Chapter 1481: Baishantang

Chapter 1481

Lin Kai saw that the dragon bones that were originally thousands of meters long turned into palm-sized dragon bones in the blink of an eye, and felt a little shocked in his heart.

Now this palm-sized dragon bone is like a carved model.

Lin Kai could still feel the golden light energy that had been integrated into his body, as if urging him to carry the dragon bone.

He shook his head and picked up the dragon bone next time and put it in the box.

Fortunately, he brought enough small boxes, which are customized. Mainly to install Jiuyou grass, or see other heavenly materials and earth treasures, to prevent the spiritual loss of these heavenly materials and earth treasures.

Lin Kai held the small box containing the dragon bones, thought about it a little, and put it away by himself.

He understood that An Xiaoran and the others were under the mission of the Pihua Mansion, and came here to explore. He probably knew that there were real dragon bones here.

As for the country, it will certainly not destroy the complete dragon bones and will protect it.

Now that the dragon bones have become so small inexplicably, it is meaningless to protect them like that.

Of course, Lin Kai still had some thoughts of his own. This dragon bone called him to pass on energy to him, which already belonged to his elders.

Although the state will protect it, it should be studied, or it must be studied.

Lin Kai didn't want to be like this, so he might as well protect the complete dragon skeleton.

After that, Lin Kai glanced at the gully, but did not see the figure of Lord Ba, it seemed that he had fled from here.

He was afraid that there were other people inside, so he went to the three of An Xiaoran.

Soon, Lin Kai returned to the entrance of the cave under the cliff. He saw An Xiaoran, Xinru, and Liu Jiacheng, none of them here.

His brow furrowed deeply, not because the three of them were absent and regretted.

He saw the corpses of flying insects, blood stains, etc. on the ground, all dried up, and it seemed that at least half a day had passed.

Lin Kai couldn't help muttering to himself: "Could it be that when I accept the inheritance, time flies quickly?"

Lin Kai thought carefully, it should be like this.

He thought he had accepted the golden light inheritance power of the dragon bones, but only a few seconds later, in fact, at least half a day had passed.

Otherwise, if Ba Ye was seriously injured, it was definitely not that he could not run so fast.

Then Ba Ye had fled, and An Xiaoran, Xinru and Liu Jiacheng also left here, which is easy to explain.

It is possible that the three of them were also seriously injured, so they went out first and did not continue to explore here.

Lin Kai also knew that outside this cave was another entrance. I heard from An Xiaoran earlier that Master Zhicheng was outside.

Without any hesitation, he walked in the hole.

About half an hour later, Lin Kai came out of this hole.

This hole is naturally in Wang Dagui's backyard.

As soon as Lin Kai came out, he saw Master Zhicheng still here.

Wang Dagui's current land has been expropriated by the state under the contact of Master Zhicheng.

It was not a strong buying or selling, but the price set by the state, which made Wang Dagui very satisfied and directly agreed.

Master Zhicheng, all of them were relieved when they saw Lin Kai coming out. They were obviously worried about Lin Kai. After all, they also knew that there was a great master below.

As a result, Master Zhicheng did not choose to go in, otherwise it would be bad if Lin Kai was dragged down.

Now that Lin Kai is safe, everyone relaxes.

Then, Master Zhicheng began to inquire about the specific situation inside.

What happened to the other strong master? Did you see dragon bones?

Lin Kai responded half-truth and half-false. Although he saw the dragon bones, the inverse scale dragon bones were taken away by the master, causing the dragon bones to disappear inexplicably.

The inverse scale dragon bone was taken out by the master master.

Hearing what Lin Kai said, Master Zhicheng was convinced, and he was also very disappointed: "This time I have come to explore this place to see if there are real dragon bones. If dragon bones are discovered, the upper layer will definitely study it. After all, this is the legendary dragon. It's a pity that it disappeared."

After sighing, Master Zhicheng murmured: "However, there are a lot of jade, gold, etc. on the cliff inside. It would be a blessing if these were taken out and handed over to the upper echelons, and then subsidized by the people."

That great master already knew some information, his name was Lord Ba, and he didn't know where he came from. It should be said that there must be a list of strong masters in the Bihua Mansion. "

Lin Kai just shook his head and smiled. Although he didn't know exactly where Lord Ba came from, there were many hidden powerhouses in the ancient martial arts world.

He wouldn't be surprised if an old monster stronger than him appeared one day.

Lin Kai didn't see the three of An Xiaoran, so he asked Master Zhicheng.

Master Zhicheng said that the three of them suffered internal injuries and went to the hospital for treatment.

Nine You Grass was also picked, and the system task was completed. Without taking the Nine You Grass, with the inheritance energy given by the dragon bones, it broke through a small realm in the Golden Core Stage.

But now Lin Kai is fine, he just used some real energy before to prevent the three people's injuries from getting worse.

Now that he took the dragon bones away, he planned to go to the hospital to treat the three of An Xiaoran.

Lin Kai thought of the girl from the ethnic minority named Xinru, who seemed to be interesting to him, but she no longer felt her other companion Liu Jiacheng.

This is giving him a headache.

So he went to the hospital in Xunyang City, treated the three of them, and left decisively.

Even with An Xiaoran and Xinru, Lin Kai left Xunyang City without any sloppy under the various holdings. the next morning.

Lin Kai returned to his home in Donghai, and he put the Nine You Grass and the palm-sized dragon bones away.

After taking a shower, he found that there were several missed calls on his cell phone, which were from Lin Qianqian.

Lin Kai originally thought that Lin Qianqian came to him for shooting commercials.

Although the shooting of the advertisement has been completed, the subsequent promotion is also very important. Choose a better platform.

Unexpectedly, it was a Chinese medicine store named Baishantang that cooperated with the company, and there was an accident.

This skin care product contains various Chinese medicines, which are provided by Baishantang.

Baishantang has a history of hundreds of years, passed down from generations to generations, and learned Chinese medicine from generation to generation.

Now Baishantang is a young girl named Yang Mengzi. Her father and grandfather have gone to Beijing these days to attend a Chinese medicine exchange meeting.

So Baishantang is currently alone with her and her brother Yang Xiaying is sitting there.

Of course, the two of them are eligible to sit in and see a doctor, but the qualifications are naturally not as sophisticated as her father and grandfather.

But an accident happened today.

Lin Qianqian said that this Baishantang is a well-known conscience medical center. The price of medicine is several times lower than that of other medical centers. It can be said that it is really helping the wounded.

Chapter 1482: Lin Shen

Chapter 1482

The reason for cooperating with Lin Qianqian's company is because Baishantang also made a request that they don't charge any money, and provide the money to those mountain children.

In short, Lin Qianqian hoped that Lin Kai would help.

Lin Qianqian knew Lin Kai's methods, medical skills, etc., after all, she saw Lin Kai with her own eyes and quickly treated her and Dong Shu's injuries.

In this regard, Lin Kai agreed. In addition to the cooperation with Lin Qianqian Company, it was also because the system released another task.

It is to solve the medical incident in Baishantang and reward gold extraction ability.

So after Lin Kai hung up the phone, he drove the car to the position Lin Qianqian gave him in Baishantang.

Baishantang is located between the city and suburbs of Donghai. Although it is only nine o'clock in the morning, the entrance of Baishantang is full of people at this time, and the water is blocked.

And a little bit inside the entrance of Baishan Hall, a group of people were there either crying or using very vicious words, constantly cursing there.

As soon as Lin Kai came here, he saw the chaos here. He shook his head. According to the system's description, it was actually a medical disturbance.

It's just that this medical trouble is very interesting.

Immediately, Lin Kai forcibly separated the crowd outside and entered the Baishan Hall.

In the group of people crying and yelling, surrounded by a woman in her fifties lying on a stretcher. The woman's eyes were closed, her face was pale and she had no breath, and she was obviously dead.

Next to the stretcher, there was an ugly-looking man in his 30s, who continued to cry and scold.

“What Baishantang! It killed my mother! My mother has always been in good health, but she had a cold recently, so she came to your Baishantang to grab medicine, saying that your Baishantang medicines are cheap and they are real medicines! My mother was killed by the medicinal materials provided by your Baishantang!”

“Baishantang? It’s better to say that it’s a Baietang!”

“Yes! The medical skills are so bad, I even ran out to sit for a consultation, it is really to kill people!”

“Murder pays for life!”

In addition to the ugly-faced man, some family members were also present nearby, all dressed in linen and filial piety, yelling at the ugly face.

The crowds outside the entrance were all sympathetic when they heard these words. Many people, like the family members, began to curse Baishantang.

“Unexpectedly, the hundreds of years old medical clinics would let inexperienced sit for consultations. This is completely smashing their own brand!”

“Oh, yes, Mr. Yang is not here, it is his grandson and granddaughter here. It is estimated that there is no experience, and it is such a thing.”

“Baishantang is over! It’s a pity, such a conscientious clinic.”

The crowd onlookers outside, looking at the young men and women standing inside, all started talking.

There was even a very excited aunt who just passed by here after buying vegetables. She took out a handful of vegetables and threw them on the hundreds-year-old plaque of Baishantang.

This made the faces of the young men and women in Baishantang very ugly.

The young men and women are Yang Xiaxing and Yang Mengzi brother and sister.

Yang Xiaxing couldnt bear it. When others smashed the Baishantang plaque like this, they said aloud: “They are talking nonsense! It’s not a simple cold, but coldness in the body, causing rheumatism. I just opened one. The medicine to treat rheumatism. I personally took the consultation and the medicine was prescribed by me! I can guarantee my life! The medicine is absolutely fine!”

“You are nonsense! It’s clear that you want to make more money and prescribe medicinal materials randomly! As a result, my mother was dying after eating, and now she is dead! Everything is the responsibility of your Baishantang!” That ugly face The man immediately yelled in response.

“Aunt Liu bought medicine from your hospital in the morning, and it has only been less than two hours. Now that people are gone because of your medicine, you Baishantang must be very responsible!”

“Yes! You Baishantang must be responsible to the end!”

The people around also shouted.

Yang Mengzi next to Yang Xiaxing’s pretty face was very ugly, and then said: “Turn right and wrong! You suspect us based on this? Our Baishantang is also a centuries-old brand. How many civilians have been

saved, and the price is not high. Speaking of the whole country, at least this province is the cheapest! Even if the home is difficult, we will provide it for free! There has never been a misdiagnosis of this kind! Not to mention taking medicine and eating to death!”

The crowd outside, most of them nodded secretly to Yang Mengzi’s words. It is true, and this shouldn’t happen.

However, there are a small number of people who are not too big to watch the excitement: “I haven’t seen that man’s mother’s body. Have you all moved here? People are dead, how can you sophistry?”

Before Yang Xiaping and Yang Mengzi could respond, Lin Kai had already stood up at this time and said lightly: “The person is indeed gone, but it is not her son. He killed his mother in order to corrupt people and came to this Baishantang. Its also possible to get medical trouble.”

In fact, according to the system, the ugly-looking man killed his mother, so he came here to start making trouble in order to get compensation.

Sure enough, the ugly man, hearing Lin Kai’s words, pointed at Lin Kai with a fierce reaction, and said angrily: “Where’s the kid! I sue you for slander! What nonsense!”

“Yes, you can eat rice but you can’t talk nonsense!”

The family members were also angry.

When Yang Mengzi saw Lin Kai coming, his eyes lit up: “You are the genius doctor Lin Kailin?”

Yang Mengzi had already learned from Lin Qianqian, that Lin Shanxi came to help, and also knew that Lin Kai’s medical skills were superb, and even the well-known director Pan Ligu’s illness was cured.

Yesterday Yang Mengzi happened to be online and saw a piece of news saying that Pan Ligu was originally very ill, and even the doctor was helpless, but he was cured inexplicably.

In fact, this news can be regarded as a promotion for the new movie.

Of course, the news did not say that it was cured.

However, Lin Qianqian told Yang Mengzi that it was Lin Kai who treated him.

That is why Yang Mengzi said that Lin Kai was Lin’s genius doctor.

Yang Mengzi was convinced that when Lin Kai came, he couldn’t help but feel relieved.

Lin Kai just nodded, it seems that Lin Qianqian introduced him to Yang Mengzi.

Before Lin Kai could say anything, someone from the group of family members sneered and said, “I said this person, why is he spitting blood? It turns out that he knows people from Baishantang! They seem to be in the same group!”

Lin Kai naturally ignored these words, but calmly said: “Don’t say anything, I will ask this person a few words, and the whole thing will come to the bottom.”

“Really?” The ugly-faced man said disdainfully: “Then you ask, I’ll see what comes out.”

Chapter 1483: Come To The Bottom

Chapter 1483

Lin Kai glanced at the ugly man, and immediately asked: "You said earlier that your mother was not able to eat medicinal materials prescribed by Baishantang?"

"Yes! It's a small cold in itself, just spend a few dozen yuan to buy a medicinal material! It turned out to be one hundred and one yuan! This is not normal! If my mother's disease can be cured, one hundred and one yuan Only one hundred and one yuan, but my mother was killed by this amount of medicinal materials! It was definitely to make more money to prescribe more medicinal materials!"

The ugly man looked very sad, then shouted.

Yang Xiaping also knew Lin Kai's personal information. Although he had some doubts that Lin Kai was so young and his medical skills were so superb, now is not the time to doubt, and now is facing the life and death of Baishantang.

So Yang Xiaping said, "The medicinal materials I prescribe will not be problematic at all! They are all prescribed to the right medicine! And the one hundred and one yuan, if it is changed to other medical clinics, it will cost at least a thousand yuan! Our Baishantang has been open for hundreds of years It also relies on the concept of saving the dying and healing the wounded. As long as you don't lose money, you can save one person and you will be able to continue driving! I don't even think about harming others!"

Lin Kai nodded, and then he looked at the ugly-faced man again, and said, "You have also heard that if the prescribed medicinal materials are changed to other places, it will cost thousands of dollars. Baishantang has always kept it. Naturally, the micro-profit is not for making more money. Moreover, this brand has been around for hundreds of years, and it is impossible to harm your mother."

Lin Kai said, pointing his finger to the woman's body on the stretcher, and said, "On the neck of the deceased, there are obvious signs of blackening. It hasn't been long since the death of the deceased, but dark spots appear so soon, so it is very likely. It's poisoned. If you don't believe it, you can call the police and a forensic doctor will come over for identification."

When Lin Kai said that, the ugly-looking man became even more panicked, but his ugly-looking man quickly converged, and continued to scold Lin Kai angrily: "What about poisoning! It must be that the medicinal materials are poisonous," Poison my mother!"

After he finished speaking, he took out a list from his body. There were a few remaining medicinal materials on the list. He sneered: "This list is the medicinal materials prescribed by Baishantang. There are several kinds! I will find very professional. People, come and check if these medicinal materials are toxic!"

Lin Kai glanced at the list, there were probably six or seven kinds of medicinal materials left.

Lin Kai calmly said, "The medicinal materials on this list do have some toxicity in it."

Everyone was shocked when they heard Lin Kai's words.

I didn't expect Lin Shanxi to say such a thing, didn't he still defend Baishantang before? How did it change so fast? Could it be that conscience discovered it?

The crowd onlookers outside shook their heads.

“Old Yang has been in business for such a long time, with such a good reputation, and he is a real life-saving and healing man. He has unparalleled medical ethics. He didn’t expect to have two grandsons injured, but they were destroyed in one morning!

“Yes, I didn’t expect that the medicinal materials are really toxic. This is Baishantang’s responsibility!”

Those onlookers were also filled with outrage and blamed Baishantang.

Yang Xiaxing’s expression changed, he couldn’t understand why Lin Kai wanted to help the other person speak.

How could he not know the medicinal materials he prescribed himself! Obviously they are not poisonous! On the contrary, it is of great help to the body! Can improve the condition of the body!

Just when he was about to speak, Lin Kai continued: “Of course, the remaining medicinal materials on the list have nothing to do with Baishantang. To be precise, the poison above it was poisoned by other people. “

After speaking, he turned around and looked at Yang Mengzi, and said, “You take your angelica from Baishantang.”

Although Yang Mengzi wondered why Lin Kai asked her to take *Angelica sinensis*, he still did.

Angelica is a traditional Chinese medicine that nourishes blood and nourishes qi.

Before long, Yang Mengzi took the angelica and handed it to Lin Kai’s hands.

“Look, there is still a certain difference between the angelica in my hand and the angelica on the list.”

Lin Kai showed the angelica in his hand, and compared to everyone, they found that the angelica on the list was darker.

The man with an ugly face showed a hint of panic again, and he hummed, “Maybe it’s this kind of difference. After using part of it, the color becomes darker!”

Most of the onlookers began to be weird. Those who were able to watch showed that most of them had come to Baishantang for treatment.

We all know that *Angelica sinensis* will change color after using some parts.

Lin Kai narrowed his eyes and stared at the ugly-looking man, saying every word: “As far as I know, if a certain dose of arsenic is put in angelica, the color will become brighter, and the medicinal materials will naturally be brought along. With strong toxicity.

In addition, everyone has heard of arsenic from every aspect. Novels, film and television dramas, etc., have descriptions, often in ancient suspense dramas, there are such arsenic. I don’t know if you have noticed a detail, that is, people who died of arsenic poisoning often leave some marks on their fingernails. If you don’t believe it, search on the Internet for comparison. “

After hearing Lin Kai's words, the crowd of onlookers all looked at the woman's body and found some marks on their nails.

Some people were very curious about whether it was right or not. Just according to Lin Kai's statement, they searched the Internet and proved that Lin Kai was right!

At this time, Lin Kai pointed at the ugly-looking man, and said coldly: "If I'm not wrong, the arsenic you put on killed your own mother. Often, the nails of the hands with arsenic, although not There are marks, but there must be some residual powder."

Everyone looked over and saw the ugly-looking man with some powder on his nails.

The ugly-looking man hurriedly put away his hand, and yelled at the same time: "Nonsense! It's just nonsense! I'm doing farm work in the morning, this is all dirt!"

Lin Kai shook his head slightly: "At this time, you still don't admit it. Since you said that your nails are mud, you should lick it. If you lick it, it means it is mud. Although the dose is small, you use its enhanced version, so a small amount will be poisoned."

Several of the family members shouted, "What are you afraid of! Old Niu, don't you just lick it to prove yourself! Just lick it, it doesn't prove that Baishantang killed your mother!"

The crowd onlookers also urged the ugly-looking man.

However, for these words, the ugly-faced man slowed to lick it, but his face was ugly to the extreme.

Lin Kai sighed coldly when he saw this, "In order to deceive Baishantang's compensation, he did not hesitate to poison his mother, you beast, have not pleaded guilty yet?!"

Chapter 1484: Yang Mengzi's Invitation

Chapter 1484 Yang Mengzi's Invitation

Lin Kai urged his anger, and then shouted coldly.

His voice resounded in the ears of the ugly man in vain, like a nine-day thunder, completely defeating the psychological defense of the ugly man.

The ugly-looking man suddenly looked regretful, and slumped on the ground: "I killed it! I killed my mother!"

Whether it was the group of family members or the group of people watching outside, everyone was shocked when they heard the words of the ugly-faced man. Immediately, there was an expression of anger in his eyes. This is indeed a matter of anger between man and god. He should be an ugly man. No matter what, he can't poison his mother to death!

The family members wanted to understand even more, and they questioned: "A Niu, you beast! Why are you doing this!"

The ugly-looking man was still full of regret, and cried, "I blamed me for being confused for a while! I didn't do anything. I ate and used the food at home. This morning my mother scolded me to go out and look for work. As a result... I was impulsive. , That's it! Just seeing the medicinal materials my mother

was taking, I had a plan to get rid of my suspicion, but also to ruin a large sum of money, so I came here to make trouble.”

After listening, everyone was extremely angry.

“Sure enough, it’s a beast!”

“Yes! I don’t have the ability to cheat the old, and poison my mother who gave birth to you and raises you to death! Inferior to beasts!”

“Call the police! This kind of person should be shot immediately!”

Especially the group of onlookers who almost believed it before, never expected that the ugly-looking man would actually do such a conscience.

Some people even couldn’t stand it. They rushed forward and punched the man who looked ugly. You punched me and beat the man who looked ugly.

But no one sympathized with the ugly-looking man, even the relatives who came with him, and followed part of the crowd to beat the ugly-looking man together.

It didn’t take long for the police to arrive, and the medical troubles here were thus calmed down.

The most important thing here was Lin Kai, who came to the conclusion so quickly.

The onlookers also apologized to Yang Xiaxing and Yang Mengzi. After all, they had misunderstood Baishantang before, and Baishantang was still the original Baishantang that saved the dead and healed the wounded!

Also, the old lady who used vegetables to smash the Baishantang plaque before was very embarrassed. After apologizing, she immediately borrowed a ladder and carefully prepared the Baishantang plaque and picked up some vegetables. , And the remaining traces are wiped clean.

When everyone had retreated, Yang Xiaxing poured a good cup of tea for Lin Kai and thanked him: “It is the genius doctor Lin! You can see the problem at a glance! Thank you for coming in time, otherwise the Baishantang handed down by my ancestors, So once it is destroyed in my hands, then I am a sinner!”

Yang Mengzi next to him also looked at Lin Kai with joy: “Mr. Lin, thank you!”

Yang Xiaxing glanced at Yang Mengzi strangely. Normally, after his sister came back from studying abroad, he had never seen his sister. He smiled at any man, even if he had a father or a grandfather.

As if in the eyes of his sister, men have nothing good.

But now, it was the first time he saw Yang Mengzi smile so happy to a man.

Yang Xiaxing shook his head secretly, but it was a good thing, so he said to Yang Mengzi, “After this incident, some patients were scheduled to come here to get medicine or see a doctor. It was a little late. Lets go, Mengzi, I didnt It’s almost noon to accompany the genius doctor Lin, you just go to ask the genius doctor Lin to have a meal as a thank you.”

Yang Mengzi directly agreed: “Okay.”

Hearing Yang Mengzi's so readily promised, Yang Xiaxing smiled in his heart. It was indeed a good thing, and he ran to the doctor.

Lin Kai reluctantly shook his head for the words of the siblings.

When the water came out, the system task was completed, and a good gold extraction ability was rewarded.

Originally, he was still going to study the gold extraction ability, but when he saw Yang Mengzi invited him to dinner, he had to follow.

After all, Baishantang and Lin Qianqian have a cooperation.

Moreover, Baishantang does not pursue benefits, but donates the benefits it brings to those impoverished mountainous areas, which really impresses Lin Kai.

Soon, Yang Mengzi took Lin Kai to a private restaurant and ordered some of the best dishes in this private restaurant.

I have to say that the food in this private restaurant is still very fragrant.

Coupled with these two days, running back and forth between the two provinces, Lin Kai didn't have much time to eat well.

So as soon as it was served, it was eaten directly.

Yang Mengzi saw Lin Kai look like this, with a smile on her pretty face, and even handed Lin Kai some dishes, while picking up the dishes, she said, "Mr. Lin, thank you again. You are so good. You have such a superb medical skill. The terminal illness of Director Pan Ligu also revealed the true face of the beast!"

Originally, Yang Mengzi had always called Lin Kai a genius doctor, but Lin Kai didn't dare to take up this title. He was nothing more than the means of a cultivator, so Yang Mengzi could just call him Mr. Lin.

The reason why Yang Mengzi treated Lin Kai in this way was actually because he thought that Lin Kai had superb medical skills, and he admired her, especially when she was relieved of Baishantang not long ago, which made her have a good impression of Lin Kai.

Lin Kai shook his head and laughed: "It's mainly because the authorities are obsessed with the bystander. At that time, you and your brother were stigmatized. It is inevitable that you were so anxious that you didn't see it. I, a bystander, is different, not so anxious. If you do Bystanders, you can definitely see it soon."

What Lin Kai said was indeed true. Although the system task only suggested that Baishantang was framed, he did not specify that it was poisoned by arsenic.

Although Lin Kai did not specialize in medicine, as an immortal cultivator, his practice also includes various methods similar to Chinese medicine, so he can tell at a glance.

Yang Xiaxing and Yang Mengzizu's ancestors have studied Chinese medicine for generations, and they are no exception. Their medical skills are definitely not weak, they are nothing more than anxious.

Just as Lin Kaigang finished speaking, Yang Mengzi wanted to respond.

Unexpectedly, someone came to the table of the two and was pleasantly surprised: “Meng Zi! I didn’t expect to see you here!”

“Wang Jinghua? How did you become the waiter here?” Yang Mengzi frowned and responded.

The visitor was a young man, but he looked like a uniform.

Lin Kai knew who Wang Jinghua was. While on the road, Lin Kai saw that Yang Mengzi seemed to have an unfavorable relationship with men, except for him.

Lin Kai was very curious and asked.

It turned out that Yang Mengzi was pursued by Wang Jinghua when he was studying abroad, but Yang Mengzi didn’t agree.

But I couldn’t stand Wang Jinghua. This kind of cheeky pursuit, I wanted to explain to Wang Jinghua, but unexpectedly happened.

Chapter 1485: Relief

Chapter 1485

Yang Mengzi planned to explain the situation to Wang Jinghua, just to see Wang Jinghua hook up with another girl, that was all, after all, she didn’t care about her business.

As a result, Wang Jinghua prescribed medicine, which made Yang Mengzi want to save the girl, but she was almost taken in by herself. Fortunately, she called for help in time and escaped.

In short, Wang Jinghua is very scumbag and his methods are also very despicable.

Had it not been for the background at home, something would have happened long ago.

And after returning to China, he also inherited the family business, was a group company, and became the boss.

This made Yang Mengzi feel that all men are not good things.

So Yang Mengzi now, seeing what Wang Jinghua looks like now, said lightly: “Mr. Wang, is it possible that you are bankrupt?”

Although Yang Mengzi wanted Wang Jinghua to be severely punished, she had no background and was helpless.

Wang Jinghua smiled bitterly at this time and shook his head: “Mengzi, it’s really unfortunate. I didn’t expect that I had just taken over my family’s group, but unexpectedly the capital chain broke, then went bankrupt, and various debts. Now forced by reality, I can only do odd jobs. Come to live a life.

It is said that it is difficult to see the truth, this sentence really makes sense. After my accident, all my former friends and friends disappeared. Even the relatives in that circle avoided me. “

As Wang Jinghua said, she looked at Yang Mengzi excitedly, and smiled: “We still have some feelings between us, although some unpleasant things happened in the middle. But I believe you, you are a girl who doesn’t care about the wrong things, so you see, can you lend me a few million, no, one million will

do! As long as I borrow this million, I can still start a new business with my talents! Then I will make a comeback!”

“Some feelings? A little unpleasant thing? Regardless of the predecessors?” Yang Mengzi sneered again and again: “You can still say it because of the loss. Don’t care about it. I can’t get one million. You find someone else, don’t come. Bother me.”

Yang Mengzi was already pretty good without beating the dog in the water, but just persuading Wang Jinghua to leave.

But Wang Jinghua’s face is still very thick, and he directly said loudly: “Yang Mengzi! You bit me when you were abroad, and I haven’t paid you for medical expenses yet! According to foreign medical expenses, then But it is a sky-high price! What’s more, it has caused me to use my right hand for half a year. You should compensate me for that one million, not lend me!”

If you don’t know the truth, I feel that there is nothing wrong with this.

But those who know the truth will be angry.

It was clearly Wang Jinghua who wanted to invade Yang Mengzi. Yang Mengzi was just defending and bit Wang Jinghua. It was Wang Jinghua who took the blame and deserved it.

Yang Mengzi is a victim from start to finish, but now, Wang Jinghua, the assailant, is instead claiming money from the victim.

Yang Mengzi’s pretty face was slightly discolored at the moment, and she did not expect that Wang Jinghua would say such shameless words, and then smiled angrily: “Wang Jinghua! What you did at the beginning, you know in your heart! I didn’t ask you for compensation, just it’s not bad, I didn’t expect it to come to me for compensation!”

Wang Jinghua’s face was thicker than the city wall, and he reluctantly opened his mouth: “You just bit me and made me unable to use my right hand for half a year. The damage is great! So you have to compensate me one million!”

The guests at a few tables nearby, hearing the quarrel here, began to talk about Lin Kai’s table.

“I think it makes sense. What age is this? The medical expenses in foreign countries are not as low as rumors, but very high. Calling an ambulance costs hundreds or even thousands of dollars, let alone seeing a doctor. “

“Yes, I still injured my right hand. I can’t use it for half a year. One million should be paid.”

Those guests didn’t know the whole story at all, but just heard Wang Jinghua’s one-sided words and pointed them.

Yang Mengzi was very angry when he heard these words. It was obviously not that way, but these people didn’t know the truth, but they turned black and white.

Did Yang Mengzi’s body tremble, and then returned to normal, he looked at Lin Kai: “Mr. Lin, I’m sorry, because of my business, I disturbed you and didn’t let you eat properly. Now let’s change the place and continue. I invite you to dinner.”

Wang Jinghua only seemed to notice Lin Kai and suddenly laughed: “Heh, I didn’t expect to have a little white face. There was money to ask you to raise a little white face to eat, but there was no money to compensate me! Yang Mengzi, you still shameless?”

As soon as Wang Jinghua’s words came out, it attracted the guidance of surrounding guests.

Lin Kai frowned slightly. He was eating here, and he was eating, but now he was called a little white face inexplicably.

And he also knew that the ins and outs of the whole matter were basically Wang Jinghua’s own blame. Legally, Yang Mengzi was also a legitimate defense and would not have any responsibility!

On the contrary, Wang Jinghua had to compensate Yang Mengzi for his losses instead!

So Lin Kai stood up and slapped Wang Jinghua lightly.

Snapped!

The applause was unusually loud, and half of Wang Jinghua’s face was swollen and tall.

This was naturally Lin Kai, who had reduced 90% of his strength, otherwise, Wang Jinghua would definitely be gone with one palm.

After all, Wang Jinghua is just an ordinary person.

Wang Jinghua held his swollen half of his face, suddenly angrily, with the other hand, pointing to Lin Kai: “Good, you little white face! Dare to...”

Before Wang Jinghua finished speaking, Lin Kai directly used the ability to tell the truth.

Next, Lin Kai asked: “Why did Yang Mengzi bit you in the first place? You have no idea?”

Wang Jinghua had been controlled by the extraction of his power and began to answer Lin Kai’s questions honestly.

After Wang Jinghua explained the ins and outs of this matter one by one.

Lin Kai then revoked his ability to extract the truth.

After Wang Jinghua was sober, he was shocked when he saw the guests nearby, and he was scolding him all the way. What happened? I didn’t support him before, so why did he scold him in the blink of an eye?

Although Yang Mengzi was also very curious, why Wang Jinghua suddenly told the truth, but she always felt that it was not Wang Jinghua himself who wanted to say, but she couldn’t help but look at Lin Kai, thinking that Lin Kai didn’t know what method he had used, which made her admire even more. From Lin Kai.

At the same time, Yang Mengzi thanked Lin Kai for helping her.

She didn’t wait for Wang Jinghua’s reaction. After paying the bill, she took Lin Kai and walked outside the store.

However, Wang Jinghua stopped in front of Yang Mengzi, pretending to be very regretful: “Mengzi, I was wrong! Please forgive me! It was indeed my fault at the beginning! For the sake of an old classmate, again its the love of studying in a foreign school. Can you lend me 100,000! Just lend me 100,000! Not much!”

Yang Mengzi sneered, pushed Wang Jinghua away, and said coldly: “Don’t say 100,000, I won’t lend you a penny!”

Chapter 1486: Threat

Chapter 1486

After being rejected by Yang Mengzi one after another, Wang Jinghua was also suddenly angry, with a gloomy and terrible expression. He looked at Yang Mengzi and grinned: “Okay! You don’t want to borrow it? You should remember that I filmed you at the time. If you dont borrow a picture of disheveled clothes, I will publish the picture of your disheveled clothes!”

“That picture?” Yang Mengzi’s pretty face turned pale in an instant, and said angrily: “You were in front of the police at the beginning. Did you delete all the photos? Why are there still?”

“What’s the matter, delete it, it’s not impossible to restore it! Haha, although this photo is not dew point, but you can see your underwear, and the clothes are messy, it looks like you have been insulted! So good! Photos, I naturally want to recover!” Wang Jinghua sneered, anyway, he has already planned to do it, so there is nothing to say.

He continued to threaten: “If you don’t lend me, I will print out photos of you, and paste them into small advertisements, and pay a lot of money for children. Or, publish them on such small websites and then publish yours. Address! Of course, if you lend me a hundred thousand, I will delete the photo, which is a permanent deletion!”

“You! You!” Yang Meng was so angry that he was almost speechless.

That photo was at that time, Wang Jinghua, a beast, wanted to forcibly offend her by tearing her dress to pieces. Fortunately, someone came in time, only revealing some underwear.

Even so, the photo was a shame to Yang Mengzi! Although the mountains are not exposed, for her, it is a psychological shadow of her!

She has no good impressions of men because of this!

If it were Wang Jinghua’s behavior, she estimated that she would fall into that kind of devil.

Wang Jinghua didn’t wait for Yang Mengzi to respond. He directly took out a note and wrote down his bank account. He sneered: “If you don’t see the money you transferred at night, then you just wait! Finally! One more thing, I am good at PS technology, and I will also use PS technology to expose your unexposed clothes! Make you famous!”

There is no concealed threat!

“Shameless!” Yang Mengzi gritted her silver teeth, and after a while, the words popped out in her mouth. She was too angry.

Even the customers in this store cursed Wang Jinghua one by one.

“What the hell!”

“Yeah! What kind of ability to bully a girl!”

“This kind of person is owed!”

Not to mention those customers, even the owner of the store couldn't stand it, and let Wang Jinghua get out.

Wang Jinghua has an indifferent attitude. He has always been a rich second generation before. He hasn't suffered much since he was born. He has studied abroad, if he were not afraid of other companies ridiculing him, he would naturally not come as a waiter.

But after working as a waiter for a long time, he didn't want to do it. He just wanted to make some money and then gambled, because he could only turn around by gamble.

He now thinks that Yang Mengzi will give him 100,000 yuan, so that it is so arrogant, it doesn't matter whether the waiter does it or not.

Wang Jinghua thought, preparing to leave, just brushing shoulders with Lin Kai.

“To be honest, I have seen a fool who is too right, but I have never seen a fool like you.”

When Lin Kai saw Wang Jinghua coming, he slapped Wang Jinghua on the face again.

Yang Mengzi invited him to dinner, and Yang Mengzi was a partner of Lin Qianqian's company. No matter what, he saw Yang Mengzi being bullied in this way, and he naturally came out.

The slap was slightly heavier, and Wang Jinghua was beaten by this force and rotated in place for several times before he fell to the ground severely.

Wang Jinghua's face on the other side was also swollen and tall, and several of his teeth had fallen out, with blood in his mouth.

“Boy! You are really me, can't you do it!” Wang Jinghua stared at Lin Kai with very bitter eyes. Although he said that, he actually didn't dare to do anything.

Condescendingly, Lin Kai glanced at Wang Jinghua faintly, and said, “Oh? Really? I don't know, can you do it, but what I can be sure of is that if this is a wilderness, you are not. It's as simple as being slapped twice. Trust me, you will definitely become an unclaimed corpse.”

Threat? Lin Kai is the ancestor of threats.

Wang Jinghua wanted to sneer, but he could see that Lin Kai's calm gaze and the slight pressure in his gaze made him tremble.

The inexplicable meaning of cold spread throughout his body.

Wang Jinghua no longer doubted that Lin Kai would really kill people!

Lin Kai said lightly: "The same thing, I will give you, if you don't delete the photo permanently before tonight, don't blame me. You can let people inquire about my identity, you will understand. Did I say that is false."

After that, he took Yang Mengzi out of this private restaurant.

Seeing the two walking out here, after Wang Jinghua was frightened, he still planned to take a gamble, so he shouted to Yang Mengzi who was leaving, "Yang Mengzi! If you don't transfer the money tonight! You will be at your own risk!"

Lin Kai didn't look back, but a coldness gradually emerged in his eyes. Did he really take his words as the wind?

On the contrary, Yang Mengzi, looking desperate, kept muttering: "One hundred thousand can be given, but according to what I know about him, even if he gives one hundred thousand, he will not delete the photos. What should I do..."

Just when Yang Mengzi was confused, Lin Kai stood by and smiled lightly: "Since I encountered this kind of thing, I will help you solve it."

Yang Mengzi smiled bitterly and shook his head when he heard Lin Kai's words, thinking that Lin Kai still didn't know Wang Jinghua very much. How could he be afraid of Wang Jinghua's faceless and skinless person.

It is impossible to kill Wang Jinghua.

The more Yang Mengzi thought about it, the more upset he became, and he said, "Mr. Lin, can you accompany me to drink? Actually, I don't like drinking, but now I'm in a bad mood. It's not safe to go alone. I study abroad. It's not long since I came back, so I don't have any girlfriends, can you accompany me?"

Lin Kai nodded when he heard the words, "Okay, but there shouldn't be any bars at this noon."

"One is open 24 hours, let's go there."

As Yang Mengzi spoke, he told the address.

Lin Kai was speechless. He didn't expect that there would be a bar open during the day. It seems that under the pressure of modern society, there are still many modern young men and women like Yang Mengzi who want to use alcohol to relieve their sorrows.

Lin Kai had to accompany Yang Mengzi and went to the place together. Not long away from here, it only took ten minutes to drive.

Soon I came to a commercial street.

The entrance of one of the bars looked mediocre from the outside, but when I walked in, the atmosphere like the night was suddenly highlighted.

Although it is noon, there are also many young men and women who are drinking here either depressed or excited. It is simply life style.

Chapter 1487: Very Confident

Chapter 1487

Lin Kai and Yang Mengzi came to the bar of this bar, and they sat together.

Yang Mengzi should be here for the first time. She said to the waiter behind the bar: "Get a bottle of wine at any height. The price is no problem, as long as you have a good drink."

The waiter after passing the bar was obviously taken aback. Obviously, he did not expect that there would be such a beautiful woman who offered to drink high-alcohol liquor.

Often people who come here to drink, drink the kind of cocktail that is mixed and tuned.

It depends on the customer's request.

Without waiting for the waiter behind the bar to respond, Lin Kai shook his head and said, "No, I'd better make two moderate cocktails."

Hearing what Lin Kai said, Yang Mengzi did not refuse. How could she ask Lin Kai to drink with her.

Then the waiter made two cocktails.

Lin Kai and Yang Mengzi each took their cocktails and drank them.

Lin Kai only took a sip, but Yang Mengzi was about to drink it all.

Just after drinking a few sips, Yang Mengzi was choked, apparently stimulated by the alcohol level, and then coughing constantly, the crimson color appeared on her pretty face instantly.

Lin Kai immediately urged Zhen Qi to dissolve the alcohol for him. Yang Mengzi got better, and soon stopped coughing and his complexion returned to normal.

Lin Kai said speechlessly, "I can't drink and drink."

"It's okay if you get used to it." Yang Mengzi responded, and continued to drink like that after speaking, and Lin Kai shook his head straight as he watched.

After Yang Mengzi finished drinking, his eyes were dim, obviously a little drunk.

Lin Kai could see that Yang Mengzi didn't know how to drink, and had seldom drunk, even with moderate alcohol concentration, he was drunk under a glass.

Today's Yang Mengzi, who is already very beautiful, also wore a refreshing skirt, and when she was drunk, her face was red, which attracted the attention of many men in this bar.

In these eyes, there is a trace of wretchedness, and there are even many eager to try.

But seeing Lin Kai next to Yang Mengzi, most people, knowing that this is a companion, felt they had no chance, and gave up.

However, there are some people who are veterans and are not afraid to have companions.

For example, now, there is a handsome man who got up from a corner of the bar and took out the car key of a millionaire car by the way.

Then, holding his wine glass, he headed directly towards Yang Mengzi.

“This beauty, can I have a few drinks with you?”

The handsome man is named Ding Haoyuan. He is a veteran of bar tits. He relies on his own tits. He doesn't know how many drunk women slept.

He didn't actually have much money, he relied on his own packaging and the face he leaned on.

Ding Haoyuan is all very expensive brand names, adding up to one or two hundred thousand, not including watches and rings.

Ding Haoyuan looked at Yang Mengzi and smiled confidently. In his opinion, this woman saw the key to the million-dollar car in his hand and the brand-name clothes all over his body, and she would definitely not refuse him.

In addition, Ding Haoyuan could also see that Yang Mengzi must have something to worry about, using alcohol to relieve his sorrows. In this case, as long as he can speak well and deceive casually, he can be deceived.

Of course, although he is a veteran, most of the time, he still chooses women who come here alone to drink, or two or three women drink here.

When there are male companions, they tend not to come forward.

But seeing that Yang Mengzi is so beautiful, he would never let go of such a good opportunity.

Most importantly, through his own eyesight, Ding Haoyuan could also see that Yang Mengzi and the young man next to him were very distant from each other. It should be the kind of unfamiliar one.

After comprehensive consideration, Ding Haoyuan decisively came to chat with Yang Mengzi.

“Audi car key? You think you are like this, I will promise you, drink with me?”

Although Yang Mengzi was a little drunk, but the consciousness was still there, he faintly glanced at Ding Haoyuan, and then continued: “Then when I get drunk, take me out to open the room? You are very confident, but unfortunately, you are not worthy.”

Ding Haoyuan was stunned on the spot. Even though he had been in the bar for so many years, he saw it for the first time, so direct.

However, he hasn't been a gangster for so many years, so he put the car key on the bar for the first time, and then laughed: “This beauty, you misunderstood me. Actually, I was afraid that I was drunk. Now, give the key to the car to the waiter at the bar and watch it for me temporarily. I am also an old customer here. If I get drunk, the waiter will also help me call for driving.”

Before Yang Mengzi could speak, Ding Haoyuan continued to be cheeky, and placed the wine glass in his hand on the bar with Yang Mengzi.

He added: "This beauty, my ancestors used to be a winemaker. This wine is an exclusive secret recipe handed down from my ancestors, and combined with the exquisite skills of the bartender, so this glass of wine is delicious. Don't worry, the degree is not High, you can drink it boldly. The main reason is to see you depressed. This glass of wine is sweet and sour, and you will definitely feel better after drinking."

"Besides, the wine in your glass is almost finished, so show your face and try it with my glass. How about?"

"I'm depressed, it's your ass?" Yang Mengzi said unceremoniously. As she said, she took away Lin Kai's glass and said, "I still like this glass of wine."

"It turns out this beauty, you like to drink the blue gem."

Ding Haoyuan smiled faintly, and immediately took out a jewelry box from his body, and opened it again. There was a blue gem inside.

As a bar veteran, how can he not have other preparations, he can be familiar with all kinds of wine in the bar.

However, through this variety of wine, think of various countermeasures, in short, follow the other party's favorite wine, and then talk step by step, so that you can smoothly cheat.

The cocktail Yang Mengzi drank was called Blue Gem. It was considered a good-selling wine in this bar, and many customers would order it.

As a result, Ding Haoyuan carried a sapphire jewelry box.

At this time, Ding Haoyuan held the sapphire, and then smiled: "This beauty, although her ancestor was a winemaker, you should have heard of Dings Jewelry now? I'm a department manager of Dings Jewelry. If you like this blue gemstone, you might as well move to my house and take a closer look. How about?"

Ding Haoyuan smiled confidently again. The blue gem in his hand was as big as a small egg and worth hundreds of thousands.

But he is a manager, his own, and he doesn't need any money. Otherwise, he will definitely feel distressed.

So it's nothing to give it to a beautiful woman and spend a night with a beautiful woman.

He is very confident, thinking that no woman can refuse this gem temptation.

Chapter 1488: Get Drunk

Chapter 1488

I have to say that women are naturally attracted to such gems.

Just as men like cars and so on.

Yang Mengzi was indeed surprised by the beautiful eyes of this egg-sized blue gem.

Of course, she was just surprised.

Then she looked at Lin Kai and asked, “Mr. Lin, do you men like it so much. Do you open a room with other strange women? In order to open the room, you will spend all kinds of methods.

Hearing Yang Mengzi’s words, Lin Kai slightly shook his head and laughed. Yang Mengzi himself did not have a good impression of men because of the past, and was stimulated by Wang Jinghua again today.

Now Ding Haoyuan came to strike up a conversation with various means, which obviously made Yang Mengzi even more completely devoid of goodwill for men.

As a man himself, Lin Kai wouldn’t say much, he just looked at it funny, Ding Haoyuan came to strike up a conversation with Yang Mengzi.

Especially seeing Ding Haoyuan’s self-confidence, he was even more amusing, Yang Mengzi, who hates men, would accept Ding Haoyuan’s invitation.

But Yang Mengzi saw that Lin Kai didn’t answer, and continued to repeat the previous words, asking questions.

Lin Kai had no choice but to answer, “Not all men are like this. It’s just that you have met some bad people. Those bad people are the shame of our men. Among men, there are also many who value feelings. I am like this. “

Lin Kaip didn’t brag about himself either. He couldn’t help but think of the past, but he also sighed in vain, making him want to use alcohol to relieve his troubles.

It’s a pity that after he became a cultivator, no matter how strong alcohol he was, he couldn’t get drunk.

It can only be that alcohol is not intoxicating and everyone is drunk.

But in that case, it’s meaningless.

Ding Haoyuan turned his gaze to Lin Kai and sneered: “It’s a joke! Which man doesn’t like to open a room with a beautiful woman? I think you are very hypocritical! On the surface, you look good, but practical. Its even more fake than me! At least I am real, you are a typical hypocrite!

And if you want to open a room with a beautiful woman, at least have to show your sincerity, right? How do you say, there must be a gem like me that is hundreds of thousands of thousands, how about you? A piece of clothing, I dont know if there is still a thousand yuan, just you, you want to ask a beautiful woman to open a room? It’s totally dreaming! “

Lin Kai’s calm eyes were slightly cold when he heard Ding Haoyuan’s words.

This Ding Haoyuan struck up a conversation, but now that it involves him, he has no place to offend Ding Haoyuan.

But Ding Haoyuan said so, how could Lin Kai not act.

So Lin Kai casually took out a piece of jade from his pocket, which was also the size of an egg.

The jade is crystal clear as a whole, especially in this dimly lit bar, it looks even more dazzling.

This crystal clear jade was taken by Lin Kai in the Abyss of Burying Dragon.

There are many of these at the cliff.

Of course, this piece like Lin Kai's hand is still relatively rare.

This kind of jade is natural, and more importantly, it contains some heaven and earth qi, if you carry it with you, it will nourish your body, nourish your mind and adjust your breath.

Such jade in the market can cost 10 million less, which is still relatively small. Everyone who knows the trade can't get 20 million.

In addition to taking out the jade, Lin Kai also took out the keys of the Rolls-Royce Phantom.

"Since you are in the jewelry industry, you should know the price of this kind of jade? As for car keys, I don't need to say more, right?"

Lin Kai glanced at Ding Haoyuan lightly, and as he said, he gave the jade directly to Yang Mengzi.

Yang Mengzi was slightly taken aback.

"Miss Yang, I'll give it to you." Lin Kai said.

When Ding Haoyuan saw this scene, his face was very ugly. He naturally recognized the value of jade and that the car key was a Rolls-Royce Phantom, no matter what, it was worth tens of millions.

Alone, it was several times more than what he carried all over his body, including the car.

Ding Haoyuan couldn't think that the seemingly ordinary young man was actually a hard stubble. After hesitating a little, he picked up his wine glass with a rather unwilling look and left quickly.

Yang Mengzi was still in a drunken state, with dim eyes, looking at Lin Kai, and said: "Mr. Lin, I understand this Rolls-Royce Phantom, but the jade you want to give me should be very valuable, right?"

Lin joked, "Yes, there are ten million if you don't say it."

Now Yang Mengzi was surprised: "Mr. Lin, are you sure that's the case, give it to me?"

Lin Kai smiled and nodded, he said it all, naturally he did what he said. Besides, this jade has no effect to him, just like an ordinary small stone at random on the side of the road.

Yang Mengzi wasn't the kind of worshiper either. He didn't show any joy. Instead, he first looked at Lin Kai carefully, and then asked softly, "Given such an expensive gift, does Mr. Lin want to open a room with me?"

Lin Kai was speechless: "I've said it all, I wouldn't be so casual when there is no emotional foundation."

"Hehe, if you really want to make this condition, maybe I will agree. Of course, I won't accept such an expensive gift, thank you Mr. Lin." Yang Mengzi said, asking the waiter to adjust a few more cocktails.

Yang Mengzi drank again.

When Yang Mengzi finished drinking three glasses of this cocktail, Lin Kai shook her head to stop her from continuing to drink, and said, "Miss Yang, stop drinking. Look at you and drink it again. You will definitely be drunk."

Yang Mengzi seemed to see that he had no alcohol to drink, so he jumped into Lin Kai's arms and rushed over, crying, and said, "Woo, Wang Jinghua, that bastard, he will definitely expose that photo at night. Go out. My innocence will be ruined. This is even worse than killing me! Oh, I don't know what to do..."

Yang Mengzi cried and cried, almost losing consciousness.

Lin Kai shook his head. This is Yang Mengzi's drunk, strong emotion disguised. At this moment, he was completely out of control.

Like a normal little girl, so soft and weak.

Lin Kai shook his head again and said, "Miss Yang, we don't drink anymore, I'll take you back."

Lin Kai had already aroused his true energy and volatilized all the alcohol in his body. Now he doesn't have any alcohol in his body, and driving is still fine.

In fact, he can also quickly volatilize Yang Mengzi and the alcohol in his body, but it is not necessary. After all, Yang Mengzi is going to get drunk.

If it really evaporates, Yang Mengzi will definitely stay here until he gets drunk.

Lin Kai prepared to take Yang Mengzi away and return to Baishantang.

However, Yang Mengzi resolutely went back and kept crying. If the photos were released, Wang Jinghua's villain would definitely add fuel to the rumors.

Lin Kai still understands this very well.

Chapter 1489: Be A Scum At Your Own Risk

Chapter 1489 Become a Scum

Lin Kai thought for a moment, then said: "Well, this bar has private rooms. I will open a private room first. You will sober up the wine in it first. I will have something to go out and come over later."

He mainly saw that Yang Mengzi really refused to follow him out of the bar.

He had to do this first, so he opened a private room and helped Yang Mengzi onto the sofa in the private room.

Of course, he also secretly aroused the true energy, volatilized some of the alcohol in Yang Mengzi's body, and left several amulets at the same time.

Lin Kai went out to solve Yang Mengzi's obsession.

The person who needs to tie the bell to untie the bell is for Wang Jinghua to delete the picture permanently.

In addition, Lin Kai also gave a waitress several hundred dollars to make the waitress look at this place more and don't let other people in.

The waitress agreed with joy.

Lin Kai just got out of the bar, and then took out a strand of hair, exactly one strand of Wang Jinghua's.

When he slapped Wang Jinghua in the slap, he deliberately took it away.

He also knew that Wang Jinghua's temperament would not listen to his verbal threats.

So he was prepared to settle the matter after drinking with Yang Mengzi.

It's just that Yang Mengzi was drunk and refused to leave the bar. He had to go now, otherwise, Yang Mengzi would not be out of this bar.

Lin Kai took this strand of hair and immediately used the extraction ability of tracking.

Subsequently, this hair found a way for Lin Kai on his own.

Lin Kai drove the car and followed the path of the hair.

Not far away, Hair came to an old community.

Lin Kai sensed the location of the room where Wang Jinghua was. He saw the door closed, but knew that Wang Jinghua was inside, so he pushed the door open without hesitation.

At this time, Wang Jinghua in the room hadn't turned on the computer for a long time before he saw Lin Kai coming in with an incredible expression.

He also just returned and rented out his own house.

Before he was in that private restaurant, the incident was naturally opened by the private restaurant. He didn't want to be a waiter for a long time, so he might as well continue to threaten Yang Mengzi and let Yang Mengzi borrow him 100,000.

It is said that it was borrowed, but in fact Wang Jinghua would not return it. Yang Mengzi knew this too well.

Wang Jinghua thought, went back to his rental house, got the PS photos as soon as possible, and threatened Yang Mengzi with this.

He planned that even if Yang Mengzi borrowed one hundred thousand from him, he would not choose to delete it. Instead, he would keep asking Yang Mengzi for money.

He also understands Yang Mengzi's temperament, that's why he dares to do such a thing boldly.

However, before Wang Jinghua started PS, when he first opened the photo, he saw Lin Kai break in.

And Lin Kai closed the door and walked towards Wang Jinghua step by step.

Wang Jinghua was really taken aback. He didn't know how Lin Kai knew about the place where he currently lives.

He chose a relatively old community to hide his debts. Otherwise, in his capacity, how could he be willing to live in such a shabby place.

Especially now, when he saw Lin Kai approaching step by step, he was even more frightened. Holding his laptop, he yelled at Lin Kai: "Boy, believe it or not, I'll tell you to break into a private house! Why don't you give it to me..."

Before Wang Jinghua could finish, Lin Kai slapped him, his face swelled up halfway and swelled again.

Lin Kai didn't say a word, and slapped his backhand again. Wang Jinghua looked dizzy with Venus in his eyes. The laptop he was holding in his hands fell off.

Lin Kai was so angry that he destroyed the laptop completely, as well as all hard drives.

It cannot be repaired at all, so there is no way to restore any data.

Wang Jinghua looked at Lin Kai with more horror, and he didn't even understand how Lin Kai destroyed the laptop so clean all at once. It can be said that all the accessories in the computer were shattered.

At the same time, Wang Jinghua also glared at Lin Kai: "Boy! The hard drive was destroyed by you! Are you still planning to do something against me? If you do it again, I have to sue you for failing! I was wrong before, but now it's different! "

Lin Kai looked at Wang Jinghua with an idiot look, and said, "Are you acting stupid with me, or are you really stupid? I don't believe it, except for your computer, you don't have a backup of your mobile phone, USB flash drive or online cloud disk. Hurry up! Hand it over and destroy it!"

This Wang Jinghua is also hard-hearted, just not paying.

Lin Kai didn't think so, so he killed Wang Jinghua, and he didn't want to do it himself.

So next, Lin Kai began to use, to be honest, the extraction ability, let Wang Jinghua hand over all the backup photos, what kind of mobile phone data, what kind of network disk and so on.

After all these photos were destroyed, Lin Kai relieved his ability to extract the truth.

Not to mention, although this is a gold extraction capacity, it is still very useful at critical moments.

Lin Kai didn't leave either. Instead, he urged Zhen Qi and used torture-like punishment to plunge the sober Wang Jinghua into endless pain.

Lin Kai used his true energy to burst Wang Jinghua's meridians all over his body. It felt like his own body, as if he had swallowed ten thousand catties of ammunition, and might be ignited and exploded at any time.

It was an inhuman torture that caused Wang Jinghua to scream like a pig.

Wang Jinghua screamed and kowtow to Lin Kai for mercy.

Lin Kai ignored it.

When Wang Jinghua was about to collapse and shouted to let Lin Kai kill him, Lin Kai looked at Wang Jinghua coldly and said indifferently: "In the future, do you dare to trouble Yang Mengzi like this?"

"Heroes! I was wrong! I was wrong! From now on don't say dare, I don't even have that idea!" Wang Jinghua was scared, really scared! Now in his eyes, Lin Kai is a demon!

With such a demonic existence, beside Yang Mengzi, how can he dare to trouble Yang Mengzi again! I dare not at all!

“A scum like you, I don't bother to take your life personally. The death penalty is unavoidable, but the living sin is inevitable. If it were not for me, you would probably kill a girl. In this way, the previous pain will last for a week. During this week, there will be attacks for half an hour every night, so you can understand deeply that being a scumbag is at your own risk!”

As Lin Kai said, he recovered most of his zhenqi, but some zhenqi stayed in Wang Jinghua's meridians.

He has performed well, and for the next week, let Zhen Qi disturb Wang Jinghua's meridians every night, and let this painful pain teach Wang Jinghua a profound lesson.

When Wang Jinghua heard this, his face turned pale. He had only experienced pain for ten minutes just now, and for the next week, he would have attacks every night for half an hour! This made Wang Jinghua look at Lin Kai's gaze and become deeply afraid.

Chapter 1490: Let You Climb Out

Chapter 1490: Let You Climb Out

After Lin Kai finished speaking, he left without seeing Wang Jinghua's reaction.

But Wang Jinghua was ashamed, and he felt desperate when he thought of the next week. At the same time, I really didn't dare to go to Yang Mengzi's trouble again.

Ten minutes later, Lin Kai returned to the bar.

He has destroyed all the photos, so if he tells Yang Mengzi now, Yang Mengzi will not be so uncomfortable.

What made Lin Kai frown was that after he walked into the private room, he found that Yang Mengzi was not there.

In fact, this bar is not far from the old quarter, and it takes only ten or twenty minutes to go back and forth.

In such a short time, Yang Mengzi would definitely not leave on her own.

Thinking of this, Lin Kai found the waitress he had ordered before he left.

Lin Kai stared at the waitress and asked faintly, “Where did my friend go in the private room?”

The waitress was a little flustered by Lin Kai's stare. The words that had been prepared suddenly became invalid. Instead, she stubbornly said: “This...this gentleman...your friend, she, she recently...go, go Up.”

Lin Kai immediately sneered when he saw the panic of the waitress and what he said now. How could he fail to see that the waitress was lying.

He didn't use any force, and directly used the extraction ability to tell the truth to let the waitress tell the truth.

Immediately, under Lin Kai's question, the waitress pointed to one of the private rooms and said dully: "Just a minute ago, there was someone in that private room and gave me 1,000 yuan. Just secretly sent your friend to that private room."

Lin Kai was ruthless, slapped the waitress, and was beaten to the ground, screaming in pain.

As long as it is not an enemy, Lin Kai will not go to beat women.

But this waitress has touched the bottom line in his heart. If he doesn't give a lesson, I am afraid that in the future, he will not follow his credit, and he can do everything for money.

Of course, Lin Kai relieved his ability to tell the truth before slapped him.

Then, under the horrified gaze of the waitress, Lin Kai walked straight to the private room that the waitress was referring to.

In the private room at this time, Ding Haoyuan didn't have the first time to move Yang Mengzi, but to turn over Yang Mengzi's bag.

In his opinion, Yang Mengzi must have accepted the jade that Lin Kai gave to Yang Mengzi.

That's jade worth at least ten million!

Ding Haoyuan was greedy, even if he was a manager of the jewelry industry, he was still very excited when faced with such top-quality jade.

But Ding Haoyuan didn't turn it over, which disappointed him.

Maybe it was the kid who just talked about it and gave it to Yang Mengzi.

After thinking about it, Ding Haoyuan was quite disdainful of Lin Kai.

Then Ding Haoyuan looked at Yang Mengzi who was lying on the sofa, and the **** in his eyes became more and more prosperous.

Not long ago, he bought the waitress here and asked the waitress to bring Yang Mengzi onto the sofa in the private room.

Now seeing Yang Mengzi's drunk and unconscious look, Ding Haoyuan smiled wretchedly: "Smelly bitch, pretend to be innocent! Isn't it just like this in a bar? Isn't it waiting? People, go up!"

With that said, Ding Haoyuan couldn't help it anymore and began to pull out his belt. Just when he was about to take off his pants, the door of the private room was kicked open.

Naturally, Lin Kai kicked, and the whole private room door was torn apart.

Ding Haoyuan was so shocked that he was about to wither, and turned around and yelled: "I didn't see the private room door. It said that there are already guests, please do not disturb! Which disturb me!"

Just after Ding Haoyuan finished speaking, he was stunned because he saw Lin Kai came.

The most important thing is that Lin opened the door of the private room with one kick and kicked it to pieces.

You should know that this private room door is thicker than the anti-theft door of an ordinary family. After all, this is a bar, and the private room door is naturally very soundproof.

Therefore, the thicker the door, the better the sound insulation.

He didn't expect that Lin Kai actually broke the door of the private room.

Ding Haoyuan immediately thought about it, the anti-theft door of ordinary family is not so easy to be kicked to pieces, let alone the door of this bar private room.

He believes that it must be the door of this bar private room, which has a problem.

So Ding Haoyuan was no longer afraid of Lin Kai, but looked at Lin Kai as he walked, and said arrogantly: "Boy, I said that I am the department manager of Ding's Jewelry. Everyone I know is a senior official. Honorable man. If you dare to disturb my good things, then you don't want to get out of here today! Do you understand?"

Lin Kai squinted his eyes slightly, and a cold smile appeared at the corner of his mouth: "Don't want me to get out of this bar? Sorry, I let you down, because you don't want to get out of the bar! Because of me now, let you climb out! "

When the words were over, before Ding Haoyuan had any reaction, Lin Kai came to Ding Haoyuan in an instant, swept across at will, saw Ding Haoyuan's legs bend in an instant.

After making a cracking sound, Ding Haoyuan's bones in both legs were broken, and he collapsed completely to the ground, and at the same time he let out a scream like a pig.

Ding Haoyuan grinned in pain, almost fainting.

Lin Kai let Ding Haoyuan lie down in the hospital bed for at least half a year.

Ding Haoyuan looked at Lin Kai with extreme anger: "Okay! Dare to interrupt Lao Tzu's leg! Today I will do what I say, so you can't get out of here! It's a man, just give Lao Tzu some time to call !"

Lin Kai looked at Ding Haoyuan with interest. He sat on the sofa, beside Yang Mengzi, and said lightly: "Okay, give you time, and solve it all at once."

How could Lin Kai be scared, so he just called together to get rid of them, so as not to be bothered afterwards.

Ding Haoyuan glanced at Lin Kai unexpectedly, but he didn't expect Lin Kai to really agree.

He suddenly grinned, thinking that this kid was an idiot, and actually gave him a chance, no wonder he was ruthless!

So he quickly made a call: "Brother Xiaodao, it's my little Ding. Yes, it's the little Ding who gave you millions of jewels last time. I'm in trouble now, little brother..."

After Ding Haoyuan finished the phone call, he looked at Lin Kai with a calm face, and was very upset in his heart. He couldn't help but said: "Boy! He still looks so calm! Let me tell you, the little brother I invited is He is a big man of the Leiyuan Group! In the East China Sea, you must know the Leiyuan Group,

right? That is the most powerful group in the East China Sea, even the overlord Li Family is a little jealous.

And it won't be long before Leiyuan Group will replace the Li family's overlord position! Hehe, kid, just wait! "

Ding Haoyuan sneered at Lin Kai again and again.
