

Special Forces 1771

Chapter 1771: Stop It

Lin Kai was a little surprised, looking at the diamond transformation magic art displayed by the elderly monk.

It can be said that this is the combined force of the two contradictions.

It's like water and fire. It is well known that they are opposites. This is exactly what water and fire cannot tolerate.

The Buddha and the demons are also in this kind of opposition, but the old monk, who is now showing his strength, can merge together.

Lin Kai immediately realized that this power is definitely not something mortal can display. To be precise, this is the method of the cultivator.

Lin Kai didn't have any surprises for the elderly monk who was able to use the methods of a cultivator.

After all, the statue of Bodhisattva in Luochen Temple is like a powerful immortal cultivator, and naturally it cannot be transformed by a real Bodhisattva.

If it is the cultivation base of the same realm, the golden core cultivator will use this diamond transformation magic tactic.

Lin Kai must have been very jealous, and even had to evade his edge temporarily.

It is a pity that this is performed by an elderly monk. It is equivalent to that if it is an adult who has practiced martial arts for many years, and he fights another adult who has practiced martial arts, it may not necessarily be the winner.

But now, it is an ordinary child of a few years old, an adult who goes to practice martial arts.

Of course, ordinary children who are a few years old, no matter how powerful they are, can't be worth a finger of a martial arts adult.

Lin Kai is like that martial arts adult, and the elderly monk is like a few years old ordinary child.

Therefore, for Lin Kai, there is no problem at all for Lin Kai to allow the elderly monk to perform this magic magic tactic.

Lin Kai didn't underestimate anything, he also ran some infuriating energy in his hands, waiting for the elderly monk to attack.

Lin Kai also punched out with a heavy punch, banging against him.

I have to say that this old monk, the magic tactic of the vajra transformation, still has something to do with it.

After several consecutive bangs, the elderly monk had no intention of retreating in the slightest.

Lin Kai was slightly surprised. Of course, he didn't use his full strength, and probably used 30 to 40% of his power. Even so, it was very surprising that an elderly monk, using this diamond magic tactic, could fight his 30-40% power a few times.

Although Lin Kai is very curious, what else is there in this Diamond Transformation Magic Secret, he wants to test it out, but unfortunately it is not the time now.

So next, Lin Kai used half of his power again, and when it was about 40% of his power, he punched it again.

This time, the elderly monk couldn't stop it. Not only did he retreat crazily, he was even seriously injured, his ribs broke apart, and there were bursts of noise, which immediately made the elderly monk lose his combat effectiveness.

"What a waste!"

The black-robed mysterious man was activating the formation, and it had reached the final stage, but now it was seen that the elderly monk was defeated by Lin Kai again.

While the mysterious man in the black robe was shocked, he was also shouting at the elderly monk, it was useless, and he couldn't even delay it.

However, the mysterious man in black robes didn't use much energy, anyway, the old monk, and even Lin Kai.

Because it was a critical moment, there was no room for the mysterious person in the black robe to be distracted.

The next moment, the mysterious man in the black robe did not hesitate to take out a dagger, and then cut a little on his finger, released some blood, and dripped on the ground.

At this time, on the ground of Changqing Ancient Street, there was a rudimentary form of formation, which began to condense.

Especially when the blood of the mysterious person in the black robe dripped into the rudiment of this formation, the formation instantly became shining.

In this shining light, there is a breath of antiquity.

Feeling the aura of antiquity, the mysterious man in the black robe seemed very excited, and at the same time murmured excitedly: "Hahaha! Good! Finally! It's finally going to start! Now, even if there is an accident, it will be difficult. Stop... what?"

Just when the black robe mysterious person was excited, thinking that the formation would be completely activated after the next formation, he suddenly stopped speaking, and even showed endless confusion and confusion in his eyes.

"No, I also sensed that not long ago, the children of the couple were asleep not far away, why are they not breathing now? And why didn't they activate the formation?"

The mysterious man in the black robe was whispering like he was going crazy.

Lin Kai glanced faintly at the mysterious man in black robe, and said calmly: "I'm sorry, that brother and sister are no longer in the ancient city of Yunshang, so don't even think about starting your formation."

When he heard Lin Kai's words, lying on the ground not far away, an elderly monk who was seriously injured, directly vomited a mouthful of old blood. He counted everything, but he didn't count Lin Kai's accident.

The elderly monk also really regretted it. If he knew that by the afternoon, let the Bodhisattva solve Lin Kai no matter what he did, then he would definitely be able to successfully activate the formation now. Unfortunately, there is no regret medicine in this world to buy.

As for the mysterious man in black robe, when he heard Lin Kai's words, he was first surprised, then looked at Lin Kai murderously, and said cruelly: "You're just looking for death! Unforgivable!"

The mysterious man in black robe is really murderous and wanton. She has carefully laid out for so long, and then at the crucial last step, something went wrong. One can imagine that mood, just like going straight to **** from heaven, like a roller coaster.

If it weren't for this final critical step, maybe it wasn't such a strong emotion yet.

But now it's different. The black-robed mysterious man stared at Lin Kai with incomparable killing intent, then took out a soft sword from his hand and stab at Lin Kai.

While attacking Lin Kai, the mysterious man in black robe asked Lin Kai angrily, and shouted, "Tell me, where are the children of the couple? Otherwise, die!"

Lin Kai faintly glanced at the mysterious man in black robe who had struck him. He said indifferently, "Why should I tell you? What's more, even if I tell you, you won't be able to find it back immediately."

"Don't tell me? Then you can't help it! Wait for me to kill you, forcibly extract your wronged soul, and use it as a primer to start the formation. That's the same!"

The black-robed mysterious man was even more murderous.

At the same time, the soft sword in the hands of the mysterious man in black robe, like a viper that came alive, moved quickly towards Lin Kai, and soon approached Lin Kai's front.

This blow was about to kill Lin Kaizi.

Lin Kai raised his hand in no hurry, and did not use any weapons or things, purely with his hands, to slap the soft sword in the hands of the mysterious man in the black robe.

That soft sword is a magic weapon, but a low-level magic weapon.

Therefore, Lin Kai directly slapped the soft sword into several pieces under this slap.

Chapter 1772 Beautiful Woman

At the same time, Lin Kai threw a punch at the mysterious man in black robe again very quickly.

However, the mysterious man in the black robe reacted quickly, and at the moment the soft sword broke open, he began to retreat backwards.

But Lin Kai's speed was still much faster than the mysterious man in black robe.

This led to the fact that although Lin Kai didn't bombard the black-robed mysterious man, he just hit the mask worn by the black-robed mysterious man.

This black robe mysterious man was wearing a mask, and this mask was rather special, as if there was some power preventing Lin Kai from investigating. So before, Lin Kai couldn't see the face under the mask.

But now, Lin Kai destroyed the mask worn by the mysterious man in black robe with this punch. This mask does have a special power to block Lin Kai.

Fortunately, this mask couldn't bear Lin Kai's punch, so it shattered directly.

Therefore, the veil of the mysterious man in the black robe was finally lifted.

Lin Kai looked at the past, and his eyes were suddenly stunning.

This mysterious person in black robe is a beautiful woman. It can be said that she is the most beautiful woman Lin Kai has ever seen.

Compared to He Shiyun, Lin Qianqian, Dong Shu, and even Yin Suyan, they are much more beautiful!

To be precise, this beauty no longer belongs to the mortal world! It's almost from the sky!

This extremely beautiful woman in black robe has a touch of blood on her red lips.

It was obviously the punch that Lin Kai just made, which not only destroyed the mask, but also suffered some injuries.

"Human, you are the only one who saw my face in thousands of years. Before that, no matter who it was, anyone who saw my face was dead! You are the same now!"

The extremely beautiful woman in the black robe spoke sternly, especially when she was speaking, the voice, like beautiful music, was very enjoyable. Coupled with that beautiful face, it gives people an inexplicable comfort and is very relaxing.

At this time, Lin Kai looked at the extremely beautiful woman in the black robe, and then heard the voice of the extremely beautiful woman in the black robe, his head suddenly felt a little heavy, and his eyes slowly lost their expression.

Not only that, even in Lin Kai's sight, only the extremely beautiful woman in the black robe was left, and any surrounding scenes disappeared from his eyes, but the extremely beautiful woman in the black robe occupied his entire sight.

Gradually, in Lin Kai's entire mind, only the extremely beautiful woman in black robes remained, as if his whole person belonged to the extremely beautiful woman in black robes.

When Lin Kai was about to fall into this state, the primordial spirit outside Yunshang Ancient City made Lin Kai sober instantly.

Immediately, he ran madly infuriating energy, which counteracted the inexplicable force that had invaded his body!

That kind of inexplicable power can make people surrender! Simply put, once you are recruited, you will be enslaved!

It's like the old monk who was lying on the ground and was seriously injured now.

At this time, the elderly monk was like an obedient dog, with godless eyes, just like a real dog, lying on the ground and walking towards the extremely beautiful woman in black robe.

But the extremely beautiful woman in the black robe surprised Lin Kai when she woke up unexpectedly.

Especially the elderly monk had already crawled over, which made her feel very upset. She immediately waved a hand and slapped the elderly monk to death.

“What a waste! If it weren't for you, my plan would be successful!”

The extremely beautiful woman in the black robe will be an elderly monk who still feels not enough to relieve her anger after being shot to death.

She worked so hard to plan for so long, and in the end, it was because of the negligence of this elderly monk that finally fell short.

Lin Kai watched this scene coldly. This elderly monk was embarrassed and had an unknown number of lives on his hands. Naturally, he would not save him, but felt that he died well.

At this time, Lin Kai looked at the extremely beautiful woman in the black robe again, and said lightly: “What you just said, that is to say, you have lived for at least a thousand years? I look at your breath, whether you are with the East China Sea, No, in the ancient East China Sea, there was an ancient tomb of princes called Wuhai City. What does it have to do with it?”

Hearing Lin Kai's words, the extremely beautiful woman in black robe was first taken aback, and then looked at Lin Kai in surprise, “Do you know the ancient tomb of the princes in Twilight City?”

Lin Kai nodded slightly and said, “Yes, it happened to be in about half a month ago.”

“Is there a woman with a snake body inside?”

Lin Kai was also stunned when he heard the question from the extremely beautiful woman in the black robe. He didn't think that by the way, the extremely beautiful woman in the black robe really knew the ancient tomb in the East China Sea. And it seems that this extremely beautiful woman in black robe seems to have something to do with that ancient tomb.

Ever since, Lin Kai responded indifferently: “Yes, but the woman with a snake-headed body has been dealt with by me.”

As soon as these words came out, the expression on the face of the extremely beautiful woman in the black robe became very complicated, and all kinds of conflicting emotions were constantly changing. For example, joy and sadness, anger and relief, etc., are very complicated and contradictory.

Immediately, the extremely beautiful woman in black robe recovered from this state, then stared at Lin Kai and said coldly: "Let's talk about other things, today is you destroying my original plan! You deserve to die!"

While talking, the extremely beautiful woman in the black robe swiped her fingers in the air, and the seven-color wind chimes that fell on the ground immediately flew into the hands of the extremely beautiful woman in the black robe. Not only that, the seven-color wind chime also instantly changed into a seven-color long sword.

This seven-color long sword, after being held by the extremely beautiful woman in the black robe, swiped into the air again.

For a time, the world changed color. Although it was a big night, the sky was gloomy. But with this stroke, a colorful light appeared immediately, shining in the sky.

Even from the direction of Luochen Temple, a figure with a colorful human head and a snake body appeared.

This colorful figure with a human head and a snake body arrived here at a very fast speed.

"Spirit Devourer, this child prevented our plan, and there is no way to start that formation. But now the time has not passed, if this person is killed, the same is true with his soul! But this person has certain strength, I can't deal with you alone, so I called you out in advance." The beautiful woman in black robe spoke to the figure with the colorful head of a snake.

Hearing the words, the figure with a snake body with a colorful head suddenly sneered: "You have been sleeping for so many years, and you haven't made any progress. You can't even beat a mortal. You have to call me out in advance to deal with it.

Said the figure with a snake body with the head of the colorful man, and immediately walked towards Lin Kai without hesitation.

"Such a mortal, vulnerable."

The figure of the colorful human head and snake body sneered even more, and the colorful light of the whole body enveloped Lin Kai's whole body.

It was just the figure of a colorful human head with a snake body. Just after speaking, he was stunned for an instant and looked at Lin Kai in disbelief.

Chapter 1773: Kill The Devourer

Chapter 1773

At this time, Lin Kai seemed to be affected by the colorful light that hadn't been shrouded in it.

Lin Kaizheng looked calmly at the figure with a colorful human head and a snake body.

And the figure of the colorful human head with a snake body, seeing the colorful light that he displayed, was of no use to Lin Kai, so he looked at Lin Kai in disbelief and exclaimed, "How is it possible? How could it not be possible? Use it! Any mortal touches it casually and it will die! Why are you invalid!"

The figure of the colorful human head and snake body can't understand at all, what is special about Lin Kai in front of him, it really has no effect at all. It seemed to Lin Kai that this colorful light, just like ordinary moonlight, would not be affected in any way.

This colorful figure with a human head and a snake body did not believe in that evil, and automatically penetrated into Lin Kai's body.

It's just that the figure with the head of the colorful snake and the snake body, as soon as he penetrated away, he saw the dantian in Lin Kai's body, where there was a golden thing that looked like a ball.

And the breath of golden **** was exuding majestic power.

"Gold... golden core... why is this golden core more majestic and stronger than ordinary golden cores? It shouldn't! How can there be immortal cultivators in the golden core stage in this world now! At most, it should, it won't be more than foundation building, right!"

The figure with the head of the colorful snake and the snake body immediately recognized what the golden ball in Lin Kai's dantian body was. Moreover, this colorful figure with a snake's head was also extremely frightened.

The whole thing was completely stunned. From the perspective of this colorful figure with a human head and a snake body, it shouldn't be like this at all, but it happened to be true again.

At the same time, this colorful figure with a snake head wanted to escape from Lin Kai's body immediately.

However, this colorful figure with a snake head, such a self-inflicted snare, how could he let go of such a good opportunity?

As a result, Lin Kai immediately used the black flame to trap the colorful figure of the human head and snake body first.

I have to say that the figure of the colorful human head and snake body is indeed still a bit twice.

It can be said that his black flame is full of power, but under the crazily resistance of this colorful figure with a snake head, he was seriously injured, and then fled.

This colorful figure with a human head and a snake body is about to flee in the direction of Luo Chen Temple.

The speed of escape is very fast, that is, it has already flown in in the blink of an eye, flying in the sky above the Luo Chen Temple, and then flying in.

How could Lin Kai let this colorful figure with a snake head escape successfully? He used the talisman extraction ability to extract a talisman with the strongest lethality, and it was still with tracking.

However, this talisman with the strongest lethality is limited and can only be extracted once in half a month. After all, it is only a demigod extraction ability.

Otherwise, if there is no limit, then it will be the true god-level extraction ability.

So Lin Kai didn't hesitate to extract it. The most lethal talisman was displayed, and it quickly followed behind the colorful figure with the head of the snake.

In this colorful figure with a human head and a snake body, it was about to sink into the Wuwang Hall of Luo Chen Temple. When the bronze statue of Bodhisattva, the most lethal talisman had arrived.

Seeing the most lethal talisman, he took the initiative to blast towards the figure with the head of the colorful snake.

On the contrary, the figure with the colorful human head and snake body had a premonition, and with a squeak, it disappeared directly into the place and flew into the bronze statue of Bodhisattva.

Then around the bronze statue of Bodhisattva, weird flames began to appear, and the circles of weird flames also turned into colorful colors.

At the same time, the bronze statue of Bodhisattva opened his eyes, and his eyes also contained colorful rays of light.

Obviously, the reason why this bronze statue of Bodhisattva was able to come alive was not because of a real bodhisattva, but because the figure of the colorful human head and snake body occupied the bronze statue of Bodhisattva, which made the bronze statue of Bodhisattva seem to have come alive. .

“Want to solve me? Then have to see, do you have this strength!”

The bronze statue of the Bodhisattva, that is, the figure with the colorful human head and snake body, sneered constantly.

Back to this bronze statue of Bodhisattva, it seems to have a lot of confidence.

But at this moment, under the control of this colorful figure of human head and snake body, the bronze statue of Bodhisattva instantly raised a hand, and this hand was also full of colorful colors.

But the only difference is that the whole hand began to appear black like ink, and even these blacks gradually became like drops of black.

The whole hand seems to be composed of drops of black water.

Immediately under the command of the figure of the colorful human head and snake body, the whole hand was facing, and the most lethal talisman blasted against it.

It is a pity that this colorful figure with a human head and a snake body is still far underestimated, the power of this most lethal talisman.

I saw that the whole hand of the bronze statue of Bodhisattva disappeared immediately after the collision. Then only the aftermath force spread to the entire bronze statue of Bodhisattva, causing the bronze statue of Bodhisattva to begin to break apart from top to bottom.

“No! I'm not reconciled! Why is it so powerful!”

The colorful figure with a human head and a snake body staying in the bronze statue of Bodhisattva was naturally affected, and it began to make a very miserable scream. This miserable scream resounded throughout the ancient city of Yunshang.

In fact, it is easy to understand that this is the demigod extraction ability, or the strongest attack method to extract.

The talisman with the strongest lethality was converted based on Lin Kai's strongest blow.

In other words, that talisman attack with the strongest lethality is equivalent to Lin Kai's strongest attack.

With this colorful figure of a human head and a snake body, it is still unstoppable.

This colorful figure with a human head and snake body is the same as the girl with a human head and snake body in the ancient tomb in the East China Sea. They are all very weak, maybe not the real body yet, or a similar clone, or a clone whose cultivation level has dropped very seriously.

Therefore, neither the woman with the human head and the snake body in the ancient tomb nor the figure with the colorful human head and the snake body can withstand Lin Kai's strongest attack.

And on the Changqing Ancient Street, the extremely beautiful black-robed woman can naturally hear it, the colorful figure with the head of a snake and the screaming screams.

This caused the extremely beautiful woman in the black robe to suddenly change her expression. She never expected that the talisman that Lin Kai had just displayed seemed very terrifying.

The extremely beautiful woman in the black robe exclaimed in incredible exclamation: "You...you killed the Devourer?"

Lin Kai looked at the extremely beautiful woman in black robe, and said lightly, "It should be, but you will be the next one."

Compared to the figure with a colorful human head and a snake body just now, Lin Kai felt that the extremely beautiful woman in black robe in front of him was even more dangerous.

It's very simple, the figure with a colorful human head and a snake body can't do any harm to him at all.

Chapter 1774: The Temptation Of Immortality

Chapter 1774 the temptation of eternal life

And the extremely beautiful woman in black robe in front of her, at the very beginning, the power she exerted almost made Lin Kai fall.

If it weren't for his primordial spirit to be nearby, he sensed that the main body was in a bad situation, and Lin Kai was awakened.

Otherwise, Lin Kaizhen would fall into the hands of the extremely beautiful woman in the black robe, and the consequences would be unimaginable.

So with such a simple comparison, the extremely beautiful woman in black robe in front of her is much more dangerous than the figure with the colorful human head and snake body.

On the contrary, the extremely beautiful woman in black robe in front of me, after hearing what Lin Kai said, she stepped back anxiously, and immediately said to Lin Kai: "Are you really going to be so

unfeeling? To tell you the truth, I am not a monster, I It is the only descendant of the Fuxi Protoss. But now I am just a ray of soul, the real me needs to be revived.

So if you want to destroy my soul, it will affect the recovery! As for the Fuxi Protoss, you should have heard of it? Is it worth what it means? ”

Lin Kai frowned in an instant. The so-called Fuxi God Clan naturally refers to Fuxi and Nuwa in Chinese mythology. They all belong to this kind. And judging from the pictures and monuments that have been circulating for thousands of years, they are indeed the image of a human head and a snake body.

If Lin Kai wasn't a cultivator, he would definitely not believe the nonsense of this extremely beautiful woman in black robe.

But he is not only a cultivator of immortality, but also a cultivator of the golden core stage. Since there are immortal cultivators in this world, Chinese mythical stories must also exist.

It's just that it was six or seven thousand years ago, not to mention it, and it was unbelievable to think about it.

So Lin Kai looked at the extremely beautiful woman in the black robe in front of her, and asked faintly, "Is it? Just a ray of spirit? Or a descendant of the Fuxi gods? Then, you and the human head snake in the ancient tomb What is the relationship between the body woman?"

"As you think, I am the woman with the head of the snake in the ancient tomb, and the woman with the head of the snake is also me."

The extremely beautiful woman in the black robe was also frank, and then went on to say: "You can understand that I am the real soul of mine, and the woman with the human head and the snake body in the ancient tomb is also a soul. But at least, Thousands of years have passed, and their respective intelligences have been born, but in the final analysis, they are all one me. Can you understand?"

Lin Kai nodded slightly, when the extremely beautiful woman in the black robe said so, he secretly said, no wonder he was very familiar.

He thought for a while, and then said, "Then what happened to the figure with the head of the colorful man and the snake body just now? And, as a descendant of the Fuxi God Clan, how could you do such a cruel thing? What formation did you try to activate? ”

The extremely beautiful woman in the black robe quickly said: "The figure with the colorful human head and the snake body was originally an evil thought of me. It also formed spiritual wisdom when it accompanied me when I fell. It's just that it has existed alone, for so many years, It has been relying on that state to maintain it. The reason why it is called Spirit Devouring is because it has swallowed a lot of souls.

I cooperated with this Devourer, also to revive myself. In fact, this ancient city on Yunshang was built on a large formation. When this ancient city on Yunshang was built, it was to start this big formation and allow me to recover. Once the formation is activated, I can resume recovery. ”

Having said this, the extremely beautiful woman in the black robe looked at Lin Kai again and said, "You are the golden core monk. With the appearance of this planet today, it is certainly quite extraordinary to

be able to become a golden core monk, so you are qualified to know about this. As long as you are willing to help me recover, you will help me again, follow me, and go to another world together.

There is the real world of gods, and there is real eternal life there. If I come there again and take back everything that belongs to me, I can grant you eternal life!”

The words of the extremely beautiful woman in black robe made Lin happily move.

Naturally, Lin Kai was not because he was bewitched by the words of the extremely beautiful woman in the black robe, but as he thought, there should be an immortal cultivation world outside the earth.

Then all explanations become very reasonable. It seems that the group of immortal cultivators on Earth should have encountered something on Earth, devastating.

Then they all fled to the realm of cultivating immortals, otherwise, it would be impossible for the fault to be so severe.

You can't even find the trace of the cultivator thousands of years ago.

“If you help me, I will also let you resound through that place. In that place, it is very vast, with everything the goddess and witches and witches have everything you can get at your fingertips! Even you will be above hundreds of millions of creatures, and hundreds of tribes surrender! Immortal worship! Have you ever thought about such scenes? As long as you help me recover, all this will happen to you!”

Seeing Lin Kai's silence, the extremely beautiful woman in black robe continued to speak.

Lin Kai is actually not interested, not because he is not interested in another world, but because he is not interested in what the extremely beautiful woman in black robes said.

Especially, he didn't trust the words of this extremely beautiful woman in black robe.

He doubted that if the extremely beautiful woman in black robes were to be revived, it was very likely that she would be slapped to death by the extremely beautiful woman in black robes.

However, Lin Kai had to pretend to be very interested in order to make some remarks.

As for the extremely beautiful woman in black robe, seeing Lin Kai look like this, she suddenly felt that there was something to play, and she continued to speak, “So you tell me now, where are the children of the couple now? As long as you are willing to hand it over, then start Formation, if I recover, I will change back to take you to another realm, and be the king and hegemony! You will have eternal life!”

Lin Kai nodded, and said, “It sounds like a heart-wrenching look.”

“Since my heart is moving, then quickly bring the children of that couple over! Time is running out!”

The extremely beautiful woman in the black robe looked very anxious, and once again urged Lin Kai to get the dirty little girl and boy here.

Lin Kai faced the extremely beautiful woman in black robe and said, “Okay, but before that, I still have a big doubt. That is, why did you choose the children of the couple? Not the others. ?”

The extremely beautiful woman in the black robe didn't expect Lin to ask this kind of question at all. If she changed, she would definitely not bother to answer. But now she needs Lin Kai's help. She knows she can't beat Lin Kai, or she would have done it a long time ago, so she immediately replied, "I've already said that the children of the couple have been selected long ago. The other reason is that the couple were both born in the same year, the same month and the same day. So if they die in the same year, the same month and the same day, blood sacrifices will be made to their children.

Therefore, this is why, that couple and children will be the key to the activation of this formation. So that, I now let you quickly get the children of the couple back here. "

Chapter 1775: You Still Dream

Chapter 1775

Lin Kai has always held a half-believing attitude towards what the extremely beautiful woman in black robes said.

Because he knew that the extremely beautiful woman in the black robe would definitely not tell the truth to him, of course, he did not deny some of the words of the extremely beautiful woman in the black robe.

What he can be sure of is that the extremely beautiful woman in the black robe is definitely there, saying half-truths, so he chose to continue with the extremely beautiful woman in the black robe, wanting to know more information. In order to analyze, which sentence of this extremely beautiful woman in black robe is true and which sentence is false.

But this time, Lin Kai secretly shook his head what the extremely beautiful woman in black robe said, but he didn't hear any truth. In other words, what the extremely beautiful woman in the black robe just said was false.

Lin Kai narrowed his eyes, and said unceremoniously: "No, I think it should not be that simple. There must be some secrets behind you that you don't want to tell me. For example, the couple was dying, portrayed What is that weird formation?"

I thought again, if I just collect the grievances of the couple, it shouldn't be so troublesome, right? One more thing, when the Spirit Devourer came, you said that it was okay to use my resentful soul. Planning to kill me, use mine to start the formation.

So I can reasonably question you, what you said before was a lie. So I want to really cooperate with you. I helped you start the formation and revive you. What if you kill me with a backhand? "

When Lin Kai said that, the look on the face of the extremely beautiful woman in black robe was slightly stunned. It seemed that he did not expect that Lin Zhuan was observing so carefully.

She didn't intend to hide anything, so she spoke to Lin Kai lightly, "Your question is indeed reasonable and correct. Then let me tell you a little bit, that couple, and their children, are actually not ordinary people."

"Oh? What do you say?" Lin Kai asked suddenly, interested.

And the extremely beautiful woman in black robe continued to speak: "You should also know that this ancient city on Yunshang was built on this ancient Changqing Street. You can also know that this ancient Changqing Street was originally an ancient country named Changqing. The streets of Changqing. The ancient country of Evergreen was an ancient small country here during the Zhou Dynasty.

In fact, in the ancient tomb in Wuhai City, the person who was buried was a lord of the ancient kingdom of Evergreen. As you might think, the ancient country of Evergreen was just a small country, which was eventually shattered by war. So hundreds of years later, on the ruins, only Changqing Old Street is left. It is the only surviving bloodline in the ancient country of Evergreen, the ancient city of Yunshang built here.

The couple and their children have the blood of an ancient country. In other words, the ancestors of the couple and their children were the royal line of the ancient kingdom of Evergreen. The royal family members of the evergreen ancient country are actually somewhat related to the Fuxi God Clan, and contain a trace of blood.

Although the blood of the Fuxi God Race contained in the couple and their children can actually be ignored, there is also a trace of blood. Because I myself belong to the Fuxi God Clan, I need a little blood to resuscitate. As for you, I see that you are special and think that it is also useful, but I am not so sure.

In case my judgment is wrong, if yours doesn't work, I won't be able to activate the formation in the future, let alone recover. So you can rest assured now that I don't dare to gamble. Our cooperation is a win-win situation. I have already said the true words. You should always bring the children of that couple over now, right? "

Lin Kai squinted his eyes again, and he could analyze it, and he could tell that this long paragraph of the extremely beautiful woman in the black robe was indeed true, but...

Under the surprised gaze of the extremely beautiful woman in black robe, Lin Kai instantly came to the extremely beautiful woman in black robe.

Before the extremely beautiful woman in black robes could react, Lin Kai shot his hand in an instant, and raised his hand to suppress the extremely beautiful woman in black robes.

The extremely beautiful woman in the black robe was shocked, she was completely unable to resist, and was repulsed by Lin Kai.

This extremely beautiful woman in black robes wanted to escape, but found that she seemed to be imprisoned.

This extremely beautiful woman in black robes quickly looked at Lin Kai. In fact, a very angry expression flashed in her beautiful eyes, but she still said as softly as possible: "What I just said is good, why do you still have to do it to me?"

The power of the black-robed extremely beautiful woman's soul has actually been consumed almost, so that she did not dare to resist Lin Kai, so she had to suppress her inner anger and question Lin Kai.

Lin Kai said indifferently, "First of all, what did you say? Think about it carefully, when I promised or what I said to you? Secondly, even if you really belong to the Fuxi Protoss , But with this kind of

disregarding the lives of hundreds of thousands of people, so wantonly trampling on the lives of other people, just to revive oneself, how is this different from the devil?

“What can hundreds of thousands of fortune-telling? Don’t you want to live forever? My souls can survive thousands of years. If I hadn’t had some accidents, would this be the case? I stood in another world a long time ago. The pinnacle of mankind overlooks hundreds of millions of creatures.” The extremely beautiful woman in the black robe sneered at this point, while still tempting Lin Kai.

“So if you help me, the secret of eternal life is at your fingertips. There are hundreds of millions of living beings, and they are completely under your control. You are only in the golden pill stage. If you help me recover, I will reward you with a god-changing pill. You can directly break through to the **** of transformation! Even in the future realm, I can quickly raise you up and use your real strength to stand at the top! Dont you think its wonderful?”

To be honest, Lin Kai’s words about being an extremely beautiful woman in a black robe is indeed very heartwarming.

It’s just that he shook his head suddenly, and said faintly: “It’s really wonderful, and I am really excited, and I yearn for the feeling of reaching the top. I also know that there is another world, and there is a bigger world waiting. I explore. But I have to rely on my own step by step, and when I reach a certain level, I will go there.”

Lin Kai guessed that at least he had to wait until he became a **** before he was qualified to go to that so-called other world. What’s more, there are many things on the earth waiting for him to solve, so within two years, he won’t be able to reach the stage of godhood.

Thinking of this, Lin Kai went on to say: “The most important point is that I am a human being, and I will not help others. The hundreds of thousands of people in the entire ancient city of Yunshang are all living people, so I will not help. You have killed these hundreds of thousands of people.

And I can also be sure that if the children of the couple help you open up the formation. The children of that couple will die too. Want me to help you, you still have to dream! ”

Chapter 1776: Strong Solution

Chapter 1776

After Lin Kai finished speaking, he didn’t show any signs of hesitation, or any appearance of pitying and cherishing jade. He directly killed the extremely beautiful woman in black robes.

After all, this extremely beautiful woman in black robe, as a ray of soul from the descendants of the Fuxi God Race, he didn’t know, what other means would be available, it was better to solve it first. Otherwise, it would be very troublesome.

Lin Kai was so decisive, in fact, he was right.

Because after killing the extremely beautiful woman in black robe in his town, the extremely beautiful woman in black robe was indeed dead, but there was still a translucent black robe extremely beautiful woman who escaped.

This translucent black robe extremely beautiful woman, and the previous black robe extremely beautiful woman, in addition to being translucent, there is a big difference.

That is now the translucent black robe extremely beautiful woman, with a human head and a snake body, but previously in a normal human form.

In short, this translucent black robe extremely beautiful woman is the real wisp of spirit!

“Damn human! You actually destroyed the flesh that I finally nurtured over the past two thousand years! Since you didn’t choose to help me, but instead wanted to kill me, don’t think about getting better! You thought you didn’t start the formation. Fa, do I have any other options?”

The extremely beautiful woman in the translucent black robe laughed sharply like crazy.

While laughing wildly, he seemed to be casting an amazing spell in his hands.

In an instant, the entire ancient city of Yunshang seemed to have experienced a strong earthquake, as if the ancient city of Yunshang had shifted slightly! Not only that, but from the ground, weird cyan gas began to burst frantically, covering every corner of the entire Yunshang Ancient City!

This Changqing Old Street is weird!

Lin Kai’s expression was ugly at once, but he didn’t expect that this translucent black robe would have an afterthought.

It seemed that she was an extremely beautiful woman in a translucent black robe, she wouldn’t do it as a last resort.

Moreover, Lin Kai could see that this approach not only killed hundreds of thousands of lives in Yunshang Ancient City, but also threatened cities close to Yunshang Ancient City.

There are also millions of people in the nearby cities. If this translucent black robe is really beautiful woman, the consequences will be unimaginable.

Ever since, Lin Kai didn’t hesitate any more, he kept running his true energy, just waved at the translucent black robe extremely beautiful woman, and grabbed it.

Normally, ordinary methods, even if it is a cultivator, are still difficult to deal with this kind of soul.

It is often the spirit of God, an attack on the spirit of God.

However, Lin Kai also knew that if he wanted to condense the soul, at least it would be something after the stage of transforming the gods.

Because the soul is condensed by the primordial spirit, and eventually grows into the soul.

But how could the method Lin Kai displayed be simple, using the formation extraction ability to display an extremely powerful formation.

In the next moment, Lin Kai quickly grabbed the tail of the translucent black robe and slammed it fiercely.

With this shake, the translucent black robe extremely beautiful woman became more transparent.

Obviously, let the translucent black robe extremely beautiful woman, its soul consumption accelerates.

The cyan gas emerging from the ground stagnated when the extremely beautiful woman in the translucent black robe became more transparent.

Lin Kai understood in an instant that the emergence of these cyan gases was directly related to the translucent black robe extremely beautiful woman.

So as long as it is completely extinguished, this translucent black robe is extremely beautiful, then it will prevent the emergence of these blue gases.

Thinking of this, Lin Kai started to condense black flames in his hands. His other means, wanting to extinguish, the translucent black robe, the extremely beautiful woman, is still somewhat difficult.

Even if it has the ability to extract formations, those formations are still such powerful spirits in terms of dealing with spirits. Although it was just a ray of spirit, it was a descendant of the Fuxi God Clan after all, and the body was estimated to have far exceeded the God-Transforming stage, and he was a true fairy.

In addition to Lin Kai's current cultivation base, his methods are still not enough to completely wipe out this ray of soul, but the black flames are different.

The black flame was accidentally obtained by him, but it was specially used to deal with this kind of soul state. Including the soul, it was all disadvantageous!

Sure enough, the moment a black flame condensed in Lin Kai's hands, the extremely beautiful woman in the translucent black robe instantly became extremely frightened, even preparing to flee into the air without looking back.

Lin Kaizi would not give this translucent black robe a chance to escape.

With a direct wave of his hand, the black flame in his hand immediately fell on that translucent black robe extremely beautiful woman.

Immediately, I saw the extremely beautiful woman in the translucent black robe, her whole body was enveloped by black flames!

The extremely beautiful woman in the translucent black robe was burned clean by the black flame before she could even make a scream!

Since it was a ray of soul, it disappeared directly!

At the moment it disappeared, the cyan gas naturally dissipated!

Lin Kai looked at that the last translucent black robe extremely beautiful woman, the direction that disappeared, put away the black flame.

He had a stronger awareness of this black flame, and he didn't expect that dealing with this kind of real power far exceeded his other means.

At the same time, Lin Kai began to worry inexplicably. He always felt that this translucent black robe would make a comeback.

After all, according to what this translucent black robe extremely beautiful woman said, it was just a ray of spirits, and there were many spirits that fell in many places in this world, all sleeping.

For example, the woman with a snake-headed body in the Donghai Ancient Tomb was sleeping in the main tomb, in the coffin.

If it hadn't been for Lin Kai and the others, who had awakened the woman with a snake head, I am afraid that she would continue to fall asleep.

Who knows how long you will get enough sleep, and then come out to harm the world, that's not good.

As a result, Lin Kai was silently worried now.

When he was worried, suddenly a car drove up in front of him.

Under this circumstance, the people who can still drive in this ancient city of Yunshang at night are obviously the masters of Zhicheng, An Xiaoran and others.

Master Zhicheng, An Xiaoran, Hu Xinru and others returned to Luo Chen Temple before twelve o'clock.

It's just that in the Luo Chen Temple, I didn't see Abbot Huiying, nor did Lin Kai.

Master Zhicheng, An Xiaoran, Hu Xinru and others, when they were puzzled, heard the movement in the Wuwang Hall of the Luo Chen Temple, and then looked over and saw that a bronze statue of a Bodhisattva in the Wuwang Hall was destroyed.

After passing some judgments, it is suspected that Abbot Lin Kai and Huiying should be outside the Luo Chen Temple.

Hearing the sound of fighting again, a few people found here, and they all rushed here.

Chapter 1777: Worried

Chapter 1777

At this time, Master Zhicheng, An Xiaoran and Hu Xinru stopped the car not far away.

Then several people got out of the car one after another.

Master Zhicheng, An Xiaoran, and Hu Xinru all saw here at once, the traces of a fight.

At the same time, they also noticed the two corpses on the ground.

One is Abbot Huiying's, and the other is naturally the extremely beautiful woman in the black robe.

According to the extremely beautiful woman in the translucent black robe, it was her body that was nourished for two thousand years on this ground.

In fact, Lin Kai doubted that the translucent black robe was extremely beautiful, although she was a ray of spirit, but she always felt that she had an independent mind and wanted to get rid of her state of being a spirit. To be precise, it is not the same idea as the original ontology.

That's why the extremely beautiful woman in the translucent black robe spent time to nourish some physical body, probably because she wanted to replace her body.

Of course, this is just Lin Kai's guess.

If that's the case, maybe other gods and souls might also have such a situation.

In this case, it's a mixed blessing. The good news is that if multiple strands of spirits think so, then they are fighting inwardly. It's like the extremely beautiful woman in the translucent black robe and Spirit Devourer. They seem to be cooperating, but they all want each other to die soon.

The worry is that if there are really multiple thoughts, then it is dangerous. However, the premise is that the other spirits still do not exist in this event, and if they are, they don't know where they are sleeping.

Because the extremely beautiful woman in black robes is indeed very beautiful, whether it is Master Zhicheng, or even An Xiaoran and Hu Xinru, these two girls, looking at the body of the extremely beautiful woman in black robes, first revealed an extremely stunning look.

Master Zhicheng even showed a trace of obsession.

However, this state did not last long. In any case, this extremely beautiful woman in black robe is dead.

If you want to live, you won't wake up so quickly, and you might even fall into it.

After all, Lin Kai almost fell into it, not to mention the others.

At this time, Master Zhicheng looked at the body of the extremely beautiful woman in the black robe with lingering fears. He almost started to say, and began to recite Amitabha while turning the Buddha beads in his hand.

After doing this, Master Zhicheng walked to Lin Kai's place, and then asked, "Sister Lin, what happened just now? How?"

Lin Kai nodded slightly and said, "You don't need to worry about anything, I have solved it all, there is nothing more to do."

That was the case, but he was still a little restless in his heart. He also knew that it was not because of the ancient city of Yunshang, the ancient city of Yunshang had been resolved, but he was still worried about the spirits of other descendants of the Fuxi God Race.

Who knows, how many wisps of spirits there are in that extremely beautiful woman in black robes, maybe some of the spirits are quite powerful, it's all possible. It can be said that this is a potential danger.

At this time, An Xiaoran was surprised when he heard Lin Kai's words: "Is it all solved?"

Then she shook her head again: "In this case, did we not help at all. Alas, I thought I could surpass Lin Kai within ten years, but now I realize that it's impossible. It's up."

Hu Xinru chuckled and said: "Xiao Ran, let alone you, I am afraid that our deputy curator is here, and we have to admire Lin Kai. If Lin Kai really wants to join in, he can directly become our curator. Up!"

Master Zhicheng quite agrees with Hu Xinru's point of view.

Immediately, Master Zhicheng seemed to think of it, so he asked Lin Kai, and then said: “Donor Lin, thank you again for your help. We didn't help much, so you solved them all. In other words, they used all kinds of things. Cruel means, what formation is finally opened, what does it mean?”

Naturally, Lin Kai would not conceal anything. Master Zhicheng, An Xiaoran, and Hu Xinru were all his own, and they were all working for the country.

This matter is also very involved. If he is alone, he doesn't have that much energy. As the saying goes, there is a lot of people and power, if other spirits are discovered in time and killed in advance, there will be no worries.

So after thinking about it, Lin Kai said, “This matter has to be dealt with slowly. Let's deal with it before we return to Luochen Temple. It's not too late.”

Hearing what Lin Kai said, everyone had no opinion.

So soon, everything here was processed, and Lin Kai displayed black flames, and burned the two corpses clean.

At the same time, Lin Kai also used his true energy to let the entire Yunshang Ancient City people get rid of that abnormal state. Mainly because of the black soul flag that Abbot Huiying waved earlier.

Afterwards, Lin Kai, Master Zhicheng, An Xiaoran and Hu Xinru went to the Luochen Temple.

On the other side, outside the ancient city of Yunshang, Lin Kai's primordial spirit already knew the body and had already solved it. So Lin Kai's soul brought the dirty little girl and little boy back to the half of the house and put them back in place.

The dirty little girl and little boy had fallen asleep before then. Now they are still asleep. To the dirty little girl and the little boy, they don't know that they have just experienced a life-and-death crisis.

If it weren't for Lin Kai to let his soul go, I'm afraid it's really hard to say.

But the dirty little girl and the little boy are still dreaming beautiful dreams there, and new beautiful days are waiting for them.

As for the Luochen Temple at that time, Master Lin Kai, Zhicheng, An Xiaoran and Hu Xinru had already arrived in the small courtyard where they lived.

And Lin Kai started talking about himself from seeing Abbot Huiying waving the black soul flag, until he talked about how to deal with the translucent black robe extremely beautiful woman.

Of course, Lin Kai didn't say so in detail, for example, when it comes to immortal cultivators, other worlds, etc., after all, this is still too mysterious for Master Zhicheng.

Even though Lin Kai didn't say this, Lin Kai said that the extremely beautiful woman in black robe was a ray of soul from the descendants of the Fuxi God Race.

Master Zhicheng, An Xiaoran, and Hu Xinru all held an attitude of disbelief. It was not that they did not believe in Lin Kai, but that they did not believe what the extremely beautiful woman in black robes said.

Its just that I dont believe it or I dont believe it, but they all know that even if the black-robed extremely beautiful woman is nothing, a ray of soul from the descendants of the Fuxi God Race is also of great origin.

It must not be simple behind this matter, how to say, that black robe extremely beautiful woman has been preparing for so long.

At this time, Master Zhicheng said with a solemn expression: "This matter is of great importance. I must report it to the above, and then fully investigate the matter."

Chapter 1778: Xiahou Changye

Chapter 1778

The words of Master Zhicheng made everyone nodded, and this matter is indeed very involved.

Although Master Zhicheng, An Xiaoran, and Hu Xinru were not convinced that the extremely beautiful woman in black robes was a descendant of the Fuxi God Clan.

But through this cruel method of the extremely beautiful woman in black robes, I want to use the lives of the wronged souls, and even the lives of everyone in the entire ancient city of Yunshang, to activate what formations to revive myself.

Even if this is not a descendant of the Fuxi God Clan, it is by no means simple.

And if it is true as Lin Kai said, there are other spirits of the extremely beautiful woman in black robe, it is indeed a big threat, and it may be a scourge at any time.

As a result, everyone didn't have any opinions on Master Zhicheng's words, and they agreed very much.

At this time, Master Zhicheng looked at Lin Kai, and then said: "Lin Shizhu, thank you again. Since you were in the western suburbs of the eastern suburbs, you have helped us many times. If you join us, the position of the curator will definitely be. Its yours, dont you still think about it? If youre the curator, youre very free and dont need to be arranged."

An Xiaoran and Hu Xinru also looked at Lin Kai with expectation, and obviously hoped that Lin Kai could join, so that they would often have the opportunity to contact Lin Kai.

It's not like it is now, which can only be passive, which is very troublesome.

For Master Zhicheng's re-invitation, Lin Kai just faintly smiled and said, "I dont want to join or not, it doesnt affect anything. But I still have my own personal affairs, so I wont consider it. Of course, if you need any help in the future, as long as I have time, I must be obliged."

When he heard Lin Kai say this, Master Zhicheng immediately became in awe and said again: "Since Donor Lin has his own private affairs, he will never force it. The poor monk admires Lin Donor's mentality very much. This mansion itself That is, to protect the safety of the secret place in the country. The poor monk is here to represent the people of the whole country, and I would like to thank the donor Lin for his help."

Although An Xiaoran and Hu Xinru were a little disappointed by Lin Kai's words, they all expressed their gratitude to Lin Kai. After all, Lin Kai didn't belong to the mansion, but he often helped out.

Lin Kai didn't feel anything, he himself was the owner of the Ninth Mountain, and he was actually similar to the mansion. Since he met, he would definitely help.

Then a few people chatted a few more words, it was late, and it was also a night of tension.

Not to mention Master Zhicheng, An Xiaoran, and Hu Xinru, even Lin Kai is actually a little tired. It seems that he defeated easily, but it also consumed a lot of his true energy.

Especially when dealing with the extremely beautiful woman in the translucent black robe, he consumed most of his dantian's true energy, so that he could catch the extremely beautiful woman in the translucent black robe.

Otherwise, you can't catch it. It also explains from the side that that wisp of spirit is so powerful, not to mention the real body.

If it is really going to recover, then this world will probably be destroyed.

They were all very tired, so it didn't take long for them to bid farewell and return to their respective rooms to rest.

Master Zhicheng and the others wrapped up this small yard. There are about ten small rooms in the small yard, and one small room for each person is enough to live in.

At this time, Lin Kai first came to the small room where He Shiyun lived.

In the small room, the light was on all the time, and He Shiyun was obviously not asleep, so he should be worried.

Lin Kai came to show that it was safe.

In this way, after Lin Kai reported that he was safe, he walked into the small room he was staying in tonight.

Master Zhicheng didn't go to bed early, but directly contacted the people above and explained everything here.

Early the next morning.

The ancient city of Yunshang is still the ancient city of Yunshang yesterday. Both the aborigines here and the tourists who come here are in a normal state. I don't know that they experienced a life and death crisis last night.

Everything is business as usual.

It's different for a dirty little girl and a little boy, and they have opened a new life for both brothers and sisters, with hope and gratitude for the future.

At the same time, several special vehicles appeared on the streets of Yunshang Ancient City.

The people on these special vehicles did not come to this ancient city of Yunshang to travel, but Master Zhicheng last night, after reporting the situation here, they immediately organized people to come here.

It can be said that they arrived overnight, very quickly.

After all, the people above, hearing what Master Zhicheng said, they all took it seriously in an instant.

In addition, some people also met Lin Kai. For example, Huaxia Mansion, the current deputy curator Xiahou Changye.

Xiahou Changye seems to be only in her forties, and her appearance is very difficult at first glance.

At this moment, in the small courtyard of Luo Chen Temple.

Master Zhicheng was standing next to Xiahou Changye, introducing Lin Kai to Xiahou Changye.

“Curator Xiahou, this is the owner of the Ninth Mountain of Jiulong Mountain.” Master Zhicheng first spoke to Xiahou Changye.

Then Master Zhicheng pointed to Xiahou Changye again, and to Lin Kai, said, “He is the current deputy curator of our mansion, and his name is Xiahou Changye.”

Xiahou Changye first looked at Lin Kai very seriously. He naturally knew the existence of Jiulong Mountain, but he did not expect that the owner of the Ninth Mountain would be so young.

Immediately, Xiahou Changye smiled and said: “I have heard about the mountain lord of the Ninth Mountain of Jiulong Mountain. It is not trivial, but now, it is indeed unusual. Thank you, mountain lord Lin.”

Lin Kai waved his hand and said, “Curator Xiahou is polite. This is my duty.”

Because they are all in the dark, guarding the peace of one party.

In fact, Lin Kai also admired Xiahou Changye. Xiahou Changye could become the curator of the Huaxia Mansion. His methods were certainly extraordinary, and he also secretly dealt with many unnatural phenomena.

He already knows that it is fair to become a senior in the mansion. The more tasks you complete and the more difficult the tasks, the more reward points you will get.

This way, is to let the capable and courageous do it.

The two gave a brief introduction, and then under the arrangement of Master Zhicheng, they sat down in the tea drinking area of this small courtyard and began to drink tea and talk about things.

Xiahou Changye came over in person. Apart from wanting to meet Lin Kai and thanking him in person, he naturally had to learn more about the affairs of Yunshang Ancient City. After all, it was of great importance.

So before Xiahou Changye took a sip of tea, he said to Lin Kai: “Lin Shanzhu, after hearing Master Zhicheng's report last night, we paid great attention to it. Although Master Zhicheng, you said exactly

what you said last night Yes, tell me again. But after all, it's a listener, so I rushed over overnight and heard more details from you."

Chapter 1779: God-level Mission

For what Xiahou Changye said, Lin Kai didn't have much, but looked at Xiahou Changye with some appreciation.

This shows that Xiahou Changye really attaches great importance to the affairs of Yunshang Ancient City. Otherwise, he would not come in person overnight and ask him what happened.

Through this little detail, Lin Kai knew that this Xiahou Changye was indeed the deputy curator of the Huaxia Mansion.

Lin Kai himself felt some inexplicable uneasiness about this matter, and he would definitely not be able to do it by himself.

So Lin Kai said, "Director Xiahou, if you have any doubts, just ask, I will tell you what I know."

Of course, he would still conceal something like another realm or immortal cultivator.

The main reason is that even if I told Xiahou Changye, I wouldn't believe it. Even if you believe it, you will have unnecessary fear.

Lin Kai is currently only in the Golden Elixir period, but he can't do that, and he has really dealt with those above the transforming spirit period.

But now on the earth, naturally, there is no more than that kind of deity stage. Although not, some hidden threats still exist, such as the soul of the extremely beautiful woman in black robe.

Even he can feel threatened, let alone other people, so he won't disclose this for the time being

Just like the Huaxia Mansion itself, it is also secretly dealing with those unnatural phenomena. Naturally, it is necessary to conceal something from the common people, otherwise it will cause unnecessary panic. The same reason.

Hearing Lin Kai's answer, Xiahou Changye didn't hesitate anymore, so he asked directly: "Lin Shanzhu, last night you talked about the psychic situation of the descendants of the Fuxi gods. Can you tell me more about what happened last night? , Tell me again in detail. I will record it here first, and then sort it out, and then hand it over.

In fact, I am more inclined to, indeed, the soul of the descendants of the Fuxi God Race. Because I have found some clues before, but there is no very strong evidence. It's different now. With your record, I want to be more clear. "

Lin Kai was slightly surprised when he heard this. No wonder Xiahou Changye paid so much attention to it. It turned out that he knew some information before that.

He was solemn, if there were other information, then it was also confirmed from the side that there were indeed other spirits, which would not be great.

Lin Kai recalled a little bit, and explained the experience that happened last night in more detail, including some immortal cultivators and the like. But the other world, etc., still did not say.

Not only did he tell Xiahou Changye what happened last night, but he will also begin to talk about the weirdness of the bronze statue of the Bodhisattva in the Wuwang Hall of Luochen Temple from him when he came to this ancient city of Yunshang.

As well as the woman with a snake-headed body in the ancient tomb in the East China Sea, they also said it.

When talking about this, Master Zhicheng on the side exclaimed.

Because Master Zhicheng also entered the ancient tomb. Although he entered late, he finally saw the woman with a snake-headed body.

The reason Lin Kai didn't say it last night was because Master Zhicheng, An Xiaoran, and Hu Xinru didn't believe in gods and souls.

Even if Lin Kai said it, it was a waste of words.

But now it's different, at least Xiahou Changye is biased towards believing, so he said it all.

Including many details, Lin Kai also said one by one, what the couple had carved a pattern similar to the formation before their death.

And that couple, including the children of that couple, were of the blood of the evergreen ancient country.

When Xiahou Changye heard Lin Kai say this, he did not hesitate to instruct people to prepare for the couple's children to study, including growth.

Lin Kai took a higher look at Xiahou Changye. That's okay, he didn't need to worry about anything.

After Xiahou Changye finished his order, he asked Lin Kai suspiciously: "If there is also one of the spirits in the ancient tomb of the East China Sea, does it mean that there are other spirits? If that is the case, there are such spirits. , How can I find it?"

In response, Lin Kai shook his head slightly and said: "I don't know too well, but I still have to guard against it. As for how to judge the existence of the spirits, we must use all our strength to guard against. If something abnormal happens in one place, it will investigate at different levels. There is no better way other than that."

Lin Kai really didn't know if there were any other spirits. After all, the extremely beautiful black-robed woman also exists alone. Who knows whether the other spirits have long been annihilated? It's just an unknown number.

Just because it is an unknown number, it should be more vigilant.

In terms of spirits, although Lin Kai is a cultivator, he is still in the golden age. But if you want to condense the soul, that is the realm above the **** of transformation. Lin Kai has never touched that realm, or even heard of it.

He currently has a primordial spirit, and it is entirely because of the task of the system.

Speaking of the tasks of this system, it is indeed strange this time, he has assisted Master Zhicheng, An Xiaoran, to solve this problem in the ancient city of Yunshang.

However, the system task only shows the completion of the first part and the follow-up. As for the follow-up, there are still three question marks. Obviously, they are also looking for something before triggering.

Lin Kai suspects that this system mission is definitely to reward god-level extraction capabilities!

You know, this has never happened before.

Coupled with the task being so mysterious and so complicated, it is likely that it will be a task that rewards God-level extraction ability!

Lin Kaidor also looked forward to what kind of god-level extraction ability it would be.

He now realizes that his strength is far from enough, so he still has to work hard to improve himself.

I just don't understand how to trigger subsequent tasks.

While Lin Kai was thinking about it, Xiahou Changye went on to say: "Indeed, we can only be on guard and vigilant in this way so as not to recur in the crisis in the ancient city of Yunshang. If there is no Lord Lin Shan last night, then the consequences will be real. It's very hard to imagine."

Master Zhicheng was aside and nodded in agreement. If it weren't for Lin Kai, everyone in Yunshang Ancient City would really be in danger. Not to mention the entire Yunshang Ancient City, it is also a devastating threat to this world.

At this time, Lin Kai seemed to think of something, and quickly took out a cyan silver needle from his pocket, and said, "On this silver needle, when destroying the black-robed woman, I deliberately saved a little energy. This energy it comes from a woman in a black robe. You can study it or extract the energy. If you find a similar breath, then you can judge it."

At first, Lin Kai actually wanted to study the soul. After all, he already had a soul, and he could use it to transform.

I just studied it all night and didn't study why.

He also just thought of this, and immediately handed it over.

Chapter 1780: New Target

When Xiahou Changye heard Lin Kai say this, he took it cautiously. The one in Lin Kai's hand was a cyan silver needle with a trace of energy from a very beautiful woman in a black robe.

Lin Kai also took out a small wooden box and asked Xiahou Changye to put the cyan silver needles in the small wooden box for preservation.

Xiahou Changye immediately put it away.

After doing this, Xiahou Changye couldn't help but said: "If there is such a thing, we will feel a little relieved. When I go back, I will give it to the person above to study it as soon as possible, and then analyze the breath to see if we can take the initiative. Pursue the existence of this breath."

Lin Kai nodded slightly, although the immortal cultivator was almost faulted, there were only ancient warriors left.

In fact, the ancient warriors actually lived in their own small world.

Nowadays, the times have changed, and science and technology are developing very rapidly. Certain methods are even stronger than those of immortal cultivators, such as the Internet, satellites, and the like.

So in terms of technology, it would be better to be able to analyze the breath of this energy.

Lin Kai also felt a little relieved. In this case, at least it was guaranteed.

Otherwise, it's like a headless fly, but it's not good.

Later, Xiahou Changye asked a few more details, and Lin Kai answered them one by one.

It wasn't until Xiahou Changye had no problems that he thanked him with a smile: "Thank you, Lord Lin, for telling me that the whole incident and all the details are clearly recorded."

Lin Kai just smiled and shook his head. In fact, if Xiahou Changye hadn't come, he would report it to him if he had time, knowing that he could not handle the matter alone. Instead, the power of the masses has to be used, so that the number of people is more powerful.

However, the next moment Xiahou Changye invited Lin Kai to join them. If you join, Lin Kai will definitely be the curator. He also said that it does not conflict with the identity of Jiulongshan and can exist at the same time.

Lin Kai was speechless, he had rejected Master Zhicheng several times, but he did not expect Xiahou Changye to be so persistent.

Lin Kai had to refuse again.

This made Master Zhicheng next to him, seeing that Xiahou Changye's invitation had been rejected, Master Zhicheng couldn't help but smiled at Xiahou Changye: "Curator Xiahou, poor monks have said that Lin Shizhu will not join in, but you don't believe in evil. Have to give it a try."

Xiahou Changye sighed: "I believe what you said now, but I admire it even more for Lord Lin Shan to be like this."

After speaking, Xiahou Changye thanked Lin Kai again.

Not long afterwards, Xiahou Changye, Master Zhicheng, An Xiaoran and Hu Xinru all left the Yunshang ancient city together.

This morning, the three girls, An Xiaoran, Hu Xinru, and He Shiyun, actually went shopping in this ancient city of Yunshang.

In the morning, the three girls came back.

Then Xiahou Changye and Lin Kai had finished talking, and Hu Xinru and An Xiaoran had no choice but to follow Xiahou Changye and Master Zhicheng.

Although Hu Xinru and An Xiaoran were reluctant to leave, after all, Lin Kai was still here, but they all had important matters, so they bid farewell to Lin Kai and He Shiyun and left.

As for Lin Kai and He Shiyun, they were rarely free, so Lin Kai followed He Shiyun and continued to stroll around the ancient city on Yunshang.

And it's not in a hurry. It's a ticket to the East China Sea tomorrow morning.

It was the dirty little girl and little boy who had been picked up by Xiahou Changye.

Xiahou Changye paid for the money alone for the dirty little girl and boy to go to school and grow up.

In fact, for the dirty little girl and the little boy, it is enough to change the two of them, and the future path will become better.

He Shiyun still didn't know that the dirty little girl and little boy had already left with Xiahou Changye.

In the process of eating and shopping, I also wanted to buy some food and drink to send to the dirty little girls and boys.

Then I heard that after Lin Kai said dirty little girl and little boy, there was no need to worry.

At this time, He Shiyun also felt relieved.

In the next day, Lin Kai followed He Shiyun in the ancient city of Yunshang, and walked through all the scenic spots.

I have to say that several scenic spots in the ancient city of Yunshang are really good.

It is also rare for Lin Kai to be so relaxed and cozy, forgetting other things for the time being, and just hanging out with He Shiyun for a meal, so cool.

But in Luochen Temple, a group of monks in Wuwang Hall panicked.

First of all, I noticed that the bronze statue of the Bodhisattva in the Wuwang Hall was shattered, and I saw the corpse of a young monk in a small room behind the bronze statue of the Bodhisattva.

Not only that, but also did not see Abbot Huiying's figure.

All the monks in Luochen Temple were panicked for a while.

In fact, the monk in the Luochen Temple, also Abbot Huiying, and the young monk were a scourge, and other monks did not participate.

So Lin Kai didn't pursue anything, but the rich commercial atmosphere of this Luochen Temple was true.

At night, they didn't live in the small courtyard of Luochen Temple. Lin Kai and He Shiyun chose a hotel. Below this hotel is where the bus stops.

It's very convenient, as long as you go there tomorrow morning, you can leave here in a bus.

Lin Kai and He Shiyun went back to their rooms to rest.

Early the next morning, I took a bus and went to Guangling City first. Then through the online car-hailing, I came to the airport and flew directly to the East China Sea.

He Shiyun happened to be at the Donghai airport in the afternoon and started to work, so he dropped in.

Otherwise, He Shiyun would have to fly to the provincial capital first.

About three and a half hours later, at noon, I arrived at Donghai International Airport.

Lin Kai finally returned to the East China Sea. This trip made him very emotional. Although there was not much gain, the information he received made him excited. Especially knowing that there is another realm exists, which shows that the other realm is definitely different from this place.

According to the extremely beautiful woman in the black robe, that world is extremely vast, with a hundred races contending for hegemony, and thousands of immortals coexist.

Of course, Lin Kai knew that with his current strength, even if he went to another realm now, he would die very embarrassingly.

As a result, Lin Kai's new goal now is to work hard to improve himself, at least to the stage of deity.

At the same time, he has to complete the mysterious mission of the system. According to his inference, the mysterious mission of the system is likely to reward the god-level extraction ability.

The god-level extraction ability that really wants to be rewarded, it can be said that his strength has increased infinitely! Even if it didn't reach the transformation stage, it was very emboldened!

After all, his three demigod-level extraction abilities are so powerful, not to mention the god-level extraction abilities!

Therefore, the new goal, in addition to working hard to improve one's own cultivation base, is also to find a way to complete this mysterious task earlier. In this way, you can get the extraction ability of the **** level earlier, so as to strengthen yourself.
