## **Chapter 1641: Coagulation Potential**

Chapter 1641 Condensation

The general manager of the five-star hotel looked at Lin Kai with very disdain.

He knew Lin Kai, and to be precise, he was the real boss behind the five-star hotel, that is, the chairman of the big group in the provincial capital.

Before this general manager came, the chairman of that big group had instructed him. When you come to the East China Sea, you must pay special attention to a group and a person.

The group is Leiyuan Group, and one person is Lin Kai.

The general manager of this five-star hotel of Leiyuan Group still understands well. Although it is in the provincial capital, I have also heard of Leiyuan Group in the East China Sea. It should be said that it is like a thunderbolt.

After all, in the past two months, the reputation of Leiyuan Group has also been rapidly increasing throughout the country.

Although the general manager of this five-star hotel is backed by a large group in the provincial capital, it is much stronger than the current Leiyuan Group. But in a few months, that's not necessarily true.

So the big group behind it, let him not offend Leiyuan Group, it is still very understandable.

The only thing that I can't understand, and even feels unthinkable, is why you still call him, and don't offend someone, the young man named Lin Kai.

Moreover, Lin Kai was taken out separately, and Lin Kai and Leiyuan Group were placed in the same position.

This shows what? It explained that the chairman of the large group behind him can compare the importance of Lin Kai with Leiyuan Group.

The general manager of this five-star hotel couldn't understand why he asked the chairman of that big group why he regarded Lin Kai so important. However, the chairman of the big group didn't, explain to him the specific reasons, in short, let him not offend Lin Kai.

Nowadays, the general manager of this five-star hotel is very disdainful of Lin Kai's pretending to understand. In my mind, how could this kind of people be compared with Leiyuan Group. Totally unworthy.

Let alone other people, even relatively speaking, they are more familiar with Lin Kai's Li Cheng family than others. Seeing Lin Kai's delay in writing, he shook his head for a while. He admits that Lin Kai is really strong in other areas, which can be said to be outrageous.

But in terms of calligraphy and painting, he had never heard of Lin meeting this. Therefore, I am still a little disappointed at Lin Kai who is forcibly pretending to understand.

Of course Lin Kai heard most of the cynicism at the scene, and noticed the disappointed look of Li Cheng's family. He didn't have a problem, he still maintained his current actions, and didn't write anything.

Everyone shook their heads speechlessly when they saw that Lin Kai was still like this. If it weren't for many people who knew Lin Kai's identity, they seemed to be close to the Li family. Li Chengjia, the head of the Li family, is here again, it is hard to say anything.

Otherwise, Lin Kai would have been asked one by one. Since he doesn't know how to calligraphy and painting, don't pretend to be so, lest he lose face even more in the end.

Zhang Guangchun alone was the only one who looked at Lin Kai in surprise. Especially now that he saw Lin Kai looking down at the blank paper, as if he was thinking.

This Guangchun finally couldn't help but exclaimed and said, "This...this, is this condensing momentum?"

"Condensation? What is Condensation?"

Hearing Zhang Guangchun's sudden exclamation, everyone at the scene looked at Zhang Guangchun in confusion, not understanding what Zhang Guangchun was talking about.

Zhang Guangchun suppressed the shock in his heart and explained: "Condensing momentum means cohesive aura. Of course, this aura does not refer to the aura of a person, but the aura of the calligraphy and painting. For example, it can be seen at a glance. Various styles, each of these styles belongs to a kind of momentum. Some are majestic and majestic, some are gentle and tactful.

This kind of cohesive momentum can only be seen in ancient calligraphy and painting masters. The realm of the ancient calligraphy and painting masters is our modern one, and there is no such thing. Even I reluctantly touched this state. It's just touched, and it won't condense. "

When Zhang Guangchun said this, he looked at Lin Kai again, this time he was finally sure that Lin Kai was gathering momentum.

In an instant, Zhang Guangchun turned to Lin Kai from his previous disdain to his current worship. If he hadn't watched so much at the scene, he couldn't help it, and he was so excited to worship Lin as a teacher! Being so young can gather momentum! This is simply a monster in the calligraphy and painting world!

When they heard Zhang Guangchun say this, everyone looked at Lin Kai in amazement, what momentum would Lin Kai really gather? Impossible, Zhang Guangchun is now in his seventies, and he has only touched that realm for nearly his entire life. But this Lin Kai is so young, how could he gather momentum.

Xue Guiyuan, Zhang Guangchun's disciple, naturally knows this cohesive momentum, and thinks Zhang Guangchun is old and confused.

No matter what the people thought, Lin Kai ignored it.

It didn't take long before Lin Kai finally started to write calligraphy and painting on the paper, under the eyes of everyone with different expressions.

I saw the brush in Lin Kai's hand, as if it were alive, very spiritual.

Swish, the fonts on the original snow-white paper are also alive, really like that idiom said, that is, it is on the paper.

Especially between the strokes, the outline seems to have a certain momentum, giving people a very amazing look.

Not only that, Lin Kai's chic and casual, painting and calligraphy on paper with a brush, is as simple and casual as drinking water and eating.

On this point alone, Zhang Guangchun is far less than Lin Kai. Not to mention, in terms of momentum, they couldn't match Lin Kai.

Even Zhang Guangchun is far inferior to Lin Kai. Needless to say, Xue Guiyuan, Zhang Guangchun's disciple.

Not to mention people who understand painting and calligraphy, seeing Lin Kai like this, those who don't understand painting and calligraphy, and seeing Lin Kai's casual painting and calligraphy, are all fascinated.

Li Cheng's family was quite disappointed with Lin Kai just now, but in the blink of an eye, Lin Kai's calligraphy and painting skills were even higher than Zhang Guangchun. Now, he admires Lin Kai even more, and admires him: "It really is Mr. Lin! Even the painting and calligraphy has reached the peak of the peak, I really admire it!"

Li Cheng's family had made up their minds and let Li Shengxian be the next Patriarch. Not to mention other reasons, the fact that Li Shengxian and Lin Kai are brothers is a sufficient reason!

With Lin Kai-zai, then the Li family naturally follows the fragrant and spicy food. The investment project in the suburbs of the west of the city will be the best proof!

Everyone felt amazing, especially when they all looked at Zhang Guangchun.

I saw Zhang Guangchun and looked at the fonts on Lin Kai's calligraphy and painting, and he looked mesmerized, as if he had seen some peerless treasure.

There is no need for Zhang Guangchun to say anything. When you see Zhang Guangchun's current appearance, you already know it. Lin Kai's calligraphy and painting must be very powerful!

## **Chapter 1642: Scramble**

### Chapter 1642

At this moment, Zhang Guangchun saw that Lin Kai finally finished his writing. He looked at Lin Kai and said sincerely: "Mr. Lin, I was a little offended before. I hope Mr. Lin will forgive me. It is my dog's eyes that look down on people. Mr. Lin is really big Its only! Such condensed calligraphy and calligraphy are rare in my life! Only the top masters of ancient calligraphy and calligraphy can be compared with it!"

Everyone was shocked and never expected that Zhang Guangchun would compare Lin Kai's calligraphy and calligraphy with the top masters of ancient calligraphy and painting.

Zhang Guangchun is one of the top calligraphy and painting masters in China, and other calligraphy and painting masters are of the same level as Zhang Guangchun.

This also means that Zhang Guangchun is the most authoritative certification.

Moreover, Zhang Guangchun said about himself that way, which is enough to prove how powerful this calligraphy and painting by Lin Kai really is.

Needless to say, Zhang Guangchun, just to see Lin Kai's paintings and calligraphy, I found it to be surprisingly amazing. Those who don't understand calligraphy and painting can clearly see it.

At this time, Li Chengjia smiled and said: "No wonder Mr. Lin would say that Xue Guiyuan's paintings and calligraphy are nothing, and they are worthless. Compared with Mr. Lin's paintings and calligraphy, it is indeed the case!"

When other people heard Li Chengjia say this, they all nodded. In such a comparison, Xue Guiyuan's paintings and calligraphy are indeed a batch of rubbish.

Xue Guiyuan's expression became more and more embarrassed. He didn't expect that Lin Kai's calligraphy and painting were not only very powerful, but even surpassed his master.

He was very sad and indignant. Is this kid too deceptive? He obviously knows calligraphy and painting, so why should he target him?

Xue Guiyuan was very angry. If it weren't for the people here, he couldn't help but take a shot to give this kid a severe lesson. Isn't it just good at painting and calligraphy? At that time, give this kid a little color and see! Just get rid of your hands, and then it's up to you to write by hand!

Xue Guiyuan thought viciously in his heart, he must find some time in the future to put this kid out!

Everyone did not know Xue Guiyuan's vicious thoughts at this time.

At this time, Li Cheng's family laughed at Lin Kai and said, "Mr. Lin, you can sell this painting and calligraphy of yours to me. If it opens in the suburbs of the west of the city, I will take your calligraphy and painting and find a good place to hang it. Now."

Zhang Guangchun was immediately unhappy, and he began to scramble: "President Li, you are wrong. Don't play any emotional cards, the price will get, or you will withdraw from the competition, I will give you a painting and calligraphy for you as a gift. The premise is that you withdraw from this competition."

Zhang Guangchun also knew that Li Cheng's family and Lin Kai had gone very close, for fear that Lin had a meeting without hesitation and sold this calligraphy to Li Cheng's family.

Li Chengjia suddenly sneered: "Master Zhang Guangchun, you just joked. I didn't play any emotional cards. I admit that Mr. Lin and my son Li Shengxian are good brothers, but Mr. Lin is the person I respect the most. Play the emotional card and sell it to me. So, the one with the highest price will get the one with the price."

In fact, Li Chengjia said that because he wanted to play the emotional card. No matter what, before Lin Kai responded, Zhang Guangchun directly broke it. So now, I have to use what Zhang Guangchun said, the higher the price.

The general manager of the five-star hotel was also very excited. It is no wonder that the chairman of the big group behind him should never offend Lin Kai. It turned out that Lin Kai even reached the pinnacle of painting and calligraphy.

Since then, the general manager of this five-star hotel also started to bid and said: "Mr. Lin, sell it to me! I will definitely put your paintings and calligraphy in the lobby of the hotel. The most conspicuous place! Let the world come here. All guests can see your work!"

Patriarchs of several other top families in the East China Sea, as well as the chairman of the group, also began to compete for Lin Kai's calligraphy and painting.

This made everyone on the scene stunned.

Never imagined how long it took to have such a reversal.

When Lin Kai saw the crowd competing for the calligraphy and painting he wrote, he shook his head slightly and said with a smile: "I put this calligraphy and calligraphy here. You can solve it by yourself. Of course, if the bid is true, the highest bidder will be the price. You don't have to give it to me, just donate it to the children in the mountains."

After Lin Kai finished speaking, his eyes fell on the gloomy Xue Guiyuan, and he said: "Xue Guiyuan, do you want to learn my painting and calligraphy skills? If you want, you can go outside with me and I will give you a little guidance. Mainly Yes, you are also from Donghai, with the idea of helping, just the idea of helping."

Of course, Lin Kai only talked about it superficially. For people like Xue Guiyuan, he naturally would not teach. If Xue Guiyuan didn't do anything bad, and if his character was good, he would indeed teach.

Just like the group of students in the medical school, they are not taught solely for the task.

Xue Guiyuan was originally very angry at Lin Kai, but now he was stunned when he heard Lin Kai say this, and then he couldn't help but said to Lin Kai, "Mr. Lin, is it really me?"

Lin Kai responded immediately: "Yes."

As soon as these words fell, the others at the scene were very envious of Xue Guiyuan. Unexpectedly, Lin had a meeting to give guidance to Xue Guiyuan. Even Zhang Guangchun was very envious of Xue Guiyuan and asked Xue Guiyuan to answer quickly.

Naturally, Xue Guiyuan would not let it go. For such a good opportunity, he quickly said excitedly: "Okay! Mr. Lin, I will go with you!"

Xue Guiyuan wouldn't doubt anything, he was thinking in his heart that he had to learn Lin Kai's skills, or he had to find a chance to get rid of Lin Kai's hands.

Even when appropriate, Lin Kai will completely disappear from this world.

In this case, he is the only one in the world. With such skills, he will become the only and highest-level calligraphy and painting master in the world! At that time, a lot of money can come from lying down!

Xue Guiyuan still didn't dare to show it more. After he learned Lin Kai's skills, he tried to find a way to solve Lin Kai.

Lin Kai learned of Xue Guiyuan's current inner thoughts by extracting his power, and immediately sneered to himself. This Xue Guiyuan who thought in his heart was the real him.

Moreover, Xue Guiyuan's inner thoughts really dare to do that. This is the most terrifying thing.

Lin Kai's expression remained unchanged, and he started to walk outside the hotel.

And Xue Guiyuan followed Lin Kai under the envy of everyone.

Xue Guiyuan thought that Lin Shanxi would tell him about the calligraphy and painting skills outside the hotel.

Unexpectedly, Lin drove into the car.

Xue Guiyuan didn't understand a bit, so he followed in the car.

What Xue Guiyuan didn't understand was that Lin Kai even started the car and drove out of the hotel, without knowing where to go.

He is not easy to ask Lin Kai, so he can only look at it patiently with doubts, where Lin Kai is going.

### **Chapter 1643: All Thoughts**

#### Chapter 1643

Although Xue Guiyuan wanted to ask where Lin Kai would take him, but this was outside the hotel, and he hadn't driven for a few minutes. It is not good for him to ask anything, so as not to make Lin Kai unhappy, it would be bad if he didn't teach him painting and calligraphy skills.

His plan tonight was destroyed by Lin Kaizhi. If you didn't learn Lin Kai and teach him painting and calligraphy skills, you would be very deprived.

He didn't know why Lin Kai taught it to him, thinking it was for the face of his master Zhang Guangchun.

Even though Lin Kai's level of calligraphy and painting is higher than his master Zhang Guangchun, he is still too young and thinks that he is inferior to his master Zhang Guangchun in terms of connections and qualifications.

After all, in the calligraphy and painting world, high level is one aspect. In fact, the more important thing is the connections and qualifications.

For example, Xue Guiyuan made the opportunity tonight to use himself as a disciple of Zhang Guangchun. This identity is his qualifications, and he is destined to become the target of those wealthy businessmen.

Then show his paintings and calligraphy, as long as it is not too bad, then those who want to curry favor with his master Zhang Guangchun will continue to praise how good the paintings are.

In this way, those people on the scene will spread the matter out.

Xue Guiyuan will also use some means to completely spread the matter.

Then Zhang Guangchun's contacts will play a role, and the real big people Zhang Guangchun has made know that there will be such a talented disciple under his school.

At that time, the status, reputation, etc., will naturally rise quickly.

In other words, the most important thing in this painting and calligraphy world is not the level. If you want to quickly increase your worth, then you have to recommend it through this kind of well-connected and qualified person.

Xue Guiyuan believed that Lin Kai stepped on his head tonight, it should be to show his calligraphy and painting skills.

However, in order to avoid embarrassing his master Zhang Guangchun, and also to curry favor with his master Zhang Guangchun, it was said that he was taught some painting and calligraphy skills to ease the relationship.

In other words, his master Zhang Guangchun is one of the top calligraphy and painting masters in China, and he has been famous for a long time.

In the future, with the introduction of his master Zhang Guangchun, he will definitely become famous quickly and become a master in the industry.

Of course, Xue Guiyuan didn't want Lin Kai to do this.

Thinking of waiting for Lin Kai to teach him skills, and then let Lin Kai disappear from this world as soon as possible.

Because he didn't allow him, there is a master of calligraphy and painting younger than him in this world.

This is not conducive to his later fame, we must solve all obstacles in front of him!

If it weren't for the next period of time, it would have to rely on Zhang Guangchun's contacts, Xue Guiyuan would have been thinking about harming Zhang Guangchun.

Xue Guiyuan is like a poisonous snake. As long as his own interests can be maximized, he will not hesitate to do whatever it takes to kill him.

Xue Guiyuan was still thinking about \*\*\*\* Lin Kai afterwards.

But now he saw that the car had been driving for almost half an hour and was far away from the hotel. He didn't understand why Lin Kai had to continue driving.

It seemed to him that he left the hotel because he was afraid that other people would hear about the calligraphy and painting skills, so that he could tell him alone.

But now he is far from the scope of the hotel, why he is still driving the car, and I don't know where he is going.

Xue Guiyuan finally couldn't help asking Lin Kai, and said, "Mr. Lin, this is out of the hotel's area. Where are you going?"

No matter how deep his city was, he couldn't help asking at this time.

Lin Kai responded indifferently: "Go to a quiet place. You should be very familiar with it, so don't worry about it."

"Oh? Quiet? A place I know very well?"

Xue Guiyuan was stunned. He did often go to that kind of quiet coffee shop. Could it be that he went there to talk?

It's just that the cafe he often goes to has already passed.

Besides, how does Lin Kai know what he is familiar with?

Could it be that Lin Kai had already investigated before this.

Xue Guiyuan naturally became suspicious, and with his caution, he was very suspicious. But on second thoughts, it was indeed the first time he and Lin Kai met, let alone any enmity.

He thought about it a little, maybe Lin Kai had actually investigated him before that. To be precise, Lin Kai stepped on his head and showed his calligraphy and painting skills when the hotel opened. This is of course, you have to investigate him in advance.

In this case, it made sense, Lin Kai knew what he knew very well.

But the only problem now is that he is very familiar with several places in the East China Sea, and he doesn't know where Lin Kai is going.

Xue Guiyuan was thinking about it. Lin Kai glanced at Xue Guiyuan faintly at this time, and said, "I was at the hotel and said that your paintings and calligraphy were worthless. Are there any dissatisfactions in your heart? Or, do you disagree with me? "

If this sentence is something else, including his master Zhang Guangchun. Say him like this, he will more or less refute it.

But now, Xue Guiyuan doesn't dare to provoke Lin Kai what he doesn't like. He has to learn some painting and calligraphy skills from Lin Kai.

If the skill level of calligraphy and painting can be improved quickly, the future achievements will be even higher.

Previously, Xue Guiyuan had set his sights on the same level as Zhang Guangchun, hoping to be on the same level as Zhang Guangchun.

But now that Lin Kai's calligraphy and painting skills are far more advanced than Zhang Guangchun.

This means that Lin Kai's calligraphy and painting level is already the first in China.

Therefore, Xue Guiyuan's long-term vision has been to become the first recognized master of calligraphy and painting in China, and even the world's first!

As a result, Lin Kai's calligraphy and painting skills are the key.

Therefore, even if Xue Guiyuan felt dissatisfied with Lin Kai, he did not dare to show it at this time. Instead, he pretended to be quite admired and said to Lin Kai: "Mr. Lin joked, your calligraphy and painting skills show The moment I came out, I was convinced.

At this level of painting and calligraphy, when Mr. Lin dared to be second, no one dared to be the first! How could it be possible that there is something wrong with him, but he respects Mr. Lin very much! It is my greatest honor to get the painting and calligraphy skills taught by Mr. Lin himself! "

When Xue Guiyuan said that, he did not forget to praise Lin Kai and emphasized that Lin Kai would teach him painting and calligraphy skills, for fear that Lin Kai would not teach him painting and calligraphy skills.

How could Lin Kai not see Xue Guiyuan's thoughts?

The reason why Lin Kai asked Xue Guiyuan that way just now, he naturally had his own mind, and that was to interrupt Xue Guiyuan's thinking.

Xue Guiyuan's city mansion is so deep, he must be very suspicious.

In order not to let Xue Guiyuan continue to think about it, he changed the subject.

So at this time, Lin Kai smiled and said: "In fact, I'm sorry, it's not that your paintings and calligraphy are really worthless, at least copying is still very good."

## **Chapter 1644: To The Place**

Chapter 1644

Lin Kai said this to paralyze Xue Guiyuan because he knew what Xue Guiyuan thought.

According to Xue Guiyuan's idea, he wanted to court Zhang Guangchun, so he investigated in advance.

This is also ok, let Xue Guiyuan confirm what he thought.

Sure enough, at this moment, Xue Guiyuan heard Lin Kai say this and thought his guess was correct. This Lin Kai was indeed trying to curry favor with his master Zhang Guangchun, so he stepped on his head earlier, it was to be more popular, and he was worthless.

Xue Guiyuan was still confident, he was copying this piece, and he was still very powerful.

Seeing that Lin Kai said this now, of course he had to brag about himself again, so that Lin Kai could start to value him and teach him better painting and calligraphy skills.

As a result, Xue Guiyuan couldn't help but looked a little proud, and said, "Mr. Lin is really a pair of eyes. Although my calligraphy and painting skills are not so good, I am still very talented in copying this piece.

No matter what handwriting or painting or the like, just show me a few times and I can copy it perfectly. If you are not very familiar with the original, you will definitely not be able to recognize which one is true and which one is false. "

“Oh?” Lin Kai asked when he heard this, “Really? If you have such a talent, it is really amazing. Copy whatever you want, paper money should be able to copy it too. If it can be copied, it is really a genius in this area.”

There was a slight cold sweat on Xue Guiyuan’s forehead, and he was shocked, but on the surface, he still pretended to be silent. Then he laughed a few times: “Mr. Lin, you are joking again. Even if this kind of thing can be copied, it is impossible to copy this. The reason, I shouldn’t need to say.”

Xue Guiyuan thought that Lin Kai did not intend to say this.

In fact, Lin Kai said this deliberately, making Xue Guiyuan’s nerves tense again.

After Lin Kai heard what Xue Guiyuan said, he didn’t say much, but continued to drive the car.

Xue Guiyuan was frightened by Lin Kai’s words. Although he thought that Lin Kai had said this unintentionally, it touched the most sinful side of his heart.

If it really leaks out, then he must be finished. So Xue Guiyuan also shut up at this moment.

In this way, the atmosphere in the car instantly became quiet.

Another half an hour passed.

Xue Guiyuan saw Lin Kai still driving there, and now he has driven to a suburb of Donghai. This suburb is actually a suburb of the west of the city.

Before Lin Kai solved the evil spirits in the western suburbs of the city, basically no one passed by, even during the day.

It can be said that here is more suburban than the suburbs.

Although Lin Kai has solved the evil here now, he knows that there are not many things here and they haven’t made it public. The business circle in the East China Sea knows that there seems to be no problem in the suburbs of the west of the city. Anyway, Li Shengxian of the Li family is investing heavily in the construction of tourist attractions, healthy cities and the like.

Even so, few people pass by here. Usually, the construction workers here, as well as all the crew members, come in and out here.

So Xue Guiyuan still didn’t know that there were already some people coming and going in the suburbs of the west of the city. He didn’t even expect that Lin Meeting would bring him here.

More importantly, he thought he would never use this place for the rest of his life.

Xue Guiyuan was actually very nervous inside. He still pretended to be calm, and said to Lin Kai: “Mr. Lin, is it possible to go to Nanjiao City? Although the road section here is closer to Nanjiao City, but here The road section is not very good, especially when driving at night, even more so.”

It seems to be saying this, but in fact I want to ask where Lin Kai is going, but he is also smart and didn’t say clearly.

Lin Kai couldn't help but glance at Xue Guiyuan. Even though Xue Guiyuan tried to restrain himself from being calm, he could still see that he was very nervous on the surface.

Lin Kai couldn't help but smiled and asked Xue Guiyuan, and said, "Don't go to the southern suburbs."

"Well, where do you go?" Xue Guiyuan became more nervous.

But before Lin Kai could respond, Xue Guiyuan took out his mobile phone and said immediately: "Mr. Lin, I just received a text message. There are some things on my master's side for me to deal with, very urgent things, let me go back now. You also know that one day as a teacher and a lifelong as a father, so I can't help but listen to my master's orders.

So Mr. Lin, can you send me to a place with residential buildings now? When I get there, I'll take a taxi by myself, so I won't bother you. After all, you know this place, those taxi drivers will not come here. I dare not come during the day, let alone at night.

As for teaching my calligraphy and painting skills, this time I am very sorry that I did not get Mr. Lin's skills. If there is a chance in the future, Mr. Lin hopes to teach me the skills of painting and calligraphy. Thank you very much, Mr. Lin. "

Xue Guiyuan said quickly.

Lin Kai smiled and responded: "Xue Guiyuan, what are you nervous about? I'm not doing anything. Besides, I'll wait for me to call your master and ask your master to wait. After I finish teaching some skills, you can."

There was finally a panic on Xue Guiyuan's face. This was always a panic, no matter how he concealed it, he couldn't conceal the panic. While clutching the doorknob of the car door, he said anxiously: "Mr. Lin! This matter is really anxious. I'm going to be late, I'm definitely going to be expelled from the division, so you have to be considerate!

If Mr. Lin doesn't want to go back, please trouble Mr. Lin to stop the car. I first walk to a place where I can take a taxi, and then take a taxi! "

Lin Kai continued to smile and said, "No need, because the place you are familiar with has already arrived."

As soon as Lin Kai spoke, Xue Guiyuan couldn't help but look ahead, and saw a dilapidated old house among the wild grass.

This dilapidated old house should be the old house of the villagers back then, and they all moved out afterwards. This place was also moved and became very deserted.

But two years ago, a murder occurred in this deserted place. That is, Xue Guiyuan tricked Yang Muxue into this place, and then killed him.

After the killing, Yang Muxue's body was secretly transferred to the school classroom, deliberately creating a suicide appearance.

Xue Guiyuan planned this a long time ago, so he could not be found.

However, Skynet was slender and not leaking, and Lin Kai knew it, so it was natural for Xue Guiyuan to pay the corresponding price.

So now, when Xue Guiyuan saw Lin Kai's dilapidated old house, his eyes widened, and the expression on his face changed from panic to panic.

### **Chapter 1645: Play Pen Fairy**

#### Chapter 1645

Xue Guiyuan's head is dumbfounded, how did Lin Kai know?

In this matter, he was very confident and managed to cross the sea with a concealment, so for two years, he had lived a normal life in the East China Sea, and it was no different from before.

It can be said that no one in this world knows that he has done such a thing.

Xue Guiyuan didn't have time to think about it, because Lin Kai stopped the car in front of this dilapidated old house and unlocked the car.

Although Lin Kai didn't understand, why did Lin Kai unlock the car, thinking that Lin Kai opened it subconsciously, he was overjoyed and quickly opened the car door.

He wanted to escape far away, far away from this Lin Kai!

He didn't believe Lin Kai had any evidence, so as long as he stayed away from Lin Kai now, then he would be safe.

Mainly, he thinks he can't beat Lin Kai.

After all, Lin Kai is so young and taller than him. The young man is also better than him in figure, plus he doesn't wear cold weapons like daggers. As a result, Xue Guiyuan did not dare to attack Lin Kai.

Otherwise, if Lin Kai said that just now, he would have directly attacked Lin Kai and killed Lin Kai directly.

So now, as soon as Xue Guiyuan opened the car door, he quickly ran up without hesitation, trying to stay away from Lin Kai.

But how could Lin Kai let Xue Guiyuan escape like this.

Lin Kai caught up with Xue Guiyuan in casual steps, then kicked Xue Guiyuan at will, and kicked Xue Guiyuan badly, lying there like a dead dog, barking painfully.

Lin Kai dragged Xue Guiyuan into this dilapidated old house.

"Lin Kai! What are you doing! I'm going to call the police!"

"Lin Kai! Let me go! Are you trying to commit a crime?"

Xue Guiyuan screamed there while yelling to Lin Kai constantly.

He still had illusions there, thinking that Lin Kai didn't know about him.

It is a pity that Lin Kai knew that Xue Guiyuan had and what happened here, he would naturally not let Xue Guiyuan go.

Of course, he will not solve Xue Guiyuan, as the saying goes.

So Lin Kai dragged Xue Guiyuan into the dilapidated old house at this time.

He put Xue Guiyuan aside, and then took out a small backpack of Xue Guiyuan, which contained the pen, ink, paper and inkstone that Xue Guiyuan usually brought.

After all, Xue Guiyuan is now Zhang Guangchun's disciple. Zhang Guangchun is one of the top calligraphy and painting masters in China. He naturally has to pretend to carry these pen, ink, paper and inkstone at all times.

At this time, Lin Kai took out the paper and pen in Xue Guiyuan's small backpack.

Because this dilapidated old house is very dilapidated, half of the roof is long gone. In addition to the moon tonight, it is still good, with the moonlight falling down, you can still see clearly.

Lin Kai began to write something on the white paper with a brush, and then put the white paper on the wooden table between him and Xue Guiyuan.

The wooden table is in tatters and very dirty, but it does not prevent it from being easy to use.

Lin Kai took the writing brush in his hand and shook it in front of Xue Guiyuan's eyes, and laughed very casually: "Xue Guiyuan, do you know how to play with the pen fairy? This is still your writing brush. This place is also suitable for playing with the pen fairy, so play first. Let me teach you my calligraphy and painting skills, how about it?"

Xue Guiyuan had already decided in his heart, Lin Kai knew what he was doing here two years ago.

Although he didn't know how Lin Kai knew about it, he had to resolutely wouldn't admit it, so he shook his head again and again: "Lin Kai! What do you want! You brought me here because you wanted to play a pen fairy? Quickly let me go! My master is Zhang Guangchun! If he knows that you are doing this to me, he will mobilize all his connections to get you!"

"Meaning, don't you play this pen fairy with me?"

"Don't play! Quickly let me go! I know your status is extraordinary, but no ordinary, does my master Zhang Guangchun have a high status? So you honestly..."

Before Xue Guiyuan finished speaking, he suddenly paused.

Because at this time, Lin Kai had already raised one foot and seemed to be ready to kick it at any time.

Xue Guiyuan suddenly broke into cold sweat, and his eyes showed a strong look of fear. He had already tried it not long ago, and Lin opened the power of a kick.

He would almost be severely injured if he could kick with a kick, and his bones were broken in several places.

If he makes another kick, then he absolutely cannot bear it.

“Play or not?” Lin Kai said lightly.

At this time, Xue Guiyuan had to bite the bullet and said: “I play! I can’t play! But if I play this pen fairy with you, can you let me go?”

“Naturally.” Lin Kai said: “If you don’t believe me, I can’t help it. My original intention is to play with you. I brought you here. You should understand it in your heart. What I can explain is , I dont have any evidence to prove that you did it back then. Therefore, I can only use this method to rest for the young girl.”

Xue Guiyuan heard Lin Kai say so without any accident, but was very pleasantly surprised.

Because Lin Kai is so confessed, if Lin Kai really has evidence to prove what he did back then, it is definitely impossible to bring him here. But yes, turn around and hand it over to the police.

But Lin Kai didn’t do this, but brought it here, showing that Lin Kai has no evidence. There is no way to prove that he is the murderer.

That is why Lin Kai wanted to use the way of asking pens.

However, Xue Guiyuan was very disdainful and didn’t believe that there really is something evil in this world. If there were, he would be gone.

Xue Guiyuan immediately agreed with joy: “Okay! Play now!”

Lin Kai said so, so he would definitely be let go, and he didn’t believe what Lin Kai could really do to him.

Ever since, Lin Kai and Xue Guiyuan sat face to face, with the dilapidated wooden table in the middle.

On the small wooden table, there are already written paper and the brush.

Naturally, there are some questions and some other words written on the paper.

Soon at Lin Kai’s signal, Xue Guiyuan picked up the brush first, and Lin Kai also began to hold the brush.

Immediately, both of them read the words to ask the pen fairy, what pen fairy pen fairy, I am your life, hurry up and so on.

Xue Guiyuan looked fearless.

But after shouting, Xue Guiyuan clearly felt that the brush in his hand seemed to be trembling.

Xue Guiyuan was taken aback for a moment. What happened? Was it because I was too nervous, or was the small wooden table in tatters that couldn’t bear him and Lin Kai, and the wooden table was shaking?

Xue Guiyuan couldn’t understand what was going on, but he still didn’t believe it, there really is something evil in this world.

## **Chapter 1646: Injustice And Debt**

### Chapter 1646

Lin Kai ignored Xue Guiyuan’s horror. He calmly turned to the surroundings and said, “Bixian, is it you? Are you here?”

When Lin Kai's words just fell, the brushes in his and Xue Guiyuan's hands trembled violently, and then the brushes involuntarily moved away from the area where the words "Yes" and "No" were written on the paper.

Under Xue Guiyuan's horrified gaze, the brush finally stopped at "Yes".

There was a breeze blowing in from outside, but it was actually quite hot today, even at night it was close to 30 degrees. Although it is early September, this is the last touch of summer.

It should be said that this breeze will only bring a cool feeling.

However, the breeze fell on Xue Guiyuan, and Xue Guiyuan only felt that the breeze was like a cold wind from the deep winter, very cold.

Xue Guiyuan couldn't help but shudder, he looked around shiveringly, constantly looking around.

He always felt that there was really something nearby, watching him in the dark corner.

At first, he thought that Lin Kai was definitely trying to fix him on purpose. It was suspected that Lin Kai didn't know what method he used, and he could move the brush to the yes place without using any effort.

But now, the cold wind was blowing suddenly, and it seemed that something was watching him.

This made Xue Guiyuan even more terrified, and his heart became tedious. Suddenly, his hand loosened slightly, as if trying to pretend that he was weak, and then completely released his hand from the brush.

How could Lin Kai fail to see that Xue Guiyuans little action, he said indifferently: "You dont know the rules for playing with pen fairy? In the process of inviting the pen fairy, if the pen fairy is invited but not sent away, Stop it. Then what is waiting for you will be very miserable. If you dont believe it, you can try."

When Xue Guiyuan heard Lin Kai's words, he hesitated a bit, and stopped loosening the brush. Instead, he held the brush tighter.

Before changing, he would sneer at Lin Kai. But now, he is a little scared, afraid that he will really suffer, a very miserable end.

After all, the weird cold wind just now, as if something was staring at him, made him suspicious.

Xue Guiyuan continued to hold the brush because he was not afraid of ten thousand, but was afraid of accidents. As for why he held the brush so tightly, it was because he still doubted what method Lin Kai used to make the brush move easily and autonomously.

This time, he grabbed it to death, unless it was very hard to make the brush move easily and autonomously.

Lin Kai grasped the brush tightly to Xue Guiyuan and didn't say much. At this time, he smiled faintly, asked the surroundings, and said: "Pixian, I have always been curious. What is your last name? What is your name? I just want to ask. This, I hope you can answer."

After Lin Kai finished speaking, he directly released the brush.

This made Xue Guiyuan very puzzled. Just now Lin Kai hadn't said that if the pen fairy was invited, he couldn't let go of the pen. Otherwise, it will end badly.

Could it be that Lin Kai just scared him?

That's right, there is no evil in this world.

When Xue Guiyuan thought of this, he suddenly sighed with relief. Previously, it was just a false alarm.

So at this time, he also intends to loosen the brush in his hand.

But just as he was about to loosen the brush, the brush in his hand began to tremble violently.

Just now Xue Guiyuan was still thinking that Lin Kai was trying to fix him. Although he didn't understand Lin Kai and suddenly didn't want to fix him, he was sure. Before the brush was able to move, Lin Kai must have used some kind of prank.

But now Lin Kai released the brush, and he didn't exert any force, but the brush trembled spontaneously and started to move!

Xue Guiyuan was so frightened that he wanted to forcefully keep the brush in place, but he didn't seem to exert any strength, the brush was still moving with great ease.

At this moment, Xue Guiyuan's face turned pale. What does this show? It means that the pen fairy is really here!

He never thought that there really is such a wicked thing in this world, and Bi Xian really exists!

Xue Guiyuan immediately numbed his scalp. Although he was terrified, he did not dare to let go of the brush at all.

This is really a pen fairy, how dare he let go of the brush in his hand.

At this moment, the brush moved to the character 'Yang' written on the paper.

There is a row of surnames written there, but only moved to the character 'Yang'.

Pen Xian's surname is Yang?

Just as Xue Guiyuan was puzzled, the brush in his hand moved easily again, only to see that the second character fell on 'mu'.

When he saw the character Yang just now, he was a little stunned. Now that he saw the character 'mu', his eyes widened in disbelief. The appearance of a young girl appeared in his memory.

Especially afterwards, the brush moved again, and the third character fell on "Snow".

Yang Muxue!

For an instant, Xue Guiyuan seemed to have fallen into the ice water of minus 40 degrees, his whole body was extremely cold, his mind was blank, and then he let out a scream in fear, his face was pale and bloodless.

He had nothing to care about, so quickly loosened the brush in his hand, and ignored the pain of his whole body. He was so scared that he was crawling around, ready to go outside the dilapidated old house.

Suddenly, there was another cold wind that seemed to come from deep winter.

The cold Xue Guiyuan trembled all over, and the whole body was stiff when he was cold. He had injuries on his body and it was difficult to walk. Now he is climbing and rolling more slowly.

At this time, Yang Muxue came out of the brush. At the beginning of Lin Kai, when he took out the brush from Xue Guiyuan's small backpack, he let Yang Muxue enter the brush.

Just as the so-called injustice and debt are in charge, Lin Kai naturally asked Yang Muxue to solve it by himself.

Yang Muxue deliberately made herself blue-faced and fangs at this time, which was quite frightening and came to Xue Guiyuan in an instant.

Xue Guiyuan was initially scared, but now when he saw Yang Muxue's appearance, he was even more frightened and became incontinent. He kept saying madly: "Impossible! Impossible! How can there be any evil in this world!" It must be an illusion! Yes, it is an illusion!"

When Yang Muxue heard Xue Guiyuan's words, she sneered: "Illusion? You think it's pretty beautiful. Do you think that you have done things yourself as an illusion? You not only killed me, but also did all kinds of money. Fate.

Although you work closely, what you do is bad, and one day you will get retribution. Now, isn't your retribution coming? "

### **Chapter 1647: Scared To Death**

#### Chapter 1647

When Xue Guiyuan heard this, the last glimmer of hope in his heart had been shattered.

He was trembling with fright and wanted to go backwards, but his legs weren't required at all. Not to mention that you can't walk, it's very difficult even to move.

Xue Guiyuan was desperate in his heart. While looking at Yang Muxue in fear, he begged for mercy frantically: "Let me go! Let me go! Please let me go! I also regret what I did back then, so I am now The prodigal son has turned his head! He has also put down the butcher knife, and he is back!

You have become like this, so you should rest well. I am rich now, and will immediately transfer a large sum of money to your family! Give me a chance! "

Originally, Yang Muxue was quite normal, but now she heard Xue Guiyuan say this, her face instantly became sullen: "Give you a chance? Who will give me a chance? You still have the face to say that you have turned back the prodigal son?"

Yang Muxue had deliberately made it, the look of blue-faced fangs, and now his face became more savage, and then step by step, he approached Xue Guiyuan.

Immediately, Yang Muxue said in an extremely cruel and icy cold tone: "What you have done is unbearable! You have the wrong one and the debtor has the right to take the blame. How you harmed me in the first place, I would just harm you!"

Xue Guiyuan saw Yang Muxue approaching him step by step, especially when he saw Yang Muxue's appearance, and the gust of wind.

Xue Guiyuan was now frightened to incontinence, and at this moment, his heartbeat stopped suddenly, and he fell to the ground instantly, motionless, no longer breathing.

In short, Xue Guiyuan was scared to death, and Yang Muxue didn't need to take action anymore.

Yang Muxue showed a trace of regret and felt that Xue Guiyuan was cheaper. She had known that she didn't deliberately make such a scary look.

Yang Muxue shook her head slightly, and then recovered her original appearance. Then she immediately walked to Lin Kai, knelt down again, and thanked Lin Kai: "Mr. Lin, thank you! If it weren't for you, I would have nothing to do. Revenge successfully,"

Lin Kai said immediately: "It doesn't have to be this way, Xue Guiyuan should have died. I will take care of your family, so you can go to rest in peace."

Yang Muxue now rests in peace, is the best choice, otherwise he will stay in the world and absorb the evil spirit on his own, and then he will truly become an evil spirit.

After hearing Lin Kai's words, Yang Muxue looked at it more gratefully, and said bye: "Mr. Lin, the grace of this life, I will repay you in the next life!"

After she finished speaking, all her grievances began to disappear. Soon, her figure disappeared between this world.

Obviously, Yang Muxue's wish has been reported, and the dust has returned to the dust.

When Lin Kai saw this, a black flame condensed in his hand. This black flame was obtained from the old man a few days ago.

This group of black flames fell on Xue Guiyuan's corpse, instantly burning Xue Guiyuan's entire body clean, with nothing left.

As for the subsequent handling, he had already reported it to the people above.

The people above had acquiesced to Lin Kai's behavior, so Zhang Guangchun would still explain it.

Lin Kai didn't stay here either, and drove back. Of course, he went to the five-star hotel that opened tonight, at least he had to confess.

When he arrived at the five-star hotel, the opening ceremony of the hotel came to a close.

To Lin Kai's surprise, An Xiaoran, who hadn't seen him in a long time, appeared here, and An Xiaoran was with Yang Mengzi.

This made Lin Kai even more surprised, not understanding what happened.

On the contrary, An Xiaoran saw Lin Kai coming at a glance, and immediately came to Lin Kai's side, and curiously asked Lin Kai: "Lin Kai, where is that evil man?"

In the afternoon, Lin Kai told the people above that because of evil things, the Huaxia Mansion naturally knew about it.

Lin Kai was a little speechless when he heard An Xiaoran's words. Could it be that An Xiaoran came specifically for Yang Muxue?

When he was puzzled, Yang Mengzi also came to Lin Kai and said with a smile: "Lin Kai, I don't think you really know Miss An, so it's easy to do. An Xiaoran's grandfather and my grandfather are old Acquaintance, but An Xiaoran's grandfather's illness, my grandfather has been unable to completely cure.

This time, An Xiaoran's grandfather came to the East China Sea. My grandfather delayed the illness, but my grandfather thought of you and thought you could completely save Grandpa An Xiaoran. I don't know, Miss Ann said that I knew you. Finally, after we inquire, you are here, we are here.

But I heard from the people here that you took someone out and don't know how long you will be back. Originally, Miss Ann and I were going to wait a little longer, and leave if we didn't wait. Unexpectedly, just about to leave, you came. "

After hearing Yang Mengzi's words, Lin Kai was surprised. He said why An Xiaoran got here, thinking it was for some evil.

Of course, listening to what An Xiaoran just said, it seems that it is also for evil.

So Lin Kai first smiled at Yang Mengzi and nodded: "So, I understand. I do know An Xiaoran. Since An Xiaoran's grandfather is sick, Professor Yang Deren can't treat it completely, so I will go back in the morning. heal."

"Thanks to Lin Kai."

An Xiaoran has changed a little, and now she is grateful to Lin Kai. But she asked Lin Kai curiously: "Lin Kai, how did the evil spirit solve it?"

Lin Kai was speechless: "She solved it by herself, and she has the debts, and she will dissipate by herself, so she won't overwork you."

Lin Kai still knew that the Huaxia Mansion had rewards for solving such things as evil. The most important thing is that you can accumulate merit, and if this merit point reaches a certain level, you will be able to take up the position of Huaxia Mansion.

Therefore, An Xiaoran kept asking about the evil situation.

"That's fine." Although An Xiaoran said so, his tone still contained some regrets.

Lin Kai was even more speechless. He was very helpless for a girl like An Xiaoran.

After that, Lin Kai asked about Grandpa An Xiaoran's situation, and some counts, so An Xiaoran and Yang Mengzi waited here for a while. Wait, he has to ask An Xiaoran and Yang Mengzi to help.

The condition of An Xiaoran's grandfather is still slightly complicated. The medicines sold in the pharmacy no longer work, he has to pick up the medicine. It's not that pharmacies don't have this kind of medicine, but that there is no very fresh medicine in this season.

Therefore, you have to find a place to pick the freshest medicine.

After Lin Kai finished speaking, he went to Zhang Guangchun. Everyone was very curious about how Lin Kai came back alone.

However, Lin Kai didn't plan to tell others about Xue Guiyuan.

As a result, Lin Kai and Zhang Guangchun went to talk separately about Xue Guiyuan, and at the same time he showed Zhang Guangchun all the information obtained by the police.

### **Chapter 1648: Incurable**

#### Chapter 1648

Zhang Guangchun was still very angry at first, until Lin Kai produced various evidences to prove Xue Guiyuan's human face and animal heart, and his heart was extremely dark.

After Lin Kai talked to the people above in the afternoon, he naturally investigated Xue Guiyuan carefully.

This investigation doesn't matter, one investigation is a surprise.

It never occurred to him that Xue Guiyuan had done unexplainable things behind his back. Shot a hundred times is not an exaggeration.

And this kind of person is too meticulous, if it weren't for Lin Kai who happened to meet Yang Muxue, he might really not be able to find out the terrible existence of Xue Guiyuan.

This kind of person is the most terrifying. He doesn't know at any time what crazy things Xue Guiyuan will do in the next moment.

After Zhang Guangchun saw the evidence, he was afraid for a while. After all, if Xue Guiyuan is allowed to stay by his side, he or the people around him will definitely be attacked by Xue Guiyuan.

Therefore, at this time, Zhang Guangchun thanked Qi Lin Kai instead.

Lin Kai just waved his hand in response, and then left the hotel with An Xiaoran and Yang Mengzi.

Outside the hotel, An Xiaoran couldn't help but ask Xiang Lin Kai, wondering: "Lin Kai, where are you taking me and Meng Zi sister? I can tell you in advance, I know you are very carefree, but don't me and Meng Sister Zi's attention."

Lin Kai was speechless, shook his head and said, "You think too much. I'm not interested in your little girl's film. I'm going to collect medicine. I'm ready to treat your grandpa tomorrow."

An Xiaoran was even more puzzled, but before she could ask, Lin Kai immediately explained.

Lin Kai knew that An Xiaoran would definitely continue to ask, so he said everything.

After speaking, he saw An Xiaoran's shut-up and depressed look, and he immediately felt much better.

In this way, An Xiaoran and Yang Mengzi both got into Lin's car.

Lin Kai drove the car, preparing to head towards a place, but he hadn't drove far, and there seemed to be a traffic accident on the street not far away. There are a lot of people and cars stuck there and can't move forward.

But through the crowd, one could see a young pregnant woman lying on the ground in pain on the most central ground.

And beside the young pregnant woman, there was a middle-aged woman in her early fifties. The young pregnant woman Zheng Chao said: "Get up quickly, it's not the day of birth. It is probably a normal stomachache."

It sounds like this middle-aged woman has nothing to do with the young pregnant woman.

But among the people around, the young pregnant woman turned out to be the daughter-in-law of a middle-aged woman.

At this time, the young pregnant woman did not know what was going on, her face was pale, she almost lost consciousness, and naturally it was impossible to respond to the middle-aged woman's words.

But the people around are talking one by one.

"She must be something uncomfortable. You should take her to the hospital."

"Yeah, if you let her get up like this, isn't that embarrassing her?"

"Yes, if you delay like this, something will definitely happen."

Everyone around was trying to persuade the middle-aged woman.

It seems that middle-aged women don't help young pregnant women at all, nor call an ambulance.

The people around have kindly called for an ambulance. However, no one dared to step forward to help young pregnant women, after all, there are young pregnant women's families here.

If something happened to the young pregnant woman, the middle-aged woman would definitely be held accountable.

If I can't support this social problem, it has been magnified infinitely. What's more, there are young pregnant women's families here, let alone do it. At most, call an ambulance for help.

The middle-aged woman didn't dare to hear the words of the people around her, but she sneered: "My daughter-in-law, went to the hospital for an examination in the morning, and there was nothing at all. Moreover, those examinations would definitely hurt her grandson. So Don't go to the hospital."

After hearing the words of the middle-aged woman, the people around were a little surprised.

Those who understood, immediately said to the middle-aged woman: "What about your grandson in one bite at a time, it seems you already know that your daughter-in-law gave birth to a boy or a

daughter. Your grandson is a human, but your daughter-in-law is also a human Your daughter-in-law has become like this, so don't you go to the hospital soon!"

"It turned out to be the case. No wonder I have not been sent to the hospital. I was only worried about my grandson's problem, but didn't care about my daughter-in-law at all."

When he heard that person's words, everyone around him also understood.

Another kind person immediately criticized the middle-aged woman, saying: "Don't worry about your grandchildren. If something goes wrong with your daughter-in-law, your grandson may not be born smoothly."

The middle-aged woman finally panicked when she heard this. She immediately said to the young pregnant woman on the ground, "Xiao Hu, are you okay? Can you stand up by yourself? If not, I will help you up. Take you to the hospital to see."

The young pregnant woman on the ground was already uncomfortably speechless, and her heart had become cold. She didn't lose consciousness completely, knowing that the middle-aged woman didn't care about her at all, just treating her as a tool person for childbirth.

Although now, the middle-aged woman asked her so caringly, but still did not automatically help her up. This also shows that the middle-aged women actually care about their grandchildren. If there is a problem with her body, it will naturally affect the child in her belly.

At the same time, when Lin Kai in the car saw this, he couldn't help getting out of the car. He was going to solve the problem of the young pregnant woman.

Mainly young pregnant women lying there is no way, and the ambulance does not know when to come.

This place is still a certain distance away from the nearby hospital.

Plus here, it's so blocked.

When the road is blocked, Lin Kai must pass through this street too, and only this street can go to his destination.

When An Xiaoran and Yang Mengzi in the car saw Lin Kai got out of the car, they both got out of the car immediately and followed Lin Kai.

However, when Lin Kai walked to the young pregnant woman, a bald middle-aged man also passed by this place.

The bald middle-aged man shouted to the crowd: "I am a doctor, let me see how the pregnant woman is."

The people around immediately made a way for the bald middle-aged man and let the bald middle-aged man walk next to the young pregnant woman.

The middle-aged woman saw the bald middle-aged man coming over, and said to him quickly: "Doctor, you can help me see what is going on. Is there any physical problem? Will my grandson be okay? Doctor, you must save my grandson!"

When the people around heard the middle-aged women say this, they shook their heads one by one. The middle-aged women are hopeless.

### **Chapter 1649: Come Forward**

#### Chapter 1649

After all, as soon as the bald middle-aged man came, the middle-aged woman directly asked her grandson if there would be anything wrong, and did not care about her daughter-in-law at all.

Obviously, people nearby were accusing the middle-aged woman, but the middle-aged woman did not feel guilty at all.

The bald middle-aged man did not say much when he heard what the middle-aged woman said. Instead, he said: "You get out of the way, let me see what exactly is the problem with pregnant women."

The middle-aged woman naturally did not dare to speak of a doctor, and immediately gave up a position.

The bald middle-aged man immediately squatted down and began to check the young pregnant woman.

This kind of symptom occurs suddenly in pregnant women, often with the child in the belly, or with some diseases in the body.

So the bald middle-aged man took his pulse first, and then pressed his stomach. The bald middle-aged man was quite professional in this respect, and he immediately judged the problem, but he was not sure yet.

So, the bald middle-aged man raised his head and asked the middle-aged woman, "Does your daughter-in-law have some spicy food today?"

The middle-aged woman nodded, shook her head again, and responded: "I, I'm not sure. Although I was cooking, I didn't pay much attention."

This sentence made the people around him speechless, and they didn't even know if they had added chili to the rice they cooked.

The bald middle-aged man was also speechless. He looked at the young pregnant woman with his eyes slightly closed and said, "Can you hear it? If you can hear it, answer if you have any spicy food today."

But the young pregnant woman seemed to be completely in a coma. After a while, there was no movement.

At this moment, the middle-aged woman finally became anxious: "Xiao Liu! Xiao Liu! Wake up and wake up! If you are like this, my grandson will be in danger! Don't do anything wrong, or my grandson will be gone!"

Everyone has been able to ignore the words of this middle-aged woman. Of course, still despise this middle-aged woman.

The bald middle-aged man said solemnly: "Your daughter-in-law should have eaten something spicy and stimulating. Your daughter-in-law is weak and has other medical conditions. In addition, the

temperature at night has dropped a bit, which is cold and hot. As a result, your daughter-in-law is in a state of shock and it is still very serious if she is not taken to the hospital in time.”

The middle-aged woman was frightened and said quickly: “Then what should I do now? There is a distance from the hospital, and the ambulance will not be able to arrive so quickly. Why am I suffering so hard? My unbelievable daughter-in-law has already beaten twice. Second child, both times were daughters. This time, it was a grandson, how can it be!”

“Doctor, I beg you, what can you do to keep my grandson all right!”

The bald middle-aged man first glanced at the middle-aged woman in disgust, and then said: “I have said, your daughter-in-law is in shock now and it is very dangerous. Whether your grandson can be kept is a problem, even if sent to the hospital for rescue The probability of keeping you is very small. No wonder your daughter-in-law is frail. It turns out that she had two fetuses.”

The people around also looked at the middle-aged women in disgust.

Immediately, the bald middle-aged man made a call and said to the other end of the phone: “This is Wang Fuxin. You should send an ambulance in Beiyang Street. Let me speed up. The patients here are currently in danger.”

Whether it is the bald middle-aged man or the people around, although they are very concerned about the safety of this young pregnant woman, they can only wait for the ambulance to come.

At the same time, Lin Kai, An Xiaoran, and Yang Mengzi had already approached the young pregnant woman.

Yang Mengzi was the first one, her face was eager. She seemed to be able to see that the pregnant woman was indeed dangerous at the moment, but she had nothing to do with the problem of young pregnant women.

Unless her grandfather Yang Deren is here, it is possible to save young pregnant women.

Of course, its just possible

Yang Mengzi suddenly realized that Lin Kai was here, so she couldn't help but said to Lin Kai: “Lin Kai, can you see anything for this pregnant woman?”

She knew that Lin Kai was looking at this one, but he was very professional.

Lin Kai nodded slightly and said: “This pregnant woman is indeed in a state of shock as the doctor said. If the ambulance comes in time, it can be rescued. If it does not come in time, I am afraid there will be danger. As for the child in her belly, Its fate.”

At this time, An Xiaoran also said, “This mother-in-law is really not a thing. When the pregnant woman fell to the ground, she should call an ambulance. Or take the pregnant woman and take a taxi to the hospital. As a result, she had to drag it for ten minutes. In the end, it was only for the grandson, that I compromised slightly.”

In the discussion of the people around, it has been learned that ten minutes have passed since the pregnant woman fell to the ground.

At first, the people nearby thought that the middle-aged woman would call an ambulance or take a taxi with the pregnant woman. During the period, there was also a kind private car owner who asked the middle-aged woman if she needed help to be taken to the hospital and did not charge money.

As a result, all the middle-aged women refused. The people nearby called for an ambulance. But in this way, it was delayed by nearly ten minutes.

Lin Kai originally planned to rescue the young pregnant woman, but at this time an ambulance arrived.

It seems that the ambulance is also advancing at full speed.

When the people around saw the ambulance coming, they all gave way to the ambulance.

But there was a low-end luxury car with a size of several hundred thousand, which happened to be in the way of the ambulance.

The ambulance can only honk the horn continuously, but the luxury car just stays unmoved.

Inside the main driver, there was a woman in her early forties. The woman parked the car here and even put on makeup there.

While putting on makeup, the woman looked out of the car window, angrily, and said: "Have you not seen my old lady doing makeup? When I put on makeup, she will naturally leave!"

Because this car happens to be blocking the way, there is only one passage.

When the people nearby saw this woman say so, they immediately accused the woman.

But the woman's face was very thick, as if she didn't hear her, she continued to put on makeup.

"Who is it! I don't know if it is an ambulance! There are also patients in very dangerous conditions!"

"Yeah, it's selfish! Besides, parking is not allowed in this place!"

People nearby couldn't stand it any more, and kept accusing the woman in the car who was putting on makeup.

Lin Kai originally thought that the ambulance was coming and he didn't need to take care of it, so he had to come forward at this time.

Naturally, he couldn't stand by and watch, there was a situation of one corpse and two lives.

Also surrounding unnecessary troubles, Lin Kai walked directly towards the low-end luxury car.

The woman in the car, seeing Lin Kai walking towards her, suddenly yelled, "What do you want to do?"

## **Chapter 1650: A Phone Call**

### Chapter 1650

Lin Kai ignored the woman in the car. He continued to move forward and was already close to the car.

The woman immediately stopped making up, and seeing Lin Kai coming over, her tone became even worse: "Don't persuade me to move away! My old lady, my makeup hasn't been done yet, so I leave it naturally! Also, I can warn you. You can't afford my car! Don't touch my car!"

Because the woman saw that Lin Kai stretched out her hand, seeming to want to touch her car.

So while warning Lin Kai, she hurriedly closed the windows of the car, for fear that Lin Kai would do her harm.

But even the woman closed the window in time.

But Lin Kai exerted a little effort, the car window shattered like a spider web.

Immediately, he pulled back and the door was directly opened.

Lin Kai ignored the woman's scream, but first lifted the woman up, as if it were a cat catching a mouse, and threw the woman to the back of the car.

Soon, Lin Kai started the car and drove the car to a nearby parking place.

So that the ambulance at this time can only lead to the young pregnant woman.

Lin Kaihu noticed that there were many business cards in the car. It seemed that the person on the business card and the woman should be married.

Lin Kai faced the woman in the back seat and asked faintly, "Your husband is Xu Huicheng, the general manager of Lingnan Wudi Group?"

The woman in the back seat, hearing Lin Kai say this, thought that Lin Kai knew her husband, and seemed to be afraid of her husband, so she sneered at Lin Kai: "I know now! It's late! I tell you, I'll call my husband later, if I know you are doing this to me, I will definitely not be able to spare you!"

Lin Kai didn't know the woman's husband Xu Huicheng. To be precise, the Wudi Group behind Xu Huicheng was Lin Qianqian's skin care product distribution partner in Lingnan Province.

Now Lin Qianqian's skin care products have become more popular after many days of hot sales. After all, it is really effective, plus Yin Suyan's advertisement and online advertisement short film, let alone domestic, even foreign orders have been sold out. All started to make limited quantities, and some more, orders can be arranged until next year.

It can be said that this skin care product of Lin Qianqian's company has become a cash cow for many distribution agents.

The distribution agent in Lingnan Province was the one that Wudi Group asked Lin Qianqian to act as an agent.

Lin Kai is the largest shareholder of Lin Qianqian's company. Even if he doesn't need to see anything, Lin Qianqian will automatically show Lin Kai some information about the company.

Therefore, he still knows all the agents of this skin care product in China.

This Wudi Group relies on this agent of skin care products, and the money made in a short time is more than the combined profits of its industries. It has become the most important profitable product of Wudi Group. And if it is sold for a period of time, Wudi Group will also be among the top ten of all groups in Lingnan Province, which is possible.

At this moment, Lin Kai did not immediately respond to the woman's words. Instead, he took out his mobile phone, called Lin Qianqian, and said, "Qianqian, now we are terminating the skincare agent cooperation with Wudi Group and changing to another one. As for Wu When the Di Group asked the reason, you told Xu Huicheng to take care of his wife."

As for the agent of Lin Qianqian's company, naturally there is no shortage of agents. Those big groups and families are rushing to ask for the agent of Lin Qianqian's skin care products.

In Lingnan Province, there are many people in Biwudi Group who want to be the agent of Lin Qianqian's skin care products.

The contract also stated that if Party B has any problems, then Party A has the right to terminate the contract immediately.

Therefore, it is still possible to change to another agency.

Lin Qianqian naturally had no opinion, and did not ask Lin Kai much, so she said that she would arrange it immediately.

Then Lin Kai hung up the phone, put the phone back, and left the car directly. He didn't say anything to the woman.

It was the woman who still sneered again and again. Naturally, she didn't believe that Lin Kai could decide the life and death of Wudi Group in one sentence. I thought that Lin Kai bragged and didn't write drafts there.

Ever since, the woman turned towards Lin Kai, who did not go far, and continued to sneer: "You wait! I have taken a picture of you. Then I will let my husband see who you are, and then let you Looks good! How dare I break my car, even so publicly that it doesn't give me face!"

The woman originally wanted to say something to Lin Kai, but at this time, her husband Xu Huicheng called.

Her face was immediately happy. She knew that Xu Huicheng was socializing outside tonight, so she didn't call Xu Huicheng the first time.

Unexpectedly, Xu Huicheng took the initiative to call her.

So before Xu Huicheng could say anything, the woman pretended to be a bit wronged, and said, "Huicheng, on the East Sea side, I dare to bully me and make me ashamed in front of everyone. The East China Sea is the territory of your partner, so quickly let your partner report to me..."

The woman hadn't finished speaking, and on the other side of the phone, Xu Huicheng's scolding voice came in an instant: "What's the report! You stinky girl! I know I will cause trouble outside for Laozi! This time, do you know who you offended? What other partner! That is not cooperation! It is we who beg others to cooperate!"

The woman was stunned by Xu Huicheng's lesson. She was quite puzzled: "I didn't offend anyone. I just came to Donghai to attend a banquet with a few sisters."

"You also said that you didn't offend anyone! What you offend is that I begged others to cooperate with the shareholders of the skin care products company! Just now, he called the company and has terminated the cooperation! What have you done, please tell me honestly Come out, there may be some salvation opportunities!"

Xu Huicheng on the other end of the phone kept roaring.

This made the woman even more stunned. She immediately rang. Just now, Lin Kai made a call in the car.

Is it true that Lin Kai made a call?

When I thought of this, the woman was very flustered. She is now a skin care agent and is already the top priority of Wudi Group.

If the cooperation is terminated because of her, Xu Huicheng will also lose the position of general manager because of her.

The capital she has always shown off to the outside world is that her husband is Xu Huicheng, who is the general manager of Wudi Group. If it is lost, there is no capital to show off.

As a result, the woman hurriedly told Xu Huicheng on the other side of what happened here.

After Xu Huicheng listened, he was furious and kept cursing the woman like a shameless pen.
