## Chapter 1511: Jingcheng Baishao

Chapter 1511

Su Qiaoqiao fell into silence when she saw Lin Kai, she chuckled slightly, she said what she was saying.

In any case, she only has a girlfriend like Yin Suyan. I feel that no matter what Lin Kai's status is or what the relationship is, if she treats Yin Suyan sincerely, she will feel relieved.

But Lin Kai was contemplative, Yin Suyan was interested in him, whether he wanted to show congeniality, or seemed to be a little watery.

After all, it is not the time to talk about this kind of wind and snow.

In the end, Lin Kai came to a conclusion, that is, let the flow go.

When he came to the conclusion, Su Qiaoqiao had already removed his makeup, leaving only a light makeup.

Su Qiaoqiao stood up and said to Lin Kai that she was going to change clothes.

Just before Su Qiaoqiao left, a handsome man walked into this dressing room with many roses in his hand.

And this handsome man walked directly towards Su Qiaoqiao.

Soon, the handsome man walked up to Su Qiaoqiao, and then handed the rose to Su Qiaoqiao: "Jojo! Sorry! I'm late! The main reason is that the flight was delayed because of the weather, although I haven't seen your performance on the stage, but it must be great!

To express my apologies for my late arrival, I have already booked the best western restaurant in the East China Sea for dinner together! I went there to see it myself, the environment was very good, no one bothered! "

What the handsome man said was all right.

However, Su Qiaoqiao looked at the handsome man, obviously with a trace of disgust, which is probably annoying for the handsome man.

Su Qiaoqiao and Yin Suyan are both well-educated, so she politely refused: "Young Master Bai, first, I did not invite you over, but you are coming from Beijing. Second, I have been with friends. An appointment has been made, so I will have dinner with my friend in the evening, so there is no need for you to treat."

"Young Master Bai?"

Lin Kaihu remembered that there was a Bai family in the capital, and speaking of him, he and the Bai family still had a little connection.

To be precise, there has always been a contradiction between this Bai family and the Ye family of the hermit family.

Lin Kai knew that at the Dragon Burial Abyss in Lushan that day, Lord Ba, who snatched the inverse scale keel, came from the hermitage Ye family.

Yin Shen found out for him that the Young Master Ye Family and Lin Yuan were walking very close.

Lin Kai looked at the white young man in front of him. If he really came from the Bai family in the capital, he would be able to understand the hidden Ye family through the mouth of the white young man.

If you look at it alone, Lin Kai wouldn't pay attention to the Yinshi Ye Family, but if it was working with Leiyuan Group, then he had to be careful.

Lin Kai admits that he is inferior to Lin Yuan in conspiracy.

While Lin Kai glanced at this young white man, young white man heard Su Qiaoqiao say that and snorted, "I made an appointment with a friend for dinner? Who is it? Although you didn't invite me over, I bought the ticket. Yes, in order to support you specifically, officially began touring the country. Knowing that this Donghai is your first tour performance, it is very important, so I came here from Beijing.

Seeing that I am so sincere, you'd better make an appointment with your friend and push it directly. I'm here to invite you to dinner, and the food is definitely the best. "

Young Shao Bai had a thick face. As he talked, his eyes fell on Lin Kai and asked: "Qiao Qiao, you made an appointment with a friend, but he failed?"

Su Qiaoqiao responded calmly with a pretty face: "Yes, let me introduce you, this is Mr. Lin. When I finish changing clothes, I will go to dinner with him."

Shao Bai's expression suddenly changed, as if he didn't expect it to be.

As Su Qiaoqiao's suitor, Bai Shao certainly understands Su Qiaoqiao a little bit, and understands that Su Qiaoqiao rarely has contact with men, let alone eat together.

As a result, after he heard it now, he stared at Lin Kai and snorted: "Mr. Lin is that? Where do you invite Qiao Qiao to eat? I want to see if you can afford it. I invite you. Its the top Western food in the East China Sea, where there are top-notch ingredients, and there are even private bands that perform for us during dinner.

As a well-known stage actor, Qiao Qiao is very popular on the Internet, and his fame and status can be compared to a second-tier star. So if you ask, you must go to a high-end place, otherwise the price will be lost! "

Lin Kai was speechless. He was shot while lying down. He obviously didn't do anything or said anything, so he was targeted by this young master.

Confession is a disaster.

Lin Kai sighed for a while.

Before Lin Kai responded, Su Qiaoqiao took the lead: "Sorry, Young Master Bai, you have to understand one thing. That is, Mr. Lin did not invite me, but I invited Mr. Lin. As for me, Mr. Lin, where to eat, it has nothing to do with you."

"You invite him?" Shao Bai's face changed and changed again, never expecting it was Su Qiaoqiao who invited Lin Kai on the initiative, which made Shao Bai's heart sink.

It also made his hostility towards Lin Kai deeper.

Ever since, Shao Bai stared at Lin Kai again and sneered: "Are you still not a man? I'm sorry to let a girl treat you? Don't you have the money to treat you?"

Lin Kai said lightly: "This is Miss Su's initiative to invite guests. Of course, I can forcefully invite them. It's only a hot pot restaurant with street food. I think you can afford it."

Su Qiaoqiao hurriedly said: "Mr. Lin, what are you talking about? I said I would ask, it's me, how can you force you to ask?"

Shao Bai frowned, "Street hot pot restaurant? It's noisy and unhygienic there. What to eat there!"

Lin Kai said, "This is what makes it smell like fireworks."

"Cut, you are really a poor ghost, I don't know how our upper class people would go there to eat!" Bai Shao said, while looking at Lin Kai disdainfully.

Of course, what he said is contrary to expectations, even if the most worthy one eats the delicacies of the mountains and seas every day, it will inevitably be greasy and will always go to roadside stalls and the like.

And the roadside stalls are indeed the best.

Shao Bai knew this, but couldn't admit it. He had to refute Lin Kai and let Su Qiaoqiao see how bad Lin Kai was.

Then Bai Shao looked at Su Qiaoqiao again and said, "So Qiaoqiao, it's noisy and unhygienic there. I'm afraid you will spoil your health. I still accept my invitation to go to the top-end Western food here. Street. Places like small shops are not safe. If someone recognizes you, it will be bad. For high-end Western food, you can go there with confidence."

"Why is it bad?"

At this moment, Yin Suyan happened to be back. As soon as she heard Shao Bai say there, she couldn't help but speak.

Yin Suyan saw that Su Qiaoqiao had finished removing his makeup, but he hadn't changed his clothes yet, so he said: "Qiaoqiao, I haven't changed clothes yet, go quickly, and then we will walk away from the hot pot."

## **Chapter 1512: Solve Problems**

Chapter 1512

After Su Qiaoqiao heard Yin Suyan's words, he ignored Young Master Bai and went straight to the dressing room to change the costumes for the performance.

Bai Shao naturally knows Yin Suyan. Yin Suyan is the goddess of the nation, unless it is a group of people who never watch TV, newspapers, magazines, or do not surf the Internet.

Otherwise, you will know Yin Suyan.

Shao Bai was also shocked. Yin Suyan was here, and then said with a puzzled look: "Yin Suyan, you also followed Qiao Qiao and this Mr. Lin to the street food hot pot restaurant?"

Yin Suyan said in a non-salty or indifferent tone: "Unexpectedly, Young Master Bai would also be chased from the capital. But don't expect you to invite Qiao Qiao. Qiao Qiao has made an appointment with us."

Yin Suyan is Su Qiaoqiao's best friend and knows that Bai Shao has been pursuing Su Qiaoqiao.

When Bai Shao heard the words, he sighed, then looked very unwilling, pointed at Lin Kai, and asked, "Sister Yin, can you tell me what is the relationship between him and Qiaoqiao?"

Yin Suyan was taken aback for a moment, what should have been thought of, and smiled: "Lin Kai is a good friend I invited to come to hold Qiao Qiao's field. Qiao Qiao took the initiative to treat us to thank us."

After hearing this, Shao Bai was obviously relieved, and gradually turned away from Lin Kai's bad eyes. It seemed that it was not a rival in love, so he was completely relieved.

Shao Bai thought for a while, and said, "Sister Yin, it seems that you have an unusual relationship with this Mr. Lin. Well, how about you and this Mr. Lin eating alone? lest Qiaoqiao is in the middle and being an electric light bulb is not as good as me. Invite Qiao Qiao to eat alone. Of course, you and Mr. Lin eat wherever you like. In short, I will also bear the cost of eating and drinking. How about?"

At this time, Su Qiaoqiao had finished changing clothes, walked over, and said lightly: "I'm an electric light bulb, I'm happy, Yin Suyan is my best friend. Please have a meal, and you have to take care of me? You are not me!"

Su Qiaoqiao's remarks embarrassed Young Master Bai, and he didn't know what to say.

Su Qiaoqiao ignored Bai Shao and said to Lin Kai and Yin Suyan: "We can go now."

So the three of them walked out of here together.

But before he left far, Shao Bai chased up with a shameless face: "Um...that I think the street shop is pretty good and delicious. Go eat and take me! I'll treat you! dinner!"

Su Qiaoqiao faintly glanced at Shao Bai, and said, "Didn't you say that it is noisy and unhygienic?"

If it were not for her to know, Young Master Bai did not have any bad thoughts, and the Bai family in Beijing had a good reputation among the aristocratic families in Beijing, otherwise she would not bother to talk to Young Master Bai.

If it were to be changed, the kind of young master who did no evil, she would directly issue an order to dismiss her.

At this moment, Young Master Bai continued to shamelessly and said, "Isn't that what I said before, the small shop on the street is called human fireworks, right, buddy?"

As he said, Shao Bai took out a pack of good cigarettes and handed it to Lin Kai as if he were courteous.

Lin Kai refused directly, but he hadn't smoked for a long time, and he just planned to refuse.

But he didn't say much, this Young Master Bai really didn't have any thoughts, but he had previously regarded him as a rival in love.

Anyone has a bad face to look at their rivals.

Su Qiaoqiao was indifferent to this kind of stalking Bai Shao, and let Shao Bai go with him. Anyway, she treated Bai Shaojie as a passerby.

Around eight o'clock in the evening.

In a hot pot restaurant by the lake, Lin Kai and the four were sitting outside.

Although this is by the lake, it is also a small street shop.

This is a better location deliberately chosen. After all, the identities of Yin Suyan and Su Qiaoqiao are quite special. If you can choose a good place, choose a good place.

Lin Kai and Bai Shao sat on one side, and opposite were Yin Suyan and Su Qiaoqiao.

Yin Suyan was actually going to sit with Lin Kai, but Su Qiaoqiao didn't want to sit with Young Bai.

Su Qiaoqiao let Yin Suyan be with her, which made Bai Shao sigh.

The hot pot was still there, and Shao Bai was bored, and said to Lin: "Brother Lin, your Rolls-Royce Phantom is quite good. I looked down on you before, so I am offended."

He said, and toasted a glass of wine to Lin Kai.

In response, Lin Kai just smiled: "It's okay."

And Yin Suyan and Su Qiaoqiao, both wearing hats and sunglasses, to prevent others from discovering that they were talking quietly.

Shao Bai became bored again, and continued to open up to Lin: "Can I discuss something with you? When halfway through the meal, you will take Yin Suyan to play and buy something. Anyway, leave it to me and Qiao Qiao alone. Time to get along, that's fine, can it?"

Lin Kai nodded: "Yes."

Young Master Bai is not that kind of bad guy. Lin Kai is very relieved. The most important thing is that Su Qiaoqiao himself doesn't catch a cold with Young Master Bai. Even if Shao Bai and Su Qiaoqiao are alone, nothing will happen.

But Shao Bai was instantly excited, and he kept saying good brothers to Lin Kai.

At this moment, the system released a task to help Su Qiaoqiao solve problems and reward the gold extraction ability.

Lin Kai looked at Su Qiaoqiao without hesitation and said, "Miss Su, are you twins?"

In fact, the system has already given Su Qiaoqiao's personal information, so he can't speak bluntly, so he had to ask questions like this first.

Before Su Qiaoqiao could answer, Bai Shao was the first to stand up and laughed: "Brother Lin, what are you kidding me? I have known Qiao Qiao for several years, but I have never heard that Qiao Qiao is twins. "

After Bai Shao finished speaking, he lowered his voice and said to Lin: "Brother Lin, this is your fault. You have chased the national goddess Yin Suyan, and even I envy you. But now you say this kind of language is amazing. If you do, you definitely want to attract Qiaoqiao's eyes. Is it possible that you still want to catch Qiaoqiao?"

Lin chuckled, ignoring what Bai Shao said.

On the contrary, Yin Suyan and Su Qiaoqiao were stunned when they heard Lin Kai's words, and then both looked at Lin Kai in amazement.

Especially Su Qiaoqiao, she looked at Yin Suyan and asked, "Su Yan, did you talk about cuteness with Mr. Lin?"

Yin Suyan immediately shook his head: "Qiaoqiao, these years, have you still not understood me? Regarding your secrets, even those close to you, as long as you don't get your permission, I won't say it."

Lin Kai knew who the cuteness of the two populations was, and he smiled: "Miss Su, Su Yan, she did not tell me, but I know a little feng shui technique. I can tell by looking at faces and the like. some things."

Su Qiaoqiao was surprised: "Mr. Lin still has this ability?"

Although Yin Suyan was also a little surprised, she had seen Lin Kai's many great abilities, and she could tell this kind of thing by looking at it. It seemed nothing compared to curing Pan Liguo's terminal illness before.

Yin Suyan said, "Mr. Lin has cured Director Pan's terminal illness and will not lie."

### **Chapter 1513: Telepathy**

#### Chapter 1513: Telepathy

The most shocking is none other than Bai Shao.

Shao Bai opened his eyes wide, and said, "So, Joe Qiao, you are really twins? Why have I not met, your twin sister or younger sister? Don't say I have seen it, I have never heard of it. "

Su Qiaoqiao ignored Bai Shaos shock. She looked at Lin Kai with interest and smiled: "Mr. Lin, Su Yan actually admires you so much, then I believe you are really capable. Mr. Lin can also see. One or two, then I will ask Mr. Lin again, can you see anything else?"

Lin chuckled and took the bait. He asked so to attract Su Qiaoqiao's interest.

Immediately, Lin Kai responded: "I did see the others. Judging from the face, then you are the sister of the twins, that is to say, you also have the sister of the twins. If you change to another person, the twins will definitely be there. Together, but you two are different, because you two really have that kind of telepathy."

In Su Qiaoqiao's beautiful eyes, an incredible color began to show up, and it was really hit by Lin Kai. It was still so accurate!

She is indeed an older sister. She has a twin sister named Su Mengmeng.

The other twins have a little tacit understanding at best, a little tacit understanding than ordinary siblings.

And she and Su Mengmeng are different, it is through telepathy, and can perceive what the other party is thinking.

This is Su Qiaoqiao's biggest secret, and I didn't tell Yin Suyan about this secret.

This kind of telepathy feels good in school. After all, one plus one is greater than two. With this kind of telepathy, both of them have very good academic performance.

Therefore, they were admitted to their favorite universities.

But after going to university, it's different.

In the future, they have to live separately. With this kind of telepathic interference, unless the two want to like a man and then marry a man.

However, this is a bit unrealistic, so that the two have never been in love since they were young, and they rarely even talked to boys.

In addition, they are all big now, with their own jobs, preferences, and life.

This kind of telepathy has gradually become a burden and trouble for the two of them.

Even after graduating from university, the two rarely meet. If this telepathy is not resolved, they will not meet, so as not to affect each other.

She used to be a very good sister, it can be said that they are inseparable, and the two are like one person.

But now because of telepathy, there is no way to meet.

In this case, telepathy will lose its effect, but it is also a temporary cure.

Su Qiaoqiao sighed deeply when he thought of this, but when he thought of Lin Kai, his judgment became more and more accurate, which gave her some hope.

She sighed to Lin Kai: "Mr. Lin's guess is good, and too accurate! More than a master! He is clearly a god!"

Afterwards, Su Qiaoqiao told his secret.

Lin Kai had already seen her secret, and there was nothing to hide.

After speaking, Su Qiaoqiao sighed again: "It's been a long time since Mengmeng and I have seen each other. Even though they are far apart, they sometimes telepathize. It's just that when we're not together, that often happens. The distress is the distress. In this regard, it is completely to treat the symptoms rather than the root cause."

Bai Shao and Yin Suyan were surprised when they heard Su Qiaoqiao's words. They didn't expect that this world would be truly telepathic.

This kind of telepathy has a good side and a bad side.

Lin Kai already knew the secret of Su Qiaoqiao through the system.

The task given by the system is to help Su Qiaoqiao and Su Mengmeng, the twins, to solve this telepathy.

Therefore, Lin Kai laughed and said, "In addition to seeing some faces, he also knows some Chinese medicine. From the perspective of Chinese medicine, this kind of telepathy can also be said to be a disease."

"disease?"

Su Qiaoqiao was puzzled.

Lin Kai nodded: "Yes, it is a disease. If it is a disease, it can be treated."

Yin Suyan smiled and said, "That's great! Qiao Qiao, I didn't say it before. The terminal illness that Mr. Lin gave to director Pan Liguang is cured! You must know the terminal illness of director Pan Liguang, even the top doctors in China, I'm not so sure that Dao Pan can be treated well, and I dare not go for surgery. The probability of death is too high.

Director Pan had only a few months to survive at most, but after Mr. Lin took the shot, he had only one hour to cure the terminal illness of Director Pan! The top domestic doctor in charge of Dao Pan once said that only a genius doctor who understands Chinese medicine can cure Dao Pan with a high probability. And Mr. Lin belongs to that kind of genius doctor! "

"God! So amazing! No wonder Su Yan, you have fallen to Mr. Lin!"

Su Qiaoqiao was even more surprised, and then quickly looked at Lin Kai, and said very politely: "Mr. Lin, then can you help me solve this kind of telepathy between cute and cute?"

Lin Kai waited for Su Qiaoqiao's words and smiled: "I just said that this is a disease, of course it can be resolved.

Su Qiaoqiao's beautiful eyes lit up and she was immediately excited: "Mr. Lin, can it be cured now?"

Lin Kai smiled and nodded: "Naturally, you don't have to thank me, Su Yan is my friend. You are Su Yan's best friend, since I encountered this kind of thing, you will still be cured."

Lin Kai is also telling the truth. If the system didn't release this task, if he knew that Su Qiaoqiao had this trouble, he would help solve it.

Yin Suyan was still a little moved when he heard Lin Kai say this. So, Lin Kai already regarded her very seriously. Otherwise, I would not say such a thing.

Yin Suyan chuckled towards Lin and said: "Mr. Lin, if you solve the telepathy between Qiaoqiao and Mengmeng, I will arrange it for you. Qiaoqiao will endorse for free. The reason why Qiaoqiao has always been Shen Xin didn't enter the entertainment circle in the stage play. In addition to sharpening his acting skills, it was also because of the telepathy with Mengmeng.

If the telepathy is gone, Jojo will choose to go to the entertainment industry to work hard. After all, Qiaoqiao and my university chose the same major, both of which are film and television acting departments. With Qiaoqiao's acting skills, his reputation will not be weak in the future. Wouldn't it be better to have such a free tool? "

Su Qiaoqiao also smiled and said: "Yes, yes, what help Mr. Lin can do in the future, I will definitely try my best."

Then, Su Qiaoqiao looked at Lin Kai expectantly, and then said: "Mr. Lin, why are you free to help me and Mengmeng solve the telepathy thing?"

Lin Kai thought for a while, and said, "I haven't been free for these two days. I'll be notified when I'm done. Your sister must also be present during treatment, just to talk to your sister."

## **Chapter 1514: Change**

Chapter 1514

"Yes! I will definitely tell Mengmeng too!"

Su Qiaoqiao nodded earnestly, and then her pretty face was full of excitement and joy.

The troubles that have been plagued for so long can finally be solved.

In addition, Lin Kai seemed to be Yin Suyan's boyfriend, making him even happier.

Su Qiaoqiao was relieved that Yin Suyan had such a capable boyfriend.

At exactly this time, all the side dishes of the hot pot were brought over by the waiter.

Lin Kai several people began to eat and drink.

During the eating process, Young Master Bai's name was Bai Haoyu, and Bai Haoyu couldn't help but ask Lin Kaifa: "I said Brother Lin, this telepathic disease sounds very mysterious. If you are treating the disease, how should you treat it? ?"

Said by Bai Haoyu.

Both Su Qiaoqiao and Yin Suyan stopped eating hot pot at this moment, looked at Lin Kai, and were very curious about this question.

Lin Kai took a mouthful of food, and said slowly: "Well, don't hide it from you. The root cause of this disease is that the yin and yang of the world is at the mother's fetus, which causes the twins to be linked to each other. This is what happened. Now, both parties can be telepathic. When the time comes, I only need to get rid of the yin and yang qi that can be implicated between the two.

As for how to get rid of it, the two sisters have to take off their clothes and hold them together, which is equivalent to returning to the state of a mother's fetus. I used acupuncture and moxibustion to get rid of yin and yang for the two sisters. "

After Lin Kai just finished speaking, the soda in Yin Su's cigarette holder had not been swallowed, and the soda was sprayed out immediately, which was startled by Lin Kai's words.

Su Qiaoqiao and Bai Haoyu were also dumbfounded.

The two were also shocked to varying degrees.

Lin Kai felt strange to the three of them: "Is there any problem?"

This is indeed needed to treat the telepathy between Su Qiaoqiao and Su Mengmeng.

It's just that Lin Kai doesn't use acupuncture and moxibustion. Instead, he uses Zhen Qi to get rid of the Yin and Yang Qi in the two sisters.

Because of the yin and yang two qi, they have stayed in the bodies of the two sisters for too many years, so they must use this way of \*\*\*\* and holding them together.

Su Qiaoqiao flushed, and asked embarrassingly: "Mr. Lin, can it be possible without taking off the clothes?"

Yin Suyan also stared at Lin Kai with a bad face, and said, "Lin Kai, do you want to eat tofu on purpose?"

Bai Haoyu was full of grief and anger, and stared at Lin Kai angrily: "Brother Lin, I think you look like a gentleman on the surface, but how can you behave so wretched now! It's a beast! That's twin sisters, how many men's dreams are. You turned out to be... actually..."

Bai Haoyu actually wanted to say that he wanted to do the same, but he didn't dare to do so.

When Lin Kai asked the three of them, he just shook his head: "What are you three thinking about? I just want to treat the two of you. It's not what you think, the so-called benevolence of doctors. Not to mention. , I didn't force anything. The autonomy is in Miss Su's hands. If Miss Su doesn't want to, then forget it."

Su Qiaoqiao immediately responded: "Mr. Lin, I'm sorry, how offensive I was just now, I am willing. I think my sister is also willing."

Bai Haoyu suddenly became anxious and said, "Qiao Qiao, don't believe Brother Lin. Men know men best. Although I believe Brother Lin has the ability to treat diseases, it would be too much to undress and hug him!"

This time, even Yin Suyan agreed with Bai Haoyu's words and nodded: "Huh! Lin Kai, this big satyr, his medical skills are indeed okay. To cure you and Mengmeng, it is still very simple. You have to take off your clothes and hug you. Together!"

"It's only a few seconds, and I suddenly became a pervert."

Lin Kai couldn't help shake his head, very speechless, but it was not to blame for the three people's reaction.

After all, whoever asks for this, or the beautiful twin sisters, will have this rather trivial idea.

Of course, Lin Kai is not like that.

He had no choice but to say: "Whatever you think, I don't have that idea anyway."

Su Qiaoqiao smiled and said: "I believe in Mr. Lin, but I have to talk to my sister about this matter and see what she is doing. If we discuss it well, I will talk to Mr. Lin then."

Bai Haoyu looked depressed. Hearing Su Qiaoqiao's words, Su Qiaoqiao agreed, so that he couldn't help picking up a bottle of wine and just drank it.

But at this moment, something happened!

The East China Sea itself is a good place with mountains and water. Even in the urban area, there are several rivers that divide the East China Sea into several areas.

Lin Kai's current hot pot restaurant is located on the edge of a lake, and the hot pot restaurant is not far away.

You can eat it in the store or on the edge of the lake outside.

Lin Kai chose to eat this hot pot outside by the lake.

But at this moment, something changed on the lake. After a wave appeared, a foreign man wearing a headscarf and goggles rose to the sky.

The reason why this foreign man can soar into the sky is because he has a watercraft under his feet.

The watercraft that has become popular in the last two or three years is a water skate that can fly.

The person is fixed on it, and then through the water pressure, the effect of flying on the water is achieved.

When the diners around saw this scene, they thought it was a business here, and invited people to come over to perform, so they all applauded.

When that foreign man flew to a height of ten or twenty meters, very close to Lin Kai's location, using a flying vehicle.

This foreign man suddenly took out a water gun-like thing from behind.

This water gun is not a child's toy, but a really lethal water gun.

The water is pressed inside, and then it shoots out sharp objects like hooks, often hunting creatures in the water.

Creatures in the water, crocodiles and the like can be killed, not to mention people.

If someone is hit by a water gun, they will either die or be injured, which is very dangerous!

This water gun is the kind of hook. If it hits someone, it will definitely be injured, and it will even be dragged into the water.

And the current water gun is aimed at Lin Kai!

Under everyone's shocked eyes, the water gun fired.

With a sneer, a sharp hook moved towards Lin Kai from the water gun and hurried away.

Lin Kai remained motionless, and immediately seemed to have been hit, with blood splattered, and fell to the ground.

The diners around were stunned for an instant, and then the scene began to chaos, running away.

Yin Suyan and Su Qiaoqiao looked at Lin Kai lying on the ground very worried.

As for Bai Haoyu, he should have never seen such a \*\*\*\* scene. He was worse than a girl, and was so scared that he was crying. How could he look like a boy.

Obviously, I was shocked by this sudden situation.

Although Yin Suyan and Su Qiaoqiao were also a little scared, they were going to see Lin Kai's situation.

### **Chapter 1515: Deliberately**

#### Chapter 1515

As for the foreign man in the watercraft, he was cheering and he didn't seem to expect it to be solved so easily.

Even the foreign man said a sentence in English, which meant it was too easy.

Not only that, the foreign man began to operate the watercraft.

The watercraft moved backwards, because the hook had already caught Lin Kai, so under such a movement, Lin Kai was instantly pulled into the lake by the hook of the water gun.

And the foreign man, seeing Lin Kai submerged into the lake, he did not hesitate to jump into the lake.

The speed of foreign men was too fast. Yin Suyan and Su Qiaoqiao wanted to save Lin Kai, but they were dragged into the lake in the blink of an eye.

This caused the two women's pretty faces to change color.

Especially Yin Suyan, almost crying, couldn't help running to the lake.

If Su Qiaoqiao hadn't stopped Yin Suyan, Yin Suyan would have jumped into the lake to save Lin Kai.

It can be seen how important Lin Kai is in Yin Suyan's heart.

"Su Yan! Calm down! Although you can swim, your water is not so good, and you don't know how to dive. If you jump like this, not only will you not be able to save Mr. Lin, but you will catch yourself! If Lin Kai knows, surely too Don't stop you!"

At this time, Su Qiaoqiao held Yin Suyan tightly for fear that Yin Suyan would jump down.

Yin Suyan was struggling constantly and wanted to jump down to Jiulin Kai.

Su Qiaoqiao's face is also very anxious: "Su Yan, didn't you say that Mr. Lin has great abilities? I believe that Mr. Lin has a natural outlook and nothing will happen. We should call the police as soon as possible to save Lin in time. Sir! Too bad! There are still people, and there are people who dare to do this in this lively place!"

Although Yin Suyan knew that Lin Kai was very strong, she saw with her own eyes that Lin Kai was injured!

When he was injured, he was still pulled into the water, so he was naturally worried about Lin Kai.

"It's too late! Su Su, I'll go into the water to rescue myself! Don't stop me!" Yin Suyan cried out this sentence.

Su Qiaoqiao glared at Bai Haoyu when she heard the words: "Why are you crying? Come over and help me stop Su Yan, I will call now!"

Bai Haoyu said in grief and pain: "I was not completely frightened when I cried! It was me who was injured!"

While talking, he moved his right leg out.

I saw the blood on Bai Haoyu's right leg, which means that it was not Lin Kai who splashed the blood not long ago, but Bai Haoyu's right leg!

Of course, Bai Haoyu was frightened earlier, because he was hooked.

But I don't know why, at that moment, the hook fired by the water gun instantly transferred to Lin Kai.

Thinking of this, Bai Haoyu limped to the side of Su Qiaoqiao and Yin Suyan, and said depressed: "Now I think about it carefully. The hook of the water gun hit me. However, he didn't wait for the hook to penetrate me. When it was on the leg, the hook stopped somehow, and ran to Brother Lin.

I suspect that Brother Lin took the initiative to move the hook to him. As for him fainting, I think Brother Lin did it deliberately. If I guess so, Brother Lin should be fine. "

Bai Haoyu is a young master from a big family, no matter how stupid he is, he suddenly figured out the key points.

"What? What you said is true?"

Yin Suyan was very excited when she heard Bai Haoyu's words, and immediately pressed her excitement, and hurriedly asked Bai Haoyu, especially the hope in his eyes, for fear that Bai Haoyu was wrong.

Su Qiaoqiao also stared at Bai Haoyu hopefully.

Bai Haoyu looked at the two big beauties, caring about Lin Kai so much, he was really jealous of Lin Kai.

As a man, Lin Kai would be jealous.

And it was obvious that he was injured, which made Bai Haoyu both jealous and aggrieved.

But facing the gazes of Yin Suyan and Su Qiaoqiao, Bai Haoyu could only say: "I can guarantee that Lin Kai was not injured at all, he did that on purpose!"

"Really so sure?" Yin Suyan had to ask so carefully.

Because Lin Kai was injured, and Lin Kai did it deliberately, there was a big gap between the two.

Yin Suyan knew Lin Kai's ability, if she did it deliberately, then she wouldn't have to worry.

But if it wasn't intentional, Lin Kai would be very dangerous.

As a result, Yin Suyan continued to question again.

Bai Haoyu nodded his head and said: "It is true! Since I didn't react before, I think about it now. At that moment, it was Brother Lin who took the hook and snatched the hook! Speaking of which, I have to thank Brother Lin if it's not that Brother Lin made the move, my leg is going to be scrapped, and it's not just as simple as getting some skin trauma now!

In fact, Bai Haoyu didn't know it, it was Lin Kai who secretly used infuriating energy to slightly change the direction of the hook.

The foreign man had the guts to assassinate, but still holding a water gun, indicating that he not only has that confidence, but also that strength.

In the normal direction, it would stab Lin Kai instead of Bai Haoyu.

Bai Haoyu thought it was Lin Kai who rescued him, and he continued: "After that, Brother Lin took the hook and hooked it on himself, and then lay down on the ground like this. With the blood on my legs splashing all over, And it was at night that it happened that Brother Lin was attacked and was injured and unconscious."

Su Qiaoqiao muttered to herself in a daze, as if listening to the heavenly scriptures: "No? From the hook launch to when you were stabbed, it took only a few seconds. How did Mr. Lin react? It is totally impossible to do! What's more, why did Mr. Lin do this?"

Did not wait for Bai Haoyu to say anything.

Yin Suyan didn't cry anymore. Instead, a happy smile appeared on her pretty face: "Lin Kai has that skill! He can do anything weird!"

Yin Suyan was completely relieved of Lin Kai. He didn't expect Lin Kai to do it on purpose, so there was nothing to worry about.

After all, when she and Lin Kai were together, she saw Lin Kai using various magical methods.

For example, Lin Kai gave her many amulets casually.

That amulet is really useful, even bullets can withstand it.

In Lingnan before, Lin Kai was very relaxed, so he dealt with those who wanted to assassinate her.

So now, she is sure that Lin Kai will be fine!

Su Qiaoqiao suddenly stopped worrying when she saw Yin Suyan, and she was relieved, after all, Yin Suyan just wanted to jump into the lake.

However, she was still very curious and said: "Su Yan, do you really trust Mr. Lin so much? How big is Mr. Lin's ability, which makes you change instantly."

In response, Yin Suyan just smiled, without explaining too much, and then quietly looked at the lake with a look of expectation.

### **Chapter 1516: Seeking A Dead End?**

#### Chapter 1516

At this moment, the lake was very quiet, not to mention the silhouettes of people, not even the waves were visible.

As if just now, no one jumped into the lake.

When Yin Suyan saw this, although he believed Lin Kai, he was still a little worried.

The more you care about who, even if you believe it again, you will always worry about the other person.

Yin Suyan is currently in this state.

"Call the police."

Su Qiaoqiao suggested that the diners around had already been scared and fled around.

The owners of nearby stores hid in the store one by one, not daring to come out.

Yin Suyan nodded this time and agreed with Su Qiaoqiao.

This lake is not a dead lake, but can flow.

The lake leads to a tributary named Xiaoyao River, which runs through the entire East China Sea and has several branches.

This lake is one of the small branches.

Fros is a killer on the extranet and has no ranking.

To be precise, it is a killer who has just joined the extranet.

Although he is not ranked, no one dares to underestimate him abroad.

Because Frost was sent to the killer training base since he was a child, he was a real killer.

Not relying on the Internet to pick up tasks, but to pick up tasks in reality.

He has been a killer since he was a child, and he has died in his hands. I don't know how many people there are, and many of them are famous.

Because of this, Frost's reputation grew.

In reality, Frost is one of the most unprovoked killers. If Frost is targeted, it will be a nightmare.

Because some foreign gangs united with large families, they began to crack down on killer organizations.

After all, the killer organization is not visible, it is still the kind that everyone gets to blame.

So Frost had to give up his identity as a killer for the time being in reality.

Maybe the killer was just for money.

So now, Frost has long been short of money, and is still a killer, that is for the excitement.

Frost naturally also knew about the external network. During the period when reality gave up being a killer, he occasionally visited the external network.

Inadvertently, he discovered an assassination of Huaxia Kingdom and a reward for Huaxia people.

Knowing that in the rankings of several extranet killers, the top ones are all planted in this reward task.

Frost became interested, and without even contacting the person who posted the reward task, he ran to China on his own, trying to solve Lin Kaijiu.

In addition to the pursuit of excitement in the future, I also want to get myself into the ranking of external killers.

As a newly registered external network killer, he himself is very famous in reality. Of course, he will not be promoted step by step like other killers.

If Frost completes this assassination of Huaxia Kingdom, a reward for a Huaxia, his ranking will rise like a rocket.

After all, this task has several good reputations, and the extranet killers have all been planted.

This is also the important purpose of Frost coming here.

To kill two birds with one stone, Frost ran up.

At the same time, Frost is also very confident, isn't he just killing a 20-year-old boy?

He believes that the overall quality of the extranet killer is still not good, and it can be used against a kid from China.

Floss also confirmed at this time that the quality of extranet killers is not good.

He has easily hit the task target successfully and dragged it into the water.

Fros was actually quite disappointed. He was also here to pursue excitement, but killing that kid was like killing an ordinary person, without any resistance.

Frost lost his fun in an instant. After being a killer for so many years, he had already enjoyed it very much. Then in despair, I was slowly killed by myself.

“Unexpectedly, the gold content of this extranet killer ranking is really not high. No wonder in reality, so many well-known killers don’t bother to register extranet killers. I knew this was the case, so I would not register.”

Frosh thought to himself, while constantly sneaking underwater.

How can I say that this is Huaxia Kingdom, he made such a big noise here, he will definitely be hunted down.

Before that, Frost had formulated an escape route, which was by water.

The lake leads to the Xiaoyao River. As long as you enter the main road of the Xiaoyao River and throw the kid’s body away, he will go to another tributary.

At that time, he could not be caught, and then he escaped smoothly, which was perfect.

Frosh was diving while holding a water gun, and the hook of the water gun was still hooked on Lin Kai’s body.

For some reason, Fros felt the water gun heavier and heavier, the weight of the hook.

It should be said that a corpse in water will become very light when soaked in water.

Why are many criminals thrown into the river after killing and need to be \*\*\*\* with big rocks or the like, because they are afraid that the corpse will soon float and become a floating corpse.

However, Frost felt that Lin Kai’s corpse, which was caught by the hook, had not become lighter, but heavier.

Frost couldn’t understand the reason, but it was so heavy and carrying Lin Kai’s corpse was a burden, otherwise Huaxia Kingdom would react and it would be troublesome.

Frost was confident that he could easily kill the target of the mission, but he was very careful about the pursuit of China.

I know that Huaxia Kingdom is very powerful in this regard, especially the various Skynet systems.

Fros took the waterway to avoid this.

If you don’t escape from the waterway in time, it will be very troublesome.

Although it has not reached the main road of Xiaoyao River now, it is also far away from the previous lake.

After thinking about it, Frost was going to put away the hook and let Lin open the corpse.

Before he could put the hook away, a figure was getting closer and closer.

Frost was able to get in this water with the help of an oxygen inhaler.

However, this figure didn't use any underwater objects, and even came to Frost very quickly.

When Frost saw this figure clearly, he almost broke his heart in shock, that figure turned out to be the target of the mission, that kid! He was not dead!

How can it be!

Frost had a \*\*\*\* expression on his face, he quickly put away the water gun, as expected to be a killer since he was a child, with excellent psychological quality, after quickly calming down, he fired the water gun at Lin Kai.

I saw the hook and attacked Lin Kai.

It is difficult to move underwater, but this hook is not affected in any way.

Frost looked at the hook with a sneer and was about to fall on Lin Kai.

Didn't die just now, you will always die this time!

Just fight him underwater! It's a dead end!

Frost seemed to see it, the next moment Lin Kai's blood splashed on the spot.

However, Frost's eyes widened, and what was extremely unbelievable was that the hook turned a corner inexplicably and went quickly toward him!

When Frost was scared to swim back again and again!

### **Chapter 1517: Make Mistakes**

Chapter 1517

Frost couldn't understand why the hook suddenly turned and attacked him.

What's even more incredible is that this hook is faster than before!

Before Frost swam a few times, he was hit in the arm by the hook.

It's just an arm injury!

Frost was about to breathe a sigh of relief when the hook hit the oxygen cylinder behind him again.

Immediately, the oxygen cylinder was hit and flew away from Frost's back.

As a result, Frost was unable to swim smoothly in the water.

However, Frost is not an ordinary person. He has been in the killer industry for decades, and he is still alive and well-known. Naturally, he has the ability.

Even if you lose the oxygen cylinder, you can swim freely in the water for a short time.

Floss planned to get rid of the Huaxia country boy in front of him first.

He took out a sharp dagger from his body, and it also shone with cold light in the water, enough to see that this dagger is not that simple.

Frosh looked at Lin Kai, who was approaching, with a sneer in his heart. He had been assassinated for so many years in the assassin's life.

He estimated that this kid is very water-based, so he can stay in the water and hold his breath for so long.

In his opinion, this kid won't be able to hold it for long.

At that moment, he decisively shot Lin Kai to death.

What only made Frost stunned, Lin Kai still swiftly moved towards Fros without any pause.

Most importantly, Fros saw that Lin Kai was not holding his breath at all! It's as if it's on land, breathing smoothly!

How can it be!

Frost's eyes widened. Before he could react, Lin Kai kicked the dagger in Frost's hand into the air.

Lin Kai actually used his true energy to form a protective cover on the outside, preventing water from entering.

In this way, he doesn't have to hold his breath, relying on the vacuum of the protective cover to breathe normally.

At this time, even though Lin Kai only kicked Frost's dagger with that kick, Frost's body was shaken by the powerful strength, as if he had suffered a heavy blow.

Even being shocked, opened his mouth and inhaled a lot of hands, Fros immediately choked very uncomfortable.

Lin Kai looked at Frost coldly and spoke in English, "Frost."

Frost was stunned, this kid could speak in the water, and this kid knew his name!

what's the situation?

For a moment, Frost was stunned.

He has never lived in Huaxia Kingdom in the future, and even when he was abroad, he didn't have much contact with people from Huaxia Kingdom. Only one person knew his true face.

That is a soldier king from Jiulong Mountain!

However, at night at night, he didn't even know his mother who was beaten by the soldier king, and before he could see the face of the Chinese national soldier king, he passed out.

That was the shame in his life. He was doing the assassination mission there. Unexpectedly, a soldier of the Chinese nation descended from the sky, causing his mission to fail.

Failure means failure, and I almost went to see God.

Could it be that this kid is the one, the Chinese national soldier who beat him up?

Before Fros could understand, Lin Kai made another decisive shot and kicked again, with an extremely precise kick on Fros' chest.

In an instant, Frost's internal organs seemed to be shifting, and coupled with the air pressure in the water, he immediately felt that he had difficulty breathing.

I want to go up and head toward the surface of the water, but I find that I have no strength to swim.

Frost struggled desperately, but no matter how hard he struggled, it was of no avail. He could only wait for death to come.

He gave up, looking at Lin Kai's figure, and gradually coincided with the figure of the Chinese National Soldier King that night.

Only then did he understand that the person in front of him was the Chinese King of Soldiers!

When he was abroad, he had heard a lot, and the legendary story of the King of Soldiers of China had also personally experienced its power.

In front of the Huaxia National Soldier King, he was like a child, without any resistance.

Before he died, Fros was wrong, he was so wrong! The target of the reward mission is that of the Huaxia National Soldier King and the top killer of the extranet. It is normal to be posted here.

Not to mention the top ones, even the top five will be planted here!

Fros is confident that he ranked second among the killers on the extranet, and he has been loaded, not to mention the others!

Frost thought very regretfully, and then gradually lost his life.

In the end, Fros suffocated to death.

Lin Kai looked at this scene indifferently. He knew that Fros was a man who did a lot of evil, and he could do anything as long as he gave money.

Fros is also an internationally wanted criminal, and he is more than guilty.

Lin Kai then brought Frost's body to the shore, then called and asked him to deal with Frost's body.

Lin Kai also understood that this Frost was definitely not instigated to kill him, so he didn't waste time asking Frost.

As for he deliberately let Frost succeed, so as not to let others know Frost and avoid unnecessary panic.

After all, that place was in a busy city and there were still a lot of people, so Frost was allowed to take it away, and Frost was killed until now.

Lin Kai had long sensed that there was someone underwater, and because he had been in the water for a long time, his breath was locked on him from time to time.

He urged the golden pupil, saw Frost's face clearly, recognized Frost at a glance, and then had a calculation.

"Yes, Bai Haoyu shouldn't be scared, right?"

I thought that when the hook hit Bai Haoyu, he actually broke a bit of skin and wounded it. The blood was splashing because of Lin Kai. In order to create an effect, he used Zhen Qi to splash a small amount of blood.

Lin Kai didn't expect that Bai Haoyu was still crying.

Thinking of this, Lin Kai shook his head speechlessly.

Lin Kai was about to go upstream, and there was a branch in the upstream, that is, the hot pot lake.

Before walking a few steps, the phone rang.

Lin Kai took out his mobile phone to check and found that there were ten or twenty missed calls from Yin Suyan.

Before, the phone was wrapped with infuriating energy, and it was not muted. It just knew that Yin Suyan would definitely call to avoid being heard by Fros and exposing himself.

Now that there is nothing wrong, Lin Kai answered the phone.

"Su Yan, I'm fine." Lin Kai also knew what Yin Suyan wanted to ask. Before Yin Suyan could speak, he took the lead with a smile.

There was a brief silence on the other end of the phone, which should be a very pleasant surprise.

It didn't take long for Yin Suyan to cry with a choking voice, and said with great joy: "It's all right! It's all right! Where are you now?"

Lin Kai sighed secretly when he heard Yin Suyan's crying and laughing. Yin Suyan cried with such joy because he cared about him.

### **Chapter 1518: A Hug**

Chapter 1518: A Hug

Next, Yin Suyan asked a few more questions, whether he was hurt or not.

Lin Kai didn't say anything about Frost, but said everything else.

After hanging up the phone, Lin Kai hurried to the hot pot restaurant.

Normal people estimate that it will take at least half an hour to get there.

But for Lin Kai, it only takes two to three minutes to arrive.

Therefore, after two or three minutes, Lin drove to the lake, but there were no people here, and even the store was closed.

Obviously it was something before, which caused no one.

Lin Kai has already called the above, and someone will come to deal with the matter here soon.

Lin Kai knew that Yin Suyan and the others were not here, but in the parking lot behind.

When he arrived at the parking lot, Lin Kai saw Yin Suyan and several people, standing there waiting anxiously.

When he saw Lin Kailai, Bai Haoyu stared at Lin Kai with a very ugly expression: "Brother Lin, I am only now reacting. The hook is clearly facing you. How could it suddenly change its direction and hit my lap? Where are you going? Brother Lin, since you can be there, at that moment, move the hook from my lap to you, surely you can also change the direction of the hook?"

To Bai Haoyu's question, Lin Kai smiled: "I'm not going to solve that person? If it hurts me, it's not easy to get into the water, so I'll be wronged. Besides, you're just a skin injury, so it should be better now. Huh? What's more, that person is an internationally wanted criminal. I have already told the person above that you have also performed meritorious service."

The injury on Bai Haoyu's leg was almost healed. When he heard that he could still perform meritorious service, his eyes immediately brightened, and he laughed and said, "What a good brother! That's fine! That's fine!"

As he said, Bai Haoyu asked curiously: "Brother Lin, your method is really comparable to a god-man, how did you do it?"

Lin Kai didn't explain much, and said a few words about being a soldier, which was a bit tricky.

Immediately, Lin Kai treated Bai Haoyu's leg casually.

Seeing that Lin Kai was very relaxed and completely healed the injury on Bai Haoyu's leg, as if he had recovered.

Su Qiaoqiao became more confident about Lin Kai and healed her and her sister's telepathy.

Prepare to have a good talk with your sister, and believe her sister, she will definitely agree.

Of course, I still can't talk to Lin Kai about this now, after all, girls have the reservedness of girls.

Yin Suyan's eyes were red, and after carefully examining Lin Kai for a while, he cared about it and said, "Lin Kai, are you really not hurt at all?"

Lin Kai smiled and said, "You also know my methods, and that person was only slightly stronger than the one who attacked you that day. Naturally impossible, it hurts me."

Frost is just a powerful assassination method, and in other respects, he is only a warrior at the level of a martial artist, slightly stronger, and has not reached the martial arts level.

Therefore, it does not pose any threat at all.

Su Qiaoqiao looked at Yin Suyan playfully: "Su Yan, I was still guessing before, after you see Mr. Lin, you will pounce on Mr. Lin's arms."

Yin Suyan actually wanted this, but after another thought, he coldly snorted, "I wouldn't be like that."

Lin Kai looked at Yin Suyan's haggard appearance now, and there was some dirt on his jeans.

Even if he was not at the scene, he could still imagine that Yin Suyan would remember to jump out of the lake to rescue him.

Lin Kaiqing sighed softly, he no longer hesitated, and took the initiative to hug Yin Suyan.

Yin Suyan didn't seem to expect that Lin Kai would take the initiative to hug her, or in front of other people.

Yin Suyan was surprised and delighted, feeling Lin Kai's warm embrace, she was instantly ashamed as a little woman.

Then she gently pushed Lin Kai away, and twisted: "Qiao Qiao is still here."

Lin smirked: "It's okay."

Su Qiaoqiao and Bai Haoyu both watched this scene dumbfounded.

Who could have imagined that a national-level goddess star, like a little woman, leaned in Lin Kai's arms.

Su Qiaoqiao was very pleased to see that his girlfriend finally fell in love.

And the other party is Lin Kai, she already knows that Lin Kai is powerful, and she can rest assured.

Bai Haoyu admired Lin Kai, such a national goddess, and won.

You know, how many male compatriots Yin Suyan is the dream lover.

The people who chased Yin Suyan were even more diversified, and many of them were more powerful than his worth.

It can be said that there are many such things, but in any case, they can never catch up with Yin Suyan.

In fact, Bai Haoyu was the one who chased Yin Suyan at the beginning, but later discovered that among the many suitors, even if he was worthy, he belonged to the bottom.

That is, Bai Haoyu dismissed the idea and pursued Su Qiaoqiao.

Su Qiaoqiao is so difficult to chase, let alone Yin Suyan.

Then the few people talked a few more words, and it was late now, and they all planned to go back separately.

Lin Kai wanted to send Yin Suyan back. Su Qiaoqiao was here. He had rented a car, so he drove to the hotel.

Bai Haoyu didn't rent a car because he had just arrived in the East China Sea for a long time. He wanted to take Su Qiaoqiao's car, but Su Qiaoqiao asked Bai Haoyu to take a taxi.

This made Bai Haoyu depressed.

At this moment, Bai Haoyu looked at Lin Kai and was about to leave, and asked, "Brother Lin, we called the police before. If we leave like this, will it be okay?"

Lin Kai responded: "It's okay, I told the people above."

Lin Kai didn't explain much, and then took Yin Suyan to the hotel where Yin Suyan was.

Along the way, the atmosphere was a bit ambiguous.

However, Lin Kai did not take any further action. He would not consider anything else if the Leiyuan Group did not fall.

The reason Lin Kai gave Yin Suyan a hug was because Yin Suyan cared about him so much and was moved by the move.

It also means that he accepted Yin Suyan.

But it is not the real time yet.

Yin Suyan was also reasonable. She could see that Lin Kai had thoughts, and this thought made Lin Kai no further. Although she didn't know what was going on, she understood.

And she was not in a hurry, she would wait for Lin Kai to get rid of that thought.

In this way, Lin Kai smoothly sent Yin Suyan to the hotel, and then personally escorted to the door of the room.

After the two chatted a few words, Yin Suyan returned to the room, while Lin Kai returned to his home.

It was the early morning of the night, and this day was the Leiyuan Group, the worst luck of these days.

As a result, Lin Kai let Yinshen continue to stare at the Leiyuan Group. If there is any trouble, he will go over and take a look at it as soon as possible.

Lin Kai started to wash after finishing his instructions.

After that, he began to practice and let himself reach the Nascent Soul Stage as soon as possible. In that case, even if nothing about the Leiyuan Group was found, he could use his own power to kill Lin Yuan.

As long as Lin Yuan is dead, the Leiyuan Group will naturally quickly split and collapse.

## **Chapter 1519: Tang Ge**

### Chapter 1519

Therefore, Lin Kai did not sleep at night, and worked very hard to practice.

Early the next morning, the phone rang.

Today Lin Kai is still looking forward to the call from Yinshen.

If Yinshen called, it indicated that something went wrong with Leiyuan Group.

At that time, it was good to go to Leiyuan Group to add fuel and vinegar to it and add fuel to the fire.

Unfortunately, this call was not from Yinshen, but from Lin Qianqian.

Lin Kai immediately picked up the phone, only to hear Lin Qianqian with a hint of anger, and said: "Lin Kai! Don't you know! I have arranged a decorator this morning, and I am going to demolish the restaurant and all the places that should be demolished. Who knows, someone came here to make trouble, causing the decorator to be sent to the hospital. It's too deceptive!"

"Huh? What's the specific situation?"

Lin Kai frowned slightly, unexpectedly someone would dare to hit someone.

Lin Qianqian said more angrily: "It's not Yao Dadong and Liu Yi! These two people invite one, what is Tang's name!"

Lin Kai couldn't help but shook his head when he heard the words, the two of them were unwilling to give up.

Lin Qianqian had said so clearly at that time, she did not expect to provoke her.

Thinking of this, Lin Kai responded: "Okay, I know, I'm past now, don't stay there by yourself."

As Lin Kai spoke, he hung up the phone and drove the car to the center of Donghai city center, the busiest street.

at the same time.

On this busiest street, there is a Sicily restaurant.

However, the signboard of the Sisi Kori restaurant has been removed, and it is obviously not open and changed to another restaurant.

It should be said that if you change to another store, you will quickly demolish and renovate the new store.

However, the strange thing is that the outside and inside of the restaurant in Sisikli were all painted with paint.

There are even some blood stains inside.

At this time in the Sisi Kori restaurant.

A man in a suit in his thirties led a dozen burly men to occupy.

Yao Dadong and Liu Yi were also inside, sitting with the man in the suit.

At this moment, Liu Yi said softly to the man in the suit, "Brother Tang, you really did what you said. But we are not only trying to hinder the progress of the renovation here, but also asking for a distribution agent. As long as the distribution agent gets it, it will be divided. Once you become one, you will come when Lin Qianqian is a bitch. It's up to you, Brother Tang."

With that, Liu Yi couldn't help but stretched her hand to the chest of the man in the suit.

The man in the suit touched Liu Yi's hand and laughed wretchedly: "Okay, OK! When things are done, you can sleep with me for one night!"

The man in the suit, Brother Tang, spoke unscrupulously in front of Yao Dadong.

Because Tang Ge's condition for helping is to let Liu Yi sleep with him for one night and get 10% of the distribution agent.

Compared with Yao Dadong's resignation, this is nothing.

Liu Yi directly agreed, so now she heard what Tang said with a smile: "Of course, but the premise is to get things done."

Yao Dadong heard that his daughter-in-law was doing this with another man, he was very angry, but he didn't dare to show it.

Just as a few people were talking.

Lin Qianqian walked in angrily, then looked at Yao Dadong, Liu Yi, Tang Ge and others, and said coldly: "What do you want? Injure the innocent, come here again to destroy the store!"

When Brother Tang saw Lin Qianqian, his eyes lit up, and he was amazed by Lin Qianqian's beauty.

Brother Tang glanced at Liu Yi again, Liu Yi was still very ordinary, so he pushed Liu Yi's hand away, then stood up, and walked to Lin Qianqian with a smile on his face.

"President Lin, I am the manager of the security department of Leiyuan Group, known as Brother Tang." Brother Tang stretched out his hand and wanted to shake hands with Lin Qianqian.

Lin Qianqian would naturally not shake hands with this wretched person in front of her, but the other party belonged to the Leiyuan Group, so she was taken aback.

Unexpectedly, the people invited by Liu Yi and Yao Dadong belonged to the Leiyuan Group. No wonder they dare to be so arrogant in the East China Sea.

However, she didn't believe that the people of Leiyuan Group could do anything excessive in broad daylight on this most prosperous street.

So Lin Qianqian frowned slightly, and said lightly: "Leiyuan Group's hand stretched out too long, right."

"Mr. Lin, you are misunderstood, I am not representing the Leiyuan Group, but in my own name, to help my friend Yao Dadong." Tang Ge dared to hurt people, naturally not in the name of Leiyuan Group.

After all, the boss of Leiyuan Group had already warned that during this period of time, be honest. Even if you want to cause trouble, don't use the name of Leiyuan Group.

Tang Ge would naturally not admit it, using the name of Leiyuan Group.

He continued: "I heard that my friend cannot get your company's distribution agent. As long as you give the distribution agent to my friend Yao Dadong, I won't stop you from opening a shop, how about?"

"Do you have a great dream!" Lin Qianqian responded unceremoniously.

Injured people and destroyed the store, and now I still say that as long as the distribution agent is handed over, I will let it go. What kind of truth is this!

Tang Ge suddenly sneered: "Although I cannot use the Leiyuan Groups name, I can use the Leiyuan Groups security department. As the Leiyuan Groups security manager, I play very well with my men. Its normal. Right? I will call the group of brothers from the security department in the name of brothers, so don't even think about opening your shop!

I heard that you have several other direct sales stores in Donghai. At that time, the other direct sales stores may not be guaranteed! As a Donghai company, you should know what kind of big group Leiyuan Group is? The security department has more people than other groups or big families! Everyone is extraordinary! "

Having said that, Brother Tang paused for a while, he stared at Lin Qianqian with a wretched look: "Of course, President Lin, I think you are a beautiful woman, so I will give you a bit of face. So, you still have a second one. Choose. As long as you sleep with me for one night, I will take my group of brothers and evacuate here. I don't care about the things here."

This sentence caused Liu Yi and Yao Dadong to change their colors one after another, and never expected that Brother Tang was so untrustworthy.

But what made the two of them relieved was that of course Lin Qianqian refused, waiting for Brother Tang angrily, and said: "Just you? What are you!"

Brother Tang was not angry, but looked at Lin Qianqian excitedly.

The more Lin Qianqian resists this way, if he gets it then, he will feel more satisfied.

So, Brother Tang smiled: "Ms. Lin should consider it carefully. I will give you ten minutes to consider. You can choose one of the two options."

Lin Qianqian sneered: "Don't think about it, I don't agree with either! If you continue to stay here, you will definitely regret it!"

"Regret? Haha, what can I regret?" Tang Ge immediately sneered.

## **Chapter 1520: Ignorance**

### Chapter 1520 Ignorance

Lin Qianqian sneered when she saw Brother Tang with such arrogant appearance: "You will know later, you will not regret it afterwards, your current behavior! My friend, but you will come over soon! Then, you will good looking!"

Lin Qianqian understood that Tang Ge didn't seem to know her relationship with Lin Kai.

Lin Kai made the boss of Leiyuan Group Lin Yuan tremble, let alone a small security manager.

"Friend? Haha, I want to see what kind of friend it is! At that time, I won't get your friend into the hospital!" Tang Ge sneered.

The ten burly men behind him also laughed out loud and geared up.

Yao Dadong and Liu Yi were even more delighted to see this scene.

Especially Liu Yi, looking at Lin Qianqian with an idiot look. If Lin Qianqian had chosen to sleep with Brother Tang for a night, she would really have no chance.

However, Lin Qianqian did not choose this, but chose to be tough.

Liu Yi couldn't help but heaved a sigh of relief. At the same time, she showed a bit of sarcasm. He was tough with the Leiyuan Group? What is not an idiot?

Just when a few people were at odds.

On the side of the road outside this store, a Rolls-Royce Phantom drove up.

Naturally, Lin Kai hurried over. He quickly parked the car and walked into the store.

As soon as he entered, everyone in the store focused on him.

Seeing Lin Kai coming, Lin Qianqian felt unexplainably relaxed, and her sense of security was greatly increased.

She knows Lin Kai's skill, let alone the group of people in front of her, if it is ten times a hundred times, Lin Kai will be fine.

Thinking about it, Lin Qianqian walked to Lin Kai's side, and then roughly talked to Lin Kai about what happened here.

When Lin Qianqian finished speaking, Lin Kai understood the whole story.

He glanced at Yao Dadong first, and his eyes showed disdain: "For profit, give your wife to others. But, you really think that if you send your wife out, you can get the benefits you want?"

Yao Dadong's face was red when he heard it. Although he was very ashamed, he still hummed immediately on the surface: "This is my housework! You can't control it!"

Lin Kai heard this and ignored Yao Dadong. After all, Liu Yi was also voluntary. He just couldn't understand Yao Dadong's behavior. It seems that Liu Yi volunteered, but it was actually Yao Dadong who helped him. If Yao Dadong persuaded him a little, it would not be the case.

Unfortunately, this Yao Dadong sold his wife for his own benefit.

Lin Kai shook his head, and immediately walked to this brother Tang, whose name was Tang Renxi, who was the manager of the security department of Leiyuan Group.

Strangely speaking, Tang Renxi didn't know Lin Kai.

Lin Kai was a little surprised. It should have been a few days after he joined the Leiyuan Group. Otherwise, the middle-level managers of this Leiyuan Group knew him more or less.

Although his appearance is similar to that of Lin Yuan, Lin Yuan rarely shows up in the Leiyuan Group. There are not many people who know Lin Yuan's appearance, only high-ranking or cronies.

Lin Kai was at least slightly surprised, and said to Tang Renxi, "Are there two choices? Then I only give you one choice. You have to choose if you don't choose! East China Sea is not owned by your Leiyuan Group! Here you are acting nonsense, then Just pay the price! Since you sent the decorator we invited to the hospital.

Each of you keeps 200,000 yuan, which will be used for the medical expenses and mental damage expenses of the decorators. Give me the money after you leave it, otherwise don't blame me for being polite. "

If it hadn't been for Leiyuan Group today, Lin Kai didn't want to be surprised by the worst luck in these days.

Otherwise, he would be rude.

However, Tang Renxi didn't appreciate it at all. Instead, he looked at Lin Kai sarcastically, as if he had heard a big joke: "Hahahaha, have I heard hallucinations? See your ignorance, I will give you Lets talk about it, Donghai is the mastermind of Leiyuan Group!"

Although he Tang Renxi had only been to the East China Sea for a few days, he was mixed with the manager of the security department of Leiyuan Group because of his background.

It's just a middle-level leader, but with this status, let alone the entire East China Sea, even people from families and groups in several nearby urban areas will respectfully call Tang Ge when they see him.

For example, Yao Dadong is a group vice president in a nearby city. Even if he is, he must be respectful and polite.

All because he is the middle-level leader of Leiyuan Group!

It is enough to see how strong Leiyuan Group is!

As for why he was able to become a middle-level leader of Leiyuan Group when he came to the East China Sea, it was because he had a godfather of a senior leader named Wei Shifeng.

Wei Shifeng personally worked for the boss of the Leiyuan Group. He still has a lot of power in the Leiyuan Group. It is nothing to give him a small middle-level leader.

Moreover, with the help of the middle-level leader of this Leiyuan Group, he went wild.

At this moment, when I heard Lin Kai, in such an arrogant tone, he said to him that while he was angry, he was also amused.

Did not wait for Tang Renxi to continue speaking.

Lin Kai glanced lightly, Tang Renxi, who was laughing wildly, said, "Is that Brother Tang? Why are you laughing?"

Tang Renxi laughed, and then showed a very sarcasm: "Naturally, you are too ignorant! You are still a native of the East China Sea, and even the group vice presidents in neighboring cities are afraid of me. Leiyuan Group. You kid, really ignorant are fearless. Ah! Today I want you to see if Leiyuan Group is in charge of the East China Sea!"

As Tang Renxi said, with a wave of his hand, the dozen or so burly men behind him immediately thought of it, and surrounded Lin Kai with ferocious spirits.

Afterwards, Tang Renxi yelled: "Come on! First, beat this kid half-mutilated! Let him know the fate of slandering Leiyuan Group!"

After the dozen or so burly men heard this, they all laughed wildly, and then rushed towards Lin Kai.

The first to jump over was a big man who was nearly two meters tall, a head taller than Lin Kai, and he was also very burly, several times that of Lin Kai.

Like a small wall, he dashed towards Lin Kai.

Whether it was Tang Renxi, Yao Dadong, Liu Yi, seeing this scene, they all smiled, as if they saw it, and then Lin Kai was hit by the big man and fell to the ground.

Especially Yao Dadong and Liu Yi, gloating all over their faces!

To Yao Dadong, he was very jealous of Lin Kai, because when he was in school, he couldn't pursue Lin Qianqian, but now he was chased by this little white face! Very upset in my heart!

And because of this kid, Lin Qianqian disregarded the affection of her old classmates and refused to sell him skin care products! Having said that, if there is no distribution agent, he will be resigned!

He was just, slightly satirizing Lin Kai, Lin Qianqian would not give him a distribution agent!
