

Special Forces God Level Extraction System - Chapter 129 -

Chapter 129: Sniper

Chapter 129 Sniper

“Shao Lin, how does he deal with it?” There was a ruthless look in Zhang Wanlin’s eyes.

Under the public, it is indeed not good to deal with Manager Zhu Dafu, but when he walks out of the gambling meeting, his life is no longer in his own hands.

Manager Zhu Dafu saw that this is going to be true! At that time, he was so scared that he almost peed his pants.

At this time, he didn’t need any dignity anymore, he knelt on the ground with a plop, and said with a crying voice: “Lin Shao, Shao Lin, please let me go. Shao Lin, it’s my dog who looks down on people, I damn, I damn! “

Snapped! Snapped! Snapped! Snapped!

Manager Zhu Dafu slapped his mouth vigorously, with great force, and only popping noises were heard at the scene.

In a short while, Manager Zhu Dafu’s face became swollen, like a pig’s head.

Lin Kai hugged his arms and didn’t call to stop. Manager Zhu Dafu didn’t dare to stop. He kept beating himself for ten minutes, until he had no strength, and then he lay on the ground dying.

“You’ve already died once. Don’t let me see you in Jiangdong and Jiangbei.” Lin Kai shook his head and said.

After that, Lin Kai greeted Zhang Wanlin, took Huangfu Wan’er, and quickly left the scene.

It was too early. The stone gambling meeting was about to be cleared. Lin Kai did not continue to select the raw materials, but took Huangfu Wan’er to the parking lot, sat in a Rolls Royce, and quickly left the scene.

After returning to Huangfu’s house, Lin Kai sat on the sofa, playing with the golden cat’s eye in his hand.

This thing is invaluable! Manager Zhu Dafu actually paid 1.5 billion to buy it.

If it weren't for the system prompt, Lin Kai had already sold the thing, and there is still no money for the fun stuff.

It turned out that when Lin Kai was planning to sell this thing, the system suddenly gave Lin Kai a reminder.

The golden cat's eye is a very spiritual thing, and the system also told Lin Kai that five hundred upgrade points can be used to give the golden cat's eye to the system for upgrading. After three days, the system will return to Lin Kai a brand new golden cat's eye.

It's only 1.5 billion. You can earn more if you don't have money, but the opportunity to strengthen yourself is not every day.

"System, I'll leave this to you. The upgrade point will be deducted from my balance." Lin Kai said.

"Okay." The system promised humanely, a white light flashed, and the golden cat's eye in Lin Kai's hand disappeared.

At the same time, Lin Kai's upgrade point balance has also decreased by 500, and Lin Kai's current upgrade point balance is 100.

Lin Xinxing was a distressed person. After working so hard to accumulate the upgrade points for such a long time, the system immediately deducted most of it.

It was too early, Lin Kai took a shower, changed into pajamas, lay on the sofa in the living room, and got ready to sleep.

The two assassins who survived the blood butterfly mercenaries never appeared, and gradually let Lin Kai relax his vigilance.

After the last failed assassination of the blood butterfly mercenaries, Huangfu Wan'er strengthened the guard of Huangfu's house. Only the Huangfu's bodyguards had 20 bodyguards scattered around Huangfu's house.

In addition, the cameras are all equipped with infrared cameras without blind spots. If someone wants to break into Huangfu's house, they will definitely be found.

With these strong security, Lin Kai also feels a lot more at ease with Huangfu's family, so Lin Kai has been sleeping peacefully these days.

After a deep sleep, Lin Kai was awakened by a burst of urine at three o'clock in the morning, got up from the sofa in a daze, and ran to the toilet.

As soon as he walked to the door of the toilet, Lin Kai seemed to hear the sound of Didi Di, which was very rapid.

what sound?

Lin Kai slowly approached the place where the sound was emitted, and walked all the way to the periphery of the villa. At the gate, Lin Kai saw a square-shaped object placed on the ground.

When I walked in again, Lin Kai shivered all over, bomb!

Damn, these two are crazy! You can even get bombs! Listening carefully again, the sound of Didi Di seems to be more than this one. When I look to the side of the villa, there are at least ten bombs placed across the wall!

This is razing Huangfu's house to the ground!

Where's the bodyguard? Is it possible that none of them noticed it? What about infrared cameras? Didn't notice it?

Suddenly Lin Kai only felt that his scalp was numb, and the killer was worthy of being a killer. They might not be Lin Kai's opponents when singled out, but the secret assassination was really hard to guard against.

Besides, this time their purpose has changed. Their purpose is not Huangfu Wan'er, but Lin Kai!

It is not important whether Huangfu Wan'er died or not. The most important thing is that they want to kill Lin Kai to avenge other members of the Blood Butterfly Mercenary!

"Wan'er!" Lin Kai shouted, ran into the villa quickly, came to Huangfu Wan'er's door, opened the door, Huangfu Wan'er was still sleeping in bed!

"Wan'er! Wake up! Wan'er!" Lin Kai yelled, but Huangfu Wan'er was motionless on the bed, and after a careful sniff, the whole room seemed to be filled with fragrance.

Drugged!

Lin Kai didn't care about three or seven and twenty-one, he picked up Huangfu Wan'er and ran out quickly. After running to the gate, the ticking of the bomb became more frequent, as if it was about to explode.

Ten seconds after Lin Kai ran out of the gate, only a loud bang was heard, and an extremely hot air wave hit Lin Kai's back, directly flying Lin Kai and Huangfu Wan'er out!

Lin Kai only felt that his back was hot, and he flew for tens of meters in the air before he fell to the ground.

Fortunately, Lin Kai hugged Huangfu Wan'er, and most of the impact was offset by Lin Kai's back. When she fell to the ground, Huangfu Wan'er directly pressed Lin Kai's body, she just suffered a little skin trauma.

On the contrary, Lin Kai felt hot and painful behind him. Even though he was far away from the explosion center, Lin Kai still suffered a back injury from the explosion.

The blood is flowing.

This was the end of Lin Kai's 300-point defense. If Lin Kai didn't add defense, his bones would probably be shattered.

The blood butterfly mercenaries are so **** cruel! That is to say, Lin Kai's physical fitness is very strong, and he won't be fascinated by Lin Kai for a while after being drugged, otherwise Lin Kai is probably bombed into scum at this time!

"Don't let me find you two! If you let me find you two, I will definitely break your corpses into pieces!" Lin Kai roared.

The last time Lin Kai killed several Xuedie mercenaries, it was because those people underestimated Lin Kai and didn't know the horror of Lin Kai's melee combat, so Lin Kai succeeded.

But this time, the remaining two assassins showed their true power, and assassination was king!

Lin Kai thought that the matter was over, but it was far from there.

Suddenly, Lin Kai saw a red dot appearing on his body, moving from his abdomen to his head, and finally fixed on his head. Then, Lin Kai heard a bang!

Sniper!

Chapter 130: Revenge Of The Blood Butterfly

Chapter 130 Blood Butterfly's Revenge

A minute ago, in the window of a villa 500 meters away from Huangfu's house, two blood butterfly mercenaries in black were lurking there.

After the captain of the blood butterfly mercenary and several members were killed, the two who escaped began their revenge plan.

For the remaining two people, one was codenamed Sky Eye and the other was Dark Night.

Among the two men, among the blood butterfly mercenaries, one is a sniper and the other is a scout.

For this revenge plan, they prepared for a long time. They lurked around Huangfu's house, were familiar with the terrain around Huangfu's house, and spent a lot of effort to purchase large-scale lethal weapons in Huaxia.

Dark night is a sniper. The gun in his hand, named m24, is a large-caliber sniper rifle. The power of the bolt gun is very powerful. They know that Lin Kai's defense is amazing, so he specially created this Sniper rifle.

They made a total of three plans. First, cut off the power of Huangfu's house and cut off all the infrared cameras of Huangfu's house.

And install c4 bombs around Huangfus house and throw medicine bombs at Huangfus house. Although this kind of medicine bomb is not as powerful as the medicine used by the blood butterfly mercenary captain last time, it is better than silent and spreading. Very fast, as long as you fascinate Lin Kai and Huangfu Wan'er in the villa a little, the bomb can make them both blown to pieces.

This is the first plan.

If the first plan fails, they will adopt the second plan to kill Lin Kai.

They used to be professional special forces and were very familiar with the matter of sniper killing.

If the second plan fails, they will adopt the last plan to represent the blood butterfly mercenaries and die with Lin Kaitong!

In the villa five hundred meters away from Huangfu's house, Dark Ye and Tianyan saw a violent explosion from Huangfu's house, but they didn't expect that Lin Kai and Huangfu Wan'er escaped.

Tianyan narrowed his eyes and preached in English: "Unexpectedly, they are very fate. They will execute plan b and kill."

"Temperature, normal."

"Humidity, normal."

"Wind, 3."

“Wind direction, east.”

“Location, 150 Southeast.”

“Apply to kill.”

Heavenly Eye held a telescope to preach.

As soon as he finished speaking, the dark night fired a shot, a shot, and a bullet hit Lin Kai's head!

At this moment, when Lin Kai watched the red dot move from his abdomen to his head, he felt that something was wrong. His speed and reaction ability were also fully activated, and he shook his head vigorously.

boom!

Lin Kai only felt that a strong wind was blowing, his ears were hurt by the wind, and the wall behind him was directly blasted out of a pit by the bullet!

The power is so great!

Lin Kai was frightened out of a cold sweat at this time. If this bullet was shot on his body, his head would definitely explode like a watermelon!

Picking up Huangfu Wan'er, Lin Kai ran away quickly and placed Huangfu Wan'er behind a blind spot where they could not shoot. Lin Kai pulled out the dagger from his waist and let out a long breath.

Worthy of being a professional killer. Last time there were so many of them, they didn't make Lin Kai feel such a sense of crisis, but this time, just the two of them made Lin Kai feel extremely difficult.

And dark night and Tianyan also looked surprised at this time, how could his reaction ability be so fast? Can you avoid bullets?

Tianyan frowned and preached in English: “Damn it, move the ground!”

The blood butterfly mercenaries deserved to be a professional killer organization. When they missed a hit, they immediately moved their positions and withdrew from the villa.

Lin Kai also understood that they would definitely not stay where they were. Now Lin Kai didn't even know where they were, how to assassinate them?

Is it possible that you have to flee in embarrassment with Huangfu Wan'er? No, leaving the back to these two murderers, Lin Kai might not be able to run out.

Since they dare to come, they are definitely not afraid of Lin Kai running away!

Now, Lin Kai can only bite the bullet!

Lin Kai rolled over, hid in the bushes aside, and quietly touched the villa.

“Skills, rocks, open!” Lin Kai gritted his teeth and said softly.

At this time, Lin Kai was happy for a while, and his restless heart also calmed down.

Moreover, Lin Kai’s speed and reaction each add 20 points. Now Lin Kai has a 70-point speed and a 160-point reaction.

“Skills, divine eyes, open!” Lin Kai muttered silently, only to see his eyes lit up, he looked directly through the walls of the villa and looked into the villa.

The villa was empty, the two of them were no longer in the villa.

Going deeper, Lin Kai couldn’t see it. After all, the perspective of God’s Eye was not clairvoyant, it could only see through one level.

Lin Kai saw that there was a bomb hidden at the door of the villa. As long as the door of the villa was opened, the bomb would be detonated immediately.

Worthy of being a professional killer, if you open the door and enter the villa rashly, you will definitely be blown into scum.

“Temperature, normal.”

“Humidity, normal.”

“Wind, 2.”

“Wind direction, northwest.”

“Location, 230 Southwest.”

“Apply to kill.”

Lin Kai, who was hiding behind the villa, didn’t know that Sky Eye had locked him and shared Lin Kai’s location with Dark Night.

Dark Night quickly locked Lin Kai’s position. This time, Dark Night turned off the laser sight. Although he didn’t use the laser sight, it was difficult to hit and leave. However, after seeing Lin Kai’s ability to react just now, they were afraid to rush away. Up.

Lin Kaisi didn't know that the back of his head had been targeted with a gun!

boom!

With a shot, Lin Kai lowered his head subconsciously, and with a bang, another big hole was blasted out of the wall on the top of Lin Kai!

"Damn it!" Dark Ye cursed, and Tianyan immediately shifted his position.

This time, Lin Kai seized the opportunity, and immediately burst out at the speed of seventy o'clock, and flew towards the dark night and the sky!

Fortunately, the mountain and stone skills were used! If those twenty points did not enhance the reaction, the shot just now was enough to kill Lin Kai!

Lin Xinzhong was furious, and after locking the positions of the two of them, the eyes of God kept looking through them. They must be killed today, otherwise I won't have a day to sleep peacefully!

After the transfer of positions, the eyes of the sky and the dark night magically discovered that the prey actually caught up!

Tianyan said: "Dark night, the prey has already caught up, and once again move the position."

Dark night frowned: "Damn, can this Huaxia guy see through? How did he lock our position?"

Dark Ye couldn't understand it, and Tianyan couldn't understand it. They didn't know, Lin Kai could really see through!

Lin Kai's eyes were staring at the dark night and the sky's eye. With the two shots just now, Lin Kai was dangerously and dangerously dodged. His eyes must be staring at them, knowing when they fired, he can hide. Pass their bullets, otherwise, Goddess of Luck will not always take care of herself.

Chapter 131: Dark Night And Sky Eye

Chapter 131 Dark Night and Sky Eye

"Dark night, the prey is very clingy and can't be thrown away."

Tianyan, who was running wild on the eaves, spoke to the dark night next to him.

When they looked back, they saw Lin Kai was a hundred meters away from them, and the distance was still being drawn closer.

“Damn, why is he so fast?” Midnight scolded.

The two of them are professional killers, and their own speed is already very fast, around forty.

But Lin Kai’s speed is faster than them! After using the mountain and stone skills, Lin Kai’s speed has reached a terrifying 70 points!

Dark night understood that if Lin Kai touched it, both of them would be a dead end. They had seen Lin Kai’s melee ability.

“Sky Eye, strike with firepower! Today, we must avenge the blood butterfly!” Dark Ye angered in English.

After Tianyan received the instruction, without saying anything, the two directly lie on a villa hundreds of meters away from Lin Kai.

Dark Ye lurked sideways on the roof, and the sniper rifle in his hand aimed directly at Lin Kai. This time he didn’t need the eyes of the sky to convey Lin Kai’s position. He had already locked Lin Kai!

A large-caliber sniper rifle appeared in Tianyan’s hands. Although this sniper rifle was not as powerful as the m24 in the hands of the dark night, it was better than it could be suppressed by fire. This is a fully automatic sniper rifle.

And Lin Kai, who was running wild on the road, also saw the two guns in Tianyan and Darkye’s hands. At that time, Lin Kai’s heart almost jumped out of his throat!

Now Lin Kai, although his body can resist pistol bullets, he can’t hold it like this kind of large-caliber thermal weapon!

“Plastic bag extraction ability! Furious Ape extraction ability!” Lin Kai muttered silently, and with a brush, Lin Kai’s speed suddenly accelerated, and his body was floating on the street like a plastic bag.

From the perspective of the dark night, Lin Kaiju’s body movements are like monkeys, but not monkeys.

Because Lin Kai jumped up and down like a monkey, but his body could make some incredible movements in the air.

It seems that his body is like a plastic bag, floating in the air with the wind.

“Damn it, what is this ability?” Dark Ye yelled, and the sniper rifle in his hand couldn’t be used!

The Eye of the Sky has already started shooting. He has a fully automatic sniper rifle, which shoots fast, so there is no need to aim like the dark night, just firepower suppression.

boom! boom! boom!

A gunshot sounded and several bullets were fired at Lin Kai, but Lin Kai dodged them dangerously.

The Sky Eye was suppressing firepower, and Lin Kai's speed slowed down as a result, and Dark Ye had been observing Lin Kai's movements.

He discovered that although Lin Kai's movements were peculiar, they had a fatal flaw. Lin Kai's movements had traces to be found.

On the street, Lin Kai jumped from the left to the right. Every action seemed to be the same as pre-judged in advance. This way, although he could avoid the eye of the sky, he could be killed by a single shot as long as the enemy caught his movement. !

Dark night narrowed his eyes, pulled the bolt, and gradually touched the trigger with his finger.

In the magnification mirror, I saw Lin Kai rolling back and forth, and the sight in the magnification mirror was moved by the dark night to the front of Lin Kai about one meter.

After dark night's calculations, Lin meeting passed this position one second later, and the time from the dark night shooting to hitting the target also took one second.

As long as he grasps the trajectory of Lin Kai's movement and makes a prediction, he will undoubtedly die!

After a gunshot, Lin Kai's heartbeat suddenly accelerated, and there was a buzzing in his mind, and a strong sense of crisis came from Lin Kai's heart.

in danger!

In the air, Lin Kai forcibly changed his trajectory, causing his body to turn in a circle in the air.

But even so, I only heard a swish, and a bullet flew past Lin Kai's thigh!

Suddenly, Lin Kai's thighs were bloody, obviously a piece of flesh was rubbed off!

Enduring the sharp pain in his leg, Lin Kai gritted his teeth and continued to thrust forward with a roll.

However, Lin Kai not only had to avoid the fire suppression of the Sky Eye, but also avoid the dark night's pre-judgment shooting. At this time, Lin Kai's psychological pressure was very high.

A sneer appeared at the corner of Dark Ye's mouth. He has mastered the knack for killing Lin Kai. This shot will kill you!

With a click, the bullet was loaded, and through the magnifier, Dark Night aimed at Lin Kai again.

But in Lin Kai's heart, the sense of crisis is constantly rising, he always has a feeling that in the next second, he will be killed!

The marksmanship and assassination capabilities of the blood butterfly mercenaries are too strong! Although they don't have their own melee ability, they have no chance to fight them at all.

They used their strengths and circumvented their weaknesses, and after taking a careless loss last time, this time they sat fully prepared to assassinate Lin Kai.

How to do? Lin Kai felt that the other party seemed to have grasped the technique of killing himself. If he rushed forward so recklessly, he believed that he would be shot before he reached the bottom of the villa!

The current Lin Kai has suffered serious injuries, which will affect his combat effectiveness.

He was **** and **** behind, and a piece of flesh was rubbed off his thigh by a bullet. His speed and strength were obviously not as good as before.

You have to think of a way, or you won't be able to live under their guns!

The plastic bag ability can bring Lin Kai's unstoppable skills and the ability to soften his body, and the violent Spirit Ape can strengthen Lin Kai's speed and jumping ability.

Both abilities are very strong, but after all, they are two different abilities. Lin Kai is not particularly proficient when used together, so that's why the opponent can take advantage of it.

If these two capabilities are combined, what is the effect?

There was a flash of inspiration in Lin Kai's mind, using the violent spirit ape's pace, coupled with the lightness of the plastic bag provided to Lin Kai, breaking all the trajectories of the two abilities, would this make the opponent nowhere to start?

This thought came into Lin Kai's mind, and Lin Kai immediately started his action. Just as the dark night was about to shoot, Lin Kai's body shook, he actually broke the trajectory of his movement, and was using a more Strange steps rush forward!

Lin Kai's body is like a ghost, and the steps under his feet are incomprehensible, and there is no trace of movement at all.

Lin is happy in joy, there is a door!

The main thing that plastic bag extraction ability brings to Lin Kai is softness, but it has a fatal flaw and slow speed.

Although the speed of the violent spirit ape is fast, it also has fatal flaws, and it has time to stay in the power.

In the past, Lin Kai had always started with the violent spirit ape and the plastic bag, and used it indirectly, using the plastic bag extraction ability and the violent spirit ape extraction ability under different circumstances.

But now Lin Kai found that combining the advantages of these two abilities has become a new ability!

Chapter 132: Ghost Attack

Chapter 132 Ghost Attack

Two abilities, only taking advantages and discarding shortcomings, have become a new ability.

Lin Kai used his new abilities to sprint among various buildings like a ghost, quickly approaching the villa where Dark Night and Sky Eye were.

Dark Ye frowned, Lin Kai's current movements had no trajectory at all, and his speed was so fast that his gun could not be aimed at Lin Kai!

Not only Dark Night, but Tianyan's psychological pressure is also very great, because his burst shot, it is impossible to cause a slight threat to Lin Kai!

Lin Kai became more and more comfortable with his new abilities, and Lin Kai was delighted in his heart.

"This ability is stronger than the ability of plastic bags and the violent spirit ape! Combining the advantages of the two abilities, I named it the ghost attack!" Lin Kai said silently in his heart.

Because Lin Kai is more agile in his body style, and wins silently, approaching the enemy like a ghost, he named it Ghost Attack.

“Congratulations to the host for comprehending the self-created skills! Open new functions, the heart of the strong!” The voice of the system suddenly came from Lin Kai’s ear.

Heart of the strong? What is this?

In a daze, Lin Kai heard the sound of the system, but he didn’t have time to care so much now, because Lin Kai was getting closer and closer to the dark night and the sky, and the two were only more than 20 meters apart.

Moreover, Lin Kai saw through his divine eyes that Tianyan and Darkye were wearing detonator vests respectively.

This kind of clothes is completely suicidal! If they are shot, the detonator on their body will be detonated immediately!

It seems that this time, he is holding Lin Kai’s mortal determination to retaliate for their blood butterfly mercenaries!

Suddenly, Lin Kai began to admire their courage, but at this point, many Chinese special forces were inferior to these killers.

These killers have an obsession in their hearts, obsession with their own organization, one person is injured, and the whole team has revenge! Even if there are only two people left in their team, they have to fight to the death!

Admiration belongs to admiration, but anyone who violates my Chinese land will be punishable even though it is far away!

Two steel **** quietly appeared in Lin Kais hands, quickly threw the steel **** into his mouth, and ran wildly. Lin Kai suddenly drew his abdomen and lifted his breath. With two muffled noises, the two steel **** flew directly and took them directly. Head!

Dark night and Tianyan narrowed their eyes. They had long been prepared for Lin Kai’s move. The moment Lin Kai sprayed the steel ball, they had already lurked into the bunker.

boom! boom!

With two crisp sounds, two small holes were knocked out by steel **** on the wall.

Tianyan and Darkye glanced at each other and understood that the sniper rifle could no longer effectively kill Lin Kai. At this moment, their faces were full of death.

Behind the wall, Dark Ye held his sniper rifle, his eyes a little dull.

“Dark night, plan b failed, do you start plan c?” Tian asked with pale eyes and trembling body.

They are also afraid of death, but compared to death, they will never forget the destruction of their teammates.

After dark night hesitated again and again, he nodded heavily, and said, “Enable plan c!”

Soon after, Lin Kai saw that a small white flag floated from the roof of the villa.

surrender? Lin Kai smiled playfully.

“Huaxia people treat captives preferentially!” A very bad Chinese sounded from the roof of the villa, and it sounded like new learning.

It seems that this time they really took great pains to kill Lin Kai. If Lin Kai didn't have see-through eyes and didn't know they were wearing detonator vests, they might really be fooled!

These two killers obviously studied China's military and laws carefully, and knew that the Chinese people did not kill captives, so plan c was born.

“Throw down all your weapons!” Lin Kai shouted.

Lin Kai didn't know if they did not understand. After a while, two sniper rifles were dropped from the upper floor, an m24 and an automatic sniper rifle.

After a while, two pistols were also dropped from upstairs and fell under Lin Kai's feet.

Then came two huge backpacks. Lin Kai immediately took a look with his eyes and found that they were just ordinary military equipment.

Lin Kai picked up a pistol, aimed at the door of the villa, and said, “Now! Hold your head with both hands! Come out slowly!”

After a while, the door opened with a click, and the two burly foreigners slowly walked out of the villa holding their heads.

They acted so alike, they didn't keep any arms on their bodies, and there was a look of despair on their faces.

If it were other special forces, they might really be fooled!

“Huaxia people treat captives preferentially!” Dark Ye yelled again, and slowly approached Lin Kai.

Lin Kai hid behind the bunker, aiming the pistol at Dark Ye’s head, with a sneer at the corner of his mouth.

“Huaxia people are preferential treatment to prisoners, but you are not prisoners.”

After seeing the sneer at the corner of Lin Kai’s mouth in the dark night, knowing that something was wrong, he roared and ran towards Lin Kai frantically, pulling Tianyan.

boom!

A shot was fired, and the bullet was shot directly on the detonator vest, then a heat wave hit, there was a loud bang, a violent explosion sounded, and the flames skyrocketed!

After Lin Kai leaned against the bunker, after the death of the two of them in the dark night, Lin Kai’s body suddenly relaxed, and bursts of soreness immediately came from all over his body.

On the road, Lin Kai didn’t know how many places he was injured by the bumps and bumps, his back was even more sore, and the place where the thigh was struck by the bullet was still bleeding.

It’s so **** exciting.

It was just two second-rate assassins from abroad who made Lin Kai look like a ghost. Lin Kai always thought that his ability was already stronger than that of the Raiden Commando.

Now Lin Kai realized that he was far inferior to the Raiden Commando.

The real special forces are not about competing against someone with greater strength, but competing for strategy, teamwork, and individual combat capabilities, which are only secondary.

The Thunder Strike Commandos mastered killing skills. The reason Lin Xiong felt that he was better than the Thunder Commandos was because they could not perform their killing skills in the military area.

After this incident, Lin Kai thoroughly understood his shortcomings. The combat experience was really too little. Even though his body could resist bullets, even if his speed and reaction were much better than ordinary people, he lacked combat experience. , Will also die on the battlefield.

If it hadn't been this time that Lin Kai suddenly realized a new skill, this time, he would really die!

A few minutes later, a sirens sounded, and several armed armored vehicles, fire trucks and even ambulances rushed to the scene. After a while, Lin Kai was surrounded by a group of police.

...

After going to the police station to record a statement and clarify his identity, Lin Kai was taken to the hospital closest to the police station for treatment.

I have to heal again, oh...

Chapter 133: Back To The Southeast Military Region

Chapter 133 Returning to the Southeast Military Region

After staying in the hospital for three days, Lin Kai was already in good health thanks to his extremely strong physical fitness.

The injuries on his back and thighs are almost completely healed and he can be discharged from the hospital.

On the hospital bed, Lin Kai turned on the system in his mind to check the latest new functions he had acquired.

Host: Lin Kai

Age: 19

Sex: Male

Strength: 140

Speed: 50

Reactions: 140

Stamina: 50

Defense: 300

Heart of the strong: 10/100

Skills: God Eye (Silver), Watermelon (Silver), Plastic Bag (Bronze), Ganoderma (Gold), Tortoise (Bronze), Mountain Stone (Silver), Yuri (Silver), Furious Spirit Ape (Silver), Flathead Extraction Ability (Demi-God) (not available)

Self-created skills: Ghost Kill (Silver)

Upgrade points: 100

Attribute points: 0

The heart of the strong is a new function that Lin Kai has obtained. Whenever Lin Kai's heart becomes stronger, the heart of the strong will add points on its own.

In other words, the heart of the strong cannot be improved by adding points to attribute points.

Only when Lin Kai's heart becomes stronger can the heart of the strong become stronger.

According to the system, when the heart of the strong reaches 100%, it will give Lin Kai a period of invincibility.

The time is about ten minutes. After ten minutes, the data of the strong heart is reset to zero again, and the strong heart can only be used when the accumulation reaches 100% again.

This is actually a ten-minute full-level experience that the system gave Lin Kai, but if you want to qualify for the experience, you must strengthen your heart and only have ten minutes of experience time.

But Lin Kai knew that ten minutes was sometimes enough to save lives.

“Dangdangdang! The romantic and suave Yushu Linfeng people love flowers and flowers, drive and see the car with a flat tire! Congratulations! The golden cat eye has been upgraded. Would you like to check it now?”

Is the golden cat's eye upgraded? Lin Kaiyi was overjoyed, without hesitation, and said, “Check!”

The golden light flashed, and a pendant appeared in Lin Kai's hand. The golden cat's eye seemed to be much smaller, and the size was just enough to make a pendant, and the shape was no different from the original one.

It took 500 upgrade points to upgrade to such a thing?

“System, what’s the use of this stuff? If you don’t give me a reasonable explanation, do you believe it or not I will open you today?” Lin Kai asked angrily.

The system’s answer is very painful: “Is it useful? It looks good! Do you want love!”

“Oh, hey, you!” Lin Kai became angry for a while, and wanted to beat the system violently, but this thing was in his head, he couldn’t remove his head and kick it, right?

In desperation, Lin Kai had to wear the golden cat’s eye around his neck.

About ten minutes later, there was a knock on the door.

“Please come in.” Lin Kai said.

With a click, I saw the door of the room opened. At the door, there was a slim girl standing.

The girl was wearing a beige dress, with wavy hair draped over her shoulders at random, with an oval face, big eyes, tender skin, and a very nice look.

She backed her hands, bit her lip, and walked in step by step, as if she wanted to talk but stopped.

“Wan’er, you are here.” A smile appeared on Lin Kai’s face.

Huangfu Wan’er also grinned reluctantly and sat beside the hospital bed.

“What’s the matter?” Lin Kai found that Huangfu Wan’er’s expression seemed a little wrong.

After a while, I saw Huangfu Wan’er plunged directly into Lin Kai’s arms, and actually sobbed softly, tears wet Lin Kai’s clothes.

“Brother Kai, Wan’er doesn’t want you to go, don’t you want to go, okay?” Huangfu Wan’er sobbed, looking very pitiful.

At the same time, Lin Kai saw that she was holding a document in her hand. The document read the two words transfer order, and the southeast military area was written on the document.

Lin Xinli knew that he was leaving Jiangdong and Huangfu Wan’er.

Lin Kai smiled, touched Huangfu Wan’er’s head, and said softly: “Silly sister, my brother is just going home, not going to the front line to fight. I will come back to see you when I have time.”

After listening to Lin Kai's words, Huangfu Wan'er stopped sobbing. She got up from Lin Kai's arms, wiped her tears, and said dimly, "I'm sorry, Brother Kai, I'm lost."

"It's okay." Lin chuckled.

He could understand Huangfu Wan'er's mood very well. There was no one she could trust in the huge Huangfu family, and Lin Kai was the only one she could trust.

The head of the dignified family, but lonely like a dog.

"Brother Kai." Huangfu Wan'er suddenly showed a serious expression and said: "From then on, Huangfu's family will be the Lin family. As long as you say "Brother Kai, Huangfu's family will die!"

Lin Kai was stunned by Huangfu Wan'er's words.

These days, Lin Kai has always treated Huangfu Wan'er as his sister, but he didn't realize that Lin Kai had become the most important person in her life.

Even Huangfu's house can be abandoned, just to protect Lin Kai's thoroughness.

Lin Kai touched her head and smiled in relief.

...

After being discharged from the hospital, Lin Kai returned to Huangfu's house on the same day. Huangfu Wan'er cooked herself and made dinner for Lin Kai.

Early the next morning, Lin Kai finished washing, boarded the train and embarked on the return journey.

It was clearly stated in the transfer order that the Southeast Military Region held a commendation meeting at noon today, and all members must be present.

In fact, Lin Kai was the last one to complete the protection mission. Lei fought against them and solved the enemy much faster than Lin Kai.

This is also because the other killers are all single actions, with the exception of Lin Kai, who meets a whole special team-level killer.

But Lin Kai didn't know these.

At nine o'clock in the morning, Lin Kai arrived at the Southeast Military Region. After entering the military region, Lin Kai put on his military uniform.

He wears a green camouflage steel helmet on his head, and he wears a waterproof headlight. There is a communicator beside his ear. The special combat uniform on his body is made of the best material. The logo on his chest is a wolf head.

Lin Kai, officially returned to the team!

At 11 o'clock that morning, Long Xiaoyun blew the assembly whistle at the Wolf Squadron base, and ten members of the Wolf Squadron quickly ran out of the dormitory and assembled in the center of the base.

The leader is naturally Lin Kai.

After dozens of days of absence, Long Xiaoyun is still brave, a clean military uniform, and her pretty little face are always eye-catching.

She glanced at Lin Kai and frowned her eyebrows. She found that Lin Kai actually exuded waves of killing intent.

Although this kind of killing intent was weak, it couldn't escape Long Xiaoyun's eyes. Long Xiaoyun understood that only soldiers who had killed could have this kind of murderous intent.

It seems that this action has made him grow a lot!

"All of them! The target Southeast Military Region speech venue! Run!"

Chapter 134: Rookie King

Chapter 134

After receiving the instruction, Lin Kai took the lead, and a group of ten soldiers from the Wolf Squadron rushed to the lecture venue.

The so-called lecture venue is actually the largest playground in the Southeast Military Region. Today, three special operations brigades will hold a commendation meeting here to commend soldiers who have performed well in the past year.

The three special operations brigades are the Spike Special Operations Brigade, the Tigers Special Operations Brigade, and the Red Cell Special Operations Brigade.

After Lin Kai arrived at the site, the playground was already crowded with no noise. All the soldiers stood upright on the playground without making a sound.

The Wolf Squadron is in the middle section of the Wolf Fang Special Forces Brigade, with a banner belonging to the Wolf Warrior on the playground.

In the front, the flag of the Raiden Commando was still floating, and further ahead, was the flag of the New Spike Team.

At the very front of the playground was a podium with a row of tables and stools. Before long, all the soldiers arrived, and the commanders and deputy commanders of the three special operations brigades came on stage.

As soon as the chiefs took the stage, there was a tidal wave of applause. He Zhijun waved his hands to signal everyone to be quiet, and the scene became quiet.

He Zhijun picked up the microphone and looked at the soldiers in front of him with satisfaction: "Comrades! The annual commendation meeting has arrived. During this year, many outstanding soldiers appeared, including recruits, veterans, and even Cooking soldiers."

"Today, we are going to praise them at this commendation meeting! And award medals!"

There was another round of applause.

Fan Tianlei stood up, took the microphone, and preached: "Next, I invite the comrades who will protect the mission this time. They are Lei Zhan, Old Fox, Harley, Little Bee, Yuan Bao, Zhuang Yan, He Chenguang, Leng Feng, Lin Lets ask them to come on stage."

There was another round of applause. All members of the Thunder and Lightning Commando boarded the podium. Zhuang Yan, He Chenguang and Leng Feng also walked up. Lin Kai was the last to move.

As soon as this group of people boarded the podium, there was a burst of quiet discussion from the audience.

"Wow, all members of the Raiden Commando were dispatched. Needless to say, most of the ten terrorists killed were the Raiden Commando!"

"Maybe! That Zhuang Yan, look, it's amazing! The sniper of the Spike Special Brigade, code-named Siberian Wolf."

"Maybe they are the newcomers this time, look at that Leng Feng and He Chenguang, both of them are veterans who have returned to the furnace to rebuild, maybe they did it!"

There was a lot of discussion in the audience, and these people on the stage were all famous and well-known figures among the three special forces brigades.

There is only Lin Kai, everyone is relatively new to him.

Although the deeds of rookie Wang Linkai have also been reported in the army recently, Lin Kai is a new soldier after all. He performed well in exercises, and he is not necessarily good on the battlefield.

On the stage, Lei Zhan looked proud. In this action, Lei Zhan killed four killers alone.

The other members of the Raiden Commando also captured three killers.

Of the remaining seven people, maybe two or three were killed by Zhuang Yan. For Zhuang Yan, Lei Zhan was really convinced. After all, the Spike Special Brigade was the representative of the Spike Special Brigade.

Lin Kai, you insulted me in every way on the training ground. Now you and I finally have a chance to compete on the same stage. Now I will tell you from the facts that the battlefield is not an exercise field. No matter how good you perform on the exercise field, When you arrive on the battlefield, you discover how terrible it is to kill!

Lei Zhan was also a newcomer before, knowing how much psychological pressure to kill for a person.

At this time, Fan Tianlei continued: "In this action, one person performed very well!"

When he heard these words, Lei Zhanhu was shocked, knowing that the chief was emphasizing himself.

Because Lei Zhan was the first to return to the Southeast Military Region, and the chief also praised him face to face, saying that he did a good job.

Lei Zhan subconsciously thought that in this protection mission, he killed the most and performed the best.

After Fan Tianlei said, He Zhijun smiled mysteriously with the microphone, and then said: "In this protection mission, this person not only left the protected target intact, but also killed many foreign terrorists!"

Upon hearing this sentence, the smile on Lei Zhan's face became stronger, and he even stood out from the queue, waiting for the chief's commendation.

Everyone in the audience also looked towards Lei Zhan. Although Zhuang Yan is more powerful than Lei Zhan, in the Southeast Military Region, Lei Zhan's reputation is much greater than that of Zhuang Yan.

The name of Thunder God is not an illusion. Everyone has heard too many glorious deeds of Thunder War, so when the chief said that, everyone subconsciously felt that it was Thunder War.

At that time, many people looked at Lei Zhan with admiration, Thor, so powerful!

At this time, Zhang Tianyi continued: "This person is a pioneer of the Spike Special Forces Brigade! Perhaps his reputation in the Southeast Military Region is not very strong, but the record he set has so far no one can beat!"

"The chief is really humble." Lei Zhan smiled quietly at the old fox next to him, and said.

The old fox also smiled playfully and gave a thumbs up.

My Lei Zhan's reputation in the Southeast Military Region is not strong yet? It can be said that no one knows that no one knows, right? The chief clearly made it to keep a low profile, so he said so.

Lei Zhan's face almost burst into laughter.

And Lei Zhan has indeed set many records that no one can break. These points are very consistent with what the chief said.

"he is the one"

Zhang Tianyi hadn't finished speaking yet, I saw that Lei Zhan had already stood up, bowed to everyone, and waved to the audience, looking happy to accept the award.

"He is the new king of our Southeast Military Region this year, Lin Kai!" Zhang Tianyi announced loudly.

All the soldiers who had applauded were all stunned. Isn't it Thunder War? Who is Lin Kai?

As for Lei Zhan, who waved at everyone, his body froze in place, and his smile instantly stiffened.

Chapter 135: Third Class

Chapter 135

Lin Kai? This name, Lei Zhan is extremely familiar, he would dream of this name in his dreams!

Lin Kai, the recruit who has just enlisted this year has only been in the army for seven months, but this recruit who has only been in the army for seven months has been thunderous again and again!

In the obstacle course training, Lin Kai surpassed the thunder war record, and left the thunder war fiercely behind him. The first slap was started.

In the second slap, Lin Kai rode a shark to play thunder wars in the sea escape training, which scared the thunder wars to death.

In the third slap, on the mobile shooting project, Lin Kai hit ten coins in three seconds, making Lei Zhan feel bad!

In the fourth slap, in psychological training, Lin Kai smashed the iron cage alone, and beat up the entire Raiden Commando alone!

Now, Lei Zhan thought he had finally won Lin Kai once, but a word from the chief stunned him.

It was Lin Kai!

He is just a recruit. How capable is a recruit on the battlefield? I killed four killers in this protection mission!

He is a recruit, could it be that he killed more people than me?

The audience was silent for a while, and there were not many people who knew Lin Kai's name. Although Lin Kai was the rookie king this year, he was not so famous among the group of veterans in front of him.

Can he be better than Lei Zhan?

Let alone Lei Zhan, among this group of people, Zhuang Yan of the Spike Team is a hundred times stronger than Lin Kai! You know, the predecessor of the Spike Special Forces Brigade was the Spike Special Brigade, and Zhuang Yan, as an older generation of special forces, is undoubtedly very powerful.

How could he be inferior to a recruit?

Apart from Zhuang Yan, He Chenguang and Leng Feng are also top-notch powerhouses. They are special forces originally. This time they are just going back to the furnace to rebuild. Can they be better than a Lin Kai?

There is a rookie king every year, but it's basically a fall. Is Lin Kai, the rookie king really that strong?

There was a voice of doubt from below, and Lei Zhan stared at Lin Kai with a look of hatred.

And Lin Kai himself was very dumbfounded. He was the last one to complete the protection mission. How could he become the best performer in this operation?

Thinking about it again, Lin Kai was immediately relieved. In this action, a total of eleven terrorists were killed, and seven of them were killed by himself. Obviously, in this action, it was his own performance. most excellent.

He Zhijun preached proudly at this time: "Lin Kai, the captain of the Wolf Squadron and the rank of Captain of the Wolffighter Brigade, is a recruit who has just joined the army this year. He has been in the army for six months!"

After hearing this sentence, there was a burst of exclamation.

But six months of recruits, have become the captain of the special forces?

Although everyone knows that the Wolf Squadron is a special combat team that is undergoing an internship, and its members may be eliminated at any time, but only six months of military service can become the captain of the Wolf Squadron, which is really powerful.

And his rank is not low, Captain.

"In this protection mission, Lin Kai played the fearless spirit of the Chinese soldiers and swears to complete the protection mission. The terrorists are special forces from the United States who have retired from service and are organized as blood butterfly mercenaries. There are seven blood butterfly mercenaries. This time, Lin Kai, alone, killed the entire blood butterfly mercenary organization!"

As soon as He Zhijun said this sentence, the entire scene burst into flames, and everyone's eyes widened, with an incredible expression on their faces.

The discussion broke out in the crowd. What kind of organization the blood butterfly mercenary is? The big guys are basically not very clear, but it is a killer organization! seven people! Everyone is a special force retired. How did Lin Kai a recruit kill all seven of them?

This sounds like a fantasy, which makes people unbelievable.

"My God! The seven-person mercenary organization was actually killed by Lin Kai alone?"

"This person is too powerful? Lei Zhan only killed four people, and those four people were all third-rate killers, one by one, they came to Lei Zhan to die."

“Lin Kai killed an organization alone? Niubi, this year’s rookie king is really amazing!”

...

There was a sound of discussion, and everyone looked at Lin Kai with admiration.

Even if Lei Zhan made such an achievement, it would be shocking. After all, the opponent was an organization of seven people, or a professional killer organization.

Recruit Lin Kai created such a miracle, which will make people feel admired.

At this moment, even Zhuang Yan, who was next to Lin Kai, couldn’t help but glance at Lin Kai more. During the last exercise, Lin Kai exploded with amazing talent.

This time, Lin Kai’s burst of strength made Zhuang Yan admire him. It seems that this newcomer has the strength to fight him!

“The methods of the terrorists are extremely insidious. They hid bombs and drugs in the homes of protected targets, only to kill Lin Kai and the protected targets.”

“However, Lin Kaifa showed the spirit of the Chinese soldiers who are always on alert. He found the enemy at the first time, and led the protection target to escape the dangerous area, and then killed the target.”

“A total of seven people were killed. In this operation, Lin Kai gave us Huaxia soldiers a big face, letting those foreigners know that Huaxia Kingdom is a forbidden place for mercenaries. This sentence is not for nothing!”

“Let us applaud and encourage Lin Kai!”

He Zhijun applauded first, and there was a burst of applause from below.

There is pride on He Zhijun’s face. Lin Kai is his soldier. Now that Lin Kai is promising, his face is naturally bright.

After the applause, He Zhijun continued: “This time the glorious deeds will be recorded in Lin Kai’s personal file, and the third-class merit will be recorded once, and the rank of military will be upgraded to major, and the warrior medal will be awarded!”

As soon as He Zhijun’s words came out, he exclaimed, third-class merit!

In this peaceful age, how difficult it is to get a third-class skill! And Lin Kai can get the honor of third-class merit as a recruit, which is true to envy.

Not to mention the rank, it makes people envious to tears!

Here, we talk about the classification of military ranks.

1. General: General, Lieutenant General, Major General.
2. Colonel: Colonel, Colonel, Lieutenant Colonel, Major.
3. Lieutenant: Captain, Lieutenant, Second Lieutenant.

Military ranks are roughly divided into three levels: lieutenant, senior, and general.

Soldiers at the captain level can basically serve as officers below the company.

The officers at the colonel level are basically chiefs.

Officers at the general level are basically generals.

The rank of major allows Lin Kai to serve as the deputy commander at the highest and deputy battalion commander at the lowest. As a recruit, he has such a rank, which is indeed envied by everyone.

Chapter 136: Warriors

Chapter 136 Warriors Medal

Amidst a round of applause, He Zhijun personally gave Lin Kai a medal, a medal with a wolf head, a warrior medal!

In addition, Lin Kaixin was awarded a military certificate with the rank of major and the position of captain of the Wolf Squadron.

This time, Lin Kai shined in front of the three special forces brigades, and everyone remembered the name of the rookie Wang Lin Kai.

Lei Zhan's eyes turned red, but Lin Kai was helpless.

Lei Zhan was also awarded the fourth-class merit and awarded the Medal of Fearlessness.

Although the Fearless Medal is also good, it is still one level worse than the Warrior Medal. During the whole process, Lei Zhan's face was black.

Next, Lin Kai and others stepped down, and the three chiefs commended the others.

The commendation meeting did not end until two o'clock in the afternoon. After it was over, the officers of each company brought it back to continue training.

In the Wolf Warriors squadron base and dormitory, Lin Kai was surrounded by a group of people at this time. The headed person was Fatty and Little Smart.

A group of people played with the Fearless Medal that Lin Kai got, and there was envy on their faces. Everyone couldn't put it down.

"Captain, you can kill seven people alone. Tell us, what does it feel like to kill?" A dark-skinned soldier asked, his name was Li Wenzhuang, and he was not strong or weak in the Wolf Squadron.

The others also looked at Lin Kai with a look of expectation.

Lin Kai scratched his head and said modestly: "Hi, how do you feel? The reason why I was able to kill the seven people was because of my luck."

"Captain, you are really humble. Captain makes a move, so the opponent must not be so scared?" Xiaoling patted a flatter beside him.

"You kid will flatter you." The fat man slapped the clever head and said with a smile.

Xiao Ling covered his head with a grievance on his face, and said grievously: "Captain, he hit me!"

"Deserve it, hahahahaha!" A group of people laughed, and the atmosphere was very harmonious.

But at this moment, a rush of whistle sounded. After everyone heard the whistle, they immediately put on their own equipment and flew to the playground.

"This stinky lady, come again!" The fat man said cursing while wearing a camouflage uniform.

Although he was swearing, the fat man's speed was not slow at all. Ten people rushed out of the dormitory and came to the playground to gather.

Under the red flag of the Wolf Warrior Squadron, all the members of the Wolf Warrior Squadron had assembled, and Long Xiaoyun was wearing a military uniform, standing bravely in front of everyone.

Long Xiaoyun, with his hands behind his back, looked serious, and said: "Today Lin Kai returns to the team. All the members are here. Training has officially started. Everyone will gather in the equipment room."

"Yes!" everyone agreed in unison, led by Lin Kai, ten people ran all the way to the equipment room.

Three minutes later, I arrived at the equipment room. The so-called equipment room is a room with various weapons, including sniper rifles, rifles, pistols, and close weapons.

As a special soldier, you must master the use of various weapons, so that you can adapt to changes on the battlefield.

And Long Xiaoyun had taught you how to use these weapons before, but this time, everyone was shocked after arriving in the equipment room.

The big guys were shocked by the big guy in front of them. They saw a big guy parked in front of everyone, with a green steel body, a ruthless barrel, and a track that could walk on any terrain.

tank!

There is a tank parked in the equipment room. The big guy has never seen this thing. Is it possible to be a special soldier and learn to drive a tank?

When everyone was shocked, Long Xiaoyun walked in: "The Type 99 tank is the main battle tank of our country. It has an excellent bullet-proof appearance. Its turret and hull are all made of composite armor, and its bullet resistance is doubled. It is the main assault force of our armored divisions and infantry divisions."

After hearing Long Xiaoyun's words, everyone was even more curious about this big guy, and the fat man was about to climb onto the tank.

Little clever asked: "Instructor, is it possible to teach us to drive tanks today?"

Long Xiaoyun shook his head and said, "I will teach you after driving the tank. What I am going to teach you today is anti-tank."

Anti-tank?

"Tanks are the most lethal armed forces on the battlefield. For infantry, tanks are a nightmare!"

"As an elite special force, what you have to learn is not only team combat and individual combat, anti-tank is also a very important life-saving technology."

"Do you know where the tank is the weakest?" Long Xiaoyun asked.

Li Wenzhuang raised his hand and said: "Report to the instructor, it's the stomach!"

"Not bad." Long Xiaoyun nodded, and said: "The tank's bullet resistance is very strong. There is no way to take the tank with rifle bullets and sniper bullets, but the parts of the

tank are very fragile. After being hit in the stomach , Ranging from engine damage to severe explosion on the spot!"

The belly is the chassis.

"As a special soldier, there are only five ways to anti-tank."

"First, use armor-piercing shells to shoot tanks, but even with armor-piercing shells, shooting tanks has no obvious effect. If the firepower is strong enough, the tank can be destroyed."

"Second, ambush bombs under the ground of the tank to blow up the engine and fuel tank of the tank, but it is actually very difficult to do this, because the current tanks are basically guarded by minesweepers."

"Third, it is difficult to throw bombs into the barrel, because it is very difficult to get close to the tank."

"Fourth, ambushing bombs under the chassis of the tank is a bit difficult, but you will always throw grenades? As long as the tracks of the tank are blown up, the tank will lose its mobility. This is more feasible."

"Fifth, hitting the scope and driving window of the tank, the tank is basically blind."

After hearing what Long Xiaoyun said, everyone nodded one after another, feeling that what Long Xiaoyun said made sense.

Lin Kai also approached the tank at this time. After looking at it, Lin Kai touched his chin thoughtfully.

Long Xiaoyun focused his attention on Lin Kai. After seeing Lin Kai staring at the track of the tank, Long Xiaoyun cried out: "Lin Kai, do you have any thoughts on anti-tank?"

Lin Kai looked at Long Xiaoyun, and everyone looked at Lin Kai. Lin Kai preached, "I think there is a sixth way."

"Oh?" After hearing this, everyone looked at Lin Kai with great interest.

Long Xiaoyun also raised his eyebrows. These five methods are already Long Xiaoyun can think of anti-tank methods. Lin Kai said there is a sixth method?

"If we overthrew the tank from the side and let it crooked to the ground, wouldn't the tank stop moving?"

Chapter 137: Move The Tank

Chapter 137

As soon as Lin Kai said these words, the scene was silent for a few seconds, and then there was a burst of laughter.

“Hahahahaha!” The fat man clutched his stomach and laughed, tears almost coming out of his eyes.

“Captain, are you trying to laugh at me, and then inherit my five packs of spicy sticks? Hahaha!” Li Wenzhuang also laughed with tears in his eyes.

Xiao Ling and the others also laughed. Although they didn't mean to laugh, everyone was amused by Lin Kai's words.

Move the tank over by hand? How much effort does it take? Is this a joke?

Long Xiaoyun was also dumbfounded by Lin Kai's words. Long Xiaoyun covered his forehead and said helplessly: “Lin Kai, you usually do a good job. Why is your head confused after a mission?”

“Do you know the weight of the Type 99 tank? The Type 99 tank weighs about 51 tons, not to mention you alone, even if the entire Wolf Squadron is on it together, it is impossible to lift it!” Long Xiaoyun said.

Fifty-one tons, it was really heavy, and Lin Kai touched his nose.

Although Lin Kai already had one hundred and forty points of strength, Lin Kai had no confidence that he could move the 51-ton tank.

“Although the tank in front of you is just a shell, it weighs ten tons. Even if you move one side of the tank, there is support on the ground and it weighs five tons. Can you move it?” Long Xiaoyun added. One sentence.

Body?

Lin Kai's eyes lit up. Regarding his one-hundred-four power attributes, Lin Kai never knew how much power he could exert.

Why don't you experiment with this tank today to see if you can move this big guy?

When Long Xiaoyun saw Lin Kai looking eager to try, he laughed at that time: “Hehe, can you still want to try it? It weighs five tons, can you move it?”

Lin Kai had this strength in his body. After Lei Zhan was enlisted in the army, he was able to rush all the way and become the current Thor.

Lin Kai also has that kind of aura.

“Move me!” Lin Kai roared again, and saw that the tank was actually moved from the ground bit by bit by Lin Kai!

“Fuck! It really moved!” The fat man exclaimed.

I saw Lin Kai actually moved the tank! The most difficult part of moving a tank is to start. As long as the tank is moved a little bit, Lin Kai can use the power of the fulcrum on the other side of the tank to overturn the tank!

Sure enough, when the tank moved, Lin Kai took advantage of the victory to chase and lifted the tank in one fell swoop!

With a loud bang, I saw the tank crooked directly in the equipment room, and the ground was smashed out of a big hole due to the heavy weight of the tank!

At this time, the scene was silent.

Chapter 138: Heart Of The Strong

Chapter 138: The Heart of the Strong

“Congratulations to the host for raising the heart of the strong! The heart of the strong 20/100!”

Lin Kai took a long breath and calmed his body. At this moment, Lin Kai’s hands were trembling slightly, and Lin Kai’s head was still buzzing due to excessive force.

It seems that Lin Kai’s power limit is five tons!

How terrifying is the power of five tons? It means that Lin Kai can smash a person’s sternum with one punch!

It also means that Lin Kai can kill a cow with one punch!

Everyone in the Wolf Warrior Squadron was silent.

Lin Kai once again used his strength to refresh the worldview of these people.

It turns out that one person’s power can really be so terrifying, one person overturns a tank! What anti-tank equipment is needed in the future? Just leave Lin Kai on his shoulders.

Long Xiaoyun looked at Lin Kai with a complex expression.

She really loves and hates Lin Kai. She has to admit that Lin Kai is a good seedling, even a genius.

If you train him well, his achievements in the future will be thunder and battle against the eight streets! Even more terrifying than Ye Nantian.

But Lin Kai, who has a stubborn temper, had even molested Long Xiaoyun, and even broke his promise to Long Xiaoyun, and did not go to the Tigers Special Team.

Now, although Long Xiaoyun is no longer targeting Lin Kai, she really has no good impression of Lin Kai.

But today, Lin Kai once again used his strength to give Long Xiaoyun a love for talent.

He is really too tough, a ten-ton tank can be moved. With such a powerful force, it is estimated that Lin Kai is almost invincible in close combat, and even Lei Zhan is not his opponent.

“You won, let you take a day off today.” Long Xiaoyun said.

Having said that, Long Xiaoyun also took a look at Lin Kai’s condition and touched Lin Kai’s strong and powerful chest. Long Xiaoyun found that Lin Kai’s heartbeat was very fast.

“The blood pressure is a bit high, just go back and rest for a while.” Long Xiaoyun said softly.

Lin Kai looked up at Long Xiaoyun. For the first time she spoke to herself in such a gentle tone, Lin Kai was still a little uncomfortable.

“Thank you instructor.” Lin Kai gave a military salute, and under the envy and hatred eyes of others, he swaggered away.

The expressions of Fatty and the others were envious. They could actually go back to the dormitory to rest. It was a luxury to be able to rest in the Wolf Base.

“What are you looking for? If you have Lin Kai’s skills, you can also rest!” Long Xiaoyun yelled and said, “Ten kilometers armed cross-country, start now, hurry!”

Amidst the screams of Fatty and others, they conducted a brutal and inhumane devil training.

After Lin Kai returned to the dormitory, he fell asleep on the bed and fell asleep. His physical strength was exhausted and his head was a little dizzy. He had to take a nap immediately to recover his strength.

...

Within a week of Lin Kai's return, every day was brutal and inhumane devil training, and the amount of training was doubled as before. Every day, Fatty and others were tortured in a disastrous manner.

Even Lin Kai has such a strong physical strength, he feels his body is hollowed out.

Long Xiaoyun seemed to be crazy. In addition to the training of the devil, he also taught Lin Kai and others the ability to survive in the wild and fight in the city. This made Lin Kai feel that things were far more simple than the surface.

Sure enough, a week later, in the war room, ten members of the Wolf Squadron sat on small stools, and Long Xiaoyun stood in front of them with a serious face.

"Announce a bad news." Long Xiaoyun's face was not very good.

Seeing such ugly expression on Long Xiaoyun's face, everyone's hearts shook, knowing that something bad must happen.

"Starting this afternoon, you will be taken to the nearest Jiangbei City for a battle royale knockout."

After hearing the three words of knockout, everyone shivered.

Eliminate!

These two words are their nightmare. They finally passed the training and became a member of the special forces. Even if they knew that they were not the real special forces, they still felt fear in the face of the knockout.

It is their dream to be a special soldier. Even if the road is hard and tiring, they are not willing to withdraw.

But the game is cruel. The knockout shows that some people will withdraw from the special forces family in this game.

"Starting from today, a seven-day battle royale competition will be launched in Jiangbei City. The Wolf Squadron, the Tigers, and the Red Blood Cell Special Operations Team will all participate. The elimination staff will be... seven!" Trembling.

Long Xiaoyun is also a special soldier. She knows how big a blow it is for a soldier to be eliminated, and she doesn't want to see people from the Wolf Squadron leave.

But this is the cruelty of the special forces. Only if the strongest people are left on the battlefield, they can survive.

"A fixed tracker will be installed on your body. In this action, you will be confiscated all your weapons and enter Jiangbei City as ordinary people."

"During the battle royale, you can't take off your tracker, and the army won't give you a cent. If you want to survive, you must look at your ability to survive."

"The police and armed police in Jiangbei City are chasing you down. Once arrested, they will be eliminated immediately."

"In addition, the three special forces from the Wolfya Special Brigade will also join this battle royale knockout, and they will hunt you in all aspects."

"Until the last person is eliminated."

"The three from the Spike Special Team are Zhuang Yan, code-named Siberian Wolf. Zheng Sanpao, code-named Mountain Wolf. And Spike Special Brigade...Captain...High School Team, code-named Wild Wolf!"

After hearing Long Xiaoyun's words, the fat man almost fainted to the ground, even the captain of the Spike Team went into battle himself?

No wonder Long Xiaoyun's face is so ugly, this is not a battle royale, this is simply a unilateral killing!

"The higher-level organization attaches great importance to your three special forces. This time the Battle Royale exercise is held for the first time. After all, it is about the safety of the citizens. Therefore, I hope you will not let me down, nor Brigadier He down."
"Long Xiaoyun solemnly explained.

Among the people at the scene, only Lin Kai showed war in his eyes, and there was a hint of fear in the eyes of the others.

"Now, put on your plain clothes, and gather at the gate of the Southeast Military Region in 20 minutes." This is Long Xiaoyun's last explanation.

After Long Xiaoyun left, the atmosphere at the scene was very depressed, and everyone went back to pack their clothes without saying a word.

There were even some people, tears in their eyes, and the person who was at the bottom of the Wolf Squadron's performance could not help but choke.

They knew that they might be leaving the Wolf Squadron.

Chapter 139: Urban Exercise

Chapter 139

Twenty minutes later, at the gate of the Southeast Military Region, the three special forces have been assembled, a total of 31 people, standing straight at the gate of the military region.

They are not wearing military uniforms, and the clothes they wear are usually casual clothes.

This time, they will be exiled to Jiangbei City as ordinary people, and more than 1,000 police officers in the city will arrest these 31 special forces with all their strength.

Of course, the police do not use guns, for the sake of the safety of the citizens.

Only three ace special forces from the Spike Special Brigade will be equipped with the most sophisticated weapons and equipment.

Everyone is wearing a tracking bracelet on their wrists. The tracking bracelet will pass the position of the special forces to the police and the three ace special forces. In other words, if you want to not be eliminated, you must always be vigilant and run away. , Until the last person was arrested.

At the gate of the military area, He Zhijun quietly appeared. As soon as He Zhijun appeared, all the special forces were a salute.

“Good head!”

He Zhijun was wearing normal clothes and waved his hand with a smile on his face.

“The superior attaches great importance to you! It is the first time for our Southeast Military Region to conduct exercises in the city. I hope you will win glory for our Southeast Military Region!” He Zhijun laughed.

“Especially you, Lin Kai, you have to pay special attention.” He Zhijun suddenly pointed at Lin Kai and said.

Lin Kai was at a loss, especially himself?

Soon after, a military jeep parked in front of everyone, with a click, the door opened, and three people walked out of the car.

After seeing these three people, everyone was shocked. These three people were the ace special forces who captured 31 special forces this time!

Siberian wolf, Zhuang Yan! Mountain wolf, Zheng Sanpao! Wild wolf, high school team!

I saw the three of them wearing green camouflage uniforms with top-of-the-line equipment and a complete range of paging positioning. Zhuang Yan held a sniper rifle in his hand, and Zheng Sanpao held an assault rifle in his hand. A rifle, and the Wild Wolf High School team holds a submachine gun.

The sniper rifle is responsible for sniping, the assault rifle is responsible for rushing, and the submachine gun is responsible for charging.

Their guns were not empty bullets, but anaesthetic bullets. After being shot, their bodies became anaesthetized and they couldn't even run.

These three ace special forces can match the strength of a battalion!

After seeing these three coming, He Zhijun introduced: "I believe your instructors have also explained the situation to you. The three of them will join this battle royale exercise. I hope you can support them in their hands. Longer!"

Upon hearing this, the Wild Wolf High School team laughed playfully, with a dog's tail grass in its mouth, and came to Lin Kai.

The wild wolf is 1.8 meters tall, thin, with sword eyebrows and a face full of tough guys.

He took a condescending look at Lin Kai and said, "I heard that you are the rookie king this year?"

Lin Kai also looked at the wolf with no fear in his eyes: "Yes, it's me."

"Very good." The wolf nodded and said: "Our Spike Team will take good care of you. Don't worry, we will do our best to eliminate you. We will not chase and kill others until you are eliminated. "

Naked provocation!

Lin Kai had the impression of this wild wolf high school team. In the film and television dramas of the previous life, he was the captain of the Spike Special Brigade and the instructor of Zhuang Yan. He was very powerful.

But why did he directly target himself when he came up?

And He Zhijun didn't seem to hear the same.

When did you offend him?

The other 30 special forces also cast sympathetic glances at Lin Kai. Lin Kai is going to be unlucky. The three ace special forces will directly eliminate Lin Kai. Can this have his good fruits?

“I don’t understand what you mean. This is a fair exercise. Is it fair for you to do this?” Lin Kai frowned and asked.

The wolf smiled: “Fairness? Oh, there is no fairness in the world of special forces! The three of us want to eliminate you. You can ask Brigadier He to see which rule of the exercise we have violated!”

Lin Kai frowned. Who they want to eliminate is their will. This is indeed not a foul.

Holding the sniper rifle, Zhuang Yan laughed from the side, and there was war in his eyes.

Lin Kai’s reputation was thoroughly beaten out at the commendation meeting a week ago, which also attracted the attention of many people, including these three.

Their purpose in this exercise is to eliminate Lin Kai!

“In this case, if you want to fight, you will fight, I will stay with Lin Kaifeng to the end!” Faced with the provocation of the wild wolf, Lin Kai did not fear at all.

“Okay! I look forward to your performance, rookie Lin Kai!” The wild wolf spit out the dog’s tail grass in his mouth, laughed, and turned around, got into the jeep with the Siberian wolf and the mountain wolf, and swayed away. .

“Cough cough.” After the three of them left, He Zhijun coughed and said slightly embarrassed: “Lin Kai, come on, I am optimistic about you.”

He Zhijun actually pretended not to hear the words directed at the wild wolf, which made Lin Xinzhong very annoyed and ignored He Zhijun.

He Zhijun scratched his head, smiled, and said nothing.

Soon after, He Chenguang came to Lin Kai’s side and smirked with a smirk: “This is called Muxiu will be destroyed by the forest wind. Haha, Lin Kai, it is estimated that after this exercise, we have to say goodbye. !”

He Chenguang’s expression was very proud. The three ace special forces wanted to hunt against unarmed Lin Kai. Is it possible for Lin Kai to be eliminated?

After all, he wears a tracker on his wrist!

Behind Lin Kai, Wang Yi also stared at Lin Kai with piercing eyes. Don't mention how triumphant the expression on his face was. This abominable guy who had crushed him since he was in the recruit company was finally repaid!

You know, the strength of these three special forces, each one is stronger than Lei Zhan!

Coupled with their well-equipped and defenseless Lin Kai, how could he survive in the city for three days?

Lin Kai's face was cold, and he ignored He Chenguang.

Soon after, a bus drove to the gate of the Southeast Military Region. Lin Kai followed everyone on the bus, and the bus drove towards Jiangbei City.

On the bus's TV, news of Jiangbei City is being broadcast.

"The latest news is that the Southeast Military Region of Jiangbei Province has recently launched an urban battle royale exercise in Jiangbei City. The purpose of this exercise is to exercise the survivability of special forces and imitate foreign special training methods. panic"

What was broadcast on TV was the latest news from Jiangbei City, and the atmosphere in the car was very depressing.

The difficulty of this exercise was too high. Although only seven people were eliminated, everyone except for masters like Leng Feng was worried about whether they would be eliminated.

Chapter 140: Targeted

Chapter 140

Jiangbei City is a first-tier city in China. It has a small population and a very high economy. After all, Jiangbei is sparsely populated, rich in tea, and is also the country's largest tobacco producer.

So Jiangbei is very rich.

Jiangbei City, a steel city, after the bus drove into Jiangbei City, it began to randomly drop special forces.

The bus could not decide where to stop. After it stopped, the special forces would get out of the bus and only one could get off.

Li Erniu and He Chenguang both got out of the bus in front of Lin Kai. At about eight o'clock in the evening, Lin Kai was the only one left on the bus.

Arriving at the door of a food stall, the bus driver smiled sympathetically at Lin Kai, and said, "Young man, did you offend someone? I advise you, or quit. This time, someone specifically wants to target You, the purpose is to get rid of you!"

The driver of the bus is a middle-aged man in his forties. He is kind, and he is also kind, so he reminded Lin Kai.

Lin Kai frowned. Someone pointed at him. He had already seen it, but Lin Kai would never admit it!

"Thank you, Master." Lin Kai nodded and thanked him, and then got out of the car.

I haven't eaten for a day, Lin Kai's stomach is grunting, smelling the scent floating from the food stall, Lin Kai couldn't help swallowing.

Lin Kai is very familiar with Jiangbei City, and he naturally knows where he is. This food stall is well-known in Jiangbei City and its business is booming.

However, Lin Kai didn't have a penny on him, and there was no money to eat.

The purpose of this exercise is not only to assess the escape ability of special forces, but also to assess the ability of special forces to survive in the city.

Wild survival exercises have already been held, and special forces have the ability to fill their stomachs in the wild.

But in fact, it is more difficult to fill your stomach in the city, because without money, no one will give you food unless you become a beggar.

But this is hard to come by Lin Kai. Lin Kai walked straight over and shouted: "Hey! Boss, here are twenty skewers of lamb, two skewers of kidneys, and a bottle of beer!"

"Good!" The boss agreed and went to grill the skewers.

Soon after, fragrant skewers appeared on the table, and Lin Kai was drooling. Without a word, he started making it.

Ten minutes later, Lin Kai was full of wine and food, patted his stomach, and was about to leave, when a person beside Lin Kai suddenly stood up, put a black box on Lin Kai's table, and then made no sound. The one who said it left.

"Huh?" Lin Kai felt confused, feeling something wrong in his heart.

As soon as the man left, a dozen policemen walked in from outside the food stall. As soon as the police appeared, the audience was silent.

A policeman took out his license and said: "Check for fugitives, everyone takes out their ID card!"

When the policeman said this, his eyes kept looking at Lin Kai, and the other dozen policemen were also approaching Lin Kai intentionally or unconsciously.

Lin Kai stood up with a look of alert.

The others obediently took out their ID cards, but Lin Kai stood there alone and didn't move because he didn't have an ID card at all.

The leading policeman came to Lin Kai, knocked on the box on the table, and asked, "Where is your ID card?"

"No." Lin Kai answered truthfully.

"What's in the box?" the policeman asked again.

Lin Kai shook his head: "I don't know."

Upon hearing this, the police laughed and opened the black box.

As soon as the box was opened, I saw that the box was filled with red banknotes, and there was a black pistol on the banknotes!

Damn it! I was pitted by them!

The police seemed to have expected the pistol in the box. The moment the box was opened, a dozen police officers rushed towards Lin Kai.

"Grab him!" The police yelled, took out the rubber baton from his waist, and slammed Lin Kai on the head!

The figures and movements of the dozen or so policemen did not look like ordinary policemen at all, they were more like well-trained soldiers. For a moment, Lin Kai's body was tight, and he assumed a posture that would counterattack anytime.

There was a scream in the food stall, everyone ran out, even the owner of the food stall ran out in a panic.

At this time, at the gate of the food stall, an army-green jeep was parked there, and the wild wolf was holding a dog's tail grass and staring at Lin Kai in the food stall with a sneer.

The mountain wolf Zheng Sanpao was a little puzzled, and asked, "Isn't the wild wolf just a small special soldier? It's a recruit. Does it take the three of us to spend a lot of time to target him? He also called a dozen. The armed police pretended to be a police officer and came to gang to beat him, what should I do if he broke him?"

Zhuang Yan sat in the back seat holding the sniper rifle, and smiled: "Haha, all I want is to destroy him! New King? Our Spike Special Brigade refuses to accept it!"

The mountain wolf touched his nose and stopped talking.

In the eyes of the mountain wolf, the special forces are not invincible, facing a dozen armed police armed with weapons, even if he is a special force, he is absolutely unable to handle it!

Sure enough, I only heard the muffled sound of a truncheon hitting his body. A dozen policemen surrounded Lin Kai with a continuous sound!

They have received the order, as long as they can't kill them, they can fight it! It doesn't matter how hard you put your hands.

The wolf looked at Lin Kai being beaten by a group of policemen, pouting out the dog's tail grass in his mouth, and laughed disdainfully.

"Hehe, thinking of how capable he is, a group of small armed police beat him like this. He doesn't deserve to let the three of us deliberately target him!" The wolf sneered.

Zhuang Yan also frowned. Lin Kai's strength in the exercise was very strong. How did it become like this when it came to actual combat? Can't even beat the armed police?

He killed seven foreign mercenaries in Jiangdong. Is it possible that this is a rumor? Is it the honor he bought with money?

Because Zhuang Yan knew that this kid was a rich kid, it was very likely that he came to the army to gild.

The mountain wolf couldn't help covering his eyes, muttering: "It's too pitiful, too pitiful..."

Suddenly, only a muffled bang was heard, and a policeman flew upside down from the food stall and directly hit the body of the jeep.

The three of them were taken aback, and they all looked together, and saw that in the food stall, a dozen policemen all stepped back. In the middle of them, Lin Kai moved his arms and arms with a look of disdain.

“Do you have enough strength? You don’t have as much strength as a three-year-old child to tickle!” Lin Kai said coldly, with an angry expression on his face.

Except for the ragged clothes, there were no wounds on his body, not even a hair loss!

And the dozen or so police officers also looked shocked, they were ruthless just now! How could Lin Kai still stand up? He should have been beaten and lying on the ground without moving!

But not only did Lin Kai not be beaten to the ground, but he looked safe and sound. The fighting spirit in his eyes was shocked by the police.

They were not ordinary policemen. They were armed police officers disguised as policemen. They had participated in many battles such as arresting murderers, but from Lin Kai, they felt a gloomy killing intent.

This kind of killing intent, if you haven’t killed six or seven people, you won’t be able to practice it.

Chapter 141: Anesthesia Bomb

Chapter 141

The wolf lowered the window and glanced at the policeman who had smashed the door. His face turned dark at the time.

At that time, the wild wolf took out the walkie-talkie, looked fiercely, and said coldly: “Fight to the death!”

At this time, more than a dozen policemen who were shocked by Lin Kai’s strong defenses received the order, all roared and went on with their batons.

This time, they will never show mercy anymore, they will do their best!

I don’t believe it, more than a dozen people can’t beat you!

Lin Kai’s eyes narrowed, Lin Kai’s reaction speed was one hundred and fourteen, and the movements of these people seemed to be slowed down in Lin Kai’s eyes.

Seeing Lin Kai sideways and avoiding a stick, he knocked the man out with a fist, flying three or four meters away, and then he smashed the table and fell to the ground, clutching his stomach and wailing constantly.

Afterwards, Lin Kai bends over again, dodging a stick that hit from behind him, without even looking at it, Lin Kai kicked it straight back, and the policeman's body flew out directly!

In front of Lin Kai, the dozen or so professional armed policemen looked like three-year-olds holding small wooden sticks, so vulnerable.

Afterwards, Lin Kai was like a tiger entering the flock, punching a policeman, punching to the flesh, without mercy, but those who were recruited immediately fell to the ground and couldn't get up.

Since you are cruel, don't blame Lao Tzu for being merciless! Lin Kai's revenge is very serious!

With a bang, Lin Kai saw a policeman with one knee against the egg, his body bent into a shrimp shape at that time, and he fell to the ground constantly wailing.

At this moment, in front of Lin Kai, only the leading policeman was left.

The policeman looked around and found that his comrades had fallen, and none of them were still capable of fighting.

At that time, sweat dripped from his forehead the size of soybeans. Is this person a livestock? The skin is thick and thick, so it can be beaten!

"The enemy is too strong! Request to retreat!" The policeman took out the walkie-talkie and said anxiously.

The wild wolf in the car also received the police request. The wild wolf frowned and said coldly: "Retreat!"

The police was overjoyed and was overjoyed. He wanted to run outside, but he ran a step and saw Lin Kai behind him unhurriedly picked up a peanut from the table and threw the peanut into his mouth. Lin Kai opened his abdomen, lifted his breath, and puffed out the peanuts!

After a muffled noise, the policeman only felt that his back was hit by something heavy, which seemed to be bullet-like, his body became unstable immediately, and he fell a dog to eat baba.

A dozen policemen were taken care of by Lin Kai alone in a few minutes.

Lin Kai glanced at the banknotes and pistols on the table, drew out five banknotes and put them on the table. They were regarded as paying the bill. Lin Kai took all the remaining banknotes and pistols.

You brought this to your door, I'm not welcome, Lin Kai!

Holding the black box, Lin Kai quickly walked out of the food stall. Just out of the food stall, Lin Kai immediately saw the familiar army green jeep.

run!

This is Lin Kai's first reaction! At that time, Lin Kai held the suitcase and ran away! Extremely fast!

At fifty o'clock full speed, Lin Kai flew out like a shadow.

The three wild wolves in the jeep just watched Lin Kai run past them, without any intention of pursuing them.

The wild wolf frowned, looking at Lin Kai's back, coldly said: "Siberian wolf, let the wild wolf see your marksmanship."

"Received." Zhuang Yan laughed, and the window next to the car slowly fell down. Zhuang Yan stretched the sniper rifle out of the window. He also leaned out half of his body and aimed at Lin Kai through the magnifier. Thigh.

The Siberian wolf is no better than the dark night Lin Kai encountered. Although the dark night is also a top sniper, it is far behind the Siberian wolf.

The Siberian wolf is the best marksman in the entire Spike brigade. It is an ace special soldier. The general special soldier is not his opponent at all.

His experience and marksmanship are simply not comparable to ordinary people. Even if Lin Kai is opened, he is definitely not the opponent of the Siberian wolf in terms of marksmanship.

In the magnification, Lin Kai's figure was gradually pulled away, but Zhuang Yan didn't panic at all. He took out a piece of toilet paper from his pocket and threw it into the air at random. This is how the Siberian wolf simply judges the wind force!

Glancing at the toilet paper, the Siberian wolf immediately pulled the trigger!

With a pop, the sniper rifle equipped with a silencer shot out a bullet immediately! The bullet took Lin Kai's thigh straight away!

And Lin Xinxing, who was running wild, had an ominous hunch. He didn't know where it came from, but subconsciously, Lin Kai wanted to roll to the side.

But at this time, Lin Kai's chest shook, and a feeling of electric shock came. This feeling made Lin Kai's reaction a little slower. With a pop, an anesthetic bullet had penetrated Lin Kai's thigh. unit!

At this time, Lin Kai only felt a numbness in his thighs, his thighs were no longer sensible, and his whole body was beginning to become weak.

With a plop, Lin Kai tumbled and fell to the ground, struggling a few times, but couldn't get up.

Damn it! What shocked me just now?

After touching his chest, Lin Kai realized that it was his golden cat's eye pendant! It was this thing that shocked me suddenly! That's why I slowed my reaction by half a minute!

But why does this thing shock yourself?

In the jeep, the mountain wolf Zheng Sanpao held out his thumb at Zhuang Yan and laughed: "The Siberian wolf's marksmanship is still so powerful!"

Zhuang Yan also smiled modestly: "Isn't your Zheng Sanpao's melee combat ability unmatched in the Southeast Military Region?"

"Hahahaha!" Zheng Sanpao laughed.

The wolf looked indifferent: "Stop bragging, come down and throw this kid in the car, the task is over."

There was a clicking sound of the door opening, and the three of them rushed towards Lin Kai without any rush.

They were not afraid of Lin meeting running away. Once a human being hit by a narcotic bomb, there is no time for ten minutes to recover his ability to move.

Even if this kid is wild, he can't fly with wings!

Zheng Sanpao squinted at Lin Kai who was lying on the ground, frowning and said: "This kid is as evil as the leader said? I can beat a little bit, nothing else is special!"

The Wild Wolf High School team said indifferently: "In the army, do you see few people who are blown away by a little ability? For example, the soldier king Thor in our Southeast Military Region is nothing more than a reckless man, but he has been killed by soldiers. Its so wicked, this newcomer Wang Linkai, I think its just like that.

Chapter 142: So Wrong

Chapter 142

After saying what the wolf said, Zhuang Yan nodded silently.

He also read about Lin Kai's personal information, and he also read the last military exercise about Lin Kai.

Although Lin Kai's strength is strong, it is far from being as strong as the first long-term hope.

In Zhuang Yan's view, Lin Kai's future could be compared with Lei Zhan, but in the eyes of the three of them, Lei Zhan was just an unimportant small role.

Although Lei Zhan is considered a leader among the general special forces, it is far from the eyes of the three of them.

Just like Lin Kai in front of him, he captured this year's rookie king and killed an entire team of mercenaries, killing seven people. It sounds great, but the wild wolves know that there must be a lot of moisture in it. .

As for where the moisture comes from, they don't know.

The three of them slowly walked towards Lin Kai, a pair of shiny silver handcuffs appeared in the hand of the mountain wolf, ready to handcuff Lin Kai away.

Lin Kai was already a useless person. After being hit by the anaesthetic bomb, he had lost consciousness and could not move.

"Hey, kid, on the road, congratulations, you are the first to be eliminated in this exercise, you are out." The wild wolf kicked Lin Kai with a cold look in his eyes.

The three veterans deliberately targeted a recruit. They didn't feel ashamed. All of this was to execute the orders of their superiors.

Moreover, Lin Kai will not really be eliminated, but will lose face in front of all the special forces in the Southeast Military Region.

"Handcuffed!" said the wild wolf coldly. The wolf grinned and then stepped forward to handcuff Lin Kai.

But before his hand touched Lin Kai, Lin Kai saw a carp rolling and ran out with a brush. Moreover, Lin Kai also used the Furious Spirit Ape skill. After a few tumbling on the wall, he disappeared. Without a trace.

The three of them were stunned.

The wild wolf just put a toothpick in his mouth, and fell to the ground silently.

The handcuffs in the mountain wolf's hand snapped onto his hand.

The sniper rifle held by the Siberian wolf almost fell to the ground.

Ran?

All three were stupid.

How the **** is this possible? He was a narcotic bomb! An anaesthetic bomb that can numb a cow is enough, Lin Kai actually ran away so lightly?

He ran so fast, he didn't seem to be shot at all!

The wolf's face became extremely ugly at that time.

"Siberian wolf, are you sure you hit him?" the wolf asked with a cold face.

The Siberian wolf nodded heavily: "I definitely hit him, wild wolf!"

Zheng Sanpao looked at his handcuffs and couldn't laugh or cry: "Damn, this kid's physical fitness is too strong, right? The anesthetic bomb that ordinary people need 10 minutes to dissolve, this kid actually dissolves it in 10 seconds?"

The wild wolf said with a dark face, "We should have thought of it when we saw that he was so resistant. It seems that this kid is a bit extraordinary and has good physical fitness."

"Interesting, if he doesn't have any strength at all, I would doubt the eyes of the wolf head!"

The corner of the wild wolf's mouth showed a playful smile, and the eyes also released a killing-like light, the battle royale, officially began!

Afterwards, the wild wolf glanced at the tracker he was carrying with him, glanced at the tracker, and with a click, the tracker had fallen to the ground.

"Wild wolf, what's the matter?" Mountain wolf Zheng Sanpao picked up the tracker, but after a quick glance, his expression became more exciting.

"I'll go!" The mountain wolf yelled, eyes widening.

The Siberian wolf also leaned over at this time, looked at the tracker, and his expression also changed.

In just one minute, Lin Kai actually ran out for more than a kilometer! This speed is comparable to a flying man!

It seems that Lin Kai is not only very physical, but also very good in terms of speed.

“This kid doesn’t seem to be as weak as we imagined!” Mountain wolf Zheng Sanpao preached.

A gleam of light flashed in the eyes of the wild wolf: “It’s kind of interesting. The chief asked the three of us to catch such a rookie. If we can’t catch him within a day, you say we are ashamed or not ashamed?”

Hearing this, Zhuang Yan and Zheng Sanpao looked at each other, their eyes flashing war.

“Chasing!”

The three of them hit it off and quickly returned to the front of the jeep, opened the car, sat in, and with a bang, the jeep rushed out and went straight to where Lin Kai was!

...

At this time, in a war room somewhere in the Southeast Military Region, the three chiefs sat together.

They were He Zhijun, the commander of the Spike Special Operations Brigade, Zhang Tianyi, the commander of the Tigers Special Operations Brigade, and Fan Tianlei, the brigade commander of the Red Cell Special Operations Brigade.

They looked serious. This time the battle royale exercise was an application submitted by the three of them after some discussions. Once the application was approved, they couldn’t wait to start the exercise.

And this is the first time they have held an exercise in the city. After all, there are so many residents in the city. If you are not careful, you will accidentally hurt the residents.

Therefore, in this exercise, all police officers are not allowed to use guns, and only the three ace special forces can use the top weapons.

Because they are weapons experts, the weapons in their hands will never accidentally injure civilians.

“Brigade Commander He, the three ace special forces are going to test Lin Kai in a small area? This is a bit overkill, right? I guess, in less than half a day, this kid will be caught back!” Fan Tianlei said from the side.

Zhang Tianyi also nodded and said: “Siberian wolf, wild wolf, mountain wolf, these three are the few ace special forces left in our Southeast Military Region. Let the three of them take action against one recruit. what!”

“Besides, you still don’t know the temper of the three veterans? Those are three thorns! They didn’t act lightly or severely, so you are not afraid that your heart and liver will be accidentally injured by them?”

“Their eyes are very high, and the good seedlings in your eyes may not be in their eyes at all!”

After hearing what Zhang Tianyi and Fan Tianlei said, He Zhijun also sighed, covering his forehead with a look of regret on his face.

“I regret it too. Although Lin Kai is a good seed, he is a recruit after all. I actually let those three thorns test a recruit.”

“But it’s okay, he defeated his spirit. From the recruit company to the present, Lin Kai hasn’t failed. It’s time to let him know that there is someone outside.”

“Although the wild wolf has a high vision, Lin Kai may not be in his sight, but if Lin Kai adjusts it well, maybe he can become a soldier like Lei Zhan.”

He Zhijun said.

Fan Tianlei laughed when he heard it: “Hehe, Brigadier He, you are too confident, Lin Kai is really as strong as you think?”

“You were blinded by him! Since the Jiangdong incident, you think Lin Kai is a very promising ace special soldier?”

“Big mistake!”

“Who is Lin Kai? Young Master Lin from Jiangbei, I dare say that as long as he leaves the Southeast Military Region, there will be countless special force-level bodyguards secretly protecting him! Do you think that the blood butterfly mercenary was really killed by him alone ?”

Chapter 143: Be Besieged

Chapter 143

As soon as Fan Tianlei's words came out, He Zhijun quickly fell into silence.

Fan Tianlei's words were indeed something He Zhijun had never thought of before. He always thought that Lin Kai's strength was so strong that one person could kill a seven-person mercenary team.

But if you think about it again, Lin Kai is no more than a recruit. His strength is good, but is he really strong enough to defeat seven professional killers?

He Zhijun began to doubt whether his judgment was correct. He increasingly felt that Fan Tianlei's words made sense.

Next to Lin Kai, there must be many professional bodyguards secretly protecting him. After all, he is the young master of the Lin family. He will not stay in the army in the future, but will return to the Lin family to inherit his hundreds of billions of property!

He Zhijun patted his thigh regretfully, his face flushed with anger. If he had thought that Lin Kai was not that tough, why did he let the wild wolf try Lin Kai?

The eyes of the wild wolves are very high. If they are asked to assess a person in a targeted manner, their requirements are very strict, and Lin Kai will definitely not enter their eyes.

At that time, they would only throw Lin Kai at He Zhijun once again, and doubt He Zhijun's gaze. For such a thing, they will have to take part in the assessment by the Spongya Special Brigade?

"I did something wrong..." He Zhijun covered his forehead and said with regret.

Fan Tianlei smiled and shook his head, seemingly helpless.

...

At this time, in a large supermarket, Lin Kai held a black suitcase and squatted under the air conditioner to enjoy the cool.

Lin Kai broke out at full speed and ran for twenty minutes. It would take a while for them to catch up.

Under the sky, Lin Kai played with the pendant around his neck, wondering in his heart, how could this thing shake himself at a critical moment?

If it wasn't for his strong physical fitness, it only took ten seconds to dissolve the power of the narcotic bomb, otherwise he would really be caught by them.

“System, please explain to me, what exactly has this golden cat’s eye evolved into by you? What function does it have?” Lin Kai asked in his heart.

The system replied: “Master, the golden cats eye has evolved into a warning cats eye. When the host is in danger, it will vibrate to remind the owner that the warning cats eye has four parts, up, down, left, and right. Each part represents a crisis in one direction. It is the vibration of the upper gemstone, indicating that there is danger above, and if it is shaking below, it means there is danger below.”

With that said, Lin Kai took a closer look, as if it really was.

When the anesthesia bomb was about to hit him, the underside of the warning cat’s eye shook obviously.

It turned out that the golden cat’s eye had been evolved to be a warning cat’s eye, which really made Lin Kai happy and angry.

“Then why didn’t you say it earlier? You got me shot for nothing!” Lin Kai said angrily.

The system’s screaming voice sounded in Lin Kai’s ear: “It is so horrible to this system, you will suffer from it in the future!”

After saying this, Lin Kai’s face turned black at the time, and sure enough, the system is the uncle of this year.

There are not many people in the supermarket, and the lady cashier at the front desk is staring at Lin Kai with a weird look.

It seems that Lin Kai doesn’t look like a beggar, so why did he rush into the supermarket to rub the air conditioner? Beggars are not so shameless.

Lin Kai’s face blushed when he was seen, stood up, came to the snack shelf, pretending to be picking snacks.

Miss cashier rolled her eyes.

After choosing a few foods to satisfy his hunger, Lin Kai came to the front desk to check out, but before the money was paid out, three people walked in from outside the supermarket.

Mountain wolf, wild wolf, Siberian wolf.

The three of them were wearing camouflage uniforms, but they didn’t have guns. After all, in the busy city, guns had no effect.

After seeing the three of them, Lin Kai took two steps back and looked wary.

The wild wolf still habitually held a dog's tail and looked at Lin Kai: "You run, you run to the end of the world, we will find you too!"

"Go back with us." The wolf said coldly.

The entire supermarket, with just one entrance, was already blocked by the three of them at this time. If you want to rush out, you must fight them!

There was also a hint of war in Lin Kai's eyes. He didn't expect that the three of them were so fast that they could catch up in less than three minutes.

"There's no need to aim at me all the time? What did I offend you?" Lin Kai asked, clenching his fists.

The mountain wolf laughed and waved his hand helplessly: "Hey, brother, you didn't offend us, you offended other big people! We are just following orders, surrendering, and going back with us, we also finish the task sooner. what do you think?"

The mountain wolf is quite joking. It seems that he is not interested in Lin Kai.

Lin Kai quietly unlocked the black box in his hand, and stepped back: "Let me surrender? Impossible!"

After that, Lin Kai quickly opened the box with a crash, and saw the sky full of red banknotes flying out. For a while, Lin Kai's figure was difficult to find.

Lin Kai also took advantage of this moment and rushed towards the door of the supermarket!

But before he ran to the door of the supermarket, the alert cat's eye on Lin Kai's chest shook! The vibration on the left!

After understanding the function of this warning cat's eye, Lin Kai understood that there was danger on his left!

Sure enough, a figure appeared among the banknotes! The mountain wolf quickly rushed out, and a whip leg took Lin Kai's chest!

In a hurry, Lin Kai used his hands to protect his chest with a muffled sound. Lin Kai only felt a strong force coming. It seemed that he was hit by a train, and his body stepped back involuntarily!

The banknotes fell to the ground, and the mountain wolf Zheng Sanpao finally revealed murderous intent in his eyes at this time. The look in his eyes was as if a lone wolf was staring at the prey, extremely vicious.

“Boy, don’t you toast or drink fine wine, right? The new king of the Southeast Military Region? My mountain wolf will learn something today!” The mountain wolf strode towards Lin Kai.

The Siberian wolf silently squatted to the ground and began to pick up banknotes on the ground. This activity fund can’t be so wasted!

The wild wolf chewed the dog’s tail grass in his mouth and squinted at Lin Kai. The wolf’s melee ability is very powerful. In the entire Southeast Military Region, no one is his opponent!

He has won the first place in the Wushu Competition of the Southeast Military Region!

Because the mountain wolf is not just a special soldier of the Wolfya Special Brigade, he grew up in Shaolin Temple and learned a good kung fu!

He should deal with a small number of recruits. There shouldn’t be a big problem, and he should be able to win by three or five moves.

For so many years, the wild wolf has never seen a recruit who can walk ten moves in the hands of a mountain wolf!

Chapter 144: Wild Wolf

Chapter 144

The mountain wolf is taking a masculine path, his attack is very domineering, and he is a powerful player.

Under the gaze of the wild wolf, the mountain wolf walked towards Lin Kai, clenched his fists, and lay across his chest, bending his body slightly downward, making a posture that would rush up at any time.

The mountain wolf’s eyes are also very cold and ruthless, even a little bit fierce.

With a scream, the mountain wolf hit Lin Kai’s face with a sweeping punch. The speed was very fast, and a strong wind came from his fists!

And the warning cat’s eye hung around Lin Kai’s neck vibrated frequently!

But Lin Kai’s ability to react at one hundred and forty points was not a vegetarian. Lin Kai leaned back a little bit and escaped the attack of the mountain wolf.

But the attack of the mountain wolf was like a storm, and there was a feeling that I would never stop if I didn’t beat you down.

The fist of the mountain wolf hit Lin Kai's face like a storm, all moves were brutal, and the speed was surprisingly fast.

Faced with such a domineering attack by the mountain wolf, Lin Kai had to keep retreating, and the vigilant cat's eye hanging around his neck was shaking constantly at this time, and it was impossible for Lin Kai to tell Lin Kai which direction the cat's eye was reminding him of danger.

The corner of the mountain wolf's mouth showed a fierce smile. Don't look at the usual appearance of the mountain wolf, but when he really makes a move, he will not give up if he doesn't beat his opponent to the ground!

Soon, the mountain wolf pushed Lin Kai to the corner of the wall. At this time, Lin Kai could not retreat, and the mountain wolf also launched the most violent attack, accumulating a punch, and smashing it into Lin Kai's chest!

The warning cat's eye on Lin Kai's neck shook violently at this time! The power of this fist of the mountain wolf is very huge, if Lin Kai is hit, he might be taken by the mountain wolf on the spot!

Fight! Lin Kai squinted and looked at the mountain wolf coldly, his eyes colliding with the mountain wolf's eyes in the air.

In the eyes of the mountain wolf, there was a confident look of hunting prey, and in Lin Kai's eyes, there was the kind of stern look that gave up everything after desperately desperate!

As soon as this momentum came out, the mountain wolf was also a little frightened. His domineering aura was only developed after killing many people.

How could Lin Kai, a recruit, have such a strong momentum?

Fight!

Lin Kai roared, and also hit the wolf with a punch! It's a totally desperate style of play!

With one punch of the mountain wolf, Lin Kai could not dodge, but with this punch of Lin Kai, the mountain wolf could not dodge either!

If he wants to dodge, he must close his fists!

The mountain wolf glanced at Lin Kai's fist and sneered in his heart. It's just a recruit, and his body looks so weak. What if I punch you?

But you can't get out of this supermarket if you punch me!

boom! boom!

Two muffled noises sounded at the same time, and the mountain wolf hit Lin Kai's chest with a fist, and Lin Kai's back also slammed into the wall, making Lin Kai's face pale.

The mountain wolf's body also retreated several steps, staring at Lin Kai in surprise.

Lin Kai clutched his chest, the strength of this mountain wolf is so domineering! Lin Kai felt that it was around seventy o'clock!

This is not all the strength of the mountain wolf, it should be only half of his. After all, for a recruit, he doesn't need to kill him.

If you don't have 300 points of defense, you will have to be beaten and bleeding!

Glancing at the wild wolf and the Siberian wolf behind the mountain wolf, they seemed to believe that Lin Kai had been beaten and had no ability to move, so they gave up guarding the door of the supermarket and walked straight towards the mountain wolf.

And Lin Kai also took a fancy to this opportunity, and the Furious Spirit Ape launched and rushed out of the supermarket with a swish.

The wild wolf and the Siberian wolf were taken aback, looking at Lin Kai's back, once again dumbfounded.

The toothpick held in the wolf's mouth fell to the ground again, and Zhuang Yan opened his mouth stupidly.

Fucked away again!

The wild wolf and the Siberian wolf clearly saw Lin Kai get a punch from the mountain wolf just now! They have seen a mountain wolf directly kill an enemy with a punch!

Even if the mountain wolf shows mercy to Lin Kai, he won't let him run away, right?

The wild wolf frowned and asked, "Mountain wolf, what's the matter? You made it too light, right?"

The mountain wolf stood still, still holding that shocked expression on his face.

"Mountain wolf?" The wild wolf frowned, came in front of the wolf, and patted the wolf's face.

At this time, the wild wolf and the Siberian wolf discovered that the face of the mountain wolf was actually white! Not only did his face pale, but a trace of blood shed from the corner of his mouth.

Looking at his chest again, Lin Kai's punch just now left a fist mark on his chest, such an overbearing fist!

The mountain wolf wiped the blood from the corner of his mouth and smiled bitterly: "Wild wolf, we underestimated him. My punch just now took half of my power."

When the wild wolf and the Siberian wolf heard the words, their faces showed shocked expressions.

How terrifying is half the power of a mountain wolf? It can be said that one punch can penetrate three solid wood boards!

It seems that the mountain wolf is already ruthless, just wanting to punch Lin Kai to the ground! He even beat Lin Kai to vomit blood!

This is also in line with the consistent style of the mountain wolf, which will never stop the enemy without internal injuries!

But just now Lin Kai only paled a little, and he was able to walk like flying, and ran away under the noses of wild wolves and Siberian wolves.

And looking at the pace that Lin Kai used when he escaped, it was still very subtle, not to mention the speed, it was still incomprehensible.

Can resist half the strength of the fist of the downhill wolf, so that the physical fitness of this kid Lin Kai is not generally strong! Even a mountain wolf can hold a half-strength fist!

Looking at the blood stains on the corner of the mountain wolf's mouth, the ability to bleed the mountain wolf with one punch shows that the strength of this kid is equal to that of the mountain wolf.

"This kid is very powerful and very brutal. If you give him another two years, I will definitely not be his opponent, but although he has a lot of power but lacks combat experience, he will just dodge my fist blindly. In fact, if he took the opportunity to punch me, he could directly knock me down." The mountain wolf said with a serious face.

The wolf touched his chin and glanced at the tracker. After such a short time, Lin Kai had already ran out for half a kilometer.

"It seems that the person recommended by Langtou this time is indeed a bit interesting. It is worthwhile for the three of us to come out. Since his physical strength and physical fitness are so strong, we will play with him!" The wild wolf's indifferent face finally appeared. A faint smile.

After all, the wild wolf returned to the car with the mountain wolf and the Siberian wolf, and took away the money that Lin Kai had scattered on the ground in a black box, including the model pistol.

After getting in the car, the mountain wolf clutched his chest, frowning, Lin Kai's strength was too great, the punch down made the mountain wolf feel as if he was internally injured.

Look down on this kid.

Chapter 145: Jump Off

Chapter 145

After Lin Kai escaped from the supermarket, he rushed towards the city center.

There are so many people in the city center, presumably they dare not shoot at themselves. Moreover, Lin Kai is very familiar with Jiangbei City. The more downtown, the more complicated the terrain, and the more difficult it is for them to chase themselves.

While running, Lin Kai bit his teeth and rubbed his chest. At this time, Lin Kai still felt a soreness in his chest.

This was the first time Lin met an opponent who could restrain himself in strength.

The strength of the mountain wolf is not only great, but the attack method is also very overbearing. Even the bodyguard next to the Jiang Family Patriarch is not as strong as the mountain wolf.

The mountain wolf's close combat skills are indeed powerful, and the tricks do not give people a chance to breathe. If you accidentally get hit by the mountain wolf's fist, you can just lie down and wait for death.

It is worthy of being the trump card special forces of the Southeast Military Region. They are indeed powerful, and the Thunder Fight, touted as the number one special force of the Southeast Military Region, is really like a three-year-old child in front of them.

But when he remembered that he had been targeted by their three ace special forces for no reason, Lin Kai felt angry.

Hell, other people are trying to avoid the armed police who are chasing them, and not only do I have to avoid the armed police, but also to be hunted down by three ace special forces!

Lin Kaixinli is a stubborn one!

Lin Kai ran to the building of the Lin Group in the city center in one breath. Lin Kai breathed a sigh of relief. When he looked up, the most luxurious mansion in Jiangbei City appeared before his eyes.

One hundred and eight stories high, this extremely spectacular building is the property of the Lin family.

Although he arrived at his door, he still couldn't give Lin Kai a sense of security, because even the bodyguard of the Lin family could not stop the existence of those three.

Besides, if his father knew that he hid in the Lin Family Mansion in order to avoid the drill instructor, he would definitely kill himself.

Standing at the door of his family's property but unable to get in, Lin Kai's heart was a stray fire.

Just as Lin Kai was about to leave, he suddenly discovered that there were a group of people standing under the Lin's clique, including firefighters.

what's the situation? Fire in your own home?

Lin Kai walked towards the downstairs of the Lin Group and pushed aside the crowd. He found a fire truck and an ambulance parked under the building, and everyone around was also pointing at the Lin Group.

Lin Kai followed their gazes and looked up, and found that on the tenth floor, there was a person sitting on the window.

It looks like a little girl of seventeen or eighteen years old, still childish. At this moment, she is sitting on the window with a sad face, as if jumping down at any time.

The firefighters seemed to have just arrived, and the airbags had not had time to open.

A firefighter shouted with a loud speaker beside Lin Kai: "Don't commit suicide! Think about your family! Think about your friends, if you jump down, what will they do?"

The little girl sitting on the window seemed to be unable to listen to the firemen's words, staring at the bottom of the building with a dull face, tears falling out of her eyes.

what's the situation? Employees of Lin Group? When did the Lin Group recruit child labor?

The Lin Group is a formal enterprise and never recruits child labor. This 17-year-old girl is definitely not an employee of the Lin Group.

“The mission is released, save the little girl who is about to jump off the building, reward a random extraction ability, mission level: silver.”

At this time, Lin Kai’s ear sounded the system prompt, a silver-level mission!

As soon as the system prompts, Lin Kai feels bad, because he knows that since the system dared to do this task, it means that this little girl really dared to jump!

With a rumbling of the car engine, Lin Kai looked back and saw that the wolf and their jeep had chased him up, and through the car window, Lin Kai had seen the indifferent face of the wolf.

They are going to catch up!

What to do by yourself? To save or not to save? If you save, you might be eliminated because of this.

But if you don’t save it, you will watch a life disappear before your eyes!

Just hesitating, Lin Kai immediately made a decision, even if he was eliminated, he would save this little girl!

The wild wolves behind them got out of the car and chased them up, but Lin Kai pushed the firemen away at this time and shouted, “Get out! I’m a special soldier! Let me come!”

Lin Kai shouted for a while, went straight downstairs, stretched out his hands, as long as this little girl dared to jump, Lin Kai dared to answer!

Everyone was taken aback, the eyes that looked at Lin Kai were full of weirdness.

You can understand your desire to save others, but that little girl is on the tenth floor! Jump down from the tenth floor, do you know how great the impact is?

It is enough to break your hands! Maybe two people will die here!

The firefighter was just shocked, and went to pull Lin Kai: “You don’t want to die? The airbag is being set up, please leave!”

“When the airbag is set up, the people will be gone!” Lin Kai shouted back.

The fireman was taken aback for a moment, and he didn’t understand what Lin Kai said. Hearing what he meant, this little girl was about to jump off the building? But how did he know?

No matter how he knows it, pull him aside first! But when the firefighters tried their best, they found that Lin Kai didn't move at all. The firefighters exhausted all their energy and couldn't pull Lin Kai!

And the kind passerby onlookers said at this time: "Young man, leave now, you can't save her."

"Yes, big brother, the impact of jumping from the tenth floor is so great, you can't catch her at all." said a milky kid.

Lin Kai didn't care about it, insisting on standing still.

"Jumped!" With the exclamation of one person, the firefighter who had dragged Lin Kai also chose to give up, because he would die if he continued to stay here!

Looking up, I saw the little girl sitting by the window on the tenth floor jumped up and down from the tenth floor. She closed her eyes, opened her hands, and waited for the cold ground to end her. s life.

The muscles of Lin Kai's whole body were tense. He moved to the position where the little girl jumped down, ready to catch the little girl at any time.

At this time, the wild wolf finally squeezed into the crowd and saw Lin Kai delusional to rescue a girl who jumped from the building with both hands.

Is he crazy? The wild wolf narrowed his eyes and jumped down from the tenth floor alone. How strong was the impact? If the little girl weighed a hundred catties and jumped from the tenth floor, she would not know how many times the one hundred catties would double!

Lin Kai's reckless effort to save people would only take his own life there!

"Lin Kai! Come back!" The wild wolf roared, but it was too late, and the little girl was about to fall into Lin Kai's hands!

Lin Kai jumped and hugged the girl, buffering a lot of the impact on the girl.

After that, Lin Kai landed on both feet, squatted down like a spring, got up and rotated, Lin Kai released the last bit of impact on the little girl and put the little **** the ground.

Chapter 146: Caught

Chapter 146

The little girl stood on the ground with a dazed expression, not knowing what happened.

Is this heaven? Why is heaven the same as the world?

Before she had time to shock the little girl, several firefighters rushed up in an instant, controlled the little girl and prevented her from doing stupid things.

At this time, there was silence for a while.

A man actually caught the little girl who jumped from the tenth floor with his hands! If the one who jumped down was a baby, it would be understandable to catch it, but the one who jumped down was an adult!

Even if the little girl's body is relatively thin, but jumping from the tenth floor, the strength can be described as doubled!

How can a person withstand such a big impact with his own hands?

But no matter what, Lin Kai succeeded! He did it!

There was a round of applause, and countless people gave Lin Kai their thumbs to express their admiration.

Dare to challenge oneself and save others. This kind of spirit is not something everyone has. Everyone admires Lin Kai's courage.

Even the wild wolf in the crowd narrowed his eyes and glanced at Lin Kai high in his heart. It seemed that the character of this rich boy was not as bad as he had imagined.

"Congratulations to the host for completing the task! Get one hundred attribute points and one hundred upgrade points! And get one random extraction ability!" The voice of the system came from the ear.

But Lin Kai was not in the mood to check the random extraction ability he had obtained, because at this time his arms were numb, and the little girl jumped off the tenth floor. The huge impact made his body somewhat unbearable.

Not only Lin Kai's arms, but his waist and thighs were all damaged under certain circumstances, and his combat effectiveness was halved.

Just now, Lin Kai's unloading movements looked light, but it was Lin Kai's use of his body to save the little girl's life. Those simple unloading movements caused Lin Kai's body functions to lose more than half! There is not enough time to recover!

At this moment, dozens of firefighters gave Lin Kai a thumbs up, their eyes filled with admiration.

If it were not for Lin Kai, a life would disappear before their eyes.

No firefighter can bear to see life disappearing before his eyes, it will become a nightmare for them all their lives.

On the tenth floor, the vice chairman of the Lin Group was shocked when the little girl jumped down, so he hurried to the window to check.

But then he saw an incredible scene, he saw a young man catch the little girl with his hands!

The little girl was just a little frightened, and she didn't even suffer any skin injuries.

The vice chairman breathed a sigh of relief and almost fell to the ground.

The little girl didn't know where she ran out. She seemed to be out of love, and she just got into a high-rise building and wanted to jump off the building.

If this little girl died under the Lin Group, it would have a great impact on the Lin Group, and the loss would be more than a few hundred million.

Wait, the young man below is a bit familiar?

The vice chairman lay on the window again and took a closer look, and found that the man was actually the eldest master of their Lin family, Lin Kai!

"Lin Shao?" The vice chairman opened his mouth wide, with an incredible expression on his face.

Although he heard that Lin Kai changed his former dude after he joined the army, he performed well in the army, and even became a special soldier with the rank of captain.

But after all, I heard that now he was surprised to see Young Master Lin actually sacrificed himself to save others.

If it was Lin Kai before, I was afraid that he would sit in the Rolls Royce and applaud, right?

"No, I have to quickly inform the chairman that the Lin family is out!" The vice chairman ran away in a panic.

Downstairs in the Lin group, Lin Kai leaned against the wall with a tired face. The hug just now exhausted all Lin Kai's energy. Once people relax, their body will soften.

Lin Kai really didn't have the strength to continue to escape. If he is eliminated, he will be eliminated, I admit it.

The wild wolf brought the mountain wolf and the Siberian wolf to Lin Kai. The wild wolf's face was still cold, but there was a trace of admiration in his eyes.

The mountain wolf quietly gave Lin a thumbs up behind the wolf, with a smile on his face.

The Siberian wolf was still silent, he didn't say much, he just nodded slightly to Lin Kai, and recognized Lin Kai.

"You are great, but I am sorry to tell you that you were eliminated and get in the car." The wolf said indifferently.

The Siberian wolf and the mountain wolf stopped Lin Kai and walked directly out of the crowd.

Three men in camouflage uniforms were about to take away the rescuer heroes. The enthusiastic crowd immediately quit. After a while, only people on the inner and outer floors surrounded the wild wolves.

More than a dozen firefighters on the side rushed over and stopped the wolves.

"What are you doing? Do you still want to **** people in broad daylight?" The fireman who pulled Lin Kai just now ran over and yelled.

The wild wolf glanced at the firefighter indifferently, and took out his own certificate: "The wolf, the captain of the Spike Special Brigade of the Southeast Military Region, we are performing a military exercise mission. Please don't hinder us from performing the mission."

After hearing the wolf's words, several firefighters looked at each other with suspicious expressions in their eyes.

At this moment, the child who had just spoken spoke again, and he said gruffly: "You said it is? We don't believe it!"

"Yes! We don't believe it!"

When Lin Kai saw so many people excuse him, he felt a warmth in his heart. It seemed that being a good person just felt comfortable.

But in order to prevent the wild wolves from harming them, Lin Kai took the initiative to say: "Everyone, we are really doing an exercise. According to the rules, I was arrested and I was eliminated."

A wry smile appeared on Lin Kai's face.

As soon as this sentence came out, everyone was silent.

Some people looked at Lin Kai's eyes full of admiration. A person can give up his own future and dare to sacrifice himself to save others. This spirit is worth learning from them.

The little girl who was rescued by Lin Kai stared blankly at Lin Kai's back, and she regretted it the moment she jumped down.

In the air, she thought of her parents, of her friends, and of the many good times she would have in the future.

Jumping off a building for a man is really not worth it.

She once thought that she was going to die soon, but she survived miraculously, all because the man in front of her used his future to save her life.

The little girl bowed deeply at Lin Kai's back.

After explaining clearly, no one was blocking the wild wolves, and the wild wolf carried Lin Kai towards the jeep. Not long after, applause rang from behind Lin Kai, and everyone watched Lin Kai leave.

Chapter 147: Run Away

Chapter 147

After getting in the car, the mountain wolf smiled helplessly at the wolf.

"Wild wolf, why do I feel like a bad guy?" The mountain wolf asked dubiously.

The wolf replied indifferently: "You have to get used to being a bad guy. For so many years, we have been bad guys in the eyes of so many recruits, such as the guy next to you."

The wolf glanced at Lin Kai who was sitting in the back seat.

The Siberian wolf drove, the wild wolf was sitting in the co-pilot's position, and the mountain wolf was sitting next to Lin Kai. The car started and headed for the Southeast Military Region.

It was late in the night, and it was twelve o'clock. It took several hours to catch Lin Kai. After returning, I am afraid that he will not be able to look up in front of He Zhijun.

This is the idea in the mind of the wild wolf. If it weren't for this kid to sacrifice himself to save others, it would probably take a while for them to catch this stinky kid.

However, this stinky boy has a bit of strength. This time, the person recommended by He Zhijun is not bad, and the wolf recognized Lin Kai in his heart.

While Lin Kai sat in the back seat, his face looked tired, and he wanted to rest for a while.

Just being eliminated, is Lin Kai willing? Of course he is not reconciled!

Then why does he want to catch it? He didn't choose to give up, because he knew that he was exhausted under the circumstances, and he was not the opponent of the three wild wolf.

As long as their car has not been driven to the Southeast Military Region, they will not be eliminated.

Lin Kai closed his eyes, opened the system in his mind, and checked the one hundred attribute points and upgrade points he had obtained.

At present, what Lin Kai lacks most is physical strength and speed, so one hundred attribute points are added to speed and physical strength respectively. As for the upgrade points, they will be reserved temporarily.

Next, Lin Kai used the random extraction ability.

"The system uses random extraction capabilities." Lin Kai said silently in his heart.

"Random extraction capacity is in use, please wait."

"The random extraction capability is successfully used! Please select your favorite extraction capability from the list below!"

Tiger Extraction Ability: Gain a bite force and jungle coercion ability. In the jungle, you can get the aura of the king of beasts, and any animal will give you three points.

Diamond extraction ability: greatly enhance your defense power. After using the diamond extraction ability, the body can be as hard as a diamond. The god-level diamond extraction ability can obtain a diamond body.

Rhino Extraction Ability: After using the Rhino Extraction Ability, the only active skill can be obtained. The Rhino Post-Mountain Leaning is a melee skill that can hit your shoulders with all your strength, imitating the impact action of the rhinoceros, with great power.

Morning Glory Seed Extraction Ability: The ultimate climbing ability can be obtained, and it can be easily climbed anywhere.

The four extraction abilities appeared in Lin Kai's mind. Tiger extraction ability? Although this ability is great, this is a city, so I can't use it currently.

Diamond extraction capacity? How about enhancing your defenses? If there is no way to escape, what is waiting for you will be eliminated.

It was the morning glory seed extraction ability and rhino extraction ability that attracted Lin Kai's attention.

The morning glory seed extraction ability can help Lin Kai obtain the ultimate climbing ability, allowing him to climb up places where the wild wolves cannot climb, but they have guns, and this ability seems useless.

Only one rhinoceros is left with extraction capacity.

Today, after fighting against the mountain wolf, Lin Kai understood his lack of melee combat ability. He had a brute force, but he had nowhere to use it.

This rhino has a good extraction ability, Lin Kai silently said in his heart: "Choose the rhino extraction ability and start extraction now!"

"Yes! Ability extraction in progress!"

As the system fell, Lin Kai's body entered a state of transformation.

There was a tingling sensation on his right shoulder. This time, Lin Kai's shoulder was the main modification, followed by Lin Kai's left thigh.

The modification of Lin Kai's left thigh was to allow Lin Kai to burst out with greater strength and speed.

The modification of Lin Kai's right shoulder was to imitate the collision of a rhino.

The power of a rhino collision is very terrifying, even a tiger can't stand it. Although a rhino uses its head to collide, Lin Kai's head does not have horns, and his head is the most spiritual place. It's perfect for hitting with your head.

So he transformed Lin Kai's shoulders and used his shoulders to exert the true power of Tie Shan Kao.

After a tingling sensation, Lin Kai felt that thousands of bugs were devouring his shoulders. This feeling was very unbearable.

In a short while, Lin Kai was already sweating profusely, his face pale and scary.

The mountain wolf on the side was taken aback, and the wolf said: "Wild wolf, this kid won't get sick, right? Or, did he hurt him just now?"

The wild wolf glanced through the rearview mirror and said coldly: "The girl jumped from the tenth floor with a great impact. It is estimated that his internal organs have been backlashed. After arriving at the military area, please ask the military doctor to take a look."

The mountain wolf nodded when he heard the words.

And Lin Kai is still enduring inhuman torture. Fortunately, the place of this transformation is not in the brain. If the brain is tortured like this, the pain will double!

Ten minutes passed, twenty minutes passed, half an hour passed...

Seeing that the jeep was about to drive out of Jiangbei City, Lin Kai finally suddenly opened his eyes, and the rhino extraction capabilities were finally integrated!

Taking a look at the surrounding environment, Lin Kai knew that it was time to escape!

After half an hour of rest, Lin Kai's physical fitness was almost restored.

Suddenly, Lin Kai roared: "The rhino is close to the mountain!"

After that, Lin Kai suddenly lifted his left thigh, his feet slammed on the bottom of the car, and his right shoulder quickly rushed to the door!

With a loud bang, I saw that the car door was knocked open by Lin Kai! Lin Kai's body rolled down from the car!

At this time, the speed of the jeep was not very fast, but when it rolled from the car to the ground, Lin Kai was still embarrassed.

After escaping, Lin Kai dashed directly towards the small alley on the side of the road. At this time, the speed of 100 points was fully utilized. In a few seconds, Lin Kai ran away without a trace.

The car came to a halt slowly, and the three of them looked at the dark alley and froze again.

Whenever they think that Lin Kai has been arrested, Lin Kai always surprises them. This is the first time that Lin Kai didn't know how to surprise them.

The wolf silently glanced at the car door knocked open by Lin Kai's shoulder. This car door is bulletproof! At this time, a pit appeared on the surface of the car door, and the car lock was directly damaged by Lin Kai's shoulder.

“What the **** is this monster?”

Chapter 148: Encounter Fatty

Chapter 148

The mountain wolf looked at the car door knocked open by Lin Kai's shoulder, speechless for a long time.

This car door is made of bulletproof material, and the car lock is also a car lock made of special materials, but Lin Kai can use his body to smash the car door open. How much perverted strength is needed?

Even if the mountain wolf is allowed to come by himself, there is no confidence that it can do it.

Looking at the bottom of the car that was stepped on by Lin Kai, there was already a footprint on the bottom of the car, half a thumb deep, and the footprints were very clear.

Coupled with the roar of Lin Kai just now, his movements and aura are like a mad rhino!

“Rhino sticks to the mountain? What kind of trick is this? So powerful!” The wolf frowned and asked.

The mountain wolf used to belong to Shaolin Temple and had a certain understanding of martial arts of all major schools, but at this time he frowned and shook his head.

“I haven't heard of it at all. Rhino sticks to the mountain? I'm afraid this is a wild way?” The mountain wolf muttered to himself, touching his chin.

Zhuang Yan chuckled and laughed: “Haha! Ye Luzi Kungfu? Then your Shaolin Kungfu is not even counted as Ye Luzi?”

“Fuck you!” The mountain wolf slapped Zhuang Yan.

“This kid has given us so many surprises. It seems that Langtou recommended him to us for a reason.” said the wolf.

“Half a day has passed, and the three of us still haven't caught him. If we can't catch him within a day, we will lose the face of our Spike Team.”

As soon as the wolf said these words, Zhuang Yan and Zheng Sanpao stopped frolicking and looked at the wolf with serious faces.

The wolf said indifferently: "Drive, follow this kid, you must catch him before dawn!"

"Yes!" Zhuang Yan agreed, started the car, and continued to chase Lin Kai.

...

After running wild for ten minutes, Lin Kai sat down against the wall, ready to rest for a while.

Turning on the system in his mind, Lin Kai checked his current attributes.

Host: Lin Kai

Age: 19

Sex: Male

Strength: 140

Speed: 100

Reactions: 140

Stamina: 100

Defense: 300

Heart of the strong: 20/100

Skills: God Eye (Silver), Watermelon (Silver), Plastic Bag (Bronze), Ganoderma (Gold), Tortoise (Bronze), Mountain Stone (Silver), Yuri (Silver), Furious Ape (Silver), Rhino Mount Rely on (Silver), Flathead brother extraction ability (Half God level) (not available)

Self-created skills: Ghost Kill (Silver)

Upgrade points: 200

Attribute points: 0

At present, all of Lin Kai's attributes are over 100, his speed and physical strength are about ten times that of ordinary people, his reaction and strength have reached a terrifying 140 points, and his defense has reached a terrifying 300 points.

But even such a powerful Lin Kai was chased by the three of the wild wolf!

The attributes of the three of them may not be as strong as Lin Kai, but each of them has extremely rich combat experience, and the team's ability to cooperate is very tacit, which will allow them to chase Lin Kai all the way.

But Lin Kai is a person who refuses to admit defeat. He is not willing to be eliminated like this. Many people in the Lin family are waiting to see him joke, Lin Kai will not give up halfway!

After resting for two minutes, Lin Kai stood up and continued to trot forward. He didn't dare to stay in one place for too long. The wild wolves would catch up at any time.

It is now more than two o'clock in the night, and the small alley is pitch black. Although it cannot be said that you can't see your fingers, the visibility is definitely not high.

As Lin Kai walked, he noticed that there seemed to be a few light spots ahead.

The little light spot was shaking constantly, and was approaching herself quickly.

Are the wild wolves catching up? impossible! The wolf should be behind him, he shouldn't run over from the front!

As the small light spot approached, Lin Kai heard a burst of anger: "Don't run! You two stop me! Give up! As long as you give up, you will be served delicious and delicious immediately!"

Policemen?

Taking a closer look, Lin Kai saw that a dozen policemen were chasing two people with rubber batons and flashlights, and Lin Kai knew the two people being chased.

One is a fat guy from Lin Kai's own company, and the other, although not in the same company as Lin Kai, is very righteous. He is Li Erniu.

At this time, Fatty and Li Erniu were panting, and ran in front of the police together, but their speed kept slowing down, obviously they couldn't run.

The exercise started in the evening, and the police chased them from the evening to the middle of the night without stopping them. At this time, their physical strength had reached their limit.

With a plop, the fat man sat down on the ground and said angrily: "What kind of **** exercise, is there a bit of a human setting? Give us a broken tracker bracelet and let a group of police chase us in shifts. Who can do it? Live? I won't run away! What's your love!"

Li Erniu was also exhausted. He patted the fat man on the shoulder and said helplessly: "Brother, run quickly. If you don't run, you will be eliminated."

"I'll be eliminated, I won't run anyway!" Fatty looked like a dead pig was not afraid of boiling water.

Li Erniu was also helpless. The two of them had just such a delay. A dozen policemen had already chased them up and quickly surrounded them.

The leading policeman was a thin man, who seemed to be a captain. The captain wiped the sweat from his head and tilted his head.

"You two, why are you running? The murdered Laozi chased for a long time! Handcuffed and taken away!" The police captain waved his hand and motioned to the other policemen to handcuff the two men.

"What kind of **** special forces, that's all." The police captain whispered while fanning his hat.

"What are you talking about?" Hearing this, the tempered fat man became anxious. He stood up and said angrily: "I have the ability to single out with Laozi! I don't believe I can't kill you!"

The police captain glanced at the fat man up and down, and smiled: "Haha, singled out with me? Don't all the special forces in the TV series fight a dozen? Are you embarrassed to single out with me? Sorry, you have now been eliminated! "

"You!" The fat man became angry and blushed.

The TV series really exaggerated the special forces. Where are there so many dozens of special forces? It's extremely rare. Although Fatty has performed well in the company, you can let him hit three or four, or more than a dozen. He is not a god.

But being so insulted by the police captain, the fat man really couldn't bear it, but he couldn't help the police captain.

Suddenly, the fat man looked behind the police captain, was taken aback, and then sneered.

"Hehe, a dozen dozens, right? I will show you what a dozen dozens are today!" The fat man smirked with a smile.

"You can still laugh at this time?" The police captain glanced up and down at the fat man, and rolled his eyes.

At this moment, a white-skinned hand was placed on his shoulder.

Chapter 149: Dozens Of People

Chapter 149

“Who?” The police captain asked when he saw Lin Kai who was handsome and narrowed his eyes.

Lin Kai moved his hands and feet and said with a smile, “A dozen people!”

With a bang, Lin Kai directly hit the police captain’s door, and the police captain snorted, blood spurted from his nose, and Lin Kai punched him to the ground.

As soon as Lin Kai started, dozens of other policemen looked at Lin Kai. After seeing the bracelet on Lin Kai’s wrist, they immediately understood that Lin Kai is also a special soldier!

“This person is in the same group as them! Go!” A policeman shouted, and a dozen policemen carried their batons and went up.

Even more than a dozen armed policemen were not Lin Kai’s opponents, let alone these policemen. Lin Kai tilted his head and kicked a person.

After that, Lin Kai entered the flock of sheep like a tiger, and within a minute, all these people were knocked to the ground by Lin Kai alone.

These policemen screamed while rolling on the ground, their eyes looking at Lin Kai full of fear.

Its too scary to hit a dozen by one person, right? The plot in the TV series really appeared?

Before they met Lin Kai, these policemen did not believe that there would be a dozen or so special forces, but now they believe that there are such abnormal special forces!

A dozen of them are not enough for others to move their muscles and bones.

At this time, the fat man stood up from the ground cursingly, looking at the police captain’s face full of complacency.

“Aren’t you crazy? This is the captain of my Wolf Warriors squadron. Beating you is the same as beating children. You dare not look down upon our special forces!” The fat man said with a look of relief.

The captain of the police was holding his nose and he couldn’t say anything. It was a grievance in his heart. He was only ordered to arrest these special forces without saying that he would be beaten!

Now that he was beaten, he still didn't dare to speak, he was aggrieved.

Lin Kai patted the fat man's head, and said, "Hurry up, the wild wolves will catch up in a while!"

Hearing that, Fatty's eyes widened, those three ace special forces?

The fat man was exhausted enough to be chased by this group of police. If he was chased by the three ace special forces, he would be caught in a few minutes.

The fat man waved his hand, as if a dead pig was not afraid of boiling water.

"Captain, I won't run anymore. I can't run anymore. They will eliminate me if they want to eliminate me. Anyway, I have no energy to run." The fat man looked very awkward.

However, Li Erniu gritted his teeth and could stand up. It seemed that he still had enough energy.

Li Erniu is one of the heroes in the scabbard. His physical strength is naturally much stronger than that of the fat man. He gritted his teeth and said: "Lin Kai, I will run with you, big brother, if you don't run, you are Will be eliminated!"

When the fat man heard this, he also thought of his fate after being eliminated.

I have worked so hard to become a special force, isn't it just to be able to shine after returning home? If you are eliminated at this critical moment, what face will you have to face your parents when you go back?

Just as the fat man was hesitant, there was a roar of cars, and I saw a jeep coming from behind Lin Kai! The wild wolves have caught up!

"Run!" When he was in a hurry, Lin Kai didn't care about anything, he carried the fat man on his shoulder with one hand, and Li Erniu on his shoulder with the other, and ran away!

The weight of these two goods is three hundred catties! From afar, I thought it was a super monster running in the alley.

Zhuang Yan's eyesight is very good. He is a sniper after all. He squinted and showed a shocked expression on his face.

"This kid, is he going crazy? It's not enough to run by one person, but he still runs with two people together. This has to be a load of one hundred and fifty catties!" Zhuang Yan said in surprise.

Hearing the words, the wild wolf sneered: "Hehe, I don't know what I can do, and he weighs 150 kilograms. How far do you think he can run?"

Upon hearing this, Zhuang Yan and the mountain wolf looked at each other and shook their heads.

With a load of 150 kilograms, even their trump card special forces can't run far, and they can only survive ten kilometers, let alone Lin Kai?

Besides, with a load of 150 kilograms, how fast can Lin Kai run? Sooner or later they will catch up!

"This kid is quite loyal, but he has basically been eliminated when he meets us." Mountain wolf Zheng Sanpao smiled confidently.

As soon as Zhuang Yan stepped on the accelerator, with a bang, the jeep chased Lin Kai directly!

The speed of the jeep was very fast. No matter how fast Lin Kai, he couldn't run the car. I saw that the distance between him and the jeep was getting closer. As long as two more minutes passed, Lin Kai would be overtaken by the jeep!

At this time, the wild wolf took out the microphone on the jeep and shouted into the microphone: "Rookie! Stop struggling indifferently. Carrying them on your back, you can't run fast! In this way, you throw them down, you There is still a chance to live longer!"

Lin Kai gritted his teeth without saying a word, and ran all the way carrying two people.

The fat man smiled bitterly on Lin Kai's shoulders. He once saw Lin Kai carrying 100 kilograms and running for 10 kilometers, but now he is carrying 50 kilograms heavier than before. Lin Kai's speed will definitely be slowed down.

If this continues, Lin Kai will be eliminated sooner or later!

"Captain, let me go down. If this goes on, we will be eliminated sooner or later!" The fat man said anxiously.

Li Erniu also stubbornly said: "Lin Kai, let me go down, I can still run!"

"Shut up!" Lin Kai roared and said, "Let you go down, and you will all be eliminated! Lin Kai is not the kind of person who can't save you!"

This is Lin Kai's sincere words. Fatty is his comrade-in-arms, and Li Erniu has fought Thunder for himself. For such friends, Lin Kai will never abandon them!

Lin Kai wants to escape here with them! Survive together!

The fat man was actually moved by Lin Kai at this time, and he recognized Lin Kai as the captain in his heart.

Suddenly, things took a turn for the better. On the side of the alley, a dark alley appeared in front of Lin Kai.

Lin Kai's eyes lit up, the alley was very narrow and it was not a problem to run personally, but the jeep would never get in!

As long as they give up the jeep, they have the hope of taking them out!

right here! Without a word, Lin Kai turned around and rushed into the alley.

With a stab, the jeep stopped at the entrance of the alley. The wolf looked at Lin Kai's back in the alley and smiled.

The wild wolf got off the jeep, moved his hands and feet, and the flames of war ignited in his eyes!

Zheng Sanpao also laughed: "The captain is crazy! The wild wolf has won the championship of our Southeast Military District in long-distance running and sprinting. Lin Kai wants to compare the speed with the captain with two people behind his back. It's just looking for death!"

Chapter 150: Comparing Speed With Wild Wolf

150 Comparing Speed with Wild Wolf

The wild wolf looked indifferent and waved his hand: "You come to the front to stop these three rookies, I will chase them."

"Good!" Zhuang Yan promised, and when he stepped on the gas pedal, the jeep rushed out.

After the wild wolf moved his hands and feet, he made a starting position. Then, the wild wolf suddenly kicked on the ground, with a bang, a brick on the ground was crushed by the wild wolf's foot. , And the wild wolf flew out like a bullet!

With a swish, the wild wolf rushed into the alley!

The height of the wild wolf is very high, and the legs are very long, his physical strength is not weak, the speed is naturally fast!

And Lin Kai also heard the footsteps behind him, and when he looked back, he saw the wild wolf approaching him quickly!

“Damn! So fast?” Lin happily exclaimed.

The wild wolf was approaching Lin Kai quickly, and Lin Kai kept his speed at around eighty in order to maintain his physical strength. Now that the wild wolf has caught up with him, he did not spare any energy, and even activated the Mountain Rock skill. It broke out at a speed of one hundred and twenty, and the body blew past like a gust of wind.

call!

Seeing that the wild wolf was about to catch up with Lin Kai, Lin Kai suddenly accelerated, and suddenly left the wild wolf behind him.

The wolf was visibly stunned. The speed just now was not his full speed?

You know, with a load of 150 kilograms, it is already very strong to run at the speed just now!

The wolf thought that his fastest speed was like that, but now, Lin Kai gave him another surprise, his explosive power is really too strong!

With a load of 150 kilograms, it is really powerful to run at such a fast speed! His speed is comparable to a cheetah!

But then the wild wolf's face showed a look of disdain, what about the explosive power? With a load of 150 kilograms and running so fast, I believe he will be exhausted in three minutes.

After all, he is not a superman. The wolf has never seen a person with such a strong physical quality. Lin Kai can do this, and he is already very good. When he catches Lin Kai in a while, he will return to the Southeast Military Region and the wolf will also praise it. One quarantine.

After all, he is just a recruit.

The wild wolf did not spare any energy, and ran out quickly! The wild wolf finally showed his true speed, and in his heart, there was also a feeling of catching hunters!

After catching Lin Kai in a while, you will know how terrifying my speed is!

The speed of the wild wolf's full burst should be around 110 points, but it is still ten points short of the current Lin Kai. He has never been able to catch up with Lin Kai, and even was stretched a little bit by Lin Kai. .

After running for about three minutes, a look of horror appeared in the eyes of the wild wolf.

How can it be? This kid carried a weight of 150 kilograms and was able to run at such a fast speed. The wild wolf really couldn't think of how terrifying energy is contained in his weak body!

If he doesn't bear the weight, isn't he going to throw himself two blocks away?

The wolf, who had never lost to anyone in speed, was hit for the first time and was hit by a recruit.

His physique is really too strong, his speed is not only fast, the most terrifying thing is his physical strength!

That's one hundred and fifty kilograms! Carrying 150 kilograms and running so fast, running for so long, a wild wolf has never seen a person with such a strong speed and physical strength.

Lin Kai refreshed his worldview once again, is it possible that he is possessed by a superman?

The wild wolf's heart seemed to have set off a stormy sea, but two people were more shocked than them.

They are Fatty and Li Erniu.

Fatty and Li Erniu's eyes widened on Lin Kai's shoulders, and their eyeballs almost fell to the ground.

Now they felt like they were riding a motorcycle, and the wind around their ears was blowing, and Lin Kai didn't mean to slow down at all.

I have been carrying the two of them for ten minutes, and the speed has not slowed down.

The fat man was shocked, so he doubted whether Lin Kai had been hanging up, not to mention his speed, his physical strength was still so strong!

The level of surprise in Li Erniu's mind is comparable to that of Fatty. Li Erniu has always thought that although Lin Kai is tough, He Chenguang and Leng Feng are still comparable to Lin Kai.

But only now did he realize that Lin Kai's strength was more than that of He Chenguang and Leng Feng!

At such a fast speed, which of He Chenguang and Leng Feng can run out?

Not to mention such a fast speed, it would be difficult for them to run 10 kilometers with a load of 150 kg!

Lin Kai can be said to have abused He Chenguang and Leng Feng!

Finally, there was a turn in front of the alley, Lin Kai slammed the brakes, turned directly into another alley, and dashed away.

After a while, the wild wolf was sweating and chased to the corner, but when he turned his head, Lin Kai had disappeared.

Lost it!

At this time, the face of the wild wolf was hot red, and the captain of his own dignified wolffang special brigade, when the rookie was carrying two people on his back, he also lost them. If this matter is spread, it would be really shameful. !

With a flash, a jeep stopped in front of the wild wolf. The wild wolf and the Siberian wolf poked out their heads at the same time, looking for Lin Kai's figure.

But after looking around, they didn't find Lin Kai either.

Run away by him? impossible! The speed of a wild wolf is unmatched in the Southeast Military Region. How could that kid run with two people on his back?

"Wolf, how about people?" Zheng Sanpao asked.

The wild wolf looked gloomy and didn't say a word. He got into the jeep, picked up a bottle of mineral water, and drank it directly.

"Go, find a place to rest for a while, and continue to catch them tomorrow." The wolf said lightly.

As soon as this sentence came out, the mountain wolf and the Siberian wolf looked at each other, and there was a look of horror in their eyes.

Is it possible that even the wild wolves did not catch them?

Moreover, it seemed that the confidence of the wild wolf seemed to have been hit. Could it be that he felt that he could not catch Lin Kai tonight, so he chose to take a rest?

Zhuang Yan knew that he could not talk to the wolf at this time, otherwise the wolf would get angry and the consequences would be serious! He can only drive silently to find a place to rest.

The mountain wolf was sitting in the position of the co-pilot, looking out the window, and felt a sense of failure in his heart. The trump card special forces of his own dignified wolf-tooth special brigade caught a brat who had just entered the special forces, but he couldn't catch it. ?

Sitting in the car, and his position, he is even more well-equipped, so he can't catch such a recruit?

The thoughts in the wild wolf's heart are more complicated. His most confident place is his speed, but today he was abused by a recruit. The feeling in his heart is that of strength!

This kid, has the speed caught up with the cheetah?

Chapter 151: Camouflage

Chapter 151

After getting rid of the wild wolf, Lin Kai ran for ten kilometers at a stretch, and then let the Fatty and Li Erniu down.

After running for so long with these two goods on his back, Lin Kai's face was not red and his heart beats. Except for a small amount of sweat on his forehead, everything else looked like a okay person.

This caused the fat man to curse pervertedly in his heart. After running more than ten kilometers with a weight of 150 kilograms, he did not feel tired. In the entire Southeast Military Region, there is probably no one with more physical strength and speed than Lin Kai.

After taking a break, Lin Kai glanced at Fatty and said, "Fatty, Erniu, you two run separately. Don't be together, otherwise they will catch you more easily."

"Don't be with me, the wolf and their goal is me, as long as you are not with me, they will not deliberately target you."

After hearing Lin Kai's words, the fat man asked curiously, "Why did the wild wolves target you? I heard that the wild wolves haven't been out of the mountains for several years. This time it was just a recruit exercise, and it wouldn't be enough to disturb the three of them. Right?"

Lin Kai shook his head with a wry smile: "I don't know that, I only know that I'm in danger at all times. These three boys may chase and kill me day and night!"

"Don't tell me, Fatty, Er Niu, it's too dangerous to be with me, I will withdraw first!"

Lin Kai patted Li Erniu's shoulder and Fatty's shoulder, without saying anything, he flew away.

Li Erniu looked at Lin Kai's back with a look of envy: "I can be as strong as him anytime."

Hearing this, the fat man rolled his eyes: "Like him as strong? Like him being chased by all kinds of people? If I say, let's be ordinary big soldiers, safe and stable, better than anything!"

Li Erniu showed a helpless smile, and the two slapped their hands, and also parted ways.

After running around for most of the night, Lin Kai also felt exhausted physically and mentally. He was also a human, not a god, and needed to sleep.

But who knew if the three wild wolves were still chasing Lin Kai, this made Lin Kai dare not stop.

It is three o'clock in the night. At this time, there is no one on the road, and occasionally one or two pedestrians pass by. The road can be described as empty.

Yes!

Lin Kai's eyes lit up. In his memory, there was his own VIP member in the nearest entertainment club here. Although Lin Kai did not get a card now, no one knew Lin University in the high-end entertainment venues in Jiangbei. less?

Although the wild wolves are powerful, they need to apply for a membership card worth one million to enter the super VIP room of the club. They can't get a million no matter how powerful they are?

When Lin Kai thought of this, he ran to the entertainment club called Yemao nonstop.

Sure enough, as soon as they entered the gate, the two beautiful welcoming ladies immediately recognized Lin Kai's identity, each with a mouthful of Lin Shao, and their eyes were ambiguous.

Lin Kai was greeted in and booked a top-class private room. He took the elevator to the fifth floor. After entering the private room, Lin Kai lay on the sofa, his eyelids as heavy as lead-filled, and fell asleep.

The manager of the night cat entertainment club was also stunned. He watched as Young Master Lin entered the Sky Room alone, and had not yet found the young model in the club. It was not like Young Master Lin!

Lin Kai was really tired. He slept very sweetly. In his dream, he also dreamed of Lin Qingyi, the beautiful eye nurse he had met in Jiangbei.

With this sleep, Lin Kai slept from three o'clock in the morning to eight o'clock in the morning, sleeping for five hours.

For ordinary people, five hours of rest is definitely not enough, but for a monster like Lin Kai with very strong physical strength, five hours is enough.

At eight o'clock in the morning, Lin Kai woke up, shook his head, and ran to the bathroom to wash his face.

There was a fruit plate on the table, Lin Kai casually grabbed two bites of fruit, and after eating the fruit, someone knocked on the door outside the room.

The alert Lin Kai looked at the door and asked, "Who?"

"Breakfast." A tender voice replied outside the door.

Hearing such a tender voice, Lin Kai's vigilant heart relaxed more than half at the time. The three big bosses of the wild wolf certainly did not have such tender voices.

Looking outside through the cat's eyes, Lin Kai did see a waiter in red carrying breakfast, no one else beside him.

Opening the door, Lin Kai let the waiter in.

The waiter looks like he is about 30 years old, he is a bit burly, but his face is white, he still has a beard on his chin, and his double eyelids.

"Sir, your breakfast, please use it slowly." The waiter put the tray on the table, Lin Kai glanced at it, oat milk, two omelettes and some slices of bread. The service of this top entertainment club is intimate, although they do not have a breakfast business here, they will make a special trip to provide Lin Kai with breakfast in order to make Lin Kai happy.

Before the tray was placed on the table, Lin Kai reached out to get the slices of bread, but at this moment, the waiter moved his hand out from under the tray, and a black pistol appeared in front of Lin Kai!

At this time, the warning cat's eye on Lin Kai's chest vibrated very frequently!

in danger!

Lin Kai's 140-point reaction ability exploded at that time, with a bang, the waiter pulled the trigger, and a bullet was shot into Lin Kai's chest!

However, Lin Kai, who had quick eyes and quick hands, directly pinched the bullet with two fingers!

With a clatter, Lin Kai threw the bullet onto the table. It was an anaesthetic bullet with a plastic shell. There was a small silver needle on the top of the bullet. Although Lin Kai's defense power was strong, the silver needle was so small, Lin Kai can't help it.

"I rely on..." At this moment, the voice of the waiter changed and the voice of the mountain wolf appeared.

Lin Kai actually clamped his anesthesia bomb with his hands?

Although the power of the anesthesia bomb is not great, and it is made of a plastic shell, Lin Kai's strength is so strong, theoretically, as long as the speed and response are fast enough, he can hold the anesthesia bomb.

But theory is theory after all! The bullet shooting speed is very fast! Even if this is a small caliber pistol.

The mountain wolf asked himself, he has no ability to pinch the bullet with his hand, how fast is this to react?

Reactivity is very difficult to train, speed and strength can be trained, and the effect is very fast, but the reaction ability is very difficult to train. Some people are smart and are born like this, and some people are dull, no matter how training they are, they will not react fast.

But Lin Kai's reaction just now was so fast that others could not see his movements!

The mountain wolf knew that if the reaction was fast and the body couldn't keep up, it would be no good, but the horrible thing was that Lin Kai's reaction was not only fast, but his hands could also keep up!

"Mountain wolf?" Lin Kai narrowed his eyes and stood up from the sofa, staring at the wolf with a vigilant look.

Chapter 152: Catch The Bullet

Chapter 152

After two steps back, Lin Kaixin muttered the mountain skill in silence.

When Shanshi skills were activated, Lin Kai's reaction ability and speed increased by 20 points each.

In other words, Lin Kai now has a 160-point reaction and a 120-point speed, so terrifying!

When the God Eye skill is activated, once the God Eye skill is activated, the movement of the mountain wolf will slow down a bit in Lin Kai's eyes.

Unexpectedly, even if they escaped to the top private room where this millionaire is eligible to enter, they still have a way to get in, and pretend to be a waiter, even their voice can be changed.

If his reaction and speed are not so fast, I am afraid that he has been shot by the shot just now.

The mountain wolf narrowed his eyes and stared at Lin Kai: "I don't believe it, your reaction is so fast, you can catch the bullet empty-handed!"

The hand that Lin Kai used just now really shocked the mountain wolf, but the mountain wolf didn't think it was Lin Kai's strength. In his opinion, it must be Lin Kai's luck. The blind cat met the dead mouse. The anesthesia bomb was clamped by hand.

At that time, the mountain wolf raised the pistol in his hand, aimed it at Lin Kai's chest again, and fired with a bang!

A narcotic bomb fired at Lin once again, and Lin Kai was prepared this time, and in the eyes of the gods, the speed of the narcotic bomb was slowed down a lot. At that time, Lin Kai waved his fingers. , With a snap, once again clamped the narcotic bomb with his fingers!

That is, the anesthesia bomb, as if it were a live ammunition, Lin Kai would have some difficulty in clamping it, but because the anesthesia bomb was relatively light in size and less powerful, as long as Lin Kai's speed, reaction and strength each reached more than 100 points , You can clamp the anesthesia bomb with your fingers.

This hand frightened the mountain wolf. If it was luck the first time, what about the second time?

The mountain wolf's eyes widened, his face was incredible, and with a piercing sound, the mountain wolf tore off the human skin mask on his face, and his eyeballs were almost on the ground.

Since the mountain wolf has been in service for so many years, there has never been anyone who can hold a bullet with his hand, even if it is a narcotic bomb!

"I don't believe in this evil!" The mountain wolf has never seen such a miraculous scene. He doesn't believe in this evil. You can catch a shot, but what if Lao Tzu fires several shots at the same time?

boom! boom! boom! boom! boom! boom!

A series of shots sounded, and the mountain wolf fired several shots in one go! Several anesthesia rounds fired at Lin Kai one after another!

Lin Kai's eyes narrowed, there was no expression of fear on his face, and he saw his hands move quickly in the air, swiftly!

After a few strokes, Lin Kai's hand stopped in the air, and there were six anesthetic bombs sandwiched between his fingers!

As soon as he let go, with a click, all the anesthesia bombs fell to the ground.

The mountain wolf wanted to pull the trigger again, but there were no more bullets in the gun.

The mountain wolf wondered if he was dreaming at this time. Lin Kai's empty-handed clip bomb really refreshed his worldview. Is there really such a capable person in this world?

Lin Kai once again gave the mountain wolf a huge surprise!

But Lin Xinxin was a little panicked. He didn't know if the wild wolf and the Siberian wolf also followed. After seeing that the wolf's gun had no bullets, he swished directly out of the private room and fled away.

But the mountain wolf has no desire to chase Lin Kai at all. Even the wild wolf loses to Lin Kai in speed, can he catch up with Lin Kai?

The mountain wolf glanced at the pistol in his hand, smiled bitterly, and cursed himself that it was useless, pinned the pistol in his belt, and walked out of the private room with disappointment.

And not far from the night cat entertainment club, a military jeep parked there. The door and the bottom of the car that were kicked by Lin Kai yesterday have been repaired. The wild wolf and the Siberian wolf sat in the car and waited. Good news for the triumphant return of the mountain wolf!

After positioning Lin Kai to come to the night cat entertainment club, they arrived here at seven o'clock in the morning. After some discussions, they decided to let the mountain wolf act alone.

It is true that they can't get all the VIP boxes in, but the mountain wolf has learned disguise and voice change, so he is the most suitable.

In the morning, when the spirit of one person is most relaxed, the wolf will attack Lin Kai by himself. Is it possible that he will fail?

The Siberian wolf smiled slightly and said: "Wild wolf, this time, that kid Lin Kai is inevitable. I have seen the voice change technique of mountain wolf, and I really can't tell it is him."

"With the addition of a human skin mask covering his face, I don't believe Lin Kai can recognize a mountain wolf!"

The wild wolf also nodded and said indifferently: "The disguise of the mountain wolf is really powerful. This time he injected ten times the anesthetic into the bullet. I don't believe it. No matter how strong he is, he can withstand ten times the effect of anesthesia. Anesthesia bomb!"

The Siberian wolf also laughed, and the two waited for the good news of the triumphant return of the mountain wolf.

Soon after, the mountain wolf walked out of the night cat entertainment club. The Siberian wolf and the wild wolf looked at the wolf at the same time. They saw that the mountain wolf walked out of the night cat entertainment club alone, leaving nothing behind. One thing, there is no shadow of Lin Kai at all!

what happened? Could it be that the arrest failed again?

The mountain wolf got into the jeep, slammed the door shut, and threw the pistol in the hand on the back seat.

The wolf turned around and asked, "Where is Lin Kai?"

The old mountain wolf blushed, and he was embarrassed to answer the wolf's question, and said stammeringly: "Well...then...ran away..."

"Running?" The wild wolf and the Siberian wolf widened their eyes and looked incredible.

The mountain wolf personally attacked, could this make Lin Kai run away?

Recalling the appearance of Lin Kai running wildly with a weight of 150 kilograms yesterday, the wolf was shocked. Is it possible that even a ten-fold anesthetic bomb is useless to him?

"Could it be that the narcotic bomb is of no use to him?" the wolf asked with a frown.

The old mountain wolf blushed, shook his head, and said, "It's not... what, I... I didn't hit him at all, he just ran away..."

"Huh?" The wild wolf had a surprised look. He knew how to shoot the wild wolf. Although it was not as good as Zhuang Yan, it was much better than the general special forces. In addition, it was a sneak attack. Not in?

The mountain wolf didn't have the face to answer the wild wolf's question, and said: "You can adjust my monitoring and check it out. I can't say that. Maybe you don't believe it. You should check it yourself."

The mountain wolves, Siberian wolves, and wild wolves each have cameras installed on their bodies. They must record every scene of the arrest of Lin Kai, and then hand them over to He Zhijun to submit evidence of completing the mission.

Hearing that, the wild wolf brought the computer from one side and began to adjust the monitoring of the wild wolf.

Soon after, the mountain wolf appeared on the screen. He knocked on the door with the tray and entered Lin Kai's room. Lin Kai didn't doubt it at the time.

Afterwards, the mountain wolf took out the pistol from under the tray and shot it at Lin Kai's chest. Between the sparks and sparks, Lin Kai stretched out his **** and directly caught the bullet!

With a click, the laptop in the wolf's hand was directly shocked to the ground.

"I fucking..."

Chapter 153: Teacher Tony

Chapter 153 Teacher Tony

Even the wild wolf, who has always been very calm, couldn't help but burst out a **** at this time and took the bullet empty-handed. Are you sure this is not making a movie?

At that time, the jaws of the wild wolf almost fell to the ground, and the expression on the face of the Siberian wolf was also very wonderful.

The three are all ace special forces, what big scenes have you never seen? But they had never seen the bullets empty-handed.

The wolf picked up the computer and continued to play. He had the same idea as the mountain wolf at the time. Is this kid simply lucky?

In the video, the mountain wolf fired another shot at Lin. With a snap, Lin Kai caught the bullet again!

The wolf almost bit his tongue, controlled his mood, and forced to watch.

Next, I saw the mountain wolves banging and banging, shooting out six bullets in one go! I saw Lin Kai's hands waving in the air, and even only the afterimage was seen in the video. After a second, six anesthetic bombs appeared in Lin Kai's hands!

The video ends here. The mood of the wild wolf and the Siberian wolf cannot be calmed for a long time.

As the ace special forces, they thought that their overall qualities were already very strong, but for Lin Kai, suddenly, they felt that they were not as good as a recruit.

The wild wolf took a breath, and after a while, he said in a trembling tone: "The speed of the narcotic bomb is not fast, and it is a pistol. In theory, if the speed response and strength are strong enough, it can be done. To catch the bullet empty-handed."

"But I have been a soldier for so many years, and I have never seen a soldier who is outstanding in speed, strength and response. Lin Kai is a good seed, no, he is a monster."

The wolf gave Lin Kai a very high evaluation.

You know, as the captain of the Wolfya Special Brigade, the wild wolf has a very high vision. Otherwise, after so many years, the Wolfya Special Brigade cannot have only a few people, because all the newcomers, the wild wolf cannot look down upon. eye.

As a wolf head, He Zhijun has often recommended recruits to the wild wolves during the period. The recruits recommended by He Zhijun have performed very well in the recruit company or in their respective companies.

But none of them can enter the eyes of the wild wolf.

After a long time, the wild wolf also began to bother He Zhijun recommending new people to him, so he simply released the news that the Spike Special Brigade has been disbanded, you new recruits, don't bother me anymore.

This time, He Zhijun found the wild wolf again, and vowed to him that he had found a good seed. If the wild wolf still looks down on it this time, from then on, He Zhijun will never introduce new people to him.

The wolf agreed.

Originally, the wild wolf did not hold much hope, after all, his vision was too high, and even a good seed like He Chenguang Lengfeng could not enter his eyes.

Unexpectedly, unexpectedly, He Zhijun really gave him a great surprise this time!

Lin Kai!

A man who made a mountain wolf suffer in close combat, a man who was so strong that he was not afraid of narcotic bombs, a man whose speed could not even catch up with a wild wolf, and a monster that could hold bullets!

His appearance made the wild wolf seem to see the hope of the rise of Chinese soldiers.

“Fourteen hours have passed, and more than half a day has passed. We haven’t caught that little bunny.” The wolf said helplessly.

“Next, mobilize all armed police to arrest Lin Kai in all directions, and strive to capture him within three hours!”

“If you postpone it any longer, we will lose all the faces of our Spike Team.”

The wolf gritted his teeth and said.

Both the Siberian wolf and the mountain wolf nodded heavily. Next, the three of them will give their best to arrest Lin Kai. The three of them will go together, and they will never give Lin Kai a chance to breathe.

“Locate Lin Kai’s location!” the wild wolf ordered.

The Siberian wolf took over the computer for a while and found that Lin Kai was moving fast on the map. It didn’t look like he was running at all, but rather like taking a taxi, because the red dot on the map would actually wait for a traffic light.

“Wild wolf, he took a taxi.” Siberian wolf said.

Hearing this, the wild wolf said indifferently: “Share the location with the nearby armed police soldiers, mobilize all police forces to force the taxi to stop, Siberian wolf, use the fastest speed to intercept Lin Kai!”

“Yes!”

...

In the taxi, Lin Kai sat in the back seat, closed his eyes and looked sad.

In the seven days of the exercise, he only survived for fourteen hours. The wild wolves were really tricky. In seven days, even if they were fighting in a wheel fight, they would grind Lin Kai out of energy.

During these fourteen hours, Lin Kai was so nervous even when she slept, Lin Kai had to go crazy if this continued!

I was too passive. I was wearing a **** tracker on my wrist, and I didn't let it take it off. They always control their position, how do they run?

Besides, each of the three of them has a large-destructive weapon, a sniper rifle, a rifle, and a submachine gun. How do you fight with them?

Lin Kai was very lucky to live for 14 hours.

If the instructor is eliminated, can you survive?

Suddenly, a very bold idea appeared in Lin Kai's mind. He looked at the bracelet on his wrist.

If you don't let yourself take it down, you can let it not send a signal!

If the three instructors lose their signal and look for themselves in the vast sea of people, it will be like finding a needle in a haystack!

Suddenly, Lin Kai saw the taxi driver's hairstyle, and the dead man's tin foil was hot!

"Master, where did you get this hairstyle?" Lin Kai asked suddenly.

The driver of the car stroked his hair and smiled, and said: "Any small hair salon can get it for only one hundred yuan."

"So, Master, can you take me there?" Lin Kai asked.

...

Ten minutes later, Lin Kai successfully came to the small hair salon that the taxi driver said, and walked in with the taxi driver.

It's still a small hair salon. The place is not big, there are not many people, and the environment is average. The barber is a middle-aged man in his thirties with exploding green hair.

"Brother Wang, are you here? Want to change your hairstyle?" The barber saw the identity of the taxi driver at a glance.

The taxi driver smiled and shook his head: "No, this little brother is looking for you."

He pointed to Lin Kai.

Lin Kai smiled slightly and glanced at his wrist. The black tracker bracelet in his hand was still shining red. I believe it won't be long before the wild wolf will chase him.

The barber looked at Lin Kai, smiled, and introduced: "Hello, I am the chief hair stylist of this barber shop, Tony."

Lin Kai almost laughed when he heard it, but still shook hands with him politely, and said: "Tony teacher, hello, I only give you ten minutes, within ten minutes, if you can take it In the case of the bracelet, I wrap it tightly with tin foil, and I will give you ten thousand."

Chapter 154: Tracker Failure

Chapter 154: Tracker Failure

Although the giant Shaolin Kai is a scumbag, but the reincarnated Lin Kai is a scholastic tyrant. He understands that tin foil is an item that can prevent the emission of electromagnetic waves.

The tracker simply relies on sending electromagnetic waves to let the wild wolves locate their position. As long as they use tin foil to shield the signal sent by the tracker, the wild wolves can no longer locate themselves.

Tony was visibly stunned. Is there any such kind of business delivered to the door?

The price of tin foil is not very expensive, let alone Lin Kai gave him ten thousand yuan, even if he gave him ten yuan, he would do the job!

"Let me take a look." Tony glanced at the bracelet on Lin Kai's wrist. After taking a look, he said, "It's not a big problem, but can you get ten thousand? In this way, I don't want ten thousand, you give I am a hundred dollars, I will do this job!"

Tony obviously didn't believe that Lin Kai could put out ten thousand to let him do such a small job.

Lin Kai smiled slightly and said, "Brother, borrow your cell phone to use it."

Tony handed his cell phone to Lin Kai, Lin Kai made a call, and then returned it to Tony.

"Okay, hurry up and work now." Lin Kai urged.

Seeing Lin Kai's urging, Tony didn't dare to delay, maybe he really met some big money.

Tony took the tin foil, tore it apart, and wrapped it on the bracelet on Lin Kai's wrist with tweezers.

The action is very cautious, but the difficulty is not great.

Ten minutes later, the bracelet on Lin Kai's wrist was completely wrapped in tin foil, and it was also covered with a layer of plastic wrap so that the tin foil would not fall off.

Lin Kai looked around and was very satisfied.

There was a slam of the brakes, and an armed police armored car was seen parked in front of the barber shop. Lin Kai saw it, and fled out with a whoosh!

Lin Kai got into an alley at random and dashed.

A dozen armed policemen jumped off the armored police car and rushed directly into the alley to pursue Lin Kai.

Tony and the taxi driver were stunned. What's the situation? Is it possible that the man just now is a wanted criminal?

Does this mean helping the wanted criminal? Tony and the taxi driver looked at each other, shocked and terrified in their eyes.

Is this illegal?

Just as the two were shocked, they walked into a young man in a black suit from outside the barbershop. The young man took out a wad of banknotes from his pocket, which looked like 10,000 yuan, and put it in Tony's before.

"You deserve it." The man in black said lightly, took another hundred yuan from his pocket and handed it to the taxi driver.

"This is your fare."

After all, the man in black left without looking back.

The taxi driver and Tony looked at the money in front of them, and their hands trembled. They dare not take the money!

...

Lin Kai exploded with his own speed, and in just a few minutes, a dozen armed police officers disappeared without a trace.

More than a dozen armed police officers returned to the door of the barber shop in frustration. As soon as they returned to the door, they saw a jeep driving right in front of them.

Mountain wolves, wild wolves, and Siberian wolves got out of the car. They just glanced at the dejected armed police, and they basically knew what was going on.

But they didn't expect this group of armed police to catch Lin Kai. If this group of armed police could catch Lin Kai, they wouldn't have to act.

"Mountain wolf, locate Lin Kai's position." The wild wolf frowned.

"Yes." The mountain wolf took the laptop out of the car and turned on the positioning system to locate Lin Kai's position.

After a while, the mountain wolf frowned and tried to locate Lin Kai again.

"Strange, Lin Kai's location suddenly cannot be located." The mountain wolf frowned.

Hearing the words, the wolf also looked at the laptop. In the laptop, the icon of Lin Kai had disappeared, and the words could not be locked, etc. were displayed.

Is there a problem with the system? impossible! This is the latest positioning system of their Southeast Military Region.

Suddenly, the wild wolf looked at the barbershop. The last time Lin Kai appeared, it was in this barbershop, and he stayed there for ten minutes.

"Go in and take a look." The wolf said.

The mountain wolf and the Siberian wolf followed closely, and the three of them walked into the barbershop together.

In the barbershop, the taxi driver had already left. He just drew a customer normally, so he didn't panic, but Tony, who received Lin Kai's 10,000 yuan, was frightened.

There were so many armed policemen outside, and now three more soldiers in green uniforms came in. Tony thought he had helped some murderer!

"Comrade police! Comrade military! I didn't mean it! I didn't know he was a murderer!" Tony trembled when he saw the wolf coming in.

"Huh?" The wolf glanced at Tony. "What murderer?"

“Is it a murderer who ran out just now? Look at how many armed police are coming outside...” Tony was trembling in shock.

When the wolf heard the words, he couldn't laugh or cry. He glanced at the ten thousand yuan on the table and knew that Lin Kai must have done something to Tony.

Lin Kai is a young man from the Lin family, and it is not unusual that one phone call can send people 10,000 yuan.

“Don't worry, the man just now is not a wanted criminal. We are engaged in an exercise. Now please tell the truth. What did he do after he came in?” asked the wild wolf.

After hearing that it was a drill, Tony was taken aback, then he was relieved and sat down on the chair.

“Scared me to death, I thought it was a murderer...”

Tony patted his chest, recalled for a moment, and said, “I didn't do anything. He had a black bracelet on his wrist. He asked me to wrap the ring with tin foil, saying that he could do it in ten minutes. Okay, just give me ten thousand yuan.”

After hearing Tony's words, the wild wolf and the mountain wolf looked at each other with shocked expressions in their eyes.

They have read Lin Kai's information, isn't this kid a scumbag? In school, his grades have always been countdown, and tin foil can shield electromagnetic waves. Who told him this?

“This kid really gave us so many surprises.” The wild wolf, who had always been indifferent, smiled bitterly at this time.

Lin Kai actually blocked the tracker on his wrist. Although it is not allowed to remove the tracker on the wrist according to the regulations, Lin Kai did not remove it. It just made it lose its original function. It's a foul.

This kid is not only very strong, but also very clever! Will take advantage of this exercise, which is better than many veterans who can only run stupidly.

But what if you block the tracker? The three of the wild wolves are ace special forces. Without the tracker, Lin Kai can also be found!

Chapter 155: Dead End

Chapter 155

The mountain wolf frowned and asked: "Wild wolf, now the tracker is blocked by this kid, how do we catch him?"

The wild wolf glanced at the mountain wolf, pointed to his own brain, and said, "Use your brain to think about it. His spirit has been in a tight state. After the tracker fails, what does he want to do most?"

The mountain wolf was taken aback, thought about it, and his eyes lit up, but the Siberian wolf said first: "I know, it must be to relax! If I am, I must find a place to sleep well!"

"Not bad." The wolf nodded and continued: "And he doesn't have a penny on him, where would he choose to rest?"

"A place where you can brush your face!" The mountain wolf said first this time.

"Yes." The wolf nodded: "Go to Chalin to drive all the places where he spent in Jiangbei City, especially the five-star hotels, to see where he got the card, let the police go, just check it out. Found it."

"Okay!" With a new goal, the mountain wolf was so energetic, he called a policeman at random and went to look for Lin Kai.

...

The wild wolf's judgment is very accurate. At this time, Lin Kai is taking a comfortable bath in the bathtub of a five-star hotel!

This hotel is called Water Lily Dream Hotel, and it is a relatively luxurious five-star hotel in Jiangbei City. It has been singing every night before it was opened. Of course, there is a membership card here, and you can book the best rooms by swiping your face.

Lin Kai felt that the trackers had failed. In the vast crowd of people in Jiangbei, how did they find themselves?

Lin Kai deliberately avoided all surveillance. They wanted to find themselves, undoubtedly looking for a needle in a haystack.

Lin Kai is still too young. The real special forces chasing people do not rely entirely on technology, but rely more on their own brains.

After taking a shower, Lin Kai changed into a bathrobe and lay on the bed and closed his eyes.

Sixteen hours have passed, and Lin Kai, who has been in a tight state, can finally get a good night's sleep.

Lying on the bed, closing his eyes, Lin Kai fell asleep in deep sleep. This time, Lin Kai's heart truly relaxed, and he slept until six o'clock in the evening.

One day has passed. Lin Kai finally woke up and stretched out. Lin Kai lay on the sofa, turned on the TV, and watched it comfortably while holding the fruit plate.

The Waterlily Dream Hotel has about 20 floors. Lin Kai is lying in the room on the 18th floor watching TV. In front of him is a huge floor-to-ceiling window, and the night view of Jiangbei City is unobstructed.

There are many tall buildings outside the Waterlily Dream Hotel. This is the center of Jiangbei City. Looking out from the 18th floor, there is a lot of traffic.

At this time, on the floor opposite Lin Kai, the Siberian wolf appeared quietly.

The distance between the two buildings was about 500 meters. After finding out that Lin Kai had checked into the Water Lily Dream Hotel, he began to find the best sniper location.

Outside the door, the mountain wolf is holding an assault rifle, and the wild wolf is holding a submachine gun, everything is ready.

This time, come to catch a turtle in an urn!

A sneer crossed the corner of the wolf's mouth. Lin Kai felt that he was very smart. He deliberately blocked the signal of the bracelet. His vigilance would definitely relax instantly. So as long as the wolf seized this opportunity and found Lin Kai's position, Then you can get it right.

In the building opposite to the Water Lily Dream Hotel, the Siberian wolf is already in place. He is on the balcony on the nineteenth floor, and the sniper rifle is set.

Among the sniper rifles, there are also anesthetic bullets. It is not difficult for the anesthetic bullets to pass through the glass, but it hurts a little when hitting Lin Kai's body.

This time they only made one plan. The Siberian wolf sniped Lin Kai, the mountain wolf broke the door and threw the tear gas in, and the wild wolf charged and took Lin Kai in one fell swoop.

It seemed that this plan was simple, but Lin Kai had no chance to escape at all, because the entire room had only one exit at the door, and the three of them had blocked Lin Kai to death!

The voice of the Siberian wolf came from the ear of the wild wolf: "The Siberian wolf is already in place, requesting to shoot."

The wild wolf pressed his headset and said, "Agree to shoot."

In the high magnification of the Siberian wolf, Lin Kai's every move was seen in his eyes. This time, he took out a piece of toilet paper from his pocket and threw it into the air at random. After moving the muzzle, with a pop, the bullet after the silencer treatment was immediately ejected! Silent!

There was no sound at all, and no matter how fast Lin Kai reacted, he couldn't dodge the silent bullet!

At this time, the alert cat's eyes on Lin Kai's chest shook suddenly, and Lin Kai's 140 o'clock reaction exploded, and he quickly squatted under the table.

With a pop, a narcotic bomb shot at Lin Kai's side!

"So fast?" Lin Kai was stunned, with a look of horror on his face.

The Siberian wolf watched Lin Kai dodging his bullet with an incredible look. How could this be possible?

His bullet was shot at Lin Kai silently, how could Lin Kai make a prediction in advance and avoid his bullet?

Could he foresee the future?

Lin Kai was already lying under the table. The Siberian wolf was unable to shoot a second time, so he could only hammer down the balcony angrily, and proclaimed: "Wild wolf, wild wolf, the shooting failed, failed to hit the target, the target has become vigilant. , Request to charge!"

After receiving the paging from the Siberian wolf, the wild wolf also showed an incredible look on his face. How could it be possible?

They have seen the marksmanship of the Siberian wolf, and it can hit the enemy from two kilometers away, a mere 500 meters, and his vision is still so wide, he actually failed?

The wild wolf hasn't seen the Siberian wolf miss for a long time.

The wild wolf put on his goggles and said to the wolf: "Ready to charge!"

The mountain wolf nodded heavily and opened the door with the room key. With a ding-dong, the door opened and the mountain wolf threw a tear gas canister in!

The space inside was very limited. Lin Kai couldn't dodge the attack of tear gas at all. The tear gas would instantly disable his eyes. By then, Lin Kai would be the fish on the chopping board.

Lin Kai in the room was also taken aback when he saw a round pot being thrown in, and then with a piercing sound, a burst of white mist was ejected from the pot.

The smell of this white mist was so choking, Lin Kai covered his nose and mouth, frowning and looking at the jar.

The white mist soon filled the room, but Lin Kai just felt a little choking, and felt nothing else.

Tear gas is useless to Lin Kai!

Lin Kai's eyes have evolved into divine eyes. Although it cannot be said that King Kong is not bad, the mere tear gas cannot make Lin Kai's eyes useless.

At this time, with a muffled bang, the door was kicked open, and the wolf rushed in with a submachine gun, and saw Lin Kai, without saying anything, he shot straight!

Chapter 156: Jump Off The Building

Chapter 156

The rate of fire of the submachine gun was very fast. At that time, only a sound of da da da was heard, and countless anaesthetic bombs shot at Lin Kai overwhelmingly!

Lots of narcotic bombs!

At this time, no matter how fast Lin Kai was, it was impossible to catch so many anesthesia shells at the same time. Moreover, this was a submachine gun, not a pistol. The speed of the anesthesia shells fired was very fast, and it was very difficult to catch it with your hands!

In a hurry, Lin Kai lifted the table, his whole body curled up behind the table, bang bang bang, there was a crisp sound, all the bullets shot into the table.

But the wild wolf narrowed his eyes, he saw just now, Lin Kai actually glanced at him, and then raised the table.

Tear gas does not work for him? It stands to reason that he should have seen nothing just now!

The mountain wolf was holding a rifle at this time and slowly entered the room. After entering the room, the mountain wolf found that Lin Kai had not been subdued.

Is it possible that he can catch the bullets of the submachine gun?

“Wild wolf, what’s the situation?” the mountain wolf asked.

The wild wolf frowned and said: “Tear gas does not seem to have any effect on him. He is hiding behind the table.”

“What?” The mountain wolf was stunned. The tear gas did not help him?

Human eyes are very fragile and cannot be trained afterwards. Regardless of who it is, even if it is Tyson, who is fascinated by tear gas, the eyes will lose their function.

Lin Kai’s eyes are not afraid of tear gas? Could it be that his eyes have mutated?

“Pinch left and right, don’t let him run.” The wolf said coldly.

The mountain wolf nodded, and the two of them walked to the left and right behind the table, and Lin Kai behind the table was also quite nervous. At present, the table is his only shelter. As long as he leaves the table, he will be shot by anesthesia. in.

They have learned to be smart, and the dose of anesthetic bombs has been increased. Once Lin Kai is shot, it is basically eliminated.

In a daze, Lin Kai glanced at the open window on the side, and a bold idea rose in his mind.

As soon as this thought came out, even Lin Kai was shocked. It was crazy to do so, right?

But then I think about it, I am the possessor of the system, the system won’t just watch it die? If you have an accident, the system will definitely save yourself.

Lin Kai was unwilling to be caught in this way when the courageous starved to death. Only a day had passed. When he was caught, he was almost eliminated.

Fight! Lin Kai gritted his teeth fiercely.

At this time, the mountain wolf and the wild wolf had already arrived in front of the table. The wild wolf held the submachine gun in one hand, and grabbed the table with the other hand, and slammed.

Click! The table was suddenly opened by a wild wolf! As soon as the mountain wolf was about to shoot, he saw Lin Kai perform a backflip and turned out of the large window behind the French window!

It’s the **** 18th floor here! Jump from here, absolutely torn to pieces!

“Don’t!” The mountain wolf roared, but it was too late, and Lin Kai had already turned it over.

Is he going to commit suicide? This is the eighteenth floor!

And Benlian’s indifferent wild wolf also showed a look of shock on his face. What does this kid want to do? Isn’t it just being eliminated? As for suicide?

The mountain wolf and the wild wolf threw down their weapons together, and quickly leaned to the window to look down. Then, they saw an incredible scene.

I saw Lin Kai jumping around on the air conditioner bracket outside the wall like a flexible monkey! Flee downstairs quickly!

This kid is so daring! Dare to backflip and escape!

The wild wolf breathed a sigh of relief, and pressed his headset, and said, “Lin Kai is not allowed to kill before landing.”

And the Siberian wolf in another building was shocked when he saw Lin Kai jumping up and down on the air-conditioning bracket in the magnifying mirror.

This kid is so courageous! Dare to jump down on the eighteenth floor!

The Siberian wolf naturally didn’t dare to shoot. Once the narcotic bomb hit Lin Kai, Lin Kai’s body was weak and weak, and he would fall from high altitude.

If Lin Kai died, none of the three of them would be able to run away, and they would all have to take responsibility.

And Lin Kai jumping back and forth on the air conditioner bracket was also sweating profusely, not tired, but frightened.

He has activated the mountain stone skills and the violent ape skills. The mountain stone skills enhance his attributes and calm his heart. The violent ape skills allow Lin Kai to imitate the spirit ape and have a very powerful climbing ability. .

It was precisely relying on the violent spirit ape ability that he dared to do this, even so, the fright in his heart was not small.

Fifteen, ten, six, three...

Seeing himself approaching the ground bit by bit, Lin Kai’s hanging heart finally relaxed. The moment he landed, Lin Kai suddenly felt how wonderful it was to be alive.

They are so fast! Chase yourself again!

Lin Kai was really impatient, he had to go out to attack, and he couldn't be so passive forever!

God eyes!

As soon as the divine eyes opened, the world in Lin Kai's eyes changed. He could zoom in and zoom out everything he saw at will. Reminiscing about it, Lin Kai looked towards the nineteenth floor on the opposite floor. Anesthesia bomb fired from the place.

Taking a closer look, as expected, Lin Kai saw the Siberian wolf lying on the balcony.

Looking up again, the wild wolf and the mountain wolf were lying on the eighteenth floor staring at themselves.

So, the Siberian wolf is alone?

Wouldn't it be beautiful if I could take the opportunity to eliminate an instructor?

Lin Kai is also an individual, and he has a temper. The wild wolves chased him for more than 20 hours, making Lin Kai unable to sleep peacefully, and had been deliberately targeting himself. If he was chased by them, he might not be able to hold on for seven days. .

One of them must be eliminated!

Lin Kai narrowed his eyes, and hurried to the opposite floor! The mountain wolf and the Siberian wolf are on the eighteenth floor. It takes about seven or eight minutes to take the elevator down from the eighteenth floor to the nineteenth floor on the opposite side.

And he must eliminate the Siberian wolf within these seven or eight minutes!

On the eighteenth floor, the mountain wolf and wild wolf watching Lin Kai did not realize Lin Kai's plot. The mountain wolf wiped the sweat from his forehead and said, "This kid is so courageous! Even worse than Zhuang Yan before. wild!"

The wolf nodded. Zhuang Yan was also a thorny soldier before, but he was really insignificant compared to Lin Kai.

"Let this kid run away again. When Wolfhead sees our action video, isn't it going to laugh at us?" The wolf said with a dark face.

He changed his tone and said: "But this kid is a good seed, with courage, strategy, and strength. I saw the shadow of Ye Nantian in him."

Ye Nantian!

The mountain wolf was taken aback. The wild wolf actually compared Lin Kai with Ye Nantian. It can be seen that the wild wolf is really optimistic about Lin Kai. This evaluation is very high.

Chapter 157: Eliminate Siberian Wolf

Chapter 157: Eliminating Siberian Wolf

“I haven’t caught him again. I’m afraid it will be a little difficult to find him in the future.” The wolf frowned.

The mountain wolf also nodded. After this time, this kid will definitely learn a lesson in the future, and will never show up in the places he has been before.

“No!” The wild wolf looked at the ground fiercely and exclaimed: “No! The Siberian wolf is in danger! Go and support!”

The mountain wolf also looked down, and he also saw it. Lin Kai was rushing to the opposite building, he wanted to eliminate the Siberian wolf!

The mountain wolf was also taken aback, this kid didn’t play his cards according to his routine! The courage is not so big, under the eyelids of him and the wild wolf, he dare to challenge the Siberian wolf!

The mountain wolf and the wild wolf rushed out of the room at the same time, came to the elevator door, and pressed the elevator violently, but the elevator did not come up for a long time.

“Take the stairs!” The wild wolf roared anxiously, and ran towards the stairs with the wolf!

The Siberian wolf also noticed that Lin Kai was approaching him. He was also taken aback. Obviously he didn’t expect Lin Kai to be so courageous that he dared to run over to challenge him alone.

Could it be that he felt that without mountain wolves and wild wolves, he would not be his opponent?

The last time the mountain wolf and Lin Kai fought the melee ability, the mountain wolf also suffered a loss, but Zhuang Yan was not convinced. Zhuang Yan was a very proud soldier in his heart, and he didn’t think Lin Kai was so strong.

Although Zhuang Yan’s heads-up ability is not as good as the mountain wolf, he is confident that Lin Kai may not be able to beat himself!

“Dare to come? I will let you come back and forth!” Siberian wolf Zhuang Yan sneered, put away his sniper rifle, and took out a pair of military finger tigers from his backpack.

For fear of hurting this kid with a dagger, it hurts to beat people with a dagger. After a while, he used this pair of fingers to let Lin Kai understand what a special troop is!

The so-called military finger tigers are actually a pair of iron rings. There are four water chestnut horns on the iron ring. Holding the iron ring and hitting the enemy hard with the water chestnut is actually a pair of iron gloves!

Zhuang Yan did not choose to escape, but waited for Lin Kai at the elevator entrance on the nineteenth floor.

Zhuang Yan saw that the elevator was constantly rising. As soon as the elevator reached the nineteenth floor, as soon as the elevator door opened, Zhuang Yan punched him straight up, putting him down first!

Although there is a bit of a sneak attack in this way, Zhuang Yan, a special soldier, knows that there is no such thing as a sneak attack on the battlefield. The winner is king.

Lin Kai, who was standing in the elevator, had his eyes glowing, and when he looked up, he saw Zhuang Yan waiting outside the elevator. He had a pair of iron-finger tigers in his hands, wanting to attack him?

A sneer appeared at the corner of Lin Kai’s mouth.

The elevator reached the nineteenth floor. As soon as the elevator door opened, a fist struck in directly from the outside with a swish!

But Lin Kai, who was prepared for a long time, turned his head and avoided the punch, and grabbed Zhuang Yan’s arm! With a strong pull, Zhuang Yan was pulled into the elevator by Lin Kai!

Soon, Lin Kai pressed the button on the first floor and solved Zhuang Yan in the elevator, so that he could escape the scene at the fastest speed!

Zhuang Yan also saw Lin Kai’s intentions and wanted to rush out, only to find that Lin Kai’s arms were so powerful that he couldn’t get rid of it!

“Go to hell!” Zhuang Yan roared and blasted Lin Kai’s face with a punch!

Before his fist arrived, Lin Kai’s face was hurt by the strong wind, what a powerful fist!

Unfortunately, in Lin Kai's eyes, Zhuang Yan's speed was not so fast, because after turning on the God Eye skill, Zhuang Yan's speed would be slowed down in Lin Kai's eyes.

Coupled with Lin Kai's one hundred and sixty-point horrible reaction ability, his punch would not hurt Lin Kai at all.

Turning his head slightly, Lin Kai flashed Zhuang Yan's punch, and then Lin Kai slammed his head against Zhuang Yan's head!

Anyway, I have 300 points of defense, not afraid of pain! Don't be afraid to bump you up!

With a bang, Lin Kai bumped his head against Zhuang Yan's head with great force. This head shot Zhuang Yan's eyes out of stars.

Lin Kai took the opportunity to lock Zhuang Yan's hands with his hands, and hit Zhuang Yan's head with his own head.

This was simply a rogue style of play. Lin Kai relied on his brute force and terrifying defensive power to lock Zhuang Yan close to his body, and then kept hitting Zhuang Yan's head with his head.

Who can stand this?

The famous sniper Siberian Wolf of the Spike Special Brigade was hit by Lin Kai's head constantly at this time, and Zhuang Yan's mind changed.

No wonder the mountain wolf will suffer in his hands, this kid is so **** cruel!

"Isn't it?" Lin Kai stared at Zhuang Yan, Zhuang Yan's head flushed.

"You have the ability to let me go!" Zhuang Yan said gritted his teeth.

"You still don't agree, are you?" Lin Kaixie laughed, then hit Zhuang Yan with his head.

boom! boom! boom!

After a few more bumps, Zhuang Yan was about to roll his eyes, Lin Kai released Zhuang Yan, tore off the badge on Zhuang Yan's chest, and put it into his pocket.

"You have been eliminated by me now, be honest!" Lin Kai said coldly, his eyes were a relief.

Let you chase me and be caught by Lao Tzu, can't kill you!

The elevator door opened quickly. As soon as it opened, Lin Kai ran into the wild wolf and mountain wolf who were about to get on the elevator.

After seeing Lin Kai, the wild wolf and the mountain wolf were stunned. Then they saw the Siberian wolf sitting in the elevator with confusion.

“Zhuang Yan!” The mountain wolf exclaimed, and looked at each other with the wild wolf, and the two kicked towards Lin Kai together!

The space in the elevator was limited, and the two of them blocked Lin Kai from outside. Lin Kai suffered a lot!

boom! boom! Both kicked directly on Lin Kai’s body, and with a bang, Lin Kai’s back slammed into the elevator wall with a huge force!

Lin Kai’s face immediately paled. Even if he had 300 points of defense, he couldn’t bear the violent kicks of these two animals.

Especially the mountain wolf, his strength is very strong! At about one hundred and forty o’clock, he used his full strength with the kick just now, and with the kick of the wild wolf, Lin Kai only felt that his internal organs had been shaken out of internal injuries!

The Siberian wolf is only the weakest in melee combat among the three of them, and the strongest is the mountain wolf and the wild wolf!

The wild wolf and the mountain wolf directly rushed into the elevator, and the two of them used their military punches, and they fought Lin Kai fiercely!

The opponent’s attack was too swift. Lin Kai lacked combat experience and was okay against a Siberian wolf. However, against wild wolves and mountain wolves with strong melee combat ability, he immediately fell into a disadvantage and was crushed and beaten by two people!

Soon, Lin Kai was crushed into the corner, and the mountain wolf blasted Lin Kai’s chest with punches and punches, and every punch made Lin Kai’s face pale!

The wild wolf was even more despicable. He focused on Lin Kai’s bot lane attack, only kicking Dandan. For a while, Lin Kai could only curl up in the elevator, covering his own Dandan and resisting their attack.

Chapter 158: One Dozen Three

Chapter 158

The wild wolf and the mountain wolf hit Lin Kai fiercely, and Lin Kai immediately fell into the wind, protecting his head with one hand and his egg with the other.

Is Lin Kai unable to fight back? Although the wild wolf and mountain wolf attacked fiercely, Lin Kai was not incapable of counterattack.

He is waiting for an opportunity, waiting for an opportunity to kill with one move!

Lin Kai has had enough! What about the Ace Special Forces? I don't want to run away!

Since you deliberately targeted me Lin Kai, Lin Kai won't hide it, fight it! I recognize the elimination, and I will earn if I defeat one.

This is Lin Kaixin's idea.

A few seconds later, only a ding-dong was heard, the elevator door slowly closed, but the wild wolf and the mountain wolf had not yet exited the elevator.

When the elevator doors were completely closed, Lin Kai's eyes lit up, and it was now.

As for Lin Kai, who was crushed and beaten by the wild wolf and the mountain wolf, all the muscles in his body became tense, and a murderous aura burst from his body.

The muscles on his body were bulging, the pectoral muscles on his chest were as hard as a wall at this time, and the muscles on his thighs were as strong as iron bars!

Lin Kai's hoarse voice sounded: "The rhino is close to the mountain!"

boom!

A loud noise! Lin Kai stepped **** the elevator floor! The elevator trembled because of this, and there was a footprint on the floor! clear and distinct.

And Lin Kai's shoulders, like the horns of a rhino at this time, charged fiercely towards the mountain wolf and wild wolf.

The faces of the mountain wolf and the wild wolf changed at the same time. They had seen Lin Kai's move, even the bulletproof car door could be smashed open. If the two of them stayed like this, they would have to fracture!

But the space inside the elevator is so small that there is no way to hide! At this time they showed their team consciousness, and saw the mountain wolf guarding the wild wolf behind him, with his hands on his chest, he must resist Lin Kai's attack!

boom! Boom! After a loud noise, Lin Kai hit the mountain wolf hard! The mountain wolf's face changed drastically, he uttered a mouthful of blood, and then hit the wolf behind him.

The wild wolf couldn't resist this tremendous force, and his back slammed into the elevator door. The elevator door fell down with a bang and was knocked open!

The elevator had just ascended to the third floor at this time. After the elevator malfunctioned, the elevator stopped automatically, and the two wild wolf and mountain wolf fell directly on the ground on the third floor.

The third floor is an office building. The bustling office building was quiet at this moment, and everyone stared at the mountain wolf and the wild wolf with a dull expression.

The mountain wolf and the wild wolf crawled back a few steps on the ground while clutching their chests, and Lin Kai walked out slowly in the elevator.

Lin Kai at this time had a strong killing intent on him! The mountain wolf sprayed blood on his face, coupled with Lin Kai's murderous eyes, at this time, he was like a murderer alive.

He slowly walked towards the mountain wolf and the wild wolf. After being hit by Lin Kai, the mountain wolf had lost the ability to fight. One of his hands had been broken and he could no longer fight.

The wolf's back slammed open the elevator door, his feelings were uncomfortable, his internal organs tumbling, his face pale.

Lin Kai walked towards the wild wolf who had the ability to move, as if he wouldn't stop until he didn't fight you.

The wolf looked at Lin Kai, and there was a trace of respect in his eyes. Lin Kai was too **** strong, it was just an animal!

No one could catch up when he ran, and when he fought him, I realized that this guy really dared to kill his life! He jumped down from the eighteenth floor, chased and killed the Siberian wolf for a kilometer, and even dared to crash the elevator door in the elevator. Isn't he afraid of the elevator falling?

This kid was too cruel to start, the Siberian wolf had been beaten by him, and the mountain wolf was hit by him with a broken hand. The wild wolf also suffered serious injuries.

By now, the wolf felt that there was no need to continue the assessment, and Lin Kai had already defeated the three ace special forces.

The wolf shook his head helplessly, and stretched out his hand to Lin Kai: "Stop, Lin Kai, you are very strong, you don't have to continue the exercise, you passed."

The wolf said very helplessly.

Their Spike Teams mission has always been to never stop playing as a rookie, but this time, it was the first time they were broken by a rookie.

Lin Kai was stunned for a moment when he heard the words, only then did Lin Kai realize that he was practicing!

Just now, Lin Kai's eyes were red, and he wanted to kill the wolf. Lin Kai patted his face. He didn't even notice that he was so terrifying when he started to attack.

"Are you all right?" Lin Kai asked, looking at the wolf.

The mountain wolf looked at Lin Kai with a look of monsters, and said, "I have a broken hand. Are you okay?"

Lin Kai scratched his head, his eyes reddened just now, indeed he didn't have so much scruples.

Lin Xinli felt a little embarrassed to beat the instructor like this during an exercise.

"Call an ambulance. The three of us have to go to the hospital for a good check. You will pay for the medical expenses." The wolf said with an indifferent expression and a little helplessly.

Lin Kai scratched his head again: "I have no money."

With a snap, Lin Kai's black card appeared at his feet and said, "I'm ready for you, let's go."

This is the black card that Lin Kai confiscated before taking part in the exercise. It is his bank card, and it is now returned to Lin Kai.

After putting the three ace special forces like this and sending them to the hospital, Lin Xingli also felt a little uncomfortable, so he said, "You don't need to go to the hospital, I know how to heal.

"You can heal?" The wild wolf raised his eyebrows. How many specialties does this kid have that they haven't discovered? It doesn't matter if he has performed so well in the military, is he still a medical wizard?

"I'll give it a try." Lin Kai squatted in front of the mountain wolf and picked up his broken arm. The Lingzhi ability was activated, and a warm energy gathered in Lin Kai's palm.

He began to gently massage the mountain wolf's arm and instill vitality into it.

The vitality was instilled into the mountain wolf's arm bit by bit, and the mountain wolf also felt a warm energy spreading in his arm. This feeling was so comfortable that the mountain wolf couldn't help but hum. There was a sound.

After three minutes, Lin Kai let go of his hand: "Try it."

The mountain wolf waved his arm and looked surprised: "Damn, it's really okay!"

The broken arm was actually massaged by Lin Kai for a few times. The wolf's eyes widened and couldn't believe it was true.

"Tell me, how did you do it?" The mountain wolf stared at Lin Kai, looking like he was studying.

Lin Kai smiled faintly: "Hehe, your hand is not broken. My Lin family inherited a Lin's massage technique, which is the most effective treatment for this kind of bruises. Just press it."

Chapter 159: Exit The Exercise Early

Chapter 159

Is there such a massage technique? It was unheard of, and the mountain wolf looked surprised.

Lin Kai came to the front of the wolf again. His injury was lighter than that of the wolf. Only after a minute of massage, the wolf also recovered.

The wild wolf also has an incredible look. It is normal for a soldier to bump and bump. The wild wolf believes that his injuries will not heal within ten and a half months.

But when Lin Kai took action, he just massaged for a minute and healed.

It feels really comfortable, the wild wolf has never seen such a peculiar massage technique.

In the end, it was the Siberian wolf, whose brain was hit by Lin Kai into a slight concussion. After a minute of massage, the Siberian wolf also recovered.

"You kid, really gave me so many surprises." The wolf looked at Lin Kai with love and hate in his eyes.

Lin Kaida also struck, and the breath in his heart came out, scratching his head at this time, he gave a giggle.

“Okay, let us report back to the Southeast Military Region. I will talk to the three chiefs about your situation.” The wolf stood up from the ground and said.

Lin Kai nodded, and the three people led Lin Kai to the company’s security office, compensated for the damage caused by the elevator crash, and got on the jeep and set off on the road back to the Southeast Military Region.

The exercise took seven days, and Lin Kai, in only one day, was about to be taken back to the Southeast Military Region.

He proved himself with his strength and made the three ace special forces look at Lin Kai with admiration.

...

At this time, in a certain war room of the Spike Special Forces Brigade of the Southeast Military Region, He Zhijun was walking around in the room, his demeanor was battered.

The exercise has been held for one day, and it went smoothly. One person has been eliminated.

But Lin Kai had no news for a long time.

He Zhijun was changed by Fan Tianlei’s words about Lin Kai. He thought that Lin Kai had no strength to fight the three ace special forces.

And Fan Tianlei once said that Lin Kai could not last a day in their hands.

But now, one day has passed and Lin Kai still hasn’t returned, which makes He Zhijun’s heart itchy.

What happened to Lin Kai? Is it eliminated, or is it a tenacious resistance?

With a click, the door of the war room was opened, and Fan Tianlei walked in from outside, still holding a tea cup in his hand.

“Why are you still worried about your big baby?” Fan Tianlei asked half-jokingly and half-seriously.

He Zhijun sighed, sat down, and said, “Since this Lin Kai is not the opponent of the wild wolf, how come a day has passed and he has not been eliminated? Is it possible that Lin Kai is already strong enough to compete with the wild wolf? Did they fight?”

Fan Tianlei smiled and shook his head, and said, “Do you still not know what the nature of the wild wolf is? It might not be a good thing to like to torture rookies. It may not be a

good thing to come back late. The three of them like to watch rookies be tortured in their palm Life is better than death.”

Fan Tianlei’s words made He Zhijun’s heart cold at the time. Wild wolves really have this hobby and like to torture rookies.

Lin Kai might be suffering from inhuman torture at this time, such as being chased by a wild wolf in a car, or a wild wolf launching a policeman to beat Lin Kai, all of this is possible.

There was regret in He Zhijun’s heart. He sent three ace special forces to target a recruit. Lin Kai still had to be tortured to death?

Fan Tianlei smiled when he looked at He Zhijun’s burnt head and shook his head.

“Hey, don’t think about it so much. It’s okay for you to call the wolf and them back now.” Fan Tianlei said.

He Zhijun waved his hand: “It won’t work. With the temper of a wild wolf, you won’t come back if you don’t torture the rookie to exhaustion.”

“Who said that the wild wolf will not come back?” As soon as the voice fell, Zhang Tianyi also came in with a teacup, with a smile on his face.

“Just now the guard called to inform me that the wild wolf’s car has already reached the gate of the military area, and it seems that Lin Kai has also been brought back.” Zhang Tianyi said.

As soon as this sentence came out, the only glimmer of hope in He Zhijun’s heart was also shattered. In a day’s time, Lin Kai was eliminated, and he became the second soldier eliminated in this exercise.

According to the rules of the exercise, the first seven eliminated soldiers will indeed withdraw from the special forces.

In He Zhijun’s heart, it was regretful. It was only because He Zhijun saw that Lin Kai performed well in the Jiangdong protection mission and killed seven terrorists. This allowed the three ace special forces to conduct targeted exercises against Lin Kai.

But Fan Tianlei’s remarks are really initiating, Lin Kai is the youngest of the Lin family! He is just a recruit, capable of killing blood butterfly mercenaries with rich combat experience?

There must be a bodyguard secretly protecting him, and this allowed Lin Kai to kill seven professional killers.

Now, Lin Kai held the hands of the three of them for a day and became the second soldier to be eliminated. He was about to say goodbye to the special forces.

He Zhijun's expectations of Lin Kai were so high that he couldn't accept the disappointment that Lin Kai brought him now.

Becoming the second soldier eliminated in this exercise, is this still rookie Wang Linkai?

"I have so high expectations for him that I actually think he can compete with the wolf and the others." He Zhijun smiled bitterly.

Fan Tianlei also smiled and said: "Haha, the wild wolves are the few ace special forces left in your Spike Special Forces brigade. Even soldiers like Lei Zhan are not worthy of joining the Spike Special Forces. You can have the luxury of a recruit in their hands Passed the assessment? Really naive."

Zhang Tianyi also smiled and shook his head, not optimistic about Lin Kai.

While the three were discussing, there was a knock on the door, and the voice of the wild wolf sounded: "Report! Report from the captain of the Spike Special Brigade, the wolf!"

Hearing the voice of the wild wolf, He Zhijun's eyes lit up and said, "Please come in."

With a click, the door opened, and the wild wolf walked into the war room with its chest raised up. Behind him were the mountain wolf and the Siberian wolf. The three of them looked very energetic.

Finally, it was Lin Kai who walked in, and when Lin Kai came in, the three chiefs were taken aback.

Lin Kai's clothes were in tatters and his body was full of holes. This was when Lin Kai jumped down from the eighteenth floor, the air conditioner bracket was scratched, and Lin Kai almost lost his life several times.

Looking at Lin Kai's face again, the blood on his face was horrible, like a soldier who had survived the battlefield.

Seeing Lin Kai's appearance, He Zhijun felt guilty in his heart. If he didn't let the wild wolves participate in this action, perhaps Lin Kai didn't have to suffer such a crime at all, maybe he could survive to the end.

Now it seems that the wild wolf tortured Lin Kai not lightly, with blood on his face!

Chapter 160: Old Monitor

Chapter 160

“Report! Wild wolf, mountain wolf, and Siberian wolf have completed the task! Please give instructions!” The wild wolf saluted.

He Zhijun came to the front of the wild wolf and patted him on the shoulder, a little embarrassed on his face.

He knew that Lin Kai must have let him down again. This was the first few times that He Zhijun did not know how to recommend him to a new recruit who was not satisfied with the wolf.

This is the last chance, but it will not be so easy to let the wolf out of the mountain to bring new people in the future.

After that, He Zhijun came to Lin Kai again with guilt on his face.

He Zhijun was too impulsive. After seeing Lin Kai's talent, he actually wanted him to fight the wolf and the others. The result was very obvious. Lin Kai was tortured and was eventually captured.

Seeing the blood on Lin Kai's face, He Zhijun's heart was dripping blood. Lin Kai is a good seed. He may survive a few years in the special forces before confronting the wild wolves.

But he acted too hastily and eventually became self-defeating. Lin Kai was the second to be eliminated.

He is leaving the Wolf Squadron.

He Zhijun gritted his teeth fiercely and vowed in his heart that he must stay Lin Kai, no matter what kind of eyes other people look at him, Lin Kai cannot be eliminated!

“Thanks, please sit down.” He Zhijun pointed to the chair beside him.

The wild wolf and the others were not welcome, and sat down directly, only Lin Kai stood stupidly.

With a tea cup in his hand, Fan Tianlei said jokingly: “What do you think you scare Brigadier Commander He's beloved baby like? I don't dare to sit anymore. With blood on his face, who beat me? Right?”

It is normal for wild wolves to take newcomers very cruelly. They often hurt the newcomers and bring some blood on their faces.

Zhang Tianyi also smiled and shook his head, drank a sip of tea water, and then there was a good show to see, it depends on how He Zhijun ended.

“Lin Kai, you’ve always performed very well! This year’s rookie king has all kinds of perfect shooting stamina, and one person has killed seven professional killers. How come you are now second to last?”

Fan Tianlei said with a smile, but on the surface it was meant for Lin Kai, but in fact it was meant for He Zhijun.

Everyone has a psychology of comparison in their hearts. Fan Tianlei and He Zhijun are no exception. It’s as if the parents are better than their children. Now that Lin Kai has become second to last, Fan Tianlei has begun to gloat.

He Zhijun’s face is not very good, but he has nothing to say.

Second to last? Lin chuckled and ignored Fan Tianlei.

And the three of them looked at Fan Tianlei with a very strange look, second to last? Ha ha.

“Langtou, this is Lin Kai’s action video this time, please check it out.” The wild wolf handed He Zhijun a USB flash drive.

After He Zhijun got the U disk, he quickly put it in his pocket, as if he was afraid of being seen by others.

In addition, He Zhijun glared at the wild wolf, and his eyes were blaming the wild wolf. Why is the captain of your dignified wolffang special brigade so unsightly?

Didn’t you see someone wanting to see my joke? He also gave me Lin Kai’s action video, didn’t this make me embarrassed in public?

Fan Tianlei saw it. At that time, Fan Tianlei put down the tea cup in his hand and said with a smile: “Brigadier Ho, don’t be so stingy. Take out the action video of Lin Kai for everyone to see. We also want to see the Spike Special Forces Brigade. How about the strength of the three ace special forces of China.”

“You’re right, Lao Zhang?” Fan Tianlei looked at Zhang Tianyi, and Zhang Tianyi nodded with a smile.

Both of them requested to watch Lin Kai’s action video. He Zhijun coughed and said, “Ah, what’s so good about this? Anyway, they have been eliminated.”

“No, Lao He, you are not authentic! We just want to see how the new king of the Southeast Military Region became the second to last!” Fan Tianlei smiled.

He Zhijun cursed Fan Tianlei one hundred and eighty times in his heart. In the Southeast Military Region, he and Fan Tianlei didn't deal with each other very well.

This old boy will never loosen He Zhijun's pigtail when he catches it. He has to get embarrassed!

That's it, He Zhijun thought he had bought a lesson for himself this time, just look at it, isn't it just a face? No more!

"Look!" He Zhijun threw the USB flash drive in his pocket onto the table, and a guard immediately picked up the USB flash drive and inserted it into the computer.

There is a projector in the war room. The projector can directly put the contents of the USB flash drive on the white wall. After the USB flash drive is inserted into the computer, the black light flashes on the wall and the picture appears.

Fan Tianlei and Zhang Tianyi sat upright on their seats, looking at the projection on the wall with relish.

The wild wolves also smiled helplessly, because in a short while there would be videos of the three of them being slapped in the face by Lin Kai again and again.

The projection was just started to play, there was a click, the door opened, and the projection was immediately suspended by the guards, because two strange guards walked in from the outside of the war room.

The two guards wore pistols. They didn't look like the guards of brigadier-level figures, because their guns were very advanced, their eyes were fierce, and their bodies exuded a touch of murderous aura.

Only these two guards are comparable to any member of the Raiden Commando.

After the two guards came in, another person walked in from outside.

It was a man in his late fifties, wearing a tunic suit, a little fat and chubby, with an amiable smile on his face.

Although it seems that this person is harmless to humans and animals, Lin Kai feels that this person is not ordinary from his eyebrows. Between his eyebrows, there is a sense of heroism and domineering, and his whole body exudes strong confidence. breath.

"So lively?" The middle-aged man walked in, laughing, acting very casually.

After He Zhijun and the others saw him, they trembled all over, and the three of them all stood up from their seats and greeted the man one after another.

“Old squad leader!” He Zhijun exclaimed with excitement, and enthusiastically held that person’s hand.

Fan Tianlei and Zhang Tianyi also greeted them with a smile on their faces.

With a brushing sound, the three of them instantly stood up from their seats and saluted him.

Damn, such a big battle?

“Don’t call me the squad leader, I’m so old, I’m called Lao Liu!” The middle-aged man smiled.

He Zhijun can be called the old squad leader, the identity of this person is certainly not simple.

Such a big person, unexpectedly bumped into yourself? Lin Xinli was a little excited.

“Hahaha! Good! Old Liu, come, sit down!” He Zhijun shook the middle-aged man’s hand and greeted the middle-aged man to the main seat. After he took the seat, Fan Tianlei and the others dared to take the seat.
