Chapter 1371: Trust Mr. Lin

Chapter 1371

Ma Jingyang did not rush to respond to Alice, but turned his gaze to Lin Kai, with a hint of playfulness, and said with a smile: "Miss Lisi, you agree very much. This Mr. Lin next to you, you It's better to ask what his advice is."

Lin Kai's expression remained unchanged, and he calmly said, "My suggestion is to use the archaeological team to excavate the entrance to the tomb directly. There is no need to be so troublesome. Find another entrance to the tomb. I wasted your energy. Waste a lot of time."

He knew that the archaeological team and some of the troops guarding the archaeological team had evacuated cleanly.

Jiang Shu had said that he could go directly to the tomb.

If you meet someone, it means it's not your own person, but the tomb thief who heard the news.

Of course, it is also possible that people from the Pihua Mansion have arrived.

Lin Kai's words made Ma Jingyang sneer and snorted, "Although I saw those people go down the mountain with my own eyes, it is possible that some people will be kept and guarded there. If someone guards us, we will go there, no doubt. When you die, let alone enter the cemetery to fight, its not good to be wanted at that time. As a member of the Chinese nation, you should know that our behavior is a felony. If something really happens, can you afford it? Three of us Its not a big problem if someone gets arrested. Even if Miss Lisi will be implicated in it too!"

Ma Jingyang said with awe-inspiring righteousness, especially the last sentence, as if it were really the case.

Lin Kai shook his head and said, "The information I got is more accurate than yours. I am 100% sure that no one is guarded there. Even if we encounter people, they are all the same as us."

Ma Jingyang sneered, ready to refute something.

Alice did not give Ma Jingyang a chance to refute, she said: "Mr. Lin has this confidence, which shows that it is absolutely true. We have to trust Mr. Lin."

Alice's words paused, and she said in an indisputable tone: "Just listen to Mr. Lin, let's go directly to the archaeological team, and the one left is the entrance to the ancient tomb."

Ma Jingyang and the others had no choice but to head towards the tomb passageway left by the archaeological team.

Zhang Shouzi was very dissatisfied, and whispered: "Go straight away? A layman is a layman! It's okay to send someone to observe nearby for a period of time, and then go straight away. If anything unexpected happens, we all have to kneel!"

Xiao Li shook his head: "Farewell, just go directly. If you really send someone there to observe, it can't be that kid, definitely send one of us three."

Zhang Shouzi thought for a while, so he snorted coldly, "Let's pray, no one will guard there."

Ma Jingyang did not join in the conversation between the two. As he walked forward, he occasionally turned his head to look at Lin Kai, his eyes gleaming with a vague meaning of coldness.

at the same time.

The pedestrian in Linkai, a few hundred meters away.

There is a cute girl with a pair of ponytails, carrying a backpack and holding a pointer dial similar to gossip.

This pair of ponytail girls, named An Xiaoran, looked at the gossip pointer at the point where she was pointing, and quickly moved a dozen steps forward, and then walked to a dense bush.

An Xiaoran then pulled aside the grass. There was a big hole inside, but the two of them went down together, completely unobstructed.

"Finally found!"

A smile appeared on An Xiaoran's cute face, and then he moved the bushes back.

If you don't look carefully, you really can't see it, there will be a big hole inside.

An Xiaoran didn't even think about it, and took out a relatively special mobile phone, like an elderly phone. It turned out to be full of signals on it, and it didn't seem to be affected by evil.

The next moment, she dialed a number.

"Old monk! I came early, how about you? Is it possible to let me go in alone to deal with the evil in the ancient tomb?"

Although he got through the number, An Xiaoran quickly discovered that the signal on the phone was indeed full, but he couldn't hear the voice of the other side, nor could he hear the voice of the other side.

"It seems that this evil monster is quite strong, and even the special mobile phone has been affected by the signal."

An Xiaoran muttered, she had no choice but to retract the phone.

She was going to find a place nearby to rest for a while, waiting for others to come, unexpectedly she heard a sound of footsteps at this time.

She frowned and heard the footsteps, there were at least four or five people. There were not so many people she had to wait.

An Xiaoran responded quickly, and immediately hid behind a nearby tree.

She secretly glanced at the source of the footsteps, and with the help of moonlight, she found several figures driving in this direction.

And while driving, those few people looked to the ground as if they were looking for something.

“Unexpectedly, there are really tomb robbers here!” An Xiaoran’s heart was stunned, and he carefully hid in hiding.

A few people from Lin Kai have already arrived, and the tomb opening left by the archaeological team’s excavation is roughly in position.

It must have been covered up, otherwise it would be fair to expose this ancient tomb. Wouldn’t it be a chance for the tomb thief?

After Ma Jingyang and the three of them searched for a while, they didn’t see any openings in the tomb.

Alice, who followed, asked, “Will it be in this direction?”

Zhang Shouzi responded with great pride: “Boss Ma is the second generation of the Celestial Master. I think that the father of the Boss Ma back then was one of the famous Jin Jin lieutenants in the Celestial World. The Jin Jin lieutenant is more professional than the Tian Shi. The boss has only inherited one-tenth of his father’s professional ability, but there is still no problem finding this kind of ancient tomb.”

Ma Jingyang was very satisfied in his heart. Zhang Shouzi praised him so much, but he waved his hand, pretending to be very humble, and said with a smile: “Not as good as Shoushi said, but the position of the small tomb is still It’s hard to trouble me. Even this archaeological team is also very professional. It puts the location of the entrance to the tomb on the most difficult location to find in Feng Shui.”

Ma Jingyang paused, then looked at Lin Kai, revealing a hint of provocation. He turned his backhand again, the compass appeared in his hand, and immediately said: “Feng Shui blows away, the compass turns...”

Lin Kai actually saw the location of the entrance to the tomb at a glance.

It wasn’t the location of Jiang Shufa. Jiang Shu just posted the approximate location of the ancient tomb. You have to find the location of the entrance to the ancient tomb.

The reason why he didn’t say it was because he wanted to see Ma Jingyang’s ability.

It seems that Ma Jingyang does have some skills.

Before Ma Jingyang could finish speaking, Lin Kai walked to the bush.

This made the others look at Lin Kai in surprise, especially the three Jiang Shu.

Chapter 1372: Into The Tomb

Chapter 1372

Zhang Shouzi quickly scolded Lin Kai, “Don’t walk around. Didn’t you see Boss Ma here using the celestial means to investigate the entrance to the ancient tomb?”

Xiao Li also said coldly: "You don't understand this bit of knowledge, and you all say you are a very powerful celestial master, I can't see it!"

Ma Jingyang couldn't say anything to Lin Kai because he was chanting terms, but he looked at Lin Kai with coldness.

I was very dissatisfied with Lin Kai's sudden move.

Lin Kai ignored the words of Zhang Shouzi and Xiao Li, and Ma Jingyang's gaze.

He pulled the grass open directly, revealing the big hole inside.

This scene caused Zhang Shouzi and Xiao Li to stare at the big hole in disbelief.

Ma Jingyang was also dumbfounded, and stopped hurriedly after he had finished reading the term immediately.

After all, the tomb was found everywhere, and it would be meaningless for him to continue reading.

This made Ma Jingyang unacceptable, and his face gradually became gloomy, especially when he saw Alice's worshipping eyes towards Lin Kai, his face was instantly gloomy and terrifying.

It took a lot of energy to recite this kind of term. As a result, Lin Kai didn't know whether it was true skill or luck, so he immediately found the location of the entrance to the tomb.

At this moment, Alice came to Lin Kai's side and uttered her heartfelt worship, and said: "Mr. Lin, you are as brave as you were at the beginning! You are indeed the man I'm after!"

Hearing such direct words from Alice, let alone Lin Kai was speechless.

Ma Jingyang was even more angry, his lungs were about to explode.

However, the three of them walked towards Lin Kai.

Although this ancient tomb passage is four or five meters deep, a dirt ladder was dug to lead down.

"It's almost one o'clock in the morning, and I will enter the ancient tomb now." Alice's eyes showed excitement. She was not to robber the tomb, but to experience the ancient tomb culture of China.

Ma Jingyang glanced at Lin Kai provocatively again, and said coldly: "The words are in the front, this ancient tomb is not an ordinary tomb, and the identity of the owner of the tomb is not ordinary. Lets not say whether there is any evil in it, only by some organs. Trap, it will be very dangerous. So those who go in first may encounter danger, that is, to explore the way. So, dare you go in?"

Alice wanted to say something.

Lin Kai immediately responded with a smile: "You dare not go in first, naturally I will go in first."

"Mr. Lin!" Although Alice knew that Lin Kai had that ability, she also had her own selfishness, so she gave an order: "Tianshi Ma, since this ancient tomb is a certain danger, the three of you pay double. But you have to lead the way."

Ma Jingyang smiled: "Okay!"

He had actually anticipated this kind of result. He didn't care if he walked in the front, mainly to get more rewards.

To be precise, he was sitting on the floor and raising the price.

At the same time, Ma Jingyang was also extremely jealous in his heart, even if Alice paid double the reward, but Alice increased the price like this for Lin Kai.

This shows that Lin Kai's position in Alice's heart is very high!

The more so, the more Ma Jingyang hated Lin Kai.

But before Ma Jingyang and the three were preparing to enter this ancient tomb passage.

The three of them walked far to the other side, saying that they wanted to check whether the equipment was complete.

In fact, the three were discussing something.

Lin Kai could clearly hear that what the three people discussed was nothing more than how to use the danger in the tomb to transfer to Lin Kai after entering the tomb. He wanted to use a knife to kill and kill Lin Kai.

Lin Kai's eyes showed coldness. He didn't take the initiative to provoke people, but if others take the initiative to provoke him, don't blame him for being ruthless.

Not long after, Ma Jingyang, Zhang Shouzi and Xiao Li returned to the tomb passage.

Immediately, Ma Jingyang led the three people into the tomb passage.

Seeing the three people walking in, Alice said to Lin Kai, "Mr. Lin, let's go too."

"it is good."

Lin Kai nodded, and walked into the tomb passage with Alice.

When I went in completely, it was still very dark.

Although Ma Jingyang and others carried nuclear flashlights to light up the road ahead, it was still very dark beside Alice.

With the smell inside, it was a bit disgusting, and Alice didn't feel comfortable at all.

Alice looked nervous, grabbed Lin Kai's arm, and said in fear: "Mr. Lin, this is the first time I have entered this kind of place, so I will hold on to you."

Lin Kai was even more speechless: "You are so scared, why do you still follow them to come to this ancient tomb together, it is quite dangerous inside."

Alice curled her lips: "I have said it. I just want to feel the five thousand years of your Huaxia Kingdom. This ancient tomb culture has a long history. Even if I am scared, I have to come in and take a look, not to let myself have any regrets. But good. Now, when I met you, Mr. Lin, I felt relieved."

Lin Kai shook his head helplessly, so Alice could only lead him like this.

Then the two quickly followed Ma Jingyang, Zhang Shouzi and Xiao Li.

After Lin Kai and his party of five entered the tomb.

An Xiaoran walked out from behind the big tree, staring all the way, Lin Kai and others walked into the tomb.

Seeing these tomb robbers, she was in a bad mood.

“That old monk is also true. I haven’t rushed here until now. I still go in and take a look, lest these tomb robbers succeed.” An Xiaoran murmured and made up his mind decisively.

Because she noticed that this group of tomb robbers were absolutely professional, and worried that most of the cultural relics inside would be stolen.

At the same time, An Xiaoran was still very worried that the evil spirit inside would be very powerful, and her ability to deal with that high-level evil spirit would be very difficult.

“No matter it! You can’t just watch, let this group of tomb robbers return with a load!”

An Xiaoran gritted her silver teeth and walked into the tomb passage.

the other side.

Under the guidance of the three of Ma Jingyang, this passage has come to an end.

This passage is nothing but, leading to the real ancient tomb.

When turning a corner, the sights of several people suddenly became clear.

The first thing that catches your eyes is a huge area of three or four hundred square meters, just like a huge basketball court underground.

It is covered with bluestone slabs, and on the bluestone slabs, there are many lifelike statues.

These statues, snakes, lions, tigers, statues of these animals.

Especially the central statue is a statue that looks like a hydra. The eyes of each snake are inlaid with green gems.

Under the illumination of the flashlight, a faint green light appeared, as if it were a real hydra, which was very permeating at first glance.

Of course, no one dared to fight Hydra, pay attention to the green gem on it.

Often this place is full of dangers. If you are confused by these gems, it is a dead end.

Chapter 1373: Tomb Attack

Chapter 1373

At this moment, Ma Jingyang looked around, his expression was excited, and there was a tremor in his voice: “We have not entered the real main part of the ancient tomb. This is just the square outside the

main tomb! So many stone statues are carved for protection. Owner of the tomb! To build a square of this size, the identity of the tomb owner is by no means that simple!”

“Anyway, this is a big tomb! We are going to post it!”

Ma Jingyang said at the end, he made a direct summary.

He was young, and although he had fallen a lot, he had never visited a tomb of this size a few times.

Both Zhang Shouzi and Xiao Li’s eyes glowed, and they were very excited.

In addition to giving them double rewards, each person can choose a treasure in this scene.

Often the bigger the tomb, the more precious the treasures inside.

Although Alice was not so excited, there was a smile on her face.

In fact, she has no interest in the treasures in the tomb. Her family has strong financial resources and is also one of the top families abroad.

Cooperating with China National Heavenly Master is just one of the trivial projects.

The main reason is that some members of the family are also interested in the culture of China.

Among them is Alice, who has become more and more interested since she came into contact with the antiques of China.

Now I am in Huaxia, in the tomb two thousand years ago, I only smiled.

Only Lin Kai frowned. Even if he didn’t enter, standing in this square in the real tomb, he could detect the strong cold air in the tomb.

According to Jiang Shu, the group of archaeological team at that time passed through the square and entered the real tomb room not long after they were contaminated by the cold air and passed out.

After all, the group of archaeological team is ordinary people, it is difficult to resist the strong cold air, and it is not good after invading the body.

Alice was not an ordinary person, she felt keenly at this moment, with a cold look in her eyes, as if watching her in the dark.

Her face was full of smiles, and her face was suddenly surprised, especially when she subconsciously looked at the Hydra statue in the center of the square.

The statue of Hydra, like the cold eyes of one of the snakes, was looking at her.

“Mr. Lin!” Alice was a little scared immediately. She was interested in the culture of Huaxia Kingdom, and naturally she also had some understanding of Huaxia Kingdom.

In the ancient tomb, it is also possible to encounter powerful evil.

She grabbed Lin Kai’s arm, and quickly said to Lin Kai: “Mr. Lin, the statue of Hydra, do you think it looks at us?”

Lin Kai naturally felt it, but in order not to startle the snake, he wanted to look at the statue of the Hydra, what he wanted to do.

So he calmly said: "Miss Liss, you should be too nervous and have hallucinations, relax, it's okay."

"Okay." Alice trusted Lin Kai very much, and then took a deep breath, did not look at the statue of Hydra, but looked towards the front of the square.

There is a big stone gate at the forefront. It seems that the big stone gate leads to the tomb.

Ma Jingyang and the three have already begun to study the big stone gate.

And while Alice was observing the big stone gate, the Hydra statue in the center of the square, with the cold eyes of the Hydra, all stared at Alice.

There was even a snake, spitting out a long black snake letter, silently behind Alice in the darkness, and attacked.

Snake Xinzi is full of evil spirits. If this is attacked, even the ancient martial artist of the Martial Saint level may not be able to bear it.

Although Alice is not an ordinary person, she has not yet reached the level of Wusheng Guwu by her strength.

Therefore, Alice was really attacked, and she was definitely injured.

Lin Kai has been in secret, paying attention to the Hydra statue in the central square.

He really saw the Hydra statue and attacked Alice.

This Hydra statue is naturally not a living thing, but has been contaminated by evil spirits for a long time, which has led to a little spirituality.

To be precise, this Hydra statue was actually controlled by the evil inside.

Lin Kaizi didn't know it, and saw that the snake letter child of the Hydra statue attacked Alice.

When Snake Xinzi was less than fifty centimeters away from Alice, Lin Kai made a decisive move, running infuriating energy, and hit the long Snake Xinzi with a palm.

The evil spirit above, under the suppression of Zhen Qi, turned into plumes of white smoke.

"His!"

There were a few screams from the Hydra statue.

This scream seemed to be heard only by Lin Kai. Neither Ma Jingyang nor Alice, who was next to them, heard them, and continued to observe the big stone gate at the front of the square.

Immediately, the evil spirit on the long snake letter turned into white smoke, and the snake letter disappeared.

The Hydra statue should know the power of Lin Kai. Hydra's cold gaze no longer looked here, but just as before, looking at the left side and looking away.

At the same time, that cold gaze gradually disappeared, returning to what he had seen at the beginning. However, if you stand next to the Hydra statue, you will definitely notice that the evil spirit on the snake body of the Hydra statue is also quickly dissipating.

“Mr. Lin, why did you run behind me?”

At this moment, Alice did not find Lin Kai standing side by side, so she turned to look over and found Lin Kai behind her, which was a little strange.

“Aren’t you scared? Naturally standing behind you.” Lin Kai responded with a casual smile.

But these words moved Alice so much, she was about to say something.

Ma Jingyang, Zhang Shouzi and Xiao Li returned here at this time.

Ma Jingyang pointed to the big stone gate at the forefront of the square and said, “Miss Lisi. On the big stone gate, there are also some murals that go west by cranes. According to the thinking of our ancient people in China, I guess the tomb was built. A person of greatness means the meaning of flying into a fairy. In this way, this tomb is becoming more and more difficult.”

Alice became interested, holding a flashlight in her hand, and illuminating the big stone gate at the front of the square.

I saw that there were indeed many figures and animals carved on the stone gate.

Alice could not help asking Xiang Lin Kai, “Mr. Lin, what do you think of these murals?”

Lin Kai laughed without saying a word, he himself was a cultivator, and he knew that he might also exist in the world of cultivators.

It’s just that he is the only cultivator on earth.

Maybe in ancient times, there were indeed some immortals.

But the owner of the tomb is not really soaring into a fairy.

Moreover, the murals depict the pill, which has risen to a fairy.

In ancient times, the knowledge of these cultivation methods is more than a simple question of identity, and it may even be the tomb of the emperor!

Of course, Lin Kaizi would not tell all these things to Ma Jingyang these three tomb robbers.

Chapter 1374: Remind

Chapter 1374

In fact, there is another point. In the murals, I do not know that the owner of the tomb has risen into a fairy, and it also depicts a legend of the Chinese kingdom.

Lin Kai couldn’t help but glanced at the Hydra statue in the center of the square, thoughtfully.

Alice saw that Lin Kai ignored her, curled her lips, followed Lin Kai's gaze, looked at the Hydra statue, and found nothing, then turned her head.

Immediately, Alice raised her flashlight and shone it on the big stone gate. She took out her mobile phone again, and felt that these murals had a Chinese cultural feel, so she was going to take pictures.

Lin Kai just looked back and saw that Alice was about to press the confirmation button to take a photo, and said quickly, "Miss Lisi, you can't take pictures on Shimen!"

Alice shuddered in shock, she didn't continue to take pictures after hearing the words, and obediently retracted her phone, and then asked with great doubt: "Mr. Lin, why can't you take this big stone gate?"

Lin Kai sensed that the frescoes of the big stone gate had some connection with the statues on the square.

He was afraid that Alice would be touched, and the statue in this square stopped it.

However, he hasn't seen the specifics for the time being, so he didn't say it directly, he just shook his head: "I'm afraid that this will disturb the evil in this tomb, so be careful."

"In this ancient tomb, is there really evil?" Alice's beautiful eyes showed fear, especially before she always felt that the Hydra statue in the center of the square was staring at her.

Now, Alice was even more scared.

She was spoiled since childhood and was well protected by her family.

That was the time Lin Kai rescued her because he was in danger unintentionally, so that he was very grateful to Lin Kai for the love he had for Lin Kai.

Therefore, she has never seen such a scene.

"Miss Lisi, it's only evil. I have seen too many evils. The three of us have killed a lot of evils, so you don't have to worry too much. As long as I am here, I will never allow you to suffer any harm." Ma Jingyang is confident. The way.

"Master Ma, just take care of yourself."

Alice said to Ma Jingyang, neither salty nor light.

Then some little birds were swayed by people, pulled Lin Kai's arm, shook them, and said, "Mr. Lin, I know that you are also very good at dealing with evil. If evil appears, I believe you will protect it immediately. Yes, right?"

"maybe."

Lin Kai didn't say so sure, because he could guess that the evil spirit this time would be very powerful.

He doesn't use any affirmative words about things that he is not fully sure of.

After all, Alice is a foreigner, and she is not so clear about the literal expression of Huaxia Kingdom. She thought it might be a positive meaning, and she immediately expressed her peace of mind.

Ma Jingyang's face turned gloomy. Alice's attitude towards him and Lin Kai was totally different, which made him very upset, and then coldly snorted, "This square is not a real tomb. Let's enter the tomb now. ."

After speaking, Ma Jingyang, Zhang Shouzi and Xiao Li continued to open the way.

Lin Kai and Alice were side by side, following behind.

As they got closer and closer, Lin Kai felt the evil spirit more clearly at the big stone gate in the front of the square.

And the degree of evil spirits also became more and more intense as they approached Dashimen.

At this time, Lin Kai and his party had arrived in front of Dashimen.

The evil spirit leaked through the gap between the big stone gate.

It is conceivable how terrifying the real graveyard in Dashimen is.

This degree of evil spirit is not weaker than the evil spirit's evil spirit last time.

Lin Kai shook his head secretly. It was indeed the place where the dragon vein was born. This dragon vein can conceive two powerful evil creatures.

If it wasn't for Lin Kai's solution last time, that evil spirit.

This ancient tomb will not be renewed.

The evil gangster of this ancient tomb can always hide in the cemetery and strengthen himself in secret.

If the evil spirit last time was absorbing evil spirits on the bright side.

Then the evil in this ancient tomb is very low-key.

Often the latter is the most terrifying.

Lin Kai's expression gradually became serious.

Ma Jingyang seemed to have noticed. Lin Kai's expression looked at Lin Kai and sneered: "Mr. Lin, this big stone gate is by no means manpower and can be opened. So there is definitely something to open it. Since you are also a heavenly master, Why don't we have a competition, who will find the mechanism of this big stone gate first and open the door?"

Alice looked curious and said, "If everyone is willing to compare, then I will add a bet. Whoever opens the stone gate can choose one more treasure in the ancient tomb."

Ma Jingyang was instantly excited, his gaze was full of provocative look at Lin Kai: "Miss Lisi has put up a bet, Mr. Lin, I will ask you, do you gamble?"

Lin Kai was not interested, so he faintly replied: "Don't bet. If you want to open this stone gate first, you can open it first. If you can't open it, I can do it."

These words made Ma Jingyang, Zhang Shouzi, and Xiao Li all look at Lin Kai with a sneer, as if he could open it 100%.

Zhang Shouzi sneered and said, "I'm afraid you know that you don't dare to gamble if you can't win against the boss of the horse? This is the rumored thief, that's it?"

Xiao Li also sneered unceremoniously: "The thief is nothing more than that. Rumors are rumors. In fact, he is an incompetent kid at all. If I knew that I was so timid, I wouldn't let you follow! The tomb will hurt us!"

When Alice heard the two say this, her eyebrows frowned deeply, she was still very angry, but she wanted Lin Kai to slap them in the face so they could see the true strength of Mr. Lin!

As a result, she didn't stop these two people, and kept provoking Lin Kai.

Lin Kai was unmoved, he felt a little cold in his heart. In fact, the three of Ma Jingyang deliberately sought opportunities to provoke him, trying to use the traps in the ancient tomb to harm him.

Naturally, Lin Kai was not afraid. To open this big stone gate, for him, he didn't need to find any mechanism at all. He could directly use his true energy to open it easily.

And he had already seen the trap hidden in this big stone gate.

Mainly, he didn't gamble, because as long as he opened the big stone gate, it meant that he officially entered the tomb.

The evil in the tomb will definitely be alarmed.

In the face of this level of evil, he can barely guarantee Alice's safety, but he can't guarantee the three of Ma Jingyang.

The three of Ma Jingyang didn't realize that the power of evil in the tomb and the traps of the big stone gate would kill them.

Now they are ready to open the big stone gate.

Seeing this, Lin Kai couldn't help but reminded: "I advise you, don't open the big stone gate in a hurry, and then think about it, so as not to seek death."

Chapter 1375: No Longer Cover Up

Chapter 1375

When Lin Kai said this, Ma Jingyang, Zhang Shouzi and Xiao Li were furious at the same time.

Ma Jingyang's face was very ugly, his voice increased a few decibels, and he yelled: "Lin Kai! What are you talking about! Say we are seeking our own way? If you are afraid of yourself, don't involve us! The three of us are not afraid!"

Lin Kai shook his head secretly. He rarely reminded him that since the three of them refused to listen, he had nothing to do.

So, he pulled Alice back half a meter away, and then said: "I have reminded you that if you still want to open this big stone gate so rashly, don't blame me if there is any danger to your life. Remind you. Actually, I want to say that the three of you leave this ancient tomb as early as possible."

Lin opened up until the end, and said nothing more.

“Hey! Are you really scared of us? With danger, you want to scare us away, so that you can swallow the treasures in the ancient tomb?” Zhang Shouzi looked coldly at Lin Kai, and said with a grinning smile: “Boss Ma Ive been upset with this kid for a long time. I obviously dont have the skills, and I pretended to be aloof. I want to see that this kid can be dealt with, so as not to enter the cemetery later and cause us all to be exhausted.”

When the three of them discussed, they wanted Lin Kai’s life and let him stay in this ancient tomb forever.

The plan discussed was to secretly use some conspiracy to kill him.

But Zhang Shouzi, as if he couldn’t stand Lin Kai, said directly.

Ma Jingyang was taken aback for a moment, then glanced at Alice, then gritted his teeth, and said cruelly: “Okay! Before opening this big stone gate, first solve this kid! Otherwise, after we enter the cemetery, we will definitely be caught. The kid is involved!”

What Ma Jingyang said was awe-inspiring.

In fact, my heart is very excited, this kind of honesty to kill Lin Kai is the best!

He has worked so hard to be on the list of the family behind Alice, and finally meets Alice.

Originally according to his thoughts, in this inverted fight, if he showed himself a little bit, Alice would be conquered by his strength and fell in love with him.

Alice is not only beautiful, but also the family behind it is rich in finances. If she can marry Alice, she will naturally no longer take the risk and enjoy the pleasure brought to him by the Alice family!

Seeing that, beautiful women and lifetimes do not have to worry about the wealth that can not be spent, he will soon be caught.

As a result, Lin Kai didn’t know where he came from, and even kicked in!

Especially after Alice’s intimate attitude towards Lin Kai, Ma Jingyang gradually became murderous!

Now that Zhang Shouzi exposed them and wanted to kill Lin Kai, he would simply kill Lin Kai in a straightforward manner!

When Lin Kai died, the three of them, for Alice, would explore the tomb and found a lot of antiquities.

In this way, Alice would not hate him, but would appreciate him.

What’s more, how can the value of a dead person be compared with him?

As long as Alice is not stupid, she will definitely choose him in the end! Because he was able to bring more Chinese antiquities to the family behind Alice!

Just after Ma Jingyang finished speaking, Zhang Shouzi took out two sharp daggers, one in each hand, and both hands instantly raised, and he attacked Lin Kai!

Although this thin man is as thin as a bamboo pole, the burst of power is not weak.

Xiao Li took out his pistol, looking like he was watching the show, and at the same time pointed the pistol at Lin Kai. As long as there was something unexpected, he would shoot immediately.

It can be said that the cooperation of the two completely put Lin Kai to death.

Alice's face changed, she didn't understand at all. She was fine before, so why is she facing life and death now?

She looked at Ma Jingyang angrily: "Ma Jingyang! Hurry up and tell your men to stop!"

Ma Jingyang didn't dare to look at Alice, but instead set his gaze on Lin Kai, with an undisguised murderous in his eyes, and said in a cold voice, "Miss Lisi, it's not that I didn't tell my two men to stop, it's me. The two started, and were irritated by Lin Kai's words just now. Didn't you fail to hear it? Lin Kai warned us, and clearly used a threatening tone to let us go."

"We are working for Miss Alice. This is a large tomb. There are definitely a lot of treasures. How can we leave like this? Besides, this kid has no skills, just talk, he is not a celestial master at all! Entering the tomb room, because of this kid, what kind of trap is touched, it will kill us all!"

Ma Jingyang said in order, as if it were really the case.

Alice wanted to explain something to Lin Kai, but now Zhang Shouzi, holding two daggers, one left and the other went towards Lin Kai, trying to make Lin Kai unable to avoid it.

Lin Kai's eyes were cold, and he swept towards the three of Ma Jingyang.

The clay figurine still has three points of anger.

He kindly reminded him that these three people were so angry that they became ashamed, their nature was exposed, and they killed him without any cover.

Lin Kai sneered. This thin man is just a martial artist. Seeing his breath is unstable, he should be a martial artist who hasn't broken through for long.

The two daggers were already sharp, and Zhang Shouzi was an ancient warrior, so they attacked Lin Kai's key points more powerfully and accurately.

"Hey, die! Rubbish kid! What kind of **** thief, it's just a false name!"

Zhang Shouzi saw that his dagger was about to fall on Lin Kai, and a cruel smile appeared on his face.

Naturally, their business is a bit harder.

After getting the treasure after the dumping, it is common to kill each other because of the uneven distribution of the spoils.

Therefore, in addition to the evil creatures in the opponent's cemetery, he also needs to have some abilities.

In Zhang Shouzi's opinion, this Lin Kai is nothing more than theft and nothing else.

In the next moment, he seemed to be able to see Lin Kai being stabbed to death by himself, and the cruel smile on his face became even stronger.

However, at this time, Zhang Shouzi's cruel smile instantly stiffened, and even his entire face was distorted because of the pain, with an incredible look in his eyes.

I saw Lin Kai standing in place, not dodge or dodge, but incomparably calm, he threw a punch.

This punch is not only fast, but also powerful!

In an instant, it hit Zhang Thinzi's chest hard.

Zhang Shouzi puffed, vomiting blood, and flew out directly. The bones of the entire upper body, as if they had been slapped off, kept making the sound of clicking and shifting bones.

“Skinny!”

Ma Jingyang and Xiao Li exclaimed at the same time, and they also showed incredible eyes.

They are well aware of Zhang Shouzi's power. Although Zhang Shouzi is just an ancient warrior who has just broken through a martial arts master, he has also received the inheritance of the heavenly master.

The inheritance of the Celestial Master can also enable Zhang Shouzi's power to compete with the masters of the peak of the martial artist.

But now, Zhang Shouzi was just like that, he was vulnerable to Lin Kai and seriously injured.

Chapter 1376: Trap Trigger

Chapter 1376

Ma Jingyang was the first to come back to his senses, his face was ruthless, and he shouted: “Xiao Li, shoot now! I don't believe it, this kid is capable of avoiding a gun!”

Xiao Li quickly reacted when he heard the words, and directly squeezed the trigger of the pistol.

boom!

An unusually harsh gunshot sounded in this ancient tomb in vain.

In this empty square, gunshots reverberated continuously, making it more loud and harsh.

I saw a sharp bullet from the muzzle of the gun, heading towards Lin Kai's chest, hurried away!

Xiao Li had a smile on his face. Among the three of them, although he was a renunciation halfway through, he was inferior to Ma Jingyang and Zhang Shouzi in terms of methods. But he served in the Royal Special Forces of Y country for several years, and he was extremely accurate in the gun game. It is not too much to say that he is a sharpshooter.

Ma Jingyang's face was also full of smiles. He knew Xiao Li, the ancient martial artist who was killed with a gun, but countless, even the strong martial artist was injured by Xiao Li with a gun.

In his opinion, Lin Kai would be shot in the next second, piercing his chest, splashing blood and falling to his death.

Thinking of this, the smile on his face became even worse.

“Mr. Lin!” Alice was worried. Although he had seen Lin Kai and avoided bullets, it was in the mountains and forests. Dense trees could be used to block bullets.

But Xiao Li was less than one meter away from Lin Kai, and there were no obstructions. How could this avoid the speed of the bullet!

Just before Alice had finished shouting, the bullet was already close to Lin Kai!

Alice and several people, looking at it with the naked eye, naturally couldn't see the bullet, but they were able to pass through the sparks, and they were only a few centimeters away from Lin Kai's chest!

This distance, at the speed of a bullet, is very fast!

Alice didn't even think about it. They only knew that Lin Kai was afraid of being shot to death.

But the next moment, there was a clink, and the bullet seemed to hit some stone wall, making a sound.

The sound seemed to be coming from behind them.

Behind him is Dashimen! Is it possible that this bullet can turn?

Alice and others were all stunned.

Then Alice was delighted and excited!

Because she saw that Lin Kai didn't show any signs of injury, she seemed to have avoided the bullet at the very moment of her hair, and the color in her beautiful eyes became more intense!

As for Ma Jingyang and Xiao Li, as if they had seen a ghost, they were all dumbfounded, is Lin Kai still a human! Hide the bullet at such a close distance!

Moreover, what Lin Kai said at this time made several people stunned again.

“Hehe, depending on your marksmanship, it should be a special soldier who has been practicing for many years. Well, marksmanship is really good, and it can knock out the opening mechanism of Dashimen.” Lin Kai smiled faintly, but it was full of laughter. It is cold.

“You...you, how did you escape the bullet?”

Xiao Li was still in the shock of how Lin Kai avoided bullets. With such a close distance, coupled with the blind spot where he shot, even if it is a powerful ancient warrior, even if it is not hit in the chest, it will have to be hurt.

In the end, Lin Kai had nothing to do.

After a long while, what Lin Kai said, Xiao Li recovered.

Like everyone else, what does Lin Kai mean?

When everyone was in doubt, suddenly heard a loud rumbling noise, coming from behind!

Ma Jingyang and the others couldn't help turning their heads and looking back.

I saw the big stone gate slowly and was opened.

Ma Jingyang, Xiao Li, including Zhang Thinzi lying on the ground, all had a ridiculous feeling. It was obvious that this shot was going to kill Lin Kai, but who would have thought that the bullet would really turn around.

The unintentional move caused the big stone gate to be opened.

They didn't even understand what happened to this bullet.

But now that the big stone gate has been opened, Ma Jingyang, Xiao Li and Zhang Shouzi directly put all their doubts behind, all with a look of excitement, staring at the big stone gate being opened.

The same is true for Alice. She was very happy to see Lin Kai okay, and now the big stone gate was opened unintentionally.

In this way, Ma Jingyang and others should not target Lin Kai again.

While Alice was thinking, she heard the sound of footsteps behind her. Before she could react, Lin Kai stood behind her and grabbed her slender waist.

Lin Kai hugged Alice to a few meters away, about five or six meters away from Dashimen.

Only then did Alice react, she looked up and saw Lin Kai, wondering: "Mr. Lin, you are..."

Before she finished speaking, there was another loud noise.

What came immediately was the sound of mechanical gears, as if there was something else that had been opened.

Alice couldn't help but look forward.

Except for the big stone gate, which was slowly opening, the stone walls on both sides of the stone gate also opened quickly.

Not long after, two chariots made of wood, covered with spikes, rushed out from both sides very fast.

This kind of wooden cow and horse, invented by Zhuge Liang, is a principle.

It's just that wooden cows and horses are used to transport food.

And this kind of chariot with sharp spikes is used as a trap to kill the enemy.

Only a tomb like this is qualified to build this kind of chariot to prevent tomb robbers.

Ma Jingyang, Xiao Li, and Zhang Shouzi were already very close to Dashimen.

So after the appearance of the spiked chariot, the three of them all looked horrified and quickly backed away.

Zhang Shouzi finally got up from the ground with difficulty. Because he was seriously injured by Lin Kai, he could not escape the speed of the chariot.

As a result, Zhang Shouzi was the first one to be hit by these two tanks.

The spikes above are all made of bronze. Although two thousand years have passed, even the bronze has become rusty under the corrosion of the years.

But in ancient times, this kind of craftsmanship was simple and extremely workmanship designed to kill the enemy.

Even if it is rusted, it can cut open the thin skin, and the oxidized and rusted debris on it will fall into the wound. If it is not treated, it will be fatal.

Zhang Shouzi's current leg was pinched by the tank, causing his left and right legs to be pierced.

Zhang Shouzi screamed crazy, lying on the ground, bleeding from his mouth, and shouted: "Boss Ma, Xiao Li, help me! I don't want to die!"

Ma Jingyang and Xiao Li looked at each other. They were not in a hurry to rescue Zhang Shouzi, but were observing whether there were other traps that were triggered.

After a while, without seeing other traps, Ma Jingyang and Xiao Li walked over.

Of course, the two are still in a state of extreme vigilance.

Then the two left and the other right, preparing to pull a chariot by one.

Alice saw this scene, her eyes were horrified, but at the same time it was finally clear that Lin Kai had dragged her back.

Chapter 1377: Anko Ran

Chapter 1377: An Xiaoran

Alice actually planned to go to the big stone gate.

If she really got close there, maybe she could not escape as fast as Zhang Shou.

While Alice was fortunate, she thanked Lin Kai very much. She looked at Lin Kai with a calm expression, as if she knew in advance what traps would come out.

Alice loves Lin Kai even more, this kind of reliable man is what she is looking for! Make her more determined, she must confess her determination to Lin Kai!

She was about to say something to Lin Kai. But seeing that Lin Kai seemed to sense something, Lin Kai turned and looked behind.

Alice was suddenly curious, and she couldn't help but follow Lin Kai's gaze and looked over.

The hydra statue in the center of the square seemed to be alive. The tall snake body gradually rose up, and the stones on the outside began to crack apart, revealing the deep blue and red color inside.

This is not a statue! It's a real Hydra! It's just that the exterior is covered with a layer of stone, so that it looks like a statue!

The body of this Hydra is blue-red, and the snake is very poisonous at first glance, not to mention there are nine heads.

Regarding the recovery of the Hydra, Lin Kai's expression remained calm, but after a faint glance at the Hydra, he turned around and looked towards the big stone gate.

Nowadays, although the opening speed of Dashimen is relatively slow, it has already opened halfway.

Under Lin Kai's golden pupils, he could clearly see, a strong black evil spirit, madly flowing from the big stone gate.

If it is said that before opening the big stone gate, the evil spirit will indeed pass through the gap and leak out.

But the amount of leakage is as slow as icicles melt, as slowly as a drop of water.

And the current evil spirit, like flood discharge water, is very ferocious!

The Hydra was naturally a dead thing, but it was because too much evil aura gushed out that it made the Hydra 'live' again.

"This evil spirit..."

Lin Kai's frowning brows grew deeper and deeper. To say that the intensity of this evil spirit was much stronger than that of the evil spirit last time.

He previously guessed that it might be slightly richer, but he didn't expect it to be so much richer.

Even under the use of the golden pupil, these strong evil spirits completely made him unable to see the scene inside the big stone gate.

"In this way, the evil spirit in this ancient tomb is much stronger than the evil spirit last time."

Lin Kai didn't have any fear. On the contrary, he was quite interested, wanting to know how strong the evil in this ancient tomb was.

Just as Lin Kaiyan was thinking about it, the stone on the exterior of the Hydra on the central square was completely shattered.

The Hydra came completely resurrected, but it was actually controlled by evil spirits.

At this time, the snake body of the Hydra was raised high again, and the nine heads danced wildly, all spitting out the snake letter, and the eyes were extremely dark and poisonous.

Nine eyes, focusing on Lin Kai at the same time, seemed to understand that Lin Kai was the most threatening among these people.

Therefore, the nine heads should have reached an agreement, all of them locked their breath on Lin Kai, and then the tall snake body moved towards Lin Kai.

"Mr. Lin! What is going on! Oh my God! Why did the statue come back to life!"

Alice was extremely frightened, and she also learned from books or others that there are evils and monsters in this world.

In fact, she didn't believe it at all, who wanted to see a statue that came alive today! This completely subverted her perception of the world!

Lin Kai watched the attacking Hydra while preparing to turn his head back, telling Alice to retreat and telling her not to worry.

Suddenly, a petite figure appeared next to Hydra with lightning speed.

This beautiful shadow looks like a girl who is only sixteen or seventeen years old, with double ponytails, and her appearance is also cute and cute.

But she rushed towards Hydra without fear.

This girl is An Xiaoran who is following.

At this time, An Xiaoran took out a blue long sword, and his slender jade fingers slashed across the blue long sword, as if it had been lighted, and magical runes surged on the blue long sword. On top.

"Yin and yang, sword light cuts evil!"

An Xiaoran snorted again, and while holding the blue long sword with surging runes, he stabbed directly at the Hydra.

"His! Hiss! Hiss..."

Suddenly, the Hydra seemed to sense a great danger, and the heads of the nine snakes opened their mouths and **** mouths at the same time.

Don't look at An Xiaoran's appearance is very cute, but when she faces Hydra, her face is firm and confident, and she doesn't look scared.

An Xiaoran even accelerated, swiping the blue long sword in his hand, and fell instantly!

If it is an ordinary weapon, or even a bullet, it is impossible to harm the Hydra.

Hydra can be said to be an evil spirit resurrected by evil spirits.

Those ordinary items can't cause harm to Hydra, but the blue long sword in An Xiaoran's hand is different.

Soon, the blue long sword pierced into the body of the Hydra, emitting a lot of black evil spirits.

When these evil spirits touched the blue long sword, they turned into puffs of white smoke.

The Hydra ache for an instant, and then shook its tail, swiftly shooting An Xiaoran back several meters.

Not only that, the Hydra each stretched out the snake letter, with endless evil aura, attacking An Xiaoran.

An Xiaoran's pretty face was full of dignity, and his figure rolled quickly, then looked at Lin Kai's place, and said speechlessly: "Hey! That handsome guy, you've been watching, why didn't you take action!"

She followed Lin Kai and the others secretly, so she didn't enter this square.

She didn't run in until she heard a lot of movement in it, and when she saw it, there was something evil.

It might be a professional reaction. When she saw the evil monster, she didn't care about so much, so she jumped out and went to kill the evil hydra.

Although she could almost ten percent sure that Lin Kai and the group were tomb robbers, but she couldn't bear to be killed by evil spirits.

Because she belongs to the Bihua Mansion, she is dealing with all kinds of evil problems in the territory of China, just to protect the safety of the people. It is equivalent to protecting people in another way.

Tomb robbers will be punished by law, but evil will threaten the lives of these people.

An Xiaoran couldn't do it yet, and turned a blind eye to these lively lives.

An Xiaoran also vaguely saw that among these people, Lin Kai's expression was the most calm, guessing that he was a more powerful person, so he asked Lin Kai for help.

At this time, Lin Kai also heard the call from An Xiaoran to him for help.

Lin Kai didn't look surprised and couldn't help but smile to himself. In fact, before he walked into the tomb square here, he noticed a person following them.

Chapter 1378: Kill Hydra

Chapter 1378 Killing the Hydra

Lin Kai also sensed that the other party was a girl, so he didn't care too much.

He didn't expect that this girl would be so brave and take the initiative to show up to deal with evil spirits. It seemed that her heart was not bad, it was her strength, and she was a bit reckless.

This Hydra was also slightly weaker than the evil spirit last time. This girl couldn't beat it, which was normal.

Lin Kai smiled again, running Zhen Qi, and without hesitation, he attacked and killed Hydra!

Ghost attack!

Lin Kai was so fast that he hit the Hydra snake with a punch.

As if the Hydra had been beaten by a huge amount of force, the long snake letter and the nine snake heads that had been spit out were all taken back.

And each screamed in pain, and at the same time, a lot of evil spirits appeared on the heads of the nine snakes.

Those evil spirits turned into countless black little snakes and swayed towards Lin Kai.

Lin Kai sneered, and immediately used the talisman extraction ability to extract the raging fire talisman, and a single talisman burned all the dense black snakes.

Under An Xiaoran's stunned eyes, Lin Kai picked up the blue long sword she had fallen on the ground.

I saw Lin Kai holding the blue long sword and stabbing it into the body of the Hydra with great ease, and then making a vicious stroke. The whole body of the snake was severed under this sword. Mouth.

What came out of it was not blood or organs, but a lot of black evil spirits!

Seeing that Hydra was still struggling, Lin Kai used another sword to cut off the nine snake heads, turning them into black evil spirits, and dissipating in the world.

Then Lin Kai extracted a fire-cracking talisman and burned the body of the Hydra into ashes.

This series of moving clouds and flowing water caused An Xiaoran to open her mouth, staring at Lin Kai inconceivably. He immediately gave a thumbs up and praised him: "Handsome man, you are capable of destroying evil spirits, I am An Xiaoran. I really admire it!"

Lin Kai glanced at An Xiaoran, and said lightly: "If you don't have this ability, you won't be able to save you. On the contrary, if you don't know how powerful this evil is, you will take the initiative, which is not good."

Lin Kainan said with an educated taste.

An Xiaoran's previous actions gave Lin Kai a good impression. No matter what this girl is doing, she has no fear in the face of evil, which made him secretly praise.

The only shortcoming is that An Xiaoran didn't even figure it out, so he acted completely recklessly.

Fortunately, he is here. Otherwise, An Xiaoran will never live now.

An Xiaoran was educated first, his face flushed, just about to refute something.

At this time, Lin Kai threw the blue long sword to An Xiaoran, and continued: "I advise you, leave this ancient tomb now. I guess that this ancient tomb will change a lot in the future and it will be very dangerous. ."

Although An Xiaoran was very grateful, Lin Kai saved her life, but one thing belongs to the same thing.

She carried the blue sword and immediately snorted: "Let me go? A joke! Let me go, you tomb thieves, can't you carry out the tomb robbery in an open manner? I think the big changes, it should be you Inside the ancient tomb, rumbling around, looking for all kinds of cultural relics, how can I let you succeed?"

"Oh?"

After hearing An Xiaoran's words, Lin Kai was slightly surprised, and then his eyes showed the color of enlightenment, and he could probably guess An Xiaoran's identity.

So for An Xiaoran's words, he smiled, did not refute anything, let alone explain too much, after all, Ma Jingyang and several people are still here.

Moreover, at this time, the big stone gate was finally completely opened.

Ma Jingyang and Xiao Li have each moved their thorny chariot aside.

This kind of chariot is only made of wood and only has one chance to turn the gear inside, that is, one chance to attack.

Therefore, Zhang Shouzi was able to escape the danger and was rescued by Ma Jingyang and Xiao Li.

Ma Jingyang and the three people looked at the inside of the big stone gate at this time, and they were all a little bad.

From the emergence of the trap of this chariot to the resurrection of the Hydra statue, this ancient tomb became more and more difficult.

This is not simple. It does not refer to the identity of the owner of the tomb, but to the evil spirits in this ancient tomb, which are very strange and powerful.

Ma Jingyang and the three people not only began to fear the evil spirits in this ancient tomb, but also began to fear the forest.

Before Lin Kai had injured Zhang Shouzi seriously and easily, he dodged the bullet.

This actually doesn't prove anything, and it may be Lin Kai's luck, which is really good.

Or what Lin Chen has revealed is not enough to make them fearful.

But just now, Lin Kai, the surrealist, slashed the very powerful hydra evil, which is really in sight.

Both legs of Zhang Shouzi were severely injured. Fortunately, he was an ancient warrior, and he also bandaged himself to stop the blood. While doing it, he looked at Lin Kai and said with dread: "Lin Kai is at least a martial arts master. I can't beat him at all. He can pinch me to death with just one finger."

When he heard Zhang Shouzi say this, Ma Jingyang's face was both gloomy and terrifying, but also quite unwilling. He thought for a while and whispered: "The three of us have completely offended that Lin, thinking. Asking him to forgive us should not work. In that case, we still went to the big stone gate and took all the treasures of this ancient tomb with the means of our celestial master."

"We obtained these treasures ourselves. There must be one of this kind of ancient tombs, which can sell tens of millions or even hundreds of millions of cultural relics. Hey, when the time comes, where we can rely on Alice's family, we will Can be happy!"

At this point, Ma Jingyang's eyes were excited.

He had already offended Lin Kai and Alice, and he naturally swallowed all the cultural relics of this ancient tomb.

When Xiao Li and Zhang Shouzi heard Ma Jingyang's words, their eyes lit up, and they all showed excitement immediately.

Yes, this kind of ancient tomb is rare. There must be a lot of good things in the cultural relics. Why do you want to sell your life to the family behind Alice? Take it all by yourself, okay?

Besides, they are professional celestial masters, and they are more confident in the celestial master than Lin Kai.

Think that Lin Kai is just a little stronger by force.

The three thought about this, and all reached a unified opinion.

Soon, Ma Jingyang and the three of them went straight into the big stone gate without hesitation.

An Xiaoran saw Ma Jingyang and the three of them enter, but found that Lin Kai and Alice did not follow in. She shook her head, looked at Lin Kai, and screamed, "I said, why did you hear the gunshots before? Not one gang, but two gangs. Tsk tsk, why don't you go in yet? That group obviously seized the opportunity to monopolize the cultural relics inside."

Listening to what An Xiaoran said, Alice also looked at Lin Kai and said, "Mr. Lin, let's also enter the real tomb now."

Chapter 1379: Ancient Corpse

Chapter 1379 Ancient Corpse

When Lin Kai heard this, he didn't feel any anxiety, but smiled faintly: "We are not in a hurry. Whether they can make it through and take the cultural relics inside is still a problem."

The evil spirit in this ancient tomb is more powerful than the evil spirit last time.

The evil spirits of the last time, even if the three of Ma Jingyang, Zhang Shouzi, and Xiao Li joined forces, they couldn't do it, and they couldn't even enter the sealed land of Dragon Vessel.

What's more, the evil spirits in the ancient tomb this time, the evil spirits in it, will not stand by, Ma Jingyang and the three of them moved the funeral objects.

If Lin Kai were not here, only Ma Jingyang and the three would be beheaded by Hydra even if they opened the big stone gate.

Before Lin Kai could finish thinking about it, there was a scream from the stone gate, like a pig.

The cry was full of panic and despair.

This voice came from Zhang Shouzi.

Alice was startled, she was about to say something, but Xiao Li also let out a screaming scream at the next moment.

It was as if Zhang Shouzi and Xiao Li had encountered mysterious attacks.

At this moment, An Xiaoran was also uneasy, and everyone could hear the despair with two screams.

Ma Jingyang and others, what happened in Dashimen?

Why did Zhang Shouzi and Xiao Li scream so desperately in a short time? Where is Ma Jingyang?

Both Alice and An Xiaoran were full of doubts.

Lin Kai was still calm, completely in his expectation. He stared at the big stone gate with interest, and immediately walked inside.

"Miss Lisi, and your name is An Xiaoran, right? They stand there obediently, but don't walk in curiously."

Lin Kai didn't forget to turn around and reminded Alice and An Xiaoran.

Before the two women reacted, Lin Kai had already entered the big stone gate.

After he urged the golden pupil, he finally knew what had happened.

Zhang Shouzi and Xiao Li really had an accident. The two fell to the ground, with blood all over their bodies, and they had already died tragically.

Although Ma Jingyang is still alive, he is almost there.

Now Lin Kai's eyes didn't fall on Ma Jingyang. The three of Ma Jingyang were dead or alive, and he didn't care.

If the three of Ma Jingyang were kind to him, or had no intention of harming him, he might save him.

But the three of them kept targeting him and even demanded his life, how could he save them? He had been merciful and righteous without killing them himself.

Moreover, Lin Kai kindly reminded them not to enter the big stone gate, which is even more dangerous.

So it's no fault of others.

At this time, Lin Kai's gaze was at an ancient corpse.

The ancient corpse was dressed in ancient costumes, and the costumes were almost dry, and the ancient corpse itself was very dry.

But the evil spirit on his body is very strong, and he looks like a powerful role.

Lin Kai also noticed that Zhang Shouzi used a dagger, leaving knife marks on the ancient corpse. Xiao Li shot the gun, and it also left traces of bullets on the ancient corpse, but none of it would have any effect on the ancient corpse.

It seemed to have aroused the ferocity of the ancient corpse, and lifted the bodies of Zhang Shouzi and Xiao Li, one by one in each hand.

Squeezing their hands, Zhang Shouzi and Xiao Li's blood poured into the mouth of the ancient corpse.

This ancient corpse was no longer shriveled. With the influx of a large amount of blood, the ancient corpse quickly recovered and became a normal human form.

Not only that, the evil spirit on his body has become stronger, and the strength of the ancient corpse has also improved.

Ma Jingyang, who was injured and collapsed on the ground, took the raw glutinous rice and black dog blood out of his body while the ancient corpse was absorbing blood, and threw it directly into the ancient corpse's mouth.

Whether raw glutinous rice or black dog blood, it is the most effective against the ancient corpses in the cemetery.

But this ancient corpse was different. He took the initiative to swallow glutinous rice and black dog blood, nothing happened.

“I haven’t absorbed such fresh blood in a long time. Quake, when I have absorbed all of your blood, I will absorb the blood of a few other people and drink it all at once!”

Gu Shi quacked with a weird smile, and even threw away the corpses of Zhang Shouzi and Xiao Li after the blood was washed, and then kept walking towards Ma Jingyang.

Ma Jingyang was so scared that he backed away again and again. After a while, he came to a blind spot, and there was no way to go back.

Seeing the ancient corpse, Ma Jingyang was about to come, and his heart was terrified.

Especially from his sight, he happened to see the corpses of Zhang Shouzi and Xiao Li. They had become shriveled corpses due to the blood sucked by the ancient corpses.

Ma Jingyang saw that his two subordinates still looked so miserable after they died, and when he thought of himself, immediately stepping into their footsteps, his heart trembled even more, with infinite fear in his eyes.

Over the years, he and himself have fought a lot, and naturally he has encountered many evils.

Together, the three can solve those evil things.

Of course, there are some powerful evils that have been encountered, but they can barely be resolved.

But the evil in this ancient tomb is very different!

The three of them had no ability to resist in front of this ancient corpse. It was like a sheep meeting a wolf, waiting for death to come.

Ma Jingyang was also very regretful, regretting why he came to this ancient tomb to fight, knowing that there is evil in it. Also regretted, completely offended Lin Kai.

It was precisely because of completely offending Lin Kai that the three of them decided with Alice and went to swallow the treasures in the ancient tomb.

When Ma Jingyang continued to regret, the ancient corpse was less than one meter away from him.

Ma Jingyang’s eyes were filled with despair, he held a peach wood sword in his hand, and he wanted to try it last.

Although I understand that this mahogany sword is useless for this ancient corpse, what if it is useful?

The ancient corpse is closer!

Ma Jingyang roared, and the peach wood sword in his hand slammed into the ancient corpse.

Just listening to the crackling sound, I remembered that there was nothing wrong with the ancient corpse, but the peach wood sword was abruptly broken.

Gu Shiyang glanced abusively, Ma Jingyang with a gray face, stretched out two blackened hands, clutched Ma Jingyang’s arms, and then lifted it up.

It seemed that he was going to **** Ma Jingyang’s blood.

When he was lifted up by the ancient corpse, Ma Jingyang was completely desperate, his eyes dull.

Suddenly, Ma Jingyang noticed that there was an extra person behind the ancient corpse.

This person is Lin Kai. He looked at Ma Jingyang with a calm face, and said lightly: "Isn't this Tianshi Ma? Why? Regret it? I have told you already, leaving this ancient tomb, don't enter this big In Shimen. Alas, the young people nowadays just don't listen to some advice, and it's themselves that ultimately hurts."

Hearing Lin Kai's words, Ma Jingyang was in no mood to pay attention to Lin Kai. He was about to be killed by the ancient corpse, so there was no mood to talk to Lin Kai.

However, he was stunned, why didn't the ancient corpse **** his blood?

Then he looked down and was shocked instantly.

Lin Kai's hand was placed on the shoulder of the ancient corpse, making the ancient corpse immobile, as if using some magical power to make the ancient corpse freeze.

Chapter 1380: Consequences Of Not Listening

Chapter 1380 the consequences of not listening

Ma Jingyang opened his mouth wide, his eyes widened, and he looked at the scene in disbelief.

He had actually seen it before, and Lin Kai was not easy. Not only can easily defeat Zhang Shouzi, but also avoid bullets in short distances, and even kill the evil Hydra by himself.

Although these are also shocking, if he cooperates with Zhang Shouzi and Xiao Li, he can also solve the evil hydra.

When this ancient corpse, the three of them joined forces, and there was no resistance! Know the power of the ancient corpse!

But now? What did he see?

This ancient corpse was in Lin Kai's hands, and there was no resistance!

The three of them are sheep, and the ancient corpse is a wolf.

Now Lin Kai is a wolf, and the ancient corpse is a sheep!

I can't imagine how powerful this Lin Kai is!

After the shock, Ma Jingyang reacted quickly, struggling desperately, and then escaped from the hands of the ancient corpse.

Then, without even looking at Lin Kai and Gu Zu, he was about to escape.

Lin Kai shook his head and mocked his face: "Tianshi Ma, I can be regarded as your savior. If you don't say thank you, you will prepare to escape. It's too rude."

When Ma Jingyang heard the words, while covering the wound on his arm, he turned to look at Lin Kai with a cold face: "Did I let you save it? You wanted to save me, why should I thank you? Besides, Lin Kai!

All this is thanks to you, my two men can't die in vain! When I leave the ancient tomb and contact the powerful celestial masters of my father's generation, then I will see you, can you still be so arrogant!"

Ma Jingyang snorted again, and stopped looking at Lin Kai, and decisively went out to Dashimen. Obviously he was scared and did not dare to go deep into this ancient tomb.

When Lin Kai saw Ma Jingyang run away quickly, he shook his head again, his face even more mocking: "Tianshi Ma, if you just stayed on the spot, you might still save your life. You risk it now. Naturally, if you return to the original path, you will only die. I will be kind, and I will advise you to come back quickly, lest it will be ugly."

Ma Jingyang sneered as he ran, "Lin Kai! Are you afraid of me going out and calling someone to scare me like this? If so, I can despise you."

It's just that he just finished speaking. When he was less than two meters away from Dashimen, he seemed to have stepped on something.

The familiar sound of mechanical rotation made Ma Jingyang stop in vain and stop his figure.

He remembered that Zhang Shouzi was trapped by the organs on both sides of the big stone gate, causing two thighs and injuries.

Ma Jingyang recalled what Lin Kai said just now, his forehead was instantly covered with cold sweat, and he was about to turn around to flee. Unexpectedly, there was indeed a mechanism opening on both sides of the big stone gate.

It's just that the organs on both sides of the big stone gate are densely packed with bows and arrows!

Shoo!

Although the bows and arrows are also rusty, how can the people who designed the tombs fail to consider that because of the long time, the bows and arrows will be useless?

It's not as sharp as before, but it's better than the number of bows and arrows.

Ma Jingyang was unavoidable, and under his extremely regretful expression, he was directly hit by these dense bows and arrows.

The body was full of bows and arrows, and Ma Jingyang was dying.

"Tsk tusk, it seems that there is not enough professional knowledge. In such a tomb where many organ traps are set up to prevent tomb robbers, returning from the same way is undoubtedly seeking a dead end."

Lin Kai looked at Ma Jingyang's miserable appearance and was indifferent. He had made the move before, naturally not to save Ma Jingyang.

Let alone Ma Jingyang, I want to harm him. Just Ma Jingyang, lets do it, and sell the treasures of China in the ancient tombs abroad.

Archaeology is only a rescue excavation, and the cemetery is unintentionally discovered. It is feared that robbers or other factors will destroy the ancient tomb, so excavation is carried out, and the cultural relics inside are dug out and stored.

Or it can be used to study history. Most of the history of China is learned from studying these antiquities.

Then continue to improve the five thousand years of cultural history of China.

So culturally, it has great research value.

Tomb robbers are for their own benefit, either harming the cultural relics or selling the cultural relics abroad, their heart is shameful.

Ma Jingyang belongs to the latter, so he has more to die.

As for Lin Kai, why stop the ancient corpse is to prevent the ancient corpse from sucking blood again.

After this ancient corpse sucked its blood, its strength would go even further.

Lin Kai wasn't afraid, I was afraid that something might happen. After all, Alice and An Xiaoran were still outside Dashimen.

At this moment, Ma Jingyang almost lost his breath. He heard Lin Kai clearly before he died, and he had only one doubt.

That is, he is a bit famous in the world of celestial teachers, and he has not fought dozens of times. It should be said that he has rich experience.

But in front of Lin Kai, he seemed to be a new celestial master, compared with Lin Kai, Lin Kai was the real celestial master.

Could it be that Lin Kai is really like a rumors, he is a very powerful celestial master? Can he be younger than him? The Heavenly Master Realm is so big, he has never seen Lin Kai fall into a fight. So what exactly is Lin Kai, his true identity?

With this doubt, Ma Jingyang gradually died.

In fact, Lin Kai didn't know what celestial master's methods were. He was able to perceive crisis keenly based on his identity as a cultivator.

Seeing that Ma Jingyang was dead, Lin Kai looked at the ancient corpse in front of him.

Although the evil spirit of this ancient corpse was strong, it was not as strong as the evil spirit last time. It was obvious that this ancient corpse was not the most powerful evil in the ancient tomb.

Lin Kai took a palm of his hand, and the ancient corpse turned into countless evil auras, but the next moment, these evil auras quickly gathered together, and the form of the ancient corpse appeared in front of Lin Kai again.

The ancient corpse stared at Lin Kai fiercely, seeming to be extremely angry: "Damn human! Let me take one less human blood. I wanted to be the last to take your blood. Now I will take your blood!"

“Mr. Lin!”

When the ancient corpse was about to attack Lin Kai, Alice and An Xiaoran both ran in.

It seemed that because the two women were outside Dashimen, they saw Ma Jingyang being killed by a trap, and Lin Kai didn't rest assured that they ran in.

Alice and An Xiaoran were in danger when they saw Lin Kai.

At this moment, Alice was extremely anxious.

An Xiaoran was also worried about Lin Kai. She could see that this ancient corpse was stronger than Hydra.

Even if she was standing at the door of Da Shimen, a few tens of meters away, she could clearly perceive the terrifying evil spirit of the ancient corpse.

When the two women were worried, Lin Kai made another move calmly, smashing the ancient corpse and turning it into countless evil spirits.

Only this time, the evil spirits turned into no further reorganization.

It's that the evil spirits, and the evil spirits in this ancient tomb, began to merge.

It was like a pond with a lot of fish pouring into it, instantly causing the evil spirits in the entire ancient tomb to become violent.
