

Special Forces 1851

Chapter 1851

Several great masters looked different. Although they were very hostile to Tang Feng, they did not hit the smiley man with their hands.

After stagnating for a second, the four great masters clasped their fists and said lightly: "I have seen Grandmaster Tang!"

Only Lei Qian's blood-red eyes glanced at Tang Feng and did not speak.

Tang Ying glanced at the people of Qian Ming who had been hung on the stakes, and there was a trace of unbearableness in their eyes.

When she moved, she was about to step forward.

Tang Shui grabbed Tang Ying beside him and shook his head slightly.

He knew that Tang Ying was jealous of hatred, and it was difficult to see such a cruel situation before his eyes.

However, looking at the current atmosphere, it is not suitable for getting ahead.

Tang Feng raised his eyebrows and said indifferently: "You can't kill but nod. Is it necessary to humiliate them like this?"

Lei Qian'ang's scarlet eyes looked at Tang Feng, with a hint of tyranny in his tone, and said, "You speak for these ants. Could it be that you killed my grandson?"

Tang Feng shook his head. Lei Qiankuang seemed to be crazy, like a mad dog, biting people indiscriminately.

Lei Qian'ang said in a low voice: "Every ten minutes, kill someone. Until you find that little bitch!"

The tyrannical mood in Lei Qiankuang's eyes was constantly brewing, and he muttered to himself: "My grandson, I will use my blood to pave a long road to see you off."

Grandmaster Lei Qiankuang was furious, making the atmosphere in the entire square dull.

In the two arenas, no one dared to fight on the stage anymore.

Lei Qiankuang stood in front of everyone, looking at all the ancient warriors in the audience.

He said in a low voice, "Look for the \*\*\*\* Qian Lian'er."

"Whoever has her current position, reward a billion!"

"Who can catch her, I will directly accept him as a disciple!"

Above the square, there was silence for a while.

Then, with a sound of 'wa', there was a sound of earth-shaking excitement.

On the square, the ancient warriors ran wildly and rushed to the town.

Even the ancient warriors at the pinnacle of Grand Master hurriedly entered the town.

Although they couldn't hold back their faces and worship Lei Qiankang as their teacher, Lei Qiankang pointed them a few words and it was worth the way for them to find the great master!

Li Fengyun looked at the peak masters of several familiar grandmasters who had already set off, and he couldn't sit still a bit.

He turned around and asked: "Tianshi Huang, should we also look for that Qian Lian'er?"

Huang Tianshi looked at Li Fengyun in surprise, and asked: "You are an old man, why do you have the face to embarrass an innocent little girl?"

Li Fengyun's face blushed, and he said nonchalantly: "Now there are only six great masters' families left in the entire square. If we don't move, we might be hated by Grand Master Lei."

Tianshi Huang nodded and said, "It's reasonable, then let's go. It just so happens that it might be useful to get you."

Li Fengyun breathed a sigh of relief, he still valued Huang Tianshi's opinion very much.

After a while, only the five great masters on the high platform and the family children behind them were left in the entire square.

As the children of the great master's family, of course, it is impossible for them to worship Lei Qiankang as their teacher.

Behind Lin Hong, Lin Yun put away his folding fan, stood up and said, "Father, I will do some activities too. Although I don't want to use Senior Lei as a teacher, I'm still more interested in the billion."

Lin Hong nodded slightly and said, "Go."

Seeing that the disciples behind the other great masters also moved.

A great master opened his eyes and said with a smile: "Since these boys are all interested, let's make a bet."

"Oh, what bet?"

Several other great masters looked at him suspiciously.

The Grand Master said lightly: "The sea on the coast of the East China Sea is filled with a hundred acres of land. Presumably everyone wants to eat this piece of fat. Our bet is which family can bring the money and whoever belongs to that piece of land. ,how is it?"

"good!"

Several great masters nodded one after another, this piece of land is one of their purposes here.

The great master looked at Tang Feng and asked with a smile, "I wonder if Brother Tang is interested in this bet."

Tang Feng's eyes flashed, he hated this kind of bet that takes human life as a game from the bottom of his heart.

However, he is an outsider after all. It's not good to be maverick.

Tang Feng said indifferently, "Since everyone agrees, then Tang has nothing to do with it!"

"well!"

Several great masters nodded, and their expressions eased.

This was a test. Whether Tang Feng was willing to accept their rules of the game was related to the attitude of several great masters towards the Tang family.

"Have you all heard it? Let's go now." Several great masters ordered.

"Yes!"

The disciples behind the great masters all stepped off the platform and walked everywhere.

Tang Feng turned his head and said softly, "You go too. As for how to do it, it's all up to you."

Tang Ying nodded, and led a few of his men down the high platform.

Tang Shui hurriedly followed and said, "Smelly girl, wait for me."

Soon, in the entire square, apart from the few Qian family members hanging on the wooden stakes, there were only six great masters left!

"What if another family brings Qian Lian'er?"

A great master suddenly asked.

Lin Hong said coldly: "The stakes are naturally not counted. Is it possible to give up that piece of land to them?"

Many great masters laughed, this piece of land can generate a lot of profits, and it is impossible for them to give it to other families.

Lin Kai brought Qian Lian'er and came towards the square.

Suddenly, Lin Kai noticed a loud noise coming from the front.

I don't know what happened, the people in the square were all hurriedly scattered away.

Among them, more than a hundred people are hurriedly coming along this street.

Suddenly, someone looked at Qian Lian'er with a weird look.

They whispered, and everyone on this street looked over.

They stared at Qian Lian'er with a very strange look.

Qian Lian'er was a little hairy, hiding behind Lin Kai.

“It’s Qian Lian’er!”

“She is mine!”

For a moment, everyone was in ecstasy and their expressions were distorted.

Their eyes turned red, and they ran towards Qian Lian’er frantically.

The five ancient warriors who were already close at hand with Qian Lian’er all trembled.

They are all five brothers who belong to the same family, all in the realm of Martial Saint!

It is a very powerful family!

The only regret is that their family does not have a master, so that their business cannot continue to grow.

Otherwise, if you offend the grandmaster, then their family can only be destroyed.

If they can bring Qian Lian’er to Lei Qiankuang.

They can worship Thunder Thousand Kuang as their teacher, and maybe one of their five brothers can become a master!

The five people looked at each other and started the action tacitly.

Two of them rushed directly to Qian Lian’er, while the other three turned to face the ancient warriors who rushed forward.

The three Martial Saints roared out loudly for luck:

“Fuck me, Qian Lian’er belongs to our brother!”

Chapter 1852 Siege

“It’s the Five Sages of Qiongzhou!”

These five brothers are very powerful, and no one is their opponent except the master.

“Damn it, don’t we have a chance!”

Everyone was very unwilling, but the pace still slowed down.

The three martial sages who were blocking showed a triumphant look. If all these people rushed up, then they would be really in trouble.

Fortunately, their name is loud enough to calm this group of people!

However, time is running out!

This time, even the masters of Grand Master Pinnacle were dispatched.

If they arrive, then a few of their brothers will have to admit their fate!

After the three brothers stopped the crowd, they turned their heads and looked around.

They saw their two brothers, one slapped the man's head with one palm, and the other grabbed Qian Lian'er.

Seeing them less than an inch away, they saw the handsome man frown.

They didn't see the man making any movements, but saw his two brothers tremble and fly out at a faster speed.

The two brothers smashed a few somersaults in embarrassment, and when they stood up, their complexions had become serious.

Lin Kai said lightly, "Can you tell me what happened? Why did you shoot us for no reason?"

"Little brother, you give me this woman. Our brother must thank you again!"

Qian Lian'er held Lin Kai's sleeves tightly, and said with some fear, "Master, don't..."

Lin Kai's expression was indifferent, and he said lightly: "You give me your mother, and I will thank you again!"

One of them said seriously: "Our mother is dead, otherwise it's okay!"

"..."

Lin Kai said silently, "Since I don't say anything, then go away and don't block my way!"

"Huh. Don't be ignorant of praise, do you think you can protect her?"

The five brothers looked at each other and said in unison: "Let's go together!"

Five people two in front and three behind, formed a formation and attacked Lin Kai together.

"Really when I am not angry!"

A trace of anger flashed in Lin Kai's eyes, stretched out a palm like a white jade, and patted the void.

"boom"

The five brothers just persisted for a moment, then their complexions changed, blood spurted out, and they flew out.

"Hi, defeated the Five Sages of Qiongzhou in one move!"

Everyone slapped their tongues, but fortunately they didn't rush forward.

Otherwise, they would be the one who vomited blood this time.

"Isn't this Lin Kai!"

Someone recognized Lin Kai and said in horror.

"What, he is Lin Kai?"

"Is that the mysterious master Lin Kai?"

“It was he who killed Lei Qiankuang’s grandson, and those family children?”

Everyone was surprised.

Suddenly, a middle-aged man came out. He looked at Lin Kai with red eyes and shouted, “Lin Kai, you killed my son?”

Another middle-aged man said bitterly: “And my son. Where did he offend you, why did you kill him!”

Lin Kai glanced at them, and said lightly: “If you are talking about those few things that followed Young Master Thunder, then I did kill them!”

“As for why you killed them...”

Lin Kai recalled that at that time these young men looked at Qian Lian’er with that disgusting look.

There was desire and tyranny in his eyes, but no one showed sympathy in his eyes.

Lin Kai said disgustedly: “These miscellaneous eyes are too disgusting, living is a waste of air. Anyway, it is also a shot, and send them to the west by the way.”

“you!”

The qi and blood of the two middle-aged men were trembling all over.

Lin Kai looked at them coldly, and said lightly: “If you want revenge, I will continue!”

Upon hearing Lin Kai’s words, both of them dodged their eyes.

Lin Kai is a great master, even suspected to be a great master.

Where do they dare to start hands with Lin.

A trace of disdain flashed in Lin Kai’s eyes, and he said lightly: “Let’s go.”

Qian Lian’er followed Lin Kai and walked along.

She looked at the people curiously, and was a little wondering why they wanted to arrest her.

At this time, the ancient warriors in other directions also got news, and they all rushed over at this time.

“It’s you, Lin Kai!”

Lin Yun, who took this trip to find Qian Lian’er as a game, saw Lin Kai, and his face suddenly sank.

Lin Yun has been very confident since he was a child, and even cultivated to the realm of a master at a young age.

In Donghai Province, no one has his qualifications.

However, the handsome man in front of him was even higher than his cultivation level.

Especially, this man is from the family who expelled his line!

“Lin Kai, are you my old enemy!”

Lin Yun muttered to himself, his eyes became very deep.

As more and more people came around, Lin Kai was completely unable to walk.

Now, Lin Kai also realized something was wrong.

It seemed that he killed Lei Qiankang's grandson and made Lei Qiankang crazy. He didn't know what benefits he had promised and made everyone rush over.

A group of people were very quiet, looking at Lin Kai and two with weird expressions.

At present, they all knew that Lin Kai was the murderer.

If they could bring Lin Kai to Lei Qiankuang, the Grand Master would be even more happy.

More than a dozen grand masters, including several pinnacle grand masters, were ready to move.

Especially the disciples in several great master families are full of war spirits.

They didn't believe that Lin Kai was a great master at a young age.

Even if Lin Kai practiced martial arts from his mother's womb, it would not be possible!

Lin Kai squinted his eyes and said lightly, "It seems that I can't leave easily today."

"Brother Lin Kai!"

Among the crowd, Li Fengyun's expression changed, and he whispered: "Tianshi Huang, what shall we do now?"

Tianshi Huang looked at Lin Kai solemnly, his eyes became a little red, and tears were left behind.

"What a dazzling golden light! Is he going to become a fairy..."

Huang Tianshi closed his eyes and concealed his inner shock.

In his eyes, Lin Kai was full of dazzling golden light, with a mysterious aura.

That kind of aura is only when Huang Tianshi consumes his life and can sense a trace from the void when he is divination.

However, Lin Kai's body was full of this kind of breath.

When Huang Tianshi approached him, his thoughts became lively.

His divination technique, which had reached a bottleneck long ago, also loosened.

Tianshi Huang was fierce in his heart, and the opportunity for him to be promoted to the 'Destiny Master' might lie with Lin Kai.

Tianshi Huang opened his eyes and said solemnly: "Remember, never be an enemy of Lin Kai!"

Li Fengyun nodded cautiously, a trace of madness appeared in his eyes, and he made a decision in an instant.

Li Fengyun suddenly flew up and fell to Lin Kai's side.

Lin Kai looked at Li Fengyun in surprise, and said, "Brother, what do you mean?"

"Haha, my brother is in danger. How can my brother not help!"

Li Fengyun laughed loudly:

"Although the old man has his old bones, he can still fight!"

Lin Kai smiled at the corner of his mouth and nodded slightly.

"Then thank you brother!"

Chapter 1853 the disciples of the five major families

"Li Fengyun, do you know that this is an enemy of the entire Donghai Province?"

"Haha, after living a lot of age, is my mind confused?"

The crowd scolded coldly.

Li Fengyun was not afraid at all, and said coldly: "I'm more awake than ever! I think everyone already knows what happened."

"Lei Qiankuang's grandson will forcibly take Qian Lian'er away and kill innocent people indiscriminately. Such a beast will die!"

"On the contrary, you, for the benefit of you, will not hesitate to sell your conscience!"

"I think you are not only confused, but also shameless!"

Li Fengyun's impassioned scolding silenced everyone present.

"well said!"

Tang Ying led the people from the Tang family to come up and stood beside Lin Kai.

Tang Ying glanced at Qian Lian'er behind Lin Kai, with a sour expression.

However, she also knew that now was not the time. After waiting, she would let this little hoof know how good she was.

Lin Kai is a big fool, but she can't be fooled!

Tang Ying clasped his fist to Li Fengyun and said: "It is said that there are no righteous people in the East China Sea. The appearance of Master Li makes everyone in the world aware of Master Li's benevolence!

Li Fengyun smiled slightly, clasped his fist and said: "I have long heard that the Tang family is jealous and has helped countless overseas Chinese to avoid foreigners' insults. Now, I know that the rumors are not fake at all!"

Tang Yingqian replied: "Compared with Master Li, we still have a long way to go."

Li Fengyun said more modestly: "No, the old man wants to learn from the Tang family. The ancient martial arts world in the East China Sea also needs to learn from the Tang family!"

The expressions of everyone present were distorted, watching the two of them praising each other here.

These two people are stepping on their faces to brag about each other, it's really tolerable or unbearable!

Of course, some ancient warriors who were thin-skinned and kind-minded had already left quietly.

Participating in this battle today, no matter what the result is, it is not good for them.

Simply leave early!

Of course, most of the ancient warriors still stayed.

There are nearly a thousand people on the scene now. With so many of them, are they still unable to deal with a Lin Kai?

Maybe they can kill Lin Kai if they are lucky.

In this way, they will be rewarded by Grandmaster Lei.

More importantly, some of them don't care about Grandmaster Lei's reward anymore.

They all heard that Lin Kai has a set of magic equipment that can improve his cultivation.

That set of divine outfits can even make Grandmaster Realm masters fight against Grandmasters.

A trace of greed appeared in the eyes of all the masters present.

It is now a good time to besiege Lin Kai in the name of the Great Master, and there will not necessarily be this opportunity next time.

"Tang Ying, do you know the consequences of standing next to Lin Kai?"

A young man stood up and looked at Tang Ying coldly: "Have you forgotten the bets of a few great masters? You are good at advocating, have Grandmaster Tang agreed?"

Tang Ying looked at him and said lightly: "It turned out to be Jin Bufan, Grandmaster Jinchi's grandson. I am different from you. You listen to your grandfather in the Jin family. And I can do things according to my own wishes."

Tang Ying showed a sneer and said, "After all, you are all adults. Is it possible that you are still a child?"

An angry look appeared on Jin Bufan's face, but he couldn't refute Tang Ying's words.

"Uncommon, don't talk nonsense with him."

Another young man in his thirties stood up, his face was cut with sharp edges and sharp edges.

He looked at Lin Kai and said lightly: "Lin Kai, you'd better catch it with your hands now. Otherwise, it will be too late if it hurts others."

Lin Kai asked lightly: "Who are you again?"

The youth was also very indifferent, and said, "I am Liu Huafeng, and my grandfather is the great master Liu Shadong!"

Lin Kai said lightly: "It seems that you are all willing to be Lei Qiankuang's lackeys."

A big man stood up and shouted: "Fart. Although I can't beat Lei Qiankang, he can't be his lackey."

"I'll make it clear. From the moment we saw you, our goal is no longer to fight for Lei Qiankang, but for you!"

"I heard that you have a powerful suit. I am very interested in it, so I rushed to it."

After listening to the words of the big man, everyone looked a little embarrassed.

There are some things that can't be said.

Now that their purpose is stated, it makes them seem naked to the sun.

"Huo Tongtian, what are you talking nonsense!" Lei Yin scolded angrily: "I can't wait to eat this beast meat raw, I'm not for any suit."

A trace of disdain flashed in Huo Tongtian's eyes, and he said indifferently: "What to pretend? After you have the ability to kill Lin Kai, you don't want to grab that divine costume from us!"

"you..."

Lei Yin's expression changed a few times, but he was still not excited, and agreed.

Lin Kai's indifferent eyes swept across everyone.

"Lei Yin from the Lei Family, Huo Tongtian from the Huo Family, Liu Huafeng from the Liu Family, Jin Bufan from the Jin Family, and Lin Hu from the Lin Family!"

Lin Kai smiled at the corner of his mouth and said lightly: "It seems that the five most powerful families in the East China Sea Province are all here. Lin is really lucky."

Anger flashed across Lin Yun's face, and his fists clenched. In Lin Kai's eyes, he was no longer worthy of being his opponent?

"Lin Kai, have you forgotten Zhao?" Zhao Tianhai walked out and looked at Lin Kai with a sneer.

He turned his head to look at Tang Ying again, with a bitter look in his eyes, and said: "And you little bitch. I must make you my plaything!"

Seeing that Zhao Tianhai had also stood in the forefront, the children of several other great masters' families were not dissatisfied, but appeared solemn.

Behind Zhao Tianhai is the mysterious organization-Shadow Gate!

If the Shadow Gate fully supports Zhao Tianhai, then Donghai Province might belong to the Zhao family!

Fortunately, according to their news, Zhao Tianhai was only the illegitimate child of one of the sect masters and was not taken seriously.

But even so, Zhao Tianhai could make them treat it with caution.

Lin Kai said lightly: "Last time, it ran away like a bereaved dog. Are you now standing up again?"

Anger flashed across Zhao Tianhai's face, and he sneered, "I hope you'll be stiff in a while!"

Lin Yun stepped forward and sighed: "Brother Lin Kai, surrender. Hand over that set of \*\*\*\* pretends, and then kowtow in front of Senior Lei Qiankuang to admit your mistakes, and I will also intercede for you. Otherwise, I won't be able to save it. you!"

Lin Kai smiled and said, "It seems that I still have to thank you? But no need. You people, I haven't seen it yet."

Lin Yun shook his head and smiled bitterly, and said, "Brother Lin Kai, why bother to be stubborn. There are ten masters of the pinnacle, and more than 30 masters? Just rely on you, Senior Li Fengyun, and Senior Tang Shui, how can we be with us? Fight?"

A weird light flashed in Liu Huafeng's eyes, and he said faintly: "Lin Kai, let your five grand masters come out as guards, I have seen them!"

Chapter 1854

Lin Kai glanced at Liu Huafeng in surprise. It seemed that Liu Huafeng had practiced a pupil technique, and he could see directly through the invisibility of the hidden god.

The space behind Lin Kai was distorted, and four men in black robes appeared.

They stood there silently, silently.

"Huh, there is one more that hasn't come out!"

A ray of light flashed in Liu Huafeng's eyes again, and he scanned the past.

A look of surprise appeared on his face, and he whispered:

"I can't see him anymore. It seems that he can't find him with my ability without helping others to hide."

After everyone heard it, there was a panic.

Such a master who can hide the gods is more terrifying to them than facing a master at the pinnacle of the master.

Because you have no idea where the attack came from.

Seeing that because of a grandmaster, the momentum of the entire team became low.

Zhao Tianhai hurriedly shouted coldly: "Don't panic, everyone. Although he can be invisible, he will exude a murderous aura when he shoots. Any peak master can clearly perceive it.

Liu Huafeng's eyes flashed, and he said in a deep voice: "If this is the case, then Mr. Zhao and I will deal with these five masters."

Lin Hu stood up and said lightly: "I'll deal with Li Fengyun!"

Jin Bufan's eyes flashed, and he stood up and said, "I'll deal with Tang Shui!"

A trace of anger flashed across Huo Tongtian's face, and these \*\*\*\* didn't dare to start fighting with Lin.

After all, Lin Kai had a record of frightening the Great Master.

Although, Lei Qiankuang said, that knife could not be cut out.

But they still don't know what to do.

Huo Tongtian said solemnly: "Then the six of us and all the others will deal with Lin Kai together!"

"Even if he is tired, he will be exhausted!"

Lei Yin gritted his teeth and nodded, he was about to commit suicide, Lin Kai, to avenge his only son!

The other four elder peak masters can only nodded with a wry smile.

"Did you discuss it?"

Lin Kai looked indifferent and walked slowly towards everyone.

A burst of brilliance flashed, and the black dragon suit appeared in the air.

"The ugly thing is in the front, since you have decided to do it with me. Then I won't be merciful. I'm dead, don't blame me!"

"You only have two choices. Leave now, or die!"

Lin Kai walked forward step by step.

Every step of his fall, there will be a kit on his body.

And with Lin Kai's steps, his aura rose step by step.

"Why is it so powerful?"

"Is this also a bonus to this set of artifacts?"

Under Lin Kai's momentum, everyone's complexion became very difficult to look.

When Lin Kai walked three feet away from everyone, those warriors present could no longer bear Lin Kai's aura, rolled his eyes and fainted directly.

Even the martial artist's legs trembled, and he knelt there with fear.

Lin Kai hadn't made a move, and 900 of the 1,000 people present had lost their combat effectiveness!

Now, only the ancient martial artist masters above the martial sage can barely stand there.

But how many points are left in their combat effectiveness?

Some masters and Wu Sheng trembling lips, regrets appeared on their faces.

They underestimated Lin Kai, they shouldn't have taken this trip to the muddy water!

They thought that Lin Kai was the pinnacle grandmaster, who knew that Lin Kai's aura was even stronger than the grandmaster.

In the distance, the wind was light and the clouds were calm, and the faces of the five great masters who watched a farce also became dignified.

"Lin Kai, is it so strong?" Liu Shadong said solemnly.

A murderous intent flashed in Lei Qiankuang's eyes, and he said coldly: "We still go together and kill him directly!"

A hesitant color flashed across Jin Chi's face: "We are all great masters. If we deal with a younger generation, we will be laughed at by the rivers and lakes!"

Lei Qiankuang was speechless and said impatiently: "He dares to kill my grandson, then I will kill him myself!"

Lin Hong's eyes were deep, and he stopped and said, "Brother Lei, let's look at it again. What exactly does Lin Kai have?"

When Lei Qiankuang heard Lin Hong's words, he really suppressed it and endured it.

Several great masters glanced at each other, and inexplicable expressions flashed in their eyes.

This Lei Qian became furious, but the six relatives didn't recognize it.

How could Lin Hong calm him down?

"..."

"I want to leave....."

At the scene, a Wu Sheng shivered a few times, then turned his head and ran outside.

He's not playing anymore!

He is the only martial sage of the family, if he dies, those hostile families will not let go of his family!

Seeing other martial sages about to move, there are many grand masters who are dodging their eyes.

Even the gazes of those few pinnacle grandmasters showed retreat!

"not good!"

Liu Huafeng's eyes flashed, and he appeared directly in front of the Martial Saint.

He looked at the martial sage and said coldly: "Fleeing before the battle, a death penalty!"

Liu Huafeng didn't give that Wu Sheng a chance to plead, and directly slapped his head with a palm.

He looked at the crowd and said coldly: "Since everyone has decided to be an enemy of Lin Kai, it is better to work together!"

"Otherwise, our five big families and Mr. Zhao will be very upset!"

Liu Huafeng's naked threat was very effective, and everyone had stopped.

It was too late for them to regret now, their eyes became crazy and tyrannical.

They have no retreat.

If they escape now, not only will they die, but their family will be implicated.

Today, they have only one way to go.

That is to kill Lin Kai!

Lin Kai still walked unhurriedly, and said lightly: "It seems that you have made your choice!"

"Fuck your mother, did you choose for Lao Tzu?"

A martial artist broke down and shouted: "Lin Kai, you are deceiving too much!"

Lin Kai first chuckled, then laughed loudly.

"It's really interesting, you first moved greed and wanted to do something to me. Now you are forced by the five big families to become an enemy of me!"

"From beginning to end, I didn't provoke you!"

"How dare I say that I deceived people too much!"

"Being a man, don't be too shameless!"

Lin Kai laughed, tears of laughter came out, and his eyes burst into sharp killing intent!

Lin Kai's aura has distorted the space around him, and most of his black dragon suits have been worn on him.

The last black dragon helmet fell towards Lin Kai's head.

The coercion of Lin Kai's whole body is just like the substance, his eyes shot out wisps of golden light, and he said coldly: "Brother, Senior Tang Shui. Don't do all of you. They will let me kill myself!"

"Yes, son!"

The eyes of the five guards were feverish, and they agreed to their great master without hesitation.

Li Fengyun and Tang Shui looked at each other, nodded slightly, and said in a deep voice: "Then be careful!"

boom!

The black dragon helmet fell, covering Lin Kai's head completely, and Lin Kai's momentum rose sharply again!

His voice became deep and majestic:

"All of you go together!"

Huo Tongtian only felt that his hairs were erected, and he shouted: "Don't let him gather his momentum! Everyone, let's go together!"

"kill!"

The top ten grandmasters, thirty grandmasters, and more than fifty martial sages, with red eyes, roared and rushed towards Lin Kai.

Lin Kai looked indifferent, and said with majesty:

"The knife is coming!"

Chapter 1855

The black dragon sword turned into a gloomy light and fell into Lin Kai's hands.

Lin Kai's aura also reached its peak, a whirlwind whirred around him, and then was smashed by the sword energy generated by his black dragon sword.

Lin Kai faced a hundred people alone, but his aura was stronger than that of a hundred people, as if he was an army.

Lin Kai looked indifferent and sang softly: "Mengshen made a knife!"

"Om"

The black dragon sword burst out with a dazzling light, and a gleam of light flashed across, as if a dream reflected in reality, like a ghost and \*\*\*\* crawling out of the nine netherlands, like moonlight descending from the sky!

unstoppable!

Everyone looked in a trance, immersed in this aesthetic knife.

But in this extremely beautiful knife, it is exactly like Jiuhan's killing intent!

All the martial sages present had lost their will to resist, and the grandmaster's eyes were in a trance, and their spirits relaxed.

They seemed to have entered a dream, with a smile at the corner of their mouths, and they fell into the dream peacefully.

"not good!"

In the field, only the pinnacle grandmaster looked shocked, showing a look of horror.

Huo Tongtian's face suddenly flushed, as if a flame was burning.

"Roar"

Huo Tongtian struggled with a loud roar, and the shaking scene buzzed.

All the masters and martial sages finally woke up from that beautiful dream.

They looked terrified, and their adrenaline soared directly to the limit.

They almost died unexplainably like this!

“Kill me!”

Huo Tongtian shouted again.

The people present no longer dared to keep it, and resorted to all sorts of unique skills to blast Lin Kai’s knife.

“boom”

It was as if two meteorites collided with each other, erupting the sound of earth-shaking thunder.

Lin Kai is on one side!

One side is a hundred ancient warriors!

The two are tit-for-tat, the tip of the needle is against the magnificence!

Lin Kai has black hair flying, holding knives in both hands, and shouting angrily: “Get me!”

One side is the black and gold knife light, and the other is the stray light of various colors.

After the two touched for a while, the stray light of various colors collapsed directly and turned into a bubble.

After the terrifying knife light smashed through the crowd’s attack, it directly blasted into the crowd.

“boom!”

It was as if a bomb was dropped in the crowd, and the violent explosion burst into the crowd.

“puff”

The nearby masters and martial sages directly exploded into blood mist without a chance to react.

The people farther away were also terrible, vomiting blood one after another, and were seriously injured.

Their bodies were covered with blood stains, and the blood flowed like a stream, converging into a small river.

All the masters and martial sages have all fallen to the ground and can’t stand up.

Only the top ten pinnacle masters still stood there with all their strength.

“Why is it so strong?”

“It’s just a trick!”

The ten great masters looked confused, and their mentality of being beaten collapsed.

However, Lin Kai looked indifferent and walked towards them with a black dragon sword in his hand.

With murderous intent in his eyes, he raised the long knife again.

“He really wants to kill us!”

All the people present, their souls are surrendered, and their faces are frightened.

Just now, Lin Kai’s attack only killed a few people, but all of them lost their combat power.

If there is another knife, then these people will have to wait to die!

Everyone was horrified to death, but only the people of the five major families did not show a look of horror, they were just a little depressed!

Frustrated, so many people joined forces, even Lin Kai alone.

What exactly is Lin Kai’s cultivation base, and why is it so powerful!

Sure enough, when Lin Kai was about to slash it down, five figures swiftly flew from the sky.

“It’s the five great masters!”

Everyone present showed enthusiasm and worship!

This is their Dinghai Shenzhen in Donghai Province, the five great masters!

The ancient martial artist is no longer a mortal when he reaches the realm of a great master.

They are already half immortals and can fly into the sky and escape!

Their longevity can even reach two hundred years, and they are true land gods!

Before the person arrived, a flash of lightning struck Lin Kai’s head.

Lin raised his eyebrows, slashed out with a knife, smashing the lightning.

“Is this the Grand Master?”

Lin Kai shook his sore wrist, slightly surprised.

As a cultivator of immortality, Lin Kai has always looked down on ancient martial artists.

The ancient warrior has a single method and can only use brute force and recklessness.

But this flash of lightning allowed Lin Kai to see the power of the great master.

All kinds of avenues come to the same destination through different routes. Ancient martial artists have cultivated to the realm of great masters. Each move can already borrow the power of the world and bring the power of attributes.

The move just now was a move Lei Qiankuang made in mid-air.

“Lin Kai, it seems that I still have to do it myself to kill you!”

In the sky, there was a humming, a black cloud quickly condensed, and electric sparks flickered in the depressed air.

The remaining four figures quickly dispersed, curling up everyone present and falling into the distance.

Tang Feng quickly flew close, protecting Tang Ying and the others as well.

Lei Qiankuang was in mid-air, with thunder flickering in his eyes, as if he looked at Lin Kai condescendingly.

Lin Kai took a deep breath, moved his body, and went up in the air as well and landed on the opposite side of Lei Qiankuang.

“Lin Kai really is a great master!”

Everyone’s eyes flashed, no surprises!

No matter how strong the pinnacle master is, it is impossible to defeat nearly a hundred people with one move.

Liu Shadong’s eyes flashed, and he whispered: “It’s not quite right. The way he flies is different from ours.”

Jin Chi nodded and said faintly: “We are inspiring our internal energy and forcibly staying in the air. But Lin Kai, it seems like a bird, belongs to the sky, and there is no trace of using internal energy.”

The great masters nodded slightly, but did not care.

Some ancient warriors with extraordinary talents and special physiques can even fly in the master realm.

For example, one of Lin Kai’s guards has such a special ability.

Lei Qiankuang’s eyes full of thunder became red with blood, and his expression was extremely furious and tyrannical, staring at Lin Kai firmly.

Above him, a group of dark clouds kept converging, and lightning bolts were like whips, slamming the void at will.

“This old guy is really moving!”

Several great masters looked awe-inspiring, they hadn’t seen Lei Qian go crazy for a long time.

“Lin Kai, you killed my grandson. Do you regret it now?”

Lei Qiankuang, like the \*\*\*\* of thunder in the sky, stood in the violent thunder and looked at Lin Kai majestically.

“This is the Grand Master!”

Everyone seemed to be facing a natural disaster, and they couldn’t raise their heads in the face of Lei Qiankuang.

Wearing a black dragon suit, Lin Kai said faintly: “Just kill a few stray pieces, what regrets do you have?”

“you wanna die!”

Lei Qiankuang’s beard and beard were flared, thunder burst out from his body, and he slapped Lin Kai with a palm.

Rumbling.

In the sky, muffled thunder exploded!

A dazzling lightning burst out of the dark clouds, and a series of thunders rushed towards Lin Kai like a violent storm with Lei Qiankang's violent palm!

Crackling!

In just an instant, Lin Kai's figure was completely submerged in the thunder!

Chapter 1856

There was a dazzling light in the sky, as if it had become the world of thunder.

"Now, Lin Kai should be dead, right?"

There was a wisp of blood at the corner of Lin Yun's mouth, and several wounds cut out by sword energy on his body.

His eyes were irritated by the thunder with tears, and he still refused to lower his head.

Lin Yun wanted to see Lin Kai's body turned to ashes under the thunder!

However, a blade of light suddenly appeared.

It was like a dawn that pierced the darkness, the sky full of thunder was instantly divided into two halves by that huge knife light, and the remaining power remained undiminished, slashing towards Lei Qiankuang!

Lei Qiankang's face was gloomy, and he punched again, extinguishing the blade.

Lei Qiankang has no weapons, and his best is to use his hands and feet.

Lei Qiankang's figure moved and turned into a flash of lightning and rushed over.

His figure is like lightning, and the wisps of lightning are everywhere, and the thunder and lightning are flying in the sky, like a thunder snake.

Spurring, the surrounding space seemed to be split by the thunder.

Lin Kai only felt that the movement of the spiritual power around his body was beginning to be difficult, and the lightning transmitted through the protection of the spiritual power to invade.

His whole body was sore and numb, and there were wisps of lightning in his hair.

However, Lin Kai was not in a hurry, the golden pill in his dantian burst into light instantly, and his body was surrounded by a stream of air, and the surging spiritual energy rolled out, directly dispelling the thunder and lightning.

At this time, Lei Qiankuang's punch also blasted over.

"Good job!"

Lin Kai's eyes burst out with a strong fighting spirit, and he slashed the past.

boom!

The surrounding air in the sky seemed to be torn apart, and once again burst out a dazzling light.

The figures of the two of them stood still for a moment, and they shot backwards one after another.

“Come again!”

The two of them seemed like two \*\*\*\* of light, chasing and colliding in the sky, making waves of earth-shattering noises.

All the masters on the ground were dazzled, completely unable to distinguish the two figures.

There are only a few great masters, with golden light in their eyes, chasing after the two figures.

“Old Lei has fallen into the wind!”

Liu Shadong exclaimed, with a look of shock on his face.

Several great masters nodded their heads.

They found that as the two played against each other, Lei Qiankang’s momentum became weaker and weaker, and some of his physical strength became weak.

But Lin Kai waved higher than the waves, and he was so powerful that he didn’t mean to be tired at all.

“Although Lao Lei has cultivated the internal strength of thunder attribute, he is good at bursting. But he has nearly a hundred years of internal strength, and he is not as good as this kid Lin Kai!”

The Emperor Huo was surprised, his face a little ugly.

He is also good at outbursts, and his inner strength is no different from Lei Qiankuang.

Lei Qiankang is currently weak, and if he can’t take Lin Kai in a short time, he will also fall into Lei Qiankang’s current predicament.

Lei Qiankuang naturally noticed the problems that several great masters could think of.

Moreover, he could more clearly sense the endless flow of internal energy in Lin Kai’s body, as if it were endless.

Lei Qiankang was shocked and thunder broke out, and Lin Kaizhen flew out.

“Huh, huh...”

Lei Qiankang’s chest was up and down, and Dou Da’s sweat hadn’t flowed down before he was beaten to ashes by the thunder.

Lin Kai waved his long sword, his expression still calm, his breath still calm!

“hateful!”

Lei Qiankang’s face was ugly, and he had to admit that if he continued to fight, he would fail!

Thinking of this, Lei Qiankuang's face was a little weird, even more unacceptable than the killing of his grandson!

"Lin Kai, take my trick!"

There was a crazy look on Lei Qiankuang's face, and Lei Qiankuang made a gurgling sound from all his internal energy.

They are like rushing rivers, all flowing to the palms of Lei Qiankuang.

The dark clouds in the sky and lightning also collapsed toward Lei Qiankuang's palms.

"Lao Lei is desperate!"

The four great masters looked heavy, and Lin Kai never expected Lin Kai to push him to this point.

"Lin Kai will die as soon as Lao Lei uses this trick!"

Jin Chi's face showed strong self-confidence, even if they were to follow this move, they would be seriously injured and dying!

Lin Kai's face was also very solemn, and he could feel that Lei Qiankuang was a desperate move.

The entire sky seemed to collapse towards Lei Qiankuang's hands.

The bright sky became dark, and only Lei Qiankuang's hands shone with dazzling silver light.

Lin Kai took a deep breath, with endless golden light all over her body.

"Huntian Jue!"

The endless aura quickly gathered and condensed into a big golden hand.

The big hand was shining with golden light, like swatting a fly, slapped towards Lei Qiankuang.

"dead!"

Lei Qiankuang's eyes burst with dazzling tears, and he withdrew his hands.

A silver thunderball condensed to the extreme flew towards Lin Kai in panic.

Lei Qiankuang's face was white like gold paper, unable to protect himself from the sky, and fell directly to the ground.

However, his eyes were still staring at Lin Kai, his eyes flashing with delight.

This is his strongest move, and once this move is used, he has completely lost his combat effectiveness.

From this you can also see that this is a trick he did his best to you!

The silver thunderball instantly landed on the big golden hand and exploded suddenly, and the big golden hand trembled directly, shattering into flying mist in the sky.

Instead, the silver thunder ball took advantage of the trend, followed the golden hand, and directly blasted Lin Kai's chest.

Crackling!

Lin Kai was shocked, the black dragon sword in his hand was no longer able to hold, and he fell into the void.

And his body also became stiff and smashed to the ground.

“Lin Kai!”

Tang Ying turned pale and rushed over.

“do not go!”

Tang Feng’s expression changed and he held down Tang Ying.

Now, Lin Kai’s body is full of thunder and lightning, even if it is touched by Grandmaster Pinnacle, it will be electrocuted to fly ash.

“drink!”

The golden light broke out again on Lin Kai, and his whole body surged, sending all the thunder light out.

His body twisted obliquely and stood in mid-air again.

“This is impossible!”

Lei Qiankuang’s eyes protruded and a mouthful of blood spurted out. This move did not kill Lin Kai, he was not reconciled!

“Good job!”

Tang Ying smiled sincerely.

Tang Feng also smiled slightly, just about to speak, suddenly his face changed drastically.

He shouted angrily: “Asshole!”

His body exploded with a powerful aura and shot directly into the air.

In addition to Tang Feng, before him, from three directions, three rays of light exploded with tragic murderous intent, and rushed to Lin Kai fiercely!

“It’s Lin Hong!”

The other three great masters were taken aback, and Lin Hong, who had been silent all the time, chose to attack at this time!

In addition to Lin Hong, there were actually two great masters hiding in the dark in the other two directions.

When Lin Kai’s whole body was turbulent and spiritually unstable, they slaughtered Lin Kai in a tacit understanding!

“Where do so many great masters come from!”

The three great masters looked furious, and the great masters from other places entered Donghai Province without saying hello to them.

Now, it is a direct attack!

The three great masters are like three meteors, carrying a ruthless momentum, and they are bound to kill Lin Kai directly!

Chapter 1857

Tang Ying's face was pale, with a look of despair on her face.

This was a sneak attack by the three great masters. How did Lin Kai hide? How could he hide?

Tang Feng also showed anxious expression, he could not catch up!

As long as Lin Kai can resist for one second, he can catch up instantly and save Lin Kai's life.

However, the three great masters were not only sneak attacks, but also used their own unique skills, how could Lin Kai sustain this second?

"Okay, kill him!"

Lei Qian Kang looked ecstatic and looked at Lin Kai with bitter eyes.

He now understands that it is impossible for him to kill Lin Kai.

Continuing to fight, he might be killed by Lin Kai instead.

This made Lei Qian Kang's heart scared, and all thoughts were lost!

Now that the three great masters are shooting at the same time, it is impossible for any great master to survive from them!

Lin Kai looked at the three rays of light that hit, and his eyes narrowed.

These three great masters were expressionless, only cold murderous intent overflowed from their eyes.

"Hehe, three great masters. You really see me!"

"But, want to kill me. It's not that easy!"

Lin Xinxing moved, and a jade talisman appeared in front of him.

Hearing a hum, a huge protective shield appeared around his body.

It is the five-element talisman that Lin Kai has worked so hard to refine!

"What is this?"

The three great masters were slightly surprised, but they didn't think that a protective shield could stop the three great masters from joining forces!

They didn't stop, but their speed suddenly increased, and they instantly appeared around Lin Kai.

“Die!”

Three rays of light instantly hit Lin Kai, only hearing a bang, the three bright rays of light directly hit the huge protective shield.

‘Om’

The protective cover shook violently. Only for a moment, I heard the sound of ‘click, click’, and the protective cover exploded to pieces.

The three rays of light continued to shoot towards Lin Kai without any pause.

The three great masters sneered triumphantly.

If it was a great master, it might be able to resist for a while, but when the three great masters took action together, this protective shield was smashed to pieces after less than a moment of persistence.

However, before their smiles spread, they heard a hum, and a protective cover took shape, blocking the three rays of light.

Not only that, Lin Kai gritted his teeth, the spiritual power in his body surged out, directly into the Five Elements Talisman.

The Five Elements Talisman burst into bright white light, and one after another protective shield appeared around his body.

His figure completely disappeared in the layers of protective shields.

Those three rays of light penetrated the more than ten layers of protective shields, they lost their power, and were completely annihilated in the void.

The three great masters stood around Lin Kai, looking at the hundreds of layers of protective shields, their mouths opened wide in shock.

“Is this a tortoise?”

There was a trace of weakness in the hearts of the three great masters.

This was a once-in-a-lifetime opportunity to kill Lin Kai, but he didn’t expect Lin Kai to have a second hand.

“Everyone, why don’t you take it?”

Lin Kaishi stood in the air with a calm expression.

However, his heart was dripping blood.

This time, he urged the Five Elements Talisman with all his strength, and its inner spiritual formation had been destroyed. After this time, the Five Elements Talisman could no longer be used and became a piece of waste paper.

Thinking of this, Lin Kai’s calm eyes showed a trace of anger, looking at these three great masters.

“Unforgivable!”

Lin Kai looked at Lin Hong and asked faintly: "Uncle Lin, we have been a family for a hundred years. Is that how you treat your relatives?"

Rao is very calm, and Lin Hong can't help but feel embarrassed now.

Lin Hong said solemnly: "Good nephew, you are so good. It makes me feel like a thorny back."

Lin Hong faintly explained: "With such an outstanding you are alive, our two Lins cannot be merged. Everything is for the Lins!"

Lin Kai sneered and said, "Is it preventing you from annexing the Lin Family of Jiangbei?"

Lin Hong smiled slightly, noncommittal, as if he had admitted.

Lin Kai turned his eyes and looked at a black figure shrouded in darkness.

This dark shadow was surrounded by dense black smoke, and could not penetrate it with Lin Kai's eyesight.

Lin Kai's eyes narrowed, a golden light flashed, and the pupil technique 'golden pupil' was activated.

His gaze seemed to be fiery eyes, directly penetrating the thick black smoke, and saw the figure shrouded in the black smoke.

This is an old man with an extremely pale face, like a dead man.

His body is very rickety, with only one eye, with a gloomy gaze, looking at Lin Kai indifferently.

Lin Kai looked at the old man's eyes and said lightly: "You are Heisha, I didn't expect you to have come to Donghai Province."

The other great masters suddenly realized that this black shadow was the black evil in the shadow gate.

Hei Sha looked at Lin Kai with one eye, and a gloomy voice sounded: "Can you see through my Hei Sha?"

At this time, Tang Feng also flew to Lin Kai's side.

Tang Feng looked at Hei Sha and snorted coldly: "Hei Sha, aren't you here to trouble our Tang family? Why attack Lin Kai?"

Hei Sha said coldly: "The master has ordered that the Tang family is to be destroyed, and Lin Kai must die too!"

Lin Kai sneered: "Really a good dog!"

Lin Kai turned his eyes again and looked at the last great master.

This is also an old man, unremarkable in appearance, just like an old man guarding the door.

However, when he first shot, his methods were so fierce that he even surpassed the other two.

A trace of doubt appeared in Lin Kai's eyes, and he asked faintly: "Who are you and why are you killing me?"

The old man was slightly silent, pointing to the tragic people below who were cut by Lin Kai, and righteously said: "The old man is nameless. Just to eliminate demons and defend the way, the old man can't understand that you kill people like numb, before you have to kill Get rid of you demon!"

Lin Kai sneered, don't say Lin Kai didn't believe this sentence, none of the few great masters below believed it.

However, the elder didn't say anything, Lin Kai couldn't help it.

"It seems that several of you want my life. Then don't you still want to take action?" Lin Kai asked lightly.

The three great masters in front of him surrounded Lin Kai, silent.

If they could do it, they would have done it a long time ago.

This layer of protective cover, when will they be able to break it.

More importantly, after breaking these protective covers, will new protective covers be formed.

However, they were very unwilling to let them leave like this.

At this moment, the three great masters on the ground looked at each other and flew up.

Jin Chi said solemnly: "Everyone, the underground martial arts conference is held for you to resolve the contradictions of all parties."

"Since you have to divide life and death, why not go to the high platform and have a battle."

Jin Chi emphasized: "Our Donghai Province is still a place where rules are kept, everyone, please give us a face!"

## Chapter 1858

The Emperor of Fire and Liu Shadong lined up on both sides, looked at the crowd, and expressed their attitude.

Lin Hong pondered slightly, then nodded and said, "Good!"

The old man named Wuming nodded slightly and agreed.

Heisha's face was unhappy, but he was so weak that he had no choice but to nod his head in agreement.

The expressions of Jin Chi and the others eased. It seems that although these great masters took action without authorization, they still gave them some face!

Everyone looked at Lin Kai, and the emperor of the fire said lightly: "Boy, don't you give face?"

Lin Kai laughed loudly, leaning forward and backward, laughing Jin Chi and other great masters looked hard to look.

Lin Kai sneered and scolded, "What are you guys, why should I give me face?"

"Just now these ancient warriors, when they besieged me, did you give me face and prevent them from taking action?"

“Now, where does the face let me give you face?”

Several people looked ugly, but they couldn't refute Lin Kai's words.

Just now, everyone just regarded Lin Kai as a relatively strong junior, and viewed him being besieged with a mentality of watching a show.

Now, Lin Kai is qualified to sit on an equal footing with them, and more importantly, this layer of tortoise shell is difficult to break, and the three great masters together did not even kill Lin Kai.

If the stalemate continues, they will lose the face of Donghai Province, which is unacceptable to these great masters.

Seeing that the stalemate came down, Lin Kai suddenly smiled and said:

“However, I am also a member of Donghai Province. My elder, Uncle Tang will also develop in Donghai Province, so I will give him face. Let's go to Gaotai to resolve disputes!”

With a change of expression, Tang Feng nodded slightly to Lin Kai, accepting Lin Kai's kindness.

As soon as Lin Kai took away his spiritual power, the protective cover around his body was closed.

The five-element talisman flashed in Lin Kai's hand a few times before it collapsed and dissipated into the void.

“Is the power of this spell just now?”

Everyone changed their expressions and looked at the golden powder all over the sky, revealing a pity.

The three great masters such as Lin Hong showed a look of eagerness again.

Tang Feng's expression changed, and he stood beside Lin Kai.

Lin Kai stood proudly in the void, sneered without fear.

A look of anger appeared on Jin Chi's face, and he said in a deep voice, “Everyone, don't go too far, are you going to fight my Donghai Province?”

Lin Hong smiled slightly and gave up the idea of assaulting Lin Kai.

Now, Tang Feng is by Lin Kai's side, plus the three neutral Grand Masters, and if they force their shots, I am afraid they will really make these three Grand Masters angry and help Lin Kai reflexively.

Lin Kai and Tang Feng moved and fell to the ground.

“Lin Kai, are you okay?”

“My son, are you okay?”

As soon as they landed, Tang Ying and Qian Lian'er rushed over, looking at Lin Kai with concern.

Tang Feng blew his beard and stared, pretending to be angry and said, “Smelly girl, this is the second time. You have not gotten better with others, so you turned your elbow out!”

Tang Yingqiao blushed and said angrily: “Uncle, what are you talking about!”

Lin Kai said solemnly: "Let's go, go to the high platform!"

Everyone nodded and entered the square under the leadership of Lin Kai and Tang Feng.

Qian Lian'er hid behind Lin Kai and looked at this legendary square curiously.

She had no idea how many times she heard her father mentioned this huge square.

There are also those two huge high platforms, where everyone resolves their contradictions.

Qian Lian'er's eyes turned slightly and looked towards the high platform. Suddenly her body stopped, as if she had seen something.

As if she didn't believe her eyes, she rubbed her eyes and looked at the high platform again.

She finally confirmed that there were wooden stakes erected on the high platform with people tied to them. It was her father and her people!

Qian Lian'er's face turned pale, and she cried sadly, "Father!"

She went crazy and ran to the high platform.

Lin Kai's complexion was gloomy, and the late hair came first, and flew up to the high platform with Qian Lian'er's waist.

Lin Kai flicked his fingers repeatedly, breaking the rope one by one, and then supported them with aura and landed on the high platform.

Qian Lian'er rushed over and hugged Qian Ming.

She looked at Qian Ming tremblingly. Qian Ming's eyes were wide, but they had lost their luster.

On his forehead, there is a blood hole, the blood has been drained.

"father!"

Qian Lian'er threw himself on Qian Ming's body and burst into tears.

Lin Kai's face was ugly, and his heart was extremely angry.

At this time, Lei Qiankuang also recovered. He looked at Lin Kai's gloomy expression and Qian Lian'er cried loudly, finally showing a sneer.

Lin Kai suddenly turned his head, cold and murderous in his eyes, said coldly: "The wrongdoer, the debtor. I didn't expect that the grand master would do this!"

Lei Qiankuang sneered and said, "Do you still want to teach me how to do things, old man?"

Lin Kai said unabashedly, "I will kill you!"

Lei Qiankuang sneered, although he could not beat Lin Kai.

But Lin Kai wanted to kill him, but it was also a daydream!

"Ding, kill Lei Qiankuang and take revenge for the maid Qian Lian'er. Random rewards!"

The long-lost system sounded, but Lin Kai didn't care.

No matter whether there is a mission or not, a villain like Lei Qiankuang will die!

Lin Kai turned around and said softly: "Lian'er, take your father down. Don't worry, I will avenge you."

Qian Lian'er looked at Lin Kai whimpering with tears, and said softly, "Master, I believe you."

Tang Ying sighed and ordered his subordinates to carry the bodies of the others in the Qian family.

She also helped Qian Lian'er walk down the platform.

At this time, the crowd slowly gathered in the square.

However, all of them looked at Lin Kai's eyes, full of fear.

They had been cast a shadow by Lin Kai's trick, and they did not dare to face Lin Kai squarely.

Standing on the high platform, Jin Chi said loudly: "The underground martial arts convention, go ahead. Let's start everyone!"

Everyone looked at each other, they were all lost in Lin Kai's beating, and they were still in the mood to take the stage.

Lin Kai moved into the ring and flew into the ring.

He looked at the many great masters, and said solemnly: "Since no one is on stage, then I will take the lead first."

Lin Kai looked at Lei Qiankang and shouted coldly, "Lei Qiankang, come and die!"

Lei Qiankang looked angry, but did not move.

Lin Kai looked at Lei Qiankang and sneered, "Why, you dare not come on stage, are you?"

Lin Kai looked at the three great masters who had attacked him coldly, and said coldly, "Which one of you will fight!"

The three great masters were silent, ignoring Lin Kai's clamor.

Lin Kai laughed loudly: "Four great masters, I didn't expect to face my younger generation, they would act as a tortoise with their heads down. It's so sad!"

Everyone in the audience also sighed, don't these great masters think they are not Lin Kai's opponents?

Lin Kai solemnly shouted, "If that's the case, how about your two great masters?"

Everyone looked up in surprise, what did Lin Kai mean?

Lin Kai sneered and said, "If one person dare not fight with me, then two people will come. I'm Lin Kai, kill you like a chicken!"

Chapter 1859

"What, Lin Kai is going to fight the two great masters?" Everyone looked at Lin Kai in surprise.

“Hmph, young age! I don’t know what to say!” Someone said sourly.

For the same young people, why is the gap so big?

The many great masters in the audience were also a little uncomfortable.

Let a young man shout on stage, but they still dare not come on stage.

Tang Feng was a little worried, and the two great masters were not so easy to deal with together.

His technique is good at defense, and he can’t hold it in the face of two great masters teaming up!

With Lin Kai’s performance just now, it is not that simple to deal with two great masters at the same time.

The Great Master named Wuming flashed his eyes, flew directly onto the stage, and said faintly: “Then let the old man ask your clever tricks.”

Lin Kai looked surprised and said: “I am really more and more curious about your identity now. You and I have never been masked, and you want to kill me more than anyone else.”

Anonymous Xiaorou said without a smile: “I’m just a righteous man. For the sake of the world, I have to eliminate demons and defend Dao.”

Lin Kai looked impatient, and listened lazily to this old guy, and shouted coldly: “Then do it, life or death!”

Wuming took a step back and said loudly: “Wait a minute!”

“Huh?” Lin opened his eyebrows.

Wuming looked at Lei Qiankuang and said lightly: “This demon is very powerful, how about you and I jointly deal with him?”

“Joining hands?”

Lei Qiankuang only hesitated for a moment, then flew onto the stage, and said in a deep voice, “Then you and I, then you will kill the demons and defend the way!”

Lin Kai clutched his chest and said with a pale face: “Have you already launched an attack? Why do I want to vomit so much?”

“Haha...”

The nervous ancient warrior in the audience couldn’t help laughing.

Then, under the glaring of everyone in the Lei family, he changed his face in a sorrowful manner and shrank his head.

“Stop talking nonsense, do it!”

Lei Qiankang’s face became cold, and thunder and lightning burst all over his body.

He pulled up directly, his body ejected like a spring, his right leg lifted, and he volleyed towards Lin Kai's head.

boom!

The surrounding air seemed to be exploded by the whip leg of this blow, and there was a sharp whistling sound.

The nameless gaze flashed, not advancing and retreating, and fell directly on the edge of the high platform.

At the same time, several shadows stretched under his feet, like a poisonous snake, shooting in the direction of Lin Kai.

Lin Kaifen refused to give up, holding the Black Dragon Sabre, and slashed over.

However, as soon as Lin Kai raised his hand, he saw several black shadows directly attacking from the ground, and instantly wrapped around Lin Kai's body.

Lin Kai was taken aback, as if his body was entangled with a real rope.

"Drive me!"

A burst of golden light broke out in Lin Kai's body, which directly shattered the shadow, avoiding Lei Qiankang's thunder and lightning legs at the moment of his death.

"it is good!"

Lei Qiankang was not discouraged, but was shocked.

If he fights Lin Kai himself, Lin Kai has many ways to deal with this trick.

However, now Lin Kai can only dodge in embarrassment.

Lei Qiankuang's body was like a twist. With a twist, the whip leg turned into an electric light poisonous dragon drill, piercing directly at Lin Kai's heart.

At the same time, those few shadows flared their teeth and claws on the ground, like poisonous snakes, violently shooting towards Lin Kai.

In an instant, Lin Kai was forced into a crisis of life and death.

"So strong!"

Everyone was dazzled, and their hearts couldn't help but pick up.

Even the great masters looked very solemn.

These two people really cooperated too tacitly!

No, it should be said that this nameless martial arts is really suitable to assist.

He and any great master can easily kill another great master.

The great masters present, think that they will be seriously injured if they die together with this move!

However, Lin Kai had no joy or sorrow, and his expression was indifferent.

He mobilized his spiritual power, the golden core in his body turned round and round, bursting out endless golden light.

The rich golden light directly enveloped Lin Kai's body, and there was a feeling of inviolability.

The shadows just touched the golden light, as if they had encountered a natural enemy, they retracted directly.

However, those golden lights followed, extended away, and the burning shadows creaked.

Wuming's face changed drastically, and the shadow was cut directly by gritting his teeth.

The shadow was cut off, as if it was a gecko docking its tail, twisted several times on the ground, and then turned to ashes.

Wuming's face flushed, he vomited a mouthful of blood, and turned pale.

He looked up at the shining golden Lin Kai, with a trace of fear on his face.

"What is this golden light, is it the talent he obtained after the great master?"

Many great masters squinted their eyes with solemn expressions.

The ancient martial artist began to cultivate from the martial artist, until the master level, they only cultivated the physical body.

However, after being promoted to Grand Master, the mysterious talent will be awakened in the dark.

For example, Lei Qiankuang's thunder attribute talent.

Unknown shadow talent.

From the beginning of the battle, everyone has not discovered Lin Kai's awakening talent.

Could this rich golden light be Lin Kai's awakening talent?

Tianshi Huang's eyes seemed to be a whirlpool, looking at the rich golden light.

He couldn't help but shed tears, his expression was inexplicably moved, and he murmured: "This is the way of heaven I pursue."

After Lin Kai repulsed Wuming, a murderous intent appeared in his eyes, and he shot Lei Qiankuang instantly.

Lei Qiankuang snorted coldly. He admitted that it was not as long as Lin Kai's fight, but he was never afraid of anyone with explosive power.

When Lin Kai exploded, the golden core in his body also released a mysterious aura.

After being promoted to the Golden Core Realm, the cultivator will also awaken.

But it is not the gift of awakening, but the awakening of supernatural powers.

It is a supernatural power that is truly directly connected to the Dao of Heaven, comprehended from the Dao of Heaven.

And when Lin Kai was promoted to the Golden Core Realm, the magical power he comprehended was...

The space around Lin Kai suddenly wrinkled like a rag.

He stepped out in one step, as if shrinking into an inch, and appeared directly above Lei Qiankuang.

Lin Kai's palm seemed to be the palm of a \*\*\*\* of death, and he grabbed Lei Qiankuang directly.

Lei Qiankuang only felt infinite horror and a sense of crisis rising, his face changed drastically, his whole body strength surged, and his figure burst away.

Lei Qiankuang's body was like a thunder and lightning, directly exploding and withdrawing dozens of meters away.

"It's okay!"

Lei Qiankuang let out a sigh of relief, and he survived under Lin Kai's hands.

At that moment, he thought he was really going to die.

Strange, why can't I hear other people's voices.

Lei Qiankuang looked up suspiciously, only to feel that he was isolated from this world.

He could only see everyone looking at him with horror, their mouths closed, but there was no sound.

One of them pointed his finger at his chest in horror.

Lei Qiankuang looked down with a puzzled look, and saw that there was a big hole in his chest, and his heart was gone!

Lei Qian looked at Lin Kai in a daze.

Lin Kai looked at him indifferently, still holding a bright red heart in his hand, it was still beating...

Chapter 1860

At this time, Lei Qiankuang felt a surge of pain like a wave of pain coming from his chest.

"why me....."

Lei Qiankuang's expression was unwilling, his eyes widened, and his eyes widened!

Lei Qiankuang is dead!

Everyone looked at Lei Qiankuang's body in shock, and was speechless for a long time.

Donghae Province hasn't died for many years.

The first great master to die, turned out to be a veteran powerhouse, Lei Qiankuang!

Wuming saw Lei Qiankuang die, his expression changed, and he flew directly out of the ring.

The Emperor of Fire looked at Lei Qiankuang's body with a trace of sadness on his face.

The relationship between him and Lei Qiankuang is very good. He didn't expect his old friend to die today.

The fire emperor's already red face became even more flushed.

He looked at Lin Kai angrily and said angrily: "Lin Kai, do you know what you did? Why did you kill him!"

Lin Kai looked at the Emperor Huo indifferently, and said coldly: "His life is life. Isn't the people who died innocently in his hands dead?"

The fire emperor said angrily: "Why do those ants compare with the Great Master!"

The expressions of everyone in the audience changed. The Emperor of Fire regarded them as ants, but it was a pity that they dared not speak, so they could only bow their heads.

Lin Kai's expression became more and more indifferent, and he said coldly: "To me, Lei Qiankuang is just an ant."

Lin Kai looked at him coldly and scolded: "Stop talking nonsense, let's fight if you refuse to accept it!"

"You lunatic!"

The Emperor Huo was furious, but he was very jealous of Lin Kai.

Just now Lin Kai appeared above Lei Qiankuang instantly from in front of him. He didn't want to understand what method Lin Kai used.

Lin Hong stood up, looked at Lin Kai solemnly, and said: "Nephew Lin Xian, you actually awakened the spatial talent?"

"Just now, your sudden flash is an use of space."

Lin Kai said coldly: "Lin Hong, you don't think I call you Uncle Lin, you think it is something. Since you attacked me, we have been enemies!"

Lin Hong was not irritated, and said with a light smile: "The world is bustling, and it is all for profit. Why bother to play a child's temper?"

Lin Kai turned to look at Wuming who was hiding in the corner, and said coldly: "The battle is not over, why did you run away?"

Wuming Tanshou said helplessly: "You demon is so capable. The old man can't beat you, he can only make you arrogant!"

Lin Kai's forehead bounced with blue veins, and when Wuming was on guard, he couldn't catch up with Wuming at all.

Lin opened his eyes and looked at Hei Sha and said, "Hei Sha, can you dare to fight?"

Everyone looked at Hei Sha, waiting for his expression.

Hei Sha was silent, and Jie Jie laughed: "Hall Master Lin, do you think you will eat me if you kill Lei Qiankuang?"

“Don’t treat me like Lei Qiankuang’s rubbish, otherwise, you will suffer a big loss!”

Lin Kai smiled and said, “Hei Sha’s name is still like a thunderous ear.”

“Five years ago, the two great masters jointly attacked and wanted to kill you. But they didn’t expect both to be killed by you.” Lin Kai said solemnly.

Hei Sha looked at Lin Kai in surprise, and said, “If that’s the case, would you still dare to challenge me?”

Lin Kai’s expression was indifferent, and he said lightly: “If I don’t challenge you, won’t you kill me?”

Hei Sha smiled again ‘Jie Jie’, “That’s true too.”

Hei Sha moved slightly, and a black air appeared under his feet, supporting his body and flying onto the high platform.

Lin Kai was amazed, Hei Sha looked more like a cultivator than he was in this way of flying through the clouds.

Lin Kai knew that this black mist was a kind of evil spirit cultivated by the black evil spirit.

It can not only defend itself, but also kill the enemy.

Wuming saw Hei Sha come on stage, his expression changed, and he flew up again.

He chuckled and said, “Hei Sha, how are we working together. Let’s kill the demons and defend Dao!”

Lin Kai and many great masters looked at this person speechlessly.

Where did this person pop out from, and why didn’t he have the dignity of a great master?

I gave up just now, and now seeing Hei Sha come on stage, he licked his face and flew up again.

Hei Sha was also a little speechless. He looked at Wuming indifferently, and said coldly: “I am a demon! Are you trying to get rid of me?”

Wuminggan smiled and said, “Are you talking about laughing?”

Hei Sha said seriously: “I didn’t joking. After I was promoted to Grand Master, I awakened the Hei Sha talent.”

“In order to cultivate the black evil talent, I washed a city with blood, and more than 100,000 people died in my hands overnight.”

“You said, I am not a demon, who is a demon?”

Wuming said in shock: “This is impossible. If you dare to do such a thing. Shadow Gate can’t protect you. Jiulong Mountain will kill you!”

Hei Sha ‘Jie Jie’ smiled and said, “Of course he is abroad.”

Wuminggan smiled and said, “Foreigners are all demon. You are walking the way for the sky.”

Hei Sha was speechless and coldly shouted, “Go down, I don’t need you to get in the way. Otherwise, I will kill you!”

When Wuming heard this, with a 'swish', he withdrew from the ring.

Hei Sha turned his head to look at Lin Kai, 'Jie Jie' smiled and said, "No one is bothering now, let's start."

After Heisha finished speaking, the black mist that enveloped him exploded with a 'teng'.

Thick smoke billowed directly across the ring, completely submerging the two people behind the black fog.

At this time, everyone was dumbfounded.

The black mist is so dense that you can't see anything at all.

How does this make them watch this battle?

Liu Shadong's eyes flashed brightly, looking at the black mist.

He shook his head and said solemnly: "I can't see through!"

Jin Chi murmured: "Can't even you see through?"

Since they couldn't see through, everyone could only wait anxiously for the victory or defeat.

In the outside world, everyone can only feel the black mist rolling, and they can't feel any abnormalities outside of it.

But Lin Kai, who was inside, felt a huge horror.

In the fog, countless hideous faces appeared, and they were howling miserably, sinking and struggling constantly in the black fog.

In this black mist, it seems that the door of \*\*\*\* has been opened, releasing thousands of evil spirits and ghosts.

"Is this the talent that Hei Sha destroyed a city and refined it?"

Lin Kai's face was blue, and the scene before him could only be seen in hell.

"Is this still an ancient warrior? The legendary cultivator is nothing more than that."

Lin Xinli was furious, but he was still a little astonishing as he exclaimed.

An ancient martial artist, after awakening his talent, actually cultivated the means of a demon cultivator.

Those howling faces found Lin Kai and felt the vitality inside him.

"It's a living..."

"Why is he still alive, why is he still alive..."

"I'm going to eat him, I'm going to eat him!"

The endless evil spirits howled, like a torrent, poured into Lin Kai's body.

Lin Kai showed a look of compassion and compassion, and said with pity:

“You have been suffering for too long, so let me send you to superseding.”
