## Chapter 18: Competition Gambling

### Chapter 18

“Shao Lin, you are boring!”

“Cut, I thought Shao Lin had such advanced gambling skills, and I was stunned when I met a master!”

“Haha, it’s boring.”

Seeing Lin Kai’s delay in agreeing to gamble with Zhao Tai, all the young masters onlookers began to tease Lin Kai. All of you here were young masters from famous families in Jiangbei, and they were not so polite to Lin Kai.

Zhao Tai even touched his chin and stared at Lin Kai provocatively.

“I thought Shao Lin from Jiangbei was so powerful, I didn’t expect it to be a soft guy who didn’t dare to fight!” Zhao Tai sat down at this time and said disdainfully.

After that, Zhao Tai stared at Lin Kai with a smile, with a defiant expression on his face.

The average rich second generation would definitely not be able to bear such insults from Zhao Tai. Zhao Tai concluded that Lin Kai would bet against him for his dignity!

But he was wrong. In his previous life, Lin Kai had been looked down upon for a lifetime, and he still had some resistance to pressure.

“Whatever you want.” Lin Kai smiled and shook his head, turning around to make a gesture to leave.

This time it was Zhao Tai’s turn to be stunned. Is this Young Master Lin? This is Lin Dashao, who is rumored to regard face more than anything else?

Still not angry when you are so provoked by yourself?

Zhao Tai was in a hurry. If Lin Kai left, 300 million, who would he go to?

“Hehe, what a waste! I don’t even have the courage to compete.” Zhao Tai touched his chin, deliberately loudly.

He bet, gambling forest meeting to look back!

Sure enough, Lin Kai really stopped.

Lin Kai turned around and smiled at Zhao Tai at this time, and said, “I bet with you.”

Zhao Tai was overjoyed when he heard the words, but he didn’t say anything, Lin Kai continued: “But, don’t bet on money, don’t bet on cards, just simply compare, how about?”

The reason why Lin Kai agreed to gambling with Zhao Tai was not because he couldn’t stand Zhao Tai’s insult and found his dignity back.

It was because the system issued a task asking Lin Kai to defeat Zhao Tai in gambling!

The reward is one of several extraction capabilities!

For the mission, Lin Kai couldn’t leave either.

Zhao Tai laughed out loud at that time. As long as he wins Lin Kai, he will get three hundred million yuan. As for gambling or not, he doesn’t care at all.

“Good!” Zhao Tai agreed.

Lin Kai took out his mobile phone, let Zhang Kaixuan hold it, and said, “I’m just playing gambling, not gambling, come on.”

Zhang Kaixuan looked at the mobile phone that was recording, and he was confused. After a long time, Zhang Kaixuan realized what was going on.

My good brother, it seems a bit abnormal, when did he start to be so cautious?

Zhao Tai glanced at the cell phone in Fatty’s hand, and didn’t care at all. Anyway, his task was to win Lin’s hand. As for gambling or not, it was none of his business.

When I heard that Lin Kai was going to compete with Zhao Tai for gambling, the whole Tianzi room was lively. Everyone gathered around the table to see how they would bet.

“Competing for gambling skills, of course, depends on how well your own skills are. I am not talented and show my ugliness.” Zhao Tai showed a smug smile on his face.

In the competition, Zhao Tai didn’t dare to say that he could win.

But in the competition of gambling, in the entire Huaxia Kingdom, few people are his opponents.

After all, he has obtained the true biography of his father, his father is the king of gambling, and the title of heir to the king of gambling is not for nothing.

Zhao Tai has been hanging around in the casino since he was a child, and he has seen too many old people, and he, Zhao Tai, is one of the old people.

Lin Kai? A wild pheasant known as the king of gambling in the rich second generation? He doesn't care about it at all!

If the gambling king in the rich second-generation circle counts, what is his father?

This is exactly how professional players crush amateur players!

Zhao Tai is confident that he can completely abuse Lin Kai!

A deck of playing cards was in Zhao Tai's hands, and only the sound of pulling cards was heard, and a deck of playing cards was in Zhao Tai's hands, just like living.

Zhao Tai was very skilled at shuffling a deck of cards, and the order was completely disrupted.

Afterwards, Zhao Tai randomly drew three shots from the playing cards and placed them on the table.

"Gambling, the most important thing is to record cards."

"Although I completely messed up the order of a deck of cards, they are all in my mind."

Zhao Tai pointed to his head and smiled triumphantly.

"This is a three of spades."

Snapped!

Zhao Tai directly opened a poker card on the table and saw a three of spades appear in front of everyone!

Everyone exclaimed, they were all overwhelmed by Zhao Tai's amazing memory!

"This is a king." Zhao Tai opened a playing card again casually.

A great king appeared in front of everyone.

“This is a nine of hearts.”

Open it again, it is a nine of hearts!

After the scene was quiet for a few seconds, there was a burst of extremely warm applause!

so amazing! Zhao Tai deserves to be the son of a gambling king, his memory is so powerful!

Just now everyone saw that Zhao Tai took apart a new set of playing cards, and even shuffled the order of the playing cards in front of everyone.

Then he randomly drew out three playing cards and placed them on the table. He could actually remember the contents of these three playing cards!

This is simply incredible!

“No wonder I kept losing when I was playing in Macau, it turns out that there are still such powerful old people!”

“Awesome! It seems that Lin Shao has lost this time.”

“Lin Shao, your title of No. 1 Gambling King in Jiangbei, I’m afraid it’s not true!”

Everyone stared at Lin Kai gleefully.

This time, I didn’t gamble on money, but only on dignity. The richer people, the more they care about face. Lin Kai is the most face-conscious young master in the circle.

But this time, he was destined to lose face, because what he had to face was the heir to the king of gambling!

After seeing the tactics of the king of gambling, no one thought that Lin Kai could win.

After all, the legend of the King of Gambling is really amazing! They couldn’t think of what Lin Kai, an amateur player, could compare with the successor of the King of Gambling!

At this moment, even the fat man wiped the sweat from his head. He came to Lin Kai’s side and whispered, “Lin Shao.”

“The opponent is a bit too powerful, this time it’s Fatty, my fault, why don’t we withdraw first?”

Zhang Kaixuan was extremely worried. He thought that this time Lin Kai would lose two money at most.

However, he didn't expect to bet on dignity with Zhao Tai.

According to Zhang Kaixuan's understanding of Lin Kai, if he loses, he still has to cry and hang himself? He Zhang Kaixuan could not afford the consequences.

Zhao Tai also held his arms, raised his head, almost staring at Lin Kai with his nostrils, his expression defiant.

Four words were written on his face, you are sure to lose!

Lin Kai glanced at the playing cards on the table, and to be honest, he didn't know much about gambling.

But he only knows that his eyes are see-through!

Immediately, Lin Kai smiled slightly and said, "Thank you, Mr. Zhao, to shuffle the playing cards again."
