Chapter 1561: Retrieve

Chapter 1561

Of course, Lin Kai said to He Shiyun earlier that she was only certain to cure her mother Li Lianai because of a problem.

That is, the extraction ability of this tracking, also did not say, can track the soul through hair and the like.

Lin Kai hadn't tried it, so he wasn't quite sure, so he said that he was only certain, rather than 100% cured.

At this time, Lin drove out of the community where He Shiyun lived and found a remote place nearby. He took out Li Lianai's hair and directly used the tracking and extraction ability.

Lin Kai didn't expect that tracing the soul would be effective!

I saw this strand of hair, and it started flying in one direction.

Lin Kai immediately followed this strand of hair, he followed while controlling the speed of the strand.

Otherwise, the hair will go there in no time.

After almost following this hair, Lin Kai came to a park after twenty minutes.

It's a bit late at night now, and the weather is still a bit cold today, and the cold wind that just started autumn is blowing. So there is not much people coming and going in this park, only a few people can be seen occasionally, scattered around.

Lin Kai saw the strand of hair floating in the air, slowing down there, so it means that it is about to arrive.

Now it has come to a corner of the park.

Sure enough, as Lin Kai thought, the strand of hair immediately stopped in front of a thick tree. Then, after rotating around the sturdy tree a few times, it stopped in mid-air.

Is it this stout tree?

Lin Kai looked at the big tree in front of him, and did not hesitate to urge the golden pupil to observe.

However, I saw that on this big tree, there was not only a soul of Li Lianai, but also a soul.

He was very curious. Obviously in the bedroom, he saw only one soul missing, and the seven souls were complete. So what is found now is one soul and one soul?

Lin Kai didn't understand it, so he didn't want to. Now that he found it, it would be easy to handle.

This lost soul can be regarded as the main soul, and if the main soul is lost, it will become the state of almost a living dead.

What a walking dead, that's the state it is talking about.

So this main soul still has some memories.

Ever since, Lin Kai turned towards the big tree and whispered Li Lian'ai's name: "Li Lian'ai, Li Lian'ai, soul return, soul return."

The soul reacted a little, and seemed to want to go to Lin Kai.

As a result, when that soul was just about to take action, that soul was clinging to that soul.

Lin Kai frowned, his soul was weird, and he was going to use cultivation methods to forcefully take away the soul.

However, the sudden utterance of the mouth meant to beg for mercy.

Under Lin Kai's compelling question, the soul explained why he stayed alive.

That's because Yipu is the soul of this thick tree. This sturdy tree is thousands of years old, and it was only a hundred years ago that the spiritual wisdom was born.

That is, three months ago, Lingzhi was truly recovered, but if you want to improve your own strength, you have to condense your soul.

This sturdy tree didn't know how to condense its soul, so it wanted to **** the soul of mankind.

On that day, He Shiyun's mother Li Lian'ai happened to be walking in this park. This sturdy tree caught Li Lian'ai's soul and robbed it of it.

In three months, this sturdy tree used this soul to condense its own soul.

Lin Kai did not expect that this sturdy tree could be called a dryad.

Although this tree demon Lingzhi was born a hundred years ago, it still belongs to that kind of ignorance in thinking.

Lin Kai said lightly to this sturdy tree: "I see you, a tree demon with thousands of years of practice is also very rare. So I won't kill you, but you have to hand over her soul. In the future, you can't hurt people again, otherwise, I will definitely uproot you and let you disappear from this world."

However, this tree demon was also very persistent, and even wanted to use a branch to kill Lin Kai.

Lin Kai sneered, a small tree demon even wanted to kill him, so he solved the tree demon casually.

However, the tree was not destroyed, but the condensed soul and wisdom were all destroyed.

In this way, it is an ordinary tree that is thousands of years old and will not pose any threat to mankind.

When he solved the tree monster, the system task was finally triggered. This task was to save He Shiyun's mother Li Lian'ai, and the reward extraction ability was also very good. Although it is also the extraction capacity of gold, it is also very practical.

After solving the tree monster, Lin Kai smoothly called the soul of He Shiyun's mother Li Lian'ai to the side.

Seeing Li Lian'ai's soul on the side, Lin Kai nodded secretly, and then he called He Shiyun.

Lin Kai took the soul of Li Lian'ai to He Shiyun's community while fighting.

Soon, the other end of the phone was connected.

Before Lin Kai could say anything, He Shiyun, with a very apologetic tone, kept apologizing for the first time and said: "Mr. Lin, I'm sorry! I'm really sorry! My dad thought you were a liar, so he said such heavy words. I hope you can understand. If I hadn't seen your magical methods, I wouldn't believe it. Of course, Mr. Lin, I trust you very much.

I am again sorry for what my dad said before. If there is something wrong, please Mr. Lin freely talk about me, I hope you can save my mother. As long as my mother is awake, I will agree to any conditions you make, and..."

Before He Shiyun finished speaking, Lin Kai smiled and interrupted: "Aunties soul, I have found it. Are you at home now? If you are at home, I will send this soul to your house. Your mother should be very I will wake up soon."

"Ah? So fast? Really? Great! I'm here, I just wanted to go out to find you!"

He Shiyun responded with surprise and joy.

After that, I was excited and happily speaking incoherently, anyway, it was all kinds of thanks to Lin Kai, I don't know how to thank them.

Lin Kai smiled indifferently. Twenty minutes later, he once again came to He Shiyun's community.

But at the gate of the community, Lin Kai saw He Shiyun, what Joey was looking forward to, and looking around there, as if looking forward to it very much.

Lin Kai can understand He Shiyun's current mood.

When He Shiyun saw Lin Kai coming with a bright smile on his face, he quickly asked, "Mr. Lin, where is my mother's soul?"

Lin Kai immediately smiled and shook his head and said, "You also know that I have a special ability. The soul is naturally invisible to ordinary people. But rest assured, since I have said that I have recovered the soul, wait for you. After I am home, I can tell if I am fooling you."

Chapter 1562: Thanks To Mr. Lin

Chapter 1562

He Shiyun thought about it, and immediately laughed more excitedly.

Lin Kaiyue said so, she became more and more trusting in Lin Kai.

Although she believed in Lin Kai, she actually had a little thought in her heart.

After all, she had never heard of this kind of thing, she had never seen it, and it was something mysterious and mysterious.

She just believed in Lin Kai's medical skills, thinking that Lin Kai was not easy to say, she made up this kind of soul affair. She did not expect to see Lin Kai looking so serious now.

He Shiyun realized in vain that what Lin Kai should have said was true, and her psychological quality was quite strong. Although she knew now, there really were souls in this world.

However, she has lived for more than 20 years, and today is the first time she knows, so she understands that there is still a magical theory in this world, so she is not so afraid.

He Shiyun thought to herself, and brought Lin Kai to her home again.

He Dawei saw that his daughter once again brought Lin Kai back, his expression was very ugly, and he quickly came to the door and stopped there.

Although he didn't say much, it looked like he didn't want Lin Kai to come in.

Fortunately, He Shiyun talked about it for a long time, that is, if Lin Kai came here to try, if it really didn't work, Lin Kai would naturally leave.

Moreover, He Shiyun also made some assurances that if it didn't work, what would he do?

How dare it is, why did Shiyun arrange a blind date? He is the second generation of the rich in this city and his family is rich. He Dawei asked He Shiyun to go on a blind date.

He Shiyun has always been reluctant. She hasn't considered falling in love and getting married yet, but now to get Lin Kai in, she said that if it doesn't work, she will go on a blind date.

It can be said that He Shiyun has bet on his future, which is also the performance of trusting Lin Kai very much.

Lin Kai naturally didn't stop it, because He Shiyun's mother's soul was right next to him, and he was 100% confident to treat it well.

And He Dawei must have agreed, thinking that Lin Kai would not be able to do it at all. Instead, he felt that it would be a good thing to let Lin Kai come in, with a smile on his face.

The reason why he is so anxious to arrange a blind date is that the first daughter should be of age to marry, and the second family is now relying on her daughter to support him alone, or find a rich family member.

This way you can share one or two.

In fact, in the bottom of He Dawei's heart, there is still hope that Lin Kai can treat Li Lian'ai well.

But when he thought of just now, his daughter said that Lin Kai brought back the soul of Li Lian'ai, and he even thought that Lin Kai was a liar.

How can he be fooled by his daughter?

If it weren't for his own daughter, he would use this as a bet, he wouldn't let Lin Kai come into his home again.

But He Shiyun is also smart. Since she trusted Lin Kai, she also made a request. If it worked, then let He Dawei apologize to Lin Kai.

Lin Kai shook his head and laughed, and he was also fine.

It was He Dawei, and he readily agreed. Anyway, Lin Kai had already been determined to be a liar, as if he had the chance to win.

Ever since, He Dawei no longer blocked the door, letting Lin open in.

He Shiyun took Lin Kai directly into the bedroom.

And He Dawei followed closely, fearing that Lin Kai would do something bad, just like a thief.

Lin Kai ignored it, and when he arrived in the bedroom, he decisively ordered Li Lian's soul to enter Li Lian's body.

That soul belongs to the unconsciousness and needs to be controlled by Lin Kai.

Before long, Lin Kai completely led the soul to Li Lian'ai's body.

During the period, He Shiyun saw Lin Kaishou's pinching of Fa Jue, and his eyes were filled with expectation.

However, in He Dawei's eyes, Lin Kai's action became more and more thought that this was a magic stick, a magic stick that pretended to be a ghost.

He wanted to see what he was going to do next, and when he couldn't pretend, he would teach him a lesson.

He had said before, let this kid go on the right path, but didn't listen. It's fine if you don't listen, how long has passed since then came to his house to cheat.

He Dawei was thinking about how he should teach him if Lin Kai reveals himself later.

At this moment, he suddenly heard his daughter's exclamation.

He Dawei suddenly became alert. Could it be that kid doing?

He couldn't help but raised his head and looked at his daughter, and found that her daughter looked at the bedside with excitement and excitement, staring straight.

Is it?

He Dawei's heart tensed, and he quickly looked at the bed, his face was unbelievable for a moment, and then turned into an excited expression.

Li Lianai, who had closed her eyes tightly, slowly opened her eyes.

Li Lianai felt like she had a dream, a dream that she would never wake up.

But for some reason, she just woke up inexplicably from this dream.

When she opened her eyes completely, the first thing that came into view was the face of a young man, it was Lin Kai.

Because of Lin Kai's control, Li Lian'ai's soul was very close.

Li Lianai was stunned when she saw the young man, because she didn't know and had never seen him.

Fortunately, in her sight, beside the young man, her daughter He Shiyun was standing.

Seeing He Shiyun's expression of excitement at this time, as if he had encountered something, the most pleasant thing in the world, this made Li Lian'ai stunned again.

Not only that, she also saw her husband He Dawei, not far away, with an excited expression on his face.

What's going on here?

Li Lian'ai couldn't help but sit up, and then looked at He Shiyun and He Dawei, and said in doubt, "Xiaoyun, Dawei, you guys, why do you look at me with such eyes?"

"Great! Great!"

He Dawei was the first to react and laughed happily: "Lian Ai, you are finally cured!"

He still has a feeling of dreaming. A few seconds ago, he was still thinking about how to teach this liar, but he did not expect that he would be cured.

That is to say, this kid is not a liar.

At this moment, He Shiyun was even more excited. She even cried with joy and plunged directly into Li Lianai's arms.

Li Lianai originally wanted to stretch out his hand to touch He Shiyun's, but found that he was weak and very weak.

Lin Kai heard the sound of the completion of the system task and smiled slightly.

He happened to see this scene and said, "Auntie, although your body is no longer a serious problem, you have been in a coma for three months after all, which caused your body to be very weak. Buy some supplements and it will be completely in two days. restore."

"What? I am unconscious, three months?"

Li Lianai was surprised, with an unbelievable look.

Before Lin Kai could explain anything, He Dawei also shed a few tears at this time, and said, "Lian Ai, you don't know. If it is not for Mr. Lin's action, you won't wake up."

Chapter 1563: Trouble?

Chapter 1563

He Dawei changed his mouth to call Lin Kai as Mr. Lin, which is enough to show that he really repented.

Then He Dawei told Li Lian'ai that she was unconscious three months ago.

At the same time, it was said that Lin Kai rescued her.

After talking about this, He Dawei realized that he and his daughter He Shiyun had a gambling agreement earlier, that is, if Lin Kai rescued Li Lianai, he would have to apologize.

In fact, he didn't need that gambling contract, and he really woke up, he must take the initiative to apologize.

So, He Dawei began to apologize to Lin Kai sincerely, and almost knelt down to thank Lin Kai.

If it hadn't been for Lin Kai to help him up in time, otherwise, he would really kneel down.

It is said that men have gold under their knees, not to mention that He Dawei has lived for half his life, a handful of age.

Suffice it to say that He Dawei is really apologizing.

Lin Kaizi wouldn't be embarrassed about this. Originally this kind of thing, I didn't believe it was normal.

He could also see that the reason why He Dawei had a bad attitude towards him was also because he was worried that his daughter was deceived.

What's more, Lin Kai is also to complete system tasks.

So he responded with a smile: "Uncle and Auntie, you don't have to be like this. I just don't care. You don't need to pay me. I don't charge. Because I and He Shiyun are also friends, it hurts our feelings to talk about money."

Not long ago, He Dawei and Li Lianai both proposed to give a huge amount of treatment costs.

Lin Kai naturally refused. First of all, he was rewarded by the system mission, and he couldn't buy any money. Secondly, he is not short of money.

Before the two of them said anything, Lin Kai took paper and pen from He Shiyun's hand.

This is just now, he asked He Shiyun to take it.

Lin Kai quickly wrote a method to maintain the body and adjust the breath, and then said: "You should follow the several Chinese medicinal materials written above, and then decoct the medicine according to the above ratio, and drink it for a few days. That's it."

After all, a soul has been lost for so long, and some medicine is still needed to let that soul merge completely.

He Shiyun carefully put away Lin Kai and the paper she wrote. She really didn't know how to thank Lin Kai.

Not only did Lin Kai save her, he also saved the passengers in the morning, and now he saved her mother's life at night.

He Shiyun doubted whether Lin Kai was an angel sent from heaven to relieve her worries.

After thinking for a while, she knew that Lin Kai had just rejected her parents and paid Lin Kai for medical expenses.

But it had to be given, so she took out a bank card and a piece of paper with the code of the bank card written on it. Both handed them to Lin Kai, and she said with a serious look: "Mr. Lin, although the card does not have much money, it is my savings for the past three years, which is probably tens of thousands of yuan. You accept it first, and then wait. I have made money, and I will compensate you, how can I say, you saved my mother."

He Shiyun doesn't feel distressed either, as long as her mother is cured, she is also a grateful person, and she knows that giving such a small amount of money is just a drop in the bucket. After she waits, she will make up for it.

Naturally, Lin Kai wouldnt accept it. She smiled: "If you treat me as a friend, dont talk about paying for medical expenses. If you really want to pay for medical expenses, you already paid it this evening. In the music restaurant, you Invite me to dinner, even if its medical expenses."

"How can this work?"

Regardless of whether it was He Dawei or Li Lianai, they were shocked when they saw Lin Kai's refusal, and never thought that Lin Kai was really that kind of person with the kindness of a doctor. Such people are rare.

He Dawei, in particular, felt even more guilty at this time. He had always regarded Lin Kai as a quack and a liar, but after he was cured, he didn't charge a penny.

As a result, He Dawei was so ashamed that his complexion turned red, but Lin Kai didn't care about it at all.

Lin Kai looked at the time and found it was late, so he said, "Okay, I won't bother you. Now that my aunt is well, then it's nothing to do with me."

This time, He Dawei actively wanted to stay with Lin Kai and stay here for one night.

Li Lianai and He Shiyun are the same, hoping that Lin Kai will stay one night.

Of course Lin Kai wouldn't live here, so after declined, he left.

After leaving the community, Lin Kai thought for a while and used his mobile phone to transfer a sum of money to the bank account of He Shiyun.

The main thing is that the several Chinese medicinal materials he wrote are very expensive. He can see that He Shiyun's family savings are almost used up, so he transferred a sum of money to buy those Chinese medicinal materials.

At the same time, He Shiyun was at home and received a text message and saw the message that Lin Kai had transferred money to him. She was moved, and quickly replied to Lin Kai: Thank you Mr. Lin! However, this money should be lent to me and will be repaid in the future!

Outside the community, Lin Kai received this text message, he just shook his head and smiled.

When he was about to take a taxi back to the hotel, the cell phone rang again, this time it was the phone ringing.

Seeing the caller ID, he was slightly taken aback, it was Zhou Yanru's call.

Zhou Yanru, as Dong Zhenni's counselor, naturally kept phone calls with each other.

He was mainly surprised, now it was night, and he called for some reason.

With doubts, Lin Kai answered the phone.

When he was about to speak, unexpectedly came the anxious voice of the little girl Sun Wanyue from the other side: "Hey! Big brother! Big brother, you come soon! That man, with a group of people, came to our house aggressively!"

After the little girl Sun Wanyue finished speaking, an extremely vicious roar came: "Boy! You are so hurry up. If you don't want this mother and daughter to be hurt, come here! It's a man, come here! I am waiting for you!"

This bitter voice is exactly that Sun Tian.

Lin Kai's eyes suddenly became cold. He hated him most, and threatened him in this way.

This is also Lin Yuan's favorite move, but Lin Yuan can't help him, let alone this Sun Tian.

Therefore, he said lightly: "Sun Tian, where are you now? The university dormitory?"

Sun Tian suddenly dismissed a smile: "Boy, you didn't dare to come, so you asked you knowingly? As Zhou Yanru's new love, don't you know where Zhou Yanru usually lives? Who do you want to be blinded to! Come over if a man!"

Hearing what Sun Tian said, Lin Kai recalled a little.

After eating at noon, Zhou Yanru drove the car and was about to go to school, but he should take clothes and ran to a community, presumably that community was Zhou Yanrus home.

Zhou Yanru probably only lived in school when she had classes. Like the usual weekends, I live at home, after all, I have to take the little girl Sun Wanyue.

So now there is only one possibility. Sun Tian is in that community and looking for trouble with Zhou Yanru, otherwise he will not be able to enter the school.

Chapter 1564: Beasts

Chapter 1564

Thinking of this, Lin Kai said indifferently: "You don't need to say more, I will come too. I warn you, before I come, if you dare to move Zhou Yanru and Sun Wanyue, your life will be worse than death."

He didn't use too much words, to threaten things, it was useless.

Sun Tian sneered: "Of course I will not attack them before you come. I'm afraid you dare not come. Give you half an hour to come. As long as you are in the city, half an hour is still Can come here. If you are not in the city, talk to me.

See where you are and give you plenty of time. Anyway, before early morning, you just need to come here. After the early morning, if you do not come, it proves that you dare not come, then they will all be hurt because of your weakness! "

Sun Tian said, revealing an extremely gloomy laugh, as if he was stimulated by something that caused him to be like this.

Lin Kai narrowed his eyes slightly, his eyes became more icy, and said lightly, "Don't worry, it will do in half an hour."

With that, he hung up the phone.

He Shiyun's home is located between the urban area and the suburbs. If you take a taxi, you can arrive in just half an hour. Zhou Yan is like that community.

However, Lin Kai didn't choose to take a taxi, but directly operated the exercises. The real energy of heaven and earth was swiftly flowing up and down all over his body. His feet were like wind, and his figure flickered like flashes.

Like an afterimage, heading frantically towards Zhou Yanru's community.

This speed is faster than that of a sports car.

As a golden pill stage cultivator, Lin Kai still has this ability, but it will consume a lot of true energy in the dantian, and it will not last long, so often, he will not use it.

Because Lin Kai was also not sure whether that Sun Tian, as he said, would not hurt Zhou Yanru and the little girl Sun Wanyue for the time being.

But with Sun Tian's character, it may not be a big deal.

The most important thing is that this Sun Tian troubled Zhou Yanru and the little girl Sun Wanyue, and even threatened him with this, which Lin Kai could not bear.

Therefore, Lin Kai rushed to the community just in his early ten minutes.

That community is an old community, and Zhou Yan is on the first floor, with her own independent yard. The environment is actually quite good and the area is large.

When Lin Kai came here at noon, he saw that the yard was quite beautiful, with all kinds of flowers and plants, and some delicate decorations.

But looking at it now, the yard is messy, all kinds of flowers and plants have been trampled on, and all the decorations have been destroyed.

In short, it can be known at a glance that this must be damaged by a group of people.

At this moment.

In Zhou Yanru's home, Sun Tian took five or six people and blocked the door to prevent people from escaping.

As for Zhou Yanru, she hugged the little girl Sun Wanyue and stared at Sun Tian in a corner of the wall very vigilantly.

Afterwards, Zhou Yanru gritted her teeth and scolded: "Sun Tian! What do you mean! I regret now that I married you back then! Unexpectedly, your character is getting worse and worse. You can do this kind of thing! "

Sun Tian sneered again and again and made strong words: "What do I mean? Do you regret it? Hehe, I do see that you regret it. You deliberately pretended that you had a very serious illness to scare back and scared me and you. Divorce. In fact, you are not sick at all, but deliberately, so that you can get married with your new love!

Don't think you can hide from me! It's your fault, why do you think I am wrong? Look, I got it right, it's your own problem, you have to talk to me! "

What Sun Tian said seemed to be the same.

Zhou Yanru now looked at Sun Tian with extremely disappointed eyes. She thought that after a few years, Sun Tian should be mature, but she didn't expect it to be the same as before, even worse than before.

A few years ago, the reason why she decisively agreed to Sun Tian's divorce request was because she also saw through Sun Tian and his character was really bad.

It's just now that I never expected that my character would be so bad.

At this time, Sun Tian continued to sneer again: "How long has it been with that Xinhuan named Lin Kai? No matter how long you have, anyway, as long as he is here today, then wait for regret! Although we left Married, but how can I say, you are also my ex-wife, and the daughter is still my daughter."

While Sun Tian was talking, he tried to keep close to Zhou Yanru and the little girl Sun Wanyue.

"Go away! Stay away from me!"

Zhou Yanru naturally wouldn't let Sun Tian come over, so she quickly scolded.

The little girl Sun Wanyue was also approached by Sun Tian, and she hid behind Zhou Yanru in fright.

"Haha, I said it, what do you say, it is also my ex-wife. Sun Wanyue is my daughter, I'm here to hug you, what's the matter? Any comments?" Sun Tian smiled and continued to approach.

Seeing that Sun Tian came rudely, Zhou Yanru no longer feared, and slapped her over: "Sun Tian! Don't come near us! Are you sick! I'm afraid you will infect us!"

Hearing Zhou Yanru's words, Sun Tian jumped as if he was stepped on his tail. This was his pain. He would not check if he knew it. With such a check now, there is not much time for autonomy, so now I have the courage to do whatever he wants.

So, Sun Tian felt the pain on his face, and he was furious: "Okay, okay! Stinky bitch, I didn't expect you to forget your ex-husband because of your new love! Find a fight!"

When Sun Tian was about to raise his hand, he was going to beat Zhou Yanru.

Suddenly, there was a man in a suit at the door, he hehe smiled: "I said Sun Tian, so beautiful, you can't bear it. If there is blood everywhere, it won't look good."

Sun Tian, when he heard the man in the suit, he stopped obediently, and after he stepped back a certain distance, he turned to look at the man in the suit, and said with a flattering expression: "Mr. Wu, if you like it. , How about giving it to you for a night? When you finish playing, I will spread my disease to this bitch."

Sun Tianwu's vicious way can be seen, his character is really scumbag, and his heart is gloomy.

As for the man in the suit, after hearing Sun Tian's words, he burst into laughter and nodded in satisfaction: "Haha, Sun Tian, not bad, pretty sensible."

After the man in the suit finished speaking, the few people behind him also showed lewd smiles.

However, Zhou Yanru turned pale, then pointed at Sun Tian, and ranted: "Sun Tian! You are worse than an animal! You are simply an animal!"

Zhou Yan's whole body was trembling like angrily. She didn't expect that this Sun Tian was hitting this, very vicious attention, completely inferior to animals.

Chapter 1565: Come In Time

Chapter 1565

Sun Tian responded disapprovingly: "Smelly bitch, what if I'm not as good as a beast? Hey, I'm sick anyway, and I'm not afraid of anything. In addition, this is Mr. Wu, if it wasn't for Mr. Wu to promote me before, there would be no where I am today Like identity.

Tonight, you will treat Mr. Wu well. If the treat is good, Mr. Wu may show his compassion and tell me to let you go. If Mr. Wu says so, I will definitely let you go. Otherwise, hey..."

Before Sun Tian could finish, the man in the suit smiled and nodded with satisfaction: "Sun Tian, it's not bad, you are still making progress."

The man in the suit was talking, then motioned to Sun Tian to step aside.

Sun Tian obediently stepped aside, and immediately the man in the suit approached Zhou Yanru with a lewd smile.

"mom"

The little girl Sun Wanyue became even more frightened when she saw the man in the suit coming over.

Zhou Yanru was also very scared in her heart, but she couldn't show it in front of the little girl Sun Wanyue. She first spoke to the little girl Sun Wanyue softly and said: "It's okay, don't be afraid, you stand still and don't move."

Zhou Yanru knew that the target of the man in the suit was her. In order not to let her daughter be harmed, she had made up a determination to resist desperately.

Ever since, she walked over to the window next to her, and she was not far away.

The man in the suit first glanced at Zhou Yanru in surprise, wondering why he moved to the window, did he want to jump out of the window?

But he also noticed that the windows are equipped with anti-theft nets, so it is impossible to jump the windows.

The man in the suit immediately felt relieved, and then continued to approach Zhou Yanru. He was going to pull Zhou Yanru into the room and enjoy it.

When I think of this, I can enjoy it later, I laugh more wretchedly, and move faster under my feet.

But Zhou Yanru was cruel, and when the man in the suit approached, she opened the window while the man in the suit was not paying attention.

She used a potted plant by the window to smash the man in the suit.

But just now, a voice suddenly came from her ear, that of Lin Kai.

Zhou Yanru thought she had hallucinations, but then Lin Kai's voice rang in her ears again.

Hearing it clearly, Lin Kai said she was approaching here and asked her to open the window, and then she would go in directly.

Zhou Yanru is a little confused. This is an anti-theft window. Even if the inside window is opened, there is an anti-theft net outside. How did Lin Kai get in?

But then I thought that Lin Kai could use such magical means to transmit her voice.

When Lin Kai came in directly from the security window, he didn't seem so surprised.

As Zhou Yan watched, the man in the suit was about to approach.

Therefore, now she did not hesitate to open the windows on the inner floor.

At the moment of opening, a figure was already standing by the window, jumped in, and then picked up the potted plant from the window, and slammed it on the head of the man in the suit.

Because the man in the suit was still dreaming about waiting, he ignored Zhou Yanru's actions, let alone noticed that someone would come in from the window.

After all, this is an anti-theft window. When ordinary people come in, at least they have to use some tools and spend some time to get in.

However, who would have thought that a person would come in very quickly.

This kind of anti-theft window, for Lin Kai, is naturally like a fake, it will be broken casually.

The reason why Zhou Yanru was asked to open the windows inside was not to destroy the windows inside.

If the anti-theft window is damaged, you only need to replace one, but if the inside is damaged, it is still very troublesome and needs to be replaced.

That's why Lin Kai communicated to Zhou Yanru and asked Zhou Yanru to open the window.

As a result, the man in the suit happened to come over and was hit in the head by Lin Kai using a potted plant.

The man in the suit was hit directly, lying on the ground in a coma.

Everyone at the scene was taken aback, especially Sun Tian and others. They were stunned when they looked at Lin Kai who appeared inexplicably and the man in the suit who was hit.

It was just a blink of an eye. How did Lin Kai get in? Why was the man in the suit stunned?

The little girl, Sun Wanyue, has a small face full of joy, and she keeps calling her elder brother.

Before Sun Tian and others had any reaction, Lin Kai first smiled at the little girl Sun Wanyue, and then walked a few steps forward, reducing the smile, his eyes fell on Sun Tian, and said lightly: "Could it be that you Did you forget what I said? You said it yourself. You are not allowed to touch Zhou Yanru and Sun Wanyue before the early hours of the morning and before I come.

But it's only eleven o'clock, are you doing it? I said that if you do, you will be very miserable. "

As Lin Kai said, his eyes became extremely cold. Fortunately, he judged that Sun Tian's character is not good, and it is likely that he would act on Zhou Yanru and the others in advance.

He rushed here, only ten minutes later, he started to do it, if one step later, the consequences would be unimaginable.

In the afternoon, Sun Tian forcibly went to the hospital and asked Zhou Yanru to check.

Lin Kai saw that Sun Tian is Zhou Yanru's ex-husband after all, and he is not really good about Sun Tian.

Now I didn't expect that Sun Tian was frantic and brought a group of people to harm his ex-wife and daughter. Such people are called scum and they are all insulting scum.

Sun Tian was inexplicably chilled by Lin Kai's words. In short, he felt a sense of anxiety. This made him hurriedly shouted at the few big guys behind him: "Have you not seen Mr. Wu being beaten? Why don't you come? Kill that kid!"

Those big guys belonged to Mr. Wu, the man in the suit. When he heard Sun Tian say this, they looked at Lin Kai one by one, with fierce expressions in their eyes.

"Boy! You dare to beat Mr. Wu, you are done!"

"Die kid!"

These big guys rushed towards Lin Kai and quickly surrounded Lin Kai.

Lin Kai looked very calm, Zhou Yanru hurriedly said: "Mr. Lin, go back!"

Because at this time, the big men waved their fists and feet, all with grinning faces, and threw at Lin Kai.

The physiques of these big guys are very strong. From the eyes of these big guys to Sun Tian who is not far away, Lin Kai is absolutely dead, and he will inevitably lose his life under the punches and kicks.

Although Zhou Yanru already knew that Lin Kai was not very human, she was still very worried about Lin Kai's current situation.

The same goes for the little girl Sun Wanyue, her face at the moment is full of worries.

But then, Zhou Yanru and the little girl Sun Wanyue both showed happy smiles.

On the contrary, Sun Tian looked horrified.

Just because Lin Kai made three strikes to divide five by two in an instant, he easily solved these big guys.

However, he didn't make a big move either.

Chapter 1566: Severe Punishment

Chapter 1566

Although Lin Kai didn't make a big move, it made these big guys miserable.

And he kept these big guys awake, not in a coma.

Not only that, to let these big guys learn a profound lesson, but to wait a moment, he will severely punish Sun Tian, a scum that even a scum can't deserve.

When severely punished, let these big guys take a good look.

At this time, Lin Kai first looked at Zhou Yanru by the window and said, "Ms. Zhou."

"Lin...Mr. Lin, thank you! Thank you for saving me again!"

After recovering, Zhou Yanru was both delighted and scared, quite a feeling of being left behind.

If Lin Kai does not arrive in time, not only will she suffer, but her daughter will also be affected.

Zhou Yanru is even more grateful to Lin Kai.

Lin Kai was fine, so he continued: "Xiao Wanyue has been frightened a lot. You should take her out first. As for me, I will relieve you. You can just wait outside, it won't be too late Long time."

Zhou Yanru asked very curiously: "Mr. Lin, what do you want?"

Lin Kai heard this, without explaining too much, his eyes fell on Sun Tian not far away, and Sun Tian looked scared at the moment.

Sun Tian wanted to escape, but found that he had two legs and he didn't listen to his commands at all, making it difficult to walk.

Zhou Yanru wanted to understand something. She once again looked at Lin Kai with a thankful look, and then took Sun Wanyue out.

She also knew that her daughter was indeed frightened. After all, she was still young and hadn't experienced anything. Suddenly seeing this kind of scene is still very bad.

After Zhou Yanru and the little girl Sun Wanyue went out, Lin Kai slowly walked towards Sun Tian.

Approaching Sun Tian step by step, each step seemed to Sun Tian as if a long century had passed.

Sun Tian didn't know what Lin Kai was going to do to him next, but he saw that Lin Kai inexplicably quickly came in through the security window, and stunned Mr. Wu.

He didn't think much at first, until just now, when he saw Lin Kai hit a few burly men alone, it was as casual as hitting a few years old.

Sun Tian realized that Lin Kai was not easy! However, he had already angered Lin Kai, especially when he heard from time to time in his ears, several big men lying on the ground screaming painfully, screaming like a pig.

Enough to see, how painful it is. At least when the pig was slaughtered, the pig died very quickly, but these big men couldn't pass out, so they could only scream there.

Therefore, Sun Tian became even more frightened. Seeing Lin Kai about to walk in, he scolded: "You...Don't come here! If you come again, don't blame me for calling someone!"

In fact, Sun Tian is already scared so much that he can hardly move, let alone call someone. He mainly frightened Lin Kai and hoped that Lin Kai would not come closer.

However, how could Lin Kai listen to Sun Tian's threat? He walked in front of Sun Tian calmly.

Before Sun Tian could say anything, Lin Kai raised his hand and immediately circulated the true energy of the heavens and earth before submerging into Sun Tian's body.

If you have practiced cultivation techniques and the true qi is submerged in your body, it won't have any effect.

But ordinary people, if they forcefully submerge their true energy, it will be very painful.

There is no need for Lin Kai to direct anything, these heavens and earth's true qi has fallen into Sun Tian's body.

Sun Tian seemed to feel that there was a burst of power, all over his body quickly inflated, like a balloon being pumped up by an inflator, and his whole body inflated more and more.

At the same time, under the influence of the true qi, the blood's temperature instantly rises, like boiling water.

Whether it was the severe pain or the hot blood, Sun Tian began to fall into endless joy.

Sun Tian couldn't support it at all, and fell to the ground instantly, constantly screaming there. This screaming directly covered up the painful screams of those big men.

Especially this scream, with that kind of desperation, makes people suspicious, it is a manifestation of despair.

Not only that, Sun Tian's body began to bloat, as if blisters appeared on his skin, as long as he touched something, he would be very painful.

And the whole body is gradually reddening, it is because the blood is so hot that it is like falling into the magma.

It's just that the current magma does not kill people, only endless pain, the real pain is not for life.

The big men not far away screamed in pain, but after seeing Sun Tian's miserable situation at this moment, they couldn't scream out one by one. I only felt that they were little witches in front of Sun Tian's miserable situation, and Sun Tian was a great witch, and the feeling that little witch saw the great witch.

At the same time, those big men were also very afraid of Lin Kai. In their eyes, Lin Kai was even more demon than a demon.

Lin Kai ignored the thoughts of those big guys. He sat on the sofa next to him calmly, and then casually dropped his eyes on the ground. Sun Tian, who kept rolling in pain and begging for mercy, said coldly: "Sun Tian, I should remember me now Did you say anything before.

This is what you say is nothing, no wonder I am. What makes you most infuriating is that you continue to bully your ex-wife and daughter. Since your daughter was awarded to Zhou Yan Tathagata, it has nothing to do with you. Zhou Yanru also divorced you, and has nothing to do with you. People like you are actually not worthy to live in this world.

As for why I didn't kill you directly, it was because that was too cheap for you. So this kind of pain occurs all the time every night. Don't worry, no one can cure this pain except me. You are not sick, it doesn't matter anymore? I want to see, what else does it matter to you. "

The reason Lin Kai was so angry was because he thought of himself, to be precise, Lin Yuan had used similar methods.

Lin Kai originally hated this kind of thing, and Sun Tian even threatened him with this, it was something he couldn't bear.

That is why Lin Kai punished Sun Tian so severely.

Although Sun Tian heard Lin Kai's words, he couldn't even make a begging for mercy. It was a scream of pain, so painful that he screamed in the depths of his soul.

Lin Kai immediately turned his gaze to the big guys, and said lightly: "Why are you helping Sun Tian?"

Those big men trembled all over, all rushing to answer Lin Kai.

A big man took the lead and said quickly: "This matter actually has nothing to do with us. It was our boss Wu Zhenqi who knew Sun Tian, and then our boss Wu Zhenqi had a deal with Sun Tian, so he brought us over!"

"Yeah! Yeah! It has nothing to do with us. We are just a little girl. The real people behind the scenes are our boss Wu Zhenqi and this Sun Tian!"

“Yes, it has nothing to do with us!”

Those big guys are all anxious.

Chapter 1567: Leave No Hidden Dangers

Chapter 1567

Lin Kai sneered again and again. These big guys seemed to have nothing to do with them.

Who is their boss Wu Zhenqi, how can these big guys not know? What kind of person is Sun Tian, how can they not see it?

Not to mention other things, just because these big guys came here and Lin took the lead in moving their hands, it shows that they are kind of doglegs.

Although the dog leg is not the mastermind, it can't get rid of it.

Regarding the nonsense of these big guys, Lin Kai circulated the real qi casually, and then injected a ray of true qi into the bodies of these big guys.

This time, these big guys screamed again.

However, there was only a ray of true energy, and these big men were only slightly in pain, far inferior to Sun Tian.

Even so, these big guys are still in pain.

After Lin Kai finished this, he stood up again, and then walked to the man in the suit, Wu Zhenqi, the boss of the big guys.

Lin Kai had already learned this information about Wu Zhenqi from those big guys, and he was also a man of all evil.

Not long ago, it was Wu Zhenqi who wanted to do something with Zhou Yan.

Lin Kai didn't hesitate anymore, but also injected some real energy into Wu Zhenqi's body.

The true energy of these worlds first awakened Wu Zhenqi who was in a coma.

Wu Zhenqi, who had originally woke up, still had a dumbfounded look, but the endless pain that followed left him with no thoughts, only feelings of pain.

After a few minutes, Lin Kai condescendingly asked Wu Zhenqi, and said lightly, “Is it painful?”

Wu Zhenqi screamed, and answered Lin Kai obediently: “Pain! Hero! Hero, please let me go!”

Wu Zhenqi now knew that it was the young man in front of him that made it, not only him, but also his bodyguards and Sun Tian.

Wu Zhenqi had never experienced such pain before, and his bodyguards were all folded in Lin Kai's hands, so he immediately responded to Lin Kai, not daring to neglect the slightest.

Lin Kai continued to speak lightly: "The pain is fine, I am afraid that you will not hurt. Because of this kind of pain, you can learn a lot. As for letting you go? It is not impossible. As long as you promise me, you will not find Zhou Yanru and Sun Wanyue. Trouble, and less conscientious things. I let you go, its okay."

Lin Kai couldn't manage the others, but he already knew this person, so he had to learn a lesson.

But this Wu Zhenqi may be used to being an elder brother. He heard Lin Kai teach him to get up, and he immediately disdained: "Boy, are you teaching me to do things? How old are you? I really cant call someone when Im a kind of you? Just give me time to make a call and see how arrogant you are!"

When Lin Kai heard this, he sighed and shook his head: "You people, it's rare for me to say badly. This is what most of my enemies can't ask for. On the contrary, you don't care. If that's the case, then I still use it. Fist to talk."

Lin Kai ran a lot of heaven and earth zhenqi this time, and he sank into Wu Zhenqi's body.

Wu Zhenqi only felt a chill in his lower body. He suddenly felt a strong sense of anxiety, and drank coldly, Lin Kai said: "Boy! What are you doing?"

Lin Kai spoke calmly, in a very casual tone, and said: "Don't worry, I didn't castrate you. It's just that I used some means. Your lower body has been scrapped. You can't walk. You can only lie in bed for a lifetime, or In a wheelchair. Live the next life."

"you you!"

Wu Zhenqi originally thought that Lin Kai was joking, but he had already sensed that there was nothing left of his lower body, as if it were not his lower body.

In order to verify it, Wu Zhenqi deliberately tried to desperately and pulled his thigh, but it didn't feel at all, as if it didn't exist.

Wu Zhenqi finally looked horrified. He was about to say something to Lin Kai. Unexpectedly, he saw a body that was flushed red, as if it had been cooked, and still had bubbles on it.

Wu Zhenqi looked at him with horror. The painful figure, with a trembling voice, asked, "He... who is he?"

Lin Kai responded indifferently: "Sun Tian, I heard that you have a deal with Sun Tian. I want to come to a certain relationship. Unfortunately, this Sun Tian is more miserable than you. If you don't want to be as miserable as Sun Tian, Just listen to me, and promise that you will recover after half a year.

Of course, if half a year later, if you still do some damaging things, your lower body will still be scrapped again. You have seen my previous methods. So don't have any thoughts of resistance. If you understand, you can let your subordinates, lift them away and you can roll. "

Lin Kai said lightly, after all, this is the provincial capital, not the East China Sea, and he will not often come to the provincial capital afterwards. He did this not only for Zhou Yanru, but also for Dong Zhenni.

Maybe this group of people, if they don't warn like this, it is very likely that they will also act on Dong Zhenni.

Therefore, Lin Kai did not stop doing two things, and cut off all future possibilities in advance, leaving no hidden dangers.

Wu Zhenqi now, how can there be any resistance? He realized that the young man in front of him is very likely to be a very ancient warrior.

The ancient martial artist Wu Zhenqi still knew that he didn't dare to offend him at all, not to mention that Lin Kai had such a superb ability, which must be very powerful among ancient martial artists.

So after repeatedly agreeing, Wu Zhenqi shouted at several big guys: "Hurry up and take me away!"

"Yes Yes Yes!"

The big guys quickly lifted Wu Zhenqi up, like a professional team, quickly lifted Wu Zhenqi away.

Several big guys didn't want to stay here for a second. Lin Kai's methods were too weird, and the pain, I never wanted to feel it again.

Before leaving, Lin Kaichao Wu Zhenqi said lightly: "I think you should go straight to the hospital to see if you can find out what is wrong. If it can be cured, it would be best. I regret to tell you in advance that the hospital can't find it. In a circle like yours, you should have heard of the ancient warriors. It's useless if you go to find the ancient warriors. That's it, you can figure it out."

When he heard Lin Kai's last words, Wu Zhenqi was shocked. He never expected that Lin Kai would understand him thoroughly. He did wait to go out and asked his men to take him to the hospital for examination first.

If the hospital finds it out, Lin Kai is a joke. If he didn't check it out, he spent a lot of money, and asked the ancient warrior to look at it. If the ancient warrior didn't see any problems, then he gave up the idea of resisting.

But Wu Zhenqi was still very unbelievers in evil. He just snorted coldly to Lin Kai's words, and then ordered some of his men to go to the hospital first.

Chapter 1568: Explorer

Chapter 1568

But these big guys hadn't gone far yet, Lin Kai noticed that Sun Tian, who was still crying on the ground, said to the big guys, "You two, take him away with me. "

Those big guys naturally didn't dare not listen, they sent two people and quickly carried Sun Tian away.

Every night after Sun Tian, there will be half an hour of this torture. If you move some crooked thoughts, the true Qi hidden in your body will be sensed, and then it will happen.

Lin Kai used a little cultivating method to deal with an ordinary person, naturally very easy.

On the contrary, Zhou Yanru and the little girl Sun Wanyue, who were standing outside, were surprised and delighted when they saw this group of people and left in embarrassment.

Lin Kai took advantage of the situation and walked out.

“Big brother!”

At this time, the little girl Sun Wanyue, her mood has stabilized, she has big eyes, staring like stars, looking at Lin Kai with admiring eyes.

Although Zhou Yanru was the same, she was shocked by Lin Kai’s strength, she also admired Lin Kai very much in her heart, and she didn’t show it on her face, she just looked at Lin Kai with a grateful expression.

Lin Kai just smiled at this, and said, “Teacher Zhou, you will feel at ease in the future. Neither Sun Tian nor Mr. Wu will come to trouble you. Of course, it is not ruled out. The two are really not afraid of death.

I have some amulets here, you can wear them on your body. An amulet can save a one-time life, only effective when worn on the body. If anything happens, just contact me. “

Zhou Yanru had about ten amulets in Lin Kai’s hand, and she was even more moved. I didn’t expect Lin Kai to be very considerate.

As for this amulet, Zhou Yan, if he does not suspect that he has him, is very convinced, after all, Lin Kai’s various magic methods not long ago have already made her trust Lin Kai very much.

Besides, Lin Kai had no reason to lie to her like this.

She intends to keep two or three of them for herself, and give the rest to her daughter.

Zhou Yanru began to thank Lin Kai constantly.

Lin Kai shook his head, and asked Zhou Yanru to take the little girl Sun Wanyue, or go back, it was almost early morning, very late.

After the explanation, Lin Kai left and returned to the hotel for one night.

Early the next morning, he took a flight to the provincial capital and flew back to the East China Sea.

Speaking of which, going to the provincial capital for a day, although a lot of things happened, but also a lot of gains.

Lin Kai was not idle on the plane, feeling the double cultivation speed of the funnel extraction ability, which made him very happy.

He could vaguely sense that he was about to break through a small realm!

After the golden core, every small realm is still very difficult.

But with double the training speed, it directly cuts the time by half.

Near noon, Lin Kai returned to his home. He had already informed Dong Shu that Dong Zhenni had been safely sent to the Provincial University.

Dong Shu hadn’t come back from the neighboring city yet, but she returned to Lin Kai’s news, saying that when she was free, she would go to Lin Kai’s house personally to cook a big meal for Lin Kai, thank you very much.

Lin Kai shook his head with a wry smile and didn't refuse.

He returned home, and the Yinshen also returned.

Yinshen has always been arranged near the Leiyuan Group. Since that day, there has been no movement from the Leiyuan Group.

To be precise, it was Lin Yuan who had not come back with those senior officials.

Even if Lin Kaiyong was distracted and lurking there, he still didn't know the specifics for the time being.

As a result, Lin Kai then asked Yinshen to continue to arrange for Leiyuan Group to observe the movements of other Leiyuan Group middle-level employees.

After Lin Kai arranged the Yinshen, he went to the house next door, which is Chen Zhiyuan.

Chen Zhiyuan's legs are almost good, and in a day or two, he will be able to go to work in Lin Qianqian's company.

It is also the beginning of school season. There is a kindergarten nearby, and Chen Zhiyuan's daughter also arranged for admission.

Chen Zhiyuan's daughter has recovered completely and is as healthy as a normal child.

When Lin Kai saw that Chen Zhiyuan's family finally had a normal life, he smiled slightly, repaying Chen Zhiyuan's leg injury for saving him.

Lin Kai didn't stay here any longer, and now there was no movement from Lin Yuan. The Li family saw Li Shengxian, which made the suburbs in the west of the city flourish. Especially when I saw director Pan Liguang filming in Houshan.

Li Chengjia, the head of the Li family, also went there to see it in person. With his eyesight, he can naturally see that if the place is completely open, it will be full of tourists.

In other words, this project is a steady profit without loss, or a big profit.

For the time being, if nothing unexpected happens, Li Shengxian has consolidated his identity as the heir of the Li family.

Therefore, there is no need for Lin Kai to worry too much about the Li family.

With Huang Tianshi, because the Leiyuan Group did not expand rapidly, there was no danger.

Today, Lin Kai has nothing to do. Follow the progress of cultivation, and you can break through a small realm in these two days.

He thought for a while, and went to look at the back of the mountain range on the outskirts of the city.

It should be said that I went to see the progress of the movie and how it has been filmed.

Yesterday morning, the filming officially started. As the biggest investor in this movie, he has to go and take a look.

It just so happens that it can be regarded as the squad for exploring Yin Suyan.

After Lin Kai bought a few boxes of snacks for the entire crew, he drove there.

Two hours later, Lin Kai arrived behind the mountain range.

I saw Pan Liguó directing, filming a scene.

The scenes currently being filmed include Yin Suyan.

It's just that this part of the scene has been filmed many times, but it has never been.

It's not the cause of Yin Suyan, but some other actors who always fail to do well. Either somebody made a mistake, or the action was too harsh.

Pan Liguó has strict requirements whether he makes movies or commercials. It is precisely because of this seriousness that the quality of the film has been improved.

As soon as Lin Kai came, he heard Pan Liguó's furious opening: "This scene is the first time you guys get together. It's very important, you all take it seriously! Wu Feifan, you came from a martial arts actor. , It should be understood that the smoother the action, the easier it will be on the screen to show excellent results.

Although you are hanging Via, but you are also used to hanging Via. Remember, for the light work you performed in the movie, you are also the male one, with a high level of force, so the movements have to be smoother and more free and easy. You have been haggling several times, where is the master style?

Lu Qingfeng, are you still smiling there! Why are you laughing! Your second male character is a kind of humorous and funny character, but you always put on a stinky face. The audience is watching your performance, not your face! Put away your stinky beauty and blend into the character! "

Chapter 1569: Reviews

Chapter 1569

Pan Liguó probably said he was tired. He paused briefly. After taking a sip of water, he continued: "And Yan Xin, you are the same. Anyway, you have acted in several film and television dramas. How can you make you cry? Difficult. Even if you put on eye drops, cut onions, etc., although you shed tears, how come you cry like a smile?

The three of you have been the main actors, so many times, never before! The other supporting roles are better than yours, are you ashamed? Here, I focused on acting Yin Suyan. She basically played well, and even exceeded my expectations. At the end, the expression changed a little, but that was not a big problem. Even so, it is better than you! "

Pan Liguó was merciless, and pointed out the flaws in everyone's performance.

People at the scene, after quite a lot of Pan Liguó's words, did not dare to speak too much.

After all, this is making a movie. When making a movie, the chief director has the most power. Even if it is Yin Suyan's level, he still has to listen to the director when making a movie.

Of course, as long as you don't make any excessive demands, you will often listen.

At this time Yin Suyan was said to be ashamed and lowered her head. She began to practice continuously for her role as a female one almost two months ago.

The lines and actions have been in my mind for a long time, and I don't know how many times I have practiced it. I also express myself in the mirror in my free time.

Therefore, the possibility of her making mistakes is almost zero.

The reason Yin Suyan was panicked just now was because two hours ago, when she was resting, she looked at her phone. After receiving news from Lin Kai, he said that he would come to visit the class.

She also knew that two hours had passed and that Lin Kai should be coming soon, and she was actually looking forward to Lin Kai coming over and taking a look at her beautiful dress. As she thought about it, she was a little surprised, which led to some mistakes in the final closing.

Although Lin Kai came here, he saw the whole scene in one corner.

Because the scene was intense filming, no one noticed Lin Kai in the corner.

Lin Kai knew that in this scene, after all, he had read the script and had the ability to remember.

It was probably the female one who was in crisis, and the male one showed up for the first time, showing up with that chic master style, and then saving the heroine.

The second female and the second male barely belonged to the villains in the early stage. The reason why they are said to belong to them is because they just have different positions. In the mid-term, the situation changed. The second female and the second male began to stand on the united front with the female one and the male one.

While Lin Kai was thinking about it, Pan Liguó readjusted it and started shooting again.

First of all, Wu Feifan, the male one, began to hold the double of the female Yan Xin.

At the beginning of hanging up Wia, in the script, it is the kind of very chic flying over the wall.

It's just that Wu Feifan's current movements are still a bit unbearable, the movements are not so smooth at all, and they are still lacking.

This made Pan Liguó very dissatisfied, and then he said, "Come down, come down! Forget it, Wu Feifan, you don't have to go on Weiya, you should find a substitute for you."

Pan Liguó's tone was a little helpless. If you don't get to the point where it really doesn't work, you will find a substitute.

In fact, according to Pan Liguó's standards, unless it is a situation where the actress is a little embarrassed, such as in a kiss scene, it is okay to find a substitute.

But this kind of skill is not very good if you find a substitute.

Wang Xiaoliang, the deputy director next to Pan Liguó, smiled bitterly: "I think that although Wu Feifan's movements are a bit stiff, on the whole, it's okay. Moreover, Wu Feifan is also one of the martial arts, he just hangs. Wia was still very unaccustomed, which caused some stiffness.

Wu Feifei has the foundation of martial arts since he was a child, and none of the martial arts on the scene is more professional than Wu Feifei. So this substitute is not found at all at present. In my opinion, let Wu Feifan try a few more times. It really doesn't work. It's okay to pick the best one among those few times. "

Pan Liguó frowned and realized that if he wanted to find a substitute now, he would definitely not be so fast, but he still insisted: "Let the other martial arts fingers first, hang Weiya to try the action first, let me see Which one is suitable."

When they heard Pan Liguó's words, many people at the scene shook their heads, but they knew that the other martial arts were not as good as Wu Feifan.

It's not that the other martial arts are not excellent, they are also top martial arts in China, but they are professional in martial arts design.

But if it is in actual combat, it is no better than Wu Feifan.

Wu Feifan has been practicing martial arts since he was a few years old, and it is of that kind. It takes 20 years to practice and has made great achievements in this regard.

Of course, there are many people in the circle who are more professional than Wu Feifan, but they are at least forty or fifty years old, and they feel like they are not picking up.

I really think that young people nowadays seldom suffer from hardships, which leads to martial arts, and film and television dramas are getting worse and worse.

So it can only be done in slow motion, but the slow motion is very awkward to watch, not as smooth as actual combat.

Wang Xiaoliang saw that Pan Liguó was still insisting, and continued to persuade: "Director Pan, those martial arts are not as good as Wu Feifan in actual combat, so there is no need to waste time trying. Or, let's do a slow motion here. Okay, so the action will look good. Besides, if this place is slowed down, the audience won't feel anything."

Pan Liguó shook his head decisively, and said in a deep voice: "Slow motion is definitely not possible. In this way, let Wu Feifan demonstrate again and continue shooting. If I am not satisfied, continue shooting!"

Suddenly, I don't know who came to say: "This is too harsh, I think Wu Feifei's actions are fine, there is no need to pursue perfection."

When Pan Liguó heard this, his brow furrowed more severely, then he swept toward the crowd and yelled, "Who said that?"

Suddenly, the scene was silent.

The one who spoke before naturally did not dare to stand up.

Seeing this scene, Lin Kai shook his head, and then walked towards the shooting scene. He didn't go to the shooting scene because he didn't want to disturb the shooting progress.

But now, the problem is not solved, the shooting is not only delayed, but also affects everyone's mood.

After all, I have never filmed, whether it is the director, the actors, or the staff, they are not very good.

As Lin Kai walked over, he commented: "Director Pan did the right thing. It is precisely because Director Pan is more demanding and pursuing perfection that his film and television works have always won with high quality. Most importantly, in my opinion just now, when Wu Feifan hangs Wia, he still can't let go, and his movements become rigid."

Chapter 1570: I'll Try

Chapter 1570

When everyone at the scene looked at Lin Kai, they were stunned.

In addition to directing a few starring actors, the other staff also knew Lin Kai. How can Lin Kai be the biggest investor in the movie.

What's more, just two days ago, Lin Kai was able to crush Lu Qingfeng's power and prestige, and no one dared to offend Lin Kai.

On the contrary, Yin Suyan, Pan Ligu and others exclaimed when Lin Kai came.

"Lin Kai, you are finally here!"

"Mr. Lin, why are you here?"

Yin Suyan and Pan Ligu said one after another.

Especially Pan Ligu, what Lin Kai said just now was completely admiring him.

After all, Pan Ligu could see that there were many people on the scene, both the actors and the staff, who complained about him, and complained about why he had not given this scene.

Failure to give it means that you have to continue shooting this section, and you can't stop work sooner.

In fact, Pan Ligu was also very anxious, but he could not open his eyes and talk nonsense, and give it to him without his conscience. He has agreed to Lin Kai to make this movie well, not to mention that he himself strives for perfection.

He can also understand the mood of the people at the scene, but few people can understand him. Now, hearing Lin Kai's words, he feels better.

So Pan Ligu said, "Mr. Lin, fortunately, you came in time."

He believes that if this continues, the filming of today will not be completed and will have to be delayed.

Before Lin Kai said anything, Yin Suyan ran to Lin Kai quickly.

Yin Suyan's costume is a blue ancient dress, and her hairstyle is also an ancient dress, giving people a fairy-like appearance from the sky.

Yin Suyan smiled and said, "Lin Kai, where have you been these past two days?"

Lin Kai shook his head and said, "I did a favor to my friend."

He didn't explain too much, and Yin Suyan didn't ask.

However, Yin Suyan said at this time: "Mr. Lin, I may not be able to eat with you at night. The scene has never been played. I guess I will have to work overtime at night."

Two hours ago, Yin Suyan learned that Lin Kai was coming, so he returned and invited Lin Kai to dinner in the evening.

It's just that she didn't expect that this scene would be so difficult to shoot. Except for her, everyone else had some problems.

Yin Suyan had no complaints. He understood that Pan Liguó's demanding requirements were also for the quality of the entire movie.

When the quality of movies is improved, the box office will sell even more. Its a big hit, and the biggest benefit is that the actors and even the staff can stick to the benefits.

After all, after participating in this kind of box office big-selling movie, going to other crews in the future, then the status experience is different from the past.

Pan Liguó was the most powerful person in the entire crew when he was shooting a movie, and that was based on the fact that Lin Kai did not come.

Now that Lin Kai is here, he still has to see what Lin Kai means.

Especially now, Yin Suyan said to Lin Kai.

No matter how stupid Pan Liguó is, you can see that Yin Suyan is interesting to Lin Kai. Besides, Lin Kai also saved his life.

Therefore, Pan Liguó gave in a little bit, and said, "Well, let's try this scene a little harder and try a few more times. Still nothing results, just try again every day, and you don't need to work overtime at night."

In fact, according to the rules of the crew, if a scene has never been seen, it must continue to shoot until it passes. No matter how many times you try, it is the same.

Because the shooting machine, extras, makeup, etc. are all set, otherwise, the next time I shoot, it will be difficult to feel the same as the last time.

The main reason why Pan Liguó backed down was what Yin Suyan said to Lin Kai.

"Thank you, Director Pan. However, I really tried my best to complete it. But I don't know why, I can't always achieve that very smooth effect." Wu Feifan's tone was filled with helplessness: "Director Pan, to be honest, I felt that after the next few visits, it was not as good as the previous few times.

I feel that I myself have entered an endless loop. I guess if you find a substitute, you can't perform such smooth movements. "

Wu Feifan naturally did not dare to complain. It was Lin Kai who gave him a chance to become the male one in the movie. He has a good grasp, but he feels that in that action, he thinks he is the limit, there is no way to surpass it, and it will even get worse.

Wu Feifan also knew that none of the other martial artists were as good as him, he was all like this, let alone other people. In order not to waste everyone's time, Wu Feifei spoke to Pan Liguo at this time.

When Pan Liguo heard Wu Feifan say so sincerely, he frowned again. This time he was not about to get angry, but was thinking, is it really that he is too harsh?

Although Pan Liguo is not a professional in martial arts, he still knows how to behave in front of the camera. That action is really difficult.

Just when Pan Liguo was helpless, a voice sounded in vain in this silent scene.

"I will try this paragraph."

Everyone's eyes fell on Lin Kai again.

Just because of this sentence, Lin Kai said.

Everyone was taken aback, the biggest investor, want to try?

Yin Suyan heard Lin Kai's words, a smile appeared on her face, but she knew Lin Kai's skill, that action should be trivial.

The others looked at Lin Kai in surprise, with a look of puzzlement and confusion.

Wu Feifan hurriedly persuaded: "Mr. Lin, this paragraph is to hang Wia. If you haven't done that, it's still dangerous to do that. So, Mr. Lin, don't try it to avoid injury."

Although Lin Kai can be said to be his benefactor, it is not an exaggeration. After all, it is Lin Kai who can get the role of male one.

But now it was a certain danger, so much so that Wu Feifan had to stand up and stop Lin Kai from trying.

Lin Kai smiled and shook his head and said, "Don't worry, I will be fine."

He mainly saw that this scene might not be finished tomorrow, anyway, he was here, so he solved the scene easily.

For Lin Kai, this was all a matter of effort, and he could easily make that triumphant movement without having to lift Wia.

Hearing this, Pan Liguo immediately persuaded, "Mr. Lin, how sure are you?"

He also knew a little bit about Lin Kai's skill, but it was still very difficult for Diaoweiya to make that move, so he asked.

If it is a change of skill, Pan Liguo will definitely dissuade him directly, even if the opposite is the biggest investor.

Lin Kai said at this moment: "100% sure, this action shot is left to me."

As he said, he opened his mouth to Yin Suyan again: "Su Yan, you can go to rest. After this shot is made, there is no need for other people to act out."
