

Special Forces 1301

## **Chapter 1301: Design**

Chapter 1301

“What’s the secret?”

Sure enough, when Lin Kai said this, Liu Yang’s eyes lit up instantly.

He felt that he was really a genius, and he had only known Lin Kai for so long before he could get valuable news from him.

Thinking of Lin Yuan’s promise to himself before, Liu Yang couldn’t help shaking.

Looking at the excited Liu Yang, Lin Kai’s mouth showed a smile.

I hope Lin Yuan will like the gift he gave him.

“You have to keep this matter secret.”

Even though he was in his own home, Lin Kai looked around.

This made Liu Yang more sure that it was definitely big news.

“Recently Sunny Network is going to cooperate with me.”

Lin Kai’s voice was filled with irrepressible joy: “As long as the cooperation is successful, my company can be listed.”

As he said, he stared at Liu Yang solemnly and said, “So, I must not fail, or I will get tired of debts.”

“Don’t worry, I will never tell other people!”

Looking at Liu Yang’s earnest assurance, Lin Kai smiled and sneered in his heart.

I hope he will tell Lin Yuan the news so that he can see for himself what he is going to do.

After telling the news, Liu Yang accompanied Lin Kaidong and talked about it for a long time.

Each topic has something to do with what Lin Kai has to do recently.

Asking something out of Lin Kai’s mouth, Liu Yang couldn’t wait to grin into the sky.

Seeing the question, Liu Yang pretended to be hungry and said to him: “Go on, do you have anything to eat?”

Lin Kai naturally understood what he was going to do.

He said in coordination: “I’m going to the supermarket to buy groceries, and you can rest at home.”

When I went out, I didn’t forget to take Dong Shu away.

After coming out, Dong Shu glanced at the door and said, “Lin Kai, you...”

How come from a wealthy family, and the whole East China Sea is like a fish, how can Dong Shu not see that Lin Kai was just acting?

But she couldn't understand, what is worth doing for a person who doesn't know his identity?

"At that time you will know."

Lin Kai did not say that he did not trust Dong Shu that much.

"Go shopping."

Dong Shu hesitated, but took the car key and left.

Lin Kai returned home quietly like a civet.

Lin Kai waited quietly while staring indifferently at Liu Yang, who was raising one leg and hopping back and forth at home, rummaging for things.

Sure enough, he soon found the contract Lin Kai said in the study.

Looking at the ecstatic expression on his face, he sneered.

He took photos of the contracts one by one, including some messy information.

Turn on the phone and call Lin Yuan.

Even though there was a long distance away, and the voice was small, Lin Kai listened intently.

After Liu Yang hung up the phone, Lin Kai followed him like a shadow.

After confirming that he did not move, Lin Kai called Dong Shu to come back.

The moment the door opened, Liu Yang was holding something in his hand.

The sudden sound shocked him, and the thing in his hand fell directly to the ground and broke.

"You... why are you coming back so quickly... come back."

He stammered at the two, and looked around with a guilty conscience.

He thought that he had completed the task, and looked at the decorations at home, a little moved.

Although Lin Yuan's salary was not low, who would think it was too much?

He just hid two things here, but he didn't expect them to come back.

Seeing the broken blue-and-white porcelain basin with a lotus pattern, I feel distressed.

There must be a self-blaming look on his face: "I didn't mean it, I just wanted to see it."

Seeing Liu Yang's bewildered look, Dong Shu snorted and went to the kitchen without saying a word.

She didn't know what Lin Kai was going to do, so it's better not to mess up.

Liu Yang looked at Lin Kai, rubbing his hands, his expression a little awkward.

In fact, Lin Kai hated him to death.

If they hadn't come back suddenly, how could their own things be broken?

He felt that Lin Kai had lost so much money.

But I didn't even think about it, this was originally Lin Kai's thing.

"It's okay, it's broken when it's broken."

Seeing the smile on Lin Kai's face, Liu Yang smiled stiffly and said nothing.

After dinner, no matter how Lin Kai stayed, he was about to leave.

Finally, Lin Kai pretended to be reluctant and let him go reluctantly.

After leaving, Dong Shu asked: "Why did you do this?"

"Fishing, be patient."

A thoughtless sentence made Dong Shu wonder how.

But it didn't matter, she only needed to do things as Lin Kai ordered.

As for the hidden god, he followed Liu Yang quietly.

Lin Kai looked at the information that Yinshen had brought back, lying on the couch, basking in the sun leisurely, a little drowsy.

"what's up?"

Lin Kai squinted, glanced at Dong Shu, and closed his eyes again.

"My father just told me one thing, I..."

Dong Shu rarely tangled her fingers, not knowing what to say to Lin Kai.

"Say it."

"My father said, the cooperation of the company you talked about may be going to be a waste."

"The price paid by one person is three times higher than that of that company."

"Just ask your dad to agree."

What Dong Shu didn't know was that this was the game he and Dong Chen worked together.

The purpose is to lure Lin Yuan out.

It just seemed a pity now that he did not appear.

But it's not without gain. How can you be unhappy if you made an extra 50 million?

As for that company, it is a foreskin company.

I wanted to come because Lin Yuan couldn't see his own development, which would affect their company.

Seeing Lin Kai not caring very much, Dong Shu didn't know what else to say for a while.

She rarely felt sorry for a person, but she didn't expect this to be the result.

Sighing, she quietly helped Lin Kai massage.

Don't think she is the daughter of the Dong family, but this massage technique is not uncomfortable.

Even Lin Kai felt all over his body, it was a comfort.

When Lin Qianqian came over, she saw the two of them look like this.

Tears fell without knowing why.

She really wanted to rush over and question Lin Kai well!

Why don't you want her, and would rather choose Dong Shu, which is a thousand people pillow?

How much did I give to help him during this period?

The results of it?

Is that how you return yourself?

But soon she adjusted her mood.

Because she knew Lin Kai was not such a person.

Wiping away the tears on her face, she teased: "Shao Lin's small days are very moist, accompanied by beautiful women."

Hearing Lin Qianqian's voice, Lin Kai Lazy Yangyang said: "Find a place to sit by yourself and tell me directly if you have anything to do."

This casual attitude made Lin Qianqian happy a lot.

## **Chapter 1302: Accident**

Chapter 1302

But Dong Shu was a little bit yin and yang: "Who do I think, it turns out to be Miss Lin."

Dong Shu couldn't accept such an intimate attitude between them.

It's as if one's beloved toy was snatched away.

She stared at Lin Qianqian jealously, unable to think of anything good about her.

Lin Kai doesn't like this stunner like this, is it possible that he likes her?

Looking at the expression on Dong Shu's face, Lin Qianqian couldn't help feeling a little proud.

The two of you came and went, fighting with their eyes.

But Lin Kai had no time to take care of them.

After waiting for a long time without seeing Lin Qianqian speaking, Lin Kai couldn't help asking: "What do you think?"

Lin Kai's words interrupted the fight between the two women.

"I need your help."

Lin Qianqian didn't talk nonsense, and directly stated the purpose of her coming this time.

"You also know what Leiyuan Group does. Now they want to invest in me, but they want too many shares."

"And you help me and invest in me, the amount is larger than them, and the shares are smaller than them."

As for the latter, there is no need for Lin Qianqian to say anything, they all know what is going on.

"I know, I will arrange someone."

In fact, it's just a few words, which can be clearly stated on the phone.

But she just didn't want to.

It's been a long time since I saw Lin Kai, she couldn't bear the excitement in her heart, so she came through this stall.

There are still many things waiting for her in the company, but Dong Shu, who is watching him, can't move forward.

It's not that Lin Kai doesn't mean anything to her, but girls sometimes do.

You can't see others coveting your own things.

Lin Kai didn't understand the war between them at all.

I thought they were good close sisters.

I couldn't help but suggest: "Why don't you two go out and play together, and it's time to relax."

Naturally, they would not refuse Lin Kai's proposal.

The two of them are as good as Siamese babies, and they left talking and laughing.

But just out of Lin Kai's line of sight, they all snorted and slammed the opponent's hand away.

"Huh, Dong Shu warns you, don't pay attention to Lin Kai, or don't blame me for being impolite!"

Lin Qianqian stared at Dong Shu fiercely, she didn't know what kind of person she was.

Although he knew that Lin Kai didn't think about her, he couldn't help it.

But Dong Shu didn't care about her warning at all.

It's not Lin Kai, what qualifications does she have?

"you!"

Neither of them was convinced, and they almost started fighting.

If it wasn't for Lin Qianqian's cell phone to ring, and the company was anxious to find her, the two of them would have started.

After Dong Shu followed, Lin Kai gave her a strange look: "Where is Qianqian?"

Dong Shu almost couldn't hold back when she heard such an intimate call of her name.

But she endured the thoughts in her heart and said with a smile: "There is something in her company, go back first."

After speaking, Dong Shu looked at Lin Kai and wanted to say something, but couldn't say anything.

To be honest, she was embarrassed.

He hadn't helped Lin Kai in anything. It was a great gift for him to take in himself.

With a sigh, she glanced at Lin Kai, who closed her eyes, and turned upstairs.

Lin Kai didn't know what Dong Shu's thoughts were in her heart, and she would sigh if she knew, women have so many thoughts.

He just fell asleep in a daze when he was awakened by the phone.

"Are you Li Shengxian's family member? He was in a car accident and was in the Donghai First People's Hospital."

In a word, Lin Kai woke up instantly.

Said something that he left, and disappeared instantly.

On the way back, Lin Kai kept thinking about something.

After he passed, he found that none of the Li family members were there.

After asking the doctor Li Shengxian about his current situation, he called Li Cheng's family.

I felt a little uncomfortable, and the tone of speech was very unhappy.

"Where are you guys?"

When Li Chengjia answered the phone, he was taken aback for a moment when he asked him, but he couldn't react.

Soon he asked, "Lin Kai, what happened?"

Upon hearing Li Cheng's tone, Lin Kai knew that they still didn't know that Li Shengxian had an accident.

Simply tell him the situation, and don't forget to tell him, don't tell others about this.

Now who instigated this matter is still uncertain.

After hanging up the phone, Li Cheng's family rushed over after not long.

Seeing him anxiously asked: "Lin Kai, what is going on?"

"I don't know, it's not the hospital that called me, and I don't know."

He looked anxiously in the direction of the operating room, pacing back and forth, looking anxious.

Whether he is a father, the head of the Li family or some other status, he will never accept the news of Li Shengxian's accident.

Later, because the company was in a hurry, Li Shengxian's affairs could not be poke out either.

He could only ask Steward Li to come and join Lin Kai, and he rushed back to deal with the company's affairs.

Time passed, and the lights in the operating room finally went out.

Seeing the doctor coming out, steward Li was the first to rush up and ask: "Doctor, what's the situation with my young master?"

When he heard the doctor's words, Housekeeper Li almost fainted.

The doctor was also used to it. After a few words of comfort, he left.

After all, he has other operations.

Butler Li looked at him tremblingly. He came out of the operating room, unconscious, and Li Shengxian, who was covered in bandages, was distressed.

"Sir, there is nothing wrong with my young master, right."

He kept asking Lin Kai, just like an ordinary grandfather.

"Of course nothing will happen!"

Even if something happens, Lin Kai will \*\*\*\* people back from Yan Wangye.

In the ward, there was the unique "didi" sound of the instrument. The two of them were silent, and no one took the initiative to speak.

After a while, Lin Kai said, "Take care of him first, and I will go out."

"Yes."

After Lin Kai went out, he went straight to the rooftop.

In fact, he hates hospitals.

Because here he didn't know how many comrades in arms had been sent away.

Looking at the smoke blowing in the wind in his hands, Lin Kai didn't know what to think.

“Who?”

He turned his head, his gaze was like a falcon, staring at a place behind the door.

He walked by and saw a woman, curled up in fear, staring at her in horror.

“Please, let me go.”

Seeing the woman like this, Lin Kai was a little confused, but didn’t say anything, turned and left.

Unexpectedly, the woman stopped him directly: “Well, can you give me a cigarette?”

Frowning, Lin Kai turned and left after handing her the entire pack of cigarettes.

In the ward, Li Shengxian lay quietly on the hospital bed as if he was asleep.

“Sir, you are back.”

Steward Li said to himself: “I already called the owner of the house, and he sent someone to check it.”

### **Chapter 1303: Who Instigated**

Chapter 1303

“I know.”

As early as the first time he knew that Li Shengxian was involved, Lin Kai had sent someone to investigate.

Instead, he wanted to see who was the one who didn’t open his eyes and dared to move him.

Don’t let him find out if you have the ability, otherwise, you will be at your own risk.

Seeing Lin Kai exuding a terrifying vigor, the butler stepped back in fear.

Rubbing the goose bumps on his hands, butler Li felt that the temperature in the room had dropped a lot.

But he was still very happy, at least Lin Kai cared about Li Shengxian in his heart.

He is not clear about the situation of the Li family.

Because of this, he desperately wanted Li Shengxian to find someone who could give him strong support.

He used to be too stupid.

Can only be bullied.

Now that I have finally made progress, something like this has happened.

In fact, he knew in his heart that this matter may have been done by the Li family or a competitor.

Competitors, fortunately, can make them pay.

But what if it is from the Li family?

If Li Shengxian died, they would be punished at most and nothing would happen.

Did not die, and recovered, then their punishment may be a little more serious.

He is really disabled. The Li family will support him for a lifetime at most. As for those who do, there will be no harm.

But no matter what happens to Li Shengxian, they will not be killed.

But now it's different with Lin Kai.

With his status, Li Cheng's family was punished heavily, and they did not dare to say anything.

With a sigh, butler Li didn't know what to say for a while.

The only hope is that Li Shengxian can wake up without incident.

Lin Kai looked at Li Shengxian on the bed and sighed, not knowing what to say.

Most of these things have to be resigned.

Fortunately, he has a system.

Although Li Shengxian could not heal instantly, because that would be too incredible.

But it is okay to save his life and keep him safe and sound.

The system also knew what Lin Kai actively sought for himself, and did not speak for a long time.

In the end, he only said one sentence, he will be fine, and he is silent.

Knowing this situation, Lin Kai felt more comfortable.

"You are here to take good care of him, there is something in the Li family, I want to go there."

"it is good."

Steward Li agreed that there cannot be no one here.

On the way to Li's house, listening to Li Cheng's words, Lin Kai's face became increasingly ugly.

The news of Li Shengxian's accident hasn't come out yet, and their food looks so ugly?

What if news of his accident comes out? How can this group of people decide?

When he arrived at Li's house, Lin Kai went straight to Li Cheng's study.

There were already three or four Li family elders waiting.

Seeing him Lin Kai, except for an elder's disdainful snort, the remaining three greeted him with a smile.

Just as Li Cheng's family was about to speak, the elder who disliked Lin Kai spoke up.

"Mr. Lin, we hope you can return that piece of land to our Li family."

"How do you say, it's also something from our Li family, don't you hold it like this?"

As soon as he finished talking about an elder, he choked with him: "Li Gui, are you too embarrassed to say?"

"There was a problem with that piece of land, and we haven't paid for it. Didn't you advocate selling the piece of land?"

"How come Mr. Lin didn't care about anything and bought that piece of land, and now you say it's back, it's really funny."

"what do you mean?"

The elder who was called Li Gui was not happy anymore and shouted loudly: "I am not thinking about the Li family. Who knows there is a cave under that piece of land."

Lin Kai couldn't help laughing when he heard him.

"What you sold, you want to go back when you see it is valuable? Is there such a reason in the world?"

Looking at Lin Kai's face, he said with some embarrassment: "It's not that we didn't give money. How much money was given to us at the beginning?"

"Li Gui, what are you talking about!"

Several other Li parents, including Li Cheng's family, felt blushed.

It's shameful that he said such things shamelessly.

At the beginning, they didn't know that there was a cave underneath. It was already very good to be able to sell the problematic land so quickly at a price not lower than the original price.

Now because Lin Kai is going to make a fortune, they let people give back the land?

Nowhere is there such a thing in the world.

"Li Fu, what do you mean?" Li Gui looked at Li Fu angrily, wishing to kill him.

Dont you know you cant do this?

What did he do this for?

It's not for the Li family, otherwise he would be so shameless?

"I know what you are for!"

Li Fu stared at him with scorching eyes, which made Li Gui a little unbearable to look directly.

In fact, Li Gui did it selfishly.

As long as the land can be returned, Li Haoxian is 100% sure to take it down.

When this piece of land is in their hands, won't the profits roll in?

It's just that this must not be let them know, or else it won't be over.

At this time, Lin Kai, who had not spoken, said, "Have you ever asked me what I meant?"

“What I bought with money, do you want to go back? It’s ridiculous.”

“What do you mean?”

Li Gui stared at her and said, “Who knows if you have known that there is a cave below, otherwise, how could you buy it with money?”

“How about knowing?”

Lin Kai smiled and said, “If people don’t serve themselves, what can we do if I don’t tell you?”

“I won’t buy it. You can only use the money at that time.”

“Do you think that if you don’t develop there, can you know there is something below?”

After listening to Lin Kai’s words, Li Guiqi couldn’t say a word.

I have to say that what Lin Kai said is the truth.

They use professional equipment to detect whether there is a problem underground.

It was impossible for people to enter directly like Lin Kai and understand what was going on inside.

“You asked me to come today because of this?”

Li Chengjia nodded with a gloomy expression.

It seems that this Li Gui really needs to beat and beat well.

I didn’t look at Lin Kai’s identity, and angered him, and the Li family was going to die with it.

“Your business, let’s finish talking.”

“It’s over.”

Li Gui stared at Lin Kai with a gloomy expression. If his eyes could kill someone, he would have died several times.

In his opinion, Lin Kai is a shameless thing.

It’s really shameless to take possession of their Li family’s things.

Being stared at by Li Gui, Lin Kai smiled at him, the reflection of white teeth.

This made Li Gui even more toothache, but he couldn’t say anything.

Those people were obviously biased towards Lin Kai, and they couldn’t take advantage at all.

The more I thought about it, the more angry Li Gui only felt his chest was tight.

Just about to leave, Lin Kai stopped.

“What else do you have?”

**Chapter 1304: Do The Math**

## Chapter 1304

“What do you think I can do?”

Lin Kai stared at him indifferently, playing with a red sandalwood bead in his hand.

“Say something fast, let go if you have a fart!”

When he said this, before Lin Kai could speak, the faces of Li Cheng’s family changed.

“Li Gui, quickly apologize to Mr. Lin!”

“If you are tired of life, don’t pull the Lin family into the water!”

“Don’t you know what Lin Kai’s identity is? Don’t seek your own death!”

...

With the lowered and angry voices of those people, Li Guicai reacted.

He looked at Lin Kai with a pale face, unable to say a word.

He was so arrogant that he had forgotten Lin Kai’s identity.

He was bewitched by Li Haoxian’s words and felt that as long as he returned the land, he could have the supreme position.

But the key thing he forgot was Lin Kai’s back.

No matter how great the Li family is, there is no way to compare it to Jiulongshan.

He looked at Lin Kai, his lips trembled, and it took him a long time to say: “What’s the matter with you?”

“Do you think I am idle?”

In a word, everyone in the Li family changed their expressions instantly.

It was Lin Kai who was so approachable that they completely forgot his identity.

As far as he is concerned, being able to come over because of their phone calls already gave them great face.

Not only did he disrespect him when he got here, but he also gave him a face and asked him something?

Thinking of this, everyone in the Li family looked like a palette.

Especially Li Gui’s, his legs trembled, and he couldn’t wait to kneel on the ground immediately.

“How are you going to compensate me?”

“Today I have an appointment with He Zhishan, Wang Kang, and Kang Kai from Blue Sky Technology.”

Two words, no one in the room could speak.

Their Li family is good, but these few are not simple characters.

Because of their Li family, Lin opened up their pigeons. What will happen to them then?

Although he wouldn't say anything on the face, he secretly pointed out what kind of small movements.

Thinking of this, everyone in the Li family looked at Li Gui with ugly eyes.

"Go ahead, how are you going?"

Lin Kai looked at them and played with the beads in his hands, not knowing what he was thinking.

No one dared to speak. Look at me, I look at you, and in the end they all look at Li Gui.

Li Gui, who was staring at him, couldn't say a word.

He knew he was completely finished this time.

But thinking of what he had, he couldn't help panic.

He still doesn't want to die, how can he continue to enjoy those who die?

"It's not that I want to do this, it's Lee Ho Hyun!"

Li Gui yelled loudly: "He forced me to do this!"

He said what Li Haoxian had told himself.

At this point, I don't want to worry about so much.

Since you are going to die, it is better to pull a back.

Besides, Li Haoxian was more excessive than himself, maybe Lin Kai wouldn't care about his mistakes.

When Li Cheng's family and the elders heard what he said, their faces became increasingly ugly.

What a waste thing.

He has become like this, it is better to resist all the faults.

When the time comes, they will still be able to look at him, dying?

Even after Lin drove away, he would tell the truth.

What is going on now?

One has not been rescued yet? Get another one in?

Originally, Li Gui was still complacent, but after seeing their gaze, he gradually calmed down.

"I'm the Li family, you can't leave me alone."

Li Chengjia looked at him with no emotion in his eyes: "If you make a mistake, you have to bear the consequences. We won't help you with anything."

"what did you say?"

Li Gui looked at them, gradually despairing.

This time he was completely finished.

The Li family has given up on him.

Li Gui's eyes were red when he thought of his efforts over the years.

"You group of ungrateful dogs, why am I Li Gui sorry to Li family?"

"You treat me this way? Believe it or not, I stabbed everything out of the Li family?"

After speaking, he looked at Lin Kai and said disdainfully: "What do you think you are?"

"If you don't have the identity of Jiulong Mountain, can you show off here?"

"To tell you the truth, I am not afraid even when Jiulong Mountain comes."

"Apologize to me if you know, or don't blame me for being rude!"

...

Listening to Li Gui's constant clamor, everyone looked at Lin Kai anxiously, for fear of implicating the Li family.

Unexpectedly, he did not say a word, staring at Li Gui quietly.

"End of cursing?"

"Not yet, you..."

Before he finished speaking, Lin Kai just kicked it up.

Before he got up, he pulled his clothes directly and lifted him up.

"How about I bully others?"

Lin Kai looked at him with a smile, but everyone only felt that the cold wind was biting, like a cold winter.

"Do you think you are great?"

"Papa Papa" slapped Li Gui directly, dizzy, his cheeks were like steamed buns just out of the pot, and he couldn't say a word.

"you"

"waste."

Lin Kai threw him directly to the ground, kicked him up, and with a "click", his calf bone was broken.

Without waiting for him to cry, the soles of the special soles slammed on his hands, crushing back and forth.

In less than a minute, Li Gui passed out in pain.

No one in the Li family dared to speak, for fear that he would be caught in the fire if he was not careful.

“I will waste my time because of this kind of thing in the future, don’t blame me for being rude.”

The red sandalwood beads were thrown onto the table by Lin Kai without hesitation.

Everyone wanted to send him off, but was stopped.

The moment they went back to the hall, the beads split instantly, and the beads rolled in all directions.

Thinking of what he just said, a few people only felt a chill in their backs.

Looking at Li Gui, who was like a dead dog on the ground, Li Cheng’s family slammed up.

Finally, because of Li Shengxian’s existence, he could get along with a big guy like Lin Kai.

Now because of such an eye-opening thing, it’s all ruined.

“Go and call me Li Haoxian!”

“Patriarch has something, it’s better to make a decision early.”

“For some disobedient waste who engages in small actions secretly, don’t show mercy under your hands.”

...

Li Cheng’s family knew what these elders meant, and nodded without saying a word.

Lin Kai went to the hospital after leaving Li’s house with a black face. Just about to enter the ward, he was stopped by a woman in her twenties who looked a little serious.

“Who are you? Who asked you to come here? Leave immediately, this is not for you to come.”

Lin Kai tried his best to make his expression kinder: “Thank you, my friend is inside.”

I was afraid that the nurse would be scared because of the emotion just now.

After all, they are all white angels, and they are also very hard.

But the nurse still stopped in front of him as if he hadn’t heard it.

“You just are not allowed to go in.”

“Because of what?”

## **Chapter 1305: Driver**

Chapter 1305

Lin Kai stared at her with some doubts.

When I left, there was no such rule.

Why can’t I get in after such a short time?

But looking at the side, if there was no one else, Lin Kai looked at the patient’s family when he entered the meeting.

The nurse just stopped him and refused to let him in.

“You are not allowed to enter here, there is no reason!”

“Whose rule is this?”

Lin Kai is almost laughing, there is such a hospital?

“I just left here, my friend is inside, but I can't go in? What's the reason for this?”

“Because you didn't pay!”

The nurse held her head up, and didn't feel that there was any problem with her words.

Lin Kai thought she had admitted the wrong person, and said calmly, “I have already paid the hospitalization fees, handling fees, and all kinds of fees. Could you please let me please?”

“No, don't pay, don't let in!”

“What's the payment? Buy your money for one night?”

Lin Kai directly forced her to the corner, and the aura on her body was extremely cold.

“Why are you trying to buy and sell? How much is it per night?”

“One hundred or two hundred? Or three hundred?”

Lin Kai's words pierced into Bai Xue's heart like a sharp sword.

She was stunned for a moment, and then rushed towards Lin Kai frantically, yelling from the corner of her mouth: “You rascal, I want to kill you!”

If it weren't for the hospital's sake, Lin Kai wouldn't be wasting words with him here.

“Get out of trouble!”

He touched Shirayuki's head with his hand, and he couldn't move forward.

“You let me go!”

Bai Xue stared at Lin Kai angrily, wishing to kill him.

Where did the dog man dare to treat himself this way!

“Step aside!”

Lin Kai grabbed her arm directly, yanked forward fiercely, moved away in a staggered step, and walked towards Li Shengxian's ward without looking back.

Bai Xue reluctantly followed behind, firmly pulling the corner of Lin Kai's clothes.

With such a distance of two or three steps, Lin Kai arrived at Li Shengxian's ward.

Before he could push the door, Butler Li came out.

When I saw Lin Kai, I was about to speak when I saw Bai Xue behind him.

“How is this going?”

Bai Xue naturally knew butler Li, and immediately said aggrieved: “Don’t you know that such a pariah wants to come in our VIP ward, it is really whimsical.”

“I asked him to pay and beat me. It was a violent maniac.”

...

Bai Xue was still mumbling and talking endlessly, completely unaware of Butler Li’s increasingly dark face.

“Shut me up!”

Steward Li was so angry that he felt it necessary to reflect on the quality of nurses to the hospital.

“Even the poor can’t come here to have a look? Who made this rule!”

“It’s just that your dean is here. As long as those people don’t ask for trouble, they don’t give money to say that!”

“Who is the money for? To the hospital, why don’t I know?”

Don’t think that housekeeper Li is a housekeeper, but having been around Li Cheng’s house for so many years, is it not easy to subdue a little nurse?

“I’ll tell you the dean, you are not worthy of our hospital.”

After that, he changed his face and looked at Lin Kai: “Mr. Lin, the Li family’s affairs are finished.”

“How is Seung Hyun?”

Looking at the servile butler Li who followed Lin Kai, Bai Xue’s mouth grew in surprise.

Looking at Lin Kai blankly, he didn’t know for a while. What else to say.

Bai Xue didn’t react until Lin Kai and Steward Li entered, but it was too late.

“How is it going?”

“If you can wake up tomorrow morning, you will be safe and sound.”

Butler Li looked at Li Shengxian who was unconscious, his eyes full of worry.

Lin Kai looked at him and didn’t know what to say.

Sighing, stood in front of the window and smoked silently.

“In.”

The door was opened, and Bai Xue stood cautiously at the door, looking at them awkwardly.

“Do you need anything?”

“No.”

Bai Xue couldn't say a word if he was cold.

"Get out."

Butler Li didn't have any good expressions on her, he was so rude to Lin Kai just now.

"What happened just now, right? I didn't mean it."

Bai Xue looked at Lin Kai, her face flushed.

How could she know that Lin meeting met butler Li.

If she had known it, she wouldn't do it.

Unfortunately, it is too late to say anything.

With a sigh, Bai Xue can only hope that Lin Kai can forgive herself.

Without even looking at her, Lin Kai turned and left.

Butler Li gave her a fierce look: "Get out."

After standing still for a long time, Bai Xue left in despair.

Lin Kai went directly to the rooftop. Just now, Yinshen said that he had caught the driver who caused the accident.

Looking at the man kneeling on the ground, Lin Kai didn't have the slightest expression on his face.

The driver looked at the two of them, his body trembling visible to the naked eye, and big beads of sweat on his forehead soaked his clothes.

"You...who are you!"

He tremblingly said: "You are like this, be careful of me, be careful that I call the police and arrest you!"

"Then you call the police now."

Lin Kai motioned to Yinshen to untie the rope and threw the phone directly in front of him.

He picked up the phone tremblingly, and almost dropped it several times.

He looked at the phone, finally "plopped" and knelt down.

Constantly kowtow to the two of them: "I really don't know what happened, please let me go!"

Knocking his head at a few people "bang-bang-bang", he really didn't dare to call the police.

Thinking of what he had done before, he dared not call the police if he was killed.

Because that is self-investment.

But looking at the two people in front of him, he was scared to death.

"As long as you let me go, let me do anything."

Kneeling on the ground like a dead dog.

In order to survive, you can humiliate him no matter how.

“Who instructed you to hit someone.”

In a word, he raised his head in shock, his face pale, his lips trembled and he couldn't say a word.

It took a long time before he squeezed out an ugly smile: “You...what are you talking about?”

“I'm a good person who obeys the law. How...how can I hit someone.”

But the trembling hands and the fear on his face all betrayed him.

“Do you think you can make five million in an instant as a driver?”

“What's the matter with us driving? Don't keep us up!”

The driver retorted loudly: “I can't win the lottery anymore, do you care how I got here?”

Looking at such a hard-pressed driver, Lin Kai said: “Just call the police, I believe the police will find out.”

“The Li family is not an ordinary person, and will be shot at that time.”

Lin Kai kept talking to Yinshen.

“Anyway, he died when he died. When the time comes, his family will be treated well by the Li family.”

### **Chapter 1306: Explain Clearly**

Chapter 1306

“what are you saying?”

Seeing Lin Kai and them mentioned their family members, the driver's expression instantly changed.

“Do you think the Li family will let your family go?”

After being said so bluntly, the driver only felt that his whole body was soaked in cold sweat.

He has to admit that this is the truth.

In the end he was defeated and looked down at the two men desperately: “I said, I just hope they don't involve my family!”

The reason why he took risks so desperately was to give his daughter a good living environment.

But if his work is ruined, he will never forgive himself in his life.

“I don't know what his name is, only one photo.”

“He always talks to me by phone, and the number is different every time.”

...

The driver told all the situation all the time, only feeling despair in his heart.

In fact, as early as when he agreed to this matter, he expected that his end would not be any better.

However, he was naive to think that he could continue to spend some time with his family.

They can lead a happy life, and then surrender themselves.

But now it's too late to say anything, everything is over.

Looking at the driver who was paralyzed on the ground, Lin Kai left with Yinshen.

As for how he is, it is better to leave it to the Li family.

It has been a great help to bring him to them.

After they left, the driver couldn't help it anymore and cried bitterly.

This time it was completely finished.

"Sir, that person belongs to the Shao family."

Because Lin Kai's sphere of influence in the East China Sea has also grown.

It's easy to check a person.

Hearing that it was from the Shao family, Lin Kai thought of Shao Xin.

It seems that this matter was ordered by him.

"Sir, what shall we do?"

"This matter let the whole Donghai know."

In fact, Lin Kai understood that the whole Donghai knew, so what?

It can be said that Shao Xin did not do it himself, or if there is evidence, they can also be said to be forged.

As for the scapegoat, I am afraid that he will be ready when this plan is implemented.

It's the man in that picture.

But Lin Kai didn't care about these things. They weren't fools. They could still tell the truth about this matter.

The reason why he is so dirty, except to give Shao Xin a little warning.

It also completely stigmatizes their family's reputation.

Although everyone knows it well, facing some extraordinary things, it is natural to use extraordinary means.

But when you do something, after stepping on the bright side, everyone will reject you by agreement.

It's an individual who would never cooperate with such a bad reputation.

Even if I am.

After calling Steward Li, Lin Kai left directly with Yinshen.

He wants to see Shao Xin, what else he can do.

When he arrived at Shao's house, Shao Xin was still at home.

The two didn't make the slightest movement and walked in quietly.

Looking at the plan on the table, Lin Kai couldn't help but curl up slightly.

"You said, what will happen if he has worked hard for so long but missed it?"

"Naturally I will be very touched by Mr., and share the burden for him like this.

Lin Kai had a thick-skinned face and couldn't help Yinshen saying so.

But looking at his serious look, it is clear that this is Shao Xin's honor.

With a sigh, Lin Kai felt that the Yinshen was hopeless.

No matter what he did, even if it was murder and arson, he felt it was right.

After reading some important things, Lin Kai looked at Shao Xin who was sleeping, and suddenly froze.

Then he proposed: "Yinshen go and leave some unforgettable marks on him."

He also didn't want to be so naive, but the system released the task.

Enraging Shao Xin can gain a silver extraction ability.

Although not very strong, but better than nothing, he reluctantly accepted it.

But when the system heard him say this, he couldn't help but feel a little disgusted: "Don't get cheap and sell well."

With such a simple thing, it is a great thing to obtain an extraction capability.

In this void of communication between him and the system, Yinshen has completed the task.

Lin Kai looked at Shao Xin's appearance and couldn't help laughing.

Although it looks naive, it's okay to be angry with Shao Xin.

Just like when they came, they left silently.

After returning, Lin Kai called Kang Kai.

"Recently, the wr company from country M is going to the East China Sea to choose a strong company for cooperation."

"You also know that the Asian market has always been their heart's desire."

"This cooperation, they have brought ten percent sincerity, I think you will need it."

"thank you."

Although I don't know where Lin Kai got the news, Kang Kai thanked him very much.

The wr company can be said to be their most admired company for Internet users.

If we can cooperate with such a company, Kangkai can't imagine how far the blue sky will grow.

"By the way, please give me a message."

Lin Kai directly posted the information photos taken at Shao Xin.

What commercial secrets are said must not be disclosed.

That is for the people in Shao's company, and has nothing to do with Lin Kai.

Kang Kai couldn't help being a little excited about this plan.

For the wr company, it will be over in three or four days. In such a short time, it is impossible to make a perfect plan.

Now what Lin Kai provides can be said to have helped him a lot.

Hanging up the phone, Kang Kai went to work non-stop.

Lin Kai curled up the corners of his mouth and showed a smile.

I hope Shao Xin will like this gift he gave him.

As for what he asked Li Shengxian to do, he slowly settled accounts with him.

After dealing with these things, Lin Kai leaned against the railing with a headache, and looked a little tired.

Recently, various things have been happening one after another, and he has no time to take a good rest.

Yinshen looked at him like this and went on silently.

He felt that Lin Kai should want to stay by himself for a while now.

The warm sun shines on the body, making people feel warm and comfortable.

The birds were singing and the leaves were rustling, Lin Kai only felt extremely relaxed.

Suddenly, a thunder was "clicked", followed by a huge lightning, as if to split the entire sky in two.

Obviously the sun was still hanging in the sky, but the heavy rain came down unceremoniously.

"Sir, are you okay?"

Yinshen took the towel and handed it to Lin Kai, but he was not splashed by rain at all.

"go in."

Lin Kai glanced at the sun high above the sky and sighed helplessly.

The weather is just like a woman's face.

Just as Lin Kai was thinking about it, Lin Qianqian's call came.

After answering the phone, Lin Qianqian's voice sounded a little anxious: "Lin Kai, you come soon, something happened to Dong Shu!"

### **Chapter 1307: It's You**

Chapter 1307

"What happened?"

When Lin Qianqian said this, Lin Kai instantly sat upright.

At the same time, I did not forget to ask: "How is your situation now?"

Lin Qianqian replied a little loudly: "There is nothing serious about us, but it was blocked by the daughter of Dong's family who just returned."

"It's just a bitch. It's a dream to want us to apologize."

Lin Qianqian didn't say anything too much, spit out a few words, and told him an address.

Even through the phone, Lin Kai could hear the constant curses coming from there.

"I see, go over immediately!"

He didn't let Lin Qianqian hang up, for fear that something happened to them and could not inform him in time.

On the other side, Lin Qianqian and Dong Shu stared viciously at the group of people headed by Dong Yu.

"You guys get out of here, don't think that if Dong Yu takes you, you can do whatever you want!"

Lin Qianqian did not expect to bring Dong Shu over to relax, but she just met Dong Yu and the group.

Dong Yu is the so-called biological daughter of Dong Chen sent by Lin Yuan.

She used to be a gangster, now she has the identity of Dong Chen, even more lawless.

Especially I hate Dong Shu the most. I feel that she has caused her to suffer for so many years, so she must pay it back!

"There is no place for you to speak, let that stinky \*\*\*\* kneel down and apologize!"

Dong Yu held his head high in order to talk to Lin Qianqian and the others, which undoubtedly made her a little weaker.

"Hurry up and apologize to Sister Dong, and don't make trouble too ugly."

"It's a wicked thing, do you have any reason to occupy our Dong sister's things?"

...

Listening to their curses, Lin Qianqian could clearly feel that Dong Shu beside her was shaking constantly because of her anger.

After squeezing her hand heavily, Lin Qianqian said loudly: "Let us leave immediately, otherwise you Dong family don't expect to win the cooperation with the Wang family!"

Lin Qianqian is threatening them. With Lin Kai here, she is not afraid of accidents.

It's just a pity that Dong Yu doesn't understand these things at all.

After she heard it, she laughed: "What kind of \*\*\*\* Wang's family, the shoes are not worthy of our Dong family!"

"If you don't know, don't cause trouble to the Dong family!"

Dong Shu was so angry that she wanted to slap her twice on the spot.

What a \*\*\*\* thing, after coming back so long, I don't know anyone yet, so I can't provoke it!

Their Dong family is indeed well-connected, but they cooperate a lot, and they will not cooperate with you just because you have a wide-ranging network.

If you don't have great strength, everything is fart!

But Dong Yu didn't even know the twists and turns inside.

Because of this period of time, she has long been praised and couldn't find North.

Let alone the Wang family, it was He Zhishan, and Li Cheng family stood in front of her.

I dared to rush forward without hesitation and fight with them.

"You bitch, don't \*\*\*\* delay time, hurry up and apologize to my old lady!"

Had it not been for Dong Chen, Dong Yu would have liked to kill Dong Shu.

But precisely because of this, she hated Dong Shu more and more.

As the group of people kept approaching the two, a voice sounded like a spring in the mountains.

"Do you want to fight in groups?"

"Who the \*\*\*\* are you?"

Dong Yu, a little brother, pushed Lin Kai hard: "What kind of thing are you, here are you talking?"

"Crack."

"what!"

Two voices sounded at the same time, and the man rolled around in pain, crying and crying.

"What the \*\*\*\* are you doing!"

Seeing that his little brother was being bullied, how could Dong Yu be able to bear it.

"I'm Miss Dong's family, don't be arrogant to me here!"

In the past, as long as she said her identity, those people were not afraid.

But today it doesn't seem to work anymore.

Lin Kai saw that the two of them were not injured, and the expressions on his faces improved a little:

"Are you gang beating me, or should I be gang beating you?"

"This is a \*\*\*\* fool, dare you..."

Before he finished speaking, he felt that he had been punched \*\*\*\* the cheek.

The whole person fell uncontrollably on the ground.

"Who the \*\*\*\* are you, who dare to beat me!"

Dong Yu felt that Lin Kai was really ignorant of current affairs. He had already reported his family, and even dared to do it!

"Believe it or not, I killed you?"

"You can try."

Lin Kai looked at them blankly, full of disgust.

No wonder Dong Chen had that attitude at the beginning, even if he saw it, it would be no exception.

"Let's go."

"You are here, thank you."

Lin Qianqian and Dong Shu sincerely thank Lin Kai.

Except for him, it is really impossible for anyone to come here at a time.

Seeing them leaving, how could Dong Yu let them do what they wanted?

Immediately let his little brother, surrounded them round and round.

"Fuck, apologize to me, or you will all be finished!"

Dong Yu was originally a fierce and vicious master, how could he shrink back.

"It's really troublesome."

Because of Li Shengxian's matter, Lin Xingli was really a little irritable.

Now that there are free sandbags delivered to the door, he unceremoniously accepted them.

When those people saw Lin Kai, they rushed directly at them and couldn't help but laugh.

But before they could laugh a few times, a group of people were dumbfounded.

Lin Kai rushed forward, every move was fatal.

Often Lin Kai had already abolished them before they could do anything.

In less than a minute, Dong Yu looked at the little brother who fell to the ground, and was directly confused.

“How is this possible?”

She muttered to herself, watching Lin Kai keep backing.

“Don’t come here, I’m Miss Dong Jia, if you mess with me, you just...”

Before he finished speaking, Lin Kai kicked him without hesitation.

Because the privacy here is better, even if such a big thing happens, no one is watching.

When leaving, Lin Kai directly put down his business card and told the bar: “If you come to seek revenge, let them contact me directly, everything has nothing to do with this.”

I have to say that Lin Kai’s move won the liking of the bar owner.

A lot of people come here to make trouble, many of them come to him if something goes wrong.

If it weren’t for the strong background, it would have been over here.

On the way back, Dong Shu apologized embarrassedly: “If it weren’t for me, it wouldn’t be like this.”

Naturally she used to not be like this, but now it is different.

She has long been no longer the high-ranking Miss Dong family who is sought after by thousands of people.

“it’s already over.”

Apart from these words, Lin Qianqian didn’t know how to comfort Dong Shu.

The breeze blew, Lin Kai squinted his eyes with some enjoyment, and the heat in his heart was taken away a lot.

“She will pay the price.”

Dong Shu naturally understood what Lin Kai meant.

It’s just that she didn’t want to expose it so quickly, Lin Kai helped herself, and she hoped to return.

### **Chapter 1308: What Do You Want**

Chapter 1308 What Do You Want?

“You two gods are mysterious, do you have any adultery behind me?”

Although Lin Qianqian’s words are joking, the meaning inside is true.

Although the united front with Dong Shu today does not mean she likes it.

How do you like a woman who snatches a man from herself?

Lin Kai didn't understand what she meant at all, and said solemnly: "Don't talk nonsense, we have no special relationship."

In a word, Lin Qianqian was so happy.

On the contrary, Dong Shu smiled self-deprecatingly, and returned to her okay appearance.

After sending them home, Lin Kai arrived at the place scheduled with Shao Xin.

In the past, there was no one in Yunlaige except Shao Xin and his party.

Looking at Lin Kai alone, he clapped his hands in admiration: "It's really bold."

His tone was a little ridiculous, but more angry.

When he thought of seeing the face in the mirror, he tore Lin Kai's heart.

"You are so bold, you really think that this East China Sea, you can do whatever you want?"

Shao Xinqiang held back the anger in his heart, for fear that he might be strangled to death by accident.

"You control me?"

He choked with a word, and couldn't say a word.

"Ahem."

Shao Xin didn't bother to continue talking nonsense with him, for fear that he would be \*\*\*\* off if he was not careful: "I am looking for two things with you today."

"First, apologize to me!"

"Second, cooperation."

"Do you think these two things are possible?"

"People don't die for themselves."

Shrugging, he did say that the idea was on.

"Go ahead, what is the second thing."

"You and I cooperated to \*\*\*\* Feng's dock."

Shao Xin stared at Lin Kai with scorching eyes: "I just can't grab it, and I have to occupy at least 40 shares."

"I think you also understand what that pier in the East China Sea means."

"Why should I cooperate with you?"

"You can only cooperate with me."

In a word, Shao Xin is full of confidence.

Because the Feng family is very important to the control of the shares of the terminal, otherwise they will not be able to be among the top of the second-rate family.

As far as he knows, many people own shares in the Feng family.

But most of them are only one percent, even a few tenths of a percent.

Most of them are Shao Family and Lin Kai.

Originally, his father did not agree to cooperate, fearing that Lin Kai would not abide by his credit.

But Shao Xin was fearless.

Don't say he won't comply by that time, even he doesn't want to comply.

The most urgent task now is to cooperate. As for other things, we will talk about it after it is done.

Besides, he was fully prepared long ago, and he was not afraid of what Lin Kai would do.

"That's really sorry, I don't want to cooperate with you, nor do I want Feng's dock."

Although it was tempting, Lin Kai didn't have the time to care about it.

It might as well continue as it is now, do nothing every year, just pay dividends directly.

"At that time we can divide the entire Feng family equally."

"If you have any requirements or concerns, you can tell them, and we will resolve them."

I have to say that Shao Xin is indeed a little worried this time.

But this is only for Lin Kai, and his agreement is really important.

But no matter what he said, Lin Kai showed no interest at all.

"Lin Kai, what do you want?"

Shao Xin is not a person without temper. Lin Kai's doing this can be said to have completely angered him.

I don't know what is good or bad, I really thought that giving him a bit of color can open a dyeing room?

"I don't want to. I am not interested in your plan."

"Don't regret it when you arrive!"

Shao Xin stood up and said viciously: "This cooperation, you have no room to refuse, or you will be finished."

"You threaten me?"

Lin Kai raised his head and looked at him carelessly, the corners of his cracked mouth showing the teeth inside.

I don't know why, but in that moment, Shao Xin thought of the piranha.

He felt that Lin Kai was a piranha, and for a moment, he wanted to kill himself.

This recognition made Shao Xin a cold sweat.

But he quickly calmed down. The Shao family is not a soft persimmon, and it is impossible for him to do whatever he wants.

“You can disagree, but I won’t be sure what happened to Lin Qianqian and them then.”

They had already found out some things about Lin Kai.

Naturally understand that Lin Qianqian is unusual for him.

But Lin Kai didn’t have the kind of reaction he imagined, and he even wanted to laugh.

“If you want to, you can do it anytime.”

Shao Xin stared at Lin Kai. After a long time, he was really sure that he didn’t care about Lin Qianqian’s life or death.

“Lin Kai, don’t shame you!”

As soon as he finished speaking, he saw Lin Kai, who was still opposite to him, instantly behind him.

He pressed him \*\*\*\* the table, and Lin Kai grabbed the fruit knife on the table: “Do you think I will be scared?”

“You have the ability to do it!”

Shao Xin felt that Lin Kai was bluffing.

It’s just a pity that he guessed wrong.

The moment he finished speaking, Lin Kai held the fruit knife and slammed it down.

At that moment, Shao Xin trembled and closed his eyes tightly.

After waiting for a minute or two, there was no pain in my imagination.

He opened his eyes and saw Lin Kai looking at him with a smile.

“You can not.”

“Her mother’s Lin Kai, what are you!”

Shao Xin yelled, his chest constantly rising and falling, and his mouth was “whooping” like a broken phoenix box.

“I tell you, you will be done tomorrow!”

“Not only you will be finished, the Li family and Wang’s family, some people who are related to you will also be finished!”

Shao Xin looked at him triumphantly: “Do you think you are the only one noble?”

“This is what you said, but I don’t have one.”

Lin Kai sat lazily on the chair, as if he had no bones, lying on all fours.

“Why am I finished? What about the Li family and Wang family?”

Lin Kai is very curious, what is Shao Xin’s ability to catch them all at once?

Even though the Shao family’s strength is good, it is still not enough to face several major families.

Looking at the triumphant Shao Xin, Lin Kai felt that his eyelids kept jumping, as if something bad had happened.

Sure enough, Shao Xin’s next words gave him a surprise.

“Lin Kai don’t think that Jiulong Mountain has a very noble identity!”

Spitting out a bit of sputum, Shao Xin used this to express his disdain for Jiulong Mountain.

“Have I said that it is noble?”

Lin Kai stared at him indifferently and insulted Jiulong Mountain. He and the Shao family were completely finished.

“Do you know the Leiyuan Group!”

The Leiyuan Group, with four words, instantly made Lin Kai sit up straight.

Shao Xin couldn’t help feeling triumphant when he saw how he looked now: “Just know.”

### **Chapter 1309: You Are Done**

Chapter 1309 You Are Over

“What do you want to express?”

Seeing that Lin Kai had regained his indifferent attitude, Shao Xin only felt as if he was talking to a cow about the piano.

Force yourself to calm down, otherwise he is really afraid that he will get angry.

“The companies that Leiyuan Group invests in the East China Sea are beyond your imagination in your life. There are simply too many.”

“Even the Li family, the Wang family, they also have shares.”

When he said these things, Shao Xin was proud.

As if this is their Shao family.

He raised his head and said loudly, “If they want to get the investment, they have to pay some shares.”

“The more money you invest, the more shares you pay.”

“Even in some companies, those chairmen are just puppets of Leiyuan Group.”

Lin Kai waved his hand to signal Shao Xin to stop. He knew what he said, and he didn't need to popularize science at all.

"Can you go directly to the subject?"

In fact, after he said so much, Lin Kai could also guess the same.

"Since you asked, I will tell you compassionately."

Shao Xin looked at Lin Kai with sympathy in his eyes.

"Leiyuan Group is ready to do it, and our Shao family is their partner."

"At this time, I am not afraid to tell you."

"As long as they give an order, many companies will refuse to cooperate with the Li family and Wang family."

"There are also some puppet companies that are directly attributed to Leiyuan Group."

"As for those who invest, if they don't want to be acquired, just be a subsidiary company obediently."

The more Shao Xin said, the more excited his voice became, as if he were Lin Yuan.

As if the Leiyuan Group was created by him alone, he can now directly control the entire East China Sea.

Lin Kai looked at him blankly, without any interest at all.

For what he said, he had known it 800 years ago.

What he lacks now is the detailed information of some senior leaders of the Leiyuan Group.

Without those high-level officials, there was no way Lin Yuan could do everything.

Besides, I secretly prepared for so long, but it was not for nothing.

Now he was waiting for Lin Yuan to do it.

Although the preparation is not enough, so what?

As long as you seize Lin Yuan, why worry about the Leiyuan Group, there is no way to solve it?

Shao Xin looked at Lin Kai, who was indifferent to him, and felt that his self-esteem was deeply frustrated.

"Are you \*\*\*\* listening to me?"

Lin Kai pulled out his ears with a look of carelessness: "You continue talking."

"If you don't want to die, please kneel down and apologize to me!"

"Maybe I can save your life when you do it."

"No, thank you."

"you"

Shao Xin felt that he was talking to a wooden man. No matter what he said, Lin Kai had this attitude.

It seems that nothing can give him the slightest mood swing.

“If you don’t want them to be implicated by you, just behave...”

“You said it.”

Lin Kai folded his hands on the table, staring at him seriously: “I know what you mean, you don’t need to say so much.”

“As for the Li Family and Wang Family?”

He sneered, with a slight disdain in his voice: “Do you think that Leiyuan Group can be done if you want them to die?”

The reason why Lin Yuan hasn’t done anything for so long is because of some veteran families in Donghai.

Those aristocratic families are not soft persimmons, just an investment of several hundred million can make them pay their shares.

They have their own mature supply system, even if there is no partner company, there will be no accidents for a while.

Even at their level, the country will not just watch them die.

However, after Shao Xin heard Lin Kai’s words, his hand under the table trembled slightly.

In fact, he also knew what Lin Kai said, but it was just to scare him.

Who ever thought, it didn’t work at all.

“You want them to die and they will die. It has nothing to do with me.”

Lin Kai’s words are cold-blooded.

“Aren’t you afraid they know?”

“In their presence, I can speak too.”

I have no interest in them, nor are they particularly good friends or blood relations.

Just because of these things that happened in the East China Sea, you want to tie him down?

It’s ridiculous.

This is the end of the matter, and Shao Xin knows that it is useless to say anything.

Regarding Lin Kai, no matter what means, he can’t make him surrender.

“Lin Kai, I know you are great, but what about that? You also have weaknesses.”

“Then trouble you to solve my weakness, so that I am gone.”

Looking at Lin Kai's clear eyes, Shao Xin felt a sense of powerlessness.

Whether it is true or false, he is not so easy to solve.

No wonder who would say that.

But Lin Kai still looked indifferent, he said so on purpose.

The more indifferent they are, the smaller their chance of doing it.

No matter who it is, Lin Kai didn't want them to be hurt because of his relationship.

"Any thing else?"

Although he asked, he was ready to leave.

Seeing Lin Kai leaving behind, Shao Xin fell into a long silence.

I had to say about Lin Kai and slapped him severely.

Let him understand that there are people outside, and there are heaven outside the sky.

But so what?

He didn't believe it anymore. He was naturally intelligent and proud of his background. How could he be afraid that he would not succeed?

Since it doesn't matter, don't blame yourself for using insidious tricks.

A sullen smile appeared at the corner of his mouth, and Shao Xin turned and left.

What he didn't know was that after he left, Lin Kai reappeared in the position just now.

"Come out, isn't it uncomfortable to be so concealed?"

"Dear brother, it's been a long time since I saw you."

Lin Yuan stood not far from him, smiling at him.

The long and narrow fox eyes look very charming.

Lin Kai felt that if he were a woman, he would have been fascinated by him.

"Do you think you can catch me?"

Lin Yuan looked at Lin Kai with a smile, but there was evil in every way he looked.

"You can try."

Even so, Lin Kai did not move.

He knew he couldn't catch Lin Yuan now.

Don't look at the distance, it's just a projection.

Otherwise, who have you seen standing there, floating directly in the air?

“My good brother, I look forward to seeing you again.”

After talking about Lin Yuan in front of him, he disappeared out of thin air.

Lin Kai sat in the seat, drinking tea slowly, looking quite enjoyable.

The rare leisure time will be busy in the future.

It is not so easy to want to be so leisurely.

After sitting for a long time, Lin Kai wiped his hands with a handkerchief, put the things on the table neatly, and stood up and left gracefully.

Lin Kai, with a coat in his arms, walked the street unhurriedly.

As if an elegant nobleman, attracted the attention of many women.

“What’s wrong with me?” Lin chuckled as he looked at the person in front of him.

### **Chapter 1310: You Are Vicious**

#### Chapter 1310

Looking at his fire-breathing eyes, Lin Kai smiled.

“If there is nothing wrong, please get out of the way, I have something else.”

Lin Kai moved aside, preparing to leave, but was grabbed by his arm.

“Do you want to do it with me?”

In an instant, Lin Kai’s temperament changed drastically.

The originally gentle and elegant noble son seemed to suddenly become a cruel and vicious devil.

The whole person exudes a terrifying aura, which makes people tremble.

Shao Xin clenched his fists tightly, wishing to kill Lin Kai.

“You can do it, Lin Kai, you wait for me!”

Shao Xin was almost mad.

After preparing a plan for so long, I didn’t expect that just now wr, a notice came over there, saying that they were plagiarism.

Fuck him \*\*\*\* plagiarism, that is the result of their entire company, working hard for more than a month.

But after seeing the two similarities sent over there, after more than 50% of the plans.

He knew that he had been calculated.

No matter who did it, he attributed it to Lin Kai.

As for whether the real behind-the-scenes leader will be found in the future, I will talk about it at that time.

Thinking of the cooperation I have worked hard for so long, there is no more.

Shao Xin felt his head dizzy.

At the time, I swore to guarantee that I would win this cooperation?

But now?

Unless they can come up with a new plan within two days that is better than the previous one.

Otherwise, he can only watch this cooperation opportunity and be taken down by Blue Sky Technology.

“Lin Kai, don’t you think you are mean?”

Shao Xin stared at Lin Kai fiercely, wishing to cut him off.

Dare to calculate him this way, it really eats the courage of the bear heart and leopard.

“mean?”

Lin Kai couldn’t help laughing. “Why is it mean? Haven’t you done it?”

This kind of thing is too common for them.

In order to get a cooperation, or to destroy the rival company, they can say that they can do everything.

It’s just that some people still keep their bottom line and don’t do too much.

As for some people, they just cut grass and roots, and directly destroy your entire family.

Shao Xin had to admit that what Lin Kai said was correct, but he couldn’t believe it at all.

“Lin Kai, you are dead.”

“is it?”

Lin Kai stared at Shao Xin with a smile, his threats didn’t have the slightest strength.

He wasn’t scared, how could he be afraid of such a threat?

If you are really capable, just kill him directly, otherwise everything is nonsense.

Seeing Lin Kai’s indifferent appearance, Shao Xin only felt that a fist hit the cotton lightly, with no effect.

Just as the two were talking, a person suddenly appeared behind Lin Kai.

Shao Xin opened his eyes wide in surprise, but he was more excited.

I hope this person with the knife can completely solve Lin Kai.

Before Shao Xin had seen it, Lin Kai had already noticed it.

He turned around and grabbed the dagger tightly without hesitation.

No matter what he did, there was no way to shake anything.

Without a single blow, the man didn't seem to be in love with the battle at all. He gave up the dagger in his hand without hesitation, turned and left.

When Lin Kai was about to catch up, Shao Xin suddenly yelled, making him look back.

In such a moment of looking back, that person had already escaped with this advantage.

A master duel can decide life or death in one second.

Lin Yuan was the only one who could send out a few master masters to assassinate him.

With a sneer, Lin Kai walked towards Shao Xin.

"What do you want to do?"

Shao Xin stepped back subconsciously, always feeling that Lin Kai could not provoke him.

Not to mention just saw him and grabbed that person's dagger with bare hands. How could he not be afraid?

"Don't come here, I'm Young Master Shao, you..."

To be honest, Shao Xin's threat did not have the slightest lethality on Lin Kai.

"You don't want to die, just get out of here!"

Lin Kai stared at him indifferently. If he hadn't made a sound just now, he wouldn't let that person run away.

Seeing Shao Xin leaving, Lin Kai sighed.

"Sir, are you okay?"

Yinshen looked at Lin Kai for fear of something wrong with him.

"Let's go."

Lin Kai felt a little depressed, and didn't say a word all the way, and the whole person seemed to be in an abnormal state.

Yin Shen looked at him worriedly from time to time, for fear that something might happen.

But after a long time of observation, the tight lips appeared, and there was no difference in other places.

Yinshen thought that it was mostly because of the previous events, but he was not so sure.

When they arrived at the hospital, they were stopped when they were going to see Li Shengxian.

"roll."

Lin Kai didn't have the slightest affection for Bai Xue who was blocking the way.

And he still has something to do, so he went to see Li Shengxian anxiously and blocked him like this. What does it mean?

Bai Xue waited so long before he came, how could he let it go?

In the past two days, she was beating from the mouth of Butler Li, wanting to inquire about Lin Kai.

Unexpectedly, his mouth was so strict, and she didn't let her ask anything.

However, it was precisely because of this that Bai Xue became more determined that Lin Kai's identity was extraordinary.

How else can steward Li keep the secret so much?

Now that I met Lin Kai, he was saying that he would not let anyone go.

"I'm sorry about that day."

She looked at Lin Kai aggrievedly, with tears in her eyes.

He lowered his head slightly, showing a nice side face.

With her now like this, few men are unmoved.

This is a posture that she specially selected carefully so that she can take Lin Kai in one fell swoop.

Unexpectedly, Lin Kai didn't have the slightest interest in her and pushed her away.

Bai Xue was stunned when she hit the hard wall with her back.

How could there be such a man?

For a weak woman, how cruel is the start?

Just after she was stunned for three to five seconds, Lin Kai had already left.

"You must be mine!"

Finally met Xin Mo, a golden turtle son-in-law, how could Bai Xue let him run away so easily?

Lin Kai happened to be there when he arrived at Li Shengxian's ward.

Seeing Li Shengxian who was sick on the bed, Bai Xue thought this was also good.

"Can I come in?"

Although she asked this, people had already entered.

Looking at Lin Kai, he said, "Why did you run so fast, where did you leave me alone?"

When Bai Xue said this, Li Shengxian's eyes widened in surprise.

I think this incident is really incredible. How could Lin Kai walk so close to a woman?

But the steward Li on the side naturally understood her idea.

It's just doomed that her abacus will fail.

"Don't you think you are just a follower?"
