Chapter 1721: Half Cultivator

Chapter 1721: Half A Cultivator

Zhao Yajue breathed a sigh of relief when he heard what Uncle Qian said.

After all, in such a contrast, Chamber Chamber still can clearly see the gap.

Both Qian Bo and Lin Kai used a single trick to defeat the curator of Shenling Martial Arts Hall.

And Uncle Qian also said that this junior girl Luo Suyi is enough.

So Zhao Yajue was determined, and at the same time he couldn't help but asked curiously: "Then your junior is also a half move, defeat the curator of Shenling Martial Arts Hall?"

However, I saw Uncle Qian shook his head: "Im not sure, because Ive never seen the real strength of Junior Brother. Thats my Junior Brother, who won the opponent without using all his strength. Anyway, defeated the Shenling Wuguan The curator, you dont need half of the trick, maybe you can defeat him by staying on the spot and without any action."

"hiss!"

Zhao Yajue was shocked when he heard the words, and even if he didn't move, could he defeat him?

Although the curator of the Shenling Martial Arts Hall is indeed not very powerful, he is still slightly capable of playing here in Shenling.

Unexpectedly, in front of the mountain gate of Chamberlain, he would appear so weak.

At this time, Ye Muqi heard the conversation between Qian Bo and Zhao Yajue, and smiled faintly: "It's not as exaggerated as my senior brother Qian said, but my junior sister is indeed very strong. Don't underestimate her as a girl. Even my master praised my junior sister very well, and her strength is still very good. As for me, naturally I am better than my junior sister."

Even if Ye Muqi didn't say how much he was stronger, he looked confident and he was definitely stronger.

Zhao Yajue was determined again, with Ye Muqi's words, he estimated that Lin Kai would definitely lose.

The reason why he invited Lin Kai back was because he was afraid that Luo Suyi would be dissatisfied with him and that he would be over if he didn't help him. On the other hand, I was also worried that Lin Kai's strength was stronger than Luo Suyi and Ye Muqi.

In addition, a strong man from the provincial capital is making a breakthrough there. It was even more impossible for Zhao Yajue to let Lin Kai go like this.

At the same time, he didn't really hope that Lin Kai really participated.

In any case, he has already boasted that he has gone to Haikou. Once Lin Kaizhen participates, he will distribute more benefits, which he does not want very much.

The younger brother and younger sister of Uncle Qian don't need any profit distribution.

Therefore, Zhao Yajue only hoped that Lin Kai had better not get involved.

Of course, the premise is that Lin Kai can't beat it, the younger brother and younger sister of Bo Qian.

Ever since, Zhao Yajue couldn't help but smiled and said, "Brother Ye said so, so I'm completely relieved. I know Bo Chambers skills very thoroughly. Brother Ye and Miss Luo are so young at their young age. It's not an exaggeration to be called Tianjiao, haha!"

Zhao Yajue gave another cheerful smile.

Uncle Qian also shook his head and laughed at this moment: "Don't even think that I am also from that teacher, but in fact, just me, the younger sister and younger brother, are qualified to obtain the true true biography of Master. And the true biography of Master can be compared with other ancient martial artists. It's different. In short, it's much better than a master-level powerhouse."

"Something different from other ancient warriors?"

As the overlord of Shenling, Zhao Yajue didn't know the ancient martial artist. Although he was not an ancient martial artist, he also raised a lot of ancient martial artists, including some martial sages, and even a great master, please Come sit down.

This is where Zhao Yajue's background lies, and how to say he is also the richest man in Guangling Province.

And he just saw that Uncle Qian was able to easily defeat the great master he invited.

As a result, when Bo Qian said that his younger brother and younger sister were better than him, he was very shocked.

At this time, in response to Zhao Yajue's question, Qian Bo shook his head: "I don't know the specifics, but our masters position in the ancient martial arts world is also transcendent. The masters true biography is naturally quite extraordinary. When you watch the competition on the ring, you should understand a little bit later."

Ye Muqi didn't say anything, but he glanced at Chamberlain and motioned to Chamberlain to reveal more.

Uncle Qian naturally understood Ye Muqi's meaning, and without saying anything, he shut up immediately and looked obediently on the ring.

The ring at the moment.

Luo Suyi held the Lei Zhuru in his hand, and the shadows moved quickly towards Lin Kai like Pianruo shocked.

Not only that, there are faint purple lightning flashes on both sides of the thunder bamboo ruler.

In an instant, the power of this thunder bamboo ruler doubled and increased.

When Lin Kai saw this scene, his eyes were slightly narrowed, and his eyes suddenly showed interest.

Sure enough, as he thought, whether it was Luo Suyi or Ye Muqi, they were not pure ancient warriors.

To be precise, the exercises that Ye Muqi and Luo Suyi practiced are celestial cultivation.

However, the cultivating techniques of the two people were incomplete, but not as powerful as the incomplete ones, and they could at least become half a cultivator.

Simply put, Ye Muqi and Luo Suyi are not ancient warriors, but half cultivators.

As early as last night, Lin Kai noticed Ye Muqi's methods and sensed the fluctuations in the true energy of the two seniors.

At that time, Lin Kai had guesses, but didn't think much about it.

Now that he saw Luo Suyi's method, Lin Kai could confirm that he had indeed practiced the cultivation technique.

But from Lin Kai's wicked gaze, one could still see that the cultivation technique Luo Suyi had cultivated was not complete.

Lin Kai was very curious whether Luo Suyi was a real immortal cultivator, whether he had already refined his qi, or built a foundation.

Of course, Jin Dan is impossible.

Lin Kai is nothing but a golden core, every step of cultivating immortals is extremely difficult, he still relies on the system to be so fast. Otherwise, it will be slower. If you know the immortal cultivators that existed before, you have to retreat at every turn, but its very common for a few years to retreat. Its very common for decades and hundreds of years.

Thinking of this, Lin Kai didn't rush to touch him directly, but moved slightly to the left.

It seems to be a random step, but in fact Lin Kai has calculated the location of Luo Suyi's attack.

This attack that led to Luo Suyi at will, it became frustrated.

But the power released by the thunder bamboo ruler was so great that it didn't even hit the ground of the ring. When I saw the ground, it slammed, like being hammered by a sledgehammer.

A place on the ground was instantly cracked.

"I'm going! So amazing?"

"It looks like an ordinary bamboo ruler, why does it explode with such a powerful force?"

"Yes, and there is a strong aura on the bamboo ruler, and the master can let it out. It turns out that Bo Qian is true! The master is the master, he said, his junior brother and sister His strength is above him!

At first, I didn't believe it very much, especially when I saw Bo Qian's juniors and sisters, they were so young after all! Unexpectedly, this is true! "

People on the side of Shenling, after seeing Luo Suyi's attack, although the attack failed, it was extremely powerful.

Let everyone be amazed at Luo Suyi's strength.

Just one click can cause such a big movement!

Especially the group of disciples in the Shenling Martial Arts Center were also watching the competition that took place at this time in the arena.

When they saw Luo Suyi's move, he suppressed Xia Lin Kai, which immediately made them feel excited.

Finally, there is someone who can suppress this Lin Kai! What is it to be able to beat their Shenling Martial Arts Hall? There is no one in their Shenling, who can defeat Lin Kai!

They couldn't wait to let Luo Suyi teach Lin Kai severely.

Zhao Ya couldn't help but admire: "Sure enough, as Bo Qian said, it is indeed somewhat different from other ancient warriors. Miss Luo has a very strong hand. It should be difficult for Bo Qian to handle this trick?"

Uncle Qian did not answer Zhao Yajue's words, because Ye Muqi had warned him not long ago and told him not to reveal anything more about this matter.

So I didn't say anything about Zhao Yajue's question.

Zhao Yajue also realized that this may be some of the secrets of the Chamber of Secrets, but he can understand that Chamber of Commerce did not answer him.

At this moment, Lin Kai avoided Luo Suyi's attack. He smiled and said to Luo Suyi: "Miss Luo, your thunder bamboo ruler is indeed capable."

Lin Kai didn't joking, but Luo Suyi's attack just now could not be withstood by ordinary masters.

Through Luo Suyi's attack, he can probably infer that Luo Suyi's cultivation base hasn't reached the foundation, at most it is just a few layers of Qi.

Originally, the true qi on the earth was thin, but what was obtained was the incomplete cultivation technique, and the appearance of being able to cultivate to several levels of qi refining was amazing. In this lifetime, it is difficult to break through to the foundation.

Lin Kai was not hindered because of the help of the system.

At this time, Luo Suyi, hearing Lin Kai's praise, she smiled and said, "Brother Lin, you are not bad, and the speed is quite fast. But you have to be careful, I have stronger means."

After Luo Suyi finished speaking, he first threw the thunder bamboo ruler in his hand up and hovered in front of her.

Then Luo Suyi called out several phantoms of Thunder Bamboo Rulers, and instantly couldn't tell which Thunder Bamboo Ruler was true or false.

Before anyone could react, Luo Suyi yelled, "Illness!"

With this sweet voice falling, the several thunder bamboo rulers, all glowing with purple thunder and lightning, quickly moved towards Lin Kai to besiege! It is inevitable to let Lin avoid it!

At the same time, after Luo Suyi performed this trick, her face appeared pale. Naturally, this method was not the method of the ancient martial artist, but the method of her practice.

For her, the consumption is still too great after performing this trick.

But in terms of power, it can threaten any master martial artist! Unless it is the kind of master who is about to or has reached the peak!

Even if there are several great masters, don't be afraid, you can directly use this trick to defeat them all!

It can be said that this trick is also one of Luo Suyi's most powerful methods.

When Lin Kai saw Luo Suyi's move, he nodded secretly, the power was still good, but it was a pity that the cultivation base was still too bad after all.

In Lin Kai's eyes, this trick could not even hurt his fur.

He shook his head, but didn't avoid anything this time, just standing still, without any movement.

Everyone saw that Lin Kai hadn't avoided it this time, and thought that Lin Kai had avoided it once, which was probably too much.

Coupled with Luo Suyi's move, the power is indeed very strong, and the speed is much faster than before.

They all thought that Lin Kai couldn't avoid it, so he stood there waiting for death.

The disciples of the Shenling Martial Arts Hall all had a sneer on their faces, as if seeing the next moment when Lin Kai was knocked out of the ring by Luo Suyi's attack, and then was seriously injured and even died!

Only those disciples of Shenling Martial Arts Hall, the sneer on their faces immediately froze.

Because at this moment, Luo Suyi's attack came in front of Lin Kai.

But Lin Kai casually raised his hand and broke Luo Suyi's attack!

Not only that, those phantoms disappeared in no time, and at the same time they knocked the Thunder Bamboo Ruler to Luo Suyi's place.

"what!?"

Not to mention that the others were dumbfounded, Luo Suyi's beautiful eyes were also wide, and he looked like a ghost in disbelief.

Ye Muqi also squeaked directly. He was sitting on the chair, but now seeing Lin Kai so easily broke his junior sister Luo Suyi's attack, he stood up.

Looking at Lin Kai again, he also looked terrified!

Lin Kai looked at Luo Suyi on the opposite side and said with a smile: "I won."

When Luo Suyi heard Lin Kai's words, she gradually slowed down, but she had no objection, because it was indeed Lin Kai that won.

She also understood very well that if Lin Kai hadn't left his hand just now, the thunder bamboo ruler that was knocked out would not fall under her feet.

Instead, it will attack her directly, she can't avoid it at all.

Therefore, at this time, Luo Suyi horrified Lin Kai's methods, while holding a fist and saying, "Thank you, Brother Lin, for being merciful, I lost."

As Luo Suyi said, he couldn't help but grinned at Lin Kai: "Brother Lin is extraordinary, has he reached the pinnacle of the Grand Master, or has he reached the myth?"

The so-called myth is the realm that the ancient warrior pursued in his lifetime. The reason why myths are called myths is that they have surpassed the standards of mortals.

In today's ancient martial arts world, there are rumors that there are myths, but there are not many, maybe two or three, all of them are old.

However, there are also many peak masters, and some of them may still break through to the myth. Of course, they are all very old.

Lin Kai didn't respond to Luo Suyi's question, but instead asked Luo Suyi, with a faint smile: "Miss Luo, your realm has reached the Grand Master, right?"

It was absolutely impossible for Luo Suyi to tell Lin Kai his true realm of cultivation. According to her master, her current realm is the third level of Qi refining, which is different from the ancient martial artist.

Therefore, Luo Suyi smiled and said: "Yes, I have reached the level of the grandmaster. That's why I said, Brother Ye, you should be, at least at the peak of the grandmaster, you can crack my attack so easily."

Lin Kai shook his head and laughed secretly, he naturally could see that Luo Suyi wanted to deliberately conceal his practice methods.

He also knew that Luo Suyi should also be aware of Lin Kai's extraordinariness, so he asked like that.

Lin Kai also smiled faintly: "Miss Luo is right, I am indeed the pinnacle of Grand Master, but I am still a little bit behind the myth."

Since Luo Suyi concealed it, he naturally concealed it.

Luo Suyi actually didn't believe that Lin Kai was really the pinnacle of the Grandmaster, and he must have concealed something. She also didn't try to find out which realm Lin Kai was in, it was still the same as hers.

When Luo Suyi thought of this, she curled her lips at Lin Kai and said, "Really? When my brother makes a move, my brother is also at the pinnacle of the Grand Master, and is about to be a myth. So you are as you said, it must be. Can't beat my brother's."

Lin Kai smiled suddenly, but didn't care much. Although he already knew that Luo Suyi and Ye Muqi were half cultivators, but they had entered the Qi refining period, they could actually be regarded as cultivators.

It's just that he was very curious about the specific cultivation bases of the two masters and the cultivation techniques they practiced.

Mainly last time, what I got from that old man was good. He just wanted to see what other kinds of things would be like before he continued to test Luo Suyi.

But now that Luo Suyi said so, he looked at Ye Muqi.

On the Shenling side, Zhao Yajue, Qian Yiduo, and others were all horrified at Lin Kai's strength.

Qian Yidu suddenly said, "No matter how strong Lin Kai is, it is impossible to really defeat Miss Luo with a single move, right? And seeing that Miss Luo and Lin Kai are talking and laughing, Lin Kai is Luo again. Miss's savior. Could it be that Miss Luo deliberately used her strongest attack and released the water?"

Hearing Qian Yidu's conjecture, the others on the side of Shenling felt a little reasonable.

After all, Lin Kai is Miss Luo's savior, and this competition is not a formal competition, so deliberately seems to make sense. Otherwise, how to explain, Lin Kai defeated Luo Suyi so powerfully.

Mr. Chamber admitted that Luo Suyi is better than him. If Lin Kai can really defeat Luo Suyi with one move, wouldn't he defeat Qian Bo with half a move?

People on the side of Shenling don't believe that Lin Kai is really so good!

At this time, Luo Suyi just walked down from the ring, and heard the people on the Shenling side questioning Lin Kai's strength and whether she did it on purpose.

Luo Suyi immediately looked at Qian Yiduo and said in a cold voice: "I did it on purpose? If I did it on purpose, I will take the initiative to speak out. I disdain and do such hypocritical things."

Luo Suyi used to be as well-behaved as the little girl next door, but now she is more like a domineering girl with great momentum.

Qian Yiduo was stared at by Luo Suyi, and instantly he felt inexplicably frightened in his heart, but he still bit the bullet and said, "If it wasn't intentional, why didn't Lin Kai attack you? And, you are also with Lin Kai. Talking and laughing.

Although this is not a life-and-death contest, it must be a contest. In addition, Lin Kai rescued you, you are grateful or something, so it must be intentional! "

Luo Suyi said in a cold voice again: "You didn't have the eyesight to see and said such a ridiculous thing. I have done my best, and Brother Lin still has the energy to spare and will show mercy to my men. Otherwise. If so, I won't get out of the ring unscathed, and I will suffer serious injuries.

With such a strong gap, I naturally gave in. Is it possible that even knowing that there is a big gap between Brother Lin's strength, I still hold on to the competition? Besides, before I competed, I already said that for saving my life, I really appreciate it. But the competition is two different things, one yard goes to one yard, I definitely cannot say false. "

Qian Yiduo continued to speak: "If Lin Kai shows mercy to your subordinates, can you not surprise you at that time? Obviously, you did it on purpose. This competition is indeed not a life-and-death competition, but it is also very important! Our own interests!"

Those who have a lot of money naturally don't want Lin Kai to participate.

But Zhao Yajue was worried that Lin Kai was stronger than Luo Suyi and Ye Muqi.

But from what Zhao Yajue said, her senior brother Ye Muqi could definitely win against Lin Kai. Therefore, even if he saw Luo Suyi, it seemed that he really couldn't beat Lin Kai, but he still said so at the moment.

Therefore, people from other forces in Shenling City also agree with what Qian Yiduo said.

Luo Suyi was so unreasonable when he heard the money, and his face became colder: "You are not a martial artist, you are not qualified to say that. It is not a life and death duel, and there is no deep hatred. At least I have to pay attention to a martial virtue. How can I take advantage of Brother Lin's mercy against me and take action against Brother Lin? Besides, even if I do, Brother Lin will instantly block my attack."

Qian Qian still wants to hold on to something, but he hasn't waited for him to say anything.

Uncle Qian said in a cold voice toward Qian Yimu, "When money is too much, you are slandering my junior sister, my junior sister is upright, so I disdain to do anything hypocritical."

Hearing these words of Uncle Qian, I noticed Uncle Qian's icy gaze again, and Qian shrank his head as he did not dare to say more.

He saw Bo Qian, the iron and blood method.

And even though Bo Qian didn't say anything, he could indirectly hear that Lin Kai did defeat Luo Suyi so easily.

This shocked the people on the side of Shenling.

There was a big question before, thinking that Lin Kai couldn't beat Luo Suyi at all, but I didn't expect that he would really fight it!

Therefore, people on the side of Shenling didn't dare to do anything to Lin Kai.

Their last hope can only be placed on Ye Muqi, Qian's junior.

Especially at this time, Lin Kai looked at Ye Muqi and said with a smile: "Brother Ye, don't waste time, let's try."

Ye Muqi nodded, and then under everyone's surprised eyes, Ye Muqi glared at random, got up and flew, as if he had a very powerful light skill, and finally landed on the ring lightly.

The people on the side of Shenling, seeing what Ye Muqi showed up, immediately shocked their spirits. It seemed that the junior fellow, Bo Qian, was very extraordinary! The hope in my heart is even greater!

At this moment, Ye Muqi looked at Lin Kai, who was not far away, and smiled: "Brother Lin, I still want to thank you for saving my life last night. But I also explained in advance that one yard is one yard. I also agreed to this matter. Naturally, they will try their best. Although Brother Lin demonstrated the means of reducing demons and demons last night, I am really ashamed.

But you should also be worth it, the method of demons and demons is very different from the method of this ancient warrior. Therefore, you should pay attention to my methods in this aspect of ancient warriors. Although you also defeated my junior sister, my strength is much stronger than my junior sister."

Lin Kai smiled suddenly and said, "You can see that you are much stronger than your junior sister. The means of demons and demons are indeed different from those of ancient warriors. But the only key issue is that with your strength, The gap with me. It's the same as my method of demons and demons, and your method of demons and demons."

Chapter 1724: Confident Ye Muqi

Ye Muqi was not angry about Lin Kai's words, but didn't think that Lin Kai could really defeat him.

Even if Lin Kai easily defeated his junior sister Luo Suyi not long ago, this is still the case.

Just because the gap between him and his junior sister Luo Suyi is also very large.

So Ye Muqi thought for a while, and said: "Brother Lin, why don't we take a gamble?"

Lin Kai heard Ye Muqi's offer to take a gamble, he immediately became interested, looked at Ye Muqi, smiled and said, "Oh? Since Brother Ye is so elegant, let's talk about it. How to gamble? ?"

Ye Muqi immediately said, "Brother Lin, if I win you, you have to tell me who your master is, and other contact information of Miss An or where you live."

Lin Kai was taken aback for a moment, and then he was speechless. He could understand and tell who the master was, but the girl An on Ye Mu's mouth naturally knew that it was An Xiaoran.

An Xiaoran's grandfather was at the scene.

Lin Kai didn't say much, instead he said without rush, "So, what if you lose? What should you do?"

Ye Muqi was also stunned, because he had never thought about what would happen if he lost. The main reason was that he saw that Lin Kai and other ancient warriors were somewhat different.

I think Lin Kai, like him and his junior sister Luo Suyi, is curious about who Lin Kai's master is.

More importantly, he wanted to know An Xiaoran's information. Since he finished one call last night, when he went to call again, An Xiaoran had not answered his call.

Therefore, he wanted to obtain additional information about An Xiaoran from Lin Kai.

In addition, he was very confident to win Lin Kai, only then took the initiative to make such a bet.

But he didn't consider that he would lose. Now that he heard Lin Kai say this, he had to consider this issue.

But the point is that he has nothing good to offer.

He didn't bring anything down the mountain, so he couldn't help but opened up to Lin: "I was in a hurry to walk down the mountain. I didn't bring anything, but I still brought some money, which is less than two thousand yuan. If you win me, two thousand yuan. The block is yours, how?"

Although his teacher is very unusual, he has been on the mountain and doesn't need to spend too much money in the world.

Originally, his master gave him the money to let him take his junior sister. Now that he is down the mountain, he will eat and drink a little bit.

In fact, this money is also very important to Ye Muqi. In fact, he is still reluctant to take two thousand yuan to gamble.

People on the side of Shenling were all stunned when they saw Ye Muqi's appearance, and then they couldn't help laughing.

After all, none of the people present at Shenling is worth at least several billion.

Below the ring, Li Ya'er and the senior executives of Li Shengxian also shook their heads and laughed.

The senior of Li Shengxian's company couldn't help but say: "Brother, Mr. Lin is the shareholder of many companies in our East China Sea. Shareholders of those companies alone are worth tens of billions of dollars. How can you look down upon you? Thousands of dollars. So you use it as a condition for a bet, don't you seem insincere?"

Ye Muqi's face turned red in an instant, and he knew that this little money would definitely look down on Lin Kai, but he still said: "This is the most precious and valuable thing in me."

In his opinion, this is indeed the case, enough to eat a lot of delicious food and play some interesting worldly things with his junior sister Luo Suyi.

The senior of Li Shengxian's company was about to say something more, but Lin Kai shook his head and signaled that the senior of Li Shengxian's company should stop saying anything.

Immediately, Lin Kai slowly said: "Brother Ye, I believe what you said, this is indeed the most valuable thing for you at the moment. But this is only for you. You just listened to it. Now, I am not short of money. Therefore, I do not need your money."

Hearing Lin Kai's words, Ye Muqi was embarrassed again, and he was instantly at a loss.

Fortunately, at the next moment, Lin Kai continued: "Since Brother Ye proposed a bet, he asked me a few questions. Similarly, if you lose, I will also ask you a few questions, which is fair. Brother Ye, look. how is it?"

"Okay! That's it!"

Ye Muqi's eyes suddenly brightened. He thought he would definitely win, so much so that he didn't even ask. Lin Kai wanted to ask him any question, so he agreed to Lin Kai.

When the others heard that Ye Muqi and Lin Kai had agreed on their respective gambling conditions, they did not pay attention to this one by one, but looked at Ye Muqi and Lin Kai on the ring with a straight face.

Although the Shenling side believed that Ye Muqi might defeat Lin Kai, but Lin Kai's ability was not weak. After all, Ye Muqi had personally admitted that Lin Kai's ability was better than his junior sister Luo Suyi.

Therefore, it is still too early to make a conclusion, depending on the level of the first move.

The executives of Li Ya'er and Li Shengxian's company also had solemn faces. They saw Ye Muqi's strength not long ago.

And Ye Muqi's self-confidence has caused Li Ya'er and Li Shengxian's senior executives to be nervous about whether Lin Kai can win Ye Muqi.

At this moment, Zhao Yajue suddenly said: "Brother Ye, as long as you can do your best to defeat Mr. Lin. I will use 50 million cash as a reward!"

Ye Muqi couldn't help but wonder: "50 million in cash?"

Ye Muqi still has no idea about this. After all, after living for more than 20 years, he basically stayed on the mountain, or occasionally went to the ancient martial arts world to challenge or learn from other people.

As for food, clothing, shelter, and transportation, they are all resolved by themselves. The mountain where they live is deep and rich in resources. There is no shortage of water or animals, so there is no big idea about money in the world.

Zhao Yajue saw Ye Muqi look like this and smiled again: "It's equivalent to two or three hundred times your two thousand yuan."

When he heard Zhao Yajue's words, Ye Muqi's heart was instantly moved. For two thousand yuan, he thought he could bring his junior and sisters, buy a lot of delicious food, and play some fun worldly things.

Then it is two or three hundred times more than two thousand yuan. Isn't that something that you can buy for a lifetime and you can't finish it?

Thinking of this, Ye Muqi immediately responded: "Patriarch Zhao, don't worry, you don't need to say, I will go all out to defeat Brother Lin."

Zhao Yajue was very satisfied and heard Ye Muqi's answer. He mainly considered that Lin Kai had also rescued Ye Muqi, worried that Ye Muqi would constrain, and that would not be good if he didn't go all out.

In case Ye Muqi was careless, Lin Kai won in the end. What's more, he naturally hopes that Ye Muqi can defeat Lin Kai.

Chapter 1725 Just so!

Once Ye Muqi won, Zhao Yajue gave another 50 million in cash in return, which was considered a good relationship with Ye Muqi. That's why he said so.

Zhao Yajue couldn't help but look at Uncle Qian next to him, and smiled quietly: "Uncle Qian, your junior, it seems that you are short of money. If I have something to help in the future, can I spend a lot of money, please? You junior brother help?"

Uncle Qian immediately shook his head: "My junior, who has been in the mountains for a long time, uses worldly money only occasionally down the mountain. For him, money is something outside of his body. It's just that these few days have happened to be in the world, so naturally it's just like going to the countryside. It is normal to value money."

After all, there are so many saints in this world.

When Zhao Yajue heard the words, she smiled and nodded, and said, "That's right, but if you spend 50 million, let Brother Ye go all out to deal with Lin Kai, it's still worth it."

Luo Suyi naturally heard the conversation between Zhao Yajue and Bo Qian.

Luo Suyi couldn't help but shook his head and said, "If you give him tens of thousands of dollars as a reward, I believe that my senior will even be able to use the trick he has never shown in front of me."

When he heard Luo Suyi's words, Zhao Yajue was stunned. But he also quickly figured out what the reason was.

For Ye Muqi, he rarely lives in the world, so he still has no idea about money. Everyone thinks that a few thousand yuan is a huge sum of money, but a few hundred times more money is definitely not a concept, but if it is several times, it is still a bit conceptual.

But if it costs tens of thousands of dollars, Zhao Yajue can't say that, because his status and status are not ordinary.

But at this time, Lin Kai saw Ye Muqi being said by Zhao Yajue, which made him even more wary.

Lin Kai smiled disapprovingly, and immediately said to Ye Muqi: "Brother Ye, you really have to go all out. I want to see your true strength, don't hide it."

Ye Muqi was so confident and said that his strength far exceeded Luo Suyi.

This made Lin Kai more interested, and he had to see how many levels Ye Muqi was refining.

The main ones are Ye Muqi and Luo Suyi, the cultivation techniques they practiced were incomplete, and the true energy they had absorbed was almost none.

As a result, Lin Kai couldn't see the specific cultivation skills of Ye Muqi and Luo Suyi.

It can only be judged by the means used by the two.

When Ye Muqi heard Lin Kai's words, he immediately hummed: "Brother Lin, you don't need to say, I will do my best. After all, I have tens of millions of rewards. With the information of Miss An, I will do my best."

After Ye Muqi finished speaking, he first took out three leaves, which were originally all green.

But Ye Muqi immediately flew these three leaves to Lin Kai.

The three leaves immediately turned into jet black, with a strong breath and strength, faster than the speed of a bullet, and they went directly towards Lin Kai!

These three leaves, from top to bottom, sealed Lin Kai!

Seeing this, Lin Kai kicked it blankly, then flew up briefly, then stepped on the top leaf, and then turned down.

Then he pressed the top leaf onto the middle leaf, and instantly pressed onto the bottom leaf.

In other words, these three leaves are now stacked together.

But even if they were stacked together, the terrifying force burst out from these three leaves seemed to want to swallow Lin Kai.

If this power is on, ordinary master ancient warriors will inevitably be severely injured. If they are caught off guard, they will most likely be killed instantly.

This is the gap between people who have slightly practiced the methods of cultivating immortals and ancient warriors.

Moreover, Ye Muqi didn't really use his full strength, his move was only used to test Lin Kai.

However, no matter how powerful Ye Muqi's cultivation base is, it is only the Qi refining period, and it is impossible to exceed the base building period.

Lin Kai is about to complete the Golden Elixir period, not far from the Yuan Ying period.

Therefore, Lin Kai was very relaxed and was able to suppress Ye Muqi's move.

But these three leaves gave Lin Kai a kind of magical power, which seemed to be different from the practice.

Lin Kai was very curious. He stopped on the three leaves and felt the magical power in the three leaves.

Then he exerted a little force under his feet, and the force burst out from the three leaves directly shattered.

The three leaves returned from jet black to the original green.

Lin Kai immediately fell to the ground again, put the three green leaves into the bag, and waved the backhand to fly the three leaves towards Ye Muqi.

Lin Kai smiled faintly: "Brother Ye, your trick is okay, it's better to see how I do it."

He immediately flicked three fingers, and then on the ground, the place previously broken by Luo Suyi.

Under Lin Kai's three fingers, three small stones flew up, one by one, one by one, and they moved quickly towards Ye Muqi.

It seemed that the three small stones were unremarkable and nothing terrible, but a burst of power also broke out, which slammed Ye Muqi strongly.

Ye Muqi's face was solemn, and he could feel that the power brought by these three small stones could threaten him.

He didn't know what was going on, and immediately drew something in mid-air, with a flash of white light, hitting the three small stones.

That burst of white light could crush the three small rocks.

Seeing this scene, Ye Muqi breathed a sigh of relief, and then laughed loudly: "Brother Lin, you are nothing more than this trick."

"But so?"

Lin Kai suddenly shook his head and laughed, but he didn't say much. Because he actually suppressed his power during the Qi refining period, the power he just used was probably at the sixth level of Qi refining.

Lin Kai smiled faintly: "Since Brother Ye thinks it is nothing more than this, then you look at the present."

"Ok?"

Ye Muqi was taken aback for a while, but he didn't understand for a while. Just now, Lin Kai saw the three small stones that had broken apart.

Although they were all broken apart, they also turned into more pebbles, drowning towards Ye Muqi.

Its power swept across in an instant, even on the entire arena, what looked like a piece of black pressed against Ye Muqi.

The people outside the ring watched this scene in disbelief, completely unable to figure out how the ordinary stones on the ring became so powerful.

It seems that the power of every stone may cause a great master to be injured.

This method is unknown to the people on the scene.

But at this moment, Ye Muqi, who was surrounded by these little stones, was hit by many little stones, and he suffered from instant pain, his complexion became solemn again.

Ye Muqi immediately used the method again, spreading his five fingers, flicking his long sleeves, and throwing away most of the pebbles.

Chapter 1726

However, there were still a small number of small stones that hit Ye Muqi.

What caused Ye Muqi to be quite embarrassed at the moment, instead of looking a little bit dusty before, but more like a downcast civilian beggar.

Lin Kai was slightly surprised when he saw Ye Muqi's hand. He originally thought Ye Muqi could only block a small part of the pebbles, but he didn't expect Ye Muqi to block most of the pebbles, which made him take a high look at Ye Muqi.

Lin Kai nodded and praised: "Not bad, not bad, barely."

Ye Muqi saw Lin Kai's pair, as if the elders were instructing the younger ones, he was very upset, knowing that at the same age, it is difficult for him to meet any opponents.

Even if you can meet a rare opponent, it is still a good match.

Like now, I met someone younger than him, but it seemed to be able to crush him.

This made Ye Muqi still reluctant to believe that Lin Kai really had that strength, so he said uncomfortably, "Brother Lin, this is your last resort? I don't think it is anything."

"Is it?"

Lin Kai smiled disapprovingly, and he said unhurriedly, "Brother Ye, then look again, can you catch this?"

Lin Kai said, this time he controlled an egg-sized stone. The previous small stone was the size of a thumb, and this one was one or twenty times larger than before.

In fact, Lin Kai wanted to know what Ye Muqi's true limit was.

At the beginning, Lin Kai used the power of the sixth level of qi refining, which was just the power of the eighth refining level, but now it is the power of the ninth level of qi refining.

In addition to wanting to see where Ye Muqi's true limit is, he also wants to know Ye Muqi's other moves.

After all, it was hard to meet someone who was a cultivator, so Lin Kai was naturally very interested. Maybe it would help him.

At this moment, Ye Muqi felt that an egg-sized stone made his expression very solemn.

Because Ye Muqi noticed that the egg-sized stone was many times stronger than the previous strength.

In fact, it was almost the limit of Ye Muqi.

Seeing the stone the size of an egg, he was about to attack him.

There was a little cold sweat on Ye Muqi's forehead, and he quickly said: "Brother Lin, I admit that your strength is far above mine! I just surrender!"

He didn't want to be beaten by Lin Kai in front of everyone, so miserable, and even more embarrassed by the time, it would be completely insulting to the teacher.

Although he has given up his defeat now, it is at best that he is not as strong as other people, but if he is embarrassed and spread out, it will be bad for his teachers.

Lin Kai couldn't help being a little disappointed. He still wanted to see Ye Muqi, if there were any other tricks, he didn't expect Ye Muqi to give in.

Naturally, it was impossible for him. When Ye Muqi gave up, he tried to attack Ye Muqi forcibly, which was obviously impossible.

As a result, Lin Kai had to put the stone the size of an egg, which was controlled in mid-air, back to its original position.

"What? Give up?"

The people on the side of Shenling hadn't figured out what was going on before they saw Ye Muqi surrender directly.

Suddenly one by one, they couldn't help but question them.

"Brother Ye, this is wrong with you. Didn't you say that you are going to go all out? Why didn't you use much effort, why did you give up to Lin Kai?"

"Yeah, Brother Ye, Patriarch Zhao also promised that as long as you go all out to defeat Lin Kai, the fifty million cash will be yours. Unexpectedly, you don't even want fifty million cash."

"Is that stone really so powerful? I don't believe it. You just solved all the small stones. Are you afraid of which one?"

On the side of Shenling, you are all talking about me, constantly questioning Ye Muqi.

When Ye Muqi heard those doubts, he was helpless. He did go all out, but his attack was ineffective against Lin Kai and could only resist Lin Kai's attack with all his strength.

However, the previous two attacks were both very hard to withstand, and this time he was 100% sure that he could not stop it.

He can't let himself be seriously injured, but desperately resist, right?

First of all, he and Lin Kai are not facing each other in life and death, and secondly, he doesn't need to be like this at all. The most important thing is that Lin Kai obviously still has more power, proving that Lin Kai's strength far exceeds him.

Even if he can resist this attack, how strong will the next attack be?

So Ye Muqi knew that he had no hope of victory, and he did his best.

Now when I heard the people on the Shenling side questioning there, Ye Muqi suddenly had a temper, and he hummed: "First, I did go all out. Didn't you see that I was still so embarrassed under the resistance? Secondly, the power of that stone is indeed very strong. If you don't believe it, you can do it! I promise to hurt you instantly!"

Of course, for me, it can be severely injured in an instant, and for you it is an instant death. But if you want to go, I guess Brother Lin will be merciful and hurt you seriously at most."

However, Ye Muqi said that someone from Shenling Mountain really stood up.

That was an ancient martial artist of the Martial Saint level invited by Qian Yi Duo Qian family.

The ancient martial artist should have stood up under Qian Yiduo's instructions.

Moreover, the ancient martial artist of Wusheng also had a face of disbelief, just an ordinary stone, how powerful it could be.

Even if this stone is in the hands of a master, at best, it can cause a little skin injury.

What's more, the ancient martial artist believed that the methods used by forests and Ye Muqi were unheard of, unseen, and considered quack tricks. It looks fancy, but it doesn't actually have any practical effect.

I also think that Lin Kai and Ye Muqi had communicated in advance, and they had just acted for the people of Shenling and wanted to get more benefits.

The ancient martial artist of Wusheng also wanted to participate in this competition, after all, once he participated in the competition and won, he could also get greater benefits.

Especially when Zhao Yajue spoke casually, that was fifty million, this martial sage and ancient warrior was still very excited.

So when the ancient martial artist heard Ye Muqi's words, "You can do it," he couldn't help but walked up to the ring. As he walked, he said disdainfully: "You guys are putting that acting. , What's so terrible about a stone. You guys want to seek profit and deliberately collude. You still go all out, just admit defeat just like that, and go all out?"

People on the side of Shenling, when they heard the ancient martial artist, many people nodded secretly and said it was reasonable.

But just when many people felt reasonable, their eyes widened instantly, and then they were terrified.

Because in the next moment, the big egg-like rock, under Lin Kai's control, knocked the ancient martial artist far away!

Chapter 1727

The ancient martial artist of the martial sage level not only flew out of the ring, but also slammed into the wall of the martial arts hall a hundred meters away.

Even the wall in that place was broken.

The whole person of that ancient martial artist was embedded in the wall, which was quite deep.

After all, this is a martial arts hall, and it is also the most famous martial arts hall in Shenling City, so the walls built are still very imposing and the walls are very thick.

Even so, the egg-like little stone hit the ancient martial artist, not only severely wounded the ancient martial artist, but also almost directly pierced the thick wall.

Moreover, the egg-like little stone did not even shatter, and fell heavily on the ground, like an awl weighing ten thousand pounds, piercing the ground through a deep hole.

Everyone at the scene was shocked when they saw this scene. From this look, the egg-sized stone obviously had plenty of energy.

As Ye Muqi said, Lin Kai is showing mercy! Otherwise, the stone the size of an egg would directly kill Wu Sheng!

The people on the Shenling side know that the martial sage is not as powerful as the master, but it is also very capable of fighting.

Now everyone on the side of Shenling had shut up, because Lin Kai had indeed been merciful.

It shows that Lin Kai is great, if they talk about it again, it will definitely make Lin Xinxing dissatisfied.

Since Lin Kai is so strong, he can easily defeat Ye Muqi and Luo Suyi, and the competition is dependent on Lin Kai.

They didn't dare to offend Lin Kai or something.

But Ye Muqi, for this scene, there is no surprise, he can easily make that Wu Sheng Guwu like this, let alone Lin Kai who is stronger than him.

Ye Muqi couldn't help but looked at Lin Kai, and said curiously: "Brother Lin, I have never seen such a powerful method. He is more famous than Brother Lin. I don't know which hidden mountain gate Brother Lin worshipped. , Or which hidden family or something. And your methods, very powerful, should it be a myth?"

Lin Kai heard Ye Muqi's successive questioning, his mouth couldn't help showing a playful smile, and said lightly: "I said Brother Ye, this is because you lost, why did you ask me? Isn't it, I should Ask you?"

Ye Muqi became embarrassed in an instant, and he also felt a deep sense of frustration. Before that, he was very confident that he could beat Lin Kai.

Even if he knocked on Lin Kai's ability, he even defeated his junior sister Luo Suyi, but he was still very confident.

So that Ye Muqi was very confident and directly offered to bet with Lin Kai.

Who ever thought that it would be the defeated situation now.

That's right. After a short silence, he could only accept this reality. He sighed, and then said, "Brother Lin, just talk about it. Just ask any questions."

“Come with me, I’ll still ask you in private.”

Lin Kaizi would not be there, so many people would ask.

Ye Muqi also knew that what Lin Kai asked must have involved him, as well as some questions about the teacher.

Ye Muqi was also a person willing to bet and lose, and he didn’t refuse anything. He immediately followed Lin Kai to a remote and unmanned corner outside the martial arts hall.

As for the people on the Shenling side, because Ye Muqi was defeated by Lin Kai, he could only accept the reality of Lin Kai’s participation.

Soon, Lin Kai and Ye Muqi arrived, a remote corner outside the Shenling Martial Arts Hall.

Lin Kai looked at Ye Muqi and asked, “Brother Ye, you and your junior sister, where is the realm? You should understand the realm I said.”

Ye Muqi wasn’t surprised that Lin Jianhui asked this, because he also saw that Lin Kai’s methods were not those of ancient warriors.

Therefore, Ye Muqi replied and said, “According to my master, I am on the eighth floor of the Qi refining stage as he said. My junior sister is probably on the fourth floor. Actually, it’s not quite clear. My master can only Estimate it.”

Hearing Ye Muqi’s words, Lin Kai nodded secretly, almost as he predicted.

From this point of view, Ye Muqi and Luo Suyi’s master did not break through to the foundation, otherwise it would not have been this kind of estimation.

Then, Lin Kai asked a few more questions, all related to Ye Muqi’s master.

He thus learned that some hidden-world mountain gates or hidden-world families also practiced this incomplete cultivation technique, and some of them were indeed in the Qi refining period.

But none of them stepped into the realm of legend, that realm of legend, in short, was after the foundation was built.

Lin Kai didn’t have any accidents, because his own cultivation technique was incomplete, and coupled with the lack of true qi on the earth, this made it difficult to build a foundation, not to mention the realm of cultivation in the future.

To Lin Kai’s surprise, a centenarian broke through to build a foundation many years ago.

Just don’t know why, not long after the breakthrough, he was enveloped in a black mist and died.

When Lin Kai heard this, there was a hint of doubt in his eyes. He always felt a little strange. As for what was strange, he couldn’t understand it.

After Ye Muqi finished speaking honestly, he couldn’t help asking Lin Kai, saying, “Lin Xiong, what I asked, I said everything I should say, and some things that shouldn’t be said. You see me like this. To be

honest, can you tell me some information about Miss Ann, such as where she lives, what she likes, and she...”

“Stop it.”

Hearing this, Lin Kai was speechless, because he knew this, so he said, “Sorry, I don’t know this.”

Ye Muqi shook his head helplessly, and then continued: “Then Brother Lin, do you know any other contact information for Miss An. After I made a call last night, I changed several calls to make calls, but I didn’t get through. Miss, is there something wrong?”

Ye Muqi couldn’t understand. After he finished the call from the phone booth, he changed to another phone booth and even bought a second-hand mobile phone and phone card for a few hundred yuan.

Call An Xiaoran like this, but still didn’t answer.

When Lin Kai heard Ye Muqi say this, he remembered the mission of the ancient city on Yunshang.

Master An Xiaoran and Master Zhicheng seemed to be in a hurry. They rushed there overnight and didn’t know how.

So Lin Kai called An Xiaoran directly.

However, just a few seconds after the call, An Xiaoran answered the call almost in seconds.

Suddenly, An Xiaoran’s slightly surprised voice rang from the other end of the phone, and said, “Lin Kai, why is there still time to call me? Is it because you are finished with you, or something?”

Lin Kai was speechless for a moment, and said, “It’s nothing, I haven’t finished here yet.”

Chapter 1728

On the other end of the phone, An Xiaoran’s voice came immediately: “Call me when I’m not finished, are you caring about me? I’m in the ancient city of Yunshang, and I haven’t set off. I’m doing some advance preparation. .”

“Okay, I’ll rush over when I’m done.”

Lin Kai ignored the first half of An Xiaoran’s sentence, and immediately hung up after finishing speaking.

Then Lin Kai looked at Ye Muqi next to him, and said, “Miss An is fine.”

Ye Muqi was on the side, his face was almost dark, he understood that An Xiaoran was treating it differently.

Treating Lin Kai with such enthusiasm, but treating him not salty or indifferent, even the phone call is directly ignored.

Lin Kai ignored Ye Muqi’s expression at this time, but said to Ye Muqi again: “Brother Ye, if you can show me your practice, I will repay you. Don’t worry, I am not trying to learn. Your practice, but to refer to it.”

Hearing Lin Kai's words, Ye Muqi suddenly snorted. He was unhappy with Lin Kai himself, and now he is even more unhappy, so he said indifferently, "It is impossible! Although you are better than me, but my practice method, I can never show it to you!"

After speaking, Ye Muqi said with a proud face: "My Shimen practice method, in fact, you haven't understood the real method. I admit that I am in the field of demons and demons, and my own strength, Far inferior to you. But I am the only true pass from my master, and the most powerful practice is medical skills.

I have completely inherited my master's medical skills. My master went down the mountain decades ago, just half a month after going down the mountain, and he was called the sage of medicine and the skill of rejuvenation. And I, not only inherited my master's medical skills, but also surpassed the blue from the blue. "

Lin Kai just smiled at Ye Muqi's words, but he looked like he really did.

The reason why he wanted to take a look at Master Ye Muqi's cultivation technique was because he could perceive that although this cultivation technique was incomplete, it should be very different from other cultivation techniques.

Before that, when he and Ye Muqi were fighting in the ring, the power released was a strange power.

And that kind of strange power carries a touch of life.

So that the three leaves seemed to be able to come alive.

In addition, Luo Suyi also said before that the thunder bamboo ruler in her hand was refined by her master.

That thunder bamboo ruler also carried that strange power.

Lin Kai only then judged that Luo Suyi's and Ye Muqi's masters must practice special effects.

Now listening to Ye Muqi's words, it seems that medical skills are helpful.

As for the medical skills Ye Muqi said, Lin Kai didn't care.

"Brother Ye, let me tell you this. I am not interested in your practice or medical techniques at all. And I have practiced my own practice, which is definitely not worse than yours. Just use it to see. I have no other thoughts. . It really shows me that there will be rich returns."

The return that Lin Kai said might help Ye Muqi complete this practice technique, because what he is currently practicing is a fusion of many top practice techniques.

He finds that the more he integrates, the more helpful he is to his current practice.

"Hmph, I said it's impossible!"

Ye Muqi snorted again.

At this moment, Zhao Yajue just walked out of the Shenling Martial Arts Hall and headed directly to the remote corner outside.

Zhao Yajue came to Lin Kai and Ye Muqi, and immediately said respectfully, "Mr. Lin, and Brother Ye, since the results have come out, I will rely on Mr. Lin afterwards. For the benefit of Donghai, I will Part of it. Also, Brother Ye said that you lost, but you did your best. I will return hundreds of thousands in cash.

After all, Brother Ye finally went down the mountain and came to the world, so he still had to spend money to relax. If Brother Ye goes down the mountain in the future, you can come here to find me, and I will definitely entertain him.

Now I have prepared a banquet there. Although there is no competition today, it is a rare gathering. So I invited Mr. Lin and Brother Ye to have a meal. I also hope that both of you will be able to see a doctor for my wife, which is troublesome."

After all, Zhao Yajue is the overlord of Shenling Mountain. Lin Kai used his formidable strength to win this discussion. Naturally, he put down his figure and no longer rejected Lin Kai, but instead wanted to make good friends with Lin Kai.

Although Ye Muqi had lost, his strength was not weak. It's just that under Lin Kai's aura, it looks weak, but for him, it's still very powerful.

As a result, Zhao Yajue is also sleek, and both sides must please.

Lin Kai and Ye Muqi both nodded at the same time what Zhao Yajue said.

Lin Kai had promised Zhao Wuhao to save his mother before that. He would never shirk what he promised.

Ye Muqi was talking to his senior brother Qian not long ago, and he heard him say this about the treatment, and he also agreed.

Therefore, this is the present, Zhao Yajue said, ask Lin Kai and Ye Muqi to go to see the patient together.

Lin Kai didn't feel much.

Ye Muqi had an idea. He didn't expect that Lin Kai would really know how to heal, and he would watch the patient's condition with him.

So Ye Muqi turned his head to look at Lin Kai, and said, "Brother Lin, I didn't expect you to go with me. Are you good at medicine?"

Hearing Ye Muqi's words, Lin Kai just smiled faintly and said, "Healing skills, I can't say that it is top-notch, but it should be better than you."

Although Ye Muqi was also a little bit zhenqi, that bit of zhenqi couldn't heal much at all, and the purity was not above a concept at all.

If the purity of Lin Kai's true qi was compared to the sea, then Ye Muqi's purity of true qi was just a stream, and it was basically two worlds.

Lin Kai's true qi was purer than the real immortal cultivators before, which led to him being able to use true qi to perform 100% treatment. For mortals, it can cure all diseases.

If his cultivation level can reach the Nascent Soul or the Transforming God, a drop of his blood can be comparable to some thousand-year-old medicinal materials.

Ye Muqi naturally didn't believe in Lin Kai. He really did what he said. He immediately sneered: "Brother Lin, I don't like to hear what you said. What is not top-notch, but it is better than my medical skills. I think that even if my medical skills are not the best in the world, it is also the second in the world. Could it be that your medical skills are the best in the world?"

Lin Kai smiled immediately and couldn't help but say: "I originally planned to choose a low-key one, but if you have to say that, then I have a showdown. My medical skills are indeed number one in the world. I just said that, mine. Medical skills are better than you."

Chapter 1729

"It's really unreasonable!"

Ye Muqi became a little angry when he heard Lin Kai's words, and continued to sneer and said: "My master dare not say that his medical skills are the best in the world. You have the face to say that your medical skills are the best in the world!"

My medical skills are a little worse than my master. After a few decades, I may be qualified to say that my medical skills are the best in the world. And you seem to be younger than me, so you say so brazenly!"

Lin Kai didn't feel any annoyance. He continued smiling and saying, "The times have changed now, not when your master went down the mountain and the world a few decades ago. Besides, your master hasn't gone down the mountain for a long time. The outside world is clear. The same is true for you, causing the thinking of both of you to stay decades ago."

Ye Muqi was itchy at the root of his teeth instantly, and he snorted coldly: "Don't think that you are better than me in terms of demons and demons. You think you can be better than me in terms of medical skills. I tell you, It's impossible for you to win me! Just rely on what you just said, and bet with me again if you have the ability!"

When Lin happily moved, he waited for Ye Muqi's words.

He angered Ye Muqi so much. Naturally, it was not that he had nothing to do, but the system just released a task a few minutes ago, which was to let Ye Muqi gamble with him again, and if he won Ye Muqi, he would have the ability to extract gold. reward.

Lin Kaizi wouldn't let it go so freely.

Now Ye Muqi took the initiative to speak out, and bet with him again.

So Lin Kai smiled and said, "Then it's up to you, how to bet?"

Ye Muqi snorted and said, "Brother Lin, since the betting on medical skills is based on medical skills. It just happens that you and I are going to see Patriarch Zhao's wife, so you can bet on who will treat Patriarch Zhao's wife first. So who wins, and how? In this way, we can more intuitively see who has the best medical skills."

Lin Kai couldn't help but nodded, and said, "Then bet like this. Anyway, I must win this."

Hearing Lin Kai's big words, Ye Muqi gritted his teeth again, sneered and said: "If you really can beat me, I will admit that your medical skills are the best in the world!"

Lin Kai was actually not interested in this title, he just shook his head slightly and said, "If I win you, you have to show me the exercises you practice, how about it? Anyway, if I win you, Doesn't it mean that medical skills are superior to you, and there is no need to learn the content of your practice."

Although Lin Kai already knew that the practice practiced by Master Ye Muqi was related to medical skills, he was still quite curious.

Anyway, he and Ye Muqi gamble again. This was to complete the system task, so it happened to be incidental to let Ye Muqi look at the practice.

Ye Muqi was stunned for a moment, and felt that Lin Kai's words were reasonable, so he nodded and said, "That's OK, if you really win me, I have nothing to say, and I am convinced to let you see. If you lose, you will also show me yours."

Lin Kai smiled faintly: "Okay."

"Then it's settled!" Ye Muqi was confident.

Not long ago, the two made a bet on who is stronger.

It didn't take long for Lin Kai and Ye Muqi to bet again, but this time it was better than anyone else's.

Ye Muqi was more confident than last time, he was very anxious to Zhao Yajue, and said: "Patriarch Zhao, please trouble you now, take me and Brother Lin to see a doctor for your wife. And now It was just in the morning, but when the Yang Qi was rising, this time is often the best time."

Lin Kai nodded and said, "Patriarch Zhao, please lead the way. I may not eat the meal. I will eat it next time. I will have something else after seeing your wife."

Lin Kai's urging was not like Ye Muqi, who couldn't wait to win.

But Lin Kai has other system tasks. This system task is quite mysterious. You have to follow the process to know what the task will be and what the reward will be.

In short, he had to go to Yunshang Ancient City to help An Xiaoran, Master Zhicheng and others.

At present, An Xiaoran and Master Zhicheng are also very urgent. It is said that there is no time to wait for what happened there.

As a result, Lin Kai wanted to end here soon, and then rushed to Yunshang Ancient City.

Hearing what Lin Kai and Ye Muqi said, Zhao Yajue was actually speechless and excited.

Zhao Yajue never thought that this would happen, and the two of them would gamble again.

Listening to the tone of the two, it seemed that his wife could be easily cured.

Whether it is Lin Kai or Ye Muqi, who can treat a good wife, he is extremely happy.

Now that Lin Kai and Ye Muqi are urging like this, he didn't delay anything. First he returned to the Shenling Martial Arts Hall to explain it, and then took Lin Kai and Ye Muqi to Zhao Yajue's wife.

Luo Suyi naturally followed Ye Muqi, while Lin Kai's name was Li Ya'er, and the senior executive of Li Shengxian's company returned to the East China Sea.

After all, the competition here has been postponed. You will come back whenever it starts.

Half an hour.

A 20-30 million luxury car stopped in front of the gate of Zhao's family built by a group of villas.

Most important people in the Zhao family live here.

There are mountains, waters, huge gardens, pavilions and pavilions. In short, it is a huge living place combining Chinese and Western styles.

This is the weight of the richest man in Guangling Province, and it's remarkable just by the place of residence.

Zhao Wuhao and Zhao Ziyang were standing in front of one of the luxurious villas.

The two received a message from their father not long ago, saying that they had received Lin Kai and Ye Muqi, and they would come to see their mother together, so that they could not lose their manners and at least greet them when they went out.

Zhao Wuhao and Zhao Ziyang were very excited. They didn't expect that Lin Kai and Ye Muqi were here together, so the hope for their mother to be cured would be even greater.

Even inside, Zhao Fusheng, the old man of the Zhao family, was also sitting inside. If it wasn't for his special status, the Zhao family would stop him, or he would also stand outside waiting for Lin Kai and Ye Muqi to come.

At this time, Lin Kai, Ye Muqi and Luo Suyi had already arrived in front of the villa.

Zhao Wuhao and Zhao Ziyang hurriedly greeted the three of Lin Kai.

Several people gave a polite introduction.

Zhao Wuhao and Zhao Ziyang especially looked at Ye Muqi, feeling very strange. They had heard before that, the younger brother and younger sister of Bo Qian were even better than Bo Qian.

The two of them knew about Uncle Chamber's skills, and they were indeed very good.

However, why Ye Muqi, the younger brother of Uncle Qian in front of him, was so embarrassed that they were a little puzzled.

Chapter 1730

Zhao Wuhao and Zhao Ziyang still don't know what happened at Shenling Wuguan not long ago.

Although both of them were very curious about why Ye Muqi, the younger brother of Chamberlain, became like this, they dared to ask more.

At this time, Zhao Wuhao, facing Lin Kai, Ye Muqi, and Luo Suyi, said, "Mr. Lin, Mr. Ye and Miss Luo, please come inside. The banquet and meals have been prepared. My grandfather is also waiting inside. Your arrival is very welcome."

Let alone Lin Kai, Ye Muqi, and Luo Suyi, who are going to treat Zhao Yajue's wife, Lin Kai and Ye Muqi alone. The strength of the three Luo Suyi was enough for the Zhao family to treat it so solemnly.

Soon, Zhao Wuhao and Zhao Ziyang led the way, and the Lin Kai trio followed behind and entered this luxurious villa.

In the villa, in addition to Zhao Fusheng, the elder of the Zhao family, and Zhao Yajue, the head of the Zhao family, the rest of the Zhao family were also there.

The long tables in the hall were also full of freshly warmed banquets.

At first glance, the long table is made of very expensive wood.

Lin Kai didn't want to eat this banquet, but he was helpless, so he arranged for this banquet, so he could only drink a few sips of wine and eat a few mouthfuls of dishes.

Ye Muqi seemed to be more anxious than Lin Kai. He didn't eat anything, so he asked Zhao Yajue directly, and said: "Patriarch Zhao, what is your wife's condition? Let me tell you something first. Know some things."

Although Ye Muqi can also see through the means of seeing, hearing, and inquiring, he can't make a 100% judgment like that. He needs to understand the specific situation before he can make a perfect judgment.

After hearing what Ye Muqi said, Zhao Yajue stopped eating and drinking. He suddenly became serious, and then said solemnly: "My wife has had headaches and other symptoms since last year. I originally thought it was a common fever and cold. Unexpectedly, when I was about to call the doctor over to see, my wife went into a coma.

I hurriedly arranged for the best doctor to come over, but after the examination, there should be some damage in the brain, which caused a coma. It is recommended to go to the hospital immediately for a complete diagnosis.

But after I went to the hospital, I didn't know what was wrong with it, just like normal people. After that, I looked for a lot of famous medical experts, but I could only detect that there were fewer brain cells inexplicably, just like vegetative people. But my wife was fine at home, and she didn't get hit anywhere, and she didn't eat any bad food or anything.

In terms of living habits, I also maintained good habits, and I didn't have any colds or fevers. I just had a headache, and then lost my brain cells inexplicably, resulting in a coma. Those famous medical experts also used many methods, but they were helpless. "

After listening to what Zhao Yajue said, Ye Muqi thought for a while, then set his eyes on Lin Kai, with a hint of provocation in his eyes, and said: "Brother Lin, from the words of Patriarch Zhao, you have I don't have a general understanding. Given that you are so confident in your own medical skills, how many insights do you have?"

Lin Kai smiled faintly: "I can't talk about opinions, but this situation is obviously not as simple as an ordinary vegetative person. It is very likely that the soul is a little different, causing this situation."

The symptoms of Zhao Yajue's wife reminded Lin Kai of He Shiyun's mother.

He Shiyun's mother is probably like this, like a vegetable, but it's not.

Of course, only when Lin Kai saw Zhao Yajue's wife with his own eyes could he make specific judgments.

Ye Muqi nodded when he heard the words, and then immediately shook his head. He couldn't help but say: "Brother Lin, indeed, it's not an ordinary vegetative, it does have something to do with the soul. But it's just a bit related. If it's the previous headache, it means that other aspects, such as essence, are also related to a certain extent. So in my opinion, if the soul is stable, then it is the essence aspect. If the soul is unstable, it can also be cured by the essence."

Although Zhao Yajue and others didn't know much about this medical technique, they heard what Lin Kai and Ye Muqi said.

Zhao Yajue and others still prefer Ye Muqi.

Because I feel that what Lin Kai said is still a bit mysterious, something strange in spirit. On the contrary, he felt that what Ye Muqi said was true. After all, people have spirits, and everyone knows this common sense.

Therefore, they all agree with what Ye Muqi said.

In fact, Zhao Yajue had planned to invite Ye Muqi alone to treat his wife here.

Only because his son Zhao Wuhao had already invited Lin Kai yesterday.

Coupled with Lin Kai's performance in Shenling Martial Arts Hall this morning, he would have let Lin Kai leave like that, so he invited Lin Kai over.

Otherwise, they all invited Lin Kai, so they couldn't just ignore Lin Kai and only bring Ye Muqi over.

Zhao Yajue himself is more optimistic about Ye Muqi's medical skills. After all, Bo Qian said that Ye Muqi's master was a well-known medical sage in China decades ago.

The name of a medical saint, Zhao Yajue had heard of it when he was a child.

He did not expect that Ye Muqi's master turned out to be a medical technique he had heard of when he was a child.

Even though decades have passed, Zhao Ya's name is definitely a medical saint, how big it was when she was a child.

Even now, in their circle, there will be occasional mentions of the medical saint decades ago, and they all want to find them.

After all, no matter how rich people are, they can't escape from birth, old age, sickness and death, so they all want to find medical saints decades ago.

It can be seen that the disciple of the saint of medicine is still the kind of disciple who has received the true teachings, and how good the medical skills are.

Uncle Qian even said that the true story of his mountain gate is the medical skills.

However, his junior brother Ye Muqi had learned the true biography of Master completely, and was better than blue from the blue.

At this moment, Zhao Yajue had already turned to Ye Muqi.

Even An Xiaoran's grandfather had already said that Lin Kai's medical skills were very good and he cured his illness at once.

However, Zhao Yajue still believed in Ye Muqi.

Especially now, Zhao Yajue has heard the analysis and opinions of Ye Muqi and Lin Kai.

Zhao Yajue believed that Ye Muqi was right.

Not only Zhao Yajue, but the others in the Zhao family also felt that Ye Muqi was right.

Of course, they didn't dare to speak out, after all, Lin Kai would help them next time and participate in the competition.

Naturally, Lin Kai could see that with him and Ye Muqi, they each talked about their analysis and opinions on this situation. Some people in the Zhao family present had some changes in attitude towards him, but he smiled indifferently.
