## **Chapter 1661: Someone Makes Trouble**

Chapter 1661

Lin Kai frowned, it seemed that someone was making trouble outside.

He couldn't help but walked out and found that at the door of the courtyard, there was a stubborn, sloppy man with long hair, but he didn't take care of him. He wanted to break in from the door of the courtyard.

The two security personnel at the gate naturally stopped the sloppy man.

However, the sloppy man did not do any drastic actions. The two security personnel were naturally not good at moving the sloppy man. They could only keep the sloppy man from entering.

The sloppy man saw that he was blocked by the gate and couldn't get in, so he shouted, "You get out of the way! I'm here to find my daughter-in-law, and my daughter-in-law is here!"

"You said your name before, and I also asked the manager of the human resources department inside. There is no wife here." I thought the security staff opened the mouth patiently.

After all, today is the first day to work, and the company has just started operations, so it still has to maintain a good image.

More importantly, the boss Lin Kai is here. Lin Kai was their object of worship and left a good impression on Lin Kai.

Otherwise, with their abilities, directly cross the scruffy man out.

However, the scruffy man insisted on saying, "My wife must be here! My \*\*\*\* brother deceived my daughter-in-law here before and disappeared since then! And my \*\*\*\* brother also ran away. It's locked somewhere inside! So, you let us in, I want to find my daughter-in-law!"

Another security officer finally got a little impatient and said coldly: "This is the Young Master Li, a family property of Li Shengxian. Although there has been no one living here, it is just kept here, but they will often arrange people to come here to clean it. If your wife was really locked here before, she would have been discovered long ago!"

However, the sloppy man seemed a little crazy. Hearing these two security personnel say so, he gritted his teeth as if he had found an opportunity, and then rushed to the gate of the courtyard.

The two security personnel were not ordinary people, they were ancient warriors at the level of warriors, and their responses were very quick.

Seeing that this sloppy man was about to break in, naturally he would no longer be polite.

As a result, the sloppy man was directly stopped by a security officer, and then the sloppy man was immediately pushed to the ground.

Lin Kai had already reached the gate at this time, and could not help asking the two security personnel, and said, "What's the situation?"

Another security officer immediately explained: "Boss Lin, this person is like a lunatic. It is obvious that his daughter-in-law is not here, so he said that his wife is here. I also asked what the name is, and the manager of the personnel department is also here. Having said that, there is no such person. As a result, if this person insists on breaking in, we stop him."

The scruffy man didn't seem to be a real lunatic. He should have known the identity of Lin Kai from the words of the security personnel, so he quickly raised his head, looked at Lin Kai and said, "Boss! Boss! I'm sure, my wife. It's really here! So let me go in and look for it, please, boss!"

Lin Kai frowned: "My personnel manager has already said that there is no wife here, and your wife does not work here."

The sloppy man said with certainty: "My wife is really here! Because my wife is probably dead!"

"What? Your wife is dead?"

"No, your wife is dead, how could she die here!"

"That's right! This is the property of Young Master Li, how could your wife die here!"

The sloppy man making noise at this gate also attracted the attention of other staff members in the courtyard, and they were all talking about it.

However, one of them is an assistant of the company, and Li Shengxian arranged to come here to take care of the arrangement temporarily.

The woman suddenly said, "Are you surnamed Wang? Is it not long after you came out of prison?"

Whether it was other staff members or Lin Kai, they were a little surprised, and it seemed that there was something hidden inside.

Sure enough, the sloppy man was taken aback for a moment, then looked at the woman, nodded and said, "Yes, how do you know me?"

The woman said, "I belong to Li Shengxian's company. Ask me to come here to help. Li Shengxian's boss told me that there was a man named Wang Dali who was sentenced to several years. It was because a few years ago, a room here was judged to be Dilapidated house, so it must be renovated.

At that time, I invited you and others to renovate the dilapidated house and re-enhance it. As a result, you severely injured another person and couldn't afford to lose money. You could only stay in prison for several years. Why are you still here? Boss Li Shengxian didn't owe you anything. Instead, he looked pitiful and helped you lose some money and reduce your sentence. Otherwise, you cannot come out so early. "

When the scruffy man heard this, his face was extremely grim and he said, "I beat my \*\*\*\* seriously for a reason! After that night, my daughter-in-law never appeared again! Originally thought, my daughter-in-law was going. To my hometown or something!

The investigation found that it was my \*\*\*\* brother who tricked my wife into this! But no one believes me! It must be my \*\*\*\* brother who killed my daughter-in-law before I beat him! Now I am here, just hoping to find the body of my wife! Justify her! “

The woman immediately said, “Your wife is really dead, and it is impossible to die here. You hadn’t completely renovated the dilapidated house at the beginning, and then you hired a decoration team again. The decoration here is very painful. It’s impossible not to find out if you die here.”

The scruffy man quickly said, “It’s definitely here! Because my wife, it should be last night, I asked the dream to give it to me! He told me to find her and let her rest in peace! Finally, her body is here. inside!”

When everyone saw this sloppy man, they looked crazy, and everyone shook their heads, thinking that this sloppy man was absolutely crazy.

Also, it might be so crazy if you change your body.

The woman shook her head and said, “Let’s call the hospital. Boss Li Shengxian also asked me to call the hospital and provide him with free treatment. What happened here, so boss Li Shengxian is very concerned.

Boss Li Shengxian specifically asked me to do this because he learned from the prison that this scruffy man might have mental problems. Boss Lin, do you want me to call the hospital now and let the hospital arrange an ambulance to pick you up? “

## **Chapter 1662: Dream**

### Chapter 1662

After all, the boss here is Lin Kai, so this woman consulted Lin Kai.

Lin Kai could see that the sloppy man was sane, but emotionally a little bit extreme. Simply put, mentally it is fine.

As a result, Lin Kai immediately said: “It is not necessarily a mental problem. After all, he lost his wife at the age of 30 or 40. Moreover, it seems that he was sold by his good brother, and there should be some hidden secrets in it. It’s okay to just let him go in and look for it. If you don’t find it, you can only say it’s not here.

When everyone heard Lin Kai’s words, they nodded, which was right. When this sloppy man is not found, he will naturally give up.

Afterwards, Lin Kai asked the security personnel to let go of the scruffy man.

The sloppy man first glanced at Lin Kai gratefully, and then walked into the courtyard without hesitation.

Others are not worried about this sloppy man, one by one following this sloppy man.

Lin Kai naturally followed the sloppy man. As the boss here, he still had to solve this problem.

Most importantly, when he first came in, he also felt that the courtyard was a little weird.

At this time, the sloppy man seemed to be familiar with the courtyard house.

After coming, I looked around and locked in one of the houses.

That house is actually a kitchen, which is the place that was judged to be a dilapidated house a few years ago.

In fact, this kitchen has been useless for a long time. Since this place has been turned into a company, future employees need to eat. This can be turned into a canteen, providing free lunch and dinner for employees.

Although the company has not yet officially started operations, some staff are already in place. Therefore, two chefs were invited first.

The two chefs were preparing food for noon.

It turned out to see a sloppy man coming in, not only that, but a group of people followed.

The two chefs were very puzzled, and then they were all startled when they heard the staff here discussing.

It was a sloppy man, but he started to rummage in this kitchen.

It didn't take long before the whole kitchen was messed up by the sloppy man.

This made the two chefs look anxious, the kitchen is not big or small, there are really corpses, so the search has been discovered long ago.

But this was acquiesced by Lin Kai, and the two chefs were still not good at saying anything to the scruffy man.

Everyone thought that this sloppy man was about to find the kitchen and would give up searching.

Unexpectedly, this sloppy man pointed his finger to the cauldron at the moment, and said excitedly: "It's here! My wife is definitely here! I have to dismantle the cauldron and I will definitely be able to see it!"

Because this kind of courtyard is an old house in itself, it naturally has this kind of large pot stove in the countryside. In fact, the large pot stove can be dismantled and replaced with a modern natural gas stove.

There are two reasons why it was not demolished. The first is that the things cooked in this big pot are more fragrant. The second is this kind of courtyard, which is not suitable for modern natural gas stoves.

Therefore, Li Shengxian didn't let anyone dismantle the cauldron, but continued to use it.

However, at this time, the scruffy man even said that his wife was inside, and that the cauldron should be demolished.

Many people frowned, thinking that this sloppy man was absolutely crazy.

A chef also said silently, "What are you talking nonsense, you must be crazy and unconscious."

But the sloppy man didn't seem to hear it, and others seemed to be accusing him.

The sloppy man saw that there was a shovel not far away. He quickly picked up the shovel, and banged it vigorously towards the large pot.

The cauldron stove itself is the kind of old soil, but it was consolidated last time.

If the sloppy man knocked down so hard, he could still break the cauldron.

When other people saw this scruffy man, they were furious. They didn't expect that this scruffy man was so arrogant, and even beaten up in front of so many people, it was almost lawless.

A security guard also followed. Seeing this sloppy man like this, he couldn't stand it, and he was about to step forward to stop the sloppy man.

But at this time, Lin Kai waved his hand to everyone, and signaled everyone not to stop the sloppy man.

"It's okay, let him break it up first. It's still very simple to make up for this cauldron."

Lin Kai said.

When Lin Kai said that, he didn't say anything. After all, the boss said so, how dare they have any opinions.

But everyone still couldn't understand why Lin Kai was so indulgent, this sloppy man with mental problems.

When everyone could not understand, the scruffy man continued to be there, beating hard.

The banging sound keeps on.

Not long after, the stove of the cauldron suddenly collapsed amid the deafening beating.

The dust and mud flew in an instant.

I saw that sloppy man went to the collapsed cauldron stove again, dug a little bit, saw a skeleton frame, and said excitedly: "Daughter-in-law, you really entrusted me with a dream! You are really here!"

From the appearance of the skeleton frame, it was indeed the bones of a woman.

When the others really saw the skeleton frame, they were all startled and scared.

To my surprise, I did not expect that there was a bone in the cauldron. The fear is that this corpse has been hidden in this cauldron for several years, and it is creepy to think about it.

Many timid people ran out one after another. Even the bolder ones are about to throw up their breakfast.

That woman is the kind of bold, but she also resisted the nausea, and said with a shocked expression: "How could it be possible that when a decoration team was changed, this cauldron stove was reinforced by the new decoration team. At that time, I should have discovered it. Why hasn't it been discovered until now?"

That woman, obviously, was still very aware of this matter, and was very surprised at this time.

Hearing the woman's words, Lin Kai looked at the corpse and narrowed his eyes slightly. He really saw that there was some evil spirit exuding from the corpse.

So Lin Kai walked to the scruffy man and said, "Since your wife gave you a dream, then you should have told you too, how did she die?"

When the scruffy man heard Lin Kai's question, his eyes were sad and he immediately said, "It is true that I entrusted the dream. My name is Wang Dali, and my wife's name is Cheng Xiaoyuan..."

Then the scruffy man told his story.

The sloppy man, Wang Dali, and a good brother named Yuan Dongdong, both liked a girl, Wang Dali's wife Cheng Xiaoyuan.

Later, Wang Dali pursued Cheng Xiaoyuan.

However, something happened later. Simply put, Yuan Dongdong killed Cheng Xiaoyuan.

### **Chapter 1663: Bold Evildoer**

#### Chapter 1663

According to the sloppy man, the dead wife Cheng Xiaoyuan, asked him to dream.

It was Yuan Dongdong who wanted to occupy Cheng Xiaoyuan, but Cheng Xiaoyuan refused to comply and vowed to resist.

Yuan Dongdong saw that Cheng Xiaoyuan had not followed, so he was very angry and killed her.

Because it happened to be decorated at the beginning, Li Shengxian's house hid Cheng Xiaoyuan's body here.

On the second day of that year, the sloppy man felt that something was wrong and asked Yuan Dongdong where his wife was.

But Yuan Dongdong was hesitating, and wanted to resign from the decoration company and plan to go to another city.

The sloppy man felt bad and injured Yuan Dongdong.

Therefore, the sloppy man went to prison.

During the period, I also learned that Yuan Dongdong had already left the East China Sea.

The sloppy man also said that his wife may have been killed by Yuan Dongdong, but there has been no evidence.

I heard the sloppy man, Wang Dali's account.

Lin Kai opened his mouth and said: "It's really like you said that, or your wife told you in a dream. If it's true, I will naturally help you uphold justice."

The reason Lin met to help was because the system released another task to reward the gold extraction ability.

However, the system task did not give detailed information, only that the matter should be thoroughly clarified and the truth inside would be made public, and the task would be completed.

In addition to completing this system task, it is also for the other employees of this company to explain.

After all, the company encountered this kind of thing at the very beginning, but it was still not good, and we had to find a truth.

So, Lin Kai thought about it, looked at the woman, and said, "Talk to Li Shengxian and see if you can find it. The foreman who was in charge of the decoration at the beginning or other decoration workers will do."

Upon hearing this, the woman nodded immediately, and then went to make arrangements.

I have to say that Li Shengxian still has a good hand. Even though a few years have passed, there is still detailed information about the construction party at that time, and the foreman and workers at the time have been contacted.

The reason why I didn't notice the situation in the cauldron was because Yuan Dongdong specifically asked the foreman that the cauldron was already set up in his place and no reinforcement was needed.

In other words, the reinforcement was actually made by Yuan Dongdong.

Later, the construction party did not know that it had been reinforced at first, but found that it was reinforced, and did not say anything.

After all, the cost of reinforcement is counted on them. Therefore, the later construction party did not find any abnormalities.

When Wang Dali heard the news, he was furious and cursed: "Sure enough, this brute Yuan Dongdong did it! I want to find him and avenge my wife!"

Lin Kai said lightly: "It's still unsure whether Yuan Dongdong did it. Although Yuan Dongdong was reinforced, he could indeed hide the body, but it is not certain whether he killed your wife."

Lin Kai said this because the system did not prompt to complete. Therefore, the truth is not this.

That's right, how can it be so simple to reward a gold extraction ability.

Therefore, Lin Kai opened his mouth again: "The most urgent task now is to find Yuan Dongdong."

The woman opened her mouth and said, "Yuan Dongdong probably disappeared a long time ago. Should I also report to Li Shengxian's boss and use the power of the Li family to find?"

Lin Kai shook his head and said, "I don't need to be so troublesome, I have my own way."

Later on the company's side, today I took a day off, and the bones of Wang Dali's wife were sent for cremation.

In the evening, Lin Kai stayed here, and he kept turning over the mud in the cauldron.

If the reinforced soil block was really made by Yuan Dongdong, it would definitely leave some traces.

Through this trace, Lin Kai can trace Yuan Dongdong to Yuan Dongdong using the trace extraction ability.

Since these mud blocks are scattered on the ground, they need to be tested one by one. Therefore, at night, Lin Kai found a reinforced mud block.

Finally, the location of Yuan Dongdong was traced.

“Shenling City in Guangling Province...”

Lin Kai was taken aback for a moment, but he did not expect to be in Shenling City, Guangling Province.

He plans to fly to Shenling City tomorrow to find out.

The reason why he was stunned was because Lin Yuan took a group of senior leaders of the Leiyuan Group to Shenling City.

Although Shenling City is not the provincial capital of Guangling Province, it is a prosperous city older than the provincial capital.

That hidden family is located in Shenling City.

Of course, Lin Kai was not afraid of the hidden family, but what made him curious was what Lin Yuan and the hidden family were plotting.

So Lin Yuan brought a group of senior leaders of Leiyuan Group over and talked for many days.

At this time, Lin Kai stood up, ready to leave the kitchen.

Suddenly, there was a gust of wind, and a cold woman’s voice sounded in vain: “Thank you...”

The sound seemed to come from all directions, making it impossible to tell the specific direction.

It is a pity that Lin Kai is not an ordinary person. He narrowed his eyes and looked sideways to a corner of the kitchen where there was a half-hidden woman.

There was some evil anger on this woman. She was Wang Dali’s lost wife Cheng Xiaoyuan.

Obviously, this woman has become an evil.

Lin Kai didn’t have any surprises. He glanced lightly. The evil woman said, “Cheng Xiaoyuan, right?”

The evil woman was surprised when Lin Kai said this. She didn’t seem to expect Lin Kai to see her. She immediately thanked her and said, “I am Cheng Xiaoyuan, thank you for not stopping my husband. I have been trapped for several years. Inside, there is nothing I can do. I can only give my husband a dream for the first two days. Thank you, my benefactor, and I am about to take revenge!”

Lin Kai said lightly, “No need to thank you, since you are out of trouble, don’t stay in the world anymore. Just leave it to me to deal with the rest, so you can rest in peace.”

“No, I still have to repay the benefactor, and it will not be too late to leave the world after I finish repaying the benefactor.”

The evil woman, Cheng Xiaoyuan, suddenly shook her head and said.

While talking, Cheng Xiaoyuan smiled and said: "I think about how I should repay my benefactor. I think there is only one person here at the night, so why not let the little girl stay with you all night."

Cheng Xiaoyuan started to take off her clothes as she approached Lin Kai.

Lin Kai narrowed his eyes, shook his head and said, "It seems that you entrusted your dream to your husband. What you said is not true. I think you were not harmed by Yuan Dongdong at all?"

Hearing Lin Kai's words, Cheng Xiaoyuan's face was sullen in vain, and immediately returned to normal, she continued to approach Lin Kai with a smile, and said: "The little girl was killed by Yuan Dongdong, and the benefactor wants to avenge the little girl. I will Repay the benefactor."

"Bold evildoer! Tell the truth soon!"

Seeing Cheng Xiaoyuan about to take off all her clothes, Lin Kai let out a violent shout.

### **Chapter 1664: Go To Shenling**

#### Chapter 1664

Under Lin Kai's violent shout, Cheng Xiaoyuan sounded like thunder.

Not only did Cheng Xiaoyuan stop undressing, she also kept backing many steps.

At this time, Lin Kai glanced at Cheng Xiaoyuan who was backing away, and said: "If Yuan Dongdong really wanted to take over you, why did you take the initiative to meet Yuan Dongdong that night? Before that, you would treat your husband. It was revealed that Yuan Dongdong wanted to occupy you.

The most important point is that you entrust your dream to your husband. It is said that Yuan Dongdong was drunk, and brought you here, and wanted to plot wrongdoing. But what I understand is that Yuan Dongdong did not drink. "

Lin Kai could understand that Yuan Dongdong didn't drink that night because he had silver extraction ability. Similar to the ability of tracking and extracting, as long as you find the traces left by the other party, you can judge the state of the other party at that time.

In fact, it is quite a tasteless extraction capacity, but at this critical moment, it is more useful than any extraction capacity.

As Lin Kai's words fell, Cheng Xiaoyuan's suffocation exuded more and more, and her expression became slightly ferocious, and then she explained: "Yuan Dongdong, the beast, did not drink alcohol, but drank alcohol. Drinks, too much can make you drunk.

After dinner in the evening, Yuan Dongdong originally wanted to send me back, but when he happened to pass by here, he forcibly pulled me in. I swear to the death, and as a result, he fumbled and killed me!

"

Lin Kai heard what Cheng Xiaoyuan said, her expression unchanged, and said lightly: "If Yuan Dongdong really harmed you, why would you talk to your husband for the first time instead of concealing it? The most important thing is that although Yuan Dongdong strengthened this The cauldron, but your bones were not in the cauldron.

In other words, Yuan Dongdong did not hide the body at all. He originally planned to wait for your husband Wang Dali to come, but his husband Wang Dali didn't know whether it was dizzy or for other reasons, so he directly beat Yuan Dongdong into serious injuries. So your husband Wang Dali spent two years in jail.

Yuan Dongdong might be afraid, or for other reasons. He knew that he might have to take care of it and quit his job and fled. I can probably guess that you were extremely unwilling after you died, and this unwillingness formed a strong resentment. As a result, as soon as you die, you become evil. It was you who hid your own bones in this cauldron. “

Lin Kai's words caused Cheng Xiaoyuan's face to change drastically, and the suffocation exuding all over her body became stronger and stronger.

The intensity of this evil spirit almost caught up, and the evil king in the western suburbs of the city was one-fifth of the evil spirit!

Even though it is only one-fifth, this is extremely rare for ordinary Yin Ling.

It is estimated that there are some people in the Huaxia Mansion, and it is difficult to deal with the evil Cheng Xiaoyuan in front of him.

At this time, Cheng Xiaoyuan's face became more and more ferocious, and then she showed a cruel grin: “Don't talk nonsense! Often nonsense will die in my hands!”

While talking, Cheng Xiaoyuan quickly rushed towards Lin Kai, and continued to grin sullenly: “Don't I just want to play with him? In the end, he insisted that he couldn't do this, why! Why did he reject me? Killed! I hate it!”

As Cheng Xiaoyuan was talking, blood was constantly oozing out of her hair, and then flowing on her hideous face, it became even more terrifying.

Lin Kai looked at Cheng Xiaoyuan indifferently, as he inferred, this Cheng Xiaoyuan was definitely not murdered, but rather guilty of death.

Seeing Cheng Xiaoyuan about to approach, Lin Kai casually raised a hand, directly igniting a black flame.

This black flame is very deadly for evil spirits.

Cheng Xiaoyuan was immediately banned and submerged in the spatial ring.

He still has to find Yuan Dongdong and combine his previous judgments to restore the truth.

If it is true, then he naturally cannot stay with Cheng Xiaoyuan.

Next, Lin Kai returned home. He had already booked a ticket to Shenling City tomorrow.

Early the next morning, Lin Kai went straight to Donghai International Airport.

In the airport at this time, there is a place set up by specialized aviation staff. There are rest areas, as well as working and dining areas.

A group of flight attendants have just arrived in the working dining area.

These flight attendants have just got off from a flight, and temporarily eat a few bites of food here, and in more than half an hour, they will be on the plane of the next flight.

This is the daily work of a flight attendant, which is to fly all kinds of flights everywhere.

“Shiyun, has your mother’s illness recovered? Seeing that you are so happy these days, it should be all right?”

A flight attendant spoke to a very beautiful girl.

This beautiful girl is also outstanding among so many flight attendants.

This beautiful girl is He Shiyun. The last time Lin Kai helped her heal her mother, her mother was inexplicably missing a soul. It was Lin Kai who helped her find a soul. This is good.

As a result, He Shiyun was in a very good mood these days, and he was very grateful to Lin Kai.

At this time, He Shiyun responded with a smile: “Yes, my mother is already well, thank you for your concern.”

While talking, He Shiyun sketched Lin Kai’s figure in his mind.

Soon she took out her mobile phone and clicked on the short message. This was the message Lin Kai sent to her that night.

Because in order to treat my mother’s illness, the family savings are almost spent.

Although my mother’s soul was recovered, I needed some medicinal materials, boiled the medicine every day, and treated it thoroughly, so that it would be bad if there were any sequelae.

Lin Kai also knew that the medicinal materials were still quite expensive, so he transferred a sum of money to He Shiyun, and sent this text message to her, saying that the money was enough to buy healing medicinal materials.

He Shiyun understood that Lin Kai kindly gave this money to her, but she would rely on her own efforts to return it to Lin Kai as soon as she saves it.

Every time she thought of Lin Kai, she would read this text message, and her heart warmed suddenly.

At this moment, a flight attendant said to He Shiyun, “Shiyun, I am a little uncomfortable, can you change it with you? The next flight is to Shenling, and you have to pass now.”

“OK, no problem.”

He Shiyun smiled, this kind of exchange only requires both parties to agree.

So after He Shiyun took a few bites at random, he followed a few flight attendants to prepare for the next flight.

However, after arriving in the airport lobby, He Shiyun saw a group of people, the group headed by Lin Kai.

Lin Kai not only went to Shenling City on his own, but also took Wang Dali and Li Shengxian's two people to solve the matter better.

### **Chapter 1665: Meet He Shiyun Again**

Chapter 1665: Meeting He Shiyun Again

Of course, Lin Kai didn't tell Wang Dali what happened to Cheng Xiaoyuan last night and the information he inferred.

In this case, it is best to find Yuan Dongdong and ask clearly.

When He Shiyun saw Lin Kai at this time, she was stunned, and then very happy on her face. These days, she had been dreaming about the scene of the next meeting with Lin Kai.

It never occurred to me that I could see Lin Kai in this airport lobby at this time.

Ever since, He Shiyun couldn't care about anything, and hurriedly moved towards Lin Kai.

The flight attendants next to He Shiyun were also taken aback. Seeing that He Shiyun seemed to be looking for someone, they all came forward one by one.

"Mr. Lin!"

Soon, He Shiyun came to Lin Kai's body and immediately said hello with a smile.

Lin Kai was surprised to see He Shiyun, but it was reasonable, after all, He Shiyun was a flight attendant. And here is the airport again. Although the probability of encountering is very small, it is still possible.

For He Shiyun's greeting, Lin Kai also smiled and said: "Shiyun, what a coincidence, seeing you here, how is Auntie now?"

"My mother's health is almost good. In two days, she will be able to fully recover. And she feels much healthier than before! Thank you again!"

He Shiyun was grateful again, and then curiously asked, "Are you going to the provincial capital?"

He Shiyun still hopes that Lin Kai will go to the provincial capital again. After her work today is over, she will be able to invite Lin Kai to have a meal again, or take it directly home to make a sumptuous dinner.

Her mother kept yelling too, and if she was free, she invited Lin Kai to sit at home.

But to He Shiyun, a little disappointed, Lin Kai shook his head: "This time I won't go to the provincial capital."

Before Lin Kai could continue talking, at this moment, there was a very delicate and feminine man, dressed in big brands, and at first glance he was either rich or expensive.

This delicate and feminine man hurriedly walked up to He Shiyun and said to He Shiyun: "Shiyun, it turns out that you are here. I also ran to your next flight, but I didn't expect you to change the flight again. I was thinking about the flight. In the provincial capital, I saw my aunt. I heard that my aunt's illness was also cured, but that was great."

He Shiyun glanced in disgust. This delicate and feminine man said directly: "Don't me, my family can't accommodate you as a big Buddha, so don't follow me."

This delicate and feminine man immediately said: "What are you talking about, didn't Auntie be very welcome to me before? Now I am definitely welcome. Also, I didn't follow you, I just visited my aunt. Can't it?"

He Shiyun suddenly sneered: "I'm sorry, my mother doesn't welcome you now. When my mother fell ill, you still wanted to take the opportunity to threaten me and make me your girlfriend, so you borrowed a lot of money to give me, go Treat my mother. I naturally rejected you, and then you secretly asked some doctors in the hospital to deliberately reject my mother.

Do you think I know these things? Now my mother is getting better, and you came to me again licking your face. What did you make a joke before? Did you make a joke like this? "

He Shiyun sneered. Speaking of it, this delicate and feminine man was originally arranged for a blind date at home, but she never went.

But this delicate and feminine man took the initiative to find her after seeing her photo, and then harassed her in various ways.

I often go to her house and the like.

Because this delicate and feminine man does have money at home, and he often spends money on things that her mother likes.

So before her mother, she still had a good impression of this delicate and feminine man.

It's different now. He Shiyun's mother can now see through. This delicate and feminine man just pretended to be like that before.

Coupled with the appearance of Lin Kai, He Shiyun's mother knew that Lin Kai's character would be good, so that He Shiyun was in contact with Lin Kai.

Only He Shiyun knew that Lin Kai was not an ordinary person. Although she had Lin Kai's contact information, she was a little inferior, so she had never looked for Lin Kai.

It's just that I didn't expect to meet Lin Kai at this airport today. Although he knew that the next flight was about to take off, he still ran to Lin Kai to talk.

He had a good chat with Lin Kai, but this distasteful and delicate man followed.

Thinking of this, He Shiyun opened the mouth and said: "You go as you please. Anyway, this flight I am not going to the provincial capital, but to Shenling. And my mother, I will definitely drive you out."

Lin Kai was slightly surprised when he heard He Shiyun's words: "Your flight is going to Shenling? It's really a coincidence. This time I also go to Shenling.

"Really? Mr. Lin, then let's go together!"

He Shiyun was surprised and delighted, never expected that he really had such a fate. She originally had her next flight to the provincial capital in fifty minutes.

One of her colleagues was on a flight to Shenling City in 20 minutes.

As a result, her colleague was a little uncomfortable and needed to rest there temporarily, so she switched.

Unexpectedly, this exchange was a coincidence. Lin Kai also went to Shenling City.

Ever since, Lin Kai took Wang Dali and others to the flight with He Shiyun.

That delicate and feminine man directly stopped a colleague of He Shiyun and asked, "What does that young man have to do with He Shiyun?"

The colleague of He Shiyun stared at the delicate feminine man with an idiot: "How do I know, don't stop me, I'm in a hurry."

He Shiyun's colleague ignored that delicate and feminine man.

This delicate and feminine man suddenly looked very gloomy, and then quickly threw it to the ticket office to see if the flight to Shenling was immediately set off, and whether there was a ticket.

At the beginning, there was no ticket. Fortunately, in the last ten minutes, there was a refund. This delicate and feminine man immediately bought the ticket and quickly entered, on this flight to Shenling City.

On the plane at this time.

Lin Kai several people are in first class.

The ticket was bought by Li Shengxian, and it was naturally first class.

Because this incident happened to Li Shengxian's family property, it has something to do with him. Coupled with the new company, if such problems arise, we still have to do our best to solve them.

This is just getting on the plane, so He Shiyun, as the stewardess on this flight, has to be busy for a while.

At this time, Li Ya'er, the vice president of Li Shengxian's company, looked at Lin Kai and smiled: "Mr. Lin, you are indeed a good woman. You even know these beautiful stewardesses."

Li Ya'er came not only for this time, but also had to go to Shenling City to discuss a business.

Hearing Li Ya'er's words, Lin Kai shook his head and laughed: "It's just a simple friend, but it's not that complicated."

## **Chapter 1666: Don't Do It For Nothing**

### Chapter 1666

Li Ya'er didn't say anything, but with a playful smile. As a girl, how can she not see that He Shiyun likes Lin Kai.

Of course, for a man as good as Lin Kai, she had never been impressed. But the women around Lin Kai were better than each other. She knew that she couldn't match her, and she had given up that idea long ago.

At this time, another senior of Li Shengxian's company suddenly said: "The gentle man before, seems to be Wan Jiaming, the son of Wanfucheng, I have seen him before."

"Wan Fu City?"

Lin Kai felt familiar.

Li Yaer smiled and said: "It is the boss of Fengxiang Group in Nanjiao City, but Fengxiang Group is in the middle class in Nanjiao City. It is well-known for its own medicine. However, the scope of the medicine market is still quite small. As for the scale."

When Li Ya'er said this, it is no wonder that Lin Kai felt familiar. He had heard of Fengxiang Group's CEO Wanfucheng in the hospital in Nanjiao City before.

The central hospital occasionally purchases the medicine from the Fengxiang Group, because only that group produces it, and coupled with the small market size, it keeps increasing prices.

The hospital can't help it. Fengxiang Group keeps raising prices, so the medicines they sell naturally have to rise, so they can't sell them at a loss.

The patients complained, and the hospital also had misery.

Lin Kai happened to hear that the doctors in the central hospital complained about the incident there.

At this moment, the senior of Li Shengxian Company continued: "Yes, it belongs to Fengxiang Group. Speaking of which, Fengxiang Group's boss Wanfucheng still has some skills, but his son is really a waste. Wanfucheng is still thinking about it. To train my own son and become a successor, I try to let my son manage the group for two days first.

As a result, the price of the medicine went crazy, causing no one to dare to buy the medicine, which is too expensive. Even if there are hospitals and the like to buy them, the patients cannot sell them at all. In those two days, the group suffered a direct loss of one or two billion. The angry Wanfu City was admitted to the hospital. "

Lin Kai just shook his head and laughed when he heard the high-level say so.

What surprised him was that Cao Cao had arrived. At this time, a person came in. This person was the delicate and feminine man just discussed, that is, Wan Jiaming.

However, the first-class cabin was full, and this Wan Jiaming still came in.

As soon as this Wan Jiaming came in, he walked to the side of Lin Kai, and said in a commanding tone: "I will transfer you 20,000 yuan, which is enough for you to buy first-class tickets several times. You just need to change positions with me. , My ticket is in a normal seat. You will go over now, and I will change one with you."

Because the last refunded ticket was just a normal seat.

He naturally can't sit in an ordinary seat, because it does not fit his identity. Another point is that the place where flight attendants usually rest is on the first class side.

As a result, he had to find someone to change positions.

Why did you look for Lin Kai directly? It was because Lin Kai seemed to be familiar with He Shiyun.

This, of course, drove Lin Kai away, and also showed He Shiyun, Lin Kai didn't have any money. Therefore, this Wan Jiaming resolutely paid the money and exchanged positions with Lin Kai.

Li Ya'er next to Lin Kai and the senior executives of Li Shengxian's company looked at Wan Jiaming speechlessly.

Don't say that Wan Jia is clear, even his dad would not dare to point Lin Kai like this when he came here.

Wanfu City naturally knew Lin Kai and was in awe of Lin Kai.

As a result, Wan Jiaming gave orders to Lin Kai.

And 20,000 yuan? Who do you look down on? Two hundred million can't let Lin Kai do anything.

Li Ya'er and the high-level man thought silently.

The high-level man wanted to say something to Wan Jiaming, but Lin Kai waved his hand so that the high-level man didn't need to say anything.

At this time, Lin Kai looked at Wan Jiaming and said lightly: "Sorry, I won't change positions."

When Wan Jiaming heard Lin Kai's rejection, his face was a little ugly, and then he sneered: "What? Is it too small? Then I will add another ten thousand. If you still disagree, you can give it a try. You have to consider it. Well, what's the fate of offending me!"

Lin Kai immediately looked at Wan Jiaming with great interest, with an inexplicably conceited look of superiority, and said: "Oh? Offended you? What will it end? I want to see, what will you let me end? "

Wan Jiaming's face was even more ugly. He pointed to Lin Kai and said angrily: "Okay! You will wait for me! I am on the plane now, so as not to affect the flight range of the plane, and disdain to fight with you. Waiting for Shenling City, You know what will happen if you offend me!"

Naturally, Wan Jiaming didn't dare to do anything to Lin Kai on the plane. If you really do something on the plane, you will definitely be blacklisted by the airport. If you can't get on the plane then, you will lose a lot.

He waited to go to Shenling City to give Lin Kai a lesson. Especially in front of He Shiyun, take a good lesson, let He Shiyun see, this Lin Kai is not very good, it is far from him.

Thinking of this, Wan Jiaming didn't look at Lin Kai again. Instead, he pointed at the person in the front row and said, "I'll give you 30,000 yuan and change my position."

The person in the front row is actually Wang Dali.

The first-class seats in this area are only in their early tenths.

Wang Dali was taken aback. He also knew that Lin Kai's identity would naturally not be moved by 20,000 yuan. But he was still a little excited about 30,000 yuan. Although his wife is dead, he still has parents. After he is released from prison, he has to live well for his parents. This 30,000 yuan is actually enough to slightly improve life.

However, Wang Dali looked at Lin Kai for the first time and asked Lin Kai what he meant.

Lin Kai smiled at Wang Dali: "Don't don't don't don't want 30,000 yuan, it's just a change of position anyway."

In this regard, Wang Dali directly understood Lin Kai's meaning.

Since the official take-off has not yet begun, the mobile phone has not been turned off, and there is also an internet connection.

Next, let Wan Jiaming transfer money to Wang Dali immediately. When the transfer was completed, Wang Dali went to the ordinary seat.

For Wang Dali, it is actually very profitable.

Wan Jiaming also thought that he was great, and he looked at Lin Kai with a sense of contentment.

Lin Kai couldn't help being speechless. No wonder the senior of Li Shengxian's company would say that Wan Jiaming was a waste.

I won't talk about the kind of show operation in the Fengxiang Group before, and I still don't wake up now, it still looks like that self-sufficient.

Lin Kai shook his head secretly, and didn't bother to pay attention to this Wan Jiaming.

However, the senior Li Shengxian couldn't stand it. He happened to be sitting with Wan Jiaming and told Wang Dali's identity.

After listening, Wan Jiaming's face became very embarrassed. That is not to say that he gave 30,000 yuan to Wang Dali for nothing? No wonder Lin Kai said, don't do it for nothing.

## **Chapter 1667: Conflict**

### Chapter 1667

Wan Jiaming was really about to vomit blood out of anger. He thought it would only take two or three hours to fly a province with such a distance.

Generally speaking, if it doesn't take that long, ordinary people or middle-class people will choose ordinary seats with high cost performance.

And for such a short flight, it is really rich, or some famous celebrity, for personal privacy, choose to take first class.

No matter how bad, it is also the kind of large group and large company with a bit of status, and will choose first-class, so that the company will reimburse.

Wan Jiaming thought that Lin Kai might belong to the group company, but his status is definitely not much higher. In addition, the relationship between Lin Kai and He Shiyun is very unusual.

He just went to Lin Kai directly, paid the money and exchanged positions with Lin Kai, he stayed in the first class and let Lin Kai go to the ordinary seat.

Regardless of Lin Kai's status and status, as long as Lin Kai goes to an ordinary seat, his money will be very worthwhile.

Because if He Shiyun saw it, he must be in the impression that he had more financial resources than Lin Kai's.

And this is the first-class cabin, so you can get in touch with He Shiyun better.

Unfortunately, Lin Kai refused his request.

In fact, this is fine, he just keeps looking for another person.

After all, this first-class cabin is basically either rich or expensive, or has a certain status.

The reason why he chose Lin Kai's front row, Wang Dali's position, was because he could observe better on the plane. Lin meeting and He Shiyun, are there any intimate conversations?

The most important thing is that, like this, he lets a first-class person change positions at will. In front of He Shiyun, he can prove his wealth.

As a result, he was told that the person who changed positions with him was a person who had just been released from prison, and the conditions at home were a bit poor.

How can such a person who is not rich or expensive, or who has status, bring out his financial resources?

Obviously it is to send money to Wang Dali!

After all, for Wang Dali, it doesn't matter whether he takes this first class or not. In Wang Dali's eyes, there is no difference between first class and ordinary seats.

So Wan Jiaming learned that Wang Dali's true identity, and then remembered what Lin Kai said, don't do it for nothing, it really almost vomited blood!

Although he is not bad for money, this kind of free money is still very frustrated!

What made him even more depressed was that Lin Kai obviously knew Wang Dali. And the person sitting next to him also knew Wang Dali.

It is very possible that He Shiyun also knows the identity of Wang Dali.

If He Shiyun knew that he spent tens of thousands of dollars to change seats with Wang Dali, it would not show his ability at all!

It's a blood loss!

Wan Jiaming thought with an extremely gloomy expression.

At this moment, the plane officially took off and started to go to Shenling City.

It didn't take long before He Shiyun was finished. Basically, the stewardess prepares the things on the plane in advance, and when the passengers board the plane, they need to be busy for a while, and then there is nothing to do.

Of course, if the passengers on the plane have any needs, they will be there on call through the button on the seat.

However, there are often several flight attendants on a flight.

In addition, this is a short-haul flight, which takes about three hours.

Generally speaking, it is not very busy.

The rest area of the stewardess is in the first class.

Therefore, many wealthy people meet flight attendants in first class and then make appointments for fun.

Many flight attendants can't resist this kind of money. After all, working every day and encountering such a rich, it is still difficult to resist the temptation.

That is why this profession is so messy.

He Shiyun is the clear stream inside, and there are many people like He Shiyun who really love this industry and are not tempted by rich people.

At this time, He Shiyun had finished his work and returned to this first-class cabin.

When she first came, she looked at Lin Kai, Qiao's face was still very happy, at least she could stay with Lin Kai for a few hours on the plane.

Unexpectedly, Yu Guang couldn't help but glanced at Lin Kai's front row, and found Wan Jiaming looking at her.

He Shiyun suddenly couldn't help it, his face was a little ugly, and said to Wan Jiaming, "Are you following me?"

Wan Jiaming had a thick-skinned face. While bringing the safety down, he walked towards He Shiyun and said with a smile: "Shiyun, how can you say that. But I have a problem and I want to talk to you alone. "

Wan Jiaming said, trying to pull He Shiyun.

Naturally, He Shiyun refused to let Wan Jiaming be pulled. She backed away quickly, then looked at Wan Jiaming coldly, and said coldly, "What are you doing!"

Lin Kaizi wouldn't stand by, but looked at Wan Jiaming indifferently and said, "Wan Jiaming, right? How did your family teach you? You don't have any upbringing, so just talk, don't harass me. "

Wan Jiaming was very angry in an instant. If others say that to him, he is not angry. The most is to use money to smash the past, let the opposite party kneel down and kowtow to admit his mistake, so that he can achieve his very accomplished goal.

But now the situation is different, this is in front of He Shiyun, he was said by a young boy.

Wan Jiaming got angry directly, and roared towards Lin Kai: "Boy! You have something to say again! Do you dare to deal with Ben Shao's things? Believe it or not, I will give you a look now, no more Wait until Shenling District!"

He naturally wants to spend a lot of money to go to the people in the ordinary seats to teach Lin Kai! Anyway, what he has is money. In his opinion, he can do everything with money!

Before Lin Kai could say anything, He Shiyun also scolded Wan Jiaming angrily: "Wan Jiaming, please pay attention! This is on a plane! Besides, I think Mr. Lin has nothing wrong with it, it is your own problem! Don't think that if you have a few stinky money, you will make yourself, and the world is invincible!"

He Shiyun was also really angry. He finally had a chance to get along with Lin Kai, but he was destroyed by Wan Jiaming in this way. Even said that to Lin Kai.

Of course she was angry, defending Lin Kai.

At this moment, Lin Kai smiled, waved his hand, and said: "Shiyun, you should go to rest first, just ignore him, just ignore him."

When Wan Jiaming heard Lin Kai's words, he was furious again. Where did he go and the people around him, who was not respectful to him?

But now, this kid in front of him didn't have the kind of respectful attitude towards him, and he made He Shiyun ignore him!

This is simply not to put him in the eye!

Therefore, Wan Jiaming said to Lin Kai ruthlessly: "Boy! Good! You succeeded in arousing my anger! You still don't know the identity of Ben Shao? If you know the identity of Ben Shao, you will definitely be scared to death! "

### **Chapter 1668: Those Who Don't Know Are Fearless**

Chapter 1668

"Scared me?"

There was a playful smile on Lin Kai's mouth.

Not to mention Li Ya'er and the senior executives of Li Shengxian's company, even He Shiyun felt that Wan Jiaming's words were too ridiculous.

Although He Shiyun didn't know Lin Kai's true identity.

But thanks to Lin Kai's great strength and the accident on the last flight, it was only because Lin Kai was involved that everyone on the plane, all in and out, had to block the news from being exposed.

It was not that he was afraid of media reports, but that he was afraid of exposing Lin Kaizi.

It can be seen that Lin Kai's identity is very unusual.

Li Ya'er and the senior executives of Li Shengxian's company knew Lin Kai's identity thoroughly, which made them even more ridiculous.

Even if it was Wan Jiaming's father Wan Fucheng who came here, he probably wanted to shoot his ineffective son to death, and then madly apologized to Lin Kai.

The Fengxiang Group has specialty medicines, but its market share is not large, and it mainly relies on other industries. As for other industries, Lin Kai is in the East China Sea, occupying large joint stock companies as partners.

In other words, the lifeblood of Fengxiang Group's money is actually based on Lin Kai's face.

It was too late for Wanfucheng to use Lin Kai as an ancestor offering.

But now, this Wan Jiaming doesn't know how high the sky is, and keeps clamoring.

At this time, Wan Jiaming saw Lin Kai and He Shiyun, including the people in his seat, calmed down and looked at him, thinking that what he said was effective.

Wan Jiaming was overjoyed, and continued to yell at Lin Kai: "Hurry up and kneel down and beg for mercy! Otherwise, when you get off the plane and arrive in Shenling City, you can only lie down in the hospital in your life! Earlier, I was thinking about it. , Seeing Shiyun's face, just give you a clamor, break a hand or a foot, etc.

At most, stay in the hospital for a few months, but you still dare to offend Ben Shao! If you don't kneel down and beg for mercy, when you go to Shenling City, I will find someone to make you half disabled! "

Naturally, Wan Jiaming didn't dare to find someone to teach Lin Kai on the plane. That would be a must.

Therefore, I can only threaten Lin Kai here first and let Lin Kai kneel down and beg for mercy for him.

This is also to let He Shiyun see that his status and status are better than the kid in front of him.

In his opinion, Lin Kai didn't look like a rich man in terms of clothes, dress, or temperament. It is even more impossible to have rights, and Lin Kai's identity is determined to be very general.

Lin Kai smiled at this time: "It seems that you have taught many people before."

Wan Jiaming thought that Lin Kai had taken the film, and suddenly said with a complacent expression: "Of course! You don't look at it, what kind of identity is this young man! Let me put it this way, Ben young man wants someone to lie on his stomach, and he has to lie on his stomach too! Just stand! Otherwise, you have to lie down in the hospital! So, you can figure it out now! If you kneel down and beg for mercy, this young master won't care about you."

Naturally, Wan Jiaming was talking big, but he also wanted to scare Lin Kai and make him kneel down and beg for mercy.

Lin Kai couldn't help looking at Li Ya'er, and said with a smile: "Shengxian's company, isn't it that Shengxian's company is also tinkering with new drugs recently. It was originally handed over to someone else to act as an agent, but it seems that something unexpected happened and is currently reassessing. If I really put the position of that group on such a person, I don't think there is any need for evaluation."

Li Ya'er responded with a smile: "Indeed, but President Lin, but I heard that the group was prepared to let this waste material inherit, but it was too waste material. There happened to be an illegitimate child, who had good abilities and was ready to let the illegitimate child succeed. of."

"Oh? The \*\*\*\* succeeded? If the \*\*\*\* succeeded, doesn't it mean that this waste material will have no status at all?" Lin Kai asked curiously.

In fact, the group Lin Kai said was Fengxiang Group.

Recently, Li Shengxian's company recruited a medical postdoc, and then led a team to research a new drug.

This drug is similar to that of the Fengxiang Group, but has a very wide market share.

Li Shengxian's company originally didn't want to do this, but the task given above has arranged top medical talents here, and can only arrange this aspect.

Therefore, Li Shengxian turned to Fengxiang Group for cooperation.

Wanfucheng, the boss of the Fengxiang Group, is of course 10,000 people happy.

However, Li Shengxian also asked Wanfucheng not to increase the price of medicines, just the normal cost price.

Wanfucheng naturally agreed. With the cooperation of companies like Li Shengxian, even the normal cost price can make a lot of money.

But a few days ago, because Wan Fu City wanted Wan Jiaming to inherit the position of chairman of Fengxiang Group, it managed it for two days. The result was a mess.

Li Shengxian has to reassess whether Fengxiang Group has the ability to cooperate.

This is also one of the reasons why Wanfu City is very disappointed with Wan Jiaming. Afterwards, Wanfucheng promised Li Shengxian that he would not let his wasteful son inherit the position of chairman of Fengxiang Group.

Instead, I said, let an illegitimate child inherit the chairmanship. The illegitimate child has actually been arranged to the Fengxiang Group and climbed up step by step, and his ability is still very good.

The reason why Li Ya'er and the Li Shengxian company executives knew about Wan Jiaming's affairs so clearly was precisely because Fengxiang Group made such a thing that they knew Wan Jiaming's waste material.

As for how Lin Kai knew, when the plane just took off, Li Yaer seemed to remember something, and whispered to Lin Kai in the back row, Wan Jiaming couldn't hear it.

At this time, Li Ya'er smiled and said: "Yes, all the \*\*\*\* have inherited the position. It is conceivable how disappointed it is to be a father to relatives. I guess I can't wait for you to teach you a lesson."

When Wan Jiaming heard what Lin Kai and Li Ya'er said, he didn't understand at all. What the two were talking about, but always felt that what they said made him feel uncomfortable in his heart?

Wan Jiaming suddenly sneered: "What are you two whispering about? There are so many people, who really are you?"

Li Ya'er couldn't help but jokingly laughed and said, "It's really fearless for those who don't know, even President Lin doesn't know who. Your father, is Wanfucheng, right?"

Wan Jiaming didn't notice Li Ya'er's playful abuse, but he was quite contented and laughed: "So in this first-class cabin, there is still vision! That's right! My father is Wanfu City! You should be right. This Lin Kai is very familiar, you should tell him clearly, what is the identity of the young master!

Let him quickly kneel down to beg Ben Shao for mercy, so as not to wait for him to feel good when he gets to Shenling City! Now that you know who I am, you also know that what I said must be true. "

Wan Jiaming sneered again and again. Since there is someone who knows his identity, it would be better to handle it. As long as Li Ya'er tells Lin Kai his identity, then Lin Kai is absolutely scared to kneel down and beg for mercy!

### **Chapter 1669: Bullying**

#### Chapter 1669

Li Ya'er was speechless at this time, she had already said that the unknown was fearless, and that even Lin Kai didn't know who.

I didn't even hear such explicit words.

This Wan Jiaming only remembered her last sentence.

Who blamed myself for doing this.

Therefore, Li Ya'er looked at Wan Jiaming with an idiotic look, and was too lazy to pay attention to anything. Anyway, it was not a matter of minutes for Lin Kai to solve this Wan Jiaming.

However, the senior of Li Shengxian's company was also very speechless to Wan Jiaming, and looked at Wan Jiaming with an idiotic look.

But he still couldn't help it, and said to Wan Jiaming, "Wan Jiaming, anyhow, you and I have met once, your memory is so bad?"

Hearing these words from the senior executive of Li Shengxian's company, Wan Jiaming couldn't help being a little confused, and then he looked at the senior executive carefully, which was indeed familiar, but he still remembered it too clearly.

The senior of Li Shengxian's company spoke again: "Last time at the Donghai International Hotel's banquet, your father was sitting next to me, and you were standing behind your father..."

Before the senior executive could finish speaking, Wan Jiaming's eyes widened: "You, are you Duan President?"

"Finally remembered."

The senior shook his head, looking hopeless.

If Wan Jiaming remembered him, he would not be so stupid.

Sure enough, Wan Jiaming is now snorting coldly on his head. He knows that this paragraph belongs to the senior of Li Shengxian's company.

Although he was only a high-level person, his father had to shout Duan Zong politely at the banquet.

And this President Duan yelled Lin Kailin very respectfully...

So... the identity of Lin Kai?

In an instant, Wan Jiaming didn't dare to think about it, and at the same time he was frightened.

Especially when he recalled the conversation between Li Ya'er and Lin Kai just now, doesn't that group refer to his family's Fengxiang group?

Isn't the waste material he is talking about? Although he didn't want to admit this waste material, he did commit a great stupid thing a few days ago. He was taught by his father for days and nights, and finally his father went to the hospital angrily. It is enough to show that he committed some stupid things. How big.

He also knew that his own Fengxiang Group would cooperate with Li Shengxian Company.

Li Shengxian's company reassessed whether to cooperate with Fengxiang Group is also due to his operations a few days ago.

He thought that the previous was nothing, after all, he had already done it, so he did it. This doesn't change much, anyway, it's just a loss of 100 million, which can be earned back in a month.

What's more, Li Shengxian Company reassessed and did not give up cooperation, indicating that it is still very possible to choose them. His family's Fengxiang Group still has many channels in this regard, so it will definitely choose.

Therefore, Wan Jiaming didn't care about the previous words.

But the key is in the back!

His father wants to inherit the position of chairman of Fengxiang Group to his illegitimate son?

Wan Jiaming also knew the existence of the illegitimate child, and also knew that the illegitimate child had been working in the group.

But it didn't feel much. After all, he was just an illegitimate child and couldn't make it to the table.

In the end, the position of the chairman of the board is not his. How can I say that he is really close.

However, now his father actually gave the position of chairman of Fengxiang Group to his illegitimate son?

This also shows that his father completely abandoned him!

Then, everything in the Fengxiang Group has nothing to do with him!

There is only one group in his family, not a big family, just an ordinary family.

The main reason was that his father started the group when he caught up.

So relying on this Fengxiang Group, there is no other income.

“Then after me, I can’t take money from Fengxiang Group?”

At the thought of this, Wan Jiaming’s face paled, let alone taking the money, he would have to make his own living expenses in the future.

He thumped and knelt on the ground without hesitation, and then kept begging Lin Kai: “Mr. Lin! Mr. Lin! It’s a kid with no eyes! I know it’s wrong! I know it’s wrong! Please, tell my father, Don’t let that \*\*\*\* inherit the chairman of Fengxiang Group! Just say, I have corrected it, and I will definitely change it!”

Wan Jiaming was crying bitterly while talking. How can he dare to be dignified, let alone think of teaching Lin Kai.

No matter how stupid he was, he knew that Lin Kai’s identity was very unusual, and even his father was polite to President Duan. But this President Duan was not just polite to Lin Kai, but more like the kind of respect of his subordinates, shouting Lin Kailin.

It also means that Lin Kai’s identity is stronger than Duan Zong’s, and even stronger than his father’s identity.

Such a person, how dare he offend him, now he keeps begging Lin Kai for mercy.

Not long ago, he yelled at Lin Kai and asked Lin Kai to kneel down and beg for mercy. Now that he learned a little bit of information from Lin Kai, Lin Kai didn’t say anything, so he knelt down to Lin Kai and begged for mercy.

Naturally, Lin Kai couldn’t deal with this kind of typical bullying and fear of hardship.

He Shiyun even ignored this, but clapped his hands in applause. After all, this kind of bullying is afraid of hard work, and the rich don’t know how many people they want to bully. If you have no money, just wait for the suffering in the world!

And this way, she won’t be disturbed in the future.

As for Li Ya’er and the senior manager of Li Shengxian’s company, it is even more impossible to talk to Wan Jiaming.

Let Wan Jiaming beg for mercy, and no one would care about him.

However, when Wan Jiaming saw that he had no one to answer, he stood up with a grim expression and went to attack Lin Kai. His hatred, why didn’t he hate Lin Kai for not helping himself, and also pushing all the resentment on Lin Kai.

Thinking, even if I am miserable in the future, I will not let you feel better.

It is a pity that Lin Kai flicked with his hand lightly, and he bounced Wan Jiaming into the air and fell heavily to the ground. No one sympathized with what Wan Jiaming said, because he felt that he deserved it and played well.

There are people making trouble here, and making trouble on the plane is not just for fun. Afterwards, the police on the plane took Wan Jiaming away. Lin Kai was naturally fine, it was Wan Jiaming who took the initiative to attack.

Besides, most of the staff on this flight were the last time. At the moment when there was a crisis on the flight, Lin Kai stood up and solved it.

Most of the staff still knew Lin Kai and were very respectful of Lin Kai, and they all felt that Wan Jiaming deserved it.

Wan Jiaming was taken away like this, and the first-class cabin was also clean.

When He Shiyun was resting, he would come to Lin Kai to chat when he was free.

The management staff on the plane saw that He Shiyun and Lin Kai had a very good relationship, so they allowed He Shiyun to sit there and rest all the time.

Ever since, He Shiyun sat next to Lin Kai.

Originally, Li Yaer was sitting next to Lin Kai. Li Yaer took the initiative to give up his position, talking and laughing along the way.

## **Chapter 1670: A Bunch Of Waste**

### Chapter 1670

In this atmosphere, at noon, I happened to arrive in Shenling City.

Lin Kai is not familiar with Shenling City.

It was He Shiyun, who often ran back and forth in the nearby provinces.

In addition, Shenling City is a famous tourist city, so He Shiyun also likes to travel here.

After He Shiyun finished this flight, he had to return to the provincial capital again before his work was over.

However, she took the time off and can take a holiday in advance. Mainly the return flight, but also a short distance, no need for her to do anything.

Therefore, He Shiyun can stay in Shenling City for a day or two. She is also familiar with Shenling City, so she will act as a personal guide for Lin Kai here.

This was said on the plane, and Lin Kai was very happy that He Shiyun was familiar with Shenling City, so he would be a guide.

After all, I came to Shenling City to find someone, and it was nice to have He Shiyun by his side.

So when he got off the plane, He Shiyun changed into the flight attendant costume and left with Lin Kai.

As for Wan Jiaming, because he was not on the plane, he made too much action, so he was only taken away on the plane for criticism and education, and then released.

Wan Jiaming also got off the plane, and when he saw He Shiyun following Lin Kai, he was still talking and laughing. Thinking about himself again, he immediately lost his status as a group leader, his face was very ugly.

Then he looked at Lin Kai's leaving back, a flash of resentment in his eyes.

At this moment.

He Shiyun was next to Lin Kai and asked with a smile, "Mr. Lin, where are you going? Or, what are you going to do here, so I can plan for you."

As Lin Kai's personal guide, she certainly did her best.

What's more, this is also He Shiyun, who is extremely happy to be with Lin Kai, she is already very happy.

At this moment, Lin Kai felt something. As he walked forward, he smiled and said, "I haven't thought about it yet. I'll talk about it when I get out of the airport."

Li Ya'er, the senior of Li Shengxian's company, and Wang Dali also followed.

But the three people didn't perceive anything.

In this way, a group of people walked out of the Shenling International Airport in a short time.

Moreover, Lin Kai deliberately took a few people and walked towards a more remote place outside the airport.

The airport is basically built in a remote place like the suburbs. Therefore, around the airport, in general, except for taxis, it is quite deserted.

Lin Kai led the way and came to a place with little traffic.

Although He Shiyun, Li Ya'er and others were puzzled as to why Lin Kai went to such a remote place, they trusted Lin Kai very much, what was wrong with Lin Kai.

Until there is no traffic flow, let alone people. Suddenly, ten or twenty strong men appeared, and directly surrounded Lin Kai and several people.

The leading man with a cigarette \*\*\*\* sneered towards Lin Kai and said with a sneer: "Abandon these men, let them lie in the hospital for more than half a year! As for the women, they are all taken away.!"

Along with the words of this big man with a cigarette butt, the group of big men behind him, all holding sticks and the like, are coming towards Lin Kai.

He Shiyun had indeed seen Lin Kai's skill, but that time it was only Lin Kai, facing a person.

Now there are ten or twenty big guys holding guys. Naturally, Lin Kai was not enough to face these twenty people.

As a result, she was shocked, and while taking the initiative to hold Lin Kai's hand, she wanted to pull Lin Kai away. Then there was a worried expression on Qiao's face: "Mr. Lin, let's run back. This group of people is simply lawless, and they dare to do this in broad daylight!"

However, He Shiyun did not pull Lin Kai. Lin Kai gave He Shiyun a reassuring look, and then smiled slightly: "Shiyun, look at it, we will be fine."

He Shiyun was inexplicably relieved when he heard Lin Kai's words, he let go of Lin Kai's hand, and stood quietly next to Lin Kai.

In fact, besides He Shiyun, Li Yaer and the senior executive of Li Shengxian's company are also very relieved.

Both Li Ya'er and the senior of Li Shengxian's company have seen Lin Kai make a shot in person.

After all, they are all with Li Shengxian, all in the East China Sea.

The Leiyuan Group with Lin Yuan in the East China Sea often makes trouble, and the two naturally have the opportunity to see Lin Kai's true skills.

As a result, when these twenty big men appeared, the two of them calmed down instantly. At the same time, it suddenly dawned on him, no wonder Lin Shanxi came here.

At present, only Wang Dali has a look of fear, and he secretly said that it is going to be over.

Just when Wang Dali thought so, the group of ten or twenty big men rushed over.

Lin Kai raised his eyelids slightly, and quickly solved the twenty big men with ease.

It was only a few breaths from Lin Kai's shot to the time when these big men fell to the ground and screamed.

Wang Dali was just thinking about it, and it's over. But after a few blinks, I saw the ten or twenty big men, and they were solved by Lin Kai.

Especially those ten or twenty big men fell to the ground and lost their combat effectiveness, leaving Wang Dali dumbfounded.

He Shiyun was the same. Even if he knew that Lin Kai could fight, he just felt relieved, thinking that Lin Kai had any other way. After all, there were too many people.

What she didn't expect was that Lin Kai's ability to fight far exceeded her imagination.

Only Li Ya'er, and the high-level executive of the company next to Li Shengxian, looked unpleasant.

Compared with the scenes that the two had seen before, this one still seemed a little insufficient.

At this time, Li Ya'er said coldly to the leading smoker, "Who sent you?"

I have to say that this big smoker is still a bit capable. At least the cigarette that Lin Kai fell to the ground with his mouth in his mouth did not fall.

Before the big smoker could answer, Lin Kai couldn't help but glanced to the far back, behind a stone pillar, and said faintly: "This group of trash, without even thinking about it, was called by Wan Jiaming. Give Wan a call. Fucheng, this Wan Jiaming will naturally come to us."

When Lin Kai said this, everyone was stunned. No wonder this happened when I got off the plane.

Ever since, the senior of Li Shengxian's company began to call Wanfucheng.

At this time, Lin Kai also called someone, and that was An Xiaoran's grandfather An Huarui.

The location of the Anhuarui Association is here in Shenling City.

It's also a coincidence that Li Ya'er represented Li Shengxian's company this time and talked with Anwari's association.

An Xiaoran knew that Lin Kai and Li Shengxian belonged to the company.

An Xiaoran also accidentally heard from his grandfather that someone from Li Shengxian's company would come, and later learned that Lin Kai would also come.
