

Special Forces 1331

### **Chapter 1331: I Will Solve**

Chapter 1331

Chi Chi!

When the golden Buddha beads slapped on the red demon spirit, it was like an iron block of extremely high temperature, which was put into the cold water, making a constant sneer.

And the red demon spirit began to brave black air, and the shadow became a little transparent.

If you were a dead wraith spirit, this blow would surely make his soul fly away.

But after all, it was a demon spirit that was a bit more powerful than the resentful spirit, and it was not broken up.

Even this action angered the red demon spirit, roared, and immediately a pair of barbed hands attacked towards Master Zhicheng.

Master Zhicheng didn't expect that the red demon spirit hadn't dissipated, and it seemed that it was not an ordinary demon spirit.

His expression was solemn, with a word in his mouth, the Buddha beads that were thrown out returned to his hands.

When Master Zhicheng just prepared to slap the red demon spirit with the prayer beads, unexpectedly the speed of the red demon spirit's eruption was amazing.

All of a sudden, he came to Master Zhicheng.

Roar!

The red demon spirit raised his hand and waved towards Master Zhicheng, and instantly Master Zhicheng dodged in embarrassment and fell to the ground.

Although he was not attacked, the sleeve of his right arm was shattered.

"court death!"

Lin Kai went to investigate the situation of the three people on the ground, and as soon as he turned around he saw Master Zhicheng being attacked.

He quickly rushed to the side of Master Zhicheng and helped him up.

Then his body suddenly slammed into the red demon spirit!

The beetle is popular!

boom!

The red demon spirit screamed bitterly under the impact.

Lin Kai never let go of such a good opportunity, and shot the red demon spirit's head with a big hand.

Suddenly, the black energy on the red demon spirit came out frantically, and the shadow became more and more transparent, which seemed to be dispelled.

Just when Lin Kai was about to give the red demon spirit the final blow.

Suddenly, from the end of the forest, there was a hoarse voice that couldn't tell whether it was a male or a female, and it sounded: "Humans, break into this king's territory! You will stay forever!"

When the words fell, the sound of rustling in the mountains and forests continued, and they approached Lin Kai quickly!

It seems that there are countless resentful spirits rushing here!

Master Zhicheng's expression was very ugly, and he walked to Lin Kai's side and said, "Friend Lin, the master of that voice should be the evil spirit occupying the land of Feng Shui."

The evil spirits nourished many resentful spirits, even demon spirits.

Whether it is a resentful spirit or a demon spirit, they are equivalent to the subordinates of an evil spirit, and they do not dare to violate their words.

Master Zhicheng heard the sounds nearby, and his expression gradually became extremely solemn: "Friend Lin, something is wrong, this evil spirit has summoned all the resentful spirits in this forest!"

In fact, there is no need to say more about Master Zhicheng, Lin Kai can also detect it now.

Because at this time, hundreds of black shadows gradually surrounded from four directions, centered on Lin Kai and Zhicheng.

Not only that, there are three red shadows, and then rushed.

"With the help of Fellow Lin, so many resentful spirits can still deal with...but three more demon spirits..." Master Zhicheng's scalp numb, and he can resist at most one demon spirit himself.

Besides, there are so many resentful spirits and two demon spirits!

Lin Kai also became solemn, but fortunately there were several talisman extraction capabilities.

"Master Zhicheng, what talisman are these resentful spirits and demon spirits afraid of?"

Lin Kai asked.

Master Zhicheng was stunned. Unexpectedly, it was this time. Lin had a meeting to ask this question.

"The evil spirits and the demon spirits are all a mass of energy condensed by evil spirits. The more evil spirits, the stronger the condensed energy." Master Zhicheng quickly explained: "And evil spirits are the gathering of the yin and resentment of the world, afraid of thunder. With the raging fire. Last night, the poor monk and a few fellow daoists were hit by a ghost and hit the wall, wasting thunderstorm and flame talismans."

Master Zhicheng was about to ask, why did Lin Kai ask about this at this time.

However, the next moment, Master Zhicheng was stunned.

I saw Lin Kai's hands, and I don't know when there were a few more talismans.

It is the Thunderstorm Talisman and the Flame Talisman.

"Master Zhicheng, you are hiding behind me. I will solve these resentful spirits and demon spirits."

The reason why Lin Kai asked that before was naturally to extract the corresponding talisman.

In other words, it is also a god-level extraction skill.

Moreover, Lin Kai could feel that the thunderstorm and flame amulet extracted by the system was definitely stronger than the talisman refined by others!

He even suspected that one talisman would be able to solve this resentful spirit and demon spirit.

At this moment, those resentful spirits and demon spirits all rushed over.

Without any hesitation, Lin Kai threw a thunderstorm charm at random.

In the blink of an eye, the thunderstorm symbol turned into countless thunder lights, crackling down on the wraith and demon spirits.

Those resentful spirits immediately disappeared, while the demon spirits were still screaming and struggling.

Lin Kai sneered and threw another flame charm.

The fire burned several demon spirits to ashes.

Master Zhicheng was stunned.

"Ah! Damn human! When this king comes out, it will be your death date!"

At the end of the mountain forest, the evil spirit was roaring frantically. It had no idea that the human being could annihilate all its subordinates that it had cultivated for many years. It is unforgivable!

"Master Zhicheng, I just looked at your friends. There is no life-threatening thing, but someone must be there to wait to prevent accidents."

Lin Kai looked at Master Zhicheng, who had not recovered from the shock, and continued: "So, Master Zhicheng, you are here to wait for your friend first. I will go to that place and solve the evil spirit."

Unable to tolerate any objections from Master Zhicheng, Lin Kai hurried to the end of the forest.

Lin Kai is so urgent, that is the system prompt, that evil spirit's evil spirit can indeed heal Dong Shu's injury!

As a result, he didn't waste time and went forward decisively!

Master Zhicheng looked at Lin Kai, his back and his eyes were worried, and he shouted helplessly:

"Friend Lin Dao, do it again while ensuring your safety! If there is any accident, please send a message to the poor monk. Support now!"

Master Zhicheng understood the power of that evil spirit.

Fortunately, the evil spirit was temporarily trapped by Feng Shui.

Coupled with the strength that Lin Kai has just shown, it may not be impossible to solve the evil spirits.

But he was still worried. In fact, according to his plan, he rescued his friend first.

Then leave first and reformulate a method to suppress evil spirits.

Unexpectedly, Lin Kai is going alone now.

Master Zhicheng sighed. He wanted to go with Lin Kai.

Then he saw the three comrades on the ground who were unconscious and turned back.

I was very anxious inside, but I couldn't leave the three Taoists alone.

It can be said that Lin Kai is the benefactor of the four of them!

"Amitabha, I hope Fellow Lin is okay."

Master Zhicheng secretly prayed for Lin Kai, even if he could not solve the evil spirits, he prayed to retreat.

### **Chapter 1332: Grave**

#### Chapter 1332

Immediately, Master Zhicheng took out a robes and quickly draped it over the three fellow Taoists on the ground.

He could see that if the cold air of the demon spirits in his three fellow daoists was not removed in time, it would most likely threaten his life.

His cassock is an anti-evil thing under the light of Buddha.

Of course, it was completely useless for evil spirits, otherwise he would have given it to Lin Kai long ago.

After Master Zhicheng finished this, he meditated beside the three of them.

He could not take the three of them away, so he had to wait here for Lin Kai's safe return.

the other side.

Lin Kai gradually came to the end of the forest.

Through the means of the evil spirit and the demon spirit, he roughly inferred the strength of the evil spirit.

The demon spirit was close to the grandmaster level, and the demon spirit at the beginning reached the grandmaster level.

The evil spirits are more powerful than ordinary masters.

If the evil spirit is not trapped, it is indeed a bit difficult to solve it.

But the evil spirits were trapped by the dragon vein power of the Feng Shui Land, so relatively speaking, the evil spirits would be easily resolved.

The most important thing is that Lin Kai needs the evil spirits' evil spirits to heal Dong Shu's Yin-Yang curse and complete the system's tasks by the way.

Besides, if this evil spirit is resolved, Li Shengxian can also be bought here.

The good thing that kills three birds with one stone is still in your control.

Otherwise, after the evil spirits get out of trouble, they escape. That's not good.

Of course, Lin Kai is very confident, he can deal with evil spirits alone, but he is also very careful.

When he completely walked out of the end of the forest, he came to a mountain range.

The sky here is gloomy.

It was as if it were going to rain heavily, thickly covered with dark clouds.

Lin Kai couldn't help slowing down, and looked around vigilantly. Who knows what else the evil spirit has.

However, since he entered the mountain range, the evil spirit hasn't moved.

There was also dead silence nearby, not like being in a mountain at all, but more like being in a cemetery group.

In this world, only the footsteps of Lin Kai remained.

Click!

Suddenly, Lin Kai seemed to have stepped on something, lowered his eyes to see that it was a finger bone.

He was about to move on, but unexpectedly, from the ground, a skeleton hand with a missing finger stretched out.

Thinking of Lin Kai's leg, he grabbed it.

The skeleton hand was not white, but black all over.

As if there was something poisonous on it, even the land turned black in an instant when the skeleton's hand was touching it, and it was instantly corroded.

Lin Kai didn't pay attention, and was caught by the skeleton hand.

Fortunately, he reacted promptly, only to get to the corner of his pants.

The corner of that trousers turned into nothingness directly.

Lin Kai did not dare to touch the skeleton hand with his body.

He threw a flame charm, and fell on the skeleton hand accurately.

Unexpectedly, this skeleton hand was burnt to ashes not as expected.

But in the flames, constantly struggling, the black color on it was gradually burned to the forest white.

Halfway through the burning, the skeleton hand flew up, ready to flee.

Seeing this scene, Lin Kai would never let the skeleton hand go.

He immediately picked up a stone on the ground, concentrated all his energy on the stone, and threw it towards the skeleton hand.

However, the skeleton hand disappeared under control.

The stones followed closely, as if they had hit something, bursting open one after another.

Lin Kai condensed his eyes, seeing that direction, there was nothing at all.

He immediately walked over, only to find that he couldn't go there, as if he saw a wall of air blocking his way.

Lin Kai thoughtfully, turned around and picked up the finger bone.

That piece of finger bone had long been burned into a forest white by the flames, and it was not dangerous.

Lin Kai took the finger bones and tried again to walk to the place where there was an air wall.

This time, there was a ripple of water.

Then his figure suddenly penetrated into it.

Lin Kai looked up and looked around.

He is no longer outside the mountains, but in a stone room in a tomb.

The feeling of cold and damp came instantly.

“tomb?”

Lin Kai raised his eyebrows, and there were scattered skeletons everywhere on the ground, all moving randomly on the ground.

In the center of these skeletons is a huge coffin.

It seems very heavy and unusual.

Lin Kai also noticed that there was a golden dragon pattern on the huge coffin, facing the coffin below.

But the color of the golden dragon was very bleak.

I didn't look carefully, thinking it was a colorless dragon.

It seems that this is the sealing power of the dragon veins, and the sealing power will disappear when the color is completely gone.

At that time, the evil spirits will be able to escape.

“Master Zhicheng guessed right! Sure enough, there is the sealing power of dragon veins! As Master Zhicheng expected, this seal power is getting weaker and weaker, and evil spirits can break the seal at any time!”

Without any hesitation, Lin Kai decisively walked towards the huge coffin in the center.

However, before he took a few steps, the densely packed skeleton bones on the ground attacked him as if they had heard some order!

Lin Kai secretly said, fortunately, he extracted enough talisman.

Two thunderstorm charms and one flame charm remain.

Otherwise, these skeleton bones, he also has a headache.

He first threw a thunderstorm talisman decisively, those skull bones, which were covered by lightning in the blink of an eye, bombed on the spot and turned into powder.

At the same time, the huge coffin was shaking wildly.

Lin Kai could sense that the evil spirit in the coffin was violent.

Sure enough, the hoarse voice that couldn't distinguish between men and women looked extremely angry: “Human! If you go now, this king can let you leave safely! But if you want to continue to fight against this king, even if this king loses a lot of power, he will forcibly breaking the seal will also cost you death!”

Lin Kai sneered: “This is your own fault. You forcibly destroy the Feng Shui here. You want to swallow the power of the dragon veins, but you are hit back.”

The reason why Donghai is so anxious to move to the new city center.

It's because this evil spirit secretly destroyed the Feng Shui of the old city center, and then strange things kept going, all this evil spirit was doing.

After that, I didn't give up, killing many people and regaining some strength.

So he began to practice in this place, which completely changed the original appearance of this place and became a dead place.

Even if there is not the most yin thing that Dong Shu needs, Lin Kai will eradicate this evil spirit that harmed one party.

Therefore, Lin Kai continued: “Want to delay the time and break the seal? Oh, don't worry, you won't use this seal in the future, and you will be troubled.”

After speaking, Lin Kai walked to the huge coffin in the center.

The evil spirit in the coffin could obviously be sensed, and Lin Kai kept coming closer.

The coffin trembled crazily again, and even the entire tomb was shaking, as if an earthquake had occurred.

### **Chapter 1333: Suppress Evil Spirits**

Chapter 1333

Lin Kai was not affected, he was getting closer and closer to the coffin.

But at this moment, under the trembling force, the coffin plates were all shaken away.

Just after being shocked, the dragon pattern above flashed golden light for a while, and the coffin board was forced back.

The evil spirit in the coffin screamed unwillingly.

Lin Kai came to the coffin and opened the coffin board for him.

The evil spirit inside was first stunned, and then laughed extremely gloomily.

The evil spirit took advantage of this opportunity to quickly escape from the coffin.

This is a red to purple, materialized human body.

The evil spirit took a greedily breath, and saw the evil energy of the entire grave converging towards it.

Those evil spirits were all absorbed by evil spirits.

At this time, the evil spirits exuded evil spirits, reaching an extremely terrifying level.

“Hahahaha! Hahahaha! Does this king want to thank you as a human being?” The evil spirit laughed gloomily, becoming more presumptuous, and unceremoniously sweeping towards Lin Kai, with an indisputable tone, Sen Leng said: “You kill the subordinates that this king has cultivated for many years, and you deserve to die. But since you helped this king get out of trouble, this king gives you a chance to live, then follow this king and become this king’s subordinate . Either die or follow this king, you choose.”

A hint of sarcasm flashed in Lin Kai’s eyes, this evil spirit really thought he was kind to save him.

He is nothing more than a systematic improvement, because this evil spirit used his own power to break the seal.

This is not the key, the key is that the evil spirits themselves will also dissipate.

Lin Kai felt distressed, his most important purpose was the evil spirit’s evil spirit.

He just opened the coffin for the evil spirit, and the evil spirit really absorbed the evil spirit in the tomb.

In this way, the evil spirit’s suffocation reached the level of healing Dong Shu.

In fact, the most important thing is that in order to forcefully break the seal, the evil spirit uses a lot of its own power, and has actually fallen into weakness.

Otherwise, with the bloodthirsty of the evil spirits, would Lin Kai make any choice?

If it weren't weak, he would have acted on Lin a long time ago.

Lin Kai looked at the evil spirit and responded lightly: "I choose the third one, and that is to kill you."

"So courageous!"

The evil spirit became angry and quickly attacked Lin Kai.

After Lin Kai glanced at the evil spirit, he did not retreat, but immediately performed the ghost attack and killed, and blasted towards the evil spirit's chest!

Under the horrified gaze of the evil spirit, Lin Kai took the lead to blast its chest.

Suddenly his chest collapsed, and a huge force caused the evil spirit to hit the coffin.

The entire coffin was smashed to pieces, which shows that the evil spirit itself has suffered a tremendous impact.

"Maybe a master-level master may not be able to help you, but you are still too weak for me." The sarcasm in Lin Kai's eyes was even worse.

Originally according to his inference, the evil spirits in the heyday state are at best a bit stronger than the average master master.

Nowadays, the evil spirits are weakened a lot, and they are ordinary master-level masters.

Lin Kai is an immortal cultivator, and he has an incomparable advantage against these demons and evil creatures.

Seeing that the evil spirit was about to escape, Lin Kai waved his hand and solved the evil spirit.

Lin Kai quickly filled the evil spirits in a bottle.

This evil spirit can naturally heal Dong Shu directly.

He needs to refine this evil spirit before he can use it.

Lin Kai looked at the small bottle full of evil spirits in his hand, smiled slightly, his anxious heart was let go.

As for the evil spirit, as the evil spirit disappeared, it also lost its soul.

Lin Kai was about to turn around, but suddenly, he saw the place where the coffin was originally placed. Because the coffin was torn apart, the whole picture was exposed.

That is a raised stone platform.

On the stone platform, there is a golden yellow bead the size of a glass bead.

Not only that, there is also a golden dragon pattern on the golden yellow beads, which is vivid on it.

"Dragon vein essence?"

Lin Kai was amazed, every mountain in Jiulong Mountain has real dragon veins.

Although Lin Kai had never seen it, the essence of the dragon veins nourished Jiulong Mountain.

Why didn't he expect that there really is a dragon vein here.

At first, Master Zhicheng said that the dragon veins here, he thought it was a pseudo-dragon vein.

After all, real dragon veins are very rare.

Unexpectedly, in this East China Sea, there is also a dragon vein that was nurtured by heaven and earth.

If this evil spirit did not occupy the Feng Shui land of the East China Sea, the economic prosperity of the East China Sea would be even higher.

Lin Kai looked at the golden yellow bead and groaned slightly. The essence of the dragon vein was taken out by the evil spirit, and the dragon vein was considered useless.

The dragon vein essence is of no use here. He plans to wait for his cultivation level to improve, extract the liquid in the dragon vein essence, and sprinkle it in this tomb.

In this way, it can purify this place, the evil spirit that has been gathered for many years.

Even if there is no such good feng shui here as the dragon vein, it will be a treasure of feng shui if it solves its evil spirit.

Maybe in the future, dragon veins can be formed.

In short, Li Shengxian must buy the land in this area and develop it.

If it can be developed, it will undoubtedly be very profitable for Li Shengxian.

Thinking of this, Lin Kai first sent a message to Li Shengxian, presumably letting him proceed, ready to buy the land in this area.

After all, evil spirits and other wraith spirits and demon spirits have all been wiped out.

It won't take long for this place to reappear the long-lost sunshine and quickly return to its former state of beautiful scenery.

He let Li Shengxian take the lead and bought the land decisively while the land price in this area was still very low.

Of course, Lin Kai also explained the reason and wiped out the evil spirits here.

Although he didn't explain the reason, Li Shengxian would buy it according to his instructions.

But in that case, it is him who makes the decision.

He wanted to give this decision-making power to Li Shengxian, and Li Shengxian would make the decision.

In other words, Lin Kai came to Donghai, on the one hand to protect Huang Tianshi secretly, on the other hand, to allow Li Shengxian to obtain the inheritance status of Li family Patriarch.

In the future, the whole Li family will be in charge, not just a company.

Therefore, Lin Kai explained the specific situation and let Li Shengxian weigh it.

After sending the message, Lin Kai picked up the little golden beads and left.

The moment he left the tomb again, he threw out a blazing talisman without looking back, and the whole tomb burned instantly.

The evil spirit inside was also completely burned.

Lin Kai came outside the mountains.

Today's mountains have returned to their original state.

The weather was extremely hazy, and there was bright sunshine shining.

The mountains that had been silent began to chirp from birds.

Everything is moving in a good direction. .

Lin Kai returned home, and it didn't take long before he met with Master Zhicheng.

### **Chapter 1334: Manogami Hitoya**

Chapter 1334

Master Zhicheng also saw Lin Kai, gradually approaching.

His fearful heart finally let go.

"Friend Lin, you are as strong as the rumors. Not long ago, I sensed the evil spirit here, and it is constantly weakening, and I understand that you should have solved the evil spirit here!"

Master Zhicheng smiled, and then asked, "Friend Lin, is the real body of that evil spirit red to purple, a real human form?"

"Yes." Lin Kaidal did not hide it either.

Then I told Master Zhicheng about the situation inside.

As for the essence of dragon veins, it is not to say.

Lin Kai naturally has his own selfishness, and when he reaches the peak of the golden core, he can use the power of the dragon vein essence to raise his cultivation to the Nascent Soul Stage.

Besides, if he has dragon vein essence on his body, if the news is spread, it will definitely cause a great shock among the ancient warriors.

By then, the enemy will not be just Lin Yuan waiting so much, and waiting for him will be countless enemies.

Therefore, the essence of the dragon veins, as far as possible, can not be known to others.

Although Lin Kai also knew that Master Zhicheng wouldn't make the kind of treasure that was obtained by peering at others, but he was not afraid of ten thousand, just in case.

After listening to Master Zhicheng, he showed fear for a while, and even had some cold sweat on his forehead.

“Buddha Amitabha! Fortunately, Fellow Lin killed the evil spirit in time. If the evil spirit is not killed tonight, he will undergo a final transformation until it becomes completely purple. That is an extraordinary evil spirit, the real The king of evil spirits! The evil king!”

Speaking of this, Master Zhicheng couldn't help showing his deep fear, as if he had seen the power of the evil king.

“Friend Lin Daoist's move is really infinite merit!” Master Zhicheng took a deep breath and bowed to Lin Kai.

Lin Kai was so busy to help Master Zhicheng: “The master is serious, and I only came for the evil spirit's evil spirit. What I admire more is you, who silently guards the peace of China.”

Lin Kai was telling the truth.

The Bihua Mansion, although different from Jiulong Mountain, is guarding the safety of China.

In fact, the Bihua Mansion was facing a spooky sprite, which was even more dangerous.

For example, this time, if it were not for Lin Kai's help, Master Zhicheng estimated that he would have died here.

Master Zhicheng and others are not for fame or gain, but simply want to solve the evil spirits here and eliminate the hidden dangers of life and death for the people of this side.

When Lin Kai said this, Master Zhicheng showed appreciation.

“Master Zhicheng, how is the situation of your three friends?” Lin Kai looked at the ground, and the three of them who were still in a coma frowned, as if something was wrong.

Sure enough, the next moment Zhicheng Master sighed slightly: “It is not the evil spirit of the evil spirit, but the evil spirit. The reason why the evil spirit is so powerful is probably because the evil spirit was called into the tomb, and then the evil spirit Provided the demon spirit with a bit of its evil spirit.”

“The evil spirit's evil spirit is the thing between heaven and earth to the yin. If a normal person is invaded into the body, if the evil spirit is not removed, I am afraid that the three souls and seven souls will be swallowed by the evil spirit. At that time, their lives will not be guaranteed. I thought it was before. I was hit by the evil spirits of the demon spirit, but I didn't expect... alas...”

Lin Kaidao: “Master Zhicheng, is there any way to get rid of the evil spirits in the three people?”

Master Zhicheng shook his head and sighed: “I said that there are two methods, but those two methods are too harsh. The first method is to let the evil spirits personally recover the evil spirits in the body. This method, even the evil spirits in the grave Its impossible to do it while still alive.”

Lin Kai nodded secretly, indeed. After all, evil spirits are evil spirits, even more cunning than humans, how can they help humans solve this problem?

Then, when Lin Kai heard the second method, his eyes were bright.

“And the second method is to use the tranquility rune. The tranquility rune can get rid of this level of evil spirit. At present, there is only one person in the Huaxia Kingdom who has the ability to refine the tranquility rune. And that one person is... “

Before Master Zhicheng finished speaking, a blood-colored talisman paper appeared before his eyes.

To be precise, Lin Kai had an extra piece of blood-colored talisman paper in his hand.

This \*\*\*\* rune paper is exactly the tranquilizing rune. Just now Lin Kai extracted a tranquilizing rune from the system, using the talisman to extract power.

Master Zhicheng was shocked and his jaw was about to fall.

After a while, he stammered: “That...that... Fellow Daoist Lin, you are really a \*\*\*\* and man! The five-body cast that the poor monk admires!”

Lin chuckled, and had to say that this god-level talisman extraction ability was much more useful in this respect than in other places.

He even has the urge to join the sanctuary mansion.

Because the more powerful the evil, there may be treasures where the evil is.

The evil spirits like this time occupy the essence of dragon veins.

Of course, this is good luck.

But if he can find some such treasures, he will be more confident to attack Yuan Ying by then.

He still wasn't that strong yet, otherwise he wouldn't appear. Lin Yuan used the Leiyuan Group to crush him to death.

At present, Lin Kai just thinks about it, wait for the solution of the Leiyuan Group, and help Li Shengxian to stabilize the inheritance status of the Li Family Patriarch, before making plans.

Thinking about it, Lin Kai used the tranquility rune.

I saw the tranquility rune burning instantly, turning into a burst of blue smoke, drifting away to the three people on the ground autonomously.

It didn't take long for the three people on the ground to gradually wake up.

When the three of them learned that Lin Kai not only killed the evil spirits alone, but also rescued them with a tranquilizer, all of them were shocked and grateful.

“Friend Lin Dao, poor Dao is the 63rd generation disciple Zhang Moyan of Longhu Mountain! Whatever problems you have in the future, poor Dao and Xuan Dao views, will do your best to help Lin Dao!”

An old man close to sixty years old who looked like a fairy tale, with pale white hair and long white beard, bowed to Lin Kai to express his gratitude for his life-saving grace.

“Lin Daoyou, a poor Taoist, a virtuous Taoist! The same is true for the Xuandao Temple that he founded himself! This life-saving grace will be remembered!”

A middle-aged man in a Taoist robe, also a virtuous Taoist, with a firm face, also bowed to Lin Kai.

“Haha, I’m familiar with Brother Lin! Of course, Brother Lin doesn’t recognize me, but I have always heard of Brother Lin’s great name! Although my Chen family has little influence in the capital, in some respects, it is not better than those big families Weak! I am Chen Guang, the head of the Chen family in Beijing!”

The last person wearing full-body armor, Chen Guang, also arched his hands and said, “Brother Lin, if there is any difficulty in the future, my Chen family will do our best to help!”

Faced with the sudden gratitude of the three, Lin Kai just waved his hand: “Three fellow Taoists, you don’t have to be like this.”

He didn’t save people to make them grateful, but purely think that the three shouldn’t just die like this.

### **Chapter 1335: Dragon Vein Essence**

#### Chapter 1335 Dragon Vein Essence

What made Lin Kai helplessly shook his head was.

At this time, Master Zhicheng also opened his mouth and said: “Actually, the poor monk is the most grateful to Lin Daoyou. If it were not for Lin Daoyou’s help, the four of us would have to confess to this. Not only that, but also solved this place. I dont know how to repay my gratitude.”

Master Zhicheng thought for a while, he took out a token the size of a wooden sign carved out of peach wood, and handed it to Lin Kai.

“Lin Daoyou, this wooden sign represents the identity of our Bihua Mansion. In our Bihua Mansion, there are hundreds of people who work for us. Everyone has the ability to deal with monsters. You can use it when you encounter this kind of trouble in the future. Mupai, contacting fellow Taoists in the Bihua Mansion, will also help fellow Taoists to solve their problems.”

Seeing that Master Zhicheng took out this wooden sign, the other three all smiled.

Zhang Moyan stroked his long beard and invited, “With Lin Daoyou’s ability, it is better to join Pihua Mansion. Although Lin Daoyou is the ninth mountain lord of Jiulong Mountain, he can also join Pihua Mansion at the same time.”

Chen Guang also said: “Yes, in fact, the Bihua Mansion seems to be an organization. In fact, people from different forces and sects come from all over the country. For example, I am from the Chen family in Beijing. Master Zhicheng, from the Songshan Shaolin Temple. High monk. And the two of them, one from Longhushan, the other from their own school.

Regardless of their status, as long as they have the ability to deal with evil spirits, they can join Pihua Mansion. There are no restrictions on the Pihua Mansion and it is very free. The most important thing is that the fellow daoists of the Bihua Mansion come from different forces. If you become the owner of the Bihua Mansion, you can call on the fellow daoists. “

Taoist Xianning also nodded: “There is currently no owner of the Bihua Mansion, and we will be elected among us in the future.”

After hearing the words of the four of them, Lin Kai had a general understanding of the Pihua Mansion.

At present he does not want to join, he himself has his own fairy gate.

The owner of the Bihua Mansion is indeed quite attractive.

After all, the members of the Bihua Mansion all have another identity. Who knows if the other identity is amazing.

If you really become the owner of this Pihua Mansion, it is equivalent to indirectly controlling those other identities.

It must have no influence on the forces.

However, the power of these members can be twisted into a rope, and it will be an unprecedented force for the entire China Nation.

Lin Kai also knew that to become the owner of the museum, it would be as difficult as that. He became the owner of Jiulong Mountain.

What's more, his current focus is above the Leiyuan Group.

After weighing one or two, Lin Kai accepted the wooden sign, but declined to join the Bihua Mansion.

The four of them all showed a pity when they saw this.

Not long after, a group of five people walked out of this mountain forest.

When they saw those abandoned houses, Master Zhicheng started chatting.

"The evil spirits here have been resolved by Fellow Lin. It won't take long for the beautiful mountains and rivers to reappear."

"Indeed, now that this place has been resolved, I will speak to the leaders here, and it would be a pity that it will be left unused. It's better to use it to develop a new area."

Before the four of them came, they had investigated the ins and outs of this deserted place.

Even now, I feel that if this place is not open, such a good place will be wasted.

Lin Kai listened, but smiled to himself. Not long ago, he received a message from Li Shengxian that he had successfully purchased the land in this area.

The price is very cheap.

Waiting for Master Zhicheng to report to the leaders of Donghai, the leaders of Donghai will definitely regret it.

Because Li Shengxian signed a land purchase contract with the government.

This is also to prevent accidents and let Li Shengxian take care of it himself.

But even if the price of the land is very cheap, this place is too big, so the total price is still quite scary.

The funds currently used by Li Shengxian need a little capital from the Li family to purchase them all.

So Li Shengxian explained the situation to Li Cheng's family and asked for the vacant funds.

Li Cheng's family didn't look good at that area, thinking that it was very wicked, it was a loss of business, and let Li Shengxian think about it.

Li Shengxian also showed Lin Kai to solve the evil spirit in that place.

Li Chengjia didn't believe it, and eventually gave the vacant funds to Li Shengxian.

Li Cheng's family is not optimistic about Li Shengxian, and even bluntly said that if the loss exceeds 10% of the pre-investment, he will carefully consider the candidate for the successor of the Li family.

The implication is that it really lost more than 10% of the money. Li Cheng's family is very likely to hand over the position of the Li family's heir to other heirs.

Li Shengxian still made a persistent choice to buy the land in that area.

He didn't blindly believe in Lin Kai, but Lin Kai gave him miracles again and again. This time, he also believed that Lin Kai could secure his position as the heir of the Li family.

He thought so, but the whole Li family didn't think so.

Because Li Shengxian bought the land in that area, it has spread in Li's house.

At the same time, it was also spread between Li Cheng's family and Li Shengxian, one of them can be regarded as a betting.

Basically, no one in the Li family is optimistic about Li Shengxian.

The happiest thing is to compete with Li Shengxian, the cousins of the heir to the Li family's head.

They believe that Li Shengxian believes in an outsider too much, leading to the death of the Li family as heir.

This makes them cheaper.

Li Shengxian also told Lin Kai about this matter.

Lin Kai only replied: Time proves everything.

This place, but the place that Master Zhicheng, Taoist Zhang Moyan, Taoist Xianning and Chen Guang are all praised now, how simple?

Although the dragon veins have been destroyed, the essence of the dragon veins cannot be merged into the mountains.

But the feng shui here is still very good, besides, in the future, Lin Kai can refine the pure liquid of dragon vein essence, so that the feng shui of this place will be upgraded to a new level.

This kind of nature is no better than the real dragon veins, but it can also be said to be the pseudo dragon veins.

Soon, the five came to the side of the road together.

It was almost evening.

This road is deserted and remote. In the past, vehicles passed by occasionally every few days.

Since the accident happened here a few days ago, there have been no traffic passing by.

Therefore, before Master Zhicheng could speak, Lin Kai took the initiative and took the four of them to the downtown area of the East China Sea.

Anyway, the four of them were going to the Donghai city area, and they just took the initiative to mention it.

After the four people thanked Master Zhicheng, they all got on the car one after another.

Lin Kai drove the car and hurried forward in the direction of Donghai City.

He can't wait to return home now, and then immediately give Dong Shu the Yin and Yang curse in the treatment facility.

### **Chapter 1336: Cure**

Chapter 1336

Lin Kai didn't know.

At the same time, in a mountain range, on a smooth and flat wall.

There is a purple figure, like a piece of paper, completely pasted on its wall.

Immediately, the figure sticking to the wall slowly bulged up like a balloon being pumped into the air.

In the end, the figure broke away from the wall, looking in one direction, his eyes filled with blood, and his mouth whispered: "Dragon Vein Essence... was taken away..."

After speaking, the figure seemed to be deflated again, shriveled up, and returned to the wall.

When Lin Kai arrived in the downtown area of Donghai, he first bid farewell to Master Zhicheng, and then hurried home.

With Jiang Shu, he did what he said.

When Lin Kai drove the car into the parking lot outside his home, he could sense that some ancient warriors hiding in every corner nearby were observing here in secret.

These people are professionally trained, just like the ancient warriors of Jiulong Mountain.

Obviously, they are also organizations that belong to China.

Without even thinking about it, Jiang Shu sent someone to protect his family.

Lin Kai couldn't help but nodded secretly. Originally, he communicated with Jiang Shu and wanted Jiang Shu to help him investigate whether Lin Yuan or Leiyuan Group was related to the assassination.

If relevant, can you find some proof that it is Lin Yuan or Leiyuan Group who issued the assassination mission on the external network.

In addition, it was Jiang Shu's failure to send someone to protect his family.

Unexpectedly, this negligence caused Jiang Shu to move out of Master Zhicheng.

It is precisely in this way that Lin Kai can easily obtain what the system says is the most yin thing.

Although the process was a bit tortuous, he still thanked Jiang Shu for introducing Master Zhicheng to him.

Lin Kai thought, and I will call Jiang Shu again, thank you.

At this moment, he has arrived at home, and the hidden \*\*\*\* has been hidden in this living room to prevent anyone from entering.

"Mr. Lin, how is it? Do you need my help?"

It is rare for the hidden \*\*\*\* to take the initiative to show up and ask.

"no problem."

Lin chuckled, it seemed that Yinshen thought he had not found the most yin thing.

Yinshen nodded when he heard the words, and without saying much, he became invisible again.

Lin Kai walked into the bedroom. Lin Qianqian was still sitting on the side of the bed, her eyes flushed and she looked tired.

However, Lin Qianqian still stared at Dong Shu lying on the bed.

I am afraid that Dong Shu will have another accident.

Lin Kai stepped forward and said to Lin Qianqian, "You better go to rest first, I have found the item to heal Dong Shu. But I want to refine it."

Just as Lin Qianqian was about to shake her head to refuse, Lin Kai patted Lin Qianqian's shoulder lightly.

There is an acupuncture point there, with a force of force, after hitting it, it can be forced into a coma.

Lin Kai could see that Lin Qianqian's body was very weak and she had reached Lin Qianqian's limit early.

If you don't take a rest, you will most likely fall ill. This is not what Lin Kai wants to see.

Therefore, Lin Kai forced Lin Qianqian to rest.

Fortunately, this bed was big enough, and he first carried Lin Qianqian, behind one side of the bed.

Lin Kai took out the bottle containing evil spirits.

He did not open the bottle, but placed it on his hand, and his burst of power gradually penetrated into the bottle.

The evil spirit in the bottle suddenly became mad, and wanted to burst the bottle.

How could Lin Kai allow it and immediately use his strength to suppress it.

Then, under the strength of his own burst, the manic evil spirit gradually settled down.

Not only that, but over time, this evil spirit became a thing of no one.

Originally this was the evil spirit belonging to that evil spirit.

The reason for Lin Kai's refining, in simple terms, was to cut off the connection between this evil spirit and the evil spirits.

Even if the evil spirit is dead, the evil spirit has its own consciousness, to be sure, the consciousness of the evil spirit clone.

If you don't erase this consciousness, you may get a fatal blow at a critical moment, but it's not good.

To prevent this from happening, Lin Kai refining evil spirits first.

In the next moment, Lin Kai opened the bottle, and according to the treatment method given by the system, he slowly input this resentment into Dong Shu's body.

I saw Dong Shu's body trembled, and then a \*\*\*\* light appeared on the surface of her body.

That \*\*\*\* light is exactly the Yin and Yang curse.

However, above the blood light at this time, the evil spirit of Yin Zhi was contaminated in the blood light, and then the power between the two swallowed each other.

Lin Kai's face was solemn. Fortunately, he broke up most of the Yin-Yang curse. It is hard to imagine how terrifying the complete Yin-Yang curse is.

Think about it again, too.

After all, to learn the yin and yang curse, first of all, the grievance of ninety-nine wraith spirits must be condensed, which is equivalent to the evil spirit of an evil spirit.

Then the user, at the cost of death, casts this Yin and Yang curse.

Its power is naturally powerful.

Lin Kai couldn't help being a little jealous of this T country magician.

He also knows that under absolute power, any witchcraft is useless.

Because before you showed up, you were killed by the town.

If Lin Kai had the ability to directly kill the sorcerer at that time, he would not let the sorcerer successfully cast the Yin and Yang curse.

As Lin Kai thought about it, the blood light and the evil spirit were evenly matched, and soon the two swallowed each other.

This means that the fight with poison is successful.

The two sides are equal in strength, so the same is lost.

It also means that the Yin and Yang curse in Dong Shu's body is over!

At the speed visible to the naked eye, Dong Shu's originally sickly pale face gradually became red.

Although he hasn't immediately regained consciousness, his breathing has become normal, and it will take some time to wake up.

At the same time, the system also prompts to complete the task.

The demigod extraction ability reward also made Lin Xin happy.

This extraction capacity is the blue light extraction capacity.

This blue light extraction is to extract the purest flame in the world.

Used to deal with evil spirits and above, it can be described as the most deadly attack.

Thunderstorm Talisman and Flame Talisman are actually useless to evil spirits and above.

But this pure flame can cause strong damage.

It is also a very powerful attack against sorcerers or ancient warriors.

Lin Kai saw the two women lying quietly on the bed and smiled.

He did not disturb Lin Qianqian and Dong Shu, and left the bedroom.

Seeing that it was past seven o'clock in the evening, he ordered a few takeaways first. Lin Qianqian and Dong Shu hadn't eaten for almost a day.

After waking up, you can just fill your stomach.

He was sitting on the sofa in the living room and dialed Jiang Shu's phone.

Before Lin Kai could speak, Jiang Shu said, "I haven't found out who is offering a reward for the assassination mission on the Internet, but I did find out a clue about the Leiyuan Group. A few days ago, an employee of Leiyuan Group said yes. I went on a business trip abroad, but actually had close ties with a gang in Southeast Asia."

"Oh?" Lin Kai was immediately shocked when he heard Jiang Shu's words and became interested.

### **Chapter 1337: Isn't This Fragrant?**

Chapter 1337 Isn't This Fragrant?

"According to the information I have investigated, the employee of Leiyuan Group ran back and forth in several countries in Southeast Asia. It should be to confuse my sight. In the end, the employee and the black snake gang of T country, have been in contact for a while."

"Black Snake Gang?" Lin Kai frowned.

Jiang Shu immediately responded: "Yes, the Black Snake Gang is the second largest gang in Country T. Although we spent a lot of manpower and material resources to investigate the route of that employee, an accident happened. We were preparing to catch that one. When working as an employee, that employee was killed by a member of the Black Snake Gang."

Lin Kai frowned further: "The people of the Leiyuan Group have already noticed that, and then the people called the Black Snake Gang solved that employee? Thus, cut off the connection with the Leiyuan Group."

"Although this probability is very high, we still have no evidence at present." Jiang Shu sighed.

Lin Kai couldn't help expressing disappointment: "So, this clue is also broken?"

"Can't say that. At least we have already noticed the Leiyuan Group. In the future, if the people of Leiyuan Group go abroad, we will keep an eye on it. More importantly, the senior leaders of the Leiyuan Group want to go abroad. Will be let go easily, but will be strictly investigated."

Lin Kai's eyes lit up when he heard Jiang Shu's words.

He wanted to find the key evidence, and then wipe out all the senior leaders of the Leiyuan Group, just to prevent fish from slipping through the net.

Lin Yuan and those senior leaders of the Leiyuan Group, if they knew in advance, they would definitely go abroad according to their cunning.

Especially Lin Yuan, if he escaped, it would be difficult to handle.

Now that Jiang Shu is able to manage this aspect, it is a bit comforting.

After that, Lin Kai thanked Jiang Shu for a while. After introducing him to Master Zhicheng, he chatted for a few more words and hung up the phone hastily because Li Shengxian was calling.

Li Shengxian called this time for two purposes.

The first is to invest in a large area of land in the western suburbs of the city. It is said that a professional person has planned a project similar to a healthy city.

Use that area to create a business card for the East China Sea.

Paradise, villas, manors, etc., anyway, there are mountains and waters, and the area is large enough, and scenic spots can also be developed in the mountains.

This was Lin Kai's suggestion to Li Shengxian. After he finally killed the evil spirits, the thick clouds that had hung there all the year disappeared, revealing the original appearance of the mountains.

The dragon veins were born in that mountain range. Naturally, it is not simple. The highest peak has an altitude of one kilometer. There are many places where there are waterfalls, lakes and rugged rocks.

In short, it is a good place to open up attractions.

Twenty or thirty years ago, the East China Sea was quite backward and had no awareness of developing scenic spots.

In addition, this mountain range, after being occupied by evil spirits, became deserted, let alone developed, and even people did not dare to enter.

When Lin Kai sees such a good mountain, we can't waste it in vain. Some areas can be turned into scenic spots, and some can be built into parks and manors.

Of course, without destroying the ecological environment of the mountain range, try to build as much as possible.

Li Shengxian agreed with Lin Kai's suggestion. He mainly asked when he could enter the place.

Because the engineers and the construction team have already been found, the engineers can start construction after a good design, and strive to get the first phase of construction in a short time.

For such a huge project, it is natural to score several periods before it can be done.

However, China is a famous infrastructure madman, and the speed of construction projects is so fast that it simply beats other countries.

Therefore, the first phase of construction can be completed in a short time.

Lin Kai went back to Li Shengxian, and within a week, he could ask the engineer to lead the construction team to go there for field surveys, and after drawing the construction drawings, the construction could start.

Before, Master Zhicheng and others, during small talk, said that all the evil spirits in this place, without the evil spirits, would be exhausted in a week.

A week later, Lin Kai will also go there in person, in order to prevent any accidents.

And Li Shengxian's second purpose is that it is precisely because of this mobilization of a large amount of funds that he can be sure that there is a ghost in the company.

His current illness was not completely cured, and he was forcibly discharged from the hospital during the day in order to collect funds.

When I arrived at the Li's house, I asked Li Cheng's family for funds. During the period, they encountered various obstacles, and Li Cheng's reluctantly approved it.

Therefore, he has not been cured yet, and he has been dragged down a bit more seriously.

He hoped that Lin Kai could get into the company and help him catch the company's inner ghost.

If this problem is not resolved, sooner or later the company will be harmed by this ghost.

Lin Kai agreed without any hesitation. He also has shares in Li Shengxian's company.

Although he has never been to Li Shengxian's company, he has always helped Li Shengxian directly.

This time Li Shengxian can't act, so he will solve it.

The company has a ghost, but it's a big deal.

For example, when the two countries are at war, they are assigned to spies, and they usually do not show the mountains or show the waters. At a critical moment, it is a big problem.

Li Shengxian was relieved when Lin Kai agreed, and then made a plan.

Let Lin Kai go to Manager Wang of the company's personnel department to report early tomorrow morning.

The two chatted a little bit about other things, and Lin Kai asked Li Shengxian to take a good rest.

With the current injury, Li Shengxian should be discharged from the hospital in a week.

Not long after Lin Kai and Li Shengxian finished hanging up the phone, the takeaway brother called.

He went out to get the takeaway, and both hands were full of large bags of food.

Originally, Lin Kai was still struggling, the takeaway has already arrived, do you want to wake Lin Qianqian and Dong Shu?

Unexpectedly, as soon as he entered the door, he saw Lin Qianqian and Dong Shu sitting on the sofa, talking and laughing, just like good sisters.

When the two women saw Lin Kai coming in.

Dong Shu immediately stood up and thanked Lin Kai: "Lin Kai, thank you for saving me."

"What I should do is that I am tired of you, and you have to pay attention to the Lin Yuan who is similar to mine."

Lin Kai waved his hand, but when he thought of Lin Yuan, he pretended to be him again.

Lin Kai remembered that Lin Yuan did some bad things in this way of disguising him.

The killing intent was boiling in his heart instantly.

Immediately, he took another deep breath, not letting himself think too much.

Then looking at Lin Qianqian and Dong Shu, Lin Kai said: "You are also hungry, eat quickly."

"Huh! It's called takeaway again! We are still planning to cook some dishes for you again and try our two cooking skills."

"Yeah, how unhealthy the takeaway is. It's better to live in your house in the future, we two take turns cooking for you every day, isn't it fragrant?"

Hearing what Lin Qianqian and Dong Shu said to me, Lin Kai's head grew louder.

Yes, I knew I would not order takeaway.

And it seems that after this experience, Lin Qianqian and Dong Shu are already sisters in a line.

### **Chapter 1338: Charney**

#### Chapter 1338

Although Lin Qianqian and Dong Shu said that eating this takeaway is unhealthy, they are still very honest.

Maybe it was the two of them who hadn't eaten for a whole day, so they were too hungry. After eating the takeaway, they swept away like a windstorm, completely ignoring the image of a lady.

Lin Kai looked a little speechless.

When Lin Qianqian and Dong Shu were full and drunk, Lin Kai dared to say and sent them back.

But whether it is Lin Qianqian or Dong Shu, they said that they must let Lin Kai taste their cooking skills, so I will stay here for one day and make another rich lunch tomorrow.

Fortunately, there were a lot of empty rooms, so Lin Kai agreed.

It's already night.

The three went back to their rooms to rest. Lin Kai experienced a series of things during the day and was exhausted physically and mentally.

However, he didn't go to bed immediately, but extracted the divination ability of the spirit turtle.

He divined the Leiyuan Group and found that this kind of divination was only a prediction of fortune.

No wonder it's just the gold-level extraction ability, which disappointed Lin Kai for a while.

But it is not without any use. It is predicted that the fortune of Leiyuan Group within ten days will continue to decline, especially on the seventh day, which is the lowest.

Lin Kai thoughtfully, seven days later, what did Leiyuan Group do, or what happened to it, and suffered bad luck.

He will naturally not miss such a good opportunity.

That day was the worst day for Leiyuan Group. You can use this day to conduct investigations on Leiyuan Group.

After the divination, Lin Kai fell asleep.

Early the next morning.

Lin Kai went to Li Shengxian's company. In order to disguise his identity, instead of driving, he drove a car and arrived at the door of Li Shengxian's company.

He dialed another call, which was sent to him by Li Shengxian, which was the number of Manager Wang of the Personnel Department.

Not long after, Manager Wang personally came to the door of the company and led Lin into his office.

As soon as he arrived at the office, Manager Wang took a document and gave it to Lin Kai. Then he said, "Mr. Lin, this is the position where you entered. Everything is done for you. First, see if there are any problems. If there is no problem, you can join the purchasing department on the eighth floor."

Manager Wang didn't know who Lin Kai was, and he didn't know. Lin Kai came here to find out the ghost of the company.

He thought it was a friend or relative of Li Shengxian, who made arrangements to enter the purchasing department because of Li Shengxian's relationship.

Everyone knows that this purchasing department can be said to be one of the departments that can get the most oil and water for most companies.

Often this purchasing department has to be trusted.

Lin Kai took the document handed by Manager Wang at this time. While reading through it, he said casually: "Manager Wang, how is your relationship with Manager Xu in the purchasing department? Or, he is in the company, your manager at the same level, right? What is his opinion?"

Manager Xu in the purchasing department, named Xu Xinghai, was hired shortly after the company was founded.

It is also a step by step, from ordinary purchasing staff to the manager of the purchasing department.

It should belong to the veteran of the company's middle-level leaders.

However, this Xu Xinghai is Li Shengxian, one of the most suspicious people.

Yes, Li Shengxian believes that there is not only this insider in the company.

Xu Xinghai is in the middle of the company. Although his position in the company is not too high, this department is still relatively important.

I'm also afraid of getting rid of the grass.

So, let's start with Xu Xinghai first, and see if we can set out other inner ghosts in Xu Xinghai's mouth.

At this time Manager Wang was curious about why Lin Kai asked, but when he saw that Lin Kai was Li Shengxian and arranged to come in, he responded truthfully: "Except for work, we had a few exchanges with Xu Xinghai. Too much contact. As for his performance in the company, he has always been quite satisfactory. At the beginning, he was selected as the purchasing department because he had been in the company for many years and there was no problem."

Speaking of this, Manager Wang seemed to think of something and said with a smile: "If Mr. Lin, you want Xu Xinghai to take care of you in the company, I can talk to Xu Xinghai so as not to neglect you. "

Lin Kai shook his head and laughed. It seemed that Manager Wang thought that he asked Xu Xinghai to take care of him.

"Manager Wang, that doesn't have to be the case." Lin Kai waved his hand again, then collected the documents, received a work permit, and left Manager Wang.

Manager Wang personally sent Lin Kai out.

Lin Kai went to the eighth floor of this building with his work permit and entry documents.

On the eighth floor are the three departments of Li Shengxian's company.

Among them, the purchasing department is the most important of these three departments.

Therefore, the office environment of the purchasing department on the eighth floor is also the best among the three departments.

Lin Kai didn't bring the Yinshen. Although the Yinshen can be invisible and help him investigate some things, it is not that useful in the company.

But you can wait for Xu Xinghai to get off work before arranging Yinshen to go and investigate Xu Xinghai.

What Lin Kai had to do now was to first contact Xu Xinghai, whether he was an inner ghost.

Lin Kai thought, quickly came to the purchasing department on the eighth floor and headed towards the purchasing department manager's office.

Many of the staff in the purchasing department are working at their desks, and when they see Lin Kai's unfamiliar face with the purchasing department's work card, they are all curious.

Is this person a new colleague?

at this time.

Inside the office of the purchasing manager.

Xu Xinghai sat at the desk with a smile on his face and looked in a good mood.

He has been lucky recently. The Leiyuan Group transferred him 6 million to monitor Li Shengxian's company, and if he had the opportunity, he could transfer some of the purchased items.

After the purchased items are transferred out, they can be replaced with even worse quality imitations.

If things are done well, Leiyuan Group will transfer millions for him in the future.

Xu Xinghai didn't feel bad about this company, but was a little grateful to Li Shengxian for promoting him.

But his only grudge is that the unspoken rules of the procurement department are basically more or less able to get some oil and water.

However, Li Shengxian's supervision is too strict, and he has not dared to fish for several years.

In addition, he usually spends a lot of money and raises a lover, his usual salary and company benefits are not enough.

Thinking of Li Shengxian's supervision again, this made the original gratitude hate Li Shengxian.

Leiyuan Group is still generous, with a wave of six million.

During the period when Li Shengxian was ill, he had no time to supervise him, so he replaced a batch of imitation products according to the instructions of Leiyuan Group.

These imitations can be fake, but the quality is far inferior to the genuine ones.

Of course, if he wants to replace the genuine products purchased by the company with imitations, he cannot do it alone.

Among them, the cooperation of several other departments in the company is needed.

### **Chapter 1339: Not Paying Too Much Attention**

Chapter 1339

Leiyuan Group also bought several other people from the company to successfully replace them.

In fact, Xu Xinghai was quite nervous about doing such a thing.

If found, it is a felony.

Fortunately, not long ago, someone from Leiyuan Group sent a message saying that these few days, let him and several other people in the company cooperate.

We will target Li Shengxian's company and let Li Shengxian's company go bankrupt.

If this company goes bankrupt, Leiyuan Group promises to dig him into Leiyuan Group and become an executive!

Now, Xu Xinghai has passed the core information of Li Shengxian this company he collected to the people of Leiyuan Group.

The current transmission progress has reached 70%.

There are still five minutes to complete the transfer.

But at this moment, the door of his office rang.

Xu Xinghai was startled. He had already asked the employees under his hand to be busy with something, so don't come in and disturb him for the next hour.

Xu Xinghai suddenly became angry, and immediately suppressed his anger, and said coldly: "Who?"

"Manager Xu, I am a new job in the purchasing department and I am here to report."

Lin Kai outside the office said.

"When did the procurement department hire? The personnel department made a mistake, right?"

Xu Xinghai saw that the progress bar on the computer screen was rapidly transmitting, no matter how many, he said directly: "You go back to the personnel department and tell Manager Wang, you say that there is no shortage of people in my purchasing department, and there is no need to recruit people. , Please come back."

The staff in the purchasing department at the desk looked at Lin Kai being driven away with a playful look.

"This guy is handsome, but it seems that this kind of person is not suitable for our purchasing department."

"Yes, besides, our purchasing department is indeed full."

"It is estimated that the personnel department made a mistake, and Manager Xu cast his anger on this kid."

"Hehe, who made this kid, I don't know that Boss Xu is busy, didn't he hit the gunpoint? He deserves to be driven away!"

The staff of these purchasing departments watched Lin Kai standing in front of the office in a daze, whispering one by one.

Lin Kai didn't take care of these employees, but secretly used the golden pupil, and instantly he could clearly see that Xu Xinghai in the office was in front of the computer, transferring data.

The name of the other party who is transmitting the data is a department of Leiyuan Group.

Seeing this scene, Lin Kaixin sneered to himself, Xu Xinghai was indeed an inner ghost, and he was betrayed to Leiyuan Group.

Fortunately, Li Shengxian was more vigilant in the management of the company. Otherwise, he would not know how he died if he was so taken by Leiyuan Group.

Without any hesitation, Lin Kai opened the door of the office and walked in.

In this scene, the employees of the purchasing department were all dumbfounded.

Xu Xinghai in the office was even more shocked. Then when he saw Lin Kai, he couldn't help but yelled, "I said, my purchasing department is not hiring! Don't get out!"

Lin Kai pretended to have a stomachache, and said as he walked to Xu Xinghai's desk: "I didn't bring paper, so I borrowed the paper from your office, sorry."

Before Xu Xinghai objected, Lin Kai moved his hand to the desk and took a few pieces of paper.

"Get out of the way!" Xu Xinghai shouted at Lin Kai again.

However, as soon as he finished speaking, his gaze shifted to the computer screen, his face suddenly changed.

I saw the computer screen was black!

what's the situation?

Xu Xinghai is a little numb, it is naturally impossible for the company to experience sudden power outages.

Even if there is a power outage, it is often notified in advance.

Xu Xinghai suddenly remembered something and couldn't help but glanced at Lin Kai.

Lin Kai showed an even more embarrassed look at this time, because his foot touched the charging cable between the computer and the plug-in board, causing the charging cable to fall off the plug-in board.

As a result, the computer immediately ran out of power and was forcibly shut down.

Lin Kaizi wouldn't expose Xu Xinghai now. Now that Xu Xinghai has confirmed that he is an internal ghost bought by Leiyuan Group, there must be a few people in the company.

Avoid rushing to startle the snake, because it didn't expose it on the spot.

What's more, this can be regarded as a breakthrough in the investigation of Leiyuan Group.

He didn't know why Leiyuan Group wanted to move Li Shengxian's company, but he was definitely not at ease.

If you make good use of this opportunity, you can even use it to oppose the general.

"Manager Xu, I'm sorry, I'm really sorry! My stomach hurts just now. I didn't pay much attention to the line under my feet, and I tripped too quickly. Didn't it cause any loss to you?" Lin Kai said even more. Embarrassed look.

Xu Xinghai was about to jump up from his chair to beat Lin Kai.

Did not pay too much attention? The line between the computer and the plug-in board is under the desk, but put your feet under the desk to trip the line, right?

This is also called not paying too much attention?

And the loss is big!

Almost transmitted to Leiyuan Group! Now it really fell short!

If it wasn't for this kid in front of him, he was indeed a newcomer, otherwise he would think that the other party did it on purpose!

"Whoever you are, I count to three seconds. Within three seconds, you must disappear from your eyes!" Xu Xinghai patted the desk and shouted again.

"Oh?" Lin Kai smiled disapprovingly, and took out the entry document, which read a few words that Li Shengxian had arranged for entry.

It was these words that made Xu Xinghai's eyelids jump, and the expression on his face was as fast as flipping a book. He hurriedly said with a smile: "Haha, it turned out to be introduced by President Li, then it's okay. I will call the deputy manager to give it to you. After you arrange your positions, everyone will belong to the same purchasing department in the future, so communicate more."

"That's that. Let's communicate a lot." Lin Kai also smiled, but his smile carried a meaningful taste.

However, what he exchanged was the news from Xu Xinghai about several other ghosts in the company.

Later, a man in his thirties walked in the office. Xu Xinghai called in. It was Wan Yong, the deputy manager of the purchasing department.

Wan Yong took Lin Kai and wandered around the department to get acquainted with the position.

Since he wanted to unearth the ghosts in the company, Lin Kai naturally had to perform this play well and had to integrate into the company.

"Isn't Li Shengxian still in the hospital? Why is there still time to arrange a new employee to come to my purchasing department?" Xu Xinghai couldn't figure it out, and muttered: "It should be relatives and friends, just arrange a casual job. ."

Xu Xinghai thought, connected the cable to the plug-in board, and quickly turned on the computer.

When he was about to transmit the data to Leiyuan Group again, suddenly, there seemed to be something wrong with the computer, it couldn't be opened at all, and it seemed to be broken.

Lin Kai outside the office has been arranged on a desk.

Inadvertently, he glanced at Xu Xinghai in the office and smiled to himself. He used his anger and broke the computer.

"Brother, our purchasing department is obviously full. How did you get assigned to our purchasing department again?"

At this time, an employee came to his side and asked curiously.

### **Chapter 1340: Perfect Mix**

#### Chapter 1340

Lin Kai saw this young employee asking him, but he did not show any impatience.

Instead, he was very easy-going and talked with this young employee.

After just a few minutes of small talk, Lin Kai already knew that this young employee was named Hu Wenliang.

In this purchasing department, I have been a purchasing employee for one year, and I usually like to make friends. Therefore, in Li Shengxian's company, many colleagues are more or less familiar.

This made Lin Kai's eyes bright, what he needs is this kind of self-acquainted employees.

Because of this, it is easier to shed relevant news from such familiar employees.

That's how Li Shengxian asked Lin Kai to join the company as an ordinary employee.

"Brother Liang, when I get off work at noon, I will treat you to a meal. I just don't know where the company canteen is, so I can trouble you to lead the way and let me get familiar with it." Lin Kai said at this time.

Hu Wenliang smiled and nodded immediately. He liked Lin Kai's straightforward character.

Then Hu Wenliang returned to his desk.

When it was time for lunch, Lin Kai followed Hu Wenliang to the cafeteria.

Lin Kai bought the highest price lunch set in the cafeteria, which made Hu Wenliang look even more impressive to Lin Kai.

Lin Kai took advantage of this meal time, first chatted a few words at random, and then quietly asked Xu Xinghai how this leader was.

Speaking of Xu Xinghai, Hu Wenliang seemed to be bitter. In short, he spit out everything about Xu Xinghai to Lin.

But basically its work

In the end, there was really nothing to complain, and Hu Wenliang began to talk about Xu Xinghai's private life.

At this time, Hu Wenliang pointed to a corner of the cafeteria, and said angrily: "Co-workers are not allowed to fall in love in the company, but you see, there are three beauties sitting there, the one on the far right is named Zhou Xin and she is Xu Xinghai. 'S current girlfriend!"

Lin Kai glanced at that side. The three girls were standing at the cafeteria window and cooking food. He noticed that the other two girls were prettier than Zhou Xin.

"This week, Zhou Xin is currently the head of our purchasing department. She has only been in the post for three months, and it was only because of Xu Xinghai's relationship that she quickly promoted." Hu Wenliang once again complained.

Then he looked at the other two girls and said with a smile: "Those two beauties are not bad? The name of the white dress is Tang Zixuan, and the one with cartoon short sleeves is called Qin Ya. They are the goddesses of our purchasing department, even other departments. , All peeping.

But well, these two people should be too high-sighted to look down on our colleagues at all. They seem to have boyfriends, so you have no chance. "

Upon hearing this, Lin Kai shook his head and laughed.

Tang Zixuan and Qin Ya are indeed beautiful women in the eyes of ordinary people.

If nothing else, compared with Dong Shu and Lin Qianqian, it is far behind.

Lin Kai paid more attention, after all, Zhou Xin was Xu Xinghai's girlfriend.

It's also a coincidence that after Zhou Xin's three people finished their meal, they sat at the dining table next to Lin Kai.

Lin Kai didn't feel anything, but Xu Xinghai looked a little excited, lowered his voice, and muttered to Lin Kai: "It's a rare opportunity to see a beautiful woman up close. Let's eat slowly and eat more."

Lin Kai was speechless.

When he was about to say something, at the table next to him, Zhou Xin wanted to take out something from her bag.

I didn't know whether it was intentional or unintentional. Turning over, a car key fell on the dining table.

"Hey, Sister Xin, have you changed to a new car again? If I read correctly, this is Maserati's car key!"

Tang Zixuan looked at the key on the dining table, a little surprised.

Compared with Tang Zixuan's surprise, Qin Ya was not quite calm, just glanced at the key, and then withdrew her gaze.

Zhou Xin picked up the key and put it in her bag. She said with a bit of pride: "Zixuan has a good eye! It is the latest Maserati! The other day was the anniversary of my acquaintance with Xinghai. My Xinghai gave me this car!"

Tang Zixuan looked forward to: "This is a million-dollar luxury car! Manager Xu is really rich! It's great for you too! You should get married soon? After all, Manager Xu, but even a luxury car, is willing to give it to you. you!"

The pride on Zhou Xin's face became more and more prosperous, and she smiled: "That's not true. When I find a chance, I will discuss with him about marriage."

Qin Ya didn't seem to be so interested in what the two talked about. She said to Tang Zixuan: "Zixuan, looking at you like this, is it possible that you want to change to a richer boyfriend?"

Tang Zixuan immediately said: "Why? Although my boyfriend is not as rich as Manager Xu, he is also middle-class and handsome! It's Xiaoya, don't you want to find a boyfriend. At first I thought you had a boyfriend. , I didnt expect you to have a boyfriend yet."

Qin Ya shook her head in response: "I'm not in a hurry."

"It's your vision! Xiaoya, today President Li will hire an assistant from the company to be responsible for the new project. I saw you post your resume. Xiaoya, did you fall in love with President Li?"

Before Qin Ya could speak, Zhou Xin taught Qin Ya with a taste of education: "Xiaoya, human, you have to be self-knowing. You are in love with Mr. Li, but Mr. Li doesn't like you. What's the point? .

So I should lower my eyes appropriately, or let me introduce one for you. Luo Zhipeng and Deputy Manager Luo in our purchasing department are very good. And I can see that I am interested in you, plus Luo Zhipeng is a good friend of my Xinghai, he will not treat you badly. "

Tang Zixuan smiled and said, "Sister Xin, that's wrong with you. Your Xinghai is Luo Zhipeng's direct leader. If Xiaoya really gets along with Luo Zhipeng, that's nothing."

"Okay, okay, you two, you are the one who has been worrying too much. I have said that I am not considering any boyfriends at the moment." Qin Ya couldn't bear the words between Tang Zixuan and Zhou Xin, and couldn't help interrupting this topic. .

Lin Kai and Hu Wenliang naturally heard what the three said.

Hu Wenliang whispered: "It turns out that Qin Ya doesn't have a boyfriend, but unfortunately, I won't consider looking for a boyfriend..."

Lin Kai smiled faintly.

It's just that before a while, Luo Zhipeng, the deputy manager of the purchasing department, walked to Qin Ya with a bunch of flowers.

Immediately, Luo Zhipeng handed the flowers in his hand to Qin Ya, and smiled: "Qin Ya, I have noticed that today is your lunar birthday, although your birthday is already past, but your lunar birthday has not passed yet, so it is considered that you have not missed you. Birthday."

Qin Ya declined: "Deputy Manager Luo, thank you, but I don't have my birthday on the lunar calendar, so please take this flower back."

Luo Zhipeng didn't have any displeasure on his face, but continued to smile: "Qin Ya, you don't have to accept the flowers, but you can go to KTV to celebrate your birthday tonight, are you okay?"
