

Special Forces God Level Extraction System –

Chapter 1271

Chapter 1271: Plot

Chapter 1271

Lin Kai waved his hand without speaking.

He shouldn't come here with me. After all, he came here because of Li Shengxian and
Jiang Shen.

Want to come to this person's goal, there is another person.

“Staring at him.”

People who want to be assassinated by a killer are naturally not ordinary people.

No matter what, it depends on the situation to decide whether to save it.

Yinshen naturally understood what Lin Kaixin was thinking, said to him, and silently
sneaked into the room where the killer was.

After confirming the target of the assassination, the Yinshen returned quickly.

Although the target of this assassin was not Lin Kai, Yinshen was still worried.

Lin Kai has many enemies, and there are always people bidding for his head.

For these news, those who are the killers know best, after all, they have to rely on food.

Maybe when he saw Lin Kai, he started directly.

Because that assassinated target couldn't even match Lin Kai's finger.

Seeing Yinshen worrying, Lin Kai waved his hand indifferently.

“Sir, should I go over and just abolish him?”

Yinshen's words, I wanted to do it a while ago.

It's just that Lin Kai didn't speak, he didn't even act.

In his opinion, although this assassin did not assassinate Lin Kai.

But it is hard to guarantee what accidents will happen.

In order to avoid future troubles, it is better to abolish him directly.

“Kill him, how do you get close to that person?”

With Lin Kai's words, Yinshen knew that this person's identity was not simple.

“This is a member of the Leiyuan Group, Liu Gen once mentioned.”

Hearing Lin Kai's words, Yinshen could temporarily let go of his desire to kill the killer.

After all, it is not easy to meet people from Leiyuan Group, and they should cherish it.

“Sir, something is wrong.”

Suddenly Yinshen realized something and shielded Lin Kai behind him impermeably.

Just now, he clearly saw the assassin directly aiming here.

Yinshen couldn't wait to kill him right away, and what he was worried about happened.

“Mr.”

“It's okay, you are here.”

In addition to being touched by a word, Yinshen is endless worry.

As Lin Kai's current guardian, able to be trusted so wholeheartedly by him, Yin Shen felt that this was his supreme glory.

At the same time, he was afraid of any unexpected situation and could not take care of Lin Kai.

Naturally it was all right before.

But now Lin Kai is in the process of being promoted, and his cultivation is completely lost.

“Watch the changes.”

Lin Kai drew the curtains, because of the opposite position, one could clearly observe the upper, middle and lower three rooms, including his room.

In order to observe the assassin's situation, Yinshen walked around the bay window from time to time.

"Sir, someone is here."

Not long after Yinshen finished speaking, there was a slight footstep in the corridor, and then the door was knocked.

Opening the door, Yinshen stared indifferently at the man in front of him: "Is there anything wrong?"

He was the target of the assassination by the assassin, and he didn't know why he came up.

"That brother, what are you doing upstairs? It keeps ringing, I really can't sleep."

The man discussed and said, "Can you move a little bit, I have something to do at night?"

"We didn't move."

Yinshen frowned, thinking that this man was probably fine looking for trouble.

Obviously they didn't do anything, how could there be a sound?

"This is impossible!"

Immediately the man retorted loudly: "You can hear clearly downstairs. If you don't believe it, you can go down and listen."

Looking at Lin Kai and Yinshen, who were obviously not convinced, the man was furious.

Lin Kai looked at the man with a glint in his eyes.

He is the target of today's assassination, how could he be found for no reason?

"Let's go down and take a look."

"Go and go."

The man immediately took them down.

Sure enough, when I arrived in the house, I could hear the voice coming from upstairs.

Several people were silent.

Because after the two of them came down, there was no possibility of anyone in the room.

"This... how is this possible?" The man swallowed with some fear, his throat slightly dry, and the whole person shrank beside them in a little fear.

"This can't be a monster, right?"

"Maybe there is a leak."

Lin Kai checked the room, and when he reached the bay window, he only felt that something was whistling.

The glass was easily penetrated, bringing up a little glass slag.

The splashed **** drifted to different places.

It's useless for Lin Kai to stand there. It's not that he was frightened, but someone behind him was pushing him and not moving.

“sorry.”

The man yelled and pulled Lin Kai's clothes tightly, not allowing him to move a point.

It's just a pity. At this critical juncture, the bullet seemed to hit something.

Rotating to break through, but as the impact gradually weakened, “Dang Cang” fell to the ground with a crisp sound.

The man stared blankly at what was happening before him, trembling all over, and ran away without thinking about it.

It's just a pity that before he could move, he was lifted up like a little chicken.

“Dare to calculate us?”

Yinshen's “snapped” big mouth was thrown away, and the strength of a master can be imagined.

Even if he tried his best to converge, the corners of the man's mouth were cracked and two teeth were lost.

"If something happens, sir, you won't be able to repay it with a thousand cuts."

In the scene just now, Yinshen felt that his heart was about to stop beating.

Although he was there, Lin Kai wouldn't have any trouble, but it looked really scary.

Not to mention it was the man who took the initiative to calculate them, and even pushed Lin Kai not to let him leave.

"You...you are all right, haha."

The man laughed twice, wishing that the scene just happened did not happen.

He knew that someone was going to kill himself, and he was already prepared.

Thinking of finding a scapegoat.

He had already thought about it, and if he died like this, he would compensate his family a sum of money.

If he is not dead or disabled, he will support him for a lifetime.

But in any case did not expect this to be the case.

He couldn't believe what he had seen before.

The bullet hitting at high speed, as if hitting an invisible barrier, was blocked.

Although he didn't know what it was, Zheng Guoliang knew that he was annoying someone.

“This matter is my fault, I am willing to compensate you, as long as you say, I will try my best to satisfy.”

Although knowing that their identities are not simple, Zheng Guoliang still said so.

Now there is no other way but to hope that they will let themselves go.

“Aren't we all right?”

Hearing Zheng Guoliang's words, Yinshen couldn't help it immediately and wanted to kill him immediately.

“It's really easy to say.”

Chapter 1272: Scared

Chapter 1272

Yinshen sneered and looked at him: “Why don't you try?”

“Others are still opposite, can I bring you?”

“Do you think you can survive?”

...

Yinshen's words, like sharp swords, pierced into Zheng Guoliang's heart fiercely.

He bowed his head ashamed, knowing that what Yinshen said was correct.

Although they don't know what methods they used, they have no chance of surviving if they are replaced by themselves.

"What do you want."

Zheng Guoliang lowered his head and dared not look at them, feeling a little shameless.

But before this matter was implemented, he didn't care.

I feel ashamed and embarrassed now, but it is because the two of them are strong, and the compensation for him is simply not a matter.

If it is someone else who agrees with him to do this, most likely they will feel that as long as they pay for it, there is nothing that cannot be solved.

People are like this, they have different ideas in different situations.

"What do we want?"

Yinshen stared at him indifferently: "You count us, who will show you a victim now?"

"Let him go."

Lin Kai looked at Zheng Guoliang indifferently, and the corners of his mouth were slightly raised.

Zheng Guoliang glanced at Yinshen with lingering fear, and moved carefully to Lin Kai's side.

He is not a fool, he can naturally see that wicked person, listening to the words of this elegant young man.

When he wanted to come, it was mostly because this man was a good junior from a big family and was sent by the elders to protect him.

"The young master, when I did this, I was forced to helplessly."

"Besides, there is nothing wrong with you, it is better to expose this matter."

Zheng Guoliang thought that he could not offend Lin Kai. It is definitely not an ordinary person to have such a bodyguard.

Suddenly his eyes moved, and his gaze at Lin Kai was fiery.

"Well, this is my fault, and I will make up for you."

“I don’t know if your company needs investment? I can introduce it to you, you can rest assured, it is absolutely reliable.”

Regardless of whether Lin Kai spoke or not, Zheng Guoliang said a lot.

Listening to what he said, Lin Kai suddenly smiled and asked, “I don’t know which venture company you are talking about?”

“Leiyuan Group.”

After finishing talking, Zheng Guoliang said immediately: “You haven’t heard of it. It’s no problem.”

But you can ask some companies in the East China Sea. They are definitely capitalists of conscience. “

Zheng Guoliang listed many companies for Lin Kai, which made Lin Kai know more clearly about the scope of Leiyuan Group.

After speaking, Zheng Guoliang took a sip of water and squirted out as soon as he drank it.

Holding his aching cheek, he couldn’t speak.

“About Leiyuan Group, I still know something.”

When Lin Kai said this, Zheng Guoliang’s eyes lit up instantly.

Regardless of the pain on his face, he kept discussing with Lin Kai.

Because of Liu Gen Aiping and their relationship, Lin Kai knew how much Leiyuan Group was, but he didn’t know much.

It is precisely because of this that it fits Zheng Guoliang’s intention.

I think Lin Kai’s family should have been contacted by their group, but it is still in the consideration stage, otherwise it is impossible to know this.

It was also because of this that Zheng Guoliang was even more excited.

It is naturally not a simple family that can let the company send people to contact and tell so much news.

If he can win this list, then the head office will have his place.

Zheng Guoliang couldn't help speaking harder. Sometimes Lin Kai deliberately put forward some things that Leiyuan Group could not easily say, and answered them all.

Anyway, Zheng Guoliang didn't know his true identity, and Lin Kai was even more comfortable in pretending to be.

Yin Shen stared at Zheng Guoliang indifferently, sneered.

I hope he will laugh as much as he does now when he knows the truth.

The two talked in full swing, Zheng Guoliang felt that they were confidants.

When he arrived later, he didn't even have to ask Lin Kai initiatives, he took the initiative to tell Lin Kai many things.

"Brother, I'll tell you something, don't tell others."

He glanced at Yinshen warily, did not say much after all.

"You know, there are still cultivators in this world."

"Our boss is very good."

As if he was afraid that Lin Kai would not believe it, Zheng Guoliang cited many examples.

With inexplicable smiles on Lin Kai and Yinshen's faces, they almost told Zheng Guoliang that they were the kind of person in his mouth who had the ability to reach the sky.

"So brother, you just believe me once, and you won't cheat you."

"Well, when I get home, I will tell the elders in the family and let them agree."

"Good, good."

The excitement in Zheng Guoliang's heart can be seen by even saying three "good" words.

"In that case, we will leave first."

"Then you guys slow down and give me news as soon as possible!"

Zheng Guoliang is really impatient, but it is also, it is related to the status of the head office.

“it is good.”

Lin Kai responded with a smile and turned to leave.

Zheng Guoliang watched them leave, and the whole person was in a bad mood.

Take out the phone and prepare to tell the head office.

Before he could make a call, he felt a pain in his neck and passed out.

Before falling into a coma, he remembered seeing Lin Kai's figure vaguely.

Before he could think about it, the whole person fell into the boundless darkness.

“Mr. brought it back or just scrapped it.”

For Zheng Guoliang, Yinshen did not have the slightest favor.

I think he is just a selfish person.

For the sake of my own success, it would not hesitate to cheat others' lives.

“Take it back and be locked up with that killer.”

Lin Kai felt that he was a bit nasty, and wanted to see what would happen then.

“Yes.”

Because with two people, Yinshen took them and left first, waiting for a while to come back to pick up Lin Kai.

Even if Lin Kai repeatedly stated that there would be no problem with going back, Yinshen would firmly disagree.

Helpless Lin Kai had to stay here, waiting for Yinshen to return.

But after Yinshen left, Lin Kai left the hotel.

Although he didn't leave, but he didn't wait for him quietly.

Sitting on the sofa in the hotel lobby, Lin Kai picked up a magazine and read it.

The above content is nothing more than that the rich man is rumoring an affair with some celebrity, or some wealthy people are grieving.

Lin Kai usually smiled at the content written in this kind of magazine, and there is no value in believing it.

“Hey, I’m calling you, did you hear me?”

A tall man walked over with his arms around a fiery woman.

Looking at Lin Kai contemptuously, he said, “It’s really a bun, I still look at this kind of thing.”

Lin Kai looked up at them, looked down at the magazine, and ignored them.

Chapter 1273: Seek Death

Chapter 1273

“Boy, what do you mean?”

The man was so ignored by Lin Kai that his majesty had been challenged.

More still, he felt that Lin Kai just immortalized himself, which made him feel very shameful in front of his own woman.

“Kid knowingly roll over and apologize.”

I have to say that his woman is indeed the same as him.

The same annoying.

For this kind of person, Lin Kai didn’t have the slightest intention of trying to take care of it.

It’s just a group of jumping clowns, whatever they want.

The more Lin Kai did this, the more angry the couple became.

I felt that Lin Kai really didn’t know what was good or what was wrong, and he dared to treat himself like this.

“Are you dumb, can’t hear you talking to you?”

The man pulled out the magazine in Lin Kai’s hand, threw it on the ground and stomped on both feet.

The man felt very uncomfortable with his attitude.

Without looking at what the **** he is, talking to him and pretending to be a calf, I really don't know how to live or die.

“Get out of my way, I will do it here.”

As he said, he hugged the woman and drove Lin aside.

“Donate your eyes to those in need if you don't need them.”

“What do you mean?”

The man stunned for a moment before reacting, and immediately furious: “You bitch, what do you mean?”

“Do you dare to say that I am blind? Believe it or not that I killed you?”

“It's hard for you to understand human words.”

Lin Kai picked up the magazine that had been thrown on the ground, wiped the stain off with a handkerchief, held it in his hand and continued to look at it with an indifferent look.

This is a shame for men.

She was so insulted by other men in front of her own woman.

If he doesn't get the place back, how will he get involved in the future?

“Does the kid know who I am?”

Look at Lin Kai's expression, you know, he doesn't.

Therefore, without him answering, the man said loudly, “I am the eldest brother here, do you remember to call Feng Ge when you meet in the future?”

Feng Yuan stretched out his hand to pat Lin Kai's shoulder, but he avoided him.

“You're a **** thing.”

Feng Yuan didn't want to care about him anymore, but he didn't expect this kid to be so shameless.

It's a dead end.

Since he wanted to die so, Feng Yuan didn't mind fulfilling him.

“Dog stuff, how do you want to die?”

Feng Yuan stared at him blankly, a sneer overflowing from the corner of his mouth.

Unexpectedly, Lin Kaisi remained unmoved and didn't want to pay attention to him at all.

For Feng Yuan, this is simply a shame.

“Do you **** want to die?”

He let go of his arms around the woman, and slapped Lin Kai's cheek fiercely.

With a little whistling wind, the smile on Feng Yuan's mouth widened.

“How can this be?”

Looking blankly at the hand held by Lin Kai flutteringly, Feng Yuan couldn't react.

The blow he was bound to win was so easily resolved?

In his opinion, this is simply unscientific.

He felt that Lin Kai must be pretentious, just to scare himself.

Looking at Lin Kai with a smile, Feng Yuan thought that he had already understood Lin Kai's thoughts, and he couldn't help but feel a little proud.

“The kid gives you one last chance. Don't you really bow your head to apologize?”

He still doesn't believe it, he is a powerless person, how big a storm he can turn up.

“is it?”

A gentle smile appeared at the corner of Lin Kai's mouth, thinking that the Yinshen should be coming back soon, and he didn't mean to continue talking nonsense with Feng Yuan.

“Either you get out, or you get beaten all over the floor by me, choose one of the two.”

Lin Kai looked at Feng Yuan with a smile, and had to say that it was such a threat, which was indeed very interesting.

It's just a pity, for Lin Kai, there is no threat at all.

Looking at Lin Kai carelessly, Feng Yuan only felt that he was deeply insulted.

“You **** die for me.”

Feng Yuan no longer talks nonsense with Lin Kaiduo, because in his opinion this person is like a stone, and oil and salt don't enter.

In that case, don't blame yourself for being cruel.

As for Lin Kai's understatement to resolve his blow, it was naturally forgotten by Feng Yuan.

“Come on, husband.”

The hot woman stared at Lin Kai slantingly, thinking that he was already a dead person.

“trouble.”

Lin Kai frowned, thinking that Feng Yuan was just looking for trouble.

This is two people who have never lived before, and they have to find their own way.

The other party was about to do it, and Lin Kai naturally couldn't wait to die.

Seeing Feng Yuan rushing towards him, he didn't want to continue to show mercy.

Just thinking of teaching him a lesson, just let him give up.

Unexpectedly, in exchange for his merit.

Feng Yuan, who rushed towards Lin Kai, didn't know why he suddenly felt cold all over, as if something bad happened.

He paused, feeling that he must be thinking too much.

Directly waving his fist, he rushed over, looking like he was sure to win.

It's just a pity that he tried his best to hit Lin Kai without affecting Lin Kai at all, so he avoided him so lightly.

“Who are you?”

This is when Feng Yuan realized that the development of the matter exceeded his expectations.

One time can be said to be accidental, but not the second time.

Feng Yuan knew exactly how powerful his punch was.

It is precisely because of this that Lin Kai feels more and more difficult.

It's just a pity that Lin Kai didn't want to talk nonsense with him.

Striding forward, grabbing his arm without hesitation, slamming the elbow against his armpit, and dislocating directly.

Before Feng Yuan felt the pain, he felt that his head bone was kicked severely.

I just felt the whole leg numb for a while, and it didn't take long for me to lose consciousness.

“you give”

The words were not finished yet, there were just a few big mouths on his face.

In an instant, the whole face was swollen like a pig's head, and he couldn't see his original face at all.

The woman on the side looked at the two in a daze, completely unexpected that this would be the case.

She thought Feng Yuan would definitely win.

Because I always thought it was like this.

But what happened today slapped her in the face severely.

Looking at Lin Kai who was holding Feng Yuan, the woman yelled in horror: “Ah, it has nothing to do with me. Stay away from me.”

Speaking of the woman stepping on the ten centimeters of Hengtian height, twisted and ran away without looking back.

Feng Yuan, who was held in his hand by Lin Kai, looked at the woman who had been talking about loving herself before, and ran away without looking back, only feeling a chill in her heart.

“How dare you...”

He wanted to say something, but he couldn't open his mouth at all.

Lin Kai didn't think much about him, so he just threw it aside.

The people in the hotel lobby couldn't say a word while watching this scene.

When gods fight, mortals suffer.

Naturally they will not intervene stupidly.

Chapter 1274: He Appeared

Chapter 1274

In addition, they have long been used to it, and they are not surprised at this kind of thing.

After Feng Yuan was thrown down, someone immediately ran to them separately.

Looking at the front desk standing in front of him, Lin Kai didn't mean to embarrass them, and he nodded in agreement without hesitation.

Since they would send Feng Yuan to the hospital, they also saved him.

Seeing Lin Kai's promise, the people in the hotel hurriedly carried Feng Yuan and left.

Because of Feng Yuan's affairs, people in the hotel didn't dare to bother Lin Kai easily, for fear that they would be finished by themselves.

This made Lin Kai feel a lot more comfortable.

With Erlang's legs tilted, there is a small coffee table next to it, on which are a few delicate desserts and steaming tea.

From time to time, he picked up his coffee and took a sip, Lin Kai slowly flipped through the magazine, enjoying the rare leisure time.

Seeing Lin Kai at the hotel's front desk, he couldn't help taking out his mobile phone and took a secret photo and shared it with his girlfriends.

"Thank you to delete the photo."

Lin Kai's voice made the front desk stunned for a moment. She didn't see her head up just now. How could she know?

"Sir, you..."

The front desk thought about how to speak.

She also knew what had happened just now, for fear that someone accidentally angered Lin Kai.

“first”

What else the front desk wanted to say was shocked by Lin Kai who suddenly stood up.

“Do you have any needs?”

“It’s okay.”

Lin Kai’s voice was cold, causing the front desk to shiver violently, staring at him not daring to speak.

He looked around warily, and just now he felt a strong breath approaching here.

It’s just that it’s not enough. It’s really because the breath is so familiar to Lin Kai.

“Come out.”

Lin Kai sat back on the sofa, although his tone was relaxed, but his stiff back showed his uneasy heart at this moment.

To be honest, he was a little worried. Although he has touched the bottleneck now, he hasn’t broken through.

Now he and Lin Yuan are not on the same level.

It is absolutely impossible for him to appear accidentally, it must be for some ulterior purpose.

Once you are against him, let alone whether you can win or not, the chance of running away is extremely small.

“Isn’t it there yet?”

Lin Kai smiled and looked at the unknown direction, and now he couldn’t determine Lin Yuan’s location.

The front desk thought that Lin Kai was talking to himself, and was a little dazed for a while.

“Sir, am I here?”

“Not you.”

When he said that, the front desk’s gaze changed instantly.

I looked around with some horror, and didn’t know if it was due to psychological reasons. I just felt cold all over and got goose bumps.

“Sir, don’t scare me, where else is there?”

When the voice fell, the door was pushed open, and a man who looked like Lin Kai but somewhat feminine came in.

“My dear brother, long time no see.”

Lin Yuan was about to give Lin Kai a hug, but he avoided him.

“It’s really sad.”

Although she said so, she didn’t show the slightest sadness on her face, but felt very happy.

I didn’t need to say anything when I sat down. I took another tea cup and tasted the tea by myself.

“Your taste is still not good. Can you drink such bad tea?”

Seeing Lin Yuan slowly pouring tea into the trash can, Lin Kai still looked expressionless.

“My dear brother, don’t you want to see me so much?”

“Of course I wanted to.”

Of course he thought about it, and didn’t want to kill him all the time.

Thinking of what happened at that time, Lin Kai couldn’t help but want to do it.

However, he has restrained himself. He has not been promoted yet, so he can only watch the changes.

I don’t know what Lin Yuan’s idea was, but arranged to accompany Lin Kai, eating snacks while talking about his childhood.

Since he didn’t do anything, Lin Kai was also willing to cooperate.

He is not a fool, and now is not the time to do it.

Otherwise, let alone catch Lin Yuan, even if he will follow suit, then the gain will not be worth the loss.

Two people with similar faces and different temperaments are sitting together, which is very attractive.

Its just that I dont know why today, but there is no one who came in at the hotel.

It was the front desk, and I didn't know when, and fell asleep in a daze.

"You know, I really regret not insisting on it at the time, so she is mine."

Looking at the nostalgic look on Lin Yuan's face, Lin Kai only felt sick for a while.

Can't wait to tear off the hypocritical mask on his face.

Thinking of her, Lin Kai couldn't help clenching his fists.

It is said that it has its own responsibility.

With a sigh, a bright smile appeared on Lin Kai's face.

"Why are you here this time? Just to say this?"

Naturally, Lin Kai wouldn't believe it. In fact, he knew it. He just asked that on purpose.

Lin Yuan should not be clear about some of the things he did in the East China Sea.

This is the greatest convenience for him.

"Couldn't it be me who is my brother and miss you?"

Looking at Lin Yuan's somewhat feminine face, Lin Kai couldn't help laughing.

"of course can."

The two of you come and go, and there is a hidden attack in the words, and no one is willing to bow their heads to show weakness.

Time passed, the tea on the table was cold, and neither of them moved.

"Sweets really make people feel good."

Lin Yuan enjoyed the refreshments on the table, and it was clean after a while.

Do not do anything about Lin meeting?

He is not worried at all.

Although he wanted to kill himself, he wouldn't use such a despicable method.

"Dear brother, you know what, they contacted me."

With a word, Lin Kai stopped the movement in his hand and glanced at him.

What the words mean, they can understand without saying more.

Mostly because of that incident, they changed their minds.

But this is no wonder they, Lin Yuan is not much worse than him.

But thinking that she was going to marry Lin Yuan, Lin Kai still felt a pain in his heart.

He soon realized that something was wrong.

This kind of thing is absolutely impossible!

"Lin Yuan, what do you want to do?"

"I didn't expect to be seen through by you."

Lin Yuan "tsk tsk" shook his head, his face was full of joking: "I just want to see my dear brother, do you like that woman."

"It's a pity that I don't like it, so I don't have much sense of accomplishment."

Looking at Lin Yuan's distressed appearance, Lin Kai only felt sick for a while.

No matter what he had since he was young, Lin Yuan would take it away.

It may be because of his going back that he lost too many things.

It was not until a long time later that Lin Kai wanted to understand that it was originally his own thing, and there was no need to feel guilty.

"Lin Kai, it's a pity that I didn't let you see it. It's great."

Chapter 1275: Dear Brother

Chapter 1275 Dear Brother

“What do you mean?”

I don't know why, Lin Kai always feels that Lin Yuan is hiding something from him.

Thinking of them, Lin Kai couldn't help feeling a little nervous.

Because of his own relationship, he has already killed them once, and he doesn't want to have a second time.

“It's not interesting, it's just a pity.”

Before Lin Kai could speak, Lin Yuan put down the half-eaten snack in his hand.

“No matter how delicious it is, you will get tired of eating too much, just like people.”

Lin Yuan stood up and looked at him and said, “My dear brother, what kind of death do you like?”

“Surely I will die?” Lin Kai raised an eyebrow and looked at him.

It was originally quiet and elegant, but now it is like a fierce beast out of its cage, full of aggressiveness.

Although he has not yet been promoted, Lin Kai is not afraid of him.

If you can't beat it, then run.

Where there is life, there is hope.

In fact, he was also surprised that Lin Yuan would find himself at this time.

“Naturally it is you.” Lin Yuan looked at him with a smile, like an elegant young man.

“You can try.”

Lin Kai looked at him without any fear.

Lin Yuan didn't talk nonsense with him either, one of them was destined to fall.

The entire hotel seemed to have lost all the sounds, and only the breathing of two people remained between the sky and the earth.

“Lin Kai.”

Lin Yuan chuckled lightly and appeared behind him instantly, with a layer of transparent air wrapped in his fist, and slammed into Lin Kai fiercely.

Although he has not yet been promoted successfully, Lin Kai's perception ability is still there.

Not to mention that for so many years, he had developed a keen sense and quickly avoided.

“boom.”

With a huge roar, a hole was directly punched out of the marble floor and cracked to the surroundings.

The scattered gravel, under Lin Yuan's control, seemed to be alive, blocking all the retreats around Lin Kai.

Lin Yuan had an inevitable smile on his face. He knew what had happened to Lin Kai for a long time, otherwise he wouldn't appear at this time.

Lin Kai jumped or rolled, constantly avoiding the rubble, still guarding against Lin Yuan's attacks at any time.

“Wow.”

Because of Lin Yuan's attack, Lin Kai did not dodge and was severely cut on his arm by a stone.

The stone enveloping Zhenqi strikes like a sharp blade, severely slitting the flesh and revealing the bones inside.

“Tsk tsk, it looks so painful.”

Lin Yuan looked at him with a squinted smile, his narrow fox eyes flashing with unknown light.

Lin Kai didn't talk nonsense, a few dodged right and left, and rushed straight to where Lin Yuan was.

A dagger with a cold glow in his hand slammed into his back fiercely.

As if a clay cow entered the sea, Lin Kai only felt that a suction was coming from Lin Yuan's back, and he couldn't move at all.

Not in love with the war, just discarded the dagger, and rushed to the side instantly.

It's just that he now can't match Lin Yuan's speed at all.

"Ok."

With a muffled snort, Lin Kai felt that his back was hit hard by a huge boulder, and his bones were about to be broken.

If not for his good physical fitness, he could kill him half his life just like that.

Rolling on the spot and hiding, Lin Kai panted hard and stared at Lin Yuan coldly.

"My dear brother, why are you looking at me like this?"

Although Lin Yuan's tone sounded a little sad, his movements did not stop at all.

He grabbed the solid wood table on the side and threw it at Lin Kai.

When the table flew out, he appeared directly behind Lin Kai.

No matter what Lin Kai chooses, he will never get better.

Comparing the two, Lin Kai chose the latter without hesitation.

Directly rushed to Lin Yuan, the shadow of the fist was all over the sky, and smashed at Lin Yuan fiercely.

The moment the table flew over, the whole person flew directly with the help of Lin Yuan's power, grabbing the chandelier above.

"You are dead."

The ball of light in Lin Yuan's hand revealed a terrifying aura, which was frightening just by looking at it.

With a flick of his hand, the ball of light rushed towards Lin Kai, and the air was torn in an instant, twisting and rushing towards him.

Lin Kai wanted to escape, but found that he couldn't do it at all, so he could only defend it hard.

"Many arm blocks the car."

Lin Yuan grinned and smiled silently. Only he knew how strong this blow was.

The ball of light hit Lin Kai's body fiercely, and the invisible force rushed into his body, destroying it violently.

But soon this power was automatically expelled by the true energy in Lin Kai's body.

Nevertheless, it also caused a lot of damage to Lin Kai.

“puff.”

With a spit of blood, Lin Kai only felt as if his internal organs had shifted.

“My good brother, I didn't expect you to have some abilities.”

To be honest, Lin Yuan thought it was quite unexpected. According to theory, Lin Kai should have no resistance right now.

But this is better.

The difference between killing a waste that has no power to bind a chicken and killing a resistance waste is different.

The thought that Lin Kai was about to die under his own hands made him tremble with excitement.

“My brother, today next year, my brother will take them to pay homage to you.”

“dream!”

With such a simple sentence, Lin Kai spouted blood again.

“It's the end of the crossbow.”

Lin Yuan snorted, not much nonsense, and rushed towards Lin Kai with a mighty force.

Without hesitation, he punched him in the stomach, and flew out, hit the wall hard, and slid down.

“Ahem.”

Lin Kai struggled to support his body to get up, his body was full of scars.

Standing up swayingly, Lin Kai wiped the blood from his mouth and took the initiative to attack.

It is absolutely impossible to be beaten so passively.

He wanted to find Lin Yuan's flaws as soon as possible, and persisted as far as possible to the arrival of the hidden god.

Although there is no way to resist now, it's easy to say when the hidden **** comes.

Lin Yuan was a little surprised that Lin Kai would take the initiative to attack.

But just for a moment, a sneer overflowed from the corner of his mouth: "Looking for a dead end."

The momentum of his whole body, steadily rising, rose to a terrifying place.

Because of the temporary loss of cultivation base, Lin Kai couldn't straighten up his waist under the pressure, and he seemed to weigh ten thousand catties.

Looking at Lin Yuan walking towards him, he didn't even mean to avoid his attack.

With a "slap", a mouth was slammed on his face.

The tremendous strength made him fall to the ground, bleeding directly from his cheeks.

"Ahem."

Climbing up from the ground laboriously, Lin Kai leaned against the wall, panting heavily.

"Do you want to continue?"

Although Lin Yuan asked this, his actions didn't mean to stop at all.

Grabbing one of Lin Kai's arm, he broke it severely.

With regard to his current master's strength, it can be said to be a breeze.

Lin Kai stared at Lin Yuan fiercely, without saying a word.

Looking at him, I don't know why Lin Yuan shrank.

But soon he raised Lin Kai and asked, "How do you want to die?"

Chapter 1276: Breakthrough Cultivation

Chapter 1276

"You will die earlier than me."

Saying that the arm that was not injured, grabbed a glass shard and plunged it into Lin Yuan's shoulder fiercely.

It was just an instant matter, and Lin Yuan directly threw him out.

With a "boom", the cash register on the side was smashed into a big hole.

Lin Yuan reluctantly pulled out the shards of glass, feeling frustrated.

I didn't expect that I would be injured by a dying person.

Looking at the blood on his shoulders, Lin Yuan's eyes gradually stained with scarlet.

"I really underestimated you."

Without waiting for Lin Kai's answer, as if playing with a toy, he grasped one of his legs, swinging in the air like a large pendulum.

Lin Kai only felt that the internal organs were bumping back and forth in his body, and the scenery in front of him was constantly changing, until finally it became blurred.

I only felt that the whole person was thrown to the ground severely, and was caught again.

Before he could react, he was kicked out by Lin Yuan.

When he walked over and was about to kick the second kick, Lin Kai, who had already prepared, hugged his leg directly.

The dagger that was discarded before, I don't know when it has returned to his hand.

"what!"

Lin Yuan shouted in pain, and the dagger in his leg was directly shaken out.

Drops of blood fell on the ground.

Lin Yuan stared at the blood on his leg, instantly blocking the Qi veins with True Qi, and no blood oozes out again.

"I really underestimated you."

He didn't plan to drag on any longer, knowing that his brother was protected by his side.

This time it was possible to succeed because of his surprise.

In addition, he was blinded by him directly, and the person who guarded Lin Kai for a while would not find it.

It just won't work if it takes a long time.

With a wave of his hand, the dagger on the ground instantly reached Lin Yuan's hand, and he walked towards Lin Kai with a grinning grin.

Step by step, extremely elegant.

Lin Kai stared at him, struggling several times to stand up, all in vain.

"Ahem."

Wiping off the blood stains from the corners of his mouth, Lin Kai struggled to sit up.

Staring indifferently at Lin Yuan, who was walking towards him, he grinned silently.

It was also that Lin Yuan had good luck, so he just ran into this moment.

Not being able to kill Lin Yuan is the greatest regret for him.

Even at this time, he was thinking about it all the time.

Suddenly, Lin Kai froze, without him urging him at all, the true energy in his body began to spin frantically.

As if uncontrollable, Zhen Qi madly impacted his meridians, and it didn't take long for the whole person to have ear and nose bleeding.

Lin Yuan stopped when he saw him doing this, feeling that something was wrong.

But it was just such a dazed effort, in order to avoid long nights and dreams, Lin Kai absolutely couldn't survive.

At the moment he acted, Lin Kai didn't know where his strength came from, so he avoided it.

With just such a movement, the painful Lin Kai yelled, blood constantly oozing from his body, and some mess, black and white.

"what!"

Lin Kai clasped the ground, his nails were full of blood, but he didn't seem to feel any pain.

Seeing his appearance, Lin Yuan's bad premonition grew stronger.

People like him, although there is no way to figure out what will happen to him in the future.

But they still have some insights about things that are closely related to them.

As if now, the ball of light in Lin Yuan's hand was smashed at Lin Kai fiercely as if he didn't need money.

Even if he tried to avoid it, it was of no use.

"puff."

Lin Kai was lying on the ground, if it weren't for the slight ups and downs in his chest, he was no different from a dead person.

"Really fate."

I have to say that Lin Kai's vitality is really tenacious. If this were changed to another person, he would have died many times.

Because of Lin Yuan's stimulation, Lin Kai felt a lot better in his body.

Those zhenqi began to cultivate automatically, and gradually condensed in his chest.

"Ahem."

Lin Kai struggled to stand up, but Lin Yuan stomped under his feet severely.

"Aren't you great?"

The dagger in Lin Yuan's hand was pierced without hesitation.

But in an instant he was stunned.

The dagger seemed to be stuck in cotton, no matter how hard he tried, he couldn't get it in or pull it out.

"What exactly is going on?"

Lin Yuan stared at Lin Kai closely, always feeling that something was wrong.

Lin Kai didn't care about Lin Yuan's words at all, and was so painful that he wanted to die immediately.

Under the impact of Zhen Qi, he kept convulsing, curled up his body, his teeth “creaked.”

The corners of his mouth kept oozing blood, like a **** person.

Gradually, a whirlpool appeared in the abdomen, madly absorbing the true energy in the body.

As he absorbed it, Lin Kai felt more comfortable.

Before he rested, a sharp pain came from his abdomen.

As if something was about to split, the whole person wanted to be dismembered on the spot.

Lin Yuan felt more and more frightened as he watched, unable to take care of so much, condensing the power in his body, and Kai Kai without hesitation.

As soon as his power collided with Lin Kai, something seemed to be charged in his body.

Before Lin Yuan could react, he was severely hit by that thing.

A large human-shaped pit appeared on the wall, and he sank in.

It was precisely because he had just made a strong blow that the power in Lin Kai’s body instantly merged.

In that instant, he clearly saw where the abdomen was and where a thumb-sized object was floating.

“I succeeded.”

He muttered to himself, thinking that it would take a long time, but he didn’t expect Lin Yuan to fulfill himself.

Feeling the power coming from his body, Lin Kai only felt refreshed.

Even if he was in tatters and had no idea how many holes were opened, he didn’t feel any pain anymore.

Shaking to stand up from the ground, Lin Kai rushed towards Lin Yuan instantly.

Such a good opportunity should not be wasted in vain.

However, Lin Yuan is not a vegetarian, as soon as he stood up, he rushed out.

For a moment, the noise came into his ears, and Lin Kai felt it clearly even if it was the flapping of the wings of birds in the distance.

But because of such a momentary delay, he went to Lin Yuan's trail.

"Fuck."

Lin Kai couldn't help but swear, his divine consciousness kept scanning, trying to stand out of him.

People around saw him standing here covered in blood, pointing.

A kind-hearted aunt could not help but said: "My child, why are you hurt so badly? Hurry up and take a look."

"Thank you."

Lin smiled and thanked, and returned to the hotel.

As soon as he went back, he ran into the hidden god. After seeing Lin Kai's injury, he broke out instantly.

"Sir, who did this?"

The hidden **** controls the raging breath in the body.

Seeing Lin Kai's body covered in blood, his heart stopped for a second.

"Sir, I will take you back right away."

Without waiting for Lin Kai to speak, Yinshen threw down a card and quickly returned home carrying Lin Kai.

"Yin Shen, stop."

Chapter 1277: Damage The Li Family

Chapter 1277

"Sir, even if you punish me afterwards, you won't let go."

Yinshen held Lin Kai's leg tightly, for fear that he would not go back with him.

In fact, he already felt the powerful force coming from Lin Kai's body.

Seeing his appearance, Lin Kai didn't know what to say.

In fact, where he continued to search, it was just psychological comfort.

Who is Lin Yuan?

Now that he escaped, how could he let himself find him?

He sighed silently. I don't know when I will see Lin Yuan next time.

With a helpless sigh, Lin Kai leaned on the back of Yinshen a little tired.

Lin Kai just felt a pain all over after holding on for so long.

In addition, promotion to the Golden Core, although it is a matter of course, but it still consumes a lot of energy.

Yinshen felt Lin Kai lie on his back, motionless and worried.

Make sure that he just fainted, and his heart was let go.

As soon as he took Lin Kai home, he ran into Li Shengxian.

Seeing the lifeless Lin Kai, he was too anxious.

"Yin Shen, what happened to Brother Lin?"

Li Shengxian looked at Li Shengxian anxiously, and quickly called the Li family doctor.

"Prepare the medical kit."

Yin Shen didn't care to explain so much to Li Shengxian, and cautiously opened Lin on the bed.

He took off his clothes, his whole body was covered with scars.

His body was covered with blood scabs, which had already condensed on his body.

Yinshen carefully treated the wound, and looked at Lin Kai who had fallen asleep, with worry on his face.

Just looking at the scars on Lin Kai's body, one can imagine what kind of torture he has suffered.

Yinshen punched the wall, and the whole person blamed himself.

Knowing that Lin Kai's cultivation base is fine for the time being, he still left him alone.

If it hadn't been for this time, Lin Kai would really be over.

The more I thought about the hidden god, the more anger grew in my heart, and I wanted to kill Lin Yuan to vent his anger.

"Lin Yuan, I want to kill you."

He secretly vowed in his heart that he must be broken into pieces before he could avenge Lin Kai.

"Yin Shen, is Brother Lin okay?"

Li Shengxian looked worriedly at Lin Kai, who was pale on the bed, with anxiety in his eyes, for fear that something might happen to him.

"It's okay, just rest for a while."

Yinshen didn't say much to Li Shengxian, he might as well not touch some things.

Knowing so much now is not a good thing for him.

"it is good."

Li Shengxian glanced at Yinshen and knew that they didn't want to tell him something.

But it didn't matter, he made them gradually accept himself through his own efforts.

He will definitely work harder and he can help them at that time.

The two silently looked at Lin Kai on the bed, and walked out tacitly.

After going downstairs, Li Shengxian looked upstairs worriedly from time to time.

"Don't worry, sir will be fine."

"Surely nothing will happen."

Li Shengxian's eyes are full of determination. How could something happen to a person like him?

The two of them gradually became silent, and no one took the initiative to speak. They looked at Lin Kai's house quietly without saying a word.

The sudden ringing of the telephone interrupted the silence in the room, and Li Shengxian was taken aback for a moment and quickly picked up the phone.

"Hey, what's the matter?"

I didn't know what was said on the other end of the phone, and Li Shengxian's face instantly turned ugly.

"What are you talking about? How dare they do this?"

Li Shengxian's chest was constantly up and down, and the whole person was furious.

"What happened?" Yin Shen looked at Li Shengxian's face and asked quickly.

"Nothing, I will take care of it."

Li Shengxian sighed, Lin Kai stood like this, so don't let the hidden **** worry about it.

Seeing that he didn't want to say more, Yinshen didn't ask much.

"I go first."

Taking a look at Lin Kai's room, Li Shengxian left without looking back.

He had to deal with the affairs over there quickly, so that he could come back and accompany Lin Kai.

After he left, Yinshen called Lao Huyou and asked him what happened to the Li family.

After listening to his narration, Yinshen's face turned pale.

I'm so courageous. I dare to look for trouble at this time.

But he didn't take the initiative to exit, and Lin Kai couldn't do without people.

As for Li Shengxian, he has taken care of it.

In addition, where is Huang Tianshi to help, nothing will happen if he thinks about it.

On the other side, Li Shengxian had already returned to the Li's house, and his heart sank as he watched the Li's face-stricken people who were waiting in the hall.

It seems that Lee Ho-hyun came prepared this time.

“came back.”

Li Chengjia looked at Li Shengxian lovingly, and was quite satisfied with this son.

Then he thought of something, his face was a little ugly, and he motioned to Li Shengxian to sit down.

“Since everyone is here, what do you want to say, Ho Hyun, let’s talk.”

Looking at Li Chengjia with a dark face, Li Haoxian’s mouth showed a smug smile.

“Father, elders, this is the income of the subsidiary Li Shengxian controls.”

Li Haoxian motioned everyone to read the planning book in front of them.

After reading it, an elder said: “Under Shengxian’s management, the company’s benefits are still good, an increase of five percentage points over the previous period.”

“Yes, it has grown, but the company of my Li family will now become someone else’s.”

Li Haoxian sneered and explained the transaction between Li Shengxian and Leiyuan Group clearly.

When everyone in the Li family heard him say this, their faces were a little ugly.

Li Cheng’s family took a look at Li Shengxian, he knew about this before.

Now that Li Haoxian took this out, he was mostly dissatisfied with him.

“10% of the shares are exchanged for an investment of 500 million in the first period and 2.5 billion in the later period. How is it not worth it?”

Everyone in the Li family talked a lot.

“It’s true, 10% of the shares, just a subsidiary, it doesn’t matter.”

“My Li family still needs investment from other venture companies? It’s a shame!”

...

The elders who supported the two of them held their own opinions, and who refused to bow their heads.

“Sung Hyun did a great job.”

Everyone stopped talking for a moment, but some people from Li Haoxian said dissatisfied: “Patriarch, isn’t this a way of advocating family members to hand over the company’s shares?”

“How about it?”

Li Chengjia looked at him, the aura that belonged to the superior, made everyone feel a little depressed and could not breathe.

“Reasonable investment. It is impossible for my Li family’s shares to be handed over. As for the needs of the subsidiary, I will discuss and decide with the elders.”

...

Li Cheng’s family has said a lot, but everyone can see that this is speaking to Li Shengxian.

Li Haoxian, who has not spoken all the time, suddenly said at this time: “If this is the case, then I think Leiyuan Group is also very cooperative.”

Chapter 1278: Why Not?

Chapter 1278 What is wrong?

When he said this, Li Shengxian’s face changed instantly.

He was always on guard against Li Haoxian, but he didn’t expect someone to find him.

Once Li Haoxian cooperated with Leiyuan Group, his advantage would be gone.

Although I was shocked, there was still a calm look on his face: “I don’t know how many shares are you going to pay?”

Li Shengxian asked a lot of questions, and he was full of hostility towards Li Haoxian.

Naturally, Li Haoxian is not a vegetarian either, it can be said that he needs to be prepared.

“This is my plan.”

After reading the plan on the table, Li Shengxian’s face was a bit ugly.

I have to say that Li seems to be well prepared, even when Li Shengxian faces such a scheme, he has no reason to refuse.

“Father, what do you think?”

“Fail.”

In a word, Li Haoxian’s face was very ugly, his fist was tightly clenched, and his face was staring at Li Chengjia: “Father, what do you mean?”

“Leiyuan Group is not something we can provoke, and it can easily catch fire if you are not careful.”

For Leiyuan Group, since it is naturally known.

After all, a behemoth like the Li family, they wouldn’t be in contact.

After listening to Li Cheng’s narration, everyone fell into contemplation.

Li Haoxian clenched his fist tightly and said, “Father, it’s also a subsidiary, why can my brother? I can’t?”

Angrily, staring at Li Shengxian’s eyes, full of anger.

He felt that Li Chengjia treated them differently, but he was better than Li Shengxian.

A Patriarch facing Li Haoxian thought and said: “Patriarch, this matter is not impossible to consider, after all, there is a precedent for Shengxian.”

“Shengxian’s company has nothing to do with the Li family.”

“What do you mean?”

Although I understand, Li Chengjia might say this for Li Shengxian.

But everyone present still couldn’t help but give birth to some bad thoughts.

Regardless of whether it is true or not, Li Chengjia said so, clarifying his position.

He is supporting Li Shengxian. If his words are true, then people like them should also reconsider who they should follow.

“The company already belongs to Shengxian, and it has nothing to do with the Li family.”

The decision was made after Li Chengjia thought carefully about this decision.

Although the Li family is now deeply rooted and leafy, some people are already rotten.

For some people, he hasn't been able to move, so he can only find another way.

When Li Shengxian proposed that plan at the time, he inspired him.

The Li family will be more prosperous in the future, which is naturally good.

It just won't work at that time, and the company of Li Shengxian.

Moreover, because of the cooperation with Leiyuan Group, he did not want to involve the Li family.

That is the bone-attached maggot, as long as it is provoked, there is no way to get rid of it.

As the head of the Li family for so many years, he knew more than they thought.

Seeing the expressions on everyone's faces, Li Chengjia didn't say anything.

In fact, he was paving the way for Li Shengxian, hoping that he could take over the Li family.

Everyone was silent for a long time, and finally Li Haoxian couldn't help it, and looked at Li Cheng's house with red eyes: "Why give him the company?"

He couldn't understand, clearly he was the best in this generation, why not leave it to him?

What does Lee Seung Hyun have?

It's nothing more than Lin Kai.

Seeing the anger on his eldest son's face, Li Chengjia sighed: "I have other arrangements regarding you and the company. Please let it go for the time being."

"Are you making a decision?"

Li Haoxian stared at Li Shengxian fiercely. If his eyes could kill people, he had no idea how many times he had died.

He felt that Li Cheng's family was going to exile himself, for the sake of Li Shengxian.

“I’m not convinced!”

With a punch on the table, the whole person looked like an angry lion: “What is good about him? Isn’t it a good relationship with Lin Kai?”

“So what? I can lead the Li family without him!”

“Why give him a company for no reason? What can he do? It’s just a waste.”

“I’m not doing business day by day, I only know how to eat, drink, and gambling. Can I change it now? It’s really laughing at me.”

...

When Li Haoxian thought that the Li family would hand over this **** to Li Shengxian in the future, he wished to kill him on the spot.

Staring at Li Shengxian sullenly, he felt that his plan could not be delayed any more.

Otherwise, when all the dust settles, everything will be over.

Seeing Li Haoxian like that, Li Shengxian showed a provocative smile without feeling scared at all.

“Ho Hyun, how do you talk?”

Li Chengjia glanced at Li Haoxian, his voice was faint, and he couldn’t hear the joy or anger.

But Li Haoxian felt it, and Li Cheng’s family became angry.

Thinking of what he said just now, Li Haoxian’s face looked a little ugly.

I was too angry, otherwise I wouldn’t be so careless in front of him.

“Father, I’m sorry, I’m so angry.”

“As for your plan, no need to mention it.”

Li Cheng’s family turned around and left after leaving such a cold sentence.

Those people looked at each other and left without saying much.

Soon there were two brothers left in the house.

Li Haoxian looked at Li Shengxian sitting in the chair, and said with a sneer: "Don't think that your father is facing you, you will win."

He leaned close to Li Shengxian's ear and whispered: "Let's see who is the best player. I hope you can laugh at that time."

After speaking, Li Haoxian smiled and left, looking at his back, Li Shengxian clenched his fists tightly.

Sitting on the chair, some of the previous ones were constantly emerging in his mind.

He had a hunch that Li Haoxian would definitely do something small to himself.

But it doesn't matter, I am no longer the same waste.

"Li Haoxian, I'm waiting!"

Looking up, the corners of Li Shengxian's mouth were tight, and the whole face looked a little serious.

As soon as he left, he was stopped by Li Cheng's family who had been standing at the door.

"Ho Hyun, come, I want to ask you something."

Although he didn't know what happened, he still followed obediently.

When he arrived in the study, Li Cheng's family didn't talk nonsense with him, and went straight in: "Is Mr. Lin having a conflict with Leiyuan Group?"

Li Shengxian was stunned for a moment. He didn't expect him to ask this, but he answered truthfully: "Yes."

He briefly talked about the contradiction between them.

It's useless to hide it, and Li Cheng's family will know it sooner or later.

It's better to say it honestly now, and save the trouble.

After Li Chengjia heard it, he didn't say a word. Li Shengxian sat quietly on the side, not knowing what he meant.

"From now on, you can just follow Mr. Lin well."

Chapter 1279: Hades Will Tell You

Chapter 1279 Hell King Will Tell You

Li Shengxian was stunned for what Li Chengjia said suddenly, wondering what he meant.

“Father, you...”

He looked at Li Cheng’s house with some anxiety, although he didn’t feel much about this father anymore.

However, Li Shengxian had to admit that many of his actions involved his emotions.

Even if it’s just a very simple sentence.

“Following Lin Kai, you learned a lot, better than in Li’s house.”

Li Chengjia looked at an unknown direction and said: “The relationship between our Li family and Leiyuan Group cannot be said to be the same, but it is not much better.”

“What do you mean by this?”

Li Shengxian was immediately stunned, never expected that Li Cheng’s family would say such a thing.

He had no idea what was going on.

“There are some things that I should tell you.”

With Li Chengjias slow narration, Li Shengxian understood why he said that before.

But Li Shengxian’s heart is undoubtedly happy.

Because he can openly help Lin Kai against Leiyuan Group.

Fortunately, he was thinking at first, how could he get the Li family and Lin to get on the same boat.

Although happy in his heart, Li Shengxian did not show a point on his face.

Instead, he said angrily: “Leiyuan Group is really deceiving people too much. I will definitely try to make them pay the price.”

Seeing Li Shengxian who was filled with righteous indignation, Li Chengjia smiled with satisfaction.

The reason why he didn't tell Li Haoxian about this was probably because he didn't like it, and besides, he had already made a choice.

It had nothing to do with Lin Kai, it was because of Li Shengxian's efforts that made this decision.

Of course, this is just a test for him. If he cannot meet his expectations, the position of Patriarch will naturally have nothing to do with him.

"Now that you know these things, you should understand how to do it."

"I know my father."

Li Shengxian nodded and agreed, naturally filled with joy.

From now on, I can help Lin Kai openly, and Li Cheng's family will be in charge of anything else.

"Okay, go down,"

Li Chengjia waved his hand and said nothing more.

In fact, he is not sure whether his choice is right or not.

I have to admit that Li Haoxian's business talent is unmatched.

But sometimes it depends on a person's moral character.

Li Haoxian is amazing, but sometimes he is too unscrupulous.

Thinking of what he had done to innocent people a few years ago in order to obtain a piece of land, Li Cheng's family felt a chill.

If possible, the Li Cheng family hopes that the two brothers can live together peacefully, and the Li family can definitely become more prosperous.

But he understands that this is just his own extravagant hope.

"Ugh."

With a sigh, Li Chengjia's figure gradually disappeared into the night.

However, Li Shengxian was a little excited because of Li Cheng's words.

When he returned home, Yinshen also saw a trace of joy on his face.

"What happened?"

Yinshen's voice was a little cold and cold, although he knew how Lin Kai was and didn't affect Li Shengxian's mood, he still felt a little uncomfortable.

"Yinshen, my father said that the Li family is not compatible with Leiyuan Group."

He briefly recounted what Li Chengjia said.

After listening, a touch of joy appeared on Yinshen's face.

This is indeed good news.

"Good job."

He patted Li Shengxian on the shoulder, and suddenly he stopped.

When Li Shengxian wanted to ask what was going on, Yinshen grabbed his shoulder severely.

"hiss."

Yinshen's strength can be imagined, he called out tea when he was hurting, but fortunately he held it back.

"Go to the second floor and stay with your husband. No matter what happens, don't come in if you don't see me."

"I see." Li Shengxian agreed in a low voice.

As he walked upstairs, he said to the Yinshen: "I have been tired for a day, I will go to rest first."

For Li Shengxian to be able to do this, Yinshen felt a lot easier.

In the blink of an eye, he disappeared from sight.

The whole person quietly descended from the second floor, looking at the sniper in the opposite house, showing a sneer.

No matter who sent it, dare to do it at this time, it is really reckless.

Approaching the sniper silently, the hidden **** stood behind him, and with a palm down, he was killed.

But Yinshen didn't do that. Since he dared to come here, he certainly wouldn't be alone.

Sure enough, after a short while, other voices rang in the headset.

"Black Cat, we are already in place."

The sniper quickly hugged a few directions, and in an instant there was a rustling sound in the woods.

Although their noise was already very small, for the hidden god, there was nothing to hide.

He slowly followed behind those people, grabbed a person's neck, covered his mouth, and the dagger plunged into his heart silently.

Fortunately, they wear gas masks, otherwise they would have asked about the smell of blood.

When they were almost at the house, there were only seven or eight people left.

The leader looked at half of the people who had disappeared, his face pale.

"Attention everyone, the opponent is not simple. If you have any situation, you must report it."

As the forward rushed into the room, the rest of the people followed in.

Obviously there was no doorway to anything, but the last Lin Kai man seemed to be stirred by something and fell into a big horse.

"Pay attention to concealment."

When the voice fell, the leader felt that his face was slapped severely.

But there was no one in front of him, and the slap seemed to appear empty.

"team leader."

Some team members gave him a scared look. Although they didn't believe in ghosts, it was too unbelievable.

"It must be wrong."

As his voice fell, another person was also beaten.

In just five minutes, they didn't know how terribly they were tortured silently by the hidden god.

The slap that appeared out of thin air was suddenly chased and hit by something. The experience here can be said to be memorable for a lifetime.

"What exactly is going on?"

Some team members looked at an unknown place in horror and rushed out without looking back.

Even if they are firm in mind, they really can't hold on to this kind of thing.

"what happened?"

The sniper yelled, but the people didn't respond except screaming in horror.

"In the end what happened?"

"Hell will tell you."

As the voice fell, the sniper only felt a pain in his neck, the whole person had not yet reacted, his eyes widened in horror, and his life was gradually lost.

After solving them, Yinshen went back blankly.

If it wasn't for fear of having a bad influence on them, he would not use this method.

When I entered Lin Kai's house, I saw Li Shengxian collapsed to the corner of the wall, and Lin Kai on the bed had disappeared.

"How about sir?"

Chapter 1280: Miscalculated

Chapter 1280

He woke Li Shengxian swayingly and kept asking about Lin Kai's whereabouts.

The situation of Lin Kai's body now makes it easy to move easily.

In addition, he is in a coma now, and he doesn't know when he will wake up. He was taken away by an unknown person. Who knows what will happen?

Besides, it is definitely not a simple person to take Lin Kai away quietly under his nose.

The more I think about Yinshen, the more I feel a heart sinking continuously.

“His, my head hurts.”

Li Shengxian rubbed his head and couldn't help shaking his head. He only felt that the back of his head hurts, and he looked dizzy.

He stared at the Yinshen in a daze, and he still didn't remember what happened.

“How about sir? Did you see who took him away?”

Yinshen was too anxious, and constantly swayed Li Shengxian.

Being shaken by him like this, Li Shengxian was stunned for a long time, unable to say a word for a while.

“Don't move, don't move.”

Li Shengxian motioned to Yinshen not to move him, and kept thinking about the previous scenes in his mind.

After a while, he thought of what happened before.

“I remember just a dark figure appeared with a tattoo on his neck.”

Li Shengxian carefully recalled what happened before: “I saw him lift Brother Lin on the bed before I called you.”

“I called, but didn't hear your response at all. As soon as I walked over, he was knocked out.”

No matter how Li Shengxian thought about it, he couldn't think of anything else.

After listening to Li Shengxian's words, his face was darkened.

There was no useful news at all, and it was not for a long time to determine who did it.

Even at this critical juncture, I couldn't go looking for Lin Kai with great fanfare.

After thinking about it, he still asked Li Shengxian to inform Li Chengjia and Wang Kang.

Their contacts in the entire East China Sea are still possible, and it will be much more convenient to find someone at that time.

Although it cannot be done in person, it is still possible in private.

At the same time, Lin Kai was carried by himself, only to feel the bumps all over his body, abruptly awakened by pain.

Because he hadn't been promoted before, he didn't know how many bones Lin Yuan had beaten.

Even if he has been promoted to Jin Dan, his strength will not be good for a while.

Now being treated like this, I just feel uncomfortable.

Squinting his eyes and looking at the rapidly retreating scenery around, Lin Kai stood still.

He wanted to see who it was and take himself away at this time.

I want to come and follow him for a long time, otherwise I won't know that he is injured now.

As time passed, the man led Lin to a dilapidated factory.

Regardless of his injuries, he just threw it to the ground.

Fortunately, Lin Kai is now in the Golden Core period, and his Zhen Qi protects his body, so it doesn't hurt much.

"Master, the man has already been brought, and he is still in a coma."

The man in black was holding the cellphone and pointed clearly at Lin Kai's feet.

With slightly opened eyes, he could see the people inside.

A young man in his twenties with a handsome face, but a hostile face.

"I'll leave it to you, just don't die."

The person on the phone said this faintly and hung up.

I hung up the phone, caught Lin Kai's person, clapped his hands and called a few people, including men and women.

"Do you know what to do?"

He pointed to Lin Kai on the ground and said, "Let him enjoy it."

A man asked with some worry: "Boss, he won't have an accident like this, right?"

Lin Kai's current state is too scary.

There were bandages all over the body, and even blood stains leaked out in some places.

Although they are in this business, they are also afraid of getting killed.

But a woman couldn't help but said, "The boss lets us do it, and we do it. If something happens, the boss will be responsible, right?"

"This is natural."

The answer was affirmative, they were not talking nonsense, and started to remove the bandages on Lin's body.

It was the man who had spoken before whispered: "I'm sorry, brother, take the money for errands."

At the beginning, Lin Kai still wondered what they were going to do. When a woman lay on him, she instantly understood.

This method is really shameless,

After turning over, Lin Kai directly pressed the woman under her body, slapped it down, and stunned directly.

Those few people hadn't realized what was going on, they were solved by Lin Kai.

Looking at the man in black standing at the door, Lin Kai walked over.

Jin Danqi's cultivation base, the man in black did not notice him.

After all, he is not an ordinary person, how can Lin Kaibi be?

"Um, ah, ah!"

The man struggled and slammed his elbow into Lin Kai, but was blocked by him.

But it was precisely because of this that the man in black broke free.

Looking at the half-naked Lin Kai, the man in black couldn't help licking the corner of his mouth: "Sure enough, it's skinny and tender, like a girl."

Before, he thought it was just a cripple, let them finish playing and just interrupt their limbs.

I didn't expect to miss such a super product.

Lin Kai only felt sick for a while when he looked at it with this gaze.

"What is your relationship with Shao Xin?"

Just taking a look, Lin Kai accurately recognized that the person who sent him was Shao Xin, who had had a holiday with him before.

It's just that Lin Kai didn't expect that he would be so lingering.

Send someone to stare at his news all the time without telling him, and now he is still thinking about getting into trouble.

"I won't tell you."

Lin Kai didn't talk nonsense and broke his arm directly.

Seeing him clenching his teeth and persisting, with large beads of sweat dripping from his forehead, Lin Kai grinned.

"Your second brother doesn't want it anymore?"

He only felt that there was something cold that was at the root of his life.

The whole person froze and didn't dare to move, for fear that if he was not careful, his life would be over.

"I said I said."

I have to say that Li Shengxian's method is still very practical.

At first, Lin Kai felt a little embarrassed.

"I am his bodyguard. Let me stare at you all the time. If you have any news, you must report it in time. This time..."

He explained everything clearly and clearly.

Who let his lifeblood be in the hands of others can only admit counsel.

After listening to his narration, Lin Kai sneered. He didn't expect Li Haoxian to cooperate with Shao Xin.

Also, the enemy of the enemy is the friend.

Thinking of what he said, Lin Kai's face became ugly.

Unexpectedly, the two of them would work together to calculate Li Shengxian.

Although he has grown a lot, Lin Kai is still a little uncertain about whether he can handle it.

"What do they want to do?"

"Please let me go, I really don't know this."

He was almost crying, and his whole body kept trembling.
