

Special Forces God Level Extraction System – Chapter 161 - 192

Chapter 161: Mission Recording

Chapter 161 Mission Recording

But looking at the rank of that person again, Lin Kai was dumbfounded. The rank of this person seemed to be just a lieutenant, not as high as his own.

When does the lieutenant have a guard?

Moreover, it seems that the guards are not simple roles, all of them have sharp eyes and stand straight. They all seem to be practicing.

Ever since, Lin Kai whispered to the wild wolf next to him: “Brother, what kind of big man is that? It seems that his military rank is not high, so why does Brigadier He respect him so much?”

Hearing the words, the wild wolf replied with an indifferent expression: “Liu Fuxing, once the squad leader of the cooking squad of a company in the Southeast Military Region, has now retired and is temporarily living in the military district compound.”

“Huh?” Lin Kai was stunned. Has the cooking squad leader been so ostentatious these years?

Could it be that He Zhijun and the others are afraid that the cooking squad will poison their meals, so they respect him so much? But he has retired! Nonsense!

“Ah what? You brat, this one is the hero of our Huaxia Kingdom. The soldiers he brought out scared you to death! Ye Nantian was once his soldier.” The mountain wolf winked at Lin Kai. .

Ye Nantian? What character? Lin Kai was even more confused.

Liu Fuxing patted his chubby belly, glanced at the projection on the wall, and curiously asked, “What are you looking at?”

He Zhijun’s old face blushed when he heard the words, and he couldn’t speak.

How did he say? Can he say that this is an action video handed in after his soldiers were eliminated?

If Liu Fuxing saw that his soldiers under He Zhijun were so embarrassed, wouldn’t he still laugh at him?

Zhang Tianyi smiled and did not speak. He has never talked much. He is a middleman. He only watches the excitement and will not interfere too much in the affairs between He Zhijun and Fan Tianlei.

When Fan Tianlei heard this, he laughed and said: "Old squad leader, our Southeast Military Region has appointed a newcomer this year. For the first time on mission, he killed seven professional assassins from foreign countries and won third-class merit. The one in front of you, Lin Kai!"

He Zhijun's face turned black when he heard Fan Tianlei's praise of Lin Kai. He just wanted to lift Lin Kai high, and then fell down so hard that He Zhijun was ashamed in front of Liu Fuxing.

When Liu Fuxing heard this, his eyes lit up, and he looked at Lin Kai.

He looked at Lin Kai up and down, smiled, and said, "This little baby is quite white! Xiaotian was as white and thin as him at the time, and his body looked vulnerable."

Fan Tianlei answered, "It can't be compared, Lin Kai can't compare with him!"

When Liu Fuxing heard the words, he held his stomach and laughed, with an amiable appearance.

It seemed that he looked at Lin Kai high, but there was always a kind of arrogance in his eyes, a kind of arrogance that looked down on Lin Kai.

The soldier he brought out, Ye Nantian, is the legend of the entire Chinese nation, a well-deserved soldier king, and a weapon of the country. After bringing out such a top soldier king, Lin Kai can only be regarded as an ordinary special soldier in his eyes. That's it.

"Interesting, let me see how strong this year's rookie king is. Open the projection and let me see." Liu Fuxing laughed.

He Zhijun heard this, with an embarrassed expression on his face, and explained: "That's it, because..."

Before He Zhijun's words were finished, Fan Tianlei interrupted He Zhijun's words: "Hey, Lao He, don't be mad, let the old squad leader see it, what's the big deal?"

"Are you right, Zhang?" Fan Tianlei asked Zhang Tianyi, who just smiled and nodded.

He Zhijun's face was stern. Originally, He Zhijun wanted to be laughed at by Fan Tianlei and let them watch Lin Kai's action video this time.

But now there is another Liu Fuxing. If Liu Fuxing sees Lin Kai's embarrassment, wouldn't he laugh out loud?

But now even if He Zhijun refused, he couldn't find a reason.

He can only nod his head heavily, wave his hand, and say in a bad tone: "Play!"

When the guard heard the words, he pressed the space bar, and the projection on the wall began to play. The first scene was what happened at a food stall in Jiangbei City.

In the video, only a dozen policemen walked into the food stall and began to check everyone's documents.

The wild wolf stood up and explained: "This is our first assessment of Lin Kai, assessing his reaction ability and individual combat capability. The dozen or so policemen in the projection are actually armed police with powerful skills. ."

The armed police, the four nodded, He Zhijun's face became darker, and he knew that your kid would make a moth. The police tried Lin Kai if it was not enough, and the armed police was transferred.

Fan Tianlei's face was already showing a gleeful smile. If he guessed correctly, there would be a scene where Lin Kai was violently beaten, and then Lin Kai might be caught by a wild wolf.

Liu Fuxing nodded. The combat effectiveness of the armed police is only inferior to that of the special forces, because the armed police are different from the soldiers. They need to perform real killing missions to maintain the peace of China.

However, most of the soldiers in the Huaxia Kingdom are currently only in a state of preparation, and their combat experience is definitely not as good as the armed police.

A dozen people besieged one person, even if he was a special soldier, he would definitely not be able to hold it, Liu Fuxing shook his head.

Sure enough, a dozen policemen besieged Lin Kai in the projection, and Lin Kai was submerged in the crowd, and there was no movement at all.

It seemed that just the dozen or so armed policemen had already subdued Lin Kai.

He Zhijun also waved his hand quickly, saying: "This paragraph can be skipped."

Fan Tianlei stopped: "Why are you skipping? We still want to see how strong this year's rookie king is. After all, we have killed seven professional killers!"

He Zhijun glared at Fan Tianlei, Fan Tianlei had a smug expression, He Zhijun really had nothing to do with him.

Liu Fuxing also stared at the screen with interest, and said: "If it is Xiaotian, these dozen people are not enough for him to fight."

Liu Fuxing had obviously begun to compare Lin Kai and Ye Nantian.

Bystanders cleared, Zhang Tianyi shook his head secretly, one is the newcomer king of the Southeast Military Region this year, and the other is the super soldier king of China. There is no comparison at all.

In everyone's eyes, Lin Kai in the projection had no hope of escape, but at this moment, the sudden change came out, and only a bang was heard. Lin Kai kicked an armed policeman, and the armed police directly hit it. The wolf on their car door!

A dozen armed police backed back one after another, and saw Lin Kai in the middle of them, with piercing eyes and no wounds on his body, only his clothes were scratched.

At this time, Lin Kai looked at the dozen or so armed policemen, and finally burst out his true strength, like a tiger entering a flock, and began his unilateral killing!

And he is very vicious, and he will never give up if he doesn't beat them to the point where he can fight back!

Chapter 162: Play Well

Chapter 162

At this time, Lin Kai's real combat power was finally revealed, killing the Quartet. The armed police disguised as a policeman was not Lin Kai's opponent at all!

In less than a while, all these armed policemen were brought down by Lin Kai alone, and no one was standing at the scene!

Seeing that the captain of the armed police disguised as a policeman was knocked down by a peanut sprayed out of Lin's mouth, He Zhijun couldn't help standing up and applauded!

"Good! Good fight!" He Zhijun applauded, with a ruddy look on his face, obviously very happy.

It seems that Lin Kai is indeed an excellent special force. Facing more than a dozen armed police with strong skills, he can also be fearless in the face of danger, relying on his strong skills and abnormal defense to defeat them all.

Although Lin Kai was caught back, at least he did not lose in the first level.

Liu Fuxing also smiled and nodded. He could beat a dozen. Lin Kai, the rookie king, did have two brushes.

But just this point can't enter Liu Fuxing's eyes.

The wild wolves glanced at each other, and their faces showed a wry smile. They were also dull when they were beaten so much by a recruit.

"Good skill." Liu Fuxing nodded with a smile.

He Zhijun heard Liu Fuxing praise his soldiers with a triumphant smile on his face: "Fortunately, there is no counseling in my wolf teeth."

Fan Tianlei laughed out of the side at this time: "Puff haha! What a hell! Don't worry and be happy, the good show is yet to come!"

He Zhijun glanced at Fan Tianlei. Fan Tianlei was just looking at the excitement. After Lin Kai got embarrassed, he would definitely laugh at him mercilessly.

Lin Kai brought down more than a dozen armed police officers alone, and Fan Tianlei was not surprised. After all, he was the rookie king this year, and he was better than ordinary special forces. That was normal.

Next, I saw Lin Kai dashing out of the food stall, very fast. After seeing the speed of Lin Kai's burst, everyone nodded.

Just relying on this speed, Lin Kai can have a place in the world of special forces.

Next, the projection turned to the picture of the Siberian wolf, and the Siberian wolf lowered the window and lifted the sniper rifle out of the window.

After throwing out a piece of toilet paper, and probably after judging the direction of the wind, the Siberian wolf relied on his rich combat experience and directly fired.

boom!

A gunshot sounded, and a narcotic bomb hit Lin Kai's leg mercilessly!

With a plop, Lin Kai, who was running wildly, fell directly to the ground, unable to move.

The wild wolf continued to explain: "The Siberian wolf uses the latest model of our army's exercise anesthesia bomb. It has a strong anesthesia effect and small side effects. After an ordinary person is shot, it takes ten minutes to recover."

Hearing what the wild wolf said, Fan Tianlei gave a clear smile.

It seems that Lin Kai fell on this level. Fan Tianlei also understands the marksmanship of the Siberian wolf, the first sharpshooter of the Southeast Military Region.

After Lin Kai was shot, he must have been controlled by the wild wolves, and then subjected to brutal torture, and was finally caught back.

Liu Fuxing saw this scene and shook his head. Although Lin Kaikong had a good skill, he still lacked combat experience. A narcotic bomb actually subdued him.

The smile on He Zhijun's face also disappeared, his eyes looked far away, like I didn't see it.

It was not just Liu Fuxing who thought that Lin Kai had been eliminated, but the wild wolf and the others thought so at the time. Lin Kai's road to exercise this time is over.

During the projection, the wild wolf and the others got out of the car, walked towards Lin Kai unhurriedly, came to Lin Kai, kicked Lin Kai, and Lin Kai did not move.

They took out the handcuffs and were just about to handcuff Lin Kai away. With a swish, Lin Kai rolled away with a carp and ran away.

During the projection, the wild wolves froze in place, and they did not react for a long time.

Not only were they stunned by the wild wolf in the projection, but also several other people in the war room. What was the situation?

Isn't the effect of this narcotic bomb lasting ten minutes? Why did Lin Kai run away in only ten seconds? It seemed that the narcotic bomb had no effect on him.

"What's the situation? Don't you say that this anesthetic bomb has ten minutes of efficacy on ordinary people? How come it fails in ten seconds?" Fan Tianlei stood up and asked with a look of confusion.

The mountain wolf smiled awkwardly, and explained: "That's right. This type of anesthesia bomb is only for exercises. It does have an effective time of ten minutes for ordinary people, but it is effective for people with particularly strong physical fitness. Time will be reduced."

Hearing the explanation of the mountain wolf, everyone looked at each other.

Ten minutes, reduced to ten seconds, how strong is this physical fitness? Iron Man?

A hint of surprise finally flashed in Liu Fuxing's eyes, such a strong physique, he had only seen Ye Nantian's body.

Liu Fuxing nodded slightly, which recognized Lin Kai at one point, and Zhang Tianyi also looked envious. He and Long Xiaoyun had agreed to dig Lin Kai to their Tigers.

Although Lin Kai did not go to the Tigers in the end, Zhang Tianyi was only slightly disappointed.

But now that Lin Kai has such a good foundation, Zhang Tianyi actually feels a little pity in his heart.

Such a good talent would be great if he were in his company.

Seeing this scene, He Zhijun's expression on his green face improved, and a smile appeared on his ruddy face again, and he nodded to Lin Kai, which was considered approval.

The picture turned again, and the picture in the projection had changed from a food stall to a supermarket.

At the entrance of the supermarket, the wild wolf and the others found here based on Lin Kai's positioning, and found Lin Kai in the supermarket.

After Lin Kai was discovered, he actually opened the black suitcase and spilled one hundred thousand yuan in cash, trying to escape from the chaos.

But it was discovered by the mountain wolf and kicked back.

Next, the mountain wolf slowly walked towards Lin Kai and stretched out his body, looking like he was going to meet Lin Kai with his hands for a while.

The Siberian wolf was picking up banknotes. The wild wolf watched eagerly at the entrance of the supermarket. After the mountain wolf moved his muscles and bones, he suddenly shot Lin.

Seeing this scene, Fan Tianlei finally had a certain look in his eyes. Lin Kai must have been caught at this level!

Lin Kai's skill is good, and Fan Tianlei has seen it just now, but this time, it is not the armed police who dealt with him, but the ace special soldier of the Southeast Military Region, the mountain wolf!

What if your physical fitness is strong? The physique of the mountain wolf is also very strong, and the melee ability is hardly comparable to him in the Southeast Military Region.

No matter how good Lin Kai is, can he be the opponent of the mountain wolf?

Chapter 163: Incredible

Chapter 163

But Fan Tianlei didn't notice that the mountain wolf standing by, covered his face at this time, and couldn't bear to watch the next scene.

As if he had determined that Lin Yihui lost, Fan Tianlei explained to Liu Fuxing with a smile: "The brawny man in the projection is named Zheng Sanpao. He is a special soldier of the Spike Special Brigade. He is good at close combat and is the close combat king of the Southeast Military Region. "

Liu Fuxing nodded, and said, "I know him, he is very strong, and his melee ability is really good."

Liu Fuxing also knew Zheng Sanpao, and also understood how terrifying the mountain wolf's melee ability was.

And He Zhijun, who had always been confident in Lin Kai, couldn't help but worry at this time. Does Lin Kai have any hope of winning against Shangshan Wolf?

In other words, how many moves can Lin Kai hold in the hands of the mountain wolf?

Looking at the blood stains on Lin Kai's body, there is still blood on his face. It should have been beaten by a mountain wolf. This kid has never been light or heavy. It is very likely that Lin Kai was planted in this level.

During the projection, the mountain wolf launched an attack, the attack was very fierce, and the fist speed was very fast. Lin Kai couldn't stand it and was directly forced to the corner!

Seeing this scene, He Zhijun's heart was desperate. It seemed that his guess was correct, and Lin Kai had indeed fallen at this level!

Suddenly, the mountain wolf slammed a punch at Lin Kai. This punch was fierce, and Lin Kai had nowhere to hide, so he could only use his body to get the punch!

Everyone seems to have seen the picture of Lin Kai being beaten and bleeding next. In the Spike Special Forces brigade, no one can receive the punch of the mountain wolf. This punch is enough to beat Lin Kai to no combat power!

Everyone thought that Lin Gongyi made a dodge action, but the flames of war ignited in Lin Kai's eyes in the projection! I saw that he also slammed a punch at the mountain wolf!

He is trying to force the mountain wolf to close his fist!

But the mountain wolf didn't pay attention to Lin Kai's punch at all. In his opinion, Lin Kai's body is so thin, no matter how good his physique, how powerful can he be?

Not only did the mountain wolf think so, but everyone at the scene also thought so!

boom! boom!

Two muffled noises sounded almost at the same time. Lin Kai was hit hard in the chest by the mountain wolf. With a bang, Lin Kai's back hit the wall, his face turned pale, but he did not vomit blood.

However, the mountain wolf retreated a few steps, and then stabilized. Both the Siberian wolf and the wild wolf felt that Lin Kai had no fighting power at this time, so they put down their guard and slowly approached Lin Kai.

But at this time, with a swish, Lin Kai once again broke out his terrifying speed, and with a peculiar pace, directly rushed out of the wild wolves!

Ran!

The wolf looked at each other.

As soon as the video turned, this time it was from the perspective of a wild wolf. He went to pat the wolf's shoulder and saw that the wolf's face was extremely pale, a mouth, and a trace of blood flowed out of his mouth.

Mountain wolf is injured!

The mountain wolf is the most powerful special soldier in the Wolfya Special Brigade! His physical fitness is also very strong.

Why did he punch Lin Kai and Lin Kai was fine, but when Lin Kai punched him, he was bleeding?

With such a big change in things, everyone in front of the projection was once again stunned. What's the situation?

Did Lin Kai run away again?

And even the mountain wolf is injured?

The old mountain wolf blushed and lowered his head, not dare to face He Zhijun at all.

But He Zhijun was extremely excited at this time. Lin Kai was able to make it to this point, it was enough, and he did not shame He Zhijun.

After all, Lin Kai faced the ace special forces of the Spike Special Brigade. He was proud enough to be able to escape three times in their hands.

Liu Fuxing nodded slightly, confirming Lin Kai's strength.

"This year's rookie king is still a bit to watch." Liu Fuxing praised.

He Zhijun was very happy when he heard Liu Fuxing's words. After all, Liu Fuxing is the squad leader and can be recognized by him. Next, Lin Kai's career in the army will be much easier.

Fan Tianlei stared at the projection for a long while, recalling what he had said to praise the mountain wolf just now, didn't he lift a rock and hit him in the foot?

The melee soldier king of the southeast military region dignified, unexpectedly suffered a loss in the hands of a recruit?

This is really incredible!

Zhang Tianyi's expression of regret in his eyes became heavier and heavier. He had known that Lin Kai was so good. He should have desperately pulled Lin Kai into his Tigers special team.

After all, Lin Kai's strength had already shocked Zhang Tianyi.

Too strong, a person can face a dozen armed police without fear of danger, and defeating these armed police, the physical quality is so strong that even the narcotic bomb can be resolved in ten seconds.

The melee ability is not inferior to the mountain wolf. With such a strong strength, Lin Kai can even join the wolfya special brigade and become a member of the ace special forces.

After being run away by Lin Kai, the wild wolf in the projection was very angry and angry. He gave an order to catch Lin Kai quickly!

Ever since, they drove off again.

The picture in the projection turned around. This time, the mountain wolf and the others drove the car and came under the Lin Group building based on their positioning.

After seeing the Lin Group, He Zhijun and their faces showed solemn expressions. Will Lin Kai not go to the Lin Group to seek asylum?

You know, being a soldier is one thing, whether it's **** or not is another thing.

If a soldier is very powerful, but not bloody, he will only be a tortoise with his head on the battlefield.

He Zhijun knew that this time he sent the wild wolves to specifically target Lin Kai, which was very unfair to Lin Kai, but it also showed that He Zhijun had great expectations of him.

If it was because of this difficulty that Lin Kai chose to flee into the Lin Group to seek asylum, it would really disappoint He Zhijun.

At first, the wild wolves thought so too, but after they squeezed into the crowd, they realized that it was not the same thing.

I saw that on the tenth floor of the Lin Group, a little girl was about to jump off the building!

At that time, the wild wolves immediately wanted to start rescue activities, but before they acted, the little girl had jumped off the building!

Fan Tianlei exclaimed. Obviously he did not expect that the accident could also be seen in the action video.

The little girl is staying on the tenth floor. It seems that the firefighters have just arrived, and the airbags have not had time to open. The little girl jumps down now, it is really a dead end!

But at this time, Lin Kai actually stepped forward. In the projection, Lin Kai stood where the little girl had fallen, trying to catch the little girl with his hands.

Everyone opened their eyes wide and watched this scene intently.

Everyone knows that the impact of a person jumping from the tenth floor is very powerful. Although Lin Kai's physical fitness is good, it does not mean that he can catch the little girl who jumped from the tenth floor!

It is very possible that Lin Kai will die there too.

But Lin Kai didn't die. Could it be that he used his body as a mat to catch the little girl? This is how the blood on his body came from?

Chapter 164: Speechless

Chapter 164

“What does Lin Kai want to do?” He Zhijun exclaimed, stood up from the chair, and stared at the projection intently.

He actually wanted to catch the little girl who jumped from the tenth floor with his arms. Is he crazy?

Even Liu Fuxing gripped the armrest of the chair tightly, looking very nervous.

The wild wolves shook their heads and smiled bitterly. At that time, they were not this expression? Lin Kai brought them too many surprises.

During the projection, I saw Lin Kai jump in place, and he actually hugged the little girl who was about to land!

After Lin Kai landed, his body was bent into a shrimp shape, which greatly cushioned the impact the little girl gave him.

Then, Lin Kai got up and rotated around and put the little **** the ground.

Look at the little girl, except for a little fright, not even a single hair fell.

Lin Kai seemed to have suffered a serious internal injury, his face was pale, and his whole body was trembling vaguely. It was obvious that he had saved the little girl, and Lin Kai's body was also under great pressure.

But Lin Kai did a miracle. He really caught the little girl with his hands!

He saved a living life!

At that time, there was thunderous applause from the whole scene. Although they felt incredible, everyone still gave Lin Kai a thumbs up.

Lin Kai's physical fitness is so strong that everyone admires, but what everyone admires most is Lin Kai's courage to stand up.

Because if Lin Kai can't catch the little girl, she will probably be crushed to death.

A person with blood, courage and strength is worthy of admiration.

Amidst applause, the wild wolf and the others walked towards Lin Kai, held Lin Kai, passed through the crowd, and led Lin Kai into the jeep.

The video in the projection was paused at this point. Many clips in the video were cut off, leaving only the scene of Lin Kai rescuing people and the scene of Lin Kai being taken away.

In the war room, after everyone watched this video, the scene fell silent.

Almost everyone looked at Lin Kai. Seeing the blood on the corner of Lin Kai's mouth and the embarrassment all over, everyone no longer felt that he was eliminated so quickly, how shameful it was.

On the contrary, Lin Kai should be respected because he was eliminated because of saving people, even though he was defeated.

He Zhijun looked at Lin Kai and nodded, with pride in his eyes.

It is his pride to bring out a soldier like Lin Kai, even if he is eliminated? Lin Kai is a **** and responsible man with justice in his heart and is not afraid of being looked down upon by others!

Even Fan Tianlei, who had always wanted to see Lin Kai embarrassed and laughed at He Zhijun, gave Lin Kai a thumbs up at this time.

Lin Kai's ability to save people is important, but he lacks courage and is completely useless. Fan Tianlei's admiration for Lin Kai's courage to rush forward to save people.

Even if Lin Kai was eliminated, Fan Tianlei would not say anything else, and would only give his thumbs up.

In Zhang Tianyi's heart, the more regret, the better Lin Kai's performance, the more uncomfortable his heart, such a good seed, why didn't he recruit his own troops in the first place?

He is too good, not only excellent in strength, but also excellent in soul.

Such people are the pillars of the country.

Liu Fuxing also nodded and smiled at Lin: "Young man, you are very good. I am optimistic about you. Are you interested in studying in the Yanjing Military Region?"

Liu Fuxing spoke highly of Lin Kai. After hearing that Lin Kai would be invited to study in the Yanjing Military Region, everyone's eyes widened.

The strength of the Yanjing Military Region is much higher than that of the Southeast Military Region, because Ye Nantian, the king of soldiers brought by Liu Fuxing, is in the Yanjing Military Region and is known as the king of soldiers of the Yanjing Military Region.

The special forces of the Yanjing Military Region are indeed powerful. If Lin Kai arrives in the Yanjing Military Region, he will definitely be polished into an excellent special forces king.

He Zhijun's eyes were a little bit reluctant, but since Liu Fuxing spoke, he had no reason to refuse, because the soldier Liu Fuxing brought out, Ye Nantian, was too powerful.

So strong that He Zhijun dared not refuse.

Lin Kai scratched his head, looked at He Zhijun, and smiled shyly: "Thank you, senior, for your kindness. I'm in the Southeast Military Region and I'm not going anywhere."

He Zhijun laughed after hearing Lin Kai's words, and nodded to Lin Kai in approval.

When Liu Fuxing heard this, his expression was slightly disappointed, but he did not force it: "Well, if you change your mind in the future, you can come to me at any time."

Lin Kai nodded and saluted.

Zhang Tianyi said at this time: "Lin Kai, your courage to save people deserves everyone's admiration. Even if you are eliminated, you are also a hero. I suggest that you make an exception to give Lin Kai a resurrection place."

"After all, in this exercise, Brigadier He had to increase the difficulty of Lin Kai's exercise. Lin Kai was eliminated only to save people, and with Lin Kai's strength, he should not be eliminated at all, so I think he should be resurrected. ."

He Zhijun also nodded: "He is my soldier. I naturally can't bear to let him leave the special forces. If you don't tell me, I will revive him."

The two brigade commanders both spoke, and even Fan Tianlei, who has always been very mean, nodded: "I agree."

The three agreed that Lin Kai was resurrected, but the wild wolf and the mountain wolf looked at each other, and there was a hint of helplessness in their eyes.

"Dear chiefs, the video hasn't been finished yet," the Siberian wolf reminded.

Not finished yet? When everyone was in a daze, could it be the picture just now, wasn't it the picture after Lin Kai was caught?

Continue to play, during the projection, Lin Kai was caught in the jeep, the Siberian wolf was driving, the wild wolf was sitting in the passenger seat, and the mountain wolf and Lin Kai were sitting in the back position.

Lin Kai's complexion was very pale and he was sweating profusely. He sat on the back seat with his eyes closed, groaning from time to time in his throat.

The injury is not light! Everyone thought that Lin Kai was seriously injured, but they didn't know that at that time, Lin Kai was fusing his extraction abilities, so he was sweating profusely and he even made a muffled noise.

He Zhijun and the others looked at the video in front of them, with doubts in their eyes. Lin Kai saw that he was already seriously injured, could he still run?

Moreover, although the car does not drive fast, they know what material the car is made of.

This is a bulletproof jeep. The locks are specially made. Without the impact of more than one ton, the lock cannot be opened at all.

How can Lin Kai escape?

Just when everyone was puzzled, Lin Kai in the video suddenly opened his eyes and roared, "The rhino is close to the mountain!"

boom!

Lin Kai stomped heavily on the bottom of the car and hit the door with a shoulder. With a bang, the car door was directly knocked open by Lin Kai. After Lin Kai landed, he rolled over and ran into the alley on the side of the road.

The car stopped, and the three wolves looked at the dark alley, speechless for a long time.

Chapter 165: Ran Away Again?

Episode 165

In the projection, it can be clearly seen that the bottom of the car was kicked out of a pit by Lin Kai, the door of the car was also knocked out of a pit by Lin Kai, and the car lock was damaged on the spot.

Everyone thought that Lin Kai had no way to go back this time, but no one thought that he could hit the door of the car and then escape.

This is incredible, let alone Lin Kai's body has just experienced a lot of impact, just relying on this bulletproof door, Lin Kai has no reason to break open!

This is a bulletproof car door! Besides, it is very difficult for ordinary family cars to hit the door with a shoulder.

The video was paused, and everyone's gaze at Lin Kai completely changed this time, as if they were watching a monster.

This kid escaped four times in the hands of Sirius! Every time, we ran away under unexpected circumstances.

This is really incredible.

"You kid, it really surprised me!" He Zhijun said excitedly.

Running away four times in the hands of the three of them, Lin Kai was proud of himself, and He Zhijun had no idea that Lin Kai actually had the strength to break through the bulletproof car door.

You know, you need at least a ton of force to break open the bulletproof door! And Lin Kai looked weak, so how powerful is his body?

Liu Fuxing was trembling with excitement at this time, and Lin Kai used his strength time and time again to make him, an old squad leader with a taller eye, look at him differently!

Too strong, really too strong!

"Ye Nantian was nothing but that back then!" Liu Fuxing said excitedly.

He once again compared Lin Kai and Ye Nantian. Ye Nantian is a legend of Chinese soldiers, and Liu Fuxing actually said that Ye Nantian and Lin Kai were equal, which pushed Lin Kai to a new height!

"Courage, responsibility, strength, and resourcefulness. Such special forces are the hope of our China!" Zhang Tianyi also said excitedly.

After all, he looked at He Zhijun with a hint of envy. Such a good soldier was actually a soldier under He Zhijun, and Zhang Tianyi felt extremely sorry in his heart.

He Zhijun's face was red at this time, with a look of excitement. Lin Kai's performance in the video is very good. When he is the brigade commander, he also feels the light on his face!

Fan Tianlei, who originally wanted to watch the excitement, had a black face and watched He Zhijun proud in front of him, but he had nothing to do with him.

Because Lin Kai's performance was not as bad as he had imagined, but rather performed very well.

"Continue playing." Liu Fuxing said.

The video started playing again. In the pitch-black alley, the wild wolves followed Lin Kai's positioning and started arresting again.

I have to say that Lin Kai's speed is indeed very fast, they chased Lin Kai for half an hour, and they did not catch Lin Kai.

Finally, in a dark alley, I ran into Lin Kai. In the video, Lin Kai just brought down more than a dozen policemen who were chasing his teammates. When the wild wolf saw this, he immediately ordered the Siberian wolf to drive and chase him.

The Fatty and Li Erniu in the video are exhausted and have no energy to continue to escape. They have been exhausted by the wheels of the police.

Lin Kai didn't want to abandon his comrades-in-arms, so he carried one in one hand and ran away.

Before the projection, everyone saw this scene and their eyes almost fell to the ground. Is this okay?

The weight of these two people add up to 300 catties, right? Fleeing from the jeep with a weight of three hundred pounds?

This seems very stupid, and the distance between Lin Kai and the jeep is indeed pulled in little by little.

He was about to grab Lin Kai, but Lin Kai saw a very narrow alley and rushed in. With the size of a jeep, he couldn't squeeze into this alley.

Ever since, the wolf got out of the car, moved his muscles and bones, and looked at Lin Kai's back.

The Siberian wolf drove to the other side to surround Lin Kai, while the wild wolf hunted Lin Kai.

After seeing this scene, Fan Tianlei's face once again showed a determined look. It must be this time that Lin Kai was caught.

Because Lin Kai's physical strength has been almost consumed, and he still weighs 150 kilograms, can he run?

Besides, Fan Tianlei knows the speed of the wild wolf, and no one can compare it in the Southeast Military Region!

"It seems that Lin Kai fell on this level." Fan Tianlei touched his chin and said.

Zhang Tianyi also nodded: "Well, you and I know that the speed of the wild wolf is faster than him in the Southeast Military Region. Besides, Lin Kai also carried two people on his back, at least 150 kilograms. With a heavy load, his physical strength has been consumed so much, he will definitely be caught."

It wasn't that they looked down on Lin Kai and looked at it from an objective angle. This time Lin Kai really had nowhere to escape. After all, he still brought two people who were holding back.

Even Liu Fuxing shook his head slightly, this time Lin Kai really had nowhere to go.

A look of disappointment flashed across He Zhijun's eyes, but his face was still very proud, because Lin Kai was already very good at this point.

In the video, the wild wolf started to chase Lin Kai speedily, and saw that he was about to catch up with Lin Kai, but at this time Lin Kai suddenly accelerated, and the wild wolf who was about to catch up with Lin Kai was suddenly pulled away.

The wild wolf broke out at his full speed, and Lin Kai also broke out at his full speed. In that small alley, the two people were like cheetahs running wild, and the fast video was a little fuzzy.

Everyone was shocked by Lin Kai's explosive power. Such a strong explosive power is very rare among special forces.

But it's one thing to be explosive, but it's another thing to be durable.

Lin Kai ran so fast, with two people on his back, he would definitely lose his energy immediately.

Everyone had this idea in their minds, and the wolf at that time had the same idea.

But when time passed, Lin Kai didn't mean to slow down at all. Ten minutes later, Lin Kai was still running wildly!

He didn't seem to feel tired, and he didn't slow down at all. In the wild wolf's vision, Lin Kai's back became more and more blurred, and he couldn't catch up with the wild wolf!

In the end, at a corner, Lin Kai turned in, and after the wild wolf caught up, he couldn't even see Lin Kai's back.

The video was here, and it was paused again.

The scene was silent again, and Lin Kai once again created a miracle!

With a weight of 150 kilograms, the wild wolf who was behind his **** was thrown away!

The wild wolf, the fastest man in the entire Southeastern Military Region, was finally defeated by a recruit, who had been rushing for half a night and carrying a weight of 150 kilograms.

If the opponent doesn't bear the weight, isn't it the rhythm to take off? The wolf can't even see Lin Kai's heel?

Chapter 166: Desperate?

Chapter 166 Desperate?

After watching the video, there was dead silence in the room.

As for the wild wolf, who has always been known for his indifference, his old face was slightly red at this time, and his face was indeed dull when he was abused by a newcomer.

After staying for a long time, He Zhijun suddenly slapped the table and exclaimed, "Pretty!"

"With a weight of three hundred catties, the speed is so fast that even wild wolves can't catch up. It is indeed the soldier I like He Zhijun!"

He Zhijun was very emotional, and all the stars flew out when he spoke.

Can he not get excited? He used to think that Lin Kai's background was very good, and the future is bright, but now it seems that Lin Kai's background is good? It's just a monster!

Even the ace special forces of the Spike Special Brigade could not catch him. If this news is released, it is estimated that the soldiers of the entire Southeast Military Region will be shocked.

Liu Fuxing also trembled in surprise, and muttered to himself: "Little God, after all these years, I finally found someone better than you..."

Liu Fuxing gave Lin Kai a higher evaluation, he actually felt that Lin Kai now is stronger than Ye Nantian before!

Fan Tianlei's thoughts at this time were the same as Zhang Tianyi's. He loves and hates Lin Kai. What he loves is that this kid is indeed powerful and his performance is very good.

What I hate is that this kid is so powerful that it makes him faceless. What's more, he is not in his company.

If this kid was a member of the Red Cell Special Forces Brigade, I must offer him delicious food. This is Fan Tianlei's inner thoughts at this time.

Seeing the crowd so excited, the Siberian wolf smiled bitterly, not knowing what expression they would look like in the next picture.

"Keep playing!" Liu Fuxing waved excitedly.

He couldn't wait to see what miracle Lin Kai could do next.

As soon as the screen turned, the mountain wolf appeared in an entertainment venue, dressed as a waiter, holding a tray with some breakfast in it.

And a black pistol was placed under the tray by him.

The person involved, the mountain wolf, stood up and explained: "At that time, Lin Kai used his status as the Lin family to enter a high-consumption entertainment company. We did not have that much military expenditure, and there was no way to apply for a card to arrest. We are not the police, and we have no right to force it enter."

"So, I dressed up as a waiter and came to the entertainment venue with ten times the dose of anesthetic bullets in the gun. I wanted to attack Lin Kai. For the next thing, look at the projection."

The mountain wolf wants to attack Lin Kai himself. The disguise of the mountain wolf is also very famous in the army. It can force the mountain wolf to attack a rookie, and Lin Kai is proud.

At this time, no one would think that Lin Zhuan would not be eliminated. Everyone was thinking about how Lin Zhuan escaped.

Because Lin Kai gave them so many surprises that they didn't believe that the mountain wolf could catch him.

There was a knock on the door, and Lin Kai opened the door after confirming his identity.

The mountain wolf walked in and told Lin Kai that he was serving breakfast. Lin Kai didn't have any suspicions at the time and asked the mountain wolf to put breakfast on the table.

But as soon as the mountain wolf pulled his hand, he drew a pistol from under the tray and aimed it at Lin Kai's chest before firing.

Before the projection, everyone's heart sank. Could it be that Lin Kai fell into the hands of the mountain wolf?

The gun in the mountain wolf's hand was already pointed at Lin Kai's chest. It was difficult for Lin Kai to avoid it at such a close distance.

boom!

A gunshot raised everyone's hearts. It seemed that Lin Kai was really over this time, and everyone shook their heads.

But an unbelievable scene appeared again, I saw Lin Kai's hand swiping, stretched out two of his fingers, and caught a bullet with a snap!

There was a sound of chin falling to the ground. Isn't this an exaggeration?

Everyone even wondered if this was making a movie, holding the bullet with their fingers? What a perverted speed and strength?

The mountain wolf was also dumbfounded at the time, and he unbeliever shot Lin again, bang! With a shot, Lin Kai's figure flicked again, and a bullet was caught in Lin Kai's fingers again.

He caught the bullet again!

The mountain wolf is even more confused, but he does not believe in evil, he does not believe that Lin Kai's reaction ability is so abnormal, bang bang! Several more shots were fired, and bullets shot towards Lin Kai!

Faced with so many bullets, Lin Kai was not afraid of danger. He saw his hands were constantly dancing, and Lin Kai's hands could not be seen clearly in the projection. After waving for a while, Lin Kai stopped and saw several shots in his hands. bullet!

With a clatter, Lin Kai threw all the bullets to the ground. The mountain wolf tried to shoot again, but found that there were no more bullets in the gun.

And Lin Kai also took this opportunity to escape from the entertainment venue.

It seemed that he was numb to Lin Kai's perverted strength. This time everyone didn't react excessively, but there was a slight strangeness in the eyes of Lin Kai.

That kind of vision seemed to be not looking at a person, but at a monster, a big monster that everyone had never seen before.

Too strong, this is not only strong, this is simply abnormal!

Catch the anesthesia bullet with your hand! Although the power of anesthetic bullets is not great, but somehow they have the word bullet in their names. Can they give it some face? You actually pinched the bullet with two fingers?

Bullet: Am I **** shameless?

If the video was not handed in by the wolf himself, everyone even suspected that it was someone who edited a section from the blockbuster to fool them!

This was the first time Lin Kai did not know how to escape from the wild wolf and the others. After the wild wolf returned downstairs, the wild wolf was very angry.

The picture was paused again, and the wolf stood up and said, "Next, Lin Kai used special methods to block the signal tracking the bracelet without removing the bracelet."

"But we still rely on rich combat experience to find Lin Kai, please see the projection."

The screen flashed. At the entrance of a room on the 18th floor of the Water Lily Dream Hotel, the wild wolf was holding a submachine gun, and the mountain wolf was holding an assault rifle, which had blocked the only exit of the entire room.

As soon as the screen turned, the Siberian wolf had arrived at the building opposite to the Water Lily Dream Hotel, on the nineteenth floor, found the best shooting position, and lay down holding a sniper rifle.

Because the camera mounted on the head of the Siberian wolf could not see the picture in the magnifying lens, it was not very clear at Lin Kai, opposite the Siberian wolf.

"The Siberian wolf is in place, requesting a shot."

"Agree to shoot."

The Siberian wolf took out a piece of toilet paper and threw it in the air, then pulled the trigger, and a bullet shot out of the sniper rifle, pointing directly at Lin Kai's thigh!

The sound of the sniper rifle equipped with a silencer was very faint when firing, and it was impossible for Lin Kai who was far away to detect it. Logically speaking, this gun would hit Lin Kai very smoothly.

Chapter 167: No1

Chapter 167 No1

With a snap, the bullet passed through the glass, seeing that the bullet was about to hit Lin Kai, and Lin Kai seemed to have expected the bullet to attack him in advance, so he escaped!

Lin Kai's whole body was curled up under the table, and everyone was stunned at this scene.

How did he dodge bullets at such a fast speed? Is it possible that when the bullet passed through the glass, he heard the sound of glass breaking, so he made a dodge action, then his reaction was too fast?

The Siberian wolf failed to hit the target and could only call the wolf to initiate a charge.

After learning about it, the wolf did not hesitate, opened the door and threw a tear gas canister into it.

The tear gas quickly dissipated in the room, and the whole room was covered in white.

The wild wolf launched an attack, he rushed into the room, and shot Lin Kai in a burst.

Lin Kaijiong glanced at the wolf with a sharp look. The tear gas seemed to have no effect on him. He hid behind the table, avoiding the wolf's strafe.

Lin Kai's ability to react is too strong, so strong that everyone thinks they are acting according to the script.

Even if it is performed according to the script, it is really rare to be able to avoid bullets so perfectly.

The scenes in the anti-Japanese drama really happened on Lin Kai's body, it was really daily dodging bullets.

The mountain wolf also walked in with a rifle. The two looked at each other and slowly approached the table.

When he reached the table, the wolf suddenly opened the table, and Lin opened a backflip and jumped out of the rear window!

Seeing this scene, He Zhijun couldn't help but exclaimed. He knew that this was the eighteenth floor! Jumping from here is no different from looking for death!

He knew that Lin Kai was definitely not dead, because Lin Kai was standing by his side, so how did Lin Kai survive when he jumped out of the window?

The wild wolf and the mountain wolf quickly squatted on the window and looked down, and saw Lin Kai like a flexible monkey jumping up and down on the air-conditioning bracket, quickly approaching the ground.

This scene not only stunned the wild wolf and mountain wolf, but also stunned everyone in front of the projection.

Lin Kai actually has such a flexible skill? Looking at the speed at which Lin Kai jumped down, he was not slow at all. Even a professional firefighter would not be as flexible as Lin Kai when he used both hands and feet.

What's more, jumping from the eighteenth floor requires not only skill, but courage!

On the eighteenth floor, a glance down can scare people!

When seeing this video, He Zhijun and others all sweated for Lin Kai. This was really exciting.

After Lin Kai reached the ground, everyone breathed a sigh of relief, but Lin Kai didn't seem to want to escape. He quickly approached where the Siberian wolf was.

He Zhijun exclaimed: "Lin Kai! Do you want to eliminate the Siberian wolf?"

He Zhijun's eyes widened. He didn't expect that Lin Kai actually gave up running away and took the initiative to challenge the Siberian wolf!

The Siberian wolf is a special troop, how could Lin Kai have such courage?

During the projection, the picture turned, the Siberian wolf found Lin Kai on the nineteenth floor who wanted to come up to surprise him, so he put on a military iron-finger tiger and stood outside the elevator door, trying to attack Lin open.

He Zhijun gave a wry smile. Needless to say, Lin Kai must have fallen at this level. As soon as the elevator door opens, the Siberian wolf will punch him immediately.

This can also explain where the blood on Lin Kai's face came from.

Lin Kai took the elevator, and Lin Kai came to the nineteenth floor. As soon as the elevator door opened a gap, the Siberian wolf punched into the elevator!

But his punch seemed to be empty, and he punched in, hitting the air. Suddenly, a strong force came, and the fist of the Siberian wolf was actually caught by Lin Kai!

Lin Kai dragged the Siberian wolf into the elevator, quickly pressed the button on the first floor, and the action was done in one go. Then, he approached the Siberian wolf, and the Siberian wolf hit Lin Kai, but without two strikes, his hands Being locked up by Lin Kai, Lin Kai was desperate and hit the head of the Siberian wolf crazy with his head!

The elevator was descending rapidly, and when Lin Kai descended to the first floor, the Siberian wolf was dying in the elevator.

There was another silence at the scene.

Just now I wanted to talk about Lin Kai's crazy He Zhijun. At this time, he was silent, Lin Kai, once again created a miracle!

He defeated the ace special forces, the Siberian wolf!

The Siberian wolf didn't even have the ability to fight back, and fell into the elevator.

Judging from Lin Kai's movements and acting style, he is bold, strong, and crazy.

He dared to jump from the eighteenth floor, and even dared to take the initiative to challenge the ace special forces. Such courage is really rare.

As soon as the elevator door opened, Lin Kai ran into the wild wolf and the mountain wolf head-on. The two of them saw the Siberian wolf defeated by Lin Kai. The two were furious and rushed into the elevator, facing Lin Kai with a fierce attack!

Lin Kai lost to them and was beaten in the corner of the elevator, protecting his head and balls.

It seemed to be over. Although Lin Kai defeated the Siberian wolf, the melee ability of mountain wolves and wild wolves was the strongest.

Lin Kai was not ashamed of losing. On the contrary, Lin Kai performed very well, ran away so many times in their hands, and even defeated the Siberian wolf, even if he was the second to be eliminated, he was eligible to stay.

Everyone felt that the matter was over, but when the elevator door was closed, Lin Kai roared, his muscles tightened, and he stepped on the elevator floor suddenly, and slammed into the mountain wolf and wild wolf with one shoulder!

With a muffled bang, Lin Kai directly hit the mountain wolf's arm. The mountain wolf's arm was damaged on the spot, and the chest was also hit hard. Blood was sprayed on the spot, spraying Lin Kai's face.

The mountain wolf hit the wolf with a slam, and the elevator door was directly knocked open by the wolf, and the two fell directly out of the elevator.

Lin Kai walked towards the wild wolf and the mountain wolf step by step, his eyes were red, and the faint killing intent on his body was emitted. Even through the projection, everyone could feel the terrifying killing intent of Lin Kai.

Lin Kai didn't come back to his senses until the wolf called Lin Kai's voice.

Next, Lin Kai healed them, and after they recovered, the video came to an end.

There was silence again.

Snapped! Snapped! Snapped!

After a long time, Liu Fugui clapped and stood up while applauding.

He Zhijun also clapped his hands and gave Lin Kai a thumbs up.

Fan Tianlei and Zhang Tianyi also stood up. Today, Lin Kai used his own strength and courage to prove in front of the four of them that the name Lin Kai's new king was not for nothing.

The blood on his face is not his, but the mountain wolf.

He was not eliminated, but eliminated wild wolves, mountain wolves, and Siberian wolves. He is not the second-to-last in this exercise, he is the first in this exercise!

No1!

Chapter 168: Codename Crazy Wolf

Chapter 168 Code Name Crazy Wolf

What is Bingwang? This is called Bingwang!

In terms of speed, Lin Kai ran out of the motorcycle with a weight of 300 jin!

In terms of strength, Lin Kai can use his body to knock open the bulletproof car door!

Regarding physique, it takes only ten seconds for Lin Kai to dissolve the narcotic bomb that ordinary people can dissolve in ten minutes!

On courage, Lin Kai dared to jump down from the eighteenth floor!

In terms of being a person, Lin Kai dared to catch the little girl who jumped down from the tenth floor!

In terms of healing, he can heal the three of them through his exclusive massage technique!

Everything is omnipotent, everything is proficient!

And He Zhijun, who had a trace of guilt towards Lin Kai, didn't feel any guilt in his heart. It was he who sent the three ace special forces, the Wild Wolf, to discover Lin Kai's strength.

What Fan Tianlei once said was bullshit. Lin Kai definitely didn't rely on Lin's bodyguards to kill the blood butterfly mercenaries, but relying on his own strength to kill the blood butterfly mercenaries!

He is the worthy soldier king!

He Zhijun felt that the most correct decision he made in his life was to win Lin Kai.

At the very beginning, He Zhijun was awarded the rank of Captain Lin Kai. You know, the recruits jumped directly to Captain, and the margin is very large, even though He Zhijun was also trying to make friends with the Lin family behind Lin Kai in disguise.

At first, He Zhijun still regretted it. It was a bit too high to be promoted directly to the captain. Now thinking about it, even if he was promoted directly to the major, he would not be wronged!

With Lin Kai's strength, looking at the entire Southeast Military Region, no, looking at the entire Huaxia Nation, how many more can you find?

No wonder the faces of the wild wolves were not very good after they came back. It turned out that the three of them were cleaned up by the recruit Lin Kai.

"Hahahaha! Good job, worthy of my He Zhijun's soldier!" He Zhijun patted Lin Kai's shoulder and laughed, his face ruddy.

Zhang Tianyi and Fan Tianlei looked at He Zhijun with envy. Such a good talent is actually He Zhijun's soldier, which is a pity.

"Report to the chief!" At this moment, the wild wolf suddenly saluted and stood out from the queue.

He Zhijun's expression also became serious, and he also gave a military salute: "Please tell me."

"Major Lin Kai, performed well in this exercise, sss-level physical strength! melee sss-level! Reaction sss-level! Speed sss-level! Comprehensive evaluation three-s-level! The assessment passed! Please instruct!"

The wolf gave Lin Kai all full marks.

He Zhijun nodded in satisfaction and said: "Good job, return to the team!"

"Yes!" The wild wolf finished the ceremony and returned to the queue.

Liu Fugui also nodded in satisfaction, and suddenly asked, "Does Lin Kai have his own code name?"

As soon as this question came up, He Zhijun was taken aback, and shook his head: "He is still in the recruiting stage and currently has no code name."

The code name is the name that every special soldier has. For example, Zheng Sanpaos mountain wolf and Zhuang Yans Siberian wolf are their code names.

But Lin Kai hasn't fully become a special soldier yet, so he doesn't have a code name.

Liu Fugui said: "Lin Kai's ability is already sufficient to be an excellent special soldier. I suggest that Lin Kai be given the code now!"

He Zhijun was also quite happy when he heard this. Liu Fugui said this, and the gold content is much heavier. After all, Liu Fugui is Ye Nantian's squad leader, maybe Lin Kai is the second Ye Nantian.

"About this code name, Lin Kai, do you have any good suggestions?" Liu Fugui asked Xiang Lin Kai.

Lin Kai shook his head dumbly, he had never thought about the code name.

"No." Lin Kai answered truthfully.

Liu Fugui smiled and stroked his chin, thought for a while, and said, "I think you have been very low-key in the exercise. You have the ability to compete with the wild wolves, but you have been choosing to escape. Finally, you can't bear it before you start Jedi Counterattack, there is a kind of cruelty in your body, why don't you call it a mad wolf?"

Crazy wolf?

This code name still sounds crazy, Lin Kai nodded with satisfaction, saluted, and said, "Thank you, senior, for giving the code name!"

"Hahaha! Good! From now on, your code name will be called Crazy Wolf!" He Zhijun applauded and laughed.

In a round of applause, Lin Kai had his own code name, Crazy Wolf.

When Liu Fugui was leaving, he secretly opened a note to Lin. On the note, it was Liu Fugui's contact information.

And he repeatedly told Lin Kai that if he didn't want to stay in the Southeast Military Region, he could contact him and he could transfer Lin Kai to the Yanjing Military Region.

Although Liu Fugui has now retired, his prestige in the military is very high. There are many old friends at the director level. It is only a very easy task to recommend Lin Kai to the Yanjing Military Region.

Lin Kai came back, and the stone that He Zhijun was hanging in his heart was finally put down, and the wild wolf and the others also bid farewell to Lin Kai and returned to the Wolfya Special Brigade.

They knew that it was impossible for Lin Kai to join the Spike Special Brigade. Anyway, they belonged to the Spike Special Brigade, and there was no need to dig around.

Lin Kai bid farewell to He Zhijun, washed his face in the bathroom, and walked towards the War Wolf base.

Half an hour later, Lin Kai came to the gate of the Wolf Base. The inside of the Wolf Base was very quiet. Except for occasionally one or two cleaning ordermen appeared, almost no one was seen.

After all, the special forces of the entire Wolf Warriors squadron have been pulled out for exercises, and now there are only one Long Xiaoyun and a few order soldiers left in the Wolf Warriors base.

Entering the War Wolf base, Lin Kai returned to his dormitory, rushed into the bathroom, took a shower, threw his tattered clothes into the trash can, changed into clean clothes, lay on his bed and stared at the ceiling in a daze .

It was only the next day, and I came back. There are still six days before the end of the exercise. I can rest for a few days.

Lying on the bed, his eyelids sank involuntarily. After a while, Lin Kai fell asleep.

...

Snoring~snoring~

There was a snoring sound, Lin Kai was sleeping with a fragrance, but he did not expect that a face quietly appeared outside the window, staring at Lin Kai who was sleeping.

The door of Lin Kai's room was slowly pushed open, and a figure entered the room. The person slowed down and approached Lin Kai little by little. After a while, the person came to Lin Kai's front.

Afterwards, the man raised his hand and slapped Lin Kai's chest with a swish, the strong wind even blew Lin Kai's face.

The warning cat's eye immediately shook, and Lin Kai was pleasantly surprised from his sleep. He rolled from the bed to the ground with a look of surprise.

In the middle of the night, there are still people attacking yourself? This is the Wolf Base! Is it possible that the exercise is not over yet?

“who is it?”

Chapter 169: Lin Kai's Flaws

Chapter 169 Lin Kai's Defects

As soon as he looked up, Lin Kai saw a pretty face staring at him angrily. She was wearing a military uniform, her figure was very hot, her face was handsome, white and valiant, she was Lin Kai's instructor, Long Xiaoyun !

She actually attacked herself? Why do you smoke?

Lin Kai breathed a sigh of relief, stood up from the ground, and patted the dust on his body.

“I was scared to death. I thought the exercise was not over yet.” Lin Kai breathed a sigh of relief.

Long Xiaoyun came in front of Lin Kai with piercing eyes and serious expression: “This is only the second day of the drill. Why did you come back early?”

Lin Kai touched his nose and answered truthfully: “Because I defeated three instructors, I was put back!”

“You nonsense!” Upon hearing this, Long Xiaoyun was furious and pointed at Lin Kai angrily: “Can you defeat the three ace special forces? What's a joke? Lin Kai, I know you are very strong, but you have to know, There are people outside, there are heaven outside the sky!”

Long Xiaoyun didn't believe that Lin Kai could defeat them.

After all, there are three of them, but Lin Kai is just a recruit who is the face of the Spike Special Forces Brigade, can he defeat them?

Lin Kai gave a very helpless smile: “Instructor Long, I'm telling the truth. If you don't believe me, you can call Brigadier He.”

Seeing Lin Kai's vows, Long Xiaoyun was dubious.

“You come with me.” Long Xiaoyun said, turned and walked out of the men’s dormitory.

Lin Kai reluctantly followed Long Xiaoyun out of the male soldiers’ dormitory and came to Long Xiaoyun’s office.

Long Xiaoyun picked up the phone and dialed the phone in He Zhijun’s office. After a while, the phone was connected.

“Hey, Brigadier He, I want to ask, that is...”

Before Long Xiaoyun finished speaking, the caller interrupted Long Xiaoyun’s words. After a while, Long Xiaoyun’s expression became more exciting.

“Okay, yes, um.”

After a few promises, Long Xiaoyun hung up the phone, and she also looked at Lin Kai with a very strange look.

In one day, they defeated wild wolves, mountain wolves, and Siberian wolves. If it weren’t for He Zhijun’s own mouth, who would believe this?

Now, Long Xiaoyun began to treat Lin Kai as a monster. Although she knew that Lin Kai was very strong, she did not expect Lin Kai to be so strong.

And Long Xiaoyun also learned that Lin Kai already had his own code name, Crazy Wolf.

After joining the special forces for more than two months, he has his own code name. If this news spreads out, I don’t know how many special soldiers will envy him.

You know, the assessment time of special forces is very long, and if you want to get your own code name, you must survive in the world of special forces.

Like the members of the Raiden Commando, each of them has experienced life and death before they have their own code names.

For recruits like Lin Kai who have only been in the army for a few months, there are almost no soldiers who can obtain a code name, only him is such a pervert.

“Your growth rate surprised me.” Long Xiaoyun suddenly said after a while.

Lin Kai smiled shyly, and scratched his head embarrassedly: “Thanks to Instructor Long for your good teaching.”

“Stop flattering.” Long Xiaoyun glanced at Lin Kai and said: “It just so happened that the superior asked me to complete a task within these five days. Since you are back, you can’t let you idle, you go. “

With a snap, Long Xiaoyun took out a folder from the drawer and threw it in front of Lin Kai.

Lin Kai opened the folder and took out the files inside. After a glance, Lin Kai’s expression changed.

“Let me take the recruits? Isn’t it appropriate? I’m still a recruit myself.” Lin Kai looked embarrassed.

The task Long Xiaoyun gave him was to bring a team of only ten stingers. This team was also made up of recruits, and the enlistment time was mostly three to six months.

Long Xiaoyun lay on the chair with a nonchalant expression, and asked, “Lin Kai, do you know the biggest gap between you and Lei Zhan?”

Lin Kai froze for a moment, comparing himself with Lei Zhan?

It seems that Lei Zhan is not his opponent in terms of shooting or physical fitness.

He shook his head: “I don’t know.”

“The biggest difference between you and Lei Zhan is that you are just a soldier, while Lei Zhan is an instructor.”

“Why are you stronger than Lei Zhan, and you are just a soldier, but he is an instructor?”

When Long Xiaoyun’s question came out, Lin Kai fell into deep thought.

Yes, why is he an instructor, and he is just a soldier?

“Because...because of qualifications?” Lin Kai asked tentatively.

Long Xiaoyun smiled but didn’t smile: “This is part of the reason. When you grow up, you can also become an instructor.”

“But, Lin Kai, you are also the captain of the Wolf Squadron. You have to convince the players of you, although you now call them brothers and have a deep friendship with every player.”

“But you have to understand that you are their comrades-in-arms and their captain. You have to convince them to convince you, even a little... fearful.”

“Is there a bad relationship between Lei Zhan and the other members of the Raiden Commando? Good, but the old foxes never dared to defy what they said to Lei Zhan.”

“By doing this, you can become an excellent instructor.”

Long Xiaoyun’s words are very reasonable. Although Lin Kai is now the captain of the Wolf Squadron, his comrades never seem to treat him as a captain.

It was only when Lin Kai had such a captain title that he obeyed Lin Kai’s orders.

And this is far from enough. Lin Kai is an excellent special soldier, but far from an excellent captain.

What he said was not convincing. The rest of the Wolf Squadron heard it and probably only laughed hippily.

Seeing Lin Kai meditating, Long Xiaoyun continued: “This time, I will mainly let you bring a group of rebellious newcomers.”

“This group of newcomers are a group of rich second generations. They used to be basically the same as you. They were cynical. They were sent into the army by their family members. When they arrive in the army, they have to become special soldiers.”

“But I have to say that these ten rich second generations are still practicing family, and they have some strength, so they stayed in the army.”

“Your task is to convince them to convince you. You still have five days to take office tomorrow. If you can do it, you will be the true captain of the Wolf Squadron. If you can’t do it, I will consider whether to change. Captain.”

Long Xiaoyun’s words are serious, this is to force Lin Kai to take the position of Captain Lin Kai.

Either be an excellent instructor, or be willing to be a special soldier and obey the orders of others.

In the previous life, Lin Kai had always been a very cowardly and easy-going person. In this life, Lin Kai still maintained the easy-going and cowardly of the previous life.

But to live a lifetime, I am not willing to be ordinary!

Chapter 170: Peak Base

Chapter 170: Mountain Top Base

“Make sure to complete the task!” After the salute, Lin Kai took the folder and walked out of Long Xiaoyun’s office.

After returning to his dormitory and cleaning it up, Lin Kai took out a book and read it with gusto.

The name of the book is “The God-level Extraction System of Special Forces”. I heard that the author of this book, Crazy Carat, is a handsome man who is romantic and suave, and Lin Kai also inspires to become a writer like Crazy Carat.

Looking at the book, Lin Kai fell asleep, sleeping until six o’clock the next morning.

At six o’clock, Lin Kai got up to wash, put on his military uniform, and put on his backpack. The collar was wearing the rank of major.

Lin Kai officially left the Wolf Warrior base and went to a base in the Southeast Military Region as an instructor.

Riding a military vehicle, Lin Kai came to a base built on the top of the mountain after half an hour.

This base is very interesting. Looking from the top down, you can almost see the entire Southeast Military Region. There are three or four two-story buildings on the top of the mountain, with a five-star red flag erected in the center.

This place is a battalion of thornheads in the Southeast Military Region. Every once in a while, a few thornhead soldiers will be thrown here, and special personnel will be sent to train these thornheads.

Those who can be trained and obedient will be transferred to the company or special forces, and those who are not obedient will leave directly.

And this time, it was a group of thornheads who wanted to become special forces.

This group of thorns are not only the rich second generation, but they are also practitioners. They have invited professional martial artists to teach them martial arts in their respective families.

Desperate and rebellious, this is the group of people.

When he got here, Lin Kai got out of the car, and walked towards the building camp alone.

Entering the base, there is no one in the base, the courtyard is very clean, but it is a little scary quiet.

Lin Kai looked around and walked to the men's dormitory. After approaching the men's dormitory, Lin Kai immediately heard a group of noisy sounds.

Looking inside through the window, Lin Kai immediately saw the black line at the end, and saw ten male soldiers gathered in the male soldiers' dormitory, actually playing cards!

There were no playing cards in the army, and these boys made a set of playing cards out of white paper.

Several soldiers still had cigarettes in their mouths, all of them looked like Lin Kai's former rich second-generation bastard.

"Lao Tzu Tractor 456, can you be as big as me?"

"Don't believe it?"

"Compared!"

...

"Damn! Leopard!"

The male soldiers in the dormitory were happily playing cards, and if they dared to do this in the army, they would be the second generation of the rich.

He came to the door and knocked on the door.

Bang bang bang!

"Who? Come in!" a male soldier said impatiently.

With a click, the door was pushed open, Lin Kai walked in with a backpack on his back, and cast a cold glance at the group of people.

Long Xiaoyun's words echoed in his ears. What she wanted to do on her own was to become a qualified captain, not a perverted individual.

As soon as Lin Kai walked in, the ten of them all looked at Lin Kai, all of them were shocked, because Lin Kai's rank was a bit scary, Major!

There was silence for a while, and a male soldier squinted his eyes and spit out the cigarette **** in his mouth, and smiled: "I thought it was a big man. I was just going to be a colonel and another major."

"Hahahahaha..."

There was a sudden burst of laughter. There was no Lin Kai in the eyes of the ten male soldiers. The instructors had been changed several times, and no one could control them!

After all, their identities are here, and if you want to move them, you have to weigh your own weight!

“I said, Xiaobaiface, you are not very old, you are eighteen or nineteen, how much did you spend for the rank of major? I will buy one too.” A male soldier with a rebellious smile on his face asked Xiang Lin open.

This male soldier is 1.8 meters tall, has a burly figure, and has a fair complexion. Lin Kai has read his information and knew his name is Wang Tianye.

Wang Tianye, the son of the prince of the island, is a veritable rich second generation.

Lin Kai lowered his head and laughed: “It’s not much money, just the lives of seven people.”

As soon as this sentence came out, the atmosphere at the lively scene once again cooled down, so people looked at Lin Kai again.

Lin Kai had a harmless smile, and Wang Tianye also had a cold expression, staring at Lin Kai.

Seven lives? In other words, this kid killed someone?

“Heh.” After a long time, Wang Tianye laughed out: “It’s a **** bragging, but seven people’s lives, whose life? Mario’s life? Or Contra’s life?”

“Puff ha ha ha ha!”

There was another burst of laughter, and some people burst into tears.

“Wang Shao, you can really make a joke! Hahaha!” A male soldier patted Wang Tianye on the shoulder and laughed.

Lin Kai smiled slightly and shook his head. It was really a bunch of thorns. Even now, they still regard themselves as the broad-minded in the army.

“The new instructor, right? Go over there and squat in the corner. Our brothers will play cards for a while. Wait a while!” Wang Tianye said, and threw a cigarette in his mouth again. The appearance of not opening Lin to his eyes.

At this time, another male soldier stood up. This male soldier was relatively thin. It seemed that he was too drunk and had dark circles under his eyes.

He came to Lin Kai, took out a soft Chinese cigarette, and handed it to Lin Kai.

“Come here, the instructor smokes a cigarette, don’t listen to Wang Tianye, how can the instructor squat? It must be standing!” The dark circle said deliberately with a serious face.

There was another burst of laughter.

Lin Kai glanced at him. This person’s name was Chen Qing, the youngest of the Chen family of Yanjing, and his background was not small.

Lin Kai didn’t pick up the cigarette for a long time, and the smile on Chen Qing’s face gradually disappeared. He threw the cigarette directly on the ground and stomped on both feet.

“Fuck, shameless, I really thought I was something.” Chen Qing cursed, pucked, and vomited a mouthful of sputum at Lin Kai’s feet.

After all, Chen Qing returned to the crowd of male soldiers, and Wang Tianye smiled and said, “I said let him squat? You have to let him stand and slap him?”

“Hahaha!” Wang Tianye laughed, and Chen Qing was so angry that Chen Qing kicked him directly: “Laugh and laugh! Playing cards! This time bet one million! I won’t believe it, I can’t win you!”

A group of people continued to play cards without opening Lin Kai’s eyes at all, and they didn’t even look straight at Lin Kai again.

Lin Kai stood at the door, as if he was a fool, no one paid him any attention.

On the surface, Lin Kai made an understatement with a smile, but his heart was already extremely angry.

Relying on your own family to serve as a soldier, after arriving in the army, you still regard yourself as a wealthy man? Don’t pay attention to the rules of the troops at all!

If it was Thunder Fight, what would he do?

Lin Kai thought of this question in his heart. If Lei Zhan is allowed to bring this group of thorns, they will definitely be obedient.

This is the gap between Lin Kai and Lei Zhan, Long Xiaoyun said.

Lin Kai closed his eyes and looked at the matter from the perspective of Lei Zhan’s thinking.

Lei Zhan is popular in Lei Li, he does things cleanly, and is very angry.

If he were me, he would walk in with a rifle, and shoot at this group of stingers!

Chapter 171: Sting

Chapter 171

“This stupid instructor is still standing here.” A male soldier glanced at Lin Kai and quietly said to Wang Tianye.

Wang Tianye glanced at Lin Kai, and after seeing Lin Kai in a daze, he dismissed it with a smile.

“Oh, the major, come here.” Wang Tianye waved to Lin Kai, his expression was extremely arrogant.

Lin Kai glanced at Wang Tianye coldly, his eyes cold.

“What about you? Come here!” Wang Tianye said again, his tone stopped.

At this time, Lin Kai wished to go to the equipment room to hold a large machine gun to beat the group of people into fishing nets, but Lin Kai's reason told him not to be impulsive, but to influence them with love.

So Lin Kai took a step forward and walked in front of Wang Tianye.

Watching Lin Kai be so obedient, Wang Tianye smiled triumphantly at Chen Qing, as if showing off.

Wang Tianye gave Lin Kai a glance at the card in his hand and said, “How about Lao Tzu's card?”

The card in Wang Tianye's hand is three eights. Among the golden flowers, it is considered a very big card, that is, the leopard.

But here is the army, so he ignored Lin Kai and played cards in front of the instructor and asked the instructor what his cards were!

“Cards are not allowed in the army. Who told you to play cards here?” Lin Kai asked coldly.

Wang Tianye was taken aback, the smile on his face disappeared, and with a snap, he threw the card in his hand onto the table and stood up.

“I want to play cards as long as I want to play cards, can you **** control you? Who do you think you are? Yo, the rank of major, that’s great! I’m a soldier, but I just look down on you!”

“A rubbish, pretend to be forced in front of my Wang Tianye, and don’t look in the mirror to see if you are qualified!”

“I only need a phone call to make you disappear from the army, believe it or not?”

When Wang Tianye got angry, everyone else put down their cards and flocked next to Wang Tianye.

“Wang Shao, calm down Shao Wang, just a silly fork, don’t care about him.”

A male soldier said flatteringly, pointed at Lin Kai, and said angrily: “You! Come over and apologize to Young Master Wang!”

Wang Tianye raised his head and looked to the sky, almost looking at Lin Kai with his nostrils, with an invincible appearance.

They actually asked the instructor to apologize to a recruit! Still a recruit who made a mistake! Why?

This group of thorns are really crazy, they are not thorns, they are simply scum! Why are such soldiers still in the army? Instead of being driven out of the army?

The difficulty of the task Long Xiaoyun entrusted to herself is not that high!

“Apologize, why?” Lin Kai frowned and asked coldly.

“Why? He’s Young Master Wang!” The male soldier once again said arrogantly: “Young Master Wang is the young master of the island king family, do you know the island king family? That’s one of the best big family on the island!”

“The Wang family wants you to disappear from the army, it’s just a matter of one sentence! If you don’t please Mr. Wang now, you will suffer in the future!”

The island is a very wealthy place in China. The Wang family and Lin Kai have also heard that the first-class family of the island has similar status to the Lin family.

But since he dared to send him into the army, he would never retaliate against the instructor who taught his son. Lin Kai understands this because his father thought that way.

“What about the King of the Island? Even if Lao Tzu comes, you can’t smoke and play cards here!” Lin Kai said angrily.

“Yo-yo-yo, you really think of yourself as an onion? Yes, the army is not allowed to smoke and play cards. If you have the ability, you can tell us! Look at your superiors except for scolding you for incompetence. Can you touch us?” Chen Qing was holding his arms and talking, with a playful smile on his face.

This time, Lin Kai was completely angry.

Fuck them with love!

“You wait!”

After all, Lin Kai walked directly out of the men’s dormitory.

“Go away again! Hahaha!” Chen Qing hugged his arms and laughed.

It is simply too difficult to give them this group of thorns to the docile and obedient. They do not want to be soldiers, and they are not afraid of anyone. In addition, they have a background and let their own temperament be. Rampant in the army.

The instructors have been angered for several times, but they have not changed. This is the dude.

Wang Tianye pucked, and picked up the cards on the table: “I pucker, I thought it was a powerful character. I didn’t even last a day, rubbish!”

“Hahaha! This kid will definitely be scolded to death if he goes to the superior to beat us for a small report!”

“Eating flat with us, and being scolded by superiors, I feel very angry thinking about it!”

“Hahahaha!”

A group of people laughed and continued to play cards, without taking the matter into their hearts.

They thought that Lin Kai was ran away by anger. Lin Kai was angry, but he was not ran away. On the contrary, he came to the equipment room, which was guarded by soldiers. No one could enter except the instructor.

Lin Kai showed his ID, and after entering the equipment room, he took a handful of the 95th type and a tear gas canister.

“Little bastard, isn’t it crazy? Others are afraid to offend you and dare not move the truth, I’m not afraid!”

Holding the equipment, Lin Kai walked out of the equipment room angrily.

The soldiers guarding the equipment in the equipment room saw that Lin Kai was going to be serious, and silently mourned the group of recruits.

In the mens dormitory, the group of thorns continued to play poker. Wang Tianye was lucky and won a lot of money. Of course, they had no money in their hands. They just won money verbally.

With a snap, the door was opened, and everyone looked towards the door. Lin Kai dropped a tear gas canister, closed the door with a snap, and locked it with a key.

Wang Tianye and the others stared at the tear gas on the ground for a moment, and said, "Fuck, this kid dares to come true?"

Stab! I saw a thick white mist emanating from the tear gas bomb, which soon filled the room.

"Fuck me, my eyes!"

"Why can't you see anything?"

"Asshole! Open the door!"

...

The door of the dormitory was shaken for a while, but they didn't have the key and couldn't open the door of the dormitory at all!

So, a male soldier kicked the door of the room with his foot, bang! boom! boom!

After kicking a few feet, there was a bang, and the door was kicked open. Ten male soldiers crawled out of the male soldiers' dormitory, really embarrassed.

Bang bang bang!

There was a gunshot, and the group of dudes were taken aback. They felt a bullet whizzing past their ears, and they didn't dare to move.

"Battle! Do you dare to shoot another shot?" Wang Tianye shouted.

boom!

With a gunshot, Lin fired a shot on Wang Tianye's thigh. Wang Tianye let out a cry and knelt on the ground, clutching his leg.

An empty bullet can't penetrate, but it hurts to hit someone.

Lin Kai is not afraid to offend them, so he will be cruel!

“Which one is still dissatisfied, speak out!” Lin Kai shouted as he looked at the group of people.

Of the ten people, no one dared to make a sound again, all squatting on the ground rubbing their eyes.

To deal with this group of people, you cannot be soft, you have to be hard, hard enough to make them afraid!

Chapter 172: Wang Tianye

Chapter 172: Wang Tianye

Wang Tianye gritted his teeth. Despite the anger in his heart, Lin Kai was holding a rifle at this time, and he didn't dare to confront Lin Kai again.

A group of ten people squatted on the ground, not daring to move.

Lin Kai stared at these ten people indifferently. Wasn't that the same for Lin Kai before? Bullying and fearing hardship? And it's not a long memory.

This group of people is no different from the previous Lin Kai. To deal with this group of broad and young people, you must be ruthless, so ruthless to make them afraid of you!

Lin Kai picked up the water gun on the side, turned on the switch, and with a stab, a jet of water sprayed out and poured on the ten people.

“If you don't want to be blind, just open your eyes to me!” Lin Kai shouted.

These ten Kuo Shao felt so angry that they were so insulted by a major, but they had just been hit by a tear gas, and they didn't dare not listen to Lin Kai's words, they could only open their eyes obediently and let Lin Kai wash their eyes.

The method of flushing eyes is very simple, that is, water cannon, simple and rude.

Three minutes later, Lin Kai turned off the water gun, and the group of Kuo Shao also opened their eyes and looked at Lin Kai in front of them.

There was hatred in Wang Tianye's eyes. He stood up, and the other nine people also stood up, staring at Lin Kai with enthusiasm.

If it weren't for fear that Lin had a gun in his hand, they would have rushed in.

At this moment, in the male soldier's dormitory in the distance, two sentries and three order soldiers gloated at the group of Kuo Shao.

"After being arrogant for so long, someone finally came to clean them up!" An order soldier said angrily.

"Who is this new instructor? He looks so young and has such a cruel move. Are you afraid of offending the family behind them?" another orderly asked.

A sentinel replied: "I have seen his ID. This year's newcomer, Lin Kai, is the head of the Lin family in Jiangbei. Do you think Lin Shanxi is afraid of them?"

There was a suddenly realized voice, it turned out to be the Young Patriarch of the Lin Family, no wonder the attack was so vicious.

Chen Qing's eyes were like those of a poisonous snake, staring at Lin Kai fiercely, but there was nothing wrong in his expression.

He smiled without a smile, and clasped his fists: "Instructor, which unit are you from? What's your name?"

When I came up, I asked Lin Kai's troops and their names. This was obviously for revenge!

Lin Kai looked at him without squinting: "You don't need to know my name, you can call me the instructor, or my code name, Crazy Wolf."

Crazy wolf?

Chen Qing laughed disdainfully, and didn't even dare to say which unit he belonged to. What can such an instructor do?

"Heh, crazy wolf? I haven't heard of it." Wang Tianye curled his lips, his face looked like he didn't care.

"Crazy wolf? We have only heard of the Siberian wolf and the wild wolf. We have never heard of the mad wolf. From which corner of the wild mountain a mad wolf jumped out?" Chen Qing also echoed.

"It doesn't matter if you don't know each other, you'll know me soon." Lin Kai tilted his head and smiled.

"Report instructor! We are not convinced!" Wang Tianye saw Lin Kai's arrogant appearance, and he was the first to disagree and stood up directly.

“As our instructor, we must have some ability to convince us? What kind of ability to hold a gun? I want to single out with you!” Wang Tianye said loudly.

Wang Tianye, a taekwondo master, a black belt, and outstanding skill, Lin Kai has seen this in his information.

Chen Qing also followed: “Yes, singled out, we want to see how strong you are as an instructor! If you can’t even beat us, then don’t be an instructor!”

It’s really a bunch of thorns!

Lin Kai stared at Wang Tianye and said, “You have to go heads-up, don’t you? Yes, it’s boring alone, let’s go together.”

“What?” Wang Tianye was taken aback for a moment, and went on together?

This instructor is too arrogant, right? Hit ten per person?

Although they are not real special forces, they have two brushes in their hands. They are both for practicing family. Lin Kai will fight ten of them alone?

Depending on his age, he is about the same as himself. Does he have the strength to beat ten?

Chen Qing was also stunned, he thought he had heard it wrong.

“What?”

Ten people are all dumbfounded, look at me, I look at you, the first few instructors who were angered, no one dared to say that he wanted to beat ten such things.

This new instructor is so young, yet so crazy?

“Come on, let’s go together, don’t waste time.” Lin Kai waved his hand, looking impatient.

Wang Tianye glanced at Chen Qing, a sneer appeared at the corner of Chen Qing’s mouth, and then at the other eight people behind him, all eight of them were gearing up too, wishing to go up and beat Lin Kai.

“It’s so **** crazy, I have to hit ten by one person, brothers, let him know why the flowers are so red!” Wang Tianye squeezed his fist and made a crackling sound.

“Good!” A group of ten people walked towards Lin Kai.

The expressions on their faces, with funny smiles, did not look like Chinese soldiers at all, but more like street hooligans.

Chen Qing and Wang Tianye are the leaders of this group of people. The two of them are extremely powerful. With the two of them taking the lead, the other eight also have a solid heart.

Chen Qing is a master of Sanda, and Wang Tianye is a master of Taekwondo. With the two of them, Lin Kai can't beat the storm.

Lin Kai looked confident, and threw the rifle in his hand to the ground, walking towards Wang Tianye and Chen Qing.

“drink!”

At this moment, Chen Qing and Wang Tianye shouted loudly at the same time. Chen Qing hit Lin Kai's head with a high whip kick, and the air screamed, and the strong wind had reached Lin Kai's face. .

And Wang Tianye kicked Lin Kai's crotch too, and he was extremely insidious.

The other eight people attacked Lin Kai from different directions. For a while, Lin Kai was blocked up, down, left, and right. From the eyes of others, Lin Kai was only going to be beaten.

But Lin Kai dealt with them without even using skills, and could solve them perfectly by relying on his own speed and response.

Lin started to move. He bowed his head and avoided Chen Qing's high-whip legs. He grabbed Chen Qing's calf and threw him aside.

Then, Lin Kai clamped Wang Tianye's calf with both hands and punched him on the knee!

After that, Lin Kai broke out at a very fast speed, came to one person, punched him in the face, and knocked down another person.

No one can react to his speed. In less than ten seconds, no one can stand in front of Lin Kai again.

Ten people, all in seconds!

“Oh...” Wang Tianye and Chen Qing supported each other and stood up. The other eight people also helped each other to stand up, and then looked at Lin Kai with a jealous look in their eyes.

Damn it, is this a monster? Can you fight like this?

Just now Wang Tianye and Chen Qing were brought down before seeing Lin Kai's figure.

Chapter 173: Betting Game

Chapter 173

Three minutes later, the line stood up, and ten Kuo Shao stood in a row, each with a blue nose and a swollen face.

But their eyes were still unconvinced with Lin Kai, they were all daring to be angry but not speaking. The look in Lin Kai's eyes seemed to kill.

"Serve it?" Lin Kai asked, looking at these people.

All ten people were silent.

Wang Tianye and Chen Qing looked at each other, knowing that this time they encountered hard stubble, Lin Kai's melee ability was very strong.

At this time, Lin Kai recalled Long Xiaoyun's words in his mind. The difference between himself and Lei Zhan was that he was not convinced.

Why don't you have no conviction? Because I am not ruthless enough!

He was clearly called Crazy Wolf, but when facing wild wolves, Lin Kai always chose to break out when he was forced to bear it.

This is Lin Kai's strength and his weakness.

These people obviously disagree with Lin Kai, but Lin Kai has a way to convince them!

These Kuo Shao are not convinced that they can fight because they have seen too many who can fight before, but those who can fight are either thugs or their men.

How can Lin Kai fight? In their eyes, Lin Kai is a reckless man.

Therefore, if they want them to feel convinced by Lin Kai, they must be ruthless, ruthless to themselves!

"Isn't it? Okay, wait for a while." Lin Kai nodded, laughed hard, and turned to the equipment room.

A minute later, Lin Kai walked out of the equipment room with an extra revolver and several bullets in his hand.

After seeing this scene, this group of broad youngsters narrowed their eyes, and their hairs exploded. This scene seems to have been seen in the movie!

Does this new instructor want to kill them?

“Since you are not convinced, how about we play a game? This is a live ammunition, you can take a look.” Lin Kai threw the bullet in his hand to Wang Tianye.

Wang Tianye weighed it, the bullet was heavy, and it was indeed a live ammunition.

“What do you want to do?” Wang Tianye asked with a look of fear.

“The revolver has six bullet holes in total. Put this bullet into one of the bullet holes and shoot five shots at yourself. Do you dare?” Lin Kai asked with a smile on his face.

After hearing Lin Kai’s words, everyone’s expressions changed. This is killing their lives!

This is equivalent to everyone having only one sixth chance to survive! Not even one-sixth!

What a **** cruel!

Is this an instructor or a murderer?

As for Wang Tianye, who has always been arrogant and domineering, his face turned pale and his lips were shaking.

“That’s great, you...do you dare to play by yourself?” Wang Tianye stammered a bit.

Lin Kai’s expression became cold, and he loaded the bullet into the bullet hole. Then, when he dialed the pulley of the revolver, he heard a mechanical turning sound, pop! Lin Kai suddenly grasped the pulley of the revolver and pointed the muzzle at his temple.

“Dare I dare, please be optimistic.”

Click!

Lin Kai pulled the trigger, but the gun did not go off.

Everyone trembled, apparently startled by Lin Kai’s actions.

If the gun fired just now, Lin Kai would be a corpse now!

Did this kid take gunpowder? Are you so cruel to yourself?

Click!

Lin Kai pulled the trigger for the second time, but this time, the gun did not sound.

Click! Click! Click!

Lin Kai pulled the trigger three times in one breath, but the gun did not sound.

Everyone's faces were pale with fright, even if they were big or young, but they had never seen a character who could be so cruel to themselves!

Lin Kai actually survived a one-sixth chance of survival. His luck is so **** good!

Wang Tianye and Chen Qing looked at each other. This time, their eyes were full of fear when they looked at Lin Kai.

Lin Kai smiled pretentiously: "Oh, sorry, I survived."

After all, Lin fired the gun at the sky, pulled the trigger, and banged! A bullet hit the sky.

How did Lin Kai do it? It's very simple, the God Eye slows down and stops the bullet on the far right of the pulley.

In Chen Qing's opinion, Lin Kai just fiddled with it at will, and then stopped the pulley turning, there was no chance of cheating at all.

"Come on, it's your turn." Lin Kai put in another bullet, fiddled with it at will, then stopped the pulley, the bullet was still on the far right, but Lin Kai bet he didn't dare to shoot.

Lin Kai handed the gun to a Kuo Shao at random. The moment that Kuo Shao took the gun, his whole body trembled. At this time, his face was pale, with the gun in his hand, he wanted to cry without tears.

"Shoot, it depends on your luck." Lin Kai said lightly, as if life were not worth money in his eyes.

Young Master Kuo really didn't expect Lin Kai to be so cruel, wouldn't he be afraid of killing someone if he played so much?

"I...I don't dare..." Kuo Shao stammered and trembled.

"Don't dare?" Lin Kai narrowed his eyes, looked at him directly, and said: "If you don't dare to act in front of me, I can't bear it!"

Na Kuo Shao didn't say a word at this time, lowered his head, didn't dare to look directly at Lin Kai!

Because there was a faint killing intent from Lin Kai's body, this killing intent made him feel like he had fallen into an ice cellar, and his whole body was extremely cold.

Lin Kai snatched the revolver from his hand and threw it into Wang Tianye's hands. The moment after receiving the revolver, Wang Tianye also trembled and his face was pale.

"Dare you?" Lin Kai asked, narrowing his eyes.

Does Wang Tianye dare? Of course he dare not, but he can't let go of his face.

Upon seeing this, Lin Kai took the revolver from his hand and said, "Would you like me to help you?"

Hearing that, Wang Tianye was staring at Lin Kai, he didnt believe Lin Kai dared to shoot him, Lin Kai bet his life, he died and he was very light, but he shot himself, in case he died, he This is illegal!

"Dare you shoot me?" Wang Tianye's tone was trembling.

"You don't believe it?" Lin Kaixiemei smiled, picked up the revolver and pointed it at his head, and pulled the trigger directly!

Click!

The gun did not go off, and Wang Tianye was shocked and screamed, almost not being scared to pee!

Lin Kai really dared to shoot!

Lin opened the gun and threw it to Wang Tianye, saying, "Did you shoot yourself, or should I help you?"

Wang Tianye was almost crying at this time. When he was at home, who would dare to scare him so much? This is not playing a game, this is killing!

"Don't! Don't! I don't play...I don't play..." Wang Tianye looked pale and kept shaking his head.

"Counsel!" Lin Kai cursed disdainfully, took the gun from his hand, and looked at the group of people: "Whoever dares to play this game with me and survive, I don't just care about you, Instead, you play casually in the army! No one can control you, I said the crazy wolf!"

In fact, all the bullets were hidden in the bullet hole of the sixth gun by Lin Kai. No one can kill him, it depends on whether they dare to die!

But who dares to play this game with his own life? A group of ten people all bowed their heads, silent.

“Don’t dare, don’t put on the spectrum of your rich and young! This is the army, not your home!”

Chapter 174: Weight Bearing Stone Lion

Chapter 174

A group of ten people, no one dared to look down upon Lin Kai at this time. They found out that the instructor this time was different from the previous ones. Even though he was young and vigorous, his methods were extremely vicious, and he didn’t even care about his own life. Come on, ruthless!

“Stand up for me!” Lin Kai shouted loudly, and everyone stood upright with a sharp spirit.

Although they are scared of Lin Kai, this is far from what Lin Kai wants. Lin Kai wants this group of people, respects himself in his heart, and is willing to work for himself.

That was what she wanted, and it was what Long Xiaoyun wanted to see.

“You want to be special forces, right?” Lin Kai asked.

After hearing this question, Wang Tianye’s eyes lit up, nodded, and said: “Report! I think with my strength, I can already be a special soldier!”

This group of people has great ambitions. When they come to the army, they simply look down on ordinary companies, and they have to be special soldiers.

Wang Tianye is very confident. This confidence comes not only from his background, but also from his family.

This kid is a rich second-generation guy who likes to fight. He has been taught martial arts by countless martial arts masters, so he feels that he is qualified to be a special soldier.

“Very good.” Lin Kai nodded and glanced at his watch: “Then let me see if you are qualified to be special forces, with a weight of 50 kilograms, and push-ups for half an hour.”

Lin Kai’s understatement made everyone’s expressions change.

Push-ups are a sport that consumes more energy than long-distance running, because the strength of the thighs is stronger than that of the arms. Running is the thighs driving the whole body, while push-ups are the arms driving the whole body.

People who can run 20 kilometers may not be able to push-ups for half an hour.

And a person who can push-ups for half an hour can definitely run 20 kilometers.

But this time, Lin Kai asked everyone to carry 50 kilograms of push-ups for half an hour. This is an impossible challenge!

Push-ups for half an hour are already an extremely difficult challenge, and with a weight of 50 kg, let alone half an hour, even ten minutes is impossible!

When Wang Tianye, who has always been confident, heard that he was carrying 50 kilograms, his face changed.

How much is fifty kilograms? It's the weight of a young girl! It is equivalent to sitting on your back and doing push-ups for half an hour!

Where is the strength of human arms?

Everyone's face changed.

"Report instructor! It's impossible! Even a special soldier can't have such strong strength and physical strength!" A thorn head raised his hand.

Others followed suit.

"Yes! Instructor, this is impossible!"

"You shouldn't see that we are not pleasing to the eye, and deliberately make things difficult for us, come here if you have the ability!"

There was a sound of grievances for oneself, no one was willing to carry a weight of 50 kilograms and push up for half an hour!

Lin Kai also understands that his requirements are indeed very high. Generally speaking, even a special soldier can't do half an hour push-ups with a weight of 50 kilograms.

Lin Kai just made them understand that special forces are not so easy to become! In the words of Lei Zhan at the beginning, you have no advantages to cover up your shortcomings. Why should I evaluate you according to ordinary standards?

“Why can’t you? Don’t you want to be a special soldier? You can’t even do this?” Lin Kai asked loudly.

Chen Qing stood up and said, “Report! I don’t believe that even a special soldier can carry 50 kilograms and do push-ups for half an hour!”

“Report! I don’t believe it either!” Wang Tianye also stood up.

“Report! We don’t believe it either!” A group of people stood up and looked at Lin Kai without any shock.

Lin chuckled and looked at a huge stone lion far away at the door. This stone lion used to be at the entrance of a ruined temple on the top of the mountain. Later, the ruined temple was demolished. The troops saw that the stone lion had some value, so he kept it. Down.

Approximately, this stone lion should weigh about 500 kilograms.

Lin Kai wanted to challenge himself very much. He never knew where his physical strength was. After seeing this stone lion, his heart became active.

It just so happens to frighten these new recruits!

“Have you seen that stone lion?” Lin Kai asked suddenly, pointing to the stone lion at the door.

Everyone looked at the stone lion, and for a moment, what did Lin Kai mean?

“I see.” Chen Qing replied.

“Do you think it weighs?” Lin Kai asked.

This stone lion is huge, a head taller than the average person, and very wide, which looks very heavy.

“Probably...about a thousand catties,” said a thorn.

Lin Kai nodded and said, “Yes, if I do a thousand push-ups with that stone lion, then please do your own push-ups obediently!”

After hearing Lin Kai’s words, there was an exclamation, followed by a questioning voice.

A thousand kilograms? Are you kidding me? Do a thousand push-ups? That stone lion can crush people to death with just weight!

Even if Lin Kai is good at playing, he can carry a thousand catties? What a joke!

With half a ton of weight, let alone Lin Kai alone, the eleven of them might not be able to hold them together!

Lin Kai actually said that he would do a thousand push-ups with it on his back?

Chen Qing laughed out loud at the time: “Haha! Instructor, to be honest, you are the most bragging person I have ever seen Chen Qing! No one!”

Wang Tianye also stood up and said, “Instructor, is it true that you can hit, but the stone lion weighs at least 500 kilograms, and you can’t lift it, and you still want to do a thousand push-ups on your back? impossible!”

“We don’t believe it!” The others echoed.

At this moment, the three order soldiers and two sentries who watched the excitement in the distance were all puzzled by Lin Kai’s words and deeds.

Just now they saw Lin Kai beating this group of people violently.

But now, is Lin Kai thinking about it? Actually want to carry that stone lion? That stone lion can be lifted by human power?

Not to mention Lin Kai, even if Tyson is here, he definitely can’t lift the stone lion! Five hundred kilograms, but half a ton of power!

“This Lin Kai is not as powerful as the rumors! Load 500 kilograms to do a thousand push-ups? Bragging right?” A sentry said.

Another sentry continued: “It was because the stone lion was too heavy, so I didn’t deal with it. When I stayed on the top of the mountain, Lin Kai actually had to bear it? Does it lose face?”

“Bringing, it must be bragging, what does Lin Kai think? Isn’t this deliberately embarrassing in front of the recruits?”

“I admired his courage just now. I dare to bet my life. Such a soldier on the battlefield must be a nightmare for the enemy.”

“But now it seems that he is not brave, but that he has a brain problem! If his brain is okay, how can he dare to shoot himself? That is, he is lucky and survived.”

“Now I have to bear a heavy stone lion again. I think he is very ill.”

Chapter 175: Shocked

Chapter 175

Even the few sentinels and order soldiers who were watching could not stand it anymore. Lin Kai was joking. It was simply impossible.

Lin Kai waved his hand helplessly, came to the huge stone lion, and patted it twice.

Listen to the sound, it is solid, it should be about 500 kilograms.

Afterwards, Lin Kai turned his back to the stone lion, supported it with both hands, lifted it slightly, and felt the weight.

Just carry it on your back and it will definitely fall off.

To tie it to yourself with a rope.

Ever since, Lin Kai called out, "You guys, find a thicker rope and tie the stone lion to me!"

Hearing Lin Kai's words, Chen Qing and Wang Tianye glanced at each other, and there was cruelty in their eyes.

Lin Kai is really going to be caught by that stone lion, is he crazy?

And he actually wanted to tie him to the stone lion himself, and for a while he couldn't move his hands and feet, wouldn't he be able to do whatever he wanted?

Without even thinking about it, Chen Qing and Wang Tianye agreed and went to find the rope.

After a while, the two of them found a very thick nylon rope and brought it in front of Lin Kai.

The two of them asked very positively: "Instructor, do you think this rope is OK?"

Lin Kai nodded and said, "Yes, tie it up!"

Chen Qing and Wang Tianye looked at each other, they laughed smirkingly, and began to tie Lin Kai to the stone lion.

The two of them circled Lin Kai and the stone lion round and round, and then tied the rope with a knot, which was a strong one, without a force of more than a ton, and couldn't escape.

After the two tied Lin Kai, they akimbo, the smile on their faces disappeared, replaced by a sullen expression.

Damn, scare me with a gun, and kill me? I have tied you here now, I see how arrogant you are!

The other eight people also stood up, flexing their hands, staring at Lin Kai with a smirk, and walking towards Lin Kai.

A dagger even appeared in the hands of a stabbing head. He wanted to bleed Lin Kai well!

But Lin Kai didn't pay any attention to them. Lin Kai knew what these people thought, but he didn't bother to pay attention.

Wang Tianye sneered, just about to speak, when Lin Kai in front of him suddenly used force and banged, the huge stone lion actually got off the ground! Lin Kai abruptly carried him back!

"Damn!" Wang Tianye, who was about to say something harsh, said I blurted out, and fell to the ground with a click of his chin.

This is too **** exaggerated, right? A stone lion weighing 500 kilograms, when you say you carry it on your back, you carry it on its back? That's half a ton of weight!

But I was going to taunt Lin Kai fiercely, and then teach Lin Kai's stingers, the eyeballs were about to come out.

It's really back!

They swallowed all those curses back in their stomachs, and cursing Lin Kai now is no different from looking for death!

What kind of cruel person was this sent from above? You can carry 500 kilograms of stone lions!

Lin Kai not only carried a 500-kilogram stone lion on his back, he even took two steps and felt it.

How does it feel to carry 500 kilograms on your body? It feels the same as an ordinary person carrying fifty kilograms. Although it is heavy, it is not immobile.

Lin Kai's strength and physical strength are very strong, he wants to see today, how long he can last!

I saw him lying down in front of ten thorns, and started doing push-ups.

One, two, three...

Lin Kai hadn't noticed that the group of thorny faces were all green at this time, and Lin Kai was completely surprised.

They vowed that it was impossible just now. When Lin Kai came here, it was completely easy to do.

Is the level of China's special forces so high now? If this is the case, China should be the largest country in the world, right?

Chen Qing and Wang Tianye looked at each other and swallowed the curse into their stomachs. The man who took out the dagger capital, now stuffed the dagger into his crotch, for fear of being seen by Lin Kai.

He hit ten, dared to kill his life, and did a thousand push-ups with a weight of 500 kilograms. Lin Kai's various performances told them that he is not an ordinary person, he is a super invincible big pervert.

Fifty, fifty one...

a hundred

Lin Kai did a hundred push-ups in one breath, and Lin Kai felt incredible at this time. He felt that the pores on his body were opened up and his muscles were moving comfortably.

At this time, Lin Kai felt that he had warmed up, and his whole body was warm.

Two hundred...

Three hundred...

Five hundred...

He did five hundred push-ups in one breath. At this time, Lin Kai was already sweating profusely, and his skin began to redden slightly. At this time, Lin Kai finally felt a little tired, but he could continue.

Six hundred...

Seven hundred...

Nine hundred...

When he reached nine hundred, Lin Kai obviously felt that he was a little exhausted, and began to appear thirsty, and the muscles all over his body were trembling slightly.

But you can bite your teeth and continue to stick to it.

Nine hundred and fifty...

One thousand!

After reaching 1,000, Lin Kaihun had already begun to tremble visibly. The stone lion behind him was pressing on him like Mount Tai. At this time, Lin Kai was really exhausted and could no longer persist. Go down.

But Lin Kai told himself in his heart that he could break the limit!

One thousand one hundred and one, one thousand one hundred and two...

After reaching one thousand one hundred and twenty in one breath, Lin Kai finally took a long breath and exhausted all his strength to stand up, and the huge stone lion behind it fell to the ground with a thud.

Lin Kai seemed to take a shower in his clothes, his body was wet, his hair was soaked, and his body was dripping with sweat like it was raining.

Sweating profusely can't describe Lin Kai, Lin Kai is now sweating profusely.

But Wang Tianye and the others were shocked and numb at this time. At first, they felt that Lin Kai was just empty of strength. He certainly didn't have such abnormal physical strength. If he couldn't do a few push-ups, he would be unable to hold it.

But Lin Kai's physical strength shocked them a lot. For a thousand push-ups, Lin Kai really did it, and there were a hundred and twenty more!

Let them come, let alone one thousand one hundred and twenty, it's hard to make one! The weight of the stone lion can crush them!

And they still had a bit of resistance just now, and they didn't have any at this time. With Lin Kai's hand, they didn't dare to do it! Lin Kai could kill one of them with one punch.

Wang Tianye and Chen Qing glanced at each other. They are the most powerful of these ten people. They have also seen many masters in their respective families. They have seen a punch that can kill a cow, and they can be pulled back. Weeping willows, but I have never seen the metamorphosis of a stone lion carrying a 500 kg stone lion doing a thousand push-ups.

Compared with Lin Kaiyi, the bodyguards that their family spends millions of dollars in a year are simply the difference between ants and elephants.

Chapter 176: Firearms Understanding Ability

Chapter 176

“Huhuhu...”

Lin Kai was sweating and panting, his chest rising and falling, his expression exhausted.

This is Lin Kai's limit, carrying 500 kilograms and doing 1,120 push-ups.

If such a strong physical strength and endurance were passed out, it is estimated that the entire military area would be shocked.

At this time, the several orders and sentries in the distance were already looking silly. They had always thought that Lin Kai was mentally ill.

It now appears that people are not only brain-free, on the contrary, they are confident!

Isn't this person the reincarnation of Dali King Kong? How can a normal person have such a perverted strength?

“Damn, awesome!” A sentinel put his chin back on his mouth and held out his thumb.

Wang Tianye and his party were shocked even more than the sentinel.

The same nine-year compulsory education, why are you so good?

Lin Kai is about the same age as them, or even younger, but Lin Kai's strength has left them eight streets!

This makes Wang Tianye, who has always been very confident, very uncomfortable. There are people outside, and there are more people who are better than himself!

“Untie it for me.” Lin Kai said forcefully.

“Ah? Oh, good!” Wang Tianye reacted from shock at this time, and quickly went to untie Lin Kai.

At this time, Wang Tianye didn't dare to have any resistance to it, and annoyed this great god. Be careful that he carried a stone lion on his back and killed you.

Chen Qing also came to help, and the two of them hurriedly untied the rope from Lin Kai, and then ten people stood in a row and looked at Lin Kai.

Lin Kai knew that they had already begun to fear themselves, but this was far from enough. Lin Kai not only asked them to fear themselves, but the most important thing was to make them respect and obey themselves.

After Lin Kai was put down, he took out a small bench from the room and sat in the courtyard, looking at the ten thorns in front of him.

“It’s up to you now, with a weight of fifty kilograms, push-ups for half an hour, now, hurry up!” Lin Kai glanced at his watch and said lightly.

The faces of Wang Tianye and others all changed. They knew that Lin Kai was not joking, he was really going to do this!

Lin Kai has shown his perverted strength, now what excuses do they use to decline?

If you can’t do it, hurry up!

They all started loading their backpacks with their own equipment. The equipment was not enough to hold rocks until they were filled with fifty kilograms.

Lin Kai was watching them by the side, they could only be heavier, not lighter!

After putting on their backpacks, these people felt that they were too heavy to move. They were too heavy to walk!

“Loading fifty kilograms, push-ups for half an hour, start now!” Lin Kai shouted.

With a whistle, the ten thorns began to do push-ups.

The difficulty of doing push-ups with a weight of 50 kilograms is huge, let alone them, even those special soldiers of the Thunder and Lightning Commando, it is estimated that they will not last for half an hour.

In less than a minute, some people began to cry out tired, and their arms shook even more every time they did a push-up.

This is not an ordinary weight, it is a weight that can crush people!

Lin Kai didn’t ask them to do push-ups for half an hour. Five minutes or more would be qualified, ten minutes or more would be excellent, and twenty minutes or more would be impossible!

Five minutes have passed, and ten people have fallen and four people have fallen, and only six people continue to insist.

Among them were Wang Tianye and Chen Qing who Lin Kai knew. These two boys were the bosses of this group of dudes, but they were still a little bit capable, and they could actually clenched their teeth to hold on.

Although they were already sweating profusely, they did not seem to be exhausted.

“Ah! Come on! I can be a special soldier!” Wang Tianye roared, and the blue veins on his forehead burst out.

This kid Lin Kai knew that even though his family was rich, he was also dull, and he was scolded every day at home. When he arrived in the army, he wanted to look like he wanted to go back.

Looking at him now, he is really serious.

Ten minutes passed. At this time, six people had fallen and four people had fallen. Only Wang Tianye and Chen Qing continued.

The two seem to be comparing each other, neither of them admits defeat, gritted their teeth, and persisted.

However, Lin Kai saw that Chen Qing was obviously already exhausted, and his push-ups were also very non-standard, and his whole body was shaking.

And Wang Tianye is not much better.

In the end, in the eleventh minute, with a plop, Chen Qing fell straight down. As soon as he arrived, Wang Tianye also thumped and fell.

The two of them became the people who held the weight-bearing push-ups for the longest time.

This group of people was exhausted and exhausted, and Lin Kai himself was very tired, and said: “Okay, rest today and continue tomorrow!”

After that, Lin Kai dragged his exhausted body into the bathroom, took a bath, changed into clean clothes, and returned to his single dormitory.

Today, Lin Kai also broke through the limit of his physical strength. He was tired all over his body, and fell asleep on the bed.

...

Early the next morning, Lin Kai had breakfast, and after washing himself, he came to the door of the male soldiers' dormitory.

Look inside, good fellow, all are sleeping!

Is this the quality of a soldier? It's eight o'clock in the morning! Actually still sleeping.

The furious Lin Kai picked up a stone, slammed it in through the window, and shouted: "Tear gas!"

As soon as the voice came out, the ten thorns inside were startled, all of them sprang up from the bed, without even wearing clothes, and ran out desperately.

After a while, all ten people ran out shirtless, but when they looked back, they did not find the so-called tear gas.

Lin Kai looked at them coldly, holding hands behind his back: "Okay! Want to be a special soldier, don't you? Get up at eight?"

"Report!" Wang Tianye raised his hand and said, "Instructor, we have watched too many TV series. I thought you would raid in the middle of the night, so I didn't sleep all night and fell asleep in the morning!"

A closer look revealed that, as expected, these ten guys had dark circles under their eyes, and they had obviously not slept all night.

Lin Kai was also dumbfounded. He did come here during the special forces training camp, but Lin Kai was not there at the time, and he didn't think of using this trick.

"I will give you ten minutes to dress and eat. After ten minutes, gather in the equipment room. Today, I want to test your understanding of weapons. Remember, every test I score is in my heart and perform well. In a few days I will recommend you to join the Special Forces. Your performance is poor. Where are you going back and forth!"

After all, Lin Kai walked away with his hands behind his back. He really had the aura of an instructor.

After Lin drove away, Chen Qing snorted and spit out on the ground: "What is it? Isn't it just because of the strength? By the way, Wang Tianye, don't you guys often play in the shooting club? You should be the gun I understand, I will slap this instructor in the face for a while!"

A smug smile appeared on Wang Tianye's face. As for firearms, I am afraid that no one present knows better than him.

Chapter 177: Less Than Five Seconds

Chapter 177

Wang Tianye is a firearms lover, and he has loved watching gunfight movies since he was a child.

His home even opened a shooting club. This kid played guns at home every day, and even went to the United States to go abroad to buy guns legally. After he got tired of playing, he would throw it away and return to China.

Lin Kai actually wanted to test his ability to understand firearms, and Wang Tianye was really not at all shy.

Ten minutes later, all ten people arrived at the equipment room, and Lin Kai stood in front of them.

In front of these ten people, a rectangular table was placed on which were all kinds of firearms.

In the two months of the Wolf Squadron, Lin Kai knew these guns well.

Coupled with Lin Kai's sacred eyes skills, he can achieve the ability to never forget. Just dismantle it once, and Lin Kai can disassemble and assemble the firearm by himself.

After Wang Tianye saw the guns in front of him, the corners of his mouth had already shown a triumphant smile. He had played almost all of these guns, and Lin Kai couldn't help him.

"The shooting ability can be trained the day after tomorrow. It will not be assessed for the time being. What is being assessed today is your understanding of firearms." Lin Kai said, picking up a handful of Ninety-Five styles from the table.

"Type 95, the standard rifle of our Chinese army. This rifle is light in weight, has low recoil, has a long range, and is very cheap. Who of you will dismantle this gun?" Lin Kai asked.

After asking this question, Wang Tianye raised his hand with a whistle and said, "Report the instructor! I will!"

Lin Kai glanced at Wang Tianye, threw the gun to him, and said, "Take it apart and put it on again!"

"Yes!" Wang Tianye promised and began to dismantle the Ninety-Five Pose in his hands.

He saw his hands dancing quickly, and the parts such as the magazine and firing pin were taken down one by one by him, and then quickly assembled, which took less than thirty seconds.

“Okay!” When Chen Qing saw this, the first one clapped and crackled. The other eight people also clapped and gave Wang Tianye a thumbs up.

And Wang Tianye’s face showed a triumphant smile. The Ninety-Five Rifle is the standard rifle of China. How could he have not played it?

He knew this rifle well, and it took less than thirty seconds to disassemble and assemble the 95-style rifle.

He dare to say that even the speed of disassembly and assembly of the special forces of China is not necessarily as fast as him!

Lin Kai nodded slightly, Wang Tianye’s disassembly and assembly speed was indeed very fast, and it also met the requirements of the special forces, but Lin Kai would only evaluate them with a height that they could not reach.

Not to make things difficult for them, just to make them respect themselves in their hearts, knowing that only instructors are the strongest.

Over time, a kind of subconscious will form in their hearts. What Lin Kai said is an order and cannot be questioned!

Before that, Lin Kai had to ask them to question themselves many times.

“It’s too slow,” Lin Kai said suddenly.

The applause in the equipment room stopped abruptly, and the triumphant smile on Wang Tianye’s face began to freeze, too slow?

It takes less than 30 seconds to disassemble a Type 95, which is already very fast, OK?

Wang Tianye does not believe that Lin Kai can be faster than him! Even if it is faster than him, the jet lag is within three seconds, because firearms are just a few parts, and people’s speed and reaction are so fast. In less than 30 seconds, it is already the limit of 95-type disassembly!

Wang Tianye stood up and said, “Report! I think I’m fast enough! I don’t think you can be faster than me!”

Two words were written on Wang Tianye’s face, dissatisfied!

Several other people also stared at Lin Kai with suspicion. When Wang Tianye disassembled the 95th style just now, they could see clearly from one side.

Wang Tianye's hands didn't pause, and he almost used the fastest speed to disassemble and assemble the firearms. This has reached the limit of human speed. How could Lin Kai be faster than Wang Tianye?

too slow?

How fast can you be?

"Report! Instructor, how fast do you think is fast?" Chen Qing also stood up with a look of dissatisfaction.

Lin Kaiwei smiled and said, "According to my standards, it only takes five seconds!"

"What?" Wang Tianye and Chen Qing opened their eyes almost at the same time, for five seconds?

That's impossible!

What can you do in five seconds? Can the magazine be removed? Can the bullet in the magazine fade out?

It is impossible to take apart the Ninety-Five Form in five seconds!

Lin Kai carried a weight of 500 kilograms. This might be due to his innate supernatural power. They couldn't accept it.

But it takes five seconds to take apart a nine-five-five formula and put it on again. This is almost impossible. It has reached the limit of the human body in less than thirty seconds. If it is faster, it is estimated that the shadow of the hand will be invisible, How to disassemble?

"Report instructor! I think you are bragging!" Wang Tianye stood up and shouted.

There was a burst of laughter, and everyone was amused by Wang Tianye's words.

Wang Tianye was very courageous, and he dared to say things that others would not dare to say. Lin Kai also laughed. As if he were Wang Tianye, he would feel like he was bragging.

How can it be possible to disassemble the Type 95 in less than five seconds?

If it hadn't been for Lin Kai's previous experiments, he would think it was impossible.

But now, Lin Kai understands that with his own speed and reaction, he can disassemble and assemble the Ninety-Five Form in five seconds.

“You don’t believe me?” Lin Kai asked, tilting his head.

“Report instructor! We don’t believe it!” Chen Qing also yelled.

“Okay!” Lin opened his head and picked up a piece of black cloth from one side, and said: “Since you don’t believe it, I will challenge the limit and cover my eyes with the black cloth. Assembling and disassembling the ninety-five styles within seconds!”

When this sentence came out, there was a burst of exclamation.

Also blindfold your own eyes? It’s even more impossible! I can’t even see it, how do I disassemble it?

Touch it with your own hands? It is indeed possible, but it takes less than 40 seconds at the fastest. How can Lin Kai disassemble the 95-style in five seconds?

This is even more nonsense, even more nonsense than Lin Kai carrying 500 kilograms!

“Report! Instructor, you’re bragging this time!” Wang Tianye stood up again and shouted.

There was another burst of laughter, and no one believed that Lin Kai could disassemble the 95th style in five seconds, blindfolded.

Although the structure of Type 95 is not very complicated, it is a rifle anyway. It takes less than five seconds to disassemble and assemble the rifle. Is it amused? Even if its a pistol, it takes less than five seconds to disassemble and assemble, is it a bit exaggerated?

“You don’t believe it? Then just watch it!” Lin Kai smiled slightly, covered his eyes with a black cloth, and said, “Start timing.”

After that, Lin Kai’s hands moved quickly.

Chapter 178: Disassembling Gatling

Chapter 178 Disassembling Gatling

It was the first time for Lin Kai to disassemble the 95th style blindfolded.

But he was very familiar with the 95th formula, and his speed and response were not comparable to ordinary people, so Lin Kai felt that he could do it.

After starting the timing, I saw Lin Kai’s hands dancing quickly, at that speed, only afterimages could be seen.

When Wang Tianye, Chen Qing and others, who had originally looked unbelievable, saw Lin Kai's speed, their jaws almost hit the ground!

What the **** is this perverted speed?

I saw a trail of afterimages passing in front of them, and the ninety-five style parts were placed on the table one by one. It took just over two seconds to disassemble the ninety-five style!

After disassembling, Lin Kai installed the 95-style parts one after another without stopping.

That speed is extremely fast, his hands are constantly dancing!

Click!

The magazine is loaded, the second hand stops, and it takes 4.8 seconds!

Snapped!

Lin Kai put the 95th style on the table and took off the black cloth covering his eyes.

Taking a look at the time, Lin Kai nodded, quite satisfied.

He didn't notice that the expressions on Wang Tianye's faces were wonderful.

The complexion turned red for a while, white for a while, ten people were motionless, still staring at Lin Kai's hands.

Is this instructor a monster? How could his speed be so fast? It is many times that of ordinary people!

Wang Tianye, who has always been confident, was completely beaten at this time. He had never met an opponent when he was disassembling and assembling a firearm. Lin Kai was the first existence who could completely abuse him.

In less than five seconds, and blindfolded, he disassembled a Ninety-Five Style. If this news spreads, the entire Southeast Military Region will be shocked!

so amazing!

Chen Qing's expression is even more exciting. Although he doesn't understand guns as much as Wang Tianye, he still knows a little bit. It seems that the Guinness World Records is not so fast, right?

Is Lin Kai too powerful, or is the special forces of Huaxia Nation so powerful?

They began to shake their inner thoughts at this time. They felt that they could become special forces with their own strength.

But until they met Lin Kai, their thoughts began to waver, do they deserve to be special forces?

If Lin Kai's strength was the standard strength of special forces, they felt that even if they worked hard for eight hundred years, they would not be able to become special forces!

Load 500 kilograms and do 1,120 push-ups! It takes less than five seconds to disassemble the 95th style with blindfolded eyes.

Just these two points are enough for them to work hard for a lifetime!

Lin Kai smiled slightly, what he wanted was such a wonderful expression on their faces!

Have you begun to doubt life? I, Lin Kai, want to use my strength to tell you that I am the strongest! You must obey my orders!

"How is it? Am I bragging?" Lin Kai asked, playing with Wang Tianye.

Wang Tianye fumbled and couldn't speak.

Is Lin Kai bragging? They thought it was, and now it seems that their hair is not long and their knowledge is short.

Chen Qing is a little clever ghost. As soon as he entered the equipment room, he noticed a Gatling machine gun placed in the equipment room!

Lin Kai was so arrogant that Chen Qing couldn't stand it for a long time. This Gatling machine gun was huge in size and its structure was very complicated. He didn't believe that Lin Kai could even disassemble the Gatling machine gun!

"Report!" Chen Qing yelled out loud.

Lin Kai glanced at him and found that he was staring at himself with a smirk: "Say!"

"Instructor, the ninety-five style structure is too simple. I think you, as an instructor, are definitely different from ordinary people. We have only seen this Gatling machine gun on TV. I am very curious about its structure. The officer explained to us the Gatling machine gun and disassembled it once."

As soon as Chen Qing said, Wang Tianye gave him a thumbs up quietly.

High!

Are you awesome? You have the ability to take apart the Gatling machine gun!

The other eight people also smiled, Gatling machine gun? Huaxia Kingdom hasn't fought a war for many years, this thing is not useful at all, basically no one will disassemble it.

Chen Qing's hand, high!

Sure enough, Lin Kai frowned slightly, he really didn't know how to disassemble this big guy.

After seeing Lin Kai's embarrassed expression, Chen Qing's smile became stronger. It seemed that his thoughts had been confirmed, and Lin Kai did not know how to disassemble the Gatling gun.

"What does this big guy have to dismantle? Huaxia Kingdom won't need this thing in the next fifty years, you don't need to learn." Lin Kai frowned.

"Report! We want to learn, and learning makes us happy!" Chen Qing roared.

Lin Kai frowned and said nothing.

"Instructor, you are so strong. You can do 1,120 push-ups with a weight of 500 kilograms, and you can disassemble the 95th style in five seconds with your eyes blindfolded. A special soldier like you will not even Gatling doesn't know how to disassemble, right?" Chen Qing asked with a smug smile.

He was praising Lin Kai verbally, so that Lin Kai could not come to the stage!

If Lin Kai said I would not, he would definitely be laughed at by them.

And Lin Kai always wanted to establish his perfect image in their hearts, but he didn't expect this group of thorns to be so difficult to handle, and he actually asked himself to disassemble Gatling!

Lin Kai has never learned to disassemble Gatling!

"I never learned to disassemble Gatling." Lin Kai told the truth.

As soon as this sentence was said, a burst of laughter rang out. Although the ten stingers did not speak to mock Lin Kai, the expression on their faces just looked down on Lin Kai.

Wang Tianye and Chen Qing even stared at Lin Kai with a look that you can't even do, and their expressions are proud.

“Ugh”

“I didn’t expect such a tall and heroic instructor in my heart, and there are things that don’t. It seems that instructors are also human, not everything is good.”

“We should understand. After all, the instructor is about the same age as us. It’s pretty good to be able to do this step, right?”

Wang Tianye and Chen Qing talked with you one sentence after another. It sounds like you understand Lin Kai very well, but the meaning in the words is to mock Lin Kai!

Lin Kai also sneered and said, “I won’t, but I can learn. I only need to read it once to learn.”

Can you learn it after reading it?

The corner of Wang Tianye’s mouth showed a playful smile. The structure of this Gatling is so complicated, with hundreds of parts large and small, how could it be possible to learn it after reading it?

“Instructor, we understand you, no or no, you must not try your best, this Gatling mechanism can be complicated!” Wang Tianye pretended to remind.

Lin Kai glanced at him and said, “I have said that, I only need to read it once to learn!”

Chapter 179: Disassembly Successful

Chapter 179

Lin Kai emphasized once again that he only needs to read it once before he can disassemble Gatling himself.

Wang Tianye made a cut in disbelief, apparently feeling that Lin Kai was bragging again.

“Instructor, the structure of this Gatling is too complicated, you won’t, there is no need to be able to do it.” Chen Qing said with his arms folded.

Lin Kai didn’t talk to Chen Qing and Wang Tianye again. Since these little rascals doubted their own strength, he convinced them.

Apart from anything else, Lin Kai turned on the computer and found a detailed instruction on disassembly and assembly of Gatling. The entire video was half an hour long.

This is its own firearms teaching within the army.

After the video was played, Lin Kai started to watch it.

Others just glanced at the progress bar of the video, and felt that Lin Kai had nothing to do.

With a half-hour video and detailed explanations of hundreds of internal parts, how much can Lin Kai remember?

Don't talk about dismantling Gatling, he just can't remember how to dismantle it.

Only Lin Kai watched the teaching video with relish. He was not afraid that he would not be able to remember. He possessed the magic eye skills, Lin Kai could never forget everything.

After the video started playing, a Gatling appeared in everyone's field of vision, and the professional technicians in the video began to disassemble Gatling with only a simple screwdriver.

The first ten minutes of the video is to disassemble Gatling, the middle ten minutes are to explain the magic of various parts, and the last ten minutes are to assemble Gatling.

I saw one part after another being disassembled, and a Gatling was quickly disassembled into a pile of parts. At this time, only ten minutes of the video had passed.

Next is to explain the various magical functions of Gatling parts, but at this moment, Lin Kai pressed the pause button.

Others looked at Lin Kai with a look of confusion. What did Lin Kai do by pressing pause? Could it be that he thought it was too difficult to disassemble Gatling, so he gave up?

Wang Tianye's eyes showed a look of schadenfreude. In the video just now, he was in the mist, and he did not remember at all.

Wang Tianye thinks that his memory is pretty good. He thinks that he has to watch such a video at least a hundred or eighty times before he can completely disassemble this Gatling.

And Lin Kai hasn't finished watching it even once now, so he must have chosen to give up. After all, if he succeeds in a while, he must dismantle the Gatling, and only shame is waiting for him.

At that time, you have to call professional technicians to assemble Gatling. Lin Kai will be embarrassed.

Everyone thought that Lin Kai would choose to give up, but what people did not expect was that Lin Kai actually closed the computer and moved Gatlin to him.

A screwdriver has appeared in his hand, and he is about to start dismantling Gatling!

He didn't even watch half of the video! After only seeing how others dismantled, he would do it himself?

Chen Qing asked: "Instructor, you haven't even watched the instructional video. Are you sure you want to dismantle this Gatling?"

Lin Kai just nodded and ignored Chen Qing.

Chen Qing laughed and looked at his accomplices, ready to watch Lin Kai's excitement.

Lin Kai is simply arrogant, relying on himself as a special soldier, and really thinks he is almighty. The 30-minute video only takes ten minutes to dismantle Gatling.

Can he take it apart? This is simply impossible.

Click! With a clear sound, the first part was successfully disassembled by Lin Kai, and his speed continued to disassemble the second part.

Haha, can you disassemble the first part, can you disassemble the second part? Just luck, Chen Qing thought in his heart.

With another click, Lin Kai removed another part.

Luck, Chen Qing emphasized in his own heart that it is not surprising that Gatling had so many parts that he could remove one or two pieces by luck.

After Chen Qing thought about it this way, he only heard a crackling sound, Lin Kai's hands quickly, one after another part was removed by Lin Kai from Gatlin.

The movements are very sophisticated, and seem to be very familiar with this Gatling.

In the video, it took the person ten minutes to disassemble the entire Gatling frame. Seeing Lin Kai's energy, he took apart the Gatling frame in just three minutes.

Chen Qing and Wang Tianye looked at each other, with horrified expressions on their faces. How could Lin Kai's memory be so powerful?

No matter if he has a strong memory, but it is the first time that Lin Kai has dismantled Gatlin. He has to show some unfamiliar expressions anyway?

Looking at Lin Kai's appearance again, with a well-established look, Chen Qing and the others shook their hearts. Wouldn't this kid really be able to take it apart?

One minute and one second passed, and at the second minute and fifty-eight seconds, as the last part fell on the table, a Gatling was successfully taken apart by Lin Kai!

At this time, there was silence for a while.

Lin Kai once again used his strength to slap their stabbing faces severely.

That's awesome!

This powerful memory only took a look, and remembered to disassemble Gatling in this way, and the movements did not look like a life, but very skilled.

Such a powerful memory and such a powerful operation ability made them, the arrogant and rich second generation, have to take it.

The expressions on Chen Qing and Wang Tianye's faces were wonderful. They wanted to make things difficult for Lin Kai and make Lin Kai lose face in front of them.

But Lin Kai not only didn't lose face, but put a force in front of them, and took apart the entire Gatling in less than three minutes, more than seven minutes faster than the video!

It is estimated that Lin Kai can be included in the Guinness Book of World Records, the fastest person in the world to demolish Gatlin.

Lin Kai played with the screwdriver in his hand, with a relaxed smile on his face: "How about? The speed of my disassembly is not bad, right?"

A group of people was silent.

Suddenly, Chen Qing's eyes lit up again. Lin Kai was quick to take apart, but as the saying goes, it is easy to go up the mountain and it is hard to go down the mountain. Lin Kai takes apart so quickly, can he install it?

The difficulty of installing Gatling is much higher than disassembling Gatling. To disassemble Gatling, you only need to remove the parts, but to install Gatling, you must first know where the parts were originally.

Lin Kai only watched the video of dismantling Gatlin, but didn't watch the video of installing Gatling at all, so he couldn't install it at all!

"Report instructor! I have a problem!" Chen Qing raised his hand again.

Lin Kai glanced at this thorn who always wanted to make things difficult for him, and said, "Say!"

"Could you ask the instructor to demonstrate how to assemble Gatling?" Chen Qing said loudly.

When this sentence came out, everyone looked at Lin Kai, wanting to see if their omnipotent instructor could assemble the hundreds of parts of Gatling.

Chapter 180: Assemble Gatling

180 Assembling Gatling

The difficulty of assembling Gatling is much higher than disassembling Gatling. Lin Kai didn't watch the video of assembling Gatling, so he wanted to assemble Gatling, which was too difficult.

Faced with Chen Qing's difficulties, Lin Kai only smiled.

With his memorable ability, is it difficult to assemble a Gatling?

Since then, Lin Kai began to assemble Gatling, only to see his hands dancing, one by one parts were mounted on Gatling by Lin Kai.

After the disassembly just now, Lin Kai became more familiar with Gatling's weapon, so it took him less than three minutes to assemble Gatling.

Gatling was placed on the table, and he was speechless again.

Lin Kai actually used his powerful memory to forcefully disassemble a Gatling?

Is the strength of China's special forces now so abnormal?

Chen Qing and Wang Tianye were a five-body cast against Lin Kai at this time. After seeing Lin Kai's powerful strength, they even wanted to be a special soldier. They wanted to be as good as Lin Kai!

"Did you see? Gatling's disassembly and assembly, for special forces, is just a matter of seeing it once." Lin Kai patted Gatling and said without embarrassment.

As soon as this sentence came out, all the old faces of the stabbing head were blushed. So, they are not even as good as one-tenth of the special forces?

"Since you asked me to disassemble Gatling, I have also demonstrated to you. Now, each of you is queuing up to disassemble and disassemble! Anyone who disassembles and disassembles for more than half an hour is not qualified!"

Lin Kai is a grudge, damn, dare to make things difficult for me, Lao Tzu makes you can't eat!

Sure enough, the faces of the stingers on the scene changed drastically. The structure of this Gatling is so complicated, not to mention giving them half an hour, even if they are given a day, they cannot complete the disassembly and assembly!

"No..." A wailing sound was made, but their wailing was completely useless!

Under Lin Kai's supervision, they began to disassemble Gatling.

Lin Kai also silently scored them all according to their knowledge of weapons.

At present, in Lin Kai's mind, only Chen Qing and Wang Tianye are qualified.

Don't look at these two boys, but they are still talented. If you work hard, you can become special forces.

For one day today, Lin Kai was evaluating their understanding of weapons, and it was not until the evening that they disbanded.

After disbanding, Lin Kai went to the cafeteria to have a meal, and returned to his dormitory, eating while playing on the computer.

In other words, the instructors little days are moisturizing. Not only can he play on the computer, but he can also blow the air conditioner. In the dormitory of the thorny head, let alone the air conditioner, there is no electric fan.

After dinner, Lin Kai fell asleep in a daze on the bed while blowing on the air conditioner.

...

The next day, after Lin Kai washed, he walked out of the dormitory and came to the gate of the top base of the mountain. He stretched his waist and felt the fresh mountain air.

Looking down from the top, it was a vast expanse of whiteness, with heavy fog in the morning, standing on the top of the mountain, as if standing on the clouds, the air was a bit cool, and the breeze was very comfortable.

As a soldier, everything is good, but a little bit bad. In the army, girls are rare species.

It seemed that Lin Kai had never seen a few female soldiers in the army except Fire Phoenix.

Think about the female soldiers of the Fire Phoenix. Each of them gave birth to Shen Yuluoyan, Moonlight Shame Flower, Lin Kai's ex-girlfriend An Ran, and even a flower from the Southeast Military Region.

While sighing, Lin Kai seemed to see a group of heroic girls walking towards him. There were four people in total, each wearing military uniform and carrying a huge marching backpack, walking step by step towards the top of the mountain.

Take a closer look at the face, the collagen on the face, the big watery eyes, the small cherry mouth, the hair is not very long, but it can bring out the heroic posture of the female soldier.

The lively and lovely Tian Guo, the cold Ouyang Qian, and the arrogant Ye Cunxin are Lin Kai's ex-girlfriend, An Ran.

Are you dreaming?

Rubbing his eyes and taking a closer look, it was really the four of them! Fire Phoenix people!

Why are they here?

"Hi! Lin Kai!" Tian Guo and Lin Kai knew each other, and saw Tian Guo wiggling his little hand, and his little baby fat face was full of joy.

Tian Guo jumped to the front of Lin Kai, patted Lin Kai's shoulder, just like Lin Kai's iron buddies.

"It's been a long time! Are you okay?" Tian Guo asked with a smile, with mischief all over her face.

Seeing this scene, An Ran lowered his head, not ashamed to look at Lin Kai.

Lin Kai laughed and said, "What can I do wrong? Why are you here?"

"A few of the others in the team went out on mission. Brigadier He said let us study with you, so we came here." Tian Guo pouted.

He Zhijun now thinks that Lin Kai is better than Lei Zhan, so he sent a few female soldiers from Fire Phoenix to learn from Lin Kai. Lin Kai was also dumbfounded.

"Lin Kai, I heard that you are an instructor here? Unexpectedly, the recruits who have been in the army for a few months have actually begun to become instructors." Ye Cunxin hugged his arms and said sourly.

Ye Cunxin has been in the army for two years, and has not been an instructor. Looking at Lin Kai, he has been in the army for a few months, the rank of second lieutenant, the captain of the Wolf Squadron, and now he has become an instructor. Ye Cun feels envy, jealousy and hatred in his heart!

The Captain of Fire Phoenix, An Ran, hadn't spoken all the time. She knew that Lin Kai must still be worried about the last time she helped Lei Zhan eliminate him, and she was ashamed to face Lin Kai.

Lin Kai smiled shyly: "Haha, the chief praised me and asked me to bring a few new people. You are the guests when you come, please feel free."

"Just right, I want to see how the newcomer can bring the newcomer!" Ye Cunxin said very arrogantly.

The last time Lin Kai met them was when the special forces were training, their memory of Lin Kai's strength still remained at that time.

So Lin Kai became an instructor, and they were very surprised.

"Wow..." At this time, there was a booing sound, and ten heads had been poked out from the window in the male soldier's dormitory. The eyes of the female soldier were squinting, and the saliva almost came out. Up.

They have seen a female soldier for the first time since they have been in the army for several months! That was an excitement!

At the same time, they stared at Lin Kai with envy, jealousy and hatred. They were all soldiers, so why was the gap so big? Four female soldiers came to see him, why didn't anyone come to see him?

However, this kid Lin Kai is indeed handsome, not to mention his pale skin, his height is just right, he looks thin when he is undressed and dressed in flesh, which is really enviable.

Lin Kai glared at them and blew his whistle.

"What are you looking at? Come out and gather!" Lin Kai roared fiercely.

After two days of training, they have fully recognized Lin Kai, the great devil, and they also know that this time the superior has sent a master over here. A master who dares to die, can't afford it!

A minute later, ten stabbing soldiers were already standing in the yard. Because of the female soldiers, they all stood up and raised their heads. The military posture was a standard.

Chapter 181: Vital Capacity Assessment

Chapter 181 Vital Capacity Assessment

"Today's assessment item, vital capacity." Lin Kai shook his hand in front of the ten people.

In front of them, Lin Kai carefully prepared ten big tanks for them. The tanks were filled with water enough to make a person jump off.

Holding your breath underwater is an important test to prove the vital capacity of a soldier.

After being on the battlefield, special forces have to face various situations, so every special soldier needs to have a strong lung capacity.

Only by holding his breath underwater for four minutes can he be considered a qualified special soldier.

With soldiers with good lung capacity, long-distance running must also be leveraged. This is the top of the mountain, there is not much space, there is no sea and there is no big playground for running, so it is the most sensible choice to directly assess their suffocation time.

After seeing these ten big tanks, the faces of ten thorns showed embarrassment.

Hold your breath, this is not their strong point.

Ye Cunxin and the others also stared at Lin Kai with interest, holding their breath in the water tank? This assessment is interesting.

"It's more than ten minutes, qualified." Lin Kai said lightly.

This sentence caused the crowd to explode again, what? Hold your breath for ten minutes? Oh my god, don't you want to die?

Generally speaking, a normal person can hold his breath for two minutes, and his lung capacity is better. Three minutes is not a problem. Even for special soldiers, five minutes is the limit. Ten minutes is enough to kill!

Is this an assessment? This is simply murder!

Lin Kai smiled slightly. He didn't want to hold these thorns for ten minutes, just let them think that the special forces were not so good!

“Impossible! How can a normal person hold his breath for ten minutes?” Wang Tianye was the first to stand up, saying it was impossible.

Chen Qing followed closely: “Instructor, you embarrass us like this, but it’s too obvious. There are female soldiers watching over there! Who can hold his breath for ten minutes? You ask him to stand up and I will kowtow to him!”

“Yes! It’s impossible to hold your breath for ten minutes!”

“Instructor, you are so awesome, you can try it for ten minutes!”

“Yes indeed!”

...

A resentful voice sounded, and the group of thorns began to question Lin Kai’s words again.

It seems that Lin Kai still hasn’t met his expectations for the time being, and these little brats will still question Lin Kai, indicating that they still don’t fully trust Lin Kai.

This will not work.

Not to mention that this group of thorns refused to accept Lin Kai, the new Phoenix Phoenix and the others also questioned Lin Kai’s assessment task.

Ye Cunxin frowned and said, “It’s really three fires for a new official to take office! But is Lin Kai’s fire burning a bit exaggerated? Who can do it by holding his breath underwater for ten minutes?”

“Yes, even if it’s Thunder War, the time to hold your breath underwater is less than six minutes. Let these little bunnies hold their breath for ten minutes, and you can’t hold them to death?” Ouyang Qian also followed.

“Lin Kai is too unnatural to do this,” Ye Cunxin said.

Several female soldiers expressed their opinions separately.

“Sister An Ran, what do you think?” Tian Guo suddenly asked An Ran.

Always quietly looking at Lin Kai’s back, he couldn’t help but think of the dull Lin Kai before, but in front of her, he was another cowardly Lin Kai.

Everything depends on oneself, never dare to talk back.

But now, he has changed, he has become stronger and doesn’t put himself in his eyes.

And Lin Kai did show his amazing strength and created countless impossible.

An Ran gave a bitter smile, such a good man was actually lost by her.

“Have you forgotten? Lin Kai is best at creating miracles.” An Ran whispered.

As soon as this sentence came out, the other three female soldiers carefully recalled. Indeed, Lin Kai created many miracles during the training of special forces.

But this time, no one would believe that he could perform miracles.

“Sister An Ran, Lin Kai used to be outstanding in physical fitness, but this underwater holding of breath is not something that can be trained the day after tomorrow. For example, the speed of an electric bike is so fast. Even if you change to Liu Xiang to ride, it is so fast.”

“This is the same as a person’s lung capacity. It is so much at most. Ten minutes is impossible.” Ye Cunxin analyzed patiently at this time.

Tian Guo and Ouyang Qian also nodded, feeling that what Ye Cunxin said was very reasonable.

Hearing what Ye Cunxin said, An Ran also began to wonder if Lin Kai could continue to perform miracles.

At this time, Wang Tianye was yelling: “Instructor, I admit that you are very strong in terms of physical fitness and memory, but the power of your lung capacity is placed here when you hold your breath under water. Hold your breath for ten minutes, which has exceeded your lung capacity. Power, so holding back will kill you!”

“Yes! Instructor, since you dare to propose to hold your breath underwater for ten minutes, come here! As long as you can hold it for ten minutes, we can hold it for ten minutes!” Chen Qing also shouted.

“Yes! You are awesome!”

This group of thorns once again questioned Lin Kai.

Lin Kai touched his nose, looked at these thorns, and said coldly: “You must remember that I am your instructor and your superior. You must always respect and trust your superiors!”

“The mission of a soldier is to obey orders. You can’t even obey orders. You still want to be special forces?”

Wang Tianye roared at this time: “Report! Then you let me die, let’s go too?”

Lin Kai almost laughed angrily. He pointed to Wang Tianye and said, "Okay! Today I will demonstrate how to hold your breath underwater for ten minutes! If I do, please close your mouth and give it to me in the future. obey orders!"

"If you can't do it, please refrain from bragging!" Wang Tianye said again.

There seemed to be female soldiers watching, and this group of people had a lot of courage, and they all dared to defy Lin Kai.

Lin Kai took off his shirt, revealing a beautiful body of slender muscles, perfect eight-pack abs. The triceps are not the kind of muscle that swells to the explosion, but the kind that looks very strong but very strong. Beautiful muscles.

Coupled with Lin Kai's skin that even girls would envy, he could almost become a bodybuilder.

Tian Guo immediately showed an idiot face and said, "Wow! So handsome, if only Lin Kai could be my boyfriend."

Ye Cunxin rolled his eyes and slapped Tian Guo on the head: "What do you think about you? That's sister An Ran's ex-boyfriend, aren't you afraid of embarrassment?"

"If it weren't for the embarrassment of sister An Ran, I would have done it! Hehehe." Tian Guo smirked.

At this time, Lin Kai jumped into the water tank, and the stopwatch officially started timing.

Ye Cunxin gloated at the big water tank and said, "Lin Kai is playing with fire this time. You said, are we female soldiers here? Lin Kai was stimulated and wanted to show us his instructor. Demeanor? That's why."

Ouyang Qian gave Ye Cunxin a glance, and said, "Stop talking nonsense and prepare to save people."

Chapter 182: Twenty Three Minutes

Chapter 182 Twenty Three Minutes

Ye Cunxin and others obviously thought that Lin Kai would not last long, but they were afraid that Lin Kai could do it, so they were all ready to rescue Lin Kai.

The stopwatch also started the official timekeeping. The time passed by one minute after another. There was no movement on the surface of the water in the tank. At this time, one minute had passed.

It's nothing strange to be able to hold on for one minute. It's easy for a normal person to hold on for one minute.

Wang Tianye hugged his arms and laughed. If he guessed correctly, Lin Shanshan would have surfaced four minutes ago.

Wang Tianye had tried holding his breath underwater, and the longest time was only four minutes. If Lin Kai was not afraid of death, he would continue to stay underwater.

Soon, two minutes passed, but Lin Kai still did not move at all.

Three minutes passed, and the surface of the water was as calm as ever, and even a bubble did not float on the surface.

Three minutes, should this kid come out?

Wang Tianye and Chen Qing stared at the water without blinking their eyes, they wanted to see Lin Kai embarrassed from the water.

Not only these **** are waiting to see Lin Kai's jokes, but even the little girls like Ye Cunxin are also waiting to see Lin Kai's jokes.

After all, Lin Kai and them are the same age. Seeing Lin Kai mingling in the army, although they don't say anything, they must be envious in their hearts.

That's why I want to see Lin Kai embarrassed subconsciously.

But Lin Kai did not surface. On the contrary, he still didn't move at all, and the time went up to five minutes.

It's been five minutes. This is almost the limit of a normal person. A person's vital capacity is just that. If he doesn't surface again, he might be dead!

Chen Qing and Wang Tianye looked at each other, their eyes widened, and their faces were surprised.

Does this kid have such a strong lung capacity? Five minutes have passed, how can he continue to hold back?

Tian Guo was very excited holding the stopwatch, and said: "Come on, come on, hold on for tens of seconds, and you will break the record of thunder war!"

The record for the longest hold of Lei Zhan was less than six minutes, and Lin Kai had been holding his breath for more than five minutes, and he was able to break the record of holding his breath in less than one minute.

And Lin Kai did not disappoint Tian Guo. Six minutes passed, Lin Kai still did not move.

Chen Qing and Wang Tianye were already a little numb by Lin Kai's shock. It seemed that every time this kid raised the assessment was impossible to complete, but this kid could create miracles every time!

Chen Qing and Wang Tianye began to doubt their own cognitive abilities. Did they have too little knowledge to doubt the authenticity of what Lin Kai said?

Eight minutes passed, and at this time, everyone had changed from shock to fear.

A person can hold his breath underwater for so long, if he gets into the enemy's waters, wouldn't the enemy be unable to spot Lin Kai? It took only eight minutes to change his breath, Lin Kai would be a nightmare for the enemy!

Ye Cunxin mumbled at this moment: "It's been so long, Lin Kai won't be suffocated to death, right?"

An Ran shook his head rationally, and said, "No, if he can't hold it back, he will take a big breath, and the water will pour in from his nose and mouth. There will definitely be movement on the water, but you see, The water surface till now, there is still no movement."

What An Ran said is very reasonable. It is impossible for a person to hold his breath and suffocate himself to death. He will only **** water and then drown after being unable to hold it.

Ten minutes have passed, and Lin Kai has finished holding his breath underwater for ten minutes.

Chen Qing and Wang Tianye's faces flushed at this time, and they were beaten by Lin Kai again. It turned out that the special forces could really hold their breath underwater for ten minutes!

They thought, Lin Kai held his breath for ten minutes and was uncomfortable. Now that the time has come, he should have surfaced.

But there was no movement at all in the water tank, and Lin Kai continued to hold his breath!

Five minutes later, Lin Kai had been holding his breath in the water tank for fifteen minutes! But he hasn't moved yet!

Chen Qing and Wang Tianye's eyes widened. What is Lin Kai doing? It's been fifteen minutes, how can he hold his breath? Is he the reincarnated fish spirit?

Lin Kai is not the reincarnation of a fish spirit, but he used the turtle diving skills, which can give Lin Kai 15 minutes of holding his breath.

Now fifteen minutes have passed, and the turtle diving skills are no longer valid, but Lin Kai doesn't want to give up. He wants to try, how long is his body's limit holding his breath.

As a result, time passed again by one minute and one second, and after three minutes, Lin Kai felt that his lungs became obviously uncomfortable. Three minutes was the limit of ordinary people.

But he felt that he could hold on a little longer.

Five minutes passed. At this time, Lin Kai felt that his lungs were about to explode and couldn't help but want to breathe, but he covered his nose and mouth and told himself that he must not be impulsive.

Two more minutes passed, and seven minutes passed. Lin Kai's body has been modified again and again by the system. The various organs are already much stronger than before, so Lin Kai can also hold his breath underwater without relying on skills. minute.

At this time, Lin Kai blushed like a monkey's butt, and he couldn't hold it anymore. He was completely holding on!

Eight minutes!

When the time of eight minutes came, Lin Kai stood up, panting, and suddenly a dizziness came, and Lin Kai sat down on the edge of the water tank.

Being lack of oxygen for too long, Lin Kai's body was still a little uncomfortable when he stood up suddenly.

Lin Kai held his breath for eight minutes, plus 15 minutes of turtle diving skills, Lin Kai held his breath for a total of 23 minutes.

Tian Guo also pressed the stopwatch in his hand, staring at Lin Kai in shock.

What kind of monster is this? Hold your breath for 23 minutes!

If this is behind the enemy, and after being discovered by the enemy, he dives into the water, where can the enemy find Lin Kai? A hold of breath is twenty-three minutes!

Looking at the faces of Wang Tianye and Chen Qing, they are also blushing, but what is peculiar is that the look they look at Lin Kai does not have the hatred and disdain before, but a kind of worship and fanaticism.

Lin Kai's strength was too strong. At first, they didn't accept this instructor who was about his age.

But after seeing Lin Kai's strength, they discovered that there was a reason why Lin Kai became a major at a young age.

The thief is strong, his body seems to be beaten with iron, and he can always perform miracles.

At this moment, Wang Tianye raised his hand and asked hesitantly: "Instructor, I...I want to ask you a question..."

Lin Kai glanced at Wang Tianye, and found Wang Tianye's desire to learn, Lin Kai smiled slightly, he knew that he was half done.

"ask."

Chapter 183: Tian Guo Night Visit

Chapter 183 Tian Guo's Night Visit

"Is the strength of our special forces in the Chinese nation so strong? Or is it just you strong?" Wang Tianye asked cautiously.

When he spoke, he added the word you, which obviously showed respect to Lin Kai.

Lin Kai smiled slightly and did not speak. He didn't want to tell Wang Tianye that he was notoriously perverted in the army.

But before Lin Kai spoke, Tian Guo on the side spoke: "Hey! That rookie, you don't even know Lin Kai? He is the new king in the army this year!"

"Even Lei Zhan has been defeated by him several times. In the last mission, he killed seven terrorists by himself and was awarded the honor of third-class merit."

"You don't even know him. Are you embarrassed to be a special soldier?"

Tian Guo hugged her arm with a look of pride, as if it were her honor to know Lin Kai.

Hearing what Tian Guo said, the ten rookies were shocked. It turns out that he is Lin Kai!

Lin Kai's deeds have been spread in the army. Everyone knows that there is a newcomer named Lin Kai in the Southeast Military Region. He is very strong and even Lei Zhan is not his opponent.

But they didn't expect that the newcomer Wang Linkai was so young, almost like them.

And they had heard of the name of Lei Zhan. Lei Zhan's strength is so strong that they are not Lin Kai's opponents. From this point, it can be seen how strong Lin Kai's strength is.

Now these ten rookies are all balanced. It seems that it is not that they are not strong enough, but that Lin Kai is too perverted!

Lin Kai smiled helplessly. Originally wanted to conceal his identity, Tian Guo, the little girl, said it all at once.

"So you are Lin Kai!" Chen Qing looked at Lin Kai with excitement.

No wonder, no wonder Lin Kai looked confident, not afraid to offend the rich second generation of them.

Because Lin Kai himself is also a rich second-generation, and his own strength is so strong, naturally he would not put them in his eyes.

Even for top dudes like Chen Qing and Wang Tianye, in terms of family, they can at best be equal to Lin Kaiping.

Originally, they still had some disdain for Lin Kai. After all, although Lin Kai was strong, he had no background. Now they don't think so. Lin Kai is not only strong, but also has a background!

"Instructor, after these three days of training, I am convinced of you now!" Wang Tianye clasped his fists, and recognized Lin Kai.

After the others knew Lin Kai's identity, they did not dare to look down upon Lin Kai again.

Lin Kai smiled helplessly and stared at them: "Stop this one! I held my breath underwater for 23 minutes, let you hold my breath for ten minutes, right? Now take off my clothes and jump into the water tank for me! Ten minutes, don't come out!"

Lin Kai didn't accept their approach at all. Wang Tianye and the others smiled helplessly. Now they have no reason to refute. Facing Lin Kai's abnormality, they can only admit it.

No way, take off your clothes and jump into the tank!

There was a sound of falling into the water, and all ten thorns jumped into the tank, and they began to hold their breath underwater.

Lin Kai also started the stopwatch.

One minute passed and no one gave up.

Normal people can hold their breath for one minute.

After two minutes passed, it was obvious that a thorn with poor lung capacity stood up, panting.

Nine people remain.

Three minutes passed, four people stood up, and five people remained.

In four minutes, this was already the limit of ordinary people. Three more people stood up, and now only Wang Tianye and Chen Qing were left in the tank.

Lin Kai nodded silently. These two boys have good talents and can last up to four minutes.

But the time has not yet reached five minutes, and the two boys couldn't hold on anymore, and stood up from the water one after another.

The best result, four and a half minutes, is already very tough.

Although he was very satisfied in his heart, Lin Kai still cursed and said: "You big and young men and women all eat and sleep every day. You can't hold on for ten minutes. Five hundred push-ups on the spot, starting now!"

Next, Lin Kai launched a devilish assessment on them.

This group of thornheads complained endlessly, but it was useless. They just broke their throats, and no one came to rescue them.

Until the evening, after training the group of boys to exhaustion, Lin Kai announced the disbandment.

The female soldiers could not stand the hot summer sun for a long time, and went back to the dormitory to sleep.

He Zhijun said that they were asked to learn from Lin Kai. In fact, they were put on vacation for a few days. The women's special forces team was formed by several leaders of the Southeast Military Region.

But in fact, modern warfare doesn't really need female soldiers. Except when spies need to be inserted into the enemy, Fire Phoenix basically doesn't need to perform missions because there are too many male soldiers in the Southeast Military Region.

So although this group of female soldiers are powerful, they are useless as heroes. After training every day, they ate and slept.

In the evening, Lin Kai had dinner, took a shower, returned to his dormitory, turned on the computer, and watched TV for a while.

Bang bang bang!

The door knocked suddenly.

"Who?" Lin Kai asked impatiently.

Did you let people sleep in the middle of the night?

"Me, Tian Guo." A sweet voice appeared.

Lin Kai is full of spirits, my god, Shui Lingling's girl!

Tian Guo has always been an innocent, innocent and big-chested girl in Lin Kai's impression. When he was watching Huo Phoenix in his previous life, Tian Guo liked him most.

Why did she find herself in the middle of the night?

Lin Kai hurriedly came to the mirror, dressed up in the mirror, and then went to open the door.

Opening the door, Tian Guo was standing outside. She was wearing a military green vest without a coat. Her arms were as white as lotus roots exposed to the air, and she walked in with her hands behind her back. Lin opened the room.

"Yeah, Lin Kai, your living conditions here are pretty good, with air-conditioning and a computer, so comfortable." Tian Guo lay directly on Lin Kai's bed and stretched out comfortably.

Lin Kai touched his nose and smiled: "Hehe, I finally became a Muslim instructor. The conditions are not bad. I came to see me in the middle of the night. Is there anything wrong?"

"Can't I find you if I'm okay?" Tian Guo suddenly sat up from the bed and smiled brightly at Lin Kai.

Tian Guo is a girl who has always been outspoken. She always goes straight to each other and never goes around in circles. Lin Kai understands this.

Sure enough, Tian Guo stared at Lin Kai. First Lin Kai had a handsome face and then Lin Kai's perfect figure. Tian Guo's small face turned red, and she lowered her head shyly.

"Lin Kai, I want to ask you a question." Tian Guo squeezed her hands and replied shyly.

Lin Kai was taken aback, so shy? What does she want to do?

"What question, you ask."

Chapter 184: Do You Have A Girlfriend?

Chapter 184 Do You Have A Girlfriend?

"Do you have a girlfriend?" Tian Guo asked shyly.

girlfriend? Could it be that the spring of my forest is finally coming?

Lin Kai was very excited. Is it possible that the sweet love is finally my turn?

Be calm!

Lin Kai cleared his throat and said, "No."

Hearing this, Tian Guo's eyes lit up, she stood up, walked twice in front of Lin Kai, and asked a little shyly: "So what, look at me, how?"

Tian Guo took the initiative to attack!

There was a spirit in Lin Kaixin, and he almost roared out without excitement.

But Lin Kai told himself in his heart that he must be calm! He is the youngest of the Lin family and the new king of the Southeast Military Region! There is no shortage of women around you, you must be cold!

"You? It's okay." Lin Kai said nonchalantly.

After hearing Lin Kai's answer, the expression on Tian Guo's face was slightly disappointed.

However, when she observed carefully, she found that Lin Kai's face was flushed to the base of her neck.

Tian Guo was amused by Lin Kai's appearance, and chuckled lightly.

"What are you laughing at?" Lin Kai asked embarrassingly.

He also realized that his face seemed to be red, and in the bottom of his heart, Lin Kai scolded himself for being disappointed.

Lin Kai inherited all the advantages of Lin Kai in this life, such as handsome looks and distinguished family, but he just didn't inherit this kid's ability to pick up girls.

Ever since, Lin Kai now is still the dull Lin Kai who can't talk to girls in the previous life.

"Unexpectedly, the famous Lin family is actually such a big boy who is easy to be shy." Tian Guo smiled with her little hand on her back.

"I didn't." Lin Kai said with a dry cough.

"It's okay, Tian Guo likes you innocent, Lord, give a girl a smile!"

Tian Guo saw that Lin Kai was so shy, she took the initiative to attack, and came to Lin Kai's face, hooked Lin Kai's chin with her finger, looking provocative.

And Lin Kai also felt that a fragrant wind hit, Tian Guo had already arrived.

This Tian Guo is as naughty and cute as on TV.

"Why are you laughing? Tian Guo, don't mess around." Lin Kai pushed Tian Guo's hand away, a little panicked.

Tian Guo wasn't angry, but rather bluntly said: "Master, Niu is attracted to you, but in the army, non-officers can't fall in love, Lin Kai, I'll wait for you to become an officer!"

After all, Tian Guo bounced out of Lin Kai's room, and there was a silver bell-like laughter.

After Tian Guo left, Lin Kai calmed down for a long time before suppressing the shyness in his heart.

This little girl is really lively and cute!

As everyone knows, at the window of the male soldier's dormitory at this time, ten thorns were lying on the window peeking, and they watched Tian Guo walk out of the room opened by Lin.

He bounced around and seemed very happy.

Wang Tianye gave Lin Kai a thumbs up, and said, "Go high! The instructor is high! The female soldiers of the Fire Phoenix can win, amazing!"

"Envy, whenever I can become a male soldier like an instructor." A male soldier said with envy while holding his chin with both hands.

Chen Qing slapped the male soldier on the back of his head: "Let's pull it down. If you have half the instructors family background, half the face value, and half the strength, let alone the chicks of the Phoenix, I'm afraid Lian Long Xiaoyun I have to chase you down!"

The male soldier smiled embarrassedly.

Naturally, Lin Kai didn't know that he had been spotted by ten stingers. It was estimated that the romantic incident of Young Master Lin would spread throughout the Southeast Military Region the next day.

And Lin Kai didn't even know that, in a corner of the top base, An Ran stood in the corner with a bleak expression.

She just watched Tian Guo walk out of Lin Kai's room and saw Tian Guo's expression of joy.

Tian Guo was interested in Lin Kai, and An Ran naturally knew it, and Tian Guo had also consulted her. An Ran who had broken up with Lin Kai was naturally embarrassed to say that Lin Kai still had Lin Kai in his heart, so he let Tian Guo boldly pursue it. .

I didn't expect Tian Guo to act so fast.

At this moment, An Ran didn't know what kind of mood he was in.

Lost? regret?

Lin Kai used to be so good to her, but because of his boyfriend, he left him.

An Ran didn't really want to leave Lin Kai. She thought that Lin had a meeting to stay, but Lin Kai did not.

Lin Kai changed his previous cowardice and became the new king of the Southeast Military Region in one fell swoop! Created countless miracles, even her instructor Lei Zhan is not Lin Kai's opponent!

Seeing Lin Kai so good and so dazzling, An Ran's heart finally gave birth to regret.

Such a good person was actually lost by himself.

In fact, if there was no such thing as Lei Zhan, An Ran would have a chance to get back together with Lin Kai.

But Lei Zhan had threatened An Ran and asked An Ran to tell Lin Kai the words that the knife stabbed his heart. An Ran knew that he had completely hurt Lin Kai.

This excellent man has nothing to do with him from now on.

An Ran shook her head, looking disappointed, and turned to her dormitory.

Lin Kai naturally didn't know An Ran's inner thoughts at this time, because the current Lin Kai is not the old Lin Kai, and he does not have a strong feeling for An Ran.

He just thinks An Ran is very beautiful.

Because the last time An Ran said those words, Lin Kai's heart had been crushed by An Ran.

Compared to Tian Guo, An Ran is more beautiful, but it is not Lin Kai's dish.

Lying on the bed, Lin Kai fell into a deep sleep. Early the next morning, Lin Kai got up to wash, and was just about to go to the cafeteria to eat, when Tian Guo bounced over with a bag.

"Lin Kai, this is my breakfast, for you!" Tian Guo passed the paper bag in her hand to Lin Kai and smiled sweetly at Lin Kai.

Tian Guo used to be a soldier in the cooking class, so Tian Guo is a master of cooking.

Tian Guo has already started his pursuit!

Lin Kai was taken aback for a moment, opened the paper bag and took a look. There were three big fragrant buns in the paper bag, which looked delicious, and there was also a bag of milk.

"Thank you." Lin Kai smiled at Tian Guo.

"You're welcome! Don't forget what I said yesterday!" After that, Tian Guo bounced away.

He took out the buns, took a bite, and a smell came. The meat buns tasted good, with thin skin and big fillings, and there was a lot of juice. Lin Kai's eyes lightened at that time, and he finished three buns in one breath, and then drank it. I dropped the milk and burped.

“Hiccup...” Lin Kai patted his stomach with satisfaction, and went to the male soldier’s dormitory to wake up the male soldier.

After seeing Lin Kai’s greatness, this group of male soldiers also learned how to behave. At six o’clock in the morning, they had already gotten up and folded the bedding neatly.

“Hello instructor!”

Chapter 185: Magical Shenfa

Chapter 185

A group of male soldiers saluted Lin Kai in the dormitory, their waists straight and their faces serious.

Compared with the previous few days, this group of thorn heads is much better, at least this group of thorn heads have now learned to organize their internal affairs.

“Gather in the yard, Chen Qing, go and call out the female soldiers of the Phoenix. Today, I will test your comprehension ability.” Lin Kai ordered.

“Yes!” Chen Qing trot to the dormitory of Fire Phoenix after saluting.

Ten thorn heads also came to the center of the yard to gather and stand in a row. Soon after, all four female soldiers of the Fire Phoenix arrived.

Ouyang Qian, Tian Guo, An Ran, Ye Cunxin.

A total of fourteen people stood in a row in front of Lin Kai.

Ye Cunxin’s face still had a look of dissatisfaction. She was sleeping in the dormitory when she was awakened by Chen Qing’s knock on the door.

“Hey, Lin Kai, you don’t even need to evaluate this group of rookies, why do you want to bring us?” Ye Cunxin asked dissatisfiedly.

Tian Guo immediately replied on behalf of Lin Kai: “We were sent by Brigadier He to learn from Brother Lin Kai. We have to learn the advantages of Brother Lin Kai. Are you right Brother Lin Kai?”

“Cut!” Ye Cunxin rolled his eyes immediately.

Lin Kai smiled slightly and pointed to the four wooden men on the side.

“Today, my purpose is very simple, to assess the comprehension abilities of these ten recruits, and let you Fire Phoenix learn by the way.” Lin Kai said.

“Cut!” Ouyang Qian cut with disdain: “Our Fire Phoenix learns top foreign tactics. You are a recruit, even if you are a little stronger, what can we learn?”

Ouyang Qian’s eyes are full of pride. The Thunder Commando is a foreign simulation team, and all they learn are foreign advanced tactics. As the female version of the Thunder Commando, the Fire Phoenix is not weak in nature.

They didn’t think Lin Kai could teach them anything.

Lin Kai smiled and said, “Hehe, of course, you don’t have to learn, I mainly test the comprehension ability of these ten rookies.”

The faces of Chen Qing and Wang Tianye were also full of curiosity. There were four wooden people in front of them. What can they test with wooden people? Piling?

I saw a dagger appeared in Lin Kai’s hand and played it in front of everyone: “What I will teach you next is a method of assault. Its name is Ghost Assault.”

“The most important thing for ghosts to kill is body skills. Pay attention to your footsteps and control the lightness of your body. As for how much you can understand, it depends on your own understanding.”

After Lin Kai said, he looked at the four wooden men.

The four of Ouyang Qian looked at Lin Kai with their arms folded, the ghost attacked and killed? Listening to the name is pretty domineering, but where can there be an assault skill like a ghost?

Wang Tianye, Chen Qing and others also stared at Lin Kai curiously. They knew that what Lin Kai taught them must be top-level killing skills, and they must be learned.

With a brushing sound, Lin started to move, and when he stepped on the ground, his body suddenly jumped out, and he saw his feet lightly on the ground, as if they were floating past.

And his body was swaying in the air, a pair of shaky but steady steps, as if he was hitting a drunk boxer.

His speed was extremely fast, just blinking his eyes, he came to the front of the first wooden man, a cold light flashed, and with a brush, the head of the first wooden man had been shaved off.

I saw Lin Kai's speed unabated, turning around and making a puff, the dagger pierced into the heart of the second wooden man.

Then, Lin Kai's body suddenly accelerated, and he slashed the third wooden man's neck.

As for the fourth wooden figure, Lin Kai ignored it at all, stepped lightly under her feet, and instantly returned to the front of the ten sting heads, then threw the dagger backwards, and with a puff, the dagger fell into the fourth wooden figure in.

At this time, there was silence for a while.

The Fire Phoenix people, who were still disdainful just now, had their eyes widened, and there was a goose egg in their mouth.

What kind of body is this? It can be done so fast and so lightly. The most important thing is that it can't grasp the track at all, and it seems to float in front of you like a ghost.

Coupled with Shang Lin Kai's powerful melee ability, he can kill any opponent in seconds without a sound!

Even foreign advanced tactics have never taught them such a weird body technique.

As for the ten thorns, they had been shocked to the point of numbness. For Lin Kai, they admired in addition to admiration.

After seeing Lin Kai's body technique, they all calculated in their hearts, if they use Lin Kai's body technique, how many secrets can they realize?

"Did you see it clearly?" Lin Kai asked.

"See it clearly!" Chen Qing replied loudly.

Lin Kai glared at him: "You fart! Even if you die, you won't be able to see my physique!"

Old Chen Qing blushed, do you see clearly? Of course I didn't see clearly, who could see the body like a ghost?

"I will only teach it once, and then I will test your understanding. Now, one by one, follow what I taught you just now and demonstrate it again. I will give you points in my heart based on your understanding."

"I'll come first!" Chen Qing raised his hand first and stood up.

He also drew out a dagger, closed his eyes and carefully recalled Lin Kai's previous movements, his drunken pace, his body like a drunken fist, his upper body was ethereal and his lower body was steady and fast.

After careful recollection, Chen Qing sprinted out with a stride, imitating Lin Kai's steps, but as soon as he took the first step, his legs were knotted and with a plop, his face fell directly to the ground and gnawed the dirt in his mouth. .

"Puff ha ha ha ha!"

There was a burst of laughter, and Wang Tianye's tears came out even more.

"I'm coming!" At this moment, Ye Cunxin raised his hand, his eyes pierced and his face was confident.

He came to the four wooden men and made the starting movement, and the movements of Lin Kai in his mind were demonstrated over and over again.

With a snap, Ye Cunxin stepped on the ground suddenly, and his body rushed out directly. The girl was light, and Ye Cunxin's comprehension was not low. Although the movements were not as smooth as Lin Kai, they also imitated three out of ten.

I saw Ye Cunxin's body attacking the four wooden people like a ghost, brushing and brushing! Four swords fell, Ye Cunxin had completely hit the four wooden men.

After doing all this, Ye Cunxin opened his mouth, his face was incredible.

"It's really amazing. Ye Cunxin has been in the Fire Phoenix for so long. I have never seen such a magical body. No one can break this body! It is a hundred times stronger than the lightning run of Lei Zhan!"

Ye Cunxin once learned the thunder and lightning run of thunder war, but that kind of body is too masculine, she is a little girl who can't display the essence of it.

But Lin Kai's body method is different, it is light, unisex, and more practical than running in thunder and lightning!

Chapter 186: Thorn Head Assessment Completed

Chapter 186

"Is it that magical?" Ouyang Qian snorted with her arms in her arms, obviously a little unbelieving.

Ye Cunxin stared at Ouyang Qian, and said, "Ouyang Qian, your melee ability has always overwhelmed me. Just so, let's try Lin Kai's ghost attack, whether it's practical or practical. Fight?"

In Fire Phoenix, Ouyang Qian is not Ye Cunxin's opponent.

But in this world, Ouyang Qian is the most powerful melee ability among the Phoenix, and a master of Taekwondo, whose melee ability overwhelms Ye Cunxin, a pungent little girl.

Ouyang Qian nodded arrogantly: "Since you want to find abuse, you can!"

Ouyang Qian looked confident, and she and Ye Cunxin had a very close comparison, but Ye Cunxin never beat Ouyang Qian.

Ouyang Qian is very confident in her melee ability.

Tian Guo stared at the two of them expectantly. She wanted to see if Ye Cunxin, who had learned the ghost attack, was Ouyang Qian's opponent.

The two stood on a clearing, Ouyang Qian assumed a defensive posture, and Ye Cunxin, who was opposite her, looked eager to try.

"Come on, Ye Cunxin, even if you practice for another ten years, you won't be my opponent." Ouyang Qian said confidently.

Ye Cunxin jumped on the spot twice and yelled, "A ghost attack!"

Having said that, she saw her right leg kicked on the ground suddenly, and she rushed out with a brushing sound. Her body was wobbly in the air, but her feet were very steady, stepping on an impenetrable step, drifting towards Ouyang Qian.

Ouyang Qianxiu frowned. At this time, she couldn't lock Ye Cunxin's position at all. In a daze, Ye Cunxin had already arrived in front of Ouyang Qian, the cold light flashed, and the dagger had been placed on Ouyang Qian's neck.

Ouyang Qian looked at the dagger and was stunned.

I haven't reacted for a long time.

The most terrifying feature of the ghost attack is finally revealed. It is really incomprehensible and will give people a trance. When you react, you are already a dead person.

"This..." Ouyang Qian was speechless for a while, somewhat unable to accept this reality.

She has never been defeated by Ye Cunxin, but this time, she was actually killed by Ye Cunxin!

She was already defeated without even giving her a chance.

An Ran and Tian Guo were also shocked, they knew Ouyang Qian's strength, Ye Cunxin was not her opponent, but now, Ye Cunxin just learned a little bit from Lin Kai, and actually defeated the powerful Ouyang Qian!

How terrifying is this ghost attack?

Even Ye Cunxin, who has always been arrogant and arrogant, took a high look at Lin Kai. Lin Kai's things were really easy to use.

"This ghost attack is indeed powerful." Ouyang Qian also nodded.

She didn't feel ashamed of losing because Ye Cunxin defeated herself under Lin Kai's guidance. If she had also learned **** by ghosts, Ye Cunxin might not be able to defeat herself.

"This ghost attack is indeed powerful. I only understand the mystery of 30-40%, and I can defeat Ouyang Qian. If I fully learn this trick, wouldn't even Lei Zhan be my opponent?" Ye Cunxinyi The excitement of the face.

"By the way, Lin Kai, who did you learn such a powerful skill from?" Ouyang Qian asked curiously.

The other three daughters also looked at Lin Kai curiously. Lin Kai must have a powerful master who taught him a lot of powerful killing skills, otherwise it is impossible to explain that Lin Kai actually mastered such a terrifying killing skills.

Lin Kai smiled faintly: "Created by himself, named Ghost Attack and Kill."

"Created?" The four women exclaimed almost at the same time.

Lin Kai actually created such a powerful killing skill? What a high level of comprehension?

This ghost attack was placed in China, and it was definitely the top killer skill, and Lin Kai was so young and only 19 years old this year, he had actually created such a powerful killing skill.

This kind of comprehension is indeed admirable.

"Lin Kai, can I worship you as a teacher?" Ye Cunxin asked suddenly.

“Take me! I also want to apprentice!” Ouyang Qian also jumped out.

“Don’t **** me! Brother Lin Kai is mine!” Tian Guo said with a small mouth, reluctantly.

Only An Ran looked at Lin Kai with a look of envy, not daring to step forward.

Lin Kai gave a wry smile and waved his hand: “Go, don’t delay my assessment of newcomers, I don’t accept female apprentices.”

After driving away these female soldiers, Lin Kai continued to assess the ten male soldiers.

Chen Qing patted the dirt on his body. After experiencing the failure just now, he already understood his shortcomings and how to use the ghost attack correctly.

In the second performance, Chen Qing was very shocking. He actually performed a ghost attack similar to Ye Cunxin, and Lin Kai nodded slightly.

Next was Wang Tianye, and Wang Tianye was not weak in strength. After seeing Chen Qing fall, he had been summing up the reasons.

His performance is almost the same as Chen Qing.

In fact, among the ten thorn heads, most of the thorn heads were not qualified to be special forces, and only a few people were noticed by Lin Kai.

Apart from Chen Qing and Wang Tianye, there is another person who deserves Lin Kai’s attention.

He was a dark-skinned but tough-looking guy. He was 1.78 meters tall. He didn’t talk much. But every time Lin asked the exam questions, he always performed very well, second only to Wang Tianye and Chen Qing.

His name is Xu Mo.

Soon, it was Xu Mo’s turn to show his insight.

As a result, Xu Mo’s performance surprised Lin Kai.

He actually imitated nearly 50% of Lin Kai’s ghost attacks, better than everyone present!

Lin Kai’s eyes lit up, this Xu Mo is a manufacturable, comprehension ability is the most important basic ability of a special soldier, as long as his brain is bright, he can learn everything quickly.

Lin Kai silently remembered the names of these three people in his heart.

After assessing their comprehension, two other abilities were assessed this afternoon, one is marksmanship and the other is melee ability.

After the assessment, the dissolution was officially announced. Tomorrow will be the day when the results will be announced. Lin Kai already knows who is eligible to be a special soldier.

...

In the early morning of the next morning, all ten rookies had assembled at the top base. This time, they carried heavy marching backpacks. Today, they should leave the top base.

Because Lin Kai's assessment of them was officially over.

Lin Kai also completed his mission and successfully conquered these ten thorns!

Lin Kai stood in front of them and said, "Today, your assessment is officially over."

"What I have in my hand is a list. Only the top three of you are eligible to become special forces. The remaining seven people will all be returned to the original company."

Upon hearing this, the ten people became excited and looked at Lin Kai one after another, with anticipation in their eyes.

Chapter 187: Xu Mo

Chapter 187: Xu Mo

"The three people whose names I read below, congratulations, you have the opportunity to become special forces. I will tell your superiors about your performance. As for which unit is assigned, it depends on your luck."

"The first person, Wang Tianye."

As soon as Wang Tianye's name came out, there was a round of applause. He became a special soldier without any doubt.

"The second person, Chen Qing."

There was another round of applause.

"The third person, Xu Mo."

This time there was no applause. Everyone looked at Xu Mo. Xu Mo talked less among the ten of them, and his origin was unknown. No one knew what he was doing at home.

But since the superiors threw him into this thorn head training camp, it means that this guy must be a rich second generation.

But I didn't expect that Xu Mo would be qualified to become a special soldier.

After hearing that he had become a special soldier, Xu Mo's mouth showed a smile.

"Soldiers who have not read their names will be disbanded on the spot. If they want to return to the original company, they can go back obediently. Soldiers who want to go home can also apply for their own chief." Lin Kai put away the list in his hand. Said solemnly.

After these few days of assessment, Lin Kai finally got rid of the water chestnut on them, but this was only aimed at Lin Kai himself.

When they listen to Lin Kai, they may not necessarily listen to others.

The other people looked disappointed, and after bidding farewell to each other, they went down the mountain.

The Fire Phoenix also left this morning, because the exercise experience meeting will be held tomorrow, and the three special forces brigade special forces will all participate.

After Lin Kai finished explaining the matter, he put on his backpack and went down the mountain.

Before leaving, Xu Mo suddenly grabbed Lin Kai, and Lin Kai stared at Xu Mo in a daze.

Xu Mo grinned at Lin Kai and said, "Instructor, you are very strong. I like you very much. If you need help in the future, just speak up."

After all, Xu Mo left without looking back.

Lin Kai was at a loss.

This sting is a bit interesting, dare to talk to the instructor like this.

Lin chuckled and walked down the mountain with a backpack.

...

Half an hour later, Lin Kai appeared in Long Xiaoyun's office.

Looking at Lin Kai's experience report this time, Long Xiaoyun nodded in satisfaction.

“I already know about you at the top of the mountain. You did a good job. I didn’t expect you to be so strong and write well.”

The white paper in Long Xiaoyun’s hand was written neatly and neatly on a page. The font was neat and generous, and it did not seem to be written by a prodigal.

Lin Kai smiled not modestly. Young Master Lin naturally couldn’t write such a good handwriting, but although Lin Kai in his last life was not a famous university graduate, he was a graduate student at any rate, and even though he became a hard worker. , But you can still write it with a good hand.

“Done well, go back and have a good rest, and participate in the commendation meeting after this urban exercise tomorrow.” Long Xiaoyun said lightly.

The exercise was about to end, but Lin Kai looked at Long Xiaoyun’s face without a hint of joy, but was very depressed.

Leaving Long Xiaoyun’s office, Lin Kai looked foggy, and Long Xiaoyun seemed unhappy!

After returning to his dormitory, Lin Kai was stunned, one, two, three...

Fuck, four people!

A total of seven were eliminated this time, and four of them were eliminated! The other two troops added up to eliminate three!

As the team leader, Lin Kai’s face turned black.

But after taking a look, Lin Kai breathed a sigh of relief after discovering that there were no clever and fat people. Fortunately, the backbone was not eliminated.

After seeing Lin Kai also walk in, a special soldier sighed and said, “Even the captain has been eliminated, oh...”

They thought that Lin Kai had also been eliminated. If Lin Kai had not been eliminated, he would not appear in the dormitory now.

Lin Kai also instantly understood why Long Xiaoyun’s expression was so ugly. The Wolf Squadron was embarrassed again and four people were eliminated!

“How did you get eliminated?” Lin Kai asked coldly, with a bad tone.

The four special forces were taken aback for a while, they obviously felt that Lin Kai now seemed to have become majestic.

A special soldier lowered his head and said: "The assessment time is seven days. It is good to say that a few days ago, everyone went on their own to avoid the police."

"But in the next few days, the three special forces were basically in groups, and the two special forces headed by Leng Feng and He Chenguang had begun to use their tactics. Only our Wolf Squadron was unable to find the captain. "

"Fatty Liu Wanjin temporarily served as the captain, but due to improper command, when we were surrounded by the police, all four of us were eliminated."

After listening to the special soldier, Lin Kai lowered his head in shame.

It turned out that it was because of myself.

Both the Red Blood Cell Special Operations Team and the Tigers have their own captains. Leng Feng and He Chenguang are both veterans. They naturally know how to protect their players.

Only the wolf squadron had no leader, the fat man was careless, and it was normal for improper command. In the end, four people were lost.

Lin Kai finally understood Long Xiaoyun's purpose for letting himself lead the group of thorns. His biggest shortcoming was not the individual combat ability, but the team command ability!

A team is equivalent to one person, and oneself is the person's heart. If something goes wrong with oneself, then this person is equivalent to having a heart attack!

Lin Kaihate, he had known this ending a long time ago, and he shouldn't have quit the exercise early!

Lying on the bed, Lin Kai looked depressed and fell asleep.

...

Early the next morning, after Lin Kai got up, he washed for a while, put on his normal clothes, and followed Long Xiaoyun out of the Wolf Squadron base.

Head towards the auditorium.

The auditorium was already overcrowded, but it was definitely not noisy or crowded. Everyone sat in their place and looked ahead.

The Fire Phoenix Special Team sat on the right. In front of them was the Thunder and Lightning Commando, and further forward was half the Spike Team.

The special forces of the Tigers Special Operations Brigade and the Red Cell Special Operations Brigade were also present.

The focus of this commendation meeting was the Wolf Squadron, the Red Blood Cell Special Operations Team, and the Tigers Special Team at the forefront.

There are only five people left in the Wolf Squadron, nine people in the red cell, and nine people in the Tigers.

In contrast, the Wolf Squadron is so miserable!

As soon as Lin Kai walked into the auditorium, he felt several eyes watching him.

Lin Kai's previous appearance was too dazzling, so dazzling that there should be no flaws in his whole body!

And this time, during the urban exercise, Lin Kai basically never showed up, and now seeing him walking from outside, it is basically certain that Lin Kai was eliminated early in this exercise. .

But this is also normal. After all, wild wolves, mountain wolves, and Siberian wolves participated in the exercise to capture Lin Kai. It is understandable that Lin Kai could not persist.

Lin Kai looked gloomy and in a very bad mood, leading the four soldiers behind him, bowed his head and walked into the auditorium.

Chapter 188: Long Xiaotian

Chapter 188 Long Xiaotian

Lin Kai sat in the position of the Wolf Warrior Squadron, glanced at his comrades in arms, and lowered his head.

Although Xiaojing, Zhang Wanjin, and Li Wenzhuang were the backbone forces that were not eliminated.

But at this time, the Wolf Squadron's combat effectiveness was greatly weakened, and four soldiers were eliminated. The current Wolf Squadron only has six people left.

This is what Lin Kai didn't want to see.

At this moment, He Chenguang walked in front of Lin Kai with a smug smile on his lips.

He sat next to Lin Kai, stared at Lin Kai who was disappointed, and smiled.

“Haha, I didn’t expect our newcomer Wang Linkai would also be frustrated? How? It feels uncomfortable to be a countdown? Is your self-esteem lost?” He Chenguang asked with a tilted head and a smile.

Lin Kai gave him a cold look and ignored him.

He Chenguang was even more proud to see Lin Kai not speaking.

“Lin Kai, might as well tell you, I am the last person to live in this exercise, and the first one is mine.” He Chenguang smiled.

“Unlike some people, they were eliminated from the beginning. What do you say? By the way, Mu Xiu Yu Lin Feng will destroy him, be a human being, don’t be too arrogant! Otherwise someone will always teach you .”

“Hahahaha!”

He Chenguang laughed wildly, stood up from Lin Kai’s side, and returned to his position.

Leng Feng in the distance also laughed, looking at Lin Kai with a hint of pity in his eyes, and shook his head.

Lin Kai is very strong, so strong that no one of the three special forces is his opponent, but he is still too lack of social experience, and his performance is so eye-catching everywhere, and finally some people can’t stand it, and he was killed in this exercise. Lin Kai’s majesty.

The Wolf Squadron that Lin Kai was in was also the Special Forces with the worst losses in this exercise because of the lack of a leader. Four people were eliminated!

From a distance, Lei Zhan also gloated at Lin Kai. He already understood the beginning and end of this exercise, and knew that Lin Kai had already disappeared in the exercise.

In this way, Lin Kai should be eliminated first.

This is also normal, after all, the one responsible for arresting Lin Kai, but the three ace special forces of the Spike Special Brigade.

Lei Zhan had long seen Lin Kai unhappy, and now he saw Lin Kai’s look of loss, don’t mention how proud he was.

Soon after, there was a round of applause, and the heads of the three special operations brigades walked out of the side channel and came to everyone.

Headed by the three of them, He Zhijun.

After He Zhijun and the others took their seats, they waved their hands to signal everyone to stop applauding.

The applause stopped abruptly.

“First of all, congratulations to our successful conclusion of this urban exercise! Our Southeast Military Region is the first military region to dare to conduct exercises in the city, and the superiors also attach great importance to the results of our exercises, so they sent special commissioners to grant us this time. The first medal of honor for the exercise!” He Zhijun said loudly.

There was another round of applause, and I saw a middle-aged man in his 30s walking out of the passage. The middle-aged man was wearing a uniform and the military rank on the collar was very conspicuous. He was a major general!

Being able to become a general in his thirties, he was so strong, everyone present took a breath.

Lin Kai also looked at the middle-aged man. The middle-aged man looked ordinary, but his temperament was extraordinary, and he exuded a murderous aura. He looked like a real soldier.

The fat man on the side suddenly said, “Damn, he is a special agent from Beijing?”

Lin Kai looked at the fat man and asked, “Do you know him?”

“Of course I knew it!” The fat man nodded heavily and whispered to Lin Kai quietly: “Long Xiaoyun’s brother, Long Xiaotian, although he has the same rank as Long Xiaoyun, he has a heavy responsibility. I didn’t expect that this time we will be in the Southeast Military Region. Even the old chief was alarmed by the city drills.”

Hearing what the fat man said so badly, Lin Kai couldn’t help but glanced more.

And the one who was most excited at this time was He Chenguang. This time, Long Xiaotian personally presented the award to himself. Could he not be excited?

This is a supreme honor!

And everyone on the Tigers special team is also full of red faces, He Chenguang won the award, and they are teammates, their faces are also stained.

After the applause fell, Long Xiaotian came to He Zhijun’s side and nodded to He Zhijun.

He Zhijun gave up his position, and Long Xiaotian stood up and smiled slightly: “I am very happy to be here in the big family of our Southeast Military Region. This time the

urban exercise was done well, and I have watched all the action videos. Here, I focus on praising a soldier.”

Hearing these words, He Chenguang suddenly became energetic, sitting upright, he knew that this was to praise himself!

After all, he is the one who survived to the end, the first place in this urban exercise!

And Zhang Tianyi on the stage saw He Chenguang’s red face, and he knew that his heart was not good. This kid might be embarrassing Zhang Tianyi!

Ever since, Zhang Tianyi has been winking at He Chenguang, meaning that you are not the first place in this urban exercise! Don’t stand up!

But He Chenguang didn’t understand what Zhang Tianyi meant, and thought Zhang Tianyi was complimenting himself. At that time, He Chenguang’s face became even more proud and excited.

Long Xiaotian said: “This soldier performed very well in this urban exercise. Not only was his combat capability very strong, he also saved two of his comrades in arms, making the enemies who pursue him out of reach again and again.”

Hearing Long Xiaotian’s words, the excitement on He Chenguang’s face became even stronger.

What Long Xiaotian said exactly matched what He Chenguang did!

Even Leng Feng looked at He Chenguang’s gaze with such a hint of envy, this time the limelight actually made He Chenguang rob him.

Not only Leng Feng believed that the champion of this exercise was He Chenguang, but the thousands of soldiers sitting in the auditorium believed that the first place in this exercise was He Chenguang.

Because the results of the exercise have been spread among the crowd, Lin Kai, who has always performed well, was deliberately targeted during this exercise and disappeared from the exercise long ago.

And He Chenguang is the person who lives to the end. According to the rules, the person who lives to the end is the first!

Therefore, the champion of this exercise is undoubtedly He Chenguang!

“His spirit is worthy of our study. Don’t give up and don’t give up. This is the principle of a soldier, and his video has also been circulated in the capital. Many chiefs love him, and this man is in the Southeast Military Region. He is also very famous, he is...”

Long Xiaotian hadn't finished speaking, only a good word burst out: "Okay!"

All members of the Tigers special team, except He Chenguang, stood up, burst into applause, and suddenly became the focus of the auditorium!

Chapter 189: He Is Number One Again

Chapter 189

Everyone swiftly looked at the Tigers special team where He Chenguang was located, their eyes fixed on He Chenguang.

At this time, I saw He Chenguang stand up, smiled at everyone, nodded, his expression of humility, it seemed that he won the first place in this exercise, and it was no big deal.

Many soldiers in the audience showed envy on their faces. It is a supreme honor to be awarded by Long Xiaotian himself!

But He Chenguang did not notice at all. At this time, all the leaders on the stage were staring at him with very strange eyes.

He Zhijun looked at He Chenguang with a playful look on his face.

And Fan Tianlei's face was obviously mocking.

Zhang Tianyi's face was as black as the bottom of a pot, He Chenguang had lost his face so much!

That Long Xiaotian looked at He Chenguang even more dubiously.

He Chenguang bowed to everyone, without noticing the expressions on the faces of the leaders, and walked to the podium step by step, and then saluted everyone.

After the ceremony, He Chenguang came to the microphone, coughed dryly, and laughed: "Thank you all. The reason why I He Chenguang was able to get this honor is due to the support of my brigade commander. I am not as good as the Special Agent Long said, I am just an ordinary special soldier. It is my responsibility to defend my home and country! Thank you!"

After all, He Chenguang saluted again, and thunderous applause erupted from the audience.

After He Chenguang said, he looked directly at the Special Agent Long.

This is waiting for Commissioner Long to give him a medal!

And Long Xiaotian coughed very embarrassingly, and said, "Ahem, what? Have you finished?"

He Chenguang was taken aback, why did Long Xiaotian ask?

"Report! That's it!" He Chenguang replied very honestly.

"Please go down when you are finished." Long Xiaotian continued.

He Chenguang is even more confused, go on? Haven't given yourself a medal yet? Why do you want to go down?

"Special Agent Long, what do you mean?" He Chenguang asked with a puzzled look.

Long Xiaotian was even more embarrassed. He glanced at Zhang Tianyi. Zhang Tianyi stood up with a dark face, and shouted at He Chenguang: "He Chenguang! Get out of here! Don't be ashamed here!"

He Chenguang screamed at Zhang Tianyi, and was frightened all over, looking at Zhang Tianyi, his eyes were filled with grievances.

This dragon commissioner let himself go, why did his brigade commander let himself go?

"Why?" He Chenguang asked very aggrieved.

"Why? Because you are not the first person in this urban exercise! Why do you say?" Zhang Tianyi roared, his face flushed.

After listening to Zhang Tianyi's words, He Chenguang was stunned, and then his complexion changed like a chameleon, black for a while and red for a while, very exciting.

Without a word, he walked off the stage, his face was hot, this time, he was embarrassed and lost his home!

He Chenguang never expected that with his performance in this exercise, he was not the first!

You know, you are the one who lives to the end! Why is it not yourself in the first place? He Chenguang was aggrieved in his heart.

But at this time, Leng Feng's eyes lit up. He Chenguang was not the first one, could it be himself?

Only this is possible! Lin Kai was eliminated a long time ago. He Chenguang was not the first one. Then he might be the best! Ever since, Leng Feng stared at Long Xiaotian on the stage with bright eyes.

At this time, everyone was also very curious, with doubts in their eyes. Isn't He Chenguang the first? Who could it be?

Lei Zhan was also very confused. Logically speaking, the first one was He Chenguang!

"Ahem, now let me announce that the one who won the first place in this urban exercise is...Lin Kai from the Wolf Squadron of the Spike Special Forces Brigade!" Long Xiaotian said loudly.

As soon as the two words Lin Kai came out, the scene exploded at that time, was Lin Kai again?

How is this possible? It used to be Lin Kai, they didn't think it was surprising, because Lin Kai was always creating miracles, but this time, Lin Kaiming left the drill early in the morning! Did he get the first place like this?

Besides, the three Ace Special Forces specifically targeted Lin Kai. How could Lin Kai win the first place? How did he do that?

The special forces of the Red Blood Cell Special Operations Team and the Tigers are dumbfounded. The first one is not from their company, but from the Wolf Squadron?

The other soldiers of the Wolf Warrior Squadron also stood up, staring at Lin Kai with a look of surprise. They never thought that the first one was their captain!

The fat man who had originally looked lost was also bright at this time, looking at Lin Kai, there is still a scene?

Lin Kai raised his head, stood up, standing upright, but there was no excitement on his face.

Because his number one was obtained with the qualifications of his four comrades-in-arms as special soldiers! Lin Kai is ashamed!

He Chenguang looked at Lin Kai who stood up, dumbfounded, he squeezed his thigh and told himself that this was a dream, and that Lin Kai couldn't be the first!

But the pain from the thigh told He Chenguang that he was not dreaming, and Lin Kai really won the first place!

Thinking of what he had said to Lin Kai just now, He Chenguang felt a burning pain on his face!

Just now, I was actually proud in front of Lin Kai, saying that I was the first! It's no wonder that Lin Kai is not willing to pay attention to himself, because he is the first!

He Chenguang's face was hot for a while, but he was not convinced! After brushing it, He Chenguang stood up and asked: "Special commissioner! Why is Lin Kai the first? I am obviously the last person to survive this exercise!"

He Chenguang asked angrily. Everyone looked at the commissioner and wanted the commissioner to give an explanation.

After all, Lin Kai basically didn't show up during this exercise. Now that he has won the first place, is there any inside story?

The commissioner smiled slightly, waved his hand, and saw a video appearing on the huge projection cloth on the wall behind him.

This is Lin Kai's action video. After the video started playing, everyone looked at the video without blinking.

After a few minutes, after watching the video, everyone was silent for a while.

At this point, everyone is served! No wonder Lin Kai disappeared without a trace in just one day, it turned out that he had already conquered the three ace special forces!

In the action video, Lin Kai's strength shocked everyone, and he caught the bullet empty-handed! Smash the bulletproof car door! Catch the little girl who jumped from the tenth floor! What the **** is this perverted strength?

After watching the video, He Chenguang couldn't say a word anymore. Lin Kai's growth rate was so fast that He Chenguang couldn't keep up with Lin Kai's footsteps.

Chapter 190: Fear Of Heights

Chapter 190

Lei Zhan, who was originally holding a lively mentality, almost bit his tongue after hearing Long Xiaotian's words, what? Lin Kai again?

This kid is too much to toss, right? First every time!

Originally, Lei Zhan was very upset by Lin Kai, but Lin Kai actually got the first place every time, and Lei Zhan blushed with anger.

He Chenguang was the most frustrated in his heart. Originally, he thought it was a certainty that he won the first place, but he didn't expect that Cheng Yaojin would come out halfway.

The number one of this exercise was Lin Kai!

Everyone in the audience looked at Lin Kai. Lin Kai's appearance in the video was too strong, so strong that everyone admired him to the ground!

The strength of the rookie king this year is too strong!

He Zhijun laughed too, Lin Kai was his pride, the pride of Langya!

"Lin Kai, please come to the stage to accept the award." Long Xiaotian said to Lin Kai, looking at Lin Kai with a gentle gaze.

Lin Kai got on the podium, came to the microphone, paid a military salute to the chief on the stage and the soldiers off the stage, and finally looked at Long Xiaotian.

There was a red box in Long Xiaotian's hand. Long Xiaotian opened the red box. Inside the box, there was a golden medal.

"This medal is called the Mad Wolf Medal. Congratulations on having your own code name." After all, Long Xiaotian personally put the medal on Lin Kai.

Everyone on the court exclaimed, Lin Kai actually has his own code name?

How long has he been in the army?

I have to say that this is a miracle.

"Is there anything I want to say? Tell everyone." Long Xiaotian asked with a smile.

Lin Kai lowered his head and glanced at the medal on his chest. There was no happy expression on his face, but a gloomy expression on his face.

"First of all, I feel ashamed of this medal." Lin Kai suddenly said this, and the whole scene immediately fell silent, and everyone looked at Lin Kai.

The smile on He Zhijun's face also disappeared, staring at Lin Kai.

"I am a fighter and also the captain of the Wolf Squadron."

"I didn't expect that because of my withdrawal, four outstanding fighters from the Wolf Warrior Squadron would be eliminated!"

“I am sorry for them. If I don’t quit, maybe the Wolf Squadron will not have to leave alone.”

“I am ashamed of this medal!”

“Sorry!”

After that, Lin Kai had red eyes and saluted the four eliminated soldiers of the Wolf Squadron.

And the four eliminated soldiers also stood up from their seats and returned salute to Lin Kai. The four elders were all moistened at this time.

This scene also touched countless soldiers on the scene.

They understood the feelings of these four soldiers, as well as the feelings of Lin Kai.

I regretted being a soldier for three years, and regretted not being a soldier for a lifetime. For a soldier who wants to be a special soldier, special soldier is their dream!

Now that they have lost their dreams, how can they not feel sad in their hearts?

But Lin Kai, as the captain of the Wolf Squadron, watched his comrades leave the special forces, but he was powerless. How could he not blame himself?

After seeing this scene, Long Xiaotian nodded, the most important thing for a soldier is not strength, but blood and affection.

Lin Kai is bloody, strong, and affectionate, but he is low-key as a wealthy young man. Long Xiaotian is very satisfied with him.

Why are you satisfied with him? Because Long Xiaotian naturally has his wishful thinking.

I don’t know who started the head, and the applause began to sound. At first, there were only three or five people applauding. Later, the soldiers in the entire auditorium were applauding!

Even Lei Zhan, who had been watching Lin Kai displeased him, had moistened his eyes at this time. Lei Zhan also came from a recruit. He knew how uncomfortable it was to watch his comrades leave the special forces.

“Very well, soldiers should be like this. They should be hard and hard, cry hard when they should cry! Lin Kai, this is not your fault, you are already excellent.” Long Xiaotian patted Lin Kai on the shoulder.

Without a word, Lin Kai walked down from the podium and returned to the position of the Wolf Squadron.

Long Xiaotian smiled helplessly, glanced at He Zhijun, and continued the next step.

In the next link, the seven eliminated soldiers were named one after another. Long Xiaotian expressed regret for their elimination, but the troops were so cruel. Once eliminated, they would never have a chance to come back. , Formally stage the special forces!

Until three o'clock in the afternoon, the meeting officially ended and all the soldiers returned to their company.

Lin Kai took Fatty and they also returned to the Wolf Warrior Squadron.

...

All members of the Wolf Warriors squadron have assembled at the Wolf Warriors base, and in front of them is the heroic Long Xiaoyun.

Of the ten soldiers of the Wolf Squadron, there are now only six.

The four soldiers who were eliminated have left the Wolf Squadron.

Long Xiaoyun did not have a trace of sympathy on her face. She carried her hands behind her back and said: "The strength of the Wolf Warrior Squadron has been greatly weakened. Now there are only six people left in the team of ten."

"The Tigers special team and the RBC special operations team each have nine people. Just considering the number of people, we are far inferior to the other two special teams!"

A total of seven people were eliminated in this exercise. Among them, the Wolf Squadron was eliminated four people, and the other two special teams were eliminated a total of three people.

Because one special force originally had eleven people, after two were eliminated, nine were left.

In average numbers, Wolf Warriors has lost to the other two special forces.

Lin Kai looked guilty and lowered his head.

"Next, let me tell you a very bad news. Are any of you afraid of heights?" Long Xiaoyun asked suddenly.

As soon as this problem arises, everyone looks at me and I look at you, all looking for people who are afraid of heights.

Lin Kai is not afraid of heights, and Fatty and Little Smart don't seem to be afraid of heights either.

Only one person lowered his head, his name was Zhang Zhuang.

"Zhang Zhuang, are you afraid of heights?" Long Xiaoyun asked sharply.

Hearing this, Zhang Zhuang was full of spirits, shook his head quickly, and said: "Report! I am not afraid of heights!"

Zhang Zhuang's face was a little pale, but he still pretended to be calm and said.

"Are you sure? Our next training, but jumping from a kilometer high in the air, are you sure you are not afraid of heights?" Long Xiaoyun narrowed his eyes, staring at Zhang Zhuang.

Zhang Zhuang's face became paler when he heard this, and he started to stammer.

"I...I, I, I...I don't want to quit!" Zhang Zhuang became more and more excited when he said that, he actually started to cry, a big man, crying like a woman at this time.

Several other special forces also seemed to know Zhang Zhuang's fate, and they lowered their heads and remained silent.

Chapter 191: Skydiving Training

Chapter 191 Parachuting Training

Long Xiaoyun was also silent at this time, she saw it, Zhang Zhuang was afraid of heights.

Special forces are all-powerful arms. Not only do they need to be proficient in land and water operations, parachuting is also a compulsory course.

If you are afraid of heights, it is impossible to become a special soldier.

As a special force soldier, he should know this.

Zhang Zhuang wanted to be a special soldier too much, so even though he was afraid of heights, he took a chance to participate in the training camp.

Fortunately, he passed and became a special soldier.

But in the brutal competition of the special forces, the one who should come is still coming. It is impossible for people who are afraid of heights to pass the parachute test.

“Zhang Zhuang, if you’re afraid of heights, I’m sorry, but I can’t do anything.” Long Xiaoyun turned his face to the side, and said with some excruciation.

Zhang Zhuang’s tears fell unconvincingly, but he tried to control his emotions and wanted to stabilize himself.

After a while, Zhang Zhuang finally stopped sobbing.

“Instructor, I want to give it a try. If I can’t, I will accept my fate!” Zhang Zhuang showed a firm look and looked at Long Xiaoyun.

Long Xiaoyun nodded and said, “Okay, I’ll give you half an hour to prepare. After half an hour, I will gather here.”

Long Xiaoyun has tried his best. Normally, he will only give the Wolf Warriors squadron three minutes of preparation time, but this time, he gave everyone half an hour to make Zhang Zhuang adapt well.

Zhang Zhuang nodded, and went back to the dormitory silently, looking for status.

Lin Kai also found a corner, knelt down, and began to meditate.

Since his rebirth, Lin Kai has been outstanding in all aspects, but in terms of skydiving, Lin Kai feels that he does not seem to have any advantages.

All his skills seem to be close to skydiving.

And all his outstanding attributes have nothing to do with skydiving.

Skydiving is a technical task, and it is also a challenge for assessing a person’s guts. Lin Kai didn’t know whether he would show excellent results when he didn’t know anything about skydiving.

“System, do I have any skills related to skydiving?” Lin Kai asked rather disappointed.

This was the first time Lin Kai felt a little weak.

The systematic answer surprised Lin Kai.

“Dangdangdangdang! The handsome and charming system appeared! Report the host, no!”

No?

Lin Kai was taken aback, and shook his head disappointedly: “What are you doing without you being so excited?”

“But the host, you have a skill that can add points to skydiving after you upgrade!” the system said.

The system’s answer made Lin Kai’s eyes bright, and Lin Kai quickly asked, “What skill?”

“Of course it is the plastic bag skill. The plastic bag skill can greatly reduce the host’s weight, but the current plastic bag skill is only at the bronze level, and it cannot give the host a particularly great help.”

“However, after upgrading the plastic bag skill, it will become a balloon skill. Keeping the plastic bag skill provides the host with light and non-stop ability, and can make the host’s body have a certain amount of buoyancy and strengthen its jumping ability.”

After listening to the system’s answer, Lin Kai’s eyes lit up. This is simply a skill tailored for himself!

“System, fast, upgrade my plastic bag skills!” Lin Kai said excitedly.

“Good!” The system replied humanely, and began to transform Lin Kai’s body.

The balloon skill mainly transforms Lin Kai’s whole body. Any bones and flesh and blood must be transformed.

Fortunately, the pain caused by this transformation was not very severe. After twenty minutes, Lin Kai exhaled a long breath, and the skill upgrade was successful!

Look at Lin Kai’s attributes.

Host: Lin Kai

Age: 19

Sex: Male

Strength: 140

Speed: 100

Reactions: 140

Stamina: 100

Defense: 300

Heart of the strong: 20/100

Skills: God Eye (Silver), Watermelon (Silver), Balloon (Silver), Ganoderma (Gold), Tortoise (Bronze), Mountain Rock (Silver), Yuri (Silver), Furious Spirit Ape (Silver), Rhino sticks to the mountain (Silver), Pingtou Ge extraction ability (Half God level) (not available)

Self-created skills: Ghost Kill (Silver)

Upgrade points: 100

Attribute points: 0

The upgrade points have been reduced by one hundred, and the plastic bag skills have turned into silver-level skills.

Not long after Lin Kai upgraded his plastic bag skills, a whistle blew and he was about to assemble!

Lin Kai carried his backpack and ran out quickly, and a group of six people gathered at the Wolf Base.

Long Xiaoyun stood in front of everyone. Not long after, a bang sounded, and a helicopter flew slowly from a distance, and flew directly over the Wolf Base.

A rope ladder was thrown down from the helicopter. Long Xiaoyun looked at everyone and sternly said: "Now, you all get on the plane! Right now! Hurry up!"

Under Long Xiaoyun's urging, everyone in the Wolf Squadron climbed up the rope ladder at a rapid speed and came into the helicopter.

Long Xiaoyun was the last to board the plane, and then the rope ladder was put away, and the helicopter flew towards the distance.

There is a lot of space inside the helicopter, and the flying speed is not fast. The door of the aircraft is open, and a violent wind blows in.

Lin Kai also watched, the Wolf Base is getting smaller and smaller in his own eyes.

And Zhang Zhuang's face became paler.

"The paratrooper is a very dangerous unit of China."

“Airborne troops can be said to be all-powerful troops, because they need to sneak into the enemy’s interior to fight, they must have extremely strong individual combat capabilities, and sometimes they will fall into the water, then the airborne troops must have the ability to fight on water.”

“Aquatic, land, and air triathlon units are referred to as paratroopers.”

“But as special forces, we must be more versatile than airborne troops. We may not be able to fly planes, but parachuting is a survival skill that must be mastered!”

“If conditions permit, you can descend the helicopter down the rope ladder, if conditions do not permit, you can only parachute!”

“Now I will explain to you the minimum and maximum altitude of the special forces parachuting.”

“Generally speaking, the minimum parachuting altitude of airborne troops is 400 meters. If it is lower, the chance of sacrifice is very high! The highest is 800 meters. No matter how high it is, there will be danger to life in the air due to problems such as air pressure and oxygen.”

“The requirements of our special forces are stricter than those of airborne troops! The minimum is 300 meters! The maximum is 700 meters!”

When Long Xiaoyun was talking about this, Zhang Zhuang visibly trembled, 700 meters, my mother, wouldn’t he even scared his soul when he jumped down?

Now that the helicopter is flying at an altitude of 300 meters, Zhang Zhuang obviously can’t stand it anymore. His hands are cold, his complexion is pale, and he is trembling all over, afraid to look directly under the helicopter.

Chapter 192: Lin Kai Skydiving

Chapter 192 Lin Kai Parachuting

“Zhang Zhuang, how do you feel?” Long Xiaoyun asked quite concerned.

Zhang Zhuang was trembling all over, was too scared to speak, and might faint at any time.

“Sorry Zhang Zhuang.” After seeing this scene, Long Xiaoyun sighed and shook his head.

She knew that the Wolf Squadron had one less person today.

Zhang Zhuang cried like a child on the helicopter, and the atmosphere on the helicopter was very depressing.

After a long time, Zhang Zhuang controlled his crying and said, "Sorry, when I get off the plane, I will leave. You continue."

After all, Zhang Zhuang found a corner and squatted down, hugged his legs, looking so helpless.

Lin Kai shook his head, he couldn't help but feel helpless.

"This time taking you on the plane does not mean to let you skydive, just let you feel the atmosphere before skydiving."

"After I go back, I will give you a few compulsory courses on skydiving, and after that, you will start your real skydiving."

Long Xiaoyun explained.

No soldier dared to skydive the first time he stepped on an airplane. Parachuting is not bungee jumping. It requires a strong psychological quality. Jumping down from an airplane that is several kilometers away, if you can't control the time to open the parachute, you will most likely directly fall to death!

The people on the plane, although not as exaggerated as Zhang Zhuang, were somewhat scared, after all, it was too high here.

"Now you know how difficult it is to be a special soldier? You can't be a person who is afraid of heights, you can't be a deep-sea phobia, and you can't be a physique. So, cherish the moment. After this level, you will be true Special forces!"

After hearing Long Xiaoyun's words, Lin Kai was a little eager to try. He is a man who pursues omnipotence. He wants to skydive and feel his new skills!

Moreover, he wants to use himself to inspire Zhang Zhuang.

"Report!" Lin Kai said suddenly.

Long Xiaoyun glanced at Lin Kai and said, "Say."

"I want to experience skydiving!" Lin Kai preached.

"Just kidding!" Long Xiaoyun frowned slightly, then he was angry.

"Skydiving is not a trifle. The first time you get on an airplane, you want to skydive? Do you know skydiving?" Long Xiaoyun said angrily.

Others also looked at Lin Kai in amazement. Lin Kai was a recruit. He dared to parachute the first time he got on a plane?

You know, Lin Kai's marksmanship, physique, and killing skills are all useless here. Here, Lin Kai is a rookie!

The fat man patted Lin Kai on the shoulder and said, "Okay, Captain, I know you are good enough, but parachuting is not a trifle!"

"Yes, Captain, there is no need to be able to do it, everyone is their own." Xiaoling also said.

Li Wenzhuang smiled and shook his head.

Lin Kai looked at the crowd and said with a serious look: "I'm not kidding! I am your captain! If the captain is counseled, what confidence do you have? I just want to give you a leading role and tell you that skydiving is nothing. Big deal!"

When Lin Kai said this, his eyes were always fixed on Zhang Zhuang.

He doesn't want to lose his teammates because of a mere fear of heights!

Others stared at Lin Kai unexpectedly, Lin Kai seemed a little different from before! The former Lin Kai had always been low-key and didn't speak much, but now Lin Kai clearly has the momentum to be the leader of the team.

That's right, the soldier counsels one, will counsel a nest!

As the captain of the Wolf Warrior Squadron, Lin Kai should give everyone a demonstration.

After seeing this scene, Long Xiaoyun nodded. It seemed that it was not in vain to let Lin Kai go to the base of the mountain. Now he has the aura of a captain.

"Zhang Zhuang, let me tell you, Lao Tzu is also the first time to skydive, but Lao Tzu has the courage to jump. You show me that he is also a man. I can do it. Why can't you?" Lin Kai stared at Zhang Zhuang. A little excited.

Zhang Zhuang turned his head and looked at Lin Kai, with some words: "I..."

"What are you? I will jump from here today, am I not afraid? I am afraid too! I will see if you can overcome your own heart, if after I jump down, you are still afraid, you want to go, I will never keep you!"

After Lin Kai said, he picked up the backpack on the side, put it on his back, and buckled his seat belt.

Long Xiaoyun did not expect that Lin Kai would actually go to battle in person in order to motivate his teammates.

But this is too dangerous after all. The plane has already flown to an altitude of five kilometers above. Lin Kai's first parachuting, he might not even have fun!

If Brigadier He knew that his precious Lin Kai had been taken away by him, he had to kill himself!

After thinking about it again and again, Long Xiaoyun decided that he wanted to jump with him, and they also had a caring for each other.

"Lin Kai, since you want to skydive, you can, I'll accompany you, put on headphones, and keep in touch at any time. If I ask you to open the umbrella, you open the umbrella, understand?" Long Xiaoyun asked with a serious face.

Lin Kai nodded heavily.

"Behind your back, there are two bracelets, which are the opening bracelets of the umbrella bag. If the umbrella bag cannot be opened, there is a spare umbrella bag. If the spare umbrella bag cannot be opened, then wait for death. Of course, it is rare that even the spare umbrella bag cannot be opened."

"After opening the umbrella bag, there will be a bracelet that controls the direction. You should understand this. I gave you a theory class."

Long Xiaoyun explained.

Lin Kai nodded and walked to the door of the plane. Looking at the sky below, his heart began to become tense.

Everyone also clenched their fists and stared at Lin Kai.

Can Lin Kai once again perform miracles in an unknown skydiving?

"Now listen to my instructions, one, two, three, jump!"

Long Xiaoyun snorted and jumped off the plane! Lin Kai followed closely and jumped off the plane!

Everyone in the Wolf Squadron watched, with admiration written on their faces!

After Zhang Zhuang saw this scene, a look of yearning appeared in his eyes. If he was not afraid of heights, that would be great.

After Lin Kai jumped down, he couldn't help but exclaimed. After leaving the plane, Lin Zhuan felt a feeling of weightlessness, but this feeling quickly disappeared, and replaced by a stimulus to the senses!

With nothing in the air, Lin Kai had almost no sense of security!

Regardless of Lin Kai's 300-point defense, he would fall into flesh when he fell from an altitude of 5,000 meters!

That's why Lin Kai is not nervous!

Moreover, Lin Kai's body was spinning in the air uncontrollably, unable to control it at all!

At this time, the earphones in Lin Kai's ears rang Long Xiaoyun's voice.

"Lin Kai! Control your arms, the center of gravity is down! Don't move! Otherwise your umbrella bag will not open!" Long Xiaoyun's voice echoed in Lin Kai's ear.
