

# Special Forces God Level Extraction System

## Chapter 16: God Eye

### Chapter 16: Divine Eyes

At this time, Lin Kai remembered that he didn't seem to have upgraded his Hawkeye skills.

When discussing with Lin Yuan, the system issued a task. As long as he can defeat Lin Yuan, he can upgrade his Hawkeye skills for free.

The Hawkeye skill is one of the most practical skills Lin Kai possesses. It can give Lin Kai sharp vision and the ability to slow down.

Lin Kai was very curious. He didn't know what Hawkeye would look like after upgrading his skills.

"Upgrade now!"

"Yes, the Hawkeye skills are being upgraded."

The sound of the system fell, and then Lin Kai felt a sensation of coolness, and his eyes seemed to be wrapped in a moisturizing liquid.

This feeling was very comfortable, and Lin Kai couldn't help but yell out comfortably.

Lin Kai's eyes were changed little by little by the system, starting from the most primitive cells, Lin Kai began to possess various abilities of Hawkeye.

The eyes of an eagle have two central concave surfaces, and the density of cone cells is about six or seven times that of a human. Therefore, the eyesight of an eagle is much stronger than that of a human.

Before the upgrade, Lin Kai had all the abilities of Hawkeye, but after the upgrade, Hawkeye was no longer a hawkeye.

It has become a \*\*\*\* eye!

After about ten minutes, Hawkeye successfully upgraded to God Eye.

“Eagle Eye has been successfully upgraded! Congratulations to the host for obtaining Divine Eye (Silver)!”

Silver level skills!

When Lin Kai opened his eyes, the first thing Lin Kai felt was the cool air and the extremely clear world!

Now, Lin Kai can clearly see every corner in front of him, and can even zoom in and out at will.

If the world Lin Kai saw at the beginning was a black and white mobile phone screen, the Eagle Eye was the color mobile phone screen, and the God Eye was the smart phone screen!

Looking in the mirror, Lin Kai found that his eyes were much more beautiful, big and energetic, and very temperamental.

Eyes are the soul of a face. They look good. No matter how ugly they are in other places, they will give people a handsome feeling.

But Lin Kai’s appearance was good, but now his eyes have changed, and he has become very handsome.

Of course, becoming handsome is not the most important thing, the most important thing is the powerful skills that God Eye brings to Lin Kai!

“The \*\*\*\* eye and eagle eye are not only visually changing, the most important thing is that the \*\*\*\* eye has perspective skills, the host hurry up and try!”

perspective? So tough?

After the protagonist in the novel has acquired the perspective skills, he can see the gems in the stone with accuracy. Is it possible that he has obtained such a heavenly golden finger?

Lin Kai found a deck of playing cards, squinted his eyes and stared at it. As expected, the back of the playing cards began to change and became transparent.

The numbers on the front of the playing cards were clearly seen by Lin Kai!

Get rich! In the future, even if I don’t serve as a soldier, I can go to Macau to gamble and make a big deal! Lin was happy in ecstasy.

It is worthy of the silver level skills, the silver level skills are so powerful, wouldn’t the gold level skills be against the sky? God-level skills, isn’t it a rhythm to take off?

In addition to upgrading his skills, Lin Kai also has forty upgrade points and attribute points.

After a glance, it took a hundred upgrade points to upgrade from a bronze skill to a silver skill. Lin Kai's upgrade points were not enough to upgrade the other two skills.

But attribute points can be added to oneself.

Lin Kai's strength is no longer weak, the speed can be said to be fast, but the reaction ability and physical strength are not very strong, just the average person's level.

Lin Kai's request is that he is a person who wants to be a special soldier, and he is stronger than others in both physical strength and reaction ability!

So Lin Kai didn't hesitate, adding ten points of reaction and ten points of physical strength.

There were still twenty attribute points left, and Lin Kai put all his head on his strength.

In Lin Kai's cognition, in front of absolute power, all tactics are nonsense, so as long as the strength is strong enough, there is no enemy that can't be defeated!

After adding the attribute points, Lin Kai's body began to change.

There was another peculiar tingling sensation, and the whole body seemed to be covered with bugs. These bugs seemed to bite Lin Kai's body.

Whether it is bones or muscles, Lin Kai can feel the changes.

Even Lin Kai's head, he felt it was changing.

Lin Kai's muscles became stronger bit by bit, the fat was disappearing from Lin Kai's body, and the bones were undergoing amazing changes.

This change didn't bring pain to Lin Kai, but was very comfortable.

A few minutes later, a layer of black oily residue appeared on the surface of Lin Kai's body.

Lin Kai was taken aback by the oily residue on his body. Could these things be trash in his body? After this upgrade, they were all discharged?

The greasy residue was dark, sticky, and very disgusting. Lin Kai hurried into the bathroom and took a shower.

After taking a shower, Lin Kai stood in front of the mirror, stunned.

This...Is this still me?

He has beautiful muscles, without a trace of fat on his body, his body is comparable to a fitness model, and Lin Kai is not a muscle that explodes all over his body, but the kind of muscle that looks thin when dressed and has fleshy undress!

Not only the body, but even the little brother in the middle of his legs has become a lot bigger.

The current self is not only rich and handsome, but also a big character!

Looking at his perfect muscles, Lin Kai was very shocked.

Looking at his attributes again, he is perfect.

Host: Lin Kai

Age: 19

Sex: Male

Strength: 40

Speed: 30

Response: 20

Stamina: 20

Skills: God Eye (Silver), Watermelon (Bronze), Plastic Bag (Bronze)

Lin Kai's strength is the sum of four ordinary people. In other words, in the current Lin Kai, one person can do the work of four people.

The speed is comparable to that of a mountain bike, and the reaction ability and physical strength are twice that of ordinary people.

Such a physical quality is more than enough to be a special soldier.

It was getting late, Lin Kai also felt tired, lying on the bed, fell asleep faintly.

...

"Dingling! Jingling!"

It was a call from a person named Zhang Kaixuan who woke Lin Kai.

Lin Kai answered the phone in a daze, "Hello?"

A hearty voice came from the phone: "Lin Kai? I heard that your kid is back from the army? Nothing, Shangri-La is waiting for you!"

"Dududu..."

After the phone hung up, Lin Kai looked dazed.

It took a long time for Lin Kai to realize that this Zhang Kaixuan was his best friend since childhood!

This guy also has money in his family. The family is engaged in real estate. Like himself, he is also a rich second generation.

Shangri-La? Isn't this the most luxurious hotel in Jiangbei?

Finally I can experience the life of the rich! Lin Kai and Ji Ling jumped up from the bed and went to wash.

Soon after, Lin drove a BMW car and drove out of Lin's house.
