Chapter 1381: Main Chamber

Chapter 1381

Even if it was, Alice and An Xiaoran at the gate of Dashimen could clearly feel that this ancient tomb had become different.

It became even colder, and the temperature dropped a lot in vain.

Alice couldn't see the specific reason, An Xiaoran seemed to understand the reason, her pretty face changed color slightly.

But at this time, Lin Kai had already walked to Dashimen.

Seeing that Lin Kai was okay, Alice patted her chest with a look of fear, and said, "Mr. Lin, I can't imagine you are getting better and better. Have all the evil in this ancient tomb been solved? Look at it, the most On the step at the end, the thick coffin placed there should be the owner of this ancient tomb, right?"

Inside the big stone gate is a vast main tomb.

In this main tomb, the building is also very luxurious, and everywhere are the decorations that the ancient royal family was qualified to have.

At the end, there is a pavilion, and the pavilion is built up by a few meters of stairs.

Inside the pavilion, you can vaguely see the heavy coffins placed inside.

Alice's guess was correct. The person buried in the coffin was the real owner of the tomb.

Judging from the clothing, the ancient corpse should be a personal guard or something to accompany the burial and protect the owner of the tomb.

Lin Kai squinted his eyes slightly, and he could indeed sense that the evil spirit from the ancient tomb was exuding from the pavilion.

The real evil in the ancient tomb has not been solved yet, and he will not leave.

The system task is to let the archaeological team successfully complete this archeology, and stop the tomb thief if there is a tomb thief.

Now the tomb robbers have been stopped. If you want the archaeological team to successfully complete the archeology, then you must remove all the evil spirits in the tomb.

In this way, the archaeological team will not be exposed to evil dangers.

As for the organ traps in ancient tombs, there are also archaeological teams. Professionals in this area can be said to be more professional than some celestial master.

The main reason is fear of evil, after all, no ordinary person can deal with evil.

Lin Kai was about to go to the pavilion to solve the last and most powerful evil in this ancient tomb.

Before he took two steps, An Xiaoran's figure flashed and immediately blocked Lin Kai's path.

An Xiaoran said: "This ancient tomb and other archaeological team excavated, you group of tomb thieves, will only damage these cultural relics! Such a large tomb, there must be very important documents or, or complement the culture that has not been discovered in history. I think you two are not bad-hearted. If you two leave this ancient tomb now, I won't report it to the top."

"And this ancient tomb is really dangerous. If you go there, your life will be in danger. So, I advise you two to leave here."

Lin Kai smiled upon hearing this, "The first point, Miss Lisi and I are not tomb thieves. Although the family behind Miss Lisi cooperates with the Heavenly Master of China, it is a matter for her family and she cannot do it. Miss Lisi came here because she likes the culture of our Chinese nation, wanting to see what the ancient tomb is like."

"The real tomb thieves are Ma Jingyang and the three of them. They were all killed by evil creatures. Secondly, since you already know that there are even more powerful evil creatures inside, how can the archaeological team successfully complete the archeology? Shouldn't you come? Solve it? You don't even have the ability to deal with Hydra, let alone the most powerful evil in this ancient tomb."

Lin Kai didn't laugh at An Xiaoran, but was telling the truth.

Hearing this, An Xiaoran hummed with hands on hips: "You don't need to worry about the evil things in this. The purpose of my trip is to come here to solve the evil spirits of the tomb, although I do have some strength. weak."

"So you know that you are weak." Lin Kai glanced at An Xiaoran, very speechless: "You go to solve it now, it is completely equivalent to death, I advise you, you should leave here quickly."

If it weren't for the fact that An Xiaoran's mind was not bad, and Lin Kai could guess where An Xiaoran came from, he would explain patiently.

"You don't need to think about this, you two, let's go." An Xiaoran said again, but a little anxious in his heart: "Why the old monk hasn't come yet? Did something happen to him?"

Just when An Xiaoran thought about it.

Outside the tomb at this time.

There are two people arguing about something.

One is a young woman, her name is Wang Yue, a student of an expert on the archaeological team.

She didn't believe in any evil things in this world, because evil things completely delayed the process of archaeology.

The tomb that could have been excavated within half a month had to extend the excavation time indefinitely.

This made Wang Yue very anxious, because she was about to graduate and had to write a thesis.

It happens that this ancient tomb is a large tomb, and it is from the Qin Dynasty ancient tomb two thousand years ago.

Being able to enter the archaeological team this time was also selected thanks to the blessing of his teacher.

In order to write a perfect paper, it must be good to dig out the tomb yourself.

How can I say that there is something evil inside.

Wang Yue didn't believe that there was evil in this world, so she sneaked over to this ancient tomb in the middle of the night. If she was fine one night, it would prove that there was no evil in this world.

She would tell her teacher and other experts that she stayed there all night and nothing happened. How could there be evil?

As for the real evil, what would happen to her, Wang Yue really didn't think about it, because she didn't think there was evil in this world.

Just as she thought, she stayed next to the ancient tomb for ten minutes, nothing happened.

But now, an old monk in a cassock appeared next to the ancient tomb, which made Wang Yue wary.

In fact, this old monk is the master Zhicheng of Pihua Mansion.

"The poor monk is not a tomb thief. It helps your archaeological team solve problems."

Master Zhicheng had been stopped by Wang Yue at the entrance of the ancient tomb for several minutes. No matter what he said, the other party just didn't believe him.

But he couldn't tell the identity of his Bihua Mansion.

It was revealed to Lin Kai last time that it was entirely because Lin Kai was his own. As the owner of the Ninth Mountain of Jiulong Mountain, Lin Kai was naturally qualified to know.

But for others, it will not be disclosed easily.

So An Xiaoran never mentioned his identity.

At this time, Wang Yue heard Master Zhicheng's words and sneered: "Look at your dress up. You really have a set of pretending to be a monk. It's almost exactly the same as a real monk. My teacher and I said that tomb thieves are good at disguising various identities. Approach the cemetery and go to the tomb robbers. You come here most of the night, and you are not from an archaeological team, and you are not from any country. When you come here, you must have an attempt at the tomb!"

Master Zhicheng was speechless. Where did he think that in the middle of the night, there would still be an archaeological team staying here, not to mention that the young female doll in front of him was too stubborn.

Chapter 1382: Stop

Chapter 1382

When Master Zhicheng heard this, his heart was anxious and helpless, so he had to say: "This female donor, how do you trust the poor monk?"

Wang Yue sneered slightly: "Unless you are that Lin Kai, my teacher and several other experts were still talking about archeology this time an hour ago. It happened to be Lin Kai that Lin Kai was a country. Please come and help us solve the evil. I don't believe there is any evil. If you are Lin Kai, please prove that you are Lin Kai!"

She has listened to discussions between the teacher and several experts, and she also knows that Lin Kai has some information. She is a very young person.

How could this old monk be Lin Kai!

And she didn't believe that even if there are evil spirits in the world, it is impossible for a very young guy to know how to deal with evil spirits!

Besides, the news about the tomb is actually very tight, but some tomb robbers are very sensitive.

While the old monk said that he was not a tomb thief, he wanted to enter the tomb again, saying that there were friends waiting for him in the tomb.

If it weren't for the gang to fight, she majored in archaeology at university, and she also experienced two times of archeology of the tomb.

Although Master Zhicheng is an eminent monk who is good at destroying demons and demons, he is not good at talking with people, especially when he can't identify himself, and he doesn't know what to do to defend himself.

He wanted to say something, but he couldn't say anything, his face flushed, and his heart was very anxious.

Master Zhicheng knows very well that An Xiaoran's temperament, I did not see her in the ancient tomb, it must be advanced tomb.

Because An Xiaoran wanted to accomplish more of the tasks of Pihua Mansion.

Although the Pihua Mansion does not force members to specify what tasks to complete, if the same is completed, there will be generous rewards.

An Xiaoran seems to be short of money, which often leads to some tasks.

The ancient tomb here is still in the East China Sea.

Master Zhicheng was familiar with this place, but An Xiaoran contacted him when he planned to go, and said that he would go and have a look together in a neighboring city in the East China Sea.

Master Zhicheng agreed, but understood that the evil spirit in the tomb might not be easy to deal with. After all, he had the experience of evil spirits last time, so if An Xiaoran arrived first, he would wait for him outside.

Before An Xiaoran went up the mountain, he sent a message to him that he would arrive first.

However, outside the tomb, An Xiaoran was not seen, so he must have entered the tomb ahead of time.

The most important thing is that Master Zhicheng sensed the evil spirit in this ancient tomb, which was more intense than the land of evil spirits last time.

I had to make him anxious, extremely worried about An Xiaoran's safety.

Not long ago, Master Zhicheng was planning to enter the ancient tomb. Unexpectedly, a female doll was killed halfway, saying that he was part of the archaeological team and that he was some tomb thief. Stop in front of him, just not let in.

Master Zhicheng wouldn't try hard, so he was his own.

When he was very anxious, he suddenly remembered something, his eyes lit up, and he quickly asked Wang Yue: "Female donor, what did you mean by Lin Kai? Was the country specially invited to solve this tomb evil?"

Although the name Lin Kai has a population of more than one billion people in China, there must be many people with the same name and surname.

It may be that the country is invited to move, but it can also solve the evil. There is absolutely only one person, and that is the owner of the Ninth Mountain of Jiulong Mountain, Lin Kai!

Thinking of this, Master Zhicheng murmured excitedly: "If Donor Lin followed into the tomb, I don't have to worry about An Xiaoran's safety. The evil spirit here is indeed strong, but it's a little bit stronger than last time. These, with Lin's benefactor, should be able to suppress the evil in this ancient tomb."

"It's so evil!"

Wang Yue heard the murmur from Master Zhicheng, and said with disdain: "The one who is going to fight is going to fight. He has done some detrimental things. In order to prevent himself from suffering retribution, he deliberately made up the gods, demons and monsters in this world. Let the gods bless you. Even if you say that the sky is broken, I won't let you in!"

Master Zhicheng was speechless, and he didn't say anything to Wang Yue, so why did he refute him.

He shook his head, and said helplessly: "The female donor, I have said so many times, the poor monk is really not a bad guy. If you are still so stubborn, you can only offend it."

Originally, he wanted to persuade Wang Yue because he was looking at his own face, but Wang Yue had a problem and refused to accept it.

Master Zhicheng was not sure whether Lin Kai had entered the ancient tomb, so he planned to break through.

And even if Lin drove in, he might be in danger.

Lin Kai is not only his benefactor, but also the benefactor of several of his fellow Taoists, so he can't let Lin Kai face the evil in this ancient tomb alone.

"Old monk! What do you want to do? If you do anything, I'm going to call! At that time, the state will send someone to arrest you directly!"

Wang Yue pretended to be calm and took out her mobile phone, but she was actually very flustered. If she could make a call, she would have called someone and took the old monk in front of her directly.

It is estimated that this mountain is quite remote. After entering the mountain, the mobile phone has no signal.

As for why there was a signal during the day, Wang Yue automatically ignored this question.

“Female benefactor, you worry too much. The poor monk is not a fight, so naturally he won’t do anything to you.”

When Master Zhicheng finished speaking, he rushed into the mouth of the ancient tomb without waiting for Wang Yue to react.

“you you you!”

In the next moment, Wang Yue reacted, looking at the back of Master Zhicheng entering, she was shocked and angry. Without even thinking about it, she also entered the tomb and chased after it.

At this time the gate of the big stone gate of the ancient tomb.

The scene is similar to the confrontation between Master Zhicheng and Wang Yue.

An Xiaoran kept blocking Lin Kai’s way and was not allowed to let Lin Kai go to the coffin of the tomb owner.

Like the previous Master Zhicheng, Lin Kai was very helpless.

To say that An Xiaoran is capable of destroying the evil master of the tomb, he will definitely leave the tomb with Alice without hesitation.

Anyway, An Xiaoran can be eliminated, so why should he waste time to shoot.

The final result is the same, and the tasks of the system can be completed.

The tomb thief has been resolved, only the last evil gangster is left, and the evil gangster is also wiped out. If the archaeological team comes in again, the archaeology will naturally be carried out smoothly.

But the crux of the problem is that An Xiaoran doesn’t have the ability. She will indeed be able to kill demons and demons, but she hasn’t been able to kill the evil master of the tomb.

In addition, An Xiaoran’s nature is not bad, so Lin Kai is very patient.

But patience returned to patience. At this time, Lin Kai thought a little, and said, “An Xiaoran, it is better to take a step back. You and Alice are still at the door of the big stone gate. I will go there alone and give the tomb owner the evil spirits. After its extinguished, no items will be used, and then come back again, how?”

Chapter 1383: Coffin Middle Girl

Chapter 1383 The Woman In The Coffin

The reason why Lin Kai said this is to let An Xiaoran feel at ease, and under An Xiaoran's nose, destroy this evil spirit, he will not destroy the cultural relics in the ancient tomb.

An Xiaoran also thought for a while, and found that Lin Kai seemed to be really just trying to kill this evil.

She would not sit back and let Lin Kai go alone, so that she firmly said: "You let this Miss Alice stay here, and I will go and kill the evil master of the tomb together."

"Mr. Lin, I will accompany you too!"

Before Lin Kai could respond, Alice spoke immediately.

She had already seen the weirdness and terrifying evil in this ancient tomb. She stayed here alone, a little scared.

She felt that sense of security only when she was next to Lin Kai.

Lin Kai was speechless, his original intention was to refuse, and An Xiaoran and Alice came together to explain patiently.

Because he has the confidence to kill this evil, but if An Xiaoran or Alice is nearby, he is afraid that something will happen and it will be bad if An Xiaoran and Alice are harmed.

Unexpectedly, the final result still had to follow together.

In desperation, Lin Kai extracted the ability to tell the truth. This ability was not only able to tell the truth, but also made people stunned.

He sensed that in the current ancient tomb, there is no evil except the last evil owner of the tomb.

The traps at the entrance of Dashimen were also triggered by Ma Jingyang and the three of them.

Therefore, the entrance of Dashimen is absolutely safe.

Without any hesitation, Lin Kai extracted this ability, leaving An Xiaoran and Alice in a daze.

After finishing this, Lin Kai went to the pavilion at the end.

Although the main tomb was quite large, its diameter was only a hundred meters away. Lin Kai quickly walked to the pavilion at the end.

This pavilion is also very luxuriously built. Although on the outside, the color is dimmed due to the age, it is still visible. The carvings and decorations on it are the top ancient works of art.

And it is also made of gold and the like.

The research value of this pavilion alone is very high.

Therefore, in addition to killing the evil spirits of the owner of the tomb, Lin Kai also had to be careful not to let the evil spirits destroy these funerary objects.

Although these are the funeral objects of the owner of the tomb, after turning into evil spirits, the owner of the tomb is no longer the owner of the tomb, but his body is occupied by the evil spirit of heaven and earth, and then over time, the evil spirit body is born.

To put it simply, it is the evil thing that occupies the body of the tomb owner.

Lin Kai immediately walked into the pavilion and finally saw the whole picture of the heavy coffin.

Dragons and phoenixes are also carved on the coffin, and there is even a line of Qin Dynasty fonts.

Lin Kai only recognized the first two characters, that is Yan Guo, and he didn't know the other characters. He hadn't studied the characters of Qin Dynasty. He knew Yan Guo twice, which was pretty good.

But Yan Guo still knew that he was one of the seven heroes of the Warring States Period.

Lin Kai was slightly surprised that this ancient tomb was an era earlier than the speculated Qin Dynasty.

This is the tomb of the Spring and Autumn Period and the Warring States Period. After the Spring and Autumn Period and the Warring States Period, I went to the Qin Dynasty.

What puzzled Lin Kai was that the country of Yan was located in the north, why did the ancient tombs be built in the south?

Looking at the scale of this ancient tomb, it must be of high authority in the country of Yan. Such a figure travelled far and wide to build such an ancient tomb?

It must have been secretly built, otherwise it would have been destroyed by other countries.

Lin Kai shook his head. He naturally likes the history of his country, but he doesn't have the rich knowledge of archaeologists in his profession. These problems are still waiting for archaeologists to study and solve.

He is currently only responsible for killing, and the evil in this coffin will do.

Lin Kai looked at the coffin, and a strong evil spirit kept coming out of it.

The intensity of these evil spirits is a little stronger than the evil spirit flowing in the ancient tomb.

It also shows that the source of evil spirits in the ancient tomb is radiated from this coffin.

Lin Kai didn't sense any movement in the coffin, so he urged the golden pupil to look inside the coffin.

Surprisingly, this coffin didn't know what to make, or what mighty treasures in it, which could resist the penetrating ability of his golden pupil.

Lin Kai was cautious, but found that he couldn't see the situation inside the coffin, so he simply opened it.

He was not afraid, without thinking about it, put his hands on the coffin and gave it a light push.

Although the four corners of the coffin were all tenon and tenon, that is, ancient nails, they were all nailed to the ground.

But how could Lin Kai's strength be able to withstand these tenon and tenon joints? Before he exerted much effort, the tenon and tenon joints in the four corners fell off one after another.

He didn't use any force, just for fear of destroying the integrity of the coffin.

As the tenon and tenon joints on the four corners fell, the coffin board was easily pushed aside by Lin Kai, revealing the whole picture of the coffin.

It's so dark here, you can't see your fingers, but Lin Kai has golden pupils, which is no different from the line of sight during the day.

He immediately looked down, but was taken aback.

"this is?"

Lin Kai frowned deeply, because there was no human lying in the coffin!

To be precise, she is a beautiful woman, second only to the upper body, and the lower body is the tail of a snake!

Snake head!

In the ancient legends of the Huaxia Kingdom, among the mythological figures such as Pangu, Nuwa, and Fuxi, they all have the image of a human head and a snake body!

So why, the woman with the head and the snake body in this coffin exudes a strong suffocation.

Not only that, it seems that Lin Kai opened the coffin, causing all the evil spirits in the ancient tomb to flow backwards towards the woman with the head of the snake.

As if the woman with a human head and a snake body was a tornado, she wanted to take away all the evil spirits.

Lin Kai recovered, but there was no time to stop it.

At this time, the woman with the head and the snake body opened her eyes closed in vain.

In an instant, I got up and looked at Lin Kai. Zhu's lips lightly opened, his voice was very soft, and he said gently, "Human, thank you for opening the coffin, so I was not controlled by the evil spirits. You have great power. I can seal you up, my personal guard. To protect you from immortality."

"Immortality? It sounds quite tempting." Lin Kai asked with a joke, "Since I can live forever, why do you die? Is it possible that you still have the spirit of self-sacrificing." , Using your own life in exchange for the immortality of your subordinates? I wonder if you are a human or a snake monster."

"No, that's not right. You don't have any breath of life, which means you are a dead person or a dead snake monster."

Lin Kai said, shook his head, but his eyes still showed a different color. It seems that the woman with the head of a snake in front of him is not controlled by the evil spirit, but her soul has not been reincarnated.

It seems that this woman with a snake body has a certain means.

Chapter 1384: Chase

Chapter 1384

Lin Kai is not afraid, this woman with a snake-headed body just talks so eloquently.

It was his words that made the snake-headed woman instantly angry and fierce. She flung her tail and attacked Lin Kai.

Lin Kai sneered, wary, and quickly backed away.

boom!

Hearing a loud noise, the bluestone slab on the pavilion was immediately broken.

Lin Kai couldn't help but feel sorry for the pavilion. In order to avoid the pavilion from being damaged, he quickly withdrew from the pavilion.

Seeing Lin Kai, the woman with the head and snake body was not attacked by herself, and even wanted to escape, so she immediately flew out of the coffin and chased Lin Kai.

Lin Kai saw the woman with a human head and a snake body coming out of the pavilion, and smiled slightly, that's good.

Seeing the woman with a snake head and a snake body attacked again, she quickly asked: "I was curious to ask, why do I have such a temper? I am also really curious about your identity. The head snake body, tusk, that But in ancient myths and legends, is it possible that you are still a mythical character? But it doesn't look like it. The characters in myths all have a divine nature. You can't feel it from you, only evil."

Lin Kai was really curious. As the only immortal cultivator on earth, he still wanted to know whether there were immortal cultivators in the ancient China.

Unexpectedly, the owner of the tomb buried in this ancient tomb turned out to have the appearance of a snake with a human head.

The woman with the head and the snake body did not pay attention to Lin Kai anymore, but attacked decisively and quickly attacked Lin Kai.

Seeing this, Lin Kai shook his head. Since the woman with the head and the snake body didn't want to say it, she killed it.

This woman with a human head and a snake body is full of evil nature. Although she is not controlled by the evil spirit, she has no life. If it is released, it will definitely be the evil spirit of the last time, even more terrible.

At that time, the first to suffer is the entire East China Sea.

Lin Kai thought about this, using his true energy, with a hint of golden light, blasted at the woman with a snake body in the head.

Seeing Lin Kai's attack, the woman with a human head and a snake body changed her expression: "What? Really angry? More than two thousand years have passed, why are there still cultivators?"

The woman with the head and the snake body stopped abruptly again, not daring to attack Lin Kai, backed frantically, and then leaped forward and fled to the big stone gate.

Lin Kai was surprised at first. After all, this woman with a snake-headed body could actually see that he was a cultivator of immortality. It seems that in the ancient China, there really existed a cultivator of immortality!

After a timely response, he immediately chased the woman with a snake head.

Lin Kai didn't expect that the speed of this woman with a snake head was quite fast, and in the blink of an eye, she rushed to the door of Dashimen.

Lin Kai didn't care about everything, extracting the ability to explode double the power, the speed skyrocketed instantly!

Because he saw that the woman with the head and the snake body approached An Xiaoran and Alice infinitely.

It would be very bad if the woman with the head and the snake body eliminated An Xiaoran and Alice easily.

While pursuing the woman with a human head and a snake body with all his strength, Lin Kai extracted another thunderstorm talisman to suppress evil.

He threw it over first, and instantly threw it on the back of the woman with the head of the snake.

I saw countless thunder lights blasting towards the woman with a snake body.

Suddenly the woman with the head and the snake body screamed continuously, and the suffocation on her body was also screaming like water meets fire, like steam.

Lin Kai was a little surprised. Although this thunderstorm talisman caused a certain amount of damage to the woman with the head of the snake, it did not make the woman with the head of the snake weak.

When the effect of the thunderstorm talisman disappeared, the woman with the head and the snake body swept towards Lin Kai with hateful eyes, and said sharply: "I don't know what is good or bad, these two women are important to you? Ha ha, I will kill first. Kill them! After you go out, you and the people involved will be killed! If you dare to hurt me, I will make you pay the price of blood!"

Although the woman with a human head and a snake body is smiling, she laughs terribly, like a voice from Jiuyou, and also very cold.

When her words fell, she attacked An Xiaoran and Alice.

Lin Kai knew his current distance and couldn't stop it, so he quickly unlocked his ability to tell the truth. An Xiaoran and Alice immediately awoke from their daze.

"You guys get out of the way!" Lin Kai shouted again, and then rushed to the woman with the head of the snake.

An Xiaoran and Alice were shocked when they saw a woman with a human head and a snake body only five meters away from them.

An Xiaoran was okay. After all, she was a member of Pihua's Mansion. Seeing too many demons and evil creatures in this world, she reacted in time.

However, Alice was stunned. Although it was not the first time she had seen it, she had seen the hydra statue resurrected and the ancient corpse, but she was completely stunned when she saw this monster at such a close distance.

An Xiaoran was going to save Alice, but the speed of the woman with the head and the snake body was too fast, she wanted to pull Alice away, but the tail of the woman with the head and the snake body approached Alice.

At this critical moment, a monk who looked like an eminent monk arrived in time. This person was Master Zhicheng.

Master Zhicheng waved the stick in his hand, which was covered with various talismans. Although these talismans were not as good as the ones that Lin Kai came out in advance, they were better than the number.

Moreover, these Fulus are also specially designed to restrain evil spirits.

So when the stick was resisted by Alice, the tail thrown by the woman with the head and the snake body just hit the stick.

Doraemon!

Hearing only one sound, the snake's tail of the woman's head and snake body was also slightly injured.

Although Master Zhicheng is not a powerful ancient warrior, he is still very powerful in dealing with evil spirits.

Last time, it was mainly because Master Zhicheng was injured. In addition, some of the items in his hand that deal with evil spirits were almost exhausted, which made him appear weaker when facing the red demon spirit.

Of course, when Master Zhicheng was in his heyday, he could not defeat the evil spirits last time, and could barely destroy the Hydra. The previous ancient corpse was not easy to say.

Not to mention that this woman with a human head and a snake body is many times more powerful than the evil spirit last time.

As a result, Master Zhicheng could only stop the attack of the woman with the head and the snake body, instead of attacking so quickly.

This is the time for Master Zhicheng to block the attack with the Zen stick, and Lin Kai has arrived!

Lin Kai directly used Zhen Qi, Nether attacked and killed!

Severely attacked the body of the woman with heavy head and snake body!

As if the woman with the head and the snake body was crushed like a mountain, her whole figure flew upside down and fell to the ground, forming a big hole.

The inside of the ancient tomb shook a few times, but Lin Kai used 50 to 60% of his power.

Before fighting with Zhang Shouzi, he also used one percent of his power.

It is conceivable that this woman with a human head and snake body is indeed powerful, even if Lin Kai has half of her power, she did not let her die directly.

Chapter 1385: Gossip Extraction Ability

Chapter 1385: Gossip Extraction Ability

Lin Kai saw the woman with the head and the snake body, who had not yet been destroyed, but after falling heavily to the ground, she was extremely weak, and her body was constantly screaming.

These evil spirits are also extremely irritable, and may turn into terrifying power to strike at any time.

How could Lin Kai let a woman with a human head and a snake-like body successfully perform an attack, then immediately shot, stimulating the true energy, and extracting double power! Kill again!

He unceremoniously cut off the woman with the human head and snake body, and the whole body made a sizzling noise.

The figure of a woman with a human head and a snake body instantly turned into white smoke, dissipating in this world.

As the woman with the head of the snake dissipated, the evil spirit in the tomb gradually began to disappear.

“fortunately”

Lin Kai secretly breathed a sigh of relief when he saw the woman with a human head and a snake body finally beheaded by himself.

This woman with a human head and a snake body really exceeded his expectations, and was more terrifying than the real evil.

Lin Kai guessed that this woman with the head of the snake body only recovered part of her strength.

And fortunately, Master Zhicheng, came in time to resist that, otherwise Alice would definitely die.

Alice’s face was pale at this time, her pupils were wide open, and she was obviously terrified. After all, she was infinitely close to death, and she felt the feeling of fear after all.

An Xiaoran was also frightened, and first glanced at Lin Kai in shock, as if he had never expected Lin Kai to be so strong.

The worst evil in this ancient tomb was also easily solved by Lin Kai, making her look at Lin Kai even more admiringly, and at the same time, she believed that Lin Kai was not a tomb thief.

Then An Xiaoran turned his gaze to Master Zhicheng next to him, and said speechlessly: “Old monk, I have been in the tomb for almost an hour and a half, why have I only arrived now? Didn’t you say yes, will you be there within an hour?”

Master Zhicheng had trouble saying, so he had to say in a helpless tone: “Because something was delayed, I was late, I’m sorry, friend An.”

An Xiaoran didn't really care about anything with Master Zhicheng, but rather depressed, and waited for Master Zhicheng for a long time.

She hummed, "Old monk, since you also arrived in time, I won't be angry."

With that said, An Xiaoran no longer looked at Master Zhicheng, but turned his gaze to Lin Kai, and couldn't help asking, "There should be no other evil in the ancient tomb, right?"

Lin Kai smiled: "If there is, how can I still stand here and go ahead and destroy it early."

Under his perception, as the human head and snake body woman dissipated, the evil spirit in the ancient tomb began to gradually dissipate, indicating that the source of the evil spirit was destroyed, not to mention other evil spirits.

The most important point is that the system task has finally been completed. It not only prevented the tomb thieves, but also killed all the evil creatures in the tomb. When the day is day, the archaeological team can successfully carry out archaeology.

The rewards of the system tasks have also been obtained, demigod extraction ability, gossip extraction ability! From the gossip, various formations can be extracted!

You should know that gossip is the most important culture in the history and civilization of China. You can use gossip to guess everything, such as astronomy and geography.

One of the most famous is the gossip array in which the Bagua produces the Liangyi, and the Liangyi produces the Sixiang.

So this extraction method is based on the Bagua Array, which is extremely powerful!

Even Lin Kai was a little excited. With this extraction ability, his strength increased a lot again!

Just as Lin Kai was thinking, Master Zhicheng walked in front of Lin Kai, folded his hands towards Lin Kai, bowed, and smiled: "Lin Shizhu, I haven't seen him for a few days, and I ran into it again. Fortunately you are here. Here, if it is someone else, I am afraid they will die in the hands of this last evil."

Lin Kai also smiled. He also didn't expect that he would meet Master Zhicheng again in just a few days.

He shook his head at this time and said: "Master Zhicheng, if you are grateful, you don't need to say, I am the person above, please help me. What's more, you just saved the life of your companion, I have to thank you."

Before Master Zhicheng could speak, An Xiaoran's eyes widened, looking at Lin Kai and then at Master Zhicheng, her eyes were incredible: "I said the old monk, you know him?"

Master Zhicheng said: "Friend An Daoist, when I went back to Bihua Mansion two days ago, weren't you curious, who is the one who destroys evil spirits in the western suburbs of Donghai City? It is Lin Kai in front of him, Donor Lin."

"Ah? It's him!" An Xiaoran exclaimed, and then looked at Lin Kai with a trace of worship.

Obviously, An Xiaoran didn't know that Lin Kai solved the evil spirit before knowing the evil spirit last time.

It must be Master Zhicheng, who didn't reveal much information about Lin Kai.

Lin Kai just smiled, and then said: "Although the evil spirits have been dealt with, there are still some things that need me to deal with. I will come as soon as I go."

As Lin Kai said, he was about to turn around, at the pavilion.

Unexpectedly, he didn't even take a few steps, and a woman's voice sounded in vain: "You stop!"

It was Wang Yue who had just arrived. She had already ran to the door of Dashimen.

Because of the evil spirit in the ancient tomb, it has almost dispersed, and under the bright flashlight, you can clearly see the scene inside the big stone gate.

Wang Yue saw the corpses of Ma Jingyang, Zhang Shouzi, and Xiao Li on the ground inside Dashimen.

Although she studied archeology, she also went to the tomb and saw the corpses of the ancients, but the corpses of the ancients became skeletons.

But there was someone who had just died in front of her, which made her very scared!

However, Wang Yue's ability to bear it is also better than the average person, anyway, he studied this archeology major. After being frightened, she pointed to the corpses of Ma Jingyang, Zhang Shouzi and Xiao Li on the ground, and asked, "You are from two gangs? Are you self-harming?"

Of course, there was still a tremor in her voice, and she stepped back very nervously, for fear that Lin Kai and the group would kill her as well.

Through Wang Yue's costume and the archaeological team mark he was wearing, Lin Kai suddenly understood that the other party belonged to the archaeological team this time.

He responded: "We are not inverted, the three dead on the ground, they are indeed inverted, but it has nothing to do with us, they died in the trap of the ancient tomb."

"Is it?"

Wang Yue didn't believe it, she believed that the old monk was here to fight.

Now that she saw that the old monk and Lin Kai were very familiar, she naturally thought that these people were all in the same group.

Lin Kai didn't bother to pay attention to Wang Yue, but Wang Yue was indeed stubborn and undaunted, ready to run to stop Lin Kai.

Master Zhicheng knew well that the stubbornness of this female benefactor did not want Lin Kai to suffer such misunderstandings. It would be bad if Lin Kai was unhappy at that time, and he quickly stood in front of Wang Yue.

Chapter 1386: Three Color Sapling

Chapter 1386 Three-Colored Sapling

At this time, Master Zhicheng put his hands together towards Wang Yue and explained: "Female benefactor, you don't believe in poor monks, but you should always believe in him. He is Lin Kai, who is here to kill evil gangsters for you. Killed, but he still has some circumstances to deal with and will not touch anything in this ancient tomb."

Hearing what Master Zhicheng said, the most embarrassing person was actually An Xiaoran. Like Wang Yue, she had previously believed that Lin Kai was a tomb thief, so Lin Kai was not allowed to go to the tomb.

Although I didn't know how Lin Kai got in at the end, I now understand Lin Kai's identity, not only is not a tomb thief, but is here to help kill the evil.

In addition, An Xiaoran has now also tasted the taste of being misunderstood. She has also been identified as a tomb thief by Wang Yue. This misunderstanding is really uncomfortable.

So the next moment, An Xiaoran looked at Wang Yue and said: "I know all the members of the archaeological team this time. Are you a student of Professor Zhao? I know Professor Zhao. I helped Professor Zhao once. That person is Lin Kai, and we are not arrogant."

"Oh, you said nothing, you have the ability to show evidence! And you helped my teacher? What a joke! Seeing that you are not too old, even a few years younger than me, what status is my teacher? How could it be you, a little girl, who can help!" Wang Yue sneered again and again. In her opinion, these people lie and make up stories too outrageous, so she naturally doesn't believe a word.

Seeing Wang Yue's stubbornness, Master Zhicheng knew there was no way to excuse him, and motioned to An Xiaoran not to explain anything.

Master Zhicheng didn't explain anymore, but blocked Wang Yue with An Xiaoran, not letting her pass.

Wang Yue saw Master Zhicheng and An Xiaoran stop her, especially the blue long sword held by An Xiaoran, which made her afraid that she would kill her. Even if she didn't believe this group, she didn't dare to stop Lin Kai. Up.

At that time.

Lin Kai had already walked to the pavilion. He first looked inside the coffin to see if the woman with the head and the snake body had other means to prevent the woman with the head and the snake body from resurrecting.

The evil spirit in the coffin dissipated, and Lin Kai withdrew his gaze in peace, proving that the woman with the head and the snake body was completely annihilated.

After all, the woman with the head and the snake body is too weird, even the cultivator knows that Lin Kai knows that the powerful means of the cultivator can be completely immortal.

Of course, he is still too far away from that kind.

Lin Kai thought, and walked around to the back of the pavilion. There was a three-color sapling in the cracks behind the pavilion, about the length of a normal person's middle finger.

The sapling actually sprouted, and there are three colors on it.

Lin Kai didn't know what these three-color saplings were, but they could survive in the ancient tombs, or in the ancient tombs full of evil spirits, and even took root. The three-color saplings are definitely rare treasures.

Lin Kai returned to this pavilion again for two purposes.

The first is to investigate whether the woman with the head and the snake body has completely disappeared.

Then take this three-color sapling away.

This three-color sapling is not a cultural relic. In the eyes of other archaeologists, it is considered a slightly tenacious sapling. They don't know how terrifying the evil spirit in this ancient tomb is.

Lin Kai moved forward, took the three-color saplings away, and planted them on his own to see what magical effects they had.

So he decisively dug out the three-color sapling, and then returned to the door of Dashimen with the three-color sapling.

Lin Kaiyang raised the three-color sapling in his hand and said, "I didn't touch any ancient tomb relics. I just went to get this small sapling. I saw it grows in the cracks and survives hard, so I want to take it out. , Cultivate it, do you have any comments?"

Lin Kaizi would not hide anything, whether it was Master Zhicheng or An Xiaoran.

Wang Yue hesitated for a moment, then bypassed Master Zhicheng and went to the depths of the ancient tomb, and found that there was no trace of damage inside, and began to believe in Lin Kai gradually.

Now that all the evil creatures have been solved and the system task completed, Lin Kai doesn't plan to stay here anymore.

I wanted to take Alice and bid farewell to Master Zhicheng and An Xiaoran.

Master Zhicheng also followed Lin Kai, and then said with a smile: "Lin Shizhu, with your method of destroying evil, it's really not good to think about it, did I invite you a few days ago?"

Lin Kai wondered: "Master Zhicheng, what to consider?"

Master Zhicheng first glanced at Alice, then approached Lin Kai, and said in a low voice: "Donor Lin, it is natural to join the Mansion of Bihua. With your method of destroying evil, you can really fight for the position of the owner of the mansion. ."

Lin Kai didn't rush to respond to Master Zhicheng's question, but instead turned his attention to An Xiaoran who was following him, and smiled: "This An Xiaoran is also one of the members? Honestly, if the inside Members, if they are all at this level, wouldn't I look too bully after I joined?"

An Xiaoran who followed, naturally heard it. She stared at Lin Kai and hummed: "Lin Kai! What do you mean? I am not weak! It is the evil in this ancient tomb, strong and outrageous! More important The

thing is, I can still improve the means of slaying demons, and I will be as strong as you in the future! I will even surpass you!”

Lin chuckled and didn't refute, because what An Xiaoran really said was the truth.

The evil in this ancient tomb, even he almost capsized the boat in the end, let alone other people.

He estimated that he would not be able to protect anyone from the Huaxia Kingdom. While dealing with the woman with the head of a snake, he should not injure other people.

An Xiaoran is very young now and indeed has a lot of room for improvement. As for what he said, the future can surpass him.

Lin laughed and said nothing, An Xiaoran can improve, of course he can also improve.

But he didn't say anything, to fight this little girl.

Master Zhicheng also shook his head and laughed: “It hasn't been two or three months since An Xiaoran joined. She is still young, which is really not good. But there are many members in it, at least better than the poor monks. But compared with Lin donor, it is still better. Slightly inferior.”

An Xiaoran was even more unhappy, and snorted: “Old monk, even you say I am weak! I want to set a small goal to catch up with you in a year!”

Alice didn't understand what Lin Kai and others said, neither Master Zhicheng nor Lin Kai specifically talked about Pihua Mansion.

Like Jiulongshan, the Bihua Mansion is a secret organization of the country, and it is undoubtedly exposed to ordinary people.

Especially the Pihua Mansion, let alone ordinary people, even his own people must be kept secret.

So Master Zhicheng, when facing Wang Yue's aggressiveness, he never said that he belonged to the Pihua Mansion.

But after all, Wang Yue would not believe that there is such an organization.

Chapter 1387: Leave

Chapter 1387

Therefore, Alice could not understand the conversations between several people, but after understanding An Xiaoran's dissatisfaction, she comforted An Xiaoran and said: “Miss An, Mr. Lin has always been like this, so don't take it too seriously. “

Hearing this, An Xiaoran's dissatisfaction disappeared. At any rate, a foreign friend was comforting her, and she was not so angry, but she still muttered: “Ancient Wu Xia Amenshi, don't have three days, today Farewell to An Xiaoran Shi! One year from now, come and show your gestures to see who is better at solving evil!”

Lin Kai just smiled, but he noticed that Wang Yue did not follow, although he had already wiped out all the evil in the tomb. The organ traps in the tomb may not have all been triggered.

But the only headache is that Wang Yue's stubborn look, I believe they are not upside down, and they have lost a lot of energy, let alone let her leave.

When Lin Kai walked out of the ancient tomb, he thought for a while, and then ran Chi, using Chi to convert a kind of electricity, and injected a little electricity into his mobile phone.

Due to the evil in the ancient tomb, it has been resolved, and the normal signal is restored on this mountain.

He called Jiang Shu.

Lin Kai first told Jiang Shu that he wiped out all the evil spirits in the ancient tomb, and the archaeological team would be able to conduct archaeology smoothly during the day.

Jiang Shu was very excited, and told Lin Kai that he would immediately report the incident to the people above, so that the people above would monitor Leiyuan Group early.

Lin Kai was quite happy about this. Lin Yuan's recent unscrupulousness had already touched his bottom line. If he hadn't worried too much, he would have settled with Lin Yuan.

This time, people in the country will monitor Leiyuan Group's every move.

As a result, Lin Yuan could no longer use the power of the Leiyuan Group to deal with Lin Kai in the future.

The secret conspiracy is not Lin Yuan, he can use it if he wants to.

The most important point is that Lin Kai took advantage of this time to investigate Leiyuan Group.

Having said this, Lin Kai said that there were three corpses of tomb robbers in the ancient tomb and asked someone to dispose of them.

At the same time, a member of the archaeological team came to the tomb in the middle of the night and asked Jiang Shu to talk to the archaeological team and send someone to pick up the team.

Jiang Shu naturally agreed.

It didn't take long before Lin Kai finished the call.

Master Zhicheng should be worried, but Wang Yue in the ancient tomb stayed and did not leave.

Originally, An Xiaoran had to stay with him, and he had to explain the mission of the mansion with the people above.

But Master Zhicheng seems to have a headache for An Xiaoran, the little girl. The original Wang Yue made Master Zhicheng have a headache.

If An Xiaoran is allowed to stay, Master Zhicheng doesn't know what he will be like.

He quickly called An Xiaoran and left this place with Lin Kai.

In the end, Master Zhicheng said in a very affirmative tone that the biggest hero of this mansion mission was her An Xiaoran.

After listening to An Xiaoran, he followed Lin Drive very satisfied.

Lin Kaidor didn't have any problems with An Xiaoran's following. Anyway, he went to the downtown area of Donghai.

After walking out of this mountain, it was already two o'clock in the morning.

Lin Kai drove the Rolls-Royce Phantom to drive An Xiaoran and Alice Ribbon to the downtown area of Donghai.

Alice first came with Ma Jingyang, but now that Ma Jingyang and others have died, they followed Lin Kai.

There are no cars in this barren mountain.

An Xiaoran is the same.

So they have to be sent to the downtown area of Donghai and find a place to live first.

But along the way, both An Xiaoran and Alice were very hungry, yelling to let Lin Kai find a place to eat some supper.

Lin Kai was speechless, so he had to take An Xiaoran and Alice to the slightly high-end hotel closest to the mountain, and everyone was optimistic about the room.

This place is adjacent to the East China Sea.

Lin Kai also prepared to spend the night in the hotel and wait for the morning before heading to downtown Donghai.

Because of this place, even if you drive there, it takes three or four hours to get to the East China Sea.

What's more, Alice and An Xiaoran both asked him to treat him to dinner.

Therefore, the three of them randomly found a barbecue restaurant, ordered a lot of things, and talked while eating.

Lin Kai didn't really have much interest, and talked with Alice and An Xiaoran.

On the contrary, Alice and An Xiaoran had a good conversation, but as Alice drank, she looked at Lin Kai very resentfully: "Mr. Lin, you don't know, you leave without saying goodbye, how heartbreaking I am, then At that time, I decided to confess to you, but I didn't expect you to leave without saying a word!"

When An Xiaoran heard Alice's words, while eating barbecue, she swept Lin Kai and Alice back and forth with interest, just like the people eating melons.

Lin Kai had a headache. He had known that Alice would not be allowed to drink. He didn't expect to drink like this and it came again.

He didn't know what to say.

An Xiaoran smiled and said, "Lin Kai, foreign beauties, are confessing to you, how can you leave without saying goodbye cruelly."

Looking at An Xiaoran, looking at the excitement and not afraid of big things, Lin Kai finally understood why Master Zhicheng drove An Xiaoran like the **** of plague.

Lin Kai was even more speechless and couldn't help but said to An Xiaoran: "Miss An, this matter has nothing to do with you. If you want to eat, you will eat yours. If you don't, you will go back to the hotel and rest."

Hearing this, An Xiaoran was still a little unhappy, and curled his lips: "It really has nothing to do with me. What am I doing in the fun, then I will go back to the hotel."

An Xiaoran just got up and has not walked a few steps yet.

Outside this barbecue restaurant, there are a few punks looking at An Xiaoran, it seems that they have been eyeing An Xiaoran and Alice early.

Whether it is An Xiaoran or Alice, they are all high-value beauties.

One is very cute and cute, and the other is a big foreign girl.

When those gangsters saw An Xiaoran out of the barbecue restaurant, a gangster came forward to accost: "Little girl, I heard it outside. The kid inside doesn't seem to like you. It's okay. Our brothers will like it very much. Yours. How about going to play with brother?"

"moron!"

Who is An Xiaoran, how could she be afraid of these little gangsters, first looked at them with idiotic eyes, and then proceeded forward on her own.

"Hey, does this little girl have a stubborn temper? If you don't play with your brothers, then force you to play with your brothers!"

Those gangsters were also bold. It seems that there is some background that caused these gangsters not to be afraid at all. They directly surrounded An Xiaoran and rushed forward, seeming to want to force An Xiaoran away.

However, An Xiaoran is not an ordinary girl. She took out her blue long sword without hesitation, swiped it decisively at one of the close gangsters.

The **** was attacked immediately, with a long sword mark on his arm.

Chapter 1388: Sudden Change

Chapter 1388

The **** instantly covered his arm and screamed miserably.

The other gangsters were all taken aback by this scene.

Although they are in this urban area, they can be considered evil, but they rely on the boss. But even so, they did not dare to really use their swords and guns in the urban area.

Unexpectedly, I met a ruthless character today who was holding a long sword.

And it seems that they have been specially trained, and they don't have any weapons.

So when the other gangsters saw this, they could only retreat rather unwillingly, for fear that An Xiaoran would give them a sword, that would be very bad.

An Xiaoran snorted when she saw these bastards. She was already angry, but she didn't expect these **** to come to her for trouble. Naturally, she gave a lesson.

Immediately, An Xiaoran glanced back, and Lin Kai in the barbecue restaurant withdrew his sword gracefully, turned around, and left.

Alice in the barbecue restaurant saw An Xiaoran's demeanor with a hint of envy in her eyes, and said to herself: "Miss An has a very good personality, dare to love and hate, but why, I can't do this."

Lin Kai had a headache again. In fact, he wanted to leave here directly like An Xiaoran.

For Alice, he didn't have any thoughts, it was all Alice's wishful thinking.

Alice made it like this, as if he was a bitch.

Lin Kai was about to say something, who knows what happened at this time.

On the side of the road outside the shop, there was a sudden brake sound.

After that, two martial artists, ancient martial artists, forcibly pulled An Xiaoran onto the car and took away directly.

Alice suddenly screamed, and quickly said to Lin: "Mr. Lin! Miss Ann, she..."

Lin Kai naturally saw the scene just now, he didn't even think about it, first used the talisman extraction ability, extracted three amulets, and threw them to Alice.

"Miss Lisi, this is a talisman. It can protect you from being hurt three times. I will save An Xiaoran now. You will meet in the hotel sooner."

As Lin Kai said, he went outside the barbecue restaurant without looking back.

He would never have seen An Xiaoran being taken away.

Not to mention other things, it's just that An Xiaoran is a member of the Bihua Mansion, belongs to the state organization, and is his own, he has the obligation to rescue An Xiaoran.

As for the amulet given to Alice, she just didn't want to see it. Alice also encountered this kind of thing like An Xiaoran.

Alice is also quite skilled, ordinary bullies, even ancient warriors of the warrior level, can't help her.

But if you encounter a slightly more powerful martial artist, it will not work.

For example, An Xiaoran, in dealing with evil spirits, is stronger than the ancient martial artist of the martial arts level, but his own strength will not work if he encounters two martial artists.

Alice shouted in the barbecue restaurant, "Mr. Lin, I am waiting for you to come back safely!"

Lin Kai didn't respond. He had already arrived in front of the Rolls-Royce Phantom's car. He immediately got in the car, and immediately started the catapult to start, pulling the speed to full.

Fortunately, it was in the middle of the night, and there were almost no vehicles on the road, so Lin Kai dared to reach full speed.

It was a black high-end commercial car that drove An Xiaoran away. Lin Kai chased the black high-end commercial car and swiftly left in the direction of his departure.

at the same time.

On the black high-end commercial vehicle, An Xiaoran seemed to be knocked out and thrown in the back row at will.

The two ancient martial artists, one with a bald head and the other with a dirty braided head, sat in the front row.

The bald man chuckled: "During the day, Shao Hao was beaten by this little girl. But in full view, Shao Hao, as a young man in Jinyuan City, would really tolerate such things. Happened. Unfortunately, when Hao Shao wanted to call someone to catch this little girl, the little girl had already left. Hao Shao directly issued a reward order. If anyone catches this little girl, there will be a generous cash reward. "

"Unexpectedly, our brothers are so lucky. I wanted to come out and play, but I just saw this girl who was offered a reward by Hao Shao. Hey, wait for this little girl to give Hao Shao, we can at least get it Millions of cash is enough for our brothers to be cool for months."

The man with the dirty braids, hearing the bald man say this, also had an excited smile on his face: "That said, it's really good luck. But this little girl is very beautiful, but it's a pity that Hao Shao ruined it again. A beautiful woman."

And the driver driving the car was a wretched fat man, and the wretched fat man looked wretched: "Since the three of us have brought this little girl to Hao Shao, if Hao Shao is finished, we can do it too. Asking Hao Shao to ask for it will be great for us. Isn't it possible to get money and beauty?"

Whether it's a bald man or a man with dirty braids, they all show a wretched smile when they hear the words of the wretched fat man.

But before long, the wretched fat man's smile stopped, his eyes widened, he looked at the rearview mirror, and directly cursed his mother: "I'm going!"

"Fatty, what are you doing that surprised you?"

The bald man and the man with dirty pigtailed couldn't help but ask Xiang obscure fat man.

The wretched fat man stared in the rearview mirror and responded: "There is a Rolls-Royce Phantom luxury car coming to us very fast."

"Maybe it is the young master of which group or family who is racing in the middle of the night."

"Yeah, what's all the fuss about this."

The bald man and the man with dirty braids all scolded the wretched fat man, thinking that the wretched fat man was making a fuss.

The wretched fat man shook his head and said: "At first I thought that it was a young master who had nothing to do in the middle of the night, and came out racing for excitement. But I observed for a few minutes, that luxury car came to chase us!"

"Is there anything else? Fatty, it's time to show your car skills, what a luxury car is, you just throw that Rolls-Royce Phantom far away." The bald man disdainfully said.

The man with dirty dreadlocks couldn't help but looked in the rearview mirror, and indeed found that a Rolls-Royce Phantom was getting closer.

He also immediately said: "Fatty, you are a provincial racer. Didn't you say that you are ranked second in the provincial racer ranking? Although the opponent is a luxury car, you are a provincial racer. The identity of the hand is not easy to shake off."

When the wretched fat man heard the two say this, he looked arrogant: "Of course, I'm just not speeding up. You have to sit still."

After the wretched fat man finished speaking, he was about to put in gear and step on the accelerator.

Unexpectedly, he had just finished gearing and before stepping on the gas pedal, the Rolls-Royce Phantom had already approached his car infinitely!

"Damn! As expected of a luxury car, this speed!"

The wretched fat man was stunned, and after only a few seconds, he immediately caught up.

Chapter 1389: Intercept

Chapter 1389

Next, the wretched fat man was shocked again.

The road now is quite narrow, barely able to pass by two cars.

But you have to drive slowly for the two cars to pass side by side.

But if the speed is extremely fast, the car will naturally have a deviation of inertia, a slight deviation, on this road.

If a car gets faster, it will collide.

Even though the wretched fat man is a provincial racer, he is still ranked second, but he is not sure that he can safely pass by another car on this road at extremely fast speeds.

But now that Rolls-Royce Phantom did it!

The speed of the Rolls-Royce Phantom did not decrease at all, and it passed directly by this high-class business car of the wretched fat man! Over the past in an instant!

Such horrible car skills shocked the wretched fat man! Don't talk about professionals like the obscene fat man, even the bald man and the man with dirty braids, two laymen, seeing the Rolls-Royce Phantom, on such a narrow road, surpassing them, all of them stared. , With an incredible look.

Not only that, the Rolls-Royce Phantom, after surpassing them, stopped abruptly and then made a turn. Put the Rolls-Royce Phantom across this narrow road.

Obviously, this is to intercept them!

The wretched fat man was shocked again with such outstanding driving skills.

At the same time, he had to step on a sudden brake, because his car was not fast, and if he ran into it, he would probably die.

What's more, in their car, there are two ancient warriors at the level of warrior. Are you afraid that the people in that luxury car will not be successful?

As a result, the wretched fat man braked safely.

Fortunately, it braked in time. Even so, his car is less than fifty centimeters away from the Rolls-Royce Phantom!

Don't look at it being only fifty centimeters, as long as you step on the brakes a little slower, you might hit it. When the time comes, it's not good to lose both sides.

The reason why Lin Kai made such a bold interception was of course his self-confidence.

Even in the unlikely event of a collision, Lin Kai is not afraid, at most, he will be fine if the car has an accident.

And at the moment of the collision, he would also urge Zhen Qi to protect An Xiaoran in the opposite car, and he would not care about the life and death of other people.

At this time, Lin Kai walked off the Rolls-Royce Phantom, and stood in front of the wretched fat man with a calm expression on his face.

"Who is this kid? The face is very good. It shouldn't be the local young master."

"No matter who he is! No matter how strong his identity is, Hao Shao's identity is great? In the entire Jinyuan City, Hao Shao is a figure covering the sky! Besides, we are now doing things for Hao Shao, even if the opposite identity is extraordinary, we are not afraid !"

"Yes! Since this kid is looking for death! Give him some color and see, how miserable it is to provoke us!"

The wretched fat man, the bald man, and the man with dirty braids all looked at each other, and they could all see how fierce each other was.

After that, the three of them got out of the car without hesitation and walked towards Lin Kai.

"Boy! Dare to intercept us, are you too ambitious? Don't ask who we are! Kneel down and apologize immediately, and then move the car obediently, you can let you go!" The wretched fat man came first in front of Lin Kai, pointed at Lin Kai, full of anger.

Seeing Lin Kai, the bald man didn't have the breath of an ancient warrior. He immediately felt relieved, and said coldly: "What's the deal with the Rolls-Royce Phantom? Doesn't it have money? But if there is more money, it's worth it. Zhou Tianhao, Hao Shao? You should know Hao Shao, we are doing things for Hao Shao, so we apologize to us quickly and move the car away!"

"What nonsense with this person, at first glance, I just don't want to move the car. If he doesn't teach him a lesson, he won't support us!" The man with dirty pigtails grinned, "Anyway, we don't support this kind of thing for a long time. Money man, it should be cool!"

Lin Kai looked at the trio of wretched fat guys with idiotic eyes, and said lightly: "If you want to do it, do it, it's really noisy where it is."

"you"

The wretched fat man was immediately furious.

Before the three of them could say anything, Lin Kai immediately made a move. First, with a casual wave of his hand, the wretched fat man flew out in an instant and slammed into the commercial vehicle.

This wretched fat man was not an ancient martial artist, or an ordinary person, how could he withstand this casual attack of Lin Kai.

In fact, he didn't even get to the wretched fat man, and the wretched fat man was shot upside down by the impact and was immediately seriously injured.

The bald-headed man and the dirty-braided man were a little surprised when Lin Kai solved the wretched fat man so easily. It seemed that the opposite party would order martial arts.

They are ancient warriors, or masters of the martial arts level, and know a little bit of kung fu, in front of them, they are no doubt like ordinary people.

"Tsk tusk, have you learned some martial arts? But you can only stand in front of ordinary people, and die!"

The bald man's eyes flashed fiercely, and his fist slammed against Lin Kai.

Lin Kai's expression was extremely calm. This bald man's punch could indeed be a great threat to ordinary people even with a little effort, but in front of his eyes, this punch was really too weak.

So weak that he didn't bother to run infuriating energy, he waved his hand casually again.

Not only did it block the fist of the bald man, but the force of the counter shock directly caused the bald man's fist to hit him.

Under the extremely shocked gaze of the bald man, his own fist slammed into his body as if completely out of control.

In an instant, the bald man fell to the ground severely injured, vomiting blood, his expression of pain and panic on his face.

The strength of this punch is naturally not something he can display, but the counter-shock of the guy opposite.

The force is mutual, but if the opponent's strength is far greater than yours, if you hit it hard, then the force of the counter-shock will cause abnormally great damage.

In other words, that kid's strength far exceeds him!

Only a few seconds passed, and only the man with dirty braids remained standing there.

However, the man with dirty braids was already shocked by Lin Kai's strength.

He was standing next to the bald man, and he saw it with his own eyes. The bald man was shocked by the force of the counter shock!

This looks like a very young kid, at least a master of Wusheng level!

How can it be! Why are there such young masters!

Lin Kai took a step forward, and the man with dirty pigtailed backed away in shock, for fear that he would be seriously injured by this kid with a punch, and stared at Lin Kai very nervously, with cold sweat on his forehead.

But Lin Kai didn't. He shot this man with dirty braids, because no one answered his questions properly.

Chapter 1390: Wrong

Chapter 1390

So at this time, Lin Kai just glanced at the man with dirty braids, and then calmly said, "The girl you looted is in your car, right?"

Naturally, Lin Kai was asking knowingly. He had already sensed that there was An Xiaoran's breath in the car. Seeing that breath, he should have passed out.

He is trying, a man with dirty braids, can he tell the truth.

If you don't tell the truth, he doesn't suggest that the man with dirty braids be the same as the other two.

The man with dirty braids seemed to be shocked by Lin Kai's strength. He quickly pointed to the high-end commercial car behind him and immediately responded: "Pre...senior! The little girl was inside, and she was beaten by us. I'm dizzy, but we haven't touched her at all! Senior! If you don't believe me, go and see for yourself! What I said is true!"

"The three of you don't think about taking the opportunity to escape. If I catch up with you, it will be easy. Of course, if you run away and I catch you up, the consequences are not only as simple as now."

As Lin Kai said, he kicked the man's leg with dirty braids at random.

The man with dirty braids immediately fell to the ground happily, screaming in pain.

After doing this, Lin Kai went into the black high-end commercial car and walked in.

Sure enough, in the last row of the commercial car, I saw An Xiaoran lying in a coma.

Seeing this, Lin Kai activated his zhenqi and instilled zhenqi into An Xiaoran's body.

After a while, An Xiaoran slowly woke up from a coma.

An Xiaoran's long eyelashes moved slightly, and immediately opened her beautiful eyes. At first glance, she saw Lin Kai in front of her. She immediately sat up, looked at Lin Kai with a vigilant look, and said nervously, "Lin Kai! You! Could it be, to me..."

Before An Xiaoran could finish speaking, Lin Kai actually knew what An Xiaoran would say next, so he immediately interrupted him, shaking his head and saying, "I said Miss An, with your IQ, how to join the shelter? From the Hua Mansion?"

Lin Kai is indeed speechless, An Xiaoran, you have to say that the ability to deal with evil spirits has a certain level.

But in other respects, it was not enough. They were forcibly pulled into the car and knocked out.

Now Lin Kai ran into the car and rescued An Xiaoran, but he still looked inexplicable, and even wondered what Lin Kai had done to her.

I don't know if it was a big heart, or didn't realize that I was almost abducted.

Lin Kai had to wonder whether this An Xiaoran had just joined the back door.

But Lin Kai already knew that to enter Pihua's Mansion, he did not simply need to have the ability to solve evils, but also needed to have certain achievements in other areas.

It seemed that An Xiaoran's ability to solve evil was barely, and other aspects seemed quite ordinary.

When An Xiaoran was told, he first glanced at Lin Kai, then seemed to come back to her senses, realizing that she was in a strange car, and quickly asked Xiang Lin Kai: "Why did I come here? I didn't leave. On the road, are you going to meet in the hotel?"

Lin Kai was speechless for an instant, but An Xiaoran didn't realize that he was almost abducted.

In the next moment, Lin Kai helplessly told An Xiaoran the ins and outs of the incident.

After An Xiaoran listened, her expression was very embarrassed, especially when Lin Kai looked at her gaze, she was even more embarrassed, wishing to find a place to hide.

She quickly thanked Lin Kai and got out of the car. She recognized the wretched fat man at a glance.

An Xiaoran looked at the wretched fat man, and said coldly: "I said who was trying to kidnap me, it turned out to be that Zhou Tianhao, that is, the Hao Shao in your mouth! That wretched fellow, with you as a wretched subordinate, As expected, is a family not entering the house!"

Lin Kai was surprised to see An Xiaoran so angry, and then asked her a little bit.

Only then did Lin Kai know that An Xiaoran was staying in Jinyuan City for the past two days, handling some organizational matters.

This afternoon, I just met Zhou Tianhao, a famous young master from Jinyuan City, who molested a **** the street.

An Xiaoran couldn't stand it, so he rescued the girl and taught Zhou Tianhao a lesson.

In the evening, An Xiaoran learned that there was an ancient tomb on the mountain on the other side of the East China Sea, and went to the ancient tomb to solve the evil.

So Shao Hao offered a reward if he couldn't find An Xiaoran.

The three wretched fat guys discovered An Xiaoran and thought of forcibly taking An Xiaoran away and sending them to Shao Hao.

Lin Kai thought of this young man, and he couldn't help but think of the Zhou family of Jinyuan, who seemed to be a close partner with Leiyuan Group.

Lin Kai glanced at Ling Ran for an instant, and he didn't know if anyone from Leiyuan Group had seen him in Jinyuan City.

He couldn't help worrying about Alice. Although Alice had the three amulets he gave him, Alice wasn't that strong. The three amulets would be consumed quickly.

When everything is consumed, Alice is in danger.

Originally, Lin Kai wanted to take An Xiaoran back with him.

Even at this time, An Xiaoran was very aggrieved and said: "This lady has been spoiled since she was a child. Whether relatives or friends, I am afraid of any accidents. This is the first time this lady has encountered this situation. This young lady is going to find that young man, and settle the account!"

An Xiaoran said, looking at the trio of wretched fat guys, and snorted coldly: "Where are you young man? This lady will teach him, let him know that it's not someone who can afford it! And let him restrain in the future. Now, what he did in Jinyuan City!"

"Lin Kai, I can solve this matter. Anyway, these two martial artists have been abandoned by you. That Hao Shao is actually a young man who was hollowed out by alcohol. I can give that Hao Shao a lesson without any effort. "

An Xiaoran actually wanted Lin Kai to be with her, so that with Lin Kai by her side, she would be safe, and there was no need to worry about accidents.

However, she was also a arrogant person. She saw that Lin Kai wanted to leave, so she had to retreat as an advance instead of admitting herself, because she wanted Lin Kai to follow.

However, what made An Xiaoran dazed was that Lin Kai actually agreed! Allow her to go alone!

Ah hello! Is not it! It's not right with the plot she thought!

Lin Kai ran to rescue her in a hurry. He should have said that he would follow her to teach that young man.

But why now, Lin Kai agreed with her to teach Hao Shao alone.

Especially when Lin Kai didn't look at her again, he drove the Rolls-Royce Phantom quickly and left decisively.

An Xiaoran looked at Lin Kai, the back of the car leaving the Rolls-Royce Phantom, and her heart was full of indignation and secretly said: "Seeing the color and forgetting righteousness!"

She guessed that Lin Kai definitely went to find the foreign beauty, and then left her here alone.
