

Special Forces 1861

Chapter 1861

Lin Kai felt a bright red, terrifying and hideous face in front of him, and slaughtered him, wrapped around him, going into his body and into his brain.

The black dragon suit defense is very powerful, but facing these resentful souls, it seems to have lost its effect.

The Wraith directly penetrates the suit and directly enters his body.

The head is painful like being pierced by a needle;

The body, like being bitten by thousands of ants, is painful and itchy.

Lin Kai snorted, full of golden light, and directly ejected all the resentful souls.

Even, the golden light bloomed violently, directly pulsing the grievances attached to his body into powder.

However, the souls are endless, and they directly pounced on the aura of the protective body around his body to bite.

Even if it is broken, even if it is unable to shake the golden light, it is completely undaunted to die.

“Jiejie, Lin Kai. I admit that the golden light of your body protector has some ways, but the black evil spirit who wants to deal with me is still a little tender.”

“Don’t you have that kind of charm, why didn’t you release it?”

“If you still have that kind of charm, the old man will spare your life.”

“With such a thick tortoise shell, even an old man can’t help it.”

“But how long your golden light can last, I don’t believe that your inner strength is endless!”

“When your internal strength is exhausted, it will be the time for my black evil to be full!”

Suddenly, from all directions, there was a vicious voice of Hei Sha from nowhere.

Lin Kai frowned and shouted coldly: “Long words, so much nonsense!”

Hei Sha stagnated slightly, and the resentment surged toward Lin Kai even more violently.

Lin Kai stared at the infinite resentment, and his figure flickered quickly.

He wanted to find the body of Heisha and beheaded directly, and these grievances would naturally dissipate.

Seeing Lin Kai’s rapidly flashing body, Hei Sha was also secretly surprised.

Lin Kai’s speed was too fast, and there seemed to be no distance in the space in front of Lin Kai, and it could appear in any corner of the black evil mist with a light flash.

In fact, he didn't know that this was the magical power that Lin Kai had mastered.

After cultivating this supernatural power to Dacheng, any corner of the earth can be reached within a single thought.

Suddenly, Lin Kai stopped and frowned.

Hei Sha 'Jie Jie' smiled and said, "Can't you find me, do you find Hei Sha can't be found?"

"Tell you the truth, Heisha is a world of its own, I'm everywhere!"

Lin opened his eyes full of golden light and activated the technique of 'Golden Eye'.

The entire black evil space was clear in his eyes, with a panoramic view.

Lin Kai frowned, and this black evil wasn't a boast.

This black mist turned into a formation by itself, blinding the eyes of the ancient warriors who entered it.

Let the opponent die to be unable to get out of this space.

Of course, with Lin Kai's ability, it is very simple to go out.

However, if he goes out, then he is equivalent to surrendering.

If Lin Kai wanted to kill the demon Heisha, he would never give up easily.

Lin Kai can now be regarded as discovering that the black evil spirit itself is not powerful, and there is no powerful means of attack.

All his abilities are pinned in this black mist.

The characteristics of the black mist allow the black evil spirit to absorb his grievances after killing a person, forming a grieving soul for him to use.

In other words, the more people Black Sha killed, the stronger his ability.

Lin Kai couldn't find Heisha, and stood there, thinking.

Hei Sha saw that Lin Kai did not move, let alone anxious.

He unhurriedly manipulated the resentful soul and continuously culled Xiang Lin Kai.

What Hei Sha has to do is to wait for Lin Kai's internal energy to run out and Lin Kai to death!

Lin Kai kept releasing all the methods he had learned.

"Mengshen's knife!"

"Huntian Jue!"

"Nether instant killing technique!"

A kind of exquisite knowledge was exhibited by Lin Kai, dazzling Hei Sha's eyes, and his souls were all gone.

These powerful moves are really going to hit Heisha, he will definitely not be able to bear it, and he will explode and die.

Then Hei Sha sneered: "How many times can you use such a powerful move?"

Lin Kai also discovered this problem, every one of his tricks can wipe out thousands of resentful souls.

But there are too many grievances here.

Moreover, after Lin Kai discovered that these resentful souls had dispersed, he was slowly reborn under the nourishment of the black mist.

Lin Kai was slightly surprised. If he continued to fight like this, he would not be able to eliminate these grievances even if he was exhausted.

Hei Sha sneered and said, "Lin Kai, what other moves are there, just use it."

Lin Kai frowned in thought, thinking about his current methods.

"Can we only escape this black fog first?"

Lin Kai felt a little unwilling to think of this.

However, he racked his brains and couldn't think of any way to crack this black fog.

Just when Lin Kai wanted to give up, he suddenly thought of the system reward he had just received for killing Lei Qiankuang.

"Let's take a look at the system rewards, I hope it helps at present."

"Receive award!"

As Lin happily moved, the system prompt sounded.

"Ding, congratulations on killing Grand Master Lei Qiankang and rewarding a 'Amitabha's Fundamental Curse'."

Immediately afterwards, a series of Sanskrit words appeared from the void and entered Lin Kai's mind.

Lin Kai frowned slightly, bearing the impact of his mind. After a while, the scriptures were finally transmitted.

Lin Kai looked at the scriptures in his mind with a smile on his face.

Many people may not be familiar with the "Amitabha Fundamental Mantra", but the "Death Mantra" and the "Four Ganlu Mantra" are very famous.

This is a mantra chanted by Buddhist believers to save the dead.

Especially it is more miraculous for the supernatural souls who died in vain.

Lin happily moved, put the black dragon suit away, and sat on the ground cross-legged calmly.

“Why, have you given up struggling?”

A trace of anxiety flashed in Hei Sha’s eyes, and the endless souls became more and more crazy, rushing towards Lin Kai.

However, Lin Kai directly took away the aura of the bodyguard, allowing the resentful soul to eat his body.

Lin Kaijie kept reading the fingerprints.

“Nammo Amida Poye, Dota Gadoye...”

As Lin Kai chanted, one by one Sanskrit words flew out of his mouth, continuously rotating around his body.

Those resentful souls uttered fierce screams when they encountered those Sanskrit scripts, their bodies emitted thick black smoke, and their bodies became more illusory.

As time passed, the Sanskrit had completely wrapped Lin Kai’s body.

Lin Kai’s body also emits Buddha’s light, and as Lin Kai’s chanting, the Buddha’s light expands more and more.

When it appeared from Sanskrit, it was like water encountering flames, and it collided violently with the surrounding black fog, making the sound of ‘Zizi’ friction.

When the Buddha’s light penetrated his body, the surrounding black fog seemed to have encountered a natural enemy, quickly spreading towards the surroundings and avoiding it.

But those resentful souls let the Buddha’s light pass by and stayed where they were.

Chapter 1862: Successive Promotions

The resentful soul stayed where it was, and the crazy eyes slowly changed, becoming clearer.

They looked around blankly, then shed tears, seeming to recall the scene before their death.

The resentful soul who was brushed by the Buddha’s light was full of joy and sorrow, kneeling in the void, paying respects in the direction of Lin Kai, revealing a pious look.

After the visit, their faces were without joy or sorrow, and disappeared into the void in a wisp of blue smoke.

“What’s going on, what happened!”

Not far away, Hei Sha revealed his figure in the black fog.

He looked at Lin Kai, who was full of Buddha’s light, with an uncomfortable expression on his face.

He felt his black evil spirit encountering the Buddha’s light on Lin Kai’s body as if it had encountered a natural enemy, like a cat and a mouse.

“You must kill him!”

Hei Sha's complexion was distorted, and the Hei Sha rushed out violently, like a tsunami, rushing towards Lin Kai frantically.

Lin Kai is like a flat boat in the ocean, in danger of capsizing at any time.

However, Lin Kai's expression was neither happy nor sad, as if he couldn't feel all of this, just meditating on the 'Death Curse' over and over again.

With the passage of time, instead of being annihilated in the black mist, Lin Kai expanded more quickly as he purged the grieving soul.

Those black mists were constantly in the Buddha's light, turning into wisps of smoke, dissipating in the air.

"Ah, don't read it!"

Hei Sha felt like being eaten by hundreds of millions of ants, and it was extremely painful.

When he moved his mind, he was about to put away the black mist.

Unexpectedly, he just moved this thought, but the resentful soul in the black mist showed a crazy color.

They howled frantically and rushed to Lin Kai desperately.

It's like a moth that sees flames, there is pain in its eyes, and more hope!

"Asshole, what are you doing! Dare to resist me?"

Hei Sha was furious and directly mobilized his talent to punish these resentful souls.

Lin Kai opened his eyes slightly, showing compassion and compassion in his eyes. He stretched out his palm and patted Heisha in the void.

In the void, the Sanskrit words quickly condensed into a big illusory hand, like a fly slap, and patted Heisha's body.

Heisha's body did not receive any harm, but the black mist surrounding him boiled violently.

"puff"

Heisha's face was pale, and he vomited a mouthful of blood.

He got a backlash!

The struggling expressions in the eyes of those resentful souls were more intense, and endless hatred appeared in their eyes, and they turned around and rushed towards the body of Heisha with crazy foreheads.

"What are you doing, I am your master!"

The ghosts of the black evil spirits were all rushing, and there was no time to react, and they were completely submerged by the ghosts.

Soon, all the wraiths floated in the air with endless resentment on their faces.

In the place of Heisha, there was only a strip of cloth wafting leisurely.

Soon, the Buddha's light enveloped the ring, and all the resentful souls were calmed down.

Their expressions were calm, and they paid homage to Lin Kai before finally dissipating in the air.

"The black mist is gone!"

"Hey, what is this soft golden light? It feels so warm!"

"Yes, my state of mind is calmed down."

Originally, everyone was still concerned about the settlement of Heisha.

But as the Buddha's light quickly spread to the entire square, the expressions of everyone, including several great masters, became calmer.

They stood quietly on the spot, enjoying the peace.

Their minds were peaceful, but their internal energy was boiling.

"Teng"

A martial artist fluctuated all over his body, and he was directly promoted to a martial artist.

With his promotion, many ancient warriors have been promoted to the realm.

There are even martial artists who have been promoted to the realm of martial sages.

Tang Ying's face was calm, and the internal energy in her body surged, and she was promoted directly from the peak of Martial Saint to the realm of Grand Master.

Not only them, but those grandmasters also seem to feel the direction of the future promotion to the grandmaster.

Master Li Fengyun has been the pinnacle for decades, and he has never seen the path of the future.

At this time, Li Fengyun's blocked road suddenly revealed a ray of light, and he saw the hope of entering the Great Master.

Although the great masters couldn't see the path of the future, the qi in their bodies became more and more rounded.

Their awakened talents are more proficient.

Lin Kai didn't know what he had caused, and at this time he no longer chanted the "Death Sutra".

Instead, sitting there in silence, cross-legged, he was in the center of the golden light, and he benefited more than anyone else.

He seemed to have seen the way of heaven again.

But this time, although Tiandao was still ruthless, he didn't let him feel the terrible pressure.

The coercion seemed to be blocked by the soft golden light.

Lin Kai was greedily observing the way of heaven, and bursts of insights flooded his mind.

His realm also soared frantically.

The early stage of the golden core, the middle phase of the golden core...the peak of the golden core...

“boom”

Lin Kai’s mind was shocked, and he saw the path of Yuanying stage directly.

Just when Lin Kai’s realm was about to be promoted to the Nascent Soul Stage, the looming Heavenly Dao suddenly lost its trace.

Lin Kai sighed regretfully, it seems that the time for promotion to the Yuan Ying stage has not yet arrived.

What’s more, although his realm has been promoted to the peak of Jin Dan.

But the cultivation base is still in the early stage of the golden core, and only by practicing diligently and absorbing the spiritual energy can you be promoted to the peak of the golden core.

Lin Kai opened his eyes and looked at the soft golden light, revealing a pensive color.

“This is not the light of Buddha, it seems to be the light of merit.”

“Is it the reward given by Heaven after I purified the resentful soul?”

Lin Kai showed a pity, now he can’t absorb the light of these merits.

Suddenly, his expression moved and he took out the Jade Seal of Chuanguo.

Among the Jade Seal of the Chuan Kingdom, the golden wandering dragon suddenly glowed with golden light and screamed softly.

The golden dragon opened his mouth and inhaled deeply. The light of merit was like a stream, which was directly absorbed into his stomach.

Jinlong happily wobbled his tail, crouched in the jade seal, and fell asleep.

Lin Kai was a little bit dumbfounded, and put away the Chuanguo Yuxi.

He waved his sleeves and stood up.

Following his actions, many ancient warriors in the field slowly recovered.

“I have been promoted to a martial artist!”

“me too!”

“Under what circumstances, I was promoted to Martial Saint!”

At this time, the many ancient warriors in the field screamed and looked extremely excited.

“I have been promoted to Grand Master...”

Tang Ying's delicate mouth was slightly open, revealing a delicate look.

She just felt very comfortable just now, immersed in it, and didn't know what was going on.

Now, when he woke up, he was directly promoted to the realm of a grandmaster.

Beside him, Tang Shui also showed a complex expression, and said softly: "The old man may hope to enter the realm of a great master in this life."

After Tang Feng and Tang Ying heard them, they also smiled happily.

If Tang Shui is promoted to Great Master, it will make the Tang family more prosperous.

"Why did this happen?"

Everyone looked up, wanting to find the reason urgently.

They looked up, and finally everyone's eyes stayed on the ring.

There, stood a handsome white-clothed man with black hair fluttering, like an immortal!

#### Chapter 1863

In the distant Tianzhu, in a magnificent temple.

Above the main hall, the statue of Tathagata Buddha suddenly burst into endless golden light, and the bell rang without any wind.

The believers bow down sincerely and recite the Buddha's name.

There was a monk with feverish eyes, kneeling in front of the Buddha statue, as if listening to something.

Suddenly, he stood up with a majestic voice from his mouth:

"In the far east, the 'Amitabha's Fundamental Curse' has become reality. This is a scripture belonging to our Tianzhu. We must bring it back at all costs.

"Amitabha!"

The monks paid homage, with firm expressions in their eyes.

...

Donghai Province, above the square.

Everyone at the scene looked at the man on the stage like an immortal with a mixed mood.

They are now quite sure that the many ancient warriors on the square connected and promoted, all because of Lin Kai.

However, most of them wanted to fight and kill Lin Kai just now.

In a blink of an eye, they accepted Lin Kai's favor, which made it difficult for many arrogant ancient warriors to accept it.

“Blame Lei Qiankuang for bewitching us!”

Many ancient martial artists wanted to blame Lei Qiankang, but suddenly remembered that Lei Qiankang had been killed by Lin Kai.

“By the way, where is Heisha?”

“Yeah, why can’t you see him?”

At this time, everyone was surprised to find traces of Heisha.

The ancient warrior had strong eyesight, and soon found a few fragments of clothes on the corner of the ring.

Jin Chi’s complexion changed a few times, and he couldn’t help but ask in a deep voice, “Mr. Lin, where has Hei Sha gone?”

At this time, his tone had become very polite, even with a trace of awe.

With a wave of Lin Kai’s right hand, the fragments were torn apart and turned directly into powder.

Lin Kai said lightly: “The last mark of the black evil spirit in this world is gone. He has already gone to the Yin Cao Netherworld where he should go!”

“hiss.....”

Everyone gasped, and the Hei Sha was really killed by Lin Kai.

Everyone looked shocked, with a little numbness.

Lin Kai, a young man in his twenties, had already killed two great masters in a short period of time.

This will not only shake Donghae Province, but also cause huge shakes throughout the country.

However, no one dared to accuse Lin Kai now.

Even the hottest-tempered Huo emperor, with a sad face, remained silent.

He also got Lin Kai’s great advantage just now.

He is more proficient in the fire talent he has mastered, and his combat effectiveness has increased by more than 10%.

Zhao Tianhai’s face changed wildly when he heard Lin Kai’s words.

He resisted the fear, lowered his head, and walked quickly out of the square.

Tang Feng moved his body and appeared in front of Zhao Tianhai.

He looked at Zhao Tianhai and said with a smile: “Boss Zhao, where are you going?”

Zhao Tianhai’s expression changed, and he said solemnly, “I have something to do at home, so I won’t be able to accompany you. Please get out of it.”

Tang Feng shook his head, and said lightly: "The conflict between you and me has not been resolved, how can you just leave like this?"

Zhao Tianhai looked pale and asked, "What do you want?"

Tang Feng said with a smile, "I want to use Boss Zhao's Xiang Shang to help my Tang family win the business in Donghai Province."

Zhao Tianhai's complexion changed wildly, and Li Neilen sternly shouted: "Tang Feng, don't mess around. If you dare to kill me, my father will not let you go, and the Tang family will not let go!"

Tang Feng frowned slightly and hesitated.

Zhao Tianhai's father, he has always heard about it.

This is an ancient warrior who surpasses most great masters and has reached an incredible state of martial arts.

It is one of the strongest people in the world, and an existence that great masters must look up to.

If this son was killed, it would be difficult to ensure that the master of the Shadow Gate would not retaliate.

Tang Feng couldn't help looking at Lin Kai, revealing a look of exploration.

Lin Kai walked into the void and walked in front of Zhao Tianhai.

He looked at Zhao Tianhai condescendingly, his eyes were very cold and merciless.

Zhao Tianhai felt bad, and smiled strongly, "Lin Kai, you are also in the shadow gate. You know what my father is like, you know better than anyone. Killing me will make my father angry!"

Lin Kai said indifferently, "Do you think that in your father's eyes, is it important for you or the evil spirit?"

Zhao Tianhai's expression changed wildly, he understood Lin Kai's subtext.

Lin Kai thinks Heisha is more important than his son in the eyes of his father.

And Lin Kai even dared to kill Black Sha, let alone Zhao Tianhai.

In fact, Lin Kai didn't think wrong.

To his father, ten Zhao Tianhai are not as good as one black evil spirit.

Thinking of this, Zhao Tianhai energized his inner strength and ran out of the square frantically.

With a wave of Lin Kai's palm, a huge transparent palm appeared, directly swatting Zhao Tianhai into the earth like a fly.

After a while, blood leaked from the hole.

"died....."

The crowd looked awe-inspiring and looked at Lin Kai in awe.

This young great master is not a good man and believer, on the contrary, he is very murderous.

Lin Kai returned to the high platform and asked faintly, "Are there anyone who wants to challenge me?"

His eyes stayed mainly on Lin Hong and Wuming for a while.

Even with the disposition of the two great masters, these two couldn't help but shed a cold sweat.

Liu Shadong laughed and said, "Grandmaster Lin Kai said and laughed. Our grandmasters participated in this conference, and the most important thing is to \*\*\*\* these little guys."

Jin Chi also chuckled and said, "You can't let everyone watch our Great Master's performance all the time, it's too unreasonable."

Lin Kai looked weak, looked at Lin Hong, and said lightly: "Uncle Lin, what do you think?"

Lin Hong's expression turned slightly embarrassed, and he said solemnly, "I think the two great masters are right!"

Lin Kai smiled, flew off the ring, and sat down firmly on the high platform.

Several great masters greeted Lin Kai quickly.

At this time, Lin Kai also showed a gentle smile and exchanged greetings with everyone.

Seeing Lin Kai's expression turned cloudy, the atmosphere on the scene became eager.

When Lin Kai saw Tang Feng approaching, he stood up and yelled cordially, "Uncle Tang."

Everyone's eyes flashed, but they all stood up for a moment after pondering, welcoming Tang Feng.

Lin Kai was obviously helping the Tang Feng platform, expressing his attitude of standing together with the Tang family.

Several great masters naturally followed the tide and gave Lin this face.

What's more, Lei Qiankuang died, and his previous sphere of influence should be reshuffled.

Tang Feng saw the scene in front of him, his face was touched.

The most wise decision in his life was to form an alliance with Lin Kai.

After a few people sat down, Jin Chi ordered: "You can start now."

At this time, all the ancient warriors present were also ready to move.

Originally, seeing the death of the two great masters, they were no longer in the mood to fight.

However, their realm has broken through, and the warrior's desire to fight has rekindled.

Suddenly, a Wu Sheng flew to the ring and shouted loudly:

"The surnamed Li, get on me!"

Chapter 1864 Aura Era

Another ancient martial artist jumped onto the ring and said in surprise: "Is planning to be promoted to Martial Saint?"

The martial sage released his aura and said triumphantly: "You are not mistaken."

He looked at each other and sneered: "You and I have been fighting for ten years. I didn't expect me to be promoted to Martial Sage first. Now I surrender to me and I will spare your life!"

The other martial artist did not have any flustered expressions. He suddenly burst into his own powerful aura and shouted coldly: "Do you think you are the only one who has been promoted to Martial Saint?"

"Damn it, he has caught up again."

The Wu Sheng blinked, feeling a little angry.

He shouted loudly: "Then see the real chapter under your hand!"

The two Wu Sheng fought together in an instant, and the two of you came and went, and the battle was very fierce.

Everyone in the audience also yelled loudly to cheer for the two of them.

The great masters on the stage naturally looked down on this kind of battle. They looked at the two fighting men with expressions of amazement.

The Emperor Huo sighed and said, "These two people are only able to be promoted to Martial Saint because of Mr. Lin."

Jin Chi nodded and said solemnly: "Mr. Lin has a great favor to me in Donghai Province. Not only these two people, but almost all ancient warriors have been greatly improved."

Liu Hong also immediately said: "Even we have gotten a lot of benefits. I don't know how the nephew did it."

After speaking, he looked at Lin Kai stubbornly, with a sense of inquiry in his eyes.

Upon hearing Liu Hong's words, several great masters suddenly fell silent.

They looked strange and looked at Lin Kai silently.

Lin Kai had a faint expression, and said, "I don't know what happened."

After hearing this, several people looked a little unhappy, but it was not easy to force Lin Kai to speak out.

"Maybe, I know something about it."

Suddenly, below them, a voice came.

The Emperor of Fire frowned, revealing a trace of anger.

This is the conversation of a few of their great masters, how can anyone else be qualified to interrupt?

He looked down, who on earth had the courage to take the words of the great master.

“Master Huang?”

The Emperor of Fire was slightly taken aback.

Several great masters also looked at Huang Tianshi.

If it's this guy, maybe he really knows it.

Huang Tianshi looked indifferent and walked up slowly.

He faced several great masters with no discomfort at all, but looked at them with a very equal look.

“Master Huang, you...”

Lin Kai looked at Huang Tianshi's eyes with a look of surprise.

This was a pair of very indifferent eyes, in his eyes, Lin Kai actually felt a hint of heaven.

Tianshi Huang turned his head to look at Lin Kai, and said with a somewhat complicated expression: “It seems that Mr. Lin has noticed it?”

Not only Lin Kai, but the several great masters present felt the difference between Huang Tianshi and usual.

They also knew Huang Tianshi as a person.

Knowing that he is very good at fortune telling and is a master of divination.

However, they all knew that Huang Tianshi couldn't calculate the fate of these great masters.

Because the Great Master's life is very noble, if Huang Tianshi forcefully calculates, he will directly kill him.

However, when Tianshi Huang looked at them, they actually felt like he could see through their fate.

This feeling shocked them and was also very afraid.

Huang Tianshi respectfully said to Lin Kai: “Because of Mr. Lin, the old man was lucky enough to be promoted to the legendary 'Tian Mingshi'.”

“Destiny Master?”

Everyone was a little confused, and they were very unfamiliar with this name.

Tianshi Huang nodded slightly, and said softly: “Tianming Master, you can know the destiny. In ancient times, Jiang Ziya, Yuan Tiangang, Zhuge Liang and others were the destiny masters.”

Huang Tianshi's expression was very complicated, and he said with sorrow and joy, “I didn't expect that the old Dao would be promoted to Tianmingshi one day.”

Lin Kai frowned and asked softly, “How do you look at the heavenly master, it seems that you are not very happy?”

Tianshi Huang sighed and said: “Blessings come and misfortunes depend on. My source of good fortune is not enough. Promoting to Master of Heaven is not necessarily a good thing.”

None of the great masters understood Huang Tianshi's words very well, but the pessimism in Huang Tianshi's tone was heard.

This kind of divine chatter made several great masters a little hairy.

The emperor broke the subject and asked, "You said, you know why all ancient warriors have received huge benefits?"

Huang Tianshi looked at Lin Kai and asked, "Mr. Lin, can I speak?"

Lin Kai nodded and said lightly: "Let's talk about it."

Huang Tianshi's eyes are like a whirlpool, exuding a mysterious aura, and his tone is lightly said: "The evil spirit is evil, enslaving the resentful souls of hundreds of thousands of innocent people. Mr. Lin, let these resentful souls get free."

"And after all of this was done, Heaven's Dao felt that it lowered the power of merit."

"I waited for Mr. Lin's light and absorbed the escaping merits before we were promoted."

"The power of merit?"

Many great masters repeated these four words, showing a dazed expression.

Jin Chi faced Huang Tianshi no longer daring to be careless, but asked with a trace of respect: "Tianshi, what is the power of merit?"

Huang Tianshi didn't feel any discomfort with Jinchi's attitude, and said lightly: "Our earth has entered the age of the end of the law in the ancient times. The so-called power of merit will naturally dissipate in this world."

Heavenly Master Huang stood with his hand holding his hand, looking at the endless void, with a tone of joy and sadness, and said: "But the era of the end of the law is about to pass, and the era of spiritual energy is about to recover."

Several great masters were at a loss, and they didn't know what Huang Tianshi was talking about.

Only Lin Kai's pupils suddenly shrank, and looked at Huang Tianshi in shock.

In this world, there are still people who know the Age of the End of Dharma.

Lin Kai showed a thoughtful look, and he somewhat agreed with Huang Tianshi's remarks.

As the only immortal cultivator in this world, he can feel the aura that drifts between heaven and earth slowly increasing.

Before, I couldn't feel a trace of aura in the city.

But now, he can already feel the existence of aura in the city.

The Fire Emperor couldn't help asking: "Tianshi, what is the relationship between this spiritual age and the power of merit?"

Huang Tianshi looked at nothingness, as if looking at something, and said in a deep voice, "The era of spiritual energy is coming, which means that the way of heaven is coming back!"

'Crack!'

In the sky, suddenly a thunder blasted out of thin air, and everyone who shook looked towards the sky in surprise.

Well, why is there a thunder out of thin air?

Everyone in the audience was puzzled, but the great masters on the high platform all showed horror.

They were very convinced that it was because after Huang Tianshi said those two words, the thunder appeared out of nowhere.

They looked at Huang Tianshi and found that Huang Tianshi's face was a little pale, and a trace of blood spilled from the corners of his mouth.

"Master!"

Several great masters all looked at Huang Tianshi with a worried look.

Now, in their hearts, Heavenly Master Huang is more important than any great master!

Chapter 1865

Huang Tianshi didn't care about his injuries, but sighed: "The world is about to change drastically."

Several great masters hurriedly asked: "What do you mean by the great changes in the world?"

Tianshi Huang shook his head and said calmly: "In the future, you will naturally know."

Several great masters were frustrated, and then asked: "What does it mean to come back, and what does it have to do with the power of merit?"

After the explosion of thunder out of thin air just now, the great masters were inexplicably more awed, and they dared not mention those words.

Heavenly Master Huang said with a smile: "Several great masters don't have to worry too much. It's only because I wanted to spy on Heaven's Dao, and I was backlashed. Several great masters talk about Heaven's Dao without any problems."

The great masters smiled slightly and were noncommittal.

Huang Tianshi said in a deep voice, "According to legend, since Pangu opened the world, there were only innate demons and no humans in the Primordial Era."

Several great masters, including Lin Kai, showed their doubts, how did Huang Tianshi get to the ancient times.

However, they all felt that what Huang Tianshi was going to say was related to the secrets of this world.

They naturally did not dare to disturb Heavenly Master Huang, and even anyone who dared to disturb Heavenly Master Huang would be attacked by their group.

The great masters looked solemn and their ears were upright.

“Wait!”

Unexpectedly, at this time, someone actually stopped it.

“Who!”

Several great masters were furious and looked at them with sharp eyes.

“Mr. Lin?”

Several people frowned and looked at Lin Kai dissatisfied.

Lin Kai didn't rush, and said lightly: “I always feel that what Huang Tianshi is going to say is very remarkable.”

Lin Kai glanced around and said in a deep voice, “So, I have to clear the scene!”

Lin Kai looked at Lin Honghe Wuming, and said in a deep voice, “You guys, please. Leave this place!”

“what?”

The two great masters were furious and glared at Lin Kai.

“Nephew Lin Xian, you are too domineering. Why should I leave?”

Lin Hong's face was gloomy, and huge anger emerged in his eyes.

Even Wuming was no longer calm, but looked at Lin Kai coldly.

When Lin Kai saw their expressions at this time, his mood was immediately relieved.

These two great masters were too thick-skinned, and the cynicism that Lin Kai just now didn't hurt them at all.

Now, Huang Tianshi is about to tell the great secret of this world, and perhaps let them cut off the way forward, and hope again.

How could they just leave like this.

Lin Kai stood up and snorted coldly, “Just now, when you were besieging me, why didn't you talk domineering? Now that the two people are dead, should you go with them?”

“you!”

Lin Hong was furious, but he was very afraid of Lin Kai, and he could only stand in a stalemate.

Several great masters frowned and looked at each other.

Jin Chi stood up and persuaded, “Mr. Lin, Lin Hong is also a member of our Donghai Province. It would not be nice to exclude him in this way.”

Lin Kai snorted coldly, “Hmph, when he attacked me just now, why didn't you say that it was not so good?”

Seeing Lin Kai's tone loosened, several people persuaded: "Mr. Lin, you have a large number of adults, so please forgive Lin Hong this time."

Liu Shadong shouted: "Lin Hong, don't you apologize quickly?"

Lin Hong's face was aggrieved, but after taking a deep breath, he lowered his head and said in a low voice, "Mr. Lin, I was wrong. I shouldn't have done anything to you."

Lin Kai's face was dull and calm.

Lin Hong gritted his teeth, and then said: "To apologize, I will take out half of the site and give it to the Tang family."

"This....."

Tang Feng was watching a good show, but when he heard Lin Hong's words, he stood up in surprise.

Lin Kai waved his hand and smiled: "Then thank Uncle Lin."

"It's okay..."

Lin Hong also laughed, but he was bleeding in his heart.

Tang Feng smiled bitterly: "In this case, Ying'er will take care of these sites. In this way, I feel at ease."

"Second uncle, what are you talking about?"

Tang Ying made a big red face and secretly looked at Lin Kai.

Lin Kai also looked over at this time, and just met her.

Lin Kai smiled slightly and nodded to Tang Ying.

Tang Ying trembled, shyly buried her head in her chest.

Seeing this, Tang Feng couldn't help sighing.

This is a very good young man, but he is too good.

Ying'er followed him, but there might not be a good result.

After solving Lin Hong's matter, Lin Kai looked towards Wuming, his eyes flashing with indifference.

Wuming opened his mouth and looked at the other great masters.

But the result made his heart sink.

Because these great masters also looked at him coldly, without a trace of kindness in their eyes.

Lin Kai said coldly: "Nameless, do you go by yourself, or do you have two tricks?"

Wuming still struggled with himself, and said: "My dear friends, look at..."

The Emperor Huo waved his hand, his face indifferent, and said, "Don't come to this set. Why do you want to hide your identity? Tell us where you came from."

“Hmph, I remember you!”

Wuming’s face changed several times, and he flew directly out of the town.

Everyone looked at his back and pondered secretly, this nameless identity.

Lin Kai’s eyes flickered, and he had a vague guess about Wuming’s identity.

He only came to Donghai not long ago, and not many people have offended him.

But for the one with great master power, he thought of a person.

A person who made him hate him and wanted to kill him quickly.

That is his good cousin, Lin Yuan!

Lin Kai originally thought that Lin Yuan would appear in this underground martial arts conference, but to Lin Kai’s surprise, he did not appear.

This nameless is hostile to him inexplicably, maybe he is Lin Yuan’s subordinate.

“Lin Yuan, wait. I have been promoted to the Golden Core Realm and can already kill you.”

Lin Kai muttered to himself that Lin Yuan could not forgive him anyway, and he had to wash his anger with Lin Yuan’s blood.

Lin Kai sat down again and said politely, “Tianshi Huang, I’m sorry. You can continue talking.”

“Mr. Lin, you are polite.”

Tianshi Huang nodded and said solemnly: “At that time, there were only demon gods between heaven and earth. Among them was a demon \*\*\*\* named Nuwa.”

“Nuwa suddenly felt that she used great magic power to make people.”

“Since then, Terran has appeared.”

“The appearance of the human race shocked the way of heaven, and gave it endless merits. It directly made Nuwa, the demon god, reborn and became the first saint in the world.”

Everyone was shocked and murmured: “Could it be that...”

Tianshi Huang continued: “Yes, as long as you do something that is meritorious and heavenly, as long as the merit is large enough, heaven will give merit.”

“Lin Kaichao saved more than one hundred thousand dead souls, and he felt that Heavenly Dao gave his merits as a reward.”

The great masters looked at each other, this kind of thing was simply unheard of, it was incredible.

Is there life in the way of heaven, and what merit will it bring?

Chapter 1866: The Man of Destiny

Jin Chi asked respectfully: “Tianshi, what is the use of this power of merit?”

Tianshi Huang smiled slightly and said: "The benefits are obvious. The internal strength of everyone present has been greatly improved. Even the old Dao has been promoted to become a destiny teacher."

Lin Kai slapped his tongue, feeling distressed about the merits, and asked: "Does every merit be given to people around you?"

Tianshi Huang shook his head and said, "Mr. Lin, he didn't realize that the merit came, so he let it escape."

"In the future, as long as you put it into your body, the merit will not escape."

"Moreover, merit is not so good."

"There may be a lot of dead souls of more than 100,000, but they won't let the gods give their merit."

Huang Tianshi guessed: "Maybe it's because Heavenly Dao is using this merit to announce its return!"

Huang Tianshi reminded: "Heaven will not only bring down merits, but also thunderous anger."

"There is a saying in the old saying that there are gods when you raise your head three feet. In the future, people who do evil like Heisha will also accumulate karma."

"When the karma is enough, the way of heaven will be punished!"

Several great masters were shocked, and a little doubtful.

However, no matter who it is, he has deeply imprinted Huang Tianshi's words in his heart.

"Thank you Tianshi Huang for his teaching!"

Several great masters, including Lin Kai, stood up and bowed deeply to Huang Tianshi.

Under the high platform, many ancient warriors discovered this scene and couldn't help being shocked.

"What happened, why did the great masters bow to this old way?"

"Who is this old man? Is it also a great master?"

"Don't be kidding, even a great master is not qualified to bear the bows of other great masters."

"Moreover, you see that this old man accepted their gift without changing his face."

"No, did you find out? Although this old Dao has been worshipped by all the great masters. However, he only did not accept Lin Kai's bow."

"Yes, on the contrary, he respects Lin Kai's attitude very much."

The ancient warriors could not hear the conversation of the great masters, and were very puzzled by the scene in front of them.

Several great masters all respect this old way.

The veteran respected Lin Kai very much.

Could it be that the status of these people is Lin Kai's highest status?

“What did the heavenly master say?”

Li Fengyun opened his mouth wide. Why do these great masters respect Huang Tianshi so much?

Huang Tianshi emptied his hands and made several great masters stand up.

Huang Tianshi smiled and said, “I have already said what should be said. That old way will leave with a few others.”

“Where is Tianshi Huang going?”

“If Tianshi Huang doesn’t dislike it, how about going to the humble house underneath?”

Several great masters have retained.

Such a fairy-like character, how could they be willing to let him go.

Huang Tianshi shook his head and said, “The world is going to change drastically. I want to walk around to see the mountains and rivers.”

After hearing Huang Tianshi’s words, several great masters are not good to stay.

Huang Tianshi politely said to Lin Kai: “Mr. Lin, can you go to the side and give a comment?”

Lin Kai nodded, and walked aside with Huang Tianshi.

Huang Tianshi waved the whisk, and a transparent cover appeared around the two of them, and then disappeared into the void.

Tianshi Huang smiled and said: “After being promoted to Master Tianming, the old way has mastered a few small tricks. You and I, now speaking, even the great master can’t see it.”

Outside, Liu Shadong’s eyes shone brightly, and he squinted at the place where Huang Tianshi and Lin Kai disappeared.

However, he soon smiled bitterly: “As expected of Huang Tianshi, I can’t see through it at all.”

Liu Shadong groaned and said, “If Lin Kai’s guard is invisible, the method Huang Tianshi uses is more like a temporary isolation from this space.”

Several great masters could only admire, and gave up the intention of eavesdropping on them.

Lin Kai said with a trace of doubt, “Tianshi, do you really want to leave?”

Huang Tianshi smiled and said, “Mr. Lin is worried about my safety? After all, you accepted the mission of the Shadow Gate to protect my safety.”

Lin Kai said in surprise: “You know?”

Heavenly Master Huang had no joy or sorrow, and said lightly: “After being promoted to Master Destiny, most of the things concerning his own destiny are no longer secrets.

Lin Kai nodded slightly, but couldn’t help sighing slightly.

When a person knows his destiny, it may be a cruel thing to that person.

Tianshi Huang looked at Lin Kai with a whirlpool in his eyes that could \*\*\*\* people in.

However, Lin Kai's expression was calm and he couldn't feel it at all.

Huang Tianshi sighed and said: "Lin Kai, what I just said may be legendary to others, illusory. But to you, it is reality. After all, you are the first immortal cultivator in this world."

Boom!

Lin Kai's mind was like a thunder, and he looked at Huang Tianshi in shock.

The identity of the cultivator is one of his biggest secrets.

After this Huang Tianshi was promoted to Tianmingshi, what kind of realm had he reached?

Can you even count this?

Then his biggest secret, possessing the system, does Huang Tianshi know?

Lin Kai was expressionless, but he became vigilant in his heart.

If Tianshi Huang really knows his biggest secret, how should he face Tianshi Huang?

Tianshi Huang smiled and said, "Mr. Lin, don't worry too much. Tianmingshi is not a god. The reason why I know that you are a cultivator is because the Qi in your body is different from other ancient martial artists. Your body is spiritual power. The internal energy generated is nothing more."

"Moreover, I feel a touch of heavenly charm in you."

"Perhaps, by chance, you faced the power of heaven."

Lin Kai looked in admiration and said, "Heavenly master is so capable. When he breaks through the realm, he really feels a trace of the power of heaven."

Lin Kai asked, "Tianshi, what do you have to say to me?"

Tianshi Huang said in a deep voice: "When I was promoted to Tianmingshi, I saw some fragments of the future."

Lin Kai repeated in surprise: "A fragment of the future?"

Tianshi Huang nodded and said with a heavy expression: "The corpses are everywhere, and disasters are proliferating!"

Tianshi Huang looked at Lin Kai, his eyes gleaming: "The future is desperate, it's a doomsday. But, I see a glimmer of life, and that's you, Mr. Lin!"

"Me?" Lin opened his eyebrows.

Huang Tianshi whispered: "The future is very vague, but I am very sure that if there is a disaster, hope will rest on you."

Lin Kai raised his eyebrows and asked, "When will the end come?"

Huang Tianshi shook his head and said, "Maybe it will be a hundred years from now, maybe it will be tomorrow."

"However, you are a man of destiny. When disaster strikes, heaven may give you a hint."

"Heh, the man of destiny?"

Lin Kai smiled slightly and looked sternly.

"I don't believe in the destiny, I only believe in my fists!"

Chapter 1867

Tianshi Huang sighed: "It is only with a mind like Mr. Lin that can become a cultivator."

Master Huang Tian entrusted: "No matter what, when the great world is coming, Mr. Lin will make preparations early, and it will do no harm."

Lin Kai nodded. Naturally, he was not just a brazen and unflexible hairy boy.

Huang Tianshi said goodbye: "That old way is gone. Li Fengyun still troubles Mr. Lin to take care of one or two."

Lin Kai nodded and said solemnly: "Don't worry."

Huang Tianshi said with emotion: "I will say goodbye today, I don't know when we will meet again."

With a wave of his sleeves, Huang Tianshi walked freely to the outside of the town.

Li Fengyun had complicated eyes, looking at Huang Tianshi's back.

Tianshi Huang had already said goodbye to him before and gave him the best parting gift.

Several great masters also looked at Huang Tianshi's back and said with emotion:

"It's really a person among the gods."

Lin Kai sat down again and said nothing about the conversation just now.

Several great masters saw that Lin Kai had no intention of sharing with them, and there was nothing to do.

Jin Chi coughed and said, "Donghai Province has lost Lei Qiankuang, the great master. Let's discuss how to divide his territory?"

Several other people, including Tang Feng, were shocked and their expressions became solemn.

Today, aren't they here just to re-divide the territory?

Unexpectedly, two great masters had fallen, causing the East China Sea's sphere of influence to suddenly become chaotic.

Liu Shadong looked at Lin Kai and asked, "I don't know Mr. Lin, do you have any plans to form a power?"

Lin Kai shook his head faintly, and said, "I won't stay in Donghai forever. When I finish my work, I might leave."

Hearing Lin Kai's words, the great masters were silent on the surface, but they were already happy to speak in their hearts.

Such a master who can kill other great masters has stayed in Donghai Province, which makes them like a thorny back, very uncomfortable.

Tang Feng sighed secretly, Lin Kai's words were expected.

He glanced at Tang Ying calmly, and saw her eyes dimmed.

Ying'er, Lin Kai is a dragon, and he will return to the sea sooner or later.

How could he be willing to stay for you?

Lin Kai said lightly: "Don't be busy and happy, some of you. Lei Qiankuang's site, I still have to take over."

"Of course, most of his assets are real estate, and I can't take it with me. However, I can realize it."

Several great masters chuckled and said: "It should be, it should be."

Jin Chi asked sincerely: "I don't know what Mr. Lin will do, I will definitely help!"

"Yes, there are also us! I will definitely help Mr. Lin with all my strength!"

The Emperor of Fire and Liu Shadong quickly expressed their views.

Lin Kai smiled slightly. He knew the reason these great masters were so diligent was that they wanted him to leave earlier.

But fortunately, he just used their power to find Lin Yuan.

Lin Kai's expression relaxed, but his eyes gradually became sharp, and he asked in a deep voice, "Everyone, have you ever heard of Lin Yuan?"

"Lin Yuan?"

Several great masters repeated the name, revealing a puzzled look.

The person who can make Lin Kai look for should be a big man.

However, since they have never heard of it.

Lin Kai carefully observed their expressions and found that they were all confused.

Lin Kai's gaze stayed on Lin Hong's body for a while, and found that he and the others both looked confused and seemed to have heard of the name for the first time.

"Don't everyone know Lin Yuan?"

Lin raised his eyebrows, his eyes darkened.

Several great masters discussed for a while, and said, "Mr. Lin, we have never heard of Lin Yuan."

Lin Kai smiled carelessly, he didn't expect to find him so easily.

Jin Chi asked, "Mr. Lin, I don't know who Lin Yuan is. He is also surnamed Lin. Could it be..."

Lin Kai nodded and said, "This Lin Yuan is my cousin."

Lin Kai pointed to his nose and said in a deep voice, "He looks very similar to me. Don't be fooled by him in the future."

"Look alike?"

The expressions of several great masters became strange.

He gave a discount on the authenticity of Lin Yuan's existence.

Will Lin Kai want to do some wicked things in the future, and then blame Lin Yuan, who doesn't know if he exists?

Regardless of whether they believe it or not, Lin Kai said: "In short, please help me pay attention to this person. If anyone gets news from him, I must thank you!"

The great masters smiled politely.

They would naturally pay attention to this person, but they didn't care about the heavy thanks Lin Kai said.

At their level, there are too few things that can make their hearts move.

Lin Kai is lonely and widowed. He doesn't believe that there is something that moves their hearts.

Of course, they were very interested in Lin Kai's black dragon suit.

However, it is impossible for Lin Kai to give in.

Lin Kai smiled slightly and said, "Several people, are you wondering whether there will be golden light in my villa. These days, it is even more shrouded in white mist?"

The eyes of several great masters flashed, and they looked at Lin Kai with scorching eyes.

On that day, Lin Kai forced the two great masters back.

They have also been to Dongxian Mountain quietly.

They didn't know what the white mist was there, but they could feel that they were in the white mist, and they would feel very comfortable.

Even the internal energy in the body became active.

At that time, they did not rush in.

After all, they are great masters, not thieves.

They plan to let Lei Qiankang come forward today to defeat Lin Kai and force Lin Kai to tell the secret of Bai Wu.

Unexpectedly, too many things happened today and they all forgot about it.

Now, Lin Kai actually took the initiative to bring up this matter, does he want to decrypt it?

Lin Kai said calmly, "Everyone should remember what Huang Tianshi said just now."

Several people nodded one after another, of course it was very clear.

A few words, but it is their biggest gain today.

"Tianshi Huang said that the era of the end of the law is about to end, and the era of spiritual energy is about to come."

"And, the white mist around my villa is the white mist formed by the rich spiritual energy!"

Lin Kai's tone was indifferent, and he uttered words that shocked several great masters.

"What, white mist is aura?"

"Didn't it mean that the aura era has not come yet? Why is there so much aura in Mr. Lin's villa?"

Several great masters were like ordinary ancient warriors, and they talked about each other.

Lin Kai didn't panic, and said lightly, "In fact, it was Huang Tianshi who gave me a method so that I could gather all the auras that drifted between heaven and earth into my villa."

A fiery light appeared in the eyes of several great masters, and they hurriedly said, "Mr. Lin, are you going to give us this method?"

Jin Chi quickly added: "Of course, we won't let Mr. Lin say this method for nothing. If you have any requirements, please mention it!"

Chapter 1868 Lin Yuan's Whereabouts

Lin Kai glanced at everyone and said regretfully: "I want to give this method to everyone, but my inner strength is unique, and Tianshi Huang said that only I can use it."

The expressions of several great masters changed, and their faces showed unhappy expressions.

In their opinion, Lin Kai made excuses at this moment.

Lin Kai said generously: "This method is called formation."

"The formation I set up is called the Spirit Gathering Formation."

"If you don't believe me, I will tell you the method of arranging the Spirit Gathering Formation for free. You will know if you go back and try it yourself."

Everyone looked suspicious, and their expressions became suspicious.

Lin Kai's behavior is really strange.

Lin Kaineng mercilessly killed the two great masters, and even faced thousands of people without leaving his hands.

If it hadn't been for them to take action in time, the ancient warriors present would probably be almost dead.

This shows that Lin Kai is not a good man, but a cruel man.

However, now Lin Kai not only wants to teach them these formations, it is still free.

As we all know, free is the most expensive. What idea did Lin Kai make?

Lin Kai looked leisurely, not anxious at all.

The great masters pondered for a while, and couldn't help but smile.

No matter what Lin Kai's purpose is, they can only take the bait obediently.

Because they cannot refuse this temptation.

Lin Kai smiled and said, "You can try it out. If it can be arranged, it will be a gift to you. If it can't be arranged, who can find Lin Yuan, I can also help several people arrange the formation."

Several great masters laughed and said, "Then thank you Mr. Lin!"

The looks of several people disagree, which one of them is not the dragon among the people?

If they don't believe Lin Kai can do it, they can't do it.

Lin happily chuckled secretly, this time the great masters could only enter the trap he buried obediently.

How can it be so easy to activate the formation?

Only the spiritual power in the cultivator can activate the formation and activate it.

Otherwise, the formation is just a display.

What's more, even if they thought of a way to activate the Spirit Gathering Formation, Lin Kai didn't care.

In the world of cultivating immortals, the gathering spirit formation is the most basic formation.

On top of it, there are various formations.

None of those formations are more complicated than the Spirit Gathering Formation.

The reason why Lin Kai exposed the Spirit Gathering Formation naturally had his purpose.

He is now in the Golden Core Realm, and the pure Spirit Gathering Array can no longer meet his needs.

Lin Kai needs to arrange a large-scale spirit-inducing formation covering the entire Dongxian Mountain.

It is even a large formation covering Dongxian Mountain.

Only in this way can he have enough spiritual energy for him to practice.

If you want to set up such a formation, the materials needed are simply incalculable.

With his strength, it is difficult to gather these materials.

However, gathering all the power of the entire Donghai Province to collect materials made this possible.

When several great masters found that they could not activate the Spirit Gathering Array, he could open his mouth and ask them for materials as a reward.

Seeing that Lin Kai had nothing else to say, the great masters discussed the division of the site.

Lin Kai was naturally involved, he killed Lei Qiankuang, and his power should belong to him.

However, Lin Kai is not very interested in these.

He gave half of the site directly to Tang Ying.

The other half of the site was sold directly to a few great masters.

Of course, he didn't sell it to Lin Hong, who had attacked him.

Lin Hong could only press his lips, muffled and silent.

He doesn't care about this place now.

What Lin Hong was worried about was that Lin Kai would not tell him the arrangement of the Spirit Gathering Array.

Lin Kai's behavior made Tang Yingmei look at Lin Kai with watery eyes.

Tang Feng could only sigh helplessly, he intentionally refused, but Lin Kai gave too much!

Can I only sell my niece?

Tang Feng smiled bitterly. His elder brother thought it would be very hard for him to come to the East China Sea to fight the world.

He might not have imagined that his daughter now owns a large area and is already a very large family.

Lin Kai looked at everyone and said lightly: "Everyone, I will write down the method of gathering the spirit formation, and then let Uncle Tang send it to the house."

Several great masters handed over and greeted: "Then thank you Mr. Lin, and Mr. Tang is in trouble!"

When Lin Hong saw Lin Kai speaking, he never looked at him.

Lin Hong's expression became anxious, he pulled out a smile, and said, "Nephew, then I..."

Lin Kai looked indifferent, and said coldly: "You don't expect me to give such a valuable thing to my enemy for nothing."

Lin Hongqiang smiled and said, "Whatever the nephew said, Uncle Lin was confused for a while. Didn't we have reconciled just now?"

Lin Kai nodded and said lightly: "It's a reconciliation, but I just don't want to give it to you."

Lin Hong's face was stiff, and the anger in his heart burst out.

Several great masters saw that Lin Hong, who had always been above the top, was so shrunken, and they were fortunate that they had not offended Lin Kai.

Lin Hong gritted his teeth, his face changed several times, and seemed to have made up his mind.

Lin Hong said solemnly: "Lin Kai, you tell me the Spirit Gathering Array. I will tell you about Lin Yuan."

Lin Kai's spirit was shocked, and Lin Hong really had contact with Lin Yuan.

Lin Kai said solemnly: "If you are telling the truth, I can tell you the Spirit Gathering Formation, and I can even help you arrange the formation yourself."

"Okay, it's a deal!"

Lin Hong let out a sigh and said solemnly, "I don't know when Lin Yuan came to the East China Sea."

"However, he once approached me. He said that he would unite with my Lin family to deal with Jiangbei Lin's family."

"I had some doubts about Lin Yuan's origins, so I didn't agree."

"After he left, I sent someone to investigate Lin Yuan. He was very low-key and opened a pharmaceutical company called Leiyuan Group. He is the boss behind Leiyuan Group."

"Leiyuan Group?"

Jin Chi said in surprise, "Lin Yuan actually started the group that made the limelight recently? I thought it was a company run by ordinary people!"

Several other great masters nodded one after another, and they wouldn't care about ordinary companies.

The Leiyuan Group is a group that studies biomedical engineering. It is said that the drugs developed can make humans exceed the life span of one hundred years and go online.

They began to pay attention to this group.

However, after they discovered that these drugs were not effective against these ancient warriors, they stopped paying attention to this group.

Lin Kai asked in a deep voice, "What is his purpose when he opened this group?"

Lin Hong shook his head and said, "I haven't found it out. So far, he is very low-key. He is really studying biomedicine and seems to have no other purpose."

Lin Kai sneered at this statement, Lin Yuan was very vicious and had huge ambitions.

When he got an adventure and gained great power, his ambitions swelled to extremes.

Lin Kai didn't believe that Lin Yuan had no other purpose. There must be some conspiracy behind him!

However, I finally found you.

Lin Yuan!

Chapter 1869: Horse Charm

After talking about the business, Lin Kai prepared to leave.

“The son...”

At this time, a timid voice sounded.

Lin Kai turned his head and looked at Qian Lian'er softly.

Qian Lian'er bit her lip lightly, and plucked up the courage to say: “My son, Miss Tang Ying told me just now that it was a force that was hostile to my Qian family, and Wang Lianfei of the Wang family informed the secret, which led to the tragic death of my father and his people.

Qian Lian'er knelt down and begged: “My son, I want to kill Wang Lianfei with my own hands to avenge my father!”

“Wang Lianfei?”

Lin Kai's expression moved, and he looked at a middle-aged man who was detained by the Tang family guard not far away.

The middle-aged man was pale and very depressed.

Lin Kai frowned and said, “Since he has been arrested, just kill him. Why do you ask me?”

Qian Lian'er kowtowed: “The purpose of my father's coming to the underground martial arts conference is to fight this Wang Lianfei to life and death. Now, he has encountered an unexpected situation, and I want to fulfill his wish.”

Tang Ying said anxiously: “Sister Lian, don't be impulsive. He is already the pinnacle of a martial artist, and he was promoted to the martial arts master with just one kick. But you are just a newcomer to a martial arts master. You are not his opponent.”

Qian Lian'er bit her lip tightly, and she can become a martial artist, thanks to Lin Kai's merits just now.

However, if there is no revenge, Qian Lian'er is really not reconciled.

She wanted her father to see that she personally killed Wang Lianfei, the villain.

This is the only thing Qian Lian'er can do for his father.

Several great masters watched this scene with a relaxed expression. They all knew that Lin Kai would not refuse Qian Lian'er's request.

Because Qian Lian'er was not Wang Lianfei's opponent, but with the great master's ability, Wang Lianfei could make mistakes in the battle and be killed by Qian Lianfei very cryptically and easily.

Sure enough, Lin Kai just pondered for a while, then nodded and agreed.

The great masters showed no unexpected expressions.

Lin Kai stood up suddenly, walked to the side, and said, "Come with me."

Qian Lian'er obediently followed Lin Kai and walked to the eating side.

When the golden core within Lin Kai moved, a layer of spiritual energy enveloped the two of them.

Several great masters narrowed their eyes and couldn't help looking at Liu Shadong.

Liu Shadong's face flushed, and he said in anger, "I can't see through, don't look at me."

Several great masters secretly laughed, Liu Shadong is usually very content with his pupil skills.

Now that he has been deflated continuously, he has lost confidence in his pupil technique.

In the aura, Lin Kai looked at Qian Lian'er and asked seriously: "Are you sure you want to follow me? Even, you can't go back. You will be mine for the rest of your life."

Qian Lian'er looked at Lin Kai happily and said, "Really, didn't the son lie to me?"

Qian Lian'er was full of insecurity in his eyes, and said softly: "What I am most afraid of now is that the son does not want me. If I can follow the son for the rest of my life, I will pay any price."

Lin Kai touched his nose, moved his mind, and summoned the zodiac plate.

He has many ways to make Qian Lian'er win this battle, but only this way is her own ability and has no side effects.

Qian Lian'er looked at the zodiac plate curiously, a little strange where the son had hidden it.

Lin Kai whispered: "There are twelve zodiac beasts in it, and each type of zodiac beast represents a kind of power. You can get one of these powers, but if you get this power, you can no longer betray me, you Have you figured it out?"

Qian Lian'er couldn't wait to say: "My son, I'm ready. You hurry up."

Lin Kai shook his head and laughed, and explained in detail: "You put your thoughts into the zodiac chart and feel it with your heart. Try to see if you can get the power in it."

Qian Lian'er looked nervous and felt it carefully.

Lin Kai also looked at without blinking.

After Qian Lian'er's consciousness entered the chessboard, he saw twelve majestic behemoths.

They seem to be as tall as heaven and earth, each exuding a different mystery.

Among them, the rats, cows, rabbits, dragons, and sheep have shining brilliantly.

It seems that the host has been found.

Qian Lian'er's thoughts entangled the remaining seven zodiac animals.

Suddenly, the horse beast burst into light, shot out a ray of light, and entered Qian Lian'er's body.

"Horse spell?"

Lin Kai's eyes showed curiosity, he was really curious about what power Qian Lian'er would gain from the Horse Charm.

Qian Lian'er opened his tightly closed eyes, his eyes flashed with a stream of light, and he looked at Lin Kai.

At this time, her gaze was no longer so insecure, instead she became very relieved.

She could feel that her destiny had been closely linked with Lin Kai.

This didn't make her uncomfortable, but rather happy, which was exactly what she wanted.

Qian Lian'er said charmingly: "My son, I got the power of the horse charm."

Lin Kai nodded, waved his hand to remove the aura hood, and took her back to the high platform.

Several great masters looked at Qian Lian'er at the same time with pressing gazes.

Qian Lian'er looked indifferent, and calmly accepted everyone's gaze.

"what?"

The great masters looked surprised and looked at Qian Lian'er in surprise.

Qian Lian'er's breath hasn't grown, but his temperament has changed drastically.

"What did Lin Kai do to her?"

The great masters were like curious cats. They couldn't understand how Lin Kai made Qian Lian'er change so much in just a few minutes.

After Lin Kai sat down, he faintly ordered: "Bring Wang Lianfei up."

The Tang family guards escorted Wang Lianfei up.

Wang Lianfei looked panicked, facing several great masters, his legs were weak and he collapsed on the ground.

Qian Lian'er looked at Wang Lianfei bitterly, without a trace of sympathy.

If it weren't for him, her father and the people might not have to die.

Lin Kai looked at Wang Lianfei condescendingly, and said coldly, "Wang Lianfei, I will give you a chance to survive."

Wang Lianfei's eyes suddenly brightened, and he raised his head to look at Lin Kai.

Lin Kai snorted and exploded with a powerful aura, directly pressing Wang Lianfei on the ground, blood continuously overflowing from his mouth and nose.

Lin Kai said coldly: "Did I allow you to look up?"

"Master Lin, I was wrong. Forgive me..." Wang Lianfei wailed.

Lin Kai said lightly: "Don't worry, I won't kill you."

“You go to a duel with Qian Lian’er now. If you win this battle, then you can survive; if you lose, you will only have a dead end!”

Lin Kai said coldly: “Do you understand?”

Wang Lianfei was overjoyed, he wanted to laugh.

However, Lin Kai’s aura made him very uncomfortable, which made him both painful and happy, and his expression became hideous.

Lin Kai snorted coldly and put away his aura.

Wang Lianfei knelt on the ground and happily said loudly, “Thank you, Grandmaster Lin, and thank Grandmaster Lin for your life!”

Chapter 1870

Wang Lianfei wiped off the blood from the corners of his mouth and walked to the top of the ring.

He stood on the ring and quickly meditated cross-legged.

He uses all the time, seize the time to recover his physical strength and internal energy.

Although Wang Lianfei looked down on Qian Lian’er, the lion tried his best to fight the rabbit.

For the sake of life, he must use the most perfect state to completely defeat Qian Lian’er.

Lin Kai whispered, “Be careful, if it’s not an opponent, I will intervene.”

Qian Lian’er had a firm expression and said, “No, son. I will definitely win.”

The other great masters all raised interest, and they could feel a special breath in Qian Lian’er.

Qian Lian’er walked to the other end of the ring and looked at Wang Lianfei coldly.

She did not interrupt Wang Lianfei’s meditation, but waited patiently.

Her eyes were erratic, as if thinking about something.

“What’s the matter, are these two people going to a duel?”

“The girl is Qian Lian’er, and the other is Wang Lianfei?”

Everyone looked at the two people on the stage with a clear look.

“This Wang Lianfei leaked secrets and caused the tragic death of Qian Lian’er’s father. It seems that she is going to take revenge!”

“How is this possible? Wang Lianfei is the pinnacle of a martial artist, and he almost became a martial sage.”

“But Qian Lian’er has just been promoted to a martial artist, and her breath is not very stable. She can’t be Wang Lianfei’s opponent.”

“Furthermore, she was still waiting for Wang Lianfei to adjust her breath!”

Everyone shook their heads, feeling that this Qian Lian'er is just a flower in the greenhouse. He hasn't experienced the wind and waves outside, it is too immature.

After a few minutes, Wang Lianfei opened his eyes and looked at Qian Lian'er with a sneer.

"Pity your niece, thank you for giving me time to adjust my breath."

There was a deep hatred in Wang Lianfei's eyes. It was because of the woman in front of him that his son was killed tragically, and he was reduced to where he is now.

"It's a pity that you can't kill her!"

Wang Lianfei looked into Qian Lian'er's eyes, and didn't dare to look randomly.

He was afraid that he couldn't help showing a wretched expression, which annoyed Lin Kai.

This Qian Lian'er didn't know what luck he had gone, and even tied Lin Kai, the almost invincible great master.

Qian Lian'er said softly: "I let you adjust your interest rate, that is, let you die in my hands when you are the strongest. In this way, my father will be very happy."

Wang Lianfei showed a sorrowful expression and said, "Niece, you can't come back from death. I am also very painful for Qian Ming's death."

Qian Lian'er flushed, and shouted angrily: "Dog thief, stop! Don't mention my father!"

"It's broken, the money is pitiful."

"Tsk, this Wang Lianfei is too bad, he is stronger than Qian Lian'er, and he even uses tactics to disturb her mind."

The crowd was indignant and disdainful of Wang Lianfei's shameless behavior.

But I have to say that this trick works well.

Qian Lian'er really lost his vigilance.

Wang Lianfei's eyes flashed, his figure moved, he rushed over, and shouted at the same time: "Niece, let's do it."

When Qian Lian'er reacted, Wang Lianfei's figure was already close in front of him, and he could clearly see his excited eyes.

"My dear niece, don't worry, I will spare your life!" Wang Lianfei thought excitedly.

"It's over, the outcome is determined!"

Everyone sighed, Qian Lian'er was determined to lose.

Several great masters also shook their heads. If Lin Kai doesn't interfere, Qian Lian'er will undoubtedly die!

At such a close distance, even the ancient martial artist who was also the pinnacle of the martial artist could not react, and would be successfully attacked by Wang Lianfei.

What's more, Qian Lian'er is just a rookie who has just entered a martial arts master.

Lin Kai leaned forward, the aura in his body had already fluctuated.

He is ready to take action at any time.

Qian Lian'er saw Wang Lianfei's figure close at hand, a light flashed in his eyes, and looked at Wang Lianfei coldly.

"amount....."

Suddenly, Wang Lianfei's body abruptly stopped in place, his face flushed with his hands covering his throat.

Wang Lianfei's mouth grew wide, as if roaring.

But the strange thing is that no sound came out.

Everyone looked at the weird scene in front of them, and goose bumps appeared on their bodies.

Wang Lianfei's eyes were wide, full of blood, making his eyes flushed.

He looked at Qian Lian'er suddenly and realized that it was Qian Lian'er.

He endured his physical discomfort, struggling to run to Qian Lian'er.

He can no longer care about Lin Kai, the great master, now he just wants to kill Qian Lian'er.

Let this terrible all come to an end!

Qian Lian'er's eyes flashed again, and Wang Lianfei's pupils became blank.

His face was full of fear, his footsteps became messy, and he rushed to Qian Lian'er frantically.

"what's the situation?"

Everyone watched Wang Lianfei constantly bombarding Qian Lian'er where he was originally, as if he was killing Qian Lian'er.

However, Qian Lian'er had clearly flashed in another direction just now.

Wang Lianfei bombarded a few times, and his expression became very tired.

His face became more and more red, and finally he knelt directly on the ground, holding his throat and twitching.

I don't know how long it took, Wang Lianfei's body stopped twitching, and he completely lost his breath.

Qian Lian'er let out a sigh of relief, his pretty face pale.

However, more of it is the joy of revenge.

She looked at Wang Lianfei's body with a line of tears in her eyes, and said softly: "Father, all the murderers who killed you are dead. You can rest in peace."

Qian Lian'er turned around and walked back to Lin Kai's side.

However, everyone still looked at Qian Lian'er with horror at this time.

This delicate girl, like a devil, made their hearts chill.

Even the great masters looked at Qian Lian'er very solemnly, with a little shock in their eyes.

They couldn't help being shocked, Wang Lianfei was too weird to die.

Qian Lian'er just stood on the stage and didn't even make a single move. Wang Lianfei died so miserably.

More importantly, Wang Lianfei's death was too miserable.

His eyes are like the eyes of a hanged ghost in the legend, extremely blood red, protruding out, very terrible.

Several great masters glanced at each other, their eyes very solemn.

Is this the ability that Lin Kai bestows Qian Lian'er?

They all also thought of Lin Kai's five guards.

The five guards each have their own unique skills, all of which are amazing.

The five major guards can tell at a glance what their abilities are, but no one has such a weird ability as money and pity.

Liu Shadong looked at Wang Lianfei's corpse, his eyes flashed, and he said in a deep voice: "Wang Lianfei can't breathe, he's struggling to death..."

How many people looked at each other, they were suffocated to death?

The Emperor of Fire was impatient. He coughed and couldn't help asking: "Mr. Lin, what is this female doll's ability, and why is it so weird?"

"what?"

Lin Kai looked up, his eyes blank:

"What ability? I don't know!"
