Chapter 1901

“Leiyuan Group has achieved a major breakthrough in biotechnology!”

“The gene potion that can make ordinary people become evolutionaries?”

“The strongest evolutionary is comparable to a great master?”

“Just spend money to become stronger?”

News from the newspapers and the Internet quickly spread across the country.

Immediately afterwards, foreign countries also got the news from various channels.

Not many people believed it was true at first.

Because, how could there be such a magical genetic medicine?

However, one by one videos appeared on the Internet.

They injected D-type genetic medicine live broadcast, and after suffering tremendous pain, they actually turned from an ordinary person to a warrior-level evolutionary.

“Oh my God, this is amazing too!”

“The biggest regret in my life is that I can’t become an ancient warrior! Now, I have a chance!”

“It’s too expensive, I can’t afford it.”

“I have money. I’m going to the East China Sea. I must buy a genetic medicine!”

On the Internet, billions of ordinary people have become excited, why don’t they want to become a powerful warrior?

However, the ancient warriors are either inherited from the family or have different sects.

Even if they are interested, they can’t find a way.

Now they saw the opportunity.

You don’t need to practice hard, just inject genetic medicine, and you can become an evolutionary within a few minutes.

This is good news for ordinary people who can’t endure hardship or have poor talents!

A warrior-level evolutionary is indeed not taken care of by most people.

However, Leiyuan Group has already released the news that they will continue to introduce higher-level genetic medicines.

However, the high price of one million still made most ordinary people sigh.

They simply don’t have that much money to buy genetic medicine.

However, it is certainly not ordinary people who are most excited and exhilarating.

It is the wealthy families with huge wealth.

For them, money is the least valuable thing!

As long as it can be bought with money, that's fine!

Of course, in addition to the powerful and wealthy of the world, governments of all countries are eyeing the East China Sea.

For them, genetic potion is something that must be controlled in their hands.

Otherwise, there will be a large number of evolutionaries among the people, but the government will not have enough force.

This is a very huge threat to their regime!

The advent of genetic medicine has swept the world.

All the giants and governments have sent envoys to visit China.

Many experts even sneaked in and came to the East China Sea.

It is more in their interests to master the formula for making genetic medicines than to buy genetic medicines.

"I heard that the chairman of Leiyuan Group is only 27 years old!"

"A hairy boy can be the chairman? Or is he the chairman of such a great genetic medicine?"

Everyone couldn't believe it, and doubted the efficacy of genetic medicine.

"What do you know! The young man whose song is called Lin Yuan is a great master!"

"What, the great master who is only twenty-seven years old?"

At this time, everyone was shocked.

The Great Master is a group of people standing at the pinnacle of martial arts.

The best-qualified ancient warrior can only be cultivated as a great master by getting middle-aged.

I have cultivated to the realm of a great master when I was only in my twenties, and I have never even heard of it.

"As expected to be the man who researched genetic medicine, he is indeed a peerless genius!"

At this time, someone uploaded a photo of Lin Yuan.

He is standing in a building full of sense of science and technology, and behind him is written the four characters of Leiyuan Group.

And he stood by the window, standing with his hands in his hands, looking up at the stars with a faint smile on his face.

Although this is a photo from the perspective of a candid shot, Lin Yuan's demeanor is fully revealed.

"What a handsome man!"

"Shuai is no longer enough to describe him, is he an immortal descending to the earth?"

On the Internet, Lin Yuan's photos were spread wildly.

Men regard him as an idol, women are even more crazy about him.

For a time, Lin Yuan became the most famous man in the world.

Whether it was an ordinary person or a powerful party, they all focused on Lin Yuan.

Lin Yuan is in the limelight for a while!

Beijing Longjia.

In a cold room, a graceful figure was watching the news in the newspaper.

However, her whole body exudes a very strange and uncomfortable aura.

"Lin Yuan!"

A icy voice came from her mouth, and then she lost her figure in the room.

In Jiulong Mountain, several majestic figures sat unsmiling on high positions.

They looked through the materials in their hands, and their expressions were very solemn.

Among the many materials, it is Lin Yuan's materials that are placed in a conspicuous place.

Above, the investigation of Lin Yuan's behavior in society is clear.

At the same time, the grudge between him and Lin Kai was also recorded in detail.

However, there is no record of how Lin Yuan cultivated to become a great master, which seems to be a mystery.

The information about Leiyuan Group is even less pitiful.

The information they know turned out to be public content on the Internet.

This made the eyes of several big brothers a little bit of evil spirits.

"Gene medicine came out in the East China Sea. I wonder if it is a curse or a blessing to China?"

"What is the background of Leiyuan Group?"

"Lin Kai and Lin Yuan are enemies, how should we treat Lin Yuan?"

At this time, a middle-aged man raised several questions in succession.

Another man said faintly: "It is of course a blessing that genetic medicine came out in China. Otherwise, in other countries, wouldn't we be too passive?"

Another nodded and said, "Yes. Many governments are already contacting us today, wanting to buy genetic medicine."

At this moment, a majestic man sitting in the middle of the front knocked on the table.

Everyone stopped talking and looked at this person with a hint of respect.

He is Xuanyuan!

He is the God of War of China, the number one master of China, who founded Jiulong Mountain in one hand!

Xuanyuan scanned the crowd, took out a top-secret information and threw it on the table.

He said faintly: "This information was sent to me by Lin Kai from a secret channel. Please take a look first."

One of them took the information and looked at it.

His expression was originally very calm, but soon there was a hint of shock, and then furious!

"Unreasonable!"

He dropped the information, his eyes turned red, and a tyrannical aura radiated from him.

Xuanyuan pressed his hand and said in a deep voice, "Old Long, calm down."

Hearing Xuanyuan's words, the man slowly calmed his breath, but the anger in his eyes remained undiminished.

Others curiously took the information and circulated it.

"There is a strange energy in genetic medicine?"

"That energy is so cunning that even the great master can't notice it?"

"It can \*\*\*\* the qi and blood in the human body, and gradually grow?"

"Lin Kai believes that this is Lin Yuan's conspiracy, a means to control the evolutionary?"

After reading the information, everyone's complexion became shocked.

"Lin Yuan, how dare he!"

Chapter 1902

"Is the content inside it true or not?" a man said in shock.

The other person had some doubts on his face and said, "Lin Kai said that even the Great Master can't find it, so why would he know?"

Lao Long glared at him, and said displeased: "Lin Kai has his own method. Moreover, Lin Kai has been promoted to Great Master not long ago!"

The others also nodded, and they knew about it a long time ago.

Moreover, they all knew something about what happened to Lin Kai in the East China Sea.

“Assuming what Lin Kai said is true, this is troublesome!”

Everyone in the hall became worried.

Lao Long stood up and said loudly, “Thank you, let me give Lao Tzu a team. Then I will punish the Leiyuan Group and kill the \*\*\*\* Lin Yuan!”

Xuanyuan glared at him, and said solemnly: “We are Jiulong Mountain, not bandits! You sit down for me!”

Old Long hummed and sat down, his expression unconvinced.

One person said very calmly: “We must pay attention to evidence in everything, especially now that the eyes of the whole world are focused on Leiyuan Group, let’s not move rashly.”

Another person retorted: “However, isogene medicine spreads all over the world. Its side effects broke out. Regardless of the life and death of Leiyuan Group, China Huaxia will also suffer injustice.”

“Yes, at that time, all countries and powerful people in the world would suspect that it was our conspiracy!”

In the hall, the top leaders of Jiulong Mountain quarreled.

They are divided into two factions, one faction believes that the Leiyuan Group should be eliminated immediately before a major mistake is made.

The other faction believes that they should wait and see the changes and collect evidence secretly to expose Lin Yuan’s conspiracy.

In the end, the voice in the hall weakened, and they all looked at Xuanyuan.

Xuanyuan pondered for a while, and said, “Lin Kai said that this matter can be left to him.”

“Give it to Lin Kai?”

“After all, he is still young, does he have the ability to solve this matter?”

“This may be a matter of life and death, how can it be handed over to a hairy boy?”

As soon as Xuanyuan said this, many people immediately opposed it.

They don’t think that the crisis of this matter can be solved by one person alone.

Lao Long glanced at everyone and sneered: “Don’t forget, it’s the hairy boy in your eyes, so you can know Lin Yuan’s conspiracy!”

One of them sneered back: “Who knows what Lin Kai said is true or false. Who doesn’t know the hatred of your son-in-law and Lin Yuan?”

Lao Long blew his beard and stared and shouted, “What do you mean. Are you saying that Lin Kai lied?”

Another person persuaded: "Lao Long, don't use emotions. What the Lao Fang said is just one of the possibilities."

Xuanyuan waved his hand and said, "I have believed in Lin Kai's character. It is impossible for him to panic like this."

Xuanyuan looked at the crowd and said in a deep voice, "Tell me to go down. The whereabouts of all genetic medicines must be checked."

"In addition, let out the wind. It is said that there may be some defects in the gene medicine, so that everyone should not inject it easily!"

"Yes!"

Everyone looked solemn and clasped their fists.

Xuanyuan continued: "As for the Leiyuan Group, don't act rashly. Let Lin Kai take care of this matter. As for the consequences, I will bear it all!"

The faces of everyone present were strange, Xuanyuan really trusted Lin Kai, the youngest mountain lord!

Leiyuan Group, Lin Yuan drank tea and watched the news on the Internet leisurely.

On the Internet, the top ten hottest searches are all about Leiyuan Group and him.

The words of praise inside made Lin Yuan's heart greatly satisfied.

However, suddenly a hot search suddenly appeared, and quickly boarded the top position.

"Surprised! There is a defect in the genetic medicine. It is Lin Yuan's conspiracy!"

Lin Yuan's expression changed and he clicked on the hot search.

Inside, someone posted a few messages.

It is said that genetic medicine has defects and may be harmful to the human body.

It may damage the lifespan and health of the human body.

There are other news that genetic medicine contains a kind of poison, and Lin Yuan can use it to control evolvers who have injected genetic medicine.

At that time, the evolutionary will become Lin Yuan's slaves and can only take orders from Lin Yuan.

In the comments, most people questioned the authenticity of the post.

But there are also many people who are dubious about genetic medicine.

In particular, some people say that these news may come from Jiulongshan.

Faced with such rumors, Jiulongshan only posted a meaningful expression on his official account, without admitting or denying it.

Now, there are more people who are skeptical.

“Damn it, who is it!”

Lin Yuan’s face was terrifying, and his breath became very tyrannical.

At this time, Jiang He and Wuming also hurried in.

When they saw Lin Yuan’s face, they knew, Lin Yuan already knew about it.

Lin Yuan’s face slowly calmed down, and he sneered: “I saw that all the news was guessed out of thin air, there is no real evidence at all.”

Lin Yuan asserted: “Moreover, I don’t believe anyone can find any clues!”

Hearing Lin Yuan’s words, Wuming and Jiang He relaxed.

Wuming frowned and said, “Is it really the news from Jiulong Mountain, how did they know?”

“Jiulong Mountain!”

Lin Yuan’s eyes flashed with a dangerous light, and he said coldly: “It doesn’t matter. For our ambitions, Jiulong Mountain is our greatest enemy! I will destroy it sooner or later! I will only be the one who decides in the future!”

Wuming and Jiang He clasped their fists, and said in a deep voice, “I am willing to do the best for the son!”

Lin Yuan’s expression was calm, and he said faintly: “Everything goes according to plan. When the higher-level genetic medicine is released. Greedy people will eventually get the bait!”

As soon as time passed, half a month passed.

Leiyuan Group’s auction is also approaching.

In Donghai Province, many strange faces suddenly appeared.

Moreover, there are hundreds of people with blond hair and blue eyes, as well as black people with black skin.

Without exception, these foreigners exude the breath of a strong person.

When they arrived in the East China Sea, they immediately received an invitation from Leiyuan Group, inviting them to participate in Leiyuan Group’s auction.

Leiyuan Group has established a small manor, in which a grand auction will be held.

One after another, the shadows walked and walked into the manor.

Among them, the five great masters of Donghai Province also arrived here early.

However, after they arrived, they gathered in a house, not knowing what they were plotting.

In addition to them, many powerful breaths have entered the manor.

Among them, the breath of many people actually exudes the breath of a great master.

They didn't communicate too much, and after entering the manor, they waited in secret.

A large number of ordinary people are slowly gathering outside the manor.

When they saw the majestic and powerful figures in the manor, their eyes dimmed.

"It seems that even things like genetic medicine are completely unrelated to us ordinary people!"

Chapter 1903

In front of the manor, a large number of ordinary people gathered in front, staring inside.

None of them received the invitation from Leiyuan Group, nor did they have the status to let the bodyguards outside the door release.

They can only surround the door, hoping to have a chance to get genetic medicine.

Whenever a powerful ancient warrior came, they would exude a powerful aura to force the crowd away, and then Shi Shiran walked in.

There were also ancient warriors who flew up directly, stepped on their heads, and leaped into the manor.

"These ancient warriors are too hateful, they don't treat us as human beings at all!"

A large number of ordinary people clenched their fists and looked humiliated.

"What can we do? We have neither money nor power!"

"If we can become evolvers, we can compete with these ancient warriors. They don't dare to insult us at will!"

"Don't be silly, we ordinary people don't even have the qualifications to become evolutionaries. Gene medicine is controlled by these wealthy families."

"Don't you see those billionaires all entering the manor?"

"If things go on like this, the people in the manor will get stronger and stronger, and those of us who have no money and power will only get weaker and weaker!"

"I thought genetic medicine was the hope of our ordinary people, but I didn't expect it to make us even more desperate!"

"But we can't do anything, we can only watch them dominate!"

In front of the manor, many ordinary people looked sad and indignant, and sighed helplessly.

In the manor, many ancient warriors and those rich and ordinary people looked at the people outside with restraint, with a triumphant expression on their faces.

A door makes them feel like they are in two worlds.

Some people can't bear it, but this is the reality.

They can't change, they can only be silent.

“Yellow-skinned monkeys, get out of me!”

Suddenly, outside the crowd, an awkward Chinese sounded.

When they looked back, they were a group of white men with blond hair and blue eyes, dressed in noble costumes.

They were holding white handkerchiefs, covering their noses, and looking at everyone with disgust.

Everyone was irritated by the appearance of these white people, their faces flushed, and they said excitedly: “What do you mean?”

A middle-aged man came up and said in disgust: “I said, you monkeys, get out of me. We are going to the manor!”

“Apologize to me for saying who is a monkey so much!”

The crowd approached angrily and surrounded the group of white people.

“It’s stinking, let these beasts get out of me!”

Among them, a woman wearing gold, silver and jewelry covered her nose and screamed.

“Damn, I will speak Huaxia when I come to Huaxia, don’t speak bird language!”

Some people couldn’t understand the woman’s words and yelled.

“She’s saying we are beasts!”

“Too arrogant, this is in China, not Western!”

“Who are these weird flowers? There are not many such idiots I usually encounter!”

Everyone was very angry but somewhat puzzled.

In recent years, foreigners in China have become very common.

Most of the time, these foreigners can still maintain their politeness on the surface!

But the disgusting expressions of these Westerners reminded them of their humiliation a hundred years ago!

“A group of monkeys, yelling. I’m so annoying!”

The middle-aged man roared and stepped forward.

The soles of his feet fell heavily on the ground.

“boom!”

The ground under his feet instantly collapsed, and a yellow halo appeared from his body, exploding in all directions.

“what”

A violent force surged, and the people around only felt that a sledgehammer hit their chests severely.

They screamed and flew back.

Especially some people who were close to the middle-aged man had their chests sunken in, a mouthful of blood spurted out, and they passed out on the spot.

The middle-aged man scanned the square, and the crowd within a hundred meters of him had all been blown out.

“Haha, it really is a monkey!”

He laughed at their embarrassed look with a smug expression on his face.

“Xiao Gao, Xiao Gao!”

A young man spit out a mouthful of blood and tremblingly touched a friend next to him.

However, his friend’s chest was completely sunken in, and his eyes were so wide that he couldn’t even stare at him.

“Xiao Gao is dead!”

The young man murmured.

Panic and crying sounds came from other directions.

“He actually killed someone?”

Everyone looked unimaginable, these foreigners are so arrogant, they dare to kill people?

“Dead?”

The middle-aged man frowned.

At the front of this group of nobles, stood a young man.

He looks very handsome, with blond hair casually floating behind him.

He looked at the middle-aged man with a hint of displeasure, and said, “How do you kill?”

The middle-aged man said with a bad face: “FUCK, the monkeys in China are too fragile! You can’t help but fight, it’s a bunch of waste!”

“What? The people who killed us humiliated us?” The eyes of the people around were red.

The man was angry, blood splattered three feet!

“Fight with them, even if you die. We must maintain the dignity of China!”

With red eyes, they desperately killed the middle-aged man.

“Hmph, you rubbish, no matter how many come, they will all die!”

The middle-aged man snorted coldly. He didn't even move. The yellow halo on his body broke out again, blasting everyone out.

The crowd vomited blood and screamed.

The handsome man frowned and said faintly: "John, pay attention to proportions. There are too many deaths to explain to Huaxia."

Disdain flashed in John's eyes. What is there to be afraid of the Huaxia people?

However, this time he still received a bit of effort.

He looked at the people who fell to the ground around him, and said arrogantly: "I am not like you monkeys. I am a real gentleman. Otherwise, you are now dead bodies!"

"Damn it!"

"We ordinary people can't touch them at all!"

"Where are our ancient martial artists, are you just watching them bullying the Chinese people?"

The eyes of the people present flashed sadness, and they were at a loss!

"Damn wild boar, dare to run wild in China!"

At this time, some ancient warriors in the manor reacted, and they jumped into thunder and rushed outside.

"Don't go, these people are foreign aristocrats! If there is a conflict with them, it will cause serious diplomatic incidents!"

Someone recognized the identities of these Westerners and was very afraid.

"Yes, we don't have to take action. Just wait for the people in Jiulongshan to deal with it!"

There are many ancient warriors who are very calm and strongly persuade them.

"It's going to you, these wild boars have hit the door. If we don't make a move now, are we still Chinese?"

A group of ancient warriors were aggressive, exuding the aura of ancient warriors, and came to the outside of the manor.

Chapter 1904

A group of ancient warriors approached John aggressively and looked at him coldly.

"You actually murdered people in China, do you want to die?"

John sneered and took a step forward, also exuding his aura.

boom!

A very peculiar inner strength burst out, but the aura is the aura of a master-level powerhouse!

“It’s the master!”

The expressions of the ancient warriors present changed, and some people quietly stepped back. Mixed into the crowd.

“Forget it, it’s just a dead ordinary person anyway. It has no effect on China.”

“Yes, yes. Let’s spare them once this time.”

They flushed, but they argued for themselves in a low voice.

For a time, only a dozen people were left standing in front of John on the scene.

However, their expressions have also become ugly.

They are not so thick-skinned, but they are very jealous of John. They are neither retreating nor advancing.

“Damn it, why don’t those grandmasters and grandmasters come out!”

“Should we let the ancient warriors who are the tallest Wusheng die?”

These more than a dozen ancient warriors looked ugly and had already scolded the masters in the manor.

“You said I’m looking for death? Let’s do it!” John sneered: “I want to see what you yellow-skinned monkeys have.”

At this time, a grandmaster leaped out of the manor and came in front of everyone.

“It’s Huang Feng Huang Grandmaster!”

Everyone present was overjoyed and hurriedly shouted respectfully: “Master Huang, you came just right!”

Grandmaster Huang glanced at them at random and nodded lightly.

He turned his head, a bright smile appeared on his face, and laughed: “John, long time no see!”

“What? Didn’t Master Huang help us?”

Everyone at the scene looked at Huang Feng in surprise.

John showed a slight smile and teased: “It’s Ahuang, it’s been a long time since I saw you!”

An unnatural look flashed across Huang Feng’s face, and this \*\*\*\* John still didn’t save him a bit of face.

Back then, he went to study abroad, but he was not less bullied by John.

However, he must stand up this time.

Because he recognized those elegant nobles, all the children of the royal family abroad.

As long as he has a relationship with them, then he will be on the same footing in the future.

Huang Feng smiled and said, "John, what happened?"

John said dissatisfiedly: "These yellow-skinned monkeys are blocking our way. Not only did they not get out, they even dared to yell. So, I punished them."

"Fart, haven't you seen the dead?" An ancient warrior said loudly, "Master Huang, kill him. Take revenge for my Chinese people."

"revenge!"

"revenge!"

John sneered and looked at Huang Feng.

Huang Feng's face sank, and the ancient warrior flew out with a palm of his backhand.

"puff"

The man spouted blood and looked at Huang Feng incredulously.

Compared to the pain in his body, his heart seemed to be shattered by Huang Feng's palm.

The crowd around him also instantly became quiet, and they looked at Huang Feng in a daze.

Unbelievable, Huang Feng actually helped foreigners beat the ancient warriors of China.

Huang Feng looked at them coldly, and said coldly: "John has said that he just punishes you, then he will definitely not lie! As for their death, what does it have to do with John?"

"Do you people know who these nobles are? They are foreign royals!"

Huang Feng said loudly: "If you hurt the royal family, it is the crime of punishing the Nine Clan!"

An extravagant blonde girl showed a quiet smile and looked at Huang Feng and said: "You are very nice, come to me at night."

A flush flashed across Huang Feng's face, and he arched his hand to her deeply.

Dissatisfaction flashed across John's face, and a yellow-skinned monkey was lucky enough by his loyal princess.

Even if this monkey is a master, it makes him very unhappy.

The girl smiled, licked her lips and said to John, "You come with me tonight."

Hearing these words, Huang Feng and John trembled, and they wanted to come to the night right away.

"This is my Huaxia's master?"

An antiquer laughed miserably with a sad expression on his face.

Huang Feng frowned and said coldly: "Go away, let's make a way for the adults to enter?"

"Adults?"

Everyone at the scene looked dumb and looked at Huang Feng indifferently.

At the forefront of the ancient martial artist, a martial sage's expression suddenly calmed down.

"Huaxia people are not all Huang Feng and the like, the blood in our bodies is hot!"

He stopped in front of Huang Feng and quietly looked at Huang Feng and these Westerners.

"Dare you even defy my words?"

Huang Feng was furious, as if he had lost a lot of face, and hit him out with a fierce palm.

The Wu Sheng flew out embarrassedly, spit out a mouthful of blood.

Huang Feng sneered and said, "This is the fate of offending Grandmaster!"

The Martial Saint struggled to stand up, he staggered to Huang Feng, and spit directly at Huang Feng with a \*\*\*\* saliva.

When Huang Feng's Qi machine shook, he flew out the saliva.

However, his face has become flushed, and there is a strong murderous intent on his face.

"If you want to die, I will fulfill you!"

The Wu Sheng sneered and said: "Stooges, I'm waiting for you underground!"

He stretched his neck and closed his eyes.

"And I!"

Another Martial Saint also stood beside him, supported this Martial Saint, looked at Huang Feng with disdain, and said coldly: "Slacking dog, do it!"

"And us!"

The dozen or so ancient warriors present stood behind them and stared at Huang Feng coldly.

"Hehe, guys. Don't let the ancient warriors look down upon us ordinary people!"

The people who were shaken out by John just now, as well as the tens of thousands of ordinary people present.

They stared at Huang Feng angrily, and shouted: "Slacking dog, you have the ability to kill us all!"

Huang Feng's face turned pale, he staggered and took a step back.

He murmured: "It's crazy, it's all crazy. I'm a master! Shouldn't you all respect me?"

The first Wu Sheng's face was pale, and his internal organs were injured by Huang Feng's palm.

He sneered: "Respect you? You deserve it too!"

"Ahuang, it seems that your face is very worthless. These monkeys don't listen to you at all."

John laughed and teased, even if the tens of thousands of people present were angry, he didn't care.

What's the use of more people?

At this time, a strange light flashed in the eyes of a young man with a hooked nose and blue eyes in the crowd.

A strange wave extended towards the Hornets.

"Tsk tusk, what is this lunatic Brink doing?"

This fluctuation is so secret that even John didn't notice it.

Only a few members of the royal family glanced at him without a trace.

When Huang Feng was at a loss, suddenly a seductive voice came from his heart.

"Are you angry?"

"They are just lowly people, why are they yelling at you? You are a master!"

"Where is your dignity? All the masters will laugh at you!"

Huang Feng's eyes were white and he muttered, "What should I do?"

"kill him!"

"Kill them!"

Chapter 1905 Lin Kai Appears Again

Huang Feng said to himself: "Yes, kill them! Grandmaster must not be insulted!"

He suddenly raised his head, eyes filled with cold murderous intent, he wanted to kill all these people who dared to stop him!

"No, stop him!"

The expressions of the ancient warriors present changed, and they sensed Huang Feng's murderous intent.

They were furious, but they didn't expect Huang Feng to dare to actually do it.

They shouted and attacked Huang Feng together.

"Go to death!"

Huang Feng's face twisted, and he pushed out with his palms.

With the powerful inner strength, even if many ancient warriors joined forces, they couldn't stop Huang Feng.

They persisted for only a moment, and they vomited blood and were beaten out.

One of them suffered a ruptured breastbone and died on the spot!

"Huang Feng, how dare you!"

Many ancient warriors were about to split their eyes, and Huang Feng actually killed the killer!

Huang Feng smiled grimly, and the murderous intent in his eyes became more intense.

“Xiao Huang, good job!” John laughed loudly: “Come on, bite them!”

A Martial Saint vomited blood and said angrily: “Huang Feng, that foreign pig is humiliating you, do you want to help them?”

John’s complexion changed and he jumped in front of the martial sage, his face grimly said: “A trivial yellow-skinned monkey, dare to talk nonsense?”

He lifted his foot and stepped heavily on the head of the Martial Saint.

Unexpectedly, behind him a strong wind blasted directly into his heart.

John’s face changed and he kicked it out with a roundabout kick.

“boom”

The two bodies shook, and each retreated.

John was furious, murderous in his eyes, and said: “Xiao Huang, do you want to die?”

“Haha, John is flat.”

“This Huang Feng was fascinated by Brink, and he no longer distinguishes the enemy from us.”

The group of nobles giggled like they were watching a play.

Brink frowned, and a strange mental fluctuation entered Huang Feng’s mind again.

Huang Feng’s expression changed, he knelt in front of John without struggling too much, and said, “Master, I was wrong.”

John froze for a moment, and soon understood that Lord Brink had secretly made the shot.

John laughed and said loudly: “Kill all the yellow-skinned monkeys!”

Huang Feng stood up and said loudly: “Yes, master!”

The ancient warriors present were already seriously injured, and ordinary people couldn’t even reach Huang Feng.

They have lost the power to resist!

Huang Feng exploded with tyrannical energy, and his muscles swelled up.

His soles stepped on the ground vigorously, flew up, and pounced on everyone present.

“Run! Brothers, stop this beast!”

An ancient warrior yelled at the group of ordinary people and rushed to Huang Feng first.

“Death without regrets!”

The other ancient warriors did not hesitate, and all followed behind and rushed over.

“Do not!”

Ten thousand ordinary people on the court looked grieved and stopped loudly.

This Huang Feng is too strong, his outward venting energy can kill all the ancient warriors on the scene.

These more than a dozen ancient warriors rushed up to death.

The one who rushed to the front was a martial sage, his face had become very pale, and his internal organs had been displaced by Huang Feng.

Death appeared in his eyes, instead of resisting Huang Feng’s palms, he hit Huang Feng’s chest.

Huang Feng’s face was cold and his eyes were pale, but his fighting consciousness still existed.

His palm directly spit out his inner strength and blasted directly at the head of the martial sage.

In this blow, his head will burst directly!

But the speed of Qi Jin was too fast, and he couldn’t dodge it at all.

This Wu Sheng had a sad expression on his face. He couldn’t even touch Huang Feng and was about to be killed.

Unexpectedly, Qi Jin was about to touch the head of Wu Sheng, and suddenly dissipated.

His palms also slammed on Huang Feng’s chest fiercely.

Huang Feng’s face turned flush, and he rolled several times and fell ten meters away.

“what’s the situation?”

Wu Sheng stared at his palms blankly, and he actually shot a grandmaster out.

He laughed loudly and said, “I’ve been worth it in this life, and a master-level beast was beaten by me.”

Huang Feng’s figure flashed, and he rushed over again, punching him in the chest.

The Wu Sheng quickly parried and blasted Huang Feng’s fist.

Unexpectedly, Huang Feng’s fist was very weak, his fist was shaken off and hit his chest directly.

Rao is Huang Feng, the master, who has continuously endured the attack of a martial sage, but he can’t bear it.

He spouted a mouthful of blood and flew out directly.

“what happened?”

At this time, everyone present also became incredible.

John’s face became solemn, looking at this martial sage, he said solemnly: “It seems to be a master!”

The handsome man named the leader looked into the distance and said lightly: "No, it's because a great master took action."

In the place he looked towards, a young figure appeared.

He looked without joy or sorrow, and walked towards here slowly.

His steps are very slow, but each step is strangely tens of meters away.

In the eyes of everyone, his figure came to the scene in a flash.

"It's Grand Master Lin Kai!"

Everyone's eyes lit up, but they soon became sad.

"What about the Grand Master? There are many Grand Masters in the manor, but none of them took action!"

"What's more, Grandmaster Lin Kai is not from Donghai Province, and it is even more impossible to shoot for us."

After experiencing all kinds of talents, they have lost confidence in these masters and great masters.

Lin Kai's face was indifferent, scanning everything in front of him.

He glanced at Huang Feng and found that his eyes were white and very sluggish, and he understood that Huang Feng had been invaded by a heart demon.

Lin Kai snorted coldly, and the power of the tyrannical mind blasted directly into Huang Feng's mind.

"wake up!"

Huang Feng only heard a loud sound like a bell, which made his mind shake, and the strange sound in his heart also exploded to pieces.

Brink snorted, a trace of blood spilled from the corner of his mouth, and looked at Lin Kai in amazement.

Lin Kai just glanced at him lightly, and ignored him.

A clear light flashed in Huang Feng's eyes, and he looked around blankly.

Everyone on the scene screamed scars, and they were all terrified. Looked at him with resentment.

Huang Feng rubbed his forehead, he couldn't remember what happened just now.

Lin Kai asked lightly: "What happened here?"

Holding a glimmer of hope, everyone present all talked about what had just happened.

When Huang Feng heard everyone say that he wanted to kill all the people in the audience, a look of horror appeared on his face.

He shouted: "You are talking nonsense, when did I say that I would kill you all!"

Huang Feng is going to be the licking dog of the Western nobles, but let him kill so many people, how can he have the guts?

Lin Kai's icy eyes swept across, and Huang Feng closed his mouth like falling into an ice cellar.

Chapter 1906

A martial sage spit out a thick sputum, and said disdainfully: "There are tens of thousands of people here, what use are you not admitting?"

John also laughed and said, "Xiao Huang, what are you afraid of. Isn't it just killing some monkeys? What's the big deal?"

Lin Kai looked at John indifferently, and asked softly: "Niezha, did I let you speak?"

Lin Kai stretched out his palm and gently pressed it down.

An invisible giant hand appeared above John and fell instantly.

"boom"

The dust was flying, and John's body became twisted, bursting like a balloon.

Lin Kai frowned and rubbed his palms to evaporate the exploded flesh and blood.

Lin Kai nodded in satisfaction, and said lightly: "Things that are inferior to beasts should be frustrated."

A living person disappeared completely in this world in less than a second.

The ones that disappeared were very clean, and even the ash was lifted.

Everyone at the scene looked foolishly, but didn't react for a while.

"Master Lin Kai!"

"mighty!"

A man shouted loudly.

There were more and more voices present, and it became louder and louder.

Their faces flushed, eyes filled with excitement tears, and they screamed frantically.

Finally, the great master of Huaxia stood up and avenged the dead people!

A sigh of anger for them Chinese people!

Huang Feng looked stupidly and muttered: "How dare you kill him. He is the guard of the Western royal family."

Lin Kai raised his hand, and the audience instantly became quiet.

Lin Kai tilted his head, looked at Huang Feng and asked, "Why, do you have an opinion?"

Huang Feng's lips squirmed a few times without speaking.

Lin Kai said indifferently: "You killed an innocent Chinese, although you were bewitched, it was not your intention. However, the death penalty is forgiven, and the living sin is hard to forgive."

A light flashed on Lin Kai's fingers, and the gap was spotted on Huang Feng's body.

Huang Feng's eyes protruded, he screamed, and he collapsed directly to the ground.

"No, my meridians are all broken!"

He felt his body sweating profusely, with a look of horror on his face.

Lin Kai said lightly: "In the future, you won't be able to use Guwu, let's be an ordinary person."

Huang Feng's face flushed, and he roared angrily: "Who are you so special? Why do you decide my life and death?"

Lin Kai said lightly: "I am Lin Kai, the owner of Jiulong Mountain. I have the right to kill the ancient warriors who violate the law and discipline on the spot!"

Huang Feng's howling stopped abruptly, staring at Lin Kai in a daze.

Everyone looked at Lin Kai in surprise, but they didn't expect Lin Kai to be the owner of Jiulong Mountain.

There was shock and relief on their faces.

It turned out to be the owner of Jiulong Mountain. It was normal for them to be the Chinese people.

"So you are the owner of Jiulong Mountain!"

At this time, the group of Westerners came over murderously and looked at Lin Kai with angry eyes.

"You dare to kill John!"

The lady who wanted John to wait in bed at night screamed loudly.

Lin Kai looked at her coldly, and said lightly: "He killed so many people in Huaxia, killing him is cheaper for him."

The lady said angrily: "You are just a bunch of pigs, how can you compare with my John!"

The lady's face was distorted and she screamed: "I will kill all of your pigs and bury them for my John!"

"You are a pig!"

"You look like a pig, an old sow!"

With Lin Kai's backing, everyone present screamed mercilessly.

The lady who scolded was trembling and her complexion twisted.

"Die to me!"

"Dear Fire Spirit, listen to my request..."

The lady lifted a staff in her hand and started a spell.

“what?”

Lin Kai looked up in surprise, and in the sky, the fire element was converging quickly.

boom!

A flame suddenly appeared in the sky, and the flame swelled suddenly, becoming a fireball the size of a house.

With an indifferent smile on her face, the lady directed the fireball with her staff and flew into the crowd.

If the fireball fell, the blow would kill at least hundreds of people.

“Hehe, manipulating the vitality of heaven and earth in front of the cultivator?”

Lin Kai sneered and directly controlled the vitality of the world.

The fireball trembled and stopped in the air. It revolved and blasted at the group of nobles.

“Why is my magic out of control?”

The lady screamed and tried desperately to manipulate the fireball with her staff, but the connection between her and the fireball had been completely broken.

The handsome man raised his palm, which was fairer than the woman, and grabbed it towards the sky.

The tyrannical inner strength came out, forming a big hand, like grabbing a candle, directly squeezing out the flame.

Lin Kai glanced at him, not surprised.

He had long noticed that this man was a strong master at the master level.

The handsome man looked at Lin Kai with an arrogant expression and said coldly: “Huaxia, stop. Otherwise, I will punish you!”

Lin Kai sneered, his body disappeared in place and appeared in front of the lady.

His palm stretched out and directly pinched the lady’s neck.

“Let go of Cyrel!”

A group of royal descendants were taken aback, separated the two sides and yelled at Lin Kai.

Sai Li struggled desperately, but couldn’t shake Lin Kai’s palm at all.

An angry color flashed in the handsome man’s eyes, he didn’t expect Lin Kai to even dare to make a move.

He said coldly: “Let go of Cyrie, I will spare you not to die!”

Lin Kai looked at Sai Li and said faintly: "You know what, in my eyes. Together, all of you are not as good as a Chinese finger."

"Just now, you dared to try to kill someone. Is it reasonable to sentence you to death?"

Although Lin Kai was asking Sai Li, his gaze turned to the crowd onlookers.

The people onlookers flushed and shouted excitedly: "Death penalty! Death penalty!"

Lin Kai nodded and said, "It seems reasonable!"

Lin Kai ignored Sai Li's face with extreme horror, and directly squeezed her neck with his palms.

Lin Kai dropped her body casually, muttering to himself: "Compared with her attack, her body is a bit too fragile."

Lin Kai looked at the aristocrats who were still alive, with an interesting smile on his face, and said, "Your Western ancient martial arts are a bit interesting!"

"you wanna die!"

The handsome man was completely enraged by Lin Kai, his palm gushing out of vigor, directly forming a lightsaber.

Holding a lightsaber in his hand, he slashed at Lin Kai fiercely!

"interesting!"

Lin Kai's eyes lit up, he took the initiative to meet him, and banged his punch on the lightsaber.

"boom"

Lin Kai's fist collided with the lightsaber in the opponent's hand, and there was a rumbling sound, and the aura broke out, blasting in all directions!

The handsome man looked at Lin Kai's smooth fist, his face flashed with shock, and shouted in surprise, "How is it possible?"

Chapter 1907

Lin Kai shook his palm and said with a smile: "Your knife is not sharp enough!"

As if receiving humiliation, the handsome man raised his lightsaber to the sky.

He kept chanting primitive spells in his mouth, and the elements between heaven and earth kept converging towards the lightsaber.

The lightsaber swelled sharply and directly became more than three feet tall.

The world on this side has become boiling, and the space is rumbling.

"As expected of Caesar, we are the first person in the West!"

"Magic vindictive double cultivation, both have been cultivated into the gods!"

Seeing this scene, the nobles present all screamed, their eyes shining with worship.

Caesar's face flushed slightly, and it seemed that it was difficult for him to control this three-foot-long lightsaber.

Caesar shouted angrily, waved his lightsaber and slashed towards Lin Kai with the force of a thousand-junks.

"Boom Rumble"

A splendid brilliance flashed across the sky, and the sky seemed to be cut in two by Caesar's blow.

At the other end of the sky, stood Lin Kai, who seemed incomparably small.

"Huntian Jue!"

Lin Kai snorted coldly and slapped it out.

The spiritual energy between the sky and the earth is tumbling and surging, like waves of thousands of feet, rushing towards the lightsaber.

"Drive me!"

Caesar's eyes widened, the lightsaber burst into endless light, and directly slashed the surging aura waves to both sides.

The mighty wave rushed directly from both sides of Caesar's body.

The lightsaber decisively chopped down at Lin Kai's head.

"Oops!"

The crowd around the audience exclaimed in unison, worrying for Lin Kai.

"Caesar, kill him."

But many nobles looked excited and shouted in applause.

However, Lin Kai's expression was flat, with a move with both hands, the huge waves that split on both sides whirled around, forming two long milky white dragons.

They hovered one by one, strangling directly towards Caesar.

"Change your life with me?" Caesar's eyes were raging, and instead of turning around and slashing towards the dragon, the lightsaber slashed towards Lin Kai even more swiftly.

Lin Kai was even more indifferent, directing the two dragons to rush towards Caesar.

Secretly, many great masters changed their faces.

Are these two people crazy? Just after a trick, he started fighting for his life?

After this move, the two will probably die or be injured!

"Grandmaster Lin Kai, don't fight him hard!"

An ancient warrior shouted anxiously.

Those nobles also became nervous, but Caesar is their spiritual support, absolutely invincible!

Blink's eyes flashed sinister gazes, a strange mental fluctuation, like a sharp sword, slammed Lin Kai's sea of consciousness fiercely.

"Shameless Westerner, Lin Kai is going to be over now!"

The great master in the dark sensed that someone among the nobles secretly attacked Lin Kai.

Lin Kai glanced at Blink coldly, and directly exploded out with powerful divine power.

The powerful divine power directly formed a giant, looking at Blink's spiritual power with contempt.

Brink's pupils shrank, and he cried out incredible: "My God, how powerful are you?"

The giant raised his fist and blasted Blink's mental power fiercely.

Brinker's souls are all gone, and he quickly regains his spiritual power into the sea of consciousness.

Unexpectedly, the giant grabbed the tail of his mental power and returned to his sea of consciousness with Brink.

Brink's face turned pale after being 'brushed'.

If his mental power does not leak out of his body, it is impossible for Lin Kai's mental power to enter his body.

Now, because of his carelessness, Lin Kai's mental power entered his sea of consciousness, which almost sentenced him to death.

"No, I still have a chance!"

Brink looked like a gambler with a grim face, and all his mind sank into the sea of knowledge.

In Blink's sea of knowledge, Lin Kai's spirit incarnation turned into a giant, standing upright in the void.

Blink's Sea of Consciousness is like a world, constantly repelling Lin Kai's spirit, wanting to blast it out of his body.

However, the giant seemed to be rooted in the void, motionless.

The giant lowered his head and looked down at the tiny Brink at his feet, and his majestic voice sounded: "Who gave you the courage to attack me?"

Brink, who was incarnate of spiritual power, was like a flat boat in the vast ocean, swaying constantly.

His face was pale, and he sternly yelled: "Don't mess around. I am the prince of the Lanxi Empire. You dare to hurt me. Not only the Lanxi Empire will not let you go, but China will not let you go!"

When Brink spoke, his mental power was still exuding weird fluctuations, as if bewitching Lin Kai.

The giant incarnation of Lin Kai has an incomparably indifferent expression, just like the way of heaven, ruthless and unconscious.

The giant slowly said: "At this time, I still don't forget to confuse my mind. In addition to your crime of bewitching Huang Feng and letting him slaughter the people, you are now sentenced to death!"

Brink panicked completely, he shouted: "Don't kill me, or you will be killed by Caesar. You spare my life, I plead with Caesar, and spare you!"

The giant looked indifferent, and said lightly: "I won't bother you!"

The brilliance of the giant's hand flashed, and a giant axe appeared, and he said: "Today, I followed Pangu to open the sky and smashed this world!"

The giant screamed, raised his axe and slashed fiercely into the void.

"Do not!"

Brink's eyes were splitting, but he couldn't stop Lin Kai.

"Boom Rumble"

Under the power of the giant axe, the world suddenly divided into two halves.

"Lin Kai, I am waiting for you in hell!"

Brink's mental power uttered the final scream, and it instantly turned into fly ash under this mighty power.

Standing in the broken void, the giant snorted and returned to his body.

In reality, I saw Blink's seven orifices bleeding, his eyes lost the light, and he fell softly to the ground.

"Blink, what's the matter with you?"

The nobles around Brink screamed loudly, their faces panicked.

Brink is the most mysterious of all of them, but this one is dead and dead so mysterious.

It completely puzzled them.

Only the ancient warriors of the great master level knew that Lin Kai and Brink had a battle just now.

As a result, Brink lost.

His soul has been completely annihilated, leaving only the body.

The battle of mental power is completely different from the flow of time in reality.

Caesar's lightsaber had not been completely slashed on Lin Kai's body, but Lin Kai had already gone through a very dangerous spiritual battle.

Of course, this danger is for other ancient warriors.

His spiritual power and the spiritual power cultivated by other people are not at the same level at all.

If Blink's mental power is wood, then Lin Kai's spiritual power is steel.

The two played against each other, and only one end was crushed.

Lin Kai's spirit returned to his body, looked at Caesar coldly, and said calmly, "It's your turn!"

Caesar's face flushed more and more, and all of his blonde hair stood up.

He looked at Lin Kai, his voice trembled with a hint of humiliation, and shouted:

"Lin Kai!"

"You die for me!"

Chapter 1908

Caesar, the western young generation, the number one master.

Even the many veteran Battle Gods and Fashens are not his opponents.

He is also the heir of the Jili Empire, the man who wants to become the emperor in the future.

One can imagine how arrogant his heart is.

Otherwise, he would not fight Lin Kai so desperately.

However, even so desperately, Lin Kai actually took the time to kill one of his companions.

This is a great shame!

"Lin Kai, I am at odds with you!"

Caesar roared, a strong light burst out from his body, and an invisible armor appeared out of thin air and set on him.

This is the armor of fighting that can only be formed after reaching the realm of the \*\*\*\* of fighting, and it has a very strong defensive power.

Lin Kai stood there blankly, without any means of defense.

A cold smile appeared at the corner of Caesar's mouth, and the lightsaber in his hand was also heavily slashed on Lin Kai's head at this time.

And the two milky white dragons blasted on Caesar's body at the same time.

"Boom Rumble"

Between the heaven and the earth, it seemed as if there was a burst of thunder, and the endless vigor seemed to be a twelfth-level gust of wind, sweeping in all directions.

Suddenly, flying sand and rocks, smog filled.

The complexion of the nobles changed, and one of them directly chanted a spell, forming a shimmering water curtain around them, enveloping them.

However, the tens of thousands of people around were completely exposed to this violent vigor.

At this time, five figures flew out of the manor.

They stood in five directions and waved their palms to dissipate all the surging energy.

Many people who were panicked showed joy and said, "They are the five great masters of our Donghai Province!"

Liu Shadong and others frowned and looked at the smoky field.

Jin Chi buckled with one hand, all the smoke gathered, and all flew into the distant high altitude.

Only then did they see the scene in the field clearly.

Lin Kai stood there calmly, his white robe was stained with some dust, and there was a stream of blood flowing down his cheeks on his forehead.

Lin Kai stretched out his hand and wiped it lightly, and the cut skin on his forehead returned to its smooth appearance.

Lin Kai looked at the opposite, with a look of approval on his face, and said lightly: "You hurt me. You did a good job!"

"well done?"

On the opposite side, Caesar's head was unkempt, and his clothes became tattered and knelt on the ground, like a beggar.

The armor of the fighting around him had long been shattered and dissipated in the void.

"Caesar!"

Many nobles covered their mouths and looked at Caesar incredible.

It was the first time they saw Caesar who was so embarrassed.

Caesar raised his head and laughed miserably, with endless fear in his eyes.

In the previous duel, only he knew exactly what had happened.

Just now, Lin Kai blinked his eyes, letting the lightsaber cut on his head.

Caesar almost thought Lin Kai was crazy.

But who knows, the lightsaber cut on Lin Kai's head, but it made a roar like a bronze bell.

The lightsaber exploded with endless fighting energy, cut through a layer of Lin Kai's scalp, and was completely shattered by the powerful counter-shock force.

But Caesar was strangling by the two giant dragons, and did not fully defend their power.

The last aftermath broke his knee directly, causing him to kneel on the ground.

"Caesar, what's the matter with you?"

The figures of many nobles flashed, and they came directly to Caesar's side, looking at Caesar with a big change.

Caesar sat down slowly, exposing his legs.

"hiss..."

Everyone's pupils shrank, Caesar's knees had become bloody, and the bones and stubble were exposed.

Caesar endured the severe pain, and said lightly: "Skin trauma, just a few days of rest."

Lin Kai shakes his robe, making the clothes on his body smooth and white.

He looked cold, and walked over slowly.

"Let's do it together, you can't deal with this demon if you don't believe it!"

The group of nobles looked at Lin Kai like a big enemy.

"stop!"

Caesar roared and looked at Lin Kai.

He said in a deep voice, "Mr. Lin Kai, it is our fault this time. I beg you to forgive us for our sins."

Caesar endured the severe pain and knelt on the ground on his \*\*\*\* knees, begging for mercy sincerely.

"Caesar, what are you doing! You have lost all the glory of the nobility!"

Caesar's companions questioned angrily:

"We also have a God of Fighting and a God of Law, and we will surely kill this demon together!"

Caesar roared in a low voice: "My dignity is worth nothing compared to your lives. Moreover, we are not his opponents. He just took my light sword with a physical body!"

"what?"

The bodies of the nobles trembled, and their courage was like a vented balloon, becoming panic and uneasy.

They deeply knew the power of Caesar's sword of light.

To what extent has Lin Kai been perverted, who can hold this sword with his body?

"Is he a son of a devil?" a nobleman murmured.

Others smiled bitterly, is the son of the devil so strong? He is a devil himself.

Caesar looked at Lin Kai and pleaded, "Mr. Lin Kai, please forgive us for our sins."

At this time, the nobles beside him also bowed their heads, and no longer stopped Caesar's plea.

Lin Kai walked up to them and looked at them with a calm expression.

They seemed to be the light of candlelight swaying in the wind, and their faces were so pale that they would be extinguished by Lin Kai at any time.

Lin Kai pondered for a while, and finally faintly said: "I am not a murderer..."

"Since the evil devil is dead, you can survive."

Lin Kai looked at the tens of thousands of people around him, and said lightly: "However, these innocent people have been severely hurt because of your group. Some people have lost their lives."

A trace of heaviness flashed across Caesar's face, and he quickly said, "Mr. Lin, I know that my innocent life is irreversible. But please let us atone for it."

"We will personally go to the homes of these innocent people, kneel down and apologize to their families, and compensate for the damage."

The expressions of the nobles on the scene changed. It is impossible to let them kneel down or kneel down to ordinary people!

Lin Kai asked coldly, "Huh? You can't do it?"

"You can do it, you can do it!" Many nobles said hurriedly, crying.

Caesar continued: "We will pay for all the injured innocent people present."

"There are other mental damage expenses, etc., and I will try my best to meet their requirements."

Upon hearing this, Lin Kai nodded in satisfaction.

When many nobles saw Lin Kai's expression ease, the big stone in their hearts was finally let go.

They knew that they survived!

Chapter 1909 Lin Yuan appeared.

After dealing with the matter, Lin Kai looked at the five great masters who came with a very indifferent expression.

Tang Feng showed a sullen look on his face, and said apologetically: "Just now, I met some great masters in other places, and there was a little conflict. I didn't rush over in time..."

Lin Kai frowned and asked, "A conflict?"

Jin Chi sneered: "Some people think that as the local masters of Donghai Province, we must have obtained many secrets of genetic medicine, even the prescription. So they want to force us to submit and hand over the prescription."

Liu Shadong laughed and said, "Don't bother with them, they can't help us."

Lin Kai nodded, and prepared to enter the manor with a few great masters.

"Master Lin Kai!"

Suddenly, many voices were calling Lin Kai.

Lin Kai turned his head and looked at the group of ordinary people.

Lin Kai stopped and looked at them calmly.

“Grandmaster Lin Kai actually stopped.”

On the contrary, these people were a little caught off guard, and most of the time the ancient warriors dismissed them as ordinary people.

Not to mention the great master standing at the pinnacle of martial arts.

But now, Lin Kai was willing to stop and listen to their voices for them.

“Grandmaster Lin Kai is really different from other ancient warriors!”

The hearts of the people were surging, and they couldn’t help shouting loudly: “Grandmaster Lin Kai, thank you. Saved our lives!”

Lin Kai looked at tens of thousands of people looking at him with sincere gratitude, his mouth couldn’t help but a faint smile appeared.

Suddenly, a young man asked, “Grandmaster Lin Kai, you are the mountain lord of Jiulong Mountain. The genetic potion circulating on the Internet has some defects, and is it even true that the rumors of conspiracy are correct?”

The youth’s voice was loud, and the scene was strangely quiet.

In the manor, a group of people also appeared, looking at Lin Kai.

Among them, in the dark corner, there was a black shadow looking at Lin Kai with an angry look.

“Damn Lin Kai, it turned out to be from Jiulong Mountain! He actually broke into my shadow gate and almost became a high-level man!”

Suddenly a trace of doubt appeared in his eyes. Lin Kai hid it well, but why did he take the initiative to reveal his identity now?

Is there any secret in this?

He didn’t know that after Lin Kai was promoted to the Golden Core Realm, his mood became more and more at ease.

Lin Kai has been lazy to hide his identity, and the shadow door is empty and the snake.

If the Shadow Gate dared to make trouble, just destroy it directly.

This is the self-confidence brought by his powerful strength.

Lin Kai pondered, but did not answer.

However, a figure flew out of the manor and landed beside Lin Kai.

This person is Lin Yuan.

Lin Yuanpi smiled and glanced at Lin Kai without a smile, then turned to look at the young man, and said kindly, "Brother, please don't worry. There is nothing wrong with my genetic medicine."

Many people were silent, just looking at Lin Kai.

They thought that Lin Yuan was different from other great masters, but today such a big thing happened in front of his manor.

Lin Yuan never appeared from beginning to end.

If Lin Kai hadn't appeared in time, then I'm afraid there would be a horrible state of corpses.

Therefore, they would instinctively not agree with Lin Yuan's words.

Lin Yuan's face sank, and he hated that these Westerners were too wasteful and didn't kill Lin Kai and the group of ants in front of him.

Originally, under his calculations, Westerners would kill most ordinary people.

Then, he made his debut to save the remaining people.

Finally, he stated his pros and cons and promoted the importance of genetic medicine.

As long as they are all evolvers, are they still afraid of Westerners?

Other great masters who might make a move, he has already designed to hold them back, so that they won't let them stop these Westerners.

But he hadn't calculated that Lin Kai actually appeared so timely.

Not only did he fail to take the opportunity to win a wave of favor, but instead let Lin Kai get the respect of these ants.

Under everyone's gaze, Lin Kai said in a deep voice, "I can't produce evidence to prove that Leiyuan Group's genetic medicine has hidden dangers."

"what?"

Lin Yuan was furious when he heard what Lin Kai said, "Lin Kai, what do you mean! Speak clearly!"

Lin Kai's face was indifferent, and he said lightly: "I have already said very clearly, are you deaf?"

"you!"

Lin Yuan looked angry and looked at Lin Kai angrily.

Lin Kai's words are too deceptive. His underlying meaning is clearly that there is a problem with the gene medicine, but he has no evidence!

He looked around, and as expected, everyone looked at Lin Yuan with questioning eyes.

Lin Yuan's eyes were murderous, and he looked at Lin Kai gloomily.

Lin Kai also looked at Lin Yuan coldly, and said coldly: "Don't look at me with such eyes, you know if there is any problem with your genetic medicine!"

Lin Yuan's expression moved, and he looked at Lin Kai suspiciously.

Did Lin Kai really find out something, or is it bluffing?

Lin Yuan shouted angrily: "Lin Kai, you are deceiving the crowd!"

Lin Yuan looked at the tens of thousands of people and asked loudly: "Anyone of you has become an evolutionary, please stand up!"

At this time, those ancient warriors and rich men who had entered the manor earlier also walked out.

They don't like such a noisy environment, and they feel very tasteless.

However, when Lin Yuan stood here, they also had to come out.

Hearing Lin Yuan's yelling, more than a dozen people walked out of the people.

Among the group of rich people, a few people also walked out, including Donghai billionaire Shen Qiansan.

At this moment, he looked nervous and looked at Lin Yuan with a very suspicious look.

He has been injected with genetic medicine. If it really has a problem, isn't he finished.

Lin Yuan looked at them and asked loudly: "You are all evolutionaries, so have your body been a little uncomfortable in the past half month?"

They looked at each other and shook their heads one after another.

Shen Qiansan groaned and said, "Speaking of changes, it means that the appetite is larger than before."

Other evolutionaries nodded, in their opinion, this is normal.

After all, ancient warriors are especially edible because they digest quickly.

Lin Yuan nodded, looked at the crowd, and said loudly, "I think it's not just them evolving people. Other evolving people will definitely not have any problems."

"The time has passed for half a month, and they are all alive and well, and they have gained a lot of power. Doesn't this prove that there is nothing wrong with the genetic medicine?"

Hearing this, everyone nodded.

Yes, if there is a problem with genetic medicine, why are these evolutionaries okay?

Lin Kai's eyes glowed with golden light, looking at the evolutionaries in front of him.

His eyes swept across their hearts one by one.

The energy of that evil intention has doubled, but they are hidden deeper and more secretive.

As a result, the strange aura they exude has become even weaker.

Only Lin Kai could clearly see them, they were just more hidden.

## Chapter 1910

Seeing that everyone's expressions were shaken, Lin Yuan had already obeyed his words, and smiled triumphantly.

Lin Yuan said loudly: "In order to make everyone more at ease, I decided to let people inject genetic medicine on the spot.

I will take out five bottles of D-type genetic medicine and one bottle of C-type genetic medicine. "

"As long as I am willing to inject genetic medicine on the spot, I will give it away for free!"

Hearing Lin Yuan's words, everyone cheered and rushed to inject genetic medicine.

Lin Yuan smiled faintly, and said to Lin Kai Chuan: "Lin Kai, have you seen it? Even if you confuse the crowd, the hearts of the people are still on my side."

Lin Kai said coldly: "The fake is not true. After they realize that they have been deceived, you will be backlashed, and you will be cast aside by the people, and you will die without a place to bury you."

Lin Yuan sneered, and at that time, he couldn't help them.

Lin Yuan followed five ordinary people and an evolutionary.

The five ordinary people are calm, but the evolutionary expression is very complicated.

He was excited and scared.

This is a genetic medicine that has become a martial artist.

In the outside world, there is no evolutionary at this level.

And he is about to become the first C-level evolutionary!

They walked to Lin Yuan with excitement.

Lin Yuan beckoned, and six big men came carrying the silver box, and each walked to one of them.

Most people looked at the silver box in front of the evolutionary.

After the big guy took out the genetic medicine, they found that these six bottles were exactly the same, and they were all colorless and transparent liquids.

With a movement of Lin Kai's spirit, he directly 'looked' at the only C-type gene medicine.

boom!

Lin Kai's spiritual mind entered the world of genetic medicine.

It is also a colorful world, which is very dazzling.

Lin Kai let out a surprised voice, there was no such strange energy in it.

There is no problem at all with C-type gene medicine!

Lin Kai had deep eyes and said to himself: "Perhaps, the only problematic is the D-type genetic medicine."

Lin Kai looked at Lin Yuan, and suddenly asked, "If an ordinary person is injected with a C-type gene medicine, what will happen?"

Lin Yuan smiled and said: "Only people who have been injected with D-type gene drugs can become C-level evolvers when injected with C-type gene drugs."

"An ordinary person injected with C-type gene medicine, nothing will happen, and of course he will not become an evolutionary!"

Lin Kai's eyes flashed and nodded slightly.

Under everyone's eyes, all six of them were injected with genetic medicine.

Everyone looked at them without blinking, especially the evolutionary.

After a while, the five ordinary people screamed and rolled around in pain.

After a few more minutes, cold sweat broke out on the forehead of the evolutionary, and the muscles on his body were agitated.

This evolutionary didn't hold on for a few seconds before he rolled around in pain.

Lin Kai's mind stared at the evolutionary body.

In his body, the weird energy suddenly moved, wandering through the body of the evolver, absorbing the mysterious energy transmitted from the depth of the evolver's genes.

The weird energy quickly expanded, directly becoming ten times larger.

It is like a little snake, hovering contentedly back to the heart of the evolutionary.

And the energy of this evil spirit has also become more concealed. If it were not for Lin Kai's full energy, it would be difficult to detect it.

Lin Kai's face was ugly, and he was very afraid of this strange energy.

While the evolutionary is evolving, it is also using the evolutionary's genes to complete the evolution.

In this way, even if he became an evolutionary at the Grand Master level, he wouldn't want to discover the weird energy in his body.

At that time, how far will this weird energy grow?

After more than ten minutes, all six people stood up.

Five of them said excitedly: "I have become an evolutionary!"

The sixth man was even more excited, and hit several punches in a row.

The howling fist wind hit several meters away.

He laughed and said, "I have also become an evolutionary at the martial artist level."

Lin Yuan smiled at him lightly: "The price of Leiyuan Group for the C-type genetic medicine is 5 million!"  
After the evolutionary heard it, he trembled with excitement, looking at Lin Yuan's eyes full of gratitude.

Lin Yuan smiled and asked, "Do you feel any discomfort in your body?"

They shook their heads together and said loudly, "We are in a very good state now."

Lin Yuan looked at everyone and said loudly, "Now everyone can trust me Lin Yuan?"

Lin Yuan looked excited, with tears in his eyes, and said affectionately: "I want to make the people of the world be like a dragon and become a powerful evolutionary. I have suffered too much these years! However, I feel that it is worth it. ! Because you are standing by my side!"

Lin Yuan said sadly: "However, I didn't expect a sinister villain to frame me secretly."

"He framed me and it was okay, but it made everyone lose trust in the gene medicine. This is a loss for all mankind!"

Everyone lowered their heads in shame, and they faintly saw the holy light gleaming around Lin Yuan.

They had also doubted Lin Yuan, which made them extremely annoyed.

"Great Master Lin Yuan is such a good person, I shouldn't doubt him."

"Yes, Grand Master Lin Yuan invented the genetic medicine, which made the world an evolutionary. This feat is comparable to a saint! How can we doubt him?"

Everyone looked at Lin Yuan with apologetic expressions.

With a holy light shining on Lin Yuan's face, he said loudly, "So, everyone must believe me. If there is any problem with my genetic medicine, I am willing to let you eat my flesh and drink my blood!"

At this time, even the five great masters of the East China Sea wondered whether there was really no problem with genetic medicine.

Is Lin Kai talking nonsense because he has a personal enmity with Lin Yuan?

Once the doubt is formed, it takes root and sprouts in their hearts.

The gaze that made them look at Lin Kai also became less trusting.

Lin Kai's expression was indifferent and didn't care.

He just looked at Lin Yuan with a weird smile and said, "Lin Yuan, don't forget what you said today."

Lin Yuan sneered. In his opinion, this was Lin Kai's naive and cruel remark that he was unwilling to say.

Lin Yuan saw that everyone's trust in him had reached an unprecedented level.

He hit the iron while it was hot and announced another heavy news.

Lin Yuan's eyes exuded a look of compassion, and said loudly: "I know that there are many people in China who can't afford to spend money to buy genetic medicine."

“So, in order to give back to everyone’s love, I decided to establish the Lin Yuan Love Welfare Association!”

“Lin Yuan Love Welfare Society? What is this?”

Everyone looked at Lin Yuan suspiciously.

At the same time, countless cameras and mobile phones were aimed at Lin Yuan.

In China, and even all over the world, everything on the scene was broadcast live.
