Chapter 1611: As You Wish

Not to mention the young man with the flat head, even the surrounding audience naturally didn't believe that Lin Kai could really beat the young man with the flat head all at once.

Only one person at the scene believed that Lin Kai really had this ability.

Of course it was Yang Mengzi, but she had seen with her own eyes that Lin Kai helped her teach the bankrupt rich second generation who entangled her.

Especially, the bankrupt rich second generation came to her afterwards.

However, the bankrupt rich second generation did not come to trouble her, but begged her to let Lin go through.

Yang Mengzi also saw that the bankrupt rich second generation looked very miserable.

It happens once every half an hour every night.

Yang Mengzi thinks that the bankrupt rich second generation deserves it.

Originally, she wanted to contact Lin Kai to inquire about the specific situation, but the bankrupt rich second generation had a bad intention and wanted to use her to threaten Lin Kai.

As a result, the rich second generation who went bankrupt just had that kind of thought, and it happened again. This time, it happened directly and had to lie down in the ward for a year and a half.

At that time, Lin Kai had sensed it, and he returned to Yang Mengzi. It was originally for the rich second generation who had gone bankrupt to have attacks for half an hour every night for a week.

It was the bankrupt rich second generation who went to Yang Mengzi to beg for mercy on the third day, but before Yang Mengzi could ask Lin Kai, the bankrupt rich second generation felt bad again.

This can also be regarded as the bankrupt and rich second surrogate deserved it.

So Yang Mengzi was really real, and saw Lin Kai's magical and powerful methods.

So now, she heard Lin Kai say that, coupled with the young flat-headed man, so yelling.

Of course she couldn't understand the young man with a flat head, but what she was worried about was that she was really afraid that Lin Kai would be serious and it wouldn't be nice to beat him to death.

Although she also hoped that this kind of person would die sooner, the better, but it was not good for Lin Kai to kill Lin Kaizhen.

Therefore, Yang Mengzi walked to Lin Kai's side and quickly said to Lin Kai: "Lin Kai, if you really want to hit this person, you can use the least strength with the least strength. If you really want to kill and disability, it will be the one who suffers. you."

The young flat-headed man thought he had misheard, if it were not for the nearby audience, he would look at Yang Mengzi in amazement.

Obviously, everyone was surprised by Yang Mengzi's words.

It didn't seem that Yang Mengzi would say such a thing. Therefore, the young man with a flat head immediately sneered: "Dog man and woman! If your man can't beat me, he can't beat me. If your man says that kind of funny things, you also say the same thing that makes people laugh! With your man's body

Board, hurt me all at once? What an international joke!

What's more ridiculous is to let your men converge! I bother! It's really hard to talk more than one! I will let you man, use my best, I will not move! Waste is waste! "

The young man with a flat head naturally did not believe it. The surrounding audience, even though they hated the young man with a flat head, did not mean to admit that what the young man with a flat head said at this time was still so true.

This truth refers to the young man with the flat head standing there and letting Lin Kai fight with all his strength, it is estimated that the young man with the flat head cannot be affected.

As for the young flat-headed man, the surrounding audience could not agree with what else he said.

Just when everyone has their own ideas.

At this time, Lin Kai finally spoke again and said lightly: "I have never heard of someone asking me to hit him like this. You are the first one, then, just as you wish."

As soon as the words fell, everyone saw Lin Kai punch the young man with a flat head.

This fist, in the eyes of ordinary people, is very fast, and even only a few fist shadows are seen.

The young flat-headed man naturally didn't even have time to react.

Immediately after a few bone-breaking noises, under the young man's unbelievable gaze, and under his face that was instantly distorted due to pain, he was directly beaten by this fist and flew out.

It was as if he had been hit hard by some big iron hammer, and all the bones on his body were broken.

The young flat-headed man only felt that at that moment, he felt the smell of death, and the young flat-headed man's head was blank.

Then the young man with a flat head flew out and fell heavily to the ground.

Especially for the young man with a flat head, a slight collapse can be clearly seen in his chest.

With this fist, Lin Kai naturally condensed a lot of strength, otherwise, he could punch the young flat-headed man directly through the body with one fist. It's not like it is now, it just collapsed there.

However, it is not fatal there, and at most, he spent a year or a half in the hospital.

The surrounding audience, seeing Lin Kai, really beat the young flat-headed man to death.

Everyone was shocked, all shocked by Lin Kai's strength.

Except for Yang Mengzi, none of them thought that Lin Kai could really do this.

These audiences were also not sympathetic. The young man with the flat head had become like this now, completely the young man with the flat head asked for it.

They all wished that the young man with the flat head would die early and overtake him.

This kind of person lacks education, and is so clamoring that if he can live to this day, he is already the lucky young man with a flat head.

Yang Mengzi saw that the young flat-headed man had a very miserable appearance, and she reluctantly shook his head. She knew that Lin Kai would cause such damage even if he reduced his strength.

Therefore, Yang Mengzi couldn't help asking: "Lin Kai, this person shouldn't die, right? Although this kind of person is not easy to die, but death is in your hands, I am afraid that it will dirty your death." Hearing Yang Mengzi's words, Lin Kai smiled faintly: "You're right. Died on my hands. It really dirty my hands. So I just interrupted the bones of this person's body. At least it will take a year. Half a year, stay in the hospital honestly

Only then can it be cured reluctantly. "

The young flat-headed man lying half-dead on the ground was still conscious, but his whole body was full of pain. The young flat-headed man really regretted it. He never expected that he had kicked an existence that was even more iron than iron! Looking at Lin Kai, there is no such thing as the previous clamor, but now he is looking at Lin Kai with horror, as if

It's the inborn fear of mice seeing cats. In short, the young man with a flat head is really scared now, and he will not dare to speak like this any more in the future. It will be him who will be unlucky then.

Chapter 1612: People From Harm

"Boy! Nice job!"

The audience around him was still very worried at first, and Lin Kai meeting shot the young man with a flat head to death.

If it is really killed, it is really troublesome.

In fact, even if Lin Kai really beat the young flat-headed man to death, he would be fine.

Although the young man with the flat head insulted the soldier, he was not guilty of death.

But Lin Kai really wanted to kill the young man with a flat head, but there were thousands of reasons.

The reason why Lin Kai didn't kill him was not an indiscriminate killer.

This time, he also gave the young man with a flat head a lesson that he will never forget, and let the young man with a flat head understand that a soldier is insulting!

Therefore, these audience members were relieved when they heard that Lin Kai was only hurting the young man with a flat head.

Then these audiences all spoke again. "Little brother, don't worry, I have taken pictures of what this kind of person says with my mobile phone. We are all your witnesses, and I also posted a video that the person said on the Internet. So disgusting Guy, it deserves to be beaten!

This kind of person is doing harm to the people! "

"Yes! We will testify for you, you are doing harm to the people!"

These viewers were also worried that although Lin Kai did not kill the young man with a flat head, it would not be easy to do it if he was injured.

As a result, they all testified for Lin Kai.

Lin Kai smiled when he heard what the audience said. This is what the people want, not like the young man with a flat head, who is completely black sheep.

If this kind of person lives in a war-torn era, he must be the first to betray the country.

So this kind of person has been disgusted by the people since ancient times. At this moment, Lin Kai smiled and said: "There is also surveillance in the cinema, which can clearly record what is happening here, and there is no need to trouble everyone to stay here and testify for me. Anyone who should go, no it is necessary to waste everyone's time.

"

Hearing Lin Kai's words, the audience here admired Lin Kai even more.

But some people do have their own things after watching the movie.

Soon, some spectators left here, and some spectators stayed.

Lin Kai called the police on his own and told the local police.

The local police still knew about Lin Kai. After all, Lin Kai had been active in the East China Sea for so long, and the people above would also let the police here help Lin Kai. Naturally, he knew.

When Lin Kai told the local police about the world, one by one thought it was a good fight.

Not long after, the local police sent people and called an ambulance to take the young man with a flat head to the hospital for treatment.

As for the medical expenses, Lin Kai naturally gave it, and at the same time, he also made a simple note.

After finishing, Lin Kai took Yang Mengzi and headed to the East China Sea.

He sent Yang Mengzi to Baishantang first and then returned home.

After practicing for a whole night, he was going to continue practicing, and he felt that he could make another breakthrough.

I have to say that the extraction ability of double cultivation is still very useful.

It was Yin Suyan who had to go to the back of the western suburbs early because of the makeup of today's scene, which required a long time. That is, the location where the movie was shot.

Since we went early in the morning, the crew of the crew still couldn't go.

But Yin Suyan didn't dare to ride other cars, so he asked Lin Kai to help.

Naturally, Lin Kai didn't refuse. He happened to have to go there to take a look, so early in the morning, he sent Yin Suyan to the western suburbs of the city, behind the mountain range.

After the delivery, he stopped there for a while, and he came to the front of the mountain.

Li Shengxian called last night to let him see how the front of the mountain was constructed.

There are mountains and waters in the area below the front of the mountains, creating a perfect healthy city and various projects.

Now Lin Kai took a look and found that it has indeed begun to take shape. After a few months of construction, the overall situation will become more and more obvious.

At that time, coupled with the beautiful scenery here, it is definitely intoxicating and yearning.

After Lin Kai finished reading it, he was quite satisfied.

Li Shengxian was also there, explaining to Lin Kai what other plans are going on.

Li Shengxian was about to explain, the next place. Dong Shu called and she said, "Lin Kai, the time is set. It is the last public class in the morning. Can you come over before eleven o'clock? It's this class. You have acting skills. Old Professor Yang Deren does not have your electricity

Then let me ask you. "

Lin Kai immediately said, "Okay, I can make it."

He happened to be on the outskirts of the city west, very close to the medical school. Because the medical school is on the outskirts of Nanjiao City.

In fact, the medical school is closer to the East China Sea, so he can drive there for about half an hour.

It's only half past nine now, which is almost the same.

So Lin Kai then explained to Li Shengxian that he was going to the medical school to give lectures.

Li Shengxian was not surprised, but the chief engineer of this health city next to Li Shengxian was surprised when he heard that Lin Kai was still teaching at the medical school.

Especially when I heard that Lin Kai was invited by Professor Yang Deren. The chief engineer of the Health City said to Lin Kai excitedly, "Mr. Lin, you should be very good at the moment of Chinese medicine. Lets not hide from Mr. Lin, my daughter recently got a strange illness and went to many hospitals. There was no result. I also went

Baishantang, but the people at Baishantang recommended me a Mr. Lin Kai. I thought this Lin Kai was not President Lin, but now I heard that you were recommended by Professor Yang Deren to teach for the medical school. Only then did I understand that what Baishantang said was Lin Kai first, it was Mr. Lin you! So, President Lin, can I ask and help me see my daughter.

What is the strange disease. “

The chief engineer of this health city looked at Lin Kai with surprise, expectation and anxiety.

Lin Kai was astonished. He didn't think that Baishantang couldn't diagnose it. The daughter of the chief engineer of the Health City was ill and even recommended him.

This shows that Yang Deren has nothing to do. It seems that there are some problems.

Therefore, Lin Kai nodded and said: “Okay, after I give a lecture, I guess I will call you in the afternoon or evening to help your daughter take a look.”

The chief engineer of this healthy city was immediately overjoyed when he heard Lin Kai say this, and thanked him again and again. If it were to be another doctor, the chief engineer of this health city would still not believe it. But since he knew that the mountains on the west outskirts of the city had been solved by Lin Kai, he had restored his current state of beautiful scenery, and he trusted Lin Kai even more.

Chapter 1613: Became A Public Enemy

The chief engineer of this healthy city is called Qiao Daqiu. As the chief engineer of the development of this healthy city, he also knows that this mountain range has been circulated in the past, and this place is very ominous and evil.

Two years ago, Qiao Daqiu personally visited this mountain to find out. Of course, it was during the day, or with a group of people exploring there.

Although it was a big sun at the time, when I first reached that range, I could feel that the temperature had dropped suddenly.

And with the deepening of this mountain range, the temperature is dropping more and more severely, and it can even feel like being in the cold winter wind.

In fact, he hasn't gotten close to the mountain range yet, but it is close, a forest that is blocking the mountain range.

Their group originally went into the woods and then went to the mountains to take a look. As a result, something terrible happened. They seemed to be stared at by someone, and felt that someone was moving them from time to time.

That feeling was very terrifying and gloomy. Without going to the woods, a group of people were frightened and fled out like frightened birds.

Since then, Georda Qiu has not even dared to mention that place, it is indeed too weird.

If it hadn't been a few days ago, Li Shengxian had sent him a video, it was the video of this mountain range, and he would never take over the development of this healthy city.

In that video, the mountains are beautiful and beautiful, as well as the beauty of a fairyland. The gloomy scene when he went to explore there before was completely different from him.

One is in **** and the other is in heaven.

So Qiao Daqiu was very puzzled, why there, from a **** on earth, to a paradise.

Li Shengxian took a fancy to Qiao Daqiu's engineering design, which is the top level in the country, and he also served as an engineer for several important projects in the country.

As a result, Li Shengxian told Geoda Qiuming that there was indeed evil there, but it was solved by Lin Kaizhi.

Had it not been for Geordaqui to see it with his own eyes, the original gloomy appearance of the mountains would definitely not be believed.

So now, Qiao Daqiu admires Lin Kai very much, coupled with the fact that Baishantang recommended Lin Kai to him, and Yang Deren invited the medical school to give lectures, which made him trust Lin Kai's strength even more.

For Lin Kai, the reason for helping. On the one hand, Yang Deren couldn't diagnose it. It must be an intractable disease. He himself was quite curious.

On the other hand, Qiao Daqiu is the chief engineer here, so he can be regarded as his own, so he agreed.

After that, Lin Kai didn't stay here much, and Li Shengxian and Qiao Daqiu drove away immediately after leaving.

The road just here leads directly to Jiangyou Medical College.

Nearly 10:30 in the morning, Lin Kai came to the door of Jiangyou Medical College.

Dong Shu knew about Lin Kai. At this time, she went to the cafeteria and waited for Lin Kai to come.

Because the lecture will not start until eleven o'clock, it is better to eat something in advance.

Although Dong Shu is just a freshman in graduate school who just came to this school.

However, because of his beauty, he is still a bit famous among the younger students.

Especially in the female dormitory, many school girls have seen it. Suspected Dong Shu's boyfriend is very handsome and rich, which makes his reputation even bigger.

But it was just suspicion that the group of students thought they still had a chance.

So many people saw Dong Shu standing at the entrance of the canteen, seeming to be waiting for someone.

All of them are very curious.

This time is not about food. Those who go to eat at this time are usually small couples, or those who are about to confirm the relationship between men and women. Eating and chatting there.

Although this is not entirely true, it is generally true.

"Sister Dong, who is there waiting for? Is it possible that Senior Sister Dong really has a boyfriend, so I'm waiting for her boyfriend here?"

“What are you talking nonsense! How could Senior Sister Dong Shu have a boyfriend! I haven’t heard Brother Xu Kaiwei say that Senior Sister Dong Shu doesn’t have a boyfriend!”

“Really? How did I hear that when Senior Sister Dong Shu came on the first day yesterday, there was such a young handsome man who sent Senior Sister Dong Shu to the girls’ bedroom.”

“Yes, at this point, Xue Kaiwei Xu didn’t say much, who knows what’s going on.”

“Huh! It must be a relative of Senior Sister Dong Shu, I will pursue Senior Sister Dong Shu within six months, not three months!”

“Haha, just like you, let alone three months, I won’t be able to pursue it in a lifetime! Senior Sister Dong Shu will definitely be mine!”

The passing male classmates looked at Dong Shu at the door from time to time, and the discussion was intense there.

It can be seen that both men and women look at their faces.

Dong Shu was just like that on the first day of enrollment.

It didn’t take long for Dong Shu to see Lin Kai in the distance, walking slowly towards this side, she suddenly smiled and waved to the distance: “I’m here!”

“What? Do you really have a boyfriend?”

“Impossible! I don’t believe it!”

The group of male classmates passing by saw Dong Shu’s appearance in the next moment, and then saw Dong Shu waving at a handsome young man. One by one, they were all lost in a moment.

Just now they were still fantasizing that Dong Shu has no boyfriend, they still have a chance. Now I really see Dong Shu, who is making an appointment with a handsome young man in this cafeteria. It is likely that he is her boyfriend.

Of course, there are some who do not believe it, insisting that it must not be a boyfriend.

Lin Kai happened to pass by the group of male students. He shook his head a little funny when he heard what the group of male students said.

Soon he came to Dong Shu’s side and spoke to Dong Shu jokingly: “Unexpectedly, I will one day become the public enemy of male students on campus.”

Dong Shu rolled her eyes immediately and was a little jealous: “They didn’t know that you have a good relationship with Yin Suyan. If you know that you have a good relationship with Yin Suyan. Don’t talk about them, all the men in China will become you. Public enemy.”

Lin Kai shook his head helplessly, it seems that Lin Qianqian told Dong Shu.

The group of male classmates in the distance naturally didn’t hear Dong Shu’s words, because Dong Shu said it in a low voice. But seeing Dong Shu’s look towards Lin Kai, I was surprised.

“Why do I see Senior Sister Dong Shu, why am I still jealous? Is it my dizziness?”

“You are not dazzled! Senior Sister Dong Shu, really jealous in front of that person! If that person is me, that’s fine!”

Dong Shu became a little shy when he heard the group of people, and immediately took Lin Kai away and walked into the cafeteria. This is what Dong Shu and Lin Kai said before, go to the cafeteria to eat something to fill your stomach. At that time, you can go to lectures and the like.

Chapter 1614: Counterattack

The cafeteria of this school is very big, and it has all kinds of cuisines, as well as various snacks and desserts.

It was also the first time for Dong Shu to come to this cafeteria for dinner, and she was not very familiar with it.

So the two of them didn’t pay much attention to it, so they just came to a place where they can eat noodles, ordered two bowls of noodles, just sat there and started eating.

Just before eating a few times, there was a girl who was not dressed like a student at all, but more like a young lady in the dust, and suddenly walked to Dong Shu.

She said to Dong Shu strangely again: “Isn’t this our newly recognized goddess? Why? This is just the first day I came to our school, I hooked up with fresh meat, I have a lot of skill.”

This strange tone of Yin and Yang did not hide it at all.

Lin Kai couldn’t help but glanced at this yin and yang girl.

And Dong Shu also looked at the yin and yang girl, frowned slightly, and said indifferently: “Wang Jiali, do I have anything to do with you?”

In fact, Dong Shu and this Wang Jiali are not familiar with each other. Mainly because she was assigned to the dormitory last night, and some small conflicts occurred. The main reason is that this Wang Jiali is completely making trouble for no reason. She doesn’t wear headphones in the middle of the night, but blatantly put out the sound and watched the video. The other girls in the bedroom are probably afraid of this Wang Jiali. After all, Wang Jialis dress is just the kind of big sister.

It looks big.

Dong Shu has experienced the struggles of the Dong family and worked hard in the market for a while, how could she be afraid of this. Besides, because of Wang Jiali’s fault, the other girls in the dormitory dared not speak.

So Dong Shu stood up and stopped Wang Jiali’s very immoral behavior.

Therefore, there are some contradictions.

Dong Shu didn’t use any extreme language, but kindly asked Wang Jiali to wear them if she had earphones.

But then Wang Jiali is a bar, saying that she has no earphones, the earphones are broken, and so on.

Dong Shu said to Wang Jiali politely that if there is no earphone, her earphone can be loaned to her temporarily.

But Wang Jiali still said no, she was still watching the video with the loudest voice.

Dong Shu still said very politely, please ask Wang Jiali to keep her voice down, and don't disturb other roommates' rest.

As a result, Wang Jiali still refused to listen.

Dong Shu reprimanded Wang Jiali a few times. When Wang Jiali saw Dong Shu she seemed a little uncomfortable, and after a few replied, she didn't dare to stand up like Dong Shu, so she lowered her voice.

In fact, it's not a big deal, but this Wang Jiali is brooding. In addition, Dong Shu, as a new graduate student, became famous in school overnight, which made Wang Jiali jealous.

So when Wang Jiali saw Dong Shu eating here with a man, she couldn't help coming over for a weird meal. At this time, Wang Jiali continued to sneer: "Am I wrong? Those people really treat you as an innocent goddess. It's ridiculous! Now they come here secretly to date men! What the hell! You are not that you have a man! Friends

, And deceive those brothers and brothers, you are too bitch! "When Dong Shu heard Wang Jiali, she also said that she could hold back, and she said in a cold voice: "First, I am not talking about the pure goddess, but they are self-styled." I can't sew all their mouths, right? Second, who said I

Are you here secretly? I was at the entrance of the cafeteria and stood there for at least 20 minutes. Is this also called sneaking? Third, I am not here on a date. This one is not from our school, he is the old Professor Yang Deren, invited to give us a public lecture. Fourth, even if he is my boyfriend, it has nothing to do with you! There is fifth, but I listen

Say, your reputation in this school, all kinds of feelings that deceive younger brothers, are you too bitch?

If you don't believe it, you can find a classmate from the school to evaluate you. Take a look at your opinion, what is it like in this school? Excuse me, dare you? "

Dong Shu did not go through so much in vain. He was unceremonious, refuting Wang Jiali's words sentence by sentence, and finally came a fierce counterattack.

When Wang Jiali heard this, her face flushed, she was obviously full of anger, she looked at Dong Shu hard, and coldly snorted: "You obviously are pretending to be pure there! You still have a face to say me! You have no right to say me!"

Dong Shu sneered: "If I pretend or not, it has nothing to do with you. And you, indeed, have nothing to do with me, but you are related to many classmates in this school, and hurt many people. At least, I have nothing to do. One."

Wang Jiali is a famous socialite in this school. She constantly plays with other people's feelings. It can be said that she has hurt many students. Even use this kind of play to destroy the feelings of others.

The reason why Dong Shu knew this on the first day of enrollment was told by her roommate. After all, she had some conflicts with Wang Jiali last night.

In fact, a few roommates have long been uncomfortable with this Wang Jiali, just because Wang Jiali has a bad reputation in this school, but she also knows a lot of rich brothers, and she still dare not recognize it.

Besides, they are both seniors and are about to graduate. At this point in time, it is not good to offend this Wang Jiali.

As a result, even if Wang Jiali was there last night, playing the voice and playing the video, all of them dared not speak.

Fortunately, Dong Shu stopped, so the other roommates were very grateful to Dong Shu. At the same time, Dong Shu was also asked to be careful about this Wang Jiali, and told Dong Shu some information about Wang Jiali in this school.

Dong Shu naturally didn't care about anything, but she didn't expect that Wang Jiali would really hit her with her, and she was naturally fearless.

It was the quarrel between Dong Shu and Wang Jiali that attracted the attention of many students nearby. One is Dong Shu, who was one of the top five school flowers on the first day of enrollment, and the other is Wang Jiali, who is recognized by the school as having a bad reputation.

So I was very interested, watching this scene.

Wang Jiali didn't expect that Dong Shu, who seemed soft and weak, was really not afraid of her, and she said so harshly. Wang Jiali couldn't refute anything for a while. When she was thinking about how to refute, after her eyes fell on Lin Kai, she suddenly sneered and said: "What else did you say about the invitation of Professor Yang Deren? What a joke! So! young

How could it be invited by Professor Yang Deren to give lectures! You are so clear that in order to cover up the fact that he is your boyfriend, you deliberately made up! Besides, your boyfriend is really not good, he is a little handsome. But look, they are all cheap goods with free shipping. If I were looking for a boyfriend, I would never find this! What I am looking for, at least it is rich! "

Chapter 1615: Am I Afraid Of You?

Lin Kai hasn't spoken all the time, knowing that Dong Shu has the ability to deal with it.

He did not expect that this Wang Jiali could not say that Dong Shu would even shift the target to him.

What makes Lin Kai speechless is that Wang Jiali's values are the same as many gold-worshippers, and she always feels that the richer the better.

Lin Kai shook his head secretly. He was accustomed to seeing this, and he didn't pay any attention to it.

Dong Shu couldn't listen, someone said Lin Kai. Saying she can, but saying that Lin Kai just doesn't work! So Dong Shu was even more angry than before, so she stood up and looked at Wang Jiali, her voice was even more polite, and she said in a cold voice, "What's the matter with bargains? Who is like you, the whole values are distorted, don't think everyone All the same as you

!

Was he invited by Professor Yang Deren? Whether he wears cheap clothes or not has nothing to do with you! Don't be like a fly, noisy in my ears! Go away! "

Without giving any face, Dong Shu directly compared Wang Jiali to a fly and let her go. This made Wang Jiali shocked and angry. She looked at Dong Shu coldly and sneered: "I'm so angry. It's because I said it! Dong Shu, don't hide it anymore. It's just to find someone so poor. 'S boyfriend, can't live up to face,

Just brag about your boyfriend like that. Haha, do you think I am a fool, so I can easily be fooled by you? I kindly told you to change one quickly. For example, this week, my boyfriend who just dated a few days ago bought me an oversized diamond ring. Look, it costs five

Nine thousand nine hundred and ninety-nine yuan! "

As Wang Jiali said, she raised a hand with a diamond ring on her hand, and she spoke braggingly.

Dong Shu said lightly: "So what I said earlier was not wrong, who is it, don't you have any points in your heart?"

One sentence made Wang Jiali's face difficult to look again. Wang Jiali immediately said extremely angrily: "Apologize to me! Otherwise, you will die and look ugly! Don't even think about studying here in the future! I don't know what my current boyfriend is! Even though he is a freshman, But don't think about it

Have a good time here! "

Lin Kai couldn't listen anymore. Using this method to threaten others was what he hated the most. So, Lin Kai glanced at Wang Jiali and said, "Girl classmate, did you make a mistake? First of all, you came here by yourself and attacked Dong Shu with words. The first one is cheap, and the killer has no complaints. Have you heard this sentence? It's you

Why did the one who came to provoke Dong Shu now become like a victim?

And let Dong Shu apologize to you? Do you have a bad brain, or something? If you want to apologize, you must apologize to Dong Shu. "

Lin Kai wouldn't be used to this kind of person and just talk at will. When Wang Jiali heard Lin Kai say this, her face was so ugly that she couldn't refute it, but she was very angry and ashamed: "Okay, okay! You are really a couple of dogs and men, really think I am afraid of you? I will call me a man Friends come over and let you

They look good! Let you know what's the fate of offending me! "

After Wang Jiali finished speaking, she immediately called and asked her boyfriend to come over.

Before long, several people dressed in military training costumes hurried over. One of the boys with earrings and non-mainstream long hair looked at Lin Kai and Dong Shu with a blank expression, and then said coldly: "It's you guys bullying my girlfriend? I don't listen to the specific process. In short, I bullied my girlfriend,

Don't think about it! "

The few people following this non-mainstream long-haired boy also looked at Lin Kai, and said viciously: "The woman who dares to touch our boss, boy, whoever you are, you are dead!"

"Little Liang, any instructions!"

"Yes! Shao Liang, as long as you speak, we will go through fire and water!"

Those few people are obviously the younger brother of this non-mainstream long-haired boy named Liang Shao.

Looking at this non-mainstream long-haired boy, Lin Kai felt a little familiar, and could not help but said: "Are you surnamed Shao?" The non-mainstream long-haired boy suddenly sneered: "Oh, boy, do you know Ben? Young? If you know you, I advise you to obediently apologize to my girlfriend, and Ben Young can forgive you! If you don't know me, I will beat you up first!"

"The little brothers of these non-mainstream long-haired boys, when they heard Lin Kai's words, all looked happy. They saw the extraordinary long-haired non-mainstream boys, and they were also quite rich. , Have come to be this non-mainstream long-haired man

Baby brother.

Unexpectedly, in this school, there are really people who know this non-mainstream long-haired boy.

This non-mainstream long-haired boy is indeed named Shao and his name is Shao Youliang.

Wang Jiali also believes that the identity of her boyfriend must be extraordinary. Although she has only known each other for two days, her vision is still okay.

Therefore, Wang Jiali said to Shao Youliang: "A Liang, even if you know you, you can't let him go! He was just too damning! We must teach him a lesson!"

"Yes!" Shao Youliang nodded suddenly, and then he looked at Lin Kai fiercely, and said, "Apologize first! If you apologize, you will act lightly! Otherwise, you will wait to be carried into the hospital!"

In fact, there is no need for Shao Youliang to say more, Lin Kai also knows the identity of Shao Youliang, and he deserves to be a family.

Lin Kai couldn't help but said lightly to Shao Youliang: "The Shao family really gave birth to a good pair of sons. You have the style of your brother Shao Xin."

"Huh?" Shao Youliang was stunned for an instant. He did not expect that Lin Kai really knew his identity, but what did he mean?

Shao Youliang couldn't understand, but he still said viciously: "Boy, so you know who I am! I am indeed the young master of the Shao family! If you are acquainted, hurry up and give you one last minute, otherwise don't blame me for being ruthless. Up!"

When Wang Jiali heard Shao Youliang's words, she was overjoyed. She didn't know what Shao Youliang's identity was, as long as she had money. She just didn't expect that Shao Youliang's identity would be so

powerful. She naturally knew the Shao family because Wanxin Group belonged to the Shao family, but it was a very famous group in the nearby cities. In the whole province, it is also very

Famous.

She never dreamed that one day, the boyfriend she was looking for would be the rich second generation of this very famous group.

Wang Jiali almost fainted happily, she decided to herself that she identified Shao Youliang! As for this moment, Lin Kai glanced at Shao Youliang lightly and said, "Since I know your identity, would I be afraid of you?"

Chapter 1616: Stand At Attention

When he heard Lin Kai's words, Shao Youliang was stunned, and he thought of what Lin Kai said before, and his brother Shao Xin was in the same style.

Could it be said that this kid in front of him still knows his brother?

And very few people say their brother's name, usually calling his brother Xin Shao.

Those who call him by name are often his brother Shao Xin, whom he must respect.

But people who can be respected by his brother Shao Xin are generally those of the older generation or the big family.

But the boy in front of him seemed to be about the same age as him, and the clothes he was wearing were also cheap, and he didn't look like a big group or a big family.

As a result, Shao Youliang thought of this, his face gloomy again, thinking that Lin Kai just accidentally knew his brother's real name.

His brother Shao Xin has always called himself as Xin Shao to the outside world, and few people know his real name.

In Shao Youliang's view, this kid is just, accidentally knowing his brother's real name.

Therefore, Shao Youliang couldn't help but yelled at Lin Kai again: "Boy! Do you dare to threaten me? Don't think that you know my family, you are amazing! If you are really amazing, you won't appear in front of me like this! "

"Tsk tusk, your brother Shao Xin said something similar to me in the past, it's not that a family doesn't enter a house." Lin Kai shook his head speechlessly.

He did not expect that he would still meet Shao Xin's younger brother here.

Speaking of which, since the last time he and Shao Xin had a few conversations at that KTV, they have been more honest.

More importantly, Leiyuan Group seems to have given up and cooperated with Wanxin Group. Shao Xin believed that this Lin Kai was too wicked, maybe Lin Kai could really bring down the Leiyuan Group.

Therefore, Shao Xin did not visit the muddy waters of the East China Sea, and has already evacuated back from the East China Sea.

Lin Kai knew that Shao Xin and Lei Yuan Group had no cooperation, otherwise, with Shao Youliang's appearance, he would have taken action long ago and give a good lesson.

On the contrary, this Shao Youliang still looks very upset, constantly mentioning his brother Shao Xin's name. He continued to sneer: "You have the ability to mention my brother's name in front of my brother! Before me, you can count on what ability! I will only be more cruel than my brother, since you not only offend my brother, but also Offended me! I decided, even if you

Now I apologize, I can't spare you either, I'll scrap your arm first! "

Lin Kai's expression remained unchanged, but seeing Shao Youliang's appearance made him increasingly speechless. He felt that Shao Youliang was more arrogant than Shao Xin.

At least Shao Xin could understand the overall situation in the end. Lin Kai couldn't help standing up, shaking his head, and talking to Shao Youliang lightly, "Shao Xin, at least, won't yell like you. Although he still plays tricks behind his back, he still doesn't dare to do anything. Look. You look like this

, I should not bully others less often. Fortunately, I also help the Shao family. After re-education, the Shao family young master has to behave. "

Lin Kai's understatement made everyone around him stunned.

Especially Shao Youliang. After he was stunned, he looked very sullen and angrily said: "Just you? You are the Shao family to educate me? You are not worthy at all!"

Shao Youliang is really angry. He is the young master of the Shao family and the son of the chairman of Wanxin Group.

Even if you look at the whole province, it is very stellar, although it is not comparable to the top big family groups. But it is one of the most famous under the top big family group.

However, now, there is a young boy who seems to be a pauper who has said to educate him for the Shao family, which is completely insulting him!

Shao Youliang was naturally extremely angry. He must make this kid look good, knowing that he is definitely not easy to mess with!

In addition to making this kid look good, it also made other people understand that it is not a cat or a dog that can step on him!

Shao Youliang thought about this, and immediately shouted at the younger brothers behind him: "Come on! Give me all specials! See who educates whom!"

Along with Shao Youliang's roar, the younger brothers behind him, already gearing up, rushed towards Lin Kai with joy.

They are simply more obedient than dogs. Maybe they weren't so keen to help Shao Youliang beat people.

But now that I heard Shao Youliang's true identity, all of them seemed to be beaten in blood.

After all, Shao Youliang's identity is the one who is not bad for money. As long as you perform well in front of him, you will be appreciated by Shao Youliang, and that you can enjoy all the glory and wealth in this life.

As a result, these few brothers of Shao Youliang, after hearing Shao Youliang's words, rushed towards Lin Kai, and were the first to try to beat Lin Kai.

It is a pity that these Shao Youliang's younger brothers met Lin Kai.

How could Lin Kai let these ordinary people be hit? Not to mention hitting, he couldn't even get close to Lin Kai's body.

Under Lin Kai's random wave of his hand, the younger brothers of Shao Youliang fell to the ground instantly, as if they were bullying a few years old. The younger brothers of Shao Youliang didn't even have the strength to resist, so they fell heavily.

This caused the onlookers nearby to look at Lin Kai in surprise.

Shao Youliang is the same, a little confused. He took these little brothers, and he also liked the physical strength of a few people, who were stronger than ordinary people. In this way, you can frighten others, and then teach others.

Simply put, it is his thug. He didn't expect that the little brothers who had never been disadvantaged would be defeated so easily by Lin Kai. It was completely easy.

Dong Shu didn't have any surprises, she had already seen Lin Kai's methods. Compared to what I have seen before, this is nothing at all now.

When everyone was astonished, Lin Kai couldn't help but say to Shao Youliang, who was still in a state of confusion, "Stand up!"

Shao Youliang is a freshman in this school and started military training a few days ago.

Dong Shu is a graduate student and naturally does not need military training.

Therefore, Shao Youliang has been there for military training these days. I don't know how many times he has listened to the instructor's standing at attention, and then he has to stand at attention.

Although Shao Youliang didn't like to be trained like this, there was really no way he could do it. He had only come to this school for a few days, so it was impossible to directly violate the school's rules.

So in a few days, Shao Youliang, a young master who had been pampered since childhood, could not withstand such a toss, especially this sentence of standing attentively for a while, this sentence has become his nightmare these days.

In addition, Lin Kai himself is a special soldier and occasionally helped train new recruits before. Shao Youliang stood up to Lin Kai. After saying this seriously, he subconsciously started to stand at attention.

Chapter 1617: Who Educates Who

After Shao Youliang finished this stand-up gesture, he realized how he would listen to Lin Kai! He is not an instructor, so why did he stand upright!

Especially Shao Youliang, feeling the strange gaze around him, made him very embarrassed, his face flushed, and he wanted to find a seam and went straight in.

Shao Youliang suddenly became embarrassed and glared at Lin Kai, trying to curse Lin Kai. After all, he couldn't beat him, so he could only use cursing to relieve his anger.

Just before he could speak, Lin Kai took out a needle casually, and with a stroke, Shao Youliang's long hair was removed from the bar.

Lin Kai said lightly: "You have long hair. I look very upset. A man should look like a man. Since Shao Xin reined in the precipice in time, I will help him educate and educate you, which is a message to Shao Xin."

"you you"

Shao Youliang was so angry that he had forgotten Lin Kai's previous greatness and wanted to fight Lin Kai.

However, Lin Kai said indifferently: "Stand at attention!"

Because what Lin Kai shouted was too hoarse like an instructor, Shao Youliang stood up subconsciously again.

Lin Kai looked at Shao Youliang again, with a calm expression on his face, and said, "Are you quite rich? Only a few days after I met your girlfriend, I bought a diamond ring of 60,000 yuan." Hearing Lin Opening this sentence, Shao Youliang said very proudly: "Boy, since you know my Shao family's young master, of course he is rich! I am rich! So boy, you better stop offending me, lest I use money. Can kill you!

Money can really do whatever it wants! "

When Shao Youliang said this, he did not forget to speak to Lin Kai's threatening tone.

Lin Kai's mouth smiled: "Money can do whatever you want. Unfortunately, this is not your money, this is the money your family gives you. Are you not arrogant? Your arrogant confidence is that your family is rich.

So I have decided now. From now on, your monthly allowance will be the same as an ordinary person. Probably not more than 1,500 yuan a month. As for the car, don't think about it, so that you don't be so arrogant. "

Lin Kai wasn't really that boring, he went to educate Shao Youliang.

Mainly, the system gave him a task to educate Shao Youliang. Of course, the reward is the ability to extract silver.

The original plan was to slightly help Shao Xin to educate his brother.

Now that there is a systematic task, then thoroughly educate and Shao Youliang by the way. And when Shao Youliang heard Lin Kai say this, he instantly sneered: "Boy, do you have a pit in your head? My

family's money is naturally my money. Also, you are an outsider, how can you give me monthly pocket money? Only one thousand five hundred yuan, not yet

To the car, what international joke are you making! “

With that said, Shao Youliang looked at Lin Kai with an idiotic look.

The same goes for other onlookers, Shao Youliang's girlfriend Wang Jiali, Shao Youliang's younger brothers who have already stood up, and other classmates all think Lin Kai is stupid.

Only Dong Shu knew that although Lin Kai was indeed not from the Shao family, he had no relations with the Shao family.

However, the Shao family and the Wanxin Group of the Shao family were afraid of Lin Kai.

The most important thing is that Wanxin Group no longer cooperates with Leiyuan Group, which means that Wanxin Group will never offend Lin Kai.

No matter what, the Shao family will give Lin full face.

And Shao Xin was anxious to make friends with Lin Kai.

The reason why Shao Xin didn't cooperate with Leiyuan Group was that he heard some internal news, because these days, Leiyuan Group has been pressed and beaten by Lin Kai.

In addition, Shao Xin had personally seen Lin Kai's strength, and he believed that it was only a matter of time before Lin Kai destroyed the Leiyuan Group.

Especially the chairman of one of the largest groups in the provincial capital, a few days ago, he personally used a private jet to fly from the provincial capital to the East China Sea.

Shao Xin inquired that it was the chairman who personally apologized to Lin Kai.

On that day, Shao Xin officially decided not to cooperate with Leiyuan Group.

Because the one of the largest groups in the provincial capital is stronger than the Leiyuan Group, and even several times stronger than the Wanxin Group.

Shao Xin further confirmed that Lin Kai was so powerful that even one of the largest groups in the provincial capital was afraid of Lin Kai.

As a result, Lin Kai made a phone call to Shao Xin, and there was actually Shao Xin's call, which was when Shao Xin decided not to cooperate with Leiyuan Group a few days ago. Shao Xin found Lin Kai's contact information and told Lin Kai this.

At this moment, he had just beaten like this, and Shao Xin took it in seconds.

Today Wanxin Group is still the father of Shao Xin and Shao Youliang, and serves as chairman there.

However, their father is in poor health and is about to retire. In fact, the chairman of the Wanxin Group is already Shao Xin.

It is said that the eldest brother is like a father, and Shao Youliang is also very afraid of his brother.

At this time, Lin Kai didn't even start to say anything to Shao Xin. Shao Xin seemed very excited. He kept talking to Lin Kai, basically curious about why Lin Kai called, or what instructions.

Lin Kai ignored Shao Xin's words and only said one sentence: "I met your brother Shao Youliang at this Jiangyou Medical College."

When I heard Lin Kai's sentence, whether it was Shao Xin on the other end of the phone or Shao Youliang who was in front of Lin Kai, I was shocked.

The reason Shao Xin was shocked was because he was afraid that his younger brother, who was even more arrogant than him, might offend Lin Kai.

And Shao Youliang was taken aback, a little surprised, does this kid really know his brother? And listening to the tone, it seems that he is not even friends with his brother? what's the situation? Just when Shao Youliang was in doubt, Lin Kai continued: "Your brother Shao Youliang's girlfriend, first scolded my friend for no reason. Then your brother Shao Youliang asked me for trouble and said that he would use one of my hands. I'm naturally fine, I

Anyway, it's just boring, help you educate your brother. So next, don't give big money to your brother anymore. The pocket money is given according to the living expenses of ordinary people in college. It's 1,500 yuan a month, and nothing else is provided. Want to get more money, let him work and make money by himself...

"

Lin Kai said a few more words, then hung up.

Under Shao Youliang's incredible gaze, his cell phone rang instantly.

At first he thought that Lin Kai might be lying to him, after all, Lin Kai used that kind of command tone to direct his brother Shao Xin.

His brother Shao Xin is now the quasi-chairman of the Wanxin Group, and his identity is naturally different from the past.

But the boy in front of him, who was about his age, commanded Shao Xin in a commanding tone. This of course made Shao Youliang doubt whether Lin Kai made a fake call.

Chapter 1618: Dare Not Provoke

Until now, Shao Youliang heard his mobile phone ringing there, this is someone calling.

After Lin Kai just hung up the phone there, it was obvious that someone called from his cell phone.

Shao Youliang almost trembled his hands, went and took out his hand.

He still had a glimmer of hope, hoping that it wasn't his brother Shao Xin who would call, otherwise he would be finished.

Thinking about the days to come, he can only spend at most 1,500 yuan a month, and he feels that life is better than death.

Now his life, 150,000 yuan a month is not enough to spend, let alone 1,500 yuan. This gap is simply a huge difference.

So much so that Shao Youliang was shaking, and he dared not look at the screen on the phone.

But he still saw it from the corner of the eye, and his brother's name was displayed on the phone screen.

Therefore, Shao Youliang was desperate for an instant, so he could only bite the bullet, pick up the call, and then in a trembling tone, on the other side of the phone, he knowingly asked: "Brother...you... why are you free, call me?" Just listen to the next moment, Shao Xin yelled at Shao Youliang several times: "Shao Youliang! You have been making trouble for me all day long! Do you know who you offended today? This is brother! Don't talk about you, the whole thing. Shao family, even Lei Yuan Group can't mess with it

Started! Apologize to Kai Ge first! Fortunately, just reduce your pocket money. From now on, your pocket money will only be 1,500 yuan per month until you graduate from college! If you want to spend more money on your own, you just work to earn it! Did you hear that? Hang up immediately

Then, apologize to Kai Ge! "

Brother Kai?

Even his brother Shao Xin must call the boy in front of him and open his brother.

Shao Youliang was surprised by Shao Xin's words, especially when he heard that the entire Shao family and the Lei Yuan Group couldn't afford it! What a powerful character that should be!

Shao Youliang instantly realized that this time he really kicked an iron plate that was harder than an iron plate!

He didn't care about anything, and quickly lowered his head and said to Lin Kai: "Brother Kai! Sorry! I was offended before! How offended! What you taught! Your education! I will never do this again in the future."

"go away."

Lin Kai didn't even bother to look at Shao Youliang at this time, but now the system task was completed and he was given a decent silver extraction ability.

With the restriction of this money, this Shao Youliang would not dare to go presumptuous in this school in the future.

Shao Youliang was already very afraid of Lin Kai, afraid that Lin Kai would educate him again, and only gave him 1,500 yuan in pocket money, which was very serious. He didn't want to become more serious, so he rolled away quickly.

But Shao Youliang's girlfriend, Wang Jiali, didn't understand what had happened. To be precise, she didn't know that kid, how could He Dehe, make Shao Youliang so scared.

So Wang Jiali stopped Shao Youliang at once, and then asked Shao Youliang suspiciously: "A Liang, that kid didn't apologize to us, why did you apologize to that kid?" Shao Youliang glared at Wang Jiali for an

instant, and roared: " Blame you bitch! If it weren't for you, I wouldn't be like this! He's a brother! He's not a kid! Do you dare to offend him! Don't call me A Liang, I'm not a **** like you

Together! "

Shao Youliang is really playing with Wang Jiali's boyfriend and girlfriend, it's nothing more than fun.

So as he said, it seemed as if he had escaped immediately, and he left here quickly.

And Shao Youliang's younger brothers limped after Shao Youliang.

Lin Kai glanced faintly, and the stunned Wang Jiali said, "Do you want to be educated too? Don't get out of here!"

Wang Jiali came back to her senses in an instant, and she also wanted to understand that the person in front of her could not even be offended by the Shao family, how could she dare to offend! At the same time, she didn't dare to provoke Dong Shu, and she was very jealous of Dong Shu.

After Wang Jiali left quickly, the group of people watching also looked at Lin Kai in surprise. This group of onlookers didn't dare to just watch the excitement, but in fact they didn't quite understand, the leader said. All I know is that Lin Kai extinguished the arrogant guy and the famous Wang Jiali from the school and drove away.

.

These melon-eating people also left, while Lin Kai and Dong Shu continued to eat.

After eating, it was almost eleven o'clock.

Dong Shu took Lin Kai to the place of this public lecture.

Because Yang Deren also knew that Dong Shu and Lin Kai had a very good relationship, he asked Dong Shu to arrange for Lin Kai.

If they don't know each other, they will definitely send other students to lead Lin Kai there.

Ever since, Lin Kai followed Dong Shu to that place.

It is a large classroom that can accommodate three to four hundred people. This kind of large classroom is a place for famous teachers, old professors, and the like, to give lectures on public lectures.

But in the classroom at this time, there were some people sitting, among them Xu Kaiwei. Xu Kaiwei originally had no interest in any public class. He didn't need to listen to lectures from famous teachers and experts, and he didn't need to learn anything at all. He just mixes up a diploma casually, relying on the family relationship, the future success

Just, it's better than studying hard.

The reason why he came to this public class this time was because he knew that it was Lin Kai who came to give a lecture in this public class.

Xu Kaiwei not only regarded Lin Kai as his number one rival, but also resented Lin Kai very much. Thinking that it was Lin Kai, he kept losing face in front of Dong Shu.

At this time, Xu Kaiwei looked at the many boys in the classroom and said, "Did you understand? Wait a minute, when the kid comes, he will follow the plan I just said! "

The boys all smiled and nodded one by one, as a response Xu Kaiwei already knew. One of the boys smiled and said: "Brother Kaiwei, don't worry. We have charged you so much money for doing things. Of course, we put your plan directly in mind. Follow your plan. , So many of us, still dont believe me

Disabled that kid! "

Naturally, there are other female students in the classroom, and these female students did not participate. There was a female classmate who couldn't stand it anymore, and said to Xu Kaiwei: "Xu Kaiwei, it's not good for you. This time the teacher who taught us the public class was personally invited by Professor Yang Deren, who could be invited by Professor Yang Deren. It must be

Very level. Isn't it too much of you to do this? ""cut! That's because you don't know who the old Professor Yang Deren invited! That was a man who was about twenty years old and younger than me! What level can he have at such a young age! He was even invited by Professor Yang Deren. It must be that person's involvement! I just look upset! "Xu Kaiwei sneered.

Chapter 1619: Not Capable

When Xu Kaiwei said that, both male and female students were very surprised.

Someone younger than them was invited by Professor Yang Deren to teach them the course of Chinese medicine?

In an instant, I agreed with Xu Kaiwei's point of view, that is, the teacher who is going to talk about the open class this time must be related to the family and go through the back door. After all, those who can be invited to give public lectures are all famous teachers, professors and experts.

For those real famous teachers, professors and experts, being invited by the school side recognizes the identity of this famous teacher, professor and expert.

There are also differences between famous teachers, professors and experts. This medical school is a well-known medical school in China, and it can squeeze into the top few. Being recognized by it proves that it is also quite outstanding among a group of famous teachers, professors and experts. In this way, reputation will be improved.

If you still become a famous teacher, professor, and expert, and you are young, it means that you have talent in this area. There used to be a young professor in his early thirties who was invited to give a lecture.

But that young professor is indeed quite capable and is recognized by everyone.

The reason why everyone did not know this time, who was invited to give the public lecture, was because the school did not disclose it.

In fact, the school believed that Professor Yang Deren was fooling around and invited a young man in his twenties, but he still had no reputation. But on the school side, Professor Yang Deren is still stubborn.

The school side, because of face, did not disclose who the public lecture was. Otherwise, it would be embarrassing to come to listen to the lecture without a student in this classroom.

Although the person invited is not a famous teacher, professor or expert, nor a famous young man, but a young guy who emerged from nowhere, it is better than having no students attending public classes.

This is also the performance task of the school, no matter who it is, as long as there are students in to listen to the public lectures.

It was mainly Feng Jiayi, the dean of the medical school. I don't know yet. Old Professor Yang Deren invited Lin Kai to give a lecture to the students.

If you know it, let alone publicizing it in the college, it is estimated that all the teachers of the medical school will come to listen to Lin Kai's class.

He had already benefited a lot from listening to Lin Kai's 20 to 30 minutes class yesterday, and he has improved a bit in his medical skills.

He is about to retire after all, and now the deputy dean is basically taking care of it.

Therefore, the school side still didn't know much about Lin Kai.

It's this time.

The female classmates heard Xu Kaiwei's words, but they were a little silent. They felt that Xu Kaiwei's words were reasonable. They were younger than them and had no reputation. It seems that he should have gone through the back door and entrusted the relationship to improve his resume.

They hate this kind of thing. Xu Kaiwei, for example, has a great relationship. He has become the president of the student union, and he is rich, so those male students cooperate with him.

I often use the status of the president of the student union to dominate the college.

However, more female students still dislike Xu Kaiwei's method and still oppose it.

"Xu Kaiwei, even if this is the case, you can't do that. It's a big deal if you don't listen to this public class."
"Yeah, how can I say it was invited by Professor Yang Deren. Professor Yang Deren just named our college, but often runs on his own initiative. Come, give us a lecture, and benefit a lot. Everyone is regarded as a student of Professor Yang Deren,

Old Professor Deren is saving face, what's wrong? "Yes, after all, this is the first time Professor Yang Deren has invited someone over. Although the other party is very young and not famous, it is estimated that he has the talent and unique ideas in this area. Otherwise, the people before that begged Professor Yang Deren to give

Old Professor Yang Deren refused to give lectures with his own children. "

When the female classmates refuted Xu Kaiwei's bad behavior, some of them felt that the other party might be a little capable, otherwise they would not be invited by Professor Yang Deren himself.

Xu Kaiwei looked very ugly when he heard these female classmates' rebuttal. He knew that Lin Kai had some details, and he did have some skill. But he was angered a long time ago, and even more dizzy, he

must take care of this Lin Kai! As a result, Xu Kaiwei sneered: “You don’t understand that kid. I saw him once, and that kid is not capable at all! What happened to him! This kind of person is not worthy to come over to give a speech! In addition, you also stopped me... Hehe, no

Are you going to graduate soon? If anyone stops, I will use the right to card your diploma! “

When everyone heard Xu Kaiwei’s words, the unconcealed dangerous words were all chilling.

Xu Kaiwei is the president of the student union, and he can give a reason. If he is punished by the college two or three times, it is still very serious.

So one by one, those female students did not dare to say anything.

They didn’t leave either. After all, they had already entered the classroom of this public lecture, and they were about to start.

If you go this way, you won’t give face to Professor Yang Deren.

Basically, those who refuted Xu Kaiwei and had not left yet, they all gave face to Professor Yang Deren.

Old Professor Yang Deren had never invited anyone to give lectures in public lectures before.

I thought it was a great teacher, expert, or professor, but I didn’t expect it to be someone younger than them. But in order to take care of the face of Professor Yang Deren, he stayed.

Many of them have already started to play with their mobile phones. Anyway, the young teachers who come here must not learn much. It is even possible that they are not as professional yet.

At this moment, a male student quickly ran into the classroom. As he ran, he shouted out of breath: “Come on! Come! Brother Wei, I saw it, Dong Shu brought that Lin Kai over here! I’ll be here soon!”

When Xu Kaiwei heard the words, there was an expression of joy on his face, and then there was a trace of sullenness in his eyes, and he said: “Attention everyone! Coming soon! All are ready!”

At the same time, outside this classroom.

Dong Shu led Lin Kai to the classroom.

Dong Shu didn’t actually study Chinese medicine, but biotechnology research. Her Dong family’s industry recently studied the manufacture of medicines.

She didn’t intend to get involved in the Dong family dispute. She is now stable in the Dong family. In order to convince many of the Dong family to convince the public, she ran to study for postgraduate studies.

Although I learned this, it still matters more or less. Besides, it is Lin Kai who is speaking, and she also knows Lin Kai’s ability in this area. So Dong Shu naturally came to the class too. Anyway, it is an open class, whether you are a freshman, a senior or a graduate student, as long as you have time, you can come and listen to Lin Kai’s public lecture.

Chapter 1620: See Through

Just as Dong Shu was about to take Lin Kai into the classroom not far away, a male student hurried at the door. The male student said to Dong Shu, "Dong Shu, your tutor asked you to come over."

Dong Shu naturally didn't doubt anything, she was still thinking about listening to Lin Kai's speech, but the instructor was looking for her, presumably there must be something looking for her.

So Dong Shu immediately said to Lin Kai: "The classroom is right in front. I'll come here later."

"Row."

As Lin Kai said, he walked into the classroom directly in front of him.

And Dong Shu has already left here.

As soon as Lin Kai entered, he saw this large classroom that can accommodate three or four hundred people. Now that most of the students are sitting, he was a little surprised.

He has heard Dong Shu say that the school side, but there is no publicity, also said that the school side was very opposed to it at first.

If it were not for Professor Yang Deren's insistence, Lin Kai would definitely not let Lin Kailai give a speech.

Lin Kai shook his head secretly and had to say that Professor Yang Deren is indeed a good teacher and a true inheritor of this industry. In order to let more students learn well, he was invited to come here to speak against the students.

You know, Professor Yang Deren decided to invite him formally only the day before yesterday.

He was only in the hospital yesterday, showing his medical skills in front of Yang Deren, Cheng Lao and others.

These students who are sure to be able to come are basically here for the sake of Yang Deren.

Lin Kai stood at the door of this classroom, just thinking for a moment. Unexpectedly, Xu Kaiwei in the classroom thought that Lin Kai didn't want to come in, so he stood up and said to Lin Kai: "Lin Kai, didn't you tell me, would you beg me to listen to your class? Now! I want to see how you make me

, I beg you to listen. So come in and give a lecture! Don't waste everyone's time! "

Lin Kai glanced at Xu Kaiwei in surprise. He didn't think there was any problem in the first half of the passage. The second half of the passage was strange, so he urged him to lecture in such a hurry.

Moreover, when Xu Kaiwei has cared about other people's time like that.

The most important thing is that Lin Kai can detect that Xu Kaiwei seems very excited and a little nervous, as if expecting something to come.

In addition, the expressions of the other students in the classroom were different, which was more or less strange.

Lin Kai could guess that Xu Kaiwei must have some conspiracy.

He was naturally fearless and didn't say anything, so he walked straight to the podium.

However, when Lin Kai just stepped through the door of the classroom, Lin Kai caught a glimpse of it, and a smile appeared on Xu Kaiwei's face, as if mocking Lin Kai.

Lin Kai sneered secretly, he had just run his true energy, and he already understood something.

He had just arrived at the door of the classroom, and a male student sitting next to him instantly pulled a thin rope down.

I saw at the top of the classroom door, there was a plastic bucket containing a chemical potion. The chemical composition of the potion has not been processed, as long as one drop is contaminated, it can damage a little of the human skin. Not to mention that this bucket of potion with chemical ingredients, if it is really drenched on ordinary people, it is absolutely fatal.

The skin and body were injured very badly.

Those female students didn't know what was in the plastic bucket, otherwise, Xu Kaiwei would definitely not be allowed to use such a vicious method.

The reason why Xu Kaiwei let those male classmates cooperate with him was that even if Lin was injured seriously, it was everyone's responsibility.

This is Xu Kaiwei's real sinister place, holding Lin Kai as a useless person, he is not subject to any great punishment. At that time, just spend some money and give some medical expenses.

It is Xu Kaiwei's vicious idea and method to use money to clean up the forest, which not only solves this number one rival in love, but also solves his hatred.

Especially now, Xu Kaiwei saw the plastic bucket above the classroom door, which had already tilted down. Those potions with chemical ingredients swept down towards Lin Kai in an instant.

And Lin Kai didn't seem to react, as he was still standing in place.

This made the smile on Xu Kaiwei's face even stronger, as if he could see Lin Kai's very miserable appearance in the next moment.

As for the classmates in the classroom, men and women, all looked at Lin Kai at this moment.

Lin Kai was actually quite speechless. He thought Xu Kaiwei had any tricks. It turned out to be just such a trick.

He shook his head secretly, and took a step forward at will. The chemical potions that were about to spill down didn't get on him at all, and they all fell through.

Of course, if this is changed to an ordinary person, it is indeed overwhelming. Unless it is an ancient warrior, but the ancient warrior must at least be above the level of a martial artist in order to avoid the past perfectly, otherwise it will still be touched.

Especially, Lin Kai blinked again and quickly came to Xu Kaiwei.

All the students in the classroom looked at Lin Kai in surprise, not understanding how Lin Kai did it.

Moreover, Xu Kaiwei was still a certain distance from the door of the classroom, but they appeared in front of Xu Kaiwei as if seeing Lin Kaihua turned into an afterimage.

Everyone was even more surprised, thinking whether they were dazzled or something. Lin Kai ignored the reaction of the students in this classroom. Instead, he narrowed his eyes to Xu Kaiwei and said calmly, "Xu Kaiwei, use that kind of potion? Are you trying to kill people? Unexpectedly, a student did. Have such a vicious idea.

“

At this time, Xu Kaiwei was also shocked at how Lin Kai did it, right? But naturally he would not admit this, pretending to be an expression of nothing to do with me, and sneered: "Lin Kai, I know that you look at me upset, but I don't use this method to deal with you. There are so many students here, how do you know

I do it? “

Lin Kai's eyes narrowed slightly, and immediately he walked to the podium. Naturally, he would not let Xu Kaiwei go so easily, but it was not the time yet.

As for Xu Kaiwei, seeing Lin Kai going to the podium, he was instantly relieved. Fortunately, he was in collusion with many male classmates. Otherwise, what Lin Kai really wanted to pursue him would be really bad.

Although the first trap did not abolish Lin Kai, there are still others!

Thinking of this, Xu Kaiwei couldn't help but looked at a chair on the podium.

That chair is used by the teacher who is giving lectures to sit and rest.

In fact, Xu Kaiwei has done some tricks on this chair.

All the legs of this chair were not only broken, but also many tiny spikes were placed on the chair. The spikes were of the needle-like type, but they were not as long as the needles.

It's very tiny, you won't find it if you don't look closely. Normal people, who would look at the chair up close and see if there is anything on it.
