Chapter 1361: Get Clues

Chapter 1361

When Zhou Xin heard Qin Ya and Yin Suyan, their expressions changed.

In her eyes, Lin Kai was an extremely stingy person who had to eat all the food and gave a rag bag as a birthday present for others.

And obviously he didn't have a car, but boasted that he was driving, and the Rolls-Royce Phantom came.

This made her think that Lin Kai was not only poor, but also a kind of poor boy with inferiority complex.

But now, Hu Wenliang and Qin Ya have said that Lin Kai does have a Rolls-Royce Phantom.

What makes Zhou Xin unacceptable most is that the big star Yin Suyan also said that Lin drives a luxury car of this ten million class.

Is it really there?

Zhou Xin's face turned blue and white, and she happened to see Xu Xinghai walked out of her office.

She immediately sneered: "Even if Lin Kai really has a Rolls-Royce Phantom, so what? He is not my Xinghai, the employee under his hand!"

Hearing this sentence, Luo Zhipeng's eyes lit up and he laughed and said, "Yes! I am also the leader of Lin Kai! It's great to have a luxury car? Maybe it depends on what the relationship is, someone else gives it, and then he can't afford it. This kind of luxury car came here to work."

He spoke, then pointed at Lin Kai and ordered: "Lin Kai, it's time for work now, because in the morning you took over the task assigned by the company, but you haven't completed the task you have to do. Go ahead and finish it! After you finish, clean up the hygiene of the entire purchasing department! It must be cleaned so that you can't see a single hair, otherwise you don't want to get off work!"

He is the deputy manager of the purchasing department. As an ordinary employee of the purchasing department, Lin Kai naturally has the right to order Lin Kai to do things.

So even if Lin Kai completed the urgent task of the company and was not dismissed by the company, he still had many ways to torture Lin Kai, and when Lin Kai couldn't stand it, he would take the initiative to resign!

When he thought of this, Luo Zhipeng swept away the haze before, and his heart instantly became excited. No matter how great you are, you are not an employee under me!

Lin Kai only glanced at Luo Zhipeng, but ignored him, then withdrew his gaze.

Then he walked out of Qin Ya, Tang Xiaoxuan and Yin Suyan, surrounded by the three women.

Lin Kai walked to Xu Xinghai.

When he and Yin Suyan were shooting the company's new product promotion together, Xu Xinghai didn't show up here, and he never came out in the office.

Lin Kai felt curious, so he secretly looked with his golden pupils, and found out that Xu Xinghai was in the office, secretly contacting people from Leiyuan Group.

At the same time, he also showed the whole process of Xu Xinghai's contact with Leiyuan Group clearly and clearly.

Xu Xinghai first spoke to Leiyuan Group about Yin Suyan's endorsement of Li Shengxian's new products.

Fortunately, Xu Xinghai didn't mention Lin Kai. He probably felt that Lin Kai was not worth mentioning to Leiyuan Group.

More importantly, Xu Xinghai still wanted to take Lin Kai as his own.

After learning about Yin Suyan's endorsement of Li Shengxian's company, the Leiyuan Group believed that this undermined the original plan and needed to speed up the plan.

In other words, Leiyuan Group arranged for Li Shengxian's company, and several other internal ghosts began to dispatch, together with Xu Xinghai, to cause a fatal blow to Li Shengxian's company as soon as possible.

It turned out that Xu Xinghai didn't know the information of several other ghosts in Li Shengxian's company.

Leiyuan Group told Xu Xinghai the information of the inner ghosts, and asked Xu Xinghai to wait and find the inner ghosts, and then discuss together how to give a fatal blow to Li Shengxian's company next, so that Li Shengxian's company quickly collapsed.

Lin Kai could naturally hear clearly with the method of cultivating immortals.

Unexpectedly, his unintentional move was a surprise.

Lin Kai was undercover in the procurement department of Li Shengxian's company, just trying to find clues to several other inner ghosts from Xu Xinghai.

Now he already knows that the news of the other ghosts will naturally not be left in the purchasing department as an employee.

Nor will Xu Xinghai continue to be a demon in Li Shengxian's company.

So Lin Kai came to Xu Xinghai's side, and under Xu Xinghai's startled gaze, Lin Kai clasped Xu Xinghai's hands back and pressed it on the work table next to him.

"Lin Kai! Do you know what you are doing!"

Xu Xinghai's astonishment immediately turned into anger.

He is a manager of the purchasing department, but now he is subdued by the employees of the purchasing department in this way.

What's more, it is still in front of all the employees in the purchasing department and the star Yin Suyan.

For him, this is totally humiliating him! Of course it is bizarre anger!

The other employees in the purchasing department stared blankly. Lin Kai held down Xu Xinghai, all dumbfounded.

what's the situation? Was it because Luo Zhipeng was very dissatisfied with the order just now?

It shouldn't be! If he didn't accept Luo Zhipeng's order, he had to hold on Luo Zhipeng. How could he run to hold on Xu Xinghai?

Or is it that Lin Kai didn't want to do it, so he directly beat the manager of the purchasing department before talking?

Before they came back to their senses, Lin Kai's complexion was calm, and with only one hand, he held Xu Xinghai.

No matter how Xu Xinghai struggled, he couldn't resist, and even if he used his full strength, he couldn't shake Lin Kai in any way.

At this moment, Lin Kai took out his mobile phone with the other hand, he was calling butler Li.

Butler Li has already passed Li Shengxian to know the current situation of the company.

Li Shengxian also told Lin Kai that although he was discharged from the hospital immediately, but on the company's side, butler Li will temporarily manage the company.

If you have any questions, you can call Butler Li.

"Housekeeper Li, the matter has been settled. I am currently in the purchasing department."

So that Lin Kai said this sentence, it was enough, and then hung up the phone.

Steward Li knew what he meant.

"It's against you! How dare you beat the leader! Are there any employees like you!"

When Zhou Xin saw Lin Kai, she still pressed Xu Xinghai, her expression embarrassed. As Xu Xinghai's girlfriend, Xu Xinghai was humiliated in public like this, and she was also humiliating her!

Zhou Xin was also furious, having forgotten Lin Kai's extraordinary skill, so he picked up the stool next to him, and slammed towards Lin Kai.

Lin Kai easily shot down the stool, then glanced at Zhou Xin, and asked faintly: "I ask you, have you become Xu Xinghai's secretary within a month of joining the company?"

"What's wrong with the secretary?" Zhou Xin sneered, thinking that Lin Kai's brain was not working well. Isn't this something everyone knows?

"So, are you using this position as a secretary, and are you working with Xu Xinghai to continuously collect the company's core secrets?" Lin Kai said, using a gold extraction capability.

Chapter 1362: Confident Luo Zhipeng

Chapter 1362 Confident Luo Zhipeng

This gold extraction ability was the reward for saving Qin Ya last night.

It is the ability to extract and let the other party tell the truth.

As long as Lin Kai asks, and then extracts this ability, the other party can honestly explain.

It is not usually used, but at a critical moment, it is a good ability that is always disadvantageous.

If she had this ability a few days ago, Dong Shu would not have been slapped with Yin Yang curse.

After all, let the middle-aged man of the magician of T country, after honestly confessing, there will be nothing behind.

As for why Lin Kai asked this, it was because he guessed that Xu Xinghai had already acted and betrayed Li Shengxian's core secret thoughts.

Some time ago, Leiyuan Group came into contact with Xu Xinghai, and this allowed Xu Xinghai to sell Li Shengxian's company decisively.

When Xu Xinghai, who was held down, heard Lin Kai's words, he raised his head with difficulty and made a frantic look at Zhou Xin, as if to remind Zhou Xin not to talk nonsense.

But Zhou Xin has been controlled by this ability to tell the truth. She ignored Xu Xinghai's eyes and nodded: "Yes, it is for Xu Xinghai to collect the company's core secrets."

Xu Xinghai was stunned immediately, showing an unbelievable expression. Is this stupid woman out of her mind? Why did you speak up in front of all the staff in the purchasing department!

Xu Xinghai regretted making this stupid woman his girlfriend. Fortunately, this stupid woman did not know about Leiyuan Group, otherwise it would really be possible to tell about Leiyuan Group's affairs!

Just when everyone was surprised, a voice came from the procurement department: "Just collected the company's core secrets? How dare you!"

All the members of the purchasing department looked at the door and saw Butler Li walked in here with a few high-level company leaders.

These employees naturally know that Li Shengxian has been hospitalized for some time because of an accident.

So during this period, the company was managed by Steward Li.

Everyone was very surprised. Why did Steward Li and the senior executives of several companies come to the purchasing department together? Is it because of Yin Suyan?

It seems possible that Yin Suyan is also a big star.

Unexpectedly, however, Steward Li walked to Lin Kai's side and asked in a low voice, "Mr. Lin, do some other ghosts in the company also know the information clues?"

Lin Kai nodded, and whispered: "The ghosts in the company, in fact, did not know each other, and they all contacted Leiyuan Group individually. Because I invited Yin Suyan to speak for the company. Leiyuan

Groups new product. At this moment, Leiyuan Group couldn't sit still, and it deliberately let these inner ghosts join forces to cause fatal damage to the company."

"And Leiyuan Group, let Xu Xinghai be the leader, and tell Xu Xinghai the information of the other inner ghosts, and let Xu Xinghai find those inner ghosts, and then discuss together how to break the company."

"It turned out to be like this." Butler Li was relieved. Fortunately, Lin Kai found out all the clues of the inner ghosts, otherwise Li Shengxian's company would really be destroyed by these inner ghosts.

"Mr. Lin, although you are a shareholder of the company, thank you very much." Butler Li was very grateful to Lin Kai. This time he helped Li Shengxian again.

He said, then said: "Mr. Lin, I will take Xu Xinghai away now."

The two voices were very small, but Xu Xinghai, who was next to him, could clearly hear the conversation between them. His face suddenly changed and became pale. He looked at Lin Kai and asked, "Lin Kai! Who are you!" "

Lin Kai glanced at Xu Xinghai indifferently, and said calmly: "It doesn't matter who I am. The important thing is that you should know better than me what you did and the consequences of being discovered."

When Xu Xinghai heard this, he was silent for a while, and then unwilling to say: "When you came to report yesterday, something was wrong with me. The power plug and power plug of the computer were placed under the desk. , Tripped the power plug..."

"You think it's good, I deliberately stuck my foot in and tripped." Lin Kai smiled.

In fact, at that time, if Xu Xinghai went into it, Xu Xinghai would definitely be wary of him.

Unfortunately, Xu Xinghai didn't think too much at the time.

"Xinghai!"

At this time, the ability to tell the truth had disappeared from Zhou Xin. She saw a few security guards take Xu Xinghai away and followed behind the steward Li, and she shouted something in her heart.

Steward Li glanced at Zhou Xin, thought about it, and said, "Zhou Xin, right? Could you please follow me and go there. If you have something to ask, if you don't participate directly, you will be let go."

Zhou Xin regretted it very much. Why did she have to say something? Isn't this digging a hole for herself, and then sending herself into the hole!

It was useless for her to regret it, so she had to go forward and follow the housekeeper Li.

There were several other internal ghosts to deal with, so Steward Li seemed very urgent, and took Xu Xinghai and Zhou Xin, and quickly left the purchasing department.

There was a company executive who seemed to recognize Lin Kai. He knew that Lin Kai was a major shareholder of the company, so he stepped forward and greeted Lin Kai kindly.

By this time, all the employees in the purchasing department were shocked.

Thinking about what Lin Kai's identity is, he made a casual call and called Butler Li.

Not only is Steward Li being polite to Lin Kai, but the current senior leaders all respect Lin Kai.

Even Steward Li took away their manager Xu Xinghai and supervisor Zhou Xin for no reason.

This high-level leader suddenly picked up a call, and seemed to have received some advice.

Lin Kai could hear Li Shengxian on the other end of the phone.

Lin Kai immediately explained the situation to Li Shengxian after holding Li Shengxian.

Now Li Shengxian is calling this senior leader to ask him to re-select a manager of the purchasing department. After all, Xu Xinghai is a ghost and will be punished.

The purchasing department is very important to the company, and there should be no leaderless phenomenon.

As a result, this senior leader, after receiving the order, first looked around and thought for a while, and said to Lin Kai, "Mr. Lin, President Li asked me to choose a manager of the purchasing department, but I don't know these employees well. , Who is capable and qualified for this position. Mr. Lin, you have been here for two days. You should know something. Why don't you choose one for me."

As soon as this was said, the hearts of the entire purchasing department trembled.

Especially Luo Zhipeng felt that an opportunity had come.

In other words, he is an assistant manager, far surpassing all the employees in the purchasing department in terms of work experience and qualifications.

Now that he heard this, he had already let go of his hatred for Lin Kai. Instead, he looked at Lin Kai and smiled confidently: "Lin Kai, if you want to say that among the people in the purchasing department, I am qualified as a manager. "

Chapter 1363: Should Not Offend

Chapter 1363

Seeing Lin Kai's silence, Luo Zhipeng continued to smile and said, "So, Lin Kai, it's better to let me be the purchasing manager..."

Before Luo Zhipeng finished speaking, Lin Kai interrupted him: "You can't even be the deputy manager."

It means that the position of your deputy manager is gone.

This senior leader also heard it, and said with a smile: "Mr. Lin is right, Luo Zhipeng, right? You have been demoted and become the head of the purchasing department."

Luo Zhipeng's face was ugly for an instant, but he didn't dare to show any excessive reaction, because this is the company's senior leader! If Lin Kai said that, he would have been impatient, but in front of senior leaders, he would not even dare to put a fart!

Once you anger the senior leadership, let alone the position of supervisor, you will lose your job by then!

Lin Kai immediately turned his gaze on Hu Wenliang, and said lightly: "Hu Wenliang works diligently in the purchasing department, so he will be the deputy manager."

How can this high-level leader fail to see that it was Luo Zhipeng who was not good enough to let this Hu Wenliang replace him on purpose.

He was able to decide on this trivial matter for the deputy manager, so he smiled and nodded: "Okay, Hu Wenliang will become the deputy manager of the purchasing department."

As soon as these words came out, everyone looked at Hu Wenliang enviously, and Hu Wenliang flushed with excitement.

What made them even more envy and hatred was that Lin Kai spoke again: "Qin Ya has been with the company for two years, and I have conducted a small survey. In the past two years, Qin Ya's performance has been at the forefront of the procurement department. But due to Luo Zhipeng's suppression, Qin Ya has never had a chance to be promoted. I think Qin Ya is qualified to be the manager of the purchasing department."

When Lin Kai was investigating Xu Xinghai, he would naturally have to investigate the entire purchasing department clearly, lest there are other internal ghosts in the purchasing department.

It is clear that when Luo Zhipeng entered Qin Ya, he fell in love with Qin Ya. At that time, Luo Zhipeng was in charge, and he used his position to suppress Qin Ya and prevent Qin Ya from being promoted.

In this way, it is convenient for Luo Zhipeng to pursue Qin Ya with a leadership attitude.

This is why Qin Ya is so anxious and wants to leave the purchasing department.

The senior leader smiled and nodded: "Okay, from now on, Qin Ya will be the new manager of the purchasing department. Of course, I will try to observe for a month. If the performance is acceptable after a month, he will formally sign a new contract and assume this position. "

Luo Zhipeng's face changed and changed. Two years ago, he was the supervisor, and now he is still the supervisor, but Qin Ya, who has been suppressed by him secretly, has directly become the manager.

If he had known this, he shouldn't have offended Lin Kai.

In his opinion, it was because he offended Lin Kai that caused this result. For Lin Kaihao, Hu Wenliang and Qin Ya, both of them were promoted, and they were still skipping grades one after another!

It's a pity that it's useless to regret it any more. Luo Zhipeng has accepted this reality, and he is thinking that in the future, he must never offend Lin Kai!

"Me? Am I the manager of the purchasing department?"

At this time, Qin Ya was a little unbelievable, but also surprised and delighted.

In the past two years, she has performed very well in the purchasing department.

Normally, she might even hold the position of supervisor, but she doesn't know how high-level leaders seem to have seen her such good performance.

Now that Lin Kai said so, it turned out that Luo Zhipeng was secretly playing a ghost.

Unexpectedly, Lin Shanxi trusted her so much and asked her to act as the manager of the purchasing department. She jumped from an ordinary employee to the position of manager. It can be said that the chicken feather has become a phoenix.

Lin Kai smiled at Qin Ya: "Believe in yourself, you are fine."

After speaking, Lin Kai turned and walked outside the door.

Since Li Shengxian's internal ghost has been dealt with, he doesn't need to stay here.

"Mr. Lin, don't you wait for me!"

Yin Suyan immediately followed Lin Kai.

As for Qin Ya and Tang Xiaoxuan, they looked at each other and could see each other's sigh.

Let alone the two of them, everyone at the scene knew that Lin Kai's identity was definitely not simple.

Compared with the big star Yin Suyan, the two of them are not qualified to compete with Lin Kai's girlfriend.

"It's also like Yin Suyan, who has status and status, can match Lin Kai..." Tang Xiaoxuan's eyes were dim.

Qin Ya stared at Lin Kai's back and immediately shook her head: "I see, Lin Kai seems to have no intention of Yin Suyan."

Thinking of this, Qin Ya gradually raised a hint of hope in her heart, especially as she took out the cloth bag Lin Kai gave her from her pocket, and the hope that rose in her heart became stronger.

Lin Kai left the company and rushed Yin Suyan to Donghai International Airport.

Sister Liu, Yin Suyan's agent, rescheduled and bought an evening ticket for Yin Suyan.

Yin Suyan helped Li Shengxian's company with a big favor, so Lin Kai naturally did, and sent Yin Suyan to the airport in person.

On the way to the airport.

Yin Suyan sat in the co-pilot with a speechless expression on his face: "Mr. Lin, this is your fault. I didn't even eat any food at noon, so you won't buy me a meal? So rushing me away?"

While talking, Yin Suyan felt that she was wronged. Since she was a child, her appearance has been outstanding. Those men can't hate and stay for a while.

Especially after she became famous, those men were even more so,

But Lin Kai was not like that. Without saying anything, he drove her to the airport.

Lin Kai didn't think much about Yin Suyan, he still had his own business.

Although Leiyuan Group, because of the last public opinion incident, did not dare to make crazy investment and expansion.

But they still keep acting secretly. For example, this time, it is aimed at Li Shengxian's company. Who knows what to do next time.

He has to continue to investigate Leiyuan Group.

It's far from what the divination predicted, the day that Leiyuan Group had the worst luck was four days later.

In fact, the most important thing is that Dong Shu and Lin Qianqian have been asking where he is, saying they are already at his house.

The two women are enough to make him headache, and if one Yin Suyan is added, he will be even bigger.

So Lin Kai said, "Miss Yin, I am in a hurry. Next time you come to Donghai, I will definitely treat you to a meal."

Yin Suyan snorted when he heard the words, "Okay! I will come to the East China Sea as soon as possible next time! Don't let the time come, you regret it and say there is a hurry!"

Lin Kai helplessly shook his head: "No."

Then Lin Kai took Yin Suyan back to the VIP terminal of the airport, this time Yin Suyan was covered up tightly.

When leaving, Lin Kai gave a cloth bag with three amulets inside. It was also to thank Yin Suyan for helping Li Shengxian's company endorsement.

Yin Suyan didn't look down on this cloth bag when he got it, but held it carefully, just like being a baby.

Lin Kai was even more speechless. He didn't tell what was in the bag or what effect it had.

After the two finally said goodbye to each other, Lin Kai also left the airport.

Chapter 1364: Chase

Chapter 1364

Lin Kai went to the airport, and it took another four to five hours.

It's already evening.

On the way home, Lin Kai did not receive any news from Dong Shu and Lin Qianqian urging him to go home quickly.

Today is Dong Shu's birthday, and Lin Qianqian is going to celebrate Dong Shu's birthday.

Since then, Lin Qianqian and Dong Shu have been good sisters.

Lin Qianqian thought, go to Lin Kai's house and buy some vegetables for her birthday.

Let Lin Kai buy a birthday cake for Dong Shu.

For the two women, Lin Kai was helpless, who asked the system to arrange for him last time, let's kiss Dong Shu and Lin Qianqian.

After this, the two women relied more on Lin Kai than before.

Lin Kai had to do the same and bought a more expensive cake to go back. Now he is driving a car, not far from home.

But the closer he gets to his home, the more bad he feels.

Especially Lin Kai, he saw two pools of blood on a corner street a kilometer away from home.

He was keenly aware that the breath of these two pools of blood was very familiar.

This caused Lin Kai's expression to change, and the car immediately accelerated, but after a while he reached the door and rushed into the house.

Sure enough, what he was worried about still happened. Dong Shu and Lin Qianqian were attacked by an ancient martial artist of the martial sage level on that street corner.

The hidden **** is hiding outside the house, but this ancient warrior is also smart. Knowing that there are masters hiding near Lin Kai, he chose to attack Dong Shu and Lin Qianqian on the way.

Fortunately, Yinshen arrived in time. Even so, Dong Shu and Lin Qianqian were seriously injured.

Fortunately, the people sent by Jiang Shu played some roles.

Among them was a female military doctor, just for fear of an accident on Lin Kai's side, so she could be treated immediately.

Under the treatment of this female military doctor, Dong Shu and Lin Qianqian were no longer in danger of their lives. At present, they lost too much blood and fell into a brief coma.

The hidden **** should go to hunt down the martial arts master, the hidden **** was not seen in the family.

Lin Kai showed infinite murderous intent. Although he might guess that it was Lin Yuan who paid for it, he had no evidence.

Otherwise, he wouldn't care about anything and directly kill Lin Yuan.

And at this time, the system issued a mission, "Chasing and Killing Zheng Tianhao", it was the martial arts master who attacked Dong Shu and Lin Qianqian.

The reward is the extraction ability of the demigod, indicating that the task is not simple.

That ancient martial artist, Saint Wu, is very likely to be good at escape.

Lin Kai was right. It didn't take long for Yinshen to return. According to Yinshen's statement, he could track down that martial sage. How could he say that Yinshen was also a master master.

However, that Martial Saint, Zheng Tianhao, was not inferior to Yinshen in terms of speed.

The reason why I didn't catch it was because there were a few more martial sages, dressed like Zheng Tianhao, who changed positions with Zheng Tianhao at the fork in the road.

He definitely knew that Yinshen would come after him, so he was organized and premeditated.

Yinshen was worried about Dong Shu and Lin Qianqian's side, so he immediately turned back.

Lin Kai didn't blame the Yinshen, and he thought it was right for him to do so. After all, there are still several martial sages. If another martial sage was sent to attack Dong Shu and Lin Qianqian, it would be absolutely dangerous.

After questioning, Lin Kai also knew that the hidden **** slapped Zheng Tianhao behind him with a palm while he was chasing.

The power of the master is not a martial sage, it can withstand it.

Under that palm, Zheng Tianhao must be seriously injured, indicating that even if he could escape, he would not be able to escape far.

Lin Kai also noticed that there was a strand of hair in Yinshen's hand, which was Zheng Tianhao's hair!

This made Lin Kai's eyes bright, because the silver extraction ability he obtained from saving Yin Suyan last night was the ability to track.

It looks good, but it actually needs the blood or hair of the other person to track it.

If it weren't for the hidden god, slap Zheng Tianhao's palm, and Zheng Tianhao's hair would not be left.

Lin Kai didn't even think about it, holding the strand of hair left by Zheng Tianhao, and instantly used his tracking ability.

It didn't take long for him to feel something. Looking into the distance at the door, there was chill surging in his eyes, and he muttered to himself: "Don't kill chickens and scream monkeys, I'm really so messy? Almost wanted Dong Shu and Lin Qianqian. No matter who is behind it, I will kill you!"

After that, Lin drove the Rolls-Royce Phantom and drove away quickly.

He originally planned to drive this car to the hospital to visit Li Shengxian tomorrow, and he happened to return the car.

But now that something has changed, this Rolls-Royce Phantom is really fast, so I used it first.

As for the hidden god, he was already lurking at the door of the house, afraid that someone would come to assassinate him.

Dong Shu and Lin Qianqian were taken care of by the female military doctor, and Lin Kai was also relieved.

This matter was also reported to Jiang Shu, and Lin Kai hoped that Jiang Shu could send someone directly to investigate Leiyuan Group.

It's a pity that Jiang Shu didn't find any useful evidence, so he couldn't send people to investigate directly, but he would send people to watch Leiyuan Group's every move, which was barely a good thing.

In this case, the Leiyuan Group would not dare to do anything in the face during this time.

...

Between the East China Sea and neighboring cities, there is a county called Yuanhang County.

Although Yuanhang County also belongs to the East China Sea, in fact, people in this county like to run to the neighboring city.

Because Yuanhang County is between two big mountains, the big mountains block the way to the East China Sea, so a road can only be opened between the two mountains and only by car.

But going to a neighboring city is different. There are roads leading directly to neighboring cities and urban areas.

It was close to midnight now.

At the Yuanhang County Bus Station, in a small hotel nearby, the smell of Chinese medicine is permeated everywhere.

Not only that, there are **** bandages everywhere on the ground.

And lying on the bed, he looked seriously injured and covered in blood.

This person's face was extremely pale and bloodless, and even when he was lying on the bed, his breathing became heavier between breathing.

"Lin Yuan! I have been selling my life for you for half a year, at least I trust each other! But this time, you want to kill me when I do things for you! What a damn!"

This person is Zheng Tianhao. He was lying on the bed, his pain made him grin, and he kept cursing Lin Yuan.

This afternoon, he received Lin Yuan's order to attack and kill two ordinary people, which was too simple for him.

However, Lin Yuan did not tell him that there was a master master hidden nearby.

If it weren't for his escape speed, it was comparable to the speed of a master, otherwise he would suffer.

Even so, he was slapped by the master master and was seriously injured.

What makes him even more angry is that he originally thought that several other martial sages were here to help him, and indeed helped him escape the chase of master masters.

But those martial sages were actually Lin Yuan sent over and killed him!

Chapter 1365: What Do You Want

Chapter 1365

Zheng Tianhao immediately called Lin Yuan.

Who knows Lin Yuan, let him be the best, find a place to exterminate himself.

Zheng Tianhao was very angry. He wanted to say something, but the other martial sages rushed to catch up. He had no choice but to flee frantically, first hiding in the mountain for one night.

Then I came quietly to Yuanhang County nearby. In order to avoid encountering several other martial sages, I stayed in a small hotel very low-key.

Think of him as a magnificent martial sage, but now he has fallen to such a miserable appearance.

While Zheng Tianhao was sad and indignant, he was helpless. If it wasn't for his serious injury, he couldn't catch up with those martial sages alone. Otherwise, he would have left happily a long time ago, and blamed the palm of the master master!

The more Zheng Tianhao thought about it, the more depressed he became. Regardless of whether he was injured or not, he just picked up a bottle of wine in his hand and drank it grumble.

After drinking it in one breath, the depression in his heart dissipated a little, and then he muttered to himself: "Lin Yuan! I know your details, the East China Sea is already your world, and I will leave this East China Sea when Lao Tzu is cured! When the time comes, what can you do with me! Want to kill me? Make your spring and autumn dreams!"

As for why, not to seek revenge from Lin Yuan, Zheng Tianhao had never had such an idea.

Even if Lin Yuan did such a great job, he didn't have the slightest idea in this regard.

The more you understand the details of Lin Yuan, the less you dare to retaliate against Lin Yuan.

Not to mention other things, Lin Yuan's own strength alone is much better than him.

As a result, Zheng Tianhao can only wait for his injury to heal before leaving the place of right and wrong in the East China Sea, and then feel at ease.

After all, in the East China Sea, Lin Yuan wanted to kill him. A master master must kill him.

As for the two girls who were killed by him, he thought they should be dead. For killing the two ordinary girls, he didn't have any emotional fluctuations, just like pinching two ants to death.

It was this small hotel that gave him mood swings.

Today's weather is unusually hot. The air conditioners in this small hotel are of the kind, old ones that can't be old, making Zheng Tianhao sweat.

Zheng Tianhao couldn't help but got up, and went to open the window.

When he was about to turn around, abruptly, he heard the sound of a car.

The sound of this car is not an ordinary vehicle.

Zheng Tianhao suddenly became vigilant. This night, let alone hear the noise of luxury cars, he didn't even hear the noise of ordinary cars.

Yuanhang County is originally a remote county, and this small hotel is also very remote. It usually takes a few months during the tourist season to have many guests.

However, it is not the tourist season now. There can be one guest a day, and it is great to live in with a guest like him.

What's more, it is definitely a luxury car.

Zheng Tianhao couldn't help looking over, and he saw a Rolls-Royce Phantom, and stopped right across the door of this small hotel.

The opposite location is also a hotel, but it is more luxurious than this small hotel.

Moreover, in Zheng Tianhao's impression of this luxury car, neither Lin Yuan nor the senior leaders of Leiyuan Group had such a car.

It must be the second generation of wealthy people passing by, thinking that this time is too late, after all, it is twelve o'clock, so I just find a place to stay.

Thinking like this, Zheng Tianhao couldn't help but breathe a sigh of relief, just as he turned and left the window.

From the Rolls-Royce Phantom, a young man walked off.

Zheng Tianhao thought it was Lin Yuan at first glance, but then his face changed drastically.

"Lin Kai!"

Zheng Tianhao's face changed wildly again, how could he not know Lin Kai!

Lin Kai is Lin Yuan's confidant, and the person who hates the most and can't wait to get rid of it.

but!

Lin Yuan didn't dare to face Lin Kai head-on, and could only rely on the size of the Leiyuan Group and various conspiracy and tricks to plot against Lin Kai.

He also knew that the two ordinary girls who had been attacked this time were also people close to Lin Kai.

Lin Yuan had to use it, and the people around Lin Kai threatened him. One can imagine how strong Lin Kai is!

Zheng Tianhao's heart trembled in an instant, but he had acted out of Lin Kai's side, if he was caught by Lin Kai, he would definitely have no place to bury him!

But how did Lin Kai chase him?

He just learned that at that time, Lin Kai was not at home, but at the international airport in the East China Sea, so he dared to do it.

The master next to Lin Kai did not catch up, so how did Lin Kai know where he was?

Although Zheng Tianhao had a lot of doubts, he didn't forget to flee straight back. Even if he was seriously injured, he had to use his fastest speed to get rid of Lin Kai!

But before he opened the door of the room, Lin Kai downstairs, looking at Zheng Tianhao with a frightened expression, fled behind.

Lin Kai sneered to himself, he jumped to the window and instantly entered the room.

“Want to escape?”

Lin Kai watched, Zheng Tianhao was about to open the door of the room, he immediately closed the window, and then quickly came to Zheng Tianhao, kicking Zheng Tianhao in the leg with his true energy.

With a scream from Zheng Tianhao, that leg directly knelt on the ground, making it difficult for him to stand up again.

He looked at Lin Kai with horror on his face, and he could detect a sharp murderous intent emanating from Lin Kai.

“Who are you! Why did you break my leg! Come on! Someone wants to kill me!”

Zheng Tianhao tried to make him shout, only to find that his voice became very small.

There are no guests in the nearby rooms, and even if there are, I can't hear what Zheng Tianhao is saying now.

Zheng Tianhao couldn't believe it. He heard that his voice was very small, but he obviously used a loud voice!

Naturally, it was Lin Kai who used his true energy to seal Zheng Tianhao's voice. No matter how he called it, his voice would be very small.

Lin Kai sneered: “You still pretend to be a fool? If you don't know who I am, will you see me and immediately turn and run away? As for why I interrupted your leg, don't you have any points in your heart?”

Hearing Lin Kai's series of rhetorical questions, Zheng Tianhao's expression turned ugly, and then he snorted, “Lin Kai, what do you want?”

“What do I want?” Lin Kai's face was slightly cold: “I know you were sent by Lin Yuan, but you are nothing more than working for Lin Yuan, but you hurt innocent ordinary people. I will come naturally and kill you!”

“Kill me? Lin Kai, if you dare to kill me, Lin Yuan will definitely catch you, and you will die very hard!” Although Zheng Tianhao said so, he was still terrified. Lin Kai didn't know. Lin Yuan wanted to kill him, so he had to move out of Lin Yuan.

But let him tell Lin Yuan about Lin Kai, let alone tell Lin Kai.

Because Lin Yuan had a lot of his handle, if he betrayed Lin Yuan, the consequences would be even worse.

Besides, he didn't think that Lin Kai would really dare to kill him.

If he really killed him, Lin Yuan would indeed use some means to counter Lin Kai.

Chapter 1366: I Do Not Want To Know

Chapter 1366 I Don't Want To Know

Lin Kai heard this, with a playful smile on his face, and then said coldly: "You think, I don't know, I don't know about you being chased by Lin Yuan? Would you like me to break you, Send it to Lin Yuan?"

The reason why he knows, of course, is the content released by the system. When he mentioned this, it was where Zheng Tianhao was. The system did not provide the location, only some personal information about Zheng Tianhao.

I also know that if Zheng Tianhao was caught by Lin Yuan, he would end up in a more uncomfortable way than killing him. It was completely inferior to life and death.

Zheng Tianhao was unbelievable at first, glanced at Lin Kai, and then showed fear. He would rather die than be sent to Lin Yuan by Lin Kai!

His whole body trembled because of fear, and his gaze gradually became decisive, as if he had made some great determination, he quickly said: "Lin Kai! I also obey Lin Yuan's orders so I can't hurt his innocence. Feel guilty. If you let me go this time, I will tell you everything I know about Lin Yuan and everything I can know!"

He doesn't feel any guilt, two ordinary people, if they kill, they will kill.

However, what he said is true.

Now he hates Lin Yuan more than Lin Kai.

Lin Yuan grabbed a lot of his handles, and rushed to kill him, which made him extremely angry. Now that he met Lin Kai, who could compete with Lin Yuan, of course he held Lin Kai's thigh first.

It's best to let Lin Kai and Lin Yuan fight to the death and die under his disclosure!

Zheng Tianhao was very excited when he thought of this.

"Oh? Know a lot about Lin Yuan?"

Lin Kai immediately became interested, but he looked at Zheng Tianhao with a sneer in his eyes: "It's a pity, a pity, your condition is useless to me."

As he said, he immediately used his golden ability to tell the truth to let Zheng Tianhao honestly tell what Zheng Tianhao knew about Lin Yuan.

After ten minutes, Lin Kai cancelled this golden ability.

Zheng Tianhao didn't know, he had already told Lin Kai everything he knew about Lin Yuan.

He looked at Lin Kai with a face of self-belief: "Lin Kai, how is it? If you know about these Lin Yuan issues, you will definitely be able to solve Lin Yuan very quickly."

Lin Kai sneered: "I don't want to know."

Zheng Tianhao was shocked, what's the situation? Lin Kai didn't even want to know this? Doesn't he want to get rid of Lin Yuan and then hurry up?

After all, Lin Yuan is like that. He targets Lin Kai everywhere and even threatens the people around Lin Kai. Can he bear it?

Especially, Zheng Tianhao next moment saw the killing intent in Lin Kai's eyes and understood that what Lin Kai said was true.

That being the case...If you want me to die, don't think about it!

Zheng Tianhao showed decisiveness in his eyes, and secretly wanted to take out something from behind with one hand.

But before he took out anything, Lin Kai kicked his hand and scrapped it.

Zheng Tianhao was shocked. He didn't expect Lin Kai to be so sharp. Before he recovered, he suffered a heavy blow in the chest.

It was Lin Kai who blew past with a punch, which made Zheng Tianhao almost dying.

Zheng Tianhao couldn't believe it, Lin Kai really killed him directly, and he really didn't want to know something about Lin Yuan.

But what made him desperate was that Lin Kai said indifferently: "Needless to say, I also know some things about Lin Yuan, so you can rest assured and be a good person in your next life."

Lin Kai didn't show any mercy. In the system providing Zheng Tianhao's personal information, Zheng Tianhao did not know how many innocent people were killed during the period when Zheng Tianhao worked for Lin Yuan.

It is a pity that although Lin Yuan ordered Zheng Tianhao to do it, Lin Yuan was very smart and would not order it himself, but used various methods to bypass him and let him do things.

The purpose of this is that these things cannot be blamed on him.

So it's useless to keep Zheng Tianhao, not to mention that Zheng Tianhao almost killed Dong Shu and Lin Qianqian today, which he really couldn't bear.

This Zheng Tianhao was dead.

Soon, Lin Kai killed Zheng Tianhao.

On the contrary, some things about Lin Yuan from Zheng Tianhao's mouth, although not very useful, but barely useful.

Those who were all chased by Lin Yuan would never get any core secrets from Lin Yuan, at most it was external news.

I learned that Wanxin Group and another big group in the neighboring city will cooperate with Leiyuan Group.

Help Leiyuan Group, devour the economic lifeline of the entire East China Sea, and control the East China Sea.

This is only a preliminary development. When the East China Sea is controlled, it will reach out to the entire province.

In fact, it seemed to Lin Kai that Lin Yuan's appetite was too great, and it was a dream in a short time.

However, he is still more vigilant, because Leiyuan Group wants to control the entire East China Sea. At present, the biggest enemies are him and the Li family.

Presumably, Lin Yuan's next step is still on him, or on Li Shengxian, playing some tricks.

According to Zheng Tianhao, the Leiyuan Group will take the next step in about four days.

And four days later happened to be the worst day for Leiyuan Group.

Lin Kai seized this opportunity well.

Afterwards, Lin Kai called Jiang Shu, and Zheng Tianhao's corpse Jiang Shu would send someone to deal with it.

Because Zheng Tianhao was actually the person on Jiang Shu's side who wanted to stare at, and he had been trading in gangs abroad.

But there was still no evidence, Lin Kai asked, and told Jiang Shu the evidence.

In this way, Jiang Shu could use Zheng Tianhao's corpse to complete his performance.

After Lin Kai finished the call, he left here, jumped down the window, returned to the Rolls-Royce Phantom, started the car, and quickly left here.

Lin Kai didn't know that in the room, Zheng Tianhao's body began to brave a ray of black air.

At this time, Lin Kai came to the road between the two mountains, which was very narrow.

Suddenly, a middle-aged man in his fifties was walking in the middle of the road, dressed in the clothes of a farmer working in the field.

Lin Kai couldn't help but stopped the car slowly. The road was too narrow for the middle-aged man to go aside.

So, he also opened the window and said to the middle-aged man, "Uncle, why are you walking here alone in the middle of the night, how dangerous is it?"

The middle-aged man shook his head for a while and sighed: "The doll working in the urban area of the city suddenly had a car accident and is being rescued in the hospital. I usually work in my hometown, but I hurried over when I heard the news in the middle of the night. There was no car at night, so I had to walk alone."

“Oh?” Lin Kai was slightly surprised, but he also saw that there was nothing strange about the middle-aged old man, so he said: “Uncle, let’s go, I happen to be going to the city as well, so it’s better to see you off.”

The middle-aged man quickly thanked: “Thank you! Thank you little brother!”

With that said, he took the seat of the co-pilot.

Chapter 1367: Support

Chapter 1367

In this way, Lin Kai continued to drive the Rolls-Royce Phantom, and drove the middle-aged man to Donghai City.

Just before driving far, the middle-aged old man suddenly said, “Little brother, do you mind if I smoke in the car?”

“Uncle, if you want to smoke, just smoke.” Lin Kai responded.

Just as the middle-aged man took out a pack of cigarettes, Lin Kai’s phone screen turned on.

The mobile phone was placed on the top of the car console, so he saw at a glance what was displayed on the mobile phone screen.

It was a short message sent by Jiang Shu. It should have been sent this night for fear of disturbing Lin Kai.

The short message was not displayed in its entirety, only the first half of the content was displayed, to the effect that he would ask him to help.

Three days ago, in the suburbs of Xicheng on the East China Sea side, the evil spirits were suppressed, so the dragon-veined mountains were able to regain the sky.

A part of the back mountain in Yuanhang County happened to be close to the mountain, which caused it to be contaminated by evil.

And just the day before yesterday, a farmer from Yuanhang County went to the back mountain and found an ancient tomb by accident.

As a result, the farmer disappeared. The body of the farmer was found yesterday and died next to the ancient tomb.

And when he died, the cigarette in his mouth turned into black smoke.

This scene caused the rescuer to feel that something was wrong and immediately reported it to the above.

Then the people above, first arranged for archaeological experts, and confirmed that this ancient tomb may come from the Qin Dynasty.

As for the second half of the content, Lin Kai needs to tap the screen of his phone to see the complete text message.

He couldn't help catching a glimpse of the middle-aged man in the co-pilot. At this time, the middle-aged man took out a black cigarette from the pack of cigarettes.

Lin Kai did not show any surprises. At first he did not see what was wrong with this middle-aged man, but as he came up, he noticed that the middle-aged man was full of resentment.

While the middle-aged man was holding a cigarette, Lin Kai calmly clicked on the short message and checked the entire content.

Afterwards, the people sent from above also confirmed that there must be evil in the ancient tomb from the Qin Dynasty.

Although the Pihua Mansion immediately left for the East China Sea after learning the news, it still took a certain amount of time.

The people above learned that Lin Kai would also be able to subdue evil spirits, so they requested Lin Kai's temporary support.

Because the news was spread out for some reason.

Some tomb robbers and the like may take the opportunity to rush there.

The archaeological expert asked Lin Kai to help first because he couldn't deal with the evil.

It wasn't a white gang either. Jiang Shu had communicated with the people above, and in Leiyuan Group, he would focus on helping Lin Kai.

Although Lin Kai is the lord of the Ninth Mountain in Jiulong Mountain, the state will not intervene or control the secular chaebols.

But this time it broke the precedent, as long as Lin Kai went to help, he would help him.

Naturally, Lin Kai didn't think that he would do his best to help him, but the state, as long as he noticed the Leiyuan Group.

And the system will really pick the time and release a task again.

It's just this task that surprised Lin Kai.

Because this is a very rare task that rewards God-level extraction ability!

Help the archaeological team to carry out the archeology smoothly, prevent other tomb thieves, and solve the powerful evil in the cemetery!

This coming extraction ability is the gossip extraction ability, and various formations can be extracted from the gossip.

Simply put, you don't need to lay out the formation yourself, just extract the gossip, and you can immediately display the formation!

When Lin Kai saw this task, his calm heart couldn't help but get excited.

The more rewarding the system task is, the more it means that the task is difficult to complete!

Even so, Lin Kai made a decisive decision to complete this task.

Immediately afterwards, Jiang Shu sent another message about the specific location of the tomb.

He also said that the archaeological team is currently in Yuanhang County, taking a break to adjust, and preparing for formal archaeology tomorrow morning.

If you haven't left the scope of Yuanhang County, I hope that the evil inside will be solved at night, but he is not alone. According to speculation, the people from Pihua Mansion will also arrive in the early morning.

Lin Kai has no opinion on this.

He looked at it and found that the specific location sent was less than a few hundred meters away from him.

To be precise, on the left side of a bridge a few hundred meters away, there is a road leading to the tomb.

After Lin Kai read the news, he turned off his phone, and the middle-aged man in the co-pilot, with the black cigarette in his mouth, said, "Little brother, I forgot to bring a lighter. Can I borrow a lighter?"

Lin Kai had already drove the car to the edge of the bridge, and he responded: "The lighter is in front of you. The place where you can store things, if you can open it, it will be there."

Hearing this, the middle-aged man stretched out his hand, ready to go there to get a lighter.

Suddenly, the middle-aged man changed his direction in an instant, and he stretched out his long hand to grab Lin Kai's arm.

Lin Kai sneered, he slammed the steering wheel, drove the car to the bridge and braked immediately.

Then he took out a piece of talisman and posted it on the middle-aged man.

The middle-aged man stared at Lin Kai in disbelief, as if he didn't expect that this seemingly ordinary young man in front of him would have the ability to kill evil spirits.

Under the Fuluo, the middle-aged man turned into a burst of ashes.

This middle-aged man was exactly the farmer killed by the evil.

He was killed by an evil spirit, and his grievances after death were unwilling to dissipate, resulting in a spirit of resentment.

Resentment hurts others, and it will become stronger and stronger.

Of course it was impossible for Lin Kai. He saw the resentful spirit escape and had to solve it by himself.

Afterwards, Lin Kai looked calm and parked the car on the edge of the bridge, where there was a large open space just right to put the car.

He didn't bring anything, so he went straight to the mountain.

He has golden eyes, and it makes no difference to him at night.

As for the evil spirit in the ancient tomb, according to his speculation, it should be a little stronger than the previous evil spirit.

Otherwise, the task will not be to reward the extraction ability of God level.

At this point, Lin Kai is still more cautious.

Last time it was because the evil spirits were trapped and weakened most of their power. This time it might be a little harder.

However, Lin Kai has not abandoned his cultivation in the past few days. With the help of the essence of the dragon veins, the Jin Dan Qi has become more and more consolidated.

When he reached halfway up the mountain, there was a small mountain village with about ten or twenty houses.

But at first glance, there are no people living inside, and there are overgrown weeds.

Obviously, all the villagers in this village have moved away long ago.

The location of the ancient tomb is just a few miles behind the small village.

Not long after Lin Kaigang left this small village, he heard some noises in the forest.

He couldn't help but urged the golden pupil to see clearly through various trees and weeds.

Chapter 1368: Alice

Chapter 1368 Alice

"Alice, why is she here?"

Lin Kai saw that there were several people in the forest.

Two were squatting on the ground, as if probing something.

The two of them, a thin man in a Taoist robe, a flashlight in one hand and a compass in the other, were looking for something.

The other is a middle-aged man with a black birthmark on his face, carrying a backpack. The black birthmark was extremely strange, like a knife dyed with graphite and engraved on the face abruptly.

Extremely three-dimensional, giving people a kind of uncomfortable look.

Behind them, two others stood.

It was a man and a woman. The man was very young, dressed in designer clothes and wearing a golden watch, which looked unusually dazzling at night.

It must be the rich second generation.

The female is a foreign girl with blond hair and blue eyes, with a very hot body and a very beautiful appearance.

The rich second-generation young man, looking at the blond beauty next to him, smiled and said: "Miss Liss, we do this professionally. Over the years, we have cooperated with your family many times. Although you are For the first time, I took the initiative to come to China and personally supervise our work, but please rest assured that this time I will successfully get the treasure from this tomb."

This blond and blue-eyed beauty, dressed in leather, is full of wild beauty.

She used Mandarin, which was not very standard, and said, "Master Ma, I know the strength of your team. However, when I came to China, I did not deliberately supervise you, but just happened to hear you say, There is a cemetery from the Qin Dynasty. I am still very interested in the culture of the Huaxia Kingdom, so lets take a look.

The blond beauty paused, she looked at the two people squatting on the ground curiously: "Are they looking for the location of the tomb now?"

The young man also smiled: "Yes, during the day, I originally wanted to come and explore the location of the tomb, but there were too many people guarding here during the day. So now, I am looking for the location of the tomb. But Miss Lis, Dont worry, you will find the location right away."

When the young man finished speaking, the thin man in Taoist robe immediately got up, took the compass, swung away in one direction, and quickly said: "Boss Ma, the location is found! About four to five hundred meters away from the east. distance!"

Hearing this, the young man nodded in satisfaction, not forgetting to glance at the blond beauty.

The young man was about to say something more, he heard an unhurried footstep coming towards them.

"Someone?" The young man frowned, but he found out that there was evil in the tomb, so no one dared to stay here at night.

The young man led his men and came over to fight.

The middle-aged man with a black birthmark on his face quickly took out his pistol and pointed it in the direction of the sound of footsteps.

Although the moon is very big tonight, it is a mountain forest.

Moonlight can only pass through, and the gaps between branches and leaves are scattered sparsely on the ground.

Even so, these people, with the help of moonlight, could clearly see that a man in casual clothes came from not far away, it was Lin Kai.

Lin Kai's clothes were stained with mud and soil, and even a few of them were damaged, looking very embarrassed.

Naturally, he did this deliberately. Then he saw a few people and made a pair. He didn't expect that there would still be a sense of surprise, and he said: "Are you fellow travelers too? I heard that the mountains on the East China Sea have been developed , I saw a few photos on the Internet and thought

it was pretty, so I ran to climb the mountain. As a result, I was walking among the mountains and got lost. Can you take me with me when you go down the mountain?"

Alice, a foreign beauty, saw the full picture of Lin Kai, her eyes widened, full of disbelief and joy.

Had it not been for other people here, she would have given Lin Kai a passionate kiss.

The young man didn't notice that Alice's expression changed next to him. He walked a few steps forward, looked at Lin Kai, and said, "Yes, it's a donkey. Since you are lost, why don't you call for help?"

Lin Kai shook his head and said, "It's strange to say that this place is a bit remote and there is still signal during the day. But at night, there is no signal at all. I was going down the mountain in the evening and lost my way. Electricity."

Lin Kai's half-truth, he already knew this mountain, probably because of the evil in the ancient tomb.

The mobile phone has a signal during the day, but there is no signal at night.

The young man still didn't seem to believe what Lin Kai said. He went on to say: "This brother, I ran into a stranger on the mountain in the middle of the night. I don't know if what you said is true or false. Or show me your phone. Is there really no electricity? If there is no electricity, I will believe what you said and I will take you down the mountain with peace of mind."

How could Lin Kai not be prepared? Before that, he used his true energy to quickly exhaust the battery of his phone.

So he took out his mobile phone without hesitation and handed it to the young man.

The young man glanced at it first. Lin Kai's mobile phone was a cheap domestic product.

This made him look a little contemptuous, and immediately realized that he couldn't turn on the phone, he returned it to Lin Kai, and said lightly, "No wonder you have a broken cell phone so fast. I advise you to buy a foreign high-end when you have money. Machine. Dont get dead in a certain wilderness and no one will collect your body for you."

These words of the young man made the thin middle-aged man in the robes and the birthmark all show a mocking smile, and he recognized what the young man said.

Lin Kai shrugged, and said helplessly: "The poor boy who just graduated, travel for a while, and buy a better one when he gets to work."

The young man no longer doubted him, and believed what Lin Kai said.

Afterwards, the young man pointed his finger in the direction of the village and said, "You walk in this direction all the way. After ten minutes, you will encounter a deserted village. There is a stone monument to the north of the village. You can go all the way down from the stone monument. , You can reach the foot of the mountain. We waited to get to the top of the mountain, so we didn't go along with you."

"Okay, thank you." Lin Kai turned around, ready to walk in that direction.

In fact, he was thinking in his heart, did Alice forget him?

Just when Lin Kaigang turned around, Alice finally shouted: "Mr. Lin, is that you?"

Lin Kai was slightly overjoyed, but he didn't forget him, it was easy.

He turned around again, his face was surprised at first, and then suddenly found Alice's shocked expression: "Alice?"

"It really is Mr. Lin!"

Alice became excited again, and this time, she finally couldn't help but rushed into Lin Kai's arms.

Lin Kai could only feel the fragrance of a woman.

And this scene made the young man's face look. Instantly became extremely gloomy.

Chapter 1369: Are All Peers

Chapter 1369

The thin man in a Taoist robe couldn't help but smiled softly at the birthmark of the middle-aged man: "Boss Ma seems to be out of play. I didn't expect Miss Lisi to know other Chinese men."

The young man was very upset at first. Hearing the ridicule of the thin man, he glanced at the thin man with a hint of warning.

Then he hurriedly walked to Alice's side and coughed dryly: "That Miss Lisi, business matters, it's past twelve midnight, we are running out of time."

Alice was a little reluctant, and began to get away from Lin Kai's arms.

She ignored the young man's words, but with resentment, said quietly: "Mr. Lin, don't you believe that you can get lost, just like then! Humph! Like lying!"

Alice said it in public, and the young man and others looked at Lin Kai vigilantly.

Lin Kai's face was as usual, and he smiled and said, "Do you have the same purpose as me?"

Alice chuckled and laughed, and then gave you a very skinny look. Then she pointed to the three young men and introduced: "Ma Jingyang, Wang Shouzi and Xiao Li, the three of them often cooperate with my family. Tianshi gang."

The so-called celestial master is to put it nicely, but in fact it is called the tomb thief of the bucket.

The young man, Ma Jingyang's complexion suddenly changed: "Miss Lisi...how can you..."

I saw Alice interrupt Ma Jingyang immediately and shook her head and laughed: "Don't be nervous, Mr. Lin, but a fellow. I know him well, and didn't I say that there is evil in the cemetery? With Mr. Lin working together, I will definitely Smoother."

"Yes, they are all peers. Introduce myself, my name is Lin Kai, and I am also a celestial master." Lin Kai also smiled.

He wouldn't be a celestial master, but when he was a special soldier of the Ninth Mountain, he went abroad once to **** a national treasure.

The national treasure was stolen by foreign thieves.

Lin Kai and his teammates went to recover, Lin Kai inadvertently saved Alice in the process of recovering.

In addition, Lin Kai used cultivating methods at that time, thinking that Lin Kai was a Huaxia teacher.

Alice was very grateful for his life-saving, and also admired Lin Kai's methods.

Since Alice had not recovered the national treasure at that time, Alice was still in danger, and Alice followed Lin Kai.

As a result, Alice fell in love with Lin Kai.

She was ready to confess to Lin Kai, but Lin Kai had already recovered the national treasure and returned directly to China.

As a result, when Alice saw Lin Kai earlier, she was both pleasantly surprised and resentful.

The three of Ma Jingyang stared at Lin Kai with suspicion.

They didn't doubt Lin Kai's identity, but doubted, is Lin Kai really as powerful as Alice said?

They have been in the Huaxiatian division so long, and they have never heard of Lin Kai.

Alice at this moment, Chao Lin laughed and said: "This time I came to China, besides the family arranged one thing for me, I was also planning to find your trace. I didn't expect that I was really happy to meet you here. ! It seems that Mr. Lin, you have heard about this ancient tomb. The same is true for me, and I happen to have a keen interest in Chinese ancient tomb culture."

She paused, and then said: "So Ma Jingyang and the others, when they come here to fight, I will come and have a look. Mr. Lin, I invite you to pour this Huaxia Qin Dynasty ancient tomb with us. , Let you choose one. In addition, I will privately give you a large cash reward!"

In fact, Lin Kai just waited for Alice's words.

But on the surface, he pretended to have a hesitant look. After a while, he nodded: "Well, if someone else invites me like this, I will refuse it. After all, I'm used to being alone. Miss Lisi personally invited me. , Then I'm more respectful than fate."

"What does it mean to be respectful or obedient?" Alice blinked blue eyes.

Lin Kai responded with a smile: "I just agreed to your invitation."

"Great! Mr. Lin! With your help, this time it must be a better result with half the effort! Let's go now!" The smile on Alice's face increased.

This caused Ma Jingyang to snort coldly: "Miss Lisi, I have never heard of Lin Kai in China's Celestial Realm. You don't understand, there should be a very powerful evil in this ancient tomb. A dangerous thing, coupled with this time it has been clear that there is a powerful evil, it is even more dangerous. Together with unfamiliar and unknown celestial masters, our lives must be confessed here!"

Alice seemed to know that Ma Jingyang would question and immediately responded: "In fact, Mr. Lin also has a nickname, you must have heard of it."

Speaking of this, Alice has no appetite: "He is the **** thief in your Huatian teacher world, word of mouth!"

"The thief? Is he the thief?"

Ma Jingyang and the three people exclaimed.

Hua Tiantian's teaching world, spread from abroad, is a legendary celestial master's story.

Then the thief, although only a few times abroad, each time, he must bring back the stolen cultural relics of China.

Every time I almost brought back all the cultural relics that had been stolen overseas from China, I would leave a note with just two words: God Thief.

Then this incident, for some reason, spread to China's celestial master realm, saying that the thief himself was a very powerful celestial master.

As for why it spread to the Heavenly Master Realm, it was because the country needed Lin Kai to use this name to bring back the national treasure.

Otherwise, it is not good to do it on the outside.

Therefore, the status of a celestial master was arranged so that foreigners would not be overly investigating anything.

Although Ma Jingyang was still suspicious of Lin Kai's strength, even though it was the rumors of the thief, it was after all rumors.

But Alice has always been touting Lin Kai so much, Ma Jingyang had no choice but to say: "Okay, I have indeed heard of the name of the thief, me and my two men, today we must take a closer look at the true ability of the thief!"

Anyone can hear that there is something in these words, which is full of provocation.

Lin Kai smiled indifferently. He didn't really want to fight with these tomb robbers.

He came in, naturally to stop these tomb robbers.

After all, in the system mission, it was said to stop the tomb thief, and not to let the tomb thief steal the things in the tomb.

So, he shrugged and said: "Then, you have to take a closer look. Of course, you will deal with some small problems yourself. When there is a big problem, I will take action again, otherwise it will be overkill."

When Wang Shouzi heard Lin Kai say this, he also sneered again and again: "Hey, what a thief! When he really entered the tomb, maybe there was a small problem, he was so scared that he ran and screamed, adding chaos to us, and also Not necessarily!"

Chapter 1370: Discrimination

Chapter 1370

Seeing that the atmosphere was a little bad, Alice hurriedly stopped Ma Jingyang and the three people from targeting Lin Kai.

She said directly: "It's nothing to noisy. If you question Mr. Lin again, you are questioning me!"

When these words came out, Ma Jingyang, Wang Shouzi, and Xiao Li all closed their mouths.

The family behind Alice is their big benefactor.

After all, as the country pays more and more attention to this aspect, the antiquities they stolen are not easy to sell in the country. Even if there are channels for sale, there may be a certain chance that they will be caught by the vine.

Therefore, many celestial masters choose to cooperate with foreign rich men and sell to them.

And the family behind Alice is also a huge family abroad. With this alone, they dare not violate Alice's orders. Not to mention, they have to point to Alice's family for dinner.

However, although Ma Jingyang no longer targeted Lin Kai on the bright side, he was quite dissatisfied with a cold snort, leading Zhang Shouzi and Xiao Li, and took the lead.

Alice took Lin Kai and followed the three of them.

At this time, Zhang Shouzi couldn't help muttering to Ma Jingyang: "Boss Ma, the thief only said that he is a very powerful thief who steals antiquities abroad. In addition to being born in a celestial background, he can No one has seen the divine thief go back to fighting. We are indeed inferior to him in terms of stealing, but in terms of back fighting, I think he is false.

He paused for a moment, and then immediately said: "So Boss Ma, we don't have to worry about this Mr. Lin. After entering the tomb, this Mr. Lin will definitely be revealed."

"Shouzi is right." Xiao Li, with a black birthmark on his face, quite agreed with Zhang Shouzi.

Immediately, he also sneered: "Boss Ma, think about it the other way round. This is a rare opportunity for you to behave well in front of Miss Lisi. That Lin Kai, definitely has no abilities in the fight, and will embarrass him then. , And then you take action to solve it. Let Miss Lisi see, who has the real ability, will definitely look at you, Boss Ma!"

"That's it! What the rich second generation is! Ma boss is the second generation of the heavenly master! Superb!" Zhang Shouzi boasted of Ma Jingyang.

When the two of them said that, Ma Jingyang's eyes lit up, and it was indeed reasonable, but on the surface he shook his head: "Maybe this thief has something to do, there is no weak under a false name. However, I have long wanted to talk to this god. Pirates, the ability to compete against each other."

Even though he said so, he waited for Lin Kai to make a fool of himself.

The three people's whispers were very small, but Lin Kai was a cultivator, so how could he not hear it.

He didn't care about the words of the three.

But at this moment, Alice, who was walking with him next to him, had incomparable sadness in her beautiful eyes, and said, "Mr. Lin, why were you so cruel at the beginning, you didn't even say hello, you left. Then At that time, my heart is about to break, do you know the feeling of heartache?"

Lin Xinxin was speechless. He was only to complete the task and save Alice, but also because he needed to use Alice's identity, so that he could have access to the stolen national cultural relics.

He had to let Alice stay by his side for a few days.

However, in those few days, Alice fell in love with him.

Lin Kai understood this very well, but he didn't feel anything, not to mention that he still had a task, and he couldn't tolerate any thoughts.

Unexpectedly, after so long, Alice still remembers him.

So when Lin Kai urged the golden pupil before, he was very surprised to see Alice.

He also saw that the three of Ma Jingyang, looking at the professional equipment, knew they were tomb robbers.

The system task is to stop the tomb thief, and Alice is also here, so through Alice, he mixed into this small team.

In addition, the evil spirit of this ancient tomb may be stronger than the evil spirit last time.

Although he had no interest in Alice, he couldn't just watch, and Alice went in to die.

After the evil spirits in the ancient tomb are dealt with, I will persuade Alice to go back to her own country after dealing with her own affairs, and not to mix things with China.

As Lin Kai thought about it, Ma Jingyang and Zhang Shouzi in front of them were quite cautious and did not walk on the road opened by the archaeological team during the day.

It was Zhang Shouzi with two hands and a sharp knife in one hand, opening a path from the remote grass and trees to the approximate location of the tomb.

Xiao Li followed Zhang Shouzi closely, holding a pistol, and looking around very carefully. If there was any movement, he might shoot at any time.

Although they saw it with their own eyes, the archaeological team and some people who guarded the archaeological team evacuated the mountain at around 6 o'clock in the evening.

But there is no guarantee that if there are any bold ones, they will stand by this ancient tomb at night.

As for Ma Jingyang, he followed the two of them with a compass in his hand. While watching, he pointed in a direction and asked Zhang Shouzi to open the way in that direction.

Lin Kai and Alice at the end were talking and laughing. They didn't seem to be fighting, they were more like talking about love.

This made Ma Jingyang look back from time to time, seeing the relaxed appearance of these two people, and hating Lin Kai even more.

Alice is his benefactor, so naturally he dare not complain.

But this Lin Kai, like him, is also serving Alice.

But the difference between their treatment and Lin Kai's treatment is too big, they are treated differently!

Ma Jingyang secretly said: Let me relax first. After entering the ancient tomb, I think you are so relaxed now!

The more he thought about it, the more Ma Jingyang wanted to enter the tomb sooner, so that Lin Kai could make a fool of himself in front of Alice.

Ma Jingyang thought, he took out a Luoyang shovel from his backpack, first dug it on the ground under his feet.

Then he squatted on the ground, put the excavated soil on the tip of his nose, sniffed, and said: "Our current position under our feet should be within the scope of the ancient tomb. It seems that this ancient tomb is very large. But this location, Its dangerous if you cant dig in forcibly. You need to find the main passage of the ancient tomb. According to speculation, you can enter the scope of the main passage of the ancient tomb by walking about one mile.

After that, Ma Jingyang didn't forget to be proud, and looked back at Alice.

Alice was indifferent, and instead asked, "Are there no people from China to guard the tomb?"

Ma Jingyang smiled and said: "There are evil spirits in the ancient tomb, so no one should dare to guard here at night. They can only come over during the day."

After all, Alice doesn't understand this knowledge. She has seen many Chinese cultural relics, but she has never understood what to do.

She then asked: "Then why, we have to find another main passage in person to enter the cemetery. During the day, the archaeological team should have excavated and entered the cave of the ancient tomb?"
