

Special Forces God Level Extraction System –

Chapter 1261-1270

Chapter 1261: Little Fan

Chapter 1261

Li Chengye looked at the two aloftly, as if he were a **** in charge of life and death.

But he hadn't noticed at all, and the two people on the opposite side didn't have the slightest intention to take care of them.

“You two don't hurry over here.”

Li Chengye squinted at them, his attitude was very arrogant.

However, Lin Kai and the two of them didn't pay any attention to his meaning.

“Senior, do you respect your name?”

“Just call me Aunt Fang.”

Looking at the two people in full swing, Li Chengye only felt that his face was being stomped on the ground by them.

Staring at the two angrily, Li Chengye shouted loudly, “Tear them to pieces for me.”

No one dares to ignore himself so much.

Lin Kai didn't care about Li Chengye's shout.

It's just a rubbish, nothing to be concerned about.

As for the person he brought, Lin Kai was too lazy to take a look.

Being so despised by the two, the strong man also sighed in his heart.

Two things that don't know the heights of the sky can scare them to death by saying
their identities.

If it weren't for Li Chengye's order, he couldn't do it himself.

As early as the first time, he abandoned these two dog stuff.

"You two kneel down and apologize to my master!"

The brawny man stared at them fiercely: "You have to get out of here immediately, and
you must kneel down and apologize when you see my master."

Listening to the strong man, Lin Kai and Aunt Fang couldn't help laughing.

"Lin Kai, have you heard a dog barking?"

"Of course I heard it."

"I don't know which dog it is, or the chain."

“Dare to bark in front of me, don’t blame me for being rude.”

Think of her grand master, being so insulted by someone who doesn’t even know what cultivation is?

How can she accept it?

If it wasn’t for the Li family’s saving of Huang Tianshi’s face, they would invite her and would not come.

“Immediately disappear from me, or don’t blame me for being rude.”

Are they threatening people?

Aunt Fang sneered and looked at them with disdain.

It’s also the Li family here. Lin Kai doesn’t want Li Shengxian to be embarrassed because of this, and he doesn’t want to talk nonsense with them.

“Aunt Fang, just discard that bodyguard.”

With Lin Kai’s words, Aunt Fang rushed to the brawny man instantly.

When the strong man raised his hand to guard, Aunt Fang was already behind him.

Without hesitation, grabbing the burly man’s neck, a crisp “click” sounded.

The whole person is like a stone mountain, smashing to the ground fiercely.

The “bang” sound made people feel bone pain.

But it is a pity that the strong man died and felt no pain at all.

Li Chengye hadn't reacted yet, and looked at his men in a daze, with some doubts.

“You **** get up for me, beaten by an old woman, it's embarrassing.”

Li Chengye was so angry that he was hitting himself in the face.

But no matter how he shouted, the strong man didn't react at all.

Only then did he realize that something was wrong.

Seeing his pale eyes, Li Chengye fell directly on the ground in shock.

“You...you...he...”

Li Chengye pointed at the corpse on the ground, something incomparable.

“Let's go.”

Thinking of this, Li Chengye shouldn't make trouble anymore.

Unexpectedly, the two had just entered the yard, and the door had not been replaced yet, Li Chengye rushed in like a mouse.

“Something else?”

Lin Kai frowned and looked at him, a little impatient.

It was precisely because of Huang Tianshi's affairs that he was upset, and now Li Chengye still challenged his patience again and again.

Li Chengye looked at Aunt Fang with bright eyes as if he hadn't seen Lin Kai's expression.

The gaze is like a fan, seeing his idol.

"what are you going to do?"

Aunt Fang looked at Li Chengye warily, always feeling that his eyes were a little wrong.

"Goddess, can I be your fan?"

Li Chengye looked at Aunt Fang with shining eyes, as if this was his guiding light.

"You... are you ill."

It took a long time for Aunt Fang to squeeze out such a sentence.

Just now, it became like this in an instant, and Aunt Fang really couldn't react.

When Li Cheng's family got the news and hurried from the study in a hurry, they were stunned by the sight in front of them.

Obviously, the servant came over and told him that Li Chengye had asked Lin Kaitan for trouble and called his own bodyguard.

Although he knew that Lin Kai would not be hurt, it was not good to offend him.

At that time, he was in a cold sweat and he didn't care about cooperation, so he ran over in a hurry.

As a result, he saw his younger brother, who was not four or six, chasing a woman about his age who came with Lin Kai, wishing to fall on him.

“How is this going?”

Li Cheng's family has no idea what is going on.

“Brother, please introduce her to me.”

Li Chengye couldn't do it in a hurry, looking like he couldn't wait to agree with Aunt Fang.

Li Cheng's family looked at Li Chengye and then at Aunt Fang, for a while, they didn't know what to say.

My younger brother is so old, and he hasn't gotten a family.

Now that it's hard to have someone I like, he naturally wants to match up.

It would be nice if someone else said it, but it happened that Lin Kai had brought it, and he really didn't know how to speak.

After thinking about it for a while, seeing Li Chengye really couldn't wait, Li Cheng's family hesitated and said, “Mr. Lin, what is this person to do with you?”

“How offended my brother just now, you can punish whatever you want, that's it...”

Li Chengjia pointed to Aunt Fang, and the next words were really embarrassing to say.

At this age, for the sake of his brother's happiness, this old face can only be lost temporarily.

“What’s the matter with Aunt Fang?”

Although knowing that Li Cheng’s family is not good at Auntie Fang, Lin Kai still stood in front of her.

This action made Li Chengjia more sure that Aunt Fang’s identity was not simple.

“I’ll tell you the truth, my younger brother has taken a fancy to Aunt Fang, do you think he can become a relative?”

The face of Li Chengjia who said this was flushed, but for his brother, he also gave up.

The few remaining people were completely stunned.

After Li Chengye reacted, he cursed: “Li Cheng’s family, I asked you to help me, not to let you harm me.”

“This is my goddess, can fans rise to the top?”

“Can you speak, how much wrongdoing will the goddess marry me?”

...

Li Chengjia looked at Li Chengye blankly, but didn’t react at all.

Co-authoring just misunderstood his meaning, not asking for marriage.

Thinking of this oolong, Li Chengjia couldn't say a word.

Li Chengye glared at him and said, "Goddess, be a little brother? Don't worry about him,
can you accept me"

Chapter 1262: Domineering

Chapter 1262 Domineering

"Are you okay with your mind?"

Aunt Fang looked at Li Chengye with the same eyes as she looked at a fool.

She somewhat doubted whether Li Chengye was frightened by the scene just now.

People who moved him by themselves are not only not angry, but also worship themselves so much?

No matter how she thought about it, Aunt Fang felt that this matter was not easy.

Lin Kai on the side also looked at him suspiciously.

Li Chengjia was even more embarrassed. Thinking of what he had just said, he didn't know what to say for a while.

After a while he sighed and said, "Mr. Lin, my younger brother has liked the Valkyrie since he was a child. You Aunt Fang, if possible, can you teach him one and a half tricks?"

When I said this, Li Cheng's family felt blushing, and he sent a lot of them, still thinking about this.

Lin Kai and Aunt Fang looked at each other, and said nothing.

"Goddess, can you accept me as a little brother?"

People in their 40s and 50s, looking at you with such fiery eyes, really feel uncomfortable all over the body.

When Aunt Fang was about to speak, a nurse came and said that Huang Tianshi was awake.

This is a big surprise for them.

Before, the doctor said that at least it would be tomorrow, but Lin Kai and Aunt Fang understood that it was mostly because they were cultivators and their physique was naturally much better.

The two quickly walked over and couldn't help laughing after seeing the appearance of Huang Tianshi.

"What are you doing?"

"You are here, help me turn over."

Master Huang Tian felt uncomfortable behind his back, and wanted to tickle but couldn't do it.

The nurses beside them don't care about themselves.

He can only be like a bastard, trying to turn over.

He had a back injury, so he couldn't use much strength.

"Your back has just been stitched up, and you don't want the wound to burst, just lie down with your spine exposed."

In a word, Huang Tianshi was quiet instantly.

He knew that Lin Kai's subtext was that the wound was open, and he didn't mind helping to break the bone.

What a joke, the spine is broken, and even his cultivator will be abolished.

"You have a good rest."

Since he had nothing to do, Lin Kai was relieved.

"You can't go!"

Tianshi Huang looked at them with an aggrieved look: "I am like this, and I can't even drink my saliva. You have to stay with me."

Naturally, Aunt Fang couldn't miss such a few times, so she took the initiative to ask.

“I will stay.”

Unexpectedly, when she spoke, Tianshi Huang immediately changed his face: “No, I can.”

“You?” Aunt Fang was really furious, but she was helpless.

In the end, Aunt Fang and Li Chengye stayed.

As if to avenge Aunt Fang, Huang Tianshi’s mouth did not stop for a minute.

Either let the water be poured, or eat something.

After a while the water was cold, and for a while I didn’t want to speak with him.

The whole thing is a fine work, not a quarter of an hour idle.

He is relying on his own injury, and they can’t move themselves, so they are tossing people for evil.

In the end, if Lin Kai hadn’t come forward, he would have no idea what to do.

“Aunt Fang is really sorry, this matter has troubled you.”

“It’s okay.” Aunt Fang waved her hand indifferently. It was also very happy to be able to really fight with him, at least better than running when she saw her.

Moreover, she also understood that this old thing just felt uncomfortable in her heart and felt that she had robbed him so much, and if she didn’t return it, it was mostly revenge.

After the two talked, Li Chengye stared at the wet hair again.

“I’m really mad at me, it’s unreasonable!”

Li Chengye pointed at Huang Tianshi and cursed: “You shameless, you wait for me to see if I don’t kill you. You...”

Before he finished speaking, another bowl flew out of it.

Had it not been for Aunt Fang to pull him to the side, he would hit his head.

I have to say that Heavenly Master Huang is of good physical quality, hurts so badly, and has the ability to beat people.

“Are you OK?”

If you are helping yourself, Yuqing and Aunt Lifang should care about it.

But this is the same as stabbing a hornet's nest, full of enticed Huang Tianshi.

Started to find all kinds of excuses to keep them from talking.

As a bystander, Lin Kai looked at them and couldn't help laughing.

Seeing that there was nothing wrong with him, Lin Kai didn't waste much time, and there were other things to deal with.

As soon as he walked out of this yard, he ran into Li Cheng's house head on.

"Mr. Lin, you happen to be there. Some people say they know you."

Li Chengjia followed Lin Kai and gave him a brief comment.

Some people say it is Lin Kai's sister, who ran over to Li's family to do her best.

Asking for this for a while, asking for that for a while, just for a while, the Li family doesn't know much.

"Sister?" Lin Kai couldn't help but sneered, "Why didn't I know that I still have a sister?"

He was so bold that he even misappropriated his name.

The hidden **** who followed was even more angry.

Who can occupy the name of your own husband?

After you find that woman, you must teach him well.

Li Cheng's family looked at Lin Kai's appearance, and they knew which woman was mostly fake.

He had doubts at first, but he was afraid.

What if it's Lin Kai's sister, wouldn't it be over if she offends her?

However, it has now been confirmed that the Tangtang Li family was so deceived, so naturally he would not let it go.

Li Chengjia kept thinking about how to punish that woman.

When the two of them passed by, they saw the Li family's hall hopping around.

A woman sits aloft on the main seat, constantly directing the servants to do this and that.

Lin Kai stared at the woman indifferently, making sure that he didn't know him.

Li Cheng's family felt the coldness emanating from Lin Kai, and moved to the side touchably, for fear that he would suffer if he was not careful.

"Hurry up and bring me the jewelry."

"And I saw the clothes from the last store, remember to buy them for me."

...

She kept giving orders and asked the Li family to prepare various things for him.

Seeing some of the things that the servants sent up, she seemed to have received a huge insult.

With a "pop", the servant fell to the ground with one foot, and the things in her hand fell to the ground with a "crack".

The woman pointed at the servant angrily and yelled: "Are you looking down on me? What kind of tatters did you send to this lady?"

"Such a bad thing, suitable for me?"

The women looked at them angrily, as if they had done something heinous.

The servants looked at him, and did not dare to show up.

It is the first time that they have been so unreasonable for the Li family who have served here for so long.

"Hurry up and take out your Li family's baby?"

Chapter 1263: Expose

Chapter 1263

The woman threw the things on the table to the ground fiercely, and the servants who were frightened shuddered.

Usually, although the Li family can sometimes be domineering, but they are definitely not like this woman.

However, before leaving the family, Li Cheng's family seriously confessed to them that he must not offend this woman.

"It's really unlucky. Where did they come from? Why are they so arrogant?"

"Who knows? In just such a short time, a dozen people were injured."

...

The two servants murmured as they walked, and the two people behind the bushes looked a little ugly when they heard their conversation.

"Mr. Lin, look at this?"

Li Cheng's family looked at Lin Kai inquiringly. If it weren't for her relationship with him, how could this woman enter the Li's house so easily and still look aloof?

But he couldn't blame Lin Kai, after all, he was a victim of this incident.

It would be great if this woman did this for the first time, otherwise Lin Kai's reputation would have been stigmatized by her.

"Whatever you do."

Naturally, Lin Kai knew that Li Cheng's family was holding a fire, after all, being cheated so miserably by a woman who didn't know her identity.

As the Patriarch of the first family in the East China Sea, how can he accept it!

He said this as an explanation to Li Cheng's family.

Li Chengjia was relieved to receive Lin Kai's affirmative answer.

The woman in the hall didn't even know the conversation between the two, and she kept beating things.

"What kind of mess is this? Put it here?"

The woman picked up a Tang Sancai horse, curled her lips, and threw it aside indifferently.

Fortunately, a servant took it down quickly, otherwise this treasure would be completely finished.

"Throw away everything here and replace it with crystals."

Seeing his collection being treated like this, Li Chengjia's heart was bleeding.

Many things were obtained after a lot of effort, but now they are like spicy chicken.

Li Chengjia couldn't bear it anymore, and walked over in stride.

The woman in the living room just happened to see it, with an arrogant expression: "You can be regarded as coming back, so does your Li family deserve to be the first family in the East China Sea?"

"It's all a bunch of tattered things, and it's not embarrassing to take them out."

"Hurry up and take out the precious treasures of your family. I really look down on these things."

...

She kept belittle the Li family, and did not notice that Li Cheng family's face was as black as Coal.

"What kind of thing are you doing in my Li family?"

Li Cheng's family is not good. If it weren't because she said she was Lin Kai's sister before, how could she let her in?

At this time, I still don't know how to repent, which is really ridiculous.

"What do you mean?"

The woman is not good either, she slapped the table angrily and stood up: "Do you look down on me?"

"Don't you know who my brother is?" The woman held her head high, her voice very proud: "If you don't want to die, you should apologize to me as soon as possible."

"It's about to kneel and kowtow to apologize."

The woman spoke word by word, and emphasized how to apologize.

Listening to the woman's words, Li Chengjia's face was dark, and he wanted to slap her on the spot.

She was really brazen, and deceiving people to her realm was also terrible.

As she looked so high, someone who didn't know would really believe her.

Even when I didn't get Lin Kai's confirmation, I was not sure whether it was true or not for a while.

The woman watched Li Cheng's house not move for a long time, and wanted to hit him on the spot.

"Apologize to me, can't you hear?"

The woman saw that Li Cheng's family was not moving at all, and was so angry that she wanted to do it with her hands up.

Unexpectedly, she was caught by Li Chengjia, which surprised her.

To know the attitude of Li Cheng's family to her before, it can barely be said to be servile.

"What's your attitude?" Hengmei looked at Li Cheng's family and said, "Believe it or not that my brother is here and destroyed your entire Li family?"

"Why didn't I know that Lin Kai still has a sister like you?"

Lin Kailong walked over, with an inexplicable momentum flowing all over his body.

The woman was stunned when she saw Lin Kai, a little guilty.

But soon she returned to her arrogant and domineering appearance, with her head held high, with a high above appearance: "Who are you again?"

"What does the matter between me and my brother have to do with you?"

"Don't look for trouble here, or even you will be finished."

Hearing what the woman said, Li Chengjia's mouth overflowed with a sneer.

Sure enough, it was fraud, and Lin Kai didn't even know it.

"Come on, take her down for me!"

Li Cheng's family shouted. It is so bold to dare to deceive the Li family, so we must teach her a lesson.

The woman looked at Li Cheng's house and was stunned, then furious: "What the **** are you? Don't you know who I am?"

"If you dare to move me, believe it or not that your Li family ceases to exist today?"

“Anyone who is acquainted, apologize to me immediately, maybe I will let my brother save you.”

...

The woman looked at him arrogantly, with a look of the world.

I have to say that she does have the courage to do this kind of thing.

It's just a pity, it's just courageous.

Pretending to be Lin Kai's sister, I don't know whether to understand it first.

Now the Lord has appeared in front of him, still looking ignorant, really ridiculous.

“Why don't I know when I have an extra sister?”

Lin Kai stared at her indifferently, and slammed at the woman fiercely like a wave.

For an instant, she knelt to the ground abruptly, and the “plop” figure made people feel painful.

The woman knelt on the ground in pain, looking at him in horror, unexpectedly this was Lin Kai.

With her head down, her mind was chaotic, and she couldn't think of a good way for a while.

“How to do how to do?”

She kept asking herself whether she had done this before without being discovered.

It's just useless in front of her ingenuity.

But now facing Lin Kai, as if facing a giant, he couldn't give birth to the slightest thoughts.

After a long time, she shivered and squeezed out a sentence: “Yes, I'm sorry, I shouldn't pretend to be your relatives.”

She knew she was scared.

I was afraid I would die accidentally.

“Sorry?”

Listening to the servant on the side, Lin Kai only felt sick when she said what she had done for a while.

Relying on his reputation to do evil, really courageous.

Lin Kai didn't talk nonsense with him, and did not hesitate to let Yinshen scrap her limbs.

"The rest is up to you, you know what to do."

Lin Kai threw the woman to Li Cheng's family with a faint expression.

"Thank you Mr. Lin."

Li Chengjia looked at the woman with a fierce look.

Chapter 1264: Trouble Making

Chapter 1264

"Come here, throw her into the dog prison and let her go."

Li Chengjia and Lin Kai looked at the woman blankly, and they felt panic in her heart.

The pain of broken limbs made her unable to say a word.

But still struggling in the hands of those servants, hoping to break free.

Although she didn't understand what that dog prison was, she knew that she had committed such a big mistake and the punishment would certainly not be lighter.

"Please... please, let me go."

After struggling to squeeze out such a sentence, the woman looked at the two with a distorted expression.

The whole person shuddered because of pain, and several security guards did not hold her.

"Take it away!"

In front of Lin Kai, Li Cheng's family was embarrassed to be punished too harshly.

It was only a small punishment to let her go to the dog prison.

It was the beginning of her nightmare that Lin Kai left.

As for the woman, struggling to run out, she didn't want to die.

Having pretended to be so many people, it is natural to understand that those big families cannot tolerate such things.

In doing so, she is tantamount to violating their authority, which is naturally unlucky.

Looking at Lin Kai standing on the side, the woman couldn't help but plead: "Please, let me go... I, ah!"

She could see that the patron next to this young man could be said to be obedient.

And this young man is also the one he said in his mouth.

As long as he is not a fool, he can tell that his identity is not simple.

"Noisy."

Leaving such a word, Lin Kai turned and left.

After he left, Li Cheng's eyes showed a fierce look: "Do you know what to do?"

Several bodyguards heard the words and said with bright eyes: "Thank you, the master, for the reward, we will definitely handle it."

Saying that they dragged the woman away with a few tough moves.

This is a once-in-a-lifetime opportunity. A woman will not let it go.

When Li Cheng's family went to look for Lin Kai, he had already gone to the courtyard where Tianshi Huang cultivated.

Across a distance, you can hear Huang Tianshi's energetic voice calling Li Chengye.

"My little brother, this time he is dead."

Li Chengye is a fan of the authorities, and Li Cheng's family is a fan of spectators.

Although he kept talking, he admired Aunt Fang.

But Li Chengjia could see that he was tempted, but he didn't even know it.

With a sigh, Li Chengjia didn't want to take care of so much. It was his own business, and it was his own business.

"Mr. Lin, don't you plan to go in?"

Seeing Lin Kai doing this, Li Cheng's family was a little puzzled, not understanding what he was doing.

"Tell Aunt Fang later that I will leave first."

There is a rare opportunity for the two of them to get along well, and Lin Kai naturally wouldn't bother too much.

In fact, he thinks that it's good for two people to be together, and the old fool in the province hasn't been in good shape all day long.

"Then go slowly."

After sending Lin Kai away, Li Cheng's family looked at the three people in the room and shook his head.

Their relationship is naturally seen.

No one can say whether this younger brother can do it.

After Lin Kai left Li's house, he thought for a while that he wouldn't be going back.

Lin Yuan hasn't come yet, those people are already setting up, and he can't intervene, otherwise he will notice.

As for some families in the East China Sea, they have already been cleaned up, and some have not done anything before the time.

As for Li Shengxian and the others, there is nothing to do with Jiang Shen.

For a while, Lin Kai felt a little idle.

"Ugh."

With a sigh, he parked the car on the side of the road and wandered aimlessly.

The breeze blows, and the leaves are ringing "swishes", do you hear the sounds of animals in the woods?

The trees are shaded, and there are a few spots and spots, and people watching are a little dizzy.

Feeling the freshness of nature, Lin Kai felt that he was relaxed a lot.

“Fuck, did that brake stop the car here?”

Accompanied by a harsh brake sound, a male voice cursed loudly.

“This thing is a fool, don’t you know this is the road?”

“The car is a good car, but the owner is really rubbish!”

Lin Kai heard a “bang” when he said that, without thinking that the car was definitely kicked.

When he passed by, a yellow-haired young man kept kicking the car with his feet.

“I parked in the parking space of the car on the side of the road. Did I provoke you?”

Looking at the young man in front of him with a cold face, Lin Kai felt that he was just looking for trouble.

Because here is still within the scope of Li’s family, there are usually no people parking.

However, the Li family still drew the parking space, and at this moment the car that Lin was driving was parked in the parking space properly.

I really don’t understand where to provoke him.

But the young man looked indifferent: “I just see your car is unhappy, don’t agree? Hold it back.”

There was a “bang” kick, and before the young man could do anything, he was kicked out.

Looking at the potholes on the car body, even Lin Kai, who is not a car lover, felt angry.

“What do you want?” Lin Kai stared at him condescendingly, without showing the slightest mood swing.

“You **** hit me?”

The focus of the youth is completely different from that of Lin Kai.

Struggling to stand up from the ground, Lin Kai's eyes were full of anger.

This is really a shame for him.

He was kicked directly by him, and if this spread out, he would lose all his face.

"Believe it or not, I killed you!"

The youth took out a baseball bat from the trunk, dragged it over, making a harsh sound.

"Apologize if you are sensible, or don't blame me for being rude."

Lin Kai turned a deaf ear to youth threats.

The moment he moved his hands, he exerted force under his feet and appeared in front of him instantly.

Before he could react, he kicked and flew out.

The young man was lying on the ground, unable to get up because of the pain.

Lin Kai didn't talk nonsense, stomping on his breastbone fiercely.

A "click" made people feel sore.

The young man wanted to die right away, if it weren't for being suppressed by Lin Kai, he would simply roll around in pain.

"Fuck you... let me go!"

He struggled to pull Lin Kai's feet, trying to make him move, but everything was in vain.

"Don't be too arrogant in the future."

Leaving such a sentence, Lin Kai gave his foot.

But the car was smashed, and since he was out of breath, he didn't want to make the matter worse.

Things backfired, but the young man didn't think so, thinking that he just looked down on himself.

The whole person was lying on the ground, struggling to sit up and staring at Lin Kai angrily.

He felt that Lin Kai didn't know how to live or die, he also looked at his identity, and he dared to treat himself like that.

"Do you know who I am?"

"I don't know." Lin Kai answered honestly.

Don't think these rich kids are not mentally ill.

Every time I am bullied, I will only ask for help.

Chapter 1265: Trouble

Chapter 1265

If you have the ability, you can find the venue yourself, or you will be embarrassed here.

Seeing the contempt in Lin Kai's eyes, the youth only felt angry.

What kind of thing does he dare to disrespect himself so much?

I really don't know the so-called.

The young man snorted and said, "Since you are here, you must know the Li family, this is my uncle's house."

Speaking of the Li family, the young man looked like Rong Youyan, as if he were the Li family.

However, as the first family in the East China Sea, the Li family, whether it is the children of the family, or some other sideline.

Just get involved with the Li family. They all have this kind of proud capital.

But this is also divided.

If you run into someone like Lin Kai, you are not stupid knowing to avoid his edge.

However, the young man faced the difficulties, looking like he was about to abolish Lin Kai.

In fact, he is also very distressed sometimes and feels that he is very easy to cause trouble.

Maybe when he was walking in Luping, he was stopped by someone and accused him inexplicably.

Sometimes Lin Kai couldn't help but think back, is he a special hapless physique?

With a sigh, he didn't want to continue wasting time with the youth, there was no need for this.

Seeing Lin Kai was leaving, how could the young man bear it?

Want to leave after hitting yourself?

How could there be such a good thing in the world.

"You stop me, you must apologize!"

The young man held his head up and stared at Lin Kai angrily, thinking that he just looked down on himself.

"Don't be too arrogant, or you won't know which day you will die."

The young man stood in front of him, dialed the phone and didn't know what was said, his face smiled happily.

"Humph, you're done."

He only needs to stop Lin Kai now, and someone will come and clean him up.

Anyway, there is nothing to do now, Lin Kaile is free.

Since someone is willing to accompany themselves to pass the time, why not do it?

The youth looked at Lin Kai's leisurely look, only feeling the pain of the heart, liver, spleen, stomach and kidney qi.

When he wants to come, it shouldn't be like this.

It stands to reason that Lin Kai should be sincere and frightened when he is about to meet a big man in the Li family.

Even more serious, he has realized his mistake and wanted to apologize to him.

But what is going on in this scene?

Why didn't Lin Kai look scared at all, he felt that he still had some expectations instead?

The more I thought about him, the more I felt something was wrong, that he had a plot.

“who are you?”

“Nothing to do with you.”

The one-sentence young man secretly vowed in his heart that he must teach him well.

Seeing his appearance, the young man was lying on the ground, getting more and more angry, and sweating with pain every time he breathed.

Finally, someone from the Li family came, and Lin Kai looked at this person and realized that he didn't know him.

But it doesn't matter, most of the people in the Li family know who they are.

“Which **** was Huang Guang who beat you like this?”

The man carefully supported the young man and let him lean in the driving position.

Apart from him, Lin Kai was the only one present, and the people who came naturally believed that he was the murderer.

“What did you do to Huang Guang?”

Li Mingze looked at Lin Kai with disdain. A person who didn't know where he came from, has any right to be arrogant here?

As if he hadn't heard what he said, Lin Kai fiddled with his mobile phone and looked at the message Liu Gen sent him.

I have to say that because of this information, Lin Kai, who was still not in a great mood, was instantly covered with clouds.

In addition, there is such a person who provokes himself somehow, Lin Xin's anger can be regarded as a window to vent.

“Get out if you don't want to die.”

But in the end, it is from the Li family. Seeing Li Shengxian's face, he can't do much.

But if the opportunity has been given, it depends on whether he can seize it, how he chooses.

Li Mingze stared at Lin Kai, always feeling as if he looked down on himself.

He shook his head and threw out this strange feeling.

Li Mingze reprimanded loudly: "Hurry up and apologize to Huang Guang."

"Know that the person in my Li family is not something you can touch at will."

"Killing you in front of me is like killing an ant."

Looking at the aloof Li Mingze, Lin Kai felt that he had to beat the Li family well.

Sometimes it feels like a fool, and feels that his status is high, and he is invincible in the world.

"You can try."

Lin Kai came down and stared at them indifferently.

Like a giant dragon, awakened from a deep sleep, exuding a terrifying aura.

Li Mingze was stunned for a moment, but he didn't expect Lin Kai to have a background.

But for him, it is not a problem.

In the entire East China Sea, people who cannot be offended without their Li family.

"Boy, what the **** are you pretending to be awesome?"

"Don't look at what you are, you'd better crawl over to me and apologize."

"Grass, talking to you. Did you hear?"

Li Mingze was very angry because Lin Kai didn't pay attention to him at all and just ignored him.

When has ever been such an insult?

Li Mingze simply couldn't accept it.

"Boy, you **** roll me over."

Saying that he stretched out his hand to pull on Lin Kai's arm, he hid in the background without saying it, and was kicked severely.

Li Mingze was staggered and hit Huang Guang's body severely.

Happily lying on his chest, the painful yellow light faded directly.

“Huang Guang, how are you?”

He patted his face vigorously, and he didn't seem to wake up at all.

Li Mingze turned his head and glared, “What did you do to him?”

Lin Kai really felt wronged when he said that.

He was obviously the culprit who caused him to pass out into a coma, but now he was beaten upside down.

“waste.”

Leaving the two words cold, Lin Kai felt that communicating with them was a waste of time.

With this time, he still doesn't go to relax.

“What do you mean? You **** roll over here!”

Li Mingze rushed over to grab Lin Kai's clothes, and waited for him to react. The whole person is dizzy.

After a minute or two, Li Mingze was thrown directly to the ground.

“vomit.”

The food scraps lying on the ground gave off a smell with a slight rotten taste.

Some disgusted frowns took a step back, but in his view of Li Mingze, he was looking down on himself.

“We must teach him a lesson!”

Li Mingze swears secretly, thinking that Lin Kai will not be arrogant for long.

I just took care of it, but it won't happen next.

“Just wash your neck and wait.”

Li Mingze smiled sinisterly, and got up from the ground swiftly, without the feeling of decadence just now.

“It was just a test to test you, the kid is fine.”

Li Mingze moved his body and looked like a torch.

Chapter 1266: Hide

Chapter 1266

“is it?”

Lin Kai looked at Li Mingze with a smile, curious about his changes.

Just now he couldn't carry it with his hands and couldn't resist his shoulders, and it was instantly alive and well.

But it is true.

Lin Kai was a little curious about what kind of person Li Mingze was, and he changed so quickly.

But what is certain is that his position in the Li family is not very good, otherwise it is impossible not to know his own news at all.

Of course it is also possible that he pretended not to know.

At that time, something happened that angered him, and there are reasons to protect himself.

Seeing Lin Kai's playful eyes, Li Mingze felt humiliated.

What is the identity of their Li family?

Why did Lin Kai put on a look like “the sky is not afraid, the earth is not afraid”.

It seems that the Li family is in front of him, and there is nothing wrong with ordinary people.

“You better come over and apologize to me obediently, or you will be dead.”

Li Mingze stared at him fiercely, and at the same time determined that Lin Kai was definitely not easy, otherwise it wouldn't seem to be so calm.

But so what?

In the entire East China Sea, who can compare to their Li family?

Huang Guang on the side saw Li Mingze doing this and couldn't help yelling: "Brother, teach him well! Fuck...hiss."

There was a cold sweat on Huang Guang's forehead, so he didn't forget to run Lin Kai: "I advise you to kneel and surrender as soon as possible. Maybe my brother will let you go."

Although the pain is not good, but the whole person looks a little excited, and he looks like he can't wait to scream from the sky.

He naturally understood Li Mingze, otherwise he would not be called.

He was ready, ready to see his next look in embarrassment.

"Are you sure you don't apologize?"

Li Mingze grew up and stared at Lin Kai, his eyes filled with disdain.

It's just an unknown person. What qualifications do you have to face their Li family and not surrender?

He had already thought about it, and when Lin Kai was resolved, he would take him to the Li family to receive the reward.

Because the Li family clearly stipulates that as long as anyone disrespects the Li family, if you solve him, you will get some good things.

Lin Kai looked at Li Mingze indifferently, thinking that he was talking nonsense.

Seeing that he wanted to continue speaking, Lin Kai stared at him impatiently.

"How long have you not spoken in your life?"

"Still afraid of others treating you as dumb?"

With two words, Li Mingze's expression changed in an instant, and he felt that Lin Kai was nakedly provoking himself.

"It's so reckless!"

Since Lin Kai was so anxious to die, he would not continue to show mercy.

With force under his feet, Li Mingze soared into the sky in an instant, with an inexplicable light wrapped in his fist, slamming against Lin Kai like a thousand pounds.

As if he hadn't seen it, Lin Kai stood there, motionless.

His attitude can be said to have angered Li Mingze, thinking that Lin Kai just looked down on himself.

How can this humiliation be accepted?

"Success to death."

With a sharp shout, the moment he met Lin Kai, he avoided him.

It was just a wrong move that allowed him to escape the fatal blow.

"boom."

The violent sound resounded through the world, the smoke dissipated, and a large hole appeared on the ground with cracks all around.

"Unfortunately, it didn't take long to practice."

Hearing these words, Li Mingze instantly widened his eyes and stared at Lin Kai incredulously.

"How would you know?"

Looking at Lin Kai in surprise, Li Mingze wondered if he would also be a fellow.

But there was no wave from him, and Li Mingze didn't know what to do for a while.

The only two possibilities are that Lin Kaixiu is better than him, and he can't notice it.

The second is that Lin Kai is bombing him at all, and he doesn't understand this at all.

"Brother, do it!"

Huang Guang shouted anxiously, wishing to kill Lin Kai on the spot.

I insulted myself so much before and killed him anyway.

"shut up!"

Li Mingze turned his head and stared at Huang Guang fiercely, feeling out of anger.

Let yourself come and help. What do you say is an ordinary person, the result?

Except for a single person in the entire Li family, such as Li Cheng's family, not many people left know about cultivation.

Unexpectedly, they know anyone they meet, what do you want him to do?

"Do you want to continue?"

Lin Kai looked at him with a smile on his lips.

"shut up!"

Li Mingze stared at Lin Kai cautiously, a little unsure whether he wanted to go forward.

But looking at Lin Kai's weak, white face, Li Mingze felt that he must have been worrying too much.

"Hmph, don't put on airs here."

Li Mingze rushed over as he spoke, the fluctuation in his hand was much stronger than before.

"Success to death,"

Li Mingze still didn't believe it, could he be scared by a little white face?

When he rushed to Lin Kai, looking at him who felt nothing, he became more and more certain that he was bluffing.

The corner of his mouth showed a smile that was sure to win, fortunately he thought he was a peerless master just now.

But soon he was stunned, and the smile at the corner of his mouth froze directly.

Looking at Lin Kai in disbelief, he wondered if he was blind.

"This... how is this possible?"

Li Mingze looked at Lin Kai incredulously, how could he not believe what he saw.

How is this possible?

Obviously he didn't do anything, just like that to resist his offensive?

"What did you do?"

Li Mingze stared at Lin Kai, wishing to see through him directly.

“Do you want to continue?”

Lin Kai looked at Li Mingze, the smile on the corner of his mouth became brighter.

It's just that this smile in Li Mingze's eyes seems to be mocking himself.

“I'm going to kill you!”

Li Mingze roared, feeling the obstacle in front of him disappear.

Although Lin Kai really was who he was, he could see that it was definitely not from him.

Just as he approached Lin Kai again, a huge force suddenly came in front of him, and it knocked him out.

“Ahem, puff.”

Li Mingze vomited blood and lay on the ground with a languid breath, his breastbone collapsed.

The breath of “Ho, ho” made him feel painful.

“How is this possible?”

Li Mingze regretted the effort to squeeze out such a sentence.

It was obvious that Lin Kai was wrong just now, and he even rushed forward. It was simply seeking his own death.

Huang Guang looked at Li Mingze who fell to the ground and was stunned.

In his eyes, no one could beat him, but reality slapped him severely.

“How is this possible?”

He struggled to get down, but fell from the car uncontrollably because of the pain in his chest.

“what!”

The severe pain in his chest made Huang Guang almost fainted.

“Are you OK?”

Chapter 1267: Can You Shut Up?

Chapter 1267 Can You Shut Up?

Li Mingze looked at Huang Guang worriedly, afraid that something would happen to him.

Although he is from the Li family, to be honest, an incapable person like him can't be taken seriously in the Li family.

It was just by chance that he saved Huang Guang's life, and his situation was much better.

It is precisely because of this that Li Mingze cares about Huang Guang so much.

If something happens to him, then he will be finished with it.

"Ah, it hurts me so much!"

Huang Guang yelled loudly, with a stern voice, which made people shudder.

"Nothing, I'll leave first."

Lin Kai looked at them with a smile without the slightest emotion in his eyes.

Li Mingze looked at Lin Kai blankly, only to feel chills all over his body.

"You stop me!"

Huang Guang stared at Lin Kai fiercely, thinking that he was insulting himself.

It's just a person who doesn't know his identity, what right does he have to compare himself with?

Still hurt yourself so badly?

Really bold!

Huang Guang struggled to stand up from the ground and swayed to Lin.

Why does a waste treat himself like this?

The more I thought about Huang Guang, the more angry I became, and I wanted to kill Lin Kai on the spot.

As soon as he walked in front of Lin Kai, before he could do anything, the whole person fell to the ground with a “plop”.

The chest that was originally injured has become more serious because of such a fall.

After such a fall, Huang Guang fainted completely without any reaction.

“Yellow light!”

Li Mingze yelled, struggling to pass, but couldn't move because of physical pain.

Lin Kai was not interested in continuing to talk to them, and turned to leave.

Li Mingze looked at his back angrily, trying to do anything, but couldn't do anything.

But before Lin Kai left, he kindly informed the Li family for them.

After all, Tianshi Huang is still recuperating in the Li family, and he is not good at doing too much to his family.

Because of this incident, Lin Kai didn't have the thought of going on, so he went home to see how Li Shengxian and the others were doing.

Lin Kai went home slowly, and was stunned as soon as he walked in.

Although the two were knocked out by the man in black, they didn't enter the house.

He remembers that when he left, the room was still very tidy.

But how long is this?

The whole house was as messy as the wind passing through.

And Li Shengxian and Jiang Shen are fighting in a ball, you are pulling my feet, and I'm holding your hair.

Neither of them admits defeat, and is unwilling to take the initiative to let go.

“You **** let me go!”

“If you have the ability, let go first, what are you?”

The two yelled, and no one would admit it.

After seeing Lin Kai standing at the door, he looked at him fiercely.

“Brother Lin, you can be regarded as coming back, you quickly throw him out!”

“Don’t let him be in our house, he is just rubbish, you don’t even know...”

Li Shengxian cried out in tears, as if he had been wronged by heaven.

Seeing him say this, Jiang Shen on the side was not to be outdone.

“Lin Kai, you don’t know what he said, your vision is not good, you can’t see people clearly.”

“I also said that you are no longer good, you are not as good as before.”

“There is nothing else you are using him at all, it’s not that you care about his feelings.”

...

Listening to Jiang Shen’s slander, even though Li Shengxian knew that Lin Kai would not believe him, he still felt uncomfortable.

I was afraid that Lin would be dissatisfied with himself because of his words.

“Brother Lin, don’t listen to his nonsense, you don’t know that he gave Huohuo all the red wine you treasured.”

“Also, he is still rummaging in your room, as if looking for something.”

“You talk nonsense!”

Jiang Shen looked at Lin Kai weakly, this one couldn’t afford to offend himself.

Now his life is in his hands, and it’s over accidentally.

“Big brother, listen to me, don’t you know what this kid did.”

“It’s simply outrageous, he actually threw out all your things!”

“If I don’t take it out, you will give it to Lin Kaihuo.”

As they said, the two fought again, and the shouts shook the sky.

Lin Kai glanced at them with a headache, stepped carefully and walked in from outside.

After seeing the scene in his house, the whole person exudes a shocking aura.

The two people downstairs who were originally in a ball separated instantly after feeling the overwhelming momentum.

“Will we be finished?”

To be honest, Jiang Shen was a little scared, for fear that he would be killed by Lin Kai accidentally.

Not to mention Jiang Shen, even Li Shengxian was afraid.

He regrets so much now, how come he has harmed Lin Kai’s house with him.

“It’s all your fault. I said that the room is not for you to enter. Are you satisfied now?”

Li Shengxian was really angry. If Jiang Shenfei wanted to move Lin Kai’s collection, how could he fight him?

In the final analysis, he thought it was Jiang Shen’s fault.

“What do you mean?”

Jiang Shen said unconvincedly: “If you give me things, will things become like this?”

“You still have a face to say about me now? Why don’t you see what you have done!”

Even upstairs, Lin Kai could clearly hear their conversation.

At first he was a little irritable, but Lin Kai was a little irritable when they made such a fuss.

“Shut up, you guys!”

Standing on the second floor, Lin Kai looked at them blankly, his whole body was cold, as if he could directly freeze people.

When he shouted so, no matter how many complaints between the two Yongpan, they dare not say a word.

The fool could also tell that Lin Kai was in a bad mood now.

If you dare to pluck the tiger’s hair at this time, you will be seeking your own death.

“Clean up the house.”

“what?”

The two looked at Lin Kai in a daze, before agreeing to come over.

Leaving a word, Lin Kai took a coat casually from the pile of clothes on the bed and left.

He allowed himself to stay here, he could not help but abolish both of them.

Seeing Lin Kai's departure, the two of them sat on the ground as if they were left behind.

"I really thought I was going to die just now."

Jiang Shen sent a message: "For my own life, I think it is better to stay away from him."

"It's not all your fault." Li Shengxian glanced at Jiang Shen complaining.

If it weren't for his relationship, how could Brother Lin be angry with himself.

The more I think about Li Shengxian, the more angry he becomes, and I can't wait to kill him directly.

Jiang Shen also thought this way. After a while, the two were torn together again.

Lin Kai hadn't gone far, listening to the narration of the hidden god, his face was as black as the bottom of the pot.

Yinshen smiled and felt uncomfortable.

"Laugh as you want."

Lin Kai's face darkened even as he listened to Yinshen's smile.

Chapter 1268: Sorry Don't Know

Chapter 1268 Sorry, Don't Know

"Sir, don't worry, when you go back, they will definitely clean up."

"It's best."

Lin Kai almost said this sentence through gritted teeth. If they didn't clean up, he couldn't guarantee that he would do anything bad to them.

Yinshen looked at Lin Kai with a dark smile and prayed silently for the two.

I hope they will not die too miserably by then.

Because of these two things, Lin Kai's mood is a bit bad now.

Yinshen looked at Lin Kai like this, and didn't know what to say, so she quietly accompanied him.

The two drove around aimlessly in the street.

"Sir, do you want to go and see?"

Yin Shen pointed to the place surrounded by a bunch of people and asked Lin Kai.

"Let's go."

There is nothing to do anyway, so I might as well take a look in the past.

When there is still some distance away, you can clearly hear the deafening music.

When they passed, they only felt the trembling ears hurt.

Looking at the men and women writhing crazily in front of him, Lin Kai frowned a little irritably.

"Let's go."

The music sounded very explosive then, but Lin Kai couldn't understand the meaning of the lyrics.

Looking at some crazy men and women, he felt that he couldn't understand.

When they were about to squeeze out with the Yinshen, a few women gathered around and prevented them from leaving.

"Handsome guy, let's chant together?"

A woman grabbed Lin Kai's arm and pressed it against his body, twisting constantly.

Both hands were restlessly groping around Lin Kai's identity.

Just after being pulled off by Lin Kai, one of his hands was pulled down, and the other was touched, which was really annoying.

"Trouble, give way."

He really didn't have any intention to talk to these men and women.

However, the women seemed to have not seen them, and surrounded the two of them, without the slightest intention to leave.

“Handsome guy, play with our sisters.”

One of the females cast a wink at Lin Lin. As for what it meant, everyone was an adult and naturally understood.

“Don’t go in such a hurry, it’s not easy to encounter.”

Several women acted on the two of them, and they were reluctant to let them go.

In addition, there are so many people here, and the two people’s bad start is too heavy, saving others accidentally.

It’s cheaper for those women.

“Handsome guy, don’t you think people are beautiful?”

Speaking of one of them, he took Lin Kai’s hand and placed it on himself.

“Go away.”

Lin Kai, who didn’t have the slightest affection for them, naturally couldn’t let her succeed, and just pushed people away.

“Don’t be shameless.”

Those women were also anxious, their expressions looking at Lin Kai were very ugly.

“Go away.”

Lin Kai stared at them indifferently, exuding an icy breath.

The women froze for a moment, and then the smiles on their faces widened.

“I didn’t expect to meet a president here.”

“Maybe we are the heroines in the novel.”

...

Several women chatted non-stop around Lin Kai.

Just as they were talking about the enthusiasm, a few security guards walked over in stride.

“Can you please come with us.”

When the women saw the security guard coming over, their expressions changed instantly.

“Who are you? Let us go with you and we will go.”

“Yes, sisters are playing well, what do you mean?”

“Quickly get away, don’t disturb the sisters’ interest, really wink.”

...

Although they said so, Lin Kai still clearly saw their shaking hands.

Even the voice, with a little tremor.

I think they are probably doing something that makes them so afraid of being caught by these security guards.

However, Lin Kai was not interested in them. If someone caught them, he could get away naturally.

“You stop!”

As a result, Lin Kai had just walked two steps before being stopped by the security guards.

“Do you know them?”

“do not know.”

Hearing him say that, those women were unhappy at the moment.

“Nonsense, how can you do this, brother?”

The woman who teased Lin Kai at first, clutched his arm tightly: “Brother, you didn’t want to take us to play, how can you do this now?”

“Brother, you are really bad.”

Another woman grabbed Lin Kai and said, “Aren’t we here together?”

Lin Kai stared at them indifferently, thinking that they were causing some trouble, so he said so on purpose.

But Lin Kai didn't want to help them, and was extremely disgusted with their actions.

If this is replaced by an ordinary person, maybe they will get into something bad because they do it.

When Lin Kai looked at it like this, the women suddenly felt a little scared.

But one of them hugged him tighter, wishing to merge with him.

"You're fine, hurry up, or don't blame us for being impolite."

"Thank you for a trip with me, otherwise don't blame us for doing it."

The women glanced at each other, dragged Lin Kai and followed them.

Lin Kai wanted to leave, but the security guards refused to let them go. Obviously, they were brought together.

After walking for ten minutes, the security guards took them to the manager's room of the mall.

Looking at the crowds of people inside, Lin Kai felt that most of them caused something bad.

"A few of them?"

A woman stared at them sternly. After seeing Lin Kai and Yinshen, her tone was a little disdainful: "Two big men have hands and feet, what's wrong?"

The woman stood up and said contemptuously: "It's shameless to have to steal things with a few women."

"Prepare to call the police and catch them."

Lin Kai knew what happened when he heard what the woman said.

Although he didn't like a woman's tone very much, Lin Kai didn't care much.

"Sorry, I don't know them."

"Brother, can't you be like this?"

A woman who haunted him said pitifully, "It was obviously you who let us steal things. Why should we abandon us when things are exposed?"

"Brother, we know we were wrong, please don't give up on us."

...

Listening to the cries of these women, everyone present showed contempt and thought that Lin Kaitai was not a thing. How could he do such a thing?

"Are you still a man?"

A man reprimanded loudly: "It's fine to instruct a few women to steal things. In the end, it's shameful to have them commit crimes."

Lin Kai looked up and stared at him and said, "Just by her one-sided words, do you know that I know her?"

"Why can't they slander me? Or do you have evidence?"

Lin Kai was really furious, it was a disaster from heaven.

"You are sophistry!"

Chapter 1269: Master Of Black Card

Chapter 1269 Lord of Black Cards

"Why am I sophistry?"

Lin Kai stared at him, and the man only felt as if he was facing a prehistoric behemoth, taking a step back unconsciously.

"I said I didn't know him, did you listen?"

"You have investigated this matter clearly, so you jump to conclusions?"

Lin Kai turned his head and looked at the women and said, "You are very good. In that case, don't blame me for being unbelievable."

He doesn't seem to be a good person. Since he dares to frame himself, he must have the courage to bear the consequences.

Being stared at by Lin Kai's icy gaze, everyone present only felt that their backs were chilly, and the whole person froze in place, and the atmosphere did not dare to emerge.

Even so, the woman who had hooked up with Lin Kai before was still unwilling to give up.

“Handsome guy, why are you... this way.”

She still wanted to lean on Lin Kai when she said such a sentence tremblingly.

It’s hard to find such a big Buddha, and these people can’t help him.

She had already thought about it. As long as it could attract Lin Kai’s attention, she might fly on a branch to become a phoenix and become a wealthy wife.

It’s just that the ideal is full, but it is impossible to achieve.

The group of people looked at them and felt that they were more related.

Especially the female manager, slapped the table angrily: “What are you pretending to be here? If you stole our things, hand them over immediately?”

“Do I need to steal your stuff?”

Lin Kai took out the black card that Yinshen had placed on him, and threw it directly on the face of the female manager.

Looking at the black card in front of him in shock, the female manager was taken aback for a moment, and picked it up indifferently.

“Pretending to be a wolf with a big tail is fake.”

“Do you know what will happen if you insult me?”

After this sentence, the female manager felt a little restless.

As if something terrible is about to happen, the whole person feels a little uncomfortable.

After much deliberation, she sent someone to check the black card.

“Before the results came out, you were still a thief.

It was those women who looked at Lin’s mouth and the water was almost flowing down.

“Handsome guy, people are wrong, don’t do this in the future, okay?”

She grabbed Lin Kai’s arm and shook it back and forth.

He didn't hesitate to rub against Lin Kai, a hand trying to reach into his clothes.

Grasping the woman's hand blankly, without hesitation, she made a crisp sound, followed by a burst of exclamation.

"Ah, my hand!"

The woman took a few steps backwards and fell to the ground.

Holding the hand that was broken by Lin Kai with one hand, it was a little unacceptable for the whole person.

Finally, because of the pain, he fainted directly.

The people present looked at this scene in a daze, and couldn't believe what they saw.

How can a person who seems so gentle and gentle to start so cruel?

At this moment, no one dared to talk to Lin Kai, they felt that this was seeking their own death.

The women who came with that woman were terrified.

They didn't expect that the scapegoat they would turn away with their hands would be so powerful.

If they had known this, they would never do it.

It's a pity that it's too late to say this, they only hope that Lin Kai can let them go.

"Do you still think I need them to steal things?"

Lin Kai was less than half an arm away from the female manager, and he could easily break his neck as long as he stretched out his hand.

Not to mention that the female manager is nervous, even the people around are also nervous.

For fear of being careless, Lin Kai shot directly, and they couldn't stop it when that happened.

The female manager "gudong" swallowed, feeling that she might be over with this time.

She didn't dare to get out of the air now, for fear of annoying Lin Kai.

Even so, she still said toughly: "What can you prove by doing this? Prove your cruelty?"

Her voice was full of disdain, as if talking to Lin Kai was an insult to her.

"Who knows what kind of person you are, maybe you are acting for us on purpose."

As the female manager's voice fell, the employee who was sent directly by her to check the black card returned.

She held the black card with both hands respectfully, and handed it to Lin Kai in fear, "Honorable sir, this is your card."

All the people present can see clearly in their eyes.

Now they can confirm that Lin Kai is the owner of this black card.

The current female manager just wants to laugh, laugh at her own stupidity.

How can a dignified black card member let people steal things?

At that time, Lin Kai took out the black card, but she seemed to not believe in evil.

It's completely over now.

The female manager looked at Lin Kai, dripping cold sweat on her forehead.

Offended such a big man, she is completely finished.

"Do you still need to prove it?"

Lin Kai's words were no different from a loud slap, which was slapped on her face severely.

"No... no more."

At this time, what kind of proof do you use?

Prove how to die?

"Mr. Lin, we are sorry for what happened just now, but we misunderstood you, we apologize."

The female manager calmed down and prayed for Lin Kai's forgiveness, otherwise she would really be over.

“Why?”

A sneer overflowed from the corner of Lin Kai’s mouth. He did something wrong and was done with a sorry sentence?

Hearing what he said, the female manager knew that she was completely planted this time.

It was the female thieves who saw that the female manager was so scared of Lin Kai, so excited.

“Have you heard, do we seem to be stealing things?”

“It’s really a dog who looks down on people and should really slap you twice.”

“Hurry up and apologize to us, what are you waiting for?”

...

They now completely forgot about things that they were not familiar with Lin Kai.

It’s just a feeling that he will definitely take care of them.

The female manager looked at Lin Kai and then at the female thieves, she was really unwilling to apologize.

Finally gritted his teeth and said: “Why do you want us to apologize for stealing things?”

“Why, you don’t want to apologize? It’s great for you.”

A woman walked up to the female manager and slapped him without hesitation.

The people in the mall wanted to do it, but no one took the initiative to step forward because of Lin Kai’s concern.

This couldn’t help making those women even more proud, as if the person who always had a black card was himself.

“Send the most expensive things from you here to our sisters without looking at our identity.”

Seeing that Lin Kai didn’t speak, the people in the mall assumed that they were together, and quickly prepared to get things.

As a result, who came to the idea, just walked to the door, he was stopped by Lin Kai.

“Are there any orders?”

The people in the mall stood trembling on the spot, for fear of offending Lin Kai.

Chapter 1270: Are You Worthy Too?

Chapter 1270 Are You Worthy?

“Who are they?”

Lin Kai’s question directly stunned the people in the mall.

Yes, he didn’t say from start to finish how his relationship with them was.

But they really didn’t dare to figure out Lin Kai’s mind, for fear that they would be finished if they were not careful.

Finally, the female manager spoke.

In fact, she didn’t want to, but there was no other way.

Now I only hope that the company will give her some compensation based on the face of her coming out this time, or it will really be over.

“Mr. Lin, are they yours?”

The female manager wanted to say “wife”, but she silently swallowed the word when she saw five or six of them.

Although he knew that a person like Lin Kai had ten or eight mistresses, it was normal.

After all, there are many people in this world who are open to money.

For the sake of money, naturally I don’t care about my health.

It’s just that Lin Kai is the first one to take so many mistresses out, and they still get along with each other in harmony.

Even as a woman, the female manager also wants to know how he does it so that they can live together peacefully.

As for Lin Kai, he seemed to know what the word that the female manager didn’t say was the same, so he looked at her indifferently.

“You seem to have forgotten what I said when I came.”

When Lin Kai said that, people in the mall began to desperately remember.

Faced with such a big man, they were afraid that they would accidentally provoke him, even if their boss came, they would not be able to save them.

In the end, a security guard slapped his thigh and said, "I remember."

"This gentleman said when he came, he didn't know those women."

As soon as this sentence was said, the atmosphere of the scene immediately changed.

The expressions of the people in the mall that was still obedient to them changed instantly.

For a few of them, glared.

It was really bold to dare to deceive them.

The women didn't expect Lin Shanxi to say this, and they were stunned for a while.

It took a while for the leading woman to say, "What are you talking about, handsome brother, didn't you agree to us?"

Her words were ambiguous, and no one knew what this "promise them," really promised.

The people in the mall didn't have the guts to ask Lin Kai actively, for fear of making him unhappy.

Looking at their appearance, Lin Kai didn't know what to say.

It's a bunch of waste.

I have said everything so clearly, I still don't understand what it means.

With a cold snort, Lin Kai kicked those women away from him.

"I am not familiar with them."

"What nonsense are you talking about!"

The women were impatient.

The reason why they are so proud now is because of Lin Kai's relationship.

But he said so now, but it hurt them.

“Stop it, we know we were wrong.”

A woman rushed forward and leaned close to Lin Kai’s ears and whispered: “As long as you help us this time, our sisters will be at your disposal, or they can be together.”

She almost told Lin Kai plainly that as long as she helped them, she could have a spring night with them.

It’s just a pity that they met Lin Kai and had no idea about this kind of thing.

If it were another man, he would have agreed.

“Do you think that’s possible?”

After saying a cold sentence, Lin Kai directly pushed her away.

“I hope you will give me a satisfactory answer, otherwise don’t blame me for being rude.”

“Yes, yes, this is natural.”

The people in the mall promised them fearfully.

I have already thought of countless ways to deal with it.

“Hurry up and stop for me.”

Those women naturally didn’t want Lin Kai to leave, they didn’t look like death.

“Mr. Lin, are they your women?”

In the end, someone couldn’t help but asked this question.

Although they knew the answer to this question now, they just wanted to hear him personally confirm it.

Lin Kai, who was already in a bad mood, looked even more ugly when asked by them.

Is his vision so bad?

Although these women are pretty good, they are far from Ai Luer, let alone Lin Qianqian.

“A bunch of mindless things, give you something for you?”

Leaving such a sentence indifferently, Lin Kai turned and left.

He was afraid that if he continued to stay here, he could not help killing the people in the mall.

It was not until he had left for a while that the people in the mall were able to react.

Stealing jewellery and threatening them with lies, some of them have suffered.

After Lin Kai came out, listening to the deafening voice, he only felt a burst of irritability in his heart.

I really don't understand why these young people are doing this.

“go home.”

Lin Kai sighed, his whole body looked a little tired.

After running around for so long, Lin Kai has never had a good rest.

Fortunately, his physique is amazingly strong, otherwise he would have collapsed long ago.

Yinshen followed Lin Kai and drove the car quietly, letting him rest.

When they returned, Li Shengxian and Jiang Shen had not yet decided the outcome.

Lin Kai stared at them indifferently, without any emotion in his eyes.

The mental exhaustion made Lin Kai exude an unpleasant aura.

Li Shengxian and Jiang Shen looked at each other, as if they burned their ass, and went to pack things in a hurry.

After they had cleaned up, Lin Kai had already left, which gave them a bad feeling in their hearts.

At this moment, Lin Kai had already arrived at the hotel and stayed at home, fearing that he could not help but kill them both.

“Sir, I'm right next to you, call me if you have something to do.”

In fact, there is no need for Lin Kai to scream, his consciousness has been released, and any disturbances can't escape.

"I see, I'm going to work."

Lin Kai waved his hand to let Yinshen leave.

Standing by the window, the smoke in his hand was burning quietly, and the smoke was lingering, Lin Kai felt calm.

Recently, because of Lin Yuan's news, I feel a little uneasy, so I really shouldn't.

Quietly, Lin Kai felt that his whole body was much more relaxed, and his exhaustion was wiped out.

It was he who was too eager to get things done, and in the end he almost hurt himself.

"I am waiting for you."

With a confident smile, Lin Kai was fearless.

Regardless of whether he can catch Lin Yuan this time, he will not have too much mood swings.

When Lin Kai was about to rest, the light from the opposite building suddenly shook his eyes.

After turning around and hiding behind the curtains, Lin Kai looked a little ugly.

At the same time, Yinshen came over quietly, and guarded him firmly.

"Sir, do you need me to go?"

Although it was not certain whether this person was aimed at Lin Kai, Yinshen would not continue to let this potential factor exist.
