Chapter 1921 Tang Ying's sourness

Tang Ying observed carefully for a while, Lin Kai was seriously injured, but she could feel a wave of energy circulating in the two of them, and it was repairing Lin Kai's body.

Lin Kai Tieqing's complexion was getting better.

Especially Lin Xue'er's face is very ruddy, Tang Ying always feels that her face exudes a spring.

Tang Ying looked at Lin Kai distressedly, with tears in her eyes.

What happened to make Lin Kai suffer such a serious injury?

When will he get better?

Tang Ying didn't dare to wake the two of them rashly, so she kept guarding them.

As time passed, Tang Ying's heart became more and more tormented.

Because it's been three days, the two of them haven't even woken up yet.

If it weren't for Lin Kai's complexion to get better and better, Tang Ying would probably collapse.

Tang Ying wanted to be by his side all the time, waiting for Lin Kai to wake up.

However, Tang Feng kept calling and asked her to handle the work.

In order not to make Tang Feng suspicious, Tang Ying had to return to the Tang family.

Of course, she will come here every other half day to see the situation.

"Wait."

Lin Kai pulled Tang Ying away and asked in surprise: "You didn't even tell your uncle about my injury?"

Tang Ying nodded and said shyly, "For your safety."

Lin Kai's expression was soft, and he looked at Tang Ying tenderly: "Don't worry, I'm completely better now."

"Sister Tang Ying, you are here."

At this moment, Lin Xue'er jumped up and smiled happily holding Tang Ying's arm.

Lin Xue'er ran to Tang Ying's side from a distance of 20 meters in less than a second, and her appearance was just normal running.

Tang Ying's pupils shrank, carefully feeling the breath exuding from Lin Xue'er.

That is the breath of Martial Saint, but her breath is more than a thousand times purer than the average ancient martial artist?

Even if she is a grandmaster, she is not as pure as the breath that Lin Xue'er exudes.

Tang Ying felt a little bit sorrowful, Lin Xueer was just an ordinary person a month ago.

Now, she turned out to be a master of martial arts level.

What made her envied even more was that Lin Xueer was the same immortal cultivator as Lin Kai.

Tang Ying's face was surprised, her mouth was open: "Xue'er, you turned out to be Martial Saint..."

"Well Saint Martial?" Lin Xueer tilted her head, having no idea about the realm of ancient martial artists.

Tang Yingmuran nodded and asked, "How did you do it?"

Lin Xue'er's face suddenly reddened, and she looked at Lin Kai secretly, threatening him not to speak out.

Lin Kai smiled bitterly, your expression is too obvious, do you still use me to tell it?

Seeing Lin Xue'er's expression, the wise Tang Ying instantly understood that it was because of Lin Kai that she became so great in a short time.

Tang Ying lowered her eyes, her expression a bit low.

Lin Xueer quickly took Tang Ying's hand, and after looking tangled, she pulled her aside and muttered.

Lin Kai took a glance and heard some of their conversations 'accidentally'.

It seems to be talking about "double repair", or "sleeping" ...

Lin Kai coughed lightly, then took his divine thoughts back.

He is a big man, and he doesn't listen to girls' private conversations.

At the same time, he couldn't help but complain, Lin Xueer wouldn't let him tell the story, but she could not help telling it herself.

When the two girls came back holding hands, Lin Kai always felt that the look in Tang Ying's eyes changed a lot more eagerly.

Lin Kai looked at Tang Ying vigilantly, coughing slightly, "Ying'er, don't mess around..."

Tang Yingqiao blushed, and gave Lin Kai a light glance.

Tang Ying looked straight, took out a mobile phone, and handed it over: "Lin Kai, these are some important things that have happened in the past few days, please take a look."

Lin Kai nodded and took the phone.

Seven days ago, a wave of heavenly majesty swept across the East China Sea, causing many great masters to tremble, even kneeling on the ground.

At the same time, they all saw a dark cloud in the sky, lightning and thunder in it, a scene of apocalypse.

When the vision disappeared, the coercion disappeared.

Many people wandered around for a while before entering the sky.

Everyone only felt that there was a very strong and surging aura here, and found nothing else.

Two days later, many strange faces, even people who had never appeared on the land of China, came to the East China Sea.

They appeared in many places and seemed to be investigating something.

Not only these strangers, many powerful ancient Wu families and sects of China also sent people to the East China Sea.

Coupled with the previous gene medicine incident, Donghai has become the most watched place in China and even the world for a while.

All of them are watching Donghai Province curiously.

Most people are still more concerned about genetic medicine than what happened seven days ago.

This week, the Love Welfare Society in every province has prescribed 100 D-type gene medicines and 10 C-type gene medicines.

At the same time, specialty stores of gene pharmacy have been opened all over the country.

Every day, each place sells a limited amount of 1,000 D-type gene medicines and 100 C-type gene medicines.

According to statistics, 200,000 D-type gene drugs and 20,000 C-type gene drugs have been sold this week.

When Lin Kai saw this, his expression changed in awe.

It seems that there are now more than 200,000 evolvers in the world.

Among them, I don't know how many genetic medicines were traded with Lin Yuan in the dark by the various ancient warriors and many rich men.

"The progress must be accelerated, otherwise the evil energy will really explode. I will become a sinner."

Lin Kai's face was solemn, and a trace of pressure appeared in his heart.

In addition, because Lin Kai hasn't appeared for a long time, many people are inquiring about Lin Kai's news.

This also includes several great masters in Donghae Province.

They all knew that Tang Ying could go in and out of Dongxian Mountain freely, so they all asked Tang Ying about the situation several times.

Even Tang Feng asked about Lin Kai's current state very worried.

It's just that Tang Ying's tone was very tight and he didn't show his expression, which didn't make them aware of anything.

Lin Kai sneered. I'm afraid these great masters are also suspecting that the vision that happened that day has something to do with him.

At this time, suddenly there were several tyrannical auras flying towards Dongxian Mountain.

Lin Kai's eyes flashed, and he clearly saw that the people here were the five great masters of Donghai Province.

To Lin Kai's surprise, it was Lin Yuan who was the first one.

The six of them did not hide their aura, and Tang Ying and Lin Xue'er also felt the tyrannical aura approaching quickly.

Tang Ying looked at Lin Kai with a solemn expression: "Lin Kai, are you Grand Master?"

Lin Kai nodded lightly: "Yes, it's Lin Yuan and your uncle."

Tang Ying's expression changed, and she said eagerly, "Lin Kai, my uncle is absolutely not malicious."

Chapter 1922

Lin Kai smiled slightly and patted her palm, her voice was very soft: "Don't worry, I trust your uncle."

Tang Ying nodded, her expression still a little nervous.

When Lin Kai lost the news, the great masters of the East China Sea came together, and they had no good intentions.

If her uncle is also in the same affair with them, she really doesn't know what to do.

"Uncle, don't let me down..."

Tang Ying prayed silently.

Lin Kai looked indifferent, and the same words appeared in his heart.

The six descended to the top of Dongxian Mountain, looking at the clouds and mist in front of them.

Standing with his hand, Lin Hong said with emotion: "The aura here is much richer than the aura of the Lin family."

The emperor snorted. Said: "Old Lin, you can be content. We haven't gathered the spirit formation yet. If Lin Kai really has any accident..."

Tang Feng frowned and said coldly, "Brother Huo, please be careful. Lin Kai is fine, how could something go wrong?"

The Emperor Huo raised his eyelids and said casually: "What happened that day may really have something to do with Lin Kai. With the power of that day, Lin Kai shouldn't survive?"

Tang Feng's brow furrowed deeper: "If there is no evidence, it's better not to talk nonsense!"

The Emperor Huo sneered, ignoring Tang Feng.

Jin Chi stood up and said with a smile: "Well, didn't we come here to see Mr. Lin Kai on purpose?"

Jin Chi's luck, a sound line shot towards the depths of the clouds and mist.

“Mr. Lin Kai, I am waiting for my visit. Please also go out for a while!”

Tang Ying looked at Lin Kai, but found that Lin Kai had no intention of going out.

She also stood quietly beside Lin Kai.

Several great masters waited for a while, but saw no movement in the clouds.

Liu Shadong’s eyes flashed, and he muttered to himself: “Is there really something wrong with Mr. Lin Kai?”

Tang Feng frowned, and slowly said, “He may be out for something. He is not a native of the East China Sea after all!”

Jin Chi haha smiled and shook his head, and said meaningfully: “Brother Tang, your niece has been running here these days. If Mr. Lin Kai is not there, why would she be here?”

Tang Feng looked at Jin Chi coldly and scolded, “Are you following my niece?”

Jin Chi smiled slightly, and said dismissively: “After all, we are friends with Mr. Lin Kai. Of course we should care about his current situation?”

“What’s more, it’s not just me, who don’t know the whereabouts of your niece?”

The other great masters were slightly silent and acquiesced to Jin Chi’s words.

Tang Feng sneered: “You are really good friends. They haven’t seen each other for a week, so I can’t wait to see him.”

Liu Shadong waved his hand and said solemnly: “Brother Tang Feng, don’t you care about Mr. Lin Kai’s current situation? If something really happens to him, we can help!”

Tang Feng frowned, hesitated.

At this time, Lin Hong sighed again: “Why does the spiritual fog in Lin Kai block the Great Master’s line of sight? It seems to have a deceptive function?”

Several other people couldn’t laugh or cry. It was this time that Lin Hong was still concerned about such trivial matters.

Jin Chi said solemnly: “Brother Lin, what do you think, please tell me.”

“I?”

Lin Hong shook his head lightly: “I listen to you and support all your decisions.”

“Old fox!”

Jin Chi and others cursed secretly in their hearts, this old thing obviously didn’t want to get involved with this matter.

However, judging from the situation where he was the first to bear Tianwei last time, perhaps Lin Hong was the strongest existence among them.

At this time, the Huohuang coughed slightly and said the voice of most of the people present: "Everyone, should we forcibly break in? I don't believe that the clouds and mist here can stop our cooperation."

After the fire emperor said this, the scene suddenly became quiet and weird.

Tang Feng wanted to stand up, but after struggling in his heart several times, he remained silent.

Lin Yuan looked on coldly and sneered to himself.

These local masters looked forward and backward, but were not decisive at all.

Fortunately, he had other preparations.

At this time, there were several tyrannical auras quickly flying towards here in the distant sky.

The few people present were shocked and looked over.

Soon, they landed beside them.

"Is it you?"

The expressions of Liu Shadong and others changed.

These more than a dozen figures were all great masters who appeared at the auction that day.

Among them, there are unexpectedly several foreign masters.

Tang Feng walked to the front, looked at them coldly, and said coldly, "Everyone, this is a private domain. Please leave!"

"Tang Feng, long time no see."

A great master from abroad stood up and looked at Tang Feng with a sneer: "It turns out that you are like a bereavement dog, hiding in Huaxia. Your eldest brother is about to be unable to hold it, he is about to die!"

Tang Feng's expression sank, and he said every word, "Felix!"

The Brown family where Felix belongs is the Tang family's most powerful enemy overseas.

The reason why the Tang family returned to China was because they were sniped and killed by forces headed by the Brown family.

The Tang family suffered heavy losses of wealth, and its personnel suffered a lot of casualties.

Felix had killed many core disciples of the Tang family, and was an old opponent of Tang Feng.

A strong murderous intent flashed in Tang Feng's eyes, and he said coldly, "Felix, you dare to come to China. Do you want to die?"

Felix sneered: "Tang Feng, it's up to you. Can you kill me?"

Tang Feng was tit-for-tat, his voice was cold: "I want to try it!"

At this time, another great master from abroad stood up and said impatiently: "So many of us come here, it's not up to you to resolve your grievances."

He looked at the dense spiritual fog and said urgently: "Let's get in now!"

The other great masters nodded one after another, and their eyes fell on the spirit mist.

Tang Feng's expression changed and he shouted: "No, this is a private domain. What qualifications do you have to enter?"

Tang Feng looked anxious, looked at the four great masters of the East China Sea, and said eagerly: "Everyone, this is the territory of the East China Sea. Do you really let these people break in?"

Jin Chi and the others hesitated and hesitated.

Tang Feng said loudly, "Lin Kai regards you as friends, are you treating him like this?"

A great master said impatiently: "What nonsense, maybe Lin Kai's body is cold now."

"What's more, even if Lin Kai is fine. There are so many of us, what can Lin Kai do to us alone?"

Jin Chi nodded and said hesitantly, "Yes. Not to mention we can't stop them."

Tang was anxious and was deeply disappointed with Jin Chi and others.

Felix sneered and approached forward: "Tang Feng, do you want to stop us? Otherwise, we will go in!"

The others also looked at Tang Feng coldly, with a trace of murderous intent in their eyes.

On the edge of the crowd, Lin Yuan's mouth showed a smile that he could grasp.

Chapter 1923 hard intruders, at your own risk

The crowd approached slowly, making Tang Feng's complexion difficult to look.

He stepped back step by step, somewhat difficult to get off.

At this moment, the clouds in front of everyone suddenly rolled, and a beautiful figure wandered out from inside.

Tang Feng's expression was different, and he blurted out, "Ying'er, why are you?"

Tang Ying nodded to Tang Feng, her face seemed a little grateful.

In the end, her uncle stuck to the bottom line and did not go with these great masters.

Tang Ying said softly: "Uncle, you don't care about things here. You leave."

Tang Feng frowned: "Then you leave with me."

Tang Ying shook her head lightly, her expression very firm: "I won't go."

Tang Feng frowned more ruthlessly, his expression a little anxious.

The current situation will be dangerous at any time.

Maybe Tang Ying will be implicated and hurt.

“Hey, you girl. Quickly disperse these clouds. Otherwise, we won’t look good when we do it!”

A great master shouted loudly.

Tang Ying looked at the dozens of great masters present, her expression resolutely not afraid.

She said faintly: “This Grand Master, this is Lin Kai’s private domain. No one can enter without his permission.”

Tang Ying looked at the crowd and said loudly, “Lin Kai is now in retreat, so I can’t see guests!”

“After a few days, he will naturally appear.”

“Now, everyone, please go back!”

Felix sneered: “Smelly girl, you let us leave and leave? Who do you think we are? What qualifications do you have to ask us!”

Felix shouted coldly: “Hurry up and let Lin Kai come out and let him explain whether the vision of the day is related to him! Otherwise...”

Tang Ying looked at him with sharp eyes, and said coldly: “Otherwise what? Lin Kai has already said that he will not be blamed for the great master who is leaving now. If he does not leave, he will be at his own risk. If you dare to break the formation forcibly, you will kill you without mercy!”

“What a big tone!”

All the great masters present were furious, and their breath surged.

“The words I have brought, you can figure out how to do it yourself!”

After Tang Ying finished speaking in a cold voice, she disappeared into the clouds as soon as she retreated.

“Want to go?”

Felix moved, like a goshawk, and rushed over.

With his speed, she can easily be caught before Tang Ying disappears completely.

“stop!”

Tang Feng turned into a refreshing breeze, which blew in front of Felix, and slapped him on the chest fiercely.

Felix’s complexion changed, so he had to stop his figure and slap Tang Feng.

‘boom’

The two of them trembled and retreated to both sides.

Felix’s face was ugly, and his voice was full of murderous aura: “Tang Feng, we have missed our major event, and your lives are not enough to die!”

The other great masters also looked bad and looked at Tang Feng viciously.

Tang Feng blocked them repeatedly, do you really think they dare not kill the great master?

Tang Feng's face was calm, and he seemed to be explaining, "That's my niece!"

He looked at the crowd with a very calm voice: "I don't care about the things here. But if anyone touches my niece, that's my mortal enemy!"

After speaking, he stepped aside and closed his eyes to rest up his mind.

In the villa, Tang Ying walked back to Lin Kai's side.

Lin Kai stood with his hands behind, looked outside the villa, and said flatly, "Are you afraid?"

Tang Ying shook her head and said worriedly: "I'm afraid I can't talk about it. After all, you are here. I'm just worried that you can't handle so many people outside."

Tang Ying was full of confidence in Lin Kai. She felt that none of these great masters outside was Lin Kai's opponent.

However, there are more than a dozen great masters outside, and they will definitely join hands when they start.

Tang Ying was a little puzzled, and he hesitated and asked, "Lin Kai, you can't escape now, have you made things more complicated? Go out and explain clearly, isn't it all right?"

Lin Kai nodded and admitted, "Yes. If I don't show up, someone will definitely break into my villa directly, and conflict will be inevitable then!"

Tang Ying's expression became more and more puzzled: "Then you..."

A sneer appeared at the corner of Lin Kai's mouth: "Without my invitation, just come to my door and shout. If you don't let these people remember this time, next time I'm missing for a long time, I will wait for me to go home At that time, was the villa ruined?"

"So, we must teach them a profound lesson this time!"

"Of course, I will also give them a chance. Leaving now, I will not blame the past. If you don't leave, but dare to push hard, then you will have to pay the price!"

Seeing Lin Kai's domineering look, Tang Ying and Lin Xue'er were dazzled.

They only felt that the man in front of them was full of masculine charm, which fascinated them.

Tang Ying has been secretly agreeing to Lin Kaifang, and she is very clear about her heart.

Lin Xue'er lowered her head in a panic. She didn't know what was wrong with her, why she wanted to keep looking at Lin Kai.

When I saw him, my heart was still thumping.

The appearance of Lin Kai just now made her intoxicated even more, and this feeling made her very uncomfortable.

Outside the villa, more than a dozen great masters were quiet for a while.

Felix frowned and sneered: "Everyone, didn't you be scared by that little girl?"

Felix ridiculed his face, his voice was neither overcast nor overwhelming: "If you are afraid, you should leave quickly. Otherwise, be careful not to save your life, haha."

The great master present has practiced for many years, how can he disturb their minds.

However, Felix was right.

It's not enough to scare them anymore.

If Lin Kai is really inside and it has nothing to do with the vision a week ago, they just apologize!

A great master also stood up, looked at everyone, and said lightly: "I have to go in and see what is going on. Are you not curious about the reason for Tianwei that day?"

"Since Lin Kai has not shown up, the vision that day is probably related to him."

"Do you want to quit, or be a villain. Choose!"

At this time, several great masters stepped forward again.

A few minutes later, only a few great masters of Donghai Province still stood there and did not move.

Even Lin Yuan stood in the distance if nothing had happened, without moving.

More than a dozen great masters glanced at Lin Yuan, ignored him, and instead nodded to Lin Yuan.

After all, they still have to buy genetic medicine from Lin Yuan.

Offended Lin Yuan, but it was a very unwise thing.

Lin Yuan also arched his hands and said with a wry smile: "Everyone, Lin Kai is my cousin after all. I forcibly entered his villa. It's really impossible to justify."

"Where, we certainly understand Mr. Lin Yuan."

"Mr. Lin Yuan is so kind to his cousin. I heard that he has scolded you before. If he knows, is he ashamed to death?"

Many great masters hurriedly smiled, expressing their understanding of Lin Yuan.

Chapter 1924 Instant Kill

Lin Yuan smiled at the crowd, but a haze flashed in his eyes.

At this time, he should have stood with these great masters, not only to make the great masters feel good, but also to take the opportunity to kill Lin Kai.

But when he wanted to stand up, the alarm bell of fate rang frantically.

It seems that if he wants to shoot together, there will be things that threaten his life.

Lin Yuan keeps his hands behind him, counting with his fingers.

In the void in front of him, there appeared an illusory portrait that only Lin Yuan could see.

It was a vague figure. He galloped forward at an indescribable speed.

The terrible speed made the air around him twisted.

The vague figure stopped abruptly and looked down.

Lin Yuan's eyes became extremely tingling, and his chest seemed to be severely smashed by a sledgehammer, and a mouthful of blood almost spurted out.

Lin Yuan quickly stopped counting and let the illusory picture in front of him disappear.

"It's him!"

Lin Yuan looked ugly and grasped it.

In the distant high sky, a middle-aged man wearing a hot golden cloud-rimmed robe frowned slightly: "Is that Lin Yuan, who can even use divination?"

A great master who knows how to divination, his threat has risen in a straight line.

Everyone didn't notice Lin Yuan's strangeness.

Their gazes had fallen on the four great masters of Donghai Province at this time.

"Several great masters, please make a statement. Are you advancing or retreating?"

Jin Chi and others frowned and looked at each other.

Liu Shadong laughed and said, "After all, we are the local masters. It would not be nice to break in."

A great master sneered: "Yes, then you can leave."

Liu Shadong frowned and looked at the great master coldly: "I can't leave, what's up with you!"

The great master sneered again and again: "Now we have to break in and question Lin Kai. Since you are unwilling to go in, you naturally don't have the right to know the secret of that day. So, you should leave temporarily."

The other great masters nodded and looked at Liu Shadong and others coldly.

"This..."

At this time, a few of them became confused, not knowing how to advance or retreat.

Lin Hong stood there and said lazily: "I will neither leave nor go in, just stand here. If you have the skills, just do it."

A war spirit flashed in the eyes of a great master, and he strode out, his voice rumbling loudly: "Tianwei that day, you were the first to hold on."

"I want to see if you are the strongest!"

The great master flew up, and his palm suddenly became illusory, swelling several times, as if it were the palm of a giant.

He slapped Lin Hong like a fly.

Lin Hong glanced at him lightly, stretched out one and pointed forward.

A cyan light shot from his fingertips and turned into a cyan long sword, and it slammed into the palm of his hand with a 'swish'.

'puff'

Hearing a soft sound, the cyan long sword passed directly through his palm.

The great master's face was distorted, and before he could scream, he saw that long sword shot in front of him in an instant.

Its speed was so fast, it was directly around the neck of the great master, and a big head rolled down.

Lin Hong stretched out his hand, and the cyan long sword flew back into his hand, turning into a little cyan light, scattered in the void.

"Dead...dead..."

The scene instantly became deadly silent, and everyone looked at the corpse dumbfounded, a little too slow.

"How is it possible, this is the Grand Master!"

Everyone couldn't believe that this great master came from Xijiang Province and was the strongest local great master.

However, he now looked like a child, and was killed without any resistance in front of Lin Hong.

If it weren't for the great master already dead, they all suspected that this was a scene between the two to set off Lin Hong's strength.

Lin Yuan's pupils had shrunk to the size of a pinhole, and there was a strong shock and fear in his eyes.

When he came to Donghai Province, he also went to see Lin Hong.

At that time, he was still half temptation and half threatening and asked Lin Hong to deal with Lin Kai.

At that time, Lin Hong's attitude was very humble, which made him lose his vigilance.

With Lin Hong's current display of force, if he uses his hands, there are not enough great masters to kill him.

"Why does he hide his realm?"

Not only Lin Yuan, but Lin Kai's complexion in the villa also became condensed.

Lin Hong suddenly raised his head, and his gaze was straight in the direction of Lin Kai.

He smiled faintly: "Your expression tells me that you seem to have known that I am hiding in the realm."

Lin Kai raised his eyebrows, and this simple cloud mist formation could not hinder Lin Hong's gaze.

Lin Kai nodded slightly and said faintly: "After I left the Lin's house that day, you exposed your aura, and I noticed it."

Lin Hong sighed with emotion and said softly: "It was my mistake. I underestimated you. You can't see my appearance dozens of miles away."

Lin Kai's expression was indifferent, and he communicated with Lin Hong, "Are you in a realm like you called a demigod?"

Lin Hong looked surprised, and then suddenly said: "By the way, you are from Jiulong Mountain. Xuanyuan must have told you."

When Lin Hong mentioned the name Xuanyuan, a trace of jealousy flashed in his eyes.

He is a man who suppressed China and became famous all over the world.

Lin Kai didn't explain, he actually heard about it from the red-robed monk Xuandu.

Xuandu's breath was similar to that of Lin Hongxiang, but he was beaten to death by Long Xiaoyun with one move.

She killed Xuandu as easily as Lin Hong killed Grand Master.

Thinking carefully about the gap in this one made Lin Kai secretly startled.

How powerful is Long Xiaoyun now?

Lin Kai continued to ask: "Now, why don't you continue to hide?"

Lin Hong shook his head and said indifferently: "Now the hidden Sejong gates are coming out one after another to fight for a place in this great age. If I continue to hide, I will be eliminated. Now, I must fight!"

When Lin Hong and Lin Kai exchanged ideas in the air, the great masters at the scene also came back to their senses.

Lin Yuan's face was ugly, and his body quietly retreated and left the scene.

The other great masters looked grim and looked at Lin Hong in horror.

Jin Chi and the others looked weird, as if they had met Lin Hong for the first time.

"It turned out to be the demigod lord!"

At this time, Felix first stood up and said respectfully: "Your Excellency, my father is also a demigod. Presumably, you will have many topics in common."

"Demi god?"

Many great masters looked blank, are demigods the realm above the great masters?

Lin Hong ignored Felix.

He glanced at them faintly, and said calmly: "If you can let me go, just continue with what you just did."

Chapter 1925: Cracking The Mystery Of Clouds And Mist

Continue what happened just now?

Many great masters looked at each other, a demigod was present, they were still showing off here, they were guilty in their hearts.

Lin Hong frowned, his voice slightly cold: "Why, you must drive me away, are you reconciled?"

"Don't dare, don't dare."

More than a dozen great masters were crying and slowly approaching into the clouds.

Standing in front of the clouds, they frowned and said softly: "How do we get in."

A grandmaster with red hair came up and said faintly: "You get out of the way, I'll come!"

The great master stood at the forefront, his body suspended out of thin air, and a wave of heat appeared around him.

Hearing the sound of 'hu', a ball of flames gathered towards his palm.

The Emperor of Fire raised his eyebrows, his eyes flashed with warfare.

This great master turned out to be an awakened fire talent. I wonder who is stronger with him?

"go with!"

Pushing the palm of the great master, the flame flew forward like a fire bird.

"burst!"

Flew dozens of meters away, the great master shouted.

The flames burst into the clouds with a 'bang'.

The clouds rolled violently, but there was no trace of dispersal.

The great master's confident expression suddenly stiffened, somewhat inconceivable.

He murmured: "It's just clouds and mist, my flames can't disperse it?"

"Hehe, you still get out of the way. Let me come."

Another old man with blue hair walked up slowly.

He looked at the cloud and mist in front of him, his eyes flashed with disdain, and said calmly: "The mere cloud and mist can be blown away with just one breath."

After the old man finished speaking, a gas flow came out of his mouth.

When the air just came out of his mouth, he was just a breeze.

But as it flew forward, its airflow became larger and larger, and when it flew into the clouds, it had already turned into a tornado.

“Well, this time the strange cloud must be dispelled!”

The spirits of the crowd were greatly shaken, and those who were awakened by the wind system came in handy at this time.

The tornado frantically swept across the clouds and mist, causing large swaths of clouds to roll.

Before the old man showed a triumphant smile, he saw that as the tornado raged, other clouds and mist around him quickly made up for it.

Annoyance flashed across the old man’s face, and several tornadoes spurted out of his mouth.

The old man controlled the tornado raging crazily in the clouds and mist, but he couldn’t keep up with the speed of the clouds and mist.

Now the old man’s face couldn’t hang up completely, his face was as dark as the lid of a pot.

“I’m coming too!”

“I’m coming too!”

At this time, two more Wind Element Awakeners stood up and attacked the clouds.

“Boom Rumble”

The clouds and mist in front of them were like turbulent waves, and the great masters standing around also felt the violent air currents attacking them.

However, the clouds and mist in front of them are endless and cannot be blown away.

The three of them flushed and looked at each other.

“burst!”

They shouted, and their palms suddenly clenched.

“boom”

More than a dozen tornadoes exploded directly, and violent winds surged in all directions.

The surrounding clouds were instantly cleared out of a large area.

In the depths of the clouds, a villa appeared indistinctly before their eyes.

At the door of the villa, a man and two women stood there, looking at them.

“It’s Lin Kai!”

The spirits of many great masters were shocked, and they finally saw Lin Kai’s appearance.

As the airflow weakened, the clouds quickly blocked their sight.

“Damn it, he didn’t retreat at all, he didn’t even come out to see us.”

Numerous great masters looked furious, and began to punish Lin!

Tang Feng sneered secretly, what are you guys, why must you come out to see you.

“When the villa appeared just now, I think it was only 500 meters away. We might as well just break in!”

A grumpy grandmaster shouted: “It’s embarrassing to be stumped by the little blindfold. Get out of the way and let me take the lead!”

The great master stepped forward and plunged directly into the clouds and mist.

The other great masters watched indifferently, willing to take the lead.

“Are you Lin Kai? Come over to me!”

Suddenly, a rough and arrogant voice came from the great master.

Immediately afterwards, there was the sound of a fight inside.

“Fit!”

The great masters were shocked, and it seemed that this cloud was really not a big deal.

However, within a few minutes, the great master suddenly uttered a scream, and the sound of the fight came to an abrupt end.

After that, there was a complete silence in the clouds.

At this time, a dark shadow flew out of the clouds and fell under their feet.

This is a **** human head, and the look of horror and despair completely freezes on the face of the great master.

“died?”

The expressions of the crowd were awe-inspiring. After only a few minutes, Lin Kai actually killed a great master?

Jin Chi and the others looked at each other, a solemn color flashed across their faces: “It’s only been a month, and Lin Kai is stronger!”

It took a long time for Lin Kai to kill Lei Qiankang last time, and now he actually killed a great master within a few minutes.

Many great masters also looked at each other, with a trace of fear on their faces.

These people are strong and weak.

However, it is very difficult for any great master to kill the opponent.

But Lin Kai did it, and he didn’t use it for a few minutes.

When everyone looked at the head, Lin Hong suddenly raised his head and narrowed his eyes.

“He actually came...”

Lin Hong’s expression changed several times, and finally he backed away.

He retreated silently, and no one noticed his departure.

“At such a young age, his xinxing is so vicious. Everyone, he must be killed!”

A great master said in a deep voice with fear on his face.

The other great masters also nodded one after another.

They all offended Lin Kai this time, and now they are all gathered together, it’s good to say.

If they were alone, wouldn’t they also end up with the same fate as this great master?

A great master looked ruthless, and said coldly: “Let’s break in together. I don’t believe it, I can’t break this cloud!”

Numerous great masters looked at each other and forced them toward the front.

At this time, an overbearing and sharp aura as sharp as a spear quickly approached Dongxian Mountain.

Many great masters looked up in surprise, and saw a figure rushing from the sky in an instant.

In the next instant, he fell in front of everyone.

At this time, the clouds also rolled, and a figure in white clothes came out from inside.

Lin Kai looked at the figure and smiled: “If you don’t come again, I will be beaten to death by these people!”

“Lin Kai! Do you dare to come out!”

The two great masters shouted loudly and rushed towards Lin Kai.

Lin Kai looked at them coldly, without any movement.

Chapter 1926 Xuanyuan Descends

“Giving up resistance?”

The two great masters sneered, thinking that this would not kill you?

The threat should be wiped out sooner!

Thinking of this, they showed murderous intent, one attacking Lin Kai’s head and the other attacking Lin Kai’s heart, they were bound to kill Lin Kai.

“I’m here, still dare to make a move?”

At this time, a cold voice came from behind the two of them.

The two of them looked shocked, and the voice was clinging to their backs.

They turned their moves and patted directly behind them.

The move failed, and before they turned their heads, they felt their necks tightened and they were firmly grasped by a big hand.

The figure that came, grabbed them with two hands, and showed an indifferent look on his face.

“The evil guest comes to the door, and dare to kill!” The voice said coldly: “Great masters like you, it’s useless to live in the world. Go die!”

After speaking, without giving them a chance to react, they broke their necks and threw them on the ground casually.

“Another demigod.”

Felix looked sad, what happened to Huaxia, why did he meet two demigods in such a short time?

Are there so many demigods in China?

Overseas, some countries don’t even have a demigod.

“This person seems to be alone...”

At this moment, a great master looked suspicious and looked at the figure.

“Do you feel like it too?”

Another great master also said quietly.

This is a charming middle-aged man, standing there quietly, but like the center of the world.

His temperament is even more domineering, and he has the aura of a king, like a natural leader.

A group of great masters are in charge of one party, their auras are very public, and each has its own merits, but in front of this middle-aged man, they are all overshadowed. Like an ordinary person.

Only Lin Kai, who stands with his hand, has a temperament like an immortal, is equal to this man.

“Is it Xuanyuan God of War?”

A great master took the courage and asked in a low voice.

Xuanyuan nodded casually, and said lightly: “It seems that the baby now. Someone still remembers me as an old man.”

The grand master of the old man smiled bitterly, in front of the God of War Xuanyuan, he was indeed a baby.

When he was young, he heard from his grandfather that Xuanyuan was like this middle-aged man.

In a blink of an eye, more than eighty years have passed, and Xuanyuan still looks like this.

It’s really scary and envious!

“It’s the God of War Xuanyuan!”

Hearing Xuanyuan’s personal confession, the several great masters present overseas looked terrified, like mice meeting cats.

The other great masters of China are full of fanaticism, like fans of star chasing.

As long as it is a great master, no one has never heard of Xuanyuan's record.

A hundred years ago, China was in chaos.

The big sects and families conquered each other, and even foreign enemies invaded.

The ancient warriors of China had hatred with each other and couldn't unite, so they were defeated by the strong overseas, and lost their helmets and armors.

At this time, a middle-aged man was born, and a pair of iron fists suppressed countless great masters at home and abroad.

He allowed China's ancient military forces to live in peace and expelled all ancient military forces overseas.

For nearly a hundred years, no force has dared to invade China, because of Xuanyuan's prestige.

Xuanyuan coldly looked at the great masters overseas, and said coldly, "Why, do you barbarians want to intervene in my China affairs? It seems that I am going overseas!"

Hearing Xuanyuan's words, the dead souls of the great masters overseas all burst into cold sweat.

Felix was trembling all over, his expression terrified.

If Xuanyuan goes to sea, it must be blood.

Ordinary great masters might not be able to calm Xuanyuan's anger, only the blood of a demigod could calm Xuanyuan down.

Of the overseas masters present, only his father was a demigod.

If Xuanyuan goes to sea, maybe his target is his father.

If his father knew about this, he would have to kill him as an evil animal.

As for the overseas demigods teaming up to attack and kill Xuanyuan, that is impossible.

Not to mention that the overseas demigods are not monolithic, the other is that Xuanyuan's vitality is terrifying.

Felix heard his father say with fear on his face that a hundred years ago, five demigods besieged and killed Xuanyuan.

Xuanyuan's injuries continued to worsen, but on the contrary, the more the war became stronger.

In the end, the **** Xuanyuan was driven away with two deaths and three serious injuries.

Unexpectedly, Xuanyuan appeared alive the next day.

At this time, the demigods completely lost their temper, bowed their heads to Xuanyuan, and obediently withdrew from China.

Felix and the other great masters softened their legs and knelt directly in front of Xuanyuan.

“We have absolutely no intention of invading China. We came here this time and were invited to follow us together.”

Felix knelt there and explained repeatedly.

Xuanyuan looked at the great masters of China, and his eyes became colder: “Very well, is this my great master of China?”

“A group of great masters came together to bully a young man. Why, are you going to kill my righteous brother?”

“Lin Kai is the righteous brother of God of War Xuanyuan?”

Many great masters were sweating all over, and buried their heads in their chests like quail.

Xuanyuan looked at them coldly, turned his head to look at Lin Kai, the cold expression instantly melted, and a softness appeared: “Boy, do you want to kill them all and give you a bad breath?”

A trace of cold sweat shed on Lin Kai’s forehead, his eldest brother was too murderous.

He didn’t know that Xuanyuan killed too many great masters back then.

In his eyes, the great master is no different from ordinary people.

“Kill it all?”

Lin Kai touched his chin and started to ponder.

“Mr. Lin Kai, please go around us!”

All the great masters quickly raised their heads and looked at Lin Kai nervously, begging.

Now their lives are in Lin Kai’s hands.

Lin Kai looked at them and saw that they were just looking at him blankly, without any other expressions.

Displeasure flashed in Lin Kai’s eyes, these old things didn’t want him to just let them go.

I really think too much!

Lin Kai gave a light cough and said softly, “It’s not a big sin for these great masters to break into private houses...”

Many great masters looked happy. It seemed that Lin Kai was a good guy, he didn’t dare to do anything to them at all.

Lin Kai continued faintly: “Since it’s not a big sin, it’s good not to make this kind of mistake again in your next life. Brother, send them on the road.”

Xuanyuan nodded slightly and raised his palm: “Yes!”

“Really want to kill us?”

At this time, many great masters were completely panicked, and their expressions showed despair.

At this time, a great master reported the mentality of a dead horse as a living horse doctor, and shouted loudly: "Mr. Lin, I am willing to apologize to you. To apologize, I am willing to spend 10 billion!"

Lin Kai raised his hand and said with a smile: "Brother, then leave his life. Kill all the others."

Chapter 1927: Overseas Treasures

After listening to Lin Kai's words, many great masters were relieved instead of in a hurry.

It turned out that Lin Kai was asking for money, could you just say no?

Many great masters are complaining, if you don't say how we know what you mean.

If it hadn't been for the great master just now, he was eager to be wise, and spent money to buy his life.

People like them died too unjustly.

Lin Kai knew what they were thinking about, and they had to be killed.

Can you blame him for this?

Isn't this the most trouble-free, most common and trouble-free solution to spend money on life?

You great masters have been away from the world for too long, and your minds are stiff, don't you dare to blame me?

At this time, the other great masters quickly raised their hands: "I gave 10 billion and apologized to Mr. Lin Kai."

Xuanyuan stood beside Lin Kai and smashed his mouth.

He looked at the two great masters who were killed by him on the ground, with a heartbroken expression on his face.

I had known that if a great master was so valuable, he wouldn't kill them.

With a squeeze of both hands, the 20 billion is gone, which is heartbreaking!

Fortunately, there are also thirteen great masters present, which adds up to 130 billion!

Xuanyuan took a breath, feeling that Lin Kai was stealing money.

A smile appeared at the corner of Xuanyuan's mouth.

However, he likes...

Lin Kai waved his hand and said embarrassedly, "Why are you guys? I have no interest in money. To me, money is just useless waste paper."

Numerous great masters burst into ugly smiles at the corners of their mouths: "Yes, Mr. Lin Kai regards money as dung. How can such a dirty thing be worthy of you?"

A great master stepped forward and said with a compelling smile:

“Mr. Lin Kai, I have a lot of antiques handed down from ancient times in my house. How about some of them for you to taste?”

Felix also walked up and said respectfully: “Mr. Lin Kai, there are many Chinese antiques circulating overseas. I am willing to bring them back for Mr. Lin.”

Lin Kai raised his brows. A hundred years ago, foreigners invaded China and looted countless treasures and antiques.

Until now, there are countless rare treasures that have been lost overseas.

This is the hurt and pain of all Chinese compatriots!

Lin Kai looked at the three foreigners present and said lightly: “You can go overseas to collect 30 billion worth of antiques and treasures and bring them back. Remember, as long as Huaxia’s!”

The three foreigners are overjoyed. Overseas, these great masters are much richer than domestic great masters.

The 30 billion antiques is just a pain to them, and they can’t even talk about injuries.

Seeing their expressions, Lin Kai sneered, and said lightly: “I will invite four appraisers to go overseas with you. The price of antiques and rare items is up to them!”

Hearing Lin Kai’s words, the faces of the three great masters suddenly crossed.

Lin Kai raised his eyebrows and said calmly, “Why, don’t you agree?”

“agreed, agreed.”

The three of them nodded quickly and sighed inwardly, hoping that the four treasurers Lin Kai was looking for would not be so dark!

As for going overseas, I’ll turn my face with Lin Kai again.

Then they dare not at all.

If Xuanyuan really provoked Xuanyuan to go out to sea, it would be an earthquake!

Seeing their agreement, Lin Kai nodded in satisfaction.

Lin Kai said lightly: “Go down the mountain and wait. There will be four old men coming here. When they arrive, you can go together.”

The three of them breathed a sigh of relief and stepped back respectfully.

After exiting dozens of meters away, he turned and ran away.

At this time, Xuanyuan’s voice came from behind them faintly: “You have to be as fast as possible. Otherwise, I will go overseas to find you.”

The three great masters had cold sweats on their faces and ran faster.

Lin Kai took out his cell phone and dialed a number.

“Hey, this is Lin Kai.”

The people Lin Kai called were the four master appraisers he had met in Dingsheng Ancient Building.

Opposite, an old man answered the phone respectfully and excitedly.

Lin Kai’s recent deeds have been heard by these master appraisers.

They didn’t expect that Lin Kai, who had such a high level of appreciating treasures, turned out to be a legendary master.

Great Master, they will never see a figure of this level in their lifetime.

Now, this legendary character actually called him himself.

This is even more exciting and exciting than the ancient peasants being summoned by the emperor.

“Teacher Lin Kai, what’s your order?”

The old man’s voice was humble and respectful to the extreme.

Lin Kai smiled slightly and said, “Good thing, you and those old friends come to Dongxian Mountain.”

The old man listened respectfully and waited for Lin Kai to continue.

Lin Kai told the old man about the general matter.

The old man trembled with excitement. His greatest wish in this life was to identify the treasures of the whole world.

The biggest regret is the countless treasures that were lost to overseas a hundred years ago.

This made him heartbroken and very uncomfortable.

But he has no ability to bring these treasures back, so he can only bury this regret and sadness in his heart.

Now, Teacher Lin Kai actually gave him a chance to bring back 30 billion antique treasures overseas.

Moreover, those antique treasures were obtained from the hands of three legendary great masters.

How can this not make him ecstatic?

Lin Kai said meaningfully: “I want more than 30 billion antique treasures. You have to drain all their money before you can stop!”

The great master present was full of cold sweat, wouldn’t Lin Kai have to deal with them like this?

Lin Kai reminded: “But this will be dangerous to you, and they may jump the wall in a hurry. If you don’t want to, you can not go.”

The old man said firmly: “Don’t worry, teacher. Even if we die, we must complete the task beautifully.”

Lin Kai still trusted the four elders very much, so he hung up the phone with peace of mind.

Lin Kai looked at the ten great masters, showing their white teeth, and said with a smile: "Everyone, we are all Chinese and compatriots. Of course I won't embarrass you too much."

The ten great masters looked at the great master whose head was chopped off by Lin Kai, and Lin Kai's words were not convincing at all.

Lin Kai smiled and said, "Well, I don't need your money anymore."

When they heard Lin Kai's words, their hearts sank.

No money is the most terrible thing!

Lin Kai took out a book with more than ten pages and handed it to them:

"My request is very simple. You can collect this for me. This time the grievances have been wiped out."

A great master took the book and turned it over.

The other nine great masters hurriedly approached and looked at them together.

Even the great masters of Donghai poked their heads and looked at this book curiously.

He became more and more chilled.

There are many different things inside.

There are weird materials, weird medicinal materials, and even animal blood.

Among them, a Jiaolongjin made their eyes widened, and they were dumbfounded.

"Falling dragon tendons, and phoenix bird blood..."

A great master was crying and begged for mercy: "Mr. Lin Kai, it's not that we don't want to collect. How could there be such a thing."

Chapter 1928

Lin Kai touched his chin, this kind of creature that might not exist on earth really embarrassed them a bit.

He took the book and crossed out a few names.

A great master said embarrassingly: "Mr. Lin, do you want to remove more?"

Lin Kai's face became cold, and he said coldly, "Forget it, I won't bother you!"

Ten great masters quickly said: "No, we are not afraid of trouble, we will definitely be able to complete the task."

Lin Kai nodded, except for the few things that don't exist on the earth, most metals and materials can be found, and Lin Kai also marked substitutes for those that did not exist.

Seventy percent of the things in the books, all he wants are alchemy materials.

Alchemy is different from the formation method, although he has obtained a lot of alchemy knowledge.

However, alchemists need a lot of practice to increase the success rate. Knowledge alone is useless.

The remaining materials are used to arrange the formation.

Lin Kai waved his hand and said lightly: "You guys go too."

The ten great masters bowed deeply and went down the mountain dejectedly.

At this time, Liu Shadong swallowed, and he found that Lin Kai asked them to prepare a lot of materials in this book.

Now, Lin Kai asked these ten great masters to prepare these materials, so does Lin Kai want them for those materials?

If Lin Kai doesn't want it, will the Spirit Gathering Array help them start it?

Liu Shadong gave a dry smile: "Mr. Lin, there are a lot of materials in this, we have all prepared for you..."

Lin Kai glanced at them and said calmly: "Don't bother you, our transaction is officially terminated."

These four people came together, but they also wanted to see his life and death.

If it wasn't for an accident, maybe the one who broke into his villa would have become the four great masters.

The Emperor Huo was a little anxious, but they all gathered most of the materials.

If Lin Kai didn't want it, wouldn't they waste a lot of money?

"Mr. Lin Kai, you can't do this. We are friends, aren't you kidding us..."

The Emperor of Fire suppressed his anger and complained.

Lin Kai looked cold, looked at the Emperor Huo, and said coldly: "Why, when you came to my Dongxian Mountain privately without my invitation, didn't you remember that I was your friend?"

"Friends like you, Lin Mougao can't afford it. Please go back!"

The Emperor Huo wanted to say more, but was stopped by Jin Chi.

Jin Chi smiled bitterly: "This time we are sorry for Mr. Lin. Let's go."

Jin Chi and the others bowed deeply to Lin Kai, turned and walked down the mountain lonely.

Lin Kai became a great master at a young age.

This made the great masters of Donghai very jealous and jealous, but they could only please Lin Kai.

This time, Lin Kai disappeared.

The greatest emotion in their hearts is happiness.

Lin Kai is like a mountain, always pressing on their hearts.

Now, the mountain was finally moved away, so that they could catch their breath.

Not only did Lin Kai have nothing to do, but he also knew the legendary God of War, Xuanyuan.

But what they did, completely failed their previous operations, and offended Lin Kai.

More importantly, they were more afraid of offending Xuanyuan.

After most of the people left, Tang Feng was the only master present.

Standing in front of Lin Kai, he looked very ashamed.

Tang Feng said with difficulty: "Lin Kai, I let you down..."

Lin Kai's expression changed, and he waved his hand quickly, and said, "Uncle Tang, I can see how you defended me just now. Why should I blame you?"

At this time, Tang Ying and Lin Xue'er also ran out.

Tang Ying heard Lin Kai's words with a smile on her face. She ran over to embrace Lin Kai's arm with both hands and said to Tang Feng, "Uncle, Lin Kai really didn't blame you."

Tang Ying turned to look at Lin Kai, shook his arms hard, and said coquettishly: "It's a big deal, I will apologize to you for my uncle."

Feeling the softness of his arms, Lin Kai gave out a wry smile and said, "I'm really not angry, why should I apologize?"

When Tang Feng saw Tang Ying's appearance, he couldn't help sighing again.

It seems that this girl has completely fallen into it.

Beside, Lin Xue'er watched Lin Kai's pen sink intently, her delicate mouth pouted involuntarily.

She didn't know why, seeing the scene in front of her, her heart became sour.

Xuanyuan looked at Lin Kai's embarrassment with a funny expression on his face as a melon eater: "This stinky boy, you are a peach blossom!"

"what?"

Xuanyuan's expression suddenly changed, and he looked up at the sky.

Two golden lights shot out from his eyes in an instant, shooting directly into the endless sky.

Lin Kai looked solemn: "Brother, what happened?"

Xuanyuan scanned for a while, then withdrew his gaze, with a trace of doubt on his face: "I seemed to have noticed a little breath just now. It seems that someone is spying on us."

"However, this is impossible!"

Xuanyuan shook his head with a confident expression on his face: "The one who can hide under my eyes is not yet born!"

Xuanyuan thought for a while, and added: "At least not now..."

Lin Kai's expression moved, and that graceful figure appeared in his mind like a devil, a ghost, and a fairy.

"Is it Xiaoyun, she has been guarding me?"

A touch of movement flashed in Lin Kai's eyes: "But why is her breath suddenly exposed?"

His body suddenly shook, and he quickly pulled his arm out of Tang Ying's arms, with a look of guilty conscience.

"I'm doing this for Tang Ying's safety. Xiaoyun may be emotionally unstable now. I'm afraid she hurt Tang Ying..."

Lin Kai comforted himself, he did not admit that he was a little afraid of Long Xiaoyun...

Lin Kai looked at Xuanyuan and said with a smile: "Brother, enter the villa for a while, right?"

Tang Ying was very well-behaved. She walked to Xuanyuan's side, took Xuanyuan's arm, and said coquettishly, "Grandpa Xuanyuan, go to the villa to drink tea."

A cold sweat broke out on Tang Feng's face, and he quickly said, "Ying'er, don't be rude!"

Xuanyuan laughed loudly and waved his hand: "It's okay!"

Lin Xueer suddenly became interested in comparison, and she also took Xuanyuan's other arm, and said coquettishly: "Grandpa Xuanyuan, have you eaten? I'll cook for you."

With horror on Lin Kai's face, she looked at Lin Xueer.

Eating food cooked by Lin Xueer was terrible.

Xuanyuan didn't care, and laughed repeatedly: "Okay, okay!"

Xuanyuan laughed loudly, and was pulled one arm by the two girls and walked towards the villa.

What Tang Feng saw behind him was worried.

He grew up listening to the story of Xuanyuan since he was a child, this is a complete killer.

Fearing that God of War Xuanyuan would be dissatisfied, he beat Tang Ying into meat sauce.

Lin joked, Tang Feng didn't understand Xuanyuan.

He doesn't know how old Xuanyuan is, but he has a childlike side.

In the face of pure-minded people, he will also relax.

Tang Ying is not a pure-hearted person, but she knows that Xuanyuan is Lin Kai's eldest brother, so she can face Xuanyuan calmly.

Not to mention Lin Xueer, she was born with a pure heart, as pure as jade.

In the face of these two girls, Xuanyuan was also willing to lay down his burden and be a kind grandpa.

Chapter 1929

Lin Kai and Xuanyuan chatted in the living room, while Tang Ying poured tea and water on them.

Lin Xueer was cooking in the kitchen.

When Lin Kai spoke, he was a little absent-minded and kept looking in the direction of the kitchen.

Xuanyuan frowned and scolded with a smile: "I missed your girlfriend after not seeing her for a while?"

Lin Kai smiled bitterly, and Tang Ying smirked covering her mouth.

Xuanyuan frowned when he saw their reaction.

Suddenly, there was a crackling sound from the kitchen, which was also accompanied by Lin Xueer's scream.

After a while, an indescribable smell floated out.

Xuanyuan sniffed, only to feel a little dizzy in his mind.

His eyes were shocked, is this a poison gas attack?

Lin Kai waved his hand to dissipate the smell, and sighed deeply.

Xuanyuan thought that before Lin Xueer entered the kitchen, he confidently said that he wanted to cook him a hearty meal.

Xuanyuan was very happy, and said in full, he must have eaten it all!

At that time, the whole scene suddenly became silent.

Lin Kai and Tang Ying both looked at him with very sympathetic eyes.

At the time, he didn't think it.

Maybe Lin Xueer's food is a bit awful, but he is half god, can this embarrass him?

Now, he just wants to smoke his big mouth!

A cold sweat appeared on Xuanyuan's forehead, and he looked at Lin Kai: "Boy, I have something else. Why should I go first?"

Lin Kai sat very calmly, and said solemnly, "Brother, don't panic. I have a way."

Xuanyuan's face also became solemn, and he said solemnly, "Please speak!"

Lin Kai gave a light cough, looked at Tang Ying for help, and said with a smile: "Ying'er, you can save our brothers. I don't want to eat Xueer's food anymore."

Tang Ying originally expected Lin to come up with a good way.

After having trouble for a long time, let her cook.

Tang Yingbai glanced at Lin Kai, stood up, and walked to the kitchen.

Xuanyuan hesitated: “You little girlfriend, are you sure you can cook?”

Lin Kai frowned and waved his hand: “Brother, they are not my girlfriends, we are just friends...”

Xuanyuan sneered and glanced at Lin Kai.

Lin Kai reluctantly changed the subject and said, “Brother, genetic medicine is still our top priority. Do you know where they are going?”

Xuanyuan frowned, and said solemnly, “I naturally have the genetic medicine for public sale and winning prizes. However, I don’t know the whereabouts of those wealthy and even foreign genetic medicines.”

Lin Kai nodded and said lightly: “We only need to pay attention to the common people. As for the big families and foreign countries, we can’t take care of that much.”

Xuanyuan raised his eyebrows, and suddenly said, “When I flew here just now, I felt peeped.”

Lin happily jumped, is it Long Xiaoyun?

Xuanyuan frowned, and said solemnly: “I vaguely sensed his breath, that person should be Lin Yuan.”

Lin Kai thought that Lin Yuan’s expression had changed at the time, and suddenly left in a hurry. Did he know that Xuanyuan was coming?

His face was solemn, and he said solemnly, “Like Huang Tianshi, he knows how to divination?”

Xuanyuan nodded: “Apart from demigods in this world, only fortune-tellers can calculate my whereabouts.”

Lin Kai looked solemn, frowning and said, “He can’t be counted as a trick, and that matter will be difficult to handle.”

Xuanyuan’s expression also became solemn, and he said solemnly, “Yes, the augur can see the secrets of the future. When we calculate him, who knows if he is calculating us.”

Lin Kai knocked on the table and sighed, “It would be great if Tianshi Huang was here.”

Xuanyuan’s expression moved, he had already heard Lin Kai talk about Huang Tianshi.

Xuanyuan asked, “How about I mobilize the whole country to look for Huang Tianshi.”

Lin Kai shook his head and said lightly: “No need. It’s impossible for him to know about such a big thing as Gene Medicine. The absence of it now means that he didn’t mean to interfere.”

“Even if we looked over Huaxia, we couldn’t find him.”

Xuanyuan looked curious: “Is he so good?”

Lin Kai nodded and said with a smile: “Big Brother like a fairy, he must want to meet. When you meet in the future, you will understand.”

Xuanyuan nodded and said in a deep voice, “Does that mean that we are having more trouble dealing with Lin Yuan?”

Xuanyuan looked at Lin Kai with a solemn expression: "Lin Kai, we still have a chance now. Just destroy the Leiyuan Group, and then take back all the genetic medicines that were sold."

"Finally, control all the masses who become evolutionaries. Even if an accident happens, the losses to China are acceptable!"

Xuanyuan's eyes were sharp and he looked at Lin Kai: "If we let the genetic medicine continue to be sold, we will completely lose the opportunity!"

Xuanyuan leaned forward, his stalwart posture released a strong pressure: "Lin Kai, after knowing that Lin Yuan is a diviner, do you really have the confidence to deal with him?"

Lin Kai didn't look away, but calmly stared at Xuanyuan, and neither of them spoke for a while.

At this moment, Tang Ying walked to the door of the living room and looked at the heavy atmosphere with a worried expression.

"If he dares to bully Lin Kai, I will fight him!"

Tang Ying looked worried and thought about it in a random manner.

After a while, Lin Kaicai calmly said, "Big Brother, a hundred years ago, our China was still a farming society."

Xuanyuan raised his eyebrows, and patiently listened to Lin Kai to continue.

"But, at that time. In the West, they had already started the Industrial Revolution."

"So, not only the ancient martial arts invaded China, but the mortal world was also invaded."

"The number of people who died in the ancient martial world is just a drop in the numbers compared to the Chinese people who died in the mortal world."

"The ancient Chinese martial arts world is saved from extinction because of you."

"In the mortal world, great people have also appeared, making Huaxia stand upright."

Xuanyuan interrupted Lin Kai: "What are you talking about?"

Lin Kai said calmly, "Big Brother, listen to me to finish."

"During the world industrial revolution, China did not appear. Therefore, we were invaded."

"At that time, industry was the primary productive force. In modern times, technology is the primary productive force."

"In the future, it will come to a time of change."

Xuanyuan's heart moved, and he said in a deep voice, "You mean..."

Lin Kai nodded and said solemnly: "The future is the first productive force."

"If we don't seize the opportunity, maybe the terrible thing that year will happen again."

Lin Kai looked at Xuanyuan and solemnly said, "Big Brother, I don't know Lin Yuan's conspiracy, but I will try my best to stop him."

Lin Kai smiled suddenly and said lazily: "I have already expressed my opinion. As for what to do, it still depends on you, the Chinese God of War."

Xuanyuan's expression was slightly stagnant, and he looked at Lin Kai dumbfounded: "Smelly boy, did you kick the ball back?"

Chapter 1930 Xue'er's Craftsmanship

Lin Kai sneered and said of course: "Of course, I'm just a stinky boy. Don't listen to my opinion on this kind of national event."

Xuanyuan raised his hand and told Rao: "I was wrong. Don't be yin and yang."

Xuanyuan put away his smile and said in a deep voice, "Lin Kai, I believe you 100%. So, do it boldly!"

At this time, a curvaceous figure came, she was walking cautiously with a plate.

"Grandpa Xuanyuan, come and **** craft."

Lin Xue'er was excited, and put the plate in front of Xuanyuan.

When the two looked up, Lin Xue'er's face was black, as if it had changed color by something smoked.

When she smiled, she could only see her white teeth and pure eyes blinking.

Lin Kai and Xuanyuan closed their noses and looked at the plate on the table as if they were facing an enemy.

It's completely different from the jet-black ball they imagined. The dishes on the plate are colorful and look like abstract performance art.

Xuanyuan looked at Lin Kai and said in a deep voice, "Lin Kai, this is your little girlfriend's dish, don't you hurry up and try it."

Lin Xue'er blushed pretty face and took a peek at Lin Kai.

Lin Kai sneered slightly, and said in a deep voice: "Big Brother, Cher made this specially for you. Shouldn't you eat it all?"

Xuanyuan stared at Lin Kai fiercely, and the terrible power on his body rushed towards Lin Kai.

The shocking aura is now dozens of times stronger than before.

Lin Kai is not afraid, if he can't beat it, he will definitely not be able to.

But just by his momentum, he was not lost to Xuanyuan.

The two looked at each other coldly, a whirlwind rose on the ground, and the table in front of them slowly cracked.

Lin Xueer exclaimed, and quickly picked up the plate, and said angrily: "My food was almost destroyed by you!"

The two looked at each other, secretly a pity.

Lin Xueer put the dishes in front of Xuanyuan again, and said angrily: "Grandpa Xuanyuan, are you going to eat it or not!"

Xuanyuan's blue veins throbbed on his forehead, exhausting all his energy, "Eat!"

He picked up the chopsticks and picked up a bunch of red things with a brave face.

Xuanyuan pulled out a smile at the corner of his mouth: "This tomato tastes very good at first glance."

Lin Xueer frowned, and said dissatisfied: "Why, this is a potato!"

Xuanyuan shook his hand and almost threw his chopsticks away.

Lin Kai almost laughed when he saw this scene.

Lin Xueer said with a look of expectation: "Grandpa Xuanyuan, try it quickly. Please taste it carefully, it must taste good."

Xuanyuan put the "potato" in his mouth and chewed.

As he chewed, Xuanyuan's majestic eyes appeared moist and aggrieved.

He exhausted all the willpower of the demigod before vomiting it out.

Because Lin Xueer's expectant gaze made him really unbearable to see her sad.

Xuanyuan's eyes were blood red, and he kept picking up vegetables.

After a while, he ate all the colorful dishes.

Xuanyuan sat there quietly, without joy or sorrow.

He somewhat wanted to escape into the empty door, it was really not worth it on earth.

"Puff..."

Lin Kai finally couldn't help laughing, and said with a pity: "Big Brother, you are eating too fast, I still want to try Xue'er's craftsmanship."

Xuanyuan glared angrily, and had the urge to kill Lin Kai.

Lin Xue'er's pretty face suddenly turned reddish, and she whispered, "I also made a special one for Brother Lin Kai."

Lin Kai's happy expression instantly stiffened.

A light burst in Xuanyuan's eyes, and he urged: "Girl, go get the food, Lin Kai can't wait."

Lin Xueer nodded quickly and jumped back to the kitchen.

With bloodshot eyes in Lin Kai's eyes, he looked at Xuanyuan and said coldly: "Big Brother, stay a line of life. Don't go too far!"

Xuanyuan sneered: "Don't forget your ugly face just now! I only said this now, it's too late!"

At this moment, both Tang Ying and Lin Xueer walked out carrying food.

The two looked at the delicious food on the table, showing their doubts.

Lin Xueer pouted her mouth and looked at Tang Ying dissatisfied: "Sister Tang Ying ate the dish I made for Brother Lin Kai."

Lin Xueer said guiltily, "Brother Lin Kai, should I stop making one for you?"

Tang Ying took Lin Xueer's little hand and said with a smile: "Next time I will cook for your brother Lin Kai, okay. Now, let's eat together?"

Lin Kai stood up, quickly pulled Lin Xueer and sat next to him, and said softly: "Xue'er, I already understand your intentions. This is more delicious than any meal."

He summoned water aura, cleaned Lin Xueer's small face, and whispered softly: "You see your face is dirty, I am not willing to make you too tired."

Lin Xueer's face was slightly red, and Lin Kai's gentleness made her a little shy.

Tang Ying didn't say a word, and sat on the other side.

Lin Kai finally persuaded Lin Xueer, he looked at Tang Ying with a grateful expression in his eyes.

He whispered: "That dish..."

Tang Ying glared at him, and whispered: "I'm down. I'm not stupid, do you really eat?"

He squeezed Tang Ying's little hand from under the table, and said softly, "Thank you."

Tang Ying blushed slightly, and shook her head gently: "I should."

Xuanyuan saw all of this in full view, and couldn't help being dumbfounded.

After a while, he thought sadly, Lin Kai hadn't suffered what he had suffered yet!

Tang Ying shook her head funny, put the dishes in the Xuanyuan bowl, and said with a chuckle: "Grandpa Xuanyuan, try my craft."

Xuanyuan picked up the food and took a bite, with a touch of emotion in his eyes.

If it was **** just now, now he seems to have gone to heaven.

This unevenness made him almost cry.

Xuanyuan was also lazy to care about with Lin Kai, throwing away his arms and feasting on it.

A pitiful look appeared in Lin Kai's eyes, dignified, as if he had never eaten in his life.

Lin Kai sighed, this is Lin Xueer's mighty power.

After eating, Xuanyuan stood up and said, "I have a lot of things to do, so I will leave first."

Lin Kai nodded, it was not easy for Xuanyuan to eat a meal here.

There are so many things he has to deal with, and there is no leisure time at all.

Xuanyuan flew into the sky, and the two girls were still a little bit reluctant.

Lin Xueer shouted loudly from behind: "Grandpa Xuanyuan, come here often from now on. I'll cook for you."

Xuanyuan's figure shook high in the sky, and he almost planted the cloud head directly.

He stabilized his figure, his speed increased dozens of times in an instant, and he disappeared before everyone's eyes in an instant.

Lin Kai exhaled, "Brother, I am afraid I will never come again."

Lin Kai walked up to Tang Ying and whispered: "Ying'er, is there any rescue for sister Xueer?"

Tang Ying shook her head solemnly, and said with a hint of horror in her eyes: "In the future, you must never let Sister Xueer go to the kitchen. That is a disaster!"

Lin Kai nodded: "That seems really hopeless."
