

Special Forces 1911

Chapter 1911 Issuing Lottery Tickets

All over the world, many ordinary people are watching their mobile phones or TVs closely.

Even the tycoons and bigwigs of all parties are looking at the screen earnestly.

In the camera, a very handsome man dressed in black talks freely.

Every word concerns their hearts.

Lin Yuan didn't look at the camera, but he knew everything about it.

Because this was arranged specially by him, in order to make a name for the gene medicine.

"Master Lin Yuan, what does the Lin Yuan Love Welfare Society do?"

Someone asked loudly.

Lin Yuan smiled slightly and assumed the most handsome posture that he had practiced countless times, and said: "The high price of genetic medicine has discouraged many ordinary people. Therefore, I came up with the method of Aixin Welfare Society.

"Lin Yuan Caring Welfare Society has set up a prize pool, and I will invest a lot of genetic medicine in it."

"Everyone can buy a lottery ticket to draw a lottery."

"As long as you win the prize, anyone can get the corresponding reward."

"Of course, the prize pool will be different every month."

"Now, only D-type genetic medicine and C-type genetic medicine will appear in the prize pool."

"In the future, I will put in B-type or even S-type genetic medicine lottery tickets!"

"Of course, in addition to direct access to genetic medicine, everyone can also get genetic medicine discount coupons. Of course, the discount coupons are only for personal use!"

After listening to Lin Yuan's explanation, everyone instinctively appeared vigilant.

One of them asked loudly, "Master Lin Yuan, what is the winning rate? How much does it cost to buy the lottery ticket."

Lin Yuan smiled and said, "You only need one yuan to buy lottery tickets. After all, I am not making money, but to give back to the society!"

"As for the winning rate, of course, the higher the level of genetic medicine, the lower the winning rate will be."

"However, I assure you that every province will prescribe at least one hundred genetic medicines every week!"

After hearing these words from Lin Yuan, the scene suddenly boiled.

Gambling psychology is a human instinct.

When they knew that they only needed one yuan, they could get several million yuan in genetic medicine.

Each of them is very excited, and one hundred copies will be issued every week. The probability is already very high.

What's more, there are discount coupons with higher probability!

Lin Yuan smiled slightly when he saw the excitement of everyone at the scene.

He can also imagine that the audiences all over the country have become extremely excited.

Suddenly, one of the Westerners asked loudly, "Mr. Lin Yuan, can we also set up a love welfare agency abroad?"

Lin Yuan nodded and said, "Of course, friends abroad are also human. As long as the governments of various countries agree, I will be happy."

At this time, foreign audiences are also excited.

They have even initiated a petition, urging the government to get in touch with Lin Yuan and open a charity welfare agency.

At this time, someone suddenly showed hesitation. He pondered for a while, then said loudly: "Grandmaster Lin Yuan, I don't know if I should say something."

Lin Yuan glanced at him, smiled, and asked, "No matter if you have any questions, you can ask them."

The man took a deep breath and said loudly, "After the opening of the Love Welfare Association, there will be a lot of people buying lottery tickets every day. How can we get fair treatment and believe that no one in the Leiyuan Group will stand in the way, and there will be shady scenes.?"

"Hmph, Mr. Lin Yuan opened the Love Welfare Agency for our sake. You dare to question him, you are still not a human being!"

After hearing his questioning, someone yelled at him.

The man's face was flushed, and his expression was very ugly.

However, someone quickly retorted: "Of course we know that Mr. Lin Yuan is selfless, but his subordinates must have believed it?"

The two sides were red-faced in the quarrel, and no one could convince anyone.

Suddenly someone shouted: "I have a way. We can let the people of Jiulongshan supervise."

Hearing what he said, everyone was also stunned, and quickly looked at Lin Kai.

Here, there is a mountain owner from Jiulong Mountain.

Lin Kai stood up and said indifferently: "This is a major event that concerns the entire society. Of course, it is natural to be supervised. We must protect the fairness and justice of all the people!"

Lin Kai looked at Lin Yuan and asked faintly: "Lin Yuan, your caring welfare agency is willing to be supervised by Jiulongshan."

"How do you run, we will not intervene. But every time the lottery ticket is generated, it must be supervised by Jiulongshan, so as not to be guarded and stolen."

After hearing Lin Kai's words, the surrounding people shouted loudly: "Grandmaster Lin Yuan is a great good person. Of course he agreed to this little thing."

Having said that, everyone looked forward to Lin Yuan.

Audiences all over the world are also watching Lin Yuan, especially governments of various countries are waiting for Lin Yuan to make a statement.

Lin Yuan pulled the corners of his mouth and said reluctantly, "Of course, this is what we should do."

Hearing this, Lin Kai also smiled and said, "Lin Yuan, thank you for your deep understanding!"

At the auction, Lin Yuan just auctioned ten genetic medicines symbolically and ended the auction.

The spokespersons of the major forces are also very quiet and not anxious.

After the auction ended, everyone disappeared in a hurry, not knowing where they were.

Even the five great masters of Donghai Province greeted Lin Kai and left in a hurry.

Lin Kai narrowed his eyes as he looked at the people leaving in a hurry.

They should have been invited by Lin Yuan to talk privately about buying genetic medicine.

For these big forces, money is a trivial matter.

They can't wait for that one hundred cents of genetic medicine every week.

Lin Kai sneered, seeing that these people didn't believe that there was a problem with the genetic medicine, but for fear that they could not buy the genetic medicine and would be overtaken by other forces.

Lin Kai took out his cell phone and dialed a number.

"Hey, is it Lin Kai?"

At the other end, there was a majestic and steady voice.

A trace of respect appeared in Lin Kai's eyes, and his sitting posture became neat.

The man across from the phone is the God of War of China, Xuanyuan!

It is precisely because of him that the Jiulong Mountain that he founded can calm the ancient martial arts world in China.

In addition, the strong from various countries dare not underestimate China.

Lin Kai said solemnly, "Big Brother Xuanyuan, it's me."

Not long ago, he had already met Xuanyuan.

Xuanyuan admired him very much and regarded him as a brother.

Lin Kai smiled and asked, "Brother, have you watched the live broadcast?"

Xuanyuan nodded and said, "I've seen it."

Lin Kai said: "Lin Yuan has agreed to accept the supervision of Jiulongshan, then this matter is left to you. I don't care."

Xuanyuan's majestic expression instantly broke power, and he smiled and cursed: "You stinky kid, let me find something to do."

Lin Kai smiled and said, "You are my elder brother, who would you look for if you don't?"

Chapter 1912

After the joke, Xuanyuan's expression became serious.

Xuanyuan asked in a deep voice, "Lin Kai, didn't you say that there was a problem with the gene medicine? Why did you allow Lin Yuan to start a love welfare agency?"

"After he opened the Aixin Welfare Agency, not only were the major forces evolving, but also among the common people."

"If there is really a problem with gene medicine, how much harm will it cause to China?"

Xuanyuan's tone became stern, and said: "Smelly boy, you must put the lives of the people first. Don't let them be harmed!"

Lin Kai's expression also became serious, and he said solemnly: "Big Brother, I admit that I have a gambling element, but the emergence of genetic medicine really has epoch-making significance."

"This era may require the masses to have the most basic self-protection."

Lin opened his eyes deep, and said softly: "Not only an evolutionary, I am going to propose to open ancient martial arts museums in various provinces of China, and even provide ancient martial arts courses in schools. Let more people practice ancient martial arts."

On the other side of the phone, Xuanyuan was speechless for a long time.

After a while, Xuanyuan asked slowly, "Boy, have you noticed something?"

Lin Kai nodded and said solemnly: "Those hidden families and sects are all about to move, seem to want to be born. There is also a destiny master who predicts that disaster is about to come. Therefore, we have to deal with it in advance!"

Xuanyuan knocked on the table, lost in thought.

At the same time, he was a little bit dumbfounded. This was a major event related to the national fortune, and Lin Kai, this stinky boy, said it so easily on his cell phone.

Xuanyuan rubbed his forehead and said, "This matter can't be urgent, we still have to ask other mountain owners, or even the superiors for instructions. We can't make this decision."

Xuanyuan pulled the topic back and asked, "So, in order to make the people become evolvers, do you ignore their lives?"

Lin Kai solemnly said: "Brother, I found that there is no problem with the C-type genetic medicine, and only the D-type genetic medicine has problems."

"So, I boldly guess that there is no problem with the genetic medicine itself. The problem with the D-type genetic medicine is because the Leiyuan Group moved its hands and feet."

Lin Kai solemnly said: "If Lin Yuan's conspiracy is exposed now, then the genetic medicine may disappear. This is the loss of all mankind!"

Xuanyuan's expression changed, and he said, "What do you mean?"

Lin Kai said solemnly: "I guess that the hidden dangers of genetic medicine will not break out in a short time. Therefore, we must get the prescriptions for genetic medicine before the hidden dangers break out."

"At that time, we will expose Lin Yuan's conspiracy again. Only by killing two birds with one stone!"

Xuanyuan frowned and said, "This is just your ideal process. If you can't get the prescription, will you never expose Lin Yuan?"

Xuanyuan had some dissatisfaction in his eyes, thinking that Lin Kai was a little naive on this issue.

Lin Kai smiled suddenly and said a word.

After hearing these words from Lin Kai, Xuanyuan stood up all at once.

He widened his eyes and asked incredulously: "What you said is true?"

Lin Kai nodded affirmatively, and said, "How can I deceive Big Brother in such a thing?"

"OK!"

Xuanyuan laughed loudly and said, "Smelly boy, you really belong to you."

"Just let go and do it, I support your decision!"

Lin Kai showed a warm color on his face and smiled: "Thank you, brother!"

Xuanyuan said with emotion: "Smelly boy, I should thank you."

Xuanyuan said leisurely: "When your prestige grows, I can hand over Jiulong Mountain to you."

Lin Kai said quickly: "Stop! Brother, I can be lazy about those trivial matters. You might as well kill me!"

After speaking, Lin Kai hung up the phone quickly to prevent Xuanyuan from nagging him.

"This stinky boy, I have to hand over Jiulong Mountain to him!"

Xuanyuan was furious with his mobile phone.

But soon, Xuanyuan laughed.

He sat on the Grand Master's chair and said leisurely: "With this stinky boy, Huaxia will become stronger and stronger!"

After Lin Kai finished the call, he flew towards the villa.

Suddenly, he stopped and stood in the void.

He looked at the void in front of him, and said coldly: "The rat who hides his head and shows his tail, come out for me!"

"As expected of Lin Kailin's donor, he actually found us."

The cloud directly in front of Lin Kai suddenly moved. It was like a rolling door curtain, which opened to one side.

A bald man in a red robe and four white robes walked out of it.

Judging by their appearance, they are not Chinese.

Lin Kai's expression moved, and he said in a deep voice, "A monk from Tianzhu?"

"Amitabha Buddha." The red-robed monk looked at Lin Kai and said: "Lin Shizhu has good eyesight."

Lin Kai frowned and glanced at them, eyes flashing solemnly.

These five monks turned out to be in the realm of great masters.

The aura of this red-robed monk named the leader is even more unfathomable, more than twice as strong as the average master?

In China, he only felt this kind of breath from Xuanyuan's body.

Lin Kai asked coldly: "You are not in Tianzhu reciting scriptures, why are you running to my Huaxia?"

The red-robed monk looked at Lin Kai with a flash of light in his eyes, and said, "Lin Shizhu has a deep buddha relationship, do you want to enter my Buddhist school?"

Lin Kai scolded, "Stop talking about these useless things. Let's just say it, what is your purpose!"

The red-robed monk didn't care, and said calmly: "Lin Shizhu, we are here to bring back my Buddhist scriptures, please hand it over."

Lin happily moved and asked, "You mean the 'Death Curse'?"

After hearing Lin Kai's words, the eyes of the five monks immediately flashed.

They looked at Lin Kai with scorching eyes, and one of them couldn't wait to order: "Yes, that's it! Hand it over!"

Rumor has it that in ancient times, Buddhist disciples could become Buddhas and become ancestors after they reached a high level of cultivation.

However, all the exercises have been lost.

The only thing left is Buddhism and Guwu.

And the “Death Mantra” is probably one of the Buddhist techniques in ancient times.

As long as you get it, Buddhism will be prosperous again, and even the whole world will be bathed in the light of Buddhism.

More importantly, they can also become Buddhas and live forever!

Thinking of this, the greed in the eyes of the five monks who claim to be empty of the four have overflowed, like five hungry wolves.

Lin Kai stood with his hands shouldered and sneered constantly watching their ugliness.

Lin Kai said coldly: “Several masters may have to go for nothing. I haven’t got any truth. Everyone, please go back.”

“Om”

Between the sky and the earth, it immediately became silent.

The surrounding winds also stopped, leaving only five pairs of indifferent eyes looking at Lin Kai coldly.

Chapter 1913

The red-robed monk’s eyes became cold and merciless, and his voice rumblingly said, “It seems that Donor Lin is toasting and not eating fine wine.”

Hongpao waved his hand and said lightly: “You four, go and invite Donor Lin to return to Tianzhu together.”

When the four white-robed monks moved, they divided into four directions and surrounded Lin Kai in the center.

Lin Kai looked at the red-robed monk outside, and said coldly, “Master, don’t you do it yourself?”

The red-robed monk was ashamed, shook his head and said, “My four juniors are all great masters. They are already invincible when they fight against Lin Shizhu together.”

The red-robed monk said calmly: “If Lin Shizhu can escape from their hands, then the poor monk will have no face to return to my Buddhist scriptures.”

The red-robed monk gestured in his eyes, and the four white-robed monks shouted together, and the whole body burst into brilliant golden light.

“Arhat palm!”

They raised their palms and patted Lin Kaixu together.

“Om”

In the void, four huge and golden palms appeared. They filled the sky and whizzed towards Lin Kai.

Lin Kai’s expression changed, and these white-robed monks were not ordinary great masters.

Each of them has Caesar's level, let alone the four teamed up.

The trick they used has more than quadrupled its power.

Lin Kai shouted angrily, his breath suddenly soared, and a pair of black dragon armor was instantly put on him.

"Drive me!"

Holding the Black Dragon Sabre in his hand, he exploded with all his spiritual power, and slashed directly into the void with a move of "stripping Huashan.

"boom!"

As if a bomb exploded directly in the air, the blast emitted endless light.

The violent hurricane tore the surrounding clouds and raged in all directions.

Lin Kai trembled all over, and then fell several feet below to stabilize his figure.

His palm trembled a little, and a trace of blood slowly spilled out of his mouth.

The four white-robed monks on the opposite side were thrown away in four directions by a powerful force.

After flying for hundreds of meters, they stood in the void in embarrassment.

"Impossible, you are just a great master, why are you so strong?"

They looked at Lin Kai in horror, showing shocked expressions.

But soon, they all noticed the black dragon armor on Lin Kai's body and the black dragon sword in his hand shining with gloom.

"It's a semi-artifact!"

The eyes of the monks present, including the red-robed monk, burst into the eyes of greed.

A monk swallowed his saliva, his face suddenly changed with compassion, and said: "This black armor is so powerful, how many people have been killed. This kind of armor appears in the world and it is a disaster for the world."

Another monk nodded and said, "I, Buddha, is merciful, so let us take it back and reduce the evil spirit on it. It is also considered as boundless merit!"

"Amitabha!"

The four monks chanted the Buddha's name, their faces were compassionate, but their eyes shone with a green light.

That is their greedy desire!

Lin Kai looked at them, laughed loudly, and said loudly: "You monks are so shameless! Look at your current ugliness, it's really disgusting!"

A monk's face sank, and he said coldly: "Lin Kai has fallen into the devil's way and has nothing to say with him. Take him down together!"

The four monks flew in four directions again. This time they sat down cross-legged, closed their eyes, and read the scriptures.

A golden light shone from them, directly forming a golden cover, enclosing Lin Kai in the middle.

Lin Kai's face became cold, his wrists shook, and a black sword slashed towards a monk.

"boom"

Before the sword could reach the monk three feet away, it suddenly burst into golden light, as if hitting an invisible wall.

Dao Qi only persisted for a moment, and then disappeared into the void.

Lin Kai's face was gloomy, and he once again beheaded to the other monks.

The result was the same, the sword energy was broken into nothingness before they reached three feet.

"Far away!"

Lin Kai moved his body and directly used his supernatural powers.

With a flash of his figure, he flees out of the golden mask.

"boom"

Lin Kai only felt like he was hitting an extremely hard wall, and his figure appeared dizzy.

This time, his face finally showed a look of surprise.

The four monks actually sealed the void, and now he can't get out.

"Amitabha!"

The red-robed monk showed a faint smile on his face and said: "Don't waste your time, don't be wasting your efforts. This is the Sixiang Converted Buddha Array that has been passed down from the ancient times in my Tianzhu!"

"The enemy trapped in this formation can only break through the formation violently unless his internal strength exceeds the combination of the four monks in the formation."

"Other than that, there is no other way!"

Lin Kai nodded, and said with emotion: "As expected of Buddhism with profound heritage, there are probably not many such magical formations in this incident."

"but..."

When Lin Kai spoke, he said leisurely: "Then I can stay inside and not go out. When my ancient warrior of China finds you, I'm afraid you won't be able to leave."

After listening to Lin Kai's words, Hong Pao was not anxious, on the contrary, his face showed a complacency, and said lightly: "Lin Shizhu, you should not think that the Four Elephants Returning to the Buddha Formation has only this ability."

Lin Kai's expression changed, is there any hidden mystery in this formation?

At this moment, the expressions of the four monks suddenly became frenzied. It was the nakedest frenzy against the Buddha.

Lin Kai's eyes burst into golden light instantly, and an indescribable huge Buddha statue appeared in the void.

Its figure seemed to occupy the entire world, and the earth seemed to be just between his palms.

In front of him, Lin Kai was as small as dust.

Faced with such a stalwart figure, Lin Kai's mind couldn't help shaking.

The towering Buddha statue lowered its head, looked down at Lin Kai, and said "Amitabha Buddha"!

"Boom Rumble"

The sky seemed to explode with muffled thunder, and Lin Kai's ears even left only the four characters 'Amitabha' in his mind.

Lin Kai's expression changed, and he became confused.

A ray of golden light appeared in his eyes, which was a ray of light that symbolized Buddhahood.

"Is this the Buddha?"

Lin Kai looked at the Buddha in front of him, as if he was the only **** in the world.

"Since the Buddha is so powerful, let's take refuge in my Buddha."

Take refuge...

Take refuge...

The Buddha-nature in Lin Kai's eyes became deeper and deeper, and even a layer of pale golden light bloomed on his body.

A smile appeared at the corner of the red robe monk's mouth, and it seemed that they had another great master in Tianzhu.

Moreover, he is still a great master who is only in his twenties and can be called a peerless genius!

"No...No..."

Lin Kai's face suddenly struggled.

There were blood and tears in his eyes, and his face became extremely hideous!

Chapter 1914

Lin Kai's complexion became extremely hideous and terrifying, and he opposed the "Amitabha Buddha" in his mind.

Those four characters seemed to possess magical powers, constantly bewitching and pressured him to convert him to Buddhism.

The red-robed monk's face changed slightly, and he said with emotion: "As expected of a peerless genius, he is still struggling at this time."

"The Four Elephants Converting Buddha Formation directly affects the soul and directly touches the depths of the soul."

"His cultivation level can't help him a little. It seems that Lin Shizhu's soul power is also very powerful."

However, the red-robed monk looked happy, not impatient or impatient.

The terrible thing about this formation is that the more confrontation, the purer his mind.

The mind is pure and it implies Buddhism, and its own Buddha-nature will rise even more.

Until his own Buddha nature broke out completely, then it was when Lin Kai converted to Buddhism.

As long as Lin Kai converted to Buddhism, they Tianzhu not only received the Buddhist scriptures, but also Lin Kai, a powerful thug.

That's right, it's just a thug.

The disciples who are converted by the Four Elephants to the Buddha Formation will completely lose their will and become the puppets of the Buddha.

"What to do? Am I really going to be a slave to the Buddha?"

A strong unwillingness surged in Lin Kai's heart, and he became furious.

However, he also found that with the confrontation with the Buddha statue, his inner Buddha nature was also firmly growing.

This made him feel from the bottom of his heart that he should give up resistance and accept this Buddha's will.

However, there was another unyielding figure standing there deep in his heart. Even if he died, he would not surrender to Buddhism.

This made Lin Kai seem to be a schizophrenic, with a splitting headache and almost bursting into two halves.

"I am the only cultivator in this world!"

The immortal cultivator walks against the sky and cuts through the thorns. You want me to succumb to the Buddha statue?"

Lin Kai's eyes were bleeding and tears, his face turned arrogant and unruly, and he looked at the stalwart Buddha statue coldly.

“What if you are a Buddha? See how I kill the Buddha!”

Lin Kai got up and breathed in vain, and his eyes showed disdain when he looked at the Buddha statue.

He is an immortal cultivator, and he will become an immortal existence in the future.

How could a mere Buddha statue make him succumb.

Lin Kai’s body burst into clear light, and the Buddha’s intent on his body was swept away.

“Do you think you are stalwart?”

Lin Kai snorted coldly. He already knew that the stalwart Buddha statue in front of him was just a fantasy that had been reflected in his heart.

Lin Kai’s body trembled, and his figure grew wildly.

With his head on top of the sky, his feet on the ground, he looked straight into the eyes of the Buddha statue with a bloodthirsty smile.

Today, Lin Kai is about to kill the Buddha!

Lin Kai raised his palm and slapped directly on the Buddha statue.

“Snapped”

A sturdy slap hit the Buddha’s face directly, causing his head to turn to one side.

If the five monks from the outside world saw Lin Kai slap the Buddha in the depths of their hearts, their hearts would have to collapse!

This is a naked blasphemy Buddha!

“Cool!”

Lin Kai laughed. The Buddha statue almost made him convert to Buddhism just now, and now this slap completely made him breathe out a bad breath.

“It’s not over yet!”

Lin Kai laughed and threw himself directly on the Buddha statue, raised his fist, and smashed it up.

It’s like a blacksmith hammering iron.

In reality, the bodies of the four monks shook and their faces became very flushed.

The golden mask also trembled, as if it would break at any time.

“What happened?”

The red-robed monk’s complexion changed, and he was a little surprised.

He looked at Lin Kai, Lin Kai actually showed a happy expression, as if he was doing something very happy.

The four monks looked like constipation, and their faces were very ugly.

In the depths of Lin Kai's soul, he was beating the Buddha statue brutally.

On the rise, he unexpectedly unfastened his trouser belt and was about to pee on the Buddha statue.

Don't you want me to convert to Buddhism, now I am peeing on you, to see if you still have the face for me to convert!

Lin Kai was really anxious this time, so he wanted to do such naive things.

However, at this moment, the eyes of the Buddha statue suddenly opened.

In an instant, the majesty of Buddhism was like the heavens and the earth cracking, whizzing, engulfing the mighty force, and directly swallowing Lin Kai.

There is nothing deep in his heart, only the boundless Buddha light is surging and howling.

"Amitabha!"

The Buddha statue chanted this slogan again, but it was no longer indifferent and ruthless, but rather overbearing and furious!

"Fuck, it's a big game now!"

Lin Kai was dumbfounded at once, crying without tears.

He even made the Buddha statue appear holy, and the real Buddha came in person!

The domineering Buddha light with unparalleled power instantly overwhelmed Lin Kai's will, causing his knees to bend.

"Kneel down, take refuge!"

The Buddha yelled loudly.

Lin Kai's knees were bent down a little bit, and he was about to kneel in front of the Buddha statue.

As long as he kneels, his will will be completely changed and become a fanatic of the Buddha.

Outside, the four monks opened their eyes and stared blankly at each other.

The Four Elephants Conversion Array has not been destroyed, but they have lost control of it.

Moreover, between this heaven and earth, there is suddenly a pure and vast Buddha light.

"What happened?"

The red-robed monk couldn't help scratching his bald head, wishing to get directly into Lin Kai's mind to see what happened.

Suddenly, his body trembled, and an incredible expression appeared on his face.

He murmured fanatically, "Is it my Buddha who came in person? How is this possible?"

He couldn't believe that no real Buddha had come to Buddhism for thousands of years.

Now, the Buddha actually came in person for a small master?

What is the difference between this young man?

The red-robed monk couldn't help but a trace of jealousy appeared in his heart.

However, he soon calmed down under the light of the Buddha, knelt in the void, and read the Buddhist scriptures.

The four monks in white robes did the same, reciting Buddhist scriptures silently.

They worshipped Buddha more and more.

In the depths of his mind, Lin Kai was almost completely kneeling on the ground.

"No...can't kneel!"

Lin Kai roared frantically, blood burst out all over his body, and his whole body was flushed red.

"presumptuous!"

The Buddha statue seemed to be irritated, showing an expression of anger.

His head slowly dropped from the clouds and mist, looking at Lin Kai coldly.

"Kneel down!"

The Buddha statue slowly stretched out his golden palm and pressed it down from the endless sky.

The overwhelming pressure swept across in an instant, as if a whole world had fallen on Lin Kai.

"Crack!"

The bones on Lin Kai's body burst directly, and blood poured out like a fountain.

His body swayed, and he could no longer resist the mighty power of this Buddha statue!

"Kneel down, you can be detached!"

The magnificent voice of the Buddha faintly reached Lin Kai's ear.

Lin Kai's head slowly lifted, revealing blood-stained teeth, and said with difficulty:

"I'm going to your mother!"

Chapter 1915 Thunder Tribulation

The Buddha statue did not respond to Lin Kai's insults, but the huge palm he dropped became even more violent.

"Click"

Lin Kai trembled, all the bones on his body were broken, and it was all supported by a puff of breath.

When this breath vented, Lin Kai would completely surrender at the feet of the Buddha statue.

If it were in reality, Lin Kai now has become a pool of flesh.

Now, the extent to which Lin Kai's body was broken symbolized the extent to which his mind was broken.

"Can't hold on..."

Lin Kai's heart is higher than the sky, and will not surrender to all powerful forces.

However, the majesty of the Buddha statue was too vast, even if Lin Kai was unwilling to do so, he would soon be unable to support it.

"What should I do, how can I save myself?"

It was the first time that Lin Kai appeared desperate, and this time he might have really fallen.

"I would rather die... than be a puppet..."

After Lin Kai gritted his teeth and said these words, his mind moved, and the golden core was running violently. He wanted to explode the golden core!

There was a hint of surprise in the domineering expression of the Buddha, but there seemed to be a hint of joking in the cold eyes.

The abundant Buddha's light blasted down directly, entered Lin Kai's body, and filled his dantian.

Lin Kai's violent Jin Dan immediately calmed down, slowly spinning in his Dan Tian, like a star in the universe.

"Is there no chance of self-destruction?"

Lin Kai let out a miserable laugh, the real Buddha was too powerful.

Even if it was just a thought of the Buddha, he couldn't fight it.

The Buddha is probably the most powerful existence he has encountered in his life.

and many more...

A thought suddenly flashed through Lin Kai's mind.

The most powerful being he encountered was not a Buddha, but...

Lin Kai's brain twisted, and suddenly an idea flashed through.

Cultivators, go against the sky!

When a cultivator becomes a cultivator in the Nascent Soul Stage from the Golden Core Stage, Heaven's Path will descend upon the first thunder calamity!

After passing through, Jindan transforms the baby and becomes a land immortal, prolonging life for thousands of years!

However, it turned into ash and became a plume of smoke.

Faced with despair now, then he will live to death and forcefully promote to the Nascent Soul stage.

Lin Kai's realm has been promoted to the peak of the Golden Core Stage, but his cultivation is still at the early stage of the Golden Core Stage.

Now forcibly promoted to the Nascent Soul Stage, there is only one consequence, that is, being beaten into ashes by thunder robbery.

However, Lin Kai had no other choice.

He can only hope that the most powerful existence he has encountered in this life-the way of heaven!

"Promote me!"

Lin Kai ran the Golden Core, and ample aura burst out.

His spirit also touched an invisible door.

"squeak..."

The door opened a gap, and a violent clean breath poured out from inside, directly entering Lin Kai's body.

Lin Kai's breath directly climbed up wildly, and soon touched the threshold of Yuan Ying stage.

Lin Kai didn't hesitate, and went straight to the Yuan Ying stage.

"Boom Rumble"

In the endless high sky, black clouds gathered together.

A strong, violent breath appeared on Lin Kai's head.

"what happened?"

The five monks looked up to the sky in panic, watching the thunderclouds that flashed and thundered.

"Why did a thundercloud suddenly appear? What's the matter with this breath?"

They only felt that their minds were very depressed, and they felt a majesty that seemed like annihilating the world.

However, before they could react, a thunder dragon wandered out of the thundercloud and flew towards Lin Kai.

Its goal is Lin Kai!

"boom!"

Thunder Dragon did not fly to Lin Kai's body, but was blocked by the Buddha's light cover outside.

The two bombarded together, and the sky burst into light.

The Buddha light mask persisted for a moment, and then it exploded into golden fragments.

The half-small Thunder Dragon didn't rush towards Lin Kai, but split into four thunder rays and directly blasted on the four monks who maintained the Four Elephants Converting Buddha Formation.

The faces of the four monks only had time to flash with the color of horror, and they directly exploded into blood mist.

A frightened color flashed across the faces of the red-robed monks in the periphery, which directly turned into a red light and fled towards the distance.

He is scared!

Everything in front of him was beyond his imagination. He didn't know what would happen next. In case this thundercloud hit him, he wouldn't have the confidence to resist it.

What's more, the aura of this sky is too depressing, too terrifying, it is a breath that is bigger than a Buddha.

"Tianwei, this is the real Tianwei!"

The red-robed monk murmured as he fled away.

Lei Yun ignored the red-robed monk. From beginning to end, his goal was to promote Lin Kai in the Nascent Soul Stage.

It rolled violently, brewing the second heavenly punishment.

At the moment when the Buddha's light cover shattered, an accident appeared in the eyes of the Buddha statue.

Its drooping head lifted slightly and looked towards the outside world.

This eye fell directly on the thundercloud, causing the thundercloud to be still.

Suddenly, the thundercloud became violent, and the entire sky within a radius of ten miles was completely dark.

The outside world is bright and sunny.

But within these ten miles, it was like the end of the day, and the darkness was at its extreme.

In this darkness, a violent thunder light flashed from time to time, and it became more and more ferocious.

Above the earth, countless people looked at the sky in horror.

Even the ancient warriors felt the omnipresent power of heaven.

"What happened there?"

At this time, all the powerhouses in Donghai Province had already noticed the strangeness of this sky.

They looked horrified and uneasy.

At this time, in Lin Yuan's manor, a large number of powerful people gathered.

They all came because of genetic medicine. They all received Lin Yuan's invitation and entered a luxurious room to discuss the sale of genetic medicine.

At the scene, the breath of the great master alone is no less than twenty people.

At this time, they talked and laughed happily, in a harmonious atmosphere.

Even the five great masters of Donghai Province had their faces calm, talking and laughing with Lin Yuan.

These great masters, the dragons usually see their heads but never see the ends. Not to mention gathering so many great masters.

Sitting above the first place is Lin Yuan.

With an energetic expression on his face, he was able to talk and laugh happily with many great masters.

Suddenly, a strong anxiety flashed through Lin Yuan's heart.

This is not the inner warning of the ancient warrior, but the anxiety of the fortune teller.

His face was in a daze, and there was a trace of strong anxiety in his expression.

"Mr. Lin, what's the matter with you?"

In the room, many great masters showed different colors and looked at Lin Yuan curiously.

Lin Yuan is a great master, what can make him feel such uneasy emotions?

Lin Yuan smiled reluctantly and said, "It's okay..."

Many great masters looked at each other, a little confused.

However, they did not notice that a few seconds earlier than Lin Yuan, a lot of sweat appeared on Lin Hong's forehead.

Chapter 1916 Heavenly Will

However, their attention was focused on Lin Yuan, and they did not notice Lin Hong's strangeness.

Lin Hong looked in a certain direction without a trace, his eyes were full of horror.

However, soon under the strong perseverance, he barely kept the surface calm.

However, if there is a careful person, you will find that Lin Hong's body is trembling slightly, and there is a sense of fear that cannot be hidden in his eyes.

Just when Lin Hong was about to remain ignorant, a wave of heavenly majesty flooded in.

In a lively house, it instantly became quiet.

The chairs they were sitting on were all shattered, and their bodies shook involuntarily.

They looked horrified and looked east together.

“What...what’s going on...”

A great master said tremblingly.

At this time, no one laughed at this great master, because they were also embarrassed and looked terrified.

They felt an irresistible majesty, which was a majesty that directly affected their hearts.

Can’t resist, can’t get rid of!

They were trembling, even supporting each other before they reluctantly walked out of the living room and looked towards the eastern sky.

What caught their eyes was a dark doomsday scene.

A great master trembled and said in horror: “Is the end coming?”

Another trembling master suddenly looked at the guards.

“Why are they all right?”

In this large manor, there are thousands of guards and waiters.

Their faces were also very horrified at this time, but they were still able to barely maintain their composure.

Some people even have time to take pictures with their mobile phones and post to Moments.

However, these great masters of them are just standing now, and their will is already firm.

If their xinxing is very bad, they might already kneel down.

“Could it be that the higher the cultivation base of the ancient martial artist, the more intense the coercion it will receive?”

Many great masters were all human beings, and they soon discovered that ordinary people seemed to be little affected. Although their faces were frightened, they were still whispering.

On the contrary, the higher the cultivation level of the ancient warrior, the more ugly face will be.

When they reached the realm of these great masters, they couldn’t even stand firmly.

“Puffing”

At this moment, Lin Hong had already reached his limit, and he directly sat cross-legged on the ground.

At the same time, his face was hideous, and his hands were still holding on to the ground, not allowing himself to completely get down.

Many great masters looked strange and looked at Lin Hong.

If the higher the cultivation level, the greater the pressure received, then Lin Hong can’t hold it before everyone else, doesn’t it mean that Lin Hong is the strongest among them all?

You know, with the current coercion, they can still last a long time.

However, they soon ignored Lin Hong, and they all sat cross-legged on the ground one after another, biting their heads to greet the supreme majesty of heaven!

Not only the people in the East China Sea Province felt this heavenly power, but the entire China quickly felt the direction that originated from the East China Sea, the vast mighty power.

“Donghai, what happened?”

Many great masters looked at the East China Sea from a distance, with expressions of surprise and suspicion.

“Is this...”

“It’s not wrong, this is a punishment!”

“Did the punishment of the ancient book finally appear?”

There are many hidden sects and families throughout China.

At this time, among these hidden forces, there was a wave of tyrannical and decadent auras.

This is the power that makes all great masters awe-inspiring!

These tyrannical auras felt the vast sky, and sent out a wave of spiritual fluctuations that were both fear and desire.

“Who inspired Tianwei...”

“Could it be that some old guy has already been born...”

“It’s time for us to reappear the sky...”

In the East China Sea, Lin Kai didn’t know the chain reaction he caused.

When he saw the Buddha statue raising his head, his golden face suddenly changed, revealing an incredible expression.

Above Lin Kai’s head, the endless thunderclouds condensed and formed an eye of thunder.

The eye of thunder closed tightly, and suddenly it trembled and opened a gap.

From the gap, there was an indescribable vast force.

Lin Kai seemed to be watched by the whole world.

His bones made a creaking sound, which was a severe damage under the mighty sky.

The eye of thunder did not look at Lin Kai, but at the Buddha statue in his body.

After it saw the Buddha statue, the ruthless Eye of Thunder seemed to have a hint of anger.

The Buddha image looked at the eye of thunder in horror, his body moved, as if he wanted to escape.

The eye of thunder looked at the Buddha statue indifferently.

“Crack...”

The Buddha statue suddenly stopped, its eyebrows suddenly cracked, and the cracks instantly spread all over the body, exploding into golden dust in the sky.

A thought that Lin Kai could not detect flew out of the golden powder in the sky, it broke through the void and fled into the void.

However, the Eye of Thunder didn't intend to let it go. It shot a thunder light, plunged directly into the void, and followed.

In the emptiness, that thought was quickly overtaken by the thunder light, blasted directly on it, and turned into a wisp of blue smoke.

In Tianzhu, the golden Buddha statue of nine hundred and ninety feet made a 'click', and the eyebrows cracked.

“My Buddha...”

Countless monks looked horrified and worshipped frantically.

At this moment, they only felt that the sky was falling.

Lin Kai is like an ant, watching two people fight.

He hid in the corner shivering, his expression sad.

What appeared now was not just the thunder robbery, but a ray of will of heaven came.

This eye of thunder is the incarnation of the will of heaven.

After that thunder eye wiped out the Buddha statue, he glanced at Lin Kai.

This glance caused Lin Kai to burst into bleeding fog and his bones to break.

However, Lin Kai could only endure the pain and wait silently for the punishment of the will of Heaven.

Unexpectedly, after taking a glance at Lin Kai, the Eye of Thunder directly shattered and turned into an endless thundercloud.

The endless thundercloud rolled, seeming to want to continue the thunder robbery.

However, Lin Kai's breath had fallen back to the early days of Jin Dan.

Under Lin Kaixin's startled eyes, that Lei Jie rolled for a while, and then slowly dissipated.

“call.....”

Lin Kai let out a long sigh of relief, his eyes still a little weird.

He just survived inexplicably!

“It is not advisable to stay here for a long time!”

Lin Kai didn't dare to stay for a long time, and the thunder cloud dispersed. I am afraid that many great masters will come here to check it out.

He is now seriously injured and dying, and if other great masters attack him, he will undoubtedly die.

Lin Kaiqiangu endured the pain, wrapped his body with spiritual power, and flew towards the distance.

However, soon a red figure appeared in front of Lin Kai's eyes.

This person is the red robe monk!

Lin Kai looked at the red-robed monk with a miserable laugh and sighed up to the sky.

Chapter 1917 Mysterious Woman.

The red-robed monk looked at Lin Kai, with a hint of happiness on his benevolent face.

He smiled cheerfully: "Don't be unharmed, don't you come here?"

Hongpao laughed freely, but secretly looked at Lin Kai's face.

Just now when Tianwei appeared, he fell directly from the sky to the ground, lying on the ground shivering.

Lin Kai took a deep breath and said coldly, "Bald donkey, you are really annoying."

The red-robed monk looked curious and couldn't help asking: "Lin Shizhu, did my Buddha really come? What was the thundercloud later? What happened afterwards?"

The red robe monk asked several questions on his face, and he was really curious.

He has a hunch that these issues are important matters related to the origin of this world.

Lin Kai looked at the red robe monk and said lightly: "If you let me go, I will tell you everything."

The red-robed monk sneered: "Sister Lin, follow me back to Tianzhu. At that time, you will naturally say everything."

After speaking, the red-robed monk stopped talking nonsense with Lin Kai. With a flick of his robe, a strong golden wind blasted over.

"boom"

Lin Kai trembled all over, before he was shot and flew out.

At the same time, a lot of blood spurted from his mouth.

The red robe monk was taken aback for a moment, this was just his temptation attack.

Lin Kai didn't avoid it, and was still injured?

Is he already seriously injured?

The red-robed monk looked at Lin Kai with gleaming golden eyes.

“hiss.....”

The red-robed monk gasped, his hair standing straight.

What kind of body is this?

The **** muscles twisted into a ball, like a pulpy tomato.

The bones in the body were shattered into pieces, but barely stuck together, as if they would fall apart at any time.

Lin Kai noticed that the red-robed monk was exploring his body, and he poured out a surge of spiritual power to cut off the red-robed monk’s sight.

However, this action caused Lin Kai’s mouth to overflow with blood.

The red-robed monk stretched out his hand and shot a golden thread from his fingertips.

It was like a snake, swiftly walking to Lin Kai’s side, entwining him.

Lin acted a few times, but couldn’t get away at all. On the contrary, his injuries became more serious.

The red-robed monk said lightly: “Don’t struggle, Lin Donor. There is no way you can escape.”

Lin Kai felt the golden thread entwining his body, showing a look of surprise.

This gold thread seems to be real and virtual, and it is impossible to distinguish its material.

Lin Kai was surprised and said, “This is your inner strength? Can it be condensed to a level that is almost physical?”

The red-robed monk said proudly: “Yes! Don’t say that you are badly injured now, even if you are in good condition, you are not Lao Na’s opponent.”

Lin Kai’s whole body was tightly entangled by the golden thread, and he asked calmly: “It seems that there is a realm above the Great Master.”

The red-robed monk said calmly: “Yes, you can call me a demigod!”

“Demi god?”

Lin Kai sneered, and said disdainfully: “Dignified and demigod, is this how to deal with a severely injured grandmaster?”

The red-robed monk didn’t change his face, and said lightly: “Cleverly, come with me.”

As he said, he pulled the golden rope to bring Lin Kai back to Tianzhu.

The golden thread was tightened and flew westward with Lin Kai.

Suddenly, a black flame burned in the middle of the gold thread.

It directly burned the gold thread and spread along the gold thread towards the monk in the red robe.

The red-robed monk's complexion changed, and a golden inner strength surged out like a huge wave, slapped on the black flames.

The huge wave hit, but the black flame only flickered a few times, but like a tarsal maggot, it fell on the huge wave and ignited it.

Seeing the black flame spreading to him quickly, the red-robed monk made a decisive decision and directly cut off the connection with the gold thread.

On the other side, Lin Kai lost the pull of the gold wire and fell straight towards the ground.

Lin Kai tried to stabilize his body several times, but reluctantly found that his injuries were too serious and his body had lost control.

Lin Kai smiled bitterly: "Am I going to be the first immortal cultivator to fall to death?"

Suddenly, a woman with a perfect figure in black leather armor appeared in front of Lin Kai.

With a slight movement, she put Lin Kai in her arms and stood in the void.

Lin Kai sniffed the familiar fragrance and the familiar embrace, revealing an expression of surprise.

"Is that you, Xiaoyun?"

Lin Kai looked at the woman's face in surprise, but saw a jade mask.

"Is this the jade mask I gave Xiaoyun?"

Lin Kai was a little unsure, because the mask was completely different from when he got it.

The mask used to be very beautiful, but now the mask is more like a mask of an evil spirit, with mysterious patterns on it, as if it can **** in the human soul.

The breath that this woman exudes is also very cold, not like a living person at all, but more like an evil spirit coming out of hell.

The woman looked down at Lin Kai, Lin Kaixin felt cold.

He didn't see those familiar eyes, instead he saw two black flames.

In the depths of the flames, there is a bottomless abyss.

An indescribable bloodthirsty killing intent appeared from those cold eyes, making Lin Kai's fiery heart become cold.

Lin Kai's eyes hesitated, is she really Long Xiaoyun?

The red-robed monk had a solemn face and golden light on his body, looking at the mysterious woman in surprise.

He seems to have seen such a woman wearing a demon mask in an ancient book.

It's just that the text on it is already very vague and can't be seen clearly.

The red-robed monk said solemnly: "Lao Na is the host of Tianzhu Xuandu, and she also asked the female donor to show her face and give the Lin donor to Lao Na!"

The mysterious woman looked at the red-robed monk coldly, her eyes bursting with a strong will to fight and murder.

"dead!"

A cold and hoarse voice came from the mask.

As the sound fell, a black flame broke through the sound barrier and instantly appeared in front of Xuandu.

Xuandu was shocked, and he didn't expect the woman to make a difference when she said nothing.

He had only seen the power of the black flame, so he didn't dare to take it hard, so he twisted his body to avoid it.

Unexpectedly, the black flame seemed to be conscious, and it also traversed an arc, and instantly fell on Xuandu's body.

"Huh~"

Like a flame dipped in gasoline, the flame that fell on Xuandu instantly spread, bursting and burning.

Xuandu's face was shocked, and the golden energy rushed out of his body, antagonizing the black flames.

The mysterious woman threw Lin Kai into the air and disappeared in place.

In the next instant, she appeared above Xuandu.

A black flame burned in the mysterious woman's hand, and she slapped Xuandu's head with a fierce palm.

Chapter 1918

Xuandu shook his whole body, and black flames gushed out from his facial features, which turned into ashes after a while.

The mysterious woman shook her body and returned to the place again to catch Lin Kai.

Lin Kai fell into the woman's arms. He looked at the woman deeply and said in a deep voice, "You are Xiaoyun, I will not admit it!"

The woman hugged Lin Kai and flew forward.

Before long, the woman fell into the air and returned to Dongxian Mountain.

Lin Kai was taken aback and said, "You know that I live here, have you been protecting me secretly?"

The woman threw Lin Kai on the mountain, rose directly into the sky without a word, and instantly disappeared from her.

Lin Kai lay on the mountain, staring at the sky blankly.

What happened to Long Xiaoyun? How did she become so strong now? Why did she refuse to recognize him?

A so-called demigod, even Long Xiaoyun couldn't catch a palm.

This is not because Xuandu is too weak, but Long Xiaoyun is too strong.

Could it be because of the jade mask he gave that Long Xiaoyun's temperament changed drastically and became stronger?

Lin Kai was a little stuck in his heart. He always felt that while the jade mask made Long Xiaoyun stronger, it also brought something bad.

At the very least, Long Xiaoyun's temperament became cold and slaughtered.

"Brother Lin Kai, what's wrong with you?"

Lin Xueer came out after hearing the movement.

She was frightened when she saw Lin Kai's blood covered appearance.

She hurried to Lin Kai's side and shook him, tears overflowing in her eyes.

Lin Kai quickly said, "Don't shake it, you'll fall apart after shaking it again."

After speaking, he vomited a mouthful of blood.

Lin Xueer was so frightened that she didn't dare to move, and cried 'uuu': "What should I do?"

Lin Kai said with difficulty: "It's okay, let me rest for a while. When my body recovers, I can move."

Lin Xue'er nodded, hugged Lin Kai and squatted there motionless.

Lin Kai didn't care about being awkward, he closed his eyes and cultivated himself.

Now, he doesn't dare to run the sun and absorb the aura.

Otherwise, the fragile meridians will burst directly, making him completely useless.

Fortunately, there is a gathering spirit formation in Dongxian Mountain, which is full of aura.

His body is slowly absorbing aura, repairing his broken body.

Lin Xueer slowly lowered her head and looked at Lin Kai's painful appearance, her heart ached.

Tears like pearls dripped from her face and fell on Lin Kai's clothes.

At an altitude of several thousand meters, the mysterious woman stood there, looking down coldly.

When she saw Lin Xueer shed tears, her fists couldn't help but clenched.

In her body, exuded a very tyrannical breath.

"How can I help Brother Lin Kai?"

Lin Xueer was anxious, but at a loss, she didn't know how to help.

"By the way, I have cultivated some spiritual power these days. I can put it into Brother Lin Kai's body."

Lin Xueer suddenly thought whimsically, if she gave her spiritual power to Lin Kai, then Lin Kai would definitely get better soon.

Because when she was cutting vegetables that day, she accidentally cut her finger.

She used her spiritual power to moisturize the injured finger, and within a minute her finger was completely healed.

As long as the spiritual power is injected into Lin Kai's body, the injuries in Lin Kai's body will soon heal.

Thinking of this, she held Lin Kai's hand, mobilized the very weak spiritual power in her body, and transported it toward Lin Kai's body.

Lin Xueer didn't know that not everyone's spiritual power could be fed into others' bodies at will.

If the two of them overcome each other's exercises and input spiritual power indiscriminately, there is even more danger of getting into trouble.

In addition, Lin Kai's internal meridians are very fragile, and he can't stand any external shocks anymore.

High in the sky, the mysterious woman saw Lin Xueer holding Lin Kai's hand, and she guessed what she wanted to do.

As soon as she moved, she dived down quickly.

This silly girl, do you want to die!

Suddenly, her body stopped and looked down silently.

After Lin Xueer put spiritual power into Lin Kai's body, she quickly entered Lin Kai's meridians.

In Lin Kai's broken meridians, there is also a milky white spiritual power flowing slowly.

Its movements are very gentle, slowly repairing Lin Kai's broken body.

However, at its current speed, I am afraid that it will not be possible for Lin Kai to escape from the serious injury for hundreds of years.

After Lin Xue'er's slightly cool milky white spiritual power entered Lin Kai's meridians, it directly merged with Lin Kai's spiritual power.

Not only did they not conflict, but they merged into a spiritual force.

After this spiritual power ran through Lin Kai's body for a week, it entered Lin Xue'er's body.

In her body, the same ran for a week.

This spiritual power seemed to be a slender thread, connecting the bodies of two people together.

Lin Xueer's pretty face turned red, and she felt a very comfortable energy enter her body, making her intoxicated.

After a while, Lin Xueer hugged Lin Kai and fell into a deep sleep.

And Lin Kai's painful expression slowly eased, and his spirit was already very tired, and he slowly entered the dream state.

In the dream, Lin Kai and Lin Xue'er hugged each other, and their bodies were immersed in a pool of water soon.

The fish were playing joyfully around them, mingling with each other.

In the high altitude, the mysterious woman's breath was unstable, and she flew into the distance without looking back.

I don't know how long it took, Lin Kai slowly opened his eyes.

A gleam of light appeared in his eyes, and it flashed away on the dark mountain.

He raised his head and looked at Lin Xueer, who was slowly waking up from a deep sleep.

Lin Xue'er's skin is very fair, but now her face is dyed with a faint pink, which is really pretty.

Lin Kai's expression moved, and quickly sat up from Lin Xueer's arms.

Lin Xue'er opened her eyes, at first she was at a loss, and then she saw Lin Kai in front of her.

Suddenly, her pretty face changed from a faint pink to a red apple.

She had a dream just now, in the dream...

Lin Kai stood up, pretending that she didn't notice Lin Xueer's strangeness.

Lin Kai gave a light cough and said, "Sister Xueer...it's getting dark..."

"Ok..."

Lin Xueer gave a soft 'um', without daring to raise her head.

Suddenly, there was a surprise expression on her face, and she smiled happily: "Brother Lin Kai, are your injuries healed?"

Lin Kai nodded: "Thanks to your help, otherwise my injury might be difficult to heal."

"My help?"

Lin Xueer thought with joy, could it be that her trace of spiritual power is so powerful?

Thinking of this, she subconsciously poured her mind into her body and looked at it.

Lin Xueer looked at her body, her delicate body suddenly stiffened.

"What the **** is this..."

Chapter 1919

In the meridians in Lin Xueer's body, the milky white spiritual power was flowing happily.

If you say that the spiritual power in Lin Xueer's body was like a thin line before, you can't see it without paying attention.

However, the spiritual power in her body was like a gurgling stream, holy and powerful.

She couldn't help using her spiritual power, and her whole body was shrouded in a hazy spiritual light.

Lin Xueer looked at Lin Kai and said happily, "Brother Lin Kai, am I in the foundation building period?"

Lin Kai smiled and nodded: "Yes, congratulations."

Lin Xueer looked curious, like a curious baby: "Brother Lin Kai, I just slept. Why did it go from the Qi training period to the base building period?"

"This question, I will answer you later..."

Lin Kai calculated the time and said in surprise: "Sister Xueer, do you know how long we have been asleep?"

Lin Xueer looked at the sky and estimated: "From noon to night. About five hours."

However, she felt that the dream she had had seemed very long, not just five hours.

Lin Kai let out a sigh of relief and said, "We slept for seven days in a row."

Lin Xueer's eyes widened, and she couldn't believe it.

She hurried to get her mobile phone and check the date.

I found out that it was really seven days later.

Lin Xueer murmured: "No wonder, I always think that dream is very long..."

Lin Kai considered it for a while, but decided to tell the truth: "Sister Xueer, did you dream just now?"

Hearing Lin Kai's words, Lin Xue'er's white face turned red again.

She is a very innocent girl who didn't know anything about men and women before.

But in the dream, with the help of Lin Kai, she unlocked a lot of knowledge.

This made her feel like an old driver from a pure girl.

Lin Xueer buried her head in her chest, nodded shyly, and whispered, "I had a very strange dream..."

Lin Kai swallowed and said without changing his face and heartbeat: "If you say...this is not a dream..."

Lin Xueer raised her head in shock, her voice stammered: "Lin, Brother Lin Kai, what do you mean?"

Lin Xueer looked shocked: "Could it be that I fell asleep, you took the opportunity to treat me..."

Lin Kai quickly raised his hand to stop Lin Xueer, and said, "Where did you want to go!"

Lin Xueer patted her chest and let out a long sigh of relief: "It's okay, okay. She's still a little fairy, and she doesn't want to have a baby now."

Lin Kai's eyes jumped a few times with Lin Xue'er's hand, remembering the scene in the dream.

He held up a glass of water with a dry mouth, drank it dumbfounded, and said with a laugh: "What nonsense. Even if that happens, you won't necessarily get pregnant."

Lin Xueer's face turned slightly red, she turned off the topic, and said with an anguish, "Brother Lin Kai, what happened just now!"

"Our bodies have fallen into a deep sleep just now, because our physique is special, it happens to be a pure yang body and a pure yin body. When you act unintentionally, the spiritual power in our body blends with each other."

Lin Kai tried to use words that Lin Xueer could understand, carefully explaining: "Not only that, our subconscious minds also blended together in our deep sleep, that's why we had such a dream."

"This kind of phenomenon that happened to us is called Shuangxiu in the world of immortality."

Lin Xueer tilted her head and thought for a long time, her face seemed to be dyed with red paint, and said in embarrassment, "So, we did it with spirit..."

Lin Kai nodded apologetically, a little embarrassed.

After waiting for a while, Lin Xueer suddenly raised her head and looked at Lin Kai with a dull look: "So, in the dream, do you remember those tricks clearly?"

Lin Kai looked away, not daring to look directly at Lin Xueer.

"Big villain, I'm fighting with you!"

Lin Xue'er's breathing became thick and heavy. She jumped up and rushed directly on Lin Kai's body, slamming Lin Kai's chest with her pink fist.

Lin Xinli was ashamed, so he let Lin Xueer throw him to the ground, and hurriedly put away the spiritual power of the body protector, so that the body became soft, so as not to hurt Lin Xueer.

After Lin Xueer fought for a while, Lin Kai begged for forgiveness: "Sister Xueer, I was a little confused at the time, so... you just forgive me."

Lin Xueer sat on Lin Kai's lower abdomen and waved her small fist, her charming little face showed a threatening expression: "You are not allowed to talk about this matter."

Lin Kai nodded again and again, with a full smile on his face.

Seeing Lin Kai's sincere attitude, Lin Xueer finally stood up, walked to the side and sat down.

She wanted to have a cold fight with Lin Kai for a few days, but soon couldn't help running to Lin Kai's side, with a look of concern: "Brother Lin Kai, is your injury better?"

Lin Kai sat with his knees crossed, observing his body.

If the spiritual power in Lin Xueer's body is a stream, then his spiritual power is a big river, the waves are rolling, magnificent.

In his dantian, Lin Kai's golden pills were originally full of cracks, and now they are completely repaired. His cultivation was even promoted from the junior level of the golden core to the middle phase of the golden core.

What is even more weird is that there is a trace of Buddha rhyme in his golden core.

As soon as his mind moved, his body emitted a dim golden light, and there was a faint Buddha's name chanting all over his body.

Lin Xueer sat cross-legged beside Lin Kai, her face calm: "Master, I understand."

Seeing Lin Xueer's appearance, Lin Kai was shocked and quickly put away the Buddhist rhyme that he exudes.

"It seems that I got a blessing in disguise. Instead, I let a ray of Buddha rhyme of that Buddha statue stay in my body."

The aura of the Buddha in Lin Kai's body is very weak, yet so pure.

Even the red robe monk Xuan Du did not have such a pure Buddha energy.

No, there is a huge difference between the two.

It's like the difference between paper and steel, the difference between inner strength and spiritual strength.

What made Lin Kai even more happy was that he got such a pure Buddha energy, but he didn't have any idea of escaping into the empty door.

In the future, he will encounter any conversion to the Buddha formation. With his current Buddha nature, he can easily go out.

Lin Kai flicked Lin Xue'er's forehead, took away the thoughts of Buddha in her heart, and said with a smile: "Thanks to sister Xue'er and I double repair, I can get better in such a short time."

Lin Xueer blushed and stomped her feet reluctantly: "You still say!"

Lin Kai saw Lin Xue'er's cute look, and there was a petting look in his eyes.

In his life, maybe there is another person who needs to be guarded.

Thinking of this, a haze appeared in his eyes.

He thought of the mysterious woman who rescued him, or his fiancée-Long Xiaoyun.

"With my current strength, I can't help her at all."

"Xiaoyun, when I am promoted to Yuan Ying, I will go to you. No matter what troubles we have, we will all face it together..."

Lin Xinli silently promised.

Chapter 1920 Missed Call

Lin Kai took out his spare cell phone and checked the missed calls.

From this look, there were hundreds of missed calls on the phone.

Lin Kai swiped for a while, and first called Xuanyuan back.

“Boy, you won’t answer the phone again. I’ll go to Donghai to find you!”

As soon as the mobile phone was connected, there was a curse over there.

After scolding, Xuanyuan said with concern: “What happened? Is Tianwei seven days ago related to you?”

Lin Kai smiled and said, “Brother, the news is pretty good, I know all this.”

Xuanyuan was anxious, and cursed: “A good shit, it’s spread all over the Internet. What’s more, when the Tianwei happened that day, those old things might be aware of it.”

Lin Kai’s expression changed, and he asked in a deep voice, “Brother, have you felt it in the capital too?”

Xuanyuan nodded, thinking of the horrible aura that made him flustered and inexplicably attracted him that day, he couldn’t help but feel a little emotional: “Ordinary people can’t detect it, but the old things in the hidden forces must have felt it.”

He looked a little solemnly and said, “These hidden forces have moved more frequently these days.”

“Some mountain gates are even more exposed in the world, and they have begun to walk in the world.”

Xuanyuan asked, “Did you make the movement that day?”

Lin Kai smiled dryly, with a dazed expression: “I have been in retreat these past few days. I don’t know what happened.”

Xuanyuan smiled and cursed: “Smelly boy, apart from you in Donghai, who can make such a big noise.”

Lin Kai’s ‘hehe’ blissfully, did not answer Xuanyuan’s words.

Seeing that Lin Kai didn’t want to say more, Xuanyuan stopped asking.

Xuanyuan and Lin Kai talked about other topics, such as Lin Yuan’s Love Welfare Agency.

Xuanyuan has sent someone to contact Lin Yuan.

Lin Yuan is also very cooperative and accepts the supervision of Jiulongshan.

Xuanyuan suddenly sighed with emotion: “Do you know how much lottery tickets were sold this week?”

Lin Kai made an estimate and guessed: “Should there be a billion?”

Xuanyuan sneered, “Wrong! It’s more than 18 billion!”

Lin Kai took a breath, he could think of Lin Yuan opening this so-called welfare agency, one of the purposes is to collect money.

However, he did not expect that the speed of this circle of money should be so fast, and the bank robbing would not be so fast.

Xuanyuan chuckles, "However, he earns more and pays more taxes."

Lin Kai looked curious: "Oh? How much tax did he pay?"

Xuanyuan said lightly, "Not much, probably 45 percent."

Lin Kai almost choked on the water, haha smiled and said, "Good job!"

Lin Kai hung up the phone and looked at other calls.

Among them are calls from several great masters in Donghai Province, as well as calls from Li Fengyun and Li Shengxian.

Among them, Qian Lian'er made the most calls.

Two days ago, there was only one phone call a day.

Two days later, she had already made dozens of calls.

However, she didn't call again in these two days.

Lin happily got nervous, worried about what happened to Qian Lian'er.

He quickly dialed Qian Lian'er's phone.

"My son, are you awake?" Qian Lian'er's surprised voice came from over there.

Lin Kai said in surprise: "How did you know?"

Qian Lian'er said in a sour tone: "Sister Tang Ying went to Dongxian Mountain to see you. She found you and Sister Xueer hugging each other. She felt that you were cultivating, so she didn't dare to disturb you."

"She was afraid that I was worried, so she called and told me."

Lin Kai nodded, Qian Lian'er's tone was not unusual, he must not know his tragic situation.

His clothes are very tattered, like beggar's clothes.

More importantly, the blood flowing out of him was like a stream, and his clothes were completely dyed red.

Lin Kai didn't complain to Qian Lian'er, and hung up the phone after chatting with her for a few words.

At this time, a hurried footstep came from far to near, towards the villa.

Leiyuan Group.

Lin Yuan sat on the seat with a gloomy expression on his face.

He gritted his teeth and said coldly: "Jiulong Mountain! Lin Kai! After eating mine, I will let you vomit it sooner or later!"

Lin Yuan only felt that his heart was dripping with blood, and eight billion had just been handed in for nothing.

The remaining 10 billion, excluding genetic medicine and other consumption, he can only make 5 billion!

His wise idea, in the end, did not make as much as Jiulongshan.

How can this make him willing?

One thought, in the years that followed.

Every week, forty-five percent of the money was handed in. Lin Yuan's heart seemed to be cut to pieces with a single knife.

Lin Yuan forced himself to look away and asked in a deep voice, "Jiang He, did you find it? What happened that day?"

With cold sweat left on Jiang He's face, he said dryly: "There should be a battle at the Grand Master level..."

Lin Yuan looked at Jiang He coldly and scolded: "Don't talk nonsense, don't I know these things? I'm asking you, who was it that day?"

Lin Yuan was too curious about what happened that day.

Because of the events of that day, the great hidden powers unexpectedly accelerated the time of birth.

What shocked Lin Yuan even more was that those old things had recovered and no longer fell asleep.

He also tried to calculate a divination and wanted to 'see' what happened on the spot.

Unexpectedly, he just shook the tortoise shell, and the tortoise shell exploded directly.

He was also bitten back, a mouthful of blood spurted, and he was seriously injured.

He cultivated for a few days before he got better.

Jiang He wiped the cold sweat on his forehead: "Master, I suspect that the great master of one party is Lin Kai!"

Jiang He didn't wait for Lin Yuan to ask, he explained: "Lin Kai left early that day. That happened not long after he left."

"Furthermore, for these seven days. He has not shown up either."

Lin Yuan's heart moved, and he said in a deep voice, "Have you sent someone to see Dongxian Mountain?"

Jiang He nodded quickly and said, "Go. It's just that there are clouds and mists, and you can't get to the top of the mountain at all."

"If you want to go up the mountain, you can only force it! Because I was afraid that I might have missed the master's matter, so I didn't make my own claim."

Jiang He asked: "Master, should I send someone to forcibly rush into the mountain and have a look?"

Lin Yuan tapped his fingers, stood up suddenly, and said solemnly, "No, I will go personally!"

Lin Yuan was not in a hurry to go to Dongxian Mountain, but dialed a few phone calls.

After finishing the call, he soared into the sky and rushed towards Dongxian Mountain.

Dongxian Mountain, villa.

Tang Ying opened the door of the villa, and her red eyes instantly fell on Lin Kai's body.

Lin Kai stood up and looked at Tang Ying with a smile.

The corner of Tang Ying's mouth flattened, and she threw herself on Lin Kai, crying bitterly: "Bad, you scared me to death, you know?"

That day, when Tang Ying came to Dongxian Mountain and saw Lin Xue'er sleeping with Lin Kai covered in blood, she was frightened.

She thought that Lin Kai and Lin Xue'er were already dead.

Tang Ying trembled, and exhausted all of her energy before she walked to the two of them.

Seeing the two people sleeping peacefully, Tang Ying collapsed to the ground all of a sudden.
