

Special Forces 1751

Chapter 1751

Hearing He Shiyun's words, Lin Kai had a calm expression on his face, and said faintly, "Shiyun, don't worry about them, if they want to follow, they will follow. If you really run over to find death, you can't blame me."

He Shiyun immediately chuckled and said: "Yes, I still pray to those two people, don't provoke you. Otherwise, I must be carried Izumo Upper Ancient City."

After all, Yunshang Ancient City is just an ancient city, defined as a tourist place, and medical resources are not that good, so if something really happens, it will be difficult.

Lin Kai shook his head and laughed: "The two are actually not very old. If they don't look back, they will regret their current choice in a few years. If I don't take the initiative to provoke me, I'm not too lazy to teach anything. Really. If you dare to provoke me, you won't keep your hands, and teach me a lesson."

Lin Kai's words made He Shiyun nodded.

At this time, Lin Kai continued and said, "Shiyun, where is the Luochen Temple you introduced earlier? My friends are currently in the location of the Luochen Temple."

He Shiyun already knew that Lin Kailai had other things in this ancient city on the cloud.

So I was not surprised by what Lin Kai said now.

He Shiyun responded and said, "Mr. Lin, walk straight along this ancient Changqing Street for about ten minutes, then turn around and walk for five minutes, and you will almost reach the Luochen Temple."

It seems that He Shiyun is really familiar with this ancient city on Yunshang, and he can accurately tell the location of Luochen Temple without looking at the phone map or anything.

Lin Kai nodded and said, "Then let's go there now."

He Shiyun gave a hum, and immediately led Lin Kai to the Luochen Temple.

Although it is early autumn, the weather in Guangling Province is located in the south and coastal areas, in fact, it is still very hot.

When passing by a milk tea shop, He Shiyun couldn't help but ask Lin Kai, saying: "Mr. Lin, this milk tea shop is very special. The raw materials used are milk tea made from something unique here. It happens to be hot. Would you like a drink to quench your thirst?"

Lin Kai smiled and said, "Okay, I will buy whatever you buy. I will pay for it."

"It's just milk tea. It's very cheap. I will pay for it. In addition, you asked me for these two days. If you even asked for this milk tea, I would be embarrassed.

He Shiyun spoke to the owner of the milk tea shop and said, "Boss, two cups of strawberry milk tea."

The boss quickly finished two cups of strawberry milk tea.

He Shiyun paid immediately and took two more cups of strawberry milk tea, one of which was handed to Lin Kai.

Then He Shiyun smiled and said, "I personally think this strawberry milk tea is the best."

But when He Shiyun gave Lin Kai this strawberry milk tea.

Suddenly there was a dirty little girl who rushed from nowhere, and didn't notice whether there was anyone in front of her.

This caused the dirty little girl to bump into He Shiyun all at once.

He Shiyun couldn't stand firmly and almost fell. Fortunately, there was a wall behind her, but the cup of strawberry milk tea in her hand fell to the ground.

And the dirty little girl, not to mention that she didn't apologize to He Shiyun in the slightest, she didn't even stop for a while, she continued to dash forward, as if being chased by someone.

He Shiyun was taken aback for a while, and immediately came back to his senses, and said helplessly to Lin Kai: "Mr. Lin, I will give you this cup now, and I will have another one. I don't know which child it is, on the street with so many people, it's dangerous to run like this."

He Shiyun wasn't very angry, but felt that this dirty little girl running around like this was a very dangerous thing.

But Lin Kai shook his head slightly and said, "Shiyun, look at the wallet in your bag, it should be gone? That little girl, it should have taken your wallet."

"what?"

Hearing Lin Kai's words, He Shiyun immediately turned over her bag, and she realized that the wallet that was originally in her bag was gone!

He Shiyun quickly handed the strawberry milk tea in his hand to Lin Kai, and then said to Lin Kai: "Mr. Lin, wait for me here, and I will chase down that little girl! It's disgusting! I didn't learn well at a young age.!"

When Lin Kai took the strawberry milk tea, he looked at He Shiyun speechlessly, and said, "The little girl ran very fast, and it's already far away. Can you catch up?"

"Mr. Lin looked down upon me. Since I was little, I have participated in sports games in school, and participated in this kind of running competition many times. Every time, I can get some better rankings."

He Shiyun said, and immediately ran towards the dirty little girl.

Seeing this, Lin Kai shook his head helplessly, and then he followed He Shiyun unhurriedly.

He Shiyun does run very fast, it is not a joke to compare those long legs.

However, for Lin Kai, he was relaxed and could follow He Shiyun closely.

The man with the braids and the man with tattoos who had been with Lin Kai and He Shiyun was shocked when they saw them running up inexplicably.

However, the braided man and the tattooed man didn't want to say much, they just chased Lin Kai and He Shiyun directly.

At this moment, at the end of Changqing Street, the dirty little girl, who was also wearing very old clothes, looked back nervously.

I found that several people were chasing her.

The dirty little girl panicked immediately. While she continued to speed up, she took out He Shiyun's wallet and took out all the money in it.

There are two forks at the end of this ancient Changqing Street. The dirty little girl is heading towards the Luochen Temple on the right, and at the same time, she does not forget to throw He Shiyun's wallet at the end of this ancient Changqing Street. on.

It didn't take long before He Shiyun had arrived at the end of this ancient Changqing Street. When she was behind, she saw her wallet being thrown on the ground.

She had to stop, bend down to pick up her wallet, and then found the dirty little girl, but took the money inside, she was immediately relieved.

There is not much cash in He Shiyun's wallet. After all, this era is basically mobile payment, with only a few hundred yuan of change, just to be safe.

The reason why He Shiyun was so anxious to chase after the dirty little girl was naturally because of her various documents in her wallet. If these are taken away, it will be very troublesome.

Fortunately in misfortune, the dirty little girl did not take away the evidence inside.

Lin Kai came to He Shiyun's side and asked, "The little girl just took the money inside?"

Chapter 1752 Do You Want This Forever?

He Shiyun nodded, and then sighed: "That little girl doesn't look like it's just the first time, this kind of grabbing someone else's things. Not only is the speed very fast, but she is also very skillful in technique."

He Shiyun naturally sighed for the dirty little girl.

I don't know if there is anyone behind him who taught this dirty little girl to commit a crime like this, otherwise it would be impossible to be so skilled at such a young age.

Lin Kai couldn't help but shook his head. He then gave the milk tea to He Shiyun and said, "I have run away without a trace. You should take a break with milk tea, but fortunately, there is not much loss."

He Shiyun continued to sigh, "I don't know what's going on with that little girl. Since she's gone, let's forget it. It's a child of this age, obviously when she is studying..."

He Shiyun hasn't finished speaking yet.

The man with braids and the man with tattoos have chased He Shiyun and Lin Kai.

The braided man seemed to know what was going on, and then looked at He Shiyun with a polite expression on his face, and said, "This beauty, did the \*\*\*\* \*\* your wallet from before? Don't worry,

the beauty, we are in this ancient city. Brothers are familiar with each other, we will leave the \*\*\*\* to us, we will definitely help you and get the money back!”

The braided man and the tattooed man were both aggressive and started to go in the direction of Luochen Temple on the right.

He Shiyun looked at the two in surprise: “Unexpectedly, these two people still have a sense of justice.”

Lin Kai couldn’t help but smiled and said, “It makes sense for a rosy face to be a disaster. After all, your beauty can influence two gangsters.”

He Shiyun’s face turned red when he heard Lin Kai say this. Although he knew that Lin Kai said this to her half-jokingly, he was still very happy.

Because this was the same, Lin Kai recognized her appearance, which made her feel inexplicably happy.

With Lin Kai’s excellence, she must be surrounded by beautiful women, so what Lin Kai said can make her very happy.

Before He Shiyun could say anything, Lin Kai went on to say: “This road, if I remember correctly, is to go to Luochen Temple, right? Go, we just passed by.”

He Shiyun nodded repeatedly, put the wallet in the bag, and then went to the right road with Lin Kai, which is the direction of Luochen Temple.

at the same time.

The dirty little girl was running there, and suddenly turned to a corner. She was panting tiredly, and then leaned against the wall in this corner, her small face full of complicated expressions.

A few months ago, her parents died unexpectedly, and the family was already poor.

No other relatives took her in and there was a younger brother who was a few years younger than her.

In order to let myself and my brother live, I had to do this kind of thing.

Although she knew it was wrong, she also understood that if she was caught, she would be miserable.

The little girl who was getting dirty, thought complicatedly.

At this time, the footsteps of the man with braids and the man with tattoos gradually approached.

The dirty little girl noticed that the man with braids and the man with tattoos had been chasing her for a long time.

This made the dirty little girl very frightened, and at the same time she muttered: “I didn’t grab the two of them. Why are these two people so chasing after them.”

The dirty little girl couldn’t understand, but didn’t think much about it, and quickly started to run, knowing that if she really got caught, she would end up miserably.

Fortunately, she is an aboriginal in this ancient city of Yunshang. She is very familiar with this ancient city of Yunshang. She doesn’t know how many times she has walked every street here.

That's why she specifically stared at tourists to steal. In that case, it would be easy to throw tourists away.

What shocked the dirty little girl was that she was about to go on another path, but she didn't expect that she grabbed the little sister, and the brother next to the little sister, unexpectedly appeared on this path.

The dirty little girl naturally didn't dare to go. She left that path. When she was about to go the other way, the man with braids and the tattooed man rushed over.

The braided man and the tattooed man have surrounded the dirty child.

The man with the braids smiled even more proudly: "You bastard, still want to escape? Hey, I was caught by your dog, did you run away?"

While talking, he stretched out his hand, trying to catch the dirty little girl.

But the dirty little girl reacted more quickly and hid on the other side.

The man with the dirty braids was greatly annoyed at this moment. He had no idea that the little girl in front of him would be hidden away.

"Little bastard, looking for death!"

The braided man was about to raise his hand, about to hit the dirty little girl.

At this moment, He Shiyun and Lin Kai had already arrived here.

He Shiyun couldn't help but say: "Don't do it first."

The man with the braids stopped obediently, mainly because He Shiyun said that, if it was changed to Lin Kai, he would definitely shoot directly, no matter how much.

But Lin Kai walked towards it. Before the dirty little girl, she asked, "Where did you just take that sister's money?"

The dirty little girl was still terrified in her eyes, but she kept shaking her head and said, "What are you talking about, I didn't take any money."

"Oh? Really?"

Lin Kai narrowed his eyes, and then said lightly, "Little girl, do you really not admit it?"

"I...I...I..."

For a moment, the dirty little girl fell silent and looked at Lin Kai and He Shiyun.

When Lin Kai saw the dirty little girl, he continued, "As long as you hand over the money, we won't do anything to you."

The dirty little girl seemed to be a little moved, but immediately thought of something, she bit her teeth, and said, "Brother, I can't hand over this money. This is of great use to me. I'm really sorry, I... If I have a chance, I will double it back to my sister!"

Lin Kai looked at the dirty little girl and said indifferently: "Even if your parents die and your other relatives don't care about you, you can't choose this way. I believe there are still good people in society, and yours Age is also the stage of nine-year compulsory education.

In your case, I believe there will be good-hearted people here to help you. You have to study hard, is your only way out. After nine years of compulsory education, you can choose to take advantage of the winter and summer vacations, do odd jobs, earn some tuition fees and some living expenses, and save a little bit. If you study well, there are scholarships and the like.

In short, there are many ways. The way you choose now is the worst and the most stupid, you know? Do you want to do this forever? "

Chapter 1753 Weird Falling Chen Temple

"You...you are, how did you know?"

The dirty little girl, hearing Lin Kai's words, was first shocked how Lin Kai knew about her situation.

Immediately, she felt deep silence about Lin Kai's words.

On the other hand, He Shiyun looked at the dirty little girl with sympathy. In this case, the little girl chose the most stupid way.

To the surprise of the dirty little girl, Lin Kai just said indifferently: "It's very simple, I will look at some faces and things, and see how you are."

However, the dirty little girl, with a look of disgust on Lin Kai's face, said unceremoniously, "Look at her face? Humph, to put it bluntly, isn't it a liar, my parents were harmed by your liar. dead!"

"Ok?"

This surprised Lin Kai. Although he could borrow some system's extraction capabilities to learn simple information about the dirty little girl, it is still unknown how the dirty little girl's parents died.

At this time, hearing the dirty little girl say this, Lin Kai couldn't help but ask: "Your parents were killed by a liar? What is the situation, and has there been any investigation?"

"No!"

When the dirty little girl mentioned this incident, she seemed to be stabbed with some nerves, and she continued coldly and said, "No one believes me at all! No one believes that my parents were killed by the monks in Luochen Temple. Dead! They said that those monks were all high-ranking monks, how could they harm people! They directly attributed the death of their parents to an accident!

I hate! I hate this world, why no one believes me! When I have the ability, I must avenge my parents and go to the Luochen Temple to reveal the true faces of those ugly monks! "

The words of the dirty little girl shocked the others. They all looked at the dirty little girl in amazement. In fact, they were dubious about her words.

As the dirty little girl said, it was really amazing.

Only Lin Kai's expression remained calm. He faintly continued to ask: "Little girl, what is the specific situation? Why do you say that the group of monks from Luochen Temple killed your parents? I believe your words, so you can tell me everything you know, maybe I can help you get revenge or something."

But this dirty little girl didn't believe Lin Kai's words, she kept shaking her head and said, "You are also a liar. If I don't believe you, if I tell you, you won't believe it."

Lin Kai said lightly: "You can choose to believe me. If it is really done by the monks in the Luochen Temple, I still have the ability to avenge your parents. This is not necessary. Wait until you have that ability. Wait until you have that ability. Ability is also an unknown number, isn't it?"

The dirty little girl still sneered: "After my parents were killed, I can see through the warmth of the world. No one believes me, and no one cares about the life and death of my brother and me. You are no exception, you are sure there are other purposes, I won't tell you!"

I have to say that this dirty little girl does not belong to this age group of maturity.

It was the words of the dirty little girl that made He Shiyun more sympathize with the dirty little girl.

He Shiyun is a girl herself, knowing that what this dirty little girl has experienced must have gone through the despair of going into hell.

He Shiyun also heard it. It seemed that the dirty little girl had a younger brother, so she asked softly: "Little sister, do you still have a younger brother?"

The dirty little girl saw that He Shiyun was questioning, and she could see that He Shiyun was kind to her. In addition, she just robbed He Shiyun's wallet, and she also felt guilty, so she couldn't help but say: "My brother is three and a half years younger than me. He has been sick these days, and I don't have the money to treat him."

Sister, I'm really sorry...When I get rich, I will give you double! Leave a contact information! Certainly! When I give my brother an independent life, I can feel at ease! Even if I don't have that ability, I will make the group of monks in Luochen Temple pay a great price! "

At this time, whether it was Lin Kai and He Shiyun, the man with braids, and the man with tattoos, they still sympathized with this dirty little girl.

No one believed the dirty little girl's words, and no relatives were willing to take in her and her younger brother. The siblings could only rely on each other like this.

At the same time, the dirty little girl kept saying that it was a monk from Luochen Temple and killed her parents.

And the decisiveness of the dirty little girl seemed to be the monks from the Luochen Temple who killed her parents.

At this time, Lin Kai faced the dirty little girl again and said, "I am a doctor. I can cure your brother's illness completely. At the same time, I can also provide for your brother and sister. Funds to the university. As long as you don't do this kind of thing in the future, you also have to tell me in detail what you know about Luochen Temple."

Lin Kai really wanted to know the situation of Luochen Temple with some purpose.

Because the goal of An Xiaoran, Master Zhicheng and others this time is this Luochen Temple. I don't know the specific reason, but according to An Xiaoran and Master Zhicheng, this Luochen Temple is quite strange.

Therefore, Lin Kai wanted to know the specific situation of the group of monks in Luochen Temple from the dirty little girl.

Of course, Lin Kai did it entirely for Luochen Temple's affairs, and he was more sympathetic to the dirty little girl, at least this dirty little girl could be saved.

After all, this dirty little girl wanted to avenge her parents, and she would rather suffer herself, but also wanted her brother to live well.

From this point, it can be seen that this dirty little girl is not bad in nature, but no one called her, leading to a crooked road.

The dirty little girl, heard Lin Kai say this at this moment, especially when she saw Lin Kai's serious look.

She finally chose to trust Lin Kai, but for some reason, she trusted Lin Kai.

Soon, the dirty little girl took Lin Kai and a few people to the place where her brother is currently.

About ten or twenty minutes later, I came to a dilapidated little house. It is more suitable to say that it is a dilapidated little house than a broken wall.

Half of the house is gone, only the other half can simply shelter from wind and rain.

If it's winter, this kind of house can definitely kill people.

Under the other half of the house, there are only some simple furniture, such as beds, tables, chairs, cabinets, and nothing of value.

And on that bed lay a thin little boy.

Chapter 1754 the little girl's statement

The little boy on that bed was not only pale, his hair was a little bit brown, and he was also skinny, obviously because of chronic malnutrition.

The dirty little girl said, "He is my brother."

He Shiyun all sighed when he heard the dirty little girl.

Lin Kai looked at the little boy and immediately said, "Your brother, it should be after eating food for at least two days, then all kinds of diarrhea, and finally fever. You bought cold medicine, one of fever medicine. Class, but no effect, am I right?"

The dirty little girl instantly looked extremely happy, she was still wondering before, that Lin Xiaowan would not see a doctor or something.

Unexpectedly, Lin Kai just glanced at it and showed the cause!

In this way, she was naturally very relieved of Lin Kai.

As a result, the dirty little girl hurriedly said, "Brother, that's it! I don't have that much money. I sent my brother to the hospital for treatment, so I could only buy some medicine for my brother. But my brother didn't have any medicine. After a few days, it didn't get better at all!

I didn't steal it for a long time, because there was a kind person, and I cleaned an area every day, and it didn't take long. A few hundred yuan a month, barely living. I want to think about changing other ways, such as studying, but my brother is seriously ill, so I have to do so... Brother, please, heal my brother! The money has been given to sister! It will be doubled in the future! "

Lin Kai said indifferently, "It's still very easy to save your brother. I will treat it. But again, you have to tell me the details of how your parents died in Luochen Temple."

Hearing Lin Kai's words, the dirty little girl was silent for a while, and then said: "Okay! Brother, rest assured, I will tell you the whole process!"

Lin Kai only smiled faintly, and then asked the dirty little girl to get some water first.

The main thing is to give the little boy a drink later.

Lin Kai took out acupuncture and began to treat the little boy with acupuncture.

The little boy's condition was not only a cold and fever, but also a long-term malnutrition. This led to no use of any cold medicine or fever medicine.

While Lin Kai used acupuncture and moxibustion, he also used some Zhen Qi to sink into the little boy's body.

The energy contained in Zhen Qi is enough for little boys to supplement their nutrition.

After about a few minutes, the little boy was treated and drank the water again.

Only then did the little boy completely regain his vitality and his expression became normal.

Although the little boy was only about eight years old, he was very sensible. He looked at Lin Kai gratefully and said, "Thank you, brother! It's so much better now, but he is a little hungry."

The dirty little girl also thanked Lin Kai with great gratitude, and then asked the little boy what he wanted to eat.

The little boy is very well-behaved. He just wants to eat some porridge, just turnip and greens.

Although this is a half house, a few rooms are intact and there are also kitchens.

The dirty little girl immediately began to cook for the little boy.

He Shiyun saw this scene and wanted to help the dirty little girl, but the dirty little girl did things very simply and neatly, and He Shiyun had no chance to help the dirty little girl.

You can see how skilled the dirty little girl is. I don't know how many times she has cooked this way.

Twenty or thirty minutes later, the dirty little girl simply cooked it and sent it to the little boy.

The little boy was also very quick and ate it gorgingly.

Lin Kai said to the dirty little girl, "Should I tell you, what is the situation between your parents and Luochen Temple? As long as there is something wrong with the group of monks in Luochen Temple, I will avenge you. ."

When the dirty little girl heard the words, she nodded and said, "Okay, I will say everything in detail now."

At this time, whether it was He Shiyun, the man with braids, and the man with tattoos, all looked at the dirty little girl and waited for the dirty little girl to tell her.

Several people were also curious about how the group of monks in Luochen Temple killed the parents of the dirty little girl.

Especially He Shiyun, every time she travels to this ancient city on Yunshang, she will go to the Luochen Temple to worship.

If the dirty little girl is true, then it is still very scary to think about it.

The dirty little girl thought about it a little bit, and then calmly said: "You all know, we are all local people in this ancient city of Yunshang. This Luochen Temple was more than a thousand years ago, and there were monks from outsiders. , Established during this mission.

As a result, most of the aborigines of Yunshang Ancient City are Buddhists. Every new year and festivals, etc., will also worship in the Luochen Temple. A few months ago, because my brother got a disease, my parents took my brother to Luochen Temple to worship.

At that time, a monk in Luochen Temple suddenly told my parents that our family will inevitably encounter a disaster. If you don't do this to get rid of this disaster in advance, you will surely be ruined. That monk was a famous master in Luochen Temple, and my parents still believed the monk's words very much.

However, the monk did it to get rid of this disaster. It was not free, but a large fee. So my parents gave all the money accumulated over the years to the monk in Luochen Temple. Moreover, the house was sold. Now this house is from a long time ago. It was originally said that it was going to be demolished, but half of it was demolished without demolishing.

Fortunately, half of it has not been removed, otherwise my brother and I have no place to live now. However, after my parents handed in all the money, the monk did what he did, but..."

The dirty little girl began to tell Lin Kai and He Shiyun what happened next.

After Lin Kai finished listening, he kept frowning.

Because according to the dirty little girl, since the monk at Luochen Temple did something.

The parents of the dirty little girl, the health of the two of them is getting worse and worse, as if they were caught in an evil spirit.

Not only that, the dirty little girl also noticed that the personality of her parents had also inadvertently changed. To be precise, it was like a person suddenly changed.

My parents never quarreled, and after that they often quarreled and even fought.

About a month after the monk at Luochen Temple did what he did, the parents of the dirty little girl accidentally died at home. According to the theory, it was suicide.

Chapter 1755

The dirty little girl and the little boy at that time were naturally very frightened and very sad.

But it has been determined that it is a suicide.

But the dirty little girl didn't think that her parents would commit suicide in this way. She thought that it was the monk from Luochen Temple who did what she did for her parents, and she seemed to have changed.

At this time, the little boy who was eating porridge by the bed heard his sister telling him about his parents.

The little boy burst into tears, but he did not cry.

The dirty little girl hasn't changed at all, only calm.

It's not a dirty little girl, she's not sad, maybe she's said it too many times, but other people just don't believe it, causing her to be insensitive.

After speaking, the dirty little girl looked at Lin Kai for the first time and couldn't help but ask Xiang Lin Kai, and said, "Brother, believe me or not. My parents were really good people before, although I lived a little bit poorly, but barely had a good life. It is absolutely impossible for my parents to choose to commit suicide. Brother, do you think it is related to the group of monks in Luochen Temple?"

Two months ago, I wanted to break into Luochen Temple. However, the group of monks in the Luochen Temple were directly driven out, and even threatened me, saying that if I came to Luochen Temple again next time, they would show me good looks."

He Shiyun and the others are also thoughtful.

The braided man shook his head and said, "This is not right. If the monks in Luochen Temple really want to harm your parents. It shouldn't be so troublesome."

The man with braids said something else.

But at this time, Lin Kai said to the dirty little girl: "Little girl, can you take me to the place where your parents died?"

"Great."

The dirty little girl should have noticed. Lin Kai seemed to trust her. Then she nodded and said, "It's nearby, but it's also a house that is about to be demolished. It's just that because my parents died there. The place considered evil by others was locked up.

Originally my brother and I wanted to live there, but we were also kicked out. Since my brother wants to take a look, I will take you there now. ”

It was mainly a dirty little girl, who already knew that Lin Kai was extraordinary.

Although it was only a brief contact with Lin Kai, no matter if it was from the previous look at her face, she could see her general situation. Not long ago, she saw the symptoms of her brother at once and he was cured soon.

So the dirty little girl trusted Lin Kai very much.

And even though Lin Kai did not directly indicate whether she believed or did not believe her, she could judge by Lin Kai's expression. It was very likely that she believed her, so she told her to take her to the place where her parents died. Look.

Just when the dirty little girl was about to take Lin Kai forward.

A middle-aged aunt suddenly came from outside. When the middle-aged aunt came, she said to the dirty little girl rather unkindly: “You and your brother, why are you still here? Demolition and relocation are about to begin again. If you don't move away now, how can you do it? Even if you even bring outsiders here, you should hurry them to leave here!”

The middle-aged aunt saw a man with braids and a man with tattoos. The two of them looked very social, so they told Lin Kai to leave here quickly.

The dirty little girl immediately said to the middle-aged aunt, “Aunt Xu, they are not bad people, they are just my guests.”

“What kind of guests can you have?” The middle-aged aunt immediately said with a sneer, “And why aren't they bad guys? Look at the dressing of those two people, you know that they didn't learn well. Recently, we are a little uneasy in Yunshang Ancient City. In short, don't Bring these outsiders here! Tell them to leave here!”

The man with the braids was naturally very unhappy with what the middle-aged aunt said. The most important thing was to say this in front of He Shiyun.

The man with the braids turned towards the middle-aged aunt and said unceremoniously, “Why didn't I learn well? Besides, all of us are tourists visiting the ancient city of Yunshang, so why have we become outsiders again? If not for us These tourists come here, where can you live so well in such a remote place?”

The braided man retorted like this. The middle-aged aunt wanted to continue to say something, but because she didn't dare to mess with the braided man, she had to wait, and after a glance at the dirty little girl, she looked at the dirty girl. The little girl hummed and said, “If you dare to cause something wrong! It's pretty to have you!”

After speaking, the middle-aged aunt hurriedly left, as if she didn't want to stay here.

After seeing the middle-aged aunt leaving, Lin Kai couldn't help asking the dirty little girl with some curiosity, and said: “What she said just now, the ancient city of Yunshang is a little uneasy recently, what does it mean?”

The dirty little girl hesitated for a while, and then truthfully said, "I don't know why, but from last week, in our ancient city of Yunshang, a strange phenomenon has appeared. Even at night, you can listen to it in many places. To the weird sound. No one can describe the weird sound. In short, it is very weird.

In addition, early the next morning, in places like the road where weird sounds sounded, a large number of mutilated bodies of animals appeared, and the scene was also very infiltrating. The official is also investigating, but they have not been investigating the reason. The aborigines of the ancient city of Yunshang are all panicked.

However, the people above, in order to maintain normal travel here, did not announce to the public, so as not to affect the normal tourist volume of Yunshang Ancient City. Therefore, tourists do not know this, only we aborigines know this."

Whether it was He Shiyun, the man with braids, or the man with tattoos, they were shocked by the dirty little girl's words.

This kind of weird thing is terrifying to it.

Combined with the dirty little girl, all the weird behaviors of her parents mentioned earlier.

I didn't believe the dirty little girl just now, but now I believe most of it.

Lin Kai frowned slightly. It turned out that such a strange thing happened in Yunshang Ancient City. No wonder An Xiaoran, Master Zhicheng, and some other members of the Huaxia Mansion gathered here.

It seems that this strange thing in the ancient city was reported to the people above it two days ago, and then the members of the Huaxia Mansion were dispatched to investigate the matter.

Because An Xiaoran and Master Zhicheng only said they met at Luochen Temple.

No other redundant information was disclosed. Perhaps An Xiaoran, Master Zhicheng, etc., did not know any specific circumstances.

Therefore, when Lin Kai heard that the dirty little girl's parents were dead, it was related to Luochen Temple, so he started with this first.

Chapter 1756

Lin Kaip didn't expect that the strange things that happened in this ancient city surprised him.

The main reason is that after he came to the ancient city, he didn't notice any evil aura.

Thinking of this, Lin Kai went on to say to the dirty little girl: "Little girl, you take me over now."

Lin Kai didn't want to waste any more time, and the system tasks were always in a mysterious state.

In addition, An Xiaoran and Master Zhicheng have not responded to him yet, so I went to see if I could find any clues.

The dirty little girl nodded, and Xuan even took Lin Kai with a few people and went to the place where her parents died.

Because the little boy got better, and because he hadn't got out of bed for a long time, he followed the dirty little girl.

In this way, a group of several people, led by the dirty little girl, walked for about five or six minutes and came to a dilapidated small yard.

Although a little shabby, it is a complete house. The surrounding area was blocked by people with all kinds of big rocks. If you want to get in, you can only climb over these blocked big rocks.

The dirty little girl pointed to the small yard and said, "Brother, that's right here. My brother and I won't go in and wait outside."

Lin Kai nodded slightly, but he could understand what the dirty little girl said. After all, this place was where the parents of the two died. If they could not go, they would definitely not go.

Then, under everyone's shocked gaze, Lin Kai casually patted one of the big rocks in fear of breaking it.

Except for He Shiyun, everyone else looked at Lin Kai in disbelief.

Especially the man with braids and the man with tattoos, all of them had cold sweats on their foreheads, and they were all scared.

The two of them were thinking about how to teach Lin Kai.

Fortunately, he didn't act on Lin, otherwise, he wouldn't know how he died.

Lin Kai was able to break such a big rock at will, and naturally he could easily break the two of them with one hand.

When I thought of this, the man with braids and the man with tattoos looked at each other, and they could see each other's fear.

At this time, Lin Kai was about to enter the small courtyard.

But at this time, someone may have heard the movement here.

A middle-aged uncle appeared here, and then saw the dirty little girl and the little boy, he immediately scolded: "What are you doing? You can't get in there!"

The dirty little girl and little boy were shocked.

And the middle-aged uncle even had to fight, the dirty little girl and the little boy.

Lin Kai frowned slightly, and flew a stone casually to hit the middle-aged uncle.

The middle-aged uncle screamed in pain, and then another stone flew towards the middle-aged uncle.

The middle-aged uncle flees here with fear in his eyes.

Lin Kai said to He Shiyun and others: "You wait for me outside, and I will come as soon as I go."

The appearance of this middle-aged uncle made Lin Kai more sure of some things.

Afterwards, Lin Kai walked into the small courtyard.

The small yard has not been inhabited for several months, but it has accumulated a lot of dust, and even some spider webs have formed.

Lin Kai quickly opened the door of the main room. According to the dirty little girl, the parents died in the main room.

There was also a lot of dust accumulated in it, and Lin Kai first looked around the main room.

Immediately, he used his true energy, using the gold extraction ability of the system, and the scenes that happened in this main room a few months ago appeared in his mind.

It wasn't until Lin Kai's mind that the dirty little girl's parents came to light that night, first on the ground in the main room, and didn't know what they painted, in short, they were very cryptic.

Then the parents of the dirty little girl committed suicide without hesitation.

When he saw this scene, Lin Kai was in the center of the main room at the same time, and he waved away the thick dust on the ground. The cryptic pattern appeared on the ground.

Seeing the pattern, Lin Kai was sure that the death of the dirty little girl's parents was indeed related to the group of monks in Luochen Temple.

This is because in the message An Xiaoran sent him before.

And this pattern is related to the group of monks in Luochen Temple.

Lin Kai first took a picture of the pattern with his mobile phone, and then erased it. Although there is no evil in this pattern, it gives people a gloomy feeling.

If this pattern is allowed to stay here for a long time, it will affect the people around here.

For example, the previous middle-aged uncle seemed very irritable, and he should have lived nearby.

After Lin Kai wiped it out, he left the small yard.

The dirty little girl outside the small yard asked Lin Kai for the first time and said: "Brother, can you see what is inside?"

He Shiyun and the others also looked at Lin Kai curiously, wondering if Lin Kai could see anything.

Lin Kai just shook his head slightly and said, "For now, it's still hard to tell. Have you ever seen the monk who does the trick for your parents? Do you still know him?"

"Yes! Of course I do!"

As soon as the monk from the Luochen Temple was mentioned, the dirty little girl gritted her teeth and continued: "He is still in the Luochen Temple, not only is living well, but even being there for others to cheat! That monk If I remember correctly, Abbot Huiying is one of the famous masters in this Luochen Temple."

"Abbot Huiying?"

Lin Kai thoughtfully, then said to the dirty little girl: “You and your brother go back to rest first. There is some money in this card, enough for you and your brother to live in college. You have to assure me, Read well. This card is free of secrets. Just swipe the card. Of course, you don’t overspend, because I can see every purchase. As for your parents, I’ll go to Luochen Temple now. I will investigate it first. .”

Lin Kai made sure that the parents of the dirty little girl were killed by the abbot Huiying of the Luochen Temple.

When I heard the words, the dirty little girl and the little boy thanked Lin Kai very much again.

The dirty little girl all knelt down and promised that she would study hard, and repay Lin Kai when she becomes capable in the future.

The braided man and the tattooed man who looked at him were shocked. They recognized that the card was a black card and could only be owned by someone with a certain status.

Especially the braided man, he wanted to use a hundred yuan for Lin Kai to change his position on the bus before, but now it’s so ridiculous.

Chapter 1757 14

Lin Kai immediately asked the dirty little girl to get up.

The dirty little girl now trusts Lin Kai completely, and finally has such a warmth in her heart, and she has begun to have a little expectation for this world.

Afterwards, the dirty little girl took the little boy and went back first.

He Shiyun began to take Lin Kai to Luochen Temple.

However, the man with braids and the man with tattoos followed Lin Kai.

Lin Kai couldn’t help turning his head, looking at the man with the braids and the man with the tattoo, and said lightly, “Okay, what are you doing, don’t follow me.”

Although the braided man is now very afraid of Lin Kai, after all, Lin Kai’s methods have made him very scared, but he is also very curious about what happened at Luochen Temple.

He had no idea about He Shiyun, mainly because of Lin Kai’s deterrent power, but he also wondered if the group of monks in Luochen Temple really had a problem.

Ever since, the braided man bit his head and said: “I didn’t follow. Originally, he and I planned to worship Luochen Temple, right?”

While talking, the man with braids winked at the man with the tattoo, to the effect that the man with the tattoo was quick to respond to his words.

The tattooed man also reacted quickly. He quickly responded to the braided man and said, “Haha, yes, yes, yes, we are going to worship in Luochen Temple.”

Lin Kai didn’t say anything after hearing this, he intended to let these two people join in the fun less. Since the braided man and the tattooed man must follow, he can’t stop them.

Then the person leading the way in He Shiyun, after about twenty minutes passed, came to the gate of Luochen Temple.

It's just five o'clock in the afternoon, and the sun hasn't set yet, but it's coming soon.

The afterglow of the setting sun, shining on the temple of Luochen Temple, also looked like dust.

This Luochen Temple is a thousand-year-old building, coupled with the breath of Buddha everywhere, it gives people a wonderful feeling.

To outsiders, this Luochen Temple is the holy place of Buddhism, and there must be many Taoist monks inside.

At the same time, in this temple, there are constantly green smoke of incense, floating above the Luochen Temple.

Suffice it to say that there is no shortage of incense at the Luochen Temple.

Although it is already five o'clock in the afternoon, there are still a steady stream of tourists entering the Luochen Temple.

If you want to enter the Luochen Temple, there is a long staircase. The long staircase has eighty-one steps, representing the ninety-nine and eighty-one difficulties in Buddhism.

To go up this ladder, you need to walk one ladder after another, you can't walk with your body on your back, otherwise, you will be sincere and unable to enter the Luochen Temple.

Only by following such rules can you completely enter the Luochen Temple.

Lin Kai and He Shiyun followed a group of tourists and began to walk up the long stairs step by step.

The man with braids and the man with tattoos also followed, and walked towards the gate of Luochen Temple.

Luochen Temple is not free to enter, but at the entrance, there is a place where you can buy tickets to buy tickets to enter.

The ticket price was 25 yuan, and He Shiyun took the lead to buy two for 50 yuan.

There are also places that sell tickets.

He Shiyun understood what Lin Kai meant, and did not buy any incense.

If you change to the past, He Shiyun will buy incense more or less, and then offer incense in this Luochen Temple.

It's just that not long ago, I heard the dirty little girl say that, and Lin Kai also said that there was a problem with Luochen Temple.

Therefore, even if Lin Kai didn't say anything, He Shiyun didn't buy incense, thinking that the Luochen Temple was not worth offering incense.

But the man with braids and the man with tattoos each bought an incense stick.

It has to be said that as a building for thousands of years, this Luochen Temple can still maintain its perfect appearance, and it can even be inhabited.

Especially the scale of this Luochen Temple is also very large, Lin Kai and He Shiyun just entered.

Lin Kai saw various ancient stone Buddha statues and various temple buildings.

The only flaw is that the commercial atmosphere here is too strong.

If this is not a temple for thousands of years, some people will think that it is a group of black-hearted people, pretending to be monks, and deliberately building this kind of temple to cheat tourists for money.

Lin Kai narrowed his eyes slightly, and this Luochen Temple was divided into several areas.

He Shiyun introduced it next to him, especially when he introduced the Wuwang Temple on the left side of the Luochen Temple, he walked straight to that side.

He Shiyun was a little puzzled. He didn't understand how Lin Kai heard this Wuwang Hall, so he went straight there.

If I didn't understand, He Shiyun quickly caught up with Lin Kai and went to the Wuwang Temple with Lin Kai.

Wuwang Hall is one of the two main halls of this Luochen Temple.

In the Wuwang Hall, there are eighteen arhats and some bronze statues of Bodhisattvas.

Many tourists also come to this Wuwang Temple, mainly to worship some Guanyin Bodhisattva and Manjushri.

However, on the steps of Wuwang Hall, a young monk was there, talking to the owner of a roadside stall, shouting like selling things there: "Don't miss it when you pass by, one of the two abbots of Benluochen Temple The one Abbot Huiying does one good every day. As long as you spend some money, Abbot Huiying will consecrate the practice for you personally and bless you for life."

He Shiyun had been to this Luochen Temple many times, and she also felt that the business atmosphere of this Luochen Temple was too strong, but now she did not expect that she had not come to this Luochen Temple for half a year.

The group of monks in Luochen Temple has become so profitable now, it is almost like getting into the eyes of money.

She couldn't help but said, "This is seeing the money open... I thought it was a pitted tourist attraction."

Lin Kai also shook his head. If he just charged some entrance fees, it would be fine. But in such a temple, if you have to collect money for everything, it is basically for profit.

The temples for profit are not real temples.

But this is indeed a temple that has been passed down for thousands of years. The temple is real, and the monks in it are not necessarily.

When Lin Kai heard He Shiyun's complaints, he shook his head and laughed, "Isn't this just right? Since Abbot Huiying said that something can be done, let's take a look."

"Great."

On the other hand, He Shiyun nodded obediently, and agreed with Lin Kai. Anyway, with Lin Kai by her side, she felt relieved and was not afraid of anything at all.

So Lin Kai and He Shiyun went to the young monk and spent two hundred yuan, one for each.

Then the young monk gave Lin Kai and He Shiyun a wooden sign with the number '14' on it.

The young monk explained to Lin Kai and He Shiyun: "After all, Abbot Huiying is also very busy, so we can start by gathering six more people."

Chapter 1758

According to the young monk's intention, in other words, twenty people must be gathered together to go to Abbot Huiying.

The number 14 on the wooden sign means that there are already fourteen people, and there are six more talents.

But after the young monk finished speaking, his eyes fell slightly on He Shiyun, with a vague greed in his eyes.

Although it was very vague, Lin Kai was still keenly aware of it.

At the same time, the young monk looked at He Shiyun and said, "If the female donor spends another 100, we will arrange for you to go faster and let our Abbot Huiying do it in advance."

After receiving Lin Kai's affirmation, He Shiyun gave the young monk another hundred.

After the young monk received one hundred, he immediately said to Lin Kai and He Shiyun: "Two donors, wait a moment, I will go to see Abbot Huiying and explain the situation."

The braided man and the tattooed man rushed here and bought two spots.

Two tourists also bought places, and now there are 18 places.

The young monk didn't leave when he saw this place. Instead, he took out his cell phone, played with the cell phone very skillfully, and then sent a voice to the cell phone and said: "Master, we are all here."

Immediately after receiving the message, the young monk should have received the message, and said to the 18 people waiting here, including Lin Kai and He Shiyun, "Dear donors, please take your wooden plaques and go to the left side of the inner hall of Wuwang Hall. Abbot Huiying is on the left side of the inner hall of Wuwang Hall, waiting for the donors to come."

As the young monk said, he began to lead everyone to the left side of the inner hall of the Wuwang Hall that he said.

As soon as I came, I saw an elderly monk, wearing a very extraordinary robes, like a master.

The elderly monk was sitting on the futon, with a Buddha statue on the left and right.

Maybe other people are watching, there is nothing wrong with this elderly monk sitting here.

However, Lin Kai narrowed his eyes slightly. In fact, the position was placed here, indicating that he did not fear any Buddha at all.

At this time, the elderly monk turned towards Lin Kai and the others and said, "Dear benefactors, the poor monk is Abbot Huiying. Since you all want the poor monks to do this, if you do it for you, do it for you. May the Buddha bless you to wait."

"Thank you, Master."

Except for Lin Kai and He Shiyun, everyone else met the elderly monk and thanked them.

Later, under the arrangement of the young monk, there were 18 more futons here.

Eighteen people including Lin Kai and He Shiyun were sitting on the futon.

Lin Kai and He Shiyun are sitting in the last row, they are together.

After everyone was seated, the elderly monk chanted the Buddhist scriptures while beating the wooden fish next to him, as if it were the same thing.

When the elderly monk was beating the wooden fish, Lin Kai instantly noticed that the elderly monk was not only bizarre in the Buddhist scriptures, but also the wooden fish.

Under the cooperation of the two, the wooden fish exudes invisible black lines.

The reason why it is said to be an invisible black line is that it is invisible to other people.

However, as a cultivator of immortality and still in the Golden Core Stage, Lin Kai immediately saw that Muyu was an evil weapon, and naturally saw the invisible black line.

The invisible black lines that emerged were moving quickly, and the eighteen people on the futon rushed forward, seeming to want to absorb some energy.

Not only that, when this invisible black line appeared, the body of the elderly monk gradually began to glow with a faint golden light.

In the eyes of outsiders, this elderly monk is like a real Buddha.

In fact, it was the evil spirits that these invisible black threads entangled with the elderly monk.

If it is said that the death of the dirty little girl's parents was related to Luochen Temple, Lin Kai does not know who it is specifically related to.

Although Luochen Temple has weirdness, it is also the weirdness that has appeared in recent months.

In addition, there are many monks in Luochen Temple, and there are hundreds of them.

Even if Abbot Huiying acted for the parents of the dirty little girl, it cannot be fully explained that Abbot Huiying did it. Maybe it was another monk who did it secretly, that's also impossible.

Therefore, Lin Kai entered this Luo Chen Temple in advance to see what was going on.

Now that he saw this scene before him, Lin Kai was sure that at least the death of the dirty little girl's parents was precisely because of the actions of the elderly monk in front of him, that is, Abbot Huiying.

Although He Shiyun next to Lin Kai could not sense the invisible black lines, she could detect through Lin Kai's complexion that Lin Kai seemed to be looking at the elderly monk.

He Shiyun couldn't help but felt tight. Perhaps the death of the dirty little girl's parents was caused by this elderly monk.

Not only He Shiyun thought so, but the braided man and the tattooed man were also surprised, looking at the elderly monk.

After all, what the dirty little girl said still had some credibility.

However, accompanied by the elderly monk, while chanting Buddhist scriptures, while beating the wooden fish.

Whether it is He Shiyun, the man with braids or the man with tattoos, they gradually suspect that the dirty little girl is false.

How could this kind of master do such a thing? It must be impossible to do that.

Not long after, the elderly monk stopped beating the wooden fish, and after reciting the Buddhist scriptures for a while, he also stopped reciting the Buddhist scriptures.

The elderly monk said nothing, a young monk next to him came over with a wooden plate.

Then the elderly monk opened his mouth and said, "On this wooden plate, there are relics. These relics are accumulated by Luo Chen Temple over the years. Just now, the poor monks also gave the relics to these relics. One benefactor. A relic, please be sure to bring it with you, and the relic will bless you."

"Thank you Master!"

When other people heard the old monk say this, they all thanked them with joy, and then quickly took the relics.

He Shiyun hesitated slightly, and went to get it.

The aging monk saw He Shiyun coming, and the murky eyes of the aging monk also revealed a vague greed.

At the same time, the elderly monk said to He Shiyun without any hesitation: "This female benefactor, I think your Yintang is going black. It must be a disaster of blood and light. The relics just made for him. You can't stop it."

Chapter 1759

He Shiyun was a little panicked when he heard the words of the elderly monk.

She looked at Lin Kai subconsciously.

After the elderly monk had done the Dharma, he felt that what the little girl said was not quite right, so he thought that this kind of Taoist monk could do such a thing.

Therefore, He Shiyun heard the words of the elderly monk now, and believed a little bit.

Naturally, Lin Kai knew the reason, the main reason was the evil weapon of the knocked wooden fish.

As a result, whether it was He Shiyun, the man with braids, and the man with tattoos, they all began to believe in the words of the older monks.

Those invisible black lines are all lost in the relics.

In other words, the relic does not have any blessing effect, but will bring bad luck to the carrier.

However, even though He Shiyun believed some words of the elderly monk, he still trusted Lin Kai more.

He Shiyun looked at Lin Kai for the first time.

At this time, Lin Kai stood up, met the elderly monk, smiled slightly: "Abbot Huiying joked. She is my friend. My friend has been very lucky recently. How do you see, What kind of \*\*\*\* disaster will my friend have?"

Before the elderly monk could say anything, the young monk was the first to scold Lin Kai and shouted: "Abbot Huiying is one of the two great abbots of our Luochen Temple. His status is very high! I don't know how much. If someone has a problem and solves it, can you question it if you can? If your friend has an accident because of you, it will be too late for you to regret it!"

After the young monk finished speaking, the elderly monk pretended to be a master monk, scolded the young monk, and said: "We Luochen Temple saves good people. We are all donors. How can we teach the donors??"

With that, the elderly monk paused for a while, and then apologized to Lin Kai: "Donor, I'm sorry, it's because the poor monk is not well disciplined. But your friend, from the poor monk's point of view, there is really a \*\*\*\* disaster, and just these two days. If you don't get rid of it in time, you will definitely encounter a catastrophe, which will threaten your life!"

When the others heard the words of the elderly monk, they all began to persuade Lin Kai.

"This is the very prestigious Abbot Huiying in the past decades of Luochen Temple. He has explained that your friend will encounter a disaster. It must be a disaster. You should apologize to Abbot Huiying quickly, otherwise if Abbot Huiying doesn't want to drive away bad luck for your friend, your friend will be in bad luck because of your prevention!"

"Yeah, boy, this Abbot Huiying is still very trustworthy, apologize quickly!"

"Yes, Abbot Huiying is an eminent monk and won't lie to you."

Others kept talking, and they almost described the elderly monk as a living Buddha who saved the suffering.

Lin Kai didn't respond to these people's words. He just smiled faintly: "Xingxingxing, since everyone said so, I apologize to Abbot Huiying, it is mine. I also hope that Abbot Huiying can help. My friend, get rid of

bad luck, so as not to encounter any disaster. If you want to spend money or anything, I will do my best to help my friend.”

When Lin Kai spoke, he gave He Shiyun a look.

He Shiyun and Lin Kai have been together for several days, and already know what Lin Kai’s eyes mean.

Since then, He Shiyun also immediately said to the elderly monk: “Abbot Wang Huiying, he can drive away bad luck for me.”

The elderly monk would naturally not think that this was the intention of Lin Kai and He Shiyun.

I saw the elderly monk at this time, and suddenly said with a smile on his face: “Well, it depends on the sincere look of this benefactor. I will be the female benefactor now to drive away bad luck, so as to avoid any disaster. Now, the female donor is invited to go with the poor monk to the right side of the inner hall of Wuwang Hall, where the female donor can drive away bad luck.”

Lin Kai couldn’t help asking: “Master Huiying, don’t you charge money? If you charge money, I will pay.”

The elderly monk looked like a master monk, waved his hand and said: “This benefactor, the poor monk is to save the suffering, and it is up to you to pay if you collect money or not. You just wait here and there. Now, the poor monk will take your friends and go there to drive away bad luck for them.”

Afterwards, the elderly monk immediately said to He Shiyun: “Female donor, please come with me.”

He Shiyun also felt that something was wrong at this time. If you really want to get rid of bad luck, it is the same here, why should you take her to another place alone.

He Shiyun looked at Lin Kai a little uneasy, and Lin Kai gave He Shiyun a relieved look.

He Shiyun completely trusted Lin Kai, so after receiving Lin Kaixin’s eyes, he followed the elderly monk and left here.

On the surface, Lin Kai seemed to be still in place, but in fact, he had already used a formation method, blinding his eyes. To outsiders, Lin Kai did stay in place.

In fact, Lin Kai secretly followed behind the elderly monk and He Shiyun.

With Lin Kai’s cultivation base, it is naturally easy to follow behind without being noticed.

Not to mention the elderly monk, I’m afraid that in this world, almost no one can detect Lin Kai.

Of course, it doesn’t mean that there is no such possibility. After all, if there is any special magic weapon, or some special evil things, it may be discovered.

But this elderly monk does not have one of the conditions.

At this time, the elderly monk took He Shiyun all the way to the right side of the Wuwang Hall.

The left side, opposite to the right, seemed a bit empty.

Because there is only a bronze statue of a Bodhisattva on the right side.

The elderly monk first pointed to a futon under the bronze statue of Bodhisattva, and then said to He Shiyun: "Female donor, please sit quietly on the futon, and I will get rid of you later. Doom."

As the elderly monk spoke, he lighted a copper lamp with a candle.

The copper lamp seems to have a certain age, maybe at least a thousand years old.

However, this thousand-year-old copper lamp looks bloodstained, but it looks like a brand new one.

Especially this old monk, who lit the millennium copper lamp, lit a flame of red and white.

And began to emit a strange smell from the millennium copper lamp.

This strange smell is very fragrant, giving people an unspeakable feeling.

He Shiyun didn't notice that after listening to this thousand-year-old copper lamp, the elderly monk had a triumphant smile on his mouth.

Immediately, the old monk of the coming age also closed the door here.

Chapter 1760

The moment the elderly monk closed the door, Lin Kai had actually entered, and he was already watching the corner of the Buddha statue.

At the same time, He Shiyun's heart was extremely nervous. She mainly felt that this old monk, after this series of actions, knew that she was in a bad situation.

And she also felt that the strange smell floating in it at this time was very strange.

He Shiyun couldn't help but asked. The elderly monk said, "Abbot Huiying, why do you close the door here to get rid of this bad luck?"

If He Shiyun didn't trust Lin Kai very much, she would definitely not be able to come here. She always felt that this old monk was getting more and more weird.

The state of being affected by the wooden fish before being knocked out has long since disappeared.

Therefore, He Shiyun was very nervous.

The elderly monk, on the other hand, said with a benevolent expression of charity: "Female donor, this practice did not interfere at all. Because this bad luck is still difficult to get rid of, it takes a little longer. Female donor, You are on this futon first, sincerely and spiritually worship the Bodhisattva, the poor monk will go to the back to get a few things, and then do it for you.

He Shiyun didn't say anything, first he stayed on the futon according to this old monk.

The elderly monk was very satisfied to see He Shiyun motionless on the futon.

Immediately, the elderly monk went to the back of the Bodhisattva.

There is another room in the back, where the elderly monks go.

Although He Shiyun was motionless on the futon, she secretly stared at the elderly monk who was leaving behind. She was worried about what the elderly monk would do to her suddenly, but fortunately it was not what she was worried about.

He Shiyun breathed a sigh of relief, but he couldn't help feeling a little scared.

When she thought about the sound of Muyu before, she didn't even doubt the elderly monk, but instead thought that she was a real master monk. This is what she thinks about, and she thinks very carefully.

In addition, the dirty little girl said that her parents died because of being done by the elderly monk.

He Shiyun is here alone now, how could he not be afraid.

I don't know what Lin Kai is doing, he should come over.

He Shiyun felt a little relieved when he thought of Lin Kai.

But it didn't take long for He Shiyun to smell the peculiar fragrance. When it came again, she only felt that she was starting to feel dizzy and her eyelids became heavy, and she might fall asleep at any time.

The great sleepiness swept He Shiyun's entire consciousness. She tried hard to wake up her consciousness, but after another peculiar fragrance, she finally did not resist, sitting on the futon, and fell asleep directly.

Lin Kai knew that this peculiar fragrance was actually a kind of drug, it just made people faint and would not cause any actual harm to people, and he did not rush to show up.

Because he also saw that the elderly monk was actually hiding in the dark, observing He Shiyun.

Then the elderly monk became excited when he saw that He Shiyun was asleep.

I saw that after the Bodhisattva, the elderly monk, with a wretched smile on his face, walked out, looked at He Shiyun, and smiled: "Such a beautiful woman, it's rare to see it!"

As he spoke, the wretched smile on the face of the elderly monk grew even stronger.

Ready to walk towards He Shiyun, but the door here rang.

The elderly monk's expression sank involuntarily, and then he said to the outside: "Who?"

"Master, it's me."

This voice is the young monk.

Hearing what the young monk said, the elderly monk was relieved. He thought it was He Shiyun's friend or something, and that would bother him.

Fortunately, it is his own, so there is nothing to worry about.

Therefore, the elderly monk went to open the door first, let the young monk in quickly, and then closed the door quickly, for fear of being discovered.

Then the elderly monk looked at the young monk and whispered angrily: "What are you doing here now?"

As soon as the young monk came in, he smelled the peculiar smell. He seemed to know what the peculiar smell was, so he directly covered his nose for fear of inhaling the peculiar smell.

After doing this action, the young monk faced him, and the elderly monk said, "Master, you see, I have been with you for so long. There is hard work without credit. Now this beauty is what I have seen until now. Ever, the best one. So Master, when you have enough fun, can you let me as a disciple play?"

It seems that the young monk is also normal, but when it comes to this, the wretchedness in his eyes is also unabashedly expressed.

The elderly monk, hearing what the young monk said seemed reasonable, he nodded slightly and said, "Okay, after all, you have followed me for so long. You will play again after I play."

Hearing this, the young monk looked at He Shiyun's back, the wretchedness in his eyes grew thicker, and his expression of excitement was about to drool.

"I'm going to play first, you stay here, remember, don't let anything disturb."

The elderly monk seemed to be unable to wait. After talking to the young monk, he couldn't wait again and was ready to go to He Shiyun.

At this time, Lin Kai was secretly observing clearly, but he did not expect that this old monk and young monk would do such things. That's right, those who can have evil weapons, will do so, obviously they are fake monks, and they are acting in the name of monks.

Naturally, it was impossible for Lin Kai to watch, He Shiyun was touched by the elderly and young monks.

The reason why he asked He Shiyun to follow the elderly monk with him was mainly to see what would happen to the elderly monk.

Now that he knew what was going on, he immediately activated his true energy and used a small blind eye technique to make the elderly monk walk towards the young monk.

The elderly monk walked, and at the same time looked at the young monk with a wretched smile.

The young monk suddenly became a little confused, didn't his master walk towards that beauty? Why are you walking towards yourself now, still so wretched, as if you treat him as a beauty, what is the situation?
