

Special Forces 1821

Chapter 1821 Li Fengyun

Lin Kai was already low-key enough and sat in the corner.

However, some people regarded him as a thorn in the eye and refused to let him go.

Li Haoxian stood up, glanced at Lin Kai indifferently, and said coldly, "Father, today is your birthday. There are some things that shouldn't be said. But let's not say it, I'm really unhappy. Someone's reality is our Li The shame of the family!"

Li Chengjia frowned and said lightly: "What do you mean?"

"Father, Lin Kai is a murderer. The Patriarch of Wang's family in the west of the city and I, the Li family, have always had a good relationship. However, he was brutally killed by the demon of Lin Kai. There is also the elder Gao from the north of the city..."

Li Haoxian was full of indignation, and counted Lin Kai's guilt.

All the people present were talking about it, and there was an expression of resentment of the same enemy in their eyes.

They were all forces in the East China Sea, but they were brutally killed by an outsider for no reason.

This made them feel the same, and it was very uncomfortable.

Li Longxian also stood up and said coldly: "I suggest that we get rid of this demon for the East China Sea today. Return the peace of the East China Sea."

Li Shengxian stood up anxiously and said loudly, "How can you do this, Lin Kai is my good friend."
"enough!"

Li Chengjia's face was gloomy, and he said coldly: "Shengxian, don't make friends who are not inconsistent. Today, you will cut it off with this person!"

Li Shengxian said incredulously: "Father..."

The triumphant expression in Li Haoxian's eyes flashed by, and he stood up angrily, and scolded: "Thirteenth brother, are you going to resist his father's order?"

Li Haoxian pointed at Li Shengxian, and said coldly: "Thirteen, you make friends with murderers like Lin Kai. Is it because your temper is similar to him? Ha ha, this is the black man who is near Mo!"

Li Chengjia looked awe-inspiring and became vigilant.

Li Longxian also sneered and said: "Thirteenth brother, I am not talking about you. You are really blind to make friends like Lin Kai. Why don't you learn from Big Brother, see Big Brother's friend, Young Master Lin Yun, how dazzling is?"

Li Haoxian waved his hand humbly, his expression becoming more and more triumphant.

He pointed to Lin Kai and sneered: "Today is my father's birthday, so I will spare your life. Don't let me see you in the future, otherwise, I will never show mercy! Get out!"

Li Haoxian is very energetic and unbelievable. He feels that his life has reached its peak.

Lin Kai drank a glass of wine, stood up slowly, and walked over to Li Haoxian.

"What is he going to do?"

Everyone looked at Lin Kai suspiciously, wondering what he was going to do.

Lin Kai looked at Li Haoxian indifferently, rounded his arms, and slammed his face fiercely.

"Snapped!"

After a violent, crisp sound, the entire banquet room became extremely silent.

Li Haoxian covered his face and stood there dumbfounded, unable to believe that Lin Kai just slapped him.

"presumptuous!"

Li Chengjia was furious and dared to beat his son in front of him, whether this still put him in the eye.

"Lin Kai, you are looking for death." Li Chengjia stood up angrily and sneered: "Don't think that you are the only one with a master-level guard!"

Li Chengjia's face is full of authority, and his face is respectful and solemnly said: "Second Uncle, please do it."

As soon as the voice of Li Cheng's family fell, a withered old man walked out of the villa.

The old man was full of white hair, with blue veins bulging on his arms, like **** dragons. His eyes were half-squinted and half-closed, and he shot a ray of light from time to time.

His figure was like a ghost, flashing several times before he came to Li Cheng's side.

"It's Li Fengyun!"

"senior."

Everyone was shocked, stood up respectfully and worshiped.

This old man is a legend, he founded the Li family.

After that, he wandered overseas and became an ancient warrior.

Ten years ago, Li Fengyun announced his retirement.

Everyone thought that this old man was dead long ago, but he didn't expect him to be alive.

"Master of the pinnacle!"

Lin Kai and Lin Yun both narrowed their eyes, their expressions became solemn.

Li Fengyun looked at Lin Yun, his voice was like a dry crow, and said hoarsely: "Little baby, at a young age, he is a master. It's amazing."

"what?"

Everyone was shocked again, this handsome Jade Master turned out to be an ancient martial artist, or a master master?

Lin Yun humbly said: "Compared with the seniors, the juniors are too ineffective. Seniors, they are only one step away from the Great Master Realm."

"It's the sky's moat when it comes to the door." Li Fengyun said with emotion.

There was a trace of yearning and a trace of enthusiasm in Li Fengyun's eyes.

Rumor has it that after reaching the Great Master, one's lifespan alone can reach three hundred years.

All kinds of methods are beyond the imagination of the master, and they are real land gods.

"This is the end of the small chat."

Li Fengyun's face sank, making the surrounding air extremely dignified.

He looked at Lin Kai gloomily, and said coldly: "You are so brave, you dare to hit my Li family."

"There is a good show!"

Everyone's spirits were shocked, this Li Fengyun was famous for protecting shortcomings back then.

And he acted unscrupulously and didn't care about bullying the small.

Lin Kai looked at Li Fengyun coldly, not afraid of Li Fengyun's momentum.

Lin Kai said calmly, "Senior, don't you ask me why I beat him?"

"Why?" Li Fengyun raised his eyebrows.

Lin Kai looked at Li Haoxian, who was looking ugly, and said with a sneer: "On that day, those so-called gentry celebrities, but for the dragon-shaped blue field jade pendant in my hand, they brazenly shot."

"I shot them to protect myself, what's wrong?"

Lin Kai said coldly: "If I don't know the truth, I just talk nonsense. I'm a murderer, shouldn't I fight it?"

Li Fengyun nodded, agreeing: "Indeed, this is too much. You are a character that Haoxian cannot afford to offend."

"Grandpa Second."

Li Haoxian looked flustered and knelt on the ground.

Li Fengyun's expression changed, and he said coldly, "But since Hao Xian called me second grandpa. Then I can't let you bully like that."

Li Fengyun held up **** and said domineeringly: "I'll give you two choices!"

“First, that’s how you beat Li Ho Hyun, so let Li Ho Hyun fight back.”

“Then kowtow to him and apologize, and this matter is over.”

“Hi, Li Fengyun is still so domineering. Nothing has changed at all.”

Everyone sighed, showing sympathy.

There was also a slight smile in Lin Yun’s eyes.

On that day, Lin Kai lost his face.

Looking at today, does Lin Kai dare to be so unscrupulous?

Li Haoxian was overjoyed, looking at Lin Kai’s gaze with a ferocious look.

He wants to exhaust all his strength to completely smash Lin Kai’s handsome face!

Li Fengyun continued to say indifferently: “Second...”

Lin Kai’s expression was neither sad nor happy, and reached out to interrupt Li Fengyun.

He looked at Li Fengyun indifferently, and said coldly:

“Needless to say, I choose the second one!”

Chapter 1822 Four Great God Kings Appear

Li Fengyun looked at Lin Kai indifferently, and said lightly: “Do you know that you chose a dead end?”

Lin Kai sneered, calmly answering, “It’s not certain who the dead individual is.”

Li Fengyun suddenly laughed, and said coldly: “Do you think there is a guardian who can be invisible, and then you realize that I can’t take you?”

Lin Kai confronted him tit-for-tat, and said, “You dare to be so domineering and don’t speak any truth at all. Isn’t it because you are the pinnacle master of the Grandmaster?”

Li Fengyun said coldly: “I hope you don’t regret it!”

“It will only be you who regret it!”

Lin Kai and Li Fengyun looked at each other indifferently, a cyclone slowly appeared between them.

Li Fengyun squinted slightly, and said coldly: “It seems that you can only see the real chapter under your hand. Call your guard out.”

Li Fengyun looked cold and proud, and said coldly: “Today, let you know where the gap between Grand Master and Pinnacle Grand Master is!”

Li Fengyun stood with his hands in his hands, his voice was loud, and the fried banquet hall was buzzing, showing strong self-confidence.

“Hehe, Lin Kai is still young. I don’t know that Grand Master is different from Grand Master.”

“Yes, even if his guards are invisible and stronger than the average grandmaster. But the pinnacle-level grandmaster is too powerful.”

“Without a few moves, his guard will be killed by Li Fengyun.”

“After his guard dies, those antiques on Lin Kai’s body will be able to...”

The people around were talking, and there was a trace of greed in their hearts.

Lin Kai showed a weird smile, and said lightly: “Since the senior wants to educate me, you can learn it.”

“you guys?”

Li Fengyun was stunned.

Everyone is puzzled.

As Lin Kai’s voice fell, the space behind Lin Kai suddenly fluctuated.

The four figures slowly appeared, like the four Buddhist King Kong, and the four heavenly kings.

The four figures exuded unbridled violent aura, kneeling neatly in front of Lin Kai, and said in unison:

“the host!”

Lin Kai stood indifferently in front of them, and said coldly: “Get up, you can go and learn about Senior Li’s brilliant tricks.”

Li Fengyun maintained the posture of standing with his hands in his hands, his expression unchanged, but a wisp of cold sweat dripped from his forehead.

The four great gods looked at Li Fengyun coldly with cold and murderous eyes.

At the same time, we took a step forward together.

Li Fengyun couldn’t bear the majesty brought by the four people’s efforts, and took three steps back embarrassed.

Li Fengyun’s lips trembled and his eyes were blank.

Why don’t young people now speak martial arts ethics?

It was clearly said that it was a master guard, why did four ran out.

The pinnacle master is very powerful, but at most one dozen two barely wins.

What’s more, the four masters?

If this fights, Li Fengyun will be beaten even without scum.

Lin Yun, who was watching the show, had her pupils shrunk to the point of needles.

He squeezed the handle of the fan, his face changed a little hard to look.

Why did Lin Kai have such a powerful guard? This would completely defeat the Lin Family’s plan.

A glimmer of fortune flashed in Lin Yun's eyes. Fortunately, Li Fengyun, an overbearing old man, showed up Lin Kai's trump card.

Lin Yun narrowed his eyes slightly, and countless tricks were brewing in his eyes.

But Lin Xueer, who had been nervous all the time, showed a sincere smile.

Lin Kai smiled and asked softly: "Senior Li, do you think it is me who regrets now?"

Lin Kai continued to make up the knife: "Senior Li, why don't you do it yet. Didn't you let me know the difference between the ordinary grandmaster and the pinnacle grandmaster?"

Li Fengyun said solemnly: "Little friend Lin Kai, I think you are right. This grandson Li Haoxian should be beaten. After you are done, I still feel uncomfortable, I want to beat it too!"

Li Fengyun's figure flashed, pulling Li Haoxian over, slapped him severely, and cursed in his mouth:

"You are the grandson of the pitted grandfather. Kill you for this unfilial thing!"

Li Haoxian: "..."

Li Haoxian was dizzy by these two slaps, covering his face as if stupid.

Li Fengyun threw Li Haoxian on the ground, turned his gaze, and looked at Li Cheng's house.

Li Chengjia was taken aback, covering his face, looking at Li Fengyun pitifully.

A sixty-year-old man, he looked like a child.

Li Fengyun's eyes widened, and he scolded, "Hurry up and apologize to Mr. Lin Kai."

Li Cheng's family hurriedly crawled to Lin Kai's body.

He hesitated, gritted his teeth, ready to kneel down and apologize to Lin Kai.

As the head of the Li family, he knows deeply that if he can't make a satisfactory answer to Lin Kai, the demise of the Li family will be today.

Compared to the life and death of the Li family, his dignity counted.

Unexpectedly, Li Cheng's family hadn't knelt down yet, Lin Kai waved his hand to stop him, saying: "I and Shengxian are good friends, Uncle Li doesn't have to be like that."

Li Chengjia glanced at Lin Kai gratefully, and looked at Li Shengxian with satisfaction.

Li Cheng's face was kind, and said with satisfaction: "Sheng'er, you are lucky to be able to make friends like Mr. Lin Kai, and it is also the luck of my Li family."

"There are friends like Mr. Lin Kai. Now, I can finally give you the Li family's property with peace of mind."

Li Shengxian looked at Li Cheng's stupidly, and was a little startled.

Lin Kai smiled slightly and reminded: "Shengxian, I haven't thanked Uncle Li yet."

Only then did Li Shengxian react, kneeling down in front of Li Cheng's house, and said in a choked voice, "Dad, thank you. I will not disappoint your expectations."

Li Haoxian looked at the scene in front of him, as if he was hit harder than the few slaps he had just received.

His face suddenly flushed, a mouthful of blood spurted out, and he fainted directly.

Following Li Shengxian's kneeling, Lin Kai also received a prompt from the system.

Lin Kai ignored the sound of the system and checked the rewards later.

Li Fengyun glanced at Li Haoxian indifferently, and then ordered the servant to carry Li Haoxian down.

Li Fengyun rubbed his hands, accompanied his smiling face, and said, "Little friend Lin Kai, look at this matter..."

Lin Kai asked suspiciously, "What's the matter?"

Lin Kai smiled and said, "I am very happy to meet senior today."

"Okay, little friend Lin Kai is generous."

Li Fengyun laughed loudly and happily ordered: "Everyone, let's sit down."

Suddenly, the banquet hall became lively again.

Li Fengyun sat in the main seat, and Lin Kai and Lin Yun sat on the left and right.

The three chatted and laughed happily, in a peaceful atmosphere.

The people at the table, seeing the appearance of the three, were all relaxed, pushing their cups into one, and it was very lively.

When Lin Kai saw that the atmosphere was almost the same, he drank the wine in his glass and asked indifferently: "I heard that there is an old **** in the Li family. Old man, you have all come out. Why didn't you see him?"

Lin Kai's words fell, and there was a moment of silence in the banquet hall without anyone talking.

But soon, they continued to talk about it.

But everyone's ears were pierced, paying attention to the movement here.

Chapter 1823

When Li Fengyun heard Lin Kai's question, a wry smile appeared at the corner of his mouth.

Li Fengyun smiled bitterly: "It's not that the old man didn't let Huang Tianshi come out, it's just that he is now..."

"Huh?" Lin Kai puzzled.

But the others showed a dazed look, and their faces became faintly weird.

They heard that this Huang Tianshi is like a god, who can pinch and count.

But this man has a problem, that is, he is very lustful and unhappy.

Sure enough, Li Fengyun smiled bitterly: "Tianshi Huang, I'm afraid that I'm still in the tender country at this time, and I haven't gotten up yet."

"The most annoying thing about Tianshi Huang is that when he discusses life with beautiful women, someone disturbs him."

"This....."

Lin Kai looked at the sky, it was noon, and he was dumbfounded.

"What a weird thing this is, why should I protect him..."

Lin Kai was speechless, but this was the mission of the Shadow Gate.

When everyone looked strange, an old but cynical voice came from the villa.

"Is someone looking for me?"

Everyone looked in the direction of the voice.

A gray-haired, fairy-like old man with a face like a baby, wearing a Taoist robe.

Everyone would praise him when they saw him. He was really a fairy-like character.

Of course, everyone should try their best to ignore the two barely dressed girls that the old man embraced.

The girls, flushed, seemed to be immersed in a certain emotion and did not break free.

The corners of everyone's eyes throbbed, and it was impossible to imagine that this old man was a celestial master.

Tianshi Huang chose a seat at random, drank a glass of wine, and sighed contentedly: "The wine is really good."

Li Fengyun smiled and said: "Tianshi, why are you free to come out?"

Tianshi Huang shook his head and said leisurely: "I just calculated that someone is looking for me. I will come out."

Huang Tianshi looked at Lin Yun and Lin Kai with his old eyes.

Lin Kai and Lin Yun raised their eyebrows, couldn't help but glance at each other, and then staggered their gazes.

After considering his language, Lin Kai wanted to get to know this Huang Tianshi.

Unexpectedly, Tianshi Huang waved his hand and said indifferently: "I have trouble coming to the door. It's not too late to wait for a small chat."

Lin Kai was a little puzzled, and looked out the door with a move.

“boom”

Sure enough, the door of Li’s house was violently pushed open.

Before people entered the door, an arrogant voice came in.

“I heard that Lin Kai is here, who is Lin Kai, let him get out and die!”

A young man with a sullen look and a pale face walked in.

But everyone’s eyes looked behind him.

These are two old men with withered hair, their eyes gleaming, and they are ancient warriors.

In accordance with the words of the young man, the two old men also snorted coldly, and unscrupulously released the grandmaster’s aura before stepping on their feet.

“Wow...”

The people present couldn’t bear their momentum and fell to the ground in embarrassment.

Everyone is speechless, is the current master Chinese cabbage?

The young man walked in arrogantly, and he laughed strangely when he saw the embarrassment of the crowd.

The young man proudly said: “Who is Lin Kai, who dares to kill the security guard of my company, is really annoying to live. I heard that you have an invisible master guard. Show it up.”

After the young man finished speaking arrogantly, he raised his head and waited for the crowd to exclaim, Lin Kai came over and kowtowed his head to apologize.

However, the scene was strangely peaceful.

A trace of doubt appeared in the young man’s eyes, and then he looked down at the crowd.

His eyes swept around, and he didn’t see any horrified eyes. Instead, everyone looked at him with a very strange look.

This look made him very uncomfortable.

As if in their eyes, this man who brought his might is like a clown.

The young man was just about to get angry, but unexpectedly an old man behind pulled him and forced an ugly smile with difficulty.

The old man said with difficulty: “Master Shao Xin, we seem to have come to the wrong place.”

Lin Kai looked at them indifferently, and said lightly: “No mistake, I am Lin Kai.”

Li Fengyun looked indifferent, and said lightly: “I don’t know if I come to Li’s house, what can I do with my little friend Lin Kai?”

Shao Xin, as the eldest master of Wanxin Security Company, is not a fool.

He looked carefully in Lin Kai's direction.

In the main seat, there is an old man sitting, exuding an amazing aura.

And this kind of aura, he had only felt it in his father.

"Grandmaster Pinnacle?"

Shao Xin's body trembled, feeling that he was in trouble.

However, this is not over yet.

He looked at the young man who claimed to be Lin Kai, with four figures as deep as an abyss.

They looked at him coldly, as if being stared at by four death gods.

"Four masters?"

Shao Xin's legs softened and collapsed directly to the ground.

Fortunately, an old man behind him supported Shao Xin.

Shao Xin gasped, and roared like crying: "Go, go!"

In this way, a few people came quickly and went faster.

How arrogant they were when they came, and how embarrassed they were when they left.

Lin Kai's eyes flashed, and he ignored them.

After all, he was still in Li's house, so he had to give Li Fengyun some face.

Otherwise, the Li family's villa would be completely destroyed.

Li Fengyun obviously thought of this too, his gaze at Lin Kai softened.

He suddenly felt that the man in front of him seemed to be a good decision as a friend.

After the three of them disappeared completely, everyone looked at each other, and some did not react.

Lin Kai gave a light cough and said in confusion, "Did something come in just now?"

"Hahaha..."

Everyone laughed at Lin Kai's pretended surprised expression.

The atmosphere in the banquet hall has not been destroyed, but the scene of the drama just now made the atmosphere more enthusiastic.

Shao Xin, who ran away embarrassedly, listened to the laughter in the villa.

His face was constantly changing, and he was angry and frightened.

At this time, the two old men also wiped the cold sweat on their foreheads, and sighed: "It's dangerous, this old fate is almost confessed."

The two old men looked at each other, and both saw the grateful expression in each other's eyes.

Only the old man of the pinnacle master can defeat the two.

If the four masters also do it, then they will have a dead end.

An old man looked at Shao Xin and said dissatisfied: "My son, today the old man and two of you are selling your face to help you get ahead. But are you leading us to death?"

The other old man was also very dissatisfied. If it weren't for Shao Xin's silly look, he thought it was Shao Xin who deliberately sent them to death.

Shao Xin explained with a weeping face, "I only know that there is a master who can be invisible by Lin Kai, but I don't know that there are four masters in total."

"Humph, go back and explain to your father!"

The two old men snorted angrily and flung their sleeves away.

Shao Xin wanted to cry without tears, and didn't dare to stay too much, so he quickly followed and left.

Chapter 1824 Huang Tianshi.

Sitting on the main seat, Li Fengyun was full of spring breeze, and introduced: "No need to say more about this, everyone already knows. He is Heavenly Master Huang."

Li Fengyun said lightly: "Back then, the old man met Huang Tianshi by chance, and he saw it right away. Since then, Huang Tianshi has lived in Li's house."

Huang Tianshi smiled and said triumphantly: "It's not a coincidence. At that time, I stole the widow and was discovered by the villagers there. If the wind and cloud hadn't saved me, I would have been killed."

Li Fengyun's mouth twitched, thinking, you still have a face to say.

Lin Kai is even more speechless, what the **** is your proud look?

Li Fengyun gave a light cough and introduced: "This is Lin Yun, Young Master Lin. The Lin family has been the hottest family that has emerged in recent decades."

Lin Yun stood up gracefully, and said to Huang Tianshi: "I have seen Tianshi."

Huang Tianshi took a serious look at him, first nodded, and then shook his head.

Lin Yun raised his eyebrows and asked softly: "Tianshi, what does this mean?"

Huang Tianshi shook his head and shook his head, chanting: "? All the women who are sick are crested, and rumors say that they are good for adultery."

Lin Yun frowned, he understood the meaning of this sentence.

It means that a woman is very beautiful, but she is jealous, saying that she is an adulterer.

But what does this sentence have to do with him?

Lin Yun wanted to ask again, but Huang Tianshi lowered his eyebrows and stopped looking at him.

Lin Yun showed a trace of displeasure on his face.

Li Fengyun smiled bitterly: "Do you all think that Huang Tianshi will know the future by going there?"

Everyone was shocked and listened earnestly.

Li Fengyun sighed, "Actually, Huang Tianshi is not so magical."

"What does this mean?" Everyone was puzzled.

Li Fengyun said: "Heavenly masters are just good at divination. And you can only see the corner of the secret."

Li Fengyun looked at Lin Yun and asked, "Young Master Lin, do you think that the celestial master deliberately said half of the words and pinch you?"

Lin Yun hurriedly said, "Senior said and laughed, so I dare not be unreasonable."

Li Fengyun waved his hand and said: "Actually not, Huang Tianshi just got a corner of the future. He just got a glimpse of the poem, and he read this poem in his mind. He doesn't necessarily understand what it means."

Li Fengyun said apologetically: "Tianshi, I'm sorry to have revealed your secret."

Huang Tianshi smiled slightly and said, "It's okay, the old man doesn't care."

Suddenly, everyone looked at Huang Tianshi's eyes not so eagerly.

It is a good thing to be able to see the future, but only one ambiguous sentence can make people suspicious.

I didn't see it, even Young Master Lin Yun was startled, a little unhappy.

However, Lin Kai's eyes flashed. This set of rhetoric was obviously made to dispel everyone's interest in Huang Tianshi.

Li Fengyun turned off the topic and introduced: "This is Lin Kai, from Jiangbei. He has been developing in Beijing. Only recently came to the East China Sea."

Lin Kai smiled and nodded.

Huang Tianshi first glanced at Lin Kai indifferently, then a trace of doubt appeared on his face, and he looked at Lin Kai suspiciously.

Lin Kai smiled, his face didn't change, and he didn't care about Huang Tianshi's gaze at all.

Lin Yun's eyes flashed and his fists clenched, Lin Kai's performance far surpassed him.

Li Fengyun also showed admiration beside him.

Most people face Huang Tianshi's eyes that seem to be able to see through people's hearts, and there are few who can remain silent.

Even he was seen hairy by Huang Tianshi back then.

Huang Tianshi was amazed, and sighed: "I have never seen it before, there are people with such fate."

Huang Tianshi said lightly: "It's just above your fate, but there is a shadow. It seems that you want to replace it. Little friend Lin Kai, be careful."

Lin Kai's eyes flashed, and the face exactly like him appeared in his mind.

Lin Kai smiled and nodded gratefully: "Thank you, Heavenly Master."

Huang Tianshi shook his head, and said leisurely: "Helping you is helping me. There is no need to distinguish."

Lin Kai was slightly surprised. Does this Huang Tianshi already know that his purpose is to protect him?

But where does Huang Tianshi's danger come from?

You know, beside him is Li Fengyun, a master of the pinnacle master.

In addition, he has the ability to ward off bad luck, so how can anyone help him?

After Huang Tianshi finished speaking, he walked to Lin Xueer's side and looked at her up and down.

There was a trace of jealousy and vigilance in the eyes of the two revealing girls.

Is it true that the celestial master wants to love the new and dislike the old?

Lin Xueer hugged her chest to make her perfect figure fuller, she looked at Huang Tianshi warily.

This Huang Tianshi looks like a hungry ghost, is he going to pay her attention?

Lin Xueer waved her small fist and threatened: "Go away, or beat you."

Lin Kai's expression also sank, even if Heavenly Master Huang was the target he wanted to protect.

However, Tianshi Huang had to dare to make waves at Lin Xueer, Lin Kai didn't mind teaching him a lesson.

Huang Tianshi didn't show a look of lewdness. He just pinched his fingers and forgot, and solemnly said: "Girl doll, you have a special physique. You must find a fairy within a year, otherwise your life will not be guaranteed."

Lin Xueer bit her teeth lightly and wrinkled her nose and said, "Are you trying to say that the fairy is you?"

"No."

Tianshi Huang's face became very tired, and he said indifferently: "The old man just couldn't bear such a beautiful baby girl withering, and he revealed the secret."

Huang Tianshi hugged the two girls and walked away, his voice became lascivious again, and said, "Go to sleep, everyone."

"What a strange man..."

The corners of everyone's eyes twitched, and they could only sigh like that.

This birthday party ended with the laughter of everyone.

Most people feel that this trip is worthwhile.

Too many things happened at the scene, and every blast of news to Donghai Province will inevitably cause shocks.

First, Cheng Wu Dan appeared in this world, which can make people live for ten years out of thin air.

How many people who are dying of old will become crazy?

Immediately afterwards, Li Fengyun suddenly appeared.

After the news spreads, the Li family's business will become more prosperous.

Li Fengyun wanted to overpower Lin Kai, but he didn't expect Lin Kai to have the guards of the four great masters.

This news will surely shock all the big forces in East China Sea.

You know, a force has four great masters, but it can become the top giant in Donghai Province.

After that, Shao Xin brought the two great masters to come, and it could only become a post-tea talk, adding some jokes to everyone.

Lin Kai did not follow Lin Yun back to Donghai Lin's house, but left alone.

Although Lin Xueer was a little bit sad, she was very sensible and didn't embarrass Lin Kai.

Lin Kai also promised again and again that he would go back to find her.

So Lin Xueer smiled and became happy.

Lin Yun looked at Lin Xueer reluctantly, and asked inexplicably:

"Lin Kai is so handsome, does it make you so unforgettable?"

Lin Xueer's face blushed slightly, and she said softly, "I don't know why, I just want to get close to him."

Lin Yun knocked on the folding fan, thinking.

Chapter 1825 The Law Of Heaven

Lin Kai found a hotel to stay.

In the room, he just started to check the system rewards he received.

"A ray of heavenly law, do you comprehend it?"

Lin Kai was taken aback, with a surprised expression on his face.

Turned out to be the law of heaven?

Why are there only ancient warriors in this world, and no immortal cultivators?

The reason is that this world is in the Age of Doom.

In this world, the heavens are hidden, the laws are not obvious, and the spiritual energy is thin.

Therefore, without the living soil for the cultivators, it is natural that the cultivators cannot be produced.

It was a coincidence that Lin Kai was able to cultivate to the completion of the foundation building, and it was still with the help of the system.

If there is no special chance, Lin Kai may not be able to advance to the Golden Core Realm in his entire life.

Because, to advance to the Golden Core Realm, you need to have an epiphany, you need to understand the way of heaven.

And now that Lin Kai got this ray of heavenly law, he could take the opportunity to attack the Golden Core Realm.

Lin Kai didn't dare to be careless, and didn't rush to absorb this law.

Instead, take a shower and change clothes first, and then calm down.

When the body and spirit were at their best, Lin Kai quietly whispered, "Absorb!"

"boom!"

Lin Kai only felt a roar, as if there was a terrifying, vast, indescribable mighty force staring at him.

Even with a steely heart, Lin Kai couldn't help trembling under this mighty gaze.

Lin Kai's brain was blank and completely lost the ability to think.

Just when his spirit couldn't help but collapse. That Wei Li seemed to withdraw his gaze.

A misty qi machine shot out from Wei Li, directly into Lin Kai's mind.

"Boom~"

There was another roar, and this roar brought Lin Kai the power of law and the baptism of heaven.

Lin Kai was hungry and thirsty, absorbing the mystery of the vast passages of heaven.

The turbulent air of his dantian suddenly fluctuated.

It seemed to follow the path of heaven and began to move.

Lin Kai's body began to fluctuate slowly.

If Lin Kai could detect that he could use his spiritual power now, he would be very happy.

However, he no longer cares about these.

His figure seemed to be carried by a stream of light, rushing out of his body, out of the hotel, out of the atmosphere, and into the vast universe.

In this vast universe, there are countless light spots, and those light spots, just by looking at it, seem to tear Lin Kai's soul.

Lin Kai's figure is like a grain of dust in this vast universe.

The universe is cold and nothingness.

But everything is operating regularly under the mysterious mighty force.

Before Lin Kai could take a closer look, his eyes went dark before returning to his body.

At this time, he discovered that the spiritual power in the dantian began to revolve in the big wheel.

Lin Kai suddenly realized that his dantian was like a small universe.

Abundant spiritual power fills the entire universe, making the universe unable to operate.

However, if you want to make the universe run again, you must turn these spiritual powers into light spots in the universe, which is the golden core!

Lin Kai's soul, under the influence of that ray of law, spontaneously operated spiritual power, turning these terrifying spiritual powers into golden cores.

Lin Kai sat cross-legged, and a thin layer of mist appeared around him.

As the wheel turned around, these entanglements also spread.

Not only that, in this world, those free spirits are also attracted, like small streams, converging.

In this hotel, there is an old man who is seriously ill.

He has just returned from the hospital and has given up treatment.

I plan to stay in the hotel for one night, and then go back to my hometown and wait for death.

He was lying on the bed, slowly speaking his last words.

In front of the bed, a group of children knelt there in pain, listening to the old man's instructions.

Suddenly, the old man's difficult and obscure voice became brisk and loud.

Everyone looked up suspiciously, and found that the old man's pale complexion was slowly rosy, and his dead eyes slowly became more energetic.

The old man hadn't noticed it yet, and he said in full anger, "I can't hold on for a few days. When I die, you will bury me and your mother together, you know?"

The corners of the mouths of several children twitched and their eyes were blank.

Can you stop making trouble, can you not last a few days like this?

Not only has the old man changed, but these children have also become stronger.

They were overwhelmed with grief, coupled with the days of hard work, and their faces became pale.

However, they are all blushing now, as if their dad is not about to die, but about to live a long life.

The old man keenly saw their appearance, stood up angrily, and said angrily: "I'm going to die, why do you all look happy."

Suddenly, he was startled, he actually stood up.

You know, he has been paralyzed in bed for three years.

"Dad, look. The wall is blooming."

"There is also the bed, and grass has grown."

In the wall, there are flowers blooming visible to the naked eye.

Grasses and flowers appeared on the wooden bed underneath.

Several people exclaimed, looking at everything in front of them incredible.

And all of this is happening in the entire hotel.

Even a couple who are exercising are also pleasantly surprised.

Everyone in the entire hotel caused a sensation.

"Is it a miracle?"

Someone bowed down on the ground and kowtowed their heads piously.

Someone hurriedly took out their mobile phones and filmed these magical phenomena.

But Lin Kai, the initiator, is still obsessed with cultivation, and he doesn't know that he has caused such a sensation.

Suddenly, Lin Kai frowned.

As if a whale was absorbing water, Lin Kai swallowed all the entanglement in the whole body and the aura that freed from the heavens and the earth.

Lin Kai looked at the lump in the dantian in his body, and couldn't help sighing with regret.

If you want to form a golden core, you need too much aura.

Just relying on the auras floating in the world can not make him form a complete golden core.

The dantian in his body can only be called a fake pill at best.

Fortunately, Lin Kai's solid foundation, coupled with the strength of the law, allowed Lin Kai to stop abruptly when he was conquering the golden core.

If it is an ordinary person, if you want to stop the advancement, his dantian will not be able to bear it, and it will explode directly.

Lin Kai stood up and smiled.

Although he didn't form a golden pill, he was not completely without gain.

Lin Xinxing moved and his spiritual power moved, causing his palm to be wrapped in a cloud of milky white light.

He just waved his hand slightly, and a terrible sonic boom erupted, shaking the whole room.

He was finally able to use spiritual power.

Lin Kai frowned again. He realized that although he could use his spiritual power, he could not use it all the time.

Otherwise, the spiritual power in the body will not be able to be suppressed and will explode directly.

“It takes about half an hour a day, that’s enough.”

Lin Kai nodded, not depressed.

Suddenly, his expression became suspicious.

His mind swept away, and the entire hotel was in his eyes.

“what’s the situation?”

Chapter 1826

Lin Kai scanned the entire hotel with the spirit of the cultivator alone, and was surprised to find that the entire hotel seemed to have become a big tree.

Inside the hotel, flowers and plants were overgrown, and everyone was alive and well, their eyes gleaming.

On the exterior wall of the hotel, various plants were also covered, and even many birds were attracted.

The entire hotel seems to have become a green ocean, a forest.

“Why is this?”

Lin Kai was a little surprised. When he was practicing, he would indeed cause some abnormalities.

But the vision will only appear within a few meters.

This time the vision can radiate the entire hotel and even affect humans.

Even the advanced Jin Dan is a bit unimaginable.

After Lin Kai pondered for a moment, he understood the whole story.

Ordinary aura tides certainly can’t create the scene in front of him, but when he absorbs the power of the law, I am afraid that he leaked a trace of energy, which caused the entire hotel to undergo earth-shaking changes.

“It’s just a trace of the force of the law can create such an astonishing sight.” Lin Kai was a little shocked.

He hasn’t forgotten how vast the terrifying might was at the beginning.

The power of this law is just a drop in the ocean.

From this it can be seen how terrifying the real way of heaven is.

Awe flashed in Lin Kai's eyes, but there was a raging fighting spirit deep in his eyes.

Heaven is so stalwart, cultivating immortals is more motivated!

Lin Kai's figure flashed before leaving the hotel.

As for the vision of the hotel, Lin Kai was not worried.

Without the support of spiritual power, these changes will slowly disappear.

It's just that this world has left another unsolved mystery.

On the way, Lin Kai groaned as he walked.

Since he couldn't leave Donghai Province for a while, it was necessary to find a place to live.

Otherwise, you will encounter this troublesome thing in the future.

If you choose to live, you cannot live in the city.

In the urban area, the smell of human fireworks is too heavy, but the pure aura of heaven and earth is missing.

Only the suburbs with sparsely populated people and many mountains and rivers have more spiritual aura.

"Who should I contact to buy a villa for me?"

The four old men and Li Fengyun flashed in Lin Kai's mind.

Lin Kai pondered for a while, but chose to call Li Fengyun.

First, Li Fengyun is the pinnacle master, and the energy in Donghai Province is unmatched by the four elders.

Second, he also has the mission of the Shadow Gate to protect Huang Tianshi.

As long as he is familiar with Li Fengyun, he can approach Huang Tianshi to protect his safety.

Lin Kai took out his cell phone and dialed a number.

This is Li Fengyun's mobile phone number, which Li Fengyun gave him when he left.

Lin Kai asked calmly, "Hey, is this Senior Li Fengyun?"

Li Fengyun answered the phone and said displeasely: "Brother Lin Kai, if you can value the old man, just call me brother."

Lin Kai smiled and said lightly: "Brother Li, I have something to trouble you."

Li Fengyun asked curiously: "My brother is a man of great ability. What can you ask me for?"

Lin Kai chuckled and said, "Let's talk about it when you meet."

“Okay, come here.”

Lin Kai returned to Li’s house after a while.

Li Fengyun was sitting and drinking tea, Li Chengjia did not follow him, but Li Shengxian was a little nervous serving his second grandfather.

Lin Kai smiled, this is when Li Fengyun knew that Li Shengxian was his friend, and used this to show his favor.

Lin Kai first clasped his fists and said, “Brother.”

Then he nodded slightly to Li Shengxian.

Li Shengxian’s eyes were dull, and Lin Kai actually called his second grandfather his older brother, so he was two generations shorter in front of Lin Kai.

Li Fengyun slapped Li Shengxian in the face and said with a smile: “We are all different, what are you doing stupidly, and you still don’t give my brother tea.”

Only then did Li Shengxian react and poured Lin Kai a cup of tea.

Lin Kai hurriedly put the tea cup with his hands to show his gratitude.

Seeing this, Li Fengyun nodded slightly.

Now Li Shengxian and Lin Kai are no longer equal, but Lin Kai didn’t neglect his friend at all.

Li Fengyun laughed and said, “Brother, what can I do for you?”

Lin Kai drank a cup of tea, and said, “My brother does not go to the Three Treasures Hall. I need a villa, so I’m here to trouble my brother.”

Li Fengyun asked suspiciously: “I heard that brother, some are money. Do you still use brother to buy a villa?”

Li Shengxian also patted his chest and interjected, “Yes, Lin Kai. I can handle this for you!”

Lin Kai shook his head and said in a deep voice, “No ordinary villas will work. They must be in a very quiet place surrounded by mountains and rivers.”

“That’s it.”

Li Fengyun pondered for a while, and said, “I know a lot about such a place. However, I just don’t know if it suits my brother’s heart.”

Lin Kai could only sigh: “Then I will choose one by one. Money doesn’t matter, but the place must be good.”

Lin Kai is now in the realm of false pill, if he wants to be promoted to the realm of golden pill, he needs a lot of heaven and earth aura.

In general, I am afraid that he cannot meet his needs.

Suddenly, Li Shengxian's eyes lit up and said, "I know a place with a very beautiful environment, and it's on the mountain, not far from the famous Dongxian Lake."

Li Fengyun's expression moved, and he nodded slightly and said, "You mean Dongxian Mountain? That place is really good."

Lin Kai's eyes lit up and asked, "Are there any vacant villas there?"

Li Fengyun took out his cell phone and said a few words.

Li Fengyun hung up the phone and looked at Lin Kai with some embarrassment.

Lin Xinli sank, and said in a deep voice, "There is no villa?"

Li Fengyun shook his head and said, "Yes, and it's on the top of Dongxian Mountain. It's the best villa there."

Li Fengyun said hesitantly: "It's just that we can't buy it now. The people below said that three days later, there will be a large-scale auction in Donghai Province. At that time, this villa will also be auctioned."

Lin Kai breathed a sigh of relief, as long as there is a chance, then feel relieved.

Seeing Lin Kai relaxed, Li Fengyun reminded: "My brother, since the auction is going on. I'm afraid the value of this villa will not be low. Without a few billions, it can't be bought."

Before Lin Kai could speak, Li Shengxian chuckled.

Li Fengyun stared at Li Shengxian, and Li Shengxian put away his smile.

Li Shengxian smiled and said, "Second Grandpa, what a coincidence. Three days later, there happened to be five antiques of Lin Kai at the auction."

Lin Kai frowned and said, "Didn't I say let you sell it to those at the scene at a 30% discount?"

Li Shengxian hurriedly said: "As long as I bought it, I sold one at a 30% discount. These five antiques were left, and there was an auction, so I hung up."

Lin Kai stretched his brows and nodded slightly.

Li Shengxian said, "I got the money for those antiques."

Lin Kai asked casually: "Really, how much money is there?"

Li Shengxian raised a finger and swayed triumphantly.

Li Fengyun said in surprise, "Good fellow, one hundred million?"

Li Shengxian said triumphantly:

"Wrong, one billion!"

Chapter 1827: Auction

Li Fengyun gasped, his eyes widened in shock.

Lin Kai was also slightly surprised, but he didn't expect to sell for a billion.

Besides, there are five pieces that have not been sold yet.

Li Fengyun smiled bitterly: "Antiques are really profitable."

Of course, Li Fengyun knows that such a situation is hard to come by.

This kind of antique business is a gambling business.

It's not surprising that all the net worth will be lost for a certain day.

After the villa affairs were finalized, Lin Kai's expression suddenly became solemn.

Lin Kai looked at Li Fengyun and said seriously: "Brother, there are some things I don't intend to say, but now that you are my brother, then I will remind you."

Li Fengyun looked awe-inspiring, and said solemnly: "What's the matter?"

Lin Kai squinted his eyes and asked, "Is that Cheng Wu Dan prepared for you?"

Li Fengyun nodded, not hiding Lin Kai.

He sighed, his voice was slightly vicissitudes, and said: "Yes. Tianshi Huang gave me a divination. I have only five years of life."

"what!"

Li Shengxian shook his hand and looked at Li Fengyun in panic.

"Why, I'm not dead now!" Li Fengyun scolded.

Li Shengxian's expression is still a bit anxious. The reason why the Li family is one of the top families in the East China Sea is because of the existence of Li Fengyun.

If he died, then the Li family's status would definitely not be preserved.

Moreover, Li Fengyun is very kind to their grandchildren.

He also couldn't bear the second grandfather's death so early.

Li Shengxian's eyes lit up and said, "Second grandfather, didn't my dad get a Chengwu Pill? You can take it and you will have ten years of life."

Li Fengyun nodded slightly, and said with satisfaction: "This pill for marrying a family is prepared for me."

There was a trace of yearning in Li Fengyun's eyes, and he was unwilling, and said solemnly: "I still want to live a few more years and climb into the Great Master Realm! Then, I will have another hundred years of life!"

Li Fengyun looked at Lin Kai and asked, "Brother, what do you want to say?"

Lin Kai said solemnly: "Brother, if you can trust me. Then don't eat that Chengwu Pill!"

“what?”

Li Shengxian’s eyes stared, and he wondered why Lin Kai said that.

Li Fengyun’s expression was condensed, staring at Lin Kai and said, “Brother, Cheng Wudan will not only give me more than ten years of life, but it will also be my last hope of ascending to the Great Master Realm. You know, I can’t give up.”

Lin Kai sighed and said, “I understand my brother very well.”

Li Fengyun’s expression was weak, and he asked faintly: “Brother, doesn’t Cheng Wu Dan have the effect of making people live longer than ten years?”

Lin Kai pondered, shook his head and said, “It should be possible. The strong vitality on the pill can’t be faked.”

Li Fengyun’s face became more and more faint, and his voice became indifferent, “What do you mean by that brother?”

Lin Kai said solemnly: “Cheng Wu Dan can indeed make people live for ten years, but if my brother is still ambitious for the Great Master Realm, Cheng Wu Dan can’t be eaten!”

“What do you mean? Brother, do you know the origin of this Cheng Wudan?”

Li Fengyun was taken aback, his expression dignified, could it be that there is something hidden in it?

Lin Kai shook his head and said, “I don’t know. But I can feel that this Cheng Wu Dan is not a good thing.”

Lin Kai said earnestly: “Eating it may give you more than ten years of life. But it is absolutely impossible at the Great Master Stage! Moreover, there may be other troubles.”

When Cheng Wudan appeared that day, Lin Kai had seen it with his golden pupil.

In Lin Kai’s eyes, he first saw the rich vitality, but after the breakthrough, he saw the sea of blood and ghosts howling.

Moreover, a complicated prohibition was set in Cheng Wu Dan.

This prohibition gave Lin Kai a very bad feeling.

Li Fengyun’s expression was tangled, he could feel the sincerity of Lin Kai’s words.

However, he was really reluctant to let him give up becoming a martial arts pill like this.

Lin Kai said lightly: “Brother, I just suggest, let you make your own decision.”

Li Fengyun smiled bitterly: “I’ll think about it.”

Li Fengyun commanded: “Shengxian, you will accompany my brother these few days and go around. I will stay in a closed place for a few days.”

After Li Fengyun and Lin Kai bid farewell, they crouched back to the villa.

Lin Kai looked at Li Fengyun's back and sighed: "There is a great horror between life and death. Even a character like my old brother can still see life and death."

Soon, three days passed in a flash.

Lin Kai and others came to the Dingsheng Ancient Building again.

This time, Lin Kai's treatment was completely different from last time.

As soon as they got out of the car, they saw several people approaching.

"Mr. Lin."

One of them was Zhang Xingjun, who took the lead and worshipped respectfully.

Lin Kai nodded slightly, indicating that he didn't need to be polite.

"Mr."

After Zhang Xingjun stepped aside, the four master appraisers also hurried over to salute Lin Kai.

Lin Kai said in surprise, "Why are you still here today?"

The four old men smiled and said, "Sir, there are many antiques at the auction today. The organizer has invited us to appraise them."

"This auction meeting is very grand, and will not allow fake goods to recharge the number."

Lin Kai nodded, glanced around, and couldn't help feeling that there was indeed too much excitement today.

All kinds of luxury cars lined up the entire long street, and everyone walking on it is extraordinary, either rich or noble.

The four elders respectfully said: "Sir, we have arranged a box for you. You can go directly."

Li Fengyun also came to the auction venue today.

He stroked his beard and smiled and said, "My brother, this time I'm dazzled by you."

Lin Kai smiled and joked: "If my brother reveals your identity, I'm afraid the host here will come directly to greet you."

Li Fengyun smiled, noncommittal.

As his pinnacle master, wherever he received the best courtesy.

Several people followed the four old men into a box.

The location of the box is very good, just facing the auction site, and the distance is very close, you can clearly see the things on the auction site.

After a few people sat down, soon there was a maid serving melons and fruits, tea and so on.

It didn't take long for a girl with a bumpy figure and a delicate face appeared on the stage.

She had a faint smile on her face, her voice was hoarse, but it was very sweet, and said: "Welcome celebrities from all walks of life to participate in the annual auction of Dingsheng Ancient Building. Hello everyone, this is Wen Ya."

Li Shengxian introduced: "Wenya, our hottest auction master in the East China Sea. The transaction volume in her hands is already tens of billions."

Wen Ya said generously: "Don't talk nonsense, now the auction meeting officially begins!"

Wen Ya gestured, and a maid came up with a cart.

The cart was covered with a layer of red cloth, which tightly covered the auction items.

Wen Ya glanced around, revealing a mysterious smile.

With a faint voice in her voice, she said: "Everyone, what is the most indescribable and inescapable thing in this world?"

Chapter 1828: Hot Auction

"Of course it is money, beauty, power!"

"Yes, what else can it be?"

"For me, the one who can't give up is Miss Wenya."

The people in the audience chuckled softly, and several young people joked at Wen Ya.

Wen Ya didn't get angry, but glared at them with a blaming look, making them feel as if an electric current passed through their bodies.

Wen Ya asked softly: "Apart from these, don't you have anything more that you can't give up?"

In one of the boxes, the head of the Zhang family's hometown said briskly: "The old man has everything that he should have in this life. The most irresistible thing now is this old life."

The other elders nodded in sympathy.

Even beside Lin Kai, Li Fengyun sighed.

Isn't the most fundamental reason that has bothered him these days because his lifespan is not much left?

Wen Ya covered her small mouth, pretending to be surprised, and said: "Patriarch Zhang, have you got inside information about our auction items?"

Patriarch Zhang's expression was slightly shocked, and then the whole person trembled with excitement.

His face flushed, and he asked in disbelief, "Little girl, what do you mean?"

Others seemed to have thought of something, and looked at Wen Ya with the same expression.

With a smile in his eyes, Wen Ya said softly: "That's right. Our first auction item this time is a treasure that can increase human life."

"Nonsense, how can there be any treasures in this world that can increase human lifespan?"

"Hehe, what kind of nutrient is it? I see a lot!"

"This kind of thing has a fart effect on me. My body has been adjusted to its best condition. It is no longer possible to use drugs to increase lifespan."

Many elders expressed disdain for Wen Ya's pretending to be mysterious.

"No, there is still a treasure that can increase human lifespan."

"That is Cheng Wu Dan!"

"I heard that a few days ago, that old ghost Li Fengyun got a Cheng Wu Dan."

"What, this old ghost is not dead yet?"

Several old men started talking across the box.

"Fat your mother, if you die, the old man will not die."

Li Fengyun couldn't help but cursed.

The whole venue was quiet, and the atmosphere was a bit awkward.

Mainly, this old ghost is too good at fighting and has a bad temper.

They were worried that Li Fengyun was in a hurry and ran out to fix them.

Wen Ya coughed slightly and said with a smile: "It seems that everyone has guessed it. This first auction item is Cheng Wu Dan."

Wen Ya looked at a private room, a touch of love appeared in his eyes, and said softly: "This Cheng Wu Dan is provided by Young Master Lin and Lin Yun. Here again, Wen Ya thanked Young Master Lin Yun for supporting our auction."

In that box, Lin Yun's elegant voice came out: "Miss Wenya, you are very polite."

"Little girl, you really didn't lie to us, is Cheng Wudan?"

An old man interrupted Wen Ya's expression and asked impatiently.

Wen Ya was not angry, but nodded with a gentle smile, "I'm sure, it's Cheng Wu Dan."

The atmosphere in the entire venue instantly became warm.

They didn't expect that this auction would be so big, and the first auction item would be so hot.

"Cheng Wu Dan..."

Lin Kai whispered, "Brother, don't you think Cheng Wudan appears more frequently?"

Li Fengyun was silent for a while, and said softly: "Indeed. There were only rumors before that Cheng Wu Dan can increase human lifespan. But no one has ever seen it."

"But just a few days after my Cheng Wu Dan appeared, another one appeared."

"So, this is not right!"

But in Li Fengyun's muddy eyes, wisps of light appeared, and his complexion was a bit solemn.

At this time, Cheng Wudan outside had already started bidding.

The reserve price starts at 10 million yuan.

The reserve price alone can discourage many people and can only look at it eagerly.

There is only one Cheng Wu Dan, but it can increase a person's life span by ten years.

Those younger ones are better, and those older elders have already blushed and their necks are thick.

In a short while, Cheng Wudan soared to 1.5 billion.

Moreover, its price continues to soar, and it doesn't mean any easing.

The big guys present were a little dumbfounded.

For this pill, the old men are going crazy.

Wen Yaxiao's eyes turned into crescent shapes, and she reminded: "Although Cheng Wu Dan can make people live for ten years, it has no healing effect."

"In other words, if you get a serious illness, the effect of taking Chengwu Pill will not be so great."

When Cheng Wu Dan's price soared to 8 billion, Wen Ya said again:

"By the way, Young Master Lin Yun told me just now that the Lin family's pharmaceutical company has made a breakthrough, and may be able to produce other Chengwu pills in the future."

After hearing this sentence, the old men who were about to **** crazy only regained their senses a little bit.

Their bidding has also become slow.

"Haha, Lin Yun's methods are indeed powerful." Li Fengyun sneered.

Lin Kai nodded in agreement and said: "He didn't release the news in the first time and guaranteed Cheng Wudan's transaction price."

"When people were about to break through the bottom line, he told the news in a timely manner. It wouldn't be enough to offend everyone."

In the end, after another fierce competition, Cheng Wudan sold it to the old patriarch of the Zhang family for a sky-high price of 10.7 billion.

Patriarch Zhang looked excited, hurried out of the box, and went straight to the backstage.

He can't stand it anymore, he wants to get that Chengwu Pill immediately.

Li Fengyun's eyes flashed, ready to send his subordinates to monitor Patriarch Zhang day and night.

He wanted to see what would happen after eating this martial pill.

Many old men who hadn't grabbed Cheng Wudan looked at Wen Ya with eyes, and some even looked directly in the direction of Lin Yun's box.

"Young Master Lin Yun, you said that you will make a Martial Pill in the future, is it true?"

In the box, Lin Yun shook his folding fan and chuckled softly: "Seniors, please rest assured, although Lin Yun is not a big man, what he said must count."

"Young Master Lin Yun, he is humble. Who doesn't know that the Lin family's position in the East China Sea is detached."

"That's right, the real family of ancient martial artists is really extraordinary, and treasures like Cheng Wu Dan can be taken out. It's amazing!"

Many old men flattered the past.

Make the younger generations who follow them blush.

"The first auction item was successfully auctioned off, and now the second item is auctioned."

Wen Ya attracted everyone's attention and began to introduce the second lot.

However, after experiencing the martial arts pill, the subsequent auctions could not arouse such a response.

Instead, Lin Kai listened carefully to Wen Ya's introduction.

It also spent millions and bought a variety of materials.

"Brother, why are you buying these things?"

Li Fengyun saw Lin Kai start bidding for a dark stone again.

At this time, Lin Kai's expression was focused and very excited.

Chapter 1829 bidding for villas

That stone, the size of a fist, is very heavy.

According to Wen Ya, it was a stone left over from a meteorite falling from the sky.

However, it is very hard, difficult to destroy, and can not make other objects, so it can only be auctioned in this way.

Everyone just glanced at it and didn't care.

There are some rich collectors who bid with Lin Kai several times.

It was not until Lin offered a price of two million that he really bought it.

Li Fengyun was a little puzzled when he saw Lin Kai's very happy appearance.

Lin Kai smiled and shook his head silently.

No one in this world should know what this stone is.

It is called Tianwaihantie in the world of immortality.

Whether it is refining magic weapons or making formations, they are all very important materials.

Lin Kai doesn't know how to refine tools, but he has already learned the basic formations.

Therefore, he consciously purchased some materials that can be used to arrange the formation.

After a few more lots, a waiter brought a tray.

There is nothing else on it, only a certificate.

Wenya glanced around and chuckled softly: "Everyone knows Dongxian Mountain and Dongxian Lake, right?"

Lin Kai's expression moved, and his goal finally appeared.

Wen Ya continued: "According to legend, in ancient times, there was an immortal who was named Dongxian. Therefore, there was Dongxian Lake and Dongxian Mountain."

"Our auction this time is a luxury villa on the top of Dongxian Mountain!"

"How beautiful the surrounding scenery is and how fresh the air is, I don't need to say more about it."

Wen Ya said mischievously: "Maybe, just living there can live another ten years."

Wen Ya saw that everyone was a little moved, and finally smiled contentedly.

She said gracefully: "Then start bidding, the reserve price is 50 million."

"hiss..."

Everyone gasped. The price was the highest among all auction items.

However, what Wen Ya said does make sense.

The environment there is beautiful, and living there is relaxed and happy, maybe you can really live a few more years.

Therefore, their bidding enthusiasm is still very high.

Especially a young woman with a tall figure and a delicate face showed a certain look in her eyes.

She raised the bid, with a hint of awkwardness in her tone, and said loudly: "Three hundred million!"

The whole hall was quiet, looking at the young woman in surprise.

"It's her, it's no wonder that the price was so high just after the bidding."

Someone showed a clear look.

“Who is she and why don’t I know?”

Most people have a puzzled expression, especially some young people are very curious.

In Donghai Province, there are few wealthy and powerful young women that they don’t know.

But this woman is so pretty.

However, they have never seen it.

“Hehe, it’s not surprising that you don’t know each other.”

Someone smiled contentedly: “This woman has just returned from abroad to develop in Donghai Province. Her family is not simple. It is a very powerful family among overseas Chinese. Almost all Chinese will sell their face.”

“Is it from the Tang family?” someone asked in surprise.

“Yes, it is the Tang family.” The man said with emotion: “Unexpectedly, the ancestors of the Tang family turned out to be from the East China Sea. Recently, the Tang family intends to return to the country for development, so it’s time to auction the villa.”

After hearing the man’s explanation, everyone’s expressions hesitated.

Although this Tang family has always been abroad, its domestic reputation is also full of thunder.

This is a real family of ancient warriors, and there are many famous masters alone.

Otherwise, there will be no place where foreigners are everywhere, and a world will be created.

Now, the Tang family wants to return. If they bid with this woman, the Tang family is annoyed, and they are worried that they will suffer revenge.

Therefore, the scene suddenly became quiet.

A trace of anxiety flashed in Wen Ya’s eyes. If the villa could only be auctioned for 300 million yuan, it would be a big loss.

The cost alone cannot be collected.

The young woman looked all around and was very satisfied with everyone’s acquaintance.

Seeing Wen Ya reluctantly start the countdown, the woman also smiled.

“Three hundred and fifty million.”

Suddenly, a young voice sounded calmly.

Wen Ya was overjoyed and looked at the box softly.

“Ok?”

A sharp light flashed in the woman’s eyes, and she looked at the box fiercely.

It is a pity that the box obstructed her gaze and couldn’t put pressure on this person.

Lin Kai glanced at the woman lightly, unmoved.

In the past few days, he has already visited Dongxian Mountain.

The environment there meets his requirements very well, so he is determined to win the villa!

The woman said solemnly: "Five hundred million!"

"My mother, is this the Tang family member?"

"Really overbearing!"

Everyone slapped their tongues and had a preliminary impression of the Tang family.

Lin Kai remained calm and said lightly: "Five hundred and fifty million."

"Isn't the person in this box Senior Li Fengyun? Why is he a young man?"

Someone thought with some doubts.

"Hehe, you don't even know this person?"

Someone said contemptuously: "Listen to the voice and you know it's Lin Kai!"

"Who is Lin Kai?" the man blinked and asked softly.

Everyone turned their heads and looked at the man suspiciously, with a look of disdain on his face.

If you say ten days ago, you may not know Lin Kai.

However, there are still people who don't know Lin Kai, which shows that this person's position in power is too low.

The man's face flushed, and he was actually a multi-millionaire.

But compared with the many bigwigs in the venue, he was just an ordinary person.

"Hehe, I will tell you kindly."

One person looked at him disdainfully, and said openly: "Lin Kai, it is said that there is some connection with the Lin family. But this is not the point."

"The point is, he has four guards!"

There was a trace of awe on his face, and he said: "These four guards are all master-level masters."

"What? Four master-level masters."

Some people who didn't know Lin Kai opened their eyes wide.

The woman apparently heard their conversation.

She took a deep look at Lin Kai's box, but there was no fear in her eyes.

Instead, she still calmly said: "800 million!"

“It seems that with the power of the Tang family, there is no fear of Lin Kai’s four great masters.”

From the woman’s expression, it was obvious that she did not react too much to Lin Kai’s forces.

Lin Kai frowned, a little impatient.

He faintly said: “1.5 billion!”

“you!”

The woman stood up angrily and said in bad language, “Lin Kai, do you have to fight with me? As long as you give me the villa. I owe you a favor!”

Lin Kai said calmly, “Sorry, I also need this villa very much.”

Lin Kai looked outside with a chuckle.

Favor? Does Lin Kai still need any favors?

Chapter 1830

The woman’s complexion changed a few times, and 1.5 billion hadn’t been put in her eyes.

But most of her assets are abroad, and she can’t spend so much money at a time.

Most of the assets she brings have to be invested in the business.

The woman took a deep breath and said solemnly, “Is that Lin Kai? Remember, my name is Tang Ying. We will meet in the future!”

After speaking, she stopped staying and walked out in a stride.

When everyone looked at the woman’s appearance, they knew that she was not a big-minded person.

They were so fortunate that they didn’t bid with this woman just now.

“Tsk, brother. The Tang family is not easy to provoke, but you have offended this woman.”

Li Fengyun smiled, looking lively.

Lin opened his hands and said calmly, “It’s just normal competition. If she hates me, I can’t help it.”

After Lin opened up, he bought a few more materials and stopped buying them.

After the auction was over, Lin Kai followed the staff to go through the formalities.

After completing the formalities, Lin Kai bid farewell to Li Fengyun and rushed to Dongxian Mountain impatiently.

Dongxian Mountain is not a solitary peak, but a continuous mountain range.

The highest mountain is hundreds of meters high.

Looking from the foot of the mountain, surrounded by clouds and mist, a villa is looming.

If it weren't for the obvious modern technological style, many people would think it was like a fairy palace in the sky.

Lin Kai drove up to the top of the mountain and looked at the villa outside.

This villa occupies several times that of an ordinary villa in front of it, with four floors.

The first floor is the living room; the second floor is the kitchen; the third floor is the bedroom, and the fourth floor is an open-air rooftop.

Lin Kai stood on it, looking far away, as if he was a fairy who was about to emerge.

Lin Kai put his spiritual power on his eyes and clearly saw the distant Dongxian Lake.

Lin Kai took a deep breath, feeling that the aura in the heavens and the earth was more active and richer than anywhere else.

"not enough!"

Lin Kai was a little intoxicated, but still frowned.

If you don't need to practice, the current environment is good enough.

However, if you practice, the spiritual energy here will soon be absorbed by him.

If I want to accumulate such a strong spiritual energy, I don't know when and what month.

"It seems that the formation is really going to be arranged."

Lin Kai searched for the knowledge in his mind, and finally decided to arrange a spirit gathering array.

"Spirit gathering formation is not enough."

Lin Kai rolled his eyes and looked at Dongxian Lake thousands of meters away.

He could feel the rich water spirit of Dongxian Lake before he walked there.

Lin Kai's mind turned sharply, and he already had a plan in his mind.

If you want to have enough spiritual energy for him to practice, then at least two formations should be arranged.

One is the Spirit Gathering Array.

It can gather all the aura within a kilometer of a radius into his villa.

Second, it is the Spirit Array.

It can attract the aura in the world, as well as the aura in Dongxian Lake thousands of meters away, so that the aura in the villa can be continuously produced.

Lin Kai sat cross-legged in the villa, and the formations in his mind were simulated and set up.

Finally, Lin Kai opened his eyes and frowned.

He found that in order to set up a large array, a lot of materials were needed.

And the materials he bought at the auction just now were only one-tenth at most.

If you want to set up a big array, it's still too far away.

Moreover, he also needs a lot of top jade.

Only the best jade can carry the surging aura.

The most important thing is that arranging the Spirit Gathering Formation requires the most core formation.

If the level of the core array is not enough, the final layout of the large array will only have one result, which is a collapse and explosion!

Lin happily moved and took out the Jade Seal of Chuanguo.

"This is a good material for the attack!"

Lin Kai smiled, with the rank of the Jade Seal of the State, enough as the eyes of the Spirit Gathering Array!

"Now there is a lot of jade and materials..."

Lin Kai thought for a while, and called the four master appraisers.

"Mr!"

The four elders were a little excited, and Lin Kai finally called them.

Lin Kai smiled slightly and said softly, "I have something to trouble you."

"Sir, please tell me!" The four old men listened respectfully.

Lin Kai said lightly: "I need jade, and it must be the best quality without impurities."

"In addition, I still need a lot of rare metals. I will make a list for you later. You can collect them as much as possible."

The four elders breathed a sigh of relief, the best jade is too simple for them.

And as long as it is the metal that exists in the world, they can also collect it.

An old man asked easily: "Sir, how much jade do you need?"

Lin Kai calculated it silently, and said with a little confidence, "It takes about five thousand."

"what!"

The old men's eyes widened, almost spitting out a mouthful of blood.

Lin Kai also knew that they were embarrassed, so he smiled and said, "You should collect as much as possible. Don't care about the money."

After the four elders hung up the phone, they received the message developed by Lin within a short time.

Inside are some rare metals that Lin Kai needs.

Moreover, Lin Kai worried that they didn't know each other, and made notes on each metal, describing what they looked like.

The four old men looked at each other for a while, staring at each other.

In their capacity as Master Appreciation Masters, not to mention having seen a lot of the metal in it, they have not even heard of it.

"Mister's task is a bit difficult."

The old men shook their heads and laughed bitterly.

One of the elders gritted his teeth and said: "Try to collect as much as possible. Don't let your husband down."

After Lin Kai sent the information, he went straight down to Dongxian Mountain.

He knew that most of the things he wanted to collect were very rare, and with the strength of the four elders, he might not be able to collect all of them.

Therefore, he himself has to find a way to collect metal and jade.

Lin Kai went down the mountain, and after begging Li Fengyun, he left Li's house.

He thought about it for a while, but still didn't call Donghailin's family.

Now, their relationship is fairly harmonious.

However, in the future, I don't know whether it is an enemy or a friend, or it is better to have less contact.

...

After Tang Ying left the auction, she came to an old house and walked in angrily.

She sat on the seat and flipped out all the tea cups on the table.

"Hehe, who provokes us A Ying?"

An old man with a majestic complexion, bulging temples and gleaming eyes walked down from the stairs with his hands on his back.

"Abo, I didn't auction the villa." Tang Ying pursed her lips and said unhappy.

"what?"

Arbor asked in surprise: "Can't you buy a villa with a billion dollars?"

One billion, not to mention a villa, even a large estate can be bought.

“Hmph, there is a nasty guy who has paid 1.5 billion!” Tang Ying tickled his teeth, “I will teach him a lesson sooner or later!”

Aber shook his head and said lightly: “It’s certainly not easy for someone who can spend 1.5 billion to buy a villa.”

Tang Ying curled her lips and said, “The four master-level guards are really not easy.”

Uncle glared, and instantly came to Tang Ying, knocking her head out of the way.

“Just this, do you dare to teach others a lesson?”
