Chapter 1701: Less Money

Chapter 1701

Afterwards, the big man laughed loudly: "I said Xiaoya, this is your fault. I haven't looked for you for a few days, and you started to talk about how little money is. Why? Now I know how little money is, I don't know. Me?"

The girl with a tattoo on her neck did not escape from the arms of the big man. Instead, she smiled and said, "How could I have forgotten Brother Long? The main reason is that I am very curious, one of the three young masters in Shenling City. Less, what is it like?"

The girl with a tattoo on her neck said as she spoke, and then to the girls standing next to him, including Deng Jiajia, immediately said, "This is Brother Long, please send your greetings to Brother Long!"

The girl with a tattoo on her neck said that several other girls, including Deng Jiajia, hurriedly said to the big man, who is the so-called Long brother, "Hello Long!"

Brother Long saw these girls and smiled in satisfaction: "Very good, very good. They are all pretty good. Qian Xiao went to the bathroom and will come over immediately."

After that, Long Ge began to introduce the identities of the few people sitting on the sofa next to them.

After listening to the introductions of those people, whether it was the girl with a tattoo on her neck, the other girls, and Deng Jiajia, they all showed unexpected surprises.

Because the identity and background of these people are not simple, at least in Shenling, they are either rich or expensive.

For example, among these people, there is one named Xiong Shanhong.

Xiong Shanhong said that these girls, including Deng Jiajia, are their senior brothers, all from a high school.

And back then, Xiong Shanhong was already a great school figure in that high school.

Almost ten years have passed, and this Xiong Shanhong is getting better and better.

At this moment, Xiong Shanhong and the others looked at these girls and lost their eyes. They were still thinking about which one they would choose when the money less election was over.

For them, rich and powerful, how easy it is to play with these women, it doesn't matter if you change several a day.

The girl with a tattoo on her neck asked Brother Xiang Long again, and said, "Brother Long, are there any arrangements for the meeting? Is it just in this nightclub?"

Brother Long immediately said with a weird smile: "Naturally not, you will know later."

This Long Brother was talking. At this time, a young man with vain feet and a pale complexion came along. At first glance, he often played.

When he saw the pale youth coming over, the Long brother quickly stood up, and then respectfully said, "Sao Qian, it's a group of primary school girls tonight, what do you think?"

Upon hearing this, the pale youth looked at the girls immediately.

Except for Deng Jiajia, several other girls, especially the girl with a tattoo on her neck, couldn't wait one by one, and responded with enthusiastic eyes to Qian Xiao.

In their view, if they can get money and less fancy, it is indeed a blessing that they have cultivated in a few lifetimes.

However, the pale youth finally fell on Deng Jiajia, his eyes lit up, and then towards Deng Jiajia, he said, "Come in front of me."

"I?"

Deng Jiajia was stunned and didn't seem to think that this pale youth was talking about her. She couldn't help but panicked a bit, and started to walk next to the pale youth.

"Money... money, money is little, are you talking about me?"

Deng Jiajia was very nervous. In fact, it was the first time she did this.

This pale youth, with a somewhat satisfied expression on the corners of his mouth, took Deng Jiajia to sit on the sofa with him. Although he didn't say anything, it was unclear.

Deng Jiajia was also at this moment, feeling the extremely envious and jealous eyes of the girl with the tattoo on her neck and the other girls.

When Xiong Shanhong saw the pale youth and the choice, they all smiled, and they all chose one immediately.

Everyone can get one.

Seeing that they have their own female companions, Long Ge directly smiled and said: "Well, let's play the drinking game first. Whoever loses will be punished."

Soon, a group of people began to play drinking games.

When it was time to be punished, Brother Long didn't know where he was, and brought something similar to chewing gum, which contained something that seemed to be pills.

Brother Long laughed and said, "Don't look at it like chewing gum, but it's unpalatable, so this is the punishment for losing."

Only two of them have not lost so far, so everyone else has been punished.

The girl with a tattoo on her neck, as well as other girls, took pills for the first time.

Deng Jiajia also lost, and she was also going to take it, but when she was about to eat, she keenly noticed that neither Brother Long nor the others planned to take this pill.

Deng Jiajia became a little wary, but several people looked at her and she had to pretend to take the pill, but in fact she did not swallow the pill.

The pale youth, as well as Brother Long and Xiong Shanhong, had already taken the pills when they saw these girls, and they all smiled unkindly. Some of them also lost, but none of them took the pill.

Only soon, the girl with a tattoo on her neck, and several other girls, all became hot all over, and then looked groggy.

Seeing this, Deng Jiajia couldn't understand that the pill really had other effects. She was so scared that she secretly spat out the pill in her mouth.

However, she also pretended that her whole body was feverish and groggy.

Fortunately, she also drank some wine. She herself was the kind who was not good at drinking and was still high-class, so it was pretending to be like this, and it was difficult to tell that it was pretending.

As for why she didn't just run away, this nightclub belonged to Brother Long, and how could she escape from their territory.

Therefore, although Deng Jiajia was extremely anxious in her heart, she didn't even think about it. Now that she can escape, she doesn't know what to do. At least for now, she still can't show that she is normal.

The pale youth. Seeing that these girls were all lying on the sofa, he smiled and said, "Let's go."

The few people beside them all gave out wretched smiles.

Xiong Shanhong said in a puzzled way: "I see these people, and even want to follow us, why bother to use this kind of hands and feet?"

The pale youth suddenly said: "You don't understand this. This kind of elementary school girl is really not good at rejecting us, but it must be cultivated slowly. It is not very good to play hard at the beginning."

Xiong Shanhong immediately understood the meaning, and laughed even more wretched.

Immediately several people each supported a girl, preparing to leave here.

Chapter 1702: I Have A Taste

Chapter 1702

And the pale young man just helped Deng Jiajia up and only listened to Deng Jiajias murmur: "Less money...Less money, I should have drunk a lot of alcohol, my whole body was very hot and uncomfortable, you let me go, I take a taxi back by myself... go back..."

Deng Jiajia's performance is actually a bit bad, or it can be said to be full of loopholes.

The pale young man could see Deng Jiajia at a glance. He didn't take the pill at all. His face suddenly became gloomy and asked Deng Jiajia, "Why don't you take that pill?"

Deng Jiajia was shocked when he heard the pale youth's questioning. She didn't expect to be discovered like this, especially seeing the pale youth and the cold eyes, scared Deng Jiajia back a few steps.

Then the pale young man pointed to the pill left on the table and said coldly again: "Hurry up!"

Deng Jiajia's complexion changed. She didn't expect this pale youth to have such a tough attitude. She stepped back and shook her head, begging for mercy: "If you have less money, please let me go. I have to go back soon."

The pale-faced young man immediately mocked and said: "This is what you want to come here. Since you are here, how can you leave so easily? How to say, you have to pay something. So, you still have to give it quickly. I, take that pill."

Deng Jiajia has retreated to a wall. This is a semi-open private room, so there is still a certain range of space.

She found that she had nowhere to go, her face changed again and again, she could only continue begging and saying, "Lack of money..."

Before Deng Jiajia could finish, the pale youth roared with an extremely ferocious expression, "Hurry up and eat it!"

Deng Jiajia was so frightened that her body trembled and she was completely at a loss. She knew that as this pale youth, if she really didn't know it and refused, her consequences would definitely be miserable.

In addition, she has no background at all, so it is impossible to fight, this pale youth.

For a while, Deng Jiajia regretted it very much, why didn't she listen to her father's words, so she had to go back earlier.

At this time, looking at that pale face with almost killing intent, Deng Jiajia could only bite the bullet and head to the table, ready to take the pills.

The pale youth, seeing this scene, felt a little more satisfied and relaxed, and said, "Don't worry, as long as you cooperate obediently, money will not be less for you."

Deng Jiajia was still very resistant in her heart. Although she was indeed short of money, she did not want to change it this way. It was mainly because of her mother's death that she was hit hard, and her grades plummeted, which caused her to completely release herself. Only then did she mix with a few female classmates with the worst grades, and then met the gangsters.

Originally, Deng Jiajia was only thinking about making money to support herself, but she didn't expect that after getting to know, she would have to lose money to go in. The good name is to give money for filial piety first, but to keep giving it is like insatiable greed.

In this way, she didn't make any money, but instead took a lot of money into it. She was very unwilling and fell into an endless loop.

And those girls sometimes use cold violence to threaten her. Sometimes cold violence is more cruel than direct violence.

Especially tonight, Deng Jiajia thought that it was really time to arrange something, but he didn't expect it to be such a thing.

If she knew it would be such a thing, she would definitely not come.

Deng Jiajia also regretted it now. She hadn't listened to her father's words carefully. She vowed that she would be lucky enough to go back to Haunt, she must study hard and don't engage in other useless things.

Because she was not going to take the pills, but was going to fight to the death.

Deng Jiajia thought of this, but she was determined. When she was about to throw away the pills on her hand, suddenly a hand was pressed on her arm, so that she didn't throw the pills.

"It looks delicious, let me try it."

Not only that, Deng Jiajia heard this sentence next, and was stunned for a moment before he could fully react.

The pills in her hand were taken away directly, and there was a sound of chewing immediately.

Deng Jiajia was stunned to find a handsome young man on the side. The most important thing was that she also recognized this handsome young man.

It's not that she knew this handsome young man, but at her father's snack stall earlier, this handsome young man was eating there.

Yes, the person here is Lin Kai.

Lin Kai didn't come because of any system task, but was purely curious about what these girls were doing. As expected, he did such a thing.

He had seen it, and also saw that Deng Jiajia was the threatened one, so he should stand up and help Deng Jiajia.

At this time, Deng Jiajia was very dumbfounded, and seemed unable to understand Lin Kai.

He even wondered if Lin Kai had a mental problem, so he robbed a stranger. Without knowing what the pill was, he took it straight away.

She could hardly imagine the consequences of eating this handsome young man.

Moreover, when Lin Kai ate like this, the pale youth was definitely in an angry state.

She wanted to fight to the death by herself, but now she was robbed by Lin Kai, then the anger of the pale youth would definitely be transferred to Lin Kai.

Deng Jiajia instantly didn't know what to do with him. Should he take Lin Kai and leave quickly?

While Deng Jiajia was thinking about it, Lin Kai smiled faintly: "This pill is quite delicious, may I ask if there are any more, I can buy it with money."

That Xiong Shanhong looked at Lin Kai with an idiot look, and sneered: "Where is the fool to make trouble here!"

As Xiong Shanhong said, he seemed to want to start with Lin.

He was so anxious to act on Lin Kai, naturally he wanted to behave in front of the pale youth. The reason why he is just an ordinary middle-class family and can mix so well up to now is entirely because he can look at his face, and behind the little money is a real big group. As long as you get the appreciation of less money, then there must be nothing to worry about in the future.

At this time, the pale youth waved his hand at Xiong Shanhong, then turned his gaze to Lin Kai, and said lightly: "You really think this tastes good, do you want to continue eating?"

Lin Kai smiled and said, "Yes, it tastes pretty good. It just looked delicious, but now it tastes better, so if there is any, I can buy it with money. Where can I get it from? I think I will eat it every day as a snack from now on."

Lin Kai's words made Xiong Shanhong laugh more, and they also looked at Lin Kai with idiotic eyes.

Chapter 1703: Of Course You Eat

Chapter 1703

The pale-faced young man, when he heard Lin Kai say this, he also looked at Lin Kai with an idiot's eyes. Doesn't he really know what the medicine is?

However, the pale youth was very angry at this Lin Kai, and even dared to disturb him.

So the pale youth said coldly to Brother Long: "How much is there? Doesn't he think it tastes good? He will eat it all for free. If you don't finish it, don't want to leave!"

As the pale youth's words fell, nightclub security personnel began to appear around the semi-open private room one by one.

Obviously, if Lin Kai hadn't eaten it, he would definitely not give Lin Kai any good fruit.

This made Deng Jiajia's complexion change. She was just about to remind Lin Kai that this pill was too late.

I saw Long Ge came out with a bottle of medicine, and the package could be clearly seen. There were about ten or twenty pills in it.

Brother Long immediately handed it to Lin Kai, looking at Lin Kai with a sullen expression, and said cruelly: "Boy, this is what you want, I will eat it all!"

After all, this was ordered by the pale youth himself, so Long Ge naturally had to let this kid in front of him swallow it all.

This kid dared to bother that there was little money, and didn't know how the dead words were written!

If you know this pill, you will quickly become groggy when you take one. The whole person is not very good, and taking a few more pills is still dangerous to life. But if you eat ten or twenty, you will definitely die soon!

But since you have offended the lack of money, don't want to go out alive!

"Eat, naturally eat."

Lin Kai held the pill bottle in Brother Long's hand, and then opened the bottle with a smile.

"Don't..."

Deng Jiajia was immediately anxious. She also knew that if Lin Kai really took all the pills in the bottle, even if he was fortunate not to die, he would have to be disabled.

Although she didn't understand why Lin Kai suddenly appeared here, she didn't understand that Lin Kai wanted to take the pills in her hand.

But no matter what purpose Lin Kai had, he at least saved her indirectly.

Therefore, Deng Jiajia couldn't help but directly said that this medicine should not be taken.

But as soon as she said it, Lin Kai waved her hand and motioned Deng Jiajia not to say it.

At the same time, Lin opened the corner of his mouth with a smile, revealing a hint of playfulness:

"Actually, I'm just giving you a taste. Of course you are eating."

Before everyone could react, Lin Kai moved his true energy slightly, and immediately waved his hand slightly, Long Ge only felt that his throat had been hit by something, and he opened his mouth in pain.

However, Lin Kai took the opportunity to control a few pills and plunged directly into Brother Long's mouth and swallowed immediately.

"Special!"

Suddenly, Long Ge was shocked. He even forgot to think about why he had put the pills in his mouth. He hurriedly tried to vomit the pills he took.

The few people beside could see clearly, it was Lin Kai's hands and feet!

They also couldn't figure out exactly how Lin Kai let those pills fly into Brother Long's mouth, but they were all angry.

I didn't expect this kid to be so bold! In front of Little Qian, dare to do this!

Especially Xiong Shanhong, he still thinks that it is an opportunity to perform well in front of Qian Shao!

Xiong Shanhong took out a dagger with him and sneered: "Boy! You're looking for death by yourself!"

With that said, Xiong Shanhong immediately held a dagger and attacked Lin Kai.

When Xiong Shanhong was a student, he was a kind of gangster, he was still a big brother, and he had fought many fights. Even though it has been almost ten years in the past, he is very stable and ruthless in his hands!

In the eyes of outsiders, this Xiong Shanhong still has some skill, thinking that this will inevitably make Lin Kai bleeding!

It's a pity that in Lin Kai's eyes, Xiong Shanhong is compared with ancient martial artists and martial arts practitioners. It is estimated that there is no junior high school boy who can compare to this Xiong Shanhong.

Lin Kai didn't evade and stood still. When Xiong Shanhong had already attacked, he just lifted it casually and directly twisted Xiong Shanhong's arm that held the dagger.

Lin Kai also gently tugged, causing Xiong Shanhong's arm to immediately make a crackling sound.

Obviously, Xiong Shanhong's arm has broken.

Xiong Shanhong screamed in pain, and the dagger he was holding naturally fell to the ground.

At the same time, Lin Kai ran Zhen Qi again, and he controlled a few pills again, and fell into Xiong Shanhong's mouth.

Originally, Xiong Shanhong was broken by Lin Kai and his arm was broken. He was even more angry. He didn't think that he had some ability. He wanted to call other people to fight Lin Kai together.

Where did he know the next moment, a few more pills appeared in his mouth, and the bitter taste of the pills made him prepare to vomit. For some reason, he swallowed the pill directly.

At this moment, Xiong Shanhong didn't care so much, and immediately like the previous Longer brother, he began to bend over, trying to vomit out the pills he took.

Not far away, the pale-faced young man couldn't help showing flushing on his face. This was obviously angry! In the blink of an eye, his two little brothers were made like this by a kid.

Moreover, the other little brothers, seeing this scene, all backed away in fright, afraid to approach Lin Kai.

This made the pale youth even more annoyed. He turned to Lin Kai and yelled, "Boy, do you know who this young man is? You know, none of the things that provoke me before will end well. Now you immediately kneel down and kowtow to beg for mercy. Maybe I can let you go, but if you..."

Before the pale-faced youth could finish speaking, Lin Kai waved his hand, and several pills in the bottle quickly fell into the pale-faced youth's mouth.

In fact, this pale youth, while talking, looked at Lin Kai very vigilantly.

After all, before, Lin Kai let the pills fly in twice in a row, and he swallowed both of his two younger brothers.

As a result, this pale youth is wary of this aspect.

But he still far underestimated Lin Kai's methods. He noticed Lin Kai waved his hand, but wanted to close his mouth immediately and stop talking.

Unexpectedly, the speed is too fast! They are all comparable to the speed at which he shuts up, so no matter how vigilant he was, there were still a few pills that fell into his mouth!

The pale face of the young man who was scared, his face was no longer pale, but green!

However, the pale youth was very vigilant before, so as soon as the pills entered, he quickly vomited out.

However, this pale youth was still swallowed by most of it, and instantly felt that he was a little mentally ill, and then suddenly fell back.

Because there was a wall behind him, the pale youth fell down and his head instantly hit the wall.

Chapter 1704: Wait

Chapter 1704

This pale youth, his head hit the wall hard, not only knocked out a big bag, but also bleeds.

He also made him wake up directly, and then stared at Lin Kai with very bitter eyes. While screaming in pain, he shouted at Lin Kai sternly: "What are you! Boy! You are dead tonight, you can't possibly Get out alive!"

Then the pale youth quickly took out his cell phone.

Although this is a semi-open box, it is so noisy inside that the security personnel of the nightclub standing outside did not hear the movement inside.

Although the pale youth and two or three others wanted to shout outside, they all shut their mouths when they saw Lin Kai's smirking eyes.

Because once you open your mouth, it is very likely that you are waiting for Brother Long and Xiong Shanhong to end like that.

Now Long Brother and Xiong Shanhong are not as lucky as the pale youth.

The pale youth just swallowed half of it, almost fainting.

If it wasn't for being hit hard for a while, it stimulated the nerves, otherwise it would fall into that uncomfortable state.

Of course, being hit like this is also very uncomfortable, but even more painful.

So after eating a few slices, Brother Long and Xiong Shanhong directly let them lie on the ground like lying corpses, not even spitting out some foam in their mouths.

Obviously, the current state of Long Ge and Xiong Shanhong is also very bad.

This led to the fact that no matter it was the other few people or the pale youth, they did not dare to speak anymore.

Because the security personnel of the nightclubs outside are all under the management of Brother Long, who is the boss here, naturally there is no contact number.

The pale youth now had to take out his cell phone. He didn't make a call, because he wanted to talk.

Therefore, the pale young man typed and sent a message to make people call.

Lin Kai watched this scene with great interest, without any intention to stop it, only smiled playfully.

But Deng Jiajia saw Lin Kai, still so calm and indifferent, she came to Lin Kai's side, anxiously reminded: "You don't know his identity yet? He is the three young masters of Shenling City. One of them has little money. Behind it is the very famous Qian family in Shenling City! The person he called is absolutely extraordinary. You still run away with me!"

Lin Kai saw that Deng Jiajia wanted to go out so urgently, he couldn't help but smiled and said, "Are you thinking about going home?"

Deng Jiajia didn't understand why Lin Kai asked, but she still nodded her head: "Yes! You should go with me! Otherwise, it will be too late!"

Hearing Deng Jiajia's words, Lin Kai smiled and said, "Okay, I will protect you back."

Because Deng Jiajia was so eager to go back, there was still a rescue. Coupled with her previous performance, it can be seen that Deng Jiajia had just gone astray, fortunately she could recognize it in time.

This has led to her being saved now.

Therefore, Lin Kai went to rescue Deng Jiajia. Otherwise, like girls with tattoos on their necks, and several other girls, they are completely self-willed and hopeless, and they are not worthy of sympathy.

Moreover, Lin Kai could also see that the girl with a tattoo on her neck and several other girls were no longer pure white bodies.

Through various reactions before, the girls were so desperate to spend the night together for things like money.

Lin Kai only took Deng Jiajia away, and he didn't bother to be any more serious about the pale youth. He had already taught the pale youth a little bit.

However, the pale-faced young man saw Lin Kai and Deng Jiajia and was about to leave. He had just called someone over, so naturally he would not let Lin Kai go.

While covering his mouth with his hand, he let out a cold voice: "Boy? So you came to save her? After offending Ben Shao, how could I let you go so easily?"

This pale-faced youth would naturally not let Lin Kai go. If this matter spreads, how will he stay in Shenling City?

Regarding the words of this pale youth, Deng Jiajia's expression changed again, and she said inwardly that Xiao Qian is so decisive, we can see that she and Lin Kai will not be let go!

However, Lin Kai's complexion remained unchanged, his face continued to glow with a faint smile, if he sat on the sofa next to him casually, then he pulled Deng Jiajia, who was froze and worried, and pulled him onto the sofa. Sat beside him.

Lin Kai then faintly opened his mouth and responded, "I'll wait, but hurry up. I don't have the patience to wait for so long."

He didn't have that interest originally, but now this pale-faced young man has such an attitude, which is obviously a domineering habit. He was also worried that even if Deng Jiajia was taken away, the pale youth would definitely not let Deng Jiajia go.

Therefore, Lin Kai planned to severely teach this pale-faced youth to let him know that there are still people in this world who can suppress it.

Seeing Lin Kai's arrogant appearance, and still sitting on the sofa calmly, this pale youth was even more frightened, and continued to cover his mouth, and then sneered at Lin Kai again and again; "Good job! Boy! How dare you despise me so much? I have called Master Qi to come over! If Master Qi comes, you will be dead! I will make you die!"

Lin Kai's complexion remained unchanged, and he glanced at the pale-faced young man who was still clamoring, and said: "Really? Then you should hurry that Seventh Master, let him come over, I want to see, you How can I die."

The pale youth was even more furious, and he never thought that the boy in front of him was really not afraid at all!

He didn't say anything anymore, because it was useless to say too much! He waited for Qi Ye to come here, and then severely taught this kid, let him see how the site of Shenling City, provoke him!

But at this time, Xiong Shanhong guessed that he was out of **** luck. It may have been because he had drunk too much alcohol or eaten badly before, anyway, he just vomited.

Immediately, he was a little awake, but he was still confused.

But he heard what Qi Ye said by the pale youth, he immediately sneered at Lin Kai: "The entire Shenling City, except for a few people, can make Qi Ye save face, and everyone else is not worth mentioning! Less money, just those few! So less money can invite Seventh Master, boy, you are already dead!"

Xiong Shanhong was shaking his head while talking, which was obviously very uncomfortable.

The pale youth immediately asked the other people to run outside to meet Qi Ye.

Qi Ye is coming soon, so naturally the security personnel of this nightclub are not needed.

Chapter 1705: Something Wrong

Chapter 1705

So a few other people went straight out of this semi-open private room and went to the door of the nightclub.

The pale youth and the somewhat unclear Xiong Shanhong were all waiting for the arrival of the Seventh Master.

Deng Jiajia was worried, her body trembling, and her face paler.

For Qi Ye, Deng Jiajia didn't know who it was.

But she knew the identity of the pale-faced youth, who was the young master of a big family in Shenling City, and even the pale-faced youth had to call the Seventh Master. You can see how powerful the Seventh Master is!

Deng Jiajia is just a family of ordinary people. He has never seen such scenes, so he is very scared.

At this time, the manager of the nightclub saw his boss lying on the ground, and also heard the words of the pale-faced youth, his expression suddenly changed.

It is already a great thing that Shao Qian can come here, and I didn't expect Qi Ye to be alarmed too!

The kid sitting on the sofa with a calm face must have not realized what a big mistake he made!

The manager of this nightclub has also heard that Qi Ye doesn't like lively.

Ever since, he immediately asked the staff to disperse the guests inside. Of course, no money is collected.

Therefore, those guests didn't complain about anything, and they left here quickly.

Before long, the originally noisy and colorful nightclub suddenly became white and quiet.

The whole atmosphere is like being in a nightclub, it is even more silent than the corridors of the hospital.

In this atmosphere, almost ten minutes later, one person ran up excitedly next to the pale-faced young man, and quickly said, "Little money! Seventh master is here! Seventh master has given you enough face. People who have brought ten cars, there are about fifty or sixty people!"

As this person was speaking, a group of people came at the door of the nightclub, headed by a young man.

Hearing this person's words, I saw a group of people at the door, the pale youth, who was also less money. He quickly turned to the young man and said excitedly: "Seven masters! Thank you for coming! That kid is still sitting. There, he has never heard of your name. Today, let him see how I have less money and Qi Ye has your skills!"

This young man, the so-called Qi Ye, was actually Huang Qilang who had just been taught by Lin Kai in the antique street in the morning.

Huang Qilang saw at a glance that there was blood behind Qian Shao's head, and even the blood was left on his forehead, like tears, across his cheeks.

Coupled with Qian Shao's rather embarrassed appearance, he was startled: "Who is calling Qian Shao like this? Qian Shao, don't worry, since you invited me, I will naturally come forward to help you settle the matter. , Teach that kid severely."

Qian Shao was very moved in his heart. He didn't expect Huang Qilang to value his face so much.

In fact, Qian Shao understood that Huang Qilang was not looking at his face, but at the face of the Qian family behind him.

But in any case, Qi Ye was able to rush over so late, he was still very moved.

At the same time, Qian Shao sneered again and again in his heart. The kid was still sitting there, with a calm and composed look, waiting for you to cry!

Immediately, Qian Shao continued and said, "Seven masters, don't worry, our Qian family has already taken refuge in the provincial capital in tomorrow's test, and there is hope for the provincial capital to win! Once we win, our Qian family will make a profit. You share a slice with Qiye!"

Huang Qilang nodded, and then he started to walk along with others in the direction Qian Shao pointed out.

At this time, Qian Shao noticed that most of the people Huang Qilang had brought with him seemed to have suffered minor injuries, and he felt very strange at once.

In fact, this group of injured is slightly better, and all the serious ones have been hospitalized.

Otherwise, Huang Qilang would bring hundreds of people instead of just fifty or sixty people.

Even so, all the injured in this group are physically strong, and they are all trained, and their aura is even stronger than ordinary people.

The main reason why Huang Qilang can be in the prestige of Shenling City is that the group of men he raised is not ordinary people. The worst one has to practice martial arts for at least ten years.

Since the sofa Lin Kai was sitting on had its back facing the door of the nightclub, Huang Qilang and the others still couldn't see Lin Kai's appearance.

Huang Qilang has a majestic look. He is in Shenling City, and apart from a few big forces, he is the strongest. Moreover, several other forces also looked at his face more or less.

Therefore, Huang Qilang with a cold expression on his face, when he came to the sofa, he directly landed one hand on Lin Kai's shoulder, and said coldly: "Boy, dare to provoke less money? Have you eaten the ambitious leopard!" I can announce, don't you think about walking out of this nightclub today!"

Lin Kai was stunned when he heard this voice, but he didn't think of where he really didn't meet in life.

When Lin Kai was stunned, Huang Qilang thought that Lin Kai didn't want to talk to him.

Huang Qilang became very angry in an instant, and he said in a cold voice, "Boy! It seems that you are really toasting and not eating fine wine! You have nowhere to go! Come on! Let this kid know, respectfully How is it written!"

Hearing Huang Qilang's words, the group of subordinates behind him looked at the sofa one by one, and Lin Kai, who was carrying them on his back, looked fierce.

But before they had time to do it, Lin Kai said lightly: "I said Huang Qilang, what are you talking about? Maybe you are too noisy, I didn't hear it, you still repeat what you just said. "

When I heard Lin Kai, I called Huang Qilang's name directly. No matter if it was Xiaoqian or other people, they looked at Lin Kai with the eyes of dead people.

Except for the senior leaders of the three major families in Shenling City, who dare not respectfully call Huang Qilang the Seven Lords? Even if there is little money, he has to call Huang Qilang the seventh master. When he thinks of this kid doing such a death, he just calls his name!

No matter if the money is small, Xiong Shanhong, and a few others, all have a glimmer of joy. Unexpectedly, this kid is dying by himself, so no wonder they are.

This will definitely annoy Huang Qilang.

Shao Qian couldn't wait to say to Huang Qilang, "Seven masters! Take a look for yourself! I've said it all, this kid is no one! You still teach this kid hard, let this kid..."

Qian Shaohu stopped abruptly. It wasn't that he was interrupted, but that he was talking, and he felt the gazes of Huang Qilang and even the group of Huang Qilang's subordinates, which seemed very wrong.

As for what was wrong, Qian Shao couldn't understand at all. In short, both Huang Qilang and the group of subordinates were stunned.

Chapter 1706: Who Gave You The Courage

Chapter 1706 Who Gives You the Courage

Especially at this moment, Shao Qian saw Huang Qilang and the group of Huang Qilang's subordinates, and looked at Lin Kai, as if he had seen some demon.

In short, this feeling of something wrong made Qian Shao inexplicably uneasy, as if he was about to do something very unlucky.

Qian Shao was also very flustered, and couldn't help but speak to Huang Qilang: "Seven masters, you, why are you not talking?"

At this time, Huang Qilang really seemed to have met the devil!

In Lin Kai's voice, when he first said the first sentence, there were 10,000 divine beasts in Huang Qilang's heart, which was a coincidence!

Huang Qilang really didn't expect to meet Lin Kai here!

One thing he regrets most in recent years is that he should not take on Wan Jiaming's assignment in the morning.

Wan Jiaming gave a large sum of money. He has just been short of that large sum of money in the past few days. He needs the large sum of money to make up for a gap.

In addition, Wan Jiaming's task is quite simple, that is, to slaughter a young boy, plus abduct a young woman.

For Huang Qilang, these are common things. Although I have encountered some tough and ruthless characters in the past, and the process has been a bit twisted, but in the end they were able to settle.

Even if it cannot be settled, he will not lose anything.

But this morning's task was completely lost and lost his wife!

Not only did it fail to settle, but instead shot himself in the foot!

Lin Kai is great, so Wan Jiaming didn't make it clear at all! Directly alone, hang all his men at will!

He also spent a lot of time and effort to support these men.

As the saying goes, with a lot of investment, there will be more productive returns in the later stage.

In fact, it was indeed the case. He was able to gain a foothold in Shenling City because he raised this group of very capable men.

As a result, this morning, Lin Kai put 50 or 60 of his subordinates, and nearly half of his subordinates, were seriously injured, and even a dozen of them were in a state of disuse.

This is a very large loss. Even the large sum of money given by Wan Jiaming is not enough!

The most important thing is that Huang Qilang has nothing to do with Lin Kai! After all, Lin Kai's strength is there, he can never let his remaining subordinates go to fight with Lin Kai, it is estimated that it will be more deadly and injured.

At that time, the son of the Zhao family in Shenling was also there. All the sons of the Zhao family said that Lin Kai was the savior of the Zhao family! With this identity alone, Huang Qilang doesn't want to take revenge anymore, he can't even think about it!

It can even be said that he has marked Lin Kai as an extremely dangerous person in his heart! Except for the Zhao family in Bija Shenling City, several other big families are in danger!

For example, the Qian family behind Qian Shao, if you have to choose one of the two, if you have to choose between the two.

Then, Huang Qilang will definitely choose to provoke the money family!

In other words, Huang Qilang would rather provoke the money family than provoke Lin Kai!

What's more, a young master from the Qian family next to him.

This young master of the Qian family said he was talking about Zhao Wuhao, the son of the Zhao family of Shenling, and another son of the Shi family, and he was called the three major young masters of Shenling City.

In fact, only Zhao Wuhao, the son of the Zhao family, could be worthy of the real big and young. And the son of the Shi family, barely counted one. However, the young master of the Qian family actually wanted to put gold on his face, but he didn't deserve this name at all.

Huang Qilang was able to be invited by Qian Shao to help, and it was entirely because of Qian's face behind him that he brought people over.

How did he know that the person Qian Shao wanted to teach would be Lin Kai!

All of a sudden, Huang Qilang was really stunned!

Not to mention Huang Qilang, even his group of men are the same.

Although I didn't see Lin Kai from the front, I only saw Lin Kai's back from the back of the sofa.

But what Lin Kai said just now was like a nightmare, but Lin Kai's voice was already deeply in his mind.

In this life, it is impossible to forget.

I originally thought that I would never hear this kind of nightmare sound again. How did I know that it was only half a day, and it happened this night!

Huang Qilang's group of subordinates were even more frightened by Lin Kai's methods. Especially at the scene, there were many wounded people who had personally experienced Lin Kai's greatness.

The main reason is that they are far away, which led to their injuries, not so serious.

Those who were close were not so lucky. All of them were seriously injured and many were hospitalized. In other words, they would have to lie in the hospital bed for more than half a year.

At this moment, Huang Qilang was still shocked that he met Lin Kai here, but he made a decision quickly in his heart.

Naturally, he didn't dare to provoke Lin Kai again, lest he waited, his group of men who could barely beat him ended up lying on the hospital bed, and he wanted to cry without tears.

Even, he is very likely to go to the hospital to lie down for a few months, then it is very bad.

So Huang Qilang quickly came back to his senses, and first said to Qian Shao: "Qian Shao, I think, this matter should be wrong from the beginning to the end. What happened to someone saving the little girl, and you, Having to play like this is an immoral thing in itself. Sooner or later you will get angry!

So this matter is your fault. I won't help if something is wrong. There is little money, so let this matter go. Otherwise, you can figure it out, and I won't help you. "

When I heard Huang Qilang say this, Qian Shao instantly became very confused. What happened? Why did Huang Qilang teach him a lesson?

Also, on the phone just now, Huang Qilang didn't say that!

Shao Qian couldn't help but said, "Master Qi, you told me on the phone not long ago that no matter what I did wrong, you would help me out. Besides, you weren't just now. You have to let the kid on the sofa, Can you give me a lesson? Seven masters, look at my wounds like this, how can I let this kid go! Seven masters, please call someone up, let this kid be disabled first!"

Qian Shao spoke quickly, and couldn't tolerate Huang Qilang to react.

He didn't wait for Huang Qilang to say anything.

Lin Kai's unsalty and undiminished voice sounded: "I said Huang Qilang, you also heard what Qian Shao said, do you want to maimed me first?"

Hearing Lin Kai's unsalty or indifferent tone, Huang Qilang's eyelids twitched wildly. Where did he dare to beat Lin Kai and crippled him.

It was already very good that Lin Kai didn't treat him, and his group of men, to be disabled!

Suddenly, Huang Qilang became anxious. Without hesitation, he slapped Qian Shao's face with a heavy slap, and then yelled: "Who gave you the courage? Let you talk to Mr. Lin like this! Don't hesitate to apologize to Mr. Lin. apologize!"

Chapter 1707: Express

Chapter 1707

Huang Qilang continued to yell at Qian Shao: "You are still crippled! Mr. Lin didn't beat you directly, but his mercy and righteousness were exhausted! Are you still thinking about beating the crippled Mr. Lin? Did you get kicked by a donkey! I've never seen someone like you to die like this!"

Qian Shao was completely slapped by Huang Qilang's slap.

Especially when Huang Qilang yelled at him, he could hear that Huang Qilang was also afraid of Mr. Lin.

Could it be that this Mr. Lin is the kid on the sofa?

He had never heard of him. What is the origin of this Mr. Lin? What a great man?

After all, even Huang Qilang was terrified of it, for fear of being implicated in him.

For a time, Qian Shao's heart was extremely nervous. If it is true, he can be regarded as an iron plate this time!

Except for Qian Shao's thinking like this, Xiong Shan hong, who was almost awake, and a few other people were all dumbfounded. They had no idea that things would become like this now.

It seems that they really got a solid iron plate!

But at this time, after Huang Qilang finished scolding Qian Shao, the expression on his face was as fast as flipping a book. The original expression was still majestic and angry.

But in the blink of an eye, it turned into flattery and fear, so he kept this look, struck Lin Kai haha, and said with a smile: "Mr. Lin, this little money is a young man after all. Young people will always commit crimes more or less. You're wrong, as long as you don't do it next time. I will also tell this little money not to do this kind of detrimental and ethical things in the future.

Mr. Lin, you also taught Xiao Qian so well. In my opinion, the matter just passed. If Mr. Lin is still unsatisfied, any suggestions are fine. "

Huang Qilang didn't dare to take less money. He was too cruel to offend him. How could he say that he also ate in Shenling City.

The Qian family still has a certain status in Shenling City, and Qian Shao actually relied on his family background to dominate in Shenling City. If there is no such identity as the Qian family, this little money is a waste, nothing.

That's why Huang Qilang said that, try to save money.

At this moment, Qian Shao was stupid. After hearing Huang Qilang's haha, he could also tell that Huang Qilang was trying to protect him.

In an instant, Qian Shao's face turned pale, and his already pale face became even whiter now. If you still stand here, if you lie down with your eyes closed, you will really think it is the pale face of a dead person.

This is how Qian Shao was frightened, because Huang Qilang said.

Huang Qilang was very flattering and frightened towards Lin Kai.

Not only that, but Huang Qilang also knew that the Qian family behind him could not resist Lin Kai.

Therefore, Huang Qilang wanted to try to protect him.

This means that this is not only an iron plate, but also a character that his money family can't afford!

Qian Shao's head is really blank. When did such a powerful character appear in Shenling City? Still so young!

There is indeed a force in Shenling City, and it can be like this!

That is the Zhao family of Shenling, but the young master of Zhao family of Shenling, Qian Shao is also familiar.

And this is Lin. In the impression of Qian Shao, there is no big family named Lin in Guangling Province, comparable to his Qian family.

Then, what is the origin of Mr. Lin that Huang Qilang said, that is, the young man on the sofa!

There is little money and I never thought that tonight is just a temporary motive, I want to pursue some excitement.

How would I know that I would encounter this kind of iron plate? After all, it is reasonable to say that these school girls are from ordinary families and have no background at all. Why does Deng Jiajia know someone like Lin Kai.

At this moment, when Lin Kai heard Huang Qilang's words, it was a little funny, and he even taught him how little money was.

Huang Qilang himself was also engaged in the kind of activities of murdering people and bullying men and women.

In fact, Huang Qilang is not qualified to teach Qian Shao, but Qian Shao is more familiar with Huang Qilang and is also afraid of Huang Qilang. Therefore, Huang Qilang's lesson like this is less money, it can't be better.

So Lin Kai said indifferently: "What Huang Qilang said is somewhat reasonable, but I don't know how much money this young man can listen to, he must make a statement?"

Qian Shao is still a little confused at this time.

When Huang Qilang heard these words from Lin Kai, he was immediately happy. At least this shows that Lin Kai will not go into deep research. He has to make Qian less express his attitude and stop committing this kind of thing next time.

However, he saw that Shao Qian was still standing there in a daze, and was a little furious. Lin Kai didn't delve into it like this, and he was still there in a daze.

Huang Qilang slapped Qian Shao fiercely again, and Qian Shao woke up instantly after hitting Qian Shao, and then yelled at Qian Shao: "Have you heard? Mr. Ye, let you make a statement. Don't commit this again next time. Let this kind of thing go to you! If you do this kind of thing next time, don't talk about me, your money family won't be able to protect you!"

When Huang Qilang said that, Shao Qian shivered, and he couldn't even afford his Qian family.

No wonder Huang Qilang reminded him one after another.

Although Qian Shao is still a little unconvinced in his heart, but the current situation seems that even Huang Qilang can't help him. He had to bow his head and said, "Mr. Lin, I was wrong. I will not dare to do it next time. I hope you Let me go."

Lin Kai has no interest in Qian Shao and other things. He is not a saint. A lot of this kind of things happen every day in the world. Does he need to take care of it?

This is actually a social problem, even if it can be managed, it is a symptom rather than a permanent cure.

So Lin Kai glanced at Qian Shao faintly, and said directly: "I can't control your other things, so I will ask you directly if you will retaliate against Deng Jiajia in the future, and also to these weak girls, use this Despicable means?"

Since Qian Shao had bowed his head to Lin Kai, he shook his head decisively and said: "No, no, really no. If you really do this, I believe that without you, Qi Ye will not let go. Pass me."

Huang Qilang almost vomited a mouthful of old blood, but he did not expect that Shao Qian would even drag him into the water.

This means that let him supervise the lack of money. If this kind of thing is really committed, it also shows that he is not strictly supervised, and he will also be very responsible.

He really has an urge to kill less money. But he was helpless, as Qian Shao said he was also the young master of the Qian family.

In addition, Qian Shaodu had already said so to Lin Kai.

Sure enough, Lin Kai's gaze fell on Huang Qilang at this time, nodded slightly, and said: "This is indeed a good way. Let Huang Qilang supervise you in the future. If the supervision is not in place, Huang Qilang, you too. Certain responsibility."

Chapter 1708: The Son Wants To Raise But The Kiss Does Not Wait

Chapter 1708

“Nature! Naturally! What Mr. Lin said!”

Huang Qilang was stared at by Lin Kai’s gaze, cold sweat broke out, and he didn’t dare to agree to it.

One does not agree, then now he is offending Lin Kai.

At the same time, Huang Qilang was also scolding for less money in his heart. Also secretly swears that since the money is not enough to drag him into the water, he will not give him any good color.

Not only does he have to supervise the small amount of money, he will also have to supervise the small amount of money well in the future. As long as the small amount of money does something bad, then he will teach him severely!

Otherwise, he will tell Lin Kai!

At this time, Lin Kai nodded in satisfaction and said, “Huang Qilang, supervise it. Also, you are the same. If you two are still doing such bad things, don’t blame me for using any means, let you know, and regret coming here. A trip in the world.”

“Yes Yes Yes!”

Huang Qilang nodded again and again. After all, he had seen Lin Kai’s methods with his own eyes. He really didn’t want to be used by Lin Kai.

Little money is still in a state of fearless ignorance.

Huang Qilang immediately glared at Qian Shao and asked Qian Shao to respond to Lin Kai quickly. When Lin Kai left, he must take the money with him and let him take a good look at Lin Kai’s strength!

Don’t get the time, this little money will cause some trouble. He doesn’t care about Qian Shao’s life and death, he only cares about his own safety!

After being kicked by Huang Qilang, Shao Qian didn’t expect that Huang Qilang would be so afraid of Lin Kai.

Although the money is still a little unconcerned, the situation is better than the others, so he hurriedly said: “Mr. Lin, I will not do this kind of thing again. Later, I will send these girls home. Yes, there will be no other ideas.”

Soon, Lin Kai took Deng Jiajia and left.

Deng Jiajia followed Lin Kai with a shocked expression in her eyes. She didn’t expect that Lin Kai would just sit on the sofa like that.

Not only was the matter resolved smoothly, but the money that was notoriously well-known was also severely taught by the way, and he guaranteed that he would not commit it again. And there is the character Huang Qilang who is less than money, and seems to be more ruthless, who has to supervise less money.

Not long ago, Deng Jiajia was still very nervous. She sat next to Lin Kai. She thought that Lin Kai felt hopeless to escape, so she pulled her and waited for death on the sofa.

Where can I think of it, it will be the result now.

And at this moment Deng Jiajia also noticed that when Lin Kai took her to the door of the nightclub.

Huang Qilang's group of subordinates are all tall and strong, and there are many big guys with explosive muscles.

It should be said that this group of hands place orders in terms of momentum, and they all have a very strong sense of oppression than adult men.

However, now, when Huang Qilang's subordinates saw Lin Kai approaching, they all looked like a mouse and a cat. Those who instinctively avoided Lin Kai far away, all regressed.

This scene also made Qian Shao see, and Qian Shao was even more impressed with Lin Kai.

It didn't take long for Lin Kai to take Deng Jiajia and walk out of the nightclub.

Deng Jiajia walked next to Lin Kai, and she said to Lin Kai: "Mr. Lin, thank you for your help, otherwise my fate tonight would be unimaginable."

Lin Kai looked at Deng Jiajia and said lightly: "Then you dare not do this in the future, just follow those people at will and run out late?"

"Don't dare, don't dare."

Deng Jiajia shook her head sincerely, and said, "I still study hard, and it is not too late to try to get into a good university. My mother is in the spirit of heaven and does not want me to become like this. My mother's greatest wish is me. Being able to take a good university entrance exam can change your own destiny."

After tonight's experience, Deng Jiajia already knew that the so-called making big money turned out to be such an activity. She had known it a long time ago, and she would never mix with those girls like this.

Not only made her grades worse, but she was almost in danger. Fortunately, Lin rescued her.

Deng Jiajia thought of Lin Kai again. Wasn't she eating at her father's street stall?

So Deng Jiajia curiously said: "Mr. Lin, didn't you eat that snack at my father's booth before? How did you know that I was in this nightclub?"

Lin Kai said casually: "It just happened to be just after eating and passing by. This is not the key point. The point is, what you just said, I hope you can do it."

While talking, he came to a parking place near the nightclub.

Deng Jiajia's small motorcycle is there.

Lin Kai said lightly: "Get the key, I'll take you back first."

At present, Deng Jiajia looks fine on the surface, but still suffers a mental shock.

Without any hesitation, Deng Jiajia handed over the keys of the scooter to Lin Kai with great confidence.

Lin Kai took the key to the scooter, and took Deng Jiajia to the location of the home that Deng Jiajia said.

In the process, Lin Kai talked about his own experience.

After listening, Deng Jiajia was thoughtful. Especially when I saw that late at night, there were still many people busy for the city, such as the police uncle, or the medical staff, and like his father, who set up stalls on the street in the middle of the night for life.

Deng Jiajia was touched inexplicably and felt very sorry for his father.

Lin Kai didn't say too much, and didn't teach anything, he just told a kind that his son wanted to support him and didn't wait for him.

Deng Jiajia's home is an old community located a little farther away, and that old community is thirty years old.

But when passing by, Deng Jiajia's father did not close the stall. Even if the business was not good, he confiscated the stall.

To be precise, he was very worried at the booth from time to time.

He even picked up his cell phone, as if he didn't hesitate to call someone.

Deng Jiajia was never far away. Seeing this scene, she felt very uncomfortable. She knew that her father wanted to call her.

However, some time ago, her father called her in the middle of the night. She lost his temper and ran away from home for a few days.

This caused her father to dare not call her now.

At this time, someone who knew Deng Jiajias father should be a middle-aged man who had just left work. He saw Deng Jiajias father, who was still setting up a stall there, and he did not close the stall.

The middle-aged man couldn't help asking: "Old Deng, it's so late, and there aren't many people passing by, why don't you close the stall? It's so cold in the middle of the night."

Deng Jiajias father, the owner of the specialty snacks stall, squeezed a smile and responded: "Why dont my girl have to take the university entrance examination next year? At least I will provide the girl for the university. Although there are not many people. , But if you are lucky, if you can meet one or two, you can make a few dollars more."

Chapter 1709: A Beacon

Chapter 1709: A Beacon

The middle-aged man, hearing Deng Jiajias father, said with some emotion: "It's really pitiful for the parents of the world, it's you, old Deng, you really spoil your girl. Now you are heading in a bad direction, you If you dont dare to control it like this, it will be too late for you to regret."

Deng Jiajias father immediately smiled bitterly: "I want to manage it too, but I really cant manage it now. If I say a little bit, I may run away from home. I dare to manage this situation. I pray now, she I can live well, safe and sound, healthy and happy, and I hope I can go home sooner."

The middle-aged man shook his head suddenly, and said again: "Old Deng, you'd better close the stall and go back soon, I have to go back now."

Deng Jiajia's father smiled and said: "You go back quickly, I'll wait, maybe the next girl will come back."

The middle-aged man shook his head and sighed. The weather was still a bit cold, and he didn't stay here much, and quickly left the place.

After the middle-aged man left, the smile on Deng Jiajia's father's face gradually disappeared, replaced by a look of worry.

At the same time, Deng Jiajia's father took out a pack of cigarettes and began to smoke.

Deng Jiajia's father didn't wear too thick clothes. He curled up in the cold wind in the middle of the night, sitting behind the booth and smoking a cigarette.

At this time, Lin Kai drove this small motorcycle and did not go to Deng Jiajia's house, but to Deng Jiajia's father's booth.

It was almost two o'clock in the morning. Lin Kai originally thought that Deng Jiajia's father would have left the stall long ago. He didn't expect that he would wait here.

Lin Kai and Deng Jiajia also heard the conversation between the middle-aged man and Deng Jiajia's father.

Deng Jiajia was silent for a while.

But Lin Kai said to Deng Jiajia, while riding a scooter, to Deng Jiajia who was sitting behind him: "You took away your father's two hundred yuan. I don't know how many snacks your father wants to sell. Earn it? And your father stays up all year long, and he has a habit of smoking.

It can be seen that your father is not an old smoker, but only recently started smoking. Especially this is gradually entering the autumn and winter weather, this night is still very cold, your father's body will become increasingly unhealthy. do you understand? "

Deng Jiajia was silent again, except that her eyes were red this time.

It happened that Lin Kai rode the scooter near the stall and stopped.

Deng Jiajia immediately got off the scooter and looked at the back of the stall. Perhaps it was her father who was shaking because of the cold. She cried out with a little choking, "Dad!"

When he heard these words, Deng Jiajia's father was surprised, and then quickly stood up, saw that Deng Jiajia was really back, and called him like this.

Deng Jiajia's father was surprised and delighted, because Deng Jiajia hadn't called him this way for a long time.

"Just come back! Just come back!"

Deng Jiajia's father was pleased.

At the same time, Deng Jiajia's father also noticed Lin Kai, and couldn't help being shocked.

Without waiting for Deng Jiajia's father to ask, Deng Jiajia came to him at once, then lowered her head, and confessed her mistake in a low voice: "Dad, I know I was wrong. It will make you angry again, and will go home on time every day. No matter how hard you take a college entrance exam, you won't be so hard in the future."

The huge surprise overwhelmed Deng Jiajia's father. He looked at Deng Jiajia in disbelief as if he were dreaming. It seemed that Deng Jiajia would not have expected to say such things.

"Good good! Good!"

Deng Jiajia's father couldn't say anything for a while, just kept saying good.

Lin Kai smiled and looked at this scene. He immediately pushed the scooter to the stall. Now that Deng Jiajia understood it, he didn't bother too much.

So when Lin Kai put the scooter in front of the stall, he was about to turn around and leave.

Deng Jiajia's father lived for half of his life. How could I not know that Lin Kai persuaded Deng Jiajia to come back, so that when he saw that Lin Kai was about to leave, he hurriedly called out: "This little brother, don't rush away. Thank you very much, it is better to eat a bowl of hot food and go."

Deng Jiajia also looked at Lin Kai, with gratitude in her eyes, and said, "Thank you, brother."

Deng Jiajia treated Lin Kai as her own brother, and it was Lin Kai who lit the beacon in the endless darkness for her.

This bright light will illuminate her, and the future will continue to move forward.

Regarding this, Lin Kai just smiled, did not say much, waved his hand, turned and left.

...

In a room in the hotel.

He Shiyun had just taken a shower and finally had a vacation, so she naturally stayed up all night.

Flight attendants basically work for a few days and rest for a few days.

But the holidays are hard to come by, going to bed early at night is not worth it.

Although I stayed up the longest night and put on the most expensive mask, I still have to stay up. Even now it's more than two o'clock in the morning, He Shiyun just took a bath and didn't feel sleepy.

Even she was inexplicably happy, mainly because Lin Kai took her to eat and stroll today. Don't know what the schedule will be tomorrow?

He Shiyun couldn't help but look forward to it, and it seems that Lin Kai hasn't returned yet, right?

She was hesitating whether to call Lin Kai and ask about the situation.

Thinking of this, He Shiyun came to the sofa, picked up the phone, and also picked up the Pisces golden lock.

She looked hesitant, she really liked this Pisces Golden Lock, and it was also given to her by Lin Kai.

However, Lin Kai transferred her a sum of money last time, and it was difficult for her to return it to Lin Kai for a long time.

She was still very sorry, and the cost of her coming to Shenling City was also paid by Lin Kai, which made her feel even more sorry.

This Pisces Golden Lock, if it were true, would definitely be of high value, far exceeding one or two hundred thousand.

He Shiyun thought for a while. She was quite familiar in Shenling, and knew that there was an antique appraisal place in Shenling, and this antique appraisal place was formal.

It is also clear that there are several antique auction places in Shenling. If they are appraised and then sold for auction, I believe they will sell at a very good price.

At that time, she would give Lin Kai the entire amount of the auction.

In this way, she will feel relieved. Even if she was very reluctant, Lin Kai gave her the Pisces Golden Lock.

When He Shiyun thought of this, he was even more sure of his own thoughts.

She also didn't know whether Lin Kai came back or not. Through Li Yaer's news, she knew that Lin Kai had already dealt with the matter over there.

But she lives in the room next to Lin Kai and has never heard any door opening or closing sound in the next room.

Chapter 1710: Late Night Chat

Chapter 1710

He Shiyun has not slept, and the most important reason is that it is not certain whether Lin Kai has returned to this hotel room.

She was worried about Lin Kai.

In fact, deep in my heart, there is another reason.

Maybe Lin Kaida didn't sleep at night and would knock on her door to come in.

At this point, He Shiyun is already ready.

As early as when he was on the plane, He Shiyun decided in his heart that as Lin Kai's guide in Shenling City, perhaps Lin Kai was interested in her.

He Shiyun was not a random woman, but she regarded Lin Kai as the only man she recognized as she lived to this day.

Because Lin Kai not only saved her mother, but even didn't receive any benefits, and even transferred a large sum of money to her to buy medicine. This kind of kindness is actually unrequited.

In addition, Lin Kai himself had saved her life before this, and it was a great kindness.

Lin Kai is still so young and handsome, and so good, and he is also very good in life.

In short, Lin Kai is the perfect image of a male **** in her mind!

When He Shiyun was thinking about it, suddenly the door of his room rang.

He Shiyun couldn't help but flushed. Did she really guess it? Lin Kailai knocked on the door?

As a result, He Shiyun immediately opened the door and saw Lin Kai holding a bottle of low alcohol sparkling wine and some supper snacks in front of her.

Suddenly, He Shiyun's heartbeat accelerated, and he jumped bang bang.

Lin Kai smiled and said, "I just came back and saw that the lights in your place were still on from the outside. I must have not slept, so I just had some supper."

He Shiyun nodded immediately and smiled happily: "I am a little hungry indeed."

Just like that, Lin Kai entered the room.

Lin Kai did indeed see the light in He Shiyun's room turned on, and he also sensed that there was no one in He Shiyun. He experienced something about Deng Jiajia, and he was very impressed.

This is the life of ordinary people, ups and downs.

Although he was still in the Golden Elixir period, he was still a little short of the Yuanying period, let alone the spiritual transformation period after the Yuanying period.

Lin Kai knew that if Yuan Ying Consummation wants to break through the stage of transforming the gods, he must not only cultivate enough, but also truly comprehend a trace.

The stage of transforming gods is rather a process from the mortal to the gods.

Lin Kaiyin vaguely felt that Deng Jiajia's experience tonight was inexplicably touched by him, and this touch might be of great help to the breakthrough to the God-Transforming Stage in the future.

As a result, Lin Kai didn't rush back to his room to practice, but just drank and chatted with He Shiyun.

At this time, He Shiyun put the sparkling wine and supper snacks in Lin Kai's hands on the small table.

Lin Kai also sat on the sofa and smiled and said, "It's almost three in the morning, why haven't you slept yet?"

While talking, Lin Kai opened the sparkling wine, which was low in alcohol and sweet.

He Shiyun began to think that this would be a high alcohol wine, because in this way, Lin Kai would be able to make sense.

Is it because she thinks too much?

He Shiyun thought suspiciously, then shook his head and said, "Finally, it was a holiday, of course I was reluctant to go to bed earlier. What's more, didn't you come back? I am worried about you too.

Hearing He Shiyun's words, Lin Kai let out a chuckle: "Thank you for your concern. Since I'm hungry, I'll have some first. This sparkling wine is still very appetizing if I drink one or two glasses before eating. And this night, it was also a bit cold, and it was able to warm the stomach."

He Shiyun was stunned again, as if Lin Kai had really come to give her supper, and talked a few words by the way.

He Shiyun was speechless and disappointed, but he was quite happy even more. Because Lin Kai is like this, it shows that Lin Kai is not that kind of casual person.

Thinking of this, He Shiyun smiled: "Mr. Lin, well, I will toast you first."

Thinking of this, He Shiyun opened the sparkling wine, took out the two cups, and poured one cup each.

In this way, the two chatted while drinking small wine, and they were talking about everyday things.

When he was almost eating, Lin Kai said, "If it's not in the morning, I should rest early."

With that, Lin Kai was about to go out.

He Shiyun saw Lin Kai go so simply, feeling even more speechless, couldn't help but cried out to Lin Kai: "Mr. Lin, you..."

Lin Kai turned around, looked at He Shiyun, and smiled: "What's the matter?"

He Shiyun originally wanted to say, Mr. Lin, do you like me or something like confession, but the degree of this sparkling wine is still a bit low, she just got a little impulsive, she immediately persuaded.

For fear that Lin Kai said that he didn't like her or something, he would stop talking, and then abruptly retracted.

He Shiyun had to change his words and said, "Good night, Mr. Lin, and you should rest soon. Remember that if you have something to go out in the morning, you should go to bed now. When you finish your work, I'll make a new plan for you. The tourist route of Lingshi. In other words, I am also your personal guide, so I have to arrange it properly."

Lin Kai shook his head and laughed and said: "It is indeed a very good personal guide, but because of some things, my original plan has changed. After I finish my work in the morning, I have to go to the Zhao's house in Shenling to get medical treatment. After the illness, I promised someone to go to the ancient city of Yunshang. Therefore, there is not much time to plan on the Shenling side, but it is hard for you..."

Before Lin Kai finished speaking, He Shiyun's eyes lit up: "The ancient city of Yunshang? Mr. Lin, what a coincidence! I am also very familiar with the ancient city of Yunshang. If you want to learn about the humanities and geography of the ancient city of Yunshang, I Very familiar. In Guangling City, besides this Shenling, I am most familiar with this ancient city on Yunshang. Because the name of this ancient city also carries clouds, and more importantly, the place is indeed beautiful."

Lin Kai was also a little surprised at once. He didn't expect such a coincidence. He immediately smiled: "It's a coincidence, so let's see if you are free tomorrow. If you have time, I will take you with you."

"Free! Naturally free!"

He Shiyun nodded quickly, she said that, of course she hoped that Lin Kai would take her.

"Yes, I'll talk about it when I'm done tomorrow."

Lin Kai said, and left He Shiyun's room.

He Shiyun was also a little sleepy, took a short rest, and went to sleep.

Early the next morning.

Lin Kai and Li Ya'er, as well as the senior executives of Li Shengxian's company, set off together.

At the entrance of the hotel, I just ran into Wan Jiaming.

This is not a coincidence, but Wan Jiaming ran here obediently.

Because Lin Kai had already told Wan Jiaming yesterday that if he wanted him to let it go, then he had to participate in this competition.

Li Shengxian's company is cooperating with Shenling, so at least two people must be sent to participate.

But Li Shengxian's company has nothing else but Lin Kai who can fight alone.

Unexpectedly, this Wan Jiaming came to the door by himself, so there is no need for it.
