

Special Forces 1781

Chapter 1781

After arriving at Donghai International Airport, Lin Kai said goodbye to He Shiyun.

Although He Shiyun was also very unwilling to give up, she also understood that Lin Kai still had her own personal affairs, and she also had her own work to be busy. She also told Lin Kai, and waited for Lin Kai when she was not busy.

Lin Kai agreed, which made He Shiyun very happy.

As soon as Lin Kai left the airport, he received a call from Yin Suyan. Mainly before coming back, Yin Suyan asked when he would be back, and he said the time until this point.

So Lin Kai didn't have any surprises about Yin Suyan's call, so he answered it.

Lin Kai knew right away that Yin Suyan was still behind the mountains in the western suburbs of the city, still making movies.

Movies of this level are not online movies, but theater movies on the big screen, so they must be shot for at least two or three months, or even longer.

It's just shooting, and then post-production will be necessary. Editing, special effects, etc., will take longer.

As the saying goes, slow work leads to meticulous work, so Yin Suyan is still shooting there, but Lin Kai is fine.

At this time, Lin Kai and Yin Suyan were on the phone. Although Yin Suyan was in good condition, Lin Kai always felt that Yin Suyan should have something to do.

Lin Kai didn't ask directly, but said that he is now rushing to the suburbs of the west of the city.

Of course, Lin Kai first went to pick up the car from his home, and then began to head towards the western suburbs of the city.

About three or four o'clock in the afternoon, Lin Kai arrived behind the mountain range on the outskirts of the city.

When he came here, he found that Su Qiaoqiao was also here.

It seems that Su Qiaoqiao also came to visit Yin Suyan's class.

It happened that Yin Suyan had just finished filming, and for her today's scene, she went to the dressing room first and took off her makeup.

Su Qiaoqiao directly followed, Lin Kai did not go, he was discussing the current progress with Director Pan.

Lin Kai still has confidence in Director Pan. After all, domestically, one of the most reliable of the well-known directors, if he has no confidence in Director Pan. That is equivalent to losing confidence in all directors in China.

Therefore, Lin Kai is very relieved of Director Pan, but Director Pan thinks that Lin Kai is an investor, and he deserves to report to the investor the current progress and the quality of the shots.

Of course, this is not to allow investors to intervene, but to look at the quality, which should also give investors an explanation.

This is why Pan Dao is very responsible for every detail.

As a result, Lin Kai couldn't refuse anything and asked Pan to direct him to report something.

And on the other side.

Su Qiaoqiao came next to Yin Suyan and couldn't help but smiled and said, "Su Yan, what did I think about the things I said before? Anyway, this matter is actually nothing, and my sister can't do anything, just Lin Kai He agrees. That's why I told you first."

Su Qiaoqiao was actually quite helpless, mainly because the last time Lin Kai saw her and her sister like that, it was the first time since he could remember that he was looked at like that by a man.

In addition, her younger sister Su Mengmeng, who is relatively indifferent, doesn't look good to men, and doesn't want to marry any man. But, if you want a child in the future and don't want to adopt anything, just plan to find a man, not the kind who has feelings, but just give birth to one.

However, Su Mengmeng looked down on other men, and finally fell in love with Lin Kai.

Su Qiaoqiao had to come to Yin Suyan first to explain the situation. After all, as Yin Suyan's best friend, she still has to talk about it, depending on what Yin Suyan thinks.

When Yin Suyan heard Su Qiaoqiao say this, he suddenly rolled his eyes to Su Qiaoqiao, and then he said: "Qiaoqiao, look at what you said. Doesn't it feel a little scary for your sister to have such thoughts? Isn't it? If I were to change it to me, I would definitely curb the horrible thoughts that were cute.

But you, as a sister, not only didn't try to suppress your sister's thoughts, but instead came to tell me this. That's all about it, you still want me to persuade Lin Kai? Don't you know, I don't support this? "

Su Qiaoqiao said helplessly: "I did try to suppress the idea of Mengmeng for the first time. However, afterwards, in the end, I still couldn't say it. I still think it would be a good thing if it is really like Lin Kai. Choice, so..."

Before Su Qiaoqiao could finish, Yin Suyan glanced at Su Qiaoqiao again, and then said: "Qiaoqiao, how are you trying to suppress cute thoughts? It is clear that you have been instigated and now run to me. Is this to instigate me?"

Su Qiaoqiao immediately appeared embarrassed, and then whispered, "Su Yan, I don't mean to instigate rebellion. I just want to see what you think. If it really doesn't work, then forget it."

At this time, Yin Suyan stopped, hummed and said, "That's fine, but I naturally disagree, Mengmeng needs that."

And Su Qiaoqiao shook his head with a wry smile again, and said: "Su Yan, the main reason is that you still don't know Mengmeng, and you haven't touched her much. The reason why I was instigated by

Mengmeng is because, I I have had that kind of telepathic illness with her for so many years. It is clear that if Mengmeng made such a decision, it would be difficult to change anything.

Plus my sister really hates any man, including my father. It was mainly because our father abandoned my mother at the time, which caused my sister to never be close to any man because of some things. But now that I am older, my sister can't get away with all kinds of relatives urging marriage.

So that after my sister met Lin Kai, Lin Kai was the only thing she didn't hate. After all, she treated our sisters for the telepathy from birth to now. That's why I had such an idea. I could understand my sister very well, and I was instigated like that. "

Yin Suyan was silent for a while before hearing this, and then said silently: "If you don't want to adopt, but have to give birth by yourself, you can also test-tube babies. The current technology is still very mature, and there is no need to be like Lin Kai. "

Su Qiaoqiao smiled and said, "That kind of words are still not very good. My sister's main reason is that Lin Kai has also seen her. Therefore, Lin Kai is the best choice, he has to. ."

Yin Suyan glared at Su Qiaoqiao even more when he heard this, and then said: "What does it mean to have to be? Lin Kai has cured your sisters for years of illness. You still have this idea now, It's a good idea, you know?"

In Yin Suyan's heart, it was naturally 10,000 unwilling.

However, although she was unwilling, it was Lin Kai's decision in the end. After all, she was not Lin Kai anymore, and could not care about anything for the time being.

Chapter 1782 Plan!

The reason why Su Qiaoqiao will tell Yin Suyan in advance is also because the two have been good girlfriends for many years.

Therefore, in order to avoid some unnecessary misunderstandings and troubles, Su Qiaoqiao now runs behind the mountains in the western suburbs of the city. The colleagues who are on the exploration class here also talked to Yin Suyan by the way.

At this time, when Yin Suyan said this, Su Qiaoqiao also smiled awkwardly and said, "Su Yan, this is indeed a bit of an inch. But I also know my sister's personality. If I didn't say it, my sister would think too. There are many ways to deal with this situation with Lin Kai. At that time, if Lin Kai is unhappy, it will not be good.

Look at it this way, if you agree, I will plan and plan with you. Su Yan, I can understand you very well, but this matter, if you really don't solve anything, it will really be more troublesome. How about getting Lin Kai drunk and letting my sister go? It won't take long for Lin Kai to forget it. Mengmeng will not happen, any emotional changes. "

Yin Suyan heard Su Qiaoqiao say this, and was a little bit powerless to complain. Su Qiaoqiao really tried his best to help her sister.

She said speechlessly and shook her head, and said: "With Lin Kai's excellence, there is definitely not only one girl who likes him, there must be many more. Anyway, I don't care much about this..."

Before Yin Suyan could say anything, Su Qiaoqiao immediately lit up, and then quickly said: "Su Yan, you can rest assured, but Mengmeng has to be open, so I have to do this for the time being. Mengmeng is also like this for the first time. So there will be no problems."

Yin Suyan glared again, Su Qiaoqiao glanced, and then said: "It is a problem whether Lin Kai can get drunk or not, even if it takes ten thousand steps, even if Lin Kai is drunk. If you know this, take his You will definitely be responsible for your temper. Besides, it's only once, but it's not that easy to have children. Of course, I only agree this time. If there are no children, the second time will never work."

Su Qiaoqiao smiled immediately and said, "Su Yan, it is better for you. Actually, I have already forgotten it. These days are relatively safe days for cuteness, so there is still a high probability. You can rest assured. , I can definitely do it once."

Yin Suyan heard this and suddenly didn't know how to say it. This was too well prepared in advance, and even this was taken into consideration.

Su Qiaoqiao was actually quite embarrassed, but her younger sister had to tell her a lot, so she had to bite the bullet and think of a solution.

Who made her, only such a sister, can only consider everything in place, and it will be realized in the end.

When Lin Kai got here, he was taken out by Pan Dao.

So that Su Qiaoqiao didn't see Lin Kai coming, so she chased Yin Suyan into the dressing room.

At this time, Yin Suyan started to remove makeup first.

But Su Qiaoqiao continued to speak: "Su Yan, has Lin Kai come back? Is it still in Shenling City? If I'm still there, I will take Mengmeng directly to Shenling, and think about something more. The way. If you come back, that would be great."

Yin Suyan glanced at Su Qiaoqiao whitely, and said silently: "You are really anxious. Two days ago, you started to ask if Lin Kai had come back or something. I was still wondering at the time. You asked Lin. What is going on, I only know now, it turned out to be for this.

Lin Kai returned to the East China Sea today, just a few hours ago when he got off the plane. Before Lin Kai was about to get on the plane, I told Lin Kai just because you seemed to be in a hurry, and when I got off the plane, I called him directly. So a few hours ago, I called Lin Kai. He should also know that I have something to do, so he rushed towards me. "

As Yin Suyan was talking, the door rang.

Since Yin Suyan has not many scenes today, she can leave after filming, and other people's scenes are still being filmed, so she and Su Qiaoqiao are the only ones in the dressing room.

Now hearing the knock on the door, Yin Suyan and Su Qiaoqiao both looked over, and their eyes suddenly lit up.

Because the person here was Lin Kai, after Director Pan finished speaking, Director Pan also informed Yin Suyan that the scene was over today, in the dressing room.

So Lin Kai came over.

Before Lin Kai could say anything, Su Qiaoqiao was the first to react, and then smiled at Lin: “Lin Kai, I just listened to Su Yan’s words. When you weren’t here for two days, Su Yan still I miss you very much. I am planning to go out to drink and so on, to pick up the dust for you. I agree with Su Yan’s proposal. What do you think?”

Lin Kai didn’t think anything wrong, but smiled and said, “I’m fine, just discuss it with you.”

Lin Kai said, walking next to Yin Suyan, and couldn’t help asking Yin Suyan: “Before boarding the plane, you seemed to have something important to tell me. When you got off the plane, you didn’t say it, so Su Yan, it was. Is there something?”

Yin Suyan glanced at Su Qiaoqiao first, and Su Qiaoqiao immediately gave Yin Suyan a suggestive look, as if saying to Yin Suyan, don’t let it out.

Yin Suyan had no choice but to curl his lips and said: “It’s okay, it has been resolved.”

With Lin Kai’s keenness, how could he not see that there was something wrong between Su Qiaoqiao and Yin Suyan? Of course, he could also see that although there was something wrong between the two, it was not a serious matter.

It looks more like a little conspiracy.

Therefore, Lin Kai didn’t ask anything directly, but waited for Yin Suyan to finish removing his makeup.

Yin Suyan actually doesn’t need much makeup, just a light makeup, mainly headwear, and hairstyles, just restore it.

So there is no need to wait too long. After about ten or twenty minutes, Yin Suyan will be ready.

Then Lin drove the car and headed to a well-known Qingba in the East China Sea with Yin Suyan and Su Qiaoqiao.

Yin Suyan and Su Qiaoqiao naturally dressed up in disguise to avoid being recognized.

As the goddess of the nation, Yin Suyan has countless fans, and is also frequently searched on TV and on the Internet. If he doesn’t dress up, he specifies that he will make the headlines tomorrow.

And Su Qiaoqiao, although only a drama actor, can also be regarded as a well-known Internet celebrity. There are also many fans on the Internet. In addition, there has been some news on the Internet that she is Yin Suyan’s best friend, and it will also attract a lot of attention.

As a result, the two still have to be fully armed.

Lin Kai has become accustomed to this. After the three of them came to this bar, they entered the box that had already been reserved.

This box is a medium box, not so narrow or wide, but the lights in it look a little dim.

Chapter 1783

At this time, the waiter came in and asked what he needed.

The waiter saw Yin Suyan and Su Qiaoqiao, although they looked fully armed, but in terms of their figures, they were still very good. He was very curious about the faces under the sunglasses and masks.

It's a pity that even after waiting for the order, the waiter didn't see Yin Suyan and Su Qiaoqiao, and took off his sunglasses and masks.

Even though all the things we waited for came up, the waiter still didn't see the two of them take it off.

But the waiter didn't dare to look at anything more, and after putting everything on top, he withdrew from the box.

No one dared to come in without Lin Kai's call from a few people.

Therefore, in this situation, Yin Suyan and Su Qiaoqiao dared to take off their sunglasses and masks.

But in order to avoid someone breaking in, someone really broke in and saw Yin Suyan and Su Qiaoqiao drinking with Lin Kai.

Don't mention the headlines of the day. In the next week, the Internet will be very popular because of this.

As for why it is a week, it is because the network only has seven days of memory time.

After a few days, they often don't pay attention to anything, unless they are particularly concerned.

In order to avoid this situation, Su Qiaoqiao deliberately locked the door of the box.

At this time, the small table was filled with all kinds of wine.

Naturally, Lin Kai did not order this. Yin Suyan originally ordered a few bottles of wine there, but Su Qiaoqiao felt that it was not enough, so he ordered a dozen more bottles, some of which were white, red, and beer.

There is even a kind of special wine, that is, wine that can make men and aphrodisiac, they are all ordered.

Lin Kai was very surprised. He didn't understand Yin Suyan and Su Qiaoqiao, what kind of medicine were sold in the gourd, and all kinds of wine were ordered.

Facing Lin Kai's doubts, Su Qiaoqiao had no choice but to explain: "Lin Kai, mainly because I have known each other for a while, and I hadn't had a chance to drink it once before. As the so-called feeling is deep and bored. I am Yin Suyan's best friend, so I still have to drink it. What's more, the last time you saved me and my sister, I should drink it with you. Thank you very much!"

It sounds reasonable, but how can Lin Kai not hear it? They are all excuses.

But he still couldn't understand why Su Qiaoqiao was doing this. Knowing that Su Qiaoqiao really wanted to drink, he reluctantly said, "Okay, I really didn't drink it well. Then follow your instructions. Slowly. Drink slowly. Of course, when you drink, you still have to be modest and don't be greedy."

He said this not because of himself, after all, he is a cultivator, unless it is the wine of the cultivator, can he get drunk. Naturally, he can't get drunk with this kind of ordinary alcohol. It can even be said that just like drinking water, he can absorb the alcohol instantly.

He also said so, because he was worried that Su Qiaoqiao and Yin Suyan would not be able to drink, and it would be bad if they drink too much.

In addition to these wines, there are also many snacks and the like.

At this moment, Su Qiaoqiao continued: "Lin Kai, if it's pure drinking, it would be more boring. So let's play some drinking games or something. Su Yan and I are on the side, and you are on your own, how about?"

Yin Suyan didn't say anything. He just ate a slice of watermelon first. It seemed that he wanted to be a melon-eating crowd, silently watching Su Qiaoqiao, where he routinely went to drink constantly.

In fact, Yin Suyan couldn't help muttering in her heart, she suspected that Lin Kai would not be drunk, because when Lin Kai had dinner with Lin Kai last time, Lin Kai also drank a lot of alcohol, but there was no response. It's like drinking boiled water.

Of course, Yin Suyan was not sure. Deep down in her heart, she also hoped that Lin Kai would never get drunk.

Although Lin Kai didn't know what kind of trick Yin Suyan and Su Qiaoqiao wanted to play, he also knew that there was nothing malicious in it.

So, he smiled and said: "Okay, then what little drinking game to play?"

Moreover, Lin Kai didn't have much to do at night, so he planned to take a good rest for these two days, and think about some plans.

For example, how to trigger the mysterious mission of the system, he will consider tomorrow, and return to the ancient tomb in the East China Sea.

The ancient tomb is still being excavated. In fact, the entire tomb is quite large and there are many unearthed cultural relics, so it will not be possible to complete the excavation in a short while.

Therefore, Lin Kai now has free time here.

At this time, Su Qiaoqiao thought for a while before saying to Lin Kai: "Just be simple and rude, the most direct, just shake the dice. If Su Yan and I win, you will either drink a bottle of beer or drink. Half a bottle of red wine, or one-fifth of white wine. If Su Yan and I lose, we will each have a glass. After all, Su Yan and I are both girls and the amount of alcohol is average. How about?"

The cups in front of Su Qiaoqiao and Yin Suyan are actually small cups that resemble disposable paper cups.

And Lin Kai either drank a whole bottle, or half or one-fifth.

Don't look at one-fifth of the liquor, but this liquor has a somewhat high degree.

In fact, this is totally unfair.

Yin Suyan couldn't help but rolled his eyes at Su Qiaoqiao. It was too unfair.

If this is the case, she suspects that Lin Kai is really likely to be drunk. After all, this kind of gameplay, no matter how good the alcohol is, can't survive this kind of unequal drinking.

At the same time, Yin Suyan was also complaining in her heart, her own girlfriend, in order to make her sister, started such a routine.

Lin Kai didn't have much, mainly drinking, which really didn't feel much to him.

He continued: "Yes, but I saw that there are a few special bottles of wine. How should I drink those special bottles?"

Those special bottles of wine are naturally the kind of wine that can be aphrodisiac.

Lin Kai didn't really want to ask, but was curious about what Su Qiaoqiao wanted to do.

This kind of wine, for Lin Kai, is equally useless.

Su Qiaoqiao heard Lin Kai and asked about these special bottles. Naturally, she and Yin Suyan could not drink this kind of wine.

Because the protagonist tonight is not her and Yin Suyan, but her sister Su Mengmeng.

As a result, Su Qiaoqiao thought for a while, as if thinking of something, he quickly laughed and said: "Well, there are no singing in the box. It is quite boring to just play dice, so I occasionally sing and sing together. This reduces boredom. For this special wine, I think it's better to sing together and let me drink it.

The singing system here is the same as KTV. After singing, there will be a score. Among the three, whoever has a low score in singing will drink half a bottle of this special wine first. Everyone has no opinion, right?"

Chapter 1784

Yin Suyan was speechless and couldn't help but praise his best friend Su Qiaoqiao, she was really a little clever ghost.

She doesn't need to say much. She is not only a actress, but also a top-notch celebrity in terms of singing.

To be precise, she is also a real singer. She has been on a singer show. The professional singers all commented that her singing voice was kissed by an angel.

So in this situation, Lin Kai is naturally no match for Yin Suyan. Not to mention Lin Kai, even most professional singers, in front of Yin Suyan, it is possible that Yin Suyan's score is not as high.

As for Su Qiaoqiao, although he is an actor in a stage play, it is precisely because he is an actor in a stage play, his singing skills are not weak, and even in some aspects, he is more professional than Yin Suyan.

Because stage plays include musicals and musicals, you must be able to sing, dance, and more importantly, act.

Why do talented actors always perform dramas and the like, just to polish their acting skills.

And Su Qiaoqiao specializes in musicals and musicals, so she is also very good at singing, and many of them are bel canto. The difficulty of Bel Canto is comparable to that of popular songs, so I don't know how many times it is harder.

As a result, it is basically impossible for Lin Kai to compare Yin Suyan and Su Qiaoqiao's words, unless Lin Kai's singing is the one that truly exists at the top.

Therefore, Yin Suyan became a little sympathetic to Lin Kai for Su Qiaoqiao's proposal. Didn't this tell Lin Kai to drink that special wine directly?

Lin Kai's singing is average, but a little better than ordinary people. So he is not confident to win Yin Suyan and Su Qiaoqiao, this is a fact that he still has to admit.

So Lin Kai couldn't help but shook his head and smiled: "Although Su Yan has released two albums, each album has sold millions of copies, which is the top level in China. Every song in it is also spread. How can I compare with the two of you in the streets and alleys, this kind of I will definitely lose."

Su Qiaoqiao seemed to know Lin Kai and would say so, and then immediately continued: "Su Yan sings very well, and most people in the country know it, so there is no need to compare with Su Yan. I am different, don't look at me. I'm a stage actor, but my worst part is singing, and in the end I compare with me."

While talking, Su Qiaoqiao glanced at Yin Suyan to the effect that she should not reveal her details.

After all, although she herself said that the worst in stage play is singing, but even the worst is a lot of professional singers.

Su Qiaoqiao is a nationally certified first-class drama actor, and his abilities in all aspects are naturally top notch. So, even if Su Qiaoqiao is the bottom in singing, it is better than many professional ones.

Yin Suyan understands this very well, and the hint to Su Qiaoqiao is even more speechless. Isn't this bullying?

In order to get Lin Kai, Su Qiaoqiao agreed to the matter first, and then hurriedly said: "What I said is indeed true. I am the bottom of my singing. Moreover, this is scored by a machine, which is rigid. Besides, the machines here are definitely not very professional. As long as your tunes are right, you can give a high score. In fact, the two of us are almost the same."

Su Qiaoqiao said so, Lin Kai nodded and said: "Yes, then just say it."

Mainly, Lin Kai didn't care, no matter what kind of wine it was, it didn't matter to him.

Ever since, I then clicked a song for each one, and sang in turn, singing first before playing the others.

The first one to play was Yin Suyan. As the goddess of the nation, Yin Suyan was able to act as a queen. Singing is also at the queen level, and the sales of albums sold are one of the hottest in the past ten years.

Although it is one of them, there are actually not a few albums that can be played.

I have to say that Yin Suyan is worthy of a queen-level singer, and he sang a song casually, even if the system here is rigid, it also gives a perfect score of 100.

When the song was over, Su Qiaoqiao praised the 100 perfect scores: "Su Yan, you are worthy of you. When you were in school, you were the most powerful singer on our campus. After successfully setting foot in the entertainment industry, In the singing world, I also do my part."

Even Lin Kai nodded secretly. It was the first time he was on the scene and heard Yin Suyan singing. He had to say that it was a kind of enjoyment.

Next is Su Qiaoqiao to sing. Su Qiaoqiao sings a song that combines popular style and drama, which also gives full play to her advantages.

As soon as Su Qiaoqiao exited, it was very extraordinary, and the voice of the opera was very beautiful, which directly made people get goose bumps.

To say that this kind of opera sound is definitely better than Yin Suyan, but when it comes to popular singing, it will be no better than Yin Suyan.

Of course, it is normal to be less than Yin Suyan, but it is still very good.

After a few minutes, the song was finished, and the system gave a high score of 98 points. It can be said that this is also perfect. Most people, no matter how they sing, can't reach this height.

Finally it was Lin Kai's turn. At this time, both Yin Suyan and Su Qiaoqiao were looking forward to Lin Kai singing.

Yin Suyan expected Lin Kai to sing because she wanted to hear how Lin Kai sang.

What Su Qiaoqiao expected was that after Lin Kai finished singing, he had to drink that special wine.

Let's see how Lin Kai reacted after drinking it. The best is the kind, you can get drunk directly, otherwise, there will be trouble later, she wants to solve the matter as soon as possible to avoid any accidents.

But Lin Kai did not disappoint, because his singing was really mediocre, only in his early sixties, barely passing the pass.

Among the three, his score is the lowest.

So that Lin Kai had to drink that special wine.

Lin Kai could already guess that Su Qiaoqiao and Yin Suyan wanted to get him drunk. He was very curious about what Su Qiaoqiao and Yin Suyan were thinking after getting him drunk.

Lin Kaidor was so cool, so he drank half a bottle of that special wine first.

It's just that Lin Kai can't get drunk, unless he wants to get himself drunk, then he can let his true energy get out. In that case, it will definitely make him drunk.

What also disappointed Su Qiaoqiao was that Lin Kai drank the half bottle of special wine without any drunkenness.

Su Qiaoqiao had to play with Lin Kai, and continued to play the game of rolling the dice, occasionally singing.

In this way, Lin Kai was so routine that he probably drank a dozen bottles.

Lin Kai became more curious and pretended to be drunk now.

Chapter 1785 is helped to the hotel

At this time, Lin Kai deliberately let himself be in that kind of already drunk state, full of alcohol, and his complexion flushed.

Then, looking dazed and dizzy, he leaned back on the sofa and fell down like a drowsy sleep.

Seeing Lin Kai's drunk state, Su Qiaoqiao was finally drunk, and secretly breathed a sigh of relief. She was also worried just now that under her constant routine Lin Kai, Lin Kai had already drunk a dozen bottles of wine, red and white, and even special wines, all of which had drunk two bottles.

When she saw that Lin Kai was fine, she was a little anxious, thinking that Lin Kai was the kind of Bacchus who can't pour a thousand cups. It is estimated that the stamina of the wine has come, and now it has caused Lin Kai to fall drunk.

So Su Qiaoqiao breathed a sigh of relief. At the same time, she couldn't help but smiled at Yin Suyan: "Su Yan, the person you are looking for is really good. This is too drunk. It's not easy to get drunk now. Su Yan, hurry up, help me to help Lin out the door. Don't wake up from the wine then, we will go to the hotel now. I will also speak to Mengmeng and let Mengmeng solve it quickly."

Su Mengmeng is naturally also in the East China Sea, and is still in a nearby hotel.

Otherwise, if Su Mengmeng wasn't here, it wouldn't make any sense to do so.

Yin Suyan kept rolling his eyes, and said, "I said Qiaoqiao, you are also true. Are you not murderous? You also asked me to take Lin Kai and send Lin Kai to your sister's bed. If I were Doing this, then I definitely have a problem."

However, Yin Suyan and Su Qiaoqiao eventually took Lin Kai, who was pretending to be drunk, out of this bar and headed to a nearby hotel.

Mainly, Yin Suyan felt that she had agreed to Su Qiaoqiao, and she felt crazy enough and problematic enough, so no matter how crazy it is, no matter how problematic it is, it seems that there is nothing wrong with it.

Thinking like this, I had to take Lin Kai with Su Qiaoqiao to the hotel.

But Lin Kai wanted to see what Su Qiaoqiao and Yin Suyan had planned for him.

If it is really a big drunk man, two delicate women, it really may not be able to lift it.

Even if it is a drunk woman, it will be very important to ask a big man to carry it.

So in order to let Yin Suyan and Su Qiaoqiao help him away more conveniently, they deliberately didn't let Yin Suyan and Su Qiaoqiao feel any pressure and let them relax a lot.

Otherwise, it is impossible for Yin Suyan and Su Qiaoqiao to take Lin Kai away.

Since Yin Suyan and Su Qiaoqiao had no experience in this aspect, they thought that if they both supported Lin Kai together, although it was a bit difficult, they could still help Lin Kai.

In this way, Yin Suyan and Su Qiaoqiao helped Lin Kai from left to right.

Yin Suyan took Lin Kai's car key and drove Lin Kai to the hotel.

This is because Lin Kai knew that this happened, so when he was drinking, he deliberately said that, if he was drunk, he would take his car key and drive him back.

Lin Kai didn't think that Yin Suyan and Su Qiaoqiao were going to send him back.

But I don't think that Su Qiaoqiao and Su Qiaoqiao have any malice towards him, or there are other things, which is the kind of thing that is difficult for him to speak.

Just like this, Lin Kai was very curious about what the two of them wanted to do, so they were deliberately so drunk.

If they weren't so drunk, Yin Suyan and Su Qiaoqiao would definitely have to do some tricks on him and continue to drink.

In order to avoid all kinds of troubles and waste any time, it is better to fall down by yourself and act as if you are drowsy and fall asleep.

Sure enough, as he expected, Yin Suyan and Su Qiaoqiao soon took him out.

Not long after, about five or six minutes later, the car stopped in a hotel parking lot.

Although this hotel is not a five-star hotel, it is also a four-star high-end hotel, so the privacy aspects and various aspects are still quite good.

Soon, Yin Suyan and Su Qiaoqiao worked together to get Lin Kai out of the car again and brought it into the hotel.

If it hadn't been for Lin Kai to lighten himself a lot, even if the two of them worked together, they wouldn't be able to lift him at all.

A few minutes later, after getting on the elevator, I came to the door of a room.

Su Qiaoqiao directly took out a room card, swiped it at the door of the room, and opened it.

This room was opened by Su Qiaoqiao, and Su Mengmeng was in another room in the hotel.

This is mainly to make Lin Kai wake up, don't have any doubts. And also to avoid some embarrassment. Although Su Mengmeng had made up his mind so boldly, it would definitely be embarrassing if it was in front of Yin Suyan or his sister Su Qiaoqiao.

Therefore, under these two reasons, Su Qiaoqiao took Lin Kai to his locked room in this hotel.

Soon Yin Suyan and Su Qiaoqiao, all panting, finally put Lin Kai on the bed.

In this case, Yin Suyan and Su Qiaoqiao are so tired, it can be foreseen that if Lin Kai didn't let themselves lighter, wouldn't the two of them have to give up on the spot to help Lin Kai.

Lin Kai at this time was even more curious, so he sent him to the hotel to rest? No, if that's the case, there is absolutely no need to be so troublesome and mysterious.

He could hear that although Yin Suyan and Su Qiaoqiao had been talking incorrectly during this period, in Yin Suyan's words, he could still hear Yin Suyan's strange emotions. Anyway, all kinds of complex emotions.

At this time, Su Qiaoqiao did not hesitate, and began to call his sister Su Mengmeng. After a while, Su Qiaoqiao dialed Su Mengmeng's phone.

So Su Qiaoqiao said, "Mengmeng, things are done, you can come here quickly. Yes, don't worry, Lin Kai is drunk now, it's the unconscious person, you can come here quickly."

After Su Mengmeng finished asking, she immediately hung up, without any hesitation.

At this moment, Su Qiaoqiao hurriedly faced Yin Suyan and said: "Su Yan, we are going out now, is it possible that you are still here?"

Su Qiaoqiao was also worried about Yin Suyan, and suddenly regretted it. It was embarrassing not to allow that.

Yin Suyan had indeed regretted it a bit, but he really saw Lin Kai and was really unconscious. However, she had agreed to Su Qiaoqiao early, and she was very helpless, so she had to follow Yin Suyan and quickly left the room.

When Lin Kai heard that the door of this room was closed.

Lin Kai, who had been unconscious on the bed, suddenly opened his eyes, his face was filled with consternation, and he himself looked a little dumbfounded.

Chapter 1786: Conspiracy

Even though Lin Kai had experienced many things, this time was the most outrageous.

He can naturally hear the conversation between Su Qiaoqiao and Su Mengmeng just now, and he can also hear Su Mengmeng's questioning.

This question and answer, combined with the previous words between Su Qiaoqiao and Yin Suyan.

Lin Kai finally knows, Su Qiaoqiao and Yin Suyan, the reason why they routinely used him, after getting him drunk, then helped him into the hotel, what is it for?

Now he finally understands a little bit. It turns out that Su Qiaoqiao's sister Su Mengmeng wanted to get drunk through him and then **** him?

The reason why Lin Kai had to put a question mark was because he thought he had misheard or guessed something wrong.

After all, this matter is too magical, how can it feel a little unreal.

Moreover, Yin Suyan was also involved, which made Lin Kai even more surprised.

If it is really what he guessed, then what does Su Mengmeng want to do?

In fact, the most important thing is that on the way, the system released a very weird task. Although the reward is only the gold extraction ability, the gold extraction ability is still quite special.

The special is special, it can be very useful sometimes, and it is often used.

Of course, when used frequently, the effect is slightly better. However, it is very useful in extraordinary times.

It's just that the system didn't write any specific tasks. Lin Kai discovered that since the mysterious task was released, the system became mysterious, always giving more inexplicable tasks.

But by the way, the rewards of these inexplicable tasks still make him very excited.

Just as Lin Kai was thinking about it, the door of the room at this time heard the sound of being opened.

Soon the door was closed again, and it was obvious that someone had walked in.

Lin Kai immediately returned to his previous drunken state, but he wanted to see what was going on before making plans.

Lin Kai also sensed that it was Su Qiaoqiao's Su Mengmeng who came over.

It was indeed Su Mengmeng who came in, and Su Mengmeng was in a professional suit.

Su Mengmeng first glanced at Lin Kai on the bed, and saw that Lin Kai was drunk and unconscious, he was relieved, and then took off his coat without hesitation, and then went into the bathroom to take a shower.

Ten minutes later, Su Mengmeng came out wearing a bathrobe after washing.

Although he was only wearing a bathrobe, his figure was completely outlined.

Su Mengmeng seemed to have made up his mind, without any hesitation, and went straight to the bed.

When she was about to move Lin Kai, Lin Kai opened her eyes, then looked at Su Mengmeng speechlessly, and said, "I understand a word, boys should be careful outside."

When he heard this, Su Mengmeng was shocked when he saw Lin Kai awake again, and at the same time she was shy and shy at the same time.

After that, Lin Kaize and Su Mengmeng had a good heart-to-heart talk, thinking that Su Mengmeng's behavior was wrong, and also said that the idea was still too extreme, so Su Mengmeng changed back to this dangerous thinking.

Don't just do things you don't like just because of other people's remarks, and have your own pursuits, instead of being reduced to this kind of machine.

After listening to Lin Kai's words, Su Mengmeng nodded heavily after being silent for a while. In the end, he obviously recognized Lin Kai's words and realized that he was doing this, which was indeed not quite right.

At the same time, Lin Kai talked to Su Mengmeng about other things.

In short, Lin Kai wanted to make Su Mengmeng never do such silly things again.

Of course, in order to make Yin Suyan and Su Qiaoqiao, don't have any doubts. An hour later, Su Mengmeng left the room.

Lin Kai stayed here all night.

He also asked Su Mengmeng to keep it secret, not to mention that he woke up.

Mainly Lin Kai, like punishing Yin Suyan, who made Yin Suyan also participate.

He also understood that Yin Suyan himself was opposed to this kind of thing. However, in the end, he was persuaded and even became an accomplice.

Therefore, Lin Kai deliberately did this to make Yin Suyan fall into such jealousy and punish him, otherwise he would sell him like this in the future, but it would be bad.

What made Lin Kai even more surprised was that the next morning, the system showed that he had completed the task of rewarding the ability to extract gold.

It's that the task that seems to be rewarding the god-level extraction ability is still in the first stage, and the second stage is still questioning and needs to be triggered.

Originally, when Lin Kai got up now, he planned to go to the ancient tomb in the East China Sea.

Today, there are many archaeological experts who excavate the ancient tomb there.

Since Lin Kai solved the woman with a snake-headed body in the tomb, there was no evil spirit inside. Although there are still some undissipated evil spirits, it can no longer affect anyone.

Those archaeological experts were also very grateful to Lin Kai.

Lin Kai has already contacted one of the archaeological experts, and he can go there anytime.

Don't say go there to have a look, there is no problem staying there every day.

It's just that when Lin Kai was about to go out to the ancient tomb, Yinshen sent a message saying that he was not in the East China Sea for the past few days.

Yinshen has been staring at Leiyuan Group and discovered that Leiyuan Group has a mysterious client recently.

Yinshen believes that the mysterious client seems to be having some unknown hookup with Leiyuan Group.

After Lin Kai saw the information from Yinshen, he immediately decided, or first, which of Leiyuan Group's mysterious client would be.

Although in these days, Lin Kai used his own soul, which is equivalent to taking away Wei Shifeng, the high-level Leiyuan Group.

But these days, Lin Yuan took the group of high-level members of the Leiyuan Group, and didn't know where they were. First, he discussed with the hidden family in Shenling for a while, and seemed to be discussing something big.

Then, he went to another mysterious force without stopping.

In short, Lin Yuan seemed to be conspiring.

However, Wei Shifeng is currently only managing the daily operations of Leiyuan Group, and he doesn't know the real inside story.

So Lin Kai didn't let his soul occupy Wei Shifeng's body anymore, because that was meaningless.

The mysterious client of the Leiyuan Group sent by Yinshen is currently working with a middle-level member of the Leiyuan Group.

The reason why Lin Kai attracted attention was that this mysterious client was an ordinary tribe from that hidden family.

Lin Kai could still recognize this.

When he was in Shenling, before the three provinces were preparing to compete, they had already shown him information about other forces.

It's just that the competition was postponed, so I only know the information, but don't know the specifics. That's why Lin Kai can recognize it at a glance.

Chapter 1787

So now Lin Kai saw that after the hidden **** sent that person's message, he seemed to want to steal something.

Therefore, he did not hesitate and decided to deal with this person first.

So that after Lin Kai left the hotel, he confirmed the person's current location based on the information of Yinshen's investigation.

But before that, Lin Kai arrested a person, named Ding Yiwei, who was in charge of a project in charge of the health city in the western suburbs of the city.

Quite simply, Ding Yiwei was lured by that person and made some betrayal.

Ding Yiwei will be in a bar, waiting for the person to arrive, and that person will often give him enough benefits and then sell his life for him.

And that person would also come to the bar and meet Ding Yiwei to conduct a transaction.

Lin Kai would not let this Ding Yiwei do this kind of thing, so he caught Ding Yiwei the first time.

But it also gave Ding Yiwei a chance to make up for his mistakes and let him lead that person out.

When night fell, Ding Yiwei brought Lin Kai to the bar.

Lin Kai was sitting in a corner, just like the other guests, pretending to drink while watching the surroundings.

Naturally, Ding Yiwei was not with Lin Kai. After all, Lin Kaizhen and Ding Yiwei were with him, so that person might not be here.

At this time, Lin Kai's cell phone rang, a message from Ding Yiwei.

"Mr. Lin, generally speaking, Shangguan Cong will appear between 7:30 and 8:30 in the evening, and it's almost nine o'clock now, and he hasn't shown up yet. I wonder if it's that Shangguan Cong, who is wary, or something like that. I noticed something wrong."

Shangguan Cong in Ding Yiwei's news is the one from the hermit family. The hidden family is the so-called Shangguan family. It has a lot of origin.

In fact, Ding Yiwei is quite frightened, mainly because he also knows Shangguancong's ability and has a kind of fear for Shangguancong. Of course, he has seen Lin Kai's abilities today, and he is even more afraid of Lin Kai.

That's why Ding Yiwei had to help Lin Kai lead Shangguan Cong.

But if Shangguan Cong did not come, if he was alerted by Shangguan Cong, and Lin Kai did not catch Shangguan Cong, then he would be in danger.

For him, whether it was Lin Kai or Shangguan Cong, he could kill him at any time.

He also regretted it very much. He had known that he would have done that kind of thing not for the benefit of that point. Otherwise, it would not be the situation it is now.

Ding Yiwei really wanted to sneak away, but he understood that Lin Kai was powerful, even if he slipped away now, he would be arrested soon, and it might even be very miserable.

To avoid this, Ding Yiwei had to bite the bullet and stay here.

Lin Kai also replied to Ding Yiwei, saying: "Wait patiently first, it will always show up."

Lin Kai's affirmation was also because the message given by Yinshen explained the purpose of Shangguan Cong. The above Guan Cong's current progress must definitely need to come to Ding Yiwei.

Of course, it does not rule out that Shangguan Cong has noticed something wrong.

In other words, that Shangguan Cong also came from the hermit family, and he was definitely an extraordinary person.

Lin Kai had to let Ding Yiwei come to draw this Shangguan Cong.

I have to say that Shangguan Cong is indeed a bit capable.

The next moment, Ding Yiwei sent another message, saying that just now, although Shangguan Cong did not show up, he was using someone else's phone.

Shangguan Cong asked Ding Yiwei to change to another place. Without giving any reason, he just asked Ding Yiwei to go to the next place.

Obviously, it was Shangguan Cong who noticed something wrong, and that made Ding Yiwei change his place.

Lin Kai squinted his eyes slightly, unexpectedly that Shangguan Cong was quite vigilant, and he didn't even give Ding Yiwei the reason. He just said to change places.

Ever since, Lin Kai immediately replied to Ding Yiwei and asked Ding Yiwei to follow that place.

He can just follow Ding Yiwei.

Lin Kai wanted to follow a person silently, without being noticed by others. It couldn't be too simple.

In the Luochen Temple and Wuwang Hall in Yunshang Ancient City, let alone Abbot Huiying, even the bronze statue of Bodhisattva did not notice the existence of Lin Kai.

Otherwise, if Lin Kai's existence were really discovered, it would definitely not be the last one, it would definitely be that Lin Kai had been wary of it a long time ago.

So now, Lin Kai started to follow Ding Yiwei.

Before long, in a slightly remote corner, a man in black suddenly appeared.

As soon as the man in black appeared, he pulled Ding Yiwei and quickly left the place.

Lin Kai frowned when he saw the man in black. Although the man in black was disguising himself as he was fully armed, he still clearly saw that the man in black seemed to have a third eye on his forehead.

"This person is the Shangguan Cong?"

Lin Kai was puzzled. In Yinshen's message, he did not mention that Shangguan Cong had the third eye of life.

With such doubts, Lin Kai immediately followed the man in black.

Even though the man in black was a little weird, he still couldn't notice the existence of Lin Kai.

Ding Yiwei was shocked by the sudden appearance of the man in black, and temporarily fainted.

When the man in black brought Ding Yiwei to a more remote place, he threw Ding Yiwei on the ground.

At the same time the man in black began to wake up, this Ding Yiwei.

The way to wake Ding Yiwei was still very unique, because under the black man was a snake's tail, and he flicked Ding Yiwei's face with the snake's tail.

Of course, just throwing it away, the man in black put away the tail of the snake.

It happened that Ding Yiwei woke up, and did not see the snake tail of the man in black.

Instead, he saw the appearance of the man in black and suddenly said, "It turns out that it is brother Shangguan Cong. You suddenly appeared just now. It seems to see your forehead. Why do you still have a third eye? It should be that I had hallucinations after drinking too much. I was scared."

However, Shangguan Cong didn't say much, but directly addressed Ding Yiwei and said: "Did you expose something? When I was about to enter this bar, I could sense a breath, exuding a burst of energy. This energy is not something I can contend with, you can honestly explain, otherwise you should know my means."

Shangguan Cong was indeed from the Shangguan family. To be precise, he was not a real Shangguan family member, but was picked up.

No one knows, his true identity is a snake monster.

Even people from Shangguan's family don't know.

The reason why I came here in the East China Sea was because Shangguan Congcong, members of the Shangguan family and a group of people from the East China Sea were talking.

I learned that Lin Kai, and there are suspected dragon veins in the mountains on the outskirts of the city.

He explained to the Shangguan family that when he came to the East China Sea, he actually wanted to see if there were any dragon veins in the western suburbs of Donghai City.

Chapter 1788

So Shangguan Cong first found the suburbs in the west of the city.

Under his observation, there are indeed dragon veins in the mountains.

However, surveillance is everywhere there, so he can't just break in directly.

You can only use human means, and then buy the person in charge there first.

Shangguan Cong took a fancy to Ding Yiwei, and he gave Ding Yiwei some benefits.

For example, Ding Yiwei, took him into the mountains. Another example is to inquire about Lin Kai's news, by the way, to inquire about the layout of Lin Kai's home, it seems that he wants to steal something from Lin Kai's home.

Originally planned to act tonight, but he still had to confirm some things with Ding Yiwei. But as soon as he stepped into the category of the bar, he felt an unusual taste.

Shangguan Cong is not a human being, but he has some secrets of his own, allowing himself to be disguised as a human being. So for so many years, no one has been able to discover his secret, unless he reveals it himself, otherwise, no one can see it.

At the same time, he is also very sensitive to some breaths, especially some unfamiliar breaths.

In that bar, Shangguan Cong is already very familiar with him. He can judge whoever enters the bar through his breath. Those who enter the bar, who are regular customers, and who are here for the first time.

Just like this, Shangguan Cong was keenly aware of a breath that left his heart lingering in the breath of several first visits to this bar.

Normally, even people from the Shangguan clan, no one would let him reveal this kind of lingering oppression.

In order to be cautious, this is Shangguan Cong.

In fact, Shangguan Cong had a bigger plan, and Ding Yiwei was just his first pawn.

So it hit Lin Kai's head.

At this time, Ding Yiwei still drank a lot of alcohol in the bar, and after a while, he was still a little drunk.

However, Ding Yiwei still kept a little sober and said, "Isn't there something wrong? Isn't it the same as usual? If you say something is wrong, it is you who are not right. You only sent me a message after half an hour late. Normally, it's all the same. Send me a message around eight o'clock and then enter the bar.

Not only are you late now, which caused me to drink more wine. He even asked me to change to another place, but before I reached that place, you suddenly appeared and took me away. What are you trying to make? "

Secretly Lin Kai nodded slightly when he heard Ding Yiwei's words. Although Ding Yiwei was a little drunk, he didn't say anything.

He didn't show up now, but mainly wanted to see what Shangguan Cong was.

In the eyes of others, this Shangguan Cong is like a normal human being. However, in Lin Kai's eyes, this Shangguan Cong seemed to have become a snake and became a human being.

At this time, the Shangguan Cong responded: "What I arranged for you must not be leaked out. If things are done well in the future, it will not only give you hundreds of thousands of yuan, but even a million yuan a day. Question. The premise is that you work hard for me."

Hearing Shangguan Cong's words, Ding Yiwei's eyes lit up inexplicably, and then he smiled: "Really? Can you make one million a day? Tell me, what's the plan tonight?"

When seeing Ding Yiwei like this, Shangguan Cong nodded with great satisfaction. This is the attitude Ding Yiwei should have.

For people who are greedy for money, as long as they have given enough benefits, they will definitely handle things for you.

So next, Shangguan Cong secretly spoke for a while in Ding Yiwei's ear.

After speaking, this Shangguan Cong immediately followed, and said to Ding Yiwei: "If you manage this matter well, one million a day is not a dream at all, so you should finish it well."

After Shangguan Cong finished speaking, he took the lead to leave here.

Lin Kai didn't chase after Shangguan Cong or anything. He was beside him, listening to Shangguan Cong's arrangement for Ding Yiwei, it was clear.

Wait a minute, Ding Yiwei and Shangguan Cong still have to meet again.

So Lin Kai was not in a hurry, but showed a playful smile.

Especially at this time, Ding Yiwei opened his eyes as if seeing Qian, first he looked at whether there were people around, and he was relieved when he found no one. Then he smirked, as if he had picked up a million, so happy.

It's a pity that while he was happy, Lin Kai didn't hide himself anymore, so he showed up directly.

When Ding Yiwei saw Lin Kai, he suddenly appeared next to him. He was completely taken aback. He stammered towards Lin Kai and said, "That...that...Lin, President Lin, I didn't betray you, I really didn't betray you! Just now the Shangguan Cong came and arranged things for me. I told you what he said to me just now!"

Compared to Shangguan Cong, he was more afraid of Lin Kai.

On the one hand, because Shangguan Cong had already left, on the other hand, Lin Kai's sudden appearance made Ding Yiwei even more guilty. It is very possible that Lin Kai heard him communicate with Na Shangguan Cong next to him.

It was probably the Shangguan Cong who wanted Ding Yiwei to cooperate and go to the outskirts of the west of the city, and then pretended to be a troublemaker, and went to the stone cave where the evil monster was before.

This Shangguan Cong was really keenly aware, and the cave was where the dragon veins were born.

Although the essence of the dragon veins had been taken away by Lin Kai, it was still an excellent place for cultivation.

Because there is still a lot of evil spirits permeating inside, it is not impossible to dissipate, after all, the evil spirits accumulated for at least several decades will not be able to dissipate for a while. Of course, those evil spirits are no longer enough to make people feel that their lives are in danger.

But if it stays for a long time, it will be affected more or less. Therefore, in that place, Lin Kai called Li Shengxian and sealed off that area.

After all the evil spirits dissipated, it was changed to a natural fairy hole.

After all, the dragon veins were born here, and there are some remnants of dragon veins inside, and there are also various stone pillars in different colors, which are indeed beautiful.

It's just that Shangguan Cong is going to absorb all the dragon veins inside. In that case, not only would it be equivalent to destroying the cave, it would also let all the evil spirits condensed inside leak out.

At that time, the entire mountain range in the western suburbs of the city will also be affected. For example, on the front of the mountain, the project to build a healthy city has to be delayed for a period of time. The filming of the film in the back also has to be delayed.

Either way, there must be no delay.

So Lin Kai naturally wanted to stop, that Shangguan Cong. Ever since, Lin Kai asked Ding Yiwei to cooperate with Shangguan Cong to go to the suburbs of the west of the city.

It seems that Shangguan Cong has other purposes.

Chapter 1789

The most important thing is that the second stage shows an exclamation mark, which seems to be a mysterious mission that rewards the extraction ability of the gods.

Before it was a question mark, the question mark indicates that you need to explore the trigger yourself, the specific tasks of the second stage. Without giving any information, you can only trigger it by yourself.

If the exclamation point is displayed, it means that the task of the second step is about to be triggered.

The appearance of Shangguan Cong turned the question mark into an exclamation mark.

All indicate that this Shangguan Cong is probably the key condition that triggered the second phase of the mission.

Therefore, Lin Kai did not immediately apprehend Shangguan Cong, but waited for the system's further response.

Next, Lin Kai asked Ding Yiwei to cooperate with Shangguan Cong for the time being.

At this time, Ding Yiwei dared to have any objections, so he started to go to the suburbs of the west of the city.

Lin Kai continued to follow in secret.

After a little over a child, I came to the front of the mountains on the outskirts of the city.

The shooting location behind the mountains has long been closed. The front of the mountain is still under construction in full swing.

Ding Yiwei called a car and came to the western suburbs of the city.

As there are already people here, not only are there construction projects here, but also well-known directors are shooting movies here. Therefore, all taxis dare to come here.

Not long after, Ding Yiwei came to the site of building a healthy city full of alcohol.

When some workers saw that it was Ding Yiwei, they would naturally not say anything. After all, Ding Yiwei was one of the project leaders of this healthy city construction. However, when he appeared, one of the workers seemed extremely excited, and shouted at Ding Yiwei: "Foreman Ding, it's not OK, someone ran into the cave!"

"What? Who ran in? Lead the way!"

Ding Yiwei looked very surprised.

In fact, this was arranged by Shangguan Cong, so that Ding Yiwei deliberately took the worker into the cave.

As the other workers were all working, they were all surprised that there were people who dared to run in, but they were just surprised.

What's more, with Ding Yiwei here, he didn't say much.

But when Ding Yiwei brought the worker to the cave, the worker suddenly disappeared, which made Ding Yiwei startled again.

Lin Kai, who followed behind, frowned. He thought that the worker had been bought by Shangguan Cong.

But just now, he clearly sensed that when the worker disappeared, there was an aura of incomplete formation.

To be precise, the worker was not an ordinary person.

Through the incomplete formation, teleport to another place.

After judging by that breath, he was planning to go to a place more remote than the suburbs of the west of the city, which is the category of the ancient tomb of Donghai!

Lin Kai secretly said that he was fooled. Shangguan Cong's real goal was not this cave, but that ancient tomb!

It should be that Shangguan Cong was alert and deliberately brought Ding Yiwei here to make a sound.

Lin Kai frowned slightly, and it was not just Shangguan Cong alone.

Without even thinking about it, he decisively used his strongest means, and then cooperated with the formation extraction ability to intercept the incomplete formation.

Then a few miles away in the western suburbs of this city, the interception was successful, and the worker was forced to come out of the space.

The person on the other side came out inexplicably, and seemed very shocked. He didn't seem to understand how he came out before he reached his destination.

It just made the man even more dumbfounded that Lin Kai suddenly appeared near him.

As if he had just seen a ghost, he hurriedly continued to flee.

But how could Lin Kai give this person a chance to continue to flee, teleport directly in front of that person, and intercept again.

"You...you, who are you?"

This person is a short fat man, how short he is, probably just over a meter, not only that, but he is just like a human, and his body is also colorful.

Obviously, this is not a human, but a demon.

Lin Kai didn't expect that during this period of time, he would encounter the demon one after another, and it seemed that it was indeed uneasy. First, all kinds of powerful evil spirits appeared, then what Fuxi God Clan, and what other realms existed.

So now, Lin Kai didn't feel much about the appearance of these monsters.

At least each of these monsters has lived for hundreds of years. After all, the true energy of the earth is now rich. If you want to give birth to a monster, you have to absorb this true energy for a long time, as well as the essence of heaven and earth.

Although the cultivation status of demons and humans are quite different, they both absorb and evolve through the thinness of true qi.

The short fat man in front of him seemed to have practiced for two to three hundred years. Of course, his cultivation base is what it looks like during the Qi Refining Period, and it is estimated to be similar to Ye Muqi.

Rao is so, actually better than Ye Muqi. Because the demon's strength is not the realm of cultivation, but its own body, which is rough and thick, and may become the body at any time, and it is impossible to guard against.

Lin Kai could see that this short, fat man was a colorful lizard.

Since he can't cultivate at home, his transformed human form is too unlike human beings.

That Shangguan Cong is similar, but slightly better, and also has a kind of illusion. That kind of illusion is to make people look at him and think that he is a normal person.

In fact, there is a third eye, which occasionally shows a snake tail.

At this time, Lin Kai looked at the short fat man, thoughtfully for a while, and then said lightly: "Shangguan Cong, you should know you? He even cooperated with him to make noise. Honestly, you and that What is the relationship between Shangguan Cong? What are you planning to do?"

The short fat man was shocked when he heard Lin Kai's words. He didn't seem to expect that Lin Kai still knew about Shangguan Cong, and even knew about their cooperation plan.

The short fat man pretended to be ignorant, and then said: "What are you talking about? Are you supposed to be a demon too? Why do demon be so hard for demon, it is not easy to practice."

But as the short fat man said, he seemed to be thinking of a way to get out.

How could Lin Kai fail to see what this short fat man was thinking at this time.

He was faintly right. The short fat man said, "If you don't want to become a dead lizard, hurry up and honestly confess, otherwise, you can figure it out. Also, your incomplete formation is my shot. To interrupt it."

In the previous sentence, this short fat man didn't care, no matter how powerful he was, he could not be killed directly, and he was not weak.

But when he heard the latter sentence, the short fat man looked pale and even showed a look of horror in his eyes.

No wonder he was teleporting. Although it was a broken formation, it could be teleported to more than ten miles away.

However, after only a few miles of teleportation, he came out.

At first he thought it was just an incomplete formation. Something went wrong. Now when he heard Lin Kai's words, it turned out that it was Lin Kai's hand! That would be terrible!

Chapter 1790

As a result, this short, fat man looked bitter and knew that Lin Kai's strength was far stronger than he had imagined.

After all, even the incomplete teleportation formation can be interrupted forcibly.

You know, even the incomplete teleportation formation cannot be interrupted by external forces, unless it is really capable of that kind.

He originally thought that there would be no such horrible characters on the earth today that could break this incomplete teleportation formation. As a result, I didn't even dream of it. Someone could do it.

More importantly, this person is right in front of him and knows some plans of him and Shangguan Cong. Obviously, he and Shangguan Cong had long been exposed.

This short fat man had to admit his fate now, and he couldn't escape. Even the incomplete teleportation formation has been destroyed, where can he escape?

In addition, the speed that Lin Kai displayed not long ago really shocked him, and his speed was simply inferior to Lin Kai.

And if he fights Lin Kai head-on, he is even less confident that he can beat Lin Kai. Apart from other things, not only could he not see through Lin Kai, but he could even feel an inexplicable sense of oppression from Lin Kai.

At this point, the short fat man did not dare to fight Lin Kai head-on. It's not so good, he might really become, what Lin Kai just said, a dead lizard.

Therefore, this short fat man didn't have any thoughts of running away, but he said, "Shangguancong knows each other naturally, and he has known each other for many years. It's just that I haven't contacted for several years because I'm in the barren hills of the East China Sea, and Shangguancong has been there in the mountains on the other side of Shenling. So there is very little communication. Until two days ago, Shangguan Cong came to the East China Sea and even took the initiative to find me..."

The short fat man began to talk about some things about him and Shangguan Cong.

For example, the short and fat man is a lizard, or an unusual lizard called a five-color lizard. It is a precious variety that existed hundreds of millions of years ago.

There are only a few such five-color lizards left on the earth today.

It's just that this short, fat man was lucky. He accidentally broke into a treasure a hundred years ago and swallowed a treasure of heaven and earth that was about to give birth to wisdom.

If Tiancai Dibao really gave birth to spiritual wisdom, this short fat man would definitely not be able to cultivate, and then he could transform into a human form.

But if the kind of natural treasures that are not yet mature, there will be no effect.

So this short fat man was really lucky in terms of luck, it was just that he swallowed the treasure of heaven and earth that was about to give birth to wisdom, and it became what he is now.

After that, in the long years, the short fat man also opened up the spiritual wisdom, just like to see if there is any demon like him that has opened the spiritual wisdom in this world.

So on the way, I met Shangguan Cong. Shangguan Cong is much better than him. Not only is he transformed into a human form, but he also knows some methods to be able to mix into humans.

The short fat man naturally admires Shangguan Cong very much, but he can't use Shangguan Cong's methods.

After getting acquainted, I talked about it occasionally, but afterwards they separated because of various reasons. In addition, the two places are relatively far away, so there is not much contact in the back.

That is, two days ago, Shangguan Cong came to the East China Sea and actively approached him, saying that he had a way to quickly transform him into a complete human form.

Why does the demon transform into a human form? That's because in the human form, the zhenqi absorbed will be faster and faster, as well as the essence of heaven and earth.

This is also the main reason why both monsters and treasures like to transform into human form.

The short fat man was very pleased when he heard Shangguan Cong's words. If he could quickly complete the human form, then his later practice would be a double result with half the effort.

Not only that, but it is even possible for him to dominate in the mountains and forests of the East China Sea. That big mountain is also hidden, there are two or three monsters like him.

Because the breath is almost the same. Therefore, the short fat man usually appears cautious in the mountains.

If you can make a good figure quickly, you don't have to worry about it later.

As a result, the short fat man agreed without asking Shangguan Cong.

Then the short fat man cooperated in accordance with Shangguan Cong's instructions.

Yesterday, Shangguan Cong took him to the cave in the western suburbs of the city, and he did sense the residual dragon veins inside.

Although it is very regrettable, why not the real dragon veins or the like, but for him, the remaining breath of these dragon veins can indeed be absorbed and slowly evolve.

Before tonight, the short fat man had received a notice from Shangguan Cong that he would absorb all the remaining breath of the dragon veins in the cave tonight.

It's just that Shangguan Cong would come together at night to help him.

But for some reason, an hour ago, Shangguan Cong changed his attention and told him not to move the cave first.

Yesterday, when I was in the cave, I set up an incomplete teleportation array.

The incomplete teleportation formation was not arranged by the short fat man, but by Shangguan Cong.

Shangguan Cong said that this incomplete teleportation formation can teleport more than a dozen miles away from this mountain range and also in the East China Sea.

The short fat man trusted Shangguancong, and according to Shangguancong's statement, he first pretended to be a worker, and then brought Ding Yiwei in.

If Ding Yiwei really followed in, he would immediately use the incomplete teleportation array to teleport.

Lin Kai was even more surprised when he heard this, but he didn't expect that Shangguan Cong would be so vigilant.

Because once Ding Yiwei really followed up, it explained two situations. One is that Ding Yiwei is really not afraid, and the other is that Ding Yiwei pretended to go in.

If Ding Yiwei did not follow in, it means that Ding Yiwei is really scared.

After all, it is strictly forbidden to enter that place, which also shows all kinds of dangers.

So if you don't go in, it's a possibility.

And if you choose to go in, there are two possibilities.

The latter is uncertainty, which led Shangguan Cong to let the short fat man use the incomplete teleportation array without hesitation.

Lin Kai was indeed wrong, and Shangguan Cong's goal was not only the cave, but also the ancient tomb.

This Shangguan Cong is also more cunning than imagined.

Now Lin Kai is not sure whether Shangguan Cong is in the ancient tomb, in the cave, or in the urban area of Donghai.

After all, this Shangguan Cong's cunning, even he has a headache.

Thinking of this, Lin Kai said to the short fat man in front of him, and then said lightly: "Now take me to see Shangguan Cong. Of course, if you have any intentions to inform, don't blame my ruthless men."

As Lin Kai said, he immediately released a strong breath of the Golden Core cultivator, instantly oppressing the short fat man.
