

Special Forces 1551

Chapter 1551: Flight Attendant

Chapter 1551

In the terminal, while waiting for the flight, the addition of a little girl is not boring to Lin Kai and Dong Zhenni, or the mother of the little girl.

Dong Zhenni seems to like children very much, and little girls are also very cheerful and playful.

Lin Kai watched from the sidelines, and from time to time she saw Dong Zhenni playing with the little girl, her mouth constantly smiling.

Perhaps, the little girl's mother watched her flight, and when it was almost time, she thanked Lin Kai and Dong Zhenni and took the little girl away.

Lin Kai also took a look at the time and found that it was almost too late, so he and Dong Zhenni each took their boarding passes and went there.

Baggage is directly checked in.

Lin Kai is very skilled, but Dong Zhenni looked curious. She followed Lin Kai and whispered: "Brother Kai, this is the first time I take this ride. It happens to be by the window. You can take a good look at the scenery. Now. Brother Kai and the stewardess on the plane, are they really beautiful?"

Lin Kai was speechless. He didn't expect Dong Zhenni to ask this question again, but he also knew that Dong Zhenni was interested in all beautiful things.

Lin Kai couldn't help but smiled and answered, "Well, they are all pretty."

Soon they talked and laughed and boarded the plane.

At the entrance of the plane, stood a beautiful stewardess who was at least 1.76 meters tall. She habitually cast a professional smile at the passengers entering the plane.

This flight attendant was named He Shiyun, although in the eyes of many people, the flight attendant represented dirty and chaos.

Although He Shiyun has seen many dirty unspoken rules and the like, she herself has always maintained a clean body.

She had been looked at with strange eyes by friends before, and she also had the urge to resign, but she managed to become a space, and the treatment was not bad. She was naturally impossible, so she gave up easily.

What's more, she needs a lot of money now, let alone give up.

At this time, a fat and greasy uncle in his 30s and 40s walked over to He Shiyun. Then he rolled up the sleeves of his luxury brand suit, and then revealed a piece of Rolex on his wrist.

This chubby and greasy uncle, very confident at this time, said to He Shiyun: "Beauty, give me a contact method."

This is not asking, but in a very positive tone.

He Shiyun heard what the fat and greasy uncle said, although she hated this person very much in her heart, she still responded with a professional smile and patiently said: "Mr. Passenger, the plane is about to take off. Could you please get in the plane and take a seat. ."

The fat and greasy uncle frowned. He didn't expect that the stewardess refused, and he snorted, "I hope you can personally give me your contact information when you get off the plane."

This fat and greasy uncle is about to go in.

However, the little girl in the back saw this fat and greasy uncle like this, and Tong Yan Wuji said: "Mom, Mom, why is this uncle so annoying."

The little girl's mother hurriedly said to the little girl: "Sun Wanyue, I've said it, don't point at people with your fingers, this is bad behavior, you know?"

However, the little girl's mother did not reprimand the little girl. Because of the little girl's words, she also quite agrees.

It was the fat and greasy uncle who looked a little embarrassed when he heard the little girl. But there are also security personnel on the plane, and if there is a disturbance on this plane, the matter is very serious.

Therefore, the fat and greasy uncle only glared at the little girl before entering the plane.

Lin Kai and Dong Zhenni were also on the same flight with the little girl.

Dong Zhenni saw what the little girl said to the fat and greasy uncle and chuckled, thinking that the little girl was indeed right.

Then she saw the stewardess He Shiyun, her eyes brightened, and she couldn't help but joked to Lin Kai: "Brother, no wonder that greasy uncle, who wants to talk to that little sister, is really beautiful. Brother, I heard from my sister, you are a little bit carefree. , Why don't you go up and strike up a conversation."

Lin Kai's face turned dark. He didn't expect that Dong Shu was still in front of Dong Zhenni. He didn't explain anything when he said these words. Instead, he shook his head and said: "It can only be said that it is an ordinary method to strike up a conversation. The real master , That's waiting for others and proactively giving you contact information."

To be precise, Lin Kai recognized the flight attendant. The last time he took a plane to the neighboring province of Xunyang, an accident happened on the plane, and he solved it easily.

If it weren't for Lin Kai's presence, the entire plane's life would have been lost.

That time, He Shiyun happened to be the flight attendant on that flight, and was fortunate to see Lin Kai that save the lives of a person on the plane.

Lin Kai left in a low-key manner. Because of Lin Kai's special identity, even if the airline reported it to the person above, the person above found out that it was Lin Kai, and just said that he would reward him well, so don't promote it.

As a result, the people who Lin Kai rescued a plane, even those who were on the plane at the time, also signed a confidentiality agreement.

At this time, Lin Kai and Dong Zhenni stepped onto the plane together.

He Shiyun was about to report a professional smile, saying that he was welcome to take this flight, but when he raised his head suddenly, he saw Lin Kai, his eyes widened and he looked incredible: "Lin...Mr. Lin? "

Lin Kai was surprised. Although he recognized that this flight attendant was the last flight attendant, he did not understand why He Shiyun reacted so strongly, so he said casually: "It's me."

He also didn't understand that the flight attendant turned back to him as a reporter.

The main reason is that He Shiyun almost died last time and it was Lin Kai who rescued her.

The figure of Lin Kai at the beginning gave her great courage, as if God had sent him to guard her, walking on colorful clouds.

Therefore, in He Shiyun's mind, Lin Kai was inexplicably imprinted.

He Shiyun also tried to find information about Lin Kai, but only knew the name was Lin Kai, other information could not be found.

Unexpectedly, I saw it on such a flight today.

He Shiyun was very excited, regardless of other people's eyes, she took the initiative to give Lin Kai a hug.

This scene made the rest of the passengers look incredible. What happened?

Especially just now, the fat and greasy uncle saw this scene even more stunned.

In the eyes of the fat and greasy uncle, that young boy is nothing more than a little more handsome, and his clothes are all street goods. According to his experience, these flight attendants don't look at their looks, they just look at who has the money, but now they never thought that they would give the poor boy a hug at this time.

Dong Zhenni, who was next to her, also watched this scene, for a moment. She also couldn't understand why the stewardess wanted to be like this.

Chapter 1552: Stand Out

Chapter 1552

Not to mention other people, even the person involved, Lin Kai, was very confused and couldn't understand it.

At this moment, He Shiyun immediately separated from Lin Kai, realizing that he was a little too excited, and apologized: "Mr. Lin, I'm sorry, the main reason is that you saved me last time. Mr. Lin, give me a contact. The way. This flight is to the provincial capital. I happen to live in the provincial capital. This is

my last trip today, and I will rest for two days. Leave a contact information, so I can get in touch, please have a meal, etc., to repay you Second life-saving grace.”

“Brother Kai, this is too powerful. How long has passed since, this beautiful young lady has taken the initiative to ask Brother Kai for contact information.”

Dong Zhenni was stunned, admiring Lin Kai even more. From Dong Shu’s mouth, she often heard that her sister admired Lin Kai very much, as if in her sister’s eyes, Lin Kai was the representative of omnipotence.

Now Dong Zhenni is gradually accepting her sister Dong Shu’s kind of thinking.

The fat and greasy uncle has a very ugly expression. See this scene.

He originally planned that the stewardess was on this flight anyway, and when the plane took off, he kept showing how rich he was. In this case, let the flight attendant see and give him contact information.

Now, it is totally unreasonable to take the initiative to contact a poor boy.

The little girl and the little girl’s mother also saw it.

The little girl smiled and said to her mother: “Mom, this big brother is great!”

The little girl’s mother just smiled.

Lin Kai recalled a little bit. At that time, he rescued the stewardess casually. It seems that the stewardess kept remembering. No wonder she was so excited when seeing him now.

Lin Kai naturally didn’t have time to eat or anything, so he politely refused: “That’s not necessary, thank you for your kindness. At that time, it was just a matter of effort, so don’t worry about it.”

His current task is to deliver Dong Zhenni safely to Dong Zhenni’s university.

Lin Kai’s words stunned the others again.

The fat and greasy uncle stared at Lin Kai like a monster. Facing such a beautiful stewardess, he actively asked for contact information and invited dinner, but he refused!

That chubby and greasy uncle was always maliciously speculating whether Lin Kai was okay.

Before He Shiyun could say anything, the little girl smiled at Lin and said, “Big brother, such a beautiful sister, how could I have the heart to refuse if you ask for contact information. For example, if it were me, asking for contact information from elder brother? , Big Brother won’t refuse cruelly, right?”

Lin Kai was taken aback for a moment, then smiled bitterly, let alone such a cute little girl, he would naturally not refuse cruelly.

Therefore, he had to accept He Shiyun’s request and gave He Shiyun his contact information.

Then Lin Kai and Dong Zhenni began to check their seats, and they were sitting together. Dong Zhenni is by the window, and Lin Kai is beside her.

After it was done, Dong Zhenni looked at Lin Kai curiously and asked: "Brother Kai, listen to the young lady just now, did you know her before?"

Lin Kai replied: "It's not a acquaintance, it's just that I was rescued by some emergency situation on the plane last time."

Dong Zhenni had a clear look when the plane started to take off.

It was the first time for Dong Zhenni to take a plane, so she looked out the window curiously.

However, Lin Kai closed his eyes with a calm face, and fell into a state of spiritual practice.

I don't know how long it took, but there was an exclamation in front of Su.

Originally, the plane was kept quiet, but this exclamation was particularly harsh.

When Lin Kai heard this voice, he immediately opened his eyes and looked forward.

Dong Zhenni didn't know when, she took out a book to read, she also looked at the front seat at this time.

There, the mother of the little girl Sun Wanyue fainted without knowing what happened.

The little girl Sun Wanyue called her mother anxiously on her small face.

When other passengers saw this scene, they also helped call the flight attendants.

He Shiyun and a few flight attendants rushed here, but they calmed down one by one.

He Shiyun immediately asked the little girl Sun Wanyue, "Little sister, has your mother ever had any disease?"

The little girl Sun Wanyue cried and said intermittently: "My mother seems to have low blood sugar or something, but before taking the plane, I have eaten and added sugar. It should not be low blood sugar."

Although the little girl Sun Wanyue is still young, she knows a little bit about this, which is really rare.

All of a sudden, it really baffled the group of stewardesses. Originally, I wanted to see what kind of medicine the little girl's mother had.

After all, this kind of sudden illness is often the kind that requires medication to maintain.

Looking at the situation now, it seems that there are other problems.

Not every flight is equipped with professional doctors.

This flight is only a flight within the province, and the flight time is only two hours.

Therefore, there is no doctor on this flight.

He Shiyun and the other flight attendants were very anxious.

He Shiyun took out the calling machine at this time and said to the people on the plane: "Hello passengers, a passenger on the plane fainted inexplicably. If you have a doctor or nurse among you, I

hope you can stand up and take a look. Of course. , Our company also has cash rewards for the shots. In the future, there will be discounts for flying with our airlines.”

He Shiyun had to put out the conditions of reward. How to say, in this society, it is impossible to let others contribute in vain, there must be some reward.

However, it is a pity that He Shiyun yelled a few words, and no one stood up. It seems that there is not on this plane.

He Shiyun sighed helplessly. She was going to call the captain and let the captain land urgently. After all, this was about human life.

However, once you land in an emergency and return, the flight will be delayed for a long time before it can start again.

Just when He Shiyun was about to say something, Lin Kai stood up.

He said to He Shiyun: “Let me have a little understanding of medical skills.”

When He Shiyun saw Lin Kai, he was taken aback for a moment, and then there was a lot of color in his beautiful eyes.

And that chubby, greasy uncle, seeing Lin Kai stand up, especially seeing He Shiyun see Lin Kai’s eyes, made him very jealous.

As a result, the fat and greasy uncle couldn’t help but sneered at Lin Kai: “Boy, what does it mean to know some medical skills? No, no, I have to pretend that I can. If the patient is treated, the state will get The worse, can you afford the consequences?”

The words of the fat and greasy uncle have been recognized by many people.

Chapter 1553: Facts Speak

Chapter 1553

Especially, other passengers saw that Lin Kai was so young, and he didn’t look like a doctor.

So one by one, they all agree with the fat and greasy uncle.

The fat and greasy uncle looked at Lin Kai and continued to speak disdainfully: “In my opinion, this woman must be flying on a plane for the first time, and then she was not used to the previous rising airflow and fainted. So there is no need to go. What to save, wait for ten or twenty minutes, and you will naturally wake up.

Otherwise, going back to the voyage will waste our time, so dont go back. And let this kid go to the treatment, in case of life, it will also waste time, just let it go. “

This chubby and greasy uncle is also awe-inspiring, but in fact it is only for his own consideration. I didn’t understand at all, so I gave the little girl’s mother, who judged that she fainted because she was a little uncomfortable flying on the plane for the first time, and she had to wait for herself to wake up.

Some passengers also recognized this fat and greasy uncle’s statement.

However, most passengers are still more rational, thinking that this fat and greasy uncle is a bit too much, so don't worry about what it means.

The little girl cried and retorted: "My mother took me on the plane at least five or six times. It can't be the case."

When hearing the little girl's retort, everyone looked at the fat and greasy uncle.

The fat and greasy uncle looked embarrassed, and he didn't say anything.

He Shiyun ignored what the fat and greasy uncle said, but the fat and greasy words were not unreasonable.

For example, if a person who doesn't know any medical skills goes to heal, it is very likely that there will be problems.

By that time, the responsibility is great.

Although He Shiyun knew that Lin Kai was quite good at it, she didn't know her medical skills, so she immediately asked Lin Kai, "Mr. Lin, are you sure of the treatment? If so, I won't talk to the captain immediately. Say it's returning home."

Lin Kai stood up for two reasons. First, he really felt that returning home was really a waste of time. He didn't want to delay anything, so he took the initiative to treat the little girl's mother.

Second, because of the little girl, Lin Kai still couldn't bear the little girl's crying pear blossom with rain. For him, it was just a matter of effort.

Lin Kai smiled and said: "Proficient in some Chinese medicine, you can rest assured that if I am not sure, I will not stand up."

However, the fat and greasy uncle seemed to be trying to save face and continued to mock Lin Kai: "Boy, Chinese medicine? Are you talking about an international joke? If you know some Western medicine, it's fine. You can be cured by Chinese medicine. This is the current situation? Chinese medicine has to cooperate with Chinese medicine. Is it possible that you still want to decoct the medicine on the plane?"

Lin Kai just glanced at the fat and greasy uncle's words, and ignored him. He soon came to the little girl's mother.

He Shiyun did not stop Lin Kai, nor did she call the captain to return. She just heard Lin Kai's affirmative words, she trusted Lin Kai.

There is no need for any movement, Lin Kai runs the exercises and can see the mother of the little girl. The heartbeat is unstable, which causes the blood supply to fail, so that the hypoxia coma passes.

It seems that this little girl's mother has had some heart problems and some sequelae.

This sequelae may recur at any time, and the mother of the little girl suddenly relapsed.

While Lin Kai was looking at the little girl's mother, the little girl Sun Wanyue looked up at Lin Kai pitifully and with tears, choked up: "Big brother, is my mother okay?"

Regarding this, Lin joked: “Xiao Wanyue, your mother is fine, elder brother, I will cure your mother.”

As he spoke, his hand fell on the side of the little girl’s mother’s chest.

Because there are some problems with the heart, the heart has to be treated.

However, it was impossible for Lin Kai to put his hand on the position of his heart, it was not suitable there, so he moved it up a bit.

But even so, Lin Kai’s move caused many nearby passengers to stare at Lin Kai in a daze. Does this person really know Chinese medicine? Why this action doesn’t look like it.

Especially the fat and greasy uncle, thinking that he had finally seized a good opportunity, he looked at Lin Kai and roared: “Boy, do you know what you are doing? You are treating people, obviously you are taking the opportunity Eating human tofu! Fortunately, you are okay. I didn’t expect to be a guy with a human face and an animal heart! Ha ha, you still trust this kind, even me!”

The fat and greasy uncle sneered.

This sentence has attracted the agreement of many nearby passengers, and they feel that they are right.

He Shiyun believed that Lin Kai was not that kind of person, because she had to take the initiative to invite Lin Kai to dinner, but she refused. She was confident that her beauty was not worse than that of a female star.

It is impossible for any man to refuse her proactive invitation, and Lin Kai is an exception.

Therefore, she believed that Lin Kai did not want to eat something tofu.

She believed in Lin Kai, but the other flight attendants didn’t believe in Lin Kai. They all looked at Lin Kai with strange eyes, and seemed to be unable to help but step forward and want to stop Lin Kai.

It was the little girl Sun Wanyue who stopped the flight attendants, but the little girl Sun Wanyue inexplicably believed this big brother.

Because in the waiting hall, whether it is the big sister or the big brother, she believes that both of them are good people for a short time.

Lin Kai continued to ignore the greasy fat uncle’s words, including those who questioned him.

The most effective way for these people to shut up is to speak with facts.

Therefore, Lin Kai, at this moment, was not hurriedly running the infuriating energy, and the wisp of infuriating energy was input into the heart of the little girl’s mother.

True Qi is the best cure for mortals.

Previously, Chen Zhiyuan and Chen Zhiyuan’s daughter had to inject zhenqi in order to heal perfectly.

The mother of the little girl in front of me is just some sequelae, and it can be resolved directly without any medicine.

About a few seconds later.

Lin Kai stopped and transmitted his infuriating energy to the little girl's mother, but immediately withdrew his hand.

"Hey, kid, you are also called cure? Obviously, it means taking advantage of others!" The fat and greasy uncle was reluctant.

He wanted to blame Lin Kai, but his eyes widened in the next moment.

The surrounding passengers were all shocked.

Because he saw that the little girl's mother really woke up.

Not only that, the mother of the little girl who had a pale face was also visible to the naked eye, and her face became ruddy.

Even the face of the little girl's mother who hadn't fainted was much better.

Lin Kai not only rescued the little girl's mother, but also completely cured the sequelae of the little girl's mother's heart.

Chapter 1554: Zhou Yanru

Chapter 1554: Zhou Yanru

As a result, everyone was shocked when they saw Lin Kai healed the little girl's mother in this way.

Especially those who questioned Lin Kai before, all bowed their heads in shame.

That chubby and greasy uncle is naturally not ashamed, he only feels a hot spot on his face, which is very embarrassing. I didn't expect this kid to have some means, but thought that this kid was lucky and the little girl's mother woke up.

Therefore, the fat and greasy uncle, not only did not feel ashamed, but pointed at Lin Kai, and said cruelly: "Boy, this woman wakes up by herself. I don't believe it. Chinese medicine still touches a point on someone's chest. The disease can be cured!"

Some passengers suddenly felt like this was true.

And the little girl's mother who just woke up didn't know the situation well. She just heard the fat and greasy uncle's words and saw Lin Kai withdraw her hand, she suddenly became alert.

The little girl's mother, after thinking about it a bit, she seemed to have been touched by Lin Kai.

I also vaguely knew that I had a relapse of the sequelae of an old illness and suddenly fainted.

The little girl's mother has not relapsed the sequelae of her old illness for a long time, but she unexpectedly relapsed today.

While the little girl's mother was thinking about it, the little girl Sun Wanyue threw herself into her arms and cried: "Mom! You finally woke up! You fainted just now, and your face was pale and scary. Fortunately, this is this one. Big brother saved you! I woke you up!"

Hearing what her daughter said, the little girl's mother knew that she had misunderstood a good person, so she quickly stood up, bowed to Lin Kai, and said with sincere gratitude: "Thank you! Thank you very much! I have an old illness. After-effects, I don't think that the benefactor still has this ability. If it weren't for you, I would probably be dead!"

The little girl's mother was telling the truth. Her sequelae relapsed a few years ago and almost died. It was hard to escape from death.

So she hasn't relapsed in a few years. She thought that her sequelae was cured and would not relapse again. Unexpectedly, it really relapsed just now.

Last time I was sent to the hospital in time, but now I am on a plane. Not to mention whether there is a doctor, just that Lin Kai rescued her so quickly, it has already surprised her.

What was even more shocking was that the little girl's mother vaguely felt that her heart seemed to be completely healed, which made her even more grateful to Lin Kai.

When the words of the little girl's mother came out, the passengers also understood that the little girl's mother was really sick, not as the fat and greasy uncle said, she woke up without illness.

As a result, the surrounding passengers were also surprised that Lin Kai could quickly heal the little girl's mother, and one after another started to applaud for Lin Kai's brave behavior.

Dong Zhenni was not too surprised to see Lin Kai's hand. After all, to her sister Dong Shu, Lin Kai was the representative of omnipotence.

Before seeing Lin Kai, Dong Zhenni disapproved. Now, after seeing the various methods Lin Kaishi displayed, she found that what her sister Dong Shu said was true!

As for the flight attendants, they all breathed a sigh of relief. The passengers would be fine, otherwise it would be really troublesome. They also looked at Lin Kai with some admiring eyes.

The flight attendants had other things and left soon.

As for He Shiyun, she looked at Lin Kaishi's medical skills in a daze. At this moment, she was surprised and delighted. Surprised by Lin Kai's medical skills, I don't know if Lin Kai's medical skills can cure her mother.

She can't resign because she still has a seriously ill mother.

He Shiyun didn't talk to Lin Kai directly. After all, this kind of thing is not easy to say. Anyway, there is Lin Kai's contact information. After she thanked Lin Kai, she started to work on her own affairs.

Lin Kai also returned to his seat, but the little girl's mother was in the front row. In order to repay Lin Kai, the little girl's mother said that she was waiting to get off the plane and invited Lin Kai and Dong Zhenni to have a meal.

Lin Kai naturally refused.

However, what made Lin Kai want Dong Zhenni to be surprised was that this little girl's mother, named Zhou Yanru, turned out to be a teacher at a university in the provincial capital.

And this university is exactly the university Dong Zhenni attended.

When he heard that it was Dong Zhenni's teacher at the university, Lin Kai agreed to eat together again.

First of all, this can be regarded as Dong Zhenni's teacher. After a long time getting along, Lin Kai learned that Dong Zhenni's temperament is still quite shy in front of outsiders, but he needs a familiar, familiar environment for him.

Lin Kai also regarded Dong Zhenni as her younger sister, so now is a good opportunity. He provides an opportunity that Dong Zhenni and Zhou Yanru are familiar with.

In this way, if the relationship is good, Dong Zhenni will be able to study better at that university, and integrate into it faster.

Ever since, the plane landed in two hours and came to the provincial capital.

Lin Kai and Dong Zhenni, as well as Zhou Yanru and her daughter Sun Wanyue, left together, after all, they were also on the way.

He Shiyun also got off the plane, but she could only look at Lin Kai and walk away from a distance. She knew something was wrong with Lin Kai, so she still didn't bother Lin Kai.

Although she was still in a hurry, she still seemed to be in a hurry, she could only sigh.

There is a shopping mall outside the airport, where the parking lot, as long as you pay, you can park according to the time.

Zhou Yanru's car was left here and stopped for a week.

Zhou Yanru naturally lives in the provincial capital, but she has a relative in Donghai, who was also a summer vacation, so she took her children to play there for a few days.

School started immediately, and came back with my daughter.

So soon, Zhou Yanru drove Lin Kai, Dong Zhenni, and her daughter in the car, and first went to a restaurant.

This restaurant is quite special, it belongs to the local famous special dishes.

Lin Kai didn't care about food or anything.

But Dong Zhenni is also a foodie, her eyes sparkle when she hears it's delicious.

Lin Kai looked at it and shook his head, and found that the beautiful girl had no resistance to eating.

Afterwards, several people found an empty table and sat down.

Zhou Yanru ordered at least ten dishes. If Lin Kai and Dong Zhenni hadn't said that the dishes were enough, she would still order.

Anyway, I ordered all the delicious specialties here.

After finishing the order, Zhou Yanru looked at her mobile phone again. It was a message from the school about this freshman.

She unexpectedly discovered that Dong Zhenni was in charge of her and she was the counselor in Dong Zhenni's class.

Universities are different from high schools, junior high schools and elementary schools. Universities may not have head teachers, but they must not be without counselors.

The counselor is equivalent to managing the students in the university class, and Zhou Yanru is the counselor of Dong Zhenni's class.

Chapter 1555: Safe Delivery

Chapter 1555

After Zhou Yanru got the news, she immediately told Lin Kai and Dong Zhenni.

Then, she smiled to Lin Kai and Dong Zhenni and said, "Unexpectedly, we are still so destined."

Lin Kai also felt that it was indeed predestined, so he saved it at will, unexpectedly it turned out to be Dong Zhenni's counselor.

It can be said that university counselors are still very important.

With Zhou Yanru, it would be nice to take care of Dong Zhenni a little bit.

At least, if you go back and explain to Dong Shu, Dong Shu must be very relieved.

However, at present, the system task has not been completed. It seems that Dong Zhenni has to be safely delivered to the school for reports.

At this moment, Lin Kai couldn't help but speak to Dong Zhenni: "Jenny, Teacher Zhou will be your counselor from now on, so you have to listen to her carefully."

Dong Zhenni nodded hurriedly when she heard the words, and then cleverly said to Zhou Yanru, "Ms. Zhou, I hope you can give me some advice in the future."

Zhou Yanru smiled and responded: "It should be, Mr. Lin saved me, he is my savior. A meal is not enough to repay any favors. Anyway, I will try my best to take care of Jenny."

Zhou Yanru's emotional intelligence is also high, so she said.

Lin Kai shook his head and smiled: "It's just a matter of raising your hand, you don't have to be so polite."

Even so, Lin Kai was relieved. With Zhou Yanru, she can let Dong Zhenni go to school with peace of mind.

At this time, Zhou Yan asked suddenly: "Mr. Lin, why am I on the plane, after being rescued by you, I am healthier than before. In short, it is more energetic than before, or it can be said that I am younger. Somewhat, what's the situation? Or is it my illusion?"

Lin Kai smiled and said: "You still have time, go to the hospital, take a good check to see if your sequelae are completely eliminated. If there are any sequelae, buy some medicine. If there are no sequelae, then you don't need to worry anymore. , Will relapse again."

Lin Kai didn't explain anything. After all, he directly used Zhen Qi to completely cure Zhou Yanru's sequelae, so the explanation with Zhou Yanru could not be explained. It's better to use another method to tell Zhou Yanru not to worry about the sequelae.

Zhou Yanru was taken aback for a moment, then after thinking about it, Lin Kai seemed to remind her something.

But in the end, she still had to go to the hospital for an examination before she could be sure.

In this way, after the meal, Lin Kai prepared to take Dong Zhenni to the university to report.

It's just that Zhou Yanru is very enthusiastic, thinking that Lin Kai and Dong Zhenni, who are unfamiliar here, also took the two to go to the university.

Even when she arrived at the school, she handled all the formalities, admission procedures, freshman reports, dormitories, etc., for Dong Zhenni.

When everything is done, the system prompts and the task is completed.

Lin Kai felt that fortunately, he would save Yanru next week. Otherwise, if everything is done, it is estimated that the system tasks will be completed.

After all, Zhou Yan is a teacher at this university, so she can handle it like this.

Lin Kai naturally got the task reward, the funnel extraction ability. After use, it is equivalent to turning into a funnel, and then absorbing the true energy of heaven and earth, it has a double acceleration effect.

As for Dong Zhenni's living expenses, I don't need to worry about Lin Kai, this is Dong Shu. After Dong Shu returned to Dong's house, she gradually became rich through her own business. Dong Shu would not treat her sister badly.

So Lin Kai is now ready to leave the university with confidence.

Before leaving, Lin Kai and Dong Zhenni greeted them, and at the same time they used the talisman to extract their powers and took out a few amulets for her.

Under Dong Zhenni's reluctant gaze, Lin Kai drifted away.

Lin Kai wanted to go straight towards the gate of the university.

I have to say that the area of this university is quite large.

He left from the dormitory arranged by Dong Zhenni. At present, he has walked for ten minutes and has not left the dormitory.

Of course, this is not a student dormitory, but a dormitory where teachers live.

Originally, Lin Kai would not stay, but found that Zhou Yanru and her daughter Sun Wanyue were arguing with a middle-aged man in his thirties on the side of a building in the teacher's dormitory.

At this time, the middle-aged man gave Zhou Yanru a cold voice: "Zhou Yanru, I will raise my daughter, and I am here to follow her today!"

“You raise? You are so embarrassed to say, you come to raise? From birth to now, how many times have you cared about Wanyue? Even when I was drunk, I beat and scolded Wanyue while I was not at home. All kinds of scars! You are not worthy at all! We are already divorced, so don’t hinder me!” Zhou Yanru said extremely angrily.

The little girl Sun Wanyue also looked terrified, looking at the middle-aged man, as if in her eyes, the middle-aged man was like a demon.

The middle-aged man didn’t seem to hear what Zhou Yan said. Instead, he sneered and said: “Haha, as far as your current situation is, can you afford to raise a daughter? Lets not talk about other things, just because you have the sequelae of heart disease. If you relapse afterwards, you will be dead. At that time, who will raise my daughter? Besides, I have bought a house in the capital now, and the education there is far comparable to here!”

When Zhou Yanru heard these words, she was silent.

What the middle-aged man said was what struck her heart.

A few years ago, she had a heart disease. This middle-aged man, Sun Tian, felt that it was a heart disease that was difficult to treat, so he abandoned her and divorced directly.

But after all, Sun Wanyue is Sun Tian’s daughter, so Sun Tian used this as an excuse to pick Sun Wanyue to stay with him for a few days.

Zhou Yanru was naturally uneasy, she followed, but she lived in a hotel outside.

But he didn’t expect that Sun Tian was still the same as before, and he would start domestic violence after being drunk.

Zhou Yanru couldn’t bear it, so she took her daughter and never interacted with Sun Tian again.

Unexpectedly, today, Sun Tian has made a name in the capital, and now he is here to ask her for custody of his daughter.

Zhou Yanru would naturally not agree, but now that she heard Sun Tian say this, she hesitated again, because just on the plane, the sequelae did relapse.

Although when Lin Kai was in the hotel, that paragraph seemed to have something to say, but after all, he hadn’t gone to the hospital for an examination, so it was hard to judge.

Maybe the sequelae were still there, and if something happened at that time, it was really bad for Sun Wanyue.

Therefore, Zhou Yan couldn’t help but talked to Sun Tian and said: “If you are sincere and want to get your daughter back. Can you wait for something to happen to me, how about you raise your daughter?”

Chapter 1556: Admonish

Chapter 1556

Sun Tian looked at Zhou Yanru with disdain, and said coldly: “No, if you don’t give me the custody of your daughter today, you won’t want me to raise your daughter in the future!”

At this time, two teachers happened to pass by. While looking at Zhou Yanru sympathetically, the two of them whispered in a low voice, how unbearable Zhou Yanru's ex-husband, that is, Sun Tian. How did you abandon your wife and abandon your daughter, and now you have some money, raised several women, and come back to harass Zhou Yanru.

However, although these two teachers were very angry at Sun Tian's behavior, it was a family affair after all and it was not easy to get involved, so after expressing their indignation, they left quickly.

After Lin Kai heard the words of the two teachers, he paused and then walked towards Zhou Yanru.

After Sun Tian finished speaking, without waiting for Zhou Yanru to say anything, he made a gesture to pull the little girl Sun Wanyue away.

The little girl Sun Wanyue immediately hid behind Zhou Yanru, and then tightly grasped Zhou Yanru's arm, looking at Sun Tian in fear.

Obviously, the little girl Sun Wanyue was terrified of Sun Tian.

When Zhou Yanru saw this scene, she made up her mind not to let Sun Tian take her daughter, so she scolded Sun Tian, who was constantly approaching, "Don't come here again! I won't let my daughter follow you." Besides, custody is in my hands!"

Sun Tian sneered; "Sun Wanyue is not your daughter alone, but also my daughter! Today I will take away Sun Wanyue, who dares to stop me! In addition, custody, hehe, after I take away Sun Wanyue, I will directly sue you, you are unable to raise your children, and you may die of illness at any time. I think you will give me custody!"

Hearing Sun Tian's rampant words, whether it was Zhou Yanru or the little girl Sun Wanyue, their faces paled and kept backing away.

Sun Tian looked very proud when he saw this scene. He took Sun Wanyue away, naturally not to raise his daughter.

When he was about to approach the mother and daughter, Lin Kai had already arrived, blocking Sun Tian's path.

Sun Tian saw a man who was younger and taller than him, and blocked his way. He was immediately annoyed and shouted at Lin Kai: "Boy, let me go! Otherwise, you will die hard." !"

"Oh?"

When Lin Kai heard this, there was a hint of playfulness in his eyes, and he said lightly: "I want to see, how you made me die is ugly."

Since he happened to meet Zhou Yanru, Dong Zhenni was from this school anyway, and Zhou Yan was a teacher at this school, so he also helped.

In this way, Zhou Yanru would owe him even greater favors. With this favor, Zhou Yanru can take good care of Dong Zhenni.

It should be said that Lin Kai wanted to compensate Dong Shu. After all, Dong Shu had paid a lot for him before, and what he owed. And Dong Shu kissed Dong Zhenni more than her sister.

Therefore, in order for Dong Zhenni to go to school in this university, he once again helped Zhou Yanru.

“Big brother!”

Before Sun Tian could answer anything, Sun Wanyue, the little girl behind Zhou Yanru, was surprised to see Lin Kai coming. She had an inexplicable sense of security.

Not to mention the little girl Sun Wanyue, even Zhou Yanru felt an inexplicable sense of security when she saw Lin Kai’s tall figure standing in front of them.

Although Zhou Yanru didn’t say anything, she looked at Lin Kai with some gratitude in her eyes.

Lin Kai looked back at the little girl Sun Wanyue, gave a look of relief, then continued to look at Sun Tian, and faintly warned: “You are not worthy of raising children at all. I kindly remind you that I gave it three seconds. Get out, or you will be at your own risk.”

“At your own risk? Haha! How old are you! Besides, this is my family affair, what does it have to do with you? Nosy fellow!” Sun Tian was even more annoyed and scolded.

Lin Kai calmly said, “I’ll take care of this. What can you do? Also, Zhou Yanru divorced you, and the child’s custody is in Zhou Yanru’s hands. It has nothing to do with you.”

“It turns out that your kid knew her. Are you Zhou Yanru’s new love?”

Sun Tian immediately pointed to Lin Kai, and looked at Zhou Yanru with extreme anger: “Okay! No wonder you refused, you just found a new love!”

Although he was divorced and Sun Tian also raised several women, he was very upset to see Zhou Yanru still with a handsome young man.

Zhou Yanru was taken aback, but she didn’t explain anything, she sneered: “Mr. Lin is right. Now I and my daughter Sun Wanyue have nothing to do with you! Don’t bother me!”

“It doesn’t matter if you say it’s okay? Listen to that kid! I’ve already said that no one will stop me today and take Sun Wanyue away!” Sun Tian was still reluctant and wanted to make a detour to Lin Kai and go to Zhou Yanru.

How could Lin Kai let Sun Tian succeed? He kicked it with a quick kick, and Sun Tian was kicked upside down a few meters away and fell to the ground severely.

“Are you taking my words as deaf ears? If Zhou Yan has her own ability to raise Sun Wanyue, it has nothing to do with you. Did you hear it?” Lin Kai looked condescendingly at Sun Tian, and said lightly.

Sun Tian’s complexion twisted because of the pain, and then resisted the pain, stood up shaking, and pointed at Lin Kai again: “Boy! Good! Good! Do you think I can’t help you? As for what you said. It’s even more a joke. How could Zhou Yan have the ability to raise her? She had a heart attack before, but it was not completely cured. She still has sequelae and may die at any time!

Haha, in this case, what is the ability to raise Sun Wanyue? If I file a lawsuit, Sun Wanyue will definitely be sentenced to me! Boy, did you understand? “

Lin Kai’s expression remained unchanged, and he continued to speak lightly, “Oh? Who said there are sequelae? You and Zhou Yanru have been separated for several years. How do you know that there are sequelae now? Moreover, Zhou Yanru is healthy now, and it is useless to sue you again .”

If it wasn’t for this school, it would be because Zhou Yan was a teacher of this school, plus he personally sent Dong Zhenni to this school. Many students and teachers know him.

Especially now, many teachers are watching, so he is not good at making too many heavy moves.

Sun Tian was stunned when he heard it. Indeed, he hadn’t come to Zhou Yanru for several years. Is it cured? No, the sequelae back then could not be cured, even if you spend more money.

When Zhou Yanru heard Lin Kai’s words, she was also greatly puzzled. According to Lin Kai’s words, she now has no sequelae?

She thought about it again. After Lin Kai awoke her on the plane, she looked more energetic and younger than before, as if something had been cured, and that change happened.

Chapter 1557: Wait For Death

Chapter 1557

Not only that, Zhou Yanru suddenly remembered that when she was in the hotel, she asked Lin Kai why she had such a change.

Lin Kai said casually, let her go to the hospital for an examination, and she would understand.

Now that Lin Kai said so, it seemed that her sequelae had been completely cured.

So Zhou Yanru couldn’t help asking Lin Kai, “Mr. Lin, I...”

Before Zhou Yanru could finish, Lin Kai interrupted her with a smile: “Mr. Zhou, didn’t I say before, your sequelae is not cured, you can go to the hospital for a checkup. Of course, if you don’t worry, go for a checkup. Don’t worry. If you do, you don’t have to go, because you are indeed very healthy now.”

Lin Kai’s last sentence has been thoroughly explained, and the implication is that your sequelae have been cured.

If you don’t believe it, you can go to the hospital to check if you have recovered.

At this moment, Zhou Yanru looked very excited when she heard Lin Kai’s words. She didn’t have the slightest doubt, she trusted Lin Kai very much. After all, she could really feel that she was much healthier than before.

After the sequelae has been cured, then she does not have to worry about herself, she will relapse at any time, which is indeed not good for raising a daughter.

Lin Kai raised his eyelids slightly, looked at Sun Tian, and said faintly: "Zhou Yanru's sequelae have been cured, but you should be spent all day drinking and messing around outside, causing you to get AIDS. Prepare your coffin and deal with your own funeral. Right."

"What? I am AIDS? Your whole family has AIDS!" Sun Tian was furious in an instant.

Lin Kai said, "Unfortunately, I still know some Chinese medicine. I can see that you only contracted it when many people were exercising almost a month and a half ago. Think about it carefully. Within a month and a half, you From time to time, I often feel weak, not only cold sweats and retching, but also frequent abdominal pain.

In addition, often vomiting and diarrhea. This is the decline of your immunity in all aspects after infection. Of course, it is also possible that you have caught a cold or something. If you think so, I can't help it. If you dont believe me, you can also go to the hospital for fear that you dont have the courage to go to the hospital. "

"You...you, you are just talking nonsense!" Sun Weather's whole body trembled. To be precise, he was afraid, afraid that he would get this.

In fact, he believed half of Lin Kai's first sentence, because he was indeed a multi-person exercise a month and a half ago. Then every thing Lin Kai said, he did experience these within this month and a half.

In addition, Lin Kai said that he knew Chinese medicine, and he basically believed it.

However, he naturally would not admit this, so he continued to scold Lin Kai: "If you talk nonsense again, I will sue you for libel!"

Lin Kai said indifferently: "Your body was originally very weak, but now you have this disease again, and your immunity has declined even more severely. I advise you to go to the hospital now and you can live longer. Otherwise, you will have a few months. There is no doubt that Nei must die. In your state, you still want to raise Sun Wanyue?"

Lin Kai naturally didn't exaggerate. He saw that Sun Tian was really messing around, causing the body that was already weak, but now it is full of holes.

Lin Kai's words made Sun Tian seem to have suffered five thunderstorms.

The reason why he wanted to come over and forcibly raise Sun Wanyue was because he had a lover who told him that he could not have a child, but he should adopt a child.

And that lover is going to be married as a Ming match, so Ming still has to have a child. So much so that Sun Tian thought of his daughter.

As for the lover, it was one of many sports. He thought that lover didn't want to have a child, so he said that, now it seems that it is because of that disease!

Thinking of this, Sun Tian was about to collapse, completely believing what Lin Kai said.

Lin Kai saw Sun Tian's expression and calmly said, "So, you are not qualified to raise Sun Wanyue. If you dare to disturb the mother and daughter, you can give it a try."

As Lin Kai said, with a wave of his hand, Sun Tian was retreated again and again, as if he had been hit hard.

Sun Tian showed fear in his eyes instantly. He thought it was the first time that Lin Kai attacked him and let Lin Kai succeed.

Unexpectedly, Lin Kai had such a skill.

Sun Tian was planning to grab Sun Wanyue before, but now he dares to be presumptuous, but he is still quite unwilling to say: "I don't believe that Zhou Yanru's sequelae is cured. I have to see the results of the examination personally to see if it is cured! Just look. When it's cured, I won't bother!"

Sun Tian still didn't believe that Zhou Yanru's sequelae was really cured, and he suddenly sneered.

Zhou Yan is also very nervous at this time. After all, whether her sequelae is good or not, now it is about whether Sun Tian will disturb her life in the future.

Sun Tian will not be arrested if he doesn't do excessive things. In the long run, this kind of interruption is still very painful.

As a result, Zhou Yan could not help but ask Lin Kai cautiously: "Mr. Lin, am I really all right?"

Lin Kai nodded immediately in response: "Well, it won't matter if you go to the hospital for an examination. It happened that this guy didn't give up on seeing Huang He, which made him die of this delusional heart."

Hearing Lin Kai's words like this, Zhou Yanru felt relieved again.

So Zhou Yanru took the little girl Sun Wanyue and Lin Kai to a nearby tertiary hospital.

Sun Tian drove the car by himself, closely behind.

After arriving at the hospital, Zhou Yanru conducted a comprehensive examination, which proved that the sequelae had been cured, she was very healthy and had no problems.

The true energy that Lin Kai entered, not only healed the heart, but also had great benefits for the whole body.

Zhou Yanru looked at the results of this examination, surprised and delighted, and at the same time extremely grateful to Lin Kai.

The same goes for the little girl Sun Wanyue, her little face filled with joy: "Great! Mom no longer has to worry about it! You can take care of me better!"

Lin Kai also smiled slightly,

Only Sun Tian, who came with him, looked extremely embarrassed.

Lin Kai looked at Sun Tian coldly and said, "We have to find ourselves unhappy, let's go."

Soon, Lin Kai took Zhou Yanru and the little girl Sun Wanyue and left together.

Sun Tian's expression became even more embarrassed, and he never thought that Zhou Yanru was really well, so that he really couldn't refute anything. He thought of himself again, gritted his teeth, and ran to check.

Half an hour later, Sun Tian looked at the inspection report in his hand, his eyes were red, and he was really diagnosed! Damn it! How can it be! Why was diagnosed! why!

He thought of Lin Kai's words again, prepare the coffin and wait for death, and handle his own funeral.

As soon as Sun Tian thought of this sentence, he almost fainted because the doctor also said that if he did not rely on drugs to maintain it, he would not live for a few months.

Chapter 1558: Trigger Task

Chapter 1558

On the contrary, Sun Tian resented Lin Kai. If Lin Kai hadn't said that he had the disease, he would not have known it, let alone check it.

Now that it was checked, Lin Kai was directly blamed.

And he also remembered that Lin Kai took away the scene of Zhou Yanru and Sun Wanyue, and he resented Lin Kai even more!

That poor boy, why didn't he get this disease! He wants Lin Kai to have a hard time too!

Thinking of this, Sun Tian left the hospital tremblingly. Obviously, he was still in the panic that he had the disease, and he hadn't been relieved yet.

Then he went to the side, with an expression of incomparable malice, picked up the phone and made a call.

At the parking lot outside the hospital, Zhou Yanru gratefully said to Lin: "Mr. Lin! Thank you again! If it weren't for you, I would really be disturbed by Sun Tian this time. Moreover, you still have treatment. Good my sequelae, such a great kindness, there is no return in this life."

Lin Kai shook his head and said, "It's not that serious. It's just passing by. Seeing that guy is not pleasing to the eye. In addition, if you continue to bother you, just give me a call. I should stay in the provincial capital for these two days. "

It wasn't that Lin Kai wanted to stay, but the system released a task. As for any task, it was the kind of trigger task. In short, stay in the provincial capital and wait for the task to be triggered.

This kind of task is quite rare, and the extraction ability that should be rewarded is very good, so I decided to stay for a day or two.

If it doesn't trigger after one or two days, then just leave.

"Understood! Thank you Mr. Lin!" Zhou Yanru nodded obediently, and then she continued: "In terms of school, you don't have to worry about Dong Zhenni, I will take more care of her."

Lin chuckled. He didn't expect Zhou Yanru to have a high EQ. He didn't say anything, Zhou Yanru promised.

Lin Kai thanked him for this.

Soon, Zhou Yan wanted to send Lin Kai to the hotel.

Lin Kai booked a hotel, but Lin Kai refused, because someone asked him, it was the flight attendant He Shiyun. Anyway, I had to stay in the provincial capital for a day or two. Since He Shiyun took the initiative to ask him, it was fine to see him. The most important thing is that maybe it can trigger a task or something.

This is triggered, so you have to find it on your own.

Seeing that Lin Kai seemed to be in trouble, Zhou Yan didn't force Lin Kai to send him off, so she said that she would thank Lin Kai next time if she had the opportunity, and then left with Sun Wanyue.

When Lin Kai saw Zhou Yanru leaving, he started to take a taxi and left the hospital to go to the place He Shiyun had arranged.

It is an elegant and quiet music restaurant, the music is the kind of soothing light music, and the environment is also very good, but it has a special charm.

As soon as Lin Kai walked into this music restaurant, he saw He Shiyun sitting in a seat.

Before Lin Kai could go over, He Shiyun had already happened to Lin Kai, and trot to Lin Kai with joy.

He Shiyun is dressed in casual clothes. Even so, he can set off his slender and perfect figure very well.

"Mr. Lin, I thought you would come, but I didn't expect it to be."

He Shiyun was very happy. After all, when he was on the plane, Lin Kai refused her request. If it weren't for the little girl, she wouldn't necessarily get Lin Kai's contact information.

Lin Kai shook his head and laughed: "Well, since I promised your appointment, I will come naturally."

He Shiyun smiled even more happily: "Mr. Lin, please take a seat. I have already booked a seat and I'm waiting for you to order."

Lin Kai laughed and said, "I don't care what you eat. Just look at what you like to eat."

He Shiyun nodded, then the two walked to the seats and sat face to face.

After He Shiyun ordered a few dishes quickly, she began to ask Lin Kai: "Mr. Lin, do you drink? If you drink, what kind of wine is ordered, white and red or beer?"

Lin Kai shook his head and said, "I still don't drink the wine, just drink some drinks."

"That's OK, just order a big bottle of Fat House Happy Water." He Shiyun smiled.

Lin Kai naturally knows what Fei Zhai Happy Water means, it is Coke, Fei Zhai's favorite, he smiled, it seems that He Shiyun does not like wine very much.

After that, He Shiyun went and took the big bottle of Coke, and poured a glass of each.

He Shiyun began to raise the Coke in his hand, thanking him: "Mr. Lin, then I will replace the wine with a Coke and toast you. The last time you were on the plane, you not only saved me, but also the entire 200 people on the plane. Life. This time on the plane, you also saved a life."

Lin Kai also raised the Coke in his hand and said with a smile: "It doesn't have to be like this, it's all my voluntary, it's just smooth."

The two of them said, after clinking their glasses, they each finished drinking Coke.

After drinking, He Shiyun suddenly became entangled, as if hesitating.

Lin Kai saw it naturally and asked, "Miss He, is there anything wrong with you? Why not talk about it."

Lin Kai knew that the triggering task of this system had to be triggered by himself. Otherwise, it will never be triggered, so take the initiative to ask.

He Shiyun sighed when he heard Lin Kai's question, "In fact, I did ask Mr. Lin. When I was on the plane in the morning, I saw Mr. Lin. Your medical skills are very good, so I have some ideas. Because my mother, too. I was sick, for some reason, passed out inexplicably, then became unconscious and never woke up again, but his vital signs were all normal. It was not a vegetative person. In short, other than being unable to wake up, everything else was normal.

I spent a lot of money to seek various famous doctors for my mother, but I couldn't see any disease. Therefore, seeing that Mr. Lin has this kind of medical skills, I asked Mr. Lin to take action. Can you help me see what is going on with my mother? I am grateful if it can be cured. Of course, there is no shortage of money. I also saved a lot of savings, plus my mom's previous passbook, it should be enough. "

"Oh? It's not a vegetable, but it's similar to a vegetable?"

Lin Kai was surprised, his eyes flashed a little thought, he didn't know what was going on, so he had to see it himself. Therefore, he opened his mouth and said: "Miss He, since you have asked me so, I will not refuse it. However, I have to look at the situation you mentioned before I can be sure of treatment."

Of course, Lin Kai was also for this trigger task. Although it hasn't been triggered yet, it will only be triggered when the critical moment is reached.

He Shiyun never expected that Lin Kai actually agreed. She had struggled before because she was afraid that Lin Kai would refuse.

A happy smile appeared on her face immediately: "It's okay, it's okay, as long as Mr. Lin is willing to go and have a look, I will be very grateful!"

When Lin Kai saw that a few dishes just came up at this time, he immediately said, "Don't be so excited, eat slowly first, and don't rush to go after eating."

Chapter 1559: One Soul Missing

Chapter 1559

In this way, Lin Kai and He Shiyun, after drinking and eating, Lin Kai followed He Shiyun to He Shiyun's home.

He Shiyun's home is quite close to this music restaurant. There is no need to take a car or the like. It only takes ten minutes to walk.

So ten minutes later, He Shiyun took Lin Kai to a residential area that was neither new nor old, but it should have been for at least ten years.

Soon I came to a house in a building.

As soon as he entered, a middle-aged man in his early fifties had to clean in the living room.

This person is He Shiyun's father, He Dawei. He Dawei saw his daughter and took a strange man home for the first time, which made him stunned, and then said to He Shiyun: "Xiaoyun, how can I bring my friends back? Don't say a word, and wait for me to buy good food and treat me well."

He Shiyun responded immediately: "Dad, I don't need me anymore. I just came back after having dinner. His name is Lin Kai. He is a new friend, because he knows Chinese medicine, so he brought it back to help his mother."

Lin Kai also said to He Da, "Good uncle."

He Dawei frowned, a new friend? He seems to be in his early twenties, even if he knows Chinese medicine, he probably only knows how to do it.

He Dawei thought at first that his daughter was bringing her boyfriend back. Whoever thought it was a friend who had just met. What made him speechless was that the new acquaintance heard that he really knew some Chinese medicine, so he brought it home, which was too casual.

He thought that his daughter was completely ill for a long time and went to the doctor, and someone who knew a little bit of fur would bring him home to see.

As a result, He Dawei's face changed directly. Instead of being as polite as before, he said in a cold voice: "Xiaoyun, I said you, your mother's illness, you don't know about it. We invited. How many medical experts, even those famous medical experts, are helpless. Why did you bring him home? Isn't this a cause for trouble and a trip for nothing?"

He Shiyun first glanced at Lin Kai apologetically, and then explained to He Dawei: "Dad, don't look at Lin Kai's young age, but his medical skills are still good."

Having said that, she walked to He Dawei and whispered: "Dad, Lin Kai saved the lives of more than two hundred people on the plane last time. This time, this morning, a passenger because of himself I was sick, and then fell ill and passed out. At that time, there was no special doctor on the plane, but he rescued the passenger in a few seconds."

With He Shiyun saying this, He Dawei was very surprised. He had heard about the last flight, but he didn't expect it to be the young guy in front of him.

But this time, the patient on the plane was cured in a few seconds. He Dawei was still dubious.

He looked up and down Lin Kai carefully, then his expression didn't cool down anymore, but he was not so enthusiastic, just a normal attitude, and said, "Mr. Lin, thank you for saving my daughter last time. As

for Xiao Xiao Yun's mother has been lying in the bedroom. If she can see anything, she hopes that Mr. Lin will be able to treat her and the money will be given as usual."

Although He Dawei said so, there was no expectation in his tone.

Lin Kai smiled disapprovingly. He just came to see if he could trigger the task, and he would cure He Shiyun's mother's illness at will.

For the rest, he didn't feel much.

Therefore, after he nodded to He Dawei, he said to He Shiyun: "Take me over and see what the **** is going on with Auntie. You can only diagnose after seeing it."

Lin Kai is currently only in the Golden Elixir period. He is not a real immortal, but a celestial being, so there is no such thing as being able to see a doctor at such a distance.

He Shiyun heard this and immediately led Lin Kai into the bedroom.

I saw a woman who was about fifty years old, lying quietly on the bed, her eyes closed, her face pale and she didn't look at all. There is a drop bottle next to it, injecting nutrient solution and glucose for women.

If it weren't for seeing and breathing, I'm afraid I would really think it was a dead person.

Lin Kai has already heard He Shiyun say that He Shiyun's mother couldn't wake up inexplicably three months ago.

According to He Shiyun, although her mother had a minor illness, she had almost never suffered a serious illness. She was even in the hospital three months ago. She had a comprehensive physical examination and was very healthy.

However, not long after the physical examination, she suddenly fell into a coma and never woke up again.

After that, I was sent to the hospital and hired the best experts, but it was useless. In the end, I was really helpless and could only take it home, relying on input to maintain life.

After the accident, He Shiyun's father, He Dawei, had to resign and take care of He Shiyun's mother.

Although I have some savings at home, I have hired several famous medical experts, plus the daily medication, and the savings are almost consumed.

This is why, He Shiyun did not want to quit this controversial job as a stewardess.

Lin Kai pondered for a moment, and then carefully observed what was lying on the bed, He Shiyun was currently Li Lianai.

Li Lianai's state is indeed very similar to that of a vegetative, almost the same, but it was diagnosed that it was not a vegetative.

It's strange that even modern medicine can't diagnose it.

This was also the beginning. After Lin Kai heard He Shiyun's account, he immediately thought of it. Maybe there was something weird in it, so he came to see it in person.

Ever since, Lin Kai urged the golden pupil and went directly to see Li Lianai's overall situation to see what was going on.

However, Lin Kai was stunned by this observation. He immediately knew why Li Lianai was not a vegetative but almost like a vegetative.

Vegetatives are often severely injured in the brain, severely damaged brain cells, and become a vegetative, that is, a living dead. Although there is a chance of waking up, the chance is still too small.

As for Li Lianai in the current situation, it is indeed not a vegetable, but if it weren't for him, then there is no chance of awakening.

Because Li Lianai lost one soul!

Humans have three souls and seven souls. Under the observation of the golden pupil, Li Lianai has one soul missing! As for the seven souls, they are all there.

It is precisely because of the lack of this soul that Li Lian Ai has been unconscious and has not been diagnosed as a vegetable.

"Weird, ordinary people are so good, how can they lose a soul?"

Lin Kai was very surprised. If the opponent was an ancient warrior, he would not be too surprised. What the ancient warriors practiced is actually the method of practice left by the immortal cultivators, which is incomplete.

Due to the incompleteness, and over time, he became the ancient warrior of today.

Lin Kai has a complete cultivation technique before becoming a cultivator.

So even among the ancient warriors, there are those who are good at this, such as the evil masters of Southeast Asia.

Chapter 1560: Con Man?

Chapter 1560 Liar?

"Could it be that He Shiyun's mother offended something, an ancient martial artist who is good at this aspect, and then secretly took one of the souls?"

Lin Kai frowned. This was the first time he felt puzzled, but he quickly denied it.

He had known such ancient warriors a long time ago.

So, now Li Lianai is now inexplicably missing a soul. What caused it?

He Shiyun on the side, seeing Lin Kai seemed very surprised, she couldn't help asking: "Mr. Lin, is there something wrong? Or, did you see something?"

With that said, her beautiful eyes had a look of expectation. After all, Lin Kai's reaction seemed to have discovered something.

Lin Kai nodded, and said, "Yes, I saw a little bit and I know why your mother became like this."

“Then what’s wrong with my mother? Is it possible to wake her up?” He Shiyun asked Lin Kai eagerly again with a bit of expectation and a bit of anxiety.

Lin Kai didn’t tell Li Lianai’s soul that Li Lianai had lost a soul, and he was also not sure whether he could find Li Lianai’s lost soul.

Therefore, Lin Kai did not pack the ticket, but after a moment of meditation, he said: “I can only say that there is a possibility of treatment.”

“What? Really?”

He Dawei, who had just walked into the door of the bedroom, prepared to hand Lin Kai the tea, and the paper cup with boiling water in his hand fell directly to the ground.

Obviously, he was shocked when he heard Lin Kai’s words.

Because I have looked for many famous medical experts before, but I didn’t see the problem, let alone treat it. But now, Lin Kai actually said that he not only saw the problem, he even had some confidence in the treatment!

I was surprised just by being able to see what the cause was, but now I can treat it with confidence, and it turned into shock at that moment!

So, in order to make sure whether he heard it wrong, He Dawei continued to ask Xiang Lin Kai excitedly: “Is it true?”

Lin Kai thought for a while, let’s tell the real cause, he was not sure whether he could find it back.

Therefore, he said: “What I say next is true. As for whether you believe it or not, it is your business. Auntie is missing a soul, it is the soul.”

“What? One soul missing?”

All of a sudden, no matter it was He Dawei or He Shiyun, they all showed stunned expressions. Why did they suddenly get involved in the soul, such a mysterious and mysterious thing?

Neither of them can touch their heads, what is the situation, is there really nothing in this world?

Lin Kai ignored the two people’s uncertainty, and continued: “Because of this, my aunt has been in a coma. Only by retrieving the missing soul can I rescue my aunt.”

He Dawei immediately questioned and said, “Young man, do you call this a Chinese medicine doctor? Are you not a Taoist priest?”

He Dawei naturally didn’t believe Lin Kai’s words, and he didn’t believe that there were really three souls and seven souls in this world. He was nothing more than a writer who made up his mind. Whoever believes is a fool.

Lin Kai said indifferently: “From the perspective of traditional Chinese medicine in ancient times, this is indeed incompatible with Chinese medicine. In ancient times, various types of feng shui, yin and yang, etc. were emphasized, so you can treat it as such a disease.”

He was too lazy to explain too much. He had already considered that He Dawei and He Shiyun would not believe it.

The reason why I have to talk about it is because afterwards, he really does not rely on any medicine, real qi or the like for treatment, but has to find a soul.

However, He Shiyun didn't know whether to blindly believe in Lin Kai or something. In short, she asked Lin Kai seriously at this time: "Mr. Lin, how can I rescue my mother with such a lack of soul?"

Lin Kai responded, "Auntie has been in this state for three months, and she often missed one soul. If she doesn't die for seven days, that soul is still in the world. So just give the lost soul to Get it back, put it back into aunt's body, and immediately recover."

He Shiyun was even more puzzled: "Mr. Lin, how can I find it? Ordinary people, shouldn't it be found?"

Before Lin Kai could say anything, at this moment, He Dawei glared at He Shiyun and scolded: "Xiaoyun! Are you crazy! You believe this kind of gods? Are you brainwashed by him? There is no soul in the world, Xiaoyun, be sober!"

He Dawei was talking, and then he looked very unkind. He stared at Lin Kai and said coldly: "Young man, I think you are very good-looking, you shouldn't do this kind of detrimental things in the future. You are not welcome here. "

The implication was to let Lin Kai leave quickly.

He Shiyun hurriedly said: "Dad! What are you talking about! Mr. Lin is not a magic stick, I believe him! Besides, Mr. Lin is my savior. If he is a liar, he would have lied to me long ago. He will not wait to lie now.!"

He Dawei did not waver at all. Instead, he continued to look at Lin Kai and said unkindly: "Young man, I hope you can go on the right path. Don't always think about using some crooked methods to cheat money. The so-called gentleman loves money. The right way depends on your young age. It is the truth to learn a craft as early as possible, rather than being a sly stick and deceiving. You go quickly, otherwise, I will drive you away later."

Lin Kai wasn't angry either. He knew He Dawei would react so fiercely, but He Shiyun believed him, which surprised him.

After all, any ordinary person has never come into contact with any ancient martial artist, let alone a cultivator like him.

Suddenly, I heard that there is really a strange saying in this world, and it will be difficult for anyone to accept it.

The most important thing is that He Dawei's words and deeds are even persuading him to take the right path. If he is replaced by other violent ones, he may directly take action or call the police.

He Dawei is still fine.

But Lin Kai didn't say any more, but left the bedroom and said, "Uncle, then I will leave."

“Dad! Quickly apologize to Mr. Lin!”

He Shiyun suddenly became anxious. Seeing Lin Kai was about to leave the bedroom, she wanted to chase Lin Kai back, but He Dawei stopped him directly in front of her and prevented him from chasing Lin Kai.

Seeing his daughter like this, He Dawei scolded again: “Look at what you are like now. Do you listen to what that **** stick says?”

Hearing He Dawei’s words, Lin Kai had already left the bedroom, he was rather helpless. Although He Dawei’s character was good, his personality was still quite stubborn, and he didn’t believe it at all.

So Lin Kai had to leave first and speak with facts.

Before he left, he had already taken a piece of hair from He Shiyun’s mother Li Lianai.

There is a tracking extraction ability, that is, you can use the hair of the person being tracked, and then use this extraction ability to track.
