

## Special Forces God Level Extraction System

### Chapter 19: Draw

#### Chapter 19 Draw

“Ok?”

Zhao Tai was taken aback for a moment and let himself shuffle the cards. What kind of trick is this?

Lin Kai picked up a piece of cloth from one side and directly blindfolded his eyes.

“Gambling, don’t rely on eyes, but on ears.” Lin Kai pointed to his ears and said calmly.

As soon as this sentence came out, the audience was silent for a few seconds, and then there was an uproar.

Is this too bragging? They all know Lin Kai, what Lin Kai’s gambling skills are, they know very well.

At most, it’s just changing cards when gambling, saying that he can draw cards by ear, which is simply bragging!

“Shao Lin, are you kidding? This is not a dice. Besides, listening to the dice is very difficult!”

“Shao Lin, give up if you don’t, don’t be brave!”

“I don’t believe he can draw, if he can draw the right hand, I will eat the card!”

A voice of questioning and disdain sounded, and even the fat man Zhang Kaixuan squeezed a sweat for Lin Kai.

Lin Kai had a few brushes. He was clear in his heart. He wanted to bring Lin Kai over to play two. It didn’t matter if he lost, but Lin Kai insisted on giving out his last dignity!

Zhang Kaixuan whispered: “Lin Kai! Are you crazy? Stop bragging, you will be ashamed of bragging again!”

Lin Kai's eyes were covered with cloth, and Zhang Kaixuan did not respond at all.

As for Zhao Tai, he was stunned for a while, and then he laughed out loud.

The look in Lin Kai's eyes was like looking at a fool.

Zhao Tai is the heir to the king of gambling, and he has a lot of experience in gambling.

There is a basis for listening to the dice. After all, there are only five dice, and the sounds they make are slightly different. There are masters who can judge the points based on the sounds made by the dice.

Zhao Tai dare not say that he can do this.

Playing cards? This is just a joke!

The sound of every playing card is exactly the same, how do you listen?

In addition, there are not only five playing cards, but dozens of playing cards!

Lin Kai does not rely on his eyes, his memory, his ears? What ears can be so powerful?

Therefore, Zhao Tai dared to conclude that he was inferior to himself in gambling, so he wanted to get through by luck!

But this is impossible! Anyway, I only need to win him by one hand. At that time, there was a popping sound, and Zhao Tai shuffled the cards directly!

Zhao Tai shuffled the cards very fast, and after listening carefully, he could only hear the sound of pops.

Afterwards, Zhao Tai spread the playing cards flat on the table.

"Lin Shao, I have shuffled the cards, but I want to see, how is your skill in the draw!"  
Zhao Tai raised an eyebrow and sneered.

Lin Kai took off the red cloth from his eyes and looked at the playing cards on the table.

"Lin Shao, I, Zhao Tai, have been in the casino for more than ten years. I have seen a lot of people who can change cards and record cards."

"But this is a draw. This is the first time I have seen you. Lin Shao, are you too bragging? Still draw? If you can tell, I will eat this deck of cards!"

Zhao Tai sneered.

“Hahahahaha...”

There was a roar of laughter at the scene, and everyone echoed Zhao Tai: “Lin Shao, although I am on your side, the draw is too nonsense, right?”

“Yes, Lin Shao, why don’t you say that you have supernatural powers? I think supernatural powers are more reliable than draws!”

“Young Master Zhao, take me. If he can hear it out, I’ll eat playing cards!”

The fat man on one side, sweating on the other, was afraid that Lin Kai would put the dignity of the Lin family here.

He wanted to let Lin Kai go, but Lin Kai didn’t listen to him at all now, that’s all, he could only resign.

Lin Kai completely ignored the ridicule of everyone, just looked at the playing cards on the table.

God eye skills are activated!

Immediately, Lin Kai’s eyes gave off a refreshing sensation, and then the deck of playing cards began to change in Lin Kai’s eyes.

The back of the playing cards began to become transparent, and Lin Kai knew everything about the content of each playing card.

“Young Master Zhao, will your father draw?” Lin Kai said as he picked up a playing card.

When Zhao Tai heard this, he said proudly at the time: “My father is the Macau gambling king. As for the draw, this is completely illogical nonsense. My father will listen to dice!”

“So, I am better than your father?”

“Six of spades!”

Snapped!

A playing card was opened by Lin Kai in public!

Zhao Taizheng wanted to laugh, but when he looked closely, he saw a six of spades appear in front of him!

It really is a six of spades!

And everyone was stunned at this time, it was really a six of spades!

The fat man who had covered his eyes couldn't help but glanced at it. After seeing the six of spades, his chin almost fell to the ground!

How is this possible? This is not logical at all!

This kind of draw is totally unexplainable! How can anyone have such a clever ear, can hear the content of each card, and remember it with their brains!

Besides, even if he could hear him, how did he remember Zhao Tai's shuffling speed so fast?

Luck, it must be luck!

Zhao Tai thought so too. Immediately, Zhao Tai looked up and said with disdain: "Haha, luck."

"Really?" Lin Kai smiled slightly, picked up a poker card again, and said, "Diamond one."

Snapped!

After the card was opened, only a square appeared in front of everyone.

It's really cube one!

The first time was luck, but the second time? Is it luck the second time?

Everyone was dumb.

Zhao Tai was also pale, and couldn't believe that the scene before him was true.

"Luck, it must be luck!" Zhao Tai insisted that Lin Kai was lucky, he must be right!

"Really? Then I will make you desperate!"

"Tractor, four, five, six!" Lin Kai sneered, took three cards directly, and opened them with a snap!

Four, five, and six three cards appeared in front of everyone.

This time, who would dare to say that Lin Kai was lucky?

Three times, luck can help Lin Kai once or twice, can it help Lin Kai three times?

The audience was stunned, and Lin Kai vividly made the impossible possible in front of everyone.

When the draw is played today, only Lin Kai is the only one!

That Zhao Tai's complexion was livid at this time, allowing him to roam the casino for more than ten years, but he could not explain the incredible scene before him!

"Impossible! You cheated!" In anxious situation, Zhao Tai actually roared a very stupid word!

Lin Kai smiled slightly, and said calmly: "Gambling, that is, a thousand arts? What is the highest thousand arts? That is, you know that this scene that happened before is impossible, but there is no evidence that I am a thousand, do you think so? Descendant of the King of Gambling?"
