Chapter 1811 Dragon Shaped Jade

Lin Kai couldn't help but be moved by the attitude of the four of them to study. He stepped forward, lifted them up, and sighed, "Four masters, there are many qualities that we young people are worth learning."

The four elders held student ceremonies and said respectfully: "We have written down the teachings of your husband."

A touching friendship between master and apprentice was staged here, but it made Chu Huaming feel uncomfortable as if sitting on pins and needles.

He couldn't help cursing at the four elders in his heart, "You are especially invited by Lao Tzu, why are you standing on Lin Kai's side?"

Chu Huaming stepped forward, gritted his teeth and said, "Lin Kai, I still won the bet. You must still lick my toes."

An old man frowned and scolded: "Chairman Chu, you have to be forgiving and forgiving. How about giving the old man a face, forget it."

Chu Huaming's temper also came up, and he said stiffly: "Master's face, I'm afraid it's not that great!"

Now Chu Huaming is stunned, and will not give up the opportunity to humiliate Lin Kai.

Seeing Chu Huaming's performance, other people couldn't help shaking their heads.

Four masters in the antiques line, that is the king-level figure.

As long as President Chu stays in the antique market, he must take into account the faces of the four masters.

Now Chu Huaming dared to refute the master, it seems that he has been dazzled by anger.

The old man was very angry, but for the time being he couldn't help Chu Huaming.

He looked at Lin Kai embarrassedly and apologized: "Sir, look..."

Lin Kai waved his hand with a strange expression on his face.

He smiled indifferently: "Who said I lost?"

"Could it be..."

The four elders were slightly startled, their bodies shook suddenly, and they looked at the rattle that they had overlooked.

The four old men picked up the rattle as if holding a baby.

They watched the tattered rattle carefully, as if it were the most precious treasure in the world.

Everyone's expressions changed, and they also thought of something general.

They looked excited and looked at the rattle nervously, with a look of expectation faintly in their expressions.

“No, there is baby?”

Shi Xiaoqian on the periphery, clutching his chest, felt very heartache.

That painting just now was 15 million yuan, and he actually sold it for 50,000 yuan.

Now, looking at the expressions of the four masters, there seems to be a mystery in this rattle.

Shi Xiaoqian wanted to cry without tears, and now he wants to die.

Shi Xiaoqian finally understood why Lin Kai said just now not to blame him.

At this time, the four elders finally saw some clues.

An old man asked respectfully: “Sir, there seems to be a mystery in the head of the rattle.”

Lin Kai smiled with a teachable expression on his face, “Then it is up to you to make the treasures inside reappear to the world.”

“Thank you sir!” The four old men were overjoyed and bowed deeply.

They took out all kinds of complicated tools and carefully polished them on the drumhead.

Half an hour passed before the drumhead was cleaned.

Lin Kai yawned a little boredly. Is it necessary to do this? Wouldn't the drumhead crack when he fell directly on the ground?

But looking at everyone's seriousness, even Li Shengxian stared at him without blinking.

Lin Kai shook his head, he really didn't understand why these people were so fascinated.

However, since he gave it to the four elders, it would not disturb their interest.

Two hours later, one side of the rattle was completely cleaned out.

An emerald light shined through.

An old man took it out carefully and put it on a plate.

“It's Lantian Jade.”

Everyone exclaimed, thoroughly seeing the look of this antique.

There are tears in the moon pearl in the sea, and the jade in Lantian is warm in the sun and smoke.

Everyone looked at this jade pendant obsessively, and this ancient poem could not help but surfaced in their hearts.

What makes people even more shocked is that this piece of Lantian jade turned out to be a dragon-shaped jade pendant.

“Who would wear a dragon-shaped jade pendant...”

A thought flashed in everyone’s hearts, and a fiery light flashed in their eyes suddenly.

The four elders also trembled their lips, and their expressions were very excited.

With their eyesight, it can be clearly seen that this piece of Lantian jade is a real ancient jade pendant.

An old man shouted: “Bring my jade pendant.”

Someone quickly brought a thick book.

The old man snatched it over and quickly turned it over.

In the end, the old man turned one page and stopped moving.

Sharp-eyed, I have already seen the pictures on the pages of the book.

“It is the Jade Seal of Qin Shihuang’s biography.”

The excited voice became very shrill. He said loudly: “Master, does this dragon-shaped jade pendant have anything to do with the Jade Seal of the Kingdom?”

The four elders gathered around for a long time, and finally decided.

They glanced at each other, and an old man who specialized in ancient jade pendants stood up.

He said excitedly: “It’s not wrong. According to legend, when the master jade craftsman made the Jade Seal of the Kingdom, there was a piece of scrap left.”

“The master jade craftsman made a dragon-shaped jade pendant in order to win the favor of Qin Shihuang.”

“Qin Shihuang was overjoyed, so he always carried it on his body until he was buried and taken underground.”

“Unexpectedly, it will reappear in the hands of the old man today!”

The old man trembled with excitement. With tears in his eyes, he paid homage to Lin Kai and said, “Thank you, Mr., for satisfying the students’ wishes for many years.”

Lin Kai smiled and motioned for him to get up.

“It turned out to be Qin Shihuang’s jade pendant.”

Everyone looked at the jade pendant with fiery eyes.

Lantian jade itself is invaluable, and this piece of Lantian jade is covered with buffs.

First, it was an ancient jade pendant, and secondly, it was worn by Qin Shihuang personally. Thirdly, it used a piece of Lantian jade with the Chuan Guoyu Seal.

Every bit of this makes this dragon-shaped Lantian jade full of legendary colors.

“How much is this jade pendant worth?”

Someone couldn't help but asked.

"value?"

The elders sneered at him. It's impossible to sell such a peerless treasure for any amount of money.

An old man estimated it and said lightly: "If a nationwide auction is held, this jade pendant will probably sell for tens of billions."

"boom"

The whole hall was quiet at first, and then shook with a thud.

The atmosphere on the scene suddenly became weird.

Everyone's eyes were completely crazy.

They looked at this piece of Lantian jade with greedy eyes in their eyes.

Some people are even ready to move, and can't help but want to do it.

"This piece of Lantian jade is mine, it's mine!"

Chu Huaming looked crazy and shouted:

"I paid for them, so they belong to me!"

Chu Huaming roared loudly, his fat body was so flexible that he jumped up and rushed directly to Lan Tianyu on the high platform.

The expressions of everyone present changed, and their figures started to move.

"Hmph, whoever sees it has a share, whoever gets it will get it!"

All people are crazy, completely crazy!

Chapter 1812 Hidden God Appears

A group of people swarmed up, and the four old men looked shocked and stood in front of them and shouted: "Are you all crazy?"

But at this time, no one cares about these masters.

If you get this jade pendant, you won't have to worry for a lifetime.

At this time, it was possible to see that many of the people present who were usually very low-key turned out to be ancient warriors.

Now, they can no longer care about hiding, and they all display their life's skills to rush towards the dragon-shaped Lantian jade.

"Presumptuous! Dare to grab Mr. Lin's things!"

Zhang Xingjun roared and rushed over quickly.

Of course, not everyone rushed to Lan Tianyu, some astute people seemed to realize something.

They moved straight to Lin Kai.

“Oh, there are some smart people.”

Lin Kai sneered. In the package in front of him, there were seven or eight pieces of broken bronze and iron.

But now, these people have realized that there must be a mystery in these broken coppers.

Behind the crowd, there was a thin figure that was exceptionally fast.

He flashed three times, then blinked in front of everyone.

This person was Shi Xiaoqian, and he also caught the attention of these rags.

If you want to say that the most uncomfortable person in my heart is him.

The tens of billions of treasures were sold by him for fifty thousand.

He rushed to the front of the crowd and shouted: “Little brother, I don’t blame you for buying my baby. But don’t blame me, I accept these things!”

Lin Kai smiled faintly, and whispered: “With your words, I will spare your life.”

On the other side, Chu Huaming and several ancient warriors had already rushed in front of the dragon-shaped Lan Tianyu.

Their faces were overjoyed, as if the treasure was already in their hands.

“Get out of here!”

Unexpectedly, an angry shout came, and a middle-aged man fell from the sky.

His hands glowed with jade, and he slammed his luck at a few people with a deep voice.

“puff”

The few people had no time to make a move, so they could barely resist.

But how could the attack of the Grandmaster level be so easy to resist?

They spewed out a mouthful of blood, and flew out, tumbling.

“Grandmaster-level powerhouse!”

Everyone looked ugly, and finally stopped.

These people are at most the realm of Martial Saint, and they are not the opponent of the master when they go together.

“Zhang Xingjun, why do you want to help Lin Kai, that’s tens of billions!”

Chu Huaming spouted a mouthful of blood and roared in anger.

Zhang Xingjun snorted coldly, with a trace of struggle deep in his eyes.

Why didn't Zhang Xingjun want to get this dragon-shaped blue field jade?

But he knew the horror of the Shadow Gate, his life was more important than this piece of jade pendant.

What's more, he didn't believe that Lin Kai, as the hall master, had no means.

Zhang Xingjun turned his eyes and looked to the other side.

The other people who were stopped also looked over.

At this time, they also realized that the tatters in front of Lin Kai's eyes might be treasures.

"I knew it, I went there..."

Many people looked regretful and miscalculated.

But are things really as beautiful as they thought?

Shi Xiaoqian possesses a powerful body technique, and his speed is faster than anyone else.

However, his body's hairs suddenly stood up, and a powerful killing intent swept over him, rushing straight to his forehead.

Shi Xiaoqian's complexion changed drastically, and his body went from rapid to extremely quiet like violating the rules of physics, without any effort.

"what happened?"

Shi Xiaoqian's expression was gloomy and uncertain, as if a fierce beast opened his mouth at him just now.

If he doesn't stop, the big mouth will eat him without hesitation.

The people behind him saw Shi Xiaoqian stopped and were overjoyed.

They immediately passed Shi Xiaoqian and went straight to Lin Kai.

Lin Kai stood with his hands behind him, just looking coldly at the people who were about to **** his treasures. The cold eyes were clearly looking at the dead.

"The one who snatches the master's treasure, die!"

A deep voice sounded in front of Lin Kai.

The space suddenly fluctuated, and a figure slowly appeared.

He willfully exuded a surging killing intent, and his hands flashed quickly, and they hit the throats of the four people in front of him.

The four people covered their throats and rolled out. After struggling a few times, they died on the spot.

This is a man whose whole body is shrouded in darkness, unable to see his face at all.

This person is the hidden **** who possesses the rat charm, he has been hidden by Lin Kai's side, secretly protecting Lin Kai.

After killing the four of them, the hidden **** turned and respectfully knelt in front of Lin Kai, and said respectfully: "I disturbed the master, the subordinates **** it!"

Lin Kai said lightly: "It's okay, get up."

After the Hidden God got up, he looked at everyone present coldly, and said coldly: "Those who dare to be disrespectful to the master, die!"

After speaking, he became invisible again and lost his trace.

"It's another master-level powerhouse, and it turns out to be concealed."

"What exactly is Lin Kai's identity? There are two great masters to protect him?"

The hearts of everyone were cold, and they completely lost the idea of snatching treasures.

The wealth of tens of billions is indeed tempting, but it is clear that they have no such life at all!

Seeing that the robbery could not be achieved, Chu Huaming smiled and said, "Lin Kai, I bought these things. So, you can return them to me."

Lin Kai said in surprise, "Chu Huaming, is it because you are so fat?"

Chu Huaming's face was gloomy, and he said coldly: "What do you mean?"

Lin Kai said lightly: "At that time, I had asked you again and again, and you said to send them to me. Now that you want to go back, you are purely dreaming of a hundred days!"

Chu Huaming's face changed for a while, and he said gloomily, "Okay, I'll take note of today's affairs."

After Chu Huaming finished speaking, he turned and left.

He didn't want to see Lin Kai's face anymore.

Lin Kai calmly stopped and said, "Wait a minute, did I let you go?"

Chu Huaming turned around and asked angrily: "What else do you want?"

Lin Kai sneered: "Did you forget our bet just now?"

Chu Huaming's face became even more ugly, and it had turned into a pig liver color.

He roared loudly: "Lin Kai, everyone is a mess, don't deceive people too much!"

Lin Kai waved his hand slightly and said coldly, "It seems that you are not decent. In that case, you make him decent."

Seeing Lin Kai's gesture, Zhang Xingjun flew up to Chu Huaming.

Not only that, Chu Huaming felt a murderous look on his back.

Don't think about it, that person is the invisible master.

The two masters are currently unable to escape even if they want to escape.

Chu Huaming looked desperate and said to the old man: "Master, save me."

The old man sneered and said coldly: "Just now someone said that the old man doesn't have that great face, so you should ask for more blessings!"

Everyone sighed, Chu Huaming shot himself in the foot.

Lin Kai looked indifferent and said calmly: "Chu Huaming, choose."

"Knock your head to Li Shengxian and call Dad.

Or die!"

Chapter 1813

Seeing that Chu Huaming was still hesitating, Lin Kai said without hesitation: "Kill him!"

Chu Huaming was shocked, but his fear of death finally defeated his self-esteem.

He knelt in front of Li Shengxian with a 'flutter' and shouted angrily: "Dad!"

"Eh."

Li Shengxian responded subconsciously.

"One dared to call, the other dared to answer."

"Tsk tsk, what a touching scene of father and son love."

The audience ridiculed, and they were very shameless at Chu Huaming's behavior of 'recognizing a thief as a father'.

Chu Huaming was distraught with grief and anger, rolled his eyes and passed out directly.

"Hey, Li Shengxian, your son fainted. Don't hurry to save him."

Someone shouted.

At this time, Li Shengxian also reacted and smiled bitterly at Lin: "You are making a big joke."

Lin Kai smiled slightly and scanned the crowd and said, "Is there anyone who wants to steal my things?"

Everyone smiled on their faces and quickly said not to dare.

The two great masters were present, how dare they dare to be presumptuous.

Lin Kai frowned, and even now he has not received the system's reminder.

Isn't it still helping Li Shengxian to become famous?

Lin Kai frowned and thought for a while, then smiled: "Everyone must have guessed the reaction just now."

"Yes, these things in front of me are all antiques."

At first everyone was still unsure, but now they heard Lin Kai personally admit it, everyone's breathing became heavy.

Especially Shi Xiaoqian, unable to bear the pain in his heart anymore, he knelt on the ground with a 'flutter' and said in pain, "I want to die, I want to die!"

Everyone looked at Shi Xiaoqian with sympathy.

As for the worst person in the audience, only time has moved.

A smile appeared in Lin Kai's eyes and ignored him.

He pointed to the pile of things and said lightly: "I can get these things today because of everyone's luck. If this is the case, then I have to give back to everyone."

Lin Kai said lightly: "I will hand over these antiques to Li Shengxian and the four masters."

"In the end, I will treat these antiques at 30% off the market price."

"As for, who of you can buy these antiques. You can discuss with Li Shengxian on your own."

Everyone was startled first, and then overjoyed.

These people are all famous figures in the East China Sea, and they have a lot of wealth.

They are not afraid that antiques are expensive, but they are afraid that there is no market and they cannot be bought.

Now Lin Kai actually said that he would sell them at a 30% discount on the market price. How could this not surprise them.

They all bowed and said, "Thank you Mr. Lin."

Lin Kai waved his hand and said calmly: "Don't thank me, whether you can buy antiques is up to Li Shengxian."

Everyone looked at Li Shengxian with fiery eyes, as if they were looking at a peerless beauty.

Li Shengxian shuddered and looked at Lin Kai very moved.

How could Li Shengxian fail to understand that Lin Kai was paving the way for his contacts.

Lin happily secretly said, "You think too much, I do it all for the task."

Not only many wealthy people and Li Shengxian are very grateful to Lin Kai.

The four masters were also extremely excited.

By their age, money is already something outside.

Live this life just for their own hobbies.

Now Mr. Lin handed these things to them, how could they not get excited.

Lin Kai looked at Zhang Xingjun and smiled and said, "You helped me just now, so naturally I won't treat you badly. After that, you can find Li Shengxian and choose an antique."

Zhang Xingjun was overjoyed and said, "Thank you, Mr. Lin."

Lin Kai turned his head to look at Shi Xiaoqian again, a smile appeared in his eyes, and said: "These antiques are from your stall after all, and I can also give you one for free. At that time, you can choose one at will."

Shi Xiaoqian was overjoyed, and his crying face instantly turned sunny.

He looked at Lin Kai deeply and admired Lin Kai's heart very much.

"Thank you Mr. Lin."

Shi Xiaoqian bowed earnestly and sighed:

"These treasures will only be dusty in my hands, and they are no different from ordinary tattered ones. Now, you can give me an antique regardless of the previous complaints, and I am going to change clothes! Mr. Lin, if necessary in the future, let me send it!

Lin Kai smiled and nodded.

Inside the ancient building, the atmosphere is peaceful.

It seems that the situation that almost broke out just now is just an illusion.

Everyone smiled, only Li Longxian, who had a gloomy face, was in a very bad mood.

He didn't care what treasure Lin Kai got.

However, when Lin Kai asked Li Shengxian to deal with these antiques, Li Longxian became a little frustrated.

How could he not know how attractive these antiques are to the wealthy present.

Lin Kai's move made Li Shengxian instantly become the focus of the audience.

Many people are looking at Li Shengxian, thinking about countermeasures, how to please Li Shengxian, in order to buy an antique.

Lin Kai smiled slightly, and said loudly: "Everyone present has the opportunity to buy antiques. But only the two closest relatives of Li Shengxian have no such opportunity."

"What do you mean?"

Everyone was at a loss. They and Li Shengxian had a chance if they had no relatives. Why didn't Li Shengxian's close relatives have a chance?

Lin Kai stretched out his hand and said lightly: "One of them is Li Shengxian's godson, Chu Huaming."

Suddenly, there was a trace of sympathy in the eyes of everyone.

You said, why did you offend Lin Kai? Now that you are in a coma and still being humiliated by Lin Kai, it's really miserable to get home.

Lin Kai turned his finger and pointed at Li Longxian and said lightly: "The second one is his third brother Li Longxian."

"He invited us to Dingsheng Ancient Building, but secretly bought the security guards and embarrassed us. I am very upset, so Li Longxian cannot buy antiques."

Li Longxian's face was gloomy, and he yelled angrily: "What are you special about, did I say I want to buy your tattered ones?"

As soon as this word came out, it immediately offended the people present.

They all tried their best to find an antique.

Now, Li Longxian says that those antiques are tattered. Is this mocking them?

Some of them even realized that the relationship between Li Shengxian and Li Longxian was very tense.

They turned their minds and came up with attention.

One of the tycoons stood up and said coldly: "Li Longxian, I am not ashamed of your being. Our cooperation project has ended today!"

Li Longxian looked panicked, this person is his main customer, he finally talked to him about a cooperation project.

"President Wang, how can you do this?" Li Longxian said angrily.

However, this is not over yet, and a few more tycoons have stepped forward.

They scolded Li Longxian one after another and forcibly terminated the cooperation with Li Longxian.

Li Longxian turned black in front of his eyes and collapsed directly to the ground.

The business he has worked so hard for so many years is all over!

As the saying goes, the wall falls down and everyone pushes, these rich people have a deep understanding of this.

In order to please Li Shengxian, they ruthlessly stepped Li Longxian under their feet.

At this moment, Lin Kai smiled.

He finally received a prompt from the system.

Chapter 1814

"Ding, get the Gold Level Elementary Formation Encyclopedia."

A vast amount of knowledge poured into Lin Kai's mind.

For a long time, Lin Kai showed an exhilarating smile on his face.

The reward this time is not so much a skill, it is more a kind of knowledge.

That is the formation knowledge of the immortal cultivator.

The formation is the same as the immortal cultivator, and it does not belong to this world.

Regardless of being a primary formation, it can bring earth-shaking changes to the world.

Although it was only a gold-level reward, even a demigod-level reward could not make Lin Kai so happy.

“It’s a pity that I can’t use my spiritual power now, and I can’t arrange the formation.”

Lin Kai has some regrets, but it makes sense.

If you don’t need spiritual power, wouldn’t everyone be able to arrange the formation?

Seeing that the matter here was almost resolved, Lin Kai decided to leave.

An old man stepped forward and respectfully said: “Sir, are you just coming to Donghai Province? Would you like me to arrange accommodation for you?”

When Li Shengxian heard this, he was anxious.

He walked up, looked at the old man unkindly, and said, “Lin Kai is my friend, of course I will arrange the residence.”

The old man snorted and snorted coldly: “You are a small family, and you are not the head of the family. What kind of accommodation can you arrange? I don’t want you to be wronged.”

Li Shengxian’s expression was slightly stagnant, but he was still unwilling to let the old man arrange a residence for Lin Kai.

As a good friend of Lin Kai, he has been enjoying the favor, which puts him under a lot of pressure and wants to repay the favor.

He didn’t want to give up even if it was only a trivial kindness.

The four elders did the same, and wanted to do something for Lin Kai.

Seeing their quarrels, Lin Kai said helplessly: “Don’t fight, I have a distant relative in Donghai Province, I will go there this time. By the way, visit them.”

The Lin family in Jingcheng is a very big family, but decades ago, the Erfang at that time failed to compete for the family property, so they left the capital far away and came to Donghai Province.

For so many years, Erfang has also been very hard-hearted, and completely disconnected from the Jingcheng Lin family.

It is also in recent years that the Donghai Lin Family has developed, and only after having the confidence to face the Beijing Lin Family, have they made some simple contacts.

Long ago, the Donghai Lin family invited the Jingcheng Lin family as a guest.

But there has been no chance. This time, Lin Kai happened to pay a visit.

Lin Kai took away the dragon-shaped Lantian jade and a dilapidated inkstone from the pile of antiques still in the dust, and left the Dingsheng Ancient Building.

Lin Kai wrote Zhang Baitie, and the trustee sent it to Donghailin's house.

He stayed in a hotel at will.

In the hotel, Lin Kai took out the dilapidated inkstone.

The reason why he took this inkstone is because, in his golden pupil, this inkstone actually exudes colorful light.

Moreover, Lin Kai felt a unique charm in the dark.

This charm made him heavy and fascinated him.

"What will it be?"

Lin Kai looked strange, this energy was even more noble than the spiritual power in him.

Lin Kai slowly peeled off the outer seal of the inkstone, revealing its true colors.

It has a radius of four inches, and it has five dragons in Shanghai. It is engraved on the front with the eight seal characters of life and Yongchang.

"Pass the country's jade seal!!"

Lin Kai's eyes widened, how could he not recognize this famous jade seal of the country.

"No wonder there is such a unique charm." Lin Kai exclaimed.

This Chinese land, a known treasure, I am afraid that nothing can surpass this jade seal of only four inches.

"What exactly is this unique flavor?"

Lin Kai frowned, faintly guessing.

Lin Kai carefully put it away, this thing must not be exposed.

If Qin Shihuang's portable jade pendant can make the East China Sea a sensation, the appearance of the Jade Seal of the Chuan Kingdom will surely shake the entire China.

All the big forces will attack Lin Kai frantically, wanting to get this jade seal.

Even if Lin Kai resumed his cultivation, even after he was promoted to the Golden Core Realm, he would not have the confidence to protect this jade seal.

When Lin Kai was studying the jade seal of the country, the Donghai Lin family also received a greeting from Lin Kai.

In the hall, Lin Hong, the head of the Lin family, sat on the main seat with a broad sword and a golden horse.

He took the letter and said solemnly, "Everyone has read this letter. What do you think?"

A trace of resentment flashed across Lin Hong's second brother, Lin Hu, and said: "Back then, our dog, like a bereavement dog, was driven out of the capital. Now they have any face to visit us. Let him go, no see!"

Lin Hong's son, Lin Yun, gently knocked on the folding fan and smiled and said, "Second Uncle, if we don't see it. Doesn't it mean that we still hate what happened back then? This shows that we are too petty. So, my opinion is.

"After all, I heard that this Young Master Lin Kailin is a very capable person. I would like to see it." A strange color flashed in Lin Yun's eyes and said softly.

Lin Hu smiled unnaturally and said, "Then listen to the nephew."

Seeing that everyone had no other opinion, Lin Hong said solemnly: "Then let him come."

Lin Kai was sitting cross-legged, feeling the vitality of the world, trying to comprehend, and breaking through to the Golden Core Realm.

Suddenly, someone knocked on the door outside and said, "Excuse me, is Young Master Lin Kailin here?"

Lin opened the door and asked faintly: "What's the matter?"

The middle-aged man took a quick look at Lin Kai, then smiled and said, "I am the butler of the Lin family. I am here to invite Master Lin Kai to be a guest."

Lin Kai nodded and said, "Lead the way."

A different color flashed across the middle-aged man's face, and said, "Don't Young Master Lin change his clothes?"

Lin Kai frowned and gave the middle-aged man a cold look.

The middle-aged man's expression changed, and he respectfully said: "It's the villain who talks too much. Mr. Lin, please."

The Lin family steward drove the car and soon came to the Lin family.

This is a super-large villa area, and the level of luxury is no less than that of the Lin family in Beijing.

Seeing the strange color in Lin Kai's eyes, the Lin family steward showed a proud expression.

Steward Lin said triumphantly: "Young Master Lin, how does the Donghai Lin Family compare to the Jingcheng Lin Family?"

Lin Kai saw that Steward Lin wanted to pretend to be in front of him, so he said lightly, "No matter which Lin family it is, what does it have to do with you as a slave?"

"you..."

Butler Lin looked gloomy, and he didn't expect Lin Kai to show him such a shame.

Lin Kai sneered, a butler in a mere way, and wanted to pretend to be forceful in front of him, it was a real death.

Steward Lin didn't say a word, and led Lin Kai to the living room.

Lin Kai opened the door and entered. The first person who entered was the majestic man sitting on the main seat.

Lin Kai and the middle-aged man looked at each other for a while, then looked away from each other.

On the left sits a handsome young man.

He smiled and his eyes were a little weird.

On the right is a black and strong man.

When Lin Kai came in, he didn't even look up, but drank tea on his own.

Under him, is a beautiful woman.

She was smiling in her eyes and gestured to Lin Kai with a smile.

Chapter 1815 Banquet.

Lin Kai couldn't help but brighten up, the girl turned out to be very beautiful.

Not even worse than his fiancée.

The girl blinked big eyes and looked at Lin Kai curiously.

Lin Kai slightly arched his hands and said lightly: "Lin Kai, I have seen the Lin Family Patriarch."

The brawny black man suddenly raised his head and yelled angrily:

"Presumptuous, don't kneel down!"

Lin Kai frowned and said coldly, "I wonder if this is?"

The strong black man said: "I'm Lin Hu, you can call me the second master."

Lin Kai said coldly: "I don't know what you mean, why should I kneel down."

Lin Hu snorted: "When the children of the Lin family see the head of the Lin family, shouldn't they kneel down for peace?"

Lin Kai sneered and said, "Joke. Have you ever seen the main line's direct line kneeling for the so-called Patriarch?"

Lin Kai glanced at the people and said coldly: "Speaking of which, as the master of the direct line, all of you should kneel down to me."

"Presumptuous, you are looking for death!"

Lin Hu stood up suddenly, his clothes swelled up, and a gust of wind swept towards Lin Kai out of thin air.

Lin Kai couldn't help but backed up a few steps because he didn't have a cultivation base, and his face became a little pale.

“Grandmaster level master?”

Lin Kai’s expression changed, slightly surprised.

Lin Hu’s eyes flashed slightly, and a trace of imperceptible disappointment flashed deep in his eyes.

Lin Hong said solemnly at this time: “Second brother, stop.”

Lin Hu put away his momentum and said respectfully: “Yes, Patriarch.”

Lin Hong looked at Lin Kai and said indifferently, “Although the Donghai Lin family and the Jingcheng Lin family have been separated, we are still a family after all. Just call me Uncle Hong.”

Lin Kai’s eyes flashed before he bowed and said, “Uncle Hong.”

Lin Hong nodded with satisfaction and introduced: “This is my son Lin Yun.”

At this moment, the young man also stood up, smiling like Mu Chunfeng: “Lin Yun has seen Brother Lin Kai.”

Lin Yun’s smile is very contagious and will make people feel good about him unconsciously.

Lin Kai also smiled back and said, “Brother Lin Yun, hello.”

“There is still me, there is still me.”

The girl jumped up and said grinning: “My name is Lin Xueer. Please take care of me.”

Lin Yun introduced: “Sister Xueer is the daughter of the second uncle.”

Lin Kai took out the dragon-shaped blue field jade pendant and smiled: “This is my meeting gift.”

The eyes of everyone present flashed, and they all saw the extraordinariness of this jade pendant.

Lin Yun hesitated: “Brother Lin Kai, this seems to be the dragon-shaped jade pendant that Qin Shihuang carried with him.”

Lin Kai said in surprise: “Brother Lin Yun, good eyesight.”

Lin Xueer took it happily, and asked innocently: “Is it precious?”

Lin Yun smiled bitterly: “It’s more than precious. Its value is about the same as our villa.”

“What?” Lin Xueer shook her hand and almost threw the jade pendant out, and said quickly: “It’s too expensive, I don’t want it.”

Lin Kai shook his head and said lightly: “It’s just a piece of jade pendant. Xueer, don’t you look good?”

Lin Xueer hesitated and looked at Lin Hu.

Lin Hu pondered slightly, and said, “Since Xueer is Lin Kai’s kindness, you can accept it.”

Lin Hu looked at Lin Kai and said, “Since you gave Xue’er such a valuable thing, then I can’t be too shabby. Let me treat you to a meal.”

Lin Yun's eyes flashed, and he smiled and said: "Second Uncle, this is not appropriate. Lin Kai came to our Lin family, and the family owner naturally invited the Lin Kai brothers to dinner. Just so, let Lin Kai brothers know our people."

Lin Yun asked for instructions: "Father, what do you think?"

"can."

Lin Hong nodded slightly.

Lin Yun smiled in style and said, "Brother Lin Kai, how about it. Can you please enjoy your face tonight and attend the banquet?"

Lin Kai said in surprise, "Of course. I can't ask for it."

After Lin Kai was grateful again and again, he left with Butler Lin and went to a guest room to stay temporarily.

In the guest room, Lin Kai sat quietly on the chair without any extra movements.

But there was a soft voice in his ear.

"Master, there is a hidden surveillance in the room, do you want to take him down?"

Lin Kai narrowed his eyes, and shook his head insignificantly.

In doing so, it will startle the snake.

"It's interesting, the Donghailin family seems to have some secrets."

Lin Kai recalled the scene in the meeting room and found some details that he had overlooked.

As for whether it is true, then we have to wait for the opportunity to verify.

Soon, in the evening. Lin Kai came to the banquet hall.

At this time, the hall had already been crowded with people, and it was very lively.

When Lin Kai appeared, everyone looked over.

"Is this Lin Kai, the heir of the Lin Family in Beijing?"

"I thought the Lin family in Beijing had three heads and six arms."

"Looking at this appearance, it's just average. The temperament is far less than our Young Master Lin Yun.

"Huh, he is not qualified to be compared with Brother Yun, and it is not worthy to give Brother Yun shoes!"

Numerous young men and women talked quietly.

There is injustice, anger, and pride in their looks.

Only when Lin Xueer saw Lin Kai, she smiled and shouted, "Brother Lin Kai, come here."

Lin Kai smiled and nodded, walked over to Lin Xueer and sat down.

Lin Kai's behavior made many young men present even more upset.

Which one of them didn't want to sit next to Lin Xueer, it was just the difference in status that made them afraid to act rashly.

However, Lin Kai dared to sit next to Lin Xueer grandiosely, which is totally unreasonable!

Lin Yun stood up gracefully and introduced Lin Kai to the elders present.

Lin Kai is also very humble and respectful to all elders.

Lin Hong and Lin Kai toasted a few glasses of wine to each other, and after talking a little bit of homemade, they said lightly:

"We old guys are here, you young people can't let go. Let's leave, and you can have fun."

After speaking, he led many middle-aged men to leave the scene.

After the Patriarch left, the atmosphere in the banquet hall suddenly became quiet and became a little weird.

Lin Kai's expression remained unchanged, and he drank his drink calmly.

Lin Xueer whispered: "Brother Lin Kai, they said they would embarrass you, and I will protect you."

Looking at Lin Xueer's serious expression, Lin Kai couldn't help but smile gently.

Lin Xueer looked at Lin Kai's smiling face, her delicate little face could not help but blush, her expression a little flustered.

Lin Kai is not as handsome as Lin Yun, nor as elegant as Lin Yun, but he has a certain self-confidence.

Moreover, Lin Kai exudes a unique taste, which makes Lin Xueer want to get close inexplicably.

Lin Xueer shyly buried her head in her chest, which made Lin Kai feel that she was more and more lovely.

The atmosphere of the two people here gradually became ambiguous, but the men around them reddened their eyes.

A tall young man stepped forward and looked at Lin Kai angrily.

The young man said stiffly: "Lin Kai, right? Get away. This is not your position!"

Chapter 1816: Another Grandmaster

Lin Kai drank the water and wine in his glass without looking back, and asked faintly, "Which are you?"

The young man was irritated by Lin Kai's arrogant attitude, and his aura changed faintly.

He said solemnly: "A collateral disciple of the Lin family, Lin Feigang!"

Lin Kai said coldly: "Lin Yun, are your collateral children of the Donghai Lin family so unruly? How dare you be so disrespectful to the main line's direct descendants?"

Lin Yun's eyes flashed and looked at Lin Feigang.

Lin Fei was taken aback, and quickly explained: "Master Yun, I naturally respect you. But what qualifications does Lin Kai have to let us be in awe?"

Lin Yun smiled slightly and said, "Brother Lin Kai, our Lin family doesn't have so many old-fashioned rules. Everyone is a family, regardless of high or low."

All the men and women in the sidelines showed a touch of emotion, and the respect for Lin Yun became more and more intense.

Lin Kai raised his wine glass and sighed, "What a good one, no matter how high or low, I will toast you for this sentence."

Lin Kai and Lin Yun clinked glasses and drank the wine in the glasses.

Lin opened the wine glass, looked up at Lin Feigang, and said in confusion, "Why are you still here. Get out."

If Lin Fei hadn't reacted quickly, he almost nodded and walked away.

Lin Feigang roared angrily: "Take your uncle, I'm telling you to go away."

Lin Kai said suspiciously, "I'm sitting here well. Why should I go away?"

Lin Feigang's gaze couldn't help but fell on Lin Xueer's body, and there was a trace of obsessiveness in his eyes.

Lin Kai suddenly realized, "It turns out that you are jealous of me sitting next to Xueer."

Lin Feigang flushed and quibbled: "Who said I was jealous of you?"

Lin Kai shook his head, disdainfully said: "Coward, he doesn't even have the courage to admit what he loves in his heart."

Lin Xueer's pretty face changed slightly, and she said coquettishly: "Brother Lin Kai, what are you talking about. Lin Fei just considered me a younger sister."

Lin Kai looked indulgent, and he also had an inexplicable affection for Lin Xueer.

Lin Kai smiled and said softly: "I was wrong. Self-punishment for a cup."

When Lin Xueer saw Lin Kai drank the wine, she couldn't help but sneered while covering her mouth.

Lin Fei became more irritable right now, his palm was exposed, and he grabbed Lin Kai's shoulder.

"Toast and not eat or drink fine wine, since you refuse to take the initiative to leave, then I will help you leave!"

This palm was so powerful that it made a sound of breaking through the air.

Lin Fei just showed a smirk. If this palm falls on Lin Kai's shoulder, it will definitely break the bones of his shoulder. It won't be better if he doesn't lie in the hospital for a few months.

"Brother Lin Kai, be careful."

Lin Xueer was surprised. She didn't expect Lin Feigang to suddenly start her hands, but she only had time to shout and couldn't do anything.

"Lin Kai, how would you respond? Are you an ancient warrior?"

Lin Yun's eyes flashed, and he sat firmly in his seat, without any intention of stopping.

"It turned out to be a martial artist?"

Lin Kai couldn't help feeling a little surprised at the palm strength.

An ordinary collateral child turned out to be an ancient martial artist, and he has reached the realm of a martial artist.

Thinking of Lin Hu's cultivation base again, Lin Kai felt that this Donghai Lin family really had a big secret.

Lin Kai was slightly in a daze, as if he hadn't reacted, and Lin Fei was about to hit him.

"Hehe, what else is the Lin family of the main line. It turns out that it is not even an ancient martial artist."

The people around showed disappointment, and their eyes flashed with disdain.

"In that case, you can lie down in the hospital honestly."

The people around looked indifferent, waiting for Lin Kai to scream.

"presumptuous!"

But at this moment, a cold voice came.

A black figure appeared beside Lin Kai.

Yinshen looked at Lin Feigang murderously, and said coldly: "The one who moves the master, die!"

With that said, he was full of vigor, and directly shook Lin Feigang out.

The direction he flew out was exactly the direction Lin Yun was.

This is not over yet, the Yinshen chased him up instantly and slapped Lin Feigang's head with a palm.

"Grandmaster-level master!"

In the air, Lin Fei was shocked internally by Yinshen's Qi machine, and he also knew that this person turned out to be a master-level master.

Now this grandmaster-level master bullied himself up and hit him with a fatal blow.

"My life is over!"

There was despair in Lin Feigang's eyes, and it was impossible for him to escape this trick.

Lin Yun's eyes flashed and disappeared in place.

He looked at Yinshen with a solemn expression, and the aura in his body also swelled.

His aura is not weaker than the hidden god.

Lin Yun's palm turned blue, and he faced the Yinshen fiercely.

"boom!"

The gust of wind howled, a gust of wind broke out instantly, blasting everyone around.

A flash of flushing flashed across Lin Yun's face, and he took three steps back.

And Yinshen just shook slightly, and then removed the inner strength in the body.

His eyes flashed, and he killed it again.

This time, his goal is Lin Yun!

Lin Yun saw that the hidden **** was so aggressive, and there was a hint of cruelty in his eyes.

At this moment, Lin Kai seemed to have just reacted, and ordered: "Come back."

After hearing Lin Kai's words, Yinshen returned without hesitation.

On the way back, the image of the hidden **** was slowly erased by an eraser, slowly losing his trace.

Lin Yun's heart was chilling as he watched this scene.

A master-level master who can be invisible, his threat level has risen sharply, far surpassing ordinary master-level masters.

"However, he also has weaknesses."

Lin Yun turned his eyes slightly and looked at Lin Kai.

It happened that Lin Kai was also looking at him.

The two looked at each other and both smiled from the bottom of their hearts.

The episode just now was Lin Yun's trial of Lin Kai, and Lin Kai did the opposite, and also tried out some of Lin Yun's details.

The two looked at each other, and both felt that each other was not easy.

With a guilty expression on Lin Kai's face, he said, "My subordinate is more concerned about my safety, so my hand is heavy. Brother Lin Yun is okay?"

Lin Yun shook his head, his face was also very apologetic, and said, "It's my fault. I didn't expect Fei Gang to be so irrational that he actually shot Brother Lin Kai, but fortunately it did not hurt you."

Lin Feigang came back to his senses at this time. He knelt in front of Lin Yun and said with gratitude and admiration, "Thank you, Master Yun for your life-saving grace."

Lin Yun shook his head and said: "Fei Gang, it is Brother Lin Kai who is merciful, otherwise I won't have a chance to save you. Would you like to apologize to Brother Lin Kai?"

Lin Fei just flashed a trace of struggling, he turned his head without hesitation, clasped his fists and said, "I'm sorry, I was wrong."

Lin Xinxin was awe-inspiring, this Lin Yun imperial skill was simply perfect.

Lin Feigang did not hesitate to do such a thing that hurts his self-esteem just because of Lin Yun's order.

Looking at the looks of the people around, no one was dissatisfied with Lin Yun's orders.

They just looked at Lin Kai angrily and blamed everything on Lin Kai.

Chapter 1817

Lin Kai sneered, did he use him as a stepping stone to brush his reputation?

Lin Kai looked at Lin Feigang and said indifferently: "If I were not protected by someone, I would be seriously injured by your hand and be hospitalized."

"Now, with an apology, do you want me to forgive you?"

Lin Feigang looked at Lin Kai incredulously, his expression seemed to say, I apologized, what else do you want?

Lin Feigang said gloomily, "What do you want?"

Lin Kai's eyes were cold, and his expression was cold. "Kneel down and apologize!"

"What, kneel down and apologize?"

"It's really deceiving, do you think we are afraid of him?"

"Master Yun, let him get out of the Lin family, I see what he can do to us."

Everyone around them directly exploded, pointing at Lin Kai angrily and accusingly.

Lin Feigang even sneered, it was impossible for him to kneel down and apologize.

Lin Kai didn't worry, but looked at Lin Yun indifferently.

What he was targeting was not Lin Feigang, but Lin Yun.

If Lin Yun continues to make Lin Feigang apologize, it will definitely make the people dissatisfied.

But if Lin Yun doesn't let Lin Feigang apologize, can he bear Lin Kai's anger?

Lin Kai kicked the ball to Lin Yun to see what he would do next.

Lin Yun squinted his eyes, and a trace of anger appeared on his gentle face.

His voice became cold, and he said calmly: "Brother Lin Kai, everyone comes from the Lin family, and they belong to the same family. Why make the relationship too rigid?"

Lin Kai shook his head and said indifferently: "Thinking of me as an enemy, and worthy of saying that I belong to a family?"

Lin Kai said coldly: "It seems that Young Master Lin Yun doesn't want to be this villain, so I will do it myself."

Lin Yun was startled, and saw that the hidden **** suddenly appeared behind Lin Feigang, and he kicked Lin Feigang's knee fiercely.

Lin Fei just screamed and fell to his knees.

Yinshen pulled his hair, faced Lin Kai, and slammed it to the ground fiercely.

"Bang, bang, bang"

After hearing only three loud noises, Lin Feigang sturdily knocked Lin Kai three times.

That is to say, Lin Feigang is a martial artist. If it were an ordinary person, his head would burst like a watermelon.

Because of this, Lin Feigang also collapsed to the ground dizzy, unable to get up for a while.

Lin Kai nodded and said with satisfaction: "It seems that you have realized your mistake. Then I will forgive you."

"what..."

Lin Feigang roared angrily, tears of humiliation flowed from his eyes.

He looked at Lin Yun hopefully, hoping that Lin Yun would avenge him!

Lin Kai sneered at the corner of his mouth, and also looked at Lin Yun.

Lin Yun looked gloomy and looked at Lin Kai gloomily.

He didn't care about Lin Feigang's situation, but Lin Kai's move did not show him any face.

"Lin Kai, you are too much." Lin Yun said coldly.

Lin Kai looked apologetic, and said guiltily: "Oh, it's me who can't suffer, so I was a little impulsive. I'm sorry, everyone."

Lin Kai bowed his hands insincerely to apologize.

Lin Kai smiled and said: "It seems that this banquet will not go on tonight, I'd better go back and rest. Everyone, please do it yourself."

After speaking, Lin Kai went away leisurely.

Lin Kai's eyes flickered several times behind him, but he endured it and didn't do anything.

In the front, Lin Kai's eyes flashed with disdain.

Lin Yun was angry in his heart, but estimated that Yinshen didn't dare to do it.

He didn't dare to do it, but he was very tormented in his heart.

Lin Yun's state of mind is no longer worthy of being his opponent.

After Lin Kai walked away, Lin Yun saw the disappointed look in the eyes of his tribe, and then he suddenly realized that he still made the wrong move.

"hateful!"

Lin Yun clenched his fists, feeling resentful inside.

This first confrontation with Lin Kai ended in his complete defeat.

After the unpleasant experience that night, the Lin family stopped paying attention to Lin Kai.

After seeing Lin Kai, the people of the tribe snorted and avoided far away.

He wanted to use such cold violence to make Lin Kai obediently leave the Lin family.

However, Lin Kai was at ease. During the period, Lin Xueer was not afraid of the eyes of the people around him, and accompanied Lin Kai to travel around the mountains and rivers.

Seeing Lin Xueer's appearance, the Lin family man's heart was broken.

But they were reluctant to blame Lin Xueer, and blamed all this on Lin Kai, thinking that Lin Kai had deceived their little princess.

For two days, Lin Kai met with Lin Hong, the head of the Lin family.

Lin Hong's expression was indifferent, and he said with dignity: "My nephew, I'm still used to it here."

Lin Kai bowed and said, "Thank you Uncle Lin for your concern. I'm fine."

Lin Hong calmed down and said softly, "Donghai Lin's family has been away from Jiangbei for too long. We are like rootless duckweed, and we will eventually go home."

Lin Kai's expression changed, and he raised his head to look at Lin Hong.

Lin Hong looked majestic and looked at Lin Kai equally indifferently.

Lin Kaifa smiled and said, "Welcome to the Lin family of Donghai to recognize their ancestors and return to their ancestors."

Lin Hong gave a meaningful smile and said, "Soon, we will go back."

Lin Kai nodded and smiled, "I look forward to the return of Patriarch Lin."

Lin Kai handed over, please resign, "Today is the 60th birthday of Li Cheng's family, the head of the Li family. His son Li Shengxian and I are good friends, so I am going to celebrate his father's birthday."

Lin Hong nodded and said majestically: "Yun'er, prepare a small gift and take a trip for your father."

Lin Yun respectfully said: "Yes, father."

Lin Xueer came out and said coquettishly: "Uncle, father. I want to go too."

Lin Hong smiled kindly for the first time and said, "Okay, you can go together too."

"Hehe, thank you, uncle." Lin Xueer smiled happily, and then turned around and blinked mischievously at Lin Kai.

After Lin Kai and his party made preparations, they drove to Li's house.

At this time, outside the Li family villa, the thirteen sons and daughters of the head of the Li family were all outside to welcome the distinguished guests.

"welcome."

Li Haoxian, the eldest of the Li family, stood at the forefront, welcoming everyone who arrived like a spring breeze.

But except for the family with whom he usually has business contacts or close relationships, everyone else just gave Li Haoxian freely.

They looked around and finally found Li Shengxian at the end of the crowd.

Everyone's eyes lit up, and they walked forward with smiles on their faces, and congratulated them: "Brother Shengxian, congratulations to my father for his 60th birthday."

Li Shengxian was also a little caught off guard, a little uncomfortable with the current scene.

Whenever the Li family banquets with celebrities from all walks of life in Donghai Province, Li Shengxian always follows behind his **** and can't show his face.

He can only watch his elder brother Li Haoxian and celebrities from all walks of life chat and laugh enviously.

Now, it was finally his turn to make a face in front of others.

Li Shengxian's face was as happy as a flower bloomed.

Li Shengxian knew that it was all because of his friend, Lin Kai.

Seeing Li Shengxian and celebrities from all walks of life greeting each other, he put his big brother aside.

Li Haoxian's face was completely gloomy, and he muttered to himself sullenly:

"Lin Kai, it's all because of you!"

Chapter 1818

The day before yesterday, after Li Longxian returned home, he told his elder brother Li Haoxian all the things.

When Li Haoxian knew that Lin Kai had handed over the disposal of all the antiques to Li Shengxian, he was annoyed that he dropped his most beloved tea set.

Today, even under the public, this embarrassing thing happened to him even more.

“As the eldest brother, I was robbed of the limelight by my youngest brother. What a shame!”

He stood there alone, always feeling that everyone around him was laughing at him.

Li Haoxian’s face was indifferent, and he scolded coldly: “Shengxian, you even let the distinguished guests block the door, do you know how to be polite, do you know how respectable?”

“Don’t be embarrassed here, just step back!”

Li Haoxian was like scolding a dog, **** the dog Li Shengxian scolded.

Li Shengxian’s face is ugly, but he can’t talk back indiscriminately.

Otherwise, the Li Cheng family, who pays attention to elder and inferiority, will have bad thoughts about Li Shengxian.

The celebrities from all walks of life around had different expressions, and they didn’t speak rashly. After all, this is the family affair of the Li family!

Li Shengxian returned to the back of the crowd, standing there with an ugly face.

Li Haoxian looked much better this time. He smiled and said to everyone: “Everyone, it’s really rude. My thirteen brothers are ineffective. Please wait for everyone. Please go in and have a banquet.”

Everyone also said that it doesn’t matter.

They lamented in their hearts that they deserved to be the eldest son of the Li family. He was so sharp that more than a dozen brothers and sisters could not compete with him.

“I heard that the head of the Li family intends to choose a successor to the family.”

“It seems that the eldest son of the Li family has greater hopes. No one else is a climate.”

Everyone talked in whispers.

Li Haoxian smiled satisfied after hearing the discussion.

Li Shengxian, with an ugly face, clenched his fists.

Just as everyone was about to enter, suddenly another luxury car stopped at the door.

Three young men and women got out of the car.

The two young men are both very handsome, each with extraordinary temperament.

A personable, like a spring breeze.

The other is indifferent, as cold as an immortal in the world.

Behind them, is a fairy-like girl, a white self-cultivation chiffon tunic skirt, set off a slender waist and a pair of slender white and tender thighs.

Her big eyes were curved, and a pair of smiling eyes kept looking at the man in front of him who seemed to be an immortal.

“Heaven and Earth Zhong Ling, the world is beautiful...”

“Yes, the brothers and sisters of the Lin family are really amazing fortune, which is very enviable.”

“Who is the young man next to them?”

“His bearing is not inferior to these brothers and sisters.”

“This is also named Lin and Lin Kai. He has made a big splash in Dingsheng Ancient Building!”

Everyone’s eyes lit up, and they expressed sincere admiration for the manner and appearance of these three people.

The thirteen brothers and sisters of the Li family are all dragons among the people. The men are tall and mighty, and the women are beautiful and beautiful.

But compared to these three men and women, it can be said to be a few levels worse.

“Lin Kai!”

The first to speak was Li Longxian, who was behind Li Haoxian.

He gritted his teeth and said, “Brother, he is Lin Kai!”

Li Haoxian narrowed his eyes, and a trace of hatred flashed through.

If he hadn’t decisively scolded Li Shengxian today, he would have become a joke today.

However, now he has no time to pay attention to Lin Kai.

Li Haoxian showed a surprised expression, greeted him happily, and said in surprise: “Brother Lin, you are here.”

The Li family is a very powerful family in the East China Sea.

However, the Lin family is very detached, a few decades ago, it was just a small family with no known names.

However, in the past two decades, the Lin family has suddenly risen and become a powerful family of ancient warriors.

In Donghai Province, few families dare not give the Lin family’s face.

Now, the son of the Lin family actually came to wish Li Cheng’s birthday in person, which surprised Li Haoxian.

Lin Yun was personable and gentle, and said, “Uncle Li Chengjia is a famous figure in the East China Sea. Moreover, Brother Hao Xian and I hit the same road. For the sake of Brother Hao Xian, we have to come and celebrate my uncle’s birthday.”

Hearing Lin Yun’s words, Li Haoxian grinned, which was greatly appreciated.

In fact, Lin Yun's level was beyond his reach, and he was not qualified to make friends with Lin Yun.

When the people around heard Lin Yun's words, they looked at Li Haoxian with admiration.

Li Haoxian was triumphant, feeling that the position of the family heir could not escape.

Suddenly, his expression changed. He pointed to Lin Kai and asked cautiously: "Who is Brother Yun's, is it also from the Lin family?"

Li Haoxian was in a heavy mood. Lin Yun and Lin Kaidu were surnamed Lin, which gave him bad guesses.

He decided that if Lin Kai really belonged to the Lin family, he would decisively give up taking revenge on Lin Kai.

Instead, he would kneel and lick Lin Kai at any cost, at least let Lin Kai not stand by Li Shengxian's side.

Lin Yun nodded, then smiled bitterly and said, "Brother Lin Kai is from the Lin family in Jiangbei, different from the Donghailin family who were expelled from us. He is the main line. I will bow my head in front of Brother Lin Kai."

There was a stunned look in front of everyone.

After the Lin family suddenly broke out, all the forces in the East China Sea also checked the Lin family.

They all know that decades ago, they were in the same line of being expelled.

For decades, they have lived a tight life.

"That's it."

Li Haoxian's eyes flashed brightly. He was a wise man, and he soon realized what Lin Yun meant by revealing his scars.

Lin Yun was telling him that although Lin Kai's surname was Lin, his relationship with Donghai Lin's family was not harmonious and even had hatred.

Li Haoran smiled and stretched out his hand to invite: "Brother Yun, and everyone, please come in."

Lin Yun smiled and nodded, and walked forward first.

Lin Kai followed Lin Yun coldly, and was about to enter the house.

Suddenly, Li Haoxian stretched out his hand and sneered: "Who are you, I invited you to my father's birthday party without remembering. Please leave!"

Lin Kai frowned and looked at Lin Yun.

Lin Yun seemed unheard of, admiring the flowers and plants on the side of the road.

Seeing Lin Yun's reaction, Li Haoxian became even more determined to make Lin Kai feel uncomfortable.

"Brother, Lin Kai is my friend. I invited him."

At this time, Li Shengxian finally squeezed in.

Li Haoxian frowned and scolded: "You are a hairy boy, you know what a fart, and you don't know what messy friends you have. Get back quickly!"

Li Shengxian did not give in this time, and confronted Li Haoxian tit-for-tat, saying: "Lin Kai is my friend, he must go in!"

"you..."

Li Haoxian looked ugly, but Li Shengxian dared to talk back to him.

At the time of the stalemate, the wife of Li Cheng's family came out and said softly:

"Why are you still here? Don't welcome the distinguished guests in the door. Your father is waiting in a hurry."

"Humph, I'll find you afterwards!"

Li Haoxian snorted coldly and led everyone to walk inside.

Lin Kai stood there with a mysterious smile.

He finally received the system task again.

Chapter 1819 Lin Yun's Birthday Gift

"Help Li Shengxian to be the heir of the Li family and get rewards randomly."

Lin Kai heard the system prompt and looked at Li Shengxian's eyes softer.

"Lin Kai, I'm sorry. I was the one who caused you. I made you be blocked by my elder brother in front of everyone."

Li Shengxian said guiltily.

Lin Kai shook his head and asked faintly: "Are you very angry with your elder brother's behavior?"

"Yes." Li Shengxian said angrily, "I wish someone could slap him in the crowd."

Li Shengxian thought happily, "My elder brother pays the most attention to face. If someone slaps him, his face will be completely lost."

"Well, I will fulfill your wish." Lin Kai nodded.

Li Shengxian was taken aback, and quickly said, "Don't mess around. Beat my eldest brother for no reason, this will make you a target of public criticism."

Lin Kai smiled faintly: "Don't worry, if he doesn't provoke me, I won't pay attention to him."

However, looking at Li Haoxian's appearance, it is impossible not to provoke Lin Kai.

Li Shengxian took Lin Kai into the villa with great concern.

After everyone entered the meeting room, they saw a rich old man sitting on the main seat.

He has jet-black hair, a ruddy complexion, a flushed face, and a cheerful expression on his face.

This person is the head of the Li family, Li Cheng's family.

When Li Cheng's family saw the crowd coming in, Lin Yun was immediately attracted to him.

Originally, he was still sitting firmly on the main seat, but after seeing Lin Yun, he couldn't help standing up.

Li Chengjia said in surprise: "Nephew Lin Yunxian, why are you here?"

The status of the Lin family was superb, and it was enough to give the Li family a face.

However, the Lin family's son actually came in person, which made Li Cheng's family very excited.

Lin Yun handed his hands and said, "Zai Xia and Li Haoxian are very good friends. The friend's father has passed his birthday, so he should come to celebrate."

"That's it."

When Li Chengjia heard it, he took a serious look at Li Haoxian.

Li Haoxian exhausted his life's strength before letting himself laugh out loud.

He humbly said: "Brother Lin Yun gave me face, I am really grateful."

"Brother Haoxian, you are polite." Lin Yun smiled.

When Li Chengjia saw Lin Yun and Li Haoxian getting close to each other, he couldn't help but ponder. It seemed that the identity of the Li family heir should be decided.

Li Haoxian was overjoyed when he saw the thoughtful appearance of Li Cheng's family.

He knew that as long as he didn't make a mistake, the position of the heir would be fixed.

But Li Shengxian's face was dim, knowing that the heir had no chance with him.

Lin Yun was gentle and elegant, but his eyes shone with shrewd light.

In fact, where did he know any **** Lee Ho-hyun, and he deserves it too?

He became Li Haoxian's friend when he got off the car and made a decision instantly.

Because he saw that Li Haoxian hated Lin Kai very much.

Therefore, he wants to help fuel the flames, so that the contradiction between Li Family and Lin Kai will be completely intensified.

Li Haoxian took a tray from his hand.

Li Haoxian knelt down and said respectfully, "Father, this is a birthday gift for you."

"Oh, open it and take a look." Li Chengjia said with great interest.

Li Haoxian opened the brocade cloth, and a three-inch jade-colored statue of Antarctic Immortal Weng appeared in front of everyone.

Li Haoxian respectfully said: "This jade carving was obtained after a child spent hundreds of millions of dollars. I wish my father a blessing in the East China Sea and a longevity than Nanshan."

Li Chengjia blamed: "It's too wasteful!"

But looking at his joyful appearance, there is no sense of blame.

Li Haoxian's complexion was triumphant, but he glanced at Li Shengxian lightly, and then stopped paying attention.

Now, Li Shengxian has no threat to him.

Next, more than a dozen children of Li Cheng's family stepped forward and presented the carefully prepared birthday gifts.

Among them, what surprised Li Chengjia most was the Hancai and camel ceramics presented by Li Longxian.

Finally, it was Li Shengxian's turn.

Li Shengxian knelt in front of Li Cheng's house and said with a smile: "Dad, I also have good things for you."

"Really? Shenger came over and talked."

Li Cheng's family didn't care about what Li Shengxian gave. He recruited Li Shengxian to his side and stroked his hair lovingly.

Li Chengjia smiled and said, "Sheng'er, you are by your side for your father's birthday, it is the best birthday gift for your father."

Li Shengxian was also very clever, knocking Li Cheng's leg and back, making Li Cheng's amused laugh.

When Li Haoxian saw this scene, his face instantly became gloomy.

He clenched his fists tightly and roared unwillingly inside.

"Why! I am so pleased with this smelly old man, but I am still no match for this wicked animal!"

The scene before him hit Li Haoxian too much.

Today, Young Master Lin Yun is here because of him.

He even gave such a precious birthday gift but it was no better than Li Shengxian's simple dad!

Li Haoxian's face was gloomy, and a storm was brewing deep in his eyes.

Li Shengxian was proud of him, letting you do a good job, but his father just likes me, are you angry?

Li Shengxian took a long box and couldn't wait to say, "Dad, open it and take a look. I promise you like it."

Li Chengjia stroked his beard and chuckled, "Sheng'er must give the best thing."

When Li Haoxian heard these words, his face became even more ugly.

Li Chengjia opened the box and looked at it casually.

He didn't think his most beloved little son could offer any decent gifts.

But after opening the box, I found a scroll.

After Li Chengjia opened the scroll, his eyes suddenly widened.

He excitedly said, "Is this the real work of Tang Bohu?"

Li Shengxian said triumphantly: "Yes. My friend chose this for me."

"Okay, Shenger, your birthday gift is my father's favorite!"

Li Cheng's family was like a treasure, and carefully put away the scroll.

"hateful!"

Seeing Li Chengjia's very satisfied expression, Li Haoxian became more and more angry.

How to recover the disadvantage now?

Li Haoxian was anxious, feeling that the identity of the family heir was about to fly.

Lin Yun smiled slightly and walked out.

He took out a brocade box, sent it forward, and smiled: "Uncle, the birthday gift given by the lingers is really eye-opening for me. There is also a small gift below, which is not a respect."

Li Chengjia laughed from ear to ear, and said quickly: "Okay. Come, take it quickly."

"President Li, don't rush to put it away."

"Yes, we are all very curious, what kind of gift is the gift given by the son of the Lin family?"

"Yeah, open it and let us see it."

The people around quickly stopped.

They have been standing here for a long time, but Li Cheng's family hasn't even greeted them yet.

Although it was because of the Lin family's special status, it also made the celebrities present at the scene very dissatisfied.

In their own territory, which one is not the overlord?

Therefore, they don't mind putting some eye drops on Li's family.

If Lin Yun gave something worthless, both the Li family and Lin Yun would have no face.

"This..."

Chapter 1820: Ten Years Life

Li Cheng's complexion was a little embarrassed.

He was also annoyed that he was too happy and was so dazzled that he even forgot to greet the distinguished guests.

With so many people making a fuss together, even he is not good for everyone's interest.

Li Chengjia looked at Lin Yun embarrassedly, if Lin Yun showed an unhappy expression.

He pretended not to hear the crowd booing, and forcibly took the things off.

Lin Yun smiled slightly, and said, "Uncle, since everyone wants to see it. Let's open it."

Only then did Li Chengjia feel relieved and said, "Open the brocade box."

After opening the brocade box, there is a porcelain bottle inside.

Li Chengjia opened the porcelain bottle and found a dark red pill inside.

A look of doubt appeared on Li Cheng's face first, then his face suddenly flushed, and the whole person shuddered with excitement.

His lips trembled, and he asked in a very unbearable manner: "Nephew, is this..."

Lin Yun smiled slightly and said, "Yes, this pill is a martial pill?"

"Cheng Wu Dan?"

"Cheng Wu Dan!"

Some people are puzzled, some are shocked.

Those who knew the origin of Chengwu Pill had fiery eyes. If it weren't in Li's house, they couldn't guarantee that they would not **** this pill.

Even now, some people are ready to move.

Li Chengjia's face tightened, and quickly put away the pill.

After calming down for a long time, his fingers were still shaking with excitement.

"What the **** is Cheng Wu Dan?"

Those who don't know the origin of Wudan asked curiously.

One person calmed down and said in a complicated manner: "Everyone knows that there are ancient warriors in our world."

Everyone nodded and looked at Lin Yun.

The man in front of him is the ancient warrior, and among them there are also ancient warriors.

"But there is no ancient warrior, and not everyone has this kind of talent."

"So, ancient warriors are very rare."

"And this Chengwu Pill was developed by the Lin family."

“Its biggest function is to make an ordinary person a martial artist!”

“Become a warrior?”

Someone frowned, a mere warrior, so excited?

These people are all overlords of one party, not to mention martial artists, as long as they are willing to pay the price, even Martial Saint can invite them to protect their safety.

“Yes, the biggest role of Cheng Wu Dan is not worth mentioning to us.” The man showed an excited look and said: “But it has another effect, which is that it can make people rejuvenate and be ten years younger!”

“what?”

Everyone looked at the person in shock, and said in an unbelievable way: “That is to say, it can make people live for another ten years?”

The man said excitedly: “Yes, this matter has been verified by the authority. And after an old man who was dying of age ate it, he suddenly became alive again.”

Everyone still couldn’t believe it, but seeing the longing look on the faces of the others, they knew it was true.

The most important thing is that the few people who know about this are the top identities in the East China Sea.

These ordinary rich and famous celebrities do not even know the qualifications.

Li Cheng’s family walked down from the main seat, bowed to Lin Yun, and sighed:

“It’s a very expensive gift. The old man is not ashamed to take it. But if he is selfish, the old man accepts it brazenly.”

“Uncle, it’s serious. This is nothing.”

Lin Yun smiled slightly, calm and calm, not caring about the shock this pill had brought to everyone.

Li Longxian rolled his eyes and stepped forward to congratulate him: “Father, congratulations. Fortunately, my eldest brother has made such an energetic friend like Young Master Lin Yun, so that you can get this precious pill.”

Li Haoxian passed a approving look, making Li Longxian a secret joy.

Sure enough, Li Cheng’s family looked at Li Haoxian gently and said, “Hohyun, my father is getting older. You have to worry about the family business, you know?”

Li Haoxian was overjoyed and respectfully said: “Father, I will never disappoint your expectations.”

Li Shengxian’s face was bleak, and no matter how much his father loved him, his life span could not be more than ten years.

Of course, he was also very happy for his father to get such a magical medicine.

“Haha, as soon as the pill of Lin Gongzi came out. Our birthday gift was a little too much.”

Someone chuckled.

Li Chengjia pretended to be displeased and said: “It is my greatest honour for you to come to celebrate the old man’s birthday. He also said that the birthday gift is not a birthday gift.”

Everyone laughed, naturally they would not take Li Chengjia’s words seriously.

Everyone stepped forward and gave gifts.

After everyone gave the gifts, Li Chengjia’s complexion became even more ruddy.

He feels that today is the happiest day in so many years.

At this time, Li Longxian stood up and pointed to Lin Kai who was standing in the corner, “Who are you, why didn’t you give a birthday gift.”

Li Longxian looked at Lin Kai and sneered constantly. He didn’t believe that Lin Kai could have a treasure more precious than Cheng Wudan.

Even the dragon-shaped blue field jade pendant is not comparable to Cheng Wu Dan.

Lin Kai frowned, he really didn’t prepare any birthday gifts today.

Li Shengxian hurriedly stepped forward and said, “Dad, the original Tang Bohu was given to me by Lin Kai.”

“Moreover, he is very helpful to the child.”

Li Shengxian gave a general overview of what happened yesterday.

Li Cheng’s family was surprised to hear that Lin Kai had handed over so many antiques to Li Shengxian.

You know, precious antiques are even comparable to a small family.

Lin Kai was so generous and trusted Li Shengxian, which made Li Cheng’s eyes soft when looking at Lin Kai.

Lin Kai stepped forward and said apologetically: “I just came from outside in Xia and didn’t prepare any decent gifts. However, if the Li family has any needs in the future, I will do my best to help.”

Li Chengjia smiled slightly, he didn’t think Lin Kai had the ability to help him.

If Lin Yun made such a promise, he would be very happy.

Li Chengjia laughed and started to talk.

At this time, Li Longxian walked to Li Cheng’s house and whispered a report.

“What, Lord Lin Yun’s Lin family was expelled by Lin Kai’s Lin family.”

Li Chengjia’s eyes rolled and saw Lin Yun’s faint expression, he couldn’t help being awe-inspiring.

He just received Lin Yun’s Chengwu Pill, but he couldn’t offend Lin Yun because of his small loss.

Li Cheng's face was indifferent, ignoring Lin Kai, and smiled at everyone: "Everyone, come in."

Everyone looked strange, and it was obvious that Lin Kai had been targeted by Li Cheng's family.

Lin Kai's expression was indifferent, without sadness or joy.

The appearance of Li Cheng's family will only make him feel that Li Cheng's family is small.

Li Cheng's family sat at the main seat of the dining table, and unsurprisingly placed Lin Yun at the first place on his left, and Lin Xueer sat behind Lin Yun.

He hesitated for a moment, and put Li Haoxian first on his right.

Li Shengxian's expression was dim, and he sat back.

Lin Kai's expression was indifferent, and he sat next to Li Shengxian.

Lin Xueer's expression changed, she stood up angrily, walked to Lin Kai and sat down.

Lin Kai smiled and said, "What are you doing here?"

Lin Xueer said angrily, "They are all bad guys."

Everyone remained silent, their expressions a little strange.

"It seems that the identity of the heir of the Li family has been thoroughly established in this confrontation."
