

Special Forces 1291

### **Chapter 1291: Who Is Responsible?**

Chapter 1291 Who is responsible?

“Dad, are you okay.” Shao Xin carefully helped Shao Guang sit down.

Seeing him holding his chest, his face full of pain, he quickly called the family doctor.

“No.” Shao Xin pushed him away and waved his hand: “Don’t leave anything behind when you do things.”

Shao Guang glanced at Shao Xin deeply, and left with some vain steps.

Looking at his old figure, Shao Xin asked the housekeeper beside him what happened.

After listening to the butler’s narration, Shao Xin wanted to kill Li Cheng’s family.

“That old thing, and Lin Kai, you wait for me!”

Shao Xin was bullied. It was a shame.

Looking at Shao Xin’s appearance, the housekeeper was also anxious, for fear that he would get a horn.

Shao Xin grew up watching him, and he knows his character best.

Since I was young, I have been children of other people’s families, and I have never failed.

I don’t know what will happen to such a big blow now.

In fact, the butler was still very pleased, if his young master could come out, it would be a good thing for him.

No one can say what is going on now.

The leaves are rustling, and the weather is a bit sultry, making people feel irritable.

After leaving the gate of the Shao family, Li Cheng family was relieved.

If there is no Lin Kaili this time, I really don’t know what will happen.

“Lin Kai, thank you this time.”

Li Chengjia looked at him and said solemnly: “I will let Shao Guang transfer the shares over the dock to you.”

“Good.” Lin Kai accepted calmly.

He helped Li Chengjia by himself, so he should pay the price.

At the same time, the whole Li family was about to explode.

Not to mention that the newly-purchased land has caused such a big deal, but the Li Cheng family has disappeared.

That was the head of the family, if something happened to him, it would be a fatal blow to the Li family. Now the Li family, regardless of whether they are convinced or not, are sending people to look for him. Maybe some really want him back.

Of course, there is no shortage of those who want to rob and kill, it is really the position of the Patriarch is too attractive.

Of course, this is done in secret, otherwise it will cause an uproar and will not affect the Li family.

At the same time, all of the shareholders of the Li family, including those with a face and face, gathered in the Li family lobby.

Apart from the issue of the disappearance of Li Cheng's family, the biggest problem is what should be done with that piece of land.

The reason why the Li family bought the land before was to build a business circle.

But now?

If something went wrong with that piece of land, they also sent someone to investigate it.

How can you make them happy if the land that you bought with huge sums of money has such a big problem?

But the only good news is that this land has not been developed yet.

If something went wrong in the middle of the construction, it would be a heavy loss.

Not to mention that if life is involved, the impact on the Li family will be even worse.

The atmosphere in the hall was silent, everyone felt uncomfortable, and no one took the initiative to speak.

In the end, the elder stood up: "What do you want to say about these two things?"

Everyone looks at me and I look at you, but no one speaks actively.

With a sigh, the elder asked, "Haoxian, what do you think of these two things?"

Li Haoxian was taken aback for a moment, then stood up and said, "The top priority is to find my father. I think everyone has sent someone to find him."

"As for the land issue." Li Haoxian hesitated and said, "I think Li Shengxian should be responsible."

He stared at Li Shengxian sullenly, punishing him every word.

"He bought this piece of land and started it, so he is naturally responsible."

"The first decision to buy here is also related to him."

"The Li family suffered heavy losses, and he is the culprit, of course."

Li Haoxian paused, and a sneer appeared at the corner of his mouth: "We can't let him bear all the losses, after all, we are also at fault."

His words can be said to satisfy many shareholders.

They can make money anyway.

But you make them lose money, it is simply impossible.

Li Shengxian didn't say a word, listening to where Li Haoxian was telling his guilt.

There are people who have one heart with Li Shengxian and can't stand it anymore.

He stood up and said, "What the eldest son said is really ridiculous."

"When I bought this piece of land, it was the decision of the board of directors. What does it matter to him?"

"Furthermore, the eldest son did not participate in the bidding at the time, but he was not fully prepared and was censored by the He family."

"If you were the one who won the bid, what else could you say?"

This can be said to be a straightforward expression of the little abacus in Li Haoxian's heart.

Placed under the sun, let everyone watch.

Li Haoxian's face instantly turned greenish when his mind was said so straightforwardly.

But in an instant, he regained his smile.

"Shengxian can take this piece of land for us, we are naturally happy, I..."

Before he could finish speaking, he was interrupted by Li Shengxian.

"Since I am happy and fighting for the interests of the group, how come I am allowed to compensate by myself?"

"Do you share the same idea with shareholders?"

Li Shengxian's gaze had seen everyone present, and none of them dared to look at him.

This is what he said, but they can never admit it.

Fortunately, Li Shengxian didn't need them to express their opinions, and said with a cold face: "If this is the case, then the benefits of this land are all mine."

"Of course, I won't let the company pay for this money, I will pay it personally."

Hearing him say this, many people present were ready to move.

Now it is better to have such a big one to bear their losses.

As for that piece of land, he was willing to take it, but it was already abandoned anyway.

Of course, not everyone thinks that way. Some people are so sophisticated that they think he dares to say that, naturally they are holding some cards.

However, Li Haoxian was completely lost, his usual calmness, in order to win over these people, he was a little impatient and said: "In this case, thank you for taking the responsibility for the company."

"Of course, no problem."

There was a sneer at the corner of Li Shengxian's mouth, and Li Haoxian was really good enough to win people over.

"But you need to sign something to prove this piece of land, and it will have nothing to do with you in the future!"

"Regardless of this land, what it will become in my hands!"

Li Shengxian stared at them blankly, letting them take advantage of nothing, it was impossible!

Those shareholders look at me and I look at you, but no one took the initiative to speak.

In other words, Li Shengxian is also the young master of the Li family. It is no good to offend him.

Seeing that they did not speak, Li Haoxian said again: "Okay, just sign, you don't regret it then."

"Naturally not."

That's what Li Shengxian was waiting for. After finishing talking, let the assistant distribute the contract to each shareholder.

"Trouble everyone."

## **Chapter 1292: The Final Word**

### Chapter 1292

All the shareholders looked at the power of attorney placed in front of them, and after hesitating for a while, they saw that Li Haoxian had signed it, and they also signed it.

Anyway, there is Li Haoxian who is in the early stage, even if there is anything, he will stand up.

As the Li family, why don't you support your younger brother so much?

After thinking about it this way, everyone felt much more comfortable.

After the assistant took back the power of attorney, Li Shengxian looked at the three or four shareholders who had not signed it and asked, "How many are you?"

An older shareholder opened his mouth and said: "The third son just said that buying the land is the decision of our board of directors. How can you, a young man, bear it?"

"The company's decision made an error, and let the executive bear it?"

"So does this company have a future?"

In a passage, those shareholders who are blushing, even Li Haoxian's face is not good, thinking that he is deliberately targeting himself.

Li Shengxian had some surprises and there would be people who would help him speak, although he knew that they must know that he had a hole card, but he still chose to be warm in his heart.

He looked at the crowd and said, "Since everyone has decided, I won't be too nonsense. I..."

Before Li Shengxian had finished speaking, he was interrupted by the noise outside.

Then Li Chengjia and Lin Kaifeng walked in violently, followed by a group of excited members of the Li family.

"Dad, you are back, are you okay?"

"Dad, you can be considered as coming back, do you know that something happened to that land."

Two voices, the former is Li Shengxian and the latter is Li Haoxian.

Seeing what the shareholders wanted to say, Li Chengjia raised his hand to signal them not to speak.

"I will be dead without Lin Kai this time, and he will be my benefactor of the Li family in the future."

Naturally, no one refuted Li Cheng's words.

Even if I am dissatisfied, I don't dare to say it at this time, or I will be dead.

Seeing that they were silent, Li Cheng's family didn't say much, but looked at them and continued, "I already know the land, what are you going to do?"

Hearing Li Chengjia's question, except for the three or four shareholders, everyone else did not dare to look up at him.

The reason they did that was also related to his disappearance.

Otherwise, with him, why should Li Shengxian a junior bear the loss?

Have you seen that company do this?

If something like this happens, the company will bear it.

After all, the executor has the ability to take it down for you. You can't provoke anger to him because of the unknown or the company's decision.

When such a thing happens, the company will compensate the executor.

Because the cooperation is gone, they will also lose a lot of money.

But now that Li Cheng's family is back, everyone can't say a word.

Seeing that they didn't speak, Li Cheng's family was not a fool, and naturally realized that something was wrong.

"What the \*\*\*\* happened?"

Seeing Li Chengjia who was a little angry, everyone was even more afraid to speak.

People who have known each other for so many years naturally know the consequences of his anger.

They didn't want to be his punching bag, they just watched their noses and didn't say anything.

With a "bang", everyone turned their heads and saw Lin Kai directly dragging Li Haoxian and throwing him into the trash can aside.

"What the \*\*\*\* are you doing?"

Li Haoxian struggled to come out, but was pressed back by Lin Kai every time.

"You let me go!"

Li Haoxian's angry nose is crooked, although the trash can is clean except for two a4 papers, there is nothing, he also feels disgusting.

It seemed to feel a lot of \*\*\*\* surrounding him, exuding a stench.

"Go ahead, what did you do."

Since they didn't say anything, then Lin Kai didn't mind using some extraordinary means.

"Hurry up and release Haoxian to me!"

The one with Li Haoxian stared at Lin Kai fiercely and roared: "Don't toast or eat fine wine, hurry up."

"What are you?"

Looking at Lin Kai's eyes, the man only felt that his legs and feet felt weak.

But seeing Li Haoxian like that, he seemed to have infinite courage, pulled up the stool on the side, and slammed Lin Kai's body fiercely.

"Brother Lin!"

"Lin Kai!"

"Stop it!"

Everyone rushed over, and even those shareholders were shocked.

If something happens to Lin Kai, the whole Li family will be over.

With a loud "bang", everyone couldn't help closing their eyes.

Then someone took out his cell phone and prepared to call 120, but after seeing Lin Kai's situation clearly, he was stunned.

The solid wood chair feels painful even if you accidentally bump it.

But he just hit Lin Kai like this, as if he didn't feel it, he still put Li Haoxian in the trash can.

And that solid wood chair exploded and broke into pieces of wood.

The person who struck Lin Kai was also stunned, muttering to himself: "This... how is this possible?"

"Do you want to keep trying?"

Lin Kai stunned Li Haoxian with a punch, dropped him and walked straight towards the man.

"Don't come here."

The man wanted to retreat, but was blocked by everyone.

Lin Kai stepped down, and the whole person fainted like a heavy blow.

With such a hand, everyone did not dare to say anything in an instant.

"Well, what happened?"

When Lin Kai asked, those shareholders scrambled to speak.

Of course, without exception, they were all encouraged by Li Haoxian, and they were all forced.

They think so, because Li Cheng's family is here, it is impossible for him to cruel his children.

Li Chengjia looked at their narration blankly, and patted Li Shengxian on the shoulder with understanding.

If they hadn't done this, he would not have made such a choice.

After listening to their narration, Lin Kai asked Li Shengxian to take out the photo.

"It's a pity, there are caves under that piece of land, natural."

Lin Kai's words, those shareholders instantly fry the pot, they all looked at Li Shengxian incredulously.

But the video on the screen clearly tells them that this is under that piece of land.

"How is this possible?"

"Why didn't you say it before? What is your intention?"

...

Faced with their abuse, Li Shengxian didn't have the slightest mood swing.

Of course, it was also because Lin Kai and Li Cheng's family were here, they didn't dare to say too much.

"Did you finish?"

When Lin Kai opened his mouth, everyone who was still chattering shut up instantly.

Of course, this is because they are really scared. They can't bear it if they suddenly come to do it by themselves.

"Now that you are finished, you should understand why he did this,"

In a word, those shareholders bowed their heads.

Yes, it was their fault after all.

After a long time, a shareholder said: "We want to withdraw the previous decision."

### **Chapter 1293: Regret? Late**

Chapter 1293 Regret? late!

"Li Shengxian, we were wrong before, and we retracted the previous decision."

...

Those shareholders spoke up one after another.

Li Shengxian looked at Lin Kai, a little embarrassed for a while.

To be honest, he didn't want it in his heart, but he was also a shareholder of the Li family.

Saying that his father is still here, if he disagrees, he will be too unkind.

Not to mention that I still need their support in the future, otherwise how could the position of the Patriarch be stable?

Seeing Li Shengxian looking at him, Lin Kai nodded clearly and motioned him not to speak.

"It's me who is in charge of this matter."

Lin Kai looked at them and said, "This land is now mine and has nothing to do with your Li family."

Seeing someone trying to speak, Lin Kai asked unhurriedly: "You didn't say you want to deal with this land before, you don't think there is a cave."

Although it is said that, but how do you make them without caves?

Now that they all know, how could they give up?

The person facing him was Lin Kai, and if it was someone else, they would still have the possibility to speak.

With a sigh, everyone looked at Li Haoxian complaining.

I feel that all this is his fault. If he hadn't said it like that, how could things become like this?

People are like this very often, and they are obviously wrong, but they just don't want to admit it.

Must find a scapegoat and let him bear everyone's anger.

In the end, the old shareholder who had not signed before said: "What do you want?"

They are all human beings, so why couldn't they think of what Lin Kai wanted to do?

It's nothing more than thinking that their attitude towards Li Shengxian just now is not good, and they want to vent for him.

"What do you think I want?"

For those who do not have any bad intentions, Lin Kai will naturally not speak harshly at each other.

The huge difference in attitude caused the person who was beaten by Lin Kai before to feel extremely unbalanced.

It just happened that he couldn't say much now, otherwise Lin Kai could decide what to do.

"I also know what you are for. I hope you can think about it. After all, the land is also credited to the Li family."

This shareholder also knows Lin Kai's thoughts. Since he has said so, then just do what he said.

As for the others, there is no need for them to consider.

Besides, Li Cheng's family and Li Shengxian are still there, don't they know to protect the interests of the Li family?

"Since it's worth it, I won't hide it."

Lin Kai asked Li Shengxian to pass the photo to everyone: "I think you all know how valuable this development is."

"Even though I can eat by myself, I am not as good as you in the East China Sea."

Some people sneered after hearing what Lin Kai said. Lamenting that he still knows himself well, knowing he can't do it.

People like old shareholders felt that Lin Kaiguoqian was too much.

As long as he wants to in Donghai, it is easy to stand firm.

Lin Kai didn't mean to pay any attention to the bad-minded people.

"You guys want to get a share of the pie, I can understand. It's easy to participate."

Lin Kai looked at them with a smile, but everyone felt a little courageous, as if there was some conspiracy waiting for him.

"It's okay to pay, but it is impossible to buy shares. When the time comes, I will pay dividends in proportion to the current money."

Lin Kai looked at them, the smile on the corner of his mouth became brighter.

He said that on purpose, let them buy shares? Will Lee Seung-hyun still speak on that piece of land?

That being the case, it is better to do a little bit and give them dividends.

But how to pay dividends, he didn't mention a word.

When those people heard his proposal, they whispered and discussed.

None of them were fools, and naturally understood why Lin Kai did this.

After discussing for a long while, one person said: "How to divide the proportional dividend?"

“Of course it is based on the current money, percentage distribution.”

After saying that, Lin Kai added another sentence: “I only took out 45 for you to buy. Are there too many.”

He did this to guarantee Li Shengxian’s absolute ownership of the land.

Hearing him say this, those shareholders are not talking nonsense, and they are bidding.

Lin Kai asked Li Shengxian to write it down and received the money at the same time.

After all, there are so many people who want to empty the glove white wolf.

Soon the people in the hall were almost gone. Li Shengxian looked at the shareholders who had been biased towards him and asked, “Uncle Zhang, how many of you think?”

“Boy, you didn’t have the money to develop that piece of land, so let them do that.”

Lin Kai couldn’t help laughing at his guess: “Do you think Jiulong Mountain will have no money?”

In a word, everyone present couldn’t help but laugh.

Indeed, if Lin Kai had no money for development, would Jiulongshan still not be able to get the money?

It’s just that they will be in trouble if they want to get a share.

Now it seems that Lin Kai has won a good project for them to make money.

“I have something to do, so don’t bother.”

Lin Kai didn’t want to continue to bother about this kind of thing, and let Li Shengxian learn to deal with the rest and let him experience it.

Li Shengxian also understood Lin Kai’s heart, and after sending him away from Li Cheng’s house, he discussed with the few people present on how to allocate it.

When they arrived at the study, Li Cheng’s family took out an item and handed it to Lin Kai: “It’s not a precious thing, just accept it.”

Looking at the emperor green jade in his hand, Lin Kai didn’t care much. Lin’s family was not without this kind of thing, and there was nothing worth paying attention to.

“What do you want to say about that piece of land? Do you really want Shengxian to deal with it?”

No wonder Li Chengjia was worried that the time it took for Li Shengxian to contact this aspect was too short.

If such a big project is entrusted to him, he can rest assured, and those shareholders are not at ease.

“If you don’t let him experience, how can you know if he can do it?”

“I will watch it by the side, and I will solve the problem.”

Lin Kai said so, and Li Cheng’s family naturally didn’t have much to say.

In fact, he also has his own careful thinking.

How should I put it, let Li Shengxian take care of it, and the cave that may come has really become what Lin Kai said.

By then, their Li family won't benefit at all.

He wanted Lin Kai to hand it over to Lin Kai, but this was simply impossible.

With a sigh, Li Cheng's family didn't say much.

In the final analysis, it was the fault of those shareholders and Li Haoxian.

If Li Haoxian was not trying to suppress Li Shengxian, things would not fall to this point.

Unfortunately, it is too late to say anything.

Looking at Li Chengjia who was sighing, Lin Kai understood what he was thinking.

He didn't think about it, but he gave up in the end.

He didn't want to support a puppet patriarch, as that would not have any effect on him.

#### **Chapter 1294: Bad Comer**

##### Chapter 1294

As for where Li Shengxian will grow up and what kind of person he will become, Lin Kai is not sure.

Because there are too many uncertain factors for what may happen in the middle.

He can only do his best and obey the fate.

Accompanying Li Chengjia to briefly talk about the plan on the cave, Lin Kai left.

It is very easy for Li Chengjia to make money from it, and that is to help Li Shengxian develop it well.

After coming out of the study, Lin Kai stretched out, only feeling sore all over.

"It's really troublesome."

If it weren't for the harm Lin Yuan caused to himself, it wouldn't be so tired now.

But it was okay, because of this incident, he also clearly realized how strong Lin Yuan was.

For the future, he can also make a plan.

Looking at the scenery along the way, Lin Kai also sighed.

For his own family, Li Chengjia is really generous.

When I arrived at the yard where Tianshi Huang was trained, I saw him lying on Aunt Fang's lap, enjoying himself comfortably.

Aunt Fang peeled the fruit carefully and put it in his mouth.

Seeing the appearance of the two of them, Lin Kai can be said to be taken aback.

Only a few days have passed?

He clearly remembered that before he left, Tianshi Huang was somewhat resistant to Aunt Fang's contact.

Is this a true cultivation result now?

"Lin Kai, you are here." Aunt Fang sounded with surprise.

Hearing what she said, Huang Tianshi was frightened and stood up from Aunt Fang's lap.

Because the injury on his body was not healed, such a sudden movement made him almost fall to the ground.

Had it not been for Aunt Fang's eyesight to hold him quickly, she would have fallen to the ground.

"Ahem, Lin Kai, Lin Kai."

Huang Tianshi patted his chest, his choking face flushed.

"You're slower, no one will fight you."

Aunt Fang smiled and patted his back, giving him comfort.

Seeing what they looked like, Lin Kai couldn't help asking: "What are you two?"

In fact, in his heart, he hopes that the two of them will achieve a positive result, and it happens that someone can take care of this old Huyou.

In the province, he makes trouble all day long and does not do his job properly.

Unexpectedly, Huang Tianshi heard his words and strongly denied: "What do you mean by that?"

"Don't you wrong people, can you? Can I be with her? Isn't that a joke?"

Although he kept denying, Lin Kai still saw his red eartips.

Aunt Fang on the side was a little disappointed when he heard him say this.

Just because Tianshi Huang was here, Lin Kai couldn't say much.

He had to change the subject: "How are you feeling lately?"

"much better."

Huang Tianshi didn't dare to look at Aunt Fang on the side, constantly looking for topics, and talking to him babblingly.

"How is that land?"

"no problem."

Lin Kai said it briefly, both of them sighed.

“If this is for the kid Seung Hyun to come, it won’t be the case.”

Huang Tianshi’s tone was full of sighs, no wonder he would say this, it is true that Li Shengxian’s current experience is not enough.

It didn’t take long for Huang Tianshi to fall asleep faintly because of the medicine.

Looking at the sleeping Master Huang, Lin Kai asked, “Aunt Fang, what are you going to do?”

“What else can I do, take it slowly step by step.”

Aunt Fang smiled, and now there is no other way.

In fact, she could see that the old thing was tempted, but she just couldn’t pull her face off.

This is not a hassle, just give him time to adapt.

“It’s really troublesome Aunt Fang.”

“I still want to thank you.”

The two talked like old friends, and the atmosphere between them made people feel like they couldn’t talk.

It’s been a long time since the two of them met someone who talked like this, and they talked a lot at a time.

Unfortunately, happy time is always short.

Soon Steward Li came over in a hurry and called him: “Sir, there is someone from the Shao family. The person who named you by name wants to see you. It seems that the attitude is very bad.”

If possible, they would naturally not let Lin Kai go.

It happened that they were holding a very important thing in their hands, a collaboration of the Li family needed it, and they had to compromise.

“I know.”

Lin Kai didn’t say anything, and followed the steward Li to leave, until he wanted to see what tricks the Shao family played.

When he passed by, Shao Xinzheng sat in the hall impatiently.

Facing everyone in the Li family, they didn’t have a good face.

Especially after seeing Lin Kai coming over, his face became even more ugly.

“Lin Kai, do you dare to come?”

“Why don’t I dare?” Lin Kai really didn’t understand Shao Xin, how to say this sentence.

“Lin Kai, hand over the things!”

“What is it?” Lin Kai was confused and didn’t know what he was talking about.

“You still pretend that you don’t know, you need to be a face.”

“For a shameless person like you, do I have to face it early?”

Shao Xin was angry with a word, wishing to kill him.

At this time, Yinshen suddenly went to Lin Kai’s ear to explain the origin of the dragon.

After listening, Lin Kai showed a sneer.

The Shao family really took great pains to frame him.

A thief was hired to steal the things. Of course, they sent someone to follow them.

“Go ahead, what do you want?”

“Lin Kai, that’s the heirloom of my Shao family, although it’s just a jade seal.”

“But I’m the symbol of my Shao family’s Patriarch, so please give me your stuff.”

Shao Xin’s remarks were not unimportant, so he said clearly that Lin Kai wanted to replace Shao Guang.

This also gave Lin Kai a high hat, forcing him to hand it over.

Of course he knew that Lin Kai took the things, just to pour dirty water on him.

Lin Kai stared at Shao Xin blankly, listening to him slanderously, without any excuses.

“Have you finished?”

“Naturally not, I’ll hand over the things from my Shao family soon!”

“Don’t you find it ridiculous?”

Lin Kai looked at Shao Xin and thought she was probably a fool.

Just frame him, and don’t find a clever means.

Obviously when he was at Shao’s house, he and his father were staring at him, and it was impossible to steal things.

“you?”

After Lin Kai said this, Shao Xin also obviously realized that this fact is too stupid.

But this is the end of the matter, so I have to turn this matter over.

“Of course you didn’t steal it at that time, after all, you are not a fool either.”

Shao Xin stared at Lin Kai and said, “If we don’t believe it, we can adjust the monitor to see.”

What he said was in line with Lin Kai’s intention. Since he took the initiative, there is naturally no reason to refuse.

“Then trouble you to let everyone see the monitoring.”

“This is natural. I will see how you quibble at that time!”

Shao Xin stared at Lin Kai confidently, with a smug smile on his mouth.

This time Lin Kai’s reputation was over.

### **Chapter 1295: Stealing Chicken Will Not Lose The Rice**

#### Chapter 1295

Soon someone prepared something, and Shao Xin gave the USB flash drive that he had copied to the Li family.

But what he didn’t know was that that person was not from the Li family at all, but was pretending to be Yinshen.

After knowing the plans of the Shao family and his son, Lin Kai had already ordered the Yinshen in advance.

Now they only need to follow the plan and release the monitoring.

Shao Xin said silently to Lin Kai: “You are dead.”

He smiled triumphantly, as if he was annoyed when he saw Lin Kai finished.

His strategy is naturally not very clever.

After all, he didn’t believe it, Lin meeting eliminated the evidence in such a short time.

Besides, how does he know what is inside?

So he was 100% sure that Lin Kai was done.

It’s just a pity that Shao Xin didn’t even know the existence of the hidden god.

If he knew it, he wouldn’t have made such a low-level mistake.

With the surveillance broadcast, Shao Xin’s smile on the corner of his mouth grew wider.

“Master Shao, is this the evidence you said?”

Li Cheng’s family looked at him with a cold face, feeling that their family was making trouble without reason.

I was worried that they would really have any evidence before, after all, there are too many nasty methods now.

But now it seems that worrying is superfluous, and Shao Xin is simply a fool.

He actually posted a video of him discussing the frame of Lin Kai with his father.

In fact, the Li family knew it well and knew that most of this was done by Lin Kai.

“What do you mean? Are you reasonable?” Shao Xin stared at them, his face full of disdain.

It feels ashamed that they still do this at this time.

But after listening, he gradually felt something was wrong.

Turning around, I saw the scene of myself talking with my father.

“Fuck it off!”

He rushed over to turn off the projector, but was stopped by people.

“Are you trying to destroy the corpse?”

The person that Yinshen pretended to hold Shao Xin tightly, with great strength, made him feel that his waist was about to break.

“You \*\*\*\* loose me!”

Shao Xin couldn't do it in a hurry, he knew that he had fallen this time.

He couldn't figure it out. He clearly took the fake surveillance, how could it become like this?

Seeing the eyes of everyone in the Li family, Shao Xin only felt ashamed.

But he still pretended to be calm: “Who knows if this is forged by you!”

“Do you think that's possible?”

Lin Kai approached him step by step and said, “We have the ability to predict the prophet?”

“Or do you think we know what's in this USB flash drive, so we will drop it for you?”

Lin Kai's words plunged into Shao Xin's heart like a sharp sword.

He clenched his fist tightly, only feeling a buzz in his head.

In fact, he felt uncomfortable after knowing what they were going to leave.

My mind is also a little unclear, but I didn't expect to do such a thing by negligence.

He forced himself to calm down, looked at the crowd and said, “Sorry, I made this abrupt.”

Squeezed a stiff smile: “I will compensate you for this matter.”

“Our two have been working together for so long and I hope to continue in the future.”

This sentence is a blatant threat.

Although the Li family is the top family in the East China Sea, the Shao family is not bad.

Some cooperation will inevitably be implicated, not to mention that the Shao family's compensation is even more implicated.

Naturally, you can't tear your face because of such a trivial matter.

But Lin Kai had nothing to do with this incident. They really had no choice but to look at him.

Lin Kai didn't care about Shao Xin's provocation and let them handle it.

Seeing Lin Kai's back calmly leaving, Shao Xin's fists creaked, but he couldn't do anything yet.

"What do you plan to do?"

He just wants to leave here as soon as possible, otherwise the whole person will really go crazy.

Li Cheng's family didn't talk nonsense with him, and directly put forward two irrelevant conditions.

"I agreed to the terms, so this matter will be revealed."

"it is good."

Li Cheng's family agreed. In fact, if Lin Kai were not involved in this kind of thing, they would not be so inspiring.

After Shao Xin left, everyone in the Li family got together to discuss about the land.

Li Cheng's family hadn't made a statement before, and they still hoped to get the land back.

Seeing everyone looking at him, Li Chengjia sighed and said, "That piece of land has already been sold. You can only follow Lin Kai's method."

In a word, everyone's hearts sank to the bottom, but it's already like this, and it's hard to say anything.

It was just that everyone looked at Li Haoxian with a little coldness.

The reason why they support Li Haoxian is because of his outstanding ability.

If there are other people, it can bring them more benefits.

Maybe they will weigh the pros and cons at first, but once Li Haoxian does something that harms their interests, then he will be ruthlessly abandoned.

Now everyone is weighing the pros and cons, looking at the cost of supporting it.

Because for these shareholders, the profit of the company each year determines their dividends.

Who wants no money?

Li Haoxian naturally understood what their gaze meant, and couldn't help but sneered.

Sure enough, it was a group of unfamiliar white-eyed wolves.

But he didn't expect them to help him.

Soon the people present left, and Li Shengxian was also preparing to leave, but was stopped by Li Haoxian.

"What's the matter?"

In the past, Li Shengxian would never have thought that one day he could be equal to Li Haoxian, without fear of him anymore.

Lin Kai gave all this to himself, and he must work hard to repay him.

Li Haoxian looked at Li Shengxian who was faintly taller than himself, and his heart became more and more bored.

“Do you think you are the final winner?”

He looked at Li Shengxian with a smile, but he felt like a poisonous snake: “Until the last minute, you will never know what the result will be.”

Li Shengxian looked at him blankly and said, “I will give you the same sentence for my brother.”

“One more thing I forgot to tell you, Mr. He is going to marry me a woman.”

Although Li Shengxian does not like He Weiya, it does not mean that he will not use this to get angry with Li Haoxian.

“is it?”

Although Li Haoxian looked calm and relaxed, his clenched fist still betrayed his emotions.

Once Li Shengxian’s words come true, he is really over.

Li Haoxian felt bored when he thought of this.

In any case, he will not let this matter succeed.

“My good brother, goodbye.” Li Shengxian patted him on the shoulder and left with a smile.

After turning his head, his face was full of disgust.

### **Chapter 1296: Brother Save Me**

Chapter 1296 Big Brother Save Me

“It’s disgusting.”

Li Shengxian suddenly understood that sometimes Lin Kai would seriously wipe his hands after touching someone.

It’s too disgusting, as if the hands are covered with bacteria.

As for He Weiya’s going to marry him, she naturally told him on purpose.

Because of his relationship with Lin Kai, coupled with his rejection of this marriage.

Seeing Lin Kai’s face, He Zhishan didn’t force himself too tight.

I just want them to be in love in more than one place.

Now reveal it to Li Haoxian in advance, he will definitely be impatient to act.

As long as he grabs his handle and pretends to let Mr. He know inadvertently, he will be completely finished.

He didn't feel the slightest guilt about using He Weiya.

The thought of what she had done to herself before made her feel sick.

Although He Weiya is sincere to herself, but what about it?

Anyway, Li Haoxian wouldn't kill her, it didn't matter.

Will this matter be known to He Weiya?

This is what Li Shengxian hopes, and he can get rid of him by then.

Although the He family helped him a lot, he trembled at the thought of being with He Weiya.

Li Haoxian stood there, looking at Li Shengxian's distant background, and hit the wall on the side fiercely.

The blood flowed down the wall, and Li Haoxian didn't seem to feel it.

"Why! Why!"

He kept yelling, why did such a good thing fall on Li Shengxian's head?

What can he do?

He is not reconciled!

Since he thinks so, then satisfy him.

Thinking of that picture, he couldn't help laughing.

After Li Shengxian came out on the other side, he saw Lin Kai standing in front and waiting for him.

Thinking of what he had said before, he couldn't help feeling a little nervous.

"Brother Lin, you are waiting for me."

Seeing the tension on Li Shengxian's face, Lin Kai didn't know whether to be happy or disappointed.

I hope you don't forget your original intention.

In a word, Li Shengxian went to be struck by lightning and stood still for a long time.

But soon he laughed.

In order to stand with Lin Kai, he will do whatever it takes!

The Yinshen who followed Lin Kai looked at him thoughtfully and couldn't help asking.

"Sir, what do you think he would choose?"

"do not know."

How to choose it is his own business, they have no right to intervene.

Regarding the Li family, Lin Kai thought that Li Shengxian could do it himself, and left without waiting.

He has been tracing Lin Yuan's whereabouts these days, but every time there is news, he disappears soon after tracing.

After coming down several times, Lin Kai also knew that this was intentional.

Just don't know if it is Lin Yuan or his people.

"Come with me."

Lin Kai walked aimlessly on the street, watching the people coming and going on the street, his eyes were not worried, and he landed in an unknown place.

Yinshen was one step behind him and guarded him firmly.

With the breeze blowing, Lin Kai closed his eyes comfortably, his expression somewhat enjoyable.

"Help!"

The sudden voice attracted most people's attention, including Lin Kai's.

After seeing Lin Kai, the woman shouted: "Lin Kai, please, help me!"

After a moment of stunned, after seeing who it was, Lin Kai didn't have the slightest mood swing.

Looking at Dong Shu blankly, she was pulled by an ugly, buck-toothed man.

"You bitch, don't hurry home with me!"

While yelling, the man did not forget to tear his hair.

Lin Kai seemed invisible to Dong Shu's call for help.

"I know where what you want!"

One sentence caught Lin Kai's attention instantly, no matter whether this matter was true or false, people must be saved.

It doesn't matter if Dong Shu lied to herself in the end.

At that time, let him know and deceive himself.

Seeing Lin Kai walking towards her, Dong Shu didn't know where her strength came from, pushed the man away and ran towards Lin Kai.

The man was stunned, trying to catch her back, but was stopped by the Yinshen.

Looking at the tall and magnificent hidden god, the man stepped back in fear: "What do you want to do?"

"I warn you, I can call the police. What does it matter to you if I discipline my own woman?"

When he heard that he was not afraid to call the police, Lin Kai looked at Dong Shu unexpectedly.

It seems that what happened to the Dong family is something he doesn't know anymore.

But it has nothing to do with myself.

“You can call the police.”

Yinshen was not afraid at all, he just called the police.

When the people around saw someone coming up, they also talked a lot.

“How can such an ugly man marry such a beautiful wife, let alone a famous brand.”

“I see, I just want to ruin the money. It’s shameless not to see people, girls and brothers all here.”

...

Listening to the people around him, he shouted manly: “This is the daughter-in-law I bought for 10,000 yuan. Don’t talk nonsense and return him to me!”

Lin Kai gave a wink when he heard the man’s words.

With the help of the surrounding people, he took Dong Shu and left.

As for Yinshen, he followed the man to figure out what was going on.

Randomly found a restaurant, Dong Shu ate four bowls of rice before she stopped.

That look, the starving ghost reborn.

“I’m very curious why I became like this.”

After so much, Dong Shu has also changed a lot.

Some self-deprecating smiles: “It’s ridiculous. I didn’t expect that I was not my father’s biological daughter.”

“That counterfeit was brought back by a man who looked like you.”

Dong Shu paused for a while and said: “I didn’t expect to enjoy something for more than 20 years, not my own.”

“In fact, to be honest, I still don’t believe that I am not the daughter of the Dong family.”

How do you make her accept?

That was the home where she had stayed for more than 20 years, so it was gone.

Lin Kai looked at Dong Shu’s expression, but believed what she said.

As for she is not the daughter of the Dong family, he still doubts this matter.

Moreover, the genuine lady named by Dong Shu was brought by Lin Yuan.

Seeing Lin Kai staring at him, Dong Shu smiled: “I don’t have anything to thank you, just this body, do you need it?”

“no need.”

“Have you ever thought about doing a paternity test with your father?”

“Three times, every time it doesn’t matter.”

Dong Shu has completely accepted this result for all three hospitals.

Instead, Lin Kai asked, “When he is firm, does that person follow?”

“You mean he did tricks?”

Dong Shu waved her hand: “How can this be possible, I just watched it.”

“If you do it again, you’ll know, and you won’t lose, have you?”

“Why are you helping me like this?” Dong Shu stared at Lin Kai. She naturally understood that there is no good thing about pie in the sky.

### **Chapter 1297: Reach A Consensus**

Chapter 1297

“What do you think you are like now, what do we get from you?”

Lin Kai looked at her up and down and said, “Your body?”

He sneered: “Do you think I can’t find anything better than you?”

Although he didn’t like what Lin Kai said to him, what Dong Shu had to admit was that what he said was the truth.

At the same time, because of Lin Kai’s words, there was a glimmer of hope in her heart.

She does not believe that she is not from the Dong family.

If this appraisal is still not true, she will give up completely.

She is capable, and she has no worries about not taking root anywhere.

“Okay, I will take you to the appraisal tomorrow.”

“No matter what the result is, thank you.”

Dong Shu sincerely thanked Lin Kai.

Although they had been unhappy before, Lin Kai was the first person to treat himself so well in so long.

Those brothers who had been dedicated to themselves in the past ran away as soon as they heard the news from the Dong family.

I even want to tell the world that they have nothing to do with them.

The sudden concern now made her a little at a loss.

Looking at the expression on Dong Shu’s face, Lin Kai didn’t know how to comfort her for a while.

No one can accept this kind of thing.

“follow me.”

“what?”

Dong Shu was stunned for a moment, a little at a loss.

“I have a place to live.”

“Okay, let someone come and pick you up tomorrow.”

Looking at Lin Kai, Dong Shu was a little speechless for a while.

Unexpectedly, facing a big beauty like himself, he would be really indifferent.

Thinking of what the so-called real daughter did, Dong Shu couldn't help but speak: “I'll go back with you.”

Although the house was bought by himself, in the eyes of which slut, it was the Dong's money spent.

In order not to let the Dong family's things be taken advantage of in vain, it is tiresome to find a group of punks every day to make noise.

“it is good.”

Seeing that he had promised so simply, Dong Shu was a little unsure of his attitude for a while.

Originally, Lin Kai planned to keep going around, but seeing Dong Shu doing this, he immediately went back.

After returning, he asked Yinshen to go to Dong Chen to take samples, and he was so firm when that time came.

“How can I help?”

Seeing Lin Kai who was cooking in the kitchen, Dong Shu was a little frustrated.

To be honest, she really doesn't know how to cook, but she feels a little embarrassed to let Lin Kai cook.

“No need to.”

Seeing being rejected, Dong Shu didn't know what to say.

She had never experienced such a thing before, because of her father's identity, no one had ever dared to reject herself.

After looking at Lin Kai, she stood quietly and said nothing.

After Yinshen came back, she looked at Dong Shu strangely, and went to find Lin Kai without saying anything.

He told Lin Kai about everything he saw in Dong's house.

After listening to it, Lin Kai was a little surprised.

Unexpectedly, Dong Chen had no feelings for the so-called “biological daughter”.

No matter what she does, she has to compare with Dong Shu.

This actually changed Lin Kai's impression of him.

However, he didn't tell Dong Shu about the incident, and it was better not to give her hope when he was uncertain.

The next day Dong Shu waited for Lin Kai in the living room early.

When he arrived at the hospital, during the two hours of waiting, Dong Shu could be said to be restless.

Finally, the result came out. She held it in her hand and dared not look at it.

In the end, Lin Kai told her the result.

"I am a child of the Dong family and they have all been cheated. I am a child of the Dong family."

Dong Shu kept repeating it, tears falling down her cheeks.

"that is really good."

She hugged Lin Kai excitedly, leaving a clear lipstick mark on his face.

For her sudden movements, Lin Kai subconsciously pushed her away, took out a handkerchief and wiped the lipstick on her face clean.

Dong Shu didn't care so much, she wanted to go back to Dong's house immediately and tell them the news.

"You think you go back and say, will they believe it?"

"They will believe it."

In fact, Dong Shu has no bottom in his heart, after all, he has done so many times before.

They can totally say that the result of this appraisal is forged.

She looked at Lin Kai and knelt down with a "plop": "I beg you, help me bring my father, and take him for another test. I want him to see it with his own eyes!"

Only in this way can Dong Chen believe in himself.

Although I don't know how Lin Yuan did it in the first place, Dong Shu can be 100% sure that he did this for some ulterior motives.

She doesn't care what he wants to do, anyone who hurts the Dong family will have to pay the price!

Looking at Dong Shu with a sullen face, Lin Kai nodded: "I can help you."

Dong Shu understood why, and immediately said: "As long as you use Dong Shu's place, I will definitely not refuse!"

She can't make too many promises now.

Of course it is useless to say anything now.

Because of the future, no one can tell.

“Hidden God, go.”

“Can he?”

It’s not that Dong Shu doesn’t trust Lin Kai, but he is the only one?

Single-handedly broke into the heavily guarded Dong’s house?

Is it really okay?

“Naturally.”

Dong Shu looked at Yinshen’s departure direction with some worry, for fear that something might happen.

The Yinshen, who is now worried about her, has arrived in Dong Chen’s bedroom.

“What are you doing here?”

He naturally knew the hidden god, after all, he had seen it when he was confronted with Lin Kai.

“Take you to see Dong Shu.”

“Where is Shu’er? How’s she doing? Don’t worry about her. My father will pick her up soon.”

In his heart, it doesn’t matter whether Dong Shu is his own daughter or not.

He left a will a long time ago, and Dong’s family will only belong to her in the future.

Had it not been for the stubborn group of old people at home, he wouldn’t have had to make such a decision.

“go.”

Without waiting for Dong Chen to speak, Yinshen left with him directly.

When he reacted, he saw Dong Shu standing in front of him.

“My good daughter.”

Dong Chen hugged Dong Shu in his arms and couldn’t help crying: “Slim, thin.”

In his eyes, his own biological daughter is not half as good as Dong Shu.

Seeing the father and daughter doing this, Lin Kai and Yinshen naturally stood by without speaking.

After the two of them finished speaking, Dong Shu said, “Dad, I don’t believe the appraisal result, please accompany me to go again.”

“Don’t do that.” Dong Chen patted her shoulder: “In my heart, you will always be my daughter, even if there is no blood relationship.”

With a few simple words, Dong Shu burst into tears instantly.

But she still wanted a result.

Seeing her insistence, Dong Chen had to agree.

While waiting for the results, both of them were calm.

But when they saw the result, both of them couldn't help crying.

### **Chapter 1298: Mingxiu Plank Road Darkness Chen Cang**

Chapter 1298

"My dear daughter, I made you suffer."

The two couldn't help but hug each other and cry bitterly.

After so many times of identification, the results were all non-biological fathers and daughters. You can imagine how uncomfortable the two are.

Now looking at the results in his hands, Dong Chen naturally understood that the previous identifications were all tampered with.

"Lin Kai, I don't remember this incident to Dong Chen."

He said with some embarrassment: "I need to trouble you to take care of Shu'er for a while, and it's time for the Dong family to rectify."

"As for that person, I won't let him go!"

Dong Chen could not wait to kill his own daughter directly.

"You are not his opponent."

"You know him?"

Dong Chen was stunned for a moment, and suddenly realized.

How did he think that person was familiar before, but now that he thinks about it, he looks too much like Lin Kaichang.

"That's my brother."

Lin Kai only said that the relationship between the two of them was not good, and there was no need to say anything else.

"Why don't we cooperate and hit him off guard?"

Dong Chen's proposal was exactly what Lin Kai wanted to say.

Since Lin Yuan had taken a fancy to Dong Chen's contacts in the East China Sea, he helped him.

"Happy cooperation."

As for whether Dong Chen pretended to cooperate with him, it didn't matter.

Lin Kai did not point at him anyway.

He is a fox. As a qualified hunter, he can naturally stand the wait.

“Lin Yuan just tell him what he wants.”

There is no need for Lin Kai to say the latter, Dong Chen also understands.

When he completely let go of his guard, that’s when they started.

The two chatted a lot, Dong Chen reluctantly looked at Dong Shu: “Daughter, wait a minute, and soon my father will pick you up.”

Regardless of whether he was acting or not, Lin Kai still envied the relationship between their father and daughter.

After sending Dong Chen away, Lin Kai took Dong Shu home.

She didn’t agree with each other along the way, staring at somewhere blankly, not knowing what she was thinking.

When he got home, he ran into Li Shengxian.

Looking at Dong Shu following them, he was a little surprised: “Brother Lin, why are you with him?”

Although he had already taken revenge, Li Shengxian still couldn’t let it go.

“Li Shengxian, I’m sorry for what happened before.”

Facing Dong Shu’s solemn apology, Li Shengxian was a little at a loss.

He also heard about what happened to the Dong family.

When I knew it, the surviving customer had been there for a while.

But now seeing her like this, it is inevitable that I feel a little embarrassed.

But he didn’t have time to talk nonsense with Dong Shu, because there was a problem with the land.

“Brother Lin, please let the Yinshen take me to see where the cave is.”

Today, a group of people who didn’t know where they came from, directly broke ground on that piece of land with great fanfare.

Soon, I dug five or six meters deep, and kept pressing various heavy objects on it.

Originally, the cave was no more than ten meters deep from the ground, and it was a miracle that it could be preserved so well.

It’s hard to say that Li Shengxian is really afraid that something will happen when he is so engaged.

Even after Lin Kai finished listening, his face was a little ugly.

No matter what it is for, the gift of nature like that should not be destroyed.

To explain to Dong Shu, Lin Kai and a few people left.

Looking at the people who worked on it, Lin Kai asked, "Is it possible to find out who did it?"

"Someone has been sent to investigate." Li Shengxian stared at the spot with red eyes: "I sent someone over before, and they stopped. I didn't expect to start construction again so soon."

"Hidden God, go."

Leaving a word, Lin Kai took Li Shengxian directly to the underground cave.

Fortunately, no damage has been received here.

But the two of them felt the constant vibrations from above, don't think about it, if things go on like this, can the cave be kept?

"Let's go."

After the two went up, the machines had stopped, and the foreman here was also brought over by Yinshen.

"Who asked you to come here to start work? All the documents?"

Lin Kaiqiang resisted the anger in his heart and did not do anything.

Because he knows these people, but they are just following orders.

When someone pays, they naturally have to do something.

The foreman stared at Lin Kai and asked, "Who are you? How can you care about so much?"

"Hurry up and let him let me go, otherwise don't blame me for being impolite."

The foreman was too anxious, although if the construction period was long, he would take more money.

But who made the boss this time not follow the routine.

They are given a time limit. If they cannot be completed within this time limit, they will not be paid for the extra time.

He is not a fool, and naturally it is impossible to let his workers work in vain.

When the time comes, you will have to pay your own wages, let alone have so many machines.

"I am the owner of this piece of land. Why don't I know that this piece of land is about to start?"

Hearing what he said, the foreman looked at Lin Kai and couldn't make up his mind for a while.

It took a long time before he said, "Don't embarrass me. To put it bluntly, I am also a part-time worker. I will do what the boss says."

Lin Kai also knew it was useless to embarrass him, so he simply said, "You let the employer come over."

Seeing Lin Kai like this, the foreman said helplessly: "I'll call right away, don't move my workers."

Not long after the foreman hung up the phone, a Maserati roared, and a flick of its tail stirred up large swaths of dust.

The dust cleared, and the window opened, revealing the face of a young man: "Who the \*\*\*\* are you? Don't let my workers work?"

"At that time, the house cannot be built, you will lose money for me."

"This piece of land did you buy?"

"It's not me, what's the matter?"

Hearing the man say this, the foreman's face changed instantly.

This is not the man's land, although they have laid the foundation or something.

But as long as Lin told them, they would still be unlucky.

This is completely illegal embezzlement of others property.

But the man said indifferently, "Why can't I move the land that my old uncle bought?"

"Do you know who I am?" The man looked proud: "He Zhishan's nephew He Qingzhou."

"Savvy, get out of here."

After finishing talking, he pointed to the boss on the side and said, "You \*\*\*\* go and work for Laozi."

Just about to leave, he was stopped by Lin Kai: "What rights do you nephew have on the land that He Zhishan bought? And what you don't know is, does your uncle no longer need this land?"

"What nonsense are you talking about."

He Qingzhou hesitated, he naturally knew that the land was sold.

But so what?

What he fancy must be his own.

When the time comes, you will develop it yourself, what can the people who bought the land say?

Not to mention that they are still He Zhishan's nephew, and they have no choice but to pay them so much money then.

"You know, doing this is really amazing."

## **Chapter 1299: The Land Of My Home**

Chapter 1299 My Homeland!

"You care about me."

He Qingzhou looked indifferent, and didn't see what he was. What qualifications did he have to talk to?

In the entire East China Sea, who would dare to compete with their He family?

Looking at them with disdain, He Qingzhou looked at them lazily.

“My land, can’t I speak?”

Lin Kai stared at him indifferently, if it wasn’t for He Zhishan’s face, he could still stand and talk to himself?

I really don’t know anything good or bad!

“Your land?” He Qingzhou looked at him up and down and sneered disdainfully.

He has never seen him in Donghai.

There is a face in Donghai, he is speechless in Qingzhou?

“It’s a joke, what are you?”

He Qingzhou stared at Lin Kai disdainfully, really skinless and faceless, even dare to say such things.

“roll.”

Lin Kai talks nonsense with him lazily, but is just a clown, what right does he have to talk nonsense here?

“You \*\*\*\* say it again?”

He Qingzhou waved his fist and rushed over, feeling that Lin Kai was really toasting and not eating fine wine.

It’s his land, so what?

That was also working with his uncle. What can’t he move?

When the time comes, I will fix it by myself and give him some points.

“waste.”

Lin Kai didn’t talk nonsense, just kicked him out.

With a “bang”, He Qingzhou fell to the ground and couldn’t get up after suffering for a long time.

The foreman looked at Lin Kai and then at He Qingzhou, and he understood what was going on.

He looked at Lin Kai embarrassedly: “This boss, we just collect money to do things, and we don’t know who this is.”

Looking at the foreman’s appearance, Lin Kai waved his hand, he also knew that they were just doing things with money.

The foreman breathed a sigh of relief when Lin Kai said this.

He Qingzhou struggled for a long time and got up, seeing the foreman bend his knees, only feeling angry.

“Fuck me here!”

He Qingzhou wanted to kill the foreman, he was his boss.

“Move here in the future, don’t blame me for being rude.”

If it were not for He Zhishan’s face, Lin Kai would not be merciful.

Let them move further, and the underground cave will be destroyed.

“What are you talking about? Don’t let me move here?”

He Qingzhou couldn’t help laughing: “How old do you think you are?”

“I’m telling you, this is my land! I have the final say!”

“What do you say?”

A warm voice sounded, and then he was slapped severely on the face.

“Asshole thing, that’s how you handle it outside?”

“Fuck you...”

He Qingzhou was just about to do it. When he saw who did it, he couldn’t say a word.

“Mom, uncle, why are you here?”

He Qingzhou looked at them, no longer the arrogance before.

“Lin Kai, I’m really sorry about this today.”

He Zhishan looked at Lin Kai apologetically, he knew what was in the low.

Naturally, He Qingzhou knows what effect this will have on those things.

“Uncle, why do you apologize to him?”

“shut up!”

He Zhishan is so angry, it’s not that he never thought of coming back to this land.

Just because Lin Kai took it down, he really couldn’t get it back.

Now he did not expect He Qingzhou to do such a thing.

Seeing his uncle like this, He Qingzhou was frightened and angry.

“Mom, help me.”

He Qingzhou was too scared, for fear of what He Zhishan would do to him.

“You.”

With a helpless sigh, He mother turned and left.

He really couldn’t control his own son.

Now that this kind of thing happened, he would naturally not interfere.

She is not a fool either. From He Zhishan's attitude, it is natural to see that Lin Kai's identity is not simple.

In that case, she would not interfere, and it would be the result.

Seeing his mother leave, He Qingzhou was completely afraid.

He Zhishan sighed: "Lin Kai, I will give you an explanation for this matter."

"okay, I get it."

Lin Kai nodded and agreed to let Li Shengxian deal with the foreman and those machines.

He Zhishan also knew that this matter was not easy to solve, and left with He Qingzhou directly.

Looking at their backs, Yinshen said, "Sir, do I need to teach him."

"No, He Zhishan will take care of it."

"Yes, sir."

Lin Kai confessed to Li Shengxian and left with Yinshen.

On the way, Lin Kai looked a little ugly at the information sent by He Zhishan.

"Yin Shen, go and check the individual."

The photo that Lin Kai handed over after receiving it disappeared instantly.

Putting down the information, Lin kicked the accelerator and shook off the car following behind.

Before, it was just because there was no time to talk to them, now they are free.

After a while, the speed of the car gradually slowed down, and when he saw the car behind him through the rearview mirror, Lin opened a smile at the corner of his mouth.

They drove slowly, once they speeded up, Lin Kai also speeded up, always letting them stay behind.

Gradually, Lin Kai's speed slowed down, allowing them to catch up.

Two cars one behind the other blocked him tightly.

Gradually, another car came from behind and blocked on the other side, making Lin Kai unable to overtake.

Not long after, several cars were forced to come over, and Lin Kai stopped abruptly.

Lin Kai sat in the car, watching five or six of them, walked up to his car.

A person knocked on the window and motioned Lin Kai to roll it down.

"Brother, please come down."

A five-and-three thick, shirtless, tattooed man, looked at Lin Kai fiercely.

"Whose are you from?"

“It has nothing to do with you.”

“not my business?”

Lin Kai couldn't help laughing, and opened the car door directly.

When they raised their baseball bats, they didn't mean to dodge at all.

A solid wood baseball bat hit him with a “bang” and broke.

“This... how is this possible!”

All of them were stunned, and they would never have thought that after such a stick, he was stunned for nothing.

“Are you going to continue?”

Lin Kai looked at them with a smile, and didn't mind if they came again.

“Brothers, come on!”

The leading man waved his hand, and the remaining few rushed over without hesitation.

Before they could do anything, they were stopped by someone who suddenly rushed out.

“What are you doing, in broad daylight, and in what manner?”

A strong man who was two meters tall stood in front of Lin Kai.

“Who the \*\*\*\* are you, get out of here!”

“You want to try with me?”

The burly man smashed the glass on their car window with a punch.

“You...you wait!”

### **Chapter 1300: Actor**

Chapter 1300

“Wait, just wait!”

The burly man stared at them fiercely, looking like cannibalism.

“My name is Liu Yang, I have the ability to come to me! Bullying, what kind of ability!”

The brawny man waved his fist, several people looked at him like this, glared at Lin Kai, and ran into the car without looking back.

After running for a distance, I didn't forget to stop and let go of the cruel words: “You wait for me, I won't let you go!”

Liu Yang waved his fist, scared them to kick the accelerator, unable to say a word.

It was not until they disappeared completely that Liu Yang was considered to withdraw his fist.

Seeing Lin Kai standing aside, without saying a word, Liu Yang slapped him on the shoulder: "Brother, don't be afraid, let me know if something happens in the future."

"Thanks."

"What's the thanks."

Liu Yang looked indifferent, with a chivalrous look on him.

"My brother is about the same size as you, and he is about the same size as you. I thought it was him."

"Yes, you who look innocent like this are most likely to be bullied."

"But don't be afraid, you can just follow them directly."

...

Liu Yang continued to teach Lin Kai how to avoid being bullied, and he looked like a confident big brother.

Lin Kai stared at him like that, with a gentle smile on his lips.

It looks like a warm picture.

But Lin Kai sneered again and again in his heart.

Lin Yuan didn't move slowly. He just got news from his side and asked Lin Kai to check it.

He has already arranged such a big show here in order to convince himself of Liu Yang.

Since he wants to be fooled so much, he can play with him and see what he wants.

Liu Yang looked at Lin Kai's appearance and felt that Lin Yuan must be exaggerating.

He looks like a good boy.

However, he did not take it lightly. The task that Lin Yuan assigned to him naturally had to be completed well.

The two talked for a long time, and they felt more and more agreeable.

Of course, most of them were made by Lin Kai.

When the Yinshen came back, Liu Yang was discovered at first sight.

He did not appear directly, but followed them silently.

When he arrived in the city, Liu Yangfei wanted to take Lin Kai to dinner, saying that he was too much like his brother.

Since the other party wanted to act, how could Lin Kai not cooperate?

Not long after I arrived at the hotel, several gangsters came over.

The grass mud horses who opened their mouths and shut their mouths insisted on taking their place.

Lin Kai didn't speak, and sat quietly beside him, playing the image of a weak brother.

In order for Liu Yang to maintain his image, it is naturally impossible not to do it.

Two people were beaten immediately.

This really impressed Lin Kai. In order to act realistically, he did not hesitate to pay.

After they left, Liu Yang rolled up his sleeves and said disdainfully: "Social youth who don't know where they come from, do not see what they are, they are here to show off."

Speaking and patted Lin Kai, arrogantly: "Don't be afraid, there is a big brother, they are all shit."

"Good." Lin Kai smiled and poured him a glass of wine.

If you are seen by the group of He Zhishan, you will definitely be surprised.

Let Lin Kai pour him wine, this is something that will last a lifetime.

Liu Yang didn't talk nonsense, and drank it directly.

In the morning, Lin Kai didn't know how many times he had encountered small gangsters.

Except for punks, some women were robbed of children, or old ladies were robbed.

Either someone fainted, or was touched by someone, etc., which can deepen Liu Yang's personal affairs.

Lin Kai felt that even one year might not have encountered so many such things.

Liu Yang is really good enough.

But fortunately, he also knew how to constrain, and Lin Kai would definitely be aware of it if he understood that this has not worked.

In the afternoon, Liu Yang saw that Lin Kai was still unmoved and directly changed his strategy.

When the two went back, a car rushed over, obviously nothing happened.

He insisted on pushing Lin Kai out, and he was hit by a car.

Seeing this, the car owner ran down and threw thousands of dollars: "This matter is cleared."

He drove off without looking back.

Looking at Liu Yang, who was holding his feet and couldn't get up on the ground for a long time, Lin Kai deliberately limped on the side for a long time before standing up.

"Are you okay, I blamed me for using too much force."

Liu Yang seemed to blame himself, as if he was the culprit.

He lowered his head and observed Lin Kai's expression with his eyes.

Seeing the worry on his face, I was completely relieved.

He still didn't believe it. After this incident, Lin Kai could still resist himself as before?

Sure enough, Lin Kai squatted down and touched his foot, his tone a little anxious: "How can your foot hurt so badly? Go to the hospital."

Said that he helped Liu Yang to go to the hospital, but he refused.

"My body, I know it myself. Why don't you take me home to rest first."

Lin Kai couldn't help laughing when Liu Yang said so.

He has said that he naturally wants to cooperate.

He immediately agreed, helped him into the car, and took him home directly.

As for Li Shengxian and Dong Shu, Yinshen explained that they cooperated with Lin Kai in acting.

So when Lin Kai took Liu Yang back, Dong Shu asked suspiciously: "Is this Lin Kai your friend? Why don't you go to the hospital if you are injured?"

"This is a good older brother of mine."

Lin Kai exaggeratedly described what happened today to Dong Shu.

God knows how terribly Dong Shu is holding his smile on the sidelines, she is almost out of internal injuries.

But she resisted and said, "I'll get the medicine box right away."

Until she went upstairs, Lin Kai had excellent hearing and clearly heard her laughing while covering the quilt.

Liu Yang couldn't help but smile upon hearing his words.

Although Lin Yuan exaggerated, one thing was quite right. Lin Kai still cared about his lifesaver.

However, he completely forgot that Lin Kai was someone who could make Lin Yuan stand up.

Now in Lin Kai's eyes, it was a silly white sweet who could sell people by just a few words.

Soon Dong Shu came down with the medicine box: "I will bandage it for you."

Seeing his calf and ankle wrapped like a mummy, Liu Yang was helpless, but couldn't say anything.

He had to turn his gaze, looked at the surrounding things and asked, "Go on, what do you do, why are you so rich at home?"

"There is a rich father, no way."

He sat on the sofa with a helpless look, alive and well as a dude.

"But I have also cooperated with others myself, running an internet company."

As for this Internet company, it was naturally made up by Lin Kai.

As he said, he approached Liu Yang and whispered, "Tell you a secret."
