Chapter 1791

The short fat man sensed the powerful aura released from Lin Kai's body, and his whole body shuddered. Not only was his whole body unable to move, he even almost knelt down.

The short fat man understood that it was Lin Kai who deliberately reduced his breath, otherwise the powerful breath would directly make him breathless.

At the same time, this short fat man was also very shocked, this breath was far beyond his imagination. In other words, the opponent's cultivation base far exceeds him!

At this moment, the short fat man had no other thoughts, and he gave up resistance and accepted his fate.

Therefore, this short, fat man didn't dare to treat Lin Kai anymore, so he had to obey Lin Kai and take Lin Kai to Shangguan Cong.

I have to say that Shangguan Cong is not only cunning, but also cautious.

After the short fat man contacted Shangguan Cong, he asked the short fat man to find several places and circle around. Whenever I go to a place, I say that this place is not safe. See you next place.

Until the fourth place, a remote place a few miles away from the ancient tomb, Shangguan Cong finally appeared.

Then Shangguan Cong first looked around, and then saw that there was only one short fat man. Just when he was about to breathe a sigh of relief, Lin Kai did not hesitate to appear next to the short fat man.

Shangguan Cong's face changed drastically, he looked like hell, he didn't feel any breath at all. Where did this happen?

More importantly, Shangguan Cong noticed that the surrounding area seemed to be blocked. It might be very difficult for him to escape.

This is naturally Lin Kai, who secretly used the extraction ability of the formation method to arrange a simple trapped formation.

After all, Shangguan Cong is both cunning and very cautious. In case Shangguan Cong escapes, I am afraid it will be difficult to find again next time.

At this time, Lin Kai didn't say anything, Shangguan Cong was very righteous, and Chao Lin Kai couldn't help but said, "That's my friend, I know you came to me. So I'm not a friend of mine. No matter what, if you want to kill or slash, just come at me."

"Oh? Really? If you really treat him as a friend, you don't have to hide some other things. For example, if your friend is in that cave, if he really absorbs all the dragon veins. In fact, he will also take some of the contained in it. Absorb the essence of evil spirits. At that time, your friend will be a body of evil spirits on its own, naturally forming a body that absorbs evil spirits autonomously.

If I'm not mistaken, your real target is the ancient tomb a few miles away. Originally, you were waiting for your friend to absorb all the dragon veins in the cave. Then ask your friend to teleport there through the incomplete teleportation formation. Let your friend visit the ancient tomb and absorb all the evil spirits of the ancient tomb.

You are in the ancient tomb, there must be another conspiracy. You have benefited, but the so-called friends in your mouth are unlucky. It is very possible that the whole body cannot bear it because of too much absorption. Not only will it not evolve, it will degenerate instead. But you are indeed more vigilant. Instead of absorbing the dragon vein breath of the cave, your friend will continue to test whether anyone is following you secretly.

It's a pity that you count everything, but you didn't count it. The opponent's strength is me. It is far beyond your imagination and makes you lose your vigilance. In addition, you are now hypocritically saying that you let your friend go, just thinking, let your friend move, and then fight me hard, you take the opportunity to escape. Am I right? "

Lin Kai looked at Shangguan Cong, narrowed his eyes, and spoke lightly.

The short fat man was really moved when he heard Shangguan Cong's words at first. But now that Lin Kai said this, his look was very ugly. He never expected that Shangguan Cong would treat him so hard as a pawn, or the one that was sold and counted the money. .

When Shangguan Cong heard Lin Kai say this, his expression turned ugly.

But before Shangguan Cong could react, Lin Kai stepped forward decisively and blasted Shangguan Cong with a punch.

Shangguan Congqi reacted very quickly. Obviously, Shangguan Cong's strength was quite good.

He even used some means to block Lin Kai's attack.

Lin Kai was slightly surprised that the strength of Shangguan Cong was beyond his expectation. According to his judgment, Shangguan Cong's strength should be consummating Qi refining, and he has not yet reached the foundation, but it seems to be fast too.

"Great!"

Lin Kai suddenly became interested, and the system's exclamation point turned into a message at this moment. It seemed that he had to subdue this Shangguan Cong before the second phase of the mission would be triggered.

So he didn't hesitate any more, his strength was strengthened, and his strength at this time had reached the early stage of foundation building.

However, Shangguan Cong's expression on Lin Kai's soaring power was once again astonished, and he immediately exposed his body, a black snake, with some runes surrounding the entire body of the snake.

Soon, the whole body of the snake blasted towards Lin Kai.

However, despite the strength of Shangguan Cong, compared to other people, it can be said to be very powerful. But for Lin Kai, it was simply not enough.

As a result, Shangguan Cong's entire body of the snake flew upside down under the bombardment of the pair, seriously injured.

Lin Kai was unscathed and his face was indifferent.

Shangguan Cong's expression was even more embarrassed. Although it was only two tricks, he could be judged highly, he was not Lin Kai's opponent at all. So he was also very early, just like the short fat man, who had accepted his fate.

Shangguan Cong simply looked at Lin Kai and couldn't help asking: "Who are you? What do you want?"

Shangguan Cong also understood that it was Lin Kai who kept his hands, otherwise he would definitely die without a place to bury him.

This was the first time he had encountered Lin Kai so good.

Even in that hidden family, he could compete with him, although there were some, but they were far from being able to do it, Lin Kai crushed him like this.

Not to mention the hidden family, even if you look at the world, there are probably very few, and it can even be said that almost no one can do this.

But Lin Kai did it, and it was so easy.

Lin Kai heard what Shangguan Cong said, and said lightly: "You came to the East China Sea, don't you know who I am? You have been inquiring about me for the past two days, and you even want to inquire about the layout of my house."

"You... Are you Lin Kai?"

Shangguan Cong's eyes widened in an instant, with an incredible expression on his face. He did not expect that Lin Kai would come back early.

Not only came back early, but also so strong!

When he was in the hidden family, Lin Yuan and the group of people from the hidden family naturally talked about Lin Kai in detail.

According to what Lin Yuan said, although Lin Kai is strong, at most the two strongest members of the Hidden Family may be slightly weaker. At most, it's indifferent.

Chapter 1792

So Lin Yuan also said that if the two strongest members of the Hidden Family, if they join forces, they will definitely be able to kill Lin Kai.

In Shangguan Cong's view, let alone the two strongest team members, even if there are more, they are definitely not Lin Kai's opponents!

He was shocked, but also very puzzled.

Lin Kai said that, obviously he knew everything about him, why didn't he kill him?

At this time, Lin Kai could see Shangguan Cong's doubts, and said lightly, "I can't kill you."

The first is that it is suspected to reward the extraction ability of the **** level, and the second stage of this mysterious mission is triggered by Shangguan Cong.

Obviously, this Shangguan Cong's identity as a snake demon is somewhat unusual. Otherwise, the system will not be triggered by Shangguan Cong.

Together with Shangguan Cong and the short fat man, they are all demons.

Demon is no better than human. Demon can practice for a long time, so as long as it is subdued, it can be used for it.

What's more, this system obviously wants to be subdued, so that it can trigger the second stage of the mysterious mission.

Hearing Lin Kai's words, whether it was Shangguan Cong or the short fat man, he was taken aback.

Shangguan Cong even said, "Since Mr. Lin doesn't want to kill me and wait, why is it forced to wait like this?"

Lin Kai glanced at Shangguan Cong faintly, and continued to face calmly, and said faintly: "If the cave is absorbed, even though the evil energy will be absorbed, there will still be the surface layer of evil energy that will diffuse out, causing the front and back of the mountain, There is no way to start work. You know it is me, you should know that the mountains are all related to me, right?"

Will I let you destroy the cave? Moreover, there is a group of archaeologists in the ancient tomb. If you do something, that group of archaeologists will definitely be harmed. As a demon, you probably won't care too much, but as a human being, how can I allow you to act recklessly? "

Shangguan Cong was silent as soon as he said this.

After all, Shangguan Cong has been in human society for a decade or two, and he is no shorter than a short fat man.

The short fat people basically live in the mountains, so they naturally don't have a deep understanding of these people's sophistication and so on.

"Indeed, I was negligent. Whatever you want, it's up to you."

After Shangguan Cong was silent for a while, he spoke very calmly.

But Lin Kai faintly said: "You can go to the ancient tomb to get something, but you can't destroy it. And you, you can go to the cave to practice, but you can't absorb it all, just slowly absorb it."

Lin Kai first spoke to Shangguan Cong, and then spoke to the short fat man.

"what?"

"Really?"

At this time, both Shangguan Cong and the short and fat man looked very surprised, and did not expect such a result at all.

They thought that even if Lin Kai didn't kill them, they would have to teach them at least a little lesson. Who would have thought that Lin Kai would let them continue to go to the place they needed to practice.

Lin Kai continued, "Of course, I have a request."

"Mr. Lin, you say!"

Shangguan Cong and the short fat man said immediately, neither willing nor unwilling.

After all, Lin Kai didn't kill them, it was already the greatest kindness.

What's more, it seems to them that Lin Kai's request should not be so excessive.

Because what Lin Kai really wants them to do, he can do it directly, but here he asks them calmly.

Even if it is a short and fat man, although he doesn't know what kind of people are so worldly, he also knows that Lin Kai's grace of not killing is already a great kindness.

At this time, Lin Kaicai continued and said: "You can practice here, but my request is very simple. If you encounter any danger, help save people. Especially Shangguan Cong, you should know who my enemy is. I. When you are away, you can help me resolve the crisis."

He couldn't guarantee that Lin Qianqian, Dong Shu, Yin Suyan and others would be safe when he left the East China Sea. That's why he said that.

You know, Lin Yuan can talk to the hermit family, and now he has gone to another hermit family, obviously he has made a big move and has to guard against it.

Lin Kai also understood that a hidden family like this would have so many immortal cultivators in the refining period.

Therefore, Yinshen didn't look enough in front of these Qi refining periods.

Of course, the concealment technique of the hidden god, even the foundation-building monk, may not be able to detect it. Therefore, the hidden **** is suitable for inquiring about the news.

If the short fat man stayed here with Shangguan Cong to protect the people around him, it would be very good.

At this moment, the short fat man and Shangguan Cong were startled for a while when they heard Lin Kai's simple request, and then they were all overjoyed.

First of all, this requirement should not be too simple for them. Secondly, that's it, they can follow Lin Kai!

Shangguan Cong and the short fat man already knew that Lin Kai's strength was so powerful that it was impossible to defeat it at all!

So following Lin Kai is equivalent to an extra security guarantee, maybe there is still a great opportunity to follow Lin Kai!

In other words, this is actually something they cannot ask for.

Shangguan Cong hurriedly said, "Mr. Lin, don't worry! Don't think I belong to the hidden family, but the hidden family doesn't take me seriously! Back then, if not, there was a hidden family. Grandpa, once saved my life, and took me to that hidden family, so I can rest and recuperate.

It was to repay the grandfather that I stayed in the hidden family all the time. Over the years, the Hermit Family has also helped a lot. But those in the hidden family didn't appreciate it at all, thinking that I was an outsider. In addition, that grandfather had passed away a few years ago, and I had long wanted to leave that hidden family.

So Mr. Lin, if the hidden family wants to do something to you, I will definitely stop it! Earlier, I inquired about your home, in fact, because I wanted to take refuge in you. As for the ancient tomb, I originally wanted to make a big move, but when you said so, it was indeed my negligence!

In fact, I can also practice without making such a big noise! I went to the ancient tomb, also to practice! It's not to let my friend die. I want to convert my friend's evil spirit into a kind of energy, absorb it, and let it evolve! But that needs to make a big noise. Now that Mr. Lin is so magnanimous, he naturally doesn't need to do that! "

The short fat man felt much better when he heard Shangguan Cong's explanation. He thought that Shangguan Cong really wanted to put him to death.

When Lin Kai heard Shangguan Cong's words, his eyes were stunned. He hadn't thought of this. It seems that Shangguan Cong has some abilities.

Chapter 1793 Trigger Mission!

After that, Lin Kai asked Shangguan Cong and the short fat man to hide their identities as much as possible and not to expose them.

At the same time, practice slowly here.

Sure enough, at the moment he subdued this Shangguan Cong, there was a hint in the second stage of the mysterious mission.

Said to help someone, it was Xu Qingcheng.

However, the system did not give any details. However, Lin Kai planned to inquire about Xu Qingcheng early tomorrow morning.

After all, it's still too late, and it's still not convenient to bother at this time.

Ever since, after Lin Kai conquered Shangguan Cong and the short fat man, he went straight back.

Since Shangguan Cong and the short fat man have promised him that they won't make a big disturbance.

Besides, I also forgive them for not daring to make a big noise.

As a result, Lin Kai left with confidence.

After returning, Lin Kai practiced for one night, and it happened that the golden core had already reached Consummation. He still needed a chance to swallow the essence of the dragon veins and make a breakthrough to the Nascent Soul.

Dare not now is not the time, we have to accumulate some.

Because it is actually quite difficult to break through to Yuan Ying, it is also necessary to overcome the catastrophe to transform the golden core in the body into Yuan Ying.

This is the first ordinary catastrophe that a cultivator has to face.

If Yuan Ying breaks through the **** of transformation, it is not an ordinary catastrophe.

Even if it is an ordinary catastrophe, it must be guarded against by a complete measure.

Stay the next morning.

When Lin Kai stopped practicing, he rinsed and then called Xu Qingcheng.

Xu Qingcheng was surprised, and Lin Kai called her.

At the same time, Lin Kai also noticed that something was wrong with Xu Qingcheng, so he asked what happened recently or what happened.

Xu Qingcheng responded to the depression, and she planned to resign from the post of medical school teacher.

Lin Kai secretly said that there is a situation, it seems that the system is for him to solve the matter.

Although he was also wondering why this mysterious mission was related to Xu Qingcheng, whether it was a system mission, it still needed help.

At first, Lin Kai thought that it was the dean of the medical school who was forcing Xu Qingcheng.

But after some inquiries, it was not like that.

Xu Qingcheng didn't say any specific reasons, that is, she offended some local Cao family or something.

Xu Qingcheng probably hung up the call because she didn't want to hurt Lin Kai.

Lin Kaizi would never see Xu Qingcheng like this. With Xu Qingcheng's temperament and just a teacher at the medical school, it is absolutely impossible to take the initiative to offend any Cao family. It must be someone from the Cao family who did it first.

Coupled with system tasks, Lin Kai naturally wouldn't sit idly by.

And when Lin Kai called Xu Qingcheng again, it showed that the line was always busy.

Obviously, Xu Qingcheng had blocked Lin Kai, but didn't want Lin Kai to be involved, which shows that the problem is still very serious.

Without even thinking about it, Lin Kai drove the Maserati president towards the medical school in the next city.

After two and a half hours, Lin drove to the medical school, but did not see Xu Qingcheng.

But Dong Shu knows some clues. For example, the Cao's family is the largest chaebol group in the local area. Today it is in a five-star hotel under the Cao's family. On the day of the big wedding of Cao Lixing, the youngest of the Cao family, a grand wedding will be held in that hotel.

After Lin Kai heard this, his eyes narrowed slightly, and after saying goodbye to Dong Shu, he went to the five-star hotel.

The five-star hotel is on the busiest street in the city center.

As soon as Lin Kai came, he noticed that the five-star hotel was full of luxury cars, and it was also a festive decoration.

Although there are also various luxury cars here, the luxury cars currently driven by Lin Kai are not bad. Therefore, even if he didn't have an invitation, the security guard at the hotel's gate naturally did not dare to stop Lin Kai.

I thought it was Cao Lixing's friend. After all, he was so young and drove this tens of millions of luxury cars. He must be the second generation with a family background. So that, respectfully let Lin drive in.

The place where the wedding is held is on the ninth floor of this five-star hotel. It is a place dedicated to holding all kinds of grand ceremonies.

So Lin Kai took the elevator to the ninth floor of the five-star hotel.

Once on the ninth floor, the atmosphere of the wedding was fully displayed.

And the wedding is obviously just beginning, so there are not many people, pay attention to Lin Kai's arrival.

On the stage at the front of the wedding, there is the emcee and the bridesmaid. At the same time the bride and groom are also standing on it.

The bridegroom is a fat, slightly bald young big fat man, who is the Cao Lixing of the Cao family.

The bride was Xu Qingcheng with tears in her eyes. It was obvious that Xu Qingcheng was forced to marry Cao Lixing.

Then Cao Lixing, seeing Xu Qingcheng, still crying there, suddenly became angry, and shouted at Xu Qingcheng: "Crying can't be solved, the fact that you want to marry Lao Tzu! Shut up Lao Tzu!"

However, the host of ceremonies immediately said to Cao Lixing with a smile, "Shao Cao, how do you say, this is the day of your wedding, so this is still not good."

But Cao Lixing himself is used to doing evil, and seeing someone daring to educate him, he slapped the emcee without any scruples.

The master of ceremonies was directly slapped by Cao Lixing's slap. It was completely unexpected that Cao Lixing would dare to act as the emcee at the wedding.

Not only that, Cao Lixing viciously turned to Xu Qingcheng and said, "Smelly girl! I am in love with you, this is your blessing! Don't let me know what is good or bad! If you cry again, try to see Laozi. I can't beat you! And this emcee, dare to talk back to Lao Tzu? Just take it away and give Lao Tzu a new emcee!"

Cao Lixing's arrogant face didn't seem to regard this place as a wedding scene, it was more like being in his own territory, without any scruples.

But it is true that he is acting so arrogantly on his turf.

In fact, no one else thought that Cao Lixing could be at this wedding.

But basically because of the face of the Cao family, they came here to attend the wedding. Otherwise, it will definitely not come.

The wedding company that undertook this wedding was also unexpected. Cao Lixing even started the emcee, but despite his anger, he was helpless. As the local wedding company, they can't offend Cao Lixing. If they offend, then they are naturally here, and they can't continue.

Therefore, the person in charge of the wedding company, with a smile on his face, re-arranged a master of ceremonies for Cao Lixing.

But when it was time to change, Lin Kai started to move towards the stage and walked straight over.

Others thought that Lin Kai was the re-arranged host of ceremonies. After all, at this point in time, the host of ceremonies was able to approach that stage. Otherwise, it would offend Cao Lixing.

Chapter 1794

At this time, Lin Kai was completely close to the stage.

On the stage, Cao Lixing looked at Lin Kai condescendingly, glanced at Lin Kai, and said, "The new emcee? You'd better be honest with Laozi. Did the emcee just see it? Or it will end! Come up quickly and continue hosting for Lao Tzu!"

Cao Lixing still had an extremely yelling expression on his face.

Lin Kai couldn't help but raised his eyelids, looked at Cao Lixing, stepped onto the stage, and said lightly: "Let me preside? That way, this lady will definitely not marry you."

Cao Lixing was taken aback first, and then thought that the emcee had its own characteristics.

He laughed and said: "This is all at the wedding scene, why is it impossible to marry me? If you really don't marry me, then just eat the tablet!"

As Cao Lixing said, he pointed to the tablet computer on a table next to him. It was the place where the master of ceremonies took part in the speech.

Because there will be other links and so on, you have to prepare in advance, and then put the tablet there.

The reason why Cao Lixing was so confident was entirely because he had already investigated clearly that Xu Qingcheng had no background at all.

He accidentally saw Xu Qingcheng on the street a few days ago, which was particularly shocking, so he directly said to his opponent, I want this woman.

Ask his subordinates to directly talk to Xu Qingcheng and show his identity.

I believe that any woman will not refuse.

Unexpectedly, Xu Qingcheng refused. This made Cao Lixing very annoyed. He had already let himself be a subordinate to explain his identity, but was rejected. Isn't this slapping him in the face?

Therefore, in the past two days, he found Xu Qingcheng's information and found that he had no background at all, which made him excited, so he caught it today and forced him to have a wedding.

And Cao Lixing also used Xu Qingcheng's family to threaten him. If he didn't agree, he would take care of it.

As a result, Xu Qingcheng felt very scared and had to be so.

If she doesn't accept it, then her family will suffer a powerful threat, and their lives will be in danger.

Because Xu Qingcheng had also inquired about Cao Lixing's kind of unscrupulous kind, and he was really capable of doing that kind of murder.

This caused Xu Qingcheng to bow her head.

Cao Lixing dared to be so unscrupulous when he saw that Xu Qingcheng had no background.

Therefore, to Lin Kai's present words, he said very confidently.

At this time, Cao Lixing felt even more proud when he thought of this. He liked this feeling.

He didn't look at Lin Kai again, but said to Xu Qingcheng: "Hurry up and tell Lao Tzu, say that I am willing, let everyone see, you are willing to marry Lao Tzu!"

Cao Lixing also directly yelled at Xu Qingcheng instead of following the wedding emcee and presiding process.

Xu Qingcheng was forcibly brought here by Cao Lixing's men this morning. On the way, she happened to receive a call from Lin Kai. In order not to disturb Lin Kai, she said a few words and hung up in a hurry. Phone and block black.

Xu Qingcheng never expected that Lin Kai would come to her on the initiative, and even ran to the wedding scene in person.

She was very moved and didn't intend to drag Lin Kai down, but now she saw Lin Kai's eyes and gave her a reassuring look.

This caused Xu Qingcheng's heart to relax inexplicably, and a ray of hope gradually rose in the originally desperate heart.

She also knew that Lin Kai's medical skills were so good that even the most well-known Chinese medicine experts in China were totally impressed with Lin Kai.

So Lin Kai should have some identity.

And when Lin Kai took the initiative to find it, he was obviously not afraid of anything.

As a result, Xu Qingcheng gained some confidence and began to move towards Cao Lixing, saying: "I...I, I don't want to!"

After all, it was the first time for Xu Qingcheng to encounter this kind of scene, even if he had some confidence, it was still a bit unfavorable when it was said.

But when these words came out, everyone on the scene was shocked.

"Hey, why is this young lady unwilling?"

"Yes, at any rate, the Cao family is the number one chaebol in our local area. It may be a little bit different compared to other cities, but after that, it is safe to eat and can live a life of wealth and wealth. How many women are this? thing."

Many people at the scene were taken by surprise. They originally thought that Xu Qingcheng was crying there and might have encountered something sad.

But now it sounds like it doesn't seem to be the same thing, it's more like Cao Lixing, forcing Xu Qingcheng.

But if you think about it carefully, Cao Lixing is indeed capable of doing this kind of thing.

Cao Lixing heard Xu Qingcheng's unwillingness first, and was immediately annoyed. He never thought that Xu Qingcheng would dare to say such things that violated him at the scene.

Then I heard the comments from the people on the scene, and many others looked at him with strange gazes, which made Cao Lixing's expression very embarrassing.

"Smelly lady, do you say it again?! See if I can kill you!"

Cao Lixing was furious and was about to slap Xu Qingcheng.

But in the eyes of Cao Lixing, the new emcee, that is, Lin Kai, had already stood in front of Xu Qingcheng.

Cao Lixing shook his hand, but was stopped by Lin Kaiji abruptly.

Cao Lixing was even more annoyed. He did not expect that a small emcee and host would dare to do this.

He looked at Lin Kai angrily, and said angrily: "What? Did you not see the fate of the emcee just now? If you don't leave now, believe it or not, your job will not be guaranteed? Not only is it not guaranteed? If you don't let go, you have to lie down in the hospital for a few months before talking!"

Lin Kai was not salty or indifferent to Cao Lixing, and said lightly, "She said she didn't want to. Why? Do you still want to force it?"

This Cao Lixing wanted to use his arm to press it down, and wanted to hit Lin Kai directly.

However, with Cao Lixing's strength, he was obviously hollowed out by the wine, let alone compare with Lin Kai, and even incomparable with ordinary people.

Cao Lixing wanted to press against Lin Kai, naturally he didn't move at all.

Not only didn't he move, but even when Lin Kai didn't move, Cao Lixing was rebounded several steps back, his complexion rising like pig liver.

Moreover, his footsteps were extremely vain, and then he fell to the ground.

At this moment, many people in the audience laughed one after another.

Many of the people on the scene are also rich or noble. Even if they are not inferior to Cao Lixing's family background, they are not bad, and some are even stronger than Cao Lixing's family background.

Therefore, seeing Cao Lixing's vainness, everyone couldn't help but smile.

Especially this wedding, it seems that Cao Lixing forced others.

Chapter 1795

As a result, these people felt very disgusted with Cao Lixing's behavior.

This is completely embarrassing for them, such rich families and the like.

At this moment, Cao Lixing was even more angry, his lungs were about to explode, he had never suffered such humiliation, and he was even laughed at by so many people in the audience.

"Boy! You are dead! Don't think about leaving here alive today!"

Cao Lixing stood up quickly, ready to kick towards Lin Kai.

It's just that Lin Kai was faster and kicked directly towards Cao Lixing.

Cao Lixing was kicked directly more than ten meters away, flew out of the stage, and slammed into a table, only then stopped his body shape.

The table was full of drinks and vegetables, causing all the drinks and vegetables on the table to fall to the ground, just to Cao Lixing's body.

Suddenly Cao Lixing seemed to be embarrassed and embarrassed by the drinks and leftovers, as if he had walked out of the garbage.

Cao Lixing was stunned, he didn't even come back to his senses. He kicked the kick so that he was a little dizzy, and he hit the table.

The painful look made it difficult for him to stand up immediately.

After Cao Lixing recovered, he staggered to his feet, his head still confused.

But Lin Kai on the stage was not polite. He saw the microphone next to the emcee, picked up the microphone, and said, "It was Cao Shao who did it first. Everyone should have seen it clearly. I didn't expect Cao. Shao's body is too weak. It is estimated that this kind of body will not live for a few years."

These words made many people in the audience laugh again. I also feel that Cao Lixing is asking for trouble.

However, they also admire Lin Kai very much, and they did not think that they would dare to challenge Cao Lixing in Cao Lixing's territory.

I thought that waiting a minute, Lin Kai must have nothing good to eat.

Sure enough, the row of bodyguards around Cao Lixing had already reacted.

Then the group of bodyguards saw Cao Lixing being beaten like this, and one by one came to Cao Lixing's side.

"Young Master Cao, are you okay?"

This group of bodyguards asked with concern.

"Do you seem to be okay? What are you doing here in a daze? Quickly slaughter that kid!"

Cao Lixing said cruelly, his eyes were so angry that someone would dare to hit him like this, unforgivable!

Seeing these bodyguards about to rush, Xu Qingcheng was very nervous, she was still very worried about Lin Kai.

Although she was also at the medical school, she had seen Lin Kaineng easily defeated by a dozen security guards, and even saw with her own eyes that Lin Kai was able to accept evil.

But this is Cao Lixing's site after all. It's not just as simple as dozens of bodyguards, it's even possible that there are guns and the like.

At that moment, it may be very dangerous.

So Xu Qingcheng couldn't help but said to Lin Kai anxiously: "Mr. Lin, you go now! Leave me alone!"

Although the appearance of Lin Kai moved Xu Qingcheng and raised a glimmer of hope, she didn't want to hurt Lin Kai any more as the contradiction in front of her deepened.

As a result, Xu Qingcheng spoke quickly at this time.

But Lin Kai smiled calmly and shook his head, "Since I'm here, how can I leave like this? At least, I have to take you and leave."

In the face of the dozen or so bodyguards who attacked, Lin Kai didn't take it seriously, even if it was a hundred times more.

Many people in the audience heard the dialogue between Lin Kai and Xu Qingcheng, and one by one understood that Lin Kai was not a master of ceremonies at all, but knew Xu Qingcheng.

It seemed that Xu Qingcheng was forced by this kind of force, and then Lin Kai came to rescue Xu Qingcheng.

This made them nodded secretly, thinking that Lin Kai's behavior was still very good. But it was too reckless, all the bodyguards were all tall.

In addition, this was Cao Lixing's site, and he shook his head again. Not only would he not be able to save Xu Qingcheng, he would even have to catch himself.

It's just that they were dumbfounded when they thought so, and their previous thoughts were completely wrong!

Just because in the next moment, Lin opened a face-to-face meeting, and easily solved the dozen or so bodyguards who came around.

They didn't even see clearly how Lin Kai did it. They saw the bodyguards one by one, just like Cao Lixing just now, they all flew upside down on the stage and slammed into the table below the stage.

There were even two people who ran into Cao Lixing's direction.

Cao Lixing was shocked, he quickly reacted and moved aside.

Fortunately, he moved, otherwise, if he was hit by two bodyguards, it would definitely be very fatal.

"A bunch of rubbish! The other people! All up! All to Lao Tzu! Lao Tzu doesn't believe it, this kid really has three heads and six arms!" Cao Lixing yelled in surprise and anger.

Naturally, there were more than a dozen bodyguards at the scene, it was Cao Lixing's site itself. In addition, the Cao family has trained a large number of bodyguards. They are called bodyguards rather than thugs, and they are divided into levels.

Bodyguards of different levels have different combat effectiveness.

The bodyguards who have just gathered around are just the worst group of bodyguards.

Cao Lixing didn't believe it, this kid could beat other stronger bodyguards, so while roaring, he looked at Lin Kai very bitterly.

He didn't expect that although Xu Qingcheng had no background, he knew someone who was able to fight.

But that's it. If you can fight again, is there a strong under him?

Especially when I saw that the higher-level bodyguards all rushed over, the grinning smiles on their faces became even worse.

This time, there were more than 20 bodyguards. These more than 20 bodyguards were very difficult at first glance.

Because every bodyguard holds a different weapon in his hand.

For example, some have three-section sticks, some have Japanese sabers, some have daggers, and so on. They are really eighteen weapons.

Obviously, all of them are trained practitioners, all holding weapons that they are good at.

Such a scene caused those people in the audience to shake their heads and sigh again.

Just now they thought that Lin Kai did have some skills, and he could beat more than a dozen ordinary bodyguards, indicating that he was still capable.

But right now, the end will be very miserable.

These bodyguards, every possible one, defeated just a dozen ordinary bodyguards.

What's more, now this is more than twenty names. It can be said that in their opinion, Lin Kai not only has no chance of winning, but it is very likely to die immediately on these weapons.

However, Lin Kai, who was the person involved, still had a calm face, and he first asked Xu Qingcheng to step back a few steps.

In order to prevent Xu Qingcheng from being hurt, Xu Qingcheng wanted to say something when she saw this scene, but Lin Kai gave her an unusually relieved look.

Only then was Xu Qingcheng obediently, backing a few steps, and leaving Lin Kai's certain category.

Chapter 1796

Of course, even if Xu Qingcheng retreated, Lin Kai was still a little worried, fearing that some accident would happen.

He took the initiative to attack and walked off the stage.

There happened to be one bodyguard, holding a Japanese saber, first came towards Lin Kai, and immediately hacked towards Lin Kai.

"Okay! This kid will have to be seriously injured if he doesn't die!"

Cao Lixing was very excited when he saw this scene, as if seeing the next moment, his bodyguard, holding a Japanese saber, slashed Lin with a knife. So there was a cruel smile on his face again.

Lin Kai didn't change his expression, raised a hand faintly, and directly confronted the Japanese saber that was swinging down.

"Hey, doesn't this kid know, isn't that an ordinary Japanese-style saber? It was bought at a cost of 300,000 yuan, but it was a Japanese-style saber made by a famous master of weapon-making at the time. Extremely sharp. It is not only ten times sharper than ordinary Japanese sabers!

Ordinary sabers can chop them down, and they can chop their hands! What's more, this better Japanese-style saber, this kid even used it stupidly to block it, and this arm was probably gone immediately!"

The smile on Cao Lixing's face hasn't been reduced, but even more presumptuous, and he looked at Lin Kai with an idiotic look.

Although others can't see that this Japanese-style saber is a high-end product, they all shake their heads one by one. Really think it's making a movie? The human body is not an iron wall. I really think I can handle it empty-handed?

But whether it was Cao Lixing or others, just thinking about it this way, the next scene was shocked again.

I saw that the Japanese-style saber had fallen on Lin Kai's arm, and logically speaking, it must have been cut directly.

But nowadays, what makes them open their eyes wide, with an unbelievable look. Not only are they not broken, but the clothes are not even damaged at all, just like this Japanese saber is made of tofu.

Because the next moment, the Japanese-style sabers broke apart one after another, breaking into pieces.

The bodyguard holding this Japanese-style saber had an incredible look on his face, like hell.

The others in the audience also took a breath, this...Is it sure that this is still a human?

Many of these wealthy merchants still know that there are ancient warriors in this world, but the ancient warriors they know are basically of the level of warriors and warriors.

The ancient warriors they knew could not do this.

The legendary Wu Sheng and above may be able to do this.

They all heard that among the ancient martial artists, if they want to reach the martial arts level, they are less than thirty years old, basically over forty years old.

Those between 30 and 40 can be called geniuses.

But they saw that at this age, Lin Kai, who is probably only twenty years old, actually has such abilities?

So some who knew it became more horrified.

Cao Lixing obviously understands this too, how ugly it is that his face is ugly.

Even Xu Qingcheng on the stage had seen Lin Kai's greatness a long time ago, but in this regard, it was the first time she saw her, and she was very surprised.

Naturally, Lin Kai ignored the expressions of the people. He directly blasted the bodyguard with a Japanese saber on the chest without hesitation.

The bodyguard who was holding a Japanese saber directly blasted, not only flew upside down, even spinning several times in the air, and then fell heavily to the ground. It was not miserable, and passed out in an instant.

The other group of bodyguards who rushed up had already stopped their bodies, and they were all stunned.

Lin Kai glanced at the group of bodyguards. The group of bodyguards kept backing away in fright, for fear that Lin Kai would come forward to deal with them.

Suffice it to say that Lin Kai's deterrence was enough.

Therefore, Lin Kaibian pointed at Cao Lixing, and then faintly said to the group of bodyguards: "You should understand what I mean?"

Hearing Lin Kai's words, the group of bodyguards looked at Cao Lixing with a dull face again, with a trace of hesitation and struggle in their eyes. Obviously they all know what Lin Kai said.

But when they thought, the bodyguard who was holding a Japanese saber just now was miserable. As long as Lin Kai was willing, none of them would survive here.

So that they didn't even think about it, and decisively began to move towards Cao Lixing.

Cao Lixing saw the group of bodyguards and began to approach him, and finally healed from the sluggishness. Then, with a look of fear on his face, he yelled at the group of bodyguards: "You...what are you doing! God? I dare to move even Lao Tzu! Believe it or not, Lao Tzu will make you all dead!"

Cao Lixing is completely accustomed to being arrogant, even if he is facing his own bodyguards, he wants to hit him, even if he is afraid, he is still very arrogant at this time.

In fact, his heart was more frightened than it appeared on the surface, and his whole body was trembling. He wanted to turn around and flee, but his legs didn't listen to his commands, so he couldn't move.

At this moment, the group of bodyguards had already arrived, and under everyone's gaze, the group of bodyguards quickly beat Cao Lixing to death.

If it wasn't for the end, Lin Kai stopped the group of bodyguards, otherwise, Cao Lixing would really be killed directly.

The group of bodyguards actually started very hard. It seems that usually, the group of bodyguards also have great opinions on Cao Lixing, so when they fight, they all play very freely.

When Lin Kai asked them to fight Cao Lixing, they were all hesitant. It seemed that it was not hesitating to beat Cao Lixing, but the consequence of finishing playing Cao Lixing.

But compared to Lin Kai, they would rather bear the consequences of beating Cao Lixing. As a result, now, I have been fighting anyway, no matter how much I care about, I usually don't feel good about Cao Lixing, and I am very happy to fight Cao Lixing.

At this time, Lin Kai saw that it was almost done, and threw the flat computer on the side at the group of bodyguards.

The group of bodyguards naturally received them honestly.

Then Lin Kai faintly said, "Didn't Cao Shao say that before? If my friend doesn't marry him, he will eat this screen. You can watch it yourself."

When the group of bodyguards heard the words, they all understood what it meant.

Soon they shattered the screen of the tablet computer and fed Cao Lixing a little bit.

Although Cao Lixing was dying, he struggled desperately when he saw that he was about to eat the tablet screen, but it was in vain.

If you can't swallow the computer screen, then pour some water and force it in.

In this way, under the stunned eyes of everyone, Cao Lixing quickly ate the tablet screen.

Lin Kai didn't pay attention to these anymore, but started to take Xu Qingcheng to the outside of the hotel.

Chapter 1797 Lean to Tiger Mountain?

But what the system shows is that the task has not been completed.

Lin Kai didn't rush to leave. The hotel itself belongs to the Cao family, and today is the big wedding day of the young master Cao Lixing of the Cao family.

Although many people from the Cao family did not come, such as Cao Lixing's parents or some important relatives.

I probably knew that Cao Lixing was forcing others to marry, and he didn't even go because he felt that he was losing face.

Although some of the senior leaders of the Cao family did not go, they still could not tolerate provocations by others.

So just inside and outside this hotel, there are a lot of bodyguards and the like. Basically, when people look at it, they all think that the Cao family is very stylish, and no one dares to mess with it.

It's a pity that I never imagined that there would be such a powerful task as Lin Kai.

Lin Kai originally thought that the bodyguards outside the hotel knew that he was making trouble inside, but after a glance, the bodyguards outside did not make any movements.

Lin Kai didn't hesitate anymore, and immediately took Xu Qingcheng to his Maserati president car and drove away.

Obviously, this is not the reason why the task is not completed, it should be something else.

It was the group of bodyguards that reacted and was stunned when they saw Lin Kai pulling a woman in a wedding dress into the car and then driving.

I didn't know what was going on. At first, I thought it was a custom or something.

It wasn't until this group of bodyguards received a call that they understood what had happened.

All of them were stunned, and there were people who dared to act against Cao Li. Not only that, they also gave Cao Lixing almost dying, and even swallowed a screen.

The person who called was naturally not Cao Lixing, but a member of the Cao family.

Although the members of the Cao family felt that Cao Lixing forced a woman to marry like this, and thought it was very embarrassing, there were outsiders who came to the wedding scene. Not only took away the bride, but also almost killed Cao Lixing to the whole, which was naturally furious.

In addition to the wedding scene, there are also many other group families. This time, the Cao family was embarrassed in front of so many wealthy families.

So, hurry up and let these bodyguards chase them, and they must catch them.

Lin Kai didn't know what was happening in this hotel, even if he knew it, he didn't care.

At this time, Xu Qingcheng on the co-pilot was still a little worried.

However, Lin Kai looked calm, and first took Xu Qingcheng to a shopping mall, bought a dress, and changed it in the fitting room inside.

Then he took Xu Qingcheng to the medical school.

But Xu Qingcheng's face was still very worried, but Lin Kai smiled at Xu Qingcheng: "Don't worry, I will go there and solve it completely. From now on, you will not encounter any trouble here."

Lin Kai was mainly worried that if the Cao family sent more people, he would not be able to protect Xu Qingcheng.

Even though he is a cultivator of immortality, he can never directly use that kind of truly mortal means directly in front of everyone. In that case, it would be shocking to the world. It will bring some bad influences, so in the world, when he deals with ordinary people, he uses methods similar to ancient warriors.

Unless he is facing an ancient martial artist, or a half cultivator like Ye Muqi, or a demon like Shanguan Congxing. What's more, it was the woman with a human head and a snake body in the ancient city of Yunshang.

At this time, Xu Qingcheng nodded obediently when she heard Lin Kai's words, and entered the medical school with confidence.

Xu Qingcheng lives in this city and works in this medical school.

Lin Kaizi wouldn't let Xu Qingcheng go anywhere else, he was going to return to the hotel again to completely solve the Cao family's matter.

So Lin Kai saw that Xu Qingcheng had returned to the medical school, so he drove the car and returned to the five-star hotel in the city center.

When he arrived at the five-star hotel, he found that the hotel's original wedding decorations had been torn down one after another, and the people inside had also left.

Lin Kai was slightly surprised that he was gone so quickly and efficiently?

At the same time, he also noticed that there was a man next to this hotel who seemed to be beating a woman.

Lin Kai felt that the man was a bit familiar, as if he was at a wedding, so he couldn't help passing by and asked, "What are you doing?"

The young man was startled, and he recognized Lin Kai immediately. He had seen Lin Kai's power not long ago.

Lin Kai said indifferently, "What's going on here? Why are they all gone? Where are the people from the Cao family? What else is Shao Cao, was he sent to the hospital?"

The young man was shocked by Lin Kai's words again, because he knew that the entire Cao family had been dispatched, and he must take down the man in front of him.

As the first family chaebol in the local area, the Cao family's energy in the local area is naturally very large. Moreover, the so-called strong dragon does not suppress the snake, even if you are a big wealthy from the outside, but you want to be so arrogant on other people's territory, you must have to pay a great price.

As a result, he was shocked when he saw Lin Kai actually ran back again.

However, this young man did not dare not answer Lin Kai. After all, he had been frightened by the strength that Lin Kai had shown at the wedding scene before. Coupled with his family background, it is not as good as Cao Lixing.

The person in front of him, even Cao Lixing, dared to fight like that, let alone him.

Since then, the young man hurriedly said: "The Cao family has brought Cao Shao back home. The Cao family has the best Western medicine and is treating there. Many people in the Cao family are looking for it in the whole city. You, so naturally they all dispersed here too."

However, what made this young man bewildered was what Lin Kai said next.

Lin Kai couldn't help but said to the young man, "Cao's family? I really don't know where the Cao's is. I'll give you some money. Can you lead the way to the Cao's family?"

The young man was completely stunned. At first he thought he had heard it wrong, but found that he had not heard it wrong. Unexpectedly, Lin Kai now offered to go to Cao's house even more.

Isn't it true that you know that there are tigers in the mountains, and you prefer to go to the tiger mountains? It's just dying!

The young man was prepared to refuse at first, after all, he didn't have the guts to take Lin Kai with him.

If the Cao family regarded him as Lin Kai's partner, it would be bad.

But the young man changed his mind, why should he take Lin Kai with him honestly? On the way he took it, he could send a message to the Cao family.

He happened to have the contact information of a member of the Cao family, and then said that he guided Lin Kai to the Cao family.

The Cao family would be very grateful to him, and then he would be rewarded by the Cao family.

The young man seemed very excited when he thought of this, without Lin Kaiduo saying anything, the young man agreed.

Lin Kai naturally saw that the young man had other ideas, but he didn't care.

Chapter 1798

Ever since, Lin Kai then drove the young man to Cao's house under the guidance of the young man.

The young man took the initiative and sat in the back row.

And still sitting next to the car window, deliberately lowered his head, holding the phone behind the seat.

In this way, the rearview mirror at the front of the car could see the mobile phone held by the young man in the back seat of the car.

So I can't even see what this young man is playing with his mobile phone.

Even if Lin Kai didn't use the rearview mirror, how could he not see the young man's mobile phone screen.

It didn't take him long before he saw the young man and sent a message to someone who noted Cao.

Obviously, the Cao brother belongs to the Cao family.

Not only that, the young man also said to Brother Cao very contentedly that he has now given Lin Kai to Huyou to Cao's house, and he is on his way, and he will be there in half an hour.

Lin Kai shook his head and laughed secretly. This young man was obviously ready to take credit for the Cao family.

However, Lin Kai continued to drive the car and headed to Cao's house. Even though he knew that the young man had already whispered, there was nothing to stop the young man from further whispering.

The Cao's house is also in the city center, but an independent area, which is equivalent to the size of a medium-sized community.

The villas in that area belonged to Cao's family, and even the surroundings were surrounded by a kind of city wall.

It can be seen that this Cao family is indeed powerful in the local area.

Lin Kai quickly stopped the car at the gate of Cao's house.

Lin Kai stopped and walked down with the young man.

"Go ahead, how much do you want?"

Lin Kai asked the young man.

The young man sneered: "How much is it? Haha, you were deceived! I fooled you to Cao's house. Wait for your death!"

Because this young man happened to see a group of Cao's bodyguards ambushing nearby.

At this time, the young man naturally did not dare to ask for Lin Kai's money.

Otherwise, he wouldn't be able to find Cao's family, he would have to reward him.

Although he knew that Lin Kai must have money, after all, he was driving such a luxury car at such a young age, but he was a local man. Knowing the reason why Qianglong doesn't suppress the snake, he naturally wouldn't accept Lin Kai's money. Instead, he had to show that when he contacted Cao before, he said the same thing.

If this is the case, you can ask the Cao family for a reward to a greater degree.

At this moment, a group of Cao's bodyguards had gathered around, and the young man quickly withdrew from the range.

At the gate, there also appeared a man who looked somewhat similar to Cao Lixing, who was a few years older than Cao Lixing.

He is Cao Lixing's older brother, Cao Liwu.

I don't know how many times Cao Liwu is stronger than Cao Lixing, Cao Lixing is just a standard young master, or the kind of bullying men and women who do no evil.

Of course, Cao Liwu is not much weaker than Cao Lixing in this respect. He also likes to bully the weak with a gun.

More importantly, Cao Liwu himself is a bit capable, because he is an ancient warrior and a warrior.

With his talent, when he is in his early forties, he is very likely to break through to the martial arts level.

Therefore, he was also praised by the Cao family as hope that he could lead the Cao family further.

Cao Liwu looked at Lin Kai, who was already surrounded, and said with a sneer: "Boy, you are so courageous! Dare to make my brother like that! Up to now, you are calm! Look at you. The courage is more than that, it simply doesn't put me in the eyes of Cao's family!"

Lin Kai glanced at Cao Liwu faintly, and then said: "You are really right, I really didn't show this so-called Cao family in my eyes."

Lin Kai's tone is also that kind of very understatement.

As soon as these words came out, whether it was Cao Liwu, the young man, or the group of Cao's bodyguards surrounding Lin Kai, they all froze for a while before bursting into laughter.

Then one after another, they all looked at Lin Kai with idiotic eyes, thinking that Lin Kai had a bad mind.

Especially Cao Liwu, he didn't need to say himself, he was an ancient martial artist, and the group of Cao's bodyguards surrounding Lin Kai were also ancient martial artists. Although they are basically warriors, there are also several warriors at the level.

Are these Cao's bodyguards the same as the bodyguards in the hotel?

Thinking that Lin Kai could easily defeat the group of bodyguards in the hotel, he thought that he could defeat the bodyguards here, just dreaming!

Cao Liwu sneered again. He didn't waste any more time. He just said to Lin: "Boy, your death date is here! ~ You haven't realized it yet, hehe, let you know before you die and surround you. The bodyguards of the group are not ordinary people. At least they are more powerful than those who have practiced martial arts for many years!"

The young man not far away was also excited when he heard this, he had naturally heard of the existence of ancient warriors. However, he has never had a chance to contact.

Unexpectedly, the group of seemingly extraordinary bodyguards in front of them are indeed extraordinary, they are all ancient warriors!

This young man, looking at Lin Kai's gaze, looked like a dead person! That's an ancient warrior! Even the most ordinary warrior can beat dozens of ordinary people one at a time!

Not to mention the kid in front of me!

Thinking of this, the young man seemed to see it, and then Lin Kai was directly beaten to death by random punches!

As for Lin Kai, his complexion is still extremely calm, how can he not see that these bodyguards are all ancient martial artists, but for him now, even if they are all of the martial arts level, he does not frown.

What's more, this group of people are all martial artists, only a few martial artists.

At this time, Cao Liwu saw Lin Kai with a calm face. He thought that Lin Kai didn't know what ancient martial artist it was, so he sneered even more.

Since he didn't know, he didn't need to waste any more time, so Cao Liwu quickly went on and said: "Give it to me! Kill this kid for me! Whoever this kid is, come here, it's a dragon. Let me lie on my stomach! Let everyone see and provoke the fate of our Cao family!"

When the group of Cao's bodyguards heard the words, they all grinned and started to attack Lin Kai.

They also heard that Lin Kai had some tricks to defeat two levels of bodyguards in the hotel, but those two levels of bodyguards were not ancient warriors.

In addition, they still didn't sense Lin Kai's ancient martial artist's aura, indicating that it was not an ancient martial artist, but a person who was very good at martial arts.

However, in order to prevent any accidents from happening, it is necessary to play with the momentum of the Cao family.

Therefore, they all rushed forward one after another. In their opinion, they immediately let this kid kneel and beg for mercy!

Chapter 1799

"Hey, this kid doesn't know if he is stupid or stupid. He really underestimates the enemy?"

Cao Liwu looked at Lin Kai disdainfully, standing in the encircling circle, the motionless Lin Kai.

Really, he is the bodyguard of the Cao family. And also take the ancient warrior seriously, so immediately let this kid see and see the power of this ancient warrior.

That young man thought the same now, his face looked lively. At the same time, his eyes showed expectation. When these Cao family bodyguards solved Lin Kaijii, then he could ask for a reward from the Cao family.

Under this circumstance, the reward given would be very good, he naturally expected that Lin Kai would be dealt with severely soon.

Just never thought that Lin Kai just raised one hand, but the group of Cao family bodyguards who came forward flew out one after another and fell to the ground fiercely.

As if hit by some force, it made them very miserable, vomiting blood and fainted.

In such a shocking scene, whether it was Cao Liwu or the young man, there was an unbelievable look in his eyes. What's the situation? Why did he raise his hand and solve the group of Cao's bodyguards?

These Cao family bodyguards are not ordinary people! They are all ancient warriors! Although it is a group of warriors, and a few warriors, that is also remarkable!

But now, is Lin Kai still a human?

Lin Kai ignored the horror of the two, and immediately stared at Cao Liwu, and Cao Liwu stepped back subconsciously.

But Cao Liwu changed his mind. Although he didn't understand how Lin Kai did it, he was certain that Lin Kai was also an ancient warrior, and he must have used some of the ancient warriors' methods. For example, some talisman, or other weird things.

If those things are used, they can be one enemy one hundred.

More importantly, this kind of thing is very scarce, and it will not be used when the owner is less than a last resort.

Obviously, Lin Kai in front of him realized that he had a crisis, so he used it.

Thinking of this, Cao Liwu no longer feared Lin Kai. Instead, he walked towards Lin Kai and sneered, "What? I ran out of things? Then I should take care of you! I'm brave! I dare to use Guwu. Some rare things in the world are used to deal with the bodyguards of my Cao family! Let the bodyguards of my Cao family be damaged so badly! If you don't give you a lesson this time, my Cao family still has a good face?"

As Cao Liwu said in cold voice, he swiftly moved towards Lin Kai, also very fast.

The young man obviously knew that this Cao Liwu was also an ancient warrior, or an ancient warrior that was not simple.

Seeing Cao Liwu's move and hearing what Cao Liwu said, his spirits were immediately lifted.

So, Cao Liwu was quite sure to deal with Lin Kai!

If that's the case, it couldn't be better!

Otherwise, if he wants to get a reward from the Cao's family, it will be a waste. After all, the Lin Kai he had brought was so powerful that he had damaged a group of Cao family bodyguards so badly.

Cao's family raised these ancient warriors, and naturally they also spent a lot of money.

These ancient warrior bodyguards, I don't know how much it costs more than ordinary bodyguards.

Therefore, these ancient warrior bodyguards were damaged, which caused very serious losses to the Cao family.

When the time comes, the Cao family will be pretty good if he doesn't blame him, let alone give him any rewards.

Fortunately, Cao Liwu also came, and Cao Liwu was much better than Cao Lixing.

When the young man thought about it, Cao Liwu had already come to Lin Kai's side.

Lin Kai didn't have much interest in fighting with this Cao Liwu. Cao Liwu was so young that he had reached the pinnacle of a martial artist, and his talent was much stronger than most ancient martial artists.

No wonder this Cao Liwu has been proud of his face since his appearance.

However, in Lin Kai's eyes, this Cao Liwu's strength is not as good as An Xiaoran, Hu Xinru and others. Not referring to the aspect of demons and demons, but the strength of this kind of fighting.

Cao Liwu didn't have much combat experience, he just didn't want to use it.

Lin Kai shook his head slightly, and slapped it lightly at the attacking Cao Liwu.

With a bang, Cao Liwu was instantly slapped by Lin Kai's slap, and the whole person seemed to have suffered a huge amount of force.

Directly let Cao Liwu flew up in an instant, slammed into the iron fence at the entrance of Cao's house, and made a loud noise.

The young man nearby, seeing this scene, his expression was extremely scared, and even the so-called very powerful Cao Liwu couldn't bear Lin Kai's slap!

This young man also felt extremely regretful in his heart, why didn't he listen to Lin Kai obediently! I have to contact some Cao family, isn't this purely seeking death by myself!

Sure enough, when the young man regretted so much, Lin Kai also slapped it, letting the young man fly out, and then also crashed into the iron fence of the Cao family's gate, making a loud noise.

People in Cao's family heard two loud noises in a row.

Everyone was very surprised. Who on earth made such a noise at the gate of Cao's house?

Especially many people also know that Cao Liwu took a group of bodyguards, lying in ambush at the gate, waiting for Lin Kai to throw himself into the net.

Could it be that Lin Kai had been captured by Cao Li by force?

Many people in the Cao family think so.

Even Cao Lixing, who had been rescued back, thought so.

The Cao family naturally has its own top doctor, so after Cao Lixing was sent back, he was rescued, and he woke up ten minutes ago without any major incident. But to lie down in a hospital bed for more than half a year, this is at least.

When he can get off the bed, it depends on his recovery ability. After all, Cao Lixing was beaten with random punches by the group of bodyguards, and his whole body was wounded everywhere.

The group of bodyguards was naturally expelled by the Cao family. Of course, the Cao family didn't dare to do anything to the group of bodyguards, lest the other bodyguards became unhappy.

Although Cao Lixing was seriously injured, he had recovered his consciousness, and at the same time he knew that his brother, with a group of ancient warriors' bodyguards from the Cao family, was lying in ambush at the gate.

Because I also knew that Lin Kai was deceived to Cao's house, then he would be able to teach that Lin Kai severely.

Cao Lixing hated Lin Kai, not only destroyed his wedding, but even in front of so many people, making him look so miserable.

So Cao Lixing wanted to see for himself, Lin Kai was even worse than him, and had a more miserable end!

Even if he disregarded the doctor's advice and objections, he insisted on letting him arrange a wheelchair for him, pushed him to the door of Cao's house, and went to see Lin Kai's very miserable appearance for himself!

Chapter 1800

When Lin Kai general Cao Liwu and the young man resolved, they made two loud noises.

Cao Lixing was sitting in a wheelchair, and was pushed by someone from the Cao family to the door of the Cao family.

Now it is not only Cao Lixing who is going to the door of Cao's family, but the other Cao family members rushed to the door of Cao's family after hearing the two sounds of contact.

Cao Lixing in the wheelchair, although his face was stiff and his face was paralyzed, his eyes still showed ecstasy.

Because Cao Lixing thought of it, it was very likely that it was Lin Kai who was beaten like that by his brother or those ancient warrior bodyguards before hitting the iron fence to make a sound.

So when Cao Lixing thought of this, his heart was extremely excited, and he couldn't wait to look at Lin Kai's miserable appearance.

Before long, both Cao Lixing and some members of the Cao family rushed to the gate.

When they found that there was only one person standing at the gate, they were all stunned, especially the group of ancient warrior bodyguards in their Cao family, who fell to the ground and passed out, and they were even more astonished.

Only Cao Lixing in the wheelchair recognized the standing person, it was Lin Kai!

This shocked Cao Lixing's heart, how could it be Lin Kai? what's the situation!

The bodyguards of his Cao family are all ancient warriors! Anyone can easily deal with the ordinary bodyguards in the hotel before!

Why can Lin Kai easily solve these people?

Cao Lixing was really dumbfounded. When he was in the hotel before, he looked down on Lin Kai.

In addition, after all, my hotel is also the wedding scene. I never thought that someone would dare to make trouble, so I didn't arrange the ancient warrior bodyguard at the hotel.

Cao Lixing originally thought that these ancient warrior bodyguards could solve Lin Kai by one person, but now it seems that it is not the same thing at all!

Not to mention Cao Li's actions, the other Cao family members are also incredible, and these Cao family bodyguards have spent a lot of money.

The most important thing is, where did Cao Liwu go?

It can be said that Cao Liwu is the hope of their entire Cao family, and they are also very powerful ancient warriors. These ancient warriors bodyguards are not Cao Liwu's opponents.

But now, where did Cao Liwu go?

When everyone was puzzled, a member of the Cao family accidentally turned his head and caught a glimpse of the iron fence next to the gate, where two people had smashed the iron fence. Then the two of them were lying on the ground bleeding like corpses, motionless there, if it weren't for some breathing, they really thought they were a dead person.

At first, this Cao family member was still curious about who these two people were. After all, there was blood on their faces and it was difficult to see clearly.

Until the Cao family thought of where Cao Liwu had gone, and when he saw one of them, he felt more and more familiar. Isn't that Cao Liwu?

How could Cao Liwu be beaten so badly, he was almost dying?

The Cao family didn't care about any extra thoughts. He pointed out the iron fence and said hurriedly, "Look! Is that Brother Liwu?"

Upon hearing this person's words, these Cao family members all looked in that direction.

Cao Lixing couldn't turn his head to look, so he could only let his subordinates push the wheelchair and turn around to look.

I immediately saw the two people lying on the iron fence.

These people hadn't noticed at first, one of them was Cao Liwu.

Then the more you look, isn't that Cao Liwu?

"It's Cao Liwu!"

"Oh my God! It's really Brother Liwu!"

"How is this possible! The strength of Brother Liwu is obvious to all, how did it become like this?"

These Cao family members are really dumbfounded.

The previous group of ancient warrior bodyguards, although they were all knocked to the ground, although they were shocking, they were barely acceptable.

However, now that Cao Liwu was beaten like this by Lin Kai, one by one was totally unacceptable!

Especially Cao Lixing, he was so stupid, he kept whispering in his heart, why did I provoke such a character!

This kind of character can't be offended by the Cao family at all!

The most powerful ancient warrior in the entire Cao family naturally belongs to Cao Liwu. It can be said that there are no rivals under Wu Sheng.

But Lin Kai took Cao Liwu so easily, it was equivalent to the entire Cao family, no one could control Lin Kai!

Especially now, Lin Kai is coming step by step.

The other members of the Cao family didn't know who Lin Kai was at first, and then judging from Cao Lixing's expression, they knew that this person was Lin Kai who they wanted throughout the city!

When I thought of this, the expressions of these Cao family members were very ugly and terrified.

Even the most powerful Cao Liwu of their Cao family was defeated by Lin Kai, let alone others.

As a result, these Cao family members had no intention of dealing with Lin Kai.

Seeing that Lin Kai was about to get closer, one of these Cao family members walked out, a middle-aged man in his 40s or 50s.

It seems that this middle-aged man, among these Cao family members, is also able to talk.

Seeing that Lin Kai was about to come over, the middle-aged man in his 40s and 50s quickly bowed to Lin Kai and apologized: "Lin...Mr. Lin, there should be some misunderstandings in this! Our Cao family... our Cao family in the future, Never dare to do that again!"

This middle-aged man in his 40s and 50s, his voice was trembling when he spoke, and he was obviously very afraid that Lin Kai would break into Cao's house and kill him.

Lin Kai is naturally not the kind of bloodthirsty person, and will not hurt the innocent.

Of course, these members of the Cao family, as the local overlord level, usually indulge their children to do no evil outside, and they can be regarded as accomplices.

Originally, Lin Kai planned to enter the Cao family, but since these Cao family members came out on their own initiative, it saved him trouble.

Lin Kai also saw it. The forty or fifty-year-old middle-aged man stood up. Hearing what the forty-fifty-year-old middle-aged man said, he nodded slightly and said: "Don't worry, I won't hurt you. The foundation of the home. I'm here for two things. First, the girl will still be here in the future. If you dare to disturb her..."

Before Lin Kai could finish, the middle-aged man in his forties and fifty years old shook his head like a rattle: "Don't dare! How can you dare! Our industry here is even for the girl permanent." free!"

The other Cao family members also nodded one by one.

The girl knew Lin Kai, how could they have trouble with that girl? Offending the girl is equivalent to offending Lin Kai.

Now it seems that Lin Kai is going to let them go. If they accidentally offend the Cao family next time, then their Cao family is probably going to be over.

So these people from the Cao family have made up their minds to let all the Cao family respect the girl as VIPs!
