Chapter 1401: Turn Face And Deny

Chapter 1401

Lin Kai didn't show any surprises when he agreed so readily to Zhou Tianhao.

Since Zhou Tianhao took the initiative to propose this gambling, he is definitely very confident in himself.

Therefore, after Lin Kai proposed this additional condition, Zhou Tianhao directly agreed, as if he would definitely win.

Zhou Tianhao is very confident, but why is Lin Kai not confident?

Ever since, Lin Kai didn't even think about it, and put all his bets on the single.

The total value is 55 million!

This time, Lin Kai just didn't shake the dice!

Not to mention all the gamblers in the casino on the second floor. They stopped gambling and came to watch.

Even the VIP gamblers in the three-story casino rushed to the second floor after hearing the news.

When they saw Lin Kai's move, everyone thought that Lin Kai was completely crazy!

Seeing this, Zhou Tianhao smiled at the corner of his mouth again. He immediately took the wooden tube and installed the two dice. He was very proficient in the movements, even more proficient than the previous dealer.

Come to think of it, the reason why Tianhao is so confident this week is that he thinks his dice-rolling skills are much better than the dealer just now.

This dealer also saw Zhou Tianhao's first shot, and his eyes showed admiration. The layman watched the excitement, and the expert watched the doorway. This dealer could see that Zhou Tianhao's dice rolling was among the best in the country!

Other gamblers were also very surprised. I didn't expect the owner of the casino to be so skilled.

Immediately, under the different eyes of everyone, Zhou Tianhao began to shake the dice.

The wooden tube with the dice, in Zhou Tianhao's hand, is like a flexible and lightweight butterfly. The movements are so fast that people can't see clearly.

And the sound gradually became very small from the original messy sound, until it was almost inaudible in the end.

Not all dice rolling depends on luck. Why do gamblers wait until the dice is rolled before placing a bet.

That's because people with eyesight can observe the direction of rolling the dice, and then quickly calculate it.

Of course, few people can do this, unless the most powerful brain can do it.

In fact, the most important thing is to distinguish by listening to the sound. If you listen too much, you can still master some skills. Finally, you can judge whether it is single or double.

But after Zhou Tianhao shook the dice, he couldn't see the direction of the wooden tube of the dice, nor could he hear the sound of the dice. In this state, how can people tell?

Many gamblers were stunned by Zhou Tianhao's skills.

However, Lin Kai did it in advance and was not affected by it.

But Zhou Tianhao's skills are so good, he can definitely roll out the dice points he wants.

Lin Kai pressured the odd number, so Zhou Tianhao was 100%, and he would go to the even number.

boom!

Finally, Zhou Tianhao finished shaking the dice and placed the dice with the wooden tube on the gaming table. He did not rush to open the wooden tube, but glanced at Lin Kai with confidence.

Lin Kai urged the golden pupil and saw the two dice in the wooden tube, both were 6.

He had to admit that Zhou Tianhao's dice-rolling technique was indeed very good, but it was a pity that he met him.

After running Zhen Qi at will, he flipped one of the dice and turned it over.

Before it was 6 and 6 even numbers, now it is 6 and 1 odd numbers.

At this time, Zhou Tianhao looked at Lin Kai with a sneer: "Brother, are you ready? If you are ready, then I will open this."

Lin Kai said lightly: "Where is there so much nonsense, you have to open it directly."

Zhou Tianhao's expression turned gloomy for a while, but then he was excited again when he thought of Lin Kai's clean appearance and the beauty that had to stay.

The group of useless subordinates was still reliable on his own. Not only did he win back all the money lost in the casino, but he also managed the beauty.

Thinking that the beauty would stay in the future, Zhou Tianhao could hardly suppress his excitement.

He couldn't wait now, so he opened the wooden tube with dice!

In Zhou Tianhao's view, the two dice he shook were definitely 6.

But when the wooden tube is opened, two dice rolls, one is 6 and the other is 1.

Zhou Tianhao's eyes widened, what's the situation?

Lin Kai ignored Zhou Tianhao's reaction, but with a smile on his face: "Young Master Hao, since you heard about it before, I'm here to gamble because I want to owe the lady next to me to the casino. The

money will be paid off in full. Then, you should also know that before I came to the casino, I deliberately found a fortune teller on the Internet to tell my fortune.”

“Oh, how many times have I said that, the fortune-telling master is very accurate, saying that today is the luckiest day in my life. But many people don’t believe me, you see, I just gambled for ten minutes and made a profit. One hundred million. Seeing that your casino is so embarrassed, I won’t continue to gamble, so this lady owes you tens of millions, and I won more than 110 million. It just so happened that more than 10 million will be returned to you, and the remaining one Billion, cash or transfer, either.”

When Zhou Tianhao heard Lin Kai say this, his face was extremely gloomy, it was 100 million! Although the casino has a lot of water every day, it’s just running water, and it’s pretty good to earn up to one million yuan a day.

Soon he couldn’t take care of that much anymore. He looked at Lin Kai and said sternly: “After Ben Shao took over the casino, he cracked down on the old one and used various means to defraud other gamblers! No one after that. Dare to come to this young man to give out a thousand people. I did not expect that there is still one who dares to come to me to give out a thousand people! According to the conventions of global casinos, that is to give out a thousand people, and one hand must be cut off!”

Zhou Tianhao naturally had to find a reason to deal with Lin Kai.

He then turned his gaze to An Xiaoran. The greed revealed in his gaze made no secret of his greed. He laughed, “That kid is too old, so I won. Then this beauty will stay with Ben Shao, Ben. The young lady will take good care of this beauty. When this beauty makes Ben Shao comfortable, this young lady will let her go, and the money owed to the casino is not necessary. You see, how good is this way, no money. Also, you only need to accompany Ben Shao.”

Zhou Tianhao said that he looked very righteous and awe-inspiring. After he finished speaking, he went on to shout: “Pull that kid out for me, and chop off a hand to let him go! As for this beauty, let her go. Please come to my lounge!”

Zhou Tianhao gave an order, and more than 20 security personnel in uniforms surrounded Lin Kai and An Xiaoran one after another.

This scene scared the other gamblers to hide away for fear of being suffered.

Of course, there are also many gamblers who are still at the table and continue to gamble indifferently.

It is not surprising that anything happens in the casino, so I am very calm about such things.

Chapter 1402: Three Slaps

Chapter 1402 Three Slaps

An Xiaoran’s face changed when she saw this group of people, because she had discovered that there were five or six martial arts among these people, and they were not ordinary martial arts.

Look at the breath is the kind of martial arts peak, close to the martial arts level.

The two martial artists who took her away forcibly were much more powerful than before!

Naturally, Zhou Tianhao transferred these powerful martial artists from his Zhou family overnight.

When Lin Kai made a big bet there and kept winning his casino money, he was in the monitoring room and saw it clearly.

Of course Zhou Tianhao had to investigate this person, but other information about this person was not found. It was only found that this kid defeated the two martial artists and saved the beauty.

This made Zhou Tianhao vigilant. Just ten minutes ago, he hurriedly transferred several powerful martial artists from Zhou's house.

If these martial masters join forces, even the ancient martial artists of the martial sage level can win.

An Xiaoran knew that Lin Kai was very powerful, and he felt very powerful when he was killing evil.

She also knows that Lin Kai solved two martial arts before, but she did not see in person how Lin Kai solved the two martial arts, it should have taken a lot of effort.

So An Xiaoran was a little worried. She looked at Lin Kai apologetically and said, "Lin Kai, I'm sorry, I realized that I was too impulsive and too arrogant. Now, I am dragging you down. But now. Don't worry, as long as my sword is there, those people are not allowed to hurt you. When I go to fight the warriors, I should be able to hold on for a while, when you take the opportunity to escape, leave me alone!"

An Xiaoran was really confessing her mistake. She reflected on herself deeply. If she hadn't had a big heart, it wouldn't have caused her to be like this.

She secretly decided that if she was lucky enough to escape this catastrophe, she would definitely change her character.

Lin Kai glanced at An Xiaoran in surprise. He didn't expect An Xiaoran to say so seriously. It seemed that he was really repenting. He showed appreciation, and he was a good boy if he knew his mistakes.

However, he didn't wait for An Xiaoran to raise his sword and go to fight the warriors.

Lin Kai took the lead, and he jumped over the gaming table with an extremely fast speed. His goal was not just those martial artists.

In Lin Kai's eyes, those martial artists were no different from ordinary people.

It would be better to catch Zhou Tianhao directly, who is the culprit.

Before everyone could react, Lin Kai had already pinched Zhou Tianhao's neck, then held Zhou Tianhao, and said calmly, "Are you still going to do it?"

Zhou Tianhao was so frightened that he couldn't add any more. He never expected that this kid was so fast that he didn't even react to the few martial artists.

He was scared, and hurriedly roared with difficulty: "Quick! Let go of your weapons! Step back! Brother, if you have something to say! Say it!"

When the group saw that their young master had been arrested, how dare they step forward, all of them backed away.

Seeing this, Lin Kai threw Zhou Tianhao on the ground at will.

Although he was casual, for Zhou Tianhao, he was still very strong, and it was very uncomfortable to be hit on the ground.

Zhou Tianhao's face was distorted in pain, and he let out a cry of pain.

Lin Kai stared at Zhou Tianhao on the ground with cold eyes, and said lightly: "As the casino owner, without any evidence, you just said that you were unfounded and slandered a normal gambler as an old man. Thousands. Not only don't give this gambler money, but also cut the gambler's hand. I think if other gamblers don't have my skills, they should die without knowing how to die."

As soon as Lin Kai said this, many gamblers who were still gambling did not dare to gamble. Yes, although it is normal for what happens in the casino, what Zhou Tianhao is doing now may also happen to them in the future. On the head.

As a result, these gamblers did not gamble.

Zhou Tianhao's face was extremely embarrassed. If Lin Kai made a **** for this casino, he would be finished.

Even if he was the young master of the Zhou family, he would die miserably!

On the face of it, this casino belongs to Zhou's family, but in fact it is Leiyuan Group behind it!

Of course, Zhou Tianhao naturally dare not say that this is the casino of Leiyuan Group.

He looked at Lin Kai and said cruelly: "Boy, do you know who I am? This young man is the young master of Zhou's family, and behind this casino is Zhou's family! In the entire Jinyuan City, no one dares to mess with my Zhou's family! If you dare to move me again, or if you are still making trouble in this casino, you will never get out of this casino later!"

How would Lin Kai care about Zhou Tian's bold words? He didn't know who Zhou Tianhao was, and he knew that this casino would almost be acquired by Leiyuan Group.

Leiyuan Group used this casino to send a lot of benefits to Leiyuan Group. He saw that it doesn't matter what Zhou's family you belong to. By the way, it ruined this casino and let Leiyuan Group take a blow. It was also very good.

So of course Lin Kai ignored. Zhou Tianhao's words, he glanced at An Xiaoran.

An Xiaoran was shocked by Lin Kai's skill. He didn't expect Lin Kai to have such a fast speed, which was comparable to an ancient martial artist at the martial arts level.

Is it possible that Lin Kai is Wu Sheng?

As for the strong master, An Xiaoran naturally did not dare to think about it, and it was impossible to think that Lin Kai was the strong master.

She had heard that the person behind the Leiyuan Group was a young master.

At this time, Lin Kai said to An Xiaoran: "Since this Hao Shao has lost the bet, he should fulfill the conditions after the bet is lost. Miss An, don't you want to teach this Hao Shao a lesson? Come now and slap him three times. , This will not only relieve our anger, but also fulfill our conditions after winning the bet."

"indeed!"

When Lin Kai said this, An Xiaoran chuckled, taking a happy step, and quickly came next to Lin Kai, and then decisively slapped Zhou Tianhao's place.

Snapped!

Unusually loud slaps resounded in the casino on this second floor.

You must know that An Xiaoran is not an ordinary girl, and this slap also brought her anger, so that Zhou Tianhao was dizzy directly by the slap, and one of his teeth was knocked out.

"Hehe, there are still two slaps." Lin Kai saw Zhou Tianhao's miserable appearance, smiled and said, this week Tianhao is in Jinyuan City, doing all things evil, bullying men and women.

Therefore, Lin Kai did not sympathize with Zhou Tianhao at all, and even felt that it was a pity that he didn't kill him directly.

But this week, Tianhao is not enough to kill him.

With blood in his mouth, Zhou Tianhao stared at Lin Kai and An Xiaoran very angrily, and said coldly: "Good, good! Dare to pay less, you are finished! Especially you bastard, really dare to do this, you... "

Before Zhou Tianhao could finish speaking, An Xiaoran slapped him directly, and his mind was blank when he hit Zhou Tianhao.

Chapter 1403: Mr. Liu

Chapter 1403 Mr. Liu

Zhou Tianhao really didn't expect that this **** would really dare to hit him.

After the haircut, his face became even more distorted. He looked quite hideous and terrifying. He almost roared and said, "Bitch! Good, good! The second slap, you really dare to fight again! If you can live out today In Jinyuan City, write this Shao's name backwards!"

He roared, and then looked at the dull and stout man not far away.

That strong man was naturally because his boss was beaten in this way. It was the first time he saw him, so that he was almost petrified.

Not to mention the casino staff, the gamblers are also stunned.

They naturally know who the owner of the casino is.

That was the young master of the Zhou family, the largest financial group in Jinyuan City, Zhou Tianhao!

Although Jinyuan City is a small city compared to Donghai, a small place has the advantages of a small place.

In the East China Sea, major families and groups are fighting for hegemony. In the past, there were several major families. In the end, the Li family won and took the first place in the East China Sea.

But a few months ago, the Leiyuan Group suddenly rose, vaguely trying to crush the Li family, completely changing the structure of the East China Sea economic circle.

In short, East China Sea is big, and there are many big family groups.

Jinyuan City is not the same. The Zhou family dominates, and in Jinyuan City, it is completely overshadowed.

As the saying goes, the strong dragon does not suppress the snake, other big families in the East China Sea come here and dare not be too presumptuous to the Zhou family.

Therefore, the Zhou family can be regarded as a little emperor, and Zhou Tianhao, as the only young master of the Zhou family, is the little prince.

Such a status and identity, but now a young man and a young girl have been severely taught a lesson.

Both the casino staff and the gamblers know that this man and woman must pay the price of blood to suppress Zhou Tianhao's anger!

Sure enough, the next moment, Zhou Tianhao shouted at the strong man: "Quick! Please come, Mr. Liu!"

Mr. Liu is a master of Wusheng level!

It was his Zhou family who spent a lot of money specially invited to sit in the Zhou family!

After all, after opening such a casino, Mr. Liu was invited for fear of accidents.

However, nothing happened in the casino in the past six months, so Mr. Liu lived in a villa near the casino.

Originally, Zhou's family planned to invite Mr. Liu to go to Zhou's family in person instead of sitting in the casino if nothing happened to the casino in a month or two.

Invite a master of the martial arts level. That would require a lot of money. Simply sitting in a casino would be a bit wasteful. It's better to just sit in Zhou's house.

What's more, Mr. Liu also has apprentices himself, and his group of apprentices are also masters, which is equivalent to buying one and giving away many ancient warriors. This made the Zhou family have invited him for half a year.

Although the casino is okay, it can be considered a card face.

Of course, Mr. Liu naturally doesn't care about the trivial matters in ordinary times, and the ancient martial artist of Wusheng rank has his own arrogance.

As a result, after hearing Zhou Tianhao's words, the strong man said: "Hao Shao, do you really want to ask Mr. Liu to do it now?"

"Of course! The casino is about to live or die! I have to ask! Hurry up and call Mr. Liu to come over and kill the dog and the man!" Zhou Tianhao roared extremely angry.

"Okay! Okay! Shao Hao, I'll go please, I'll go please!" The strong man was startled by Zhou Tianhao's appearance, but in fact he was muttering in his heart, it was obvious that you were beaten. , I only asked Mr. Liu to go out. It must be said that it was the life and death of the casino.

He didn't dare to speak out, so he quickly called and asked Mr. Liu to come over.

When Lin Kai saw this scene, he was unmoved, nor did he stop the strong men from inviting people. To him, the results of whoever invited them were the same.

He looked at An Xiaoran calmly, and said with a smile: "Miss An, there is one last slap. If you feel uncomfortable after the fight, it will be okay to slap a few more slaps. Who will let this young man, Would you like Mr. Liu to come. I want to see if Mr. Liu can save this young man."

"This young man is the first to fail to keep the promise, so don't blame us for failing to keep the promise. So Miss An, it's okay. It's okay to slap a few more times."

Lin Kai's indifferent words made An Xiaoran's beautiful eyes brighten, and immediately showed joy on her pretty face. Lin Kai was right!

Anyway, this is what Hao Shao, who didn't keep his promise first, don't blame her!

An Xiaoran smiled and nodded: "Hehe, that lady has a few more palms, and I want to see what Mr. Liu is and where it came from."

Later, under Zhou Tianhao's anger and panic, An Xiaoran slapped again.

Suddenly, Zhou Tianhao's face was purple and blue, and there were also many swellings, just like a pig's head.

Especially those eyes can't be opened anymore.

Zhou Tianhao's miserable appearance shocked everyone.

They were not frightened by others, but frightened by Lin Kai and An Xiaoran's boldness.

Originally, they just thought that a simple lesson would be given to Zhou Tianhao next week. Now it seems that Zhou Tianhao's appearance seems very bad, and they are almost half disabled.

This makes many gamblers feel the atmosphere is not good, always feel that Zhou's anger will spread to them.

The gamblers in both the second-story casino and the third-story casino have already run away.

The owners of the casino have all become like that, plus it won't take long for this place to be surrounded by Zhou's people. Who has the mind to gamble here.

In addition to this reason, there is also a big reason that this casino's practice makes these gamblers feel chilled.

Although they were shocked by Lin Kai's boldness, they also sympathized with Lin Kai. After all, Lin Kai was a normal method to win casino money.

Unexpectedly, this casino really couldn't afford to lose, and Lin was not allowed to leave at all, which led to the scene where Zhou Tianhao was taught a lesson.

Almost all gamblers have reached a common point of view, that is, they will not come to this casino in the future! I dare not come at all!

If Lin Kai knew their inner imagination, he would definitely smile, and his goal would be reached.

It doesn't matter whether the casino gives him money or not. He doesn't lack that money. The most important thing is to destroy the casino.

Gamblers are afraid to come, and the casino will naturally collapse.

If so, Leiyuan Group can no longer use this casino.

For Lin Kai, it was a good thing, and it was considered to have caused a major loss to Leiyuan Group.

Just when most of the gamblers left, people finally came to the second floor of the casino.

Before, gamblers kept going out, no one came in.

This time, a dozen people swarmed in.

Each of these ten people is menacing.

Especially the person in the lead was a middle-aged man in a Tang suit. His aura was quite extraordinary at first glance.

Chapter 1404: Lin Kai Niubi

Chapter 1404

As for the group of people behind the middle-aged man in the Tang suit, although they were far behind the middle-aged man in the Tang suit, they were also much better than the bodyguards in the Zhou family.

This person should be Mr. Liu.

"Mr. Liu! You are finally here! Hurry! Save me... No, save my casino!"

When he saw Mr. Liu coming, after Zhou Tianhao got up with difficulty, he ran faster than a rabbit and rushed to Mr. Liu, then pointed at Lin Kai and An Xiaoran, and sternly shouted: "It's their couple of dogs. Almost spoiled my casino! Please Mr. Liu!"

Zhou Tianhao's entire face was almost beaten into a pig's head by An Xiaoran, and his lips were swollen and high, which caused him to appear slurred when he spoke. It sounded quite funny, which made people laugh.

Seeing Zhou Tianhao's miserable appearance, Mr. Liu didn't know what happened, and knew that it was not the same thing.

Of course, he was here, so naturally he wouldn't care. In other words, this is the young master of the Zhou family.

So Mr. Liu said indifferently: "Young Master Hao, I will make sure that this casino is safe."

When Zhou Tianhao heard Mr. Liu say this, he immediately felt relieved, and then continued to point to Lin Kai, and smiled excitedly: "Mr. Liu, look at the arrogant look of these dog men and women, they still have a calm look now! I'm afraid I don't know how powerful Mr. Liu is! Mr. Liu, quickly teach them a lesson, knowing what it means to be outside, there are outsiders, there are outsiders and there are heavens!

"Oh? Someone saw me, and still looked calm?" Mr. Liu never looked in the direction Zhou Tianhao was pointing.

In his opinion, he didn't bother to look at it, as long as he could give some of his disciples a shot.

If Zhou Tianhao can be labeled like this, he can actually do it on his own.

But when he heard Zhou Tianhao's words, Mr. Liu's face sank. He didn't expect that someone would see him without showing any fear.

You know he is very famous among ancient warriors.

He didn't think that the other party was not an ancient warrior, otherwise it would not hurt Zhou Tianhao. After all, Zhou Tianhao himself had several slightly more powerful warriors.

With a somewhat gloomy look, Mr. Liu swept in the direction Zhou Tianhao pointed.

First of all, he fell on An Xiaoran and was slightly surprised, because he saw An Xiaoran's extraordinary, of course, compared to his few disciples, it was still slightly inferior.

But when she turned her gaze to Lin Kai next to him, he stared, with a look of surprise and disbelief.

After that, Mr. Liu cautiously said: "Excuse me... Are you Mr. Lin Kailin?"

In this tone, there was immense awe and fear.

This stunned everyone at the scene, no matter who it was.

Not to mention other people, even Lin Kai himself, was a little confused, he didn't know this Mr. Liu, he naturally saw that Mr. Liu was of the martial arts level.

But it only just broke through the martial arts level, not long.

For Lin Kai now, Wu Sheng is just like ordinary people, unless he is a master, he can take a high look.

However, only looking highly, he would be more careful with a master like Lin Yuan.

It's not that Lin Yuan is so strong, but Lin Yuan's use of the next three indiscriminate methods, which can't be prevented.

Or the kind of tricks similar to T Country's witchcraft, which are more weird and unfamiliar, will also make him feel troublesome, but he is not afraid of the rest.

At this time, Mr. Liu saw the puzzlement in Lin Kai's eyes, which made Mr. Liu walk towards Lin Kai, and he was even more sure that this was Lin Kai!

Under the shocking gazes of everyone on the scene again, Mr. Liu respectfully moved towards Lin Kai and bowed in gratitude: "Mr. Lin doesn't remember that I am normal. My name is Liu Ansheng. Six months ago, I also accidentally passed by. Locally, seeing Mr. Lin fighting with a master, it's not weaker than the wind."

"At the time I was at the pinnacle of a martial arts master. I was fortunate enough to see this level of battle, so that I was quite touched. It didn't take long for me to break through to the martial arts level! Speaking of which, the reason for the breakthrough was because of you! That's why! What's more, the great master at the time was planning to kill me, but you also stopped me! In this way, Mr. Lin, you are my savior!"

"When I become a martial sage, I will keep inquiring about your news! Later, I learned that your name, Mr. Lin, is really the existence that I, a little martial sage, must admire!"

When Mr. Liu spoke quickly, everyone was shocked again and again.

Half a year ago, that young kid, who was able to fight against a master-level powerhouse, was not weak?

Now the strength of this kid, isn't it really a grandmaster level?

This made Mr. Liu's disciples and Zhou Tianhao's several ancient warriors unbelievable.

They are all ancient warriors, how can you know that the master is strong! That's a big man who can really order one party!

Wu Sheng can start sects, let alone master masters!

Those ordinary people, although they don't know much about martial arts, masters, and the like, but seeing Mr. Liu, they are so in awe of Lin Kai, everyone is shocked.

In addition to the gamblers, those casino staff, including Zhou Tianhao, are well aware of Mr. Liu's status in Zhou's family.

It was indeed the Zhou family who paid for it, but it was also the VIP guest of the highest level of etiquette reception!

All the Zhou family, including the Zhou family's head, respected Mr. Liu.

This is why Zhou Tianhao insisted on saying that the casino suffered a moment of life and death, otherwise Mr. Liu could not be invited.

In other words, Mr. Liu could not give Zhou Tianhao's face as long as he wanted.

Unexpectedly, such a character was so in awe of that young man.

Zhou Tianhao has never heard of Lin Kai, and the most important thing is that Leiyuan Group has not told Zhou family about Lin Kai.

Leiyuan Group is afraid to expose this casino, not to mention that Leiyuan Group and Zhou's are secretly cooperating.

Therefore, the Leiyuan Group was afraid of what would happen to the Zhou family after meeting Lin Kai.

Zhou Tianhao's mind is blank nowadays, but he never thought that Lin Kai seemed to have an amazing origin! Mr. Liu is afraid!

To say the least shocked, it actually belongs to An Xiaoran.

To be precise, An Xiaoran was numb, and was shocked to the numbness of Lin Kai's strength again and again.

From the first easy killing of Hydra in the ancient tomb, to shooting dead ancient corpses, and killing the first snake body woman in the town, and not long ago, she could win...This series, An Xiaoran didn't know what to say it is good.

If it weren't for the quiet atmosphere, she couldn't help but exclaim: Lin Kai NB!

She really feels that Lin Kainiu, her identity is extraordinary, she has been in contact with strong people since childhood, there are not 80 or 100, but as mysterious as Lin Kai, she has not.

Chapter 1405: I Can't Afford It In My Life

Chapter 1405

When An Xiaoran exclaimed, Lin Kai NB.

At this time, Lin Kai really remembered that he was at war with a grandmaster six months ago.

Of course, the impression of this Mr. Liu is almost zero.

After all, it has been so long, and he has also experienced many things and people, except for those who have a particularly deep impression, he doesn't care much about the others.

But since Mr. Liu is so polite, he can't be rude, so he said lightly: "Mr. Liu doesn't need to be like this. The practice is personal, so whether you make a breakthrough or not has nothing to do with me."

Mr. Liu laughed and said, "Mr. Lin, you are humble! I never expected that I could run into Mr. Lin here! Unexpectedly, the Zhou family was so unsightly, I almost offended you, Mr. Lin! From then on, I will no longer I'm in the Zhou family, who makes the Zhou family so incompetent!"

As soon as this remark came out, Zhou Tianhao's expression was ugly to the extreme.

Today not only was beaten in vain, the casino seemed to be about to be messed up, and even the Wu Sheng, who was finally invited, had to leave their Zhou family!

Although Wu Sheng's level requires a lot of money, but a lot of money may not be able to be invited. It can be said that there is no market.

After all, the ancient martial artist of Wu Sheng, making money on his own is also very easy.

This Mr. Liu was born by Ye Luzi, who is weak and has a lot of apprentices before he can be invited.

Unexpectedly, Mr. Liu said that he would leave Zhou's family when he left the Zhou family, only because he offended Lin Kai!

This made everyone at the scene look at Lin Kai in awe, secretly remembering this person's appearance in their hearts, and they must not provoke this person in the future! You even have to warn your relatives and friends around!

At this time, Mr. Liu went on to say respectfully to Lin Kai: "Mr. Lin, let's do it, in order to apologize, I invite you to a big meal. Although it is almost morning, the morning tea in Jinyuan City is still pretty good."

Lin Kai waved his hand: "Mr. Liu doesn't have to be so troublesome. I came to Jinyuan City just to pass by, but Mr. Liu, listening to Zhou Tianhao's words before, you guard this casino?"

Mr. Liu smiled awkwardly when he heard the words: "Mr. Lin, that was the past, now I am no longer guarded. The Zhou family did spend money to ask me to guard, but now I offend Mr. Lin, I will never help Zhou again. Do things at home."

When Lin Kai heard Mr. Liu say this, he nodded secretly. It seemed that Mr. Liu didn't know about Leiyuan Group.

And Zhou Tianhao, he didn't know when he heard his name.

It must be Leiyuan Group, who didn't tell the Zhou family at all.

Also, with Lin Yuan's cautiousness, how could he spread the word about him and his enemy Lin Kai.

Unfortunately, the more cautious you are, the more you can seize the opportunity.

Lin Kai seized this opportunity. He didn't know the gamblers and dared to come to this casino. So he ignored Mr. Liu and looked at Zhou Tianhao.

Zhou Tianhao was so frightened that he wanted to turn around and escape, but he didn't dare to escape at all, he already knew that Lin Kai was fast.

If he escapes by himself and is caught up, he must end badly.

Before Lin Kai could speak, Zhou Tianhao bit his head and said: "Mr. Lin! I have no eyes! Please let me go!"

How can there be the demeanor of the former Hao Shao, he is completely begging for mercy.

Lin Kai sneered: "Being beaten up, you asked for it yourself. You are used to bullying men and women in Jinyuan City. If you provoke things you shouldn't provoke, you will dare to do so in the future.

"Don't dare, don't dare!" Zhou Tianhao shook his head repeatedly, like a rattle.

Lin Kai ignored it, this week Tianhao really did not dare, or did not dare to fake it, and said lightly again: "I can let you go, but the 100 million you owed the casino before..."

“Give it! I give it!”

Before Lin Kai finished speaking, Zhou Tianhao gritted his teeth and said, although he was extremely unwilling to give it, it was 100 million.

Even for the Zhou family, 100 million is a bit distressed.

Of course, compared with the interests of the entire casino, this hundred million is nothing. Later, it was advertised, saying that it was given to Lin Kai 100 million, so that the group of gamblers would come here to gamble again, which would be regarded as a timely stop.

Lest the casino can't be opened anymore, for the Zhou family, the loss will be even greater.

More importantly, Leiyuan Group will find trouble, and that would be very bad.

In fact, Lin Kai didn't expect this. He wanted this casino to bleed, but also to make this casino completely ruined.

Before that, he asked the hidden **** to investigate all the information of the gamblers here, and then remind those gamblers that what Tianhao did this week, making this casino become uninterested, it would be completely ruined.

Lin Kai calmly said again: “Very good, so refreshing, then the contract and IOU signed by my previous lady will also be handed over.”

Zhou Tianhao quickly asked the strong man to take all those things and hand them to Lin Kai.

At the same time, Lin Kai received 100 million from the casino.

After all, it is a casino, and some channels are still very fast.

Lin Kai didn't expect it to be transferred to him by the casino account.

This made Lin Xinzong moved. He could investigate the transfer record of the casino account. He might find out some unexpected surprises.

At least, it should be possible to find out the record of the casino transferred to Leiyuan Group.

If there is, it can be regarded as a clear evidence that can prove that Leiyuan Group is involved in illegal industries. When all the evidence is searched and recorded, it is the death of Leiyuan Group!

Lin Kai accepted the contract and the IOU, and immediately transferred it to An Xiaoran.

An Xiaoran didn't even think about it, and angrily tore up these contracts and IOUs.

Seeing An Xiaoran's appearance, Lin Kai thought for a while, this lesson will definitely make her unforgettable in her life.

Afterwards, Lin Kai prepared to take An Xiaoran away.

Seeing that Lin Kai was leaving, Mr. Liu asked again to invite Lin Kai to dinner.

Lin Kai still refused. From yesterday to now, he hasn't rested much. First, he went to trace the martial sage under Lin Yuan, and then went to the ancient tomb to destroy the evil spirits.

When it was early in the morning, An Xiaoran was very worried, and it was almost morning, so Lin Kai naturally wanted to take a break.

So Lin Kai waved his hand decisively, but after a little chat with Mr. Liu, Lin Kai left the casino with An Xiaoran.

When Lin Kai and An Xiaoran are gone, Mr. Liu will naturally not stay here.

However, Zhou Tianhao couldn't help asking Mr. Liu: "Excuse me, Mr. Liu, who is this Lin Kai sacred? Can you tell me, it is because of the face of my Zhou family who has paid you for so long."

"You still have the face to say this? If you pay me, don't you want to fight and suffer?" Mr. Liu sneered, and then warned: "Lin Kai, you can't afford it in your life!"

Chapter 1406: Caveat

Chapter 1406

"what?"

When he heard Mr. Liu's words, Zhou Tianhao was completely stunned. He was thinking about asking Mr. Liu about Lin Kai's background.

Want to see what is sacred, even Mr. Liu, a master of martial arts level, is so admired.

In fact, he mainly found out Lin Kai's identity.

In this case, he can explain to Leiyuan Group that it was Lin Kai who made the casino like this, and let Leiyuan Group take action to deal with Lin Kai.

How could Zhou Tianhao know the power of Leiyuan Group?

It was precisely because of knowing that the Zhou family gave up the casino, the sweet pastry, with the purpose of binding with Leiyuan Group.

With Leiyuan Group as a backer, Zhou's family will be able to go smoothly in the future.

But now, the casino has almost been messed up by Lin Kai.

Together with Lin Kai and that bitch, he was beaten into a look like a human being and a ghost, and he was still in full view, how could Zhou Tian be able to bear it!

Since the Zhou family couldn't deal with Lin Kai, they used the hands of Leiyuan Group to deal with it!

In the end, Mr. Liu said bluntly that he would never be able to provoke Lin Kai for the rest of his life!

How could Zhou Tianhao be willing, so he hurriedly asked: "Mr. Liu, what do you say? If it is the East China Sea Leiyuan Group, can't it provoke Lin Kai?"

He didn't believe it anymore, he moved out of Leiyuan Group! Can't afford Lin Kai!

He all knows that Leiyuan Group has not only many masters of the martial sage level, but even great masters!

As a member of the ancient martial arts world, Mr. Liu should also know that Leiyuan Group has many powerful ancient martial artists.

So even if Lin Kai has the strength to fight against the master, he should be afraid of the Leiyuan Group!

What Zhou Tianhao never expected was that Mr. Liu only left one sentence: "Leiyuan Group? Oh, as far as I know, Leiyuan Group is afraid of Mr. Lin. You cannot imagine the status of Mr. Lin! I have Remind you, Mr. Lin is something you can't afford to provoke in your entire life. That's the point. The Zhou family has treated me well in the past six months. I just remind you, remember, don't provoke Mr. Lin, otherwise, there will be a dead end!"

After Mr. Liu finished speaking, he didn't explain much, and quickly left the casino with a group of his apprentices.

Zhou Tianhao was completely blindfolded by Mr. Liu's words, even Leiyuan Group was afraid of Lin Kai? impossible?

Of course, what Mr. Liu said was correct. Lin Yuan was afraid of Lin Kai and created the Leiyuan Group to try to force Lin Kai.

As a result, Lin Yuan had nothing to do with Lin Kai for so many days.

So that Lin Yuan moved again, all kinds of crooked methods to harm Lin Kai.

The more Lin Yuan was like this, the more he was afraid of Lin Kai.

Lin Kai is also very clear about this, but he has not found the key evidence of the Leiyuan Group, and there is no way to wipe out the Leiyuan Group and all the senior leaders at once.

At this time, Zhou Tianhao was struggling, whether to talk to Leiyuan Group.

As for Mr. Liu, who had just walked out of the second-level casino, all of the apprentices were curious about Lin Kai's identity.

One of the apprentices couldn't help but ask Mr. Liu: "Master, what is the identity of that Mr. Lin? You all admire that?"

The other apprentices looked at Mr. Liu with curious eyes.

When Mr. Liu saw this group of apprentices, he was very puzzled. He groaned a little. Anyway, they were all his apprentices. It's okay to talk about it, let alone remind these apprentices not to provoke Lin Kai.

After thinking about it, Mr. Liu didn't hesitate anymore, and said solemnly: "The people behind the Leiyuan Group, do you always know?"

"Of course! The man behind the Leiyuan Group is Lin Yuan, a powerful master. Master, you have told us before that when I go to the East China Sea, don't mess with the Leiyuan Group." The apprentice responded.

The other apprentices also nodded their heads, superficially knowing.

Mr. Liu then asked: "Do you know why Lin Yuan founded Leiyuan Group in the East China Sea?"

"Don't you want to swallow the economic circle of the East China Sea? Control the East China Sea so the consortium, family?"

Many apprentices are suspicious. This is something everyone knows. Why did my master ask this question?

Mr. Liu shook his head: "Indeed, the purpose of Leiyuan Group is to control all consortia and families in the East China Sea, but Lin Yuan's real purpose is to deal with Mr. Lin!"

"what!?"

Many of Mr. Liu's apprentices were stunned.

Mr. Liu ignored their dumbfounded and continued: "As far as I know, Lin Yuan is Mr. Lin's cousin. He has been suppressed by Mr. Lin all the time. In order to deal with Mr. Lin, he did nothing but destroy him quickly. It just can't affect Mr. Lin. Up to now, Mr. Lin has been very good, you say, Leiyuan Group really does not fear Mr. Lin?"

"So compared to the Leiyuan Group, I advise you that even if you provoke the Leiyuan Group, you can't provoke Mr. Lin. If I find one of you, if I provoke Mr. Lin or the people around Mr. Lin, then I will not worry about anything. The feeling of mentoring and apprenticeship, I won't do anything to you, do you all know?"

The group of Mr. Liu's apprentices, while shocked, responded quickly and knew that now that they were given a hundred courage, they would not dare to provoke Lin Kai.

Afterwards, Mr. Liu and his group of seven people all got in a very high-end commercial vehicle.

As soon as he entered, Mr. Liu shook his head and said to himself: "I noticed that this casino is already under the control of Leiyuan Group. Before Zhou Tianhao asked like that, I better understand that Leiyuan Group and Zhou's family must cooperate. I have a hunch, in the future, Mr. Lin will definitely be able to destroy the Leiyuan Group.

The reason why I made the decision to withdraw from the Zhou family was mainly because I was worried that after Mr. Lin destroyed the Leiyuan Group, it would affect me. After all, the Zhou family and Leiyuan Group have a cooperation. Fortunately, I am very clever. In the presence of Mr. Lin, I left the Zhou family. Unfortunately, although I guard the casino, I don't know the operation and secrets of the casino, otherwise I can tell Mr. Lin and make a good relationship. "

In short, Mr. Liu is from Xingqing now.

And the other side.

Lin Kai drove the Rolls-Royce Phantom and An Xiaoran back to the hotel.

Before coming to the casino, he saw Alice returning to the hotel, so he went straight to the hotel this time.

This hotel is not so high-end, whether Lin Kai, Alice or An Xiaoran, don't mind what hotel to stay in.

It's almost five o'clock in the morning, and it's still dark.

The three rooms opened by three people are all close together,

Alice lives in room 912, Lin Kai lives in room 913, and An Xiaoran lives in room 914.

Lin Kai is in the middle, Alice is on the left and An Xiaoran's is on the right, side by side.

At this time, Lin Kai and An Xiaoran came to their respective rooms together.

An Xiaoran opened his room first, then looked at Lin Kai and said gratefully: "Lin Kai, thank you."

Chapter 1407: See Off

Chapter 1407

Lin Kai waved his hand quickly: "If you have extra words, don't say anything, you should rest early."

"Okay! Anyway, thank you very much! You also hurry up and rest!"

Now An Xiaoran seemed to have changed himself, and he followed Lin Kai's words.

If someone familiar with An Xiaoran sees this scene, he will be surprised. When is An Xiaoran obedient? Still so obedient to a man?

You know, An Xiaoran is someone who doesn't even care about his own father.

Lin Kai nodded when he heard An Xiaoran's words.

Then under Lin Kai's gaze, An Xiaoran entered the room.

Lin Kai retracted his gaze and took out and let go, opening the room he was living in.

But what made Lin Kai frown was that he did open the room, but the room was brightly lit, and there was a room card inserted in the groove on the edge, and it was obvious that someone was living in it.

And he smelled the fragrance of a woman, a familiar smell.

Lin Shuxuan closed the door and walked into the room. Sure enough, she saw Alice lying on the bed in a bathrobe. She was not asleep, playing with her mobile phone. When she saw Lin Kai coming in, she was slightly happy: "Mr. Lin! I'm back! I lost my room card, and I couldn't find a backup room card at the hotel, but there happened to be a backup of your room card, so I came in and stayed in your room for one night."

This made Lin Kai speechless, and what he said was too false, full of loopholes.

How can there be no spare room card for such a big hotel?

What's more, isn't there a main card, which can be opened in every room.

The most important point is that this hotel is not full, so how could Alice run out of money, just spend a small amount of money, and get another room.

Although Lin Kai knew that Alice did this deliberately, it was not easy to say so directly.

But what he didn't expect was that next Alice got up from under the bed and stretched her waist to fully show the man's proud slender figure.

Alice is worthy of being a foreign beauty. She inherited the openness and boldness of foreign countries. She said again: "Mr. Lin, I thought about it. As long as I give you my body, I can hold your heart, so..."

As Alice said, she walked towards Lin Drive.

Lin Kai was actually quite helpless. It wasn't that he was not moved. After all, as a man, facing such a proactive and beautiful foreign beauty, he couldn't bear to be a man.

But now, his thoughts are put on Leiyuan Group, and he has no other thoughts at all.

So seeing Alice getting closer and closer, Lin Kai was so angry that he fainted Alice.

Immediately, Lin Kai hugged Alice to one side of the bed, while he rested slightly on the other side.

However, the soundproofing effect of this hotel is still a bit poor, so An Xiaoran's An Xiaoran heard it, and Alice's voice came from Lin Kai's room.

This made An Xiaoran, who was lying on the bed, thinking of something. He brushed his face and turned extremely red, and murmured, "Huh! Lin Kai! I didn't expect a man like you! He said he rejected Miss Alice, no Thinking of coming back, I accepted Miss Alice!"

How dare An Xiaoran keep listening? Although Lin opened the room now, there was no more movement, but he knew it was the calm before the storm.

Ever since, she quickly took out her earphones and put them on, then turned on the phone's music and listened.

By nine o'clock in the morning, Lin Kai took Alice and An Xiaoran and left Jinyuan City for the airport in Donghai City.

Both Alice and An Xiaoran have to leave the East China Sea today.

Alice is returning abroad, An Xiaoran is going to the capital.

In the airport, Alice looked at Lin Kai very resentfully, looking back three steps, seeming to be dissatisfied with Lin Kai's behavior in the early morning, and finally walked into the airport with endless resentment and resentment.

Seeing Alice's departure, Lin Kai secretly breathed a sigh of relief, what major decision will be made when Alice is tried, and so on.

In that case, Lin Kai will really have a headache, and it is estimated that he will fall, how can I say Alice is also a great beauty.

Of course, the main thing is that when he got up, Lin Kai made a promise to Alice that he would go to Alice's family and find her in the future.

This made Alice very happy, and she returned to the country with peace of mind.

In fact, Lin Kai did plan to go there.

The family behind Alice is a very large family abroad, and it has great influence in some countries in Southeast Asia, including Country T.

The Sea Snake Gang, the second largest gang in Country T, is closely related to Lin Yuan's Lei Yuan Group.

More importantly, Lin Kai wanted to know who the reward order was issued to him on the Internet.

To know this, you can only use the eyeliner of a large foreign family.

And the big family behind Alice is first.

At this time, An Xiaoran stood beside Lin Kai, saw Lin Kai's thoughtful look, and curled her lips and said, "What? Is it because you can't bear Miss Alice? If you don't bear it, then you can chase it back, afraid what."

"Nothing." Lin Kai was speechless, and An Xiaoran was thinking about it again.

"Huh! Nothing else, you think I don't know, Miss Alice is in your room, and a man and a woman are in the hotel room. What can you do? Fortunately, I ended up wearing headphones, otherwise I won't even sleep peacefully!" An Xiaoran snorted: "Let me see, since Miss Alice is so reluctant, you can just chase it back. It's so comfortable to have a big foreign girl waiting by your side."

How did Lin Kai feel that An Xiaoran was a little jealous, of course, he didn't care too much.

He just glanced at An Xiaoran irritably. He was really upset about An Xiaoran's appearance.

Lin Kai helplessly said: "Ms. An, why haven't you entered the terminal yet, is it possible that you don't want to return to the capital?"

An Xiaoran immediately glanced at Lin Kai and said, "Naturally it is early, and it is not time for the plane to take off. Besides, aren't you here? Of course I will accompany you, and I will enter the terminal later."

These words of An Xiaoran made Lin Kai even more speechless.

"Obviously I accompany you, you have to say that you accompany me, if you don't enter the terminal, then I will leave." Lin Kai originally thought about seeing An Xiaoran off, but now he is too lazy to see off, , Turned and left.

"Hmph! This lady is not rare for you to give it away!" An Xiaoran was proud again, but she hadn't been proud of herself for long, as if she had seen something, her beautiful eyes lit up, and she shouted in surprise: "Yanyan Smoke!"

The one who passed An Xiaoran was a slender figure who was very well-dressed, wearing sunglasses and a mask, and wearing a very fashionable hat on her head.

Chapter 1408: Meet Again

Chapter 1408

This slender shadow appeared to be startled by An Xiaoran's sudden shout.

Slender Qianying quickly denied: "This lady, I don't know what you are talking about."

An Xiaoran has sharp eyes, how can he recognize the wrong person, and quickly lowered his voice, and said: "I recognize you! You are Yin Suyan! Don't worry, speaking of it, I am half a fan of you. I will not make a lot of noise. from."

Slender Qianying is Yin Suyan. She finished recording the show last night and immediately booked the first flight to the East China Sea.

She had just arrived at the airport and thought she was covering herself tightly, but she was still recognized by others.

Make Yin Suyan laugh bitterly, and then had to respond to An Xiaoran: "Thank you, but I have covered it up so thick, how do you see me?"

Yin Suyan is really curious.

Before An Xiaoran could speak, Sister Liu, the agent behind Yin Suyan, was very proficient in business. She blocked Yin Suyan in front of her and smiled at An Xiaoran: "This lady, if you want to sign, you can sign for you. One, but if its taken, Im embarrassed. Because its a connecting flight, I have to fly to other places in a few hours."

This trip was supposed to fly directly to another province, but in the end I had to make a transfer here in the East China Sea.

The main reason was that Sister Liu was stubborn but Yin Suyan, so she had to let Yin Suyan come to the East China Sea for a turn.

When An Xiaoran heard Sister Liu's words, he didn't care much, and said casually: "Okay! Then sign your name! Thank you!"

Hearing this, Yin Suyan was about to take out the paper and pen from the bag, preparing to sign An Xiaoran, but when she looked up, she found a figure walking behind.

Yin Suyan saw this figure, making her heart pound! This is too fate! Unexpectedly, I met again at the airport!

Yin Suyan didn't care about signing An Xiaoran's name, so he quickly turned around and chased after the figure.

That figure was naturally Lin Kai who was about to walk outside the airport.

In fact, Lin Kai had sensed Yin Suyan a long time ago, and he didn't expect that after a long time, Yin Suyan would have returned to the East China Sea.

No wonder he returned to the hotel, and when he was resting there, he saw his mobile phone. There were more than a dozen missed calls, all of which were from Yin Suyan.

Lin Kai had a headache, and finally left Alice, but Yin Suyan came again.

When he was just about to speed up his pace, Yin Suyan ran directly, and it didn't take long to stop Lin Kai: "Mr. Lin!"

Lin Kai had no choice but to stop and look at Yin Suyan, pretending to be surprised: "It turns out that it is Miss Yin, didn't you record variety shows in Beijing? Why did you come to the East China Sea again?"

Yin Suyan also looked at Lin Kai in front of him, and said, "It's not because of you. I recorded from 7 o'clock last night until 4 o'clock in the morning. I didn't rest. I finished recording all alone. Originally, I was in a hurry. To the next place, the plane goes straight to the next place.

But thinking of you, I hurriedly booked a ticket to the East China Sea and got off here. And during the period, I gave you a lot of phone calls, even if I didn't answer them, I didn't even answer me in the end. "

Lin Kai heard the resentment in Yin Suyan's tone, and he was speechless. After seeing it, he did not even think of replying.

Yin Suyan is a big star in the Chinese entertainment industry and is currently in full swing. Not to mention his own country, he has influence in some Southeast Asian countries.

If you change to someone else, you will be eager to answer Yin Suyan's call, let alone not answer the call.

Seeing Yin Suyan's resentful eyes, Lin Kai coughed dryly: "That's because I went to bed too early at night, got up too late, and the phone was muted."

Yin Suyan naturally didn't believe Lin Kai's words, but didn't go into it any further, but said again: "You don't answer like this, don't you want to invite dinner?"

"It's just a meal, how can I hide it deliberately, anytime you want to eat." Lin chuckled.

Yin Suyan said, "Okay! Then now!"

Sister Liu had already arrived at Yin Suyan's side. She just heard Yin Suyan's response and quickly said: "I said Su Yan, we are here for a transfer. The plane to Lingnan is about to fly, so don't delay."

However, Yin Suyan did not respond to Sister Liu's words as if he hadn't heard it. Instead, he looked at Lin Kai and said firmly: "Huh! It's fine if the call doesn't answer me, and I won't return to me! No, I must let you today, please I have a meal!"

An Xiaoran also ran over at this time. When she found that Lin Kai and Yin Suyan seemed to know each other, she was so surprised that she couldn't help asking: "Lin Kai, do you even know Yin Suyan?"

Lin Kai didn't respond to An Xiaoran's words, he ignored them, and then said to Yin Suyan: "It turns out to be Lingnan. Lingnan is not far from the East China Sea, within a hundred miles. Let's go to Lingnan first, Miss Yin. When I'm done, I'll go back to the East China Sea, and I'll treat you to eat. Or if you don't have time, I can drive to Lingnan, and it won't take long."

Lin Kai thought, first used a random reason to persuade Yin Suyan to leave. Unexpectedly, Yin Suyan was very clever and didn't get it at all. Instead, he smiled and said, "Since Mr. Lin, you have said that you are planning to drive to Lingnan. Let me go to Lingnan, anyway, Lingnan is also very close to the East China Sea, a few hours drive away. When I get to Lingnan, please invite me to dinner."

She couldn't tolerate Lin Kai's refusal, and then hurriedly said to Sister Liu: "Sister Liu, you can go by plane first, Mr. Lin will take me there."

Sister Liu was speechless: "Let's go, let's go, don't be late in Lingnan, it's still very important to us."

Yin Suyan responded with a smile: "Sister Liu, that was also the evening, and it's only morning, so I can get to Lingnan in the afternoon."

While talking, she nudged Sister Liu, motioning her to leave quickly.

Sister Liu couldn't help but stared at Lin Kai, shook her head again, and muttered to herself: "This kid, what is so good? How can he compare to the children of the big families in Beijing."

Of course, she didn't dare to say this, after all, Yin Suyan was in front of her.

Afterwards, Sister Liu was urged to make Yin Suyan to arrive at the agreed place before the evening.

It was not until Yin Suyan's constant assurance that Sister Liu left with peace of mind.

After seeing Sister Liu leave, Yin Suyan was obviously relieved. She looked at Lin Kai and smiled: "Mr. Lin, Sister Liu is gone. You can't leave me alone, right?"

Lin Kai smiled bitterly: "Okay, then I will send you to Lingnan."

The most important thing is that the system gives a task to reward gold extraction ability.

The content of the task is to send Yin Suyan to Lingnan safely and protect Yin Suyan's safety while in Lingnan.

It seems that Yin Suyan will encounter something in Lingnan.

Anyway, I have to ask for it, and I agreed with the meal I owed.

Chapter 1409: Stopped Halfway

Chapter 1409: Stopped Halfway

An Xiaoran saw the relationship between Lin Kai and Yin Suyan, which was quite unusual, and she was surprised in her heart. At the same time, she muttered that it was too bothersome. Just as a big foreign girl walked on the front foot, a big star appeared immediately on the back foot.

Lin Kai's relationship is very unclear, especially Lin Kai's surface, which seems to be quite resisting. Let Ann Xiaoye complain, just pretend.

Wait until the night is wild, how will you resist it? For example, the big foreign girl said she refused, but she still took it physically.

Of course, An Xiaoran was purely complaining, but she was a lot of flowers, and she didn't have too many thoughts.

Seeing that Lin Kai was about to take Yin Suyan away, he hurriedly said to Yin Suyan: "Yanyan, sign! Sign! I will sign my signature before leaving!"

Yin Suyan first glanced at An Xiaoran embarrassedly, then smiled and said, "Sorry, I almost forgot, I will sign you now."

Yin Suyan continued to take out the paper and pen, and began to sign An Xiaoran.

Lin Kai looked at An Xiaoran in surprise: “Miss An, I didn’t expect you to chase stars.”

This was indeed something he didn’t expect. An Xiaoran’s temperament was very big-hearted, he was spoiled and spoiled, and he was not an ordinary person, which made him strange.

An Xiaoran rolled his eyes: “Can’t you chase it? Let alone chasing the stars, if I can chase the moon, I will chase the moon too.”

Lin Kai was speechless. He always felt that An Xiaoran didn’t seem to chase a star at all, but if An Xiaoran didn’t say anything, he could do nothing.

At this time, An Xiaoran spoke to Yin Suyan: “Yanyan, let me remind you that Lin Kai looks like a gentleman on the surface, but he is definitely a hooligan in his heart! Pay attention, stop his way!”

Yin Suyan snorted, laughed, and handed the signed paper to An Xiaoran, and said, “Thank you for the reminder, Miss An, I will pay attention.”

After receiving the autograph, An Xiaoran originally wanted to say something.

But at this moment Yin Suyan ignored An Xiaoran, but instead turned his gaze to Lin Kai and smiled and said, “Mr. Lin, well, we can go.”

Lin Kai nodded, then he looked at An Xiaoran and found that An Xiaoran was waiting for him. He was speechless.

Then he said to An Xiaoran: “Miss An, you should go to the departure hall as soon as possible, so as not to delay the world, I will take a step first and not send it.”

“Lin Kai! Yanyan is my sister’s idol! In my sister’s heart, Yanyan is the purest goddess. If you have any crooked thoughts, don’t think about Yanyan! Otherwise, hum! But you, but maybe you will be old in ten years. I am young and vigorous and I can still beat you.”

An Xiaoran waved a small pink fist at Lin Kai. After reminding him, he turned around and left without waiting for Lin Kai to react.

Lin Kai was stunned. It turned out that it was An Xiaoran’s sister who was chasing the star, so he said that with An Xiaoran’s temperament, that would definitely not be the case.

Yin Suyan looked at An Xiaoran’s leaving back and smiled softly: “Miss An, is still very interested. If you have the opportunity in the future, please introduce it.”

“I don’t understand the dangerous little girl in this world.”

Lin Kai shook his head, hoping that this lesson will bring some changes to An Xiaoran. It is not a temporary change, but a change that can affect a lifetime.

After that, Lin Kai took Yin Suyan and walked outside the airport.

But when he first arrived at the gate of Donghai International Airport, a wretched fat man, dressed in a suit, combed his head, looked like a dog. And there are ninety-nine roses in his hand, and even inside the roses, there are still small flowers folded into a large amount of cash, there are probably hundreds of them, that is, at least tens of thousands of cash.

Most importantly, there is a transparent ring box in the middle.

Because it is transparent, you can see the ring inside at once, and the diamonds in the ring are dozens of carats, very large.

This wretched big fat man seemed to know something in advance when he saw Lin Kai and Yin Suyan coming.

The wretched big fat man hurriedly moved towards Yin Suyan, then quickly knelt down in front of Yin Suyan and shouted with excitement: "Miss Su Yan! Since seeing your face a few days ago, I know I like it. Fuck you! I heard from my friends! So I took a rose and a ring to confess to Miss Su Yan! Let's be my girlfriend first! When I propose, I will be ready to give you something extravagant!"

Yin Suyan should also know who this wretched big fat man is, with undisguised disgust in his eyes, and then faintly said: "Mr. Wang, I have said long ago that I will not accept it. You should go, otherwise Don't blame me for calling the police."

The wretched big fat man seemed to have not heard him, and continued: "Miss Su Yan, you also know my worth. Follow me, you don't have to worry about anything. You can buy anything you want. Isn't this what your women want? It doesn't matter how much money, just follow me."

While talking, the obscene big fat man took out the ring from the rose, and then said: "Promise to be my girlfriend, like this kind of ring is completely trivial, and I will buy bigger and better ones later. Yes, what necklaces, designer bags, the latest fashion clothes, lipsticks, etc. I have contracted!"

"Wow! Great! I want this kind of boyfriend who buys and buys for me!"

Many women passing by were all envious, and they were all envied by this obscene big fat man.

Among them was a woman who said with envy: "This rose, this cash fold, and such a big diamond ring. If it's me, I will definitely agree!"

In addition to this woman, there are many women nearby, and they have the same idea.

Of course, there are many different ideas.

And women with the same idea can't wait to replace Yin Suyan.

Among the crowd of onlookers, I don't know who was the first to shout a promise, and then the crowds nearby also followed the trend and shouted to him.

Yin Suyan remained unmoved, still calm, and said faintly: "Mr. Wang, I know you are rich, but I also know who I am. It's not that I can't make a lot of money, although I can't do anything with you. Its comparable, but Ive earned enough for myself to spend. So Im sorry, I will repeat it one last time, I wont accept it in my life."

The wretched big fat man was suddenly said to be a little annoyed, and he hummed: "What's wrong with me? Some are money, and you can give you whatever you want. Even if you want to go to the moon, I can spend money, launch satellite rockets, etc. At the time, I bought the right to use the satellite and so on, hung up your photos, and it was your exclusive satellite to go into space! So, as long as you promise me, you will have whatever you want!"

Chapter 1410: I Can See You Are Sick At A Glance

Chapter 1410 I'm Sorry

Some women nearby, when they heard the obscene big fat man, they all brightened and said, "Yes, is it not good to find such a rich boyfriend?"

"Yeah, I'm not a husband anyway."

Many women, although they all know that this wretched fat man is rich, they still have a big discount in appearance.

Even so, many women think that if you agree to it, you can't get married anyway.

Because Yin Suyan was tightly covered, this wretched big fat man was rich after all, and could find out Yin Suyan's whereabouts, so he could recognize Yin Suyan.

No one onlookers recognized Yin Suyan anymore.

If it is known that it is Yin Suyan, it is estimated that there will be no idea that Yin Suyan agreed before.

At this time Yin Suyan became a little impatient, and said coldly: "Mr. Wang, since you are so rich, you can't find a good girlfriend. As long as you wave your hand, countless beauties are not in your arms. My attitude Already very determined. If you don't go, I will go. Mr. Lin, let's go."

Yin Suyan didn't want to bother about this wretched big fat man, so he told Lin Kai to go with him.

Lin Kai nodded secretly, and was about to leave with Yin Suyan.

Unexpectedly, this wretched big fat man was reluctant and stopped in front of Yin Suyan, then looked at Lin Kai, and questioned: "I didn't pay attention to this kid, Miss Su Yan, who is this kid? In the news I found, But there is no such kid, and are you not going to Lingnan? Why are you still leaving the airport?"

I have to say that this wretched fat man still made a clear investigation.

But Yin Suyan became even more disgusted. This wretched fat man continued to say coldly: "First, who is he and what does it have to do with you. Second, you can't control my business. Third, I will find out. Who disclosed the news to you."

This wretched big fat man, angrily turned back and smiled: "Okay! Don't say it! It seems to be your little lover! It is said that you Yin Suyan is the goddess of the country, and there has never been any scandal. I did not expect that you did in private. Such a person! Raise a lover! Ha ha, this is the so-called national goddess!"

Obviously I can't get the obscene big fat man's approach, so I will ruin you, this kind of very disgusting mentality.

And the onlookers nearby were shocked when they heard the wretched big fat man say this. They didn't expect that this very well-covered woman turned out to be the big star Yin Suyan! No wonder it looks so strange!

“Is she really Yin Suyan? Yin Suyan didn’t leave the East China Sea yesterday, why is she coming to the East China Sea now?”

“Yeah, and who is the man next to Yin Suyan? He looks really handsome. From the looks of his clothes, he adds up to a few hundred dollars. It’s not like a rich second-generation rich man, brother-in-law, etc. , Is it true that Yin Suyan’s little lover?”

“Oh my God! It turns out that Yin Suyan kept the little lover, no wonder he didn’t accept that person’s confession!”

The people nearby immediately exploded, discussing fiercely.

Some people even took out their mobile phones quickly and took pictures or videos of Lin Kai and Yin Suyan.

After all, this is sensational news!

Seeing the reaction of the people nearby, this wretched big fat man showed a satisfied smile. This was exactly the effect he wanted. He didn’t care who the man was, so he just buttoned his hat first.

Otherwise, Yin Suyan will not be destroyed!

He is now going to completely destroy Yin Suyan’s image, and Yin Suyan will have no choice but to continue to stare at the name of the goddess of the nation, and gradually cannot stay in the entertainment circle.

When the time comes, he ran to the downcast Yin Suyan and asked Yin Suyan to beg him!

Thinking of this, the obscene fat man became more and more excited. He felt that this was not enough, so he continued to add fuel and jealousy: “Yin Suyan, if any of you men have the same attitude. You rejected me, I have nothing to say. But now, you are so close to a man that you don’t even admit it! You raise a little lover in private. In order to maintain your pure image, you are so hypocritical! You are really a **** and still set up an archway! I want the whole country The people know your true face!”

As soon as this remark came out, people nearby began to talk more, all talking about Yin Suyan or something.

Yin Su Yanqi’s whole body was trembling, and now it was hard to argue, for fear that his description would get darker and darker.

Lin Kai, who had been watching, naturally wouldn’t just watch Yin Suyan and fall into public opinion.

So he stood in front of Yin Suyan, and looked at the wretched big fat man unceremoniously, with endless chills at the corners of his mouth: “Hehe, it’s a good calculation. If he doesn’t get it, he wants to destroy Miss Yin Suyan. Obviously. It was not until Miss Yin Suyan was pursued that she deliberately poured dirty water on Miss Yin Suyan.

More importantly, I have studied Chinese medicine, which is a bit of a genre. It’s normal to see that you are sick at a glance, you all have AIDS, and any woman you change to reject you is normal. “

This wretched big fat man was instantly angry when he heard the words: "Boy, you are talking nonsense! How can I get this stuff!"

And the people nearby heard that the wretched fat man had AIDS, and everyone looked at the wretched fat man strangely. According to what Lin Kai said, think about it, it seems that this obscene big fat man really is, because he was rejected, so he became angry.

What's more, people who really have AIDS are indeed not qualified to pursue Yin Suyan.

Lin Kai ignored the reactions of people around him, instead he said indifferently, "Tsk, your private life is messy, so I don't need to say more? Tsk, it's really pitiful, even when he got AIDS. You know, you are taking the blame."

"Haha, have you recently felt that your body is weak and you are always unable to do what you want, and your feet sometimes get cold. I suggest you go to the hospital for a good examination first, and if you cooperate with the hospital, you can live an extra year or two."

"Nonsense! Nonsense! Where did I get AIDS!" The wretched fat man tried his best to retort, but anyone could see a deep panic in the eyes of this wretched fat man.

Because of the characteristics Lin Kai said, he did appear! Said exactly the same!

This made the wretched fat man understand that he might really have AIDS!

There seemed to be someone in the crowd, recognizing the obscene big fat man, and exclaimed: "This is the chairman of Ningyuan City Tianyuan Technology Group Wang Biao Wang! I remember that the media had exposed before, this person was unscrupulous attack The opponent, let the group become bigger!"

"It turned out to be him! I also have the impression. I heard that my private life is really messy. I got AIDS. I don't know how many girls have been harmed. I really deserved it!"

"If you have AIDS, you dare to pursue Yin Suyan?"

"Yes! In this way, what this person said before has no credibility at all!"
