

Special Forces 1711

## **Chapter 1711: So Called Competition**

Chapter 1711

After all, Li Shengxian's company only needs Lin Kai alone.

Sending another person is actually here to die.

But even if you die, you must send someone. Otherwise, you are not eligible to participate in this competition.

Originally, Li Shengxian really had to send such a strong man. But Wan Jiaming had to go to provoke Lin Kai, it was the same kind of repetition.

Lin Kai didn't have such a good temper, so he asked Wan Jiaming to either participate in the competition or he would solve Wan Jiaming by himself.

Wan Jiaming thought about it for a day. He had seen Lin Kai's terrifying methods. He would rather be severely injured in the competition than face Lin Kai.

However, when Wan Jiaming saw Lin Kai at this time, he regretted it again.

Because early in the morning, he found out what was going on in this competition. It is very possible that he will become disabled and even life-threatening in the competition.

He definitely wouldn't go to such dangerous things.

Originally, Wan Jiaming planned to leave immediately, but he didn't expect to leave. As soon as he wanted to leave, he ran into Lin Kai and led people out of the hotel.

Wan Jiaming's heart slammed, biting his head and pretending not to see Lin Kai, he turned around and left here quickly.

Lin Kai narrowed his eyes slightly, and did not stop Wan Jiaming.

On the other hand, Li Ya'er, who saw Wan Jiaming's back, couldn't help but shook her head and said: "Mr. Lin has actually been kind to Wan Jiaming. He is nothing more than a martial artist. At most, he suffered serious injuries and was lying in the hospital. Yue. And what Wan Jiaming did yesterday would be dead if he was replaced by someone else."

Li Ya'er already knew that yesterday Wan Jiaming even went to trouble Lin Kai. He invited Huang Qilang from Shenling to bring hundreds of people with him and wanted to teach Lin Kai.

Li Ya'er was very speechless when she heard the news. Don't you know Lin Kai's strength? Without inquiring about it clearly, she just went so arrogantly.

More importantly, Wan Jiaming still has that attitude.

Before that, Lin Kai had let Wan Jiaming go, and informed Wan Jiaming's father that he had given a chance.

The result is still reluctant. If it were an ordinary person, he would have been killed by Wan Jiaming's method.

However, it was Lin Kai that Wan Jiaming encountered. Lin Kai didn't beat Wan Jiaming on the spot, which was very good, but gave Wan Jiaming another chance.

The main reason is that Wan Jiaming's father will cooperate with Li Shengxian's company.

Although participating in the competition is dangerous, at most serious injuries. And this also depends on luck. If you are lucky, it is possible to suffer a skin injury at most, or even if you are lucky not to be injured.

But now, this Wan Jiaming was still hesitant, and finally chose to escape.

The senior executive of Li Shengxian's company also shook his head: "Wan Jiaming is still too naive, and the monk can't run away from the temple."

Lin Kai didn't say much about this. If Wan Jiaming didn't go, let Wan Jiaming's father send someone over.

Although Wan Jiaming's father's company is small in scale, it sells drugs that are quite special. It still has branches in cities that are somewhat famous across the country.

Soon, Lin Kai, Li Ya'er, and the senior executives of Li Shengxian Company came to a commercial Mercedes Benz.

This commercial Mercedes-Benz belongs to Zhao's family in Shenling, and the driver is also from Zhao's family in Shenling. He immediately drove the three of Lin Kai to the destination.

Not long after, He Shiyun also walked out of the hotel. She was planning to go to the place where the official antiques were appraised, to estimate the value, and get an antique certificate.

Opposite the gymnasium in Shenling City is a small martial arts gymnasium.

In ancient times, Shenling also had a lot of martial arts. Therefore, there are not only antiques and ancient buildings, but also many people who practice martial arts since childhood.

Therefore, there is an iconic martial arts hall here.

Today's martial arts museum is very lively, after all, three provincial capitals are involved.

In fact, this matter has nothing to do with ordinary people. It is completely boring for high-level people. I don't know who has such an idea. It is pure fun and fun.

Nowadays, it has evolved into entanglements in the interests of some group companies in the three provinces, even involving the government. Therefore, all of them attach great importance to this competition.

At this time, as the host of this competition, Shenling, a big family and a big group, naturally came.

However, it is mainly led by Shenling Zhao's family, and An Xiaoran's grandfather is also there.

One by one, sitting on the top of the martial arts arena, waiting for others to arrive.

At this time, Zhao Yajue, the Patriarch of the Zhao Family in Shenling, looked at the old man next to him, and said: "Bo Qian, why your junior sister and junior brother have not appeared until now? Could something really happen? Nothing?"

When Bo Qian heard Zhao Yajue's words, he shook his head slightly and said, "I don't know, but I should come over before the start."

"Uncle Qian, you don't know how many times you have said this. You have been talking about it since last night. As a result, I haven't come over until now. I don't think it will come anymore!"

There was someone in Shenling City, humming coldly.

It's just that he just finished speaking, and Chamber's eyes fell on that person, and that person didn't dare to say anything. Obviously, he is still afraid of Chamberlain.

But a person next to him smiled and said, "What's the hurry, didn't the other people also come, especially President An, who also specially invited Lin Kai from Donghai, didn't they also come?"

Some people kept nodding: "Yes, that Lin Kaiming is in our Shenling Mountain, why hasn't it come yet? And other provinces, as well as provincial capitals, wouldn't they send people here? There is no concept of time."

"Especially Lin Kai, although we invited him, we should come here early."

"It doesn't matter if we don't come here. Is it possible that we Shenling still need to rely on him? Besides, it was originally a melee, which only represents our Shenling. Even if we come over, we will encounter Chamber's younger brother and younger sister. At that time, Lin Kai didn't have to be eliminated. In fact, it was enough if Qian's younger brother and younger sister came here, and everyone else had enough."

Everyone was talking about it, the process of this competition is very simple. There are no rules at all, that is, whoever represents their respective places will play and win the final victory. That is the final winner.

An Xiaorans grandfather, hearing so many people who had opinions on Lin Kai, couldnt help but say, "Mr. Lins method, you have not seen it formally. So what you said is nothing more than a guess. Now that you have seen Mr. Lins ability, its not too late to discuss it. Its still very bad for you to make an argument like this."

## **Chapter 1712: Lay Down**

### Chapter 1712

The owner of the Shenling Qian Family has a lot of money and disdainfully said: "I said, Mr. An, that Lin Kai can cure your disease. Although his method can really cure your disease, it is still doubtful. But. You are so partial to Lin Kai, it's just that you have some kindness with him, that's why you speak for Lin Kai like this."

Hearing what Qian Yiduo said, An Xiaoran's grandfather didn't argue any more. He has lived for a long time. For this kind of thing, the most important thing is to wait patiently. Instead of doing some meaningless arguments here.

At this time, Zhao Yajue said, "Since Mr. An said that, Mr. An must have the truth. In addition, my son Wuhao also highly respects Lin Kai when he mentions it, so I treat Lin Kai very much. Curious.

When Lin Kai comes, you can try Lin Kai's foundation first. If you really don't have any abilities, let Lin Kaibie participate in it, so as not to get hurt, and it's not easy to confess to Donghai Li's family. "

As soon as these words came out, everyone else also showed a look of interest. They also wanted to know what Lin Kai's true ability was.

Qian Yiduo asked Zhao Yajue, and said, "Patriarch Zhao, when Lin Kai arrives, how are you going to try this? What is Lin Kai's ability?"

Zhao Yajue actually didn't think about how to try it. After all, he invited him to participate in this on behalf of Shenling, so he couldn't really invite Qian to take action.

Zhao Yajue's gaze turned, and his gaze fell on a middle-aged man in a martial robe, and he immediately had an idea.

This middle-aged man in a martial arts robe is the curator of the Shenling Martial Arts Center, and he has naturally learned martial arts since he was a child. Not only that, but he also worshipped various famous teachers, such as Shaolin Temple, Tai Chi, Wing Chun, and so on. They all learned very well and were very famous.

Use the curator of the Shenling Martial Arts Academy to test Lin Kai, that is a good candidate.

So, Zhao Yajue looked to the curator of the Shenling Martial Arts Hall and said: "Chancellor Zhang, come here."

The curator of Shenling Martial Arts Hall is standing near the ring, because on the ring are some people from the highest level of Shenling. Although he is the curator of the martial arts hall, he is not qualified to stand on the ring.

At this time, the curator of Shenling Martial Arts Center heard Zhao Yajue calling him, and at first he thought he had heard it wrong. After all, on this occasion, he was only here to support the scene.

Now I saw the eyes of many people, all focused on him.

The curator of Shenling Martial Arts Hall was taken aback for a moment. It seemed that he was indeed calling him, but what exactly did he call him?

With doubts, he walked to the side of Zhao Yajue.

"Patriarch Zhao, what's the matter?"

The curator of Shenling Wuguan immediately asked and spoke.

Zhao Yajue said directly: "Director Zhang, wait for my driver, who will bring Lin Kai and his party over. When he is about to come in, he will stop a little bit. As for the column, I don't need to say anything. ."

Hearing Zhao Yajue's words, the curator of Shenling Martial Arts Hall instantly understood what Zhao Yaju meant. Between the martial arts halls, they often used some means to intercept them to prevent some people from coming to kick the hall. of.

Although the interception method between each martial arts hall is different. However, the change is inseparable from its sect, and you still have to do it yourself to test the strength of the opponent.

If you still have some real abilities, come to kick the hall, you will reject it for various reasons.

If you really can't refuse, you will find out more or less if you try that way.

Therefore, even if you lose, you will not lose too much shame.

Of course, if the strength of the temptation is very unsatisfactory, either directly drive out, or accept the kick in the stadium, and then beat him again. In this way, you can set off your own martial arts gym, which is still very powerful. This is naturally the case when I come to help my martial arts gym advertise for free.

Zhao Yajue can be regarded as a half circle of people, how can he not know this unspoken rule among martial arts.

Therefore, without Zhao Ya absolutely clarifying the situation, the curator of Shenling Wuguan immediately looked very understanding.

The curator of the Shenling Martial Arts Museum immediately bowed his hand to Zhao Yajue respectfully and said: "Patriarch Zhao, don't worry, no problem, just wrap it on me!"

The curator of Shenling Martial Arts Hall said, he stepped off the ring, and then yelled at his martial arts disciple: "Come here at the door, set down our martial arts formation!"

Shenling Wuguans interception method is to send some more powerful disciples to put up a martial formation. If you can pass this martial formation, it shows that you still have a certain strength, and you will be cautious. If it fails, it proves that the strength is still weak.

The specific weakness depends on how long it can persist in the military formation to judge.

It's just that the curator of Shenling Martial Arts Hall just finished speaking. A young man in a plain robe and a young woman walked into the gate of the Martial Art Hall.

The young man in the plain robe and the young woman, who were the younger brother and younger sister of Bo Qian, finally rushed over.

There are people outside who are specially responsible for welcoming them. Even if they don't know what they look like, they can tell by their dress. Then I asked, it was confirmed.

When the greeter saw that there seemed to be something to be done at this door, the person hurriedly spoke to the curator of the Shenling Martial Arts Hall and said, "They are the younger brother and younger sister of Bo Qian."

When the curator of the Shenling Martial Arts Hall heard what the man said, he was so frightened that he almost intercepted Chamber's junior and senior apprentices.

For Chamberlain, he has personally learned, and with his ability, he is naturally far from Chamberlain's opponent.

And he also heard that the younger brother and younger sister of Chamberlain, no matter which one they are, are far ahead of Chamberlain.

If you really want to intercept Qian's younger brother and younger sister, it is undoubtedly seeking death.

The curator of Shenling Martial Arts Hall also reacted immediately, and turned towards Ye Muqi, a young man in plain robes, and Luo Suyi, a young woman, and said, "Two masters, please inside! Please inside!"

Ye Muqi and Luo Suyi didn't say much, they just nodded their heads in response, and walked into the martial arts hall.

When he entered, Bo Qian was the first to notice that Ye Muqi and Luo Suyi who walked in, he immediately stood up, smiled at the two and said, "Junior Brother Ye, and Junior Brother Luo, you It's coming!"

"Brother Qian."

Ye Muqi and Luo Suyi couldn't help talking either.

Ye Muqi went on to say: "After a delay on the road, I was late."

The delay he said was naturally referring to the powerful evil that he encountered in that old community last night. Fortunately, Lin opened his hand and solved it.

### **Chapter 1713: Insist On So**

#### Chapter 1713

Although the delay was not that long, it was because Luo Suyi was injured.

Even though he was treated in time, he still had some injuries. He opened two rooms in a nearby hotel, stayed like that for one night, and came to this martial arts hall in Shenling early in the morning.

While Bo Qian was talking with Ye Muqi and Luo Suyi, Zhao Yajue and others were looking at Ye Muqi and Luo Suyi.

When I first glanced at the past, I immediately felt that it was definitely not an ordinary person, but rather a kind of expert who felt like a dust.

As the representative of Shenling this time, Zhao Yajue quickly stood up and said to Ye Muqi and Luo Suyi respectfully: "Two masters, I can come here. I am very grateful to Zhao. I'm busy with things here, and I will entertain the two masters!"

Ye Muqi shook his head and said, "It's not necessary, Junior Sister and I, it's just because the master agreed to go down the mountain, we will come over and help."

Hearing Ye Muqi's such politeness, Zhao Yajue was even more delighted in his heart. This is the real mastery demeanor, and he was immediately relieved about this competition.

Zhao Yajue did not neglect Ye Muqi and Luo Suyi, and immediately arranged for a seat, as well as the finest tea.

At this moment, Ye Muqi was sipping tea, and asked, “hasn’t the people in this competition come yet?”

Zhao Yajue smiled and said, “It’s all coming soon, there is still half an hour before the agreed time.”

Ye Muqi nodded when he heard this, but he didn’t care much. He came here, mainly because of a hidden family, who also came to participate.

But at this time, Zhao Yajue continued to ask Ye Muqi, and said, “Master Ye, I heard that your medical skills are superb. My lover has a strange disease. After visiting many famous doctors, it is difficult to get treatment. Waiting here to be busy. When it’s over, can Master Ye trouble me and help see my lover’s disease. If it is cured, I will definitely thank you again!”

Ye Muqi looked at Zhao Yajue and immediately responded: “Patriarch Zhao is polite. Since there are patients, I will help.”

Zhao Yajue beamed with joy and laughed: “Master Ye is worthy of being an expert, thank you Master Ye in advance!”

At the same time, Uncle Qian came to Ye Muqi’s side and couldn’t help but say, “How is Master?”

After all, Uncle Chamber is also old, it is difficult to live in the mountains too much, so he basically practiced in the world.

The most important thing is that it is difficult for Chamberlain to go further. The talent is there, so he has to come into the world.

Otherwise, Chamberlain will still pursue the legendary realm.

It’s been a long time since Uncle Chamber went up the mountain, so he asked Ye Muqi.

Ye Muqi and Luo Suyi started talking about Master’s recent situation and so on.

An Xiaoran’s grandfather frowned when he saw Zhao Ya’s absolute attitude of Ye Muqi and Luo Suyi.

Especially when he saw it, at the entrance of the martial arts hall, the curator of the Shenling martial arts hall had already asked some of his disciples to set up a martial arts formation at the door.

An Xiaorans grandfather couldnt help but said to Zhao Yajue: “Patriarch Zhao, its not good for you to let someone set up this martial formation like this? Mr. Lin will come over immediately. Anyway, Mr. Lin is also affected. Our invitation, and come and help us.”

Zhao Yajue immediately responded to An Xiaoran’s grandfather. After all, An Xiaoran’s grandfather was in official status, and his status was not weaker than him.

But on this matter, Zhao Yajue still insisted on her own ideas, and said: “Master An, I am also good for Lin Kai. If Lin Kai can’t even get through this martial arts formation, there is no need to participate. If you suffer Whatever hurts, it hurts the harmony, and it is still very bad. Of course, if even this martial formation can pass, it shows that Lin Kai has some ability.

In addition to thinking about Shenling, I am also thinking about the East China Sea. If something happens to Lin Kaizhen here, it will be difficult for both parties to explain. Are you right? “

An Xiaoran’s grandfather didn’t know what to refute for a while. Although it made sense, this method was not good. He was about to say something when he saw Zhao Yajue wave his hand.

At the same time, Zhao Yajue continued: “Father An, you don’t have to say anything, the matter is settled, you can just sit here and watch with peace of mind.”

Zhao Yajue is the person in charge this time, and is still qualified to make such an arrangement.

An Xiaoran’s grandfather was very helpless about this. He had no choice but to change Zhao Yajue. He could only pray that Lin Kai would do nothing.

Otherwise, he is the most difficult one. In any case, Lin Kai was invited by him.

Just as An Xiaoran’s grandfather was thinking about it, at the gate of Shenling Martial Arts Hall, several people seemed to see something, and all of them were energetic.

“Look, that car is already here!”

“Everyone get ready!”

Those who placed the military formation immediately took their positions.

However, one of the young men with sword marks on his face spoke disdainfully and said: “Master, too, just set up the martial formation. In my opinion, I am enough to go and test.”

Hearing this young man with sword marks on his face, everyone else nodded and said.

“Yeah, the big brother will not only be able to test it out, but it is also very possible to let that kid get out of the door!”

“Yes! Big Brother’s strength is not weak!”

“In fact, our elder brother is also qualified to participate in this, but it is too low-key, so there is no choice to go.”

The other disciples in the Shenling Martial Arts Hall admired their big brother, the young man with the sword mark on his face.

At this moment, the car stopped at the door, and Lin Kai, Li Ya’er, and the high-level Li Shengxian all got out of the car.

Lin Kai immediately saw that some disciples in the martial arts hall were standing in different positions at the door.

He can still see that this is a martial arts formation that employs people.

Lin Kai frowned. He had been invited before he agreed to come.

But, what does it mean to let this person in the Shenling Martial Arts Center once again put up a martial arts formation?

Normally speaking, even if the Shenling side does not come out to greet them, they have to invite someone to greet them, and this poses a martial arts formation, which seems to be the same as smashing the horse.

Li Ya'er was also very upset, and she said directly: "What do you mean? We are here by invitation. What do you mean by stopping at the door? Don't go away!"

The curator of Shenling Martial Arts Hall hurried over and said with a smile: "In fact, this is a small rule of my martial arts gym. I have heard of Mr. Lin Kailin's name a long time ago, so this matter is waiting for Patriarch Zhao. Any relationship."

The curator of Shenling Martial Arts Hall was also mellow, knowing that Lin Kai's party was very unhappy, so he immediately found a reason to explain.

### **Chapter 1714: Mob**

#### Chapter 1714

"Rules? What rules?" Li Ya'er frowned and became even more displeased. Both she and Lin Kai were invited to participate in this competition. Unexpectedly, there are any rules in this martial arts hall.

Before the curator of Shenling Martial Arts Hall could speak, Lin Kai wouldn't have to go around so much, and he was too lazy to talk nonsense. He said directly: "I don't want to know what rules are you going to let me open? Or, no Want to stop at this door?"

When the curator of Shenling Martial Arts Hall heard Lin Kai's words, he was very disdainful in his heart, as if he said, what can he do with him!

What's more, this is itself arranged by Zhao Yajue, the Patriarch of the Zhao Family.

Zhao Ya never stopped him, indicating that he still insisted on testing Lin Kai like this.

So now, the curator of Shenling Martial Arts Center didn't care about what Lin Kai said.

He went on to say: "Mr. Lin, I haven't had time to talk about the rules. In fact, it is not against you. If people from the other two provinces come, they will accept this rule.

And this rule is very simple, it is to go through three trials. If you can pass smoothly, you are eligible to enter. On the contrary, it is not qualified to enter. The main purpose is to maintain the level of this competition. "

The curator of Shenling Martial Arts Hall said that it was naturally made up. Anyway, as long as he can test Lin Kai now, he will have completed the task.

The most important thing is that in his opinion, Lin Kai is still too young, especially because of his mediocre appearance.

If such a person can be invited to participate in the competition, then any disciple in his martial arts gym can take the place of Lin Kai.

Regarding the words of the curator of Shenling Martial Arts Hall, both Li Ya'er and the senior executives of Li Shengxian's company frowned. They didn't expect that there would be three trials.

Before this, but never heard of this.

Lin Kai calmly said, "The rules of the martial arts hall? Three trials?"

There was a hint of playfulness at the corner of his mouth, and he continued: "You are just talking about it, what about these three trials?"

Seeing that Lin Kai didn't seem to say much, he should have accepted this reality.

So, the curator of Shenling Martial Arts Hall immediately said: "The first trial is just to be able to defeat my four disciples. The second trial is also very simple, it just breaks the martial formation. And the third Guan, as long as you can hold ten moves in my hands, even if you win, how? If you win all, it means that you still have the ability to get in.

If you didn't win, you would be embarrassed. Then please go back, otherwise you will die if you participate in this competition. My martial arts rules are also considering you. "

The curator of Shenling Martial Arts Hall said that he was righteous.

Lin Kai narrowed his eyes, how could he not guess that this was the intention behind Shenling's side.

Otherwise, the curator of the Shenling Martial Arts Hall alone would not have the guts to stop him.

The curator of the Shenling Martial Arts Hall just now also explained why it was intercepted here.

It seems that the rules of the martial arts gym are actually that Shenling is trying to test him.

Lin Kai couldn't help but said indifferently: "It's too much trouble. It's better if you can block my punch and stand up from the ground, then I will lose. On the contrary, if you can't stand up, then naturally I will win. How about this more simple and straightforward?"

If Lin Kai hadn't noticed, Grandpa An Xiaoran's worried expression in the martial arts hall would definitely leave him.

Originally, this was Shenling's fear of losing, so he invited him.

Lin Kai doesn't care whether Shenling wins or loses. In fact, Li Shengxian also has an indifferent attitude. It's just that some interests are involved, so he sent Li Yaer and Li Shengxian to the process.

At the beginning, I didn't intend to participate. The appearance of Lin Kai did involve Li Shengxian's company.

What's more, Lin Kai also wanted to see who the provincial capital of Guangling Province would send.

Because he had heard that the supporter of the provincial capital of Guangling Province was the hidden family. To be precise, the hidden family was the one who had contact with Lin Yuan.

Lin Kai even suspected that Leiyuan Group had also joined this time.

Therefore, it is necessary for Lin Kai to stop Lin Yuan.

Thinking of this, Lin Kai looked at the curator of Shenling Martial Arts Hall with a suspicious look, and continued to speak, "Don't be haggling, do you accept it or not?"

The reason why the curator of Shenling Martial Arts Hall didn't immediately answer Lin Kai's words was because Lin Kai said that, making it as if Lin Kai could solve him with a relaxed punch.

He said he would win if he fell to the ground.

Who gave Lin Kai such confidence?

Although his ability is indeed not so good, far inferior to Chamber, but he can at least survive a few tricks from Chamber. Even Uncle Chamber couldn't help him, so that he couldn't get up with a punch.

At first, the curator of Shenling Martial Arts Hall thought that Lin Kai was saying something angry, but now seeing Lin Kai's calm look, it seems to be true.

At this time, he hadn't waited for the curator of Shenling Wuguan to say anything.

The disciples of Shenling Martial Arts Hall became angry one by one.

"Boy! You are so arrogant!"

"I haven't seen you so arrogant. A punch can knock my master on the ground and still can't stand up. You really think you are a master of the world!"

The young man with the sword marks on his face immediately sneered and said: "Boy, you want to challenge my master. You will pass our level first! Otherwise, you are not qualified to challenge our master!"

"Is it?"

Lin Kai said indifferently: "In that case, you still want your master to go together, so as not to waste everyone's time. Don't talk nonsense, I just ask, do you dare?"

While talking, Lin Kai casually swept toward these disciples of Shenling Martial Arts Hall, as well as the curator of Shenling Martial Arts Hall.

Most of the disciples of the Shenling Martial Arts Hall are not ancient martial artists, and a small part are ancient martial artists, but they are only of ordinary martial artist level.

The young man with sword marks on his face had just broken through to a martial artist.

The curator of Shenling Martial Arts Hall is actually the pinnacle of martial arts, not even Martial Saint.

It can be said that in Lin Kai's eyes, this group of people is a mob.

When Lin Kai said so now, the group of people in Shenling Martial Arts Hall became even more furious.

"Arrogant! Arrogant!"

"I don't know how to live or die!"

"Master, I don't think you can do anything, let us give this kid a lesson and let him see the true strength of our Shenling Martial Arts Center!"

"Yes, Master, let us teach this kid now!"

These disciples in the Shenling Martial Arts Hall angered Lin Kai one by one.

Since the curator of Shenling Martial Arts Hall hasn't said anything yet, they still can't do it directly.

### **Chapter 1715: Lightning Five Strike**

Chapter 1715 Lightning Five Strikes

Lin Kai didn't have that much time, and spent time with these people, and continued to speak lightly: "Either go together, or you go away together."

"Master, give the order! Since this kid is looking for death! I can't blame us!"

"Yeah, Master, what are you still hesitating about, this kid is the first to provocation!"

The disciples of Shenling Martial Arts Hall stared at Lin Kai one after another, wishing to attack Lin Kai directly.

However, their master, the curator of Shenling Wuguan, was still hesitating.

In fact, the curator of the Shenling Martial Arts Hall was also very angry at Lin Kai's words, which clearly didn't put his martial arts gym in his eyes.

The reason for the hesitation was that if he really went together, he broke the rules first. But if you don't, does this kid really treat his martial arts gym as a sick cat?

While the curator of Shenling Martial Arts Hall hesitated, the Patriarch of the Qian family came over with a lot of money and laughed loudly: "Curator Zhang, Mr. Lin said so, what are you hesitating about. Anyway, this is Lin. What Mr. asked, even if the blame comes down, you are on the right side."

When Qian Yiduo said so, the curator of Shenling Martial Arts Hall suddenly seemed to wake up from a dream, and a cold smile appeared on his face, and then ordered a group of disciples nearby.

Immediately, the curator of the Shenling Martial Arts Center sneered coldly: "All go!"

Following the order from the curator of the Shenling Martial Arts Hall, the nearby Shenling Martial Art Hall disciples had already been gearing up, and now they heard the curator finally decided.

Ever since, one by one rushed towards Lin Kai.

Li Ya'er and Li Shengxian's high-level company who were next to Lin Kai took a few steps back consciously.

It wasn't that he was afraid of suffering, but to give way to Lin Kai's fist.

Whether it is Li Ya'er or the senior of Li Shengxian's company, they have known Lin Kai's methods for a long time, and these Shenling martial arts schools are naturally better than ordinary people.

But no matter how strong it is, it can't be better than a group of ancient warriors raised by Leiyuan Group.

Li Ya'er and Li Shengxian's high-level company knew the ancient warriors and understood their power.

But Lin Kai is like a \*\*\*\* of war, no matter how powerful an ancient warrior is, in front of Lin Kai, that is a crushed existence.

As a result, Li Ya'er and the senior executives of Li Shengxian's company stood up with a calm expression.

At this time, a disciple of Shenling Martial Arts Hall came to Lin Kai first.

This disciple is just the pinnacle of the martial artist. He punched with great pride, attacked Lin Kai, and said with a grinning corner of his mouth: "Boy, taste the power of my punch! Let's see, our Shenling Martial Arts Center, You are not such a kid who can slander!"

It's just that the disciple of the Shenling Martial Arts Hall, as soon as the words fell, Lin Kai's body flashed, and he came to the disciple of the Shenling Martial Arts Hall and kicked it lightly.

This was indeed a light kick, but this kick directly caused the disciple of the Shenling Martial Arts Hall to be kicked and flew out.

As if being hit by a huge amount of force, the disciple of the Shenling Martial Arts Hall not only flew out directly, but also caused some disciples of the Shenling Martial Art Hall who came behind to be hit. .

For a time, nearly ten disciples of Shenling Martial Arts Hall all fell heavily to the ground, vomiting blood, making it difficult to stand up.

It is enough to see that Lin Kai's light kick is not something that these Shenling Martial Arts disciples can bear.

This is also what Lin Kai deliberately did, otherwise it will be aggravated, but it is not just as simple as lying on the ground and having difficulty getting up.

As for the other disciples of Shenling Martial Arts Hall who were not hit, although Lin Kai's strength was not small, Lin Kai was still very powerful in terms of strength.

Therefore, after a stunned, five disciples of Shenling Martial Arts Hall once again surrounded Lin Kai.

Lin Kai shook his head slightly, stepped forward very casually, and punched one at random. Within half a second, he punched five punches, knocking the five disciples of Shenling Wushu into the air!

They all made screams, which was obviously very difficult.

"Boy, okay! I didn't expect you to be really capable, but let's stop here!"

The young man with sword marks on his face gave a grin, his body trembled, and then he shook quickly.

The young man with sword marks on his face said with pride: "The five lightning whips created by the master are extremely powerful. I have only learned a little bit of fur. But it is enough to deal with you!"

As he said, he shook twice quickly, like a whip, and swiftly moved towards Lin Kai.

The young man with sword marks on his face was the big brother of the Shenling Martial Arts Hall.

Besides the curator of Shenling Martial Arts Center, he is also the strongest.

And compared to the curator of Shenling Martial Arts Hall, this young man with sword marks on his face would actually be more cruel and life-threatening.

The disciples of the Shenling Martial Arts Center were all excited when they saw their senior brothers going out.

In their opinion, their big brother can solve Lin Kai with great ease.

One by one, they began to shout for the young man with the sword marks on his face.

“Big brother! Discard this kid!”

“Yes! This kid is too cruel, and many of our brothers can’t stand up, and beat this kid out! Make him arrogant!”

These disciples of the Shenling Martial Arts Hall seemed to have seen the scene where Lin Kai would be severely beaten by their senior brother.

However, facing the attack of the young man with the sword mark on his face, Lin Kai moved a little to the left and avoided the attack of the young man with the sword mark on his face.

However, the young man with sword marks on his face saw his attack and was avoided. He didn’t have any surprise or panic.

On the contrary, the young man with the sword marks on his face sneered secretly. Did he really think his speed was only that much?

His five lightning strokes, as his master’s original martial skill, must be quite different.

This lightning five consecutive whips, that one whip is stronger than one whip, especially the last two whips, it will show several times the power!

He just played two whips and three whips!

Thinking of this, the young man with sword marks on his face, without any hesitation, quickly displayed the remaining three whips!

The complete lightning five consecutive whips were displayed. I have to say that this power is indeed several times higher than before.

In the eyes of the disciples of Shenling Martial Arts Hall, including the curator of Shenling Martial Arts Hall, and even others, Lin Kai was absolutely unable to withstand this blow.

Especially this young man with sword marks on his face, he aimed at Lin Kai’s chest, so that Lin Kai had no way to avoid it!

### **Chapter 1716: Do Not Speak Martial Arts**

#### Chapter 1716

However, in Lin Kai’s eyes, the young man with sword marks on his face displayed five lightning whips like a rope in the hands of a child playing.

Lin Kai lifted his hand casually without using much effort, just pressed his backhand down.

Press directly on the arm of the young man with sword marks on his face.

Immediately let the young man with the sword marks on his face stop and let out a scream, because his arm was directly broken by Lin Kai and was crushed.

At the same time, Lin Kai closed his hand at will, a powerful force, instantly sent the young man with the sword marks on his face.

I saw that the young man with the sword marks on his face fell heavily to the ground, dizzy and spinning, almost fainting.

When he saw Lin Kai walking, the young man with sword marks on his face looked terrified. He was finally afraid of Lin Kai. This was too capable!

He also looked incredible, and couldn't figure out why Lin Kai, who was younger than him, had such an ability! He was even able to crack the five lightning strikes he used, so easily it was cracked!

Lin Kai walked up to the young man with sword marks on his face, looked at him condescendingly, and said lightly, "I know, your five lightning strikes have not been fully displayed, I just want Lets see what the complete Lightning Five Strike is. The result disappointed me and it was useless."

Hearing this paragraph of Lin Kai's words, the young man with sword marks on his face showed an unbelievable expression. It turned out that Lin Kai was able to get rid of him very quickly.

The reason why he dragged it for a while was just to see, he showed the complete five lightning strikes.

However, this complete five consecutive flashes of lightning did not cause any harm to Lin Kai at all. On the contrary, it was solved by Lin Kai.

This made the young man with sword marks on his face difficult to accept this reality, and he was desperate.

The disciples of the other Shenling Martial Arts Hall, seeing their senior brother, were so easily resolved by Lin Kai, they were all unbelievable.

How can this be! It is still his own big brother, who has displayed a complete lightning five consecutive whips!

You know, if their big brothers completely cast the Lightning Five Strikes, their big brothers can directly fight against the master!

Could it be that this kid still has the strength to really be able to beat their master?

A disciple of the Shenling Martial Arts Center couldn't help but angrily said: "Boy! You deceived so much! If you win, you win, why use words to stimulate our seniors!"

Lin Kai said lightly: "If I didn't keep my hand, it's not just the injury that I have now. I have already given you Shenling Wuguan prestige. Do you still say, let me keep my hand? Just let me admit defeat?"

When Lin Kai said that, the disciples of the Shenling Martial Arts Academy were all red-faced and wanted to refute something, but they couldn't refute anything.

"Huh! Mr. Lin, do you really think my Shenling Wushu Hall is unmanned?"

The curator of Shenling Martial Arts Center was very angry, and he did not expect that Lin Kai really had two brushes, but he looked down upon this kid.

I had known that he directly let these disciples use the military formation. In this case, there would be no embarrassment as it is now.

Unfortunately, Lin Kai's strength surpassed his expectations.

In addition, Lin Kai defeated so easily, all the disciples of his martial arts gym, let him lose face directly.

If it is passed out, it will cause a lot of trouble for his Shenling Martial Arts Hall and enrollment in the future.

Therefore, the curator of Shenling Martial Arts Hall couldn't help but want to defeat Lin Kaiji, so that he could find his place.

Therefore, the curator of Shenling Martial Arts Hall asked all the nearby disciples to get out of the way, and he personally went out!

When I saw that my master was out, the disciples of the Shenling Martial Arts Hall became excited again one by one!

"Haha! Master finally shot! This kid is dead!"

"Huh, how can we beat our senior brother, our master is the best in Shenling Martial Arts Hall!"

"Yes! Our master not only created the Lightning Five Strikes, but also various boxing techniques, Tai Chi, Wing Chun! They are all proficient in everything!"

"I think this kid can't support our master's five tricks!"

The disciples of the Shenling Martial Arts Hall suddenly became energetic, and the previous desolation was also completely thrown away.

"Mr. Lin, I think you are a junior, so I'll still let you three tricks. I don't get the time to say that I am bullying the small by the big, but it is not good."

The curator of Shenling Martial Arts Hall held his back with his hands behind his back, looking like a master.

Lin Kai shook his head slightly and said, "If you want to make a move, you don't need to make three moves. It's a waste of time."

Hearing Lin Kai's words, the curator of Shenling Martial Arts Hall still said: "Mr. Lin, let you three strokes let you three strokes, if you don't even move my body, you don't have to fight. You still concede yourself. Otherwise you will be beaten miserably..."

As soon as the words fell, Lin Kai shook his head again and said with a sigh: "Actually, I want to say that I can solve you with one move."

"Ok?"

When the curator of Shenling Martial Arts Hall heard Lin Kai's words, the feeling of badness in his heart suddenly rose.

He didn't even have time to react, and saw Lin Kai extremely fast, his fist had already arrived in front of the curator of Shenling Martial Arts Hall.

I have to say that the curator of the Shenling Martial Arts Hall is still a little capable, and I don't know if it is true or scared.

In short, he took a half step back, causing Lin Kai's fist to hit the right eye of the curator of the Shenling Martial Arts Center impartially.

The curator of the Shenling Martial Arts Hall was hit by Lin Kai and fell straight.

At this moment, both the disciples of Shenling Martial Arts Hall and those of Zhao Yajue were very surprised to see that the curator of Shenling Martial Arts Hall was knocked down by Lin Kaigong with a fist.

Lin Kai glanced at those, a group of disciples in Shenling Martial Arts Hall, and said lightly: "Who wants to go?"

As soon as this sentence came out, the group of disciples in the Shenling Martial Arts Hall were also shocked to back up several steps, for fear of Lin Kai's attack.

At this time, the curator of Shenling Martial Arts Hall staggered to his feet from the ground.

It can be seen that the curator of the Shenling Martial Arts Center is holding on.

With everyone's surprised eyes, the curator of the Shenling Martial Arts Hall, trembling, pointed at Lin Kai with his finger, and said in a very sad tone: "You don't speak martial arts! Attack me!"

"I don't speak martial arts? I still attack you?"

Lin Kai said with a hint of playfulness at the corner of his mouth: "That's OK, I'll give you a chance, you let you three tricks, dare you?"

When Lin Kai said that, how dare the curator of Shenling Martial Arts Hall dare to say so, he just wanted to give himself a step down, after all, he knocked him to the ground with a punch.

This is too shameful, you have to find a reason.

## **Chapter 1717: You Sure?**

Chapter 1717 Are You Sure?

Seeing that the curator of Shenling Martial Arts Hall became silent immediately, Lin Kai didn't bother to pay attention.

At the same time, on the ring, An Xiaoran's grandfather saw Lin Kai and easily solved the people in the Shenling Martial Arts Hall, including the curator.

An Xiaoran's grandfather breathed a sigh of relief, and at the same time was surprised at Lin Kai's strength. With this strength, it is no wonder his granddaughter An Xiaoran said that Lin Kai is also very good in this aspect.

At the door, Lin Kai took Li Ya'er and the senior executives of Li Shengxian's company into the Shenling Martial Arts Hall.

For a while, everyone on the ring was concentrated on Lin Kai.

Zhao Yajue and the others looked at Lin Kai in surprise, but didn't expect Lin Kai to be really capable.

Ye Muqi, Luo Suyi and Bo Qian were talking there just now, and they didn't pay attention to what happened at the door, and didn't bother to pay attention.

But now that the conversation is over, Ye Muqi and Luo Suyi happened to see Lin Kai walking by.

Both Ye Muqi and Luo Suyi were stunned. Isn't this Mr. Lin who rescued their brothers and sisters and solved the powerful evil last night?

There was joy on Luo Suyi's face. She never expected that someone so fate would meet Lin Kai here.

She wanted to stand up and say something to Lin Kai.

However, Ye Muqi next to him stopped Luo Suyi.

Luo Suyi suddenly looked at Ye Muqi with confusion, and said, "Brother, what's wrong?"

Ye Muqi shook his head immediately, and said: "Look at the situation first, Mr. Lin can come here, and it must be related to today's matter."

Hearing what his senior brother said, Luo Suyi nodded, and didn't want to say hello to Lin Kai anymore.

Instead, Zhao Ya turned to Lin Kai in despair and smiled: "Mr. Lin, please sit down."

But the ring is full of people, only the edge of the steps, there is only one place, and the chair is a dilapidated chair.

Where are you sitting here? I clearly want to humiliate people.

This made An Xiaoran's grandfather angrily said: "Zhao Yajue! You are too much!"

Zhao Yajue seemed to know that An Xiaoran's grandfather would be angry, so he smiled and said, "Master An, you understand it wrong, mainly because there is really no place here. If Mr. Lin doesn't want to sit, then stand still."

The main reason is that Zhao Yajue believed that this Lin Kaitai did not give face, although he was invited, but it also involved the interests of Li Shengxian's company.

He just wanted to test Lin Kai. He didn't expect that Lin's meeting would be so disrespectful that all the people in the Shenling Martial Arts Hall would be wiped out. He still lost so badly and he didn't show mercy.

After all, everyone knows that this Shenling Martial Arts Hall is the property of the Zhao family.

Wasn't this hitting his Zhao family in the face so easily that Shenling Martial Arts Hall was resolved?

Although Zhao Yajue also admitted that Lin Kai is a little capable, but he is definitely not better than Ye Muqi and Luo Suyi next to him.

The two are senior brothers and sisters of Uncle Qian, this is where Zhao Yajue's confidence lies.

So I think that one more is not more than one, and one less is a lot.

In fact, he didn't know that Lin Kai had been merciful. If there is no mercy from his subordinates, then one really wants to lie on the ground forever.

Naturally, Lin Kai didn't know what Zhao Yajue thought, but looked at Zhao Yajue, slightly narrowed his eyes and said, "Patriarch Zhao, you let me sit in that position, are you sure?"

Zhao Yajue nodded immediately and responded with a smile: "Yes, Mr. Lin, I'm sure. After all, there is no place here, so I just wronged you, Mr. Lin. I'm sorry."

Even though he said so, he was still very proud of himself. Who made Lin Kai just now be ignorant of good and bad.

Qian Yiduo immediately said, "Lin Kai, you have already demonstrated your strength. I heard that this chair was used by the curator of Shenling Martial Arts Center to practice, and it is very helpful for cultivation. Like you Master, it should be easy to control this chair, it's better to show it to us, it's fine."

Hearing Qian Yiduo's words, except for An Xiaoran's grandfather, the people in Shenling all smiled.

The reason why they are so confident is of course also because of the brother and sister of Chamberlain.

If the brothers and sisters of Uncle Qian did not come, they would definitely not do this to Lin Kai.

They want to treat Lin Kai this way, just want to drive Lin Kai away, otherwise, wouldn't Li Shengxian's company lie down and win? Letting other groups give some benefits in vain is naturally thinking about it. It is better to get rid of them, and one less group distributes benefits. That would be better.

As a result, the Qian Family Patriarch of Shenling constantly targeted Lin Kai as soon as he had more money.

Lin Kai's eyes narrowed slightly. He mainly saw An Xiaoran's grandfather, caught in the middle, and it was not easy to be a human being, so he didn't express much.

Immediately he faced Li Ya'er and the senior manager of Li Shengxian's company and said, "Let's go."

After speaking, Lin Kai took Li Ya'er and the senior executives of Li Shengxian's company, turned around and prepared to leave.

Zhao Yajue and others had a calm expression, and they didn't feel much about Lin Kai leaving.

It was An Xiaoran's grandfather, but he chased him up and said with a wry smile: "Mr. Lin, I can't help you. I didn't expect this to happen."

Lin Kai shook his head and said, "Master An, you don't have to say that. Since the Shenling side doesn't welcome me, I have nothing to say. However, I have to say that your vision is really bad."

This sentence made everyone on the side of Shenling glaring at Lin Kai, but he didn't expect Lin Kai to say so.

The vision Lin Kai mentioned naturally means that these people have a narrow vision for a little benefit.

Qian Yiduo suddenly sneered: "Mr. Lin, we did invite you over, but we didn't say that you can officially participate in it. So here, we don't count as any breach of contract. On the contrary, it's you, Mr. Lin. You have hurt many people in Shenling Martial Arts Hall, so you should reflect on it."

Although Zhao Yajue didn't say anything, she seemed to agree with Qian Yiduo's statement.

Lin Kai smiled faintly, did not say anything, and continued to leave with Li Ya'er and Li Shengxian's senior executives.

At this moment, Luo Suyi couldn't help it anymore, and shouted to Lin Kai: "Mr. Lin, wait a minute! I haven't thanked you for your life-saving kindness! Don't just leave like this!"

When they heard Luo Suyi's words, the Shenling side looked dull and looked at Luo Suyi in disbelief.

What did Luo Suyi just say? Lin Kai rescued the younger sister Qian Bo?

That's not right, isn't the strength of the junior sister, Bo Qian, also higher than Bo Qian? Why does Luo Suyi say that?

After all, Zhao Yajue is the Patriarch of the Zhao family. He seemed to think of something, and quickly ordered Qian Yiduo, and said: "Follow me and apologize to Mr. Lin!"

## **Chapter 1718: Apologize**

### Chapter 1718

Zhao Yajue realized that Lin Kai's true strength was probably far beyond his imagination!

After all, Mr. Qian's junior sister Luo Suyi just said that!

And Zhao Yajue could also see that Luo Suyi's attitude towards him had changed.

Although his previous attitude was ordinary, but now he seems to be biased.

He should have treated Lin Kai like that not long ago.

He and Qian had a lot of money, and he continued to deny Lin Kai face, and even wanted to embarrass Lin Kai.

Perhaps it was for this reason that Luo Suyi's attitude changed.

Zhao Yajue had no idea that Lin Kai turned out to be Luo Suyi's lifesaver.

Therefore, regardless of Lin Kai's strength, whether Luo Suyi is strong or not, he must invite Lin Kai back. Otherwise, this will leave a bad impression on Luo Suyi.

If the younger sister, Bo Qian, didn't participate, it would be troublesome.

As a result, Zhao Yajue called Qian Yiduo, went with him to recover Lin Kai, and apologized.

But at the moment when the money was over, when he heard Zhao Yajue's words, he was very unwilling to say: "Patriarch Zhao, you told me to go too? What a joke! You asked me to go back to Lin Kai and apologize to him?"

Zhao Ya never expected that Qian Yiduo refused to resign, her face was slightly cold, and she said in a deep voice: "Just now you and I have spoken out, you and I are both responsible. Moreover, if you say that, the responsibility is even greater. Of course it is. You follow me back to Mr. Lin. Not only that, but you have to apologize sincerely! Why? Not willing?"

Qian Yiduo finally shook his body when he heard it. He ignored Zhao Yajue's determination.

He thought that Zhao Yajue was joking, but never expected that Zhao Yajue was serious.

Although the three families of Shenling, his Qian family occupies one of them, his Qian family is the weakest.

Moreover, his Qian family and Shi family may not be able to contend with Zhao family.

To be precise, the entire Shenling Mountain is still headed by Zhao Family Zhao Yajue.

Qian Yiduo was actually unwilling in his heart, and went back to Lin Kai and apologized.

But now, Zhao Yajue's questioning obviously gave most of the pot that drove Lin Kai away.

He had to agree rather reluctantly.

After all, his money family also had to rely on the Zhao family mountain to stabilize the footsteps of the three major families of Shenling.

In recent years, other families in Shenling have struggled to catch up, and one family even surpassed his Qian family.

Therefore, in this competition, he chose to be \*\*\*\* with the Zhao family in Shenling, which used to be with the provincial capital.

When Zhao Yajue saw Qian Yiduo agreed, she immediately took Qian Yidu and ran towards the outside of the martial arts hall, and while running, she said things like asking Lin Kai to wait.

Qian Yi Duo is a fat middle-aged man who says less than two hundred catties.

After a short run, they all looked like they were about to die.

But at this time, Lin Kai had already arrived at the gate of the Shenling Martial Arts Hall.

Many of the disciples in the Shenling Martial Arts Hall were lying on the ground, and the others who were fine had to be lifted up. Those lying on the ground were ready to take them for treatment.

When seeing Lin Kai coming, one by one backed away, for fear that Lin Kai would make another move.

Lin Kai ignored the disciples of the Shenling Martial Arts Center. He took Li Ya'er and the senior of Li Shengxian's company to go out.

However, at exactly this time, Zhao Yajue dragged the money, shouting Lin Kai and so on, and then came to Lin Kai out of breath. Stopped Lin Kai and Li Ya'er, as well as the way of the senior Li Shengxian company.

The disciples of the Shenling Martial Arts Hall who retreated nearby looked at Zhao Yajue and Qian Yiduo in amazement.

He didn't understand Zhao Yajue and Qian Yiduo at all, and he stopped Lin Kai and the three in a hurry.

Because of the distance they were far away, they didn't know what had just happened on the ring.

But he knew that his master ordered Lin Kai to be tested, which was what Zhao Yajue and others meant.

This shows that Zhao Yajue and others' attitude towards Lin Kai is not that good.

The senior brothers and sisters of Uncle Qian were invited in directly, while Lin Kai used martial arts probing methods to block the way.

It is enough to see that in terms of attitude, there is a huge difference.

So now, seeing Zhao Yajue and Qian Yiduo, it seems that Lin Kai is very apologetic, and both are curious and puzzled.

At this time, Zhao Ya looked at Qian Yiduo, as if she wanted Qian Yiduo to speak first.

After all, as the Patriarch of the Zhao family, he is also an absolute hegemon in Shenling City.

Qian Yiduo naturally felt it, and Zhao Yajue's gaze, he also understood what it meant.

Qian Yiduo had to face Lin Kai and couldn't help but say: "Hehe, that Lin...Mr. Lin, it was just a joke not long ago. I am sorry for what I said just now, but I did say a little too much. Mr. Lin, You can come to us because it's already giving us face, so don't leave."

Lin Kai looked at the amount of money he was talking about at this time, and then looked at Zhao Yajue with great interest. He said lightly: "Are you kidding? Why didn't I feel any joke? Patriarch Zhao is Patriarch Qian. , Dont get in the way anymore, I dont have time to spend with you."

Hearing Lin Kai's resoluteness, Zhao Yajue became a little anxious, and then immediately spoke, and said with a haha, "Mr. Lin, it is indeed a joke. It may be due to the age gap, which has caused a generation gap. , If there is any offense, there is more offense! There is more offense!

In order to express our apologies, I came here to stop Mr. Lin, and specifically made a mistake. You see, Mr. An is also uncomfortable now, and because of this, I have to ask Mr. Lin to go back. "

Zhao Yajue didn't forget, and played an emotional card to Lin Kai and took out An Xiaoran's grandfather.

I have to say that An Xiaoran's grandfather is indeed caught in the middle, which is very uncomfortable.

Lin Kai knew that this matter had nothing to do with An Xiaoran's grandfather from beginning to end, besides, he still had a good impression of An Xiaoran.

Although An Xiaoran sometimes, still makes him quite speechless.

But at least An Xiaoran's enthusiasm for the country and the people, Lin Kai still appreciates it.

Lin Kai thought for a moment, then said to Zhao Yajue: "So, what do you say now?"

Zhao Yajue saw that Lin Kai had eased a little, he was overjoyed, and said quickly: "Mr. Lin, since we invited you here, naturally I hope you can stay here. Well, if that happens, If you win, regardless of whether Mr. Lin takes action or not, Li Shengxians company will make another percentage point of profit. Dont underestimate such a percentage point. If you dont believe me, ask the Vice President Li next to you."

Qian Yidu immediately opened his mouth and said, "Yes, yeah, my Qian family only occupies half a percentage point. I can see Patriarch Zhao, but I am paying for it."

### **Chapter 1719: Postponed**

#### Chapter 1719

Lin Kai heard Zhao Yajue and Qian Yimu now so complimented.

He sneered in his heart, how could he not know that it was because the young woman he saved last night, Zhao Yajue's attitude changed in an instant because of the words he shouted.

Lin Kai did not expect that the young woman would say this to her face.

He narrowed his eyes, looked at Zhao Yajue and Qian Yiduo, and said lightly: "Although I am barely strong, I don't need to practice the chair for the curator of Shenling Martial Arts Hall. You guys too. I see, my strength is at least better than that of the curator of Shenling Martial Arts Hall, right? You said, should I sit on the chair of the curator of Shenling Martial Art Hall?"

Qian Yiduo gave Zhao Yajue's eyes a gesture, and he hurriedly said, "It shouldn't be it! Mr. Lin should sit in my chair. It is a high-quality fully automatic massage chair, very comfortable!"

When I saw Zhao Yajue and Qian Jin, his attitude changed instantly, and he became so low-pitched.

This is what the senior executives of Li Yaer and Li Shengxian did not expect.

Although the two believe that Lin Kai is very good at fighting, his identity is also very unusual.

However, with Zhao Yajue and Qian Yidu, these Shenling high-level officials still languished.

After all, Qianglong didn't press down on the snake, so he didn't expect Lin Kaigang to take the two of them away without going out the door.

Zhao Yajue and Qian hurried over and apologized to Lin Kai.

Suddenly, Li Ya'er and the senior management of Li Shengxian's company admired Lin Kai more and more. The two did not know why Zhao Yajue and Qian Yiduo had such a change, and what was the reason.

But because of this, Lin Kai became more mysterious and taller in the eyes of the two.

At the same time, the two of them felt comfortable for a while, and the two of them just saw it.

Whether it was Zhao Yajue or the amount of money, it was not a joke at all, but was deliberately embarrassing Lin Kai.

Compared to now, Zhao Yajue and Qian Yiduo continue to apologize, which is quite comfortable.

Especially the senior executives of Li Yaer and Li Shengxian also know that this one percentage point will really benefit the company.

Of course, the premise is to be able to win this contest.

But at this moment, from outside the Shenling Martial Arts Hall, someone hurried to Zhao Yajue and then called Zhao Yajue aside.

It didn't take long for Zhao Yajue to come over with an unsightly expression.

Zhao Yajue asked Lin Kai to go to the top of the ring, and said: "Things have changed, and there is news from the provincial capital saying that this competition will take a while. I heard that the provincial capital was involved. People, a breakthrough in the near future.

And this matter was also approved by the other two provinces. Even if I disagree, this competition will be postponed. But today I won't let Mr. Lin, you're in vain. If Mr. Lin really has the ability, I will definitely make more profit, and will not have any double minds. "

The main thing is that Zhao Yajue knew that the person invited by the provincial capital was very powerful. It's amazing in itself, and it needs to break through to another level.

At first Zhao Yajue thought that Chamberlain's younger brother and younger sister would barely be able to compete with that person, but if he breaks through another level, he can't be sure.

As a result, Zhao Yajue couldn't help putting hope on Lin Kai now.

However, he still didn't understand Lin Kai's strength.

He could only pass, let Lin Kai and the younger brothers and sisters of Bo Qian, come and see what Lin Kai's specific strength is. If Lin Kai's strength is really stronger than that of Chamberlain's younger brother and younger sister, he must be respectful to Lin Kai and will try his best to win over Lin Kai.

How could Lin Kai not know what Zhao Yajue thought. He also knew that the person invited by the provincial capital was the hidden family that cooperated with Leiyuan Group.

With Lin Yuan's gaze, the members of that hidden family must also be very strong.

If one breaks through another level, one can imagine.

Moreover, the other two provinces actually agreed to the provincial capital, and postponing the competition seemed a bit intriguing.

But this has nothing to do with Lin Kai, he wants to see how much this Zhao Ya can give to Li Shengxian's company.

He can consider to help Shenling.

First of all, it was really uncomfortable for An Xiaoran's grandpa to be a human being caught in the middle. Secondly, once Li Shengxian's company makes this profit, it can also make a lot of short-term profits.

When the time comes, it will be very easy to do a two-pronged approach and go directly to the market.

The most important thing is that Lin Kai wants to see what the hidden family Lin Yuan is cooperating with, exactly what happens to prevent Lin Yuan and this hidden family from making any small actions.

In this way, Lin Kai returned to the top of the ring.

Only this time, the attitude of the Shenling side has undergone a radical change. Previously, they said they looked on the sidelines, watching the show and mocking.

And now, how flattering is, how flattering.

They also gave up three positions and gave Lin Kai, Li Ya'er, and the senior executive of Li Shengxian's company sit down, and even personally delivered the best tea and tens of thousands of small plates of expensive snacks.

Lin Kai waved his hand and directly addressed Zhao Yajue, saying, "Do you want me to try my skills? If so, don't waste everyone's time."

When Zhao Yajue heard Lin Kai's words, he actually thought the same. Originally, he was still hesitating what to say, but he never thought that Lin Kai actually understood his thoughts.

Ever since, Zhao Yajue didn't waste any more time, so she looked at Bo Qian, and then said: "This is my good friend Qian Bo. Originally, my good friend Qian Bo was involved. Yes, then Uncle Qian said that his younger brother and younger sister might come back, so he invited the younger brother and younger sister over.

Mr. Lin, you also know that the number of participants is limited. It's not that you really want to test your true strength, but if your strength is not enough, you will indeed be in the competition, or you will be greatly injured. I have also said before that if Mr. Lin is really capable, I will definitely assist Mr. Lin with all my strength. Therefore, I want to use Bo Qian, as well as his younger brothers and sisters, to see Mr. Lin's skills. "

When Lin Kai heard Zhao Yajue say this, he showed interest. He said that he didn't want to know his strength. In fact, he just wanted to know, so that Bo Qian, and his younger brothers and younger sisters were asked to give a try and see him. Strength.

Lin Kai couldn't help looking at Bo Qian, as well as Bo Qian's younger brother and younger sister, Ye Muqi and Luo Suyi, and smiled and said, "I have some skill."

Lin Kai's words suddenly stunned the people on the side of Shenling.

How capable?

What a joke, the people on the side of Shenling, but have seen the strength of Uncle Chamber, dealing with the curator of the previous Shenling Martial Arts Hall, can easily defeat him with a few tricks.

## **Chapter 1720: Her Reminder**

### Chapter 1720 Her Reminder

As for Mr. Qian's younger brother and younger sister, Mr. Qian also said that their strength is above him.

Even Uncle Qian is so good, and his younger brother and younger sister are even better.

But now, Lin Kai said lightly, somewhat capable.

This is just like what a respectable senior said when he was instructing a junior.

People on the Shenling side suddenly felt that Lin Kai was a little unreliable. Don't think that you defeated it easily before. The curator of Shenling Martial Arts Hall would be able to defeat Qian. What's more, there are also brothers and sisters of Bo Qian.

Lin Kai's words also made Zhao Yajue a little stunned, although he also felt that Lin Kai's big words were a bit too much.

However, considering what Bo Qian's junior sister Luo Suyi said not long ago, he was a little surprised and uncertain.

Therefore, Zhao Yajue said half-jokingly: "If Mr. Lin is so confident, I hope that when he waits for the competition, Mr. Lin can be merciful to avoid injury to both sides, which is not good."

Lin Kai nodded, then looked at Uncle Qian, Ye Muqi and Luo Suyi, and said, "Who first?"

When Ye Muqi heard Lin Kai say this, he smiled suddenly: "Brother Lin, I never thought that you were also invited. Unfortunately, the test was postponed. But since I also agreed to this, I am obliged to talk to you. I tried it. Last night, I really thank you very much, otherwise, my junior sister and I would not get out of trouble so easily."

Both the people from Shenling and the senior executives of Li Yaer and Li Shengxian were all taken aback.

Ye Muqi is also familiar with Lin Kai how it sounds.

What's more, Ye Muqi also said that because of Lin Kai last night, he got out of trouble. What happened?

Combined with what Luo Suyi said earlier, everyone was shocked. Could it be that Lin Kai saved the junior and senior sister of Bo Qian?

This made Zhao Yajue couldn't help but say, "Brother Ye, do you know Mr. Lin?"

Ye Muqi didn't hide it, and said with a smile: "It's not a acquaintance, but last night, Brother Lin saved me and my younger sister, who is my benefactor. Of course, I agreed to the test. You wait, so you will go all out, not because Brother Lin is my benefactor, and you don't need to go all out."

It was a powerful evil that he and his junior sister Luo Suyi met last night. Their real strength was not superior to that of eliminating evil. The ability to eliminate evil was incidental.

He and his junior sister Luo Suyi, the real ability is their own strength.

Therefore, Ye Muqi thought that Lin Kai was very good at eliminating evil, but his own strength should not be as strong as him.

When he heard what Ye Muqi said, Zhao Yajue was relieved immediately. It seemed that he was rescued by Lin because of other things, not because of Lin Kai's strength, which surpassed Ye Muqi and Luo Suyi.

Therefore, Zhao Yajue went on to say: "Then thank Brother Ye and Junior Sister Ling for taking action. Similarly, if Brother Ye and Junior Sister Ling show their strength, I will not treat anything badly, and I will definitely get the same good treatment. ."

Ye Muqi waved his hand directly: "I don't want any benefits."

With that, Ye Muqi looked at his junior sister Luo Suyi, and said with a smile: "Junior sister, don't you want to communicate with Brother Lin? Why don't you play the first match with Brother Lin first?"

When Luo Suyi heard Ye Muqi's words, a smile appeared on the corner of his mouth, and then said, "No problem."

At the same time, Luo Suyi also looked at Lin Kai and thanked him first: "Thank you, Brother Lin, for your rescue last night, but brother and I have agreed to this. If it's hard to refuse, we will try to compare with Brother Lin. It's more offensive. "

Lin Kai nodded, but didn't say anything.

After all, Ye Muqi and Luo Suyi are not as slippery as Zhao Yajue and Qian Yiduo, but they are straightforward and don't have so many corners.

Immediately, Lin Kai and Luo Suyi went to the middle ring together.

Luo Suyi was the first to give Lin Kai a polite hand, and said, "Forgot to say my name. My name is Luo Suyi. Brother Ye, please advise. Thanks again to Brother Lin for helping me last night."

Lin Kai immediately replied, saying: "Lin Kai. I don't have to thank you again and again for what happened last night. I did it easily last night. Besides, it's not a big deal."

Hearing Lin Kai's words, Luo Suyi became more fond of Lin Kai. She immediately smiled and said, "Brother Lin, that would be a crime. But I still remind you, although last night, my brother and I, We are directly in a difficult situation. But our own strength is still very strong, so be careful."

The method of removing evil spirits is still very different from that of ancient warriors.

For example, the group of people in Bihua Mansion, many of whom are not ancient warriors, can go out to powerful evil spirits.

Master Zhicheng is not an ancient warrior, but a master dedicated to cultivating the Buddha, plus the means to destroy demons and demons. As a result, Master Zhicheng's method of lowering demons and

eliminating demons was also able to suppress many ancient martial artists, probably the strength was able to fight against ancient martial artists who had just entered the martial arts level.

Therefore, Luo Suyi said to Lin Kai that way.

Lin Kai just smiled at Luo Suyi's words and said, "I will be careful."

"Row!"

Luo Suyi nodded his head and felt relieved.

Afterwards, Luo Suyi took out a purple bamboo ruler and said, "My purple bamboo ruler, named Lei Zhuru, is a rare sky thunder that struck a purple bamboo. After the fire of the sky, it was forged. It is not only a weapon for evil weapons, but also a great harm to people. So Brother Ye, this is also a place that needs more attention."

Lin Kai continued to remind Lin Kai when he heard Luo Suyi, he shook his head slightly amused, and it seemed that Luo Suyi was afraid of some harm to Lin Kai if he was not careful.

This led to Luo Suyi constantly reminding Lin Kai to pay more attention.

Lin Kai understood that Luo Suyi was afraid that he would hurt him, so Lin Kai didn't say much, just let Luo Suyi continue to remind him kindly.

At this time, Zhao Yajue couldn't help but feel surprised when he saw this scene. It seemed that Luo Suyi had the chance to win, and kept reminding Lin Kai.

Zhao Yajue couldn't help but feel curious, and asked uncle Qian next to him: "Uncle Qian, you said before that the strength of your junior sister is also above you. So, how strong is your strength?"

Chamber suddenly said, "Let's compare the curator of Shenling Martial Arts Hall. With all my strength, I can solve the curator of Shenling Martial Art Hall with one stroke. Just now, Lin Kai just used one trick. The strength is estimated to be the same as me, but my junior sister can easily solve the curator of Shenling Martial Arts Hall with half a trick."
