Chapter 1681: Shenling Zhao Family

Chapter 1681

And in the Treasure Pavilion.

The white-bearded old man, the beautiful woman, and the handsome man saw that Lin Kai was directly surrounded by thirty or forty people, all of them looked worried.

After all, there are dozens of people, not just a few people.

And the group of people seemed to be professional thugs, all of them strong.

Just the next moment, everyone was stunned.

Lin Kai's figure was like a breeze, the one who walked easily among the thirty or forty people.

Every time you come to someone, there will be a puff.

One person flew out, then fell heavily to the ground.

Several people almost ran into the Treasure Pavilion on the shelf where antiques were displayed.

The boss of Treasure Pavilion looked at it with a fright, but now that Lin Kai is so brave, he naturally dare not say anything.

Less than half a minute later, all the thirty or forty people fell to the ground, screaming painfully, unable to stand up.

After finishing this, Lin Kai said to the old man with white beard: "Goodbye, everyone, these people have been chasing me, so we can't stay here for long, Shiyun, let's go."

At this moment, He Shiyun didn't have any surprised expression on her face, she was used to Lin Kai being so powerful. Now when she thinks of outside the airport, it is no wonder that Li Ya'er and the senior executives of Li Shengxian's company also have a calm look. They already know Lin Kai's skills, which can be described as terrifying.

He Shiyun quickly walked to Lin Kai's side.

Just as he was about to leave, the handsome man couldn't help but said to Lin Kai: "Brother, do you offend someone? You can talk about it, maybe we can help you solve it. Let's say that in this Shenling City, we The Zhao family still has a bit of face. So tell us, we will help you settle things."

The beautiful woman also immediately said: "Yes, in Shenling City, our Zhao family dare not say first, but at least it is also a force that can squeeze into the top three. Brother, you have helped my grandpa so that my grandpa has no Go and buy that ominous thing, just when you say it, we will settle it for you and give back a favor."

The boss of Zhenbao Pavilion heard the words of the two and said in surprise: "You belong to the Zhao family of Shenling? This old gentleman, is it the old Mr. Zhao Fusheng of the Zhao family?"

The old man with white beard smiled: "Exactly."

The owner of Jumbo Pavilion was startled, and cold sweat began to erupt on his head. Without thinking about it, he respectfully said to the old man with white beard: "The little one doesn't know Taishan. I didn't see that it was Mr. Zhao. Offend! How offended!"

Lin Kai suddenly became interested: "Is the position of the Shenling Zhao family in Shenling very high?"

He really didn't know what powers there were in Shenling City, but he didn't care about them.

Only know that the hidden family that cooperates with Lin Yuan is hidden within the scope of Shenling City. Of course, it is not in the urban area, but in a certain mountain in Shenling Mountain.

The reason why Shenling Mountain is called Shenling Mountain is because there are indeed many mountains here. All kinds of mountains are collectively called Shenling Mountain.

Hearing what Lin Kai said at this time, the white-bearded old man smiled: "The status is not that high, but brother, if you encounter any trouble, you can tell me that if you can help you solve it, there is still no problem."

That's what he said, but his tone was still full of confidence.

The boss of Treasure Pavilion could not help but open up to Lin: "The little brother is from a province, Zhao Cunfeng, the current owner of the Zhao family in Shenling, is the richest person in our province. The old man belongs to Zhao Cunfeng. Father. It can be said that the Zhao Family of Shenling, let alone Shenling, has an insignificant position in the entire province."

Lin Kai nodded secretly when he heard this. He hadn't heard of the Zhao Family in Shenling, but he had heard of Zhao Cunfeng.

The main thing is An Xiaoran's grandfather, who explained that he ate dinner with Shenling, including some people in this province. I mentioned a few words.

But Lin Kai didn't care.

He shook his head and smiled: "Thank you for your kindness."

The handsome man thought that Lin Kai felt that they were unfair, so he continued: "Brother, don't worry, as long as you are within the scope of Shenling, everything can be settled."

Lin Kai had intended to continue to decline, but suddenly a smile appeared on the corner of his mouth, and he smiled: "People are here, but I don't know who is. If you can settle it, it will be better. If it can't be settled, I will do it myself. "

This handsome man was named Zhao Wuhao. Hearing Lin Kai's words, he was a little dissatisfied and hummed, "In Shenling, there is nothing that can't be settled. I want to see who is here."

As he was talking, a dozen or twenty people walked through the door of the treasure pavilion.

The one headed was the young man who was in the negative test, and behind him was Wan Jiaming. In the back, there were ten or twenty people, with a strong momentum.

Obviously, these twenty people are stronger than the dozens before.

The young man in the dark test had already seen outside the door, and dozens of his subordinates were lying on the ground, losing their combat effectiveness, and his face was immediately embarrassed.

The young man in the negative test immediately shouted: "Do it! I don't believe this kid, he can really fight so much!"

After speaking, the aura of the ten or twenty people strengthened.

But before a dozen or so people rushed in, Zhao Wuhao yelled at the young man who was under test: "Wu Qilang! You are presumptuous!"

The young man, Wu Qilang, and Wan Jiaming next to him heard Zhao Wuhao say that.

Suddenly, Wan Jiaming smiled and said: "Angkor, I think this person who just called your name seems to be very arrogant, or let that person get involved together."

Wu Qilang's attention was actually always on Lin Kai. Because Lin Kai had already abolished most of his subordinates.

He finally spent money to raise such a group of subordinates, but was so dismissed by Lin Kai, he was naturally angry.

Originally thought that this group of people could be enough to deal with Lin Kai, who would have thought it would be like this.

As a result, Wu Qilang also hated Lin Kai very much, so he turned his attention to Lin Kai.

Now he heard a voice, calling his name directly, he was a little strange. Then he heard what Wan Jiaming said again, and he couldn't help but look at Zhao Wuhao.

Suddenly, Wu Qilang's expression on his face was wonderful, and then under Wan Jiaming's stunned gaze, Wu Qilang slapped Wan Jiaming's face fiercely, and then yelled, "Shut up, I! You know Who is he? Just yell here! He is the young master of the Zhao family!"

Wan Jiaming was a little dumbfounded by Wu Qilang's slap, and his heart was greatly disturbed. Then he asked very cautiously: "Young master of the Zhao family? Which Zhao family is it?"

Chapter 1682: Did I Let You Go?

Chapter 1682 Did I Let You Go?

Wu Qilang became even more angry, and immediately shouted, "Have you forgotten where you are? You thought you were in Shenling, but you still think you are a young master? Just your little place, in this Shenling. , It's nothing at all! The Zhao family I'm talking about is naturally the Shenling Zhao family!"

When he heard Wu Qilang's words, Wan Jiaming was shocked again. He had naturally heard of the Zhao family in Shenling. Not to mention his small local group, even the largest group in the provincial capital, it may not be comparable to the Zhao family in Shenling!

His father Wanfucheng is not even a fart in front of Zhao's family in Shenling!

He even said before that he wants to teach the Zhao family's young master together. Isn't he owing it?

Wan Jiaming was so frightened that he burst into a cold sweat, and regretted it even more. His father's presence in front of the Zhao family was nothing. He believed that even Lin Kai would not dare to be in front of the Zhao family's master. same.

Therefore, Wan Jiaming anxiously bowed and said: "Master Zhao! Master Zhao! It was me who was outspoken and unintentionally offended. I am sorry! I am sorry!"

Zhao Wuhao immediately waved his hand and said, "If you apologize, you don't need to say anything. I just want to ask you, do you have any hatred with him?"

Zhao Wuhao said, pointing to Lin Kai.

Wu Qilang felt bad at once, and did not directly respond to Zhao Wuhao, but cautiously said, "Excuse me, Master Zhao, do you know him?"

Nothing else is the point, only this is the point.

Wan Jiaming gave him a large sum of money, and this large sum of money, even he was not short of money.

That's why Wu Qilang was so bold, with a group of subordinates, directly in broad daylight, starting to attack Lin.

It just never occurred to him that not only did he fail to teach Lin Kai, but Lin Kai dismissed dozens of his subordinates.

He is no longer innocent now. He is going to teach Lin Kai for Wan Jiaming's large sum of money, and now he is also trying to get his face back. Otherwise, if he was known, he took a group of people to teach a kid, but was killed, if it was spread, his reputation would not be good.

Nowadays, I never imagined that if you walk into an antique shop at will, you can meet the young master of the Zhao family in Shenling.

And it seemed that the young master of the Zhao family in Shenling seemed to know Lin Kai.

If he really knew him, Wu Qilang would naturally not dare to move Lin Kai. For that money, it is not worth offending the young master of the Zhao family in Shenling.

His circle is in Shenling City. If he offends the young master of the Zhao family in Shenling, he will definitely not have a good life, and the loss will only be greater then.

But Wu Qilang was still unwilling, so he had to tentatively ask Zhao Wuhao.

At this time, Zhao Wuhao said indifferently: "He counts, he is my grandfather's benefactor, do you know him?"

Hearing these words, Wu Qilang noticed the old man with white beard behind Zhao Wuhao, and was shocked instantly. He never dreamed that the old man of the Zhao family was here!

Immediately, Wu Qilang gave up teaching Lin Kai, but bowed his head and said, "Master Zhao, I'm sorry! I'm sorry! I didn't think that he was your old benefactor, but there is no contradiction with him, so I apologize to him! "

When Wu Qilang spoke, let alone the cold sweat on his forehead, there was a chill on the whole back, so dare the benefactor of the Zhao family dare to provoke him? Isn't this looking for a dead end?

Fortunately, there was a possibility of redemption. He immediately turned to Lin Kai and bowed and apologized: "This little brother, I'm really sorry, I also receive Wan Jiaming's money, so I can do it to you. Now, I also and Wan Jiaming There is no connection! This little brother, how offended just now! Please forgive me!"

When he heard Wu Qilang's words, Wan Jiaming was the first to change his complexion and then, without knowing where he came from, shouted at Wu Qilang: "Wu Qilang! You have accepted everything, I have such a large sum of money. , But you temporarily changed your mind! How can you be like this! Otherwise, you will return the money to me!"

Wan Jiaming is really embarrassed now, and Lin Kai has completely offended him.

He is currently the only one relying on Wu Qilang, and now he is directly against the water, which makes Wan Jiaming angry and anxious.

Wu Qilang suddenly yelled: "Wan Jiaming, for the little money you paid, dozens of my subordinates have become like that. Your little money and their treatment fees may not be enough! You want to refund the money instead? Tell you, it would be nice if I didn't ask you for money!"

In fact, he naturally couldn't give these money to his group of men for treatment.

But he took all the money and it was impossible to spit it out.

Therefore, Wu Qilang turned towards Zhao Wuhao and Father Zhao family, holding a fist and respectfully said: "Master Zhao, Father Zhao, Qilang, I have other things, so I retired. When Father Zhao has a happy birthday, he will definitely give it away. A big gift, personally come to apologize!"

After speaking, Wu Qilang escaped from the famine without waiting for others to say anything. With a group of his men, he hurried out of the Treasure Pavilion, for fear that the Zhao family would blame it.

The most important thing is that Lin Kai is the benefactor of Zhao Fusheng, the old man of the Zhao family. This name is very scary!

When Wan Jiaming saw this scene, his face was ugly to the extreme, he secretly turned around, trying to get into the team of Wu Qilang's men, and then walked with him.

However, how could Lin Kai allow Wan Jiaming to leave so easily, and he said indifferently, "Wan Jiaming, did I let you go?"

Wan Jiaming has seen that Lin Kai's strength, hitting dozens of people by one person is nothing to say, it is still so easy.

If Wan Jiaming had known that Lin Kai was so good at the beginning, he would no longer bother Lin Kai.

Originally, the final hope fell on Wu Qilang. Those ten or twenty seem to be extraordinary subordinates, hoping to win against Lin Kai.

Unexpectedly, he was stopped by the Zhao family of Shenling without even starting to do it.

Not only was he prevented, but he was even sold by Wu Qilang. He really lost his wife and broke down.

Hearing what Lin Kai said at this time, although he wanted to leave directly, he also understood that he really wanted to leave like this.

Lin Kai will definitely catch up with him, so what awaits him will be a terrible end.

So Wan Jiaming turned around, looked at Lin Kai, and promised: "Lin Kai, I'm sorry. I promise that I won't target you again! Really guarantee!"

Wan Jia was clearly afraid. He shot Lin Kai repeatedly, but every time he was severely taught by Lin Kai.

In addition, the large sum of money he withdrew from the bank card could be said to have been given to Wu Qilang for nothing, and he had no such ability. Then he would invite some more powerful master to teach Lin Kai.

On the contrary, Zhao Fusheng, the old man of the Zhao family, as well as Zhao Wuhao and the beautiful woman, were all taken aback when they heard what Wan Jiaming said.

Chapter 1683: Test

Chapter 1683

It was not what Wan Jiaming said, but Wan Jiaming called Lin Kai's name.

"Lin Kai?"

Whether it was Zhao Fusheng, or Zhao Wuhao and the beautiful woman Zhao Lingjing, they seemed very surprised by this name.

Especially Zhao Fusheng couldn't help but asked Lin Kai: "Excuse me, brother, are you Lin Kai from the East China Sea?"

Lin Kai nodded, and he was not surprised that Zhao Fusheng knew him.

Sure enough, Zhao Fusheng went on to ask, "Do you know President An?"

President An naturally refers to An Xiaoran's grandfather.

An Xiaoran's grandfather has a special status. Even the Zhao family dare not treat An Xiaoran's grandfather. Instead, he respects An Xiaoran's grandfather very much.

Lin Kai smiled and nodded, "Yes."

When Zhao Fusheng heard Lin Kai's affirmative answers one after another, he immediately stroked his beard and smiled: "Haha, you deserve to be President An, so I highly recommend me. It turns out that Mr. Lin is really unusual!"

Zhao Wuhao and Zhao Lingjing also looked at Lin Kai curiously, and they also knew that President An strongly recommended to their grandfather.

Because they are represented by the Zhao family, there will be a competition with some large family groups in the other two provinces in the near future.

This comparison is very important, it is related to some better resources.

Yesterday, President An began to recommend Lin Kai. At first, Zhao Wuhao and Zhao Lingjing didn't take it seriously. They thought that young men who were younger than the two of them could be more powerful.

But now my thoughts have directly changed.

Not long ago, whether it was Lin Kai, who saw through the old stone plate is an ominous thing, or Lin Kai's skill, easily dealt with dozens of people, this made them admiration.

I didn't expect to meet Lin Kai here.

As for the current Wan Jiaming, frowning, he understands that he will never be able to teach Lin Kai in this life. Lin Kai unexpectedly met the Zhao family of Shenling, and he had already labeled Lin Kai an "extremely dangerous" in his heart, and he would never provoke him again.

At this time, Zhao Wuhao laughed at Lin and said, "Mr. Lin, thank you very much if you can promise us to participate in tomorrow's competition."

Lin Kai waved his hand and said, "It's okay. Anyway, my friend Li Shengxian's company is also involved, and I am obliged to help."

In fact, Li Ya'er and Li Shengxian's high-level staff came here for a competition tomorrow, involving the interests of many group families.

The winner enjoys more distribution of benefits, while the loser must give up some benefits to the winner.

In fact, it can be regarded as a bet. It is natural to win the bet on the right, but if the bet on the right loses, you have to bear this risk.

Speaking of which, Leiyuan Group also participated.

Lin Kai is not only for the Li Shengxian Company to win this competition, but also because the system has issued such a task, which is a reward of demigod level.

It was a demigod level, and Lin Kai would naturally not let it go. He just came to Shenling City to find someone, so he could complete it by the way without getting in the way.

At this time, Zhao Wuhao shook his head and said: "Maybe Mr. Lin is going to run for nothing, and there has also been a powerful figure in our provincial capital. Maybe he won the final victory."

"Is it?"

Lin Kai smiled faintly, and didn't say much, anyway, he must have won. Because the system task is to let him win this competition.

Shenling is not the provincial capital of Guangling Province, but it also belongs to Guangling Province, so if the person in the provincial capital wins directly, there is really nothing wrong with Lin Kai.

And it is very likely that they will meet in the competition, and it may not necessarily be eliminated.

Therefore, Zhao Wuhao said so.

Zhao Fusheng couldn't help but glared at Zhao Wuhao: "Mr. Lin can promise us to participate. It is already our kindness to Mr. Lin. How can you still say such things that raise others' prestige and destroy your own ambition. What's more, we Shenlinghe The provinces and cities are all integrated, and whoever wins is the same."

When Zhao Fusheng said this, Zhao Wuhao apologized to Lin Kai in embarrassment.

Lin Kai smiled indifferently and shook his head: "It's okay."

Immediately, several people chatted a few times.

Then Zhao Fusheng, Zhao Wuhao and Zhao Lingjing said goodbye to Lin Kai. After all, there is no other Zhao Fusheng favorite in this antique shop. Just go to other antique shops and take a look around.

The owner of Zhenbao Pavilion, although regretful that Zhao Fusheng did not take a fancy to the other antiques in the store, he was in a very good mood.

After all, Lin Kai bought that old stone plate.

He had only suspected that the old stone plate had a big problem before, so he wanted to sell it quickly, and it happened that Zhao Fusheng liked it.

Fortunately, Zhao Fusheng was not bought by Zhao Fusheng. If Zhao Fusheng really had a problem, his treasure pavilion would be gone.

Lin Kai couldn't help looking at Wan Jiaming, and said lightly: "Your father should have told you one thing too, that is tomorrow, you also go to participate in the competition. If you participate in the competition, I can consider it, let it go. You. You figure it out."

When Wan Jiaming heard Lin Kai's words, his expression was even more ugly. He also knew about the test. With his weak body, if he really wants to play, he has to be severely injured or disabled by someone.

However, this should be like being taught by Lin Kai.

Facing Lin Kai, his heart was full of fear, as if Lin Kai was a demon.

At this moment, Lin Kai didn't look at Wan Jiaming again. He picked up the wooden box with the old stone plate from He Shiyun's hand, and said to He Shiyun, "Let's go."

He Shiyun didn't even look at Wan Jiaming. She never expected that Wan Jiaming would be so disgusting. She doesn't bother to look at Wan Jiaming now.

Before long, Lin Kai and He Shiyun walked out of this treasure pavilion together.

And when Wan Jiaming saw Lin Kai and He Shiyun leaving behind, there was anger and unwillingness in his eyes, but more fear.

It wasn't until the back was completely invisible that Wan Jiaming also left here trembling, which was scared.

At this time, Lin Kai and He Shiyun continued to stroll around the antique street.

At this time, He Shiyun took the Pisces Golden Lock in his hand and said to Lin Kai: "Mr. Lin, I didn't expect you to have such eyesight. This turned out to be true. If the boss knew it, he would definitely not vomit blood. And since this is true, how can it be given to me? This is too precious."

Lin Kai shook his head and said, "It's okay. If you like it, take it with you. If you don't like it, you can sell it."

He Shiyun shook his head quickly, like a rattle, and then he took the Pisces golden lock in his hands with love, then smiled and said, "Thank you, Mr. Lin! This is the first gift you gave me, how could I be willing to sell it? Well, naturally I always take it with me!"

Chapter 1684: The Truth Is Revealed

Chapter 1684 The truth is revealed!

Noon.

After Lin Kai and He Shiyun finished their shopping, they also looked for Yuan Dongdong's whereabouts nearby, but they could not be found nearby.

So Lin Kai took He Shiyun with him, ate a casual lunch, and then returned to the hotel together, and went back to the room to rest for a while.

As soon as Lin Kai got into the room, he took out the old stone plate directly.

For ordinary people, this is indeed an ominous thing. It will not only affect the health of ordinary people, but will also form a stronger evil after being nourished for a long time. At that time, it will grow into a very terrifying evil.

Fortunately, Lin Kai found out in time, otherwise more people would be harmed.

Lin Kai's real purpose was not to wipe out the evil inside.

But this old stone plate, with true Qi fluctuations, shows that it is a magic weapon that can be used to resist at critical moments.

After thinking about it, Lin Kai used Zhen Qi without hesitation, and began to wipe out the evil spirit in this old stone plate.

It would be very bad if this evil spirit stayed.

However, this evil spirit is after two thousand years of accumulation and precipitation, plus this is a magic weapon used by immortals.

Therefore, it would take some time for Lin Kai to completely wipe out the evil spirit.

In this way, Lin Kai wiped it out from noon to evening.

In the evening, Lin Kai went out to have dinner with He Shiyun, Li Ya'er and others.

Li Ya'er, the senior of Li Shengxian's company, and Wang Dali, looked for all afternoon, and returned to the hotel to rest at four or five.

During the meal, Wang Dali couldn't help but asked Lin Kai: "Mr. Lin, is there any Yuan Dongdong nearby? I doubt if there is any. Otherwise, I haven't found it after searching for so long."

Lin Kai responded, "I will find it myself after I finish eating."

He was naturally prepared to use the tracking extraction ability, but before in Donghai, he had already used the extraction ability against Yuan Dongdong.

Therefore, it is necessary to re-acquaint Yuan Dongdong with his breath before he can use his tracking and extraction ability to search for it.

After all, this is only the extraction capacity of silver, and there are still certain restrictions.

Lin Kai searched nearby at noon to sense Yuan Dongdong's breath.

Now, under the induction of tracking and extraction ability, Yuan Dongdong is sensed, indicating that Yuan Dongdong is nearby.

Then with the tracking and extraction ability, Yuan Dongdong's specific location can be tracked.

After eating.

When a few people left the restaurant, Lin Kai directly used the tracking and extraction ability under their surprised eyes, and he immediately sensed the location of Yuan Dongdong.

Lin Kai first asked He Shiyun and others to go back to rest, but he only took Wang Dali to Yuan Dongdong's location.

Therefore, Lin Kai hit a car by the road, took Wang Dali and rushed there.

Less than ten minutes' drive.

Wang Dali was surprised at this final destination.

Because the final destination was the parking lot near the scenic spot, this was the first place he came to look for in the morning.

In the morning, I searched here for an hour or two, but did not find Yuan Dongdong. Could it be that Yuan Dongdong was here at night?

With doubts, Wang Dali and Lin Kai got out of the car together.

At this time, a very vicissitudes of middle-aged man originally stopped the car, but he did not expect the person getting on and off the car to stop him again.

This very vicissitudes of middle-aged man is Yuan Dongdong, he naturally did not take the initiative to recognize Wang Dali, because he did not know how Wang Dali's attitude towards him.

As for Wang Dali, he didn't recognize Yuan Dongdong. Otherwise, he would not continue to look for another afternoon.

Wang Dali noticed that Lin Kai next to him could not leave, instead he stared at the very vicissitudes of middle-aged man.

He was also stunned, and then looked carefully, the very vicissitudes of middle-aged man, he recalled a little, and then was greatly surprised, this very vicissitudes of middle-aged man is Yuan Dongdong!

No wonder, in the morning, he felt that this very vicissitudes of middle-aged man was very familiar, but he never remembered what he was familiar with.

Now I carefully recalled Yuan Dongdong's previous appearance, and gradually compared it with this very vicissitudes of middle-aged man. It was indeed Yuan Dongdong!

The reason why Wang Dali was surprised was that compared with two years ago, Yuan Dongdong's overall changes were so great, even bigger than the changes he had in prison for two years!

Not at all like a person in his thirties, more like an uncle in his fifties.

"Yuan Dongdong!"

Wang Dali didn't know if Yuan Dongdong was the murderer of his wife, but he couldn't help but shouted at Yuan Dongdong.

Yuan Dongdong just stayed where he was, bowed his head and said nothing.

Watching this scene, Wang Dali became even more angry, so he rushed forward and gave Yuan Dongdong a few fists.

Lin Kai did not stop, because he also wanted to see how Yuan Dongdong would answer.

At this time, Wang Dali slammed Yuan Dongdong angrily, and asked angrily: "Yuan Dongdong, why are you killing her! Say it!"

Yuan Dongdong was beaten in pain, but he didn't say a word, and he didn't have the strength to resist, so Wang Dali was allowed to beat him like this.

When he heard Wang Dalis questioning, Yuan Dongdong said: "Its not killing me, but I shouldnt have promised her go out to dinner at night. Unexpectedly, she wanted to seduce me. I never promised. I wanted to go straight away. Thinking of when you wanted to chase me, you fell to the ground and knocked your head on the ground..."

"I was very scared at the time, and I called you and the hospital as soon as I knew it. I didn't see her when I turned around..."

"I don't know if she is missing or dead... I am going to resign..."

Yuan Dongdong said intermittently in pain.

At this moment, Lin Kai heard the truth-clarifying system task and had already completed it.

This shows that what Yuan Dongdong said is indeed true, while what Wang Dali's wife Cheng Xiaoyuan said is purely inverting black and white.

But Wang Dali did not believe Yuan Dongdong's words, and continued to call Yuan Dongdong, and then shouted: "You are talking nonsense! My wife is not that kind of person! And why disappeared for no reason! Even, the body was still in the cauldron and was found! Only! You used to reconsolidate that big pot stove!"

While talking, he wanted to hit Yuan Dongdong with a heavy punch.

But this punch was immediately stopped by Lin Kai.

Since what Yuan Dongdong said is true, Yuan Dongdong is also a victim.

Lin Kaizi would not watch, Yuan Dongdong, the victim, is still being wronged.

So Lin Kai told Wang Dali what he knew.

Wang Dali still didn't believe it, until Lin Kai let out the evil spirit of Cheng Xiaoyuan, Wang Dali looked dull and began to believe Lin Kai's words.

Chapter 1685: Hidden Shimen

Chapter 1685

After that, Yuan Dongdong also talked about the specific experiences that day.

After Yuan Dongdong finished speaking, he looked at Wang Dali, who had a low expression on his face and was unable to accept the reality. He also sighed and said, "Speaking of which, I also have an indirect reason. If I had refused Cheng Xiaoyuan to eat out at the time, nor

Such a thing will happen... Wang Dali, if you call the police now, I won't be obstructed or run away. "

"In the past two years, I have had enough of this kind of life. Even if you beat me to death now, I won't have any resistance. I am very uncomfortable!"

When Wang Dali heard Yuan Dongdong say this, he was silent, and immediately took out a pack of cigarettes and began to smoke continuously.

Yuan Dongdong also took out a pack of cigarettes and started smoking.

Because Lin Kai had already turned Cheng Xiaoyuan into an evil thing, it was also confirmed.

The reason why Cheng Xiaoyuan's body disappeared was because she had a great resentment after her death, and she immediately became an evil.

Although he had become an evil evildoer, he had just become an evil evildoer. He didn't have the ability, so he went to kill Yuan Dongdong directly.

Therefore, Cheng Xiaoyuan could only let her body disappear, and it was assumed that Yuan Dongdong buried her body in the cauldron, trying to frame Yuan Dongdong like this.

In fact, neither Wang Dali nor Yuan Dongdong thought that Lin Kai was too false.

It wasn't until Lin Kai released the evil gangster that Cheng Xiaoyuan had transformed, and not only that, the evil gangster Cheng Xiaoyuan had transformed was very intent to kill when he saw Yuan Dongdong here. Even Wang Dali wanted to kill, and hated Wang Dali, and killed him thinking about it.

It was naturally impossible for Lin Kai to let Cheng Xiaoyuan really kill Yuan Dongdong and Wang Dali, and he immediately solved Cheng Xiaoyuan. Keeping such evil things would only harm people. As a result, Lin Kai directly dispelled Cheng Xiaoyuan.

It is precisely because of seeing this scene with their own eyes that both Wang Dali and Yuan Dongdong know the complete experience.

It was Cheng Xiaoyuan who made her own mistakes. She died in an accident, but she resented Yuan Dongdong very much and framed Yuan Dongdong.

As a result, Wang Dali and Yuan Dongdong are both victims.

At this time, Wang Dali finally apologized and said to Yuan Dongdong: "Brother, I can't help you! I didn't expect it to be like this, I blamed you! From beginning to end, you are a victim! Both! Years, also made you feel wronged!"

Yuan Dongdong shook his head: "Don't blame you, I didn't expect it to be like this."

After all, if Cheng Xiaoyuan turned into an evil spirit, if it weren't for Lin Kaizhen to show them, they would definitely not believe it.

When the two knew the truth came to light.

And in a luxurious villa in Shenling City, there are the bigwigs of Shenling City.

Among them is An Xiaoran's grandfather.

But An Xiaoran's grandfather is not the most important.

Among these people, there is a middle-aged man with an extraordinary temperament.

This person is the richest person in Guangling Province. His name is Zhao Yajue. It sounds like a girl's name, but he is very famous in the whole country. He also belongs to the Zhao family of Shenling and is the current Patriarch.

At this time, Zhao Yajue said: "Mr. Lin Kailin from the East China Sea will come to help us in the competition, so tomorrow we must also use the best treatment to receive Mr. Lin."

Everyone had no objections, they all nodded.

Next, someone looked at an old man in a Tang suit and asked: "Uncle Qian, have all the people you looked for come?"

The old man in Tang costume started out like an old monk entering Ding, looking like a master.

After he heard this sentence, he immediately opened his eyes, and then faintly said: "The person I invited is my junior, but the strength is far above me, so there is no problem. In fact, there is no need for that Lin. Open, my younger brother and younger sister made a move, it's enough to settle."

The others were surprised when they heard Mr. Qian say this, but they knew Mr. Qian's strength.

Unexpectedly, the younger brother and younger sister of Chamberlain were even more powerful than Chamberlain.

Someone wondered: "Bo Qian, why are your juniors and sisters better than you?"

I saw Uncle Qian shook his head and said, "I worshipped the Hidden World Master. Although it is not big, everyone in it is a master. I am only a named disciple of the Master. Although my junior and sisters are not very old. , But got the true biography of Master, so even if Lin Kai is not invited over, we are still sure to win this victory."

"Oh?"

Hearing what Uncle Qian said, everyone was looking forward to it. In this way, their hope of victory is even greater.

They only learned from An Xiaoran's grandfather that Lin Kai was very strong, but they didn't see it with their own eyes.

But what they knew about Uncle Qian's strength was the powerhouse who had just broken through the master.

His younger brother and younger sister are stronger than him. What does this show? It means that this uncle Qian's junior and junior younger sister are at least the master master!

Zhao Yajue was also looking forward to it. When Bo Qian's younger brother and younger sister arrived, he asked again: "Bo Qian, then your younger brother and younger sister, can you come here tomorrow morning?"

Uncle Qian responded immediately: "You can come, count the time, you can come to us before twelve o'clock in the evening. Of course, there is no accident."

"Uncle Qian, what do you mean by no accident?"

Everyone was a little stunned, feeling strange, now that the traffic is so developed, what accidents would happen on the way?

And whether it can come is very important. They actually didn't have any confidence in the invited Lin Kai, because they didn't understand Lin Kai.

But I know that no matter it is the two provinces opposite, or the provincial capital of Guangling Province, the masters sent are also very powerful.

This is about the interest relationship between the various forces, so they dare not put such an important task in the hands of Lin Kai alone. Therefore, another person was invited over here.

Now I heard Uncle Qian said that his junior and younger brothers and sisters are very strong, so I look forward to it very much. Therefore, when they heard that their junior and younger brothers and sisters might not be able to catch up, what accidents would happen, so everyone eagerly asked Uncle Qian about the specific situation.

Uncle Chamber heard the questions from the crowd, and immediately said with a cold snort: "My junior and younger brothers and sisters have always been hidden in the mountains and forests, rarely go down the mountain, and don't use mobile phones. Whether they can come depends on whether they are on the way. Nothing has changed. But since my younger brother and younger sister agreed to come over, I will definitely try my best to come over."

Seeing this, Zhao Yajue hurriedly clasped her fists and said, "Uncle Qian, we are too impatient, don't blame it."

Even Zhao Yajue has such an attitude towards Chamberlain, and it can be seen that Chamberlain's status is extraordinary.

Hearing Zhao Yajue's words like this, Mr. Qian's expression eased and he was about to continue to say something.

But at this moment, Zhao Wuhao pushed the door and walked in.

Chapter 1686: Negotiate

Chapter 1686

Zhao Wuhao saw that the atmosphere inside was a bit wrong, as if he had just experienced something.

He couldn't help asking Zhao Yajue curiously, and said, "Father, what happened?"

As the heir to the next Patriarch of the Zhao family, Zhao Wuhao was still qualified to come here.

Zhao Yajue said, "It's nothing, why did you come here so late?"

Zhao Wuhao smiled and said, "Father, don't you know, at noon, Lingjing and I went out for a stroll, but we happened to meet an unexpected person."

"Unexpected? Who?" Zhao Yajue suddenly became interested.

"The Lin Kai from Donghai!" Zhao Wuhao immediately responded.

Zhao Yajue became even more curious: "What you met was Lin Kai who was invited by us to participate in this martial arts competition?"

Zhao Wuhao smiled and said: "Yes! Didn't I listen to Mr. An, Mr. Lin Kailin's superb medical skills? My mother's illness has never been cured, so after that, I asked Lingjing to add Mr. Lin's contact information. Then I asked Mr. Lin to treat his mother. Mr. Lin was kind, and waited for the comparison to be done tomorrow, before taking a look for his mother."

At this moment, An Xiaoran's grandfather also laughed: "I don't know the specific strength of Mr. Lin, but my granddaughter has always praised Mr. Lin. You should also know where my granddaughter is

currently. However, I can be sure. The thing is, Mr. Lin's medical skills are indeed amazing, and there is still great hope for a cure."

However, Zhao Yajue shook her head and said, "Don't bother Mr. Lin any more, because I have already found a medical saint with truly superb medical skills."

"Huh? Medical saint?"

Everyone was very surprised, who could be worthy of this name, obviously not an ordinary doctor.

"Father, who is it?"

Zhao Wuhao was even more curious. He knew of his mother's illness, and he had never cured it with so many doctors.

At most, it delays the disease. For example, the masters of Chinese medicine, Cheng Lao and Yang Deren, only delay the disease.

Even so, it is very powerful, because few people in the country can delay his current condition.

An Xiaoran's grandfather also said that both Yang Deren and Cheng Lao were impressed by Lin Kai's medical skills, and they both personally admitted that their medical skills were not as good as Lin Kai's.

Therefore, whether it was Zhao Wuhao or Zhao Lingjing, it was also very pleasant to learn that it was Lin Kai at Zhenbao Pavilion. After all, Lin Kai's medical skills are very likely to cure their mother.

Finally cheeky and asked Lin Kai, Lin Kai also agreed, and both of them were very grateful to Lin Kai.

But now, his father Zhao Yajue said that he had found a man who could cure his mother's illness. Why didn't he hear of any medical sage?

Others are very curious about who the so-called medical saint is.

At this moment, Zhao Ya definitely didn't answer Zhao Wuhao's words immediately, but first turned his eyes to Uncle Qian.

Then he said, "It's Uncle Qian's younger brother. This younger brother of Uncle Qian received the true biography of his master. This hidden Sejong Sect is actually very good at treating his injuries. Their self-proclaimed one is very famous. Qian Bo's junior and younger brothers have obtained the true biography, so in terms of medical skills, they are guaranteed!"

Although An Xiaoran's grandfather has been praising Lin Kai for his medical skills, he still doesn't believe it.

The most important thing is that he knows the roots of Chamberlain, so he has said that, and he still believes it.

An Xiaoran's grandfather status is indeed unusual, but it is also unusual in the secular world. In that kind of ancient martial arts world, he still doesn't know much about it.

That hidden sect is the very powerful ancient Wuyin Sejong.

He and Uncle Chamber knew each other very early. At the beginning, Mr. Qian was just average, but then he got a chance and started to get better, quickly because he joined the hidden Sejong gate.

Looking at Bo Qian, Zhao Yajue got up quickly step by step.

Therefore, compared with Lin Kai, he chose the junior who believed in Bo Qian.

When Zhao Wuhao heard his father say this, he hesitated: "Father, I have already invited Mr. Lin, and Mr. Lin has also agreed. Wouldn't it be bad if Mr. Lin is not allowed to go like this?"

Zhao Yajue said, "It's really not so good. How can I say that Mr. Lin will also come to help us compare. Let's let Mr. Lin pass by then, anyway, let Qian Bo's younger brother go and save it first. Mr. Lin saves a little bit of face, lest he be identified as our Zhao family, and Zhou Li will not be able to."

Zhao Wuhao originally wanted to say something, but seeing that Zhao Yajue persisted, he shook his head helplessly.

At this moment, Zhao Ya desperately turned to the people present, and said solemnly: "Tomorrows competition will be related to the interests of our Shenling and Donghai groups, so I hope everyone present will be there tomorrow. Fortunately, The venue of this event is in Shenling. It is just like the end of the trial. It is my father's 70th birthday. If he can win this victory, it is a double happiness."

An Xiaoran's grandfather waited for a few people, and all nodded.

In fact, it is not only the interests of several groups and families, but also the interests of the local people.

But this kind of thing, on the surface, has nothing to do with the interests of the local masses. But in fact, it still matters a lot.

Of course, this is only good for the interests of the masses, and there is no harm.

Whether you win or lose, there will be no harm. If you win, the benefits will be great.

As a result, An Xiaoran's grandfather, as the president of an official association, also attaches great importance to this competition.

Before long, the brief meeting here ended.

When the others are finished, only Zhao Yajue and Uncle Qian are left.

Zhao Ya could not help but said to Bo Qian: "Bo Qian, if your younger brothers and sisters arrive, tell me, I must do my best to serve as the landlord and entertain him. Arrange the best hotel and arrange a shuttle bus. These must be received with the highest courtesy."

Uncle Qian shook his head and said, "My younger brother and younger sister don't like this kind of pomp, so you don't have to do this deliberately.

Hearing this, Zhao Yajue nodded and said nothing more.

at the same time.

In the remote suburbs of Shenling City, two young men and women dressed in plain robes and cloth shoes appeared at the bus station carrying a bag.

This pair of young men and women seem very incompatible with modern people, as if they were in ancient times.

Although the young men and women did not wear any modern clothes, they were handsome and handsome, with sword eyebrows and stars. The female's face is very beautiful, Shen Yuluoyan.

The young men and women had just got off the station, but both of them were surrounded by people getting on and off the train.

Chapter 1687: Qingyun View

Chapter 1687 Qingyun View

"Little brother, thank you for just taking action and saving my son in the car!"

"Yeah, brother, you still don't charge money. If you show compassion, I have a seriously ill old mother in my family, can you give my old mother a free treatment?"

"I also have a patient in my family, can you help me?"

Surrounded by the people who got off the bus, the young man and woman did not have any malicious intent. Instead, they wanted the young man and woman.

Because not long ago, a child in the car fainted suddenly, and it was a young man who saved the child with his own medical skills.

The young man in plain robes heard what these people said and didn't know what to say for a while, and finally reluctantly said, "If it's not because of something, I'm definitely going with you. But I've agreed. People, there is something important to come here, you must arrive early.

So sorry everyone, if I'm done, I will return at this station when I go back. Maybe tomorrow or the day after tomorrow, so I am embarrassed. "

After speaking, the young man in plain robes and the young woman walked towards the suburbs.

Although it is a suburb, there are also various high-rise buildings.

The young woman looked around curiously. The young man in the plain-clothed robe just looked like an expert, but now he looked very curious like the young woman.

"Little Junior Sister, we seem to have not been down the mountain for several years."

At this moment, the young man in a plain robe smiled and said.

When the young woman heard the words, she also smiled: "Yeah, it's been a long time since I went down the mountain. Now it has changed so much. It is also the master that we have to wait until we reach the realm he said before letting us go down the mountain at will. But Even he himself hasn't reached that realm, and we estimate that it is difficult to reach that so-called realm."

The young man in a plain robe nodded deeply: "Yes, Master himself has pursued for most of his life and has not reached that state, let alone us. I am afraid that in this life, it is impossible to go down the mountain freely. Leave this alone, anyway. Now its hard to go down the mountain. In the evening, brother, I will show you around."

The young woman immediately said, "Master, we are not allowed to play outside like that. And we still have business tomorrow. It won't be good if we delay."

The young man in a plain robe shook his head boringly, "Okay, but what will be the competition tomorrow? Isn't it just a martial arts competition? There is nothing to be afraid of. I heard that the hidden family will join. But the hidden family, Im not afraid. And the hidden family member, speaking of it, has some enmity with our master. If I win this hidden family family, maybe the master is happy, I will teach the profound art of Yin Qi to I."

When hearing this secret technique of entraining qi, the young woman couldnt help but said, "Indeed, its said that this secret technique of entraining qi is the key to that realm. The reason why the master didnt teach it to us is because we are worried that it will help it grow. With that hidden family member, it proves that we still have the ability to practice this Qi-inducing Profound Art in advance!"

In fact, the main reason why the two decided to come here is because of this. Only by getting this Qi Yin Secret Art, can it be possible to set foot on that realm.

The young man in a plain robe nodded, originally wanting to say something.

Suddenly, he and the young woman looked at each other.

Soon the two of them looked in one direction.

At this moment, the two felt an extremely powerful evil spirit.

Whether it was the young man in the plain robe or the young woman, without even thinking about it, he headed towards the place where there was evil spirits and went immediately.

As he walked in that direction, the young man in plain robes said, "Unexpectedly, I encountered such a thing when I first came here. Well, let's go and take a look."

The young woman also said: "Master teaches us that our disciples of Qingyunguan, we must rush over immediately when we encounter this situation."

As a result, young men in plain robes and young women are faster.

In this way, the two of them moved towards a community, which was an old community.

Although it is night, few households in this old community have lights on.

It's only eight o'clock in the evening. Normally, most of the lights will be turned on, but there are only a few in this old community. As you can see, no one lives here in this old community.

In the vicinity of the old community, a car drove quickly toward the old community.

It didn't take long for him to stop at the gate of the old community, and two people got off.

It is An Xiaoran and Master Zhicheng.

In fact, this is also the task of the two, and they have received related things here.

Originally An Xiaoran's home was in Shenling City. She also planned to take a vacation in the past two days to relax.

But Master Zhicheng came to Shenling City and said there was a mission.

Therefore, An Xiaoran followed.

At this time, Master Zhicheng looked at the old community, and also sensed a strong evil spirit. This evil spirit could make the surrounding temperature drop slightly.

"Lord Anshi, stay out here first. There must be a very simple evil thing inside. It seems that the mission information is wrong. So I went in and probed it, lest we both get caught, that would be bad. . Or if you contact Hu Xinru and others who are going to leave Yunluo Ancient City now, please don't go there and call them. The evil things here are very unusual."

Before Master Zhicheng could continue to order anything, An Xiaoran curled his lips: "I just need to send a message to Lin Kaibu. Anyway, Lin Kai is also in Shenling City. I guess that he doesn't know what to do this night. Which girl, open a room there."

While talking, An Xiaoran sent a message to Lin Kai.

Then she held the blue long sword in her hand and walked into the old community: "Master Zhicheng, let's go, anyway, we have found news with Lin. If something really happens to us, Lin will come to rescue us at a meeting. And This task is also to save people urgently, so it cannot be delayed."

Master Zhicheng saw An Xiaoran with no fear and couldn't help but shook his head helplessly.

This is what An Xiaoran might be afraid of when facing other things. But in the face of such evil things that harm people, An Xiaoran is of the kind, even if he is dead, he will solve the evil things and save people.

Master Zhicheng didn't say much, he also immediately went to the old community.

However, not long after entering the old community, An Xiaoran also took out a gossip compass in his hand. Looking at the crazy turning pointer on it, it was still difficult to tell the direction.

An Xiaoran shook his head and said, "The suffocating anger that soared to the sky just now comes quickly and goes quickly."

Chapter 1688: Quirky Tenants

Chapter 1688 Weird Resident

When Master Zhicheng heard An Xiaoran say this, he couldn't help but nodded: "Indeed, this blast of evil spirit appeared suddenly before. Now it seems that there is evil spirit all around, but it is to cover up the evil spirit."

Moreover, this soaring evil spirit was not weaker than that of the evil king encountered in the mountains on the western outskirts of Donghai City. Of course, the evil king in the mountains on the western outskirts of East China Sea City has at least a few hundred years of history, and has absorbed that geomantic treasure land. That evil king is so powerful.

This resentful spirit soaring to the sky should still be able to deal with it. However, it is better to be careful. An Shizhu, check all the equipment again, and look for it after checking. “

An Xiaoran’s face suddenly became solemn, and she didn’t feel rash anymore. When she was in the ancient tomb before, she was rash once. Fortunately, Lin Kai was there, otherwise it would be dangerous.

It was a lesson, so she immediately checked all the equipment she was carrying to destroy evil spirits.

After An Xiaoran and Master Zhicheng checked quickly, they headed towards a corner of this old community.

When checking the equipment, the two sensed the suffocation, and finally locked the position.

In the corner of this old community, there are not many residents with lights on, and it is very quiet.

Not only that, there are spider webs on the doors of several households. It can be seen that those houses have not been occupied for a long time.

An Xiaoran was holding the gossip compass, first glanced at the crazy turning pointer on the gossip compass, and then looked up at the building in front of him.

Inside this building, it was completely dark.

It’s around eight o’clock in the evening. Normally, at this time, it’s all about going home from get off work to rest, cooking, bathing, and laundry, but this building is just like an unoccupied building.

In fact, according to the survey of An Xiaoran and Master Zhicheng, there are still many residents living in this building, but the lights will be turned off voluntarily at night.

As soon as these residents turned on the lights, they felt strange laughter coming from their ears.

If this is the case for a household, I think it is another problem, but the whole building is like this.

This is terrible. Several households have moved out of here long ago. They simply can’t stand this situation and are very scared.

The other residents couldn’t afford to move, so they had to bite the bullet and continue to live here.

At the same time, the residents here reflected this situation to the above, so that they knew that there was evil here.

An Xiaoran couldn’t help but looked towards the fourth floor and said, “If I didn’t feel wrong, it would be on the fourth floor.”

Master Zhicheng also nodded solemnly: “I also sensed it. That’s where the suffocation is soaring.”

Immediately, An Xiaoran and Master Zhicheng glanced at each other.

An Xiaoran held a blue long sword while holding a mysterious fire talisman.

The last time she separated from Lin Kai was that she deliberately asked Lin Kai for a lot of Zhang Fulu.

After all, she saw Lin Kai's talisman, as if she couldn't use it up, so she asked for more.

She was not asking for anything, but just to better destroy demons and to keep the people safe.

In this regard, Lin Kai still believed An Xiaoran very much, so he used talisman to extract power at will, and extracted a lot of talisman specifically to deal with evil spirits.

However, these talisman only played an auxiliary role, for the powerful evil spirits, the effect was not so great, after all, they were not god-level extraction capabilities.

On the other hand, Master Zhicheng is a Buddhist bead bracelet in one hand, and a blue lamp in the other, like a master monk.

But the blue light was not lit.

They were all fully equipped, and started to walk into this building.

This building is not equipped with elevators because of the old community, and the floor is not high, only the seventh floor.

When An Xiaoran and Master Zhicheng walked into the passage to the top of the stairs, it was dark all around.

At least there are some street lights outside, or some bright LED lights under the city, even if there is no moonlight outside, they can still be seen.

But when the passage at the top of the stairs was reached, it was really dark.

Seeing this scene, Master Zhicheng didn't hesitate. He threw out a piece of ordinary yellow talisman paper, whispered something in his mouth, and then threw it directly on the blue lamp in his hand.

I saw that ordinary talisman turned into a ball of flame, fell on the blue lantern, and ignited instantly.

With the light of this blue light, I could see the surroundings clearly.

There are advertisements or some graffiti on the old walls that have fallen off the wall. In short, it is very messy.

In particular, there is a human-shaped graffiti whose face was erased, and the scarlet paint was used to make people look at it, as if it were a pool of blood.

This night, suddenly inadvertently, it was still a bit oozing.

Before long, An Xiaoran and Master Zhicheng went up to the fourth floor.

This type of house in an old community is not a building with only two households, but is similar to a dormitory, with six or seven households living in a long corridor.

But on the fourth floor, most residents don't live here.

An Xiaoran and Master Zhicheng walked directly towards the last house in this corridor.

For the last house, the door is locked tightly.

However, An Xiaoran and Master Zhicheng had not yet reached the last house. Suddenly, they happened to pass by a house, and there was a sound of beating in the house.

At the same time, a man yelled: "Get out of here!"

In the tone, there is quite a feeling that seems to be drunk.

Just listen to the next, there is another grandma sighing.

Since the door of this family's house is half open, it can be seen clearly. There are two candles lit in this house. It can be seen clearly. There is a middle-aged man who is indeed drunk and has just dropped a wine bottle. on the ground.

And beside the drunk middle-aged man, there was an elderly grandmother there.

This elderly grandmother seemed to be at least 80 years old and there were obvious wrinkles all over her face.

That old grandma had noticed An Xiaoran and Master Zhicheng. She spoke slowly in a non-standard Mandarin, "You guys get out of here quickly."

The middle-aged man who was drunk also looked at An Xiaoran and Master Zhicheng.

This drunk middle-aged man has a fierce look on his face, and he looks like the kind of social chaos.

Master Zhicheng took the lead and said: "Two donors, dare to ask, is there no one in the last house in this corridor?"

The old woman seemed to have heard something very taboo, even though her face was full of wrinkles, she could still see the change in expression on her face. Becoming both frightened and angry, then towards Master Zhicheng and An Xiaoran, he reprimanded: "I have said, let you two leave here quickly, we residents do not welcome you!"

Chapter 1689: Soaring

Chapter 1689

Regarding the old grandma's strong reaction, both Master Zhicheng and An Xiaoran found it very strange.

It stands to reason that if the grandmother showed fear or panic, the two would understand.

But why is the old grandma so angry, and why does she say that the residents here are not welcome?

Not only that, but An Xiaoran and Master Zhicheng also sensed that there were some people in the surrounding households.

And, they all seem to be at their doorstep, wanting to hear the conversation here.

I probably heard them all, and shouted to the outside: "We don't welcome you here!"

“Yes, get out of here quickly!”

The corridor was still very silent, but with these words, it instantly became lively.

At this moment, An Xiaoran and Master Zhicheng were also clear, and the panicked footsteps upstairs and downstairs seemed to be afraid of something.

Although An Xiaoran said that it has only been two months since she joined the mansion, her enthusiasm is in that kind of life almost every day, either on the way or in the process of performing tasks.

Therefore, in the past two months, An Xiaoran has dealt with many unnatural events, and he has seen the world.

But this strange time like today made An Xiaoran very puzzled: “Master Zhicheng, why do I think that the residents on the fourth floor have some problems? However, I did not detect any evil spirits from them. .”

Master Zhicheng’s experience is naturally more abundant, even with his old experience, he can’t judge the specific situation.

It stands to reason that this situation is a kind of being controlled by evil spirits.

But he also didn’t sense that there was any evil spirits in these residents.

Master Zhicheng thought for a while, then said: “Don’t worry about it, we go to the last residence by ourselves. The source of the evil spirit that soared to the sky should be in the last residence quickly.”

An Xiaoran nodded when she heard the words. She actually felt this way.

Since these residents couldn’t ask anything, they drove them out instead, so they just ignored them.

After all, the two are for the country, and they can’t do anything to these households.

As a result, An Xiaoran and Master Zhicheng didn’t look at the elderly grandmother and the drunk middle-aged man anymore.

No longer hesitate, head directly to the last house.

When seeing An Xiaoran and Master Zhicheng walking towards the last house, the elderly grandmother’s expression changed drastically, as if she expected something terrible to happen next.

This elderly grandmother, who was also quite neat, quickly closed her door, for fear that something terrible would come in later.

As for the drunk middle-aged man, he scolded: “Close the door, I ask those people to come out and beat the two directly away!”

The elderly grandmother suddenly scolded, the drunk middle-aged man: “Shut up! Don’t yell, go to sleep!”

Not only this elderly grandmother’s house, but several other households also shut their doors and windows tightly, and they all quieted down instantly.

At this moment, An Xiaoran and Master Zhicheng are slowly approaching, the last resident.

I felt it at first, it was a suffocating suffocating aura, and at first glance, this snarling aura was an extraordinary evil.

In addition, the strangeness of the residents in this corridor.

Both An Xiaoran and Master Zhicheng understood that this evil spirit became more and more extraordinary.

Therefore, the two of them became more cautious.

Even if they knew it was a powerful evil, the two of them couldn't leave now, after all, as a national organization, they still have an obligation.

You can't just watch that the residents of this building, and even all the residents of this old community, suffer from this unnatural phenomenon.

Of course, it does not mean that An Xiaoran and Master Zhicheng will not be afraid.

It's normal to be afraid, even Master Zhicheng is the same.

It was not because of fear of death, but because of fear that this evil creature would exceed their expectations.

If it is really a very powerful evil, it is very difficult to handle.

The closer they are, the last residents, An Xiaoran and Master Zhicheng, are more or less, still a little nervous and nervous.

Seeing that the last occupant was about to be reached, it was just abrupt. An Xiaoran glanced at her. She saw a doll that was broken in two on the ground in the corner of the wall.

An Xiaoran didn't know if he was a little nervous, which caused the hallucinations. Because she saw it, the doll that had been broken in two was squirming, and even her face seemed to be smiling, including her eyes, looking at her and Master Zhicheng humanely.

An Xiaoran hurriedly stopped, then turned towards Master Zhicheng, and said: "Master Zhicheng, you see that doll, are moving and smiling, are you still looking at us?"

Master Zhicheng looked at it immediately. What An Xiaoran said, the doll in the corner immediately shook his head and responded: "I didn't see anything, and I couldn't sense any evil spirits. You should be too nervous. If you wait for the door to open, if something happens, I will carry it, and you will fall directly and call Lin Shizhu immediately."

In this corridor, only windows are installed, so you can still jump straight down.

For ordinary people, falling from the fourth floor, even if they were lucky enough not to die, would have to be severely disabled.

But for An Xiaoran like this, naturally there is no problem.

Hearing Master Zhicheng's words, An Xiaoran nodded slightly, and then looked at the doll under the corner with a puzzled look. Looking at it now, there is no problem at all. Is it true that I was too nervous just now, which led to hallucinations?

An Xiaoran thought so, and once again went to the last household with Master Zhicheng.

This type of apartment has that kind of window to the outside, so I came to this last tenant.

The window that passed directly through was not closed with the curtains, so when I saw it, there was a woman in her pajamas, who was nearly 30 years old, sitting on the sofa in the living room.

At the same time, the woman in pajamas was pushing a stroller.

There should be a baby in the stroller.

Why should it be? Because from the outside, even if you can see the inside of the stroller, you still can't see it.

Just as An Xiaoran and Master Zhicheng were puzzled, the two of them were suddenly startled.

Because at this moment, the evil spirit is soaring!

The soaring evil spirit this time is stronger than the previous soaring evil spirit!

At the moment when the evil spirits skyrocketed, An Xiaoran and Master Zhicheng finally saw that there was indeed a baby in the stroller!

Chapter 1690: Comer Is Guest

Chapter 1690

An Xiaoran's face was instantly solemn, especially the gossip compass in his hand. When the evil spirits skyrocketed, the pointer on it turned crazy.

Finally, with a snap, the pointer on it broke.

You must know that this pointer is made of a special material, so that the pointer can be broken like this, indicating that the evil spirit here is far beyond the scope of this gossip compass!

She bought this gossip compass at her own expense. Buying is naturally buying the best, but the best can't be tolerated. The scope of this strong evil spirit is enough to see how strong this evil spirit is!

Not to mention An Xiaoran, Master Zhicheng also had a heavy face, making An Xiaoran retreat directly.

An Xiaoran stepped back two steps and then to Master Zhicheng, said, "The pajamas woman and the baby are all evil?"

An Xiaoran lost the gossip compass, it was still difficult to tell for a while, after all, she had little experience. The most important thing is that there is a strong evil spirit around her, and her perception has suddenly dropped a lot.

Master Zhicheng is experienced, even if the evil spirit here is strong, it even exceeds that of the evil king in the mountains on the west outskirts of Donghai City. However, he could still barely perceive that the woman in the pajamas did not have any evil spirits.

Instead, it was the baby in the stroller, very rich!

Master Zhicheng whispered to An Xiaoran, "No, the woman in the pajamas should have been controlled. It is the baby in the stroller she is pushing now."

"Baby? How could a baby have such a strong evil spirit?"

An Xiaoran was slightly taken aback. She had treated a baby last month, but compared to the one in front of her, the gap was too big. Just like the gap between her and Lin Kai, it can be said to be one place every day.

Master Zhicheng originally wanted to say something to An Xiaoran.

But at this time, the woman in the pajamas in this room seemed to have sensed An Xiaoran and Master Zhicheng in the corridor.

I saw the woman in the pajamas and couldn't help but look out the window, looking at An Xiaoran and Master Zhicheng.

However, you can just see the whole picture of the woman in the pajamas. The faces of the woman in the pajamas are actually one big and one small! It seems to be stitched together!

Immediately, both An Xiaoran and Master Zhicheng were surprised.

Especially Master Zhicheng, he did not expect that he still made a wrong judgment, and this pajamas woman is also evil!

No wonder, the evil spirit here is so strong, there are two!

Neither An Xiaoran nor Master Zhicheng hesitated, even if there were two, they would not run away first.

In order to avoid this evil injuring people, it will be in trouble.

Master Zhicheng immediately spoke to An Xiaoran and said: "An Shizhu, the poor monk will first try to test this evil. If it is not easy to deal with, follow what I said before!"

As Master Zhicheng said, without waiting for An Xiaoran's response, he was about to push the door and enter.

However, the door opened by itself.

Not only that, but then the voice of the woman in the pajamas rang in the living room: "You are a guest, welcome to come in and drink tea."

Master Zhicheng suddenly trembled with two white eyebrows. He didn't hesitate, turning the string of beads in his hand while holding a lighted blue lamp, and walked in.

Originally An Xiaoran wanted to follow in, but Master Zhicheng motioned to An Xiaoran and waited outside. If something accident happens, just follow the previous statement. Jump directly from the fourth floor and call Lin Kai.

The reason why he didn't call Lin Kailai directly was because Lin Kai was not from the Bihua Mansion.

Therefore, Lin Kai has been troubled, which is not very good.

It would be great if you could solve it yourself. If it still can't be solved, naturally you have to ask Lin Kai for help.

After all, Lin Kai happened to be in Shenling City, and currently only Lin Kai was an acquaintance in Shenling City.

Not enough. At this time, the woman in the pajamas in the living room looked at An Xiaoran standing outside the door, and sneered: "It is said that the visitor is a guest, and all those who come here are called my guests. So, no Come in for tea together? Are you scared?"

Faced with the woman in the pajamas, An Xiaoran didn't react much in front, but at the last sentence, she immediately let her snorted, "I'm still afraid you won't make it?"

Master Zhicheng knew that An Xiaoran would be like this, although these days, An Xiaoran did change a lot because of Lin Kai.

However, it is obviously unrealistic to make a complete change in a short time.

Especially An Xiaoran's temperament, just can't be agitated, the more agitated, the more it will be.

It is a pity that Master Zhicheng just planned to stop An Xiaoran, but An Xiaoran has already stepped in quickly.

The moment I stepped in, the door slammed shut.

Master Zhicheng was very helpless, and An Xiaoran also realized that he was still too impulsive.

But now that he has already entered, I have to see what this evil evildoer wants to do.

The IQ of this evil monster is much higher than that of ordinary evil.

But as soon as An Xiaoran came in, he found that the room was like an ice cellar. It was very cold, just like in the winter in the north, wearing short sleeves outside the house.

An Xiaoran shuddered coldly.

On the sofa in the living room at the moment, the woman in pajamas, pushing the stroller, giggled and said: "The visitor is a guest. Sit down.

At the same time, the woman in the pajamas looked into the stroller again, and laughed: "Get up and take a look. Two more guests are here."

This laughter fell in the ears of An Xiaoran and Master Zhicheng, but it was extremely permeating.

Especially at this time, the baby in the stroller also gave out a very penetrating smile.

Not a baby-like, innocent smile, but a kind of dying person, the kind of smile that can't breathe in the end.

The most important thing is that at this time, the baby is like a birthplace of evil spirits, and the strong evil spirits are constantly emerging, making the room even more cold.

When Master Zhicheng saw this, the string of beads in his hand turned quickly, muttering words in his mouth.

At the same time, a blue lamp in his other hand, and the faint flame on it, became brighter and brighter.

From the original reddish flame, it gradually became a true blue flame.

This burst of cyan flame gradually caused the surrounding temperature to rise.

An Xiaoran didn't feel the cold.

Master Zhicheng stopped chanting at this moment, but still turned the string of beads in his hand, and then to the woman in the pajamas, said: "Amitabha, this little benefactor, your mother has been dead for so long, why not let her be well? The rest in peace has kept her here forever. If she stays like this, she will end up badly in the end."
