads, their Feng family's face will be completely gone.

When Wang Kang said this, Feng Jiang's old face turned red, and he didn't say a word for a long time.

"Lin Kai, you have done too much in this matter, you..."

Wang Kang was talking about Lin Kai both in and out of his words, but Feng Jiang's old face was flushed, and he couldn't say a word.

He can't wait to find a hole in the ground now, this is simply seeking a dead end.

After talking for a long time, Wang Kang stopped, Feng Jiang said with an old face, "Wang Kang, do you know this?"

"This is Mr. Lin, a guest of my royal family."

With that said, Feng Jiang's face is even more ugly.

It seems that Lin Kai's identity is definitely not that simple.

Not everyone can be the guest of the royal family.

Feng Jiang hesitated for a long time, and couldn't help but speak: "For the sake of our two years of working together, help my brother."

He can no longer care about his face, as long as he doesn't die, it doesn't matter.

Wang Kang glanced at Lin Kai subconsciously, and it depends on what he meant.

He actually wanted Lin Kai to agree, and this incident was also very helpful to the Wang family.

"whatever."

Lin Kai said indifferently, Wang Kang already understood what he meant.

Naturally, I am grateful for this incident. This is really too great for the Wang family.

"Feng Jiang, you also know that you have done too much this time."

Wang Kang sighed, leaned close to his ear, and said something.

After listening, Feng Jiang's face changed instantly.

"How can this be?"

He looked at Wang Kang with his mouth open, wondering if he had an ear problem.

What did he just hear?

Where did Lin Kai come from?

If I offended such a big man, I was lucky that I didn't die.

After reacting, Feng Jiang grasped Wang Kang's hand tightly and said: "You can open the conditions as long as you can save my Feng family!"

Never let the Feng family have an accident because of his own fault.

In the face of such a big man, the demise of the Feng family is a matter of one sentence.

Wang Kang already got Lin Kai's answer, but he still pretended to be embarrassed.

Feng Jiang also understood what he meant, and immediately said: "From now on, the goods of the Wang family..."

He babbled a lot, and had to say every sentence to Wang Kang's heart.

After listening to his words, Wang Kang walked up to Lin Kai and looked like he was discussing with him.

In fact, he was thinking whether he could get more interest.

Between the two of them, Wang Kang talked back and forth many times. After seeing it, Lin Kai got up and left.

After he left, Wang Kang sat on the chair, sighing, he was bleeding.

But he was true or false, Wang Kang helped them Feng Family in this matter, this kindness must not be forgotten.

"Brother Wang, what happened this time is so... ahem, thank you so much."

Feng Jiang was very moved by grasping Wang Kang's hand, completely unaware of the calculation between the two.

When Lin Kai left, he glanced back at it, and the two looked happily together, making him want to laugh.

It's all a group of masked people, who should thank whom?

"Sir, what are you laughing at?"

"Don't you think they are like clowns?"

Lin Kai was talking about them, but also about himself.

"Yeah, it looks like it." The Yin Shen couldn't help but laugh.

The two of them just looked at the harmonious Wang Kang and Feng Jiang and laughed.

Some people passing by saw the two of them doing this, and they all moved aside silently, for fear that one would accidentally infect them.

“Hurry up and call the police. I don’t know the mental illness that came out of the hospital.”

“Hurry up, stay away, don’t bite us.”

...

Hearing the words of those passersby, Lin Kai shook his head and turned to leave.

No one can tell about things in this world, just do it rashly.

The sun was warm on the road, and the slightly drowsy wind made people feel drowsy.

Lin Kai looked at the elongated shadow, and the corners of his mouth couldn’t help but twitched slightly.

Squinting and looking at the sun in the sky, the whole person feels a lot easier.

A Ferrari listened to me, and a female voice rang: “Hey, do you guys go for a drink together?”

Seeing this scene, a **** the side of the road couldn’t help but ran over.

“Can a handsome guy add a WeChat?”

“Sorry, can not.”

After speaking, Lin Kai turned the Ferrari on his side.

Looking at the Ferrari leaving Juechen, the girl who asked for WeChat couldn’t help stomping her feet: “Huh, snobby man, it’s not like seeing money open.”

Lin Kai couldn’t help laughing out loud when he heard her comment.

“There is nothing wrong with your body?”

“Naturally it’s okay, do you want to have a drink?”

“Drinking and driving are not good.”

“Just listen to me.”

Lin Qianqian cast a wink at her, kicked the gas pedal, and the car rushed over instantly.

The sound of the wind blew from my ears, and my cheeks hurt slightly.
