Chapter 1871 Qian Family Rebellion

After solving all the problems, Lin Kai left with Qian Lian'er.

Sitting in the car driving away from the town, Lin Kai said, "Go directly to the Qian's house. After dealing with the Qian's affairs, you will have no worries."

A light of joy flashed in Qian Lian'er's eyes, and her heart melted as she looked at the man in front of her.

Did she save the world in her last life so that she could meet a good son like Lin Kai.

Lin Kai, a big man, can still take into account the mood of a little girl.

Two hours later, the two came to Qian's house.

After the two got out of the car, they found that the door of Qian's house was violently knocked down and there were many messy footprints.

"problem occurs!"

Qian Lian'er's face tightened, but he still asked Lin Kai's opinion for the first time.

Lin Kai whispered: "This time, I'm here with you. No matter what you want to do, just let it go. I will support you."

Qian Lian'er smiled, and his anxiety was relieved.

She took a deep breath and walked inside first.

Lin Kai's expression was indifferent, and he followed behind him step by step.

In the lobby of the Qian family, the Qian family and the Wang family are facing each other.

Among them, a few corpses of Qian's guards lay on the side, adding a bit of tragic atmosphere to the scene.

"Qian Xiaofang, why did you betray the Qian family. You even joined our enemy, the Wang family, to attack the Qian family?"

The Qian family was headed by a middle-aged man, who looked at the opposite young man with grief and indignation.

Qian Xiaofang's expression was weak, and he said coldly: "Uncle Third, Second Uncle is dead! But you are stubborn, and you still don't surrender to the Wang Family. You are leading the Qian Family on the road to destruction!"

"I am saving the Qian family for the safety of the Qian family!"

Qian Tong's face flushed red, and he said angrily: "Fart. How could the second brother die? And can't his family discuss anything about it? Why did you collude with the Wang family?"

On the other side, Wang Tao smiled and said, "Brother Xiaofang is killing relatives righteously."

He scanned the crowd and said lightly: "Have you decided? Do you want to surrender to my royal family?"

Qian Tong said coldly: "Don't think about it. When the second brother comes back, I won't let you go."

At this time, a middle-aged man walked out and said impatiently: "Forced to talk, too much nonsense."

He looked at Wang Tao coldly, leaving a string of cold sweat on Wang Tao's face.

Lei Xingwan said coldly: "The ancestor's order is to destroy the Qian family. Since they are stubborn, let them be completely destroyed."

Qian Tong looked at the middle-aged man with horror. It was this man who killed the Qian's guard just now.

What frightened them was that they didn't even see how Lei Xingwan made the move.

Qian Tong said angrily: "Who are you and why do you want to destroy my Qian family?"

Lei Xingwan raised his head and said proudly: "I am Lei Xingwan from the Lei family!"

"Lei family?"

A trace of horror flashed across Qian Tong's face, and he asked in astonishment, "Could it be the legendary Lei family?"

Lei Xingwan nodded faintly, standing with his hands behind him, showing his superior demeanor.

The people around were very cooperative and showed awe.

Wang Tao looked admiring, but he was spitting out in his heart: "When you took my ten million, you didn't have a sense of superiority."

Qian Tong looked desperate, his eyes darkened.

Behind him, some Qian family members collapsed on the ground, completely losing hope.

The Lei family is a Big Mac family, and there are Lei family in all walks of life in Donghai Province.

According to the rumors, the ancestor of the Lei family is even more in the realm of the legendary great master.

With this kind of existence, a sneeze can destroy the Qian family.

Now the Lei family actually sent someone to appear at the Qian's family.

Qian Tong forcibly stood up straight and asked, "Lei's family is like a giant dragon in front of ants. Why does a giant dragon kill the tiny ants specifically?"

Lei Xingwan smiled at the corner of his mouth, very satisfied with Qian Tong's metaphor.

Lei Xingwan likes the scene where everyone is watching now, and everyone is in awe of him.

He explained patiently: "My son met someone molesting Qian Lian'er in Tianqing town. Who knew that man turned out to be a master, he brutally killed our son."

"The ancestors angrily killed everyone in the Qian family headed by Qian Ming."

"Now, all of them are looking for the **** Qian Lian'er."

"And I, being entrusted with an important task by the ancestors, is to destroy your Qian family!"

Qian Tong's figure shook, his face turned pale: "Second brother is really dead!"

Qian Tongqiang calmly asked, "If this is the case, then my Qian family is also a victim, why should I destroy my Qian family?"

Lei Xingwan said indifferently: "What a noble status is my son, but he died because of a small servant. Isn't it unreasonable for the Qian family to be buried with the son?"

Behind Lei Xingwan, Wang Tao wiped the cold sweat on his forehead. God is **** reasonable!

Lei Xingwan looked at the Qian family and said calmly: "The explanation has been explained. Are you ready to go on the road?"

Lei Xingwan took a step forward and completely released his aura.

boom!

A wave of air swept in all directions with Lei Xingwan as the center.

Let the people around you turn on their backs for a while.

Old Lei Xingwan blushed, he was just a martial arts sage, unable to control the direction of his aura, so that everyone in the Wang family behind him also suffered a disaster, and was very embarrassed by Lei Xingwan's aura.

However, his face was cold and very proud.

Let everyone think that this is a deliberate act of Lei Xing's defiance.

"Is this Wu Sheng?"

Qian Tong felt the aura of Lei Xingwan, and felt his chest was stuffy, and he couldn't breathe anymore.

He is just an ancient warrior who has just entered the warrior, and Wu Sheng's aura is like a natural disaster to him.

The people behind him are even more troublesome. Some juniors have already vomited blood and their eyes have turned pale.

"It's a chicken and shingle!"

Lei Xingwan felt bored for a while, and he was ready to destroy the Qian family.

"Go and die."

Lei Xingwan's expression was indifferent, and he walked towards the Qian family coldly.

Everyone in the Qian family looked desperate, they couldn't even stand up now, let alone resisted.

In the distance, Qian Xiaofang, who was standing with everyone in the Wang family, saw this scene and showed a sickly smile.

"It seems that my decision is correct. Only by surrendering can I leave the last trace of the Qian family's blood. You should thank me, and I will live for you!"

Suddenly, Lei Xingwan's footsteps stopped.

He muttered to himself: "The ancestor's order is that none of the members of the Qian family will stay, and all will be killed. Then..."

Lei Xingwan turned his head and looked at Qian Xiaofang in the Wang family's crowd with indifferent eyes.

Everyone in the Wang family was taken aback, and they dispersed all at once, completely isolating Qian Xiaofang.

The sick smile on Qian Xiaofang's face instantly stiffened.

He looked blank and puzzled.

"Aren't you going to kill the Qian family? Why did you come at me first?"

Chapter 1872 Killing Saint Martial Again

Qian Xiaofang watched Lei Xingwan slowly walk towards him, his face paled.

Lei Xingwan's footsteps were slow, and he enjoyed the panic and desperate look of the prey in front of him.

This gave him a morbid desire for control, as if he had become the ancestor of the Lei family, and could decide the life and death of anyone.

Qian Xiaofang smiled reluctantly: "Mr. Lei, I have betrayed the Qian family. I am now a member of the Wang family!"

As he said, he looked at Wang Tao asking for help.

Wang Tao whistled, tilted his head to the side, pretending not to see it.

Qian Xiaofang, a mere mere person, couldn't let him touch Lei Xingwan's mold.

What's more, Lei Xingwan couldn't listen to Wang Tao's persuasion.

Lei Xingwan said lightly: "This has nothing to do with me, I only know that you are of the Qian family's blood. Therefore, you must die!"

Qian Xiaofang's face was aggrieved, and he yelled to the sky, "God, why did you make me a member of the Qian family? I hate it!"

"Qian Xiaofang, the Qian family has never treated you badly!"

At this time, a crisp sound sounded outside.

Then, a beautiful figure walked in.

That delicate little face was full of anger, looking at Qian Xiaofang.

“Money pity?”

Qian Lian'er looked at Qian Xiaofang angrily, and scolded: “Qian Xiaofang, I really didn't expect you to be such a person. This is the family who gave birth to you and raised you. You betrayed like this?”

Qian Xiaofang sneered: “What's wrong with my betrayal? The position of the Patriarch of the Qian Family should be mine, but your father actually drove my father from the position of Patriarch. Do you still expect me to be loyal to the current Qian Family?”

Qian Xiaofang knelt in front of Lei Xingwan and said with a charming smile: “Master Lei, this cheap maid is Qian Lian'er. You are going to make a great contribution!”

“Qian Xiaofang, you bastard!”

Qian had never dared to speak, and Qian Xiaofang, who was sternly wincing at Qian Lian'er, looked at Qian Xiaofang angrily.

He turned his head and yelled in panic: “Smelly girl, why are you back. Run!”

Qian Lian'er shook his head and said, “Uncle San, it's okay.”

Qian Lian'er looked at Qian Xiaofang disappointedly and said, “No matter before or now, your status has not changed. After the uncle passed away due to illness, my father even raised you as a son. I didn't expect to raise one. White-eyed wolf.”

“Shut up all to me!”

Lei Xingwan showed an expression of excitement and sneered: “Are you Qian Lian'er? Unexpectedly, you ran back secretly.”

“But just right, I will take you back. The ancestor will definitely be very happy!”

“Your name is Lei Xingwan? Where are you going to take Lian'er?”

Lin Kai walked in slowly from the door.

Lei Xingwan's expression changed, and he murmured, “Where did you come from, dare you to talk to me like this?”

Lin Kai said indifferently: “It's just an unknown person.”

Lin Kai kindly reminded: “You don't want to go back to Tianqing Town, the old man Lei Qiankuang, I've already killed him.”

“Bastard!”

Lei Xingwan exploded with an astonishing momentum, and shouted angrily: “Dare to arrange the ancestors like this, do you want to die?”

Lei Xingwan's momentum blasted towards Lin Kai, but his sleeves didn't even move.

Lei Xingwan's complexion changed, his complexion became serious

It seems that this young man is a well-matched opponent!

Lin opened his hands and said helplessly, "If you don't believe me, I can't help it."

Qian Lian'er frowned and said softly, "My son, he killed my Qian's guard. I want to kill him, but I don't want him to leave."

Lin Kai said with interest: "Can you kill Wu Sheng now?"

Qian Lian'er bit his lip and said firmly, "I want to try."

She looked at Lin Kai with a smile in her eyes: "Moreover, I'm not afraid of having a son by his side."

Lei Xingwan almost got his nose crooked when he heard their conversation.

He knew at a glance that Qian Lian'er was just a rookie who had just been promoted to a martial artist.

Lei Xing said with an angry smile: "Are these two fools?"

Wang Tao didn't bother to sneer: "Qian Lian'er, if you want to die, let me send you on the road. Why bother Master Lei?"

Lei Xingwan waved his hand, revealing a bloodthirsty smile and said: "My favorite is to abuse and kill women, and they are beautiful women."

Lei Xingwan's greedy gaze rolled over Qian Lian'er, and said, "Turning you into a corpse, it will definitely not feel like playing with you."

Wang Tao's expression changed, and he secretly said: This is still a necrophilia.

Qian Lian'er's face turned cold, and he took out a dagger.

Lei Xingwan laughed and said, "Are you going to kill me with this dagger?"

Qian Lian'er nodded and said, "Yes. I'm going to do it!"

Standing with his hand, Lei Xingwan said lightly: "Do it, I'll let you do three tricks."

Qian Lian'er's face was solemn, his eyes flashed, and he whispered: "Peel!"

A mysterious breath radiated from Qian Lian'er.

Lei Xingwan only felt a huge horror coming, causing him to stand up.

Before he could react, his eyes became dark.

More than that, his sense of taste, hearing, touch, and even language skills have all been useless.

"what happened?"

Lei Xingwan was shocked, and there was an unprecedented sense of fear.

“No, it’s a mysterious energy that blocked my six senses?”

Lei Xingwan roared in his heart, and his internal energy was completely released and shocked.

He wants to shatter that mysterious energy.

Qian Lian’er’s face turned pale, and said in secret, “I can’t control him for too long.”

She gritted her silver teeth secretly, and her fighting instinct was instantly awakened.

Qian Lian’er’s eyes changed again, and her body disappeared in place with a bang.

In the next moment, he appeared behind Lei Xingwan.

Lin Kai’s eyes lit up suddenly, and it turned out to be teleporting.

How did Qian Lian’er do it? Can the power of the horse charm make Qian Lian’er teleport?

Isn’t this about the same as his natal supernatural powers?

However, what is the ability that caused the opponent to lose the six senses?

Lin Kai became curious about the power Qian Lian’er gained.

His other guards don’t have the fancy ability of Qian Lian’er.

Behind Lin Kai, the five **** kings who had been invisible also blinked dryly.

The same is the power of spells, why do they feel that Qian Lian’er’s spells are much stronger?

Does the charm discriminate against men?

The five kings just want to cry.

Qian Lian’er didn’t know the psychological activities of the people, her mind was tense, without any pause, she handed out the dagger in her hand.

“puff”

The sharp dagger was directly inserted into the back of Lei Xingwan’s heart.

At this time, Lei Xingwan’s six senses also completely returned.

Before he showed a happy expression, he felt a huge pain in his heart.

“how come.....”

Lei Xingwan looked blank, and exhausted his last strength to look at Qian Lian’er behind him.

A trace of absurdity appeared in his eyes.

The dignified martial sage was killed by a rookie martial artist?

Lei Xingwan plunged into darkness again this time.

And this time, for him, it is eternal!

Chapter 1873: Confrontation Between Two Parties

In the Qian's hall, everyone was stunned, and they didn't seem to react.

Even Qian Lian'er was in a daze and stood there blankly.

Just yesterday, she was a little girl who knew nothing about the world.

But today, her father died.

She also took the lives of two people in a row, one of them was a martial sage who was once unattainable.

On this day, Qian Lian'er really grew up.

From today, she is no longer a little girl, but an adult.

Suddenly, she didn't know what she thought of, her pretty face suddenly turned red, her eyes drifting to Lin Kai.

"Qian Lian'er actually killed a Martial Saint?"

"Is she still the Qian Lian'er I know?"

Everyone in the Qian family was surprised and couldn't believe everything in front of them.

The Wang family's eyes widened too, unable to believe all this.

Their bodies became cold and numb.

Qian Lian'er even killed Wu Sheng with a single move, so wouldn't they give the food.

"Ruined!"

Everyone in the Wang family flashed this thought at the same time.

"How is it possible? How could Qian Lian'er kill Wu Sheng?"

Qian Xiaofang shook his head, unwilling or daring to believe everything in front of him.

Suddenly, his eyes lit up suddenly.

He seemed to grab a straw, and shouted: "Don't be afraid, everyone!"

Qian Xiaofang was so excited that his voice became thinner.

He screamed: "Don't be fooled by Qian Lian'er."

"Ok?"

Everyone couldn't help looking at Qian Xiaofang.

Qian Xiaofang's expression was agitated, and he was faintly distorted.

He exclaimed: "Qian Lian'er is just a rookie who has just entered the martial arts. Whether it is from the Qian family or the Wang family, it must be very clear."

Everyone nodded, yes, this Qian Lian'er is just a martial artist, how could he kill Martial Saint.

Qian Xiaofang's eyes turned fierce, and he said coldly: "I don't believe that she can kill Wu Sheng. I prefer to believe that it was Lord Lei who had a problem just now that caused his death!"

Qian Xiaofang's words are conclusive, but there are many loopholes in it.

For example, what is wrong with a martial sage before a martial artist can be killed.

More importantly, Qian Lian'er teleported just now, and they saw it with their own eyes.

But everyone subconsciously ignored this.

Teleport?

Don't be kidding, do you think it's a fairy? Where did the ancient warriors have such a method, I have never heard of it!

Qian Xiaofang yelled: "Everyone, it's either they or we are dead today. Why don't you fight for it?"

Qian Lian'er's eyes became sad and angry, and she said with grief: "Why don't you have such courage to face the Wang family. Only when you face the same clan with a butcher knife can you become brave?"

Qian Xiaofang sneered: "It seems that you have a guilty conscience. Do you want to use words to instigate me?"

Qian Lian'er shook his head, completely disappointed in Qian Xiaofang.

Qian Lian'er's eyes became cold and coldly said: "From today, Qian Xiaofang has been completely removed from the Qian family. From then on, he is no longer a member of the Qian family!"

She looked at everyone in the Qian family and asked faintly: "Did you write it down?"

Before turning around, Qian Lian'er's expression gradually became majestic.

Everyone in the Qian family looked solemnly, and said solemnly: "Yes!"

Qian Xiaofang sneered. As long as he wins today, it is Qian Lian'er who will be expelled.

He will still be the future head of the Qian family!

Qian Xiaofang looked at Wang Tao and urged: "Brother Wang Tao, haven't you decided yet?"

Wang Tao considered the fighting power of both sides, and his eyes became fierce.

There are more warriors on their side than on the other side, and more importantly, he is a warrior!

He has never exposed this point.

Today, as long as the accident of Qian Lian'er is eliminated, he will be able to ramp up the entire Qian family!

Wang Tao used a color to let everyone in the Wang family follow him.

Wang Tao said without a smile: "Brother Xiaofang, you are right. You should come to the front and try to see how well Qian Lian'er is?"

Qian Xiaofang's face suddenly turned pale, and he looked at Wang Tao angrily.

Wang Tao sneered, obviously not wanting to take risks first.

"Okay, let me do it!"

Qian Xiaofang gritted her teeth, screamed, rushed towards Qian Lian'er, and slapped Qian Lian'er's chest with a palm.

Qian Lian'er frowned slightly and slapped Qian Xiaofang.

"boom"

Qian Xiaofang's face flushed, and he stepped back abruptly, with a trace of blood spilling from the corner of his mouth.

Qian Lian'er was also pale and took a step back.

With this palm, Qian Xiaofang was obviously inferior.

After all, he is just a martial artist, Qian Lian'er has become a martial artist today.

"Sister Lianer is mighty!"

Everyone in the Qian family cheered loudly when Qian Lian'er had won Qian Xiaofang.

Qian Xiaofang was not angry but rather happy, grinning, his mouth full of blood made his face hideous.

"Qian Lian'er, you turned out to be a martial artist, so you really hide it!"

"However, you martial artist is a bit weak. You were just promoted."

If you are a senior martial artist, this palm can kill Qian Xiaofang.

"That's it!" Qian Tong's expression suddenly changed.

"what?"

Everyone in the Qian family was puzzled. Qian Lian'er was obviously better than Qian Xiaofang, so why did Qian Tong say it badly.

Qian Tong greeted him and walked to Qian Lian'er with the remaining three warriors.

Qian Tong's face was ugly, and he asked in a low voice, "Lian'er, can't you use that kind of trick just now?"

Qian Lian'er smiled bitterly, she really couldn't use her ability anymore.

The teleport that was only about ten meters earlier had already consumed the power she had obtained from the spell.

She can only use the power of the spell again after a long period of recovery.

Seeing Qian Lian'er's face, Qian Tong's expression instantly became difficult to look at.

There are a total of eight warriors in the opposite Wang family, plus Qian Xiaofang, there are a total of nine warriors.

The Qian family only had Qian Lian'er and four warriors.

In a simple one-on-one battle, Qian Lian'er needs to face five warriors.

With the level that she had just been promoted to a martial artist, she was reluctant to deal with two martial artists.

Five warriors shot at the same time, Qian Lian'er will die!

Everyone in the Qian family also wanted to understand the key to the problem, their happy expressions gradually solidified, and a trace of despair climbed onto their faces.

"It seems that everyone is very clear about your situation."

At this time, Wang Tao led seven warriors to come forward leisurely.

He was no longer panicking at this time, and he became calm again.

Wang Tao glanced at Qian Xiaofang approvingly, and said, "Brother Xiaofang, you have done a great job this time. Your benefits are indispensable to the Wang family."

Qian Xiaofang said with a smile: "Clean up these Qian family scum, how about returning me a clean Qian family?"

Wang Tao said indifferently: "What's wrong with this?"

Qian Xiaofang was overjoyed and said, "Thank you, brother Wang Tao!"

Qian Xiaofang looked at everyone in the Qian family and persuaded: "Don't say that I don't give you a chance. Now I stand by the people next to me. I can forget the blame and forgive your lives."

Chapter 1874

"Bah, you are dreaming!"

"Talk to us with your face as a traitor!"

"Go away, the farther you die, the better!"

Everyone in the Qian family did not hesitate at all, and yelled at them.

Qian Xiaofang looked ugly, and said coldly: "Then you all go to die!"

Qian Tong said coldly: "Although you are crowded, we are not vegetarian."

Qian Tong said loudly: "Everyone, it's time to fight for your life. Kill one is enough, kill two and you will earn!"

The other three warriors burst into wolf-like gazes, looking fiercely at everyone in the Wang family.

Wang Tao smiled slightly and said faintly: "Do you think you still have the qualifications to fight with us?"

Wang Tao stepped forward and shouted coldly: "Now let you feel desperate!"

Wang Tao stepped down, releasing his inner strength with a 'teng'.

"It's a martial artist!"

Everyone in the Qian family felt Wang Tao's inner strength much stronger than them, and their faces became hard to look.

Wang Tao looked at the faces of the people on the opposite side and smiled triumphantly.

He has been hiding his identity as a martial artist, just to surprise everyone.

Wang Tao said triumphantly: "Now, do you still feel qualified to work hard?"

Everyone in the Qian family looked bleak and completely lost hope.

"Why God treats our Qian family like this!"

The people of the Qian family felt the despair facing Wu Sheng today. The hope had already come, but they didn't expect despair to engulf them again soon.

When Wang Tao spoke, his eyes were fixed on Qian Lian'er.

He saw that Qian Lian'er remained unchanged when he revealed his identity as a martial artist.

There is not even a trace of fluctuation in his eyes!

This made Wang Tao a little uneasy. Is it bluffing or confident?

Wang Tao looked at Qian Lian'er coldly, and asked in a cold voice: "Qian Lian'er, now we have far more people than you. You must die. But, you don't seem to be afraid?"

Qian Lian'er glanced at Wang Tao lightly, she was really not afraid.

She has met so many big people today, and even Wu Sheng died in her hands.

A martial artist can hardly cause her mood swings.

Qian Lian'er's indifferent eyes deeply stimulated Wang Tao.

Wang Tao encouraged his inner strength and said coldly, "Don't you think I can beat me?"

Qian Lian'er thought about it, shook his head and said, "I am not your opponent now."

Wang Tao did not relax, but his expression became more and more tense.

A trace of contempt flashed in Qian Xiaofang's eyes. This Wang Taokong had the level of a martial artist, but did not have the consciousness that swept the audience.

If it were him, he would shoot without hesitation and directly kill Qian Lian'er.

Wang Tao asked angrily: "Then why are you not nervous or afraid?"

"because..."

Qian Lian'er's eyes wavered, and his indifferent eyes became tender.

In that direction, a young man in white was leaning lazily on the door frame, looking at Qian Lian'er with a smile on his face.

A slanting sun just sprinkled on him, making his whole body shining.

Because, my son is looking at me there.

Qian Lian'er and Lin Kai looked at each other bravely, their admiration and love in their eyes did not hide at all.

Lin Kai couldn't help but averted his gaze, touched his nose and whispered, "This stinky girl."

Qian Lian'er smiled triumphantly at the corner of his mouth, as if he had won a big battle.

Everyone followed Qian Lian'er's gaze and saw the lazy young man.

At the same time, they all felt the strong sour smell.

"Qian Lian'er is relying on him?"

Everyone looked at Lin Kai up and down, and they looked like ordinary people.

Lin Kai walked up slowly and said calmly, "It seems that it's my turn to shoot."

A royal guard squinted at Lin Kai and asked with a grin: "What kind of person are you? Get out of here!"

Wang Tao's eyes flashed, and he didn't stop the guard.

He wants the guard to test what the young man has.

"Kneel down and talk!"

Lin Kai glanced away and looked at everyone in the Wang family.

A coercion that was vast like a cloud of smoke, boiling like a blazing sun, appeared instantly, sweeping across the square.

At this moment, everyone in the Wang family looked down on sentient beings as if they were facing a high god.

The invisible coercion seemed to have turned into substance, like mountains falling on them.

Everyone, including Wang Tao, trembled in their hearts and fell to the ground, shivering.

Lin Kai looked at Qian Lian'er and smiled lightly: "It's solved."

Qian Lian'er smiled sweetly and said softly, "The son is so amazing."

"What's the matter? Why are these people paralyzed?"

Everyone in the Qian family blinked, and the scene in front of them was even more outrageous than Qian Lian'er beheading Wu Sheng.

This young man just said a word on his knees, and these people knelt down obediently?

Qian Lian'er looked at Qian Tong and said in a deep voice, "Uncle San, tie these people up and take it with you."

"Just **** like that?"

Qian Tong was puzzled, but did not dare to ask.

He brought people forward and found that all the members of the Wang family were broken down and seemed to be in a nightmare.

Everyone in the Qian family was overjoyed and found the thick iron chains one after another and tied them all up.

"Bah, traitor!"

A Qian family led the big thick chain and walked in front of Qian Xiaofang.

Qian Xiaofang had also collapsed and collapsed on the ground.

Qian Tong saw that they didn't struggle at all, and even if they were tied with a thick chain, he accepted all this.

Qian Tong ordered the guards to bring everyone from the Wang family into the boss and let out a sigh of relief.

He turned around and invited: "This son, please move your footsteps, and Yajian tells you how."

Qian Lian'er also looked at Lin Kai hopefully.

Lin Kai naturally gave Qian Lian'er the face, so he nodded faintly.

A group of several people walked into a guest room dedicated to VIPs, and asked the servants to serve tea.

Qian Tong invited him: "My son, this is the tea made by our Qian family. Please taste it."

"Oh?"

Seeing Qian Tong's expression very confident, Lin Kai picked up his teacup and took a sip.

The bitter taste entered the mouth and then melted away instantly, becoming a tangy aroma.

"Not bad!"

Lin Kai's eyes lit up and he applauded softly.

Qian Tong smiled respectfully and said respectfully: "The son, you can bring some with you when you leave."

Lin Kai nodded slightly, this tea is indeed good, it is one of the best teas he has ever drunk.

Qian Tong asked cautiously, "I don't know where your son's surname comes from?"

Lin Kai said lightly: "Mr. Qian just asks me to Lin Kai."

Qian Tong nodded, suddenly remembering something.

He turned his head to look at Qian Lian'er, took a deep breath, and asked in a trembling voice: "Lian'er, where's eldest brother?"

Qian Lian'er's face turned gloomy, and tears overflowed in his eyes.

With a cry in her voice, she whispered softly: "Uncle San, my father has been killed!"

Like a bolt from the blue sky, Qian Tong's face turned pale with a scream!

Chapter 1875

Qian Tong looked sad, sat down in his seat decadently, a sadness exuded all over his body.

Qian Lian'er said softly: "Father's body is still in Tianqing Town, let's invite him home together."

Qian Tong's body was shaken, and he quickly said, "Yes, I will make arrangements right away."

Qian Lian'er turned his head and looked at Lin Kai with pitiful eyes.

Lin Kai waved his hand slightly and said lightly: "You can handle your father's funeral with peace of mind. I am waiting for you in Dongxian Mountain."

Qian Lian'er little chicken hurriedly nodded as if eating food, and repeated apologetically: "My son, I will go to Dongxian Mountain as soon as possible to find you."

Qian Tong frowned, somewhat puzzled by Qian Lian'er.

After Lin Kai left, Qian Tong found Qian Lian'er and looked at her seriously.

"Uncle San?" Qian Lian'er looked at Qian Tong in surprise, not understanding what made him so serious.

Qian Tong frowned and asked, "Which Dongxian Mountain do you want to go to find Mr. Lin Kai? Why?"

Qian Lian'er eyes drooped and said softly: "Yes. I have decided to follow the son for the rest of my life."

Qian Tong's expression changed, and he scolded angrily: "Nonsense! Do you know how long your life is? Are you still married?"

Qian Tong looked at him and asked, "Could it be that he promised to marry you?"

Qian Lian'er looked longing, if he could marry Lin Kai, his life would be worth it.

However, Qian Lian'er shook his head with a sad expression, and said, "I am not worthy of him. Probably, I will only be the son's maid for life."

After Qian Tong heard what Qian Lian'er said, his face suddenly flushed, and he stretched out his finger to Qian Lian'er, shaking constantly.

Qian Tong said angrily: "I will never allow you to be a maid. Now that your father is gone, only you can take on the important task of revitalizing the Qian family. Are you going to let your father's ten years of hard work be wasted?"

Qian Lian'er's expression remained unchanged, and said, "Uncle San, let's invite my father home first."
"you!"

Qian Tong knows Qian Lian'er very well, her current expression has already indicated her determination.
"Forget it, Lian'er has to stay in mourning. These days, please persuade her more."

Qian Tong could only sigh, and walked out with an ugly look.

Qian Lian'er lowered his head, looked at his toes, and muttered to himself softly: "Father, I am going to pursue my happiness. Would you agree?"

Lin Kai drove directly back to Dongxian Mountain.

At the foot of the mountain, I discovered that more than a dozen luxury cars had been parked here.

At the forefront, a slender girl was bored and admiring the surrounding scenery.

Lin Kai stepped forward and smiled in surprise: "Miss Tang Ying, you are here so fast."

Tang Ying pouted her small mouth, and said in a sour tone: "Yes, I shouldn't have come. Excuse you and sister Lian'er Qingqing, I and I."

Lin Kai shook his head and said, "Lian'er has gone to do her father's funeral."

Hearing Lin Kai's words, Tang Ying's expression also became awe-inspiring.

"Sister Lian, are you okay?" Tang Ying asked softly.

Lin Kai said lightly: "This is all she has to experience, she will want to open it."

Lin Kai turned the subject away and invited, "Miss Tang Ying, would you like to go to my villa for a stroll?"

"Of course I am going, otherwise what am I doing?"

Tang Ying gave him a glance. This look was full of charm and spring, which made Lin jump for joy.

Lin Kai gave a light cough and walked up the mountain first.

Tang Ying ordered: "You are all waiting under the mountain."

After speaking, she bounced behind Lin Kai and walked up the mountain.

The many bodyguards behind him looked at each other, their expressions a bit complicated.

Their goddess seems to have fallen in love with the man in front of them.

"Wow, I haven't seen you in a few days, a lot of flowers on this mountain have bloomed."

“There are many beasts and birds. Many kinds, I haven’t seen them yet.”

Tang Ying was chirping, like a happy lark, flying around Lin Kai.

Lin Kai had a faint smile, and a beautiful woman playing happily in front of him made him feel pleasing to the eye.

Lin Kai was in a happy mood and walked up the mountain with Tang Ying while introducing her to the scenery.

It didn’t take long for the two to reach the top of the mountain.

On the top of the mountain, the surrounding environment has become a vast expanse of whiteness, and there are no five in sight.

Tang Ying was a little nervous, approached Lin Kai, and grabbed the corner of his clothes.

Standing in front of Yunwu, Lin Kai stretched out his hand and took out the Chuanguo Yuxi.

Tang Ying poked her head out from behind him, curiously looking at the Chuan Guo Yu Xi in Lin Kai’s hands.

This is a blue jade seal, and there is a golden dragon hovering in it.

It seemed to perceive Tang Ying’s gaze, and even raised its golden eyes to look at Tang Ying very humanely.

Tang Ying was startled, and stammered in Lin Kai’s ear: “Lin Kai, is this a living dragon?”

Lin Kai nodded slightly, and said with a slightly surprised expression: “I can feel the rhythm of its life. Maybe one day, it can really live as a real dragon.”

“True dragon.”

Tang Ying exclaimed: “This is a legendary beast.”

Tang Ying said jokingly: “Lin Kai, you also sent me a dragon.”

Lin Kai rolled his eyes, then turned to stare at Tang Ying.

Unexpectedly, just turning his head, his face touched Tang Ying’s soft, rosy lips.

It seemed that Tang Ying stretched her head from behind Lin Kai and kissed Lin Kai’s face.

Lin Kai was startled slightly, Gu Jing Wubo’s Dao Heart suddenly seemed to have been thrown into a stone, causing ripples.

Tang Ying was also dumbfounded, and just kissed Lin Kai’s cheek like that, without moving.

Lin Kai smiled at the corner of his mouth and chuckled softly, “How long will you kiss?”

“Ah, badass!”

Tang Ying’s small face turned red with a ‘swipe’.

She quickly backed away in a panic, as if avoiding a pervert.

“Be careful.”

Lin Kai noticed that there was a cliff not far away, and stretched out his hand to grab Tang Ying’s little hand.

Tang Ying’s body suddenly stiffened, and she looked at Lin Kai nervously.

She thought in fear, now that she is alone and widow, is Lin Kai going to plot against her?

Do I pretend to refuse or agree?

Lin Kai looked at Tang Ying dumbly and nervously, so he let go, and said angrily: “What are you thinking? There is a cliff not far behind. Don’t you fall down.”

Tang Ying nodded quickly and returned to Lin Kai’s side.

However, this time she left a few inches away.

Lin Kai didn’t care, and directly threw Chuanguo Yuxi into the clouds.

“Bad boy, why did you throw it away?” Tang Ying asked anxiously.

Lin Kai had a black line in his forehead, when did he become a villain.

Lin Kai smiled faintly: “It’s just returning to its standard.”

Lin Kai read the formula silently, and made several handprints in an instant.

“Huh~”

The clouds on the top of the mountain rolled violently!

Chapter 1876

Under Tang Ying’s shocked gaze, the clouds and mist all over the top of the mountain were rolling violently, as if an inexplicable force appeared.

Let the entire cloud split in two halves, separating the two sides.

Tang Ying was about to scream as she covered her small mouth.

Lin Kai smiled slightly, and suddenly wanted to show off in front of Tang Ying.

He chuckled: “It’s not over yet!”

Lin Kai’s fingers glowed with golden light, and he stretched out his fingers and lightly tapped them in the void in front of him.

I saw clouds and mist rolling, converging continuously, forming a avenue of clouds and mist.

This avenue of clouds and fog is hundreds of meters long.

At the end of the avenue, there is a villa indistinct, like Xianjia Dongfu.

On both sides of the avenue, the scene was also vaguely revealed.

There were even strange flowers and weeds, and the rare birds looked at the two people with their heads tilted. In their bright eyes, they were very curious.

“What a nice view.”

Tang Ying murmured.

Lin Kai whispered: “Let’s go.”

He first walked on the avenue of clouds and fog, like a **** in the sky, driving in the fog.

Suddenly, he turned around and saw Tang Ying standing still hesitating, but did not follow.

Lin Kai raised his brows in doubt and asked, “Come on.”

Tang Ying pursed her lips and whispered softly, “I’m afraid.”

Lin Kai shook his head helplessly, then returned to take Tang Ying’s little hand, and walked forward.

Tang Ying smiled and followed Lin Kai obediently.

How could she be afraid of the mere Yunwu Avenue.

She is the future heir of the Tang family, even death can’t change her color.

She is just willing to become a well-behaved little girl at the right time, satisfying a man’s face while still being in close contact.

These are the abilities that the mother gave her personally by precepts and deeds.

Otherwise, her mother would not be able to subdue her father’s treatment.

Tang Ying walked curiously on the avenue of clouds and fog, which seemed to be a cloud, but in fact, there was a solid ground below.

In the clouds and mist, they are like a couple of gods and goddesses, traveling in the mist.

When they reached the end of the mist, the two stood on the edge of the cliff, looking at the clouds and clouds in the distance, a vast scene.

Tang Ying looked at everything in front of him obsessively, and sighed, “It’s so beautiful.”

“In such an environment, I will live here my whole life and I won’t be bored.”

Tang Ying’s beautiful eyes looked at Lin Kai boldly, seeming to imply.

Lin Kai looked up at the sky, silent, as if he hadn’t heard it.

He looked at the clouds in the distance, where two twin sisters seemed to appear there, with beautiful faces.

Tang Ying looked dark, and suddenly said, “Bad, how come I feel warm.”

Tang Ying looked surprised, she only felt comfortable, as if she was in a hot bath, her whole body warm.

Lin Kai explained: "The clouds and mists here are different from elsewhere. The clouds and mists here are all transformed by aura."

"In the spiritual fog, even mortals have the benefit of prolonging life."

"For the ancient warriors, there are many benefits. It can subtly improve the ancient warriors' physique, and even strengthen the internal strength of the body."

After listening to Lin Kai's explanation, he felt the spiritual fog all over his body.

Tang Ying also had to admit it in surprise.

"Is this aura? It's amazing."

Tang Ying took a deep breath and felt the unprecedented freshness.

The two enjoyed the beautiful scenery for a while, and then returned to the villa.

Lin Kai let Tang Ying walk around, took out the special paper, and began to write and draw in detail.

He drew five pictures in a row, and they were densely filled with words.

Tang Ying glanced curiously next to him, only to feel dizzy, like a ghost painting.

Lin Kai laid out the five pictures one by one, and said: "The arrangement of the Spirit Gathering Array and the required materials are all recorded on it."

"You will send someone to send them to the great masters. Of course, you will also give a copy to your uncle, Tang Feng."

Tang Ying frowned, and said unhappily: "Do you really tell them for free?"

She has initially felt the beauty of aura.

The Spirit Gathering Array can simply turn an ordinary mansion into a blessed place, which can be passed on for thousands of years.

In such an environment all the year round, the aptitude of the ancient martial artist will become better and better.

Perhaps in the future, great masters will no longer be rare, but will walk everywhere.

Such treasures were given to these great masters for free, which made her feel very distressed.

Lin Kai said funny: "You still have your uncle here. Don't you want me to give you the Tang family for free?"

Tang Ying's expression was a little tangled, and she smiled half-jokingly and said, "We can't afford such a precious thing. Then I'll accept it by myself."

Lin Kai gave Tang Ying angrily, why this Xiao Nizi kept hitting his attention.

Lin Kai showed a slightly treacherous smile, and said: "I have not concealed the materials and arrangement of the Spirit Gathering Array at all."

"However, there is only one way to activate the Spirit Gathering Array, and that is to use spiritual power to activate it."

Lin Kai smiled triumphantly: "In this world, only I have spiritual power."

"After they arranged all the materials, they found that they couldn't activate the formation."

"You said, this time. What will they do?"

Tang Ying said thoughtfully: "They will find you, please help start the formation."

Lin Kaitan smiled and said, "That's right. But it's not free to start the formation. At that time, it's up to me to charge it."

Tang Ying said angrily: "Huh, you really are a badass!"

However, her eyes were full of smiles, as if she was very appreciative of Lin Kai's cunningness.

After finishing the business, Tang Ying thought on a whim and said, "Shall I cook for you?"

Lin Kai rubbed his chin and said, "The kitchen utensils are all complete, but there is no rice and vegetables."

Tang Ying slapped her chest, making Lin Kai's mind rippling.

With great perseverance, Lin Kai turned his gaze to one side.

In the past, why didn't you find that Tang Ying developed so well?

Tang Ying blushed slightly, and said softly: "I'll let the bodyguard deliver the food."

Lin Kai waved his hand, and a mark appeared from the void, and he was bounced on the back of Tang Ying's hand.

Tang Ying looked curiously at the back of her smooth hand, and the mark slowly dissipated on her hand.

Lin Kai explained: "With this mark, you can enter and leave the villa at will."

Tang Ying stroked the mark on the back of her hand, and thought happily: Is this a wedding gift?

Tang Ying called her bodyguard, and within half an hour the bodyguard came to the top of the mountain.

The two bodyguards carried two back baskets and stared blankly at the clouds in front of them.

"Can this go in? Will it just fall down the mountain?"

When they didn't know what to do, they saw the clouds suddenly separate.

A woman who looked like a fairy walked out through the clouds.

She walked up to the two bodyguards and looked at the fresh vegetables and rice noodles in the back basket with a satisfied look.

“You go back.”

Holding one in one hand, she walked back into the clouds.

Chapter 1877 the magical effect of spiritual energy

A few hours later, Tang Ying put the dinner on the table.

Looking at the table full of dishes, Lin Kai couldn't help swallowing his saliva.

Lin Kai asked in surprise: “Your craft is a bit strong.”

Lin Kai hadn't eaten it yet, and based on the pattern, taste and color, he found that Tang Ying's dishes were no less than five-star chefs.

Tang Ying raised her head proudly, and said proudly, “Of course. There is nothing that this lady can't do.”

Suddenly, her face was slightly shy, and she said softly, “I will do it for you every day from now on, okay?”

Lin Kai smiled and said, “Eat, eat.”

After a sumptuous dinner, Lin Kai and Tang Ying chatted a few words before returning to the bedroom to breathe and meditate.

“By the way, you can try to practice ancient martial arts here, and there will be unexpected gains.”

Before Lin drove into the bedroom, he left Tang Ying with this meaningful sentence.

In the bedroom, Lin Kai just breathed in and felt his mind.

It is not the time to practice, otherwise, with his Golden Core Stage cultivation base, the mist of the mountain will be completely absorbed by him in less than a day.

“Huh, idiot.”

Tang Ying sighed quietly and whispered to herself: “Will my mother's husband-hunting trick work?”

Her mother is a strange person, not only has the skill of chasing her husband, but also has the skill of imperial husband.

After Tang Ying packed up her things, she went down the mountain and explained everything about Lin Kai.

And she jumped back to the top of the mountain.

Many Tang family guards looked at their young lady's back and couldn't help smiling bitterly.

Did Tang Ying regard this as her own home?

When Tang Ying returned to the villa, she also found a room connected to Lin Kai's bedroom.

She went in, looked at the room carefully, and nodded in satisfaction.

“This will be my bedroom from now on.”

Tang Ying wrote a note, saying: “Big villain, my room will be next to you. Okay?”

She didn’t rush to decorate this room, after all, Lin Kai hadn’t agreed yet.

She felt the surroundings, the aura surrounding her all the time, and her expression slowly became calm.

Tang Ying stretched out her hand to touch the intangible aura, her expression was slightly lost.

Lin Kai didn’t conceal Tang Ying specifically, she already knew that Lin Kai was a cultivator, and it was this kind of spiritual energy that she cultivated.

This made Tang Ying very shocked and slightly heavy.

Because Lin Kai inadvertently raised a mouth, the cultivator can get longevity.

A monk in the Golden Core Realm can live for a thousand years.

For a thousand years, what is this not a god?

“Can I cultivate immortals too?” Tang Ying muttered to herself.

She doesn’t feel much about the long life, but being able to stay young still makes her full of interest.

Moreover, she is quite sure that she has fallen in love with this outstanding young man now.

Under the influence of her mother, she must seize the opportunity to meet such a man.

If Tang Ying can become a cultivator, then she and Lin Kai are the only two cultivators in this world.

Then she became Lin Kai’s wife, isn’t that logical?

Tang Ying shook her head, expelled these fantasies, and cultivated Guwu with her heart.

Gu Wu is different from Xiu Xian. Gu Wu needs to continuously temper his body and inner strength, so that his body can break through the limit, and the inner strength can be generated by itself.

Tang Ying practiced the ancient family martial arts, the Tang Family Heart Sutra.

This exercise is the world’s top ancient martial arts method, which contains not only the physical and inner strength training methods, but also the matching martial arts moves.

Tang Ying assumed peculiar poses one by one, and moved with a regular trajectory.

Ordinary people don’t talk about exercising in this posture, but simply posing in this posture will cause them to fracture their whole body and permanently paralyze.

A few hours later, Tang Ying was already tired and sweating, but her expression became more and more shocked, and her eyes became brighter and brighter.

Usually, she needs to rest after running for half an hour, take a medicated bath in between, and drink various expensive tonics.

Otherwise, even the ancient warriors will leave hidden wounds and will never be able to advance to the realm.

Now, after she has been running for several hours, her body is only a little tired, far from reaching the limit.

Although, this is why she was promoted to Grand Master.

However, the grandmaster can only hold on for an hour before reaching the limit.

“It’s the cause of Lingwu.”

Tang Ying’s tone was very determined, showing a charming smile, and muttering to herself: “Is this the unexpected joy the bad guy said?”

Tang Ying took out a piece of paper and wrote down his current feelings.

She was going to tell her uncle all this.

Otherwise, Tang Feng might not take it seriously.

Tang Ying rested for a while, then began to practice again.

“Cultivating ancient martial arts here for a day is comparable to being outside for a month!”

After realizing this, Tang Ying was full of energy and practiced all night without any sleep.

Whenever the physical body reaches the limit, she will give birth to strength out of thin air, so that she can continue to persevere.

The next day, when Lin drove out of the bedroom, he smelled a tangy fragrance.

Lin Kai’s expression was slightly startled, and his heart softened slightly.

If he doesn’t have a fiancée, maybe he might have accepted Tang Ying.

As for now, he can only go with the flow.

Lin Kai directly used supernatural powers and teleported to the door of the kitchen.

He leaned on the door frame and smiled and said, “Miss Tang, you will spoil my appetite like this.”

Tang Ying turned her head and said with a smile: “Are there any other good things?”

“You came out just right, let’s eat together.”

Tang Ying pushed Lin Kai and let him sit down at the dining table.

“By the way, you haven’t washed your hands yet.” Tang Ying patted her head and said.

Lin Kai smiled and said, “I will show you something interesting.”

When Lin Xinxin moved his spirit, his spirit directly used the power of the heavens and the earth to gather the aura of water in the heavens and the earth.

A whirlpool suddenly appeared in the void in front of the two of them.

The vortex slowly grew larger, directly forming a shoal of water, the size of a basin.

Tang Ying's big bright eyes blinked and whispered, "It's so beautiful."

Lin Kai took a cup on the dining table, filled a cup of water, and handed it over.

He smiled and said, "Try it."

Tang Ying took it and drank it into her mouth without hesitation.

"It's so sweet, it's warm in my stomach, and I can't feel the weight of water."

Tang Ying became surprised now.

This kind of water beach can be easily produced by a master who has awakened the power of water.

Even they can cause huge floods and inundate cities and towns.

However, Lin Kai's seems to be a little different from Shui.

After Lin Kai washed his face and hands in the watery beach, his mind moved, and the water vapor directly dispersed into the void and disappeared.

Lin Kai smiled and said, "This is not pure water, but a condensed water spirit."

"There is a lot of water aura near the villa, so it can be done. In other places, it's not that easy."

Tang Ying was shocked, and said with emotion:

"Is this a cultivator?"

Chapter 1878

After eating, Tang Ying's face was a little sad and said, "I'm leaving."

"Huh?" Lin Kai asked, "What happened?"

Tang Ying shook his head and said, "The family is going to take root in the East China Sea. I was self-willed yesterday, and there are still many things to deal with."

Lin Kai nodded: "Well, if you need help, just ask me."

Tang Ying turned her head one step at a time, reluctantly left.

Lin Kai looked at the foot of the mountain and stood for a long time before returning to the villa to practice.

While Lin Kai was practising quietly, the entire Donghai Province suddenly became more and more enthusiastic.

Almost all the ancient warriors knew what happened in the underground martial arts conference.

At the scene, two great masters actually fell.

And these two great masters died by the same person.

This person turned out to be only more than 20 years old, a young man.

The power of the masses is strong, and they quickly found out that this person was Lin Kai through various channels.

He is not from Donghai Province, but from the first family in Jiangbei.

After many inquiries, everyone sighed after learning about Lin Kai's previous deeds.

It was no accident that Lin Kai was able to kill the two great masters.

This is a very powerful and amazing man.

Of course, this is just the aftermath of everyone's tea, but another matter concerns most of the East China Sea people.

Because of the death of the stone pillar of the Lei family, the Lei family quickly fell into ruin.

At this moment, the Tang family stood up at this moment.

They announced their entry into the East China Sea in a high-profile manner, and dedicated the East China Sea to contribute to the East China Sea.

The Tang family transported a large amount of wealth and materials into the East China Sea, bringing vitality to the East China Sea Province.

This made the people in Donghai Province less resistant to the Tang family.

At the same time, they were also concerned that several super families, including the Tang family, were actually collecting a large number of top-quality jade and some rare materials.

All of a sudden, the price of jade soared dozens of times.

Those materials have soared to sky-high prices.

Of course, as long as it can be solved with money, it is a small problem for these super families.

Within a few days, they stopped buying jade and materials.

This makes the businessmen who hoard jade and materials want to cry without tears, and quickly sell them.

Their prices have been pressured again and again, gradually returning to their previous prices.

They have been acquired scattered by some retail investors.

However, those merchants soon discovered that these jade stones were taken away by retail investors.

However, the final flow seems to have gone to those super families.

When they reacted, the jade was almost sold out.

"Hey, can you only call it a super family?"

Those businessmen can only smile bitterly, and dare not make trouble with these families unless they are tired of their lives.

After several families with great masters collected enough materials, they were full of excitement and began to prepare the formation.

Lin Kai didn't know the lively disputes between the rivers and lakes, he was just immersed in the practice.

There was no time in the mountains, and in a trance, more than half a month passed.

Lin Kai sat cross-legged in the bedroom, his chest undulating regularly, and white mist encircled him, making him more extraordinary.

Lin Kaihu opened his eyes, a ray of golden light burst out suddenly, illuminating the void.

He frowned and heard a vague voice coming in from outside the villa.

Lin Kai stretched out his hand and calculated, his expression moved slightly.

"It's been half a month. It seems that these families have gathered the materials and arranged the spirit gathering array?"

Lin Kai smiled at the corner of his mouth and said to himself: "They should be anxious too."

Lin Kai waved his sleeves and walked out of the villa.

With a move of his mind, the clouds rolled and split open on both sides, forming a avenue of clouds and mist.

At the other end of Yunwu Avenue, all the great masters opened their eyes wide, looking at the miracles in front of them incredibly.

The Emperor Huo whispered to himself: "Is this the immortal world, is this the road to immortality?"

The other great masters did not laugh at the emperor's gaffe, because they were also shocked at this time and couldn't believe it.

Tang Ying followed Tang Feng's side, and those beautiful eyes had already fallen affectionately on Lin Kai's body.

After half a month, Tang Ying's longing for Lin Kai grew stronger.

These days, she also heard some rumors about Lin Kai.

She also sent someone to investigate, and she knew that there was a fiancée in Linkai, the capital.

The twin sister of the fiancée also seems to have an ambiguous relationship with Lin Kai.

Tang Ying looked at the photos of them and found that it was indeed the face of the country and the city.

Even, they are three points more gorgeous than her.

Tang Ying was in a complicated mood. She didn't know what to do, so she asked her mother.

However, her mother asked in astonishment: "Such an excellent man, hasn't been married yet? Daughter, shouldn't you have fun?"

Tang Ying asked softly: "Then shouldn't I give up?"

Her mother replied: "A good husband who can look good is to be grasped even if he is dead."

Hearing this, Tang Ying rekindled her fighting spirit, her appearance was a little worse, but she went to the hall and went to the kitchen.

On the bed, there are even many mothers teaching her moves to ensure that men can't stop!

In addition, her family is also stronger than the Long family.

After all, the Tang family is the largest overseas Chinese family, and the inheritance of a hundred years is not a joke.

Lin Kai walked up to the clouds and smiled and invited: "Everyone, please tell me about the villa."

The great masters are all outstanding human beings, standing on the pinnacle of world force.

Although his mind was shaken for a while, he still followed Lin Kai without changing his face and walked on the Avenue of Clouds and Fog.

After a few people entered the villa, they came to the living room.

Tang Ying made some tea while he was familiar with the road, and served them to several great masters.

After preparing everything, she naturally sat next to Lin Kai, like a wife.

Several great masters showed ambiguous smiles and looked at Lin Kai and Tang Ying.

The corner of Tang Feng's eyes twitched, and this niece completely followed his sister-in-law's character of daring to love and hate.

Tang Feng took a sip of tea, and could only pretend not to see it.

Liu Shadong looked around, and the villa was still filled with clouds and mist.

Almost all of their lower bodies were hidden in the clouds, as if sitting on the clouds.

Liu Shadong said softly, "Is this the Xianjia Dongfu?"

Lin Kai smiled and didn't say anything.

In fact, this can't be regarded as Xianjia Dongfu.

The real Xianjia Dongfu has exceeded the limit of their imagination.

Jin Chi started straight to the point and said: "Mr. Lin, we have all set up the formation, why can't it start."

After seeing the environment of Lin Kai here, they became more and more looking forward to this spirit gathering formation.

Just sitting here, they can feel the spiritual energy nourishing their bodies, and they are actually improving.

Their complexion remained unchanged, and their hearts were already rolling violently.

Their physical bodies have almost been elevated to the limit, but now they can improve their physical bodies without practicing.

If you cultivate in this environment, it will bring much change.

Thinking of this, the hearts of several great masters became extremely hot.

Chapter 1879

Facing the questioning gazes of several great masters, Lin Kai drank tea in a hurry.

Although the great masters were anxious, they didn't dare to show Lin Kai's face.

Lin Kai said leisurely: "I can guarantee that the formation for you is completely correct."

The Emperor of Fire hurriedly asked: "Then why do we all activate the formation?"

Lin Kai rubbed his chin, thought for a while, and said, "I remember what I said before. This formation can only be activated by me. Masters, have you forgotten?"

The few people looked sullen, of course they remembered.

But these great masters are also arrogant people. Why can't they do what Lin Kai can do?

In this situation, they will not think that it is their own problem, but that there is a problem with this formation.

Of course, they didn't say it clearly, but they expressed this meaning in their eyes.

Lin Kai spread his hands and said helplessly: "These are all flaws in Huang Tianshi's design, so that only I can activate the formation."

Several people glanced at each other, and their eyes were clear.

Now they finally understand why Lin Kai told them how to arrange the formation for free.

It turned out that he was waiting for them to enter the pit in this place.

This is a dignified and upright plan, and they have to enter the grains.

Especially, when they came to Lin Kai's villa and felt the wonders of aura, it was even more impossible for them to give up the Spirit Gathering Formation.

Lin Hong pondered slightly, and asked, "My nephew, you said last time about starting the formation for me for free..."

Lin Kai nodded and said with a smile: "Uncle Lin, please don't worry. I will start the formation with you later."

Lin Hong smiled and said gratefully: "Then I would like to thank my nephew."

Lin Kai turned his head to look at Tang Feng, and said softly, "Uncle Tang, I will also activate the formation for you."

Tang Feng's expression was solemn, and he said solemnly: "Lin Kai, I'm doing business. I can't let you do things for free. This will make me feel uneasy!"

Lin Kai thought about it, nodded and said, "It's me Meng Lang, Uncle Tang, let's talk in detail later. I have something you need to do."

Tang Feng smiled and sat calmly on the side.

Seeing that Lin Kai had promised to start the formation for the two great masters' families, the remaining three great masters immediately became anxious.

The Emperor of Fire rubbed his big hands and asked in a deep voice, "Mr. Lin, we want to ask you to help open the formation. What do we need to do?"

The other two also nodded quickly and stared at Lin Kai together.

Lin Kai smiled, took out a list from one side, and said, "I need these things. You can distribute them. As long as you gather these things for me, I will start the spirit gathering array for everyone."

The three of them took the list, looked at the dense text and even the pictorial annotations, and couldn't help laughing.

Lin Kai's appetite is really big.

Inside, everything they knew was a rare treasure.

These things alone are worth billions.

What's more, they don't know most of the treasures in it.

Jin Chi frowned and said embarrassedly: "Mr. Lin, these treasures are not easy to collect. Is the price a bit too high?"

Lin Kai shook his head slightly, and said calmly: "I think you have already felt the benefits of the Spirit Gathering Formation."

"However, there are some benefits that will be undetectable for a while." Lin Kai said solemnly: "In this kind of spiritual fog all the year round, anyone will live for a hundred years without being invaded by diseases."

"Furthermore, when practicing ancient martial arts, it also has the effect of repelling fatigue, and can even replace tonics."

"You will know these benefits in the future. Therefore, my fee is really low."

The emperor of fire said: "However, these things may not be collected at the moment."

Lin Kai smiled and said, "It's okay, I'm not in a hurry."

The three great masters had no choice but to help, Lin Kai was not in a hurry, but they were anxious.

This Spirit Gathering Array is opened one day earlier, and you can enjoy the benefits of the Spirit Gathering Array one day earlier.

They gritted their teeth, no matter how difficult it is, they have to get things together within ten days.

At this moment, Liu Shadong's eyes flashed and asked: "Mr. Lin, can you ask me, do you want these things to arrange another formation?"

Several other great masters also looked at Lin Kai with a slightly condensed expression.

Lin Kai chuckled and said, "Excuse me for nothing to comment."

He asked for the materials collected by several great masters in order to set up the spirit-inducing formation and the maze formation.

Spirit-inducing Array is an advanced version of Spirit Gathering Array. Not only can it absorb the aura around it, it will extend farther.

The aura of the Spirit Gathering Array is no longer enough for his cultivation.

Only the spirit-inducing formation slowly absorbs the aura from the entire East China Sea province to satisfy his cultivation needs.

Another function of the Lost Array is to hide the entire Dongxian Mountain in the clouds and mist, making it completely his private domain.

In this way, anyone who enters Dongxian Mountain without his permission is like a ghost hitting a wall, and can't get close to Dongxian Mountain at all.

Moreover, after the formation of the spirit-inducing formation, a heaven and earth vision will occur.

In order to be unobtrusive, the Wandering Array is also very necessary.

These two formations were not comparable to the Spirit Gathering Formation, so he naturally wouldn't tell others.

"By the way, I have something ugly to say before."

Lin Kai suddenly said: "The level of the Spirit Gathering Array is closely related to the environment and the eyes of the Array."

"If your spirit gathering array can't achieve the effect of mine, don't think that I am hiding my personalities."

Several great masters nodded at the same time, Lin Kai wrote down these precautions a long time ago.

They are all great masters, and the blessed land they are looking for is not worse than Dongxian Mountain, or even more than that.

As for the most critical formation eye, they also found the best treasure.

Jin Chi asked curiously: "I don't know what kind of treasure Mr. Lin's eyes are."

Several other great masters, even Tang Feng looked at Lin Kai eagerly, a little curious as to what Lin Kai used as a predicament.

The environment of the blessed land, they think it is not bad compared to Dongxian Mountain, but the treasures that suppressed the eyes are not in the bottom of their hearts.

Lin Kai pondered for a moment, he had already gathered a lot of wool from a few great masters, and he couldn't refuse this request.

"All right then." Lin Kai nodded.

Several great masters were slightly surprised, and prepared to go with Lin Kai to where they stood.

But Lin Kai didn't even move, and sat there steadily.

Several great masters frowned. For this matter, Lin Kai wouldn't play tricks on them, right?

Lin Kaixin moved, and saw the golden light flashing, and a piece of jade seal flew over and landed on Lin Kai's hand.

The great masters suddenly widened their eyes and looked at this jade seal flying over in an incredible way.

The fire emperor said eagerly: "Why does it fly?"

Lin Kai smiled indifferently and said, "This may be because this treasure is so perfect."

Several great masters became curious and looked at this three-inch jade seal.

Chapter 1880: Starting The Spirit Gathering Array

Liu Shadong suddenly asked in surprise: "This is the Jade Seal of the Chuan Kingdom?"

Lin Kai smiled and said, "Liu Zongshi, good eyesight."

The Jade Seal of the Chuan Kingdom was in Lin Kai's hands, emitting a misty blue light, spinning slightly.

Inside the Yuxi, there is a golden dragon hovering in it.

This golden dragon was so vivid and terrifying, as if it were a living creature.

Liu Shadong even felt that the golden dragon seemed to blink slightly just now, and looked at them secretly.

When Liu Shadong took a closer look, it turned into a statue again.

Liu Shadong muttered to himself: "I was wrong, how could it be a living thing?"

Lin Kai chuckled and said, "Everyone, as long as you can find treasures of the same level as mine, your blessed land will surely reach my level."

At this time, the moods of several great masters became dignified.

The material of Chuanguo Jade Seal is not the best material in the world, but no one dare to say that their treasure can be compared with Lin Kai's jade seal.

Because this jade seal has been used by generations of emperors to control the life and death of all the people of China.

Its symbolic meaning, on the land of China, I am afraid that few treasures can match it.

They have reason to believe that the reason why Chuanguo Yuxi is so mysterious is because of the emperor status it represents.

Lin Kai looked at the solemn looks of these great masters, and smiled.

After the gossip, apart from Tang Feng, the other four great masters left.

Before Lin Hong left, Lin Kai also promised to wait for the Tang family to start the formation before going to the Lin family.

After they left, Tang Feng asked in a deep voice: "Lin Kai, you can make your request. No matter what, our Tang family will do it."

Lin Kai waved his hand and said, "Uncle Tang, it's not that serious. However, I really have something to do. Please ask the Tang family to investigate it for me."

Lin Kai whispered: "I want the Tang family to help me investigate the Leiyuan Group and trace Lin Yuan's whereabouts."

Lin Kai reminded: "Lin Yuan is very dangerous. He may be in the realm of a great master, and he is sinister and vicious. Uncle Tang must not be careless."

Tang Feng's expression also became solemn, nodded, and said solemnly: "Okay, I will pay attention."

Lin Kai stood up and said with a smile: "Uncle Tang, let's leave. Go to Tang's house to start the gathering formation for you."

Tang Feng also showed a smile. This Spirit Gathering Formation is related to himself and the future of many of the Tang family's children. Naturally, the sooner the better.

The Tang family also chose a mountain that is no less famous than Dongxian Mountain.

At the foot of the mountain is the residence of ordinary disciples of the Tang family.

The more you go up, the more you are a direct disciple of the Tang family.

The entire mountain peak is covered by top jade, as if it were a mountain range made purely of jade.

Lin Kai flew directly to the top of the mountain and sat cross-legged in the void.

He had a solemn expression, he was muttering words, and at the same time he made various handprints and flew into the mountains below him.

After not knowing how many mantras and handprints were made, Lin Kai suddenly opened his eyes and shouted softly:

“scold!”

I saw a golden light flew out of Lin Kai’s hand and sank into the mountains.

The entire mountain range suddenly fell silent, followed by a buzzing sound, directly bursting into light.

All the jade stones are shining with bright light, and between them, there appears a bright light that connects all the jade stones together.

There was a slight shock between heaven and earth, and a trace of aura was attracted and gathered towards this mountain range.

Tang Feng showed a look of surprise. Although the spirit mist had not yet appeared, he had already felt that the spirit energy was gathering.

Over time, the mountains of the Tang family will also appear spiritually foggy.

Lin Kaifei fell and fell to Tang Feng’s side.

Tang Ying hurriedly stepped forward, handed over the towel, and said distressedly: “You’re tired, wipe off your sweat.”

Tang Feng: “...”

Lin Kai saw Tang Ying’s sincere gaze, so he took the towel and wiped the non-existent sweat on his face.

After Lin Kai wiped his face, he handed the towel to Tang Ying and said, “Uncle Tang, the gathering array has been activated. However, the treasure that you suppressed is slightly inferior to my jade seal, and in the end it cannot reach the richness of mine. Lingwu.”

Tang Feng nodded and invited, “Lin Kai, go sit at home. I’ll let Ying’er prepare meals.”

Tang Ying also looked at Lin Kai hopefully.

Lin Kai hesitated for a moment, and said, “Next time. I have to go to Lin’s house again.”

Under Tang Ying’s unwilling gaze, Lin Kai still cruelly turned and left.

When he left, he was still thinking to himself, why he didn’t want to reject Tang Ying?

Is it because I haven’t eaten the food she cooked for a long time?

Suddenly, Lin Kai smacked his lips and said in secret: “It seems that I have to find a chance to visit the Tang family again.”

On the way, Lin Kai called Lin Hong.

After a while, Lin Yun drove up in front of Lin Kai.

He looked at Lin Kai with an extremely complex expression.

Lin Yun originally thought that Lin Diansha was a stone obstruction in his life. It won't be long before he will be able to step over this stone and stride forward.

Who knows, the stone was indeed easily crossed over.

However, their identities have been reversed.

He became an insignificant stone under Lin Kai's feet.

Lin Kai had completely left him behind and became the top group of people in the world.

Moreover, he is a very good one in this group.

This shocked Lin Yun, who was arrogant and arrogant, but he was also very weak.

Lin Kai's current height is something he can only reach in decades.

But at that time, where did Lin Kai go?

Lin Yun put away his complicated emotions, and said with a little bit of formality: "Mr. Lin, please get in the car."

Lin Kai nodded slightly and got into the car calmly.

Upon seeing this, Lin Yun clenched his fists again.

The place chosen by the Lin family was also a mountain range.

At this time, most of the Lin family at the foot of the mountain were waiting here.

They all looked complicated, looking at the man in front of them.

On the same day, they also held a banquet together.

Unexpectedly, their identities are now very different.

They didn't even have the courage to talk to Lin Kai. Can only watch from a distance.

Lin Kai glanced around, everyone moved their eyes away from guilty conscience.

On that day, they made a noise, and Lin Kai almost couldn't get off the stage.

If Lin Kai retaliated, they would not be able to bear it.

Lin Kai didn't care about these people's thoughts, frowned and asked, "Sister Lin Xueer, why aren't you here?"

He suddenly remembered that on the day of the underground martial arts conference, Lin Xueer did not show up either.

After several contacts, he discovered that Lin Xueer was a particularly curious person.

She shouldn't miss things like the underground martial arts conference.

Besides, how could Lin Xueer be absent on such an important day today?

Not far away, Lin Hu pursed his lips slightly, but did not reply.

Lin Yun was also stunned and couldn't help looking at Lin Hong.

Upon seeing this, Lin Kai's expression turned gloomy in a moment.

His eyes flashed with cold light, and he looked at Lin Hong coldly.
