Chapter 1311: Lin Yuan's Provocation

Chapter 1311 Lin Yuan's Provocation

Bai Xue deliberately misinterpreted Lin Kai's meaning, blushing and slightly lowered her head: "People just want to be your follower."

"No matter where you go, I will follow you at the end of the world."

He raised his head and looked at Lin Kai softly, with a look of amorous feelings.

It's just a pity that I lost to her face.

Li Shengxian looked good at the show.

He hadn't seen Lin Kai be so close to that woman. Even Lin Qianqian could see that they were just brothers and sisters.

But this woman today might be different.

Steward Li looked at Li Shengxian's appearance, not because he was his young master and sick, and really wanted to slap him twice.

Still watching a show here, it's just looking for death.

Unexpectedly, Lin Kai's face is already the same as the bottom of the pot?

Besides, Lin Kai is really interested in this girl, she will look like this.

Butler Li sighed, feeling that Li Shengxian still has a lot of room for improvement.

Especially in these places.

The shopping mall is like a battlefield. You must always control the enemy's mentality.

"Master, the doctor wants you to rest more. Baixue, you should leave first."

"It's okay, I just..."

Li Shengxian said half of his words, and quickly stopped and changed his words: "I feel a little uncomfortable, please leave this lady quickly."

Seeing Lin Kai's slightly prettier face, Li Shengxian breathed a sigh of relief.

He felt that he was a fool, Lin Kai's face was so ugly that he couldn't see a one-two-three.

I couldn't help but shiver, and Li Shengxian felt that he was dead.

Had it not been for the reminder from Steward Li just now, he would be completely finished.

Bai Xue could naturally see that this was Li Shengxian's excuse.

She walked up to Lin Kai indifferently, "Don't be angry, okay? I know I was wrong."

He said that he wanted to pull Lin's hand away, but he threw it away.

Lin Kai stared at Bai Xue, really wondering, where did this woman come from so much confidence?

Think you would like her?

What's the point, what's the use?

"Go away, don't be an eyesore here."

Bai Xue was stunned for a moment, but did not expect Lin Shanxi to say this.

But she still didn't give up: "Brother, why do you say that, I know everything is wrong!"

After speaking, he stomped aggrievedly and snorted.

Her series of operations frightened the people present.

Especially which stomping movement, what do you look like, are you not sure?

How come out to scare people like this?

"Get someone to throw her out!"

I thought I was a girl before, so I have to show some face.

Since she doesn't want it herself, there is no need to keep it.

"what do you mean?"

Bai Xue stared at Lin Kai angrily, thinking that he was just a elm bump.

It was so obvious that he had hinted, and he still looked unmoved.

Lin Kai's words, butler Li is naturally unswerving in execution.

Before Bai Xue could say anything, two bodyguards in black came over and took her away.

"You let me go, be careful when I call the police!"

She yelled, but no one paid any attention to her.

After sending off Bai Xue, Li Shengxian looked at Lin Kai embarrassedly, touched his nose, and couldn't say a word.

His performance just now was really stupid.

"Brother Lin, sorry."

He also thought about having someone with Lin Kai.

"I will tell your father that you will be engaged to He Weiya as soon as possible and set a wedding date."

In a word, Li Shengxian's face was the same as the wall, and his whole body exuded a decadent breath.

Thinking of himself and He Weiya, he couldn't wait to die.

“Brother Lin, I know I was wrong, don’t do that.”

Li Shengxian looked at Lin Kai in fear, for fear that he would be finished by accident.

“Next time, at your own risk.”

In a word, Li Shengnan was relieved, and he felt like he was left behind.

“Look, what I want to say.”

Lin Kai handed Kang Kai’s plan to Li Shengxian, wanting to hear his opinion.

“Brother Lin, I don’t understand it.”

Li Shengxian feels a bit big head, even in the Li family, there is someone responsible for this.

“Tomorrow I will ask someone to come and teach you about this.”

In the future, the Internet will be used to a greater extent, but in life, Lin Kai hopes that Li Shengxian must pay attention to this aspect.

Lin Kai originally planned to stay with Li Shengxian more, but because the doctor asked him to pay more attention to rest, he left before staying.

After leaving the ward, butler Li suddenly stopped Lin Kai and handed him something.

“I went out to buy things before, and I found it by the young master’s bed when I came back. Take a look.

After reading the content inside, Lin Kai frowned and said, “I see, pay attention to it these days.”

“it is good.”

Housekeeper Li knows that Lin’s meeting has handled the matter well.

As for why not tell Li Chengjia?

Steward Li thinks that even if he said it, he wouldn’t take it seriously.

Because this kind of letter, like Li Haoxian, doesn’t know how much to receive throughout the year, it is not worth paying attention to.

After leaving the hospital, Lin Kai held the note in his hand tightly.

He recognized the writing on it at first sight.

This is Lin Yuan provoking him.

Tell him clearly, as long as he wants, he can kill Li Shengxian and Lin Qianqian at any time.

“Lin Yuan, it’s not necessarily the one who will kill you.”

The note in his hand drifted away with the wind, and gradually disappeared.

Lin Kai had no time to admire the surrounding scenery as the striding meteor left.

He needs to make preparations to make sure that he can catch Leiyuan Group's people all at once.

Speeding all the way, the roadside scenery retreated quickly.

Throwing away the cars that followed, Lin drove a drift and stopped in front of Ai's house.

As soon as Ai Ping was about to go out, he ran into Lin Kai, greeted him casually, and asked Ai Luer to come and entertain him.

"Mr. Lin, the company is urgent, I will tell you when I come back."

With such a sentence left, Ai Ping left in a hurry.

Lin Kai looked at his background thoughtfully.

It seems that Lin Yuan has also started to act.

I have to speed up the progress, otherwise I will be passive when the time comes.

Elur looked at Lin Kai thoughtfully, and smiled and invited him in.

"Give me the list of all companies invested by Leiyuan Group that your father knows."

Elur was stunned when she heard Lin Kai's words, but quickly passed the information to him.

"My father said that the president may show up and he is not sure when he will visit a certain house."

"Lin Kai, you need to pay attention, otherwise we will all be finished by then."

"I know."

You really need to pay attention to what Elur said, otherwise Lin Yuan will be out of sight, and it won't be good to be discovered then.

Chapter 1312: Believe Me Again

Chapter 1312: Believe Me Again

Seeing Lin Kai agreed, Ai Luer was relieved.

Now they are grasshoppers on a rope. One has an accident, and the other will suffer.

As for the idea of betraying Lin Kai, Ai Ping had said it several times, but was completely comfortable with Ai Luer.

Now that they are standing in line, they cannot change at will.

Lin Kai is not a simple character. They betrayed him, but they won't have good fruit.

Furthermore, Ai Lu'er didn't think that Lin Yuan could solve Lin Kai easily.

There is no need to take this risk.

Besides, they had betrayed. Lin Yuan knew what they had done before, and would he let them say otherwise.

They will definitely not be reused in the future, maybe they will be left over.

Which boss do you think can trust someone who has betrayed himself?

Lin Kai didn't know Elur's thoughts, nor was he interested in knowing.

Now that you have what you need, there is no need to stay.

If Lin Yuan ran into him, it would have killed Ai Ping and his family.

"Call me if you have something."

Leaving such a sentence, Lin Kai turned and left.

Watching him away from the back, Elur touched the beating heart with a smile, turned and left.

After Lin drove out of the villa area, he found that the cars that had followed him before were still following.

"interesting."

Lin Kai drove unhurriedly, allowing them to chase behind.

Suddenly, a car rushed out obliquely and rammed into the front of his car.

Fortunately, Lin Kai reacted quickly and directly kicked the accelerator, and the car rushed out like an off-string arrow.

The car didn't expect Lin Zhuan to accelerate suddenly, thinking it was too late to turn, hit the guardrail on the side.

With a "bang", the entire front of the car was deformed.

Lin Kai glanced at the car that was still following, and Lin Kai was a little confused.

"Aren't they together?"

But he is not interested in knowing these, whatever they like.

When Lin Kai was about to speed up and throw them away, a man covered in blood suddenly rushed out from the side of the road.

Seeing his car, he waved quickly.

He didn't intend to pay attention to it, but after seeing his face clearly, Lin Kai changed his mind.

Seeing him parking, the man hurriedly climbed into the car, panting and saying, "Quick, drive!"

"Why are you doing this?"

"A while... I'll talk later."

After struggling to say this, he tilted his head and fell asleep directly on the backrest.

Looking at the car suddenly speeding up behind, Lin Kai thought, he probably knew why these people followed him.

I just want to make sure whether Liu Yang has come to himself.

Now that the target is found, it is natural to spare no effort to hunt down.

While driving, Lin Kai looked at Liu Yang, who was covered in blood.

Suddenly I felt a little admiration, and I really struggled for acting.

There were three or four fatal wounds on his body, and the remaining large and small wounds were countless.

They were not afraid, didn't they stop at that time?

As far as his state is concerned, it won't last long.

Throwing away those people, Lin Kai sent Liu Yang to the hospital.

Even seeing the doctor who was used to life and death, and seeing the scars all over his body, I couldn't help but cry.

No matter what Liu Yang did to him, Lin Kai was not the kind of person who could not save him.

Furthermore, to save him, he knew what Lin Yuan wanted from him this time.

Because Li Shengxian was here, Lin fired him from watching them two days ago.

Just assign some tasks to the hidden **** and let him find someone to do it secretly.

He must not interfere with these things, otherwise it will be over.

In just two days of effort, a major event happened to the Li family.

Li Haoxian put the woman of Li Cheng's family to sleep.

To be precise, she wasn't considered a woman from Li Cheng's family, but she couldn't find out where she went.

It was originally well hidden, but it didn't happen.

One day Li Haoxian and the woman were seen by a family member of Li as soon as they came out of the hotel.

He also wanted to shoot Li Haoxian's flattery, specially adjusted the angle, took a few beautiful photos, and sent them to the Li family.

And fortunately, the Li family is going to have a happy event.

Li Haoxian found his true love.

After this incident was seen by Li Chengjia, the consequences can be imagined.

Everyone in the Li family naturally didn't know the relationship between Li Cheng family and that woman, so congratulations.

But the elders of the Li family were different, they knew everything clearly.

When you see the photo posted by that person, you know it's over.

Especially Li Gui, immediately called Li Haoxian and asked him to come back to apologize.

In fact, Li Haoxian was also a victim of this incident. It was the woman who lied to him.

But it was too late to say anything. He was called into the study by Li Cheng's family for one night, and no one knew what happened.

When Steward Li told Lin Kai about this incident, he felt quite surprised.

Unexpectedly, there is still such a **** thing, but it is really worthy of the wealthy right and wrong.

At that time, Steward Li also speculated that Li Chengjia might have completely abandoned Li Haoxian.

From now on, he has nothing to do with the position of the Patriarch. For this reason, Butler Li has been happy for the past two days.

It was two days and three nights before Liu Yang woke up.

In fact, not long after the previous operation, he woke up once.

But for a short time, I passed out.

After a series of examinations, even the doctor breathed a sigh of relief.

"It's really not easy for him to survive."

This is not an exaggeration by the doctor, it was a little later, he really died.

After the doctor went out, Liu Yang looked at Lin Kai and asked in a hoarse voice, "You saved me?"

"Otherwise, who else can there be?"

Hearing Lin Kai's answer, Liu Yang lowered his head in shame, and did not dare to look at him for a long time.

"Sorry."

"Ok?"

Lin Kai wondered why he suddenly apologized.

But soon he was relieved, thinking about coming is just acting, so as to continue to cheat his trust.

He pretended to be puzzled and asked, "Brother Yang, what do you mean?"

"Brother, I'm sorry for you."

Liu Yang told Lin Kai what had happened before.

“You’re not kidding me, who is okay? Make my mind.”

Seeing Lin Kai didn’t believe it, Liu Yang was too anxious.

As a result, when he moved, he yelled out in pain, and it took a long time to relieve his energy.

“I really didn’t lie to you.”

This time Liu Yang was telling the truth.

Because after finishing the work last time, Lin Yuan readily gave him money.

But before he was cool for two days, someone came to ask for something, looking like he was going to kill him.

Liu Yang is not a fool, so naturally he knows why.

Although he escaped, he was quickly caught back.

This is their masterpiece.

Closed his eyes in pain, Liu Yang said, “Brother, you believe me again!”

Chapter 1313: Investment List

Chapter 1313 Investment List

When Lin Kai saw Liu Yang’s pain, he still looked guilty, as if it were really the case.

Especially at the next moment, he opened his eyes, his expression full of apology, and said again:
“Brother, it’s the old man who can’t help you! You shouldn’t lie to you at the beginning, you are so good to me, and I have come to my senses!”

“On the contrary, I worked so hard for Lin Yuan, and he treated me like that! Brother, in order to repay your life-saving grace and the guilt in my heart for you. As an informant under Lin Yuan, I still know a little about Lin Yuan. Some information under my hand. If brother needs it, I will disclose some information to you.”

Liu Yang’s face was sincere, so sincere that he even seemed to forget the pain.

Lin Kai was calm on the surface, but sneered in his heart, playing tricks? Mission Impossible?

Lin Yuan still didn’t understand him. He had already played badly with this kind of trick, and for him, it had no effect.

But how could he not let it be delivered personally.

According to his speculation, even if the information Liu Yang said is true, it is estimated to be half-truth and half-false.

Therefore, the plan is to be calculated, and the half is really put out first.

If Liu Yang is played well, he may be able to shed a lot of information.

Thinking of this, Lin Kai patted Liu Yang on the shoulder again: "Brother, based on what you just said, I must believe you. Let me heal your wounds first, rest assured, heal here, no one can dare to move you."

Lin Kai was telling the truth, after all, Li Shengxian was also in this hospital.

As the young master of the Li family, Li Shengxian sent a bodyguard here.

Liu Yang was very moved when he heard the words, and almost burst into tears.

But soon he was grinned in pain by the injury on his body.

I have to say that Liu Yang's bitter trick is really good.

At least the injuries on his body are not fake.

Had it not been for Lin Kai's rich experience, he might have been deceived.

After that, Lin Kai chatted with Liu Yang a few more words, and then left the ward.

Did not leave the hospital, or walked to the VIP ward of the hospital.

Since Bai Xue was forcibly taken away by Li's bodyguard last time, she had no idea about Lin Kai and Li Shengxian.

Knowing that it is impossible to climb high.

Now that she saw Lin Kai coming, she did not dare to step forward to speak, she could only watch Lin Kai with a little fear, until Lin Kai walked into Li Shengxian's ward, and then looked away.

"I suspect that it was the other elder brothers who made a set of Lee Ho-hyun, which caused Lee Ho-hyun to be caught."

When Lin Kai came, Li Shengxian was analyzing the current situation of the Li family for him.

Thirteen children of the Li family.

Eight sons, five daughters.

As the head of the Li family, he could only inherit his son, so five daughters were excluded.

Li Haoxian has been abandoned by the Li Cheng family, and Li Longxian, as Li Haoxian's doglegs, can also be excluded.

In other words, there are five brothers of Li Shengxian who are competing with him for the position of the head of the Li family.

In the past, the biggest competition with Li Shengxian was Li Hoxian.

Now Li Haoxian is down, followed by the head of the fifth brother Li Xiuxian.

According to Li Shengxian, Li Xiuxian was educated abroad and his career developed abroad.

It was just recently that he returned to China and transferred his overseas business to the country, and then he will develop in the country with peace of mind.

Li Shengxian was not sure whether Li Xiuxian had set up Li Haoxian.

But to be sure, Li Xiuxian had also revealed that he was fighting for the position of Patriarch.

Lin Kai heard it loudly for a while, feeling that the situation in the Li family was like a fight for the throne.

Fortunately, the attitude of Li Chengjia towards Li Shengxian is much greater than before.

Especially after seeing Li Shengxian and Lin Kai approaching, it became more obvious.

“It doesn’t matter who set up Li Haoxian, the important thing is that you have to beware of similar things.”

Lin Kai thought about it for a moment, then made a detour.

“Mr. Lin is right, Master, you should be more careful.”

Butler Lin also reminded him.

Li Shengxian nodded: “I will pay attention.”

Lin Kai felt that if it was a woman, it would be impossible to deal with Li Shengxian.

Other aspects are hard to say.

In short, you have to be careful during this period.

After all, Li Haoxian happened.

The opponent who was the most powerful rival for the position of Patriarch lost the competition overnight.

Everyone in the Li family may realize that it has entered a white-hot stage.

Any means can be made.

Speaking of it, Li Shengxian is recovering from his injuries in the hospital, but he will not be involved for the time being.

Now it is necessary to have enough patience to wait for which one will defeat Li Haoxian.

Lin Kai then instructed Li Shengxian to learn more about IT, which is very useful for the company.

Although Li Shengxian couldn’t read more information in one day, he was considered leisurely, and he was more serious than usual in studying.

I already know some basic IT knowledge.

Lin Kaiyanlu was pleased, but he knew that once Li Shengxian got serious, he would be very serious.

In the evening, Lin Kai returned home.

Today’s home is somewhat deserted.

Li Shengxian was hospitalized, and Lin Qianqian and Dong Shu both had their own affairs to be busy.

Lin Qianqian is a busy company, and Dong Shu is the Dong Yu who dealt with the Dong family.

Although the Yinshen was always by his side, he wouldn't show up if he didn't have any trouble or didn't take the initiative to call the Yinshen.

Lin Kai shook his head, adjusted his emotions, and immediately checked the list of companies invested by Leiyuan Group sent to him by Ai Luer.

Lin Yuan's recent actions have been constant, and even provoke him.

It can be said that it is imminent.

If the Leiyuan Group is not eradicated sooner, there will be endless troubles.

What is missing is the most critical information. He never fights a battle with no chance of winning.

Lin Kai's goal is to catch it all in one net.

As a result, he has been enduring Lin Yuan's provocation, not reporting it, it is not yet time.

Liu Yang is just a tiny clue, but he cannot put all hope on Liu Yang.

Besides, Liu Yang couldn't be anxious. He was still acting there, so Lin Kai had no choice but to act slowly.

So Lin Kai put his idea on the list of companies invested by Leiyuan Group to see if there is any new breakthrough.

Thinking of this, Lin Kai looked carefully.

He already knew that Leiyuan Group has invested in many companies in the East China Sea, and through these invested companies, it has continued to grow itself.

Unexpectedly, there are more companies invested by Leiyuan Group than he thought.

There are almost fifty companies, large and small.

Most of them are the most famous companies in the East China Sea.

Lin Kai frowned. If Leiyuan Group is allowed to continue like this, the entire East China Sea economic circle will sooner or later be swallowed by Leiyuan Group.

"The key clues must be found as soon as possible."

Lin Kai sighed.

Suddenly, he noticed that there were two companies on the list.

One is a small company and the other is a medium company.

Compared with other companies, these two companies have received the largest investment from Leiyuan Group, which is several times more than that of other companies, which is a bit abnormal.

Chapter 1314: Are You Looking For Death

Chapter 1314 Are You Looking For Death!

Perhaps in the eyes of others, this is not a big problem.

It is nothing more than holding more shares, so the investment will naturally be greater.

The key is these two companies, one is a film and television company, and the other is a media company.

According to the scale of these two companies, it doesn't take that much money.

Unless Leiyuan Group wants to enter the film and television media industry.

Lin Kai didn't think so. Based on his understanding of Lin Yuan, it was absolutely impossible for Lin Yuan to invest so much money before he got enough benefits.

"Yinshen, help me check these two companies."

Lin Kai said.

After Yinshen got the order, he immediately appeared to investigate.

Before long, the detailed information of these two companies was before Lin Kai's eyes.

This film and television company, whose full name is Qinren Film and Television Company, has only produced three online movies.

The investment in the first two online movies was only three or four million, and the response on the Internet was mediocre, saying that there is no loss, but it will not make much.

And the third online movie, with an investment of 50 million yuan, is comparable to a cinema movie.

This film was shot after Leiyuan Group made a lot of investment.

There is only one actor who has a little bit of fame, but he is only a second-tier celebrity, with a salary of several million at most.

This is a movie that needs special effects, but Lin Kai watched it on the Internet. Only the special effects in the last scene are okay. The special effects in other places can be described as "spicy eyes".

Lin Kai thought of a possibility that Leiyuan Group relied on this online movie to launder money.

If it is true, it would be a breakthrough.

It really proves that Leiyuan Group money laundering, there must be other ulterior transactions, if you can find clues in this area, you can wipe out Leiyuan Group.

The point is, this is Lin Kai's guess.

Next, take a closer look at the details of another company.

This media company has no clue. It is a fairly normal media company, focusing on videos and new media on the Internet.

However, Lin Kai noticed that the online movie with an investment of RMB 50 million was promoted before it was released.

What this media company promotes is that another online movie released at the same time has not promoted the movie of Qin Ren Film and Television at all.

This is strange.

The two companies can be said to belong to Leiyuan Group.

As a result, the media company advertised rival films.

It is understandable not to publicize, but to publicize the operation of competitors is very fascinating.

Lin Kai could vaguely catch something, and then checked the rival's movie.

Unfortunately, nothing special was found.

It's already night.

Lin Kai was investigating these two suspicious companies all night.

Although no useful clues were found, there was at least one more breakthrough.

Pay more attention to this Qin TV movie in the future.

When I go to the hospital tomorrow, ask Li Shengxian.

The Li family had also been involved in the film and television industry, but the industry was too deep, and in the end it was not done.

When Lin Kai was about to take a break, the phone rang.

It was from Elur.

Originally, Lin Kai thought that Elur had encountered some problem.

Unexpectedly, she said that she was on a remote road and asked Lin to go over.

She has some information about Leiyuan Group, which should be helpful to Lin Kai.

In the morning, Elur had already risked sending all the information about the investment company of Leiyuan Group that her father knew to Lin Kai.

Anyway, I have done this, why not give Lin Kai the information I have.

In this way, the father's company can get rid of the devouring of Leiyuan Group early.

Lin Kai can also solve Lin Yuan.

It was so joyful that Elur took another risk, and sneaked out in the middle of the night to meet with Lin.

The information she holds cannot be sent out using communication equipment, and it is easy to be found by Leiyuan Group.

Lin Kai was quite moved. After reminding Ai Luer to pay attention to her own safety, he went out directly to the remote location where Ai Luer was.

It's just that he hasn't been driving for a long time, and there really is another car following.

It seemed that Lin Yuan couldn't wait any longer and sent someone to watch him to prevent him from escaping.

Lin Kai sneered secretly and watched him near his home. He couldn't stop him, but it was unnecessary for someone to follow him.

Three times, five divided by two, followed his vehicle far away.

To be on the safe side, Lin Kai deliberately circled the nearby road, then found a path where few people walked, and walked faster.

According to the location provided by Elur, it is located on a remote path between the city and the suburbs of Donghai.

It's not a wild ridge, and there are tall buildings around it. It's that remote path that few people pass by.

Lin Kai had to admire that Ai Luer could find such a position.

Not long after, Lin Kai drove the car into the remote path.

Before he had waited for him, after looking at the trail, she saw Elur parked next to the car on the side of the road. There are two promiscuous people who are surrounding Elur.

"Damn! You bumped into my eldest brother! Don't worry about losing money!"

A cross-eyed **** patted Alur's car again and hummed.

Elur was taken aback, but she was not to be outdone: "Obviously you touched porcelain! My car didn't hit you at all. You ran into it yourself. If you don't believe me, I can show you the driving in my car. Logger!"

"Oh! I said you hit my elder brother, you earned my eldest brother! Pay 50,000 yuan soon, otherwise you don't want to go!" Cross-eyed yellow hair sneered.

The eldest brother in Cock's eyes is the scared man beside him.

As a result, Scar Man and his little brother participated in a nasty fight. In order to avoid surveillance, they deliberately took a remote road without surveillance.

Unexpectedly, a luxury car was parked on the road this night, and the owner was a young girl.

The two suddenly became malicious.

Scar man also said loudly at this time: "Beauty, either pay! Or, hehe... it depends on you..."

Before Scar Man finished speaking, Elur's face turned pale.

She suddenly regretted herself why she was looking for such a remote place and wanted to call for help, but there were no passers-by, not even a car passing by.

“Hurry up!” The cross-eyed man spit on the ground and kept urging.

Reluctantly, Elur took out her mobile phone when she was about to transfer money to Scar Man.

A faint voice sounded: “Are you looking for death!”

When hearing this voice, Ai Lu’er breathed a sigh of relief, Lin Kai finally came!

She knew Lin Kai’s strength.

Immediately, Elul felt relieved.

But the two bastards, upon hearing this voice, looked back, both showing disdain.

Especially the Scar Man, holding a dagger in his hand, sneered: “Boy, still want to be a hero to save the United States? Your small body can’t stop my punch, let’s stay cool!”

Chapter 1315: Windfall

Chapter 1315

“Haha, my eldest brother is right. This kid is not as good as the brawny we taught before, but unfortunately let the brawny escape, otherwise we won’t be wanted.”

Lin Kai’s heart moved when he heard the conversation between these two gangsters.

He noticed Scar Man’s dagger with a trace of blood still on it.

The blood has dried up.

This is not the point, the point is that he instantly remembered that several fatal wounds on Liu Yang’s body were caused by daggers.

With Lin Kai’s venomous gaze, the shape of this dagger matched the wound on Liu Yang’s body somewhat.

If it was struck by a dagger, it would be difficult to tell.

But if it caused a fatal wound, it means it was hit hard by a sharp weapon.

“Could it be that these two gangsters injured Liu Yang?”

Lin Kai secretly said inwardly, thinking about it and feeling wrong.

It’s really their words, why the cross-eyed **** said that he let the brawny man escape, which is a pity.

Still, Lin Yuan really wanted Liu Yang’s life.

It’s just that Liu Yang thought that being injured was part of Lin Yuan’s plan.

Then, didn’t he really save Liu Yang by mistake?

No, no!

According to this line of thinking, Lin Yuan most likely wanted to plant and frame him, and attribute Liu Yang's death to him.

"What? Boy, why don't you leave!"

Cross-eyed, seeing Lin Kai standing motionless, furious, punched, and slammed towards Lin Kai.

In the eyes of Scar Man, this kid is so weak that he will definitely be knocked to the ground by his little brother.

Just next moment, the cross-eyed gangster and the scar man were shocked.

Not only did Lin Kai dodge quickly, he cross-eyed the attack.

He immediately kicked it and kicked it on the belly of the cross-eyed gangster.

At this time, the cross-eyed gangster seemed to have been hit hard and let out a scream, then fell to the ground, clutching his stomach and screaming in pain.

Elur saw this scene without any accident, but a smile appeared on her lips.

Why she chooses Lin Kai, the most important thing is that Lin Kai can give her a sense of security better than Lin Yuan.

After all, Scar Man has been on the road for many years. At a glance, this kid is not simple, knowing that he might not be an opponent.

Immediately, he stared fiercely, holding a dagger, turned around and stabbed Elur abruptly.

I want to hurt Elur first, and then take the opportunity to escape.

Elur was suddenly attacked by the scarred man, making her face paler in fright, and she kept backing away.

Wouldn't Lin Kai fail to see Scar Man's intentions, under my nose, still wanting to hurt people?

He strode two steps and kicked it hard, and the dagger that scared the man's hand flew out instantly.

Soon, the dagger fell on Lin Kai's hand.

Scar man was frightened a long time ago. He did not expect to encounter a hard stubble, and he quickly pulled up a cross-eyed gangster and prepared to escape.

Lin Kai's expression remained unchanged, and he threw the dagger out, and it landed on Scar Man's leg with great precision, causing a deep wound with blood flowing out.

The Scar Man limped and started to disappear on the trail.

When he saw the wound, it was immediately confirmed that his previous thoughts were correct.

These two gangsters hurt Liu Yang.

"It's a windfall."

Lin Kai smiled to himself, and then ordered Yinshen to follow the two men.

These two people are also related to Lin Yuan, and they will never let this clue go.

Now he is looking for multiple clues to find a breakthrough, so as to find the key evidence, and then wipe out the Leiyuan Group.

And the two have already seen him, he and Elur are meeting here.

Fortunately, the two people still don't know him and Elur.

"Are you OK?"

Lin Kai stepped forward and asked if there was anything wrong with Ai Luer.

In any case, Ai Luer was in danger because of providing Lin Yuan intelligence.

"It's okay, Lin Kai, we'll talk after getting in the car."

Elur shook her head.

Afterwards, Lin Kai sat in Elur's co-pilot

Elur sat in the main driver and took out a form.

This paper form records the detailed flow of a company invested by Leiyuan Group.

Ai Luer explained the situation of this company, specifically for other companies.

In other words, in order to integrate some companies, Leiyuan Group deliberately set up a company to falsify the flow of water.

Not only that, but it can also allow some companies to borrow money from banks to invest in more companies.

Lin Kai is a little excited, this kind of evidence is the key.

It's a pity that just a running table can't explain much.

Throwing requires the most deadly evidence.

However, from this point of view, it is sufficient to show that the Leiyuan Group used various illegal methods in order to quickly devour the economic circle of the East China Sea.

These methods are extremely hidden, after all, Lin Yuan is not that stupid.

However, there is no impermeable wall in the world, as soon as possible it is hidden deep, and some traces left behind cannot be eliminated.

Currently, Lin Kai is searching for these clues, digging deep into the thunder buried by the Leiyuan Group.

Elur actually didn't know much about it. The reason why she was able to get this flow chart was because the accountant of her father's company was her best friend.

Elur told her girlfriend, if there is anything special, copy it down.

Her best friend didn't just enter her father's company because of her relationship, but she has strong accounting skills.

At that time, her best friend saw that there was something wrong with the running water at a glance, so she copied it down as directed.

So that Elur can get this running table.

Lin Kai was very satisfied with the flow table.

He began to ask Elur about the situation of Qinren Film and Television Company and that media company.

Eller only knows that the media company has a certain influence on a social software on the Internet.

But Ai Luer didn't know the Qinren Film and Television Company.

Lin Kai was a little disappointed. He mainly wanted to know about the Qinren Film and Television Company.

It was almost midnight.

Lin Kai asked Ai Lu'er to leave first, and he followed Ai Lu'er behind him.

Of course, a long distance will be maintained.

As long as Lin Kai can see from a distance, Ellu's car will do.

The purpose of this is to ensure that Elur can go back safely.

If the kind of accident happened before, he would be able to rescue him in time.

After Ai Lu'er's car had completely entered the downtown area, Lin Kai drove away with confidence.

Through the news from Yinshen, Lin Kai turned back to the vicinity of the remote trail.

According to Yinshen's news, the two gangsters did not run far, but found a place to hide.

During the period, the scarred man called and called someone to pick them up.

At this moment, Lin Kai looked expectant.

I also don't know if the people who picked up these two gangsters were Leiyuan Group or people related to Leiyuan Group.

Chapter 1316: Bong To The End

Chapter 1316

It's already twelve o'clock noon.

Lin Kai is now, squatting guarding the place where Scarman and Cross-eyed are hiding.

The two of them stayed in an abandoned factory house.

Lin Kai stood on the opposite roof.

As the saying goes, he can see far away when he climbs high. Through the perspective of the window, he can clearly see the scared man and cross-eyed scoundrel in the room.

“That **** boy! Damn it!”

Scar man cursed while bandaging the wound on his leg.

“Boss, let’s leave the East China Sea, this place is too bad. Within a day, we failed one after another and were wanted!”

“What do you know? I brought you to the East China Sea to make a fortune. The gold master behind it is from Leiyuan Group. Our wanted list has been settled. We have a ticket tomorrow and we still need to do it.” Ruthlessly said: “Let’s wait for Leiyuan Group to send someone over to discuss specific matters with us. If this ticket is successful, we can get one million!”

“one million?”

The cross-eyed mixed eyes widened and swallowed.

Lin Kai on the opposite roof could clearly hear the conversation between the two.

His eyes lit up, and he didn’t return in vain. It really was related to Leiyuan Group.

The next step is to wait patiently.

Approaching two o’clock in the morning, an ordinary black car slowly drove into this abandoned factory.

Lin Kai instantly became energetic.

At the same time, he also found a shelter on the roof to hide himself, so as to better observe in secret.

A young man got off the black car.

Although Lin Kai didn’t know the specific information of the man, he was somewhat impressed that he was Lin Yuan’s subordinate and had seen it.

This is enough.

When Lin Kai saw the young man, he was about to walk into the room where Scar Man was. When he was prepared to listen to the conversation between the three of them, the system issued a task: stealing the beam and changing the column.

The content of the task is that the young man will give Scar Man a gold-level poisonous needle weapon. This poisonous needle can be contaminated with any poison.

Can poison people without knowing it.

What Lin Kai had to do was to remove the poisoned needles silently and replace any ordinary needles.

Once the mission is completed, you will get a demigod extraction ability.

What’s interesting is that this time is a new demigod level skill, the spirit turtle extraction ability.

According to the system, this tortoise can extract an extremely accurate divination.

Lin Kai couldn't help showing joy. He knew Huang Tianshi's fortune-telling ability, but he was always rude.

He also knew that Lin Yuan could also tell fortunes.

Now the system finally gave him a fortune-telling ability.

Lin Kai had no objection to this task, that is, it was quite good to be able to take a golden weapon for nothing and obtain the extraction ability of the demigod class.

When the system heard Lin Kai said that the task was pretty good, it suddenly disdained: "Typically, you get cheap and sell well."

Lin Kai just smiled at this.

Lin Kai raised his eyebrows, it must be another murder business.

This kind of indiscriminate means is indeed the most suitable for this kind of punks.

He immediately took out his mobile phone and turned on the night vision recording function.

Inside the house.

The young man has been talking with Scar man and cross-eyed for ten minutes.

Finally, the young man handed a small wooden box to Scar Man.

"The hospital has made arrangements for you. I can report to the hospital at 9 o'clock tomorrow morning. The reason I am looking for you is because Liu Yang is also there. Liu Yang, that idiot, really thought he was under the master of the young master. Son. It's good, you use Liu Yang and then frame Lin Kai together."

Scar man took it over carefully: "Don't worry! Guarantee to complete the task!"

The young man said nothing, and then drove away.

Looking down at the video on the phone, Lin Kai smiled slightly. He filmed the entire conversation between the young man and Scar Man.

At the same time, I also understand who is for the poisoned needle.

It's for Lee Shengxian.

It seems that Leiyuan Group and certain senior officials of the hospital have reached a deal.

Tomorrow, let Scar Man and cross-eyed go to the hospital as a temporary worker.

Li Shengxian lives in the VIP ward, and the scarred man and cross-eyed are mixed, so it is naturally impossible to get into the VIP ward.

But in the VIP ward, a nurse will be bought by Leiyuan Group.

Scar man and cross-eyed confuse, just to reconcile with this nurse, and then give the poisonous needle to the nurse, let him do it.

The toxicity of the poisonous needle will not immediately occur.

After calculating the time, when Lin Kai went to the hospital and visited the two, the toxicity would occur.

At this time, certain internal ghosts in the hospital, plus the scarred man cross-eyed, and Liu Yang who was kept in the dark, all jumped out and framed Lin Kai, who killed Li Shengxian.

For Lin Yuan, it doesn't matter whether other people are alive or dead. His goal is to make Lin Kai die.

But in terms of strength, Lin Kai can only use some despicable means.

Lin Kai looked cold at this moment, and Lin Yuan finally shot the people around him.

Fortunately, I ran into this scar man tonight, otherwise Lin Yuan would really succeed.

Since I want to play, I will stay with you to the end!

Lin Kai won't stop him directly. The Scar Man and the cross-eyed go to the hospital tomorrow.

Anyway, he will wait to complete the system task and change the poisonous needle.

Of course, he didn't bring a needle. He ordered Yinshen to get an ordinary needle ten minutes ago.

Yinshen was quite fast, and brought back an ordinary needle within ten minutes.

In this way, ordinary needles will not poison Liu Yang and Li Shengxian.

Also take this opportunity to pull out the ghost in that hospital.

This hospital is the best in the East China Sea. If the Leiyuan Group also controls this hospital, it would not be very good.

He has many friends in Donghai. If he gets sick or injured, he needs to go to the hospital for treatment.

Then I found out that this hospital belongs to Leiyuan Group. I just think about it, and I feel scared.

But for now, complete the system tasks first.

The small wooden box was put in the chest pocket of the shirt by the scared man and asked Yinshen to take it, which was obviously unrealistic.

If you put it in your pants pocket or the pockets on both sides of your jacket, you can ask Yinshen to get it.

Seeing that Scar Man and cross-eyed confuse, he is also preparing to leave this abandoned factory.

Lin Kai turned wildly in his mind, and soon thought of a way.

He asked Yinshen to hold an ordinary needle and wait at the door of the abandoned factory.

But he took the lead to leave and found the car parked in a remote corner nearby.

Drove the car to the abandoned factory.

Don't scar men and cross-eyed bullies like to touch porcelain?

Then let the two of them remember forever what the fate of touching porcelain is like!

Lin Kai was driving while observing where the Scar Man and Cross-eyed had gone.

According to their walking speed, they calculated the distance by themselves, and they drove slowly.

Chapter 1317: Just Try It

Chapter 1317

Until Scar Man and cross-eyed confuse, almost arrived at the door of the abandoned factory.

Lin Kai slammed on the accelerator, and the car reached full speed!

At that time, Scar Man and Cross-Eye had already reached the door.

Both of them heard the roar of the car, as if in their ears.

Scar man mixed with cross-eyed eyes, and subconsciously looked to the right.

I saw a car coming toward them at a very fast speed.

"Fuck! There are still people racing here in the middle of the night!"

Scar man mixed with cross-eyed eyes and suddenly yelled.

They had fled to the opposite place on that remote trail before, so they didn't see the car that Lin was driving, so naturally they knew who the owner was.

At this moment, the two of them wanted to go back, but it was too late!

The two looked at the car with horror, and they were about to hit them!

It's over!

Just when the two felt that they were going to die, Lin Kai in the car gave a playful smile, and after turning the steering wheel a quarter, it turned again.

The car didn't touch the two of them, just a few centimeters away.

Naturally, Lin Kai did it on purpose.

Scar man and cross-eyed mixed two people, although they were not hit, but the two fell back in shock, and both fell to the ground severely, eating a dog chewing mud.

The small wooden box also fell from the chest pocket of the man with the scar.

According to Lin Kai's instructions, Yinshen quickly took away the poisonous needles and put the ordinary needles into the small wooden box.

...

It was three o'clock in the morning.

Lin Kai just returned home. He sat on the sofa and noticed the poisonous needle on his hand. The needle was already stained with poison.

"Keep it here, it may be useful later."

Lin Kai secretly found a box for the poisonous needle and put it in.

As a golden weapon, this poisonous needle still has a certain value.

Then he looked at the system and rewarded the task.

The extraction ability of the tortoise can extract a divination.

Lin Kai didn't use it, it was the truth when it was used at the critical moment.

He checked the time. Although it was half past three and knew that Li Shengxian had rested, he still called Li Shengxian.

After a while, Li Shengxian answered the phone.

Lin Kai was very curious, why did he pick it up so quickly?

After inquiring, I realized that Li Shengxian was studying IT, and he was fascinated by it.

Lin Kai first shook his head and laughed, and then asked Li Shengxian to pay more attention to rest. After all, he was still in a state of healing and his body was the most important.

Before Li Shengxian asked Lin Kai why he was so late, he called.

Lin Kai immediately sent the video of the conversation between the young man and Scar Man again using communication software to Li Shengxian.

After Li Shengxian finished watching, Lin Kai asked Li Shengxian to cooperate with him and play a good show tomorrow.

In this way, the two talked for ten to twenty minutes.

Lin Kai asked Li Shengxian to go to bed now, so that he would have energy and successfully complete tomorrow's good show.

Lin Kai turned off the light in the living room and was ready to wash and sleep.

But at this moment, he sensed two uninvited guests outside his home.

Not ordinary people, but ancient warriors.

From the breath, it is a martial artist level.

Lin Kai's eyes showed a different color, and he believed that these two martial artists were definitely not sent by Lin Yuan.

"Sir, do you need me..."

The Yinshen appeared at this time and motioned to Lin Kai if he wanted him to drive the two people away.

Lin Kai shook his head. He was very curious. What did he do when he came to his house in the middle of the night? Came to assassinate him?

Thinking of this, he squatted behind the sofa.

The hidden **** was invisible again.

Like professional thieves, the two pried open the door, and they easily walked into Lin Kai's home.

Lin Kai only realized that they were both dressed in night clothes.

The two of them are tall, about 1.9 meters tall.

The other was short, about one meter six.

Especially when two people stand together, it gives a strong sense of height difference.

"Shhh! When turning things over, be quiet, lest you be heard!"

At this time, the tall warrior, let the short warrior not make any loud noises.

The short warrior said with disdain: "We are tall and short thief saints, who have been walking on the rivers and lakes for so many years. What are we afraid of? The big deal is when the person wakes up, just fainted."

The tall warrior solemnly said: "This time we are entrusted by others. We have to carefully search for what we want. It is not good if we are found. Besides, according to the entrusted person, the master in this room is very strong."

"How powerful can a twenty-year-old young man be?" The warrior sneered, turning over the things on the table, his voice was still very loud.

The tall warrior thinks about it carefully. The person who entrusts them has instructed them to be careful. The owner of the house is of good strength, but he also said that the owner is only twenty years old.

In their opinion, at the age of twenty, even if he is also an ancient warrior, where can he go?

The short martial artist has broken through the martial arts for many years and has been immersed in this state for a long time.

But the tall martial artist is even worse, the peak of the martial artist, within half a step, he can step into the ranks of the powerful martial artist.

As a result, the two of them started to let go of their hands and feet when they thought that they were just hairy boys.

Lin Kai finally got up from behind the sofa when the two were about to ruin the cabinet.

He wouldn't just watch, the two people messed up his home.

So he spoke lightly again: "I want to know how good I am, I'll know if I try."

"Who?"

The two were shocked.

Before they could react, the light in the living room was turned on.

When the two looked back, they saw that Lin Kai was already standing in front of them.

"You didn't sleep?"

The tall warrior was surprised and asked Xiang Lin Kai, "Have you heard our conversation?"

Lin Kai nodded calmly.

"Hey, then you can't stay! What kind of death do you want!" The short warrior gave a gloomy smile.

But when the short warrior saw it, Lin Kai looked very calm and was inexplicably angry.

Since stealing these years, he still saw the victim once, so calm, which made him very upset.

If you don't show this kid a little bit of color, do you think they are ordinary thieves?

They are on the road, but they are called the thief!

They have dared to steal even the home of the Wusheng strong, not to mention this brat!

Although it was discovered by this hairy boy, it is impossible to miss it!

If they missed this time, that would be the stain on their career!

However, the short warrior was about to take action to solve Lin Kai's occasion.

Snapped!

A very loud slap in the face resounded in the living room.

Especially now its four o'clock in the morning, everything is silent,

Make this slap even louder.

Lin Kai slapped the short warrior and went back a few meters before hitting the table before stopping.

"What does it mean to keep me out?"

Lin Kai said indifferently, "Let's talk about it, who are you sending it? What are you doing here? Now let's be honest, maybe I can suffer less."

Chapter 1318: Bring Talk

Chapter 1318

The short warrior felt that his face was hot, and then when he heard Lin Kai's words, he became angry instantly.

He has never been so angry before!

“Brother, don’t shoot! This kid dared to attack me, see if I’m not good enough to teach him! Let him pay the price of blood!” The short warrior showed murderous intent and slammed a punch with fierce vigor, like Pounced at Lin Kai like a tiger.

The tall warrior stood aside, but didn’t move. He shook his head when he saw his junior’s move.

His junior, his shots were very harsh, and they were often the kind that caused people to break their hands and feet.

The tall warrior suddenly felt a little sympathy for Lin Kai, who is not good to attack him, he must attack his junior.

However, he saw that Lin Kai couldn’t evade the attack from his junior, which made him frown.

As for the short warrior, he also noticed that Lin Kai was motionless, thinking that he was frightened by his own attack.

He grinned and speeded up again, as if seeing Lin Kai’s body covered in blood, begging him for mercy.

Lin Kai was frightened, he clearly felt that the attack of the short warrior was too weak and weak.

It’s like a few-year-old child punching an adult.

Seeing the short martial artist’s fist hit, Lin Kai casually raised his hand and blasted him.

boom!

Click!

The sound of a fracture was extremely harsh.

At the same time, the eyes of the tall warrior who were watching were full of shock and consternation.

Against the bomber.

The hairy boy was unscathed, not even the corners of his clothes fluttered.

On the contrary, the short warrior not only bent his arm, but also flew out again after being hit by a huge force.

This time he flew farther upside down and hit the wall hard.

The short warrior vomited blood, his internal organs seemed to have been displaced, and his eyes were full of horror! How can it be! How could it be so strong!

Could it be that the brat in front of him is a strong martial artist?

When the tall warrior thought of this possibility, cold sweat broke out on his forehead.

Especially at this time, when Lin Kai stared at him, the tall warrior only felt a tingling scalp.

“I’ve said it, honestly confess, you will suffer less.” Lin Kai looked at the tall warrior: “You?”

“Brother! His strength can’t be a martial arts expert! At most, it is at the peak of a martial artist! You have been immersed in the peak of a martial artist for several years, and you must be better than this kid!”

The warrior lay down on the ground, shouting unwillingly.

Lin Kai’s eyes showed an idiotic look, he naturally didn’t dare to use all his power, only used less than 10% of the power.

Otherwise, if you are too afraid, it is not good to just kill them.

The tall warrior didn’t know that Lin Kai had reduced his strength.

Hearing what his junior brother said, he suddenly showed his fierce light, with his fingers bent like tiger claws, he grabbed Lin Kai extremely quickly.

Lin Kai sneered.

This time he took the initiative to attack, faster than a tall warrior.

Lin Kai once again raised a hand randomly, and his palm fell on the left shoulder of the tall warrior.

Click!

The left arm of the tall warrior was instantly scrapped, and he secretly suffered pain, and then he was kicked to the abdomen by Lin Kai, and his ribs suddenly broke.

There is absolutely no resistance!

The tall warrior was like a kite with a broken line, and it accurately smashed on the short warrior.

At this moment, whether the tall warrior or the short warrior saw Lin Kai’s gaze, there was unspeakable fear.

This young boy in front of him is definitely a powerhouse above Wu Sheng!

If they had known that they were a powerhouse of this level, how could they dare to steal! Damn, the entrusting person didn’t make it clear!

Both regretted their intestines are green.

Now they are the sheep that Ren Linkai slaughtered!

Lin Kai stepped forward, both the tall warrior and the short warrior showed horror.

“We say! We say!”

Seeing that Lin Kai was about to kick and kick at the two of them, they finally couldn’t help but speak.

Next, it was the time for the two to confess.

The reason why they come here to steal is because they are entrusted.

The person entrusted is Shao Xin, who spent a lot of money to invite them both.

Lin Kai did not have any surprises for Shao Xin's invitation.

It seems that Shao Xin wanted to retaliate against him and find two ancient warriors to steal any important information in his home.

As expected by Lin Kai, both the tall warrior and the short warrior were also honest, as long as they were confidential to the company, any documents that could be taken away.

Lin Kai sneered secretly, how could he put these important things in his own home.

He knew very well that his home had long been closely monitored by Lin Yuan sent people.

He would not put important things here.

Shao Xin estimated that he wanted to avenge him.

"You two, you can get out of here! But, you bring me a message to Shao Xin, if he dares to use this method next time, I will come to the door mercilessly. Don't think that you are backing Leiyuan Group now Can be unscrupulous."

Lin Kai said indifferently, then looked at the tall warrior and the short warrior, both stood up tremblingly, and said: "And you, with your ability, there is no need to do something that is either **** or steal. If you go Once I met you two, if I dare to do such a thing, I will directly abolish you."

He is not a saint and can't manage that much, but if he can manage it easily, he will warn him.

"Yes, yes! What Shaoxia said!"

The two responded while helping each other, and ran outside Lin Kai's house without looking back.

Lin Kai looked at the two distant figures, and secretly said: Shao Xin should be able to settle down briefly.

Now all his energy is devoted to investigating Leiyuan Group, but he has no time to pay attention to Shao Xin.

Of course, Shao Xin still didn't heed the warning, and continued to target him like this, and didn't mind giving a lesson that will never be remembered.

But when he thought of Leiyuan Group, he frowned deeply.

Although in the daytime, he would have a good show with Li Shengxian in the hospital to undermine the plan of the Leiyuan Group.

But Lin Yuan had already caught sight of the people around him.

This time it is Lee Seung Hyun, who will it be next time?

Therefore, he must catch Leiyuan Group as soon as possible.

What's more, Tianshi Huang was also stared at by the Leiyuan Group, and his task was also to protect Tianshi Huang.

"I don't want to, let's sleep first."

Lin Kai felt a headache, cleaned up the house slightly, and fell asleep.

I slept for about two or three hours.

Lin Kai received a call from Dong Shu. He thought something was going on, but Dong Shu only said good morning.

Even more speechless, Lin Qianqian also made a call and said good morning.

Lin Kai couldn't help feeling strange, what happened today?

One after another, call him to say good morning.

Lin Kai couldn't understand it, but simply didn't want to.

Checking the time, it was almost seven in the morning.

He can leave for the hospital at 9:30.

Chapter 1319: Tangled System Tasks

Chapter 1319-Tangled System Task

Lin Kai did not continue to sleep.

Instead, he sat cross-legged on the bed and started practicing.

Although it is already in the golden era, it is still not enough.

Otherwise, any conspiracy and tricks of Lin Yuan can be broken instantly under absolute power.

Lin Kai knows that being strong is the last word.

The system seemed to know Lin Kai's mind. When he was just practicing, he released a mission.

This task directly stunned Lin Kai.

Kiss the two, Dong Shu and Lin Qianqian, and you can complete the task with one kiss.

The task reward is to obtain a gold extraction ability.

The corner of Lin Kai's mouth twitched: "System! Are you having trouble with me! I'm working hard to cultivate, why are you giving such a task?"

Lin Kai was about to vomit blood, not to mention anything else, it was very difficult for him to kiss him.

Unexpectedly, this kiss will kiss two.

After the system heard it, nothing moved: "Do you want to improve your strength? If you want to improve your strength, just finish the task quickly."

At this moment, Lin Kai did not fold.

According to the system's task reward introduction, this time the gold extraction ability can instantly explode its own double power.

Lin Kai was still very excited. At the critical moment, he suddenly burst out double strength to evenly matched opponents, giving the enemy a surprise.

This is Dong Shu and Lin Qianqian...

"It's better to act as a heartbeat." The system is not afraid of big things, and urges Lin Kai to hurry up.

Lin Kai cursed secretly, this system is getting more and more sophisticated.

He is now entangled for a while, unable to practice normally.

He was hesitating to ask, so he called Dong Shu and Lin Qianqian, and when they called them, the doorbell in the living room rang.

The hidden **** did not show up, indicating that it was not an enemy.

Lin Kai didn't worry about it for the time being, and immediately walked out of the bedroom, went to the living room and opened the door.

As a result, he was even more entangled, because the two daughters, Dong Shu and Lin Qianqian, both of them were here.

Lin Kai couldn't help but wonder. Not long ago, two women called him one after the other to say good morning.

Now the two women came to his house at the same time.

Not only that, the two of them also brought a lot of vegetables and fish in their hands.

It seems that this is to cook at his house.

"Lin Kai, don't worry about us."

"Hee hee, yes, you continue to sleep."

Before Lin Kai asked, Dong Shu and Lin Qianqian spoke one after another, as if the two women had some secrets, keeping them from him.

But what Lin Kai thought at the moment was not that the two women would keep any secrets from him.

What I think is whether to kiss one person decisively.

Seeing that the two women went to the kitchen to work on their own, Lin Kai smiled bitterly and shook his head.

He naturally understands Dong Shu and Lin Qianqian's intentions, but his knot is still with Xiaoyun.

As a result, when the system released this task, he seemed tangled.

Lin Kai shook his head again, returned to the bedroom, and continued to practice.

...

Donghai Hospital.

Scar male and cross-eyed confuse, they have become temporary workers in Donghai Hospital.

What they didn't know was that outside the hospital, three people were watching the entrance of the hospital.

These three people also looked like gangsters.

A young man with a short head, a man with an explosive head, and a non-mainstream girl.

When they saw Scar Man and cross-eyed mingling in, they all came up with energy.

"Come here! Let's change our image and get ready to go in."

The young man with an inch head is named Ding Hou'er. Although he is now a gangster in the East China Sea, he used to be an actor.

Unfortunately, the crew wore small shoes, which made him unable to move on the road of actors.

However, it was precisely because of his previous job that he was favored by Li's thirteen youngsters.

The Li family is the largest family in the East China Sea, and Li Shengxian, the thirteenth youngest member of the Li family, is the most likely inheritor of the Li family.

Li Shengxian asked them to come over in the morning to cooperate with the acting.

Whether things are done or not, there are great rewards.

In fact, this was Lin's idea, and it was perfect for the bullies to deal with the bullies.

Soon, the three of them strolled around the nearby mall.

After half an hour, the image of the three changed drastically.

Ding Hou'er is dressed in a suit and leather shoes, and he has a tall figure, and then he fits a briefcase together with the temperament he pretends, which is quite a kind of company president.

The man with afro is called Xiaosi. He has a strong body. His afro has been straightened and then tied into a pigtail. With a beard, he is a qualified bodyguard.

Xiao Si looked at Ding Hou'er with a look of surprise: "Ding Hou'er, it's no wonder that you are changing girls like changing clothes. You really have that kind of image. Mr. Li just lets us act together? It's that simple? I said, if it's not, I'm going to attack your sister."

Ding Hou'er's younger sister is a non-mainstream girl. After the big change in her image, she looks like a new person, wearing glasses and a suit, like a secretary.

Three people together, let alone, it really looks like the president is carrying a bodyguard and secretary.

Ding Hou'er smiled and said: "Don't worry, I still know that the 13th Young Master of the Li family is absolutely fine. I remember my identity. I am the president of Jingcheng Haiyue Company. I just got off the plane and had some anemia. Disease.

And Xiao Si, you are my personal bodyguard. Sister, you are my secretary. When he enters the hospital, the bodyguard directly asks a VIP ward to be hospitalized. The secretary helped me carry the briefcase...”

Speaking of this, Ding Houer put a small video camera in his briefcase.

There is actually a small hole under the briefcase, which is specially opened for the camera.

When the time comes, when they enter the VIP ward, let Xiao Si or Ding Hou'er's sister carry a briefcase and pretend to be the ghost in the hospital.

The reason why I invite people like this is because today is a special day for the Li family, and Steward Ding has to go back.

Only two bodyguards were left there.

Lin Yuan decided to do something with Li Shengxian today, he must have counted this.

As a result, Lin Kai was not sure whether the two bodyguards had been bought.

Obviously, this kind of thing cannot be handed over to the two bodyguards of Dad Li's family.

He asked Li Shengxian to look for him, and a few gangsters with good acting skills came to act.

Donghai was originally the site of the Li family, and it was easy to find a few trustworthy bastards.

The three Ding Houer were selected.

Their task is to live in VIP wards with rich people.

Using his own means, he filmed the Scar Man handing the “poisoned needle” to the people in the VIP ward.

Nurses in VIP wards are not allowed to leave their posts without authorization.

So only the scarred man will find an opportunity to trade the “poisonous needle”.

As for why this poisonous needle, the people of the Leiyuan Group, did not give the ghost in the hospital, it was because the ghost in the hospital could not be exposed.

If something goes wrong, Scar Man and Cross-eyed gangsters are used to back the pot.

The people of Leiyuan Group and Scarman said clearly, Scarman and cross-eyed people knew that there was a risk, but Leiyuan Group gave too much money, so they took the risk.

Chapter 1320: A Good Show

Chapter 1320: A Good Show

This is also the cleverness of Lin Yuan.

If you don't involve yourself, you will never use this dirty method.

If you use this dirty method, you will find someone to back the pot.

This is true of Liu Yang, and the same is true of Scar Man and Cross-Eye.

It's a pity that Lin Yuan has counted a lot, but didn't count it. Lin Kai accidentally made a mistake and hit him. He knew Lin Yuan's plan in advance.

Lin Kai's talents will be calculated.

Once Ding Hou'er was photographed, the scene of Scar Man and the ghost trading in the hospital.

In the early morning, Lin Kai photographed the conversation between Scar Man and Leiyuan Group.

Then the video was released, although it could not defeat Leiyuan Group.

After all, Leiyuan Group has taken shape, and it can be regarded as a behemoth in the East China Sea.

This alone cannot cause fatal damage to the Leiyuan Group.

However, it was enough for Leiyuan Group to drink a pot.

At least it can delay the development of Leiyuan Group.

All the forces in the East China Sea are actually watching the conflict between Leiyuan Group and Lin Kai and Li Family.

Those who are on the sidelines, if they see the Leiyuan Group using such despicable methods, they will definitely be prepared for the Leiyuan Group.

And there are many companies in the East China Sea that have not been invested by Leiyuan Group. If you see that Leiyuan Group is like this, you may also consider it instead of directly accepting Leiyuan Group's investment.

In the wee hours of the morning, Lin Kai and Li Shengxian talked for a long time.

Delaying the development of Leiyuan Group bought Lin Kai and the others more breathing time.

Therefore, whether Ding Houer and others can take pictures is the most critical.

But the premise is that the three of Ding Houer have to rely on acting and mix into the VIP ward.

"It's too late, let's set off immediately."

Ding Houer said.

So the three of them walked to Donghai Hospital.

After reaching the scope of Donghai Hospital, the three of them changed in an instant, both in their expressions and in their actions.

Ding Hou'er pretended to be uncomfortable and weak. While helping Ding Hou'er carry the briefcase, her sister supported Ding Hou'er.

Xiao Si followed behind blankly.

"Doctor, my boss just got off the plane, the previous heart attack, please arrange a VIP ward."

Just entering the hospital, my sister said to a doctor at the window.

The anxiety in the eyes is perfect.

Ding Houer inadvertently stretched out his hand and looked at the golden Rolex watch he was wearing. This is naturally a fake.

As a professional actor, how can you not use professional props?

“Xiao Zhang, there is still half an hour before signing the contract for the 100 million yuan project, and I still won't be hospitalized.” Ding Houer put on a painful but tangled look.

“Boss, your body is the most important thing. This project is just a small project. We came to Donghai to cooperate with Leiyuan Group. Therefore, you should take care of your body first.”

“That's right, Xiao Zhang, you just pushed this project off.” Ding Hou'er pretended to be indifferent again.

In the tone, it seems that this billion-dollar project is really just a small project, without even frowning.

This hospital is a private hospital. VIP wards are set up to cater for wealthy people.

Faced with projects like Ding Houer with a 100 million yuan project, they feel that they are big clients of small projects.

Especially when working with Leiyuan Group, the doctor naturally knows that Leiyuan Group has not done much in the East China Sea recently.

I heard that this hospital may be acquired by Leiyuan Group in the future.

So the doctor immediately looked at Ding Hou'er with a smile: “Yes! There are also VIP wards. We will have a nurse to take you there later, and then arrange a doctor to diagnose you.”

“That...is there a male nurse?” Ding Hou'er asked immediately.

The doctor was surprised at first, and then responded: “There are, but you also know that male nurses say that every hospital, besides, our hospital is the best hospital in the East China Sea. There are male nurses, but there are only a few. , Currently performing their duties, there is no way...”

Before finishing talking, Ding Hou'ers sister interrupted: “My boss was shadowed by a female nurse before, so now we only need male nurses. If there are no male nurses in this hospital, we will stay in another hospital. “

“This, this...” The doctor suddenly panicked. Naturally, he wouldn't just watch. This kind of big client turned around and ran to another hospital.

If he is known by the dean, he must be very ugly.

The doctor is worrying about how to keep Ding Hou'er in hospital.

Ding Hou'er looked around, and then saw that the Scarlet man and cross-eyed gangster who had just been dressed as a male nurse.

He pointed to Scar Man and Cross-eyed, and said, "Are these two male nurses free or not?"

The doctor looked around and saw the man with Scar.

In fact, he was quite speechless. Why did the hospital suddenly recruit these two temporary workers? At first glance, they weren't professionally studying nursing, they were more like gangsters.

He suspected that it should be a relative of a high-level hospital.

After all, the two temporary workers recently recruited by the hospital can be promoted if they do well.

These two temporary workers are indeed fine, knowing that they must be related households, and they dare not use them.

The doctor hesitated. After all, these two temporary workers are not professionally trained in nursing, but this big client needs such male nurses.

"Why? These two people are not free, I think they are so leisurely, not like they are not free." Ding Hou'er said.

Before the doctor could respond, Ding Hou'er looked like an overbearing president: "I want these two people. Each person will give you an extra 10,000 yuan a day."

This money will naturally come out, otherwise it will be cheated.

But the money is paid by Li Shengxian. Li Shengxian told Ding Hou'er that as long as he can enter the VIP ward, what clothing costs, and what VIP ward expenses, everything will be paid by him.

Also, don't be afraid to spend a lot of money, just get things done.

Ding Hou'er actually happened to see that Scar Man and cross-eyed gangsters, the two changed their costumes as male nurses and were doing nothing in the hall.

It seems that the two have not officially started work, indicating that they have not yet come into contact with the ghosts in the VIP ward.

He immediately had an idea, why not bring these two people into the VIP ward.

In this case, it will be easier to photograph the Scar Man, trading "poisonous needles" with the ghost in the VIP ward.

Fortunately, his former actor saved him, and he was very fond of the book on the self-cultivation of actors.

However, the cooperation between him and his sister is also quite tacit.

When the doctor heard Ding Hou'er's words, his eyes lit up, and he was indeed a major customer. This shot was different!

Ask the two temporary workers to pay 10,000 yuan a day, which is equivalent to sending 20,000 yuan to the hospital every day!

The doctor is very excited, and his monthly performance this month can be divided into a lot of money!

Thinking of this, he quickly agreed and started to register for Ding Houer.
