

Special Forces God Level Extraction System

Chapter 14: Impersonating Special Forces

Chapter 14 Pretending to be a Special Force

The special forces of the Spike Special Forces Brigade, the gold content of this status, is not ordinary.

Because the Spike Special Operations Brigade is not only the most outstanding special operations brigade in the Southeast Military Region, it is also the most famous special operations brigade in China!

And Lin Kai is actually a special soldier of the Spike Special Forces!

Once this level of identity is verified, Lin Kai will be the well-deserved second-generation Patriarch of the Lin Family!

Who dares to say that Lin Kai wastes? He is a special soldier of Spike!

Lin Yuan looked ugly, compared to Lin Kai's identity as a special soldier, his returnee status was a joke!

Let's not talk about the popularity of Langya, just talk about the old man Lin Jialin, he used to be a soldier, and he values soldiers very much!

If Old Man Lin knew that Lin Kai had joined Langya, he would definitely push Lin Kai to become the second-generation Patriarch of the Lin Family!

Lin Yuan blushed when he remembered that he was still showing off in front of Lin Kai just now.

His identity is countless times stronger than himself!

Lin Lei, with a green complexion, and a very heavy mood.

He allowed his son to come back from the United States for thousands of miles. He took advantage of such an opportunity to take advantage of Lin Kai's extremely poor performance in the army. He took advantage of the emptiness and took advantage of the position of the second-generation Patriarch of the Lin family.

But unexpectedly, Lin Kai is not as wasteful as the rumors!

He is not just a waste, but a genius! He was selected for Spike! He Zhijun made an exception to let this recruit go home!

He Zhijun and Lin Lei also know a little bit. He Zhijun is an old-fashioned man, and he values the military system very much. It allows Lin Kai to make an exception to return home, which shows that Lin Kai has performed very well in the army!

Lin Kai is favored by He Zhijun!

If he had the support of He Zhijun, Lin Yuan would not have any advantage in competing for the second-generation Patriarch!

All of a sudden, he fell from the sky to the ground, and Lin Lei was upset, and it was even more uncomfortable than swallowing flies!

At this time, Lin Yuan stared at Lin Kai with a look of unwillingness. He rolled his eyes and asked: "No, Xiao Kai. Others say that you performed poorly in the army. Come back with fake certificates and military ranks to fool us?"

As soon as this sentence came out, Lin Ting and his wife, who were very excited, immediately stopped their excitement and looked at Lin Kai.

The scene fell into silence once again.

Yes, Lin Kai's name is well known. He performed very poorly in the army. This is also well known. Now Lin Kai has been promoted to captain suddenly. This thing is very strange.

The more Lin Yuan thought about it, the more it made sense. How could his own trash cousin have the strength to join Langya?

At that time, Lin Yuan insisted that Lin Kai was lying!

"Xiao Kai, what's not good about learning at a young age, and learning to deceive! Say, where did you get this fake certificate? It's a big crime to pretend to be a soldier! You will go to jail!"

As Lin Yuan said, a smug smile appeared at the corner of his mouth. Lin Kai must have given a false certificate! And now he grabbed Lin Kai's pigtail and pretended to be a soldier!

Although you are a soldier yourself, you are also posing as a soldier if you pretend to be a special soldier!

As long as you grasp Lin Kai's little braid, you will not be afraid that the second-generation Patriarch is not yourself!

Lin Yuan smiled triumphantly.

Lin Lei also nodded when he heard this, and his eyes lit up: "Xiao Kai, you really disappointed your uncle. You dare to pretend to be a special soldier. You are so bold!"

Lin Kai stood still and smiled, without making any excuses for himself.

Lin Kai stood straight and walked upright, not afraid of them being framed!

But Lin Ting and Liu Yun glanced at each other, and they believed Lin Yuan's statement. After all, they knew the virtues of their son.

"Xiao Kai, you wouldn't really pretend to be a special soldier?" Liu Yun grabbed Lin Kai's hand and asked quite concerned.

"Tell mom, as long as you admit, they won't take you to anything?" Liu Yun burst into tears again while speaking.

Lin Kai looked at his mother and shook his head firmly: "Mom, you believe me, everything that my son gets is won by his strength!"

"Cut!" Lin Yuan snorted disdainfully at this time, and said: "Since you have been admitted by Spike, it means you have performed very well in the army. In this way, we have two tricks, as long as you can beat me. It shows that you really have the ability to join Spike, I believe it."

While speaking, Lin Yuan had a provocative look in his eyes, and he concluded that Lin Kai would not dare to fight!

Because he is imaginary!

But Lin Yuan was true, Lin Yuan was a real black belt in Taekwondo, and an ordinary soldier was really not Lin Yuan's opponent.

Looking at Lin Kai again, he has no serious training, and Lin Yuan concluded that Lin Kai is not his opponent!

If he doesn't dare to fight, he will insist that he is fake, and if he dares to fight, he will teach him a lesson!

Seeing that Lin Yuan was so confident, Liu Yun couldn't help but worry about Lin Kai. She was really afraid that Lin Kai agreed on impulse.

Liu Yun took Lin Kai's hand and said softly: "Forget it, Xiao Kai, no matter what, you're a good son of mom."

In Liu Yun's view, it has become a fact that Lin Kai pretended to be a special soldier. She didn't want Lin Kai to be hurt any more.

Lin Kai stared at Lin Yuan with piercing eyes, facing Lin Yuan's repeated provocations, Lin Kai could not bear it!

The clay figurine still has a three-pointed fire, let alone Lin Kai, a big living person!

Although I used to be dull, but it wasn't so bad that you Lin Yuan had it? If you call yourself a bite of waste, is it possible that Lao Tzu's life is not human life?

Lin Kai stared at Lin Yuan and said every word: "I, answer, fight!"

"Ding Dong! The god-level extraction system releases a task, defeats Lin Yuan, and teaches this guy with a higher eye! A reward for upgrading the Hawkeye skill!"

I really can't even stand the system anymore, because I am in a sense of reason, I have to teach this guy who doesn't know the sky and earth!

When Lin Yuan heard this, his eyes lit up, and he nodded directly: "Okay!"

Lin Kai's challenge was simply a trick of Lin Yuan. He wanted to take advantage of this reason to beat Lin Kai violently!

As the saying goes, the new official takes office with three fires, and the strong dragon does not suppress the local snake. When Lin Yuan returns from overseas, he wants to let Lin Kai know that in the Lin family, he Lin Yuan is the second-generation boss!

Lin Lei stared at Lin Kai with a smile, his eyes full of pity.

Lin Lei still knew what his son was capable of. He once saw three or five big men surrounding his son, and none of them were Lin Yuan's opponents alone.

Lin Kai? Hehe, a little guy with a fine skin and tender flesh, why should he fight his son?

In a while, Lin Kai will definitely lie down and go out!
