## **Chapter 1421: Mr. Cao Think Twice**

Chapter 1421

When Cao Rongsheng said this sentence, everyone was shocked.

Of course, Yan Xin was shocked first, and then was extremely surprised. He never expected that Cao Rongsheng would be so straightforward.

The meaning of this is to arrange her as the female number one of the big movie of the theater, and Yin Suyan's decline to female number two is equivalent to two people changing roles.

Don't underestimate it but just changed the role, but the female number one is the leading one, is the whole line of the movie, and the character is also very pleasing, it will definitely be very popular with the audience.

On the other hand, the female number two has a lot of drama, but it is a vicious villain and is not pleasing to the audience. This kind of role, unless it is controlled by the old opera bones, the old opera bones can do it, and the kind that really hates the bones is a success.

But the acting skills are not very good. It's not bad to play this role, let alone promote fame. I'm afraid it will attract scolding from the audience.

Yan Xin thought that she couldn't control this female number two, and she was very jealous that Yin Suyan could get the role of female number one. In her opinion, Yin Suyan should take the female number two.

So she had a crooked mind, and it happened that Cao Rongsheng, the biggest investor in the cinema chain, also fell in love with her.

She took out her best tricks and agreed with Cao Rongsheng that she wanted this female number one.

Unexpectedly, I just slept with Cao Rongsheng in the afternoon and got things done so quickly in the evening, which was beyond Yan Xin's expectation.

Just before everyone else reacted, Cao Rongsheng spoke again, with a cold tone: "Miss Yin Suyan, she is indeed good at acting, and she has the most various awards in this private room. But it does not mean that, Miss Yin Suyan. Able to be the female number one, I also read the script, so I prefer Miss Yan Xin to be the female number one.

What's more, Miss Yin Suyan was the last one to come in, indicating that her attitude towards work is too bad. In the future, if she is filming in the crew, there will be all kinds of late arrivals, so the whole crew will have to wait for it? Therefore, Director Pan, in my comprehensive consideration, please change the roles of Miss Yin Suyan and Miss Yan Xin. "

Yin Suyan frowned, although his face was calm, there was still a trace of anger in his beautiful eyes.

First of all, it was not because of her fame and status that she won the number one female role.

She passed several auditions and was negotiated by Pan Ligu, screenwriter and deputy director.

After all, Pan Ligu and others are professional directors. It is impossible to let you be the female number one or the female number two just because you are famous.

In addition, the screenwriter also watched the audition. Who can understand the script of this movie better than the screenwriter?

The script was written by the screenwriter. How about the characters in the pen, who is the most suitable?

The screenwriter also watched the auditions of several other actors, including Yan Xin's, and finally decided that Yin Suyan will play the leading female role.

However, Cao Rongsheng said that he read the script and found it inappropriate.

Cao Rongsheng is a layman. Does he know the script better than the director and the screenwriter?

This is the first point, and the second point is that Yin Suyan is not late, nor has he stepped on it, five or six minutes earlier.

As a result, in Cao Rongsheng's mouth, it was like being late for a long time.

Moreover, within the crew, the filming started strictly according to the set time.

These two reasons make Yin Suyan a bit angry, no matter how good-tempered, it is completely unreasonable.

Don't talk about her, even Pan Ligu, the film's chief director, looked astonished at this time. Then he saw Cao Rongsheng watching him. He immediately shook his head and smiled bitterly: "Mr. Cao, you don't know, I decided to make Yin Suyan. Miss is the number one female girl. It was decided by me, assistant director Cheng, and screenwriter Hao. I also reported to you at that time, and you have no problem. Miss Yin Suyan, whether in terms of acting skills or lines, is perfect Fits this female number one role.

In addition, when we publicized it, we had already publicized that Miss Yin Suyan was the number one female of the movie. Miss Yin Suyans current domestic popularity, I dont need to say more about it. How many fans or passersby are looking forward to Miss Yin Suyans starring in this movie. Changing roles so recklessly will inevitably arouse disgust from fans or passers-by.

Miss Yin Suyan was not late, but also came a few minutes earlier. Besides, I heard that Miss Yin Suyan last night, in order to get to our Lingnan in time, she specially recorded a variety show overnight. The original plan was to record it for three days. But Miss Yin Suyan is very hardworking and can do it all night. In terms of work attitude, I think Miss Yin Suyan is very dedicated. So overall, please think twice! "

Although Pan Ligu was afraid of Cao Rongsheng and replaced him as the director, he also understood that if the female number one of the movie was not Yin Suyan, then no one could be qualified to be the number one female of the movie.

Pan Ligu was originally aimed at making better quality movies.

If this is ruined, he would rather not shoot.

The most important thing is that he suspected that it was Yin Suyan, who came last and annoyed Cao Rongsheng. There was still some room for this situation, so he dared to tactfully refute Cao Rongsheng's words.

The male number two Wu Feifan also spoke at this time: "Although I hope that Sister Su Yan will play the female number two, so that my male number two will become rivals with Sister Su Yan. It can be better, Xiang Su Yan Sister learns acting. This is my personal idea, but for the sake of the whole movie, I don't want Sister Su Yan to become the second female.

At any rate, Sister Su Yan is the queen who won the Wanhua Award and asked her to act as a supporting role for Yan Xin, but it was not good. "

Although Wu Feifan's reputation is not as big as Yin Suyan and Lu Qingfeng, it is also in the first line of male stars.

And Yan Xin barely counts as a second-tier, if it hadn't been a little hot in the past few months, he might be just a third-tier star.

Therefore, Wu Feifan glanced at Yan Xin unceremoniously, and kept shaking his head, apparently indicating that Yan Xin was not qualified to be the female number one in the movie.

This made Yan Xin a gloomy face. In fact, she also understood that her acting skills could not meet the requirements of the film female number one, and even the female number two were barely reluctant.

But what if she can't meet her acting skills! As long as she becomes the female number one in the movie, her fame and status will rise again!

As for the quality of this movie, what does it matter to her?

But at this moment, Lu Qingfeng also rarely opened his mouth and said: "Mr. Cao, I also feel that this is not a good thing. This is not a small role. It doesn't matter if the small role changes. The key is the leading role, and the leading role should also be exchanged. It's a big deal. So I think it really needs to think twice."

The reason why Lu Qingfeng helped Yin Suyan speak, it was because the female number one wanted to play against him.

Although Yan Xin was a beautiful woman, she was far from Yin Suyan.

## **Chapter 1422: Her Arrogance**

### Chapter 1422

"One more thing, the script of Yin Su Yannv No.1 has been obtained for a month and a half. I must have a deep guess about the characters in it. After all, I will start it tomorrow. If I change the role now, it will also affect the progress of the filming. After the role, the lines are not familiar and the image of the role is not figured out, which is even worse."

Lu Qingfeng quickly added another sentence. He really didn't want it in his heart, and Yan Xin played against him.

If Yin Suyan is playing against him, he still has a chance to contact Yin Suyan, which will make it easier to win Yin Suyan.

If Yan Xin really becomes the number one female in the movie, wouldn't it ruin his opportunity?

Lu Qingfeng was anxious and finished speaking for Yin Suyan.

But as soon as his words came out, the atmosphere in the private room reached its extreme.

The director plus the male number one and male number two are all speaking for Yin Suyan, which makes Yan Xin very upset.

Yan Xin didn't care about anything. With a hot mind, he shouted: "I have the script for the female No.1 role too! Within a month and a half, I figured out both the script for the female No.2 and the female No.1 script, so tomorrow I can shoot and boot!"

When he heard these words, Yin Su showed a hint of comprehension in his eyes, and then looked at Yan Xin, his face very calm.

She said how she was asked to switch roles for no reason.

In the film and television industry for so many years, no one is because it was only the last one to arrive, and he was not late, and also came a few minutes earlier.

The female number one and the female number two change roles, this is a shocking thing.

It sounds like this now, it must be Yan Xin and Cao Rongsheng, there must be some kind of transaction in private.

Otherwise, what does it mean for a female number two to try to figure out the script of the female number one?

If it is just for the purpose of making her female number two, the role played better and more natural, just take the script of the female number one and look at it. That's okay.

But if you try to figure out the script of the female number one, the problem will be big. Isn't this treating yourself as the female number one?

Obviously, Yan Xin had made preparations a long time ago, and she will be the number one female in this theater line movie!

Yan Xin saw that the faces of the people were different, and knew that he was anxious and said something wrong, but when he saw that Cao Rongsheng's expression was normal, he didn't accuse him, and he was relieved.

Assistant Yu Qiyang also saw that Cao Rongsheng's current expression didn't wait for Cao Rongsheng to speak, so he immediately opened his mouth and said: "Cao Rongsheng's words are not just casual talk, but a decision after careful consideration. So, it must be. Change roles, let Yan Xin be the first female of the movie, and Yin Suyan the second female.

If this is not the case, I believe Mr. Cao will definitely not invest in this crew anymore, letting you fend for yourself! See how you can shoot without a big investment! "

After Yu Qiyang had finished speaking, all those who had just spoken for Yin Suyan shut their mouths.

Although the film may be criticized for changing roles, the film has a very wide publicity. Even if the final quality is not good, it can attract a large number of audiences at first, and buy tickets a few days ago.

The box office will definitely be amazing. Regardless of the director and several leading actors, there will be box office dividends. The higher the box office, the more you get.

And the pay after the show is quite high, if they don't have this big investment, how can they get high pay?

As a result, Pan Ligu, Lu Qingfeng, etc. stopped speaking, instead they all looked at Yin Suyan to see what Yin Suyan meant.

The eyes of everyone on the scene were focused on Yin Suyan.

Yin Suyan's face was still very calm about this, and she immediately smiled faintly: "At the beginning, Director Pan visited the thatched cottage, and asked me to try the role of this female number one. In order to perform that kind of effect, I asked for auditions several times. Director Pan The screenwriter Hao agreed that I was perfectly qualified for this female number one, and I really liked the role of this female number one, so he agreed to participate in the filming of this movie."

Yin Suyan paused, and then spoke without rush: "If it is for other reasons, let me change the female number two, I will be fine. As an actor, my job is to play a good show, no matter what role it is. , Just play well. Female one and female two are actually trivial things.

However, if it is only because of some kind of private transaction that leads me to change roles, I will not let it succeed. The contract has been signed, and you are in breach of the contract in this case. "

Yin Suyan's tone gradually became colder: "If Mr. Cao insists that Yan Xin be the female number one in this movie, I can't say that according to the contract, I can terminate the contract and I will no longer participate in the filming of the movie."

After speaking, Yin Suyan's complexion returned to calm. For her, whether or not to participate in the movie was actually a trivial matter.

Of course, the brokerage company behind her may not be good.

She and the brokerage company still have a few months left to sign the contract, so within these months, she still has to follow the brokerage company's arrangements.

However, her reputation is so great that the brokerage company basically has no restrictions on her.

Having said that, it is best to participate in this movie.

Therefore, Yin Suyan glanced at Pan Ligu again.

As a director, Pan Ligu has made decisions in this regard, but if he did not follow Cao Rongsheng's words, he would not invest in this film.

At that time, Pan Ligu had to find other investment companies.

However, it is so easy to find.

Pan Liguó hesitated a little, and then said to Yin Suyan: “Su Yan, the female number two has a lot of roles, but the role is not pleasing, I think you should think about it again. Sometimes you take a step back and the sky is clear. The truth, otherwise it's not good for anyone, don't you?”

After hearing what Pan Liguó said, Yan Xin made no secret of her face, and a smug smile appeared on her face, even the chief director of the movie said so.

Coupled with Cao Rongsheng's meaning, it can be said that she has become the number one female in the movie.

In this world, in addition to money, power is also very important!

If money and power are added together, you can really do whatever you want!

Cao Rongsheng has money and power. No matter how famous your Yin Suyan is, you still have to bow to Qian Quan!

Yan Xin thought excitedly.

As for the person involved, Yin Suyan, hearing Pan Liguó's face did not change, she was still calm, she smiled faintly, and then stood up and said, “Director Pan, did you forget that you were not picking me, but I was picking? You guys. Many big directors have come to work with me. Recently, there have been two or three, but I pushed them out.

Since you agree with Mr. Cao, I also have my arrogance, so I am embarrassed. Director Pan, if I have the opportunity to cooperate, I will take one step first. “

After Yin Suyan finished speaking, he walked out of the private room without looking back.

Although she was so tough, there was still a trace of grievance in her beautiful eyes.

## **Chapter 1423: I Invested**

### Chapter 1423

In order for Yin Suyan to play well, his own role.

In a month and a half, I spent a lot of time reading the script every day, and then studying the script's lines and so on.

Unexpectedly, in the end, just because of the unspoken rules, my efforts for a month and a half were wasted.

Yin Suyan was naturally aggrieved, but she also had her arrogance and would not compromise, nor would she expose this grievance to Cao Rongsheng and others, so she had to bear it herself.

At this moment, as soon as Yin Suyan walked out of the private room, a figure stood in front of her.

The figure is of course Lin Kai. Although he didn't stay in the private room, he could urge the golden pupil to understand the whole process clearly.

After all, the task of the system is to protect Yin Suyan for one day. He uses the golden pupil to see if Yin Suyan will be in it and whether there is any danger.

It just happened to see that Cao Rongsheng and others united to bully Yin Suyan.

Lin Kai couldn't help asking: "Miss Yin, you really don't play this role? I think you like this female number one role."

Yin Su Yanyan showed a trace of doubt. He didn't understand how Lin Kai knew what happened in the private room.

But then I thought about it, Lin Kai's ability is beyond her imagination, even the gun can evade, and it is normal to know the things in the private room.

Yin Suyan didn't think much, and smiled: "Although it is a little regrettable, it's okay."

She wanted to laugh as usual and seemed to be fine, but after seeing Lin Kai, the grievances in her eyes became more intense, and even smiling seemed to be uglier than crying.

Yin Suyan didn't want this, but in front of Lin Kai, he couldn't control it.

Lin Kai saw Yin Suyan's expression like this, and continued to ask: "I don't regret later, the previous decision."

Yin Suyan was about to say no regrets when he heard this.

But when facing Lin Kai, she always inadvertently revealed her innermost thoughts, she sighed slightly: "It is false to say no regrets, it is still a little bit more or less."

Lin Kai didn't reveal any accidents, but smiled: "When I sent you to Lingnan in the car, you took the initiative to talk to me about the role you want to play, saying that you like it very much, and it cost a lot. Energy, be sure to perform this role well and show it to the audience. Then when you are in the private room, you can still compete instead of giving up decisively."

"Mr. Lin, still don't talk about this."

There were tears in Yin Suyan's beautiful eyes, and she sighed again: "Mr. Lin, if I fight or not, the ending will definitely be the same. Don't stop. Mr. Lin, thank you, we don't need to stay here, let's go, I'll treat you to a meal."

Lin Kai didn't mean to leave. Instead, he took Yin Suyan's hand and asked with a smile: "Miss Yin, I have said that today is your personal bodyguard. Since you have been wronged, you have to give you justice. So I will solve this for you."

The system task to protect Yin Suyan is not just about encountering some life threats, but also protecting Yin Suyan in such a situation.

Not to mention the system tasks, Lin Kai saw Yin Suyan's grievances, and couldn't just watch, so the Lin family decided to take justice for Yin Suyan.

Before Yin Suyan could finish speaking, Lin Kai pulled Yin Suyan and walked into the private room.

Under the surprised eyes of everyone in the private room, Lin Kai took Yin Suyan and returned to his previous position.

Not only that, but Cao Rongsheng, Yu Qiyang and others could also feel the fierce aura on Lin Kai's body.

Especially Cao Rongsheng, as if this fierce aura was aimed at him, made him a little breathless.

Cao Rongsheng was shocked, but bit his scalp, and scolded Lin Kai: "Little bodyguard, let's get out!"

Lin Kai sneered when he heard the words, "Cao always? I don't mean anything else, just come over and let you choose. There are two options for you. The first option is that Yin Suyan is still the female number one in this movie. , You continue to invest, but you cant do anything to make Yin Suyan suffer.

The second option is, I heard that the script, crew, and actors were all found by Director Pan. You just need to invest money. Then you don't need to invest, you and your assistant can leave directly! "

When he heard Lin Kai's words, Cao Rongsheng laughed instead.

Assistant Yu Qiyang, Yan Xin and Lu Qingfeng also laughed out loud.

However, Pan Liguo and Wu Feifan frowned, and then they didn't react too much.

"Haha! You have two choices, do you want to laugh at me? The first choice, why should I let Yin Suyan continue to be the number one female of the movie? I am the biggest investor, who do I want to be the number one female? , Whoever is the number one female!

As for the second option, it is even more ridiculous! This movie needs a lot of special effects and a huge amount of money to support the shooting! This movie has a lot of investment. If I hadn't invested in this movie, who would dare to invest in this movie? "

Cao Rongsheng sneered again and again, but also full of confidence. You know, this theater line movie is a big investment.

Other investors don't have the guts to make big investments like him.

Assistant Yu Qiyang also immediately echoed: "Boy, this big theater movie, but a big investment of three or four billion yuan, do you know what the concept is? It's also a top film investment and production level in foreign countries. ! In addition to the current film industry, although the box office is getting better and better, investors are cautious. Without Mr. Cao investing in this movie, do you really think other people dare to invest in this movie?"

Yan Xin couldn't help but, facing Lin Kai, mocked: "The bodyguard is a bodyguard. I have no knowledge at all. I don't know where Yin Suyan invited this person to be a personal bodyguard. I really don't worry about whether I can Have you been cheated by this bodyguard? Yin Suyan, I advise you to change to another bodyguard. Otherwise, you will lose blood mold because of this bodyguard. At that time, it will be too late to regret."

Lu Qingfeng originally hated Lin Kai very much, and he would not let it go at this time. Such a good opportunity quickly gave Lin Kai a mocking look and said, "You can be stupid as a bodyguard. Did you say that? This is not a place where a little bodyguard like you can stay! Get out! So as not to affect your appetite for eating!"

Lin Kai faced the successive ridicules of several people, his face remained unchanged and calm.

He immediately shook his head and laughed: "Who said no one would dare to invest? I invested."

The plain tone seemed to be telling a very common thing.

When Lin Kai's words came out, several people at the scene caused a lot of laughter.

"I'm so ridiculous! You, a little bodyguard, can get three or four billion? You are a fool!" Lu Qingfeng was the first to sneer unceremoniously.

### **Chapter 1424: All Shocked**

#### Chapter 1424

Regarding Lu Qingfeng's words, Lin Kai didn't even look at Lu Qingfeng, but continued to speak lightly: "It's only three or four billion, is this a lot? That's all, Cao Rongsheng, President Cao, if you don't let Miss Yin, continue to be a female one No., then he is welcome to invest."

Three or four billion? That's it?

You really think these three or four billion are Ming coins!

Cao Rongsheng, Lu Qingfeng and others sneered at Lin Kai frantically, looking at Lin Kai with idiotic eyes.

This time, even director Pan Ligu and male number two Wu Feifan, looking at Lin Kai, frowned deeply, thinking that he was too bragging.

A small bodyguard, even the personal bodyguard of a big star like Yin Suyan, can earn up to tens of thousands of yuan a month, even if it is 50,000 a month. If you don't eat or drink a year, it's only 600,000. Six million in ten years, but sixty million in a hundred years!

Three to four billion, that's a person with a monthly salary of 50,000, and it takes six to seven hundred years to eat or drink to get there!

It can be said that such a wealth of money is not an ordinary part-time job at all and can be obtained.

Not to mention part-time workers, even the vast majority of entrepreneurs can hardly get three or four billion in cash flow.

Therefore, all of them thought that Lin Kai was bragging.

Cao Rongsheng looked at Lin Kai mockingly at this time, with a disdainful tone, sneered: "Boy, if you really put out three or four billion yuan to invest in the movie, I will let you. What a pity, a pity, given you ten lifetimes, you can't do it."

Lin Kai ignored Cao Rongsheng, but turned his head to look at Pan Ligu, and said: "Director Pan, if you change the investor in this movie, the investment will be the same, so you should just as much. In this case it should not affect the process and quality of filming in any way?"

Hearing what Lin Kai said, Pan Ligu was very speechless now. President Cao said that before, obviously to let Lin Kai recognize the reality and stop bragging. Unexpectedly, this kid is really more real.

Especially when I just asked him whether it will affect the process and quality of filming. Under the same investment situation, it will not be affected in any way.

However, if the largest investor, such as a layman, intervenes in filming, it will greatly affect the quality and progress of the film.

For example, Cao Rongsheng changed the roles of Yin Suyan and Yan Xin, who were originally scheduled for the first female number, and the second female number Yan Xin, which definitely has a great impact on the quality and progress of the film.

Of course Pan Liguo wanted to change to another investor, but he had no choice but Cao Rongsheng.

Lin Kai said that, could it be true that he has 300 to 400 million working capital?

Pan Liguo naturally didn't believe it. He thought it was Lin Kai that could not save face and insisted on bragging. So he kindly persuaded: "Little brother, although the same investment will not have any impact, you should not be stubborn here. You'd better get out quickly, lest you really lose face when you wait."

Lin Kai smiled when he heard the words, then set his eyes on Yin Suyan and shrugged: "Miss Yin, it seems that they don't trust me."

Yin Suyan opened her mouth and didn't know what to say. In fact, she didn't believe Lin Kai.

Although she knew that Lin Kai was the boss of Beijing Dafeng Entertainment Company, it was very difficult to spend three to four billion in working capital.

Regardless of the market value of many listed companies, as long as the shares are not realized, it is useless.

Many listed companies also have a lot of liquidity, but it is a bit difficult to withdraw three or four billion yuan at a time.

It is like Li Shengxian's company. Because it wants to invest in projects in the outskirts of East China Sea and West City, it has insufficient liquidity and needs to find Li's help.

Yin Suyan believes that Lin Kai can put out these three to four billion yuan, but if he really takes out three to four billion yuan from Dafeng Entertainment, it may fall into a shortage of funds for Dafeng Entertainment, which is still very harmful to the company.

Yin Suyan believes that Lin Kai intends to use his company's working capital and is about to persuade him.

But Lin Kai smiled again: "Miss Yin, it's okay. Since I have said everything, I will take care of this matter."

Lin Kai first made a call to the financial manager of his company Dafeng Entertainment.

"Hello boss." The financial manager immediately answered the phone.

Lin Kai didn't talk nonsense, and asked directly: "How much working capital is available to the company?"

The financial manager hurriedly responded: "The total working capital is 648 million, but the available working capital is 125 million. If it exceeds, there will be bad debts if it is not filled in a short period of time. , Resulting in a shortage of capital chain. However, if the boss needs it, he can mobilize up to 300 million working capital. I can use the method of reckoning to recycle capital."

After all, financial managers are professional, and in a short period of time, they can calculate the benefits.

Lin Kai groaned, he would not mobilize the highest 300 million working capital, maybe it won't be affected for a short time, but it won't work for a long time.

As a result, he can only spend 225 million at most, plus the 100 million he won from the casino controlled by Leiyuan Group.

That is to say, there are 325 million, which is not enough, at least 100 million is still missing.

Lin Kai is not that kind. He has cash in his hand. He has shares in many companies, but those shares need to be cashed out or sold.

He wouldn't do this. After a little thought, he asked the financial manager to mobilize 200 million of funds and transfer it to him.

Then, Lin Kai called Li Shengxian.

"Shengxian, are you interested in investing in a movie? I have ready-made directors, scripts, and actors. I have less funds. If you are interested, I will invest together."

Li Shengxian responded: "I have been busy with the project in the suburbs of Xicheng, and I don't know what movie investment is."

The voice on the other end of the phone was very loud. Before, the financial manager was a girl, and the voice was quite small, and no one else heard it.

But Li Shengxian's current voice was clearly heard by everyone present.

This meant that he obviously didn't want to invest in this movie, and all of them looked at Lin Kai more mockingly.

This little bodyguard, I don't know where I knew a rich man, but this rich man didn't save Lin's face.

Cao Rongsheng and Lu Qingfeng all laughed at Lin Kaizhi, but the next moment they were shocked.

Just listening to the phone, Li Shengxian's voice sounded clearly in this private room: "What is the relationship between the two of us? Isn't it the lack of funds? How much is lacking, and how much we need directly from me. If it is not enough, I will sell some shares. The big one. At present, there are three hundred million in hand."

## **Chapter 1425: Why Dare Not**

Chapter 1425

Li Shengxian was not just joking. Before he had invested in the development project in the western suburbs of Donghai City, the company's funds were indeed insufficient, so he asked the Li family to provide part of the funds.

Of course, the Patriarch of the Li family also has requirements. If the project is compensated, he will lose the qualification to be the heir of the Li family.

It can be said to be a gambling, betting that this project can make money, not only makes money, but also makes a lot of money.

Fortunately, the land there is cheap, otherwise even if the Li family provided part, otherwise there would be no way to invest.

Now that the funds are sufficient, and there are excess parts, it is because Lin Kai asked Yin Suyan to endorse the new product of the company, which is still free.

This allowed the partner, seeing the huge benefits, first gave a lot of money and transferred it to Li Shengxian's company, which was regarded as prepaid.

The next cooperation is to split the sales of new products equally.

Therefore, Li Shengxian has only 300 million to spend.

Besides, Yin Suyan was found by Lin Kai, and the company Lin Kai also occupied many shares. The most important thing was that he had a good relationship with Lin Kai.

Even if Lin Kai is not a shareholder of the company, Lin Kai will provide capital as much as possible.

However, Li Shengxian's words shocked the people in the private room.

The working capital is three hundred million, which Lin Kai wants to take? Not enough, have all sold shares?

What kind of face does Lin Kai have! Is this still an ordinary bodyguard? Or is the person on the other end of the phone bragging?

Lin Kai didn't care about everyone's reaction, but laughed and said, "What did Shengxian say? Invest if you want to invest, don't say those things. I have prepared 300 million here, and you only need to invest 100 million. Invest or not. cast?"

On the other end of the phone, Li Shengxian said helplessly: "Vote, Mr. Lin, where are you now? I still give you the money in person, my current capital, not with the company account, lest my brothers stare at me. "

Lin Kai nodded secretly. Indeed, when Li Shengxian invested in a suburb in the west of the city, he was not optimistic about the Li family.

If you know Li Shengxian and invest in a movie, if the Li family leader knows about it, there will be some rumors.

For Li Shengxian at present, try to hide as much as possible.

Lin Kai could understand, so he reported his location.

Since Lin Kai is not in the East China Sea, in Lingnan, the distance is a bit far away.

It happened that Li Shengxian's company had a high-level executive who was in Lingnan to discuss cooperation on new products, and it would not take long for that high-level executive to go.

After Lin Kai finished speaking, he hung up the phone.

Inside the private room, there was silence for a while, then assistant Yu Qiyang broke the atmosphere.

I saw Qi Yang sneered towards Lin Kai with a disdain: "Oh, I don't have 300 million funds. I can take it at will. What else is in the East China Sea and cannot come in time. If someone happens to be here in Lingnan, they will send someone over to transfer the funds, it seems to be true! Hehe, the person on the other end of the call wants to act with you! You a little bodyguard, what can you do to make a person with hundreds of millions of circulating funds, treat it like this!"

After being said by Yu Qiyang, Cao Rongsheng's talents reacted.

Yes, just a bodyguard, how could it be possible to know such a rich person.

Even if you know it, it is quite familiar, but is it such a good attitude for a rich person to be a bodyguard?

This is obviously impossible!

What's more, one phone call can give one billion at will? That's too random!

In particular, Lin Kai first made a call, and it is estimated that the person on the second call, let him cooperate with the acting, which led to such a casual take and sell the shares if it was not enough.

What kind of boss do you really think you are?

Lets not talk about other things, if you really have that capital, what kind of bodyguard is this!

The most important thing is that the clothes all over the body are all on the floor, and they add up to a few hundred dollars. This kind of person is bragging at first glance.

I have to say that this kid pretends to be so alike, he was almost fooled! If someone really comes over, transfers and invests or something, it will be like hell!

Of course, Cao Rongsheng, Lu Qingfeng and others would not trust Lin Kai.

Cao Rong immediately said in a cold voice, "Boy, this place is not your bragging place. If you don't go out again, don't blame me for asking someone to throw you out!"

Lu Qingfeng also immediately said: "Mr. Cao is right, but there is no need for Mr. Cao to call someone. It just so happens that some of my bodyguards are already in place. I sent a message earlier and they should be coming soon."

When Lu Qingfeng first entered this private room, as soon as he sat down and lowered his hair, he sent a message to his own bodyguards and sent them upstairs to be on standby at any time.

He needs to find an opportunity to let his bodyguards take action and teach Lin Kai severely.

When the assistant Yu Qiyang heard Lu Qingfeng say this, he also spoke to Cao Rongsheng in a low voice: "Mr. Cao, I don't think we really need to ask someone to take action. In addition to coming here to watch the progress of the filming, we also do it for Negotiating another project, that project is much more important than investing in movies. The project partner that we are cooperating with is very famous. If we do it, it won't work if we get a bad reputation. And it's just a little bodyguard. It's the same with Lu Qingfeng."

Hearing this, Cao Rongsheng felt that it made sense, so he looked at Lu Qingfeng and said, "Okay, then follow your suggestion and ask you some bodyguards to throw this kid out for me."

"Mr. Cao, don't worry!"

When he heard Cao Rongsheng's words, Lu Qingfeng was very excited, and a vicious look immediately appeared on his face, and he smiled grimly at Lin Kai: "I don't just want to throw this kid out! I have to beat this kid. I don't even know my parents! I must kneel down and cry for mercy!"

Thinking of this scene, Lu Qingfeng was even more excited, and finally had the opportunity to teach this nasty kid!

Immediately, Lu Qingfeng used his mobile phone without hesitation and sent a message, asking his bodyguards to come.

After a while, several tall bodyguards poured into this private room.

Lu Qingfeng pointed at Lin Kai for an instant and yelled: "You guys, come on! First, give this kid a hard punch! Of course, don't beat it too hard! Just lie down in the hospital for ten and a half months! After that, throw this kid out!"

"Yes!"

Upon hearing this, several bodyguards resolutely turned their sturdy arms, their muscles exploded, and moved toward Lin Kai with extreme pressure.

One of the bodyguards sneered again and again: "Boy! You are brave enough! You dare to offend Mr. Deer! Hey, don't blame us for doing you!"

"Offend? Why don't you dare?"

Facing a few menacing bodyguards, Lin Kai was unusually calm and calm, even standing still.

### **Chapter 1426: Still Don't Trust**

#### Chapter 1426

Hearing Lin Kai's words, Lu Qingfeng's originally excited smile was slightly condensed, but it was unexpected that this time, this kid was still so arrogant! Unforgivable!

Lu Qingfeng immediately roared: "I don't know good and bad guys! I have decided, you guys will beat this kid until he is hospitalized for at least half a year! If something goes wrong, I will be responsible! I will also give you 200,000 yuan!"

Those bodyguards all brightened up in front of them, looking at Lin Kai as if they were looking at a treasure that could make a fortune.

The bodyguards couldn't help it anymore, speeding up, running like Lin Kai!

The first to rush towards Lin Kai was a two-meter-tall bodyguard with a huge body and very developed muscles.

Under that fist, it seemed that he could kill a tiger.

This bodyguard and Lin Kai are not of the same level in terms of their figure.

Especially when this bodyguard was infinitely close to Lin Kai, the sharp contrast made everyone except Yin Suyan think that Lin Kai would definitely be seriously injured by this fist.

Yan Xin sneered unceremoniously: "With this small body, he is also a bodyguard, not even the security guard at the factory door!"

She could foresee the next scene where Lin Kai fell to the ground and injured.

The same goes for others.

However, everyone on the scene was dumbfounded again except for Yin Suyan.

Just because he didn't wait for many reactions, the bodyguard flew upside down for some reason, as if he had suffered a violent impact!

Not only that, the bodyguard who flew out happened to hit the other bodyguards.

Before even a few bodyguards had time to take action, the tall bodyguard was pressed under his body and called repeatedly.

When everyone reacted, they saw Lin Kai only punched, and at this time he closed his fist back.

Punch! Just get rid of the several bodyguards of Lu Qingfeng!

Looking at the painful shouts of those bodyguards, it was obvious how powerful Lin Kai's punch was. Even if he was hit, he couldn't stand up and lost his combat effectiveness!

At this moment, Lin Kai's calm eyes fell on Lu Qingfeng.

Lu Qingfeng was so frightened that he took a few steps backwards, his forehead was covered with cold sweat, and his eyes were frightened. The strength of these bodyguards, he knew, each had the strength of one to ten adult men.

Otherwise, it is impossible to become his bodyguard.

But this kid, with a random punch, couldn't beat his bodyguards!

You can see how strong this kid is!

Lu Qingfeng was really scared at this moment!

Not to mention Lu Qingfeng, Cao Rongsheng, Yu Qiyang, and others were all horrified. They never thought of the true strength of this kid. Will be so powerful!

Especially Cao Rongsheng, he thought of ancient warriors for the first time!

As a top businessman, how could he not know the existence of ancient warriors! He also has ancient warriors under his hand, but there is no way to solve it so easily!

Could it be that this kid is still a very powerful ancient warrior?

When Cao Rongsheng thought.

Lin Kai said faintly at this moment: "I didn't take the cruel hand. If the cruel hand was done, those people would have to die. I was looking at Ms. Yin's face. If it weren't for Ms. Yin's face, you would fight with that. The fate of several people is the same."

With that, Lin Kai returned to Yin Suyan's side.

Before everyone could speak, Lin Kai looked sideways at Pan Ligu, shrugged and said, "Director Pan, I know you don't trust me. Then you wait patiently. It won't be long before a senior from my friend's company will come over. , Discuss with me about investing in this movie. After I invest, I will not interfere with anything related to filming. Of course, my only request is that Miss Yin will continue to be the number one female in this movie. Are you okay?"

For a while, Pan Ligu didn't know what to say, he really still didn't trust Lin Kai, but he was also shocked by Lin Kai's force.

However, if Lin Kai really had the capital to invest in this movie, he would naturally want it.

After all, it was enough for Cao Rongsheng to intervene in the filming, and even to change the position of the female number one and the female number two had already been determined.

In fact, Pan Ligu is also difficult to accept, but only Cao Rongsheng is an investor who will invest in this movie.

If he had a choice, he would definitely not choose Cao Rongsheng.

When Pan Ligu was in a dilemma, the door of this private room was opened again.

Several people came this time, headed by a man in his thirties, wearing gold-rimmed glasses and a suit.

The man Lin Kai knew was Xu Qiancheng, an executive of Li Shengxian's company. Xu Qiancheng was also one of Li Shengxian's confidants, and he also knew Lin Kai's position in Li Shengxian's heart.

It was the appearance of Xu Qiancheng that made Cao Rongsheng and Yu Qiyang Huo Ran stand up, because they both recognized Xu Qiancheng!

Cao Rongsheng was even more surprised. He didn't seem to expect Xu Qiancheng to come. He quickly walked towards Xu Qiancheng.

Yu Qiyang also followed Cao Rongsheng, and it seemed that the two of them seemed to put down their bodies towards Xu Qiancheng.

Before Cao Rong was alive and well, that assistant Yu Qiyang was naturally a fox, but now he saw Xu Qiancheng coming, but he changed instantly.

“It turned out to be President Xu! What brought you here! Didn’t we make an appointment for tomorrow noon? How did you know that I was here?” Cao Rongsheng stretched out his hand and went to shake hands with Xu Qiancheng.

Assistant Yu Qiyang also smiled there and said: “Mr Xu came here, it seems that he has figured out our itinerary, and I must be very important to this cooperation!”

As soon as Xu Qiancheng entered, his eyes actually fell on Lin Kai for the first time, showing a trace of worship.

As the person next to Li Shengxian, how could he not know Lin Kai’s supernatural power, that is a very jealous figure in the Leiyuan Group.

Even the Leiyuan Group couldn’t help Lin Kai.

The most important thing is that Lin Kai also has a large number of shares in Li Shengxian’s company. To be precise, Lin Kai can be regarded as his boss.

It was Xu Qiancheng. He frowned when he heard the words of these two people, and then looked over. He knew the two of them naturally, and he didn’t seem to expect them to be here.

However, seeing Cao Rongsheng’s enthusiasm, he also stretched out his hand and shook his hand. While shaking his hand, he said: “Cao is polite. One thing to make clear is that I am not here to find you.”

“Huh? Mr. Xu, you didn’t come to me, who else would you look for?” Cao Rongsheng was stunned for an instant, his eyes were full of doubts. He came to Lingnan. The most important thing is to talk about cooperation with Mr. Xu and Li Shengxian behind Mr. Xu. The company’s new products, export cooperation.

Cao Rongsheng’s company is in other provinces. He is optimistic about Li Shengxian’s new products, mainly because the quality of the new products is really good. It is absolutely no problem to sell well.

When he cooperates, he obtains the qualification of dealer cooperation in his province.

## **Chapter 1427: Termination Of Cooperation**

### Chapter 1427

So in Cao Rongsheng’s opinion, Xu Qiancheng didn’t come here to find him, but who else could he find?

At this time, Cao Rongsheng and his assistant Yu Qiyang glanced at each other and looked at Yin Suyan subconsciously.

They naturally know that the spokesperson for the new products of the company behind Xu Qiancheng is Yin Suyan.

The big celebrity endorsements can indeed make the product famous in a short period of time.

But in the end, it depends on the quality of the product.

If the quality is not good, even if it is endorsed by a big celebrity, then sales will drop off a cliff.

On the contrary, if the quality is good, sales will increase rapidly, and after a certain height, the increase will be slow, but it can make money for a long time.

Film investment is a one-time profit, and it may be upset at the box office, full of uncertainty.

Cao Rongsheng believes that Li Shengxian's new product is something that can definitely have a long history and make money.

It may even be maintained for several years, even more than ten years, and it can be sold out, forming a time-honored brand.

As a result, he values the cooperation with Li Shengxian's company very much.

So even if Xu Qiancheng is an executive of Li Shengxian's company, Cao Rongsheng is unusually polite to Xu Qiancheng.

Just when Cao Rongsheng and his assistant Yu Qiyang were in doubt.

Xu Qiancheng had already set his sights on Lin Kai, and immediately said respectfully: "Mr. Lin!"

Lin Kai looked at Xu Qiancheng, smiled and nodded in response, and asked, "Why did you come so soon?"

Xu Qiancheng immediately said: "It's a coincidence that I was discussing business with a partner on the top floor of this hotel. I didn't expect President Li to call and ask me to come to Mr. Lin's place and immediately go downstairs when I heard the address. President Li has already told me that the co-investment in the film is also handed over to me, and the funds are just enough."

Lin Kai was a little surprised, he didn't expect it would be such a coincidence.

But this was fine, and Pan Liguang did not wait for a long time.

Ever since, Lin Kai looked directly at Pan Liguang, and then introduced Xu Qiancheng: "This is the chief director of the film, Pan Liguang and Pan director. I will talk to him in detail about the investment."

Although Lin Kai would also invest 300 million yuan, and Li Shengxian gave 100 million yuan, Xu Qiancheng was responsible for the specific investment matters.

This is what he and Li Shengxian had said before, mainly because Lin Kai didn't bother to care about investment matters, and it was not bad to be a shopkeeper.

Most importantly, Xu Qiancheng is Li Shengxian's confidant and can be trusted.

And Xu Qiancheng's ability is also the most outstanding in Li Shengxian's entire company.

According to Li Shengxian, the purpose of sending Xu Qiancheng to discuss new product cooperation is to look at Xu Qiancheng's ultimate ability, and then consider letting Xu Qiancheng be the company's vice president.

Lin Kai still trusts Li Shengxian to respect this person.

Otherwise, it would be impossible for Lin Kai to leave such a large investment to Xu Qiancheng.

At this time, Xu Qiancheng heard the words and looked at Pan Liguó's place. Only then did he notice that there were several celebrities at the dinner table, and he was immediately surprised.

Xu Qiancheng naturally knows these celebrities. They are currently the first and second-tier stars in China, especially Yin Suyan, who can be said to be super first-line.

What's more, Yin Suyan also endorsed the company's new products for free.

Of course, he also knew that it was Lin Kai who had the face and invited Yin Suyan.

It seems that these celebrities are just the leading actors who have invested in movies. This time, Xu Qiancheng has expectations for new movies.

Mainly look forward to Yin Suyan, if Yin Suyan plays an important role in the movie, the box office will definitely not be bad.

Xu Qiancheng also admired Lin Kai even more.

At this time, everyone else in the private room reacted.

This Xu Qiancheng, who made Cao Rongsheng polite, was a film-investor who Lin Kai called!

Everyone was shocked.

Cao Rongsheng and Yu Qiyang looked at each other even more, and Cao Rongsheng said in a suspicious tone: "Is it possible that the kid called Li Shengxian and Li Manager before?"

Yu Qiyang also had an unbelievable look, but he still bit the bullet and said: "Cao... President Cao... seems to be yes, listening to the tone, President Li seems to have an extraordinary relationship with that kid."

Before Cao Rongsheng could say anything, Lin Kai turned his attention to Cao Rongsheng, and then said lightly: "Cao, you have also seen that I have the ability to invest in the movie. I should also fulfill your own promise. If I have the ability to invest, You just get out of it. So now, please ask Mr. Cao, take your assistant and go out."

Hearing this, Cao Rongsheng's expression instantly became embarrassed. He wanted to refute something, but found that he had indeed said this sentence, and his expression became even more gloomy.

He seemed to think of something, and quickly said with a smile: "Haha, Mr. Lin was joking. I have a good relationship with Mr. Xu. If Mr. Xu also comes to invest in this movie, I will naturally give out a share of investment money to make this movie. The quality of the products has been improved! The box office will also follow the big sales, and then the money will be shared together! A happy thing for everyone!"

Xu Qiancheng gave Cao Rongsheng a weird look. How could he have a good relationship with Cao Rong because he is not familiar with him.

He also heard what was wrong inside, and ignored Cao Rongsheng. Instead, he looked at Lin Kai with a look of inquiry: "Mr. Lin, can you tell me why President Cao is here?"

Lin Kai didn't hide anything. He invested Cao Rongsheng in the movie and then proposed to change the role. Then he called Li Shengxian and said it all.

After listening to Xu Qiancheng, he immediately said to Cao Rongsheng: "Mr. Cao, the large investment in this movie is funded by Mr. Lin, and the company behind me only contributes one-quarter of the capital, and the remaining three-quarters is contributed by Mr. Lin. Therefore, the biggest investor is Mr. Lin, and he has the final say. Another point is that you are so disrespectful to Mr. Lin. On behalf of the company, I cancel the distribution of new products that you have cooperated with. In other words, terminate the cooperation."

As soon as the words fell, Cao Rongsheng's complexion changed drastically. He couldn't care about anything, and said anxiously: "Mr. Xu! I don't invest in that movie! But about your company's new product cooperation, you have to say something! If you have something to say!"

Cao Rongsheng is naturally anxious. Li Shengxian's new product is distributed, but it is a piece of fat. As long as he is a related large enterprise, everyone wants to take a bite.

If it were not for him to be a large enterprise in another province, he would not be able to win this cooperative project.

Unexpectedly, because he offended a little bodyguard, he ended up terminating the cooperation! This is unacceptable to Cao Rongsheng!

"If you have something to say?" Xu Qiancheng sneered: "Let's not say, have you offended Mr. Lin? You have nothing to say if you let Miss Yin and the female number two swap roles! Miss Yin is recognized. With good acting skills and great fame, how can a female number two be used as a foil? And don't think that I can't see a deal between you and the female number two!"

## **Chapter 1428: Dog Bites Dog**

### Chapter 1428

Xu Qiancheng's meaning is already obvious. He believes that Cao Rongsheng's character is not good, and he is also responsible for himself. As the provider, he has the right to terminate the cooperation when he sees that the partner is like this.

Lin Kai didn't interfere too much, Xu Qiancheng's decision.

When Cao Rongsheng heard Xu Qiancheng say so, he was too busy to speak: "Mr. Xu! Don't terminate the cooperation! It is mine! I will apologize to Miss Yin and Mr. Lin!"

Cao Rongsheng really regretted it. He knew that Lin Kai had this background, and he would not offend Lin Kai, let alone exchange the roles of Yin Suyan and female second Yan Xin!

Compared with investing in this movie, cooperation with Li Shengxian can really bring stable benefits!

Cao Rongsheng panicked.

Before Cao Rongsheng spoke again, Lin Kai shook his head at Xu Qiancheng.

Xu Qiancheng understood it. He didn't even look at Cao Rongsheng now. Instead, he came to Pan Ligu and said, "Director Pan, let me explain in advance. Although I am the investor responsible for filming with you throughout the process, the biggest investment is Mr. Lin. Now, can you start talking about this movie investment?"

Pan Ligu was surprised and delighted. He hadn't felt much before, but just now he saw that even Cao Rongsheng was so afraid of Xu Qiancheng.

Xu Qiancheng has great respect for Lin Kai. It can be imagined that Lin Kai is not Yin Suyan's bodyguard, so simple!

This made Pan Ligu very satisfied with the new investor, so he did not dare to neglect, stood up quickly, and responded with a smile: "Mr. Xu, understand! Mr. Lin is our biggest investor in this movie! Thanks Lin Sir! Lets talk about investment now!"

Later, after Xu Qiancheng respectfully greeted Lin Kai, he took Pan Ligu away to discuss film investment.

Lin Kai entrusted Xu Qiancheng to discuss, just to avoid trouble.

Now he is also relaxed, he naturally can't stay in this private room, so he opened his mouth to Yin Suyan: "Miss Yin, seeing the female number one you like this movie so much, now you should be at ease, this female one. The number is still yours."

"Thank you Mr. Lin!" Yin Suyan smiled and was very touched in her heart. She didn't think that Lin Kai really snatched her female number one, which should have belonged to her. Her efforts for a month and a half were not in vain!

Lin Kai just smiled, and immediately left the private room with Yin Suyan.

The few people who stayed in the private room still looked shocked, and they hadn't been relieved from the shock.

Especially Cao Rongsheng, as if he had lost his soul, looked up and seemed extremely regretful.

In addition to him, there is also a very ugly face, that is Yan Xin.

Yan Xin had no idea that Lin Kai's little bodyguard had such a background.

She does not regret offending Lin Kai, but she is not reconciled!

Male second Wu Feifan saw the atmosphere in this private room and felt it was not good. He also walked out of the private room and shouted as he walked: "Director Pan, wait for me, I will go too!"

As for Lu Qingfeng, although he couldn't accept it, Lin Kai had such a skill, but the reality was so cruel that he had to bow his head.

He pointed to Yan Xin next to him and scolded: "Let you and Miss Yin grab the number one girl, now it's all right! That kid is our biggest investor!"

Yan Xin's complexion is even more ugly, and she knows that Lin Kai is now the biggest investor in the film. She doesn't know that she can't keep her second female second, which is also a problem.

Lu Qingfeng also thought of this, snorted coldly, stood up immediately, and prepared to leave.

It doesn't make any sense to stay in this private room now.

However, when Lu Qingfeng passed by Cao Rongsheng, he glanced at Cao Rong disdainfully: "Finally, Mr. Cao! I can't help even a little bodyguard! So he gave up the investment in the movie. Boy! No spine at all!"

Cao Rongsheng is no longer his biggest investor, and it can be said that he has nothing to do with him.

That is why Lu Qingfeng dared to call Cao Rongsheng so.

Somehow Cao Rongsheng, as the boss of a large enterprise, could not bear such insults, and directly punched Lu Qingfeng in the face.

Lu Qingfeng is the kind of man who is weaker than a woman, commonly known as Xiaobailian.

Cao Rongsheng was indeed an ordinary person, but he couldn't bear it with a little white face. With a punch, Lu Qingfeng screamed, his nose and face were swollen.

"Cao Rongsheng! Do you dare to hit me!"

Lu Qingfeng was so angry that he was about to fight with Cao Rongsheng.

Only the next moment, assistant Yu Qiyang kicked Lu Qingfeng fiercely. The kicked Lu Qingfeng man turned on his back and fell to the ground with pain.

Assistant Yu Qiyang was a young man with a bit of muscle, but he was stronger than Cao Rongsheng, which made Lu Qingfeng unable to withstand this strength.

After Yu Qiyang finished kicking, he spit on Lu Qingfeng and sneered: "You really take yourself as a character? In ancient times, you were the cheapest actor, even if you can make money now, you are still an actor. ! And merchants have always been superior from ancient times to the present, not a lowly actor like you, can be compared!

Lu Qingfeng was said to be red-faced and unable to refute. He could only yell at the bodyguards lying on the ground: "What do I raise you for? I was beaten like this by a kid! I haven't gotten up yet, give it to me I beat these two people!"

Those bodyguards were still in pain, and it was difficult to stand up. Although Lin Kai didn't even use one percent of his power, these bodyguards were not ancient martial artists, but people who had practiced martial arts for many years. As a result, they could lose their combat effectiveness with just one click.

But as Lu Qingfeng's words fell, those bodyguards felt miraculously that they no longer suffered anymore, and they even had the strength to stand up.

In fact, it was Lin Kai secretly urging Zhen Qi to restore some of the strength of these bodyguards.

Outside the private room, Lin Kai sensed the movement in the private room, and just saw Lu Qingfeng and Cao Rongsheng conflict.

He was very happy to see this kind of dog biting the dog. In order to deepen the conflict between the two sides, he used his true energy to restore the strength of the bodyguards and beat Cao Rongsheng and Yu Qiyang.

Sure enough, it didn't take long for the bodyguards to stand up and directly pounced on Cao Rongsheng and Yu Qiyang, punching and kicking.

After all, Lu Qingfeng is their boss.

I hadn't dealt with Lin Kai before, and my boss must have been very angry. Now I finally have a chance to let my boss calm down. Naturally, he can't go wrong, so the few bodyguards have taken more heavy shots.

Cao Rongsheng and Yu Qiyang yelled.

Yan Xin at the dinner table saw this scene and was about to sneak out of the private room.

It was Cao Rongsheng who was beaten. Seeing Yan Xin was about to leave, he asked quickly: "Xin'er, don't leave me! Didn't you say yes, you want to be with me every night?"

### **Chapter 1429: A Little Understanding Of Medicine**

Chapter 1429

Cao Rongsheng has lost his investment in that movie and the opportunity to cooperate with Li Shengxian's company.

Now he can't lose Yan Xin anymore, Yan Xin promised to stay with him every night.

Yan Xin at the door of the private room looked at Cao Rongsheng with an idiotic look, and sneered: "Ugly! Seeing that you are guilty of nausea, and wanting my mother to be with you every night? Have your spring and autumn dreams! Bad luck!"

Cao Rongsheng is not an investor in the movie, and she does not need to give Cao Rongsheng any face.

After she finished her scolding, she hurriedly made a call to the male second Wu Feifan, and then her tone became normal, and she asked: "Fantastic, where did Director Pan and Mr. Xu and Mr. Lin discuss investing in movies? I'm going over it now."

After a while, Yan Xin walked out of the private room without looking back.

Cao Rongsheng looked at Yan Xin's leaving back, and said cruelly: "Okay, okay! Bitch, sooner or later, you will kneel in front of me, begging to accompany me every night!"

But as soon as he finished speaking, what was waiting for Cao Rongsheng was a heavy fist, and Cao Rongsheng was instantly dizzy.

And on the top floor of this big hotel.

Xu Qiancheng and Pan Liguo talked about the specific matters of investing in movies for about ten or twenty minutes.

Xu Qiancheng said at this time: "Director Pan, then proceed according to your original filming plan. I have discussed with Mr. Lin. The first investment funds will be credited to the account tomorrow morning. Of course, these funds must be used for filming. Movies. As the person in charge of this movie project, I will supervise the whole process."

"Hehe, Mr. Xu is okay, you can rest assured and cooperate happily." A smile appeared on Pan Liguó's face, as long as he didn't interfere with the content of the film.

Like Cao Rongsheng, anyone who wants to make a good movie is disgusted.

On the contrary, this kind of just investment, no matter what else, will be liked by any director.

Just as Pan Liguó finished speaking, he suddenly coughed strongly.

If it is simply a cough, the problem is not big.

But when he coughed, he also vomited a big mouthful of blood.

"Director Pan, what are you?"

Yin Suyan and others were shocked when they saw Pan Liguó like this.

However, Yan Xin was very contrived, showing a very caring posture, and even ran to help Pan Liguó, with tears in his eyes, and asked with concern: "Dr. Pan, don't make any trouble! You are. The soul of our entire crew, if something happens to you, what shall we do!"

It seemed to be true, especially the red eyes, unknowingly, really thought Yan Xin was worried about Pan Liguó.

But for professional actors, this Yan Xin acted too much.

Pan Liguó motioned to Yan Xin to let go, then shook his head and said, "I'm fine."

The tone was very weak, obviously it was nothing he said.

Lin Kai watched quietly by the side. Xu Qiancheng and Pan Liguó were waiting to listen to him in silence. Now he glanced at Pan Liguó and said calmly: "Director Pan, your old illness has relapsed. It is a serious illness. I was rescued in the hospital, but almost never came. Some time ago, the old disease relapsed, and it has now completely erupted. You should know that you are running out of time, so you didn't go to the hospital for treatment."

When Lin Kai said this, everyone was surprised.

Yin Suyan immediately asked Lin Kai: "Mr. Lin, is it true?"

Others were also surprised, especially Yan Xin. Had Lin Kai been the biggest investor, he would have been questioning.

Lin Kai said, "Just ask Director Pan."

Before Yin Suyan asked, Pan Liguó sighed: "Mr. Lin seems to know some medical skills, indeed, as Mr. Lin said, I have a relapse of my old disease and there is no way to treat this disease completely. The last time I was treated, the effect has not been great. I went to the hospital for an examination a few days

ago, and the famous experts were also helpless. I can live for half a year at most, but at least half a year. But don't worry, half a year is enough for me to finish making this movie."

"What?" Yin Suyan couldn't believe it: "Director Pan, is the treatment really not good? It would be a pity to lose your director in China."

"Maybe it's fate." Pan Liguó sighed again, he should have understood his thoughts a long time ago, and smiled again: "Actually, I was so anxious to make this movie because of the relapse of my old illness. I wanted to finish the last film in my life. Movies. So Miss Yin, I had to compromise with Cao Rongsheng before. No wonder, the main reason was that I would not be able to make the last movie if no one invested."

"My whole life, I have lived in movies outside movies. In the few days, if I can shoot the last movie, I don't leave any regrets. Of course, if the quality of the movie produced satisfies the audience, I won't regret it. Fortunately, Mr. Lin finally invested in this movie, thank you very much."

Pan Liguó shook his head and smiled.

Yin Suyan really blamed Pan Liguó at the beginning, why he compromised with Cao Rongsheng, now knowing the real reason, responded: "Director Pan, I don't blame you."

Male second Wu Feifan also said immediately: "Director Pan, in order not to let you have any regrets, I will do my best to play this movie!"

"Yes! I will do my best!"

This time, Yan Xin was also rare to show his true feelings, not as if he was cheating. It seemed that he was moved by Pan Liguó's persistence.

Lin Kai was very sad when he saw these people. He was stunned at first, and then couldn't help but say: "Don't rush to be sad. It's not that Pan Dao's disease cannot be cured."

When Lin Kai's words just fell, everyone on the scene focused on Lin Kai, with surprise.

"Mr. Lin, do you have a way?" Yin Suyan was the first to react and asked.

Lin Kai nodded: "If I know a little about medicine, if I read it right, Pan Dao had a serious illness, which caused the blood vessels in his body to be blocked. Although he was finally dredged, he left a serious sequelae. Irreversible sequelae, then the blood veins gradually become rigid. It is not as severe as before and can be treated. Now the blood veins are completely rigid and surgery can be performed, but the success rate is poor."

The people at the scene, hearing Lin Kai's words, were once again startled and uncertain, and they didn't know whether they were true or not.

Only Pan Liguó looked shocked and looked at Lin Kai incredibly: "Mr. Lin, no one knows about this except the doctor who treated me. How did you know about my old illness in such detail?"

Pan Liguó was really shocked.

The others were also shocked, except for Yin Suyan, all of them looked at Lin Kai with shocked expressions.

Faced with the surprise and suspicion of everyone, Lin chuckled and said, "I have said it, I know a little bit of medicine. Of course, I can still treat Pan's disease, and the success rate is also very high."

### **Chapter 1430: Back To The East China Sea**

#### Chapter 1430

Yin Suyan also trusted Lin Kai when she heard Lin Kai say this. She was about to say something.

Pan Liguo couldn't sit still, and asked quickly, "Mr. Lin, how likely is it that you said?"

"Seven or 80%," Lin Kai said lightly, in fact he was 100% sure.

In this situation of blood vein rigidity, he used Zhen Qi to transform it into a profound needle, and then put some evil energy on it. It was completely possible to cure the disease by using the combination of Zhen Qi and evil energy, so that the blood vein was no longer rigid and gradually recovered.

In order to avoid any trouble, it is still 70 to 80% sure.

But even if it was 70 or 80% certain, it surprised everyone.

Especially Pan Liguo, the doctor in charge of treating him is one of the top experts in China, and the success rate of that doctor's surgery is only 10%.

Pan Liguo didn't dare to gamble in the true nine-death life. After all, the actors and scripts of the crew were all found. Once it was done, the crew was formed, and the final film must be finished.

Of course, even the doctor didn't dare to do this kind of operation with a low probability.

But now, Lin Kai says that he can cure his old disease with 70 to 80% certainty?

If you change to any other person, Pan Liguo will absolutely not believe it, let alone do not believe it, and will not respond.

But Lin Kai is now his biggest investor, plus all his previous performances and Lin Kai's indifferent expression.

At this time, Pan Liguo couldn't help but trust Lin Kai a bit.

Yin Suyan trusted Lin Kai 100% and asked quickly: "Mr. Lin, when will I start treating Director Pan? If Director Pan is treated well in advance, the quality of the filming will be improved. Tonight, can he be treated well?"

As the chief director of a movie, physical health is also very important.

Lin Kai heard this and shook his head: "Not tonight. At least wait for tomorrow. Director Pan, you should rest early tonight. Tomorrow morning you will temporarily arrange the filming of the crew, and then follow me to the East China Sea. I'm only in the East China Sea. There is a way to completely treat your injury."

If you use evil spirits, you have to go to the western suburbs of Donghai City.

Although the evil spirits in the western suburbs of the city had been killed by Lin Kaizhen, several days had passed, but the evil spirit there was very strong, and it would not dissipate in a short time.

As for why I didn't go, the ancient tomb in Yuanhang County was swallowed by a woman with a snake head because of the evil spirit inside.

After being beheaded by Lin Kai, the evil spirit inside quickly dissipated.

The archaeological team can only carry out archaeology smoothly the next day.

It is different in the western suburbs of the city. The evil spirits only absorbed part of the evil spirit at the beginning, resulting in most of the evil spirit being still there, and it needs to be slowly dissipated.

As a result, Lin Kai had to take Pan Ligu to the outskirts of the west of the city to absorb some evil spirits and treat Pan Ligu's bloodline rigidity.

Hearing this, Pan Ligu hesitated for a moment, and then said: "That...Mr. Lin, or else, after I finish filming this movie, I will go to treat you again?"

He believed that he believed in Lin Kai, but he still felt that the probability of 70 to 80% was a little bit awkward. If it could be 20 to 30%, it would be very bad.

That expert doctor also said that there are indeed hermit genius doctors in this world. They are all Chinese medicine. If you can find a hermit genius doctor, you will have a two to three times more success rate, that is, two to three percent confidence.

Pan Ligu regarded Lin Kai as the kind of hermit genius doctor with a certain degree of confidence.

Even so, Pan Ligu worries that if the treatment fails, he will die directly, and there will be no way to finish shooting the last movie.

At that time, in addition to passing away with regret, the entire crew will be dragged down.

This was a scene that Pan Ligu didn't want to see, so he decided to finish the film and then followed Lin Kai.

Lin Kai naturally knew what Pan Ligu was worried about, and couldn't help shaking his head: "Director Pan, your blood is very rigid. From my perspective, in a few days, you may not be able to walk. Half a month later, I can only lie on a hospital bed. In a month, I will be on a ventilator.

The doctor who treated you underestimated the rigidity of your blood. He said that at least you will live for half a year, and at most, you will live for half a year. However, in my opinion, it ranges from one and a half months to two and a half months. At this moment, can you finish making a big movie? A large-scale movie, it takes at least three months to shoot, right? Coupled with post-production, it would take half a year. Now, do you still think that you can finish the movie with your own strength? "

When Lin Kai said this, Pan Ligu looked a little embarrassed. He didn't expect that his illness would be so serious.

According to what Lin Kai said, you really have to go for treatment in time, even if it fails, it is like, halfway through the shooting, you can't do it.

Halfway through the filming, it will even drag the entire crew.

Before Pan Ligu could speak, Yin Suyan persuaded Pan Ligu: "Director Pan, let's follow Mr. Lin's treatment first. I have seen Mr. Lin's medical skills with my own eyes and there is no problem, so don't worry about it."

Not to mention Xu Qiancheng, for Lin Kai, that is infinitely respected. It is clear that Lin Kai is not as simple as an ancient warrior, and can be regarded as a god!

Therefore, Xu Qiancheng also advised Pan Ligu not to worry too much and go for treatment first.

Pan Ligu had the intention to follow Lin Kai for treatment first, and then heard the persuasion of several people, and finally nodded: "Mr. Lin, I believe you, then I will trouble Mr. Lin tomorrow."

One night passed.

Lin Kai slept in Yin Suyan's suite. There were not only one bedroom in the suite, but several.

It wasn't that Lin Kai took the initiative to go in to sleep, but Yin Suyan invited him.

Lin Kai didn't refuse either. It just so happened that he had to guard Yin Suyan that night, and the task was completed.

Early the next morning, the task of guarding Yin Suyan was completed, and he gained the ability to extract gold.

In the morning, Lin Kai continued to follow Yin Suyan. As the biggest investor in the movie, he still needed to be there at least when it started.

After the start-up ceremony, there was no rush to shoot. Pan Ligu made all departments of the crew get acquainted with each other, and the actors had a special instructor on how to guide and arrange such arrangements.

When the arrangement was over, Lin Kai drove the Rolls-Royce Phantom, carrying Pan Ligu and Yin Suyan to the East China Sea.

Yin Suyan was sitting in the position of the co-pilot, which she mainly followed Lin Kai.

In the afternoon, Lin drove the car and slowly drove into the western suburbs of the East China Sea.

It was just in front of the mountain range where the evil spirits were killed last time. After a few days of suffocation dissipated, it had actually dissipated more than half, and could only come to the mountain range.
