

Special Forces 1931

Chapter 1931 the power of alchemy

Lin Xueer turned her head and asked suspiciously: "What are you whispering about? It feels like you are talking about me!"

Lin Kai smiled and said, "We are saying that my eldest brother will definitely remember the dish you cooked. From now on, he will come to eat your craftsmanship often."

Lin Xueer immediately became happy when she heard this, and said, "Brother Lin Kai, I will do it for you too."

Lin Xueer was full of interest: "I'll learn a few new dishes and cook them for my brother first."

After speaking, she hopped into the villa.

Behind, Lin Kai opened his mouth wide and was dumbfounded, only to feel that he had lifted a rock and hit him in the foot.

Tang Ying covered her mouth, smiling tremblingly.

After a while, Lin Kai shuddered in fear, and said hurriedly: "Ying'er, I'm going to retreat. Don't let Xue'er disturb me."

Lin Kai sighed and said anxiously: "If this continues, I must have anorexia."

After speaking, he hurried back to the bedroom and went into retreat.

Standing on the edge of the cliff, Tang Ying hesitated.

Suddenly a resolute color flashed across her face.

She wanted to grab Lin Kai's stomach with delicacies, so Lin Kai would think of her when he was hungry.

If Lin Kai made Lin Xueer really anorexia, it would be terrible.

Tang Ying let out a long sigh and sighed softly, "Xue'er, I know this will hit you. But, I can't let you go on like this. Sorry."

She slowly walked into the villa and came to Lin Xueer's side.

After everyone walked into the villa, a woman wearing a jet black breastplate and a strange mask landed from the sky.

She stood at the door, looking at everything in the house, with a complicated light in her eyes.

"Asshole, how long has it been since I left the capital, I have found so many women!"

Her voice was hoarse, and black flames burst into her eyes.

Her gaze passed through the villa and fell on Lin Kai.

In the bedroom, Lin Kai's brows wrinkled slightly, and the huge power of divine thought rushed out instantly, looking at the figure.

The mysterious woman was slightly startled, rose up into the sky, and soon disappeared into the sky.

Lin Kai watched her disappear without chasing her.

He is too weak now, even if he is chasing him, he can't catch up with her.

Lin Kai sat cross-legs, flipped his palms, and a syringe appeared with a C-type genetic medicine inside.

Before Xuanyuan left, ten copies of Type C gene medicine were left.

Lin Kai's Spiritual Mind penetrated into it and found no abnormalities.

He took out another nine genetic medicines, and also found no abnormalities.

"It seems that high-end genetic medicine is indeed normal."

Lin Kai picked up a genetic medicine and injected it directly into his body without hesitation.

The gene medicine entered Lin Kai's body, before it was completely dispersed, it was directly washed away by his huge spiritual power and turned into nothingness.

Lin Kai only felt that his body was only slightly warm, and then he didn't feel anymore.

Lin Kai picked up another genetic medicine, Shen Min entered it, and began to study.

Lin Kai has the confidence to get rid of Lin Yuan's conspiracy based on two aspects.

One of them, he has developed a pill to destroy that strange energy.

He called this medicine pill for purification.

As long as it is given to the evolutionary, the evil energy lurking in their body will be eliminated.

In addition, he also researched the method of making D-type gene medicine.

Lin Kai can do all this because he has mastered the primary alchemy.

Don't even think that he is just a junior alchemist, but he is too far ahead of the world, and it is not a level thing at all.

Therefore, he was able to accomplish these two things within half a month.

The reason why Lin Kai didn't let Xuanyuan eliminate the Leiyuan Group was because he wanted to obtain a higher-level genetic medicine.

As long as he gets those genetic medicines, he believes he can definitely develop these genetic medicine prescriptions.

In this way, as long as the Leiyuan Group is eliminated, the person who has mastered the genetic medicine will change from Lin Yuan to Lin Kai.

For ten days, Lin Kai did not eat or drink, and was immersed in the process of studying C-type gene medicine.

On this day, Lin Kai suddenly opened his closed eyes, and a bright light flashed in the room.

“Finally, it has been thoroughly studied, and now only needs to be verified by practice!”

There was a sense of confidence in Lin Kai’s eyes, he believed that his calculations would not go wrong.

Now, there is no material around him, so he can only stop temporarily.

Lin Kai took out his cell phone and dialed Xuanyuan’s number.

“Brother, I have researched the type C gene medicine.” Lin Kai smiled lightly: “I will send you a list later, and you will bring me these materials.”

Xuanyuan said in surprise: “Smelly boy, you are really capable!”

He didn’t doubt the truth or not in Lin Kai’s words, Lin Kai was not a big talker.

Now that he said it, it was really done.

Lin Kai also relaxed a little, and said with a smile: “Big Brother, have any major events happened in the world these days.”

Xuanyuan smiled and cursed: “Smelly boy, I have everything to do. Did you use me as a news broadcast?”

After complaining about it, Xuanyuan started talking, “There are two things worthy of our attention.”

“First, after half a month, Leiyuan Group will officially sell B-type genetic medicine.”

Lin Xin was taken aback, and said solemnly, “This is a martial arts grade genetic medicine.”

A cold color flashed in Xuanyuan’s eyes, and he said in a deep voice, “So, I went to see Lin Yuan in person.”

Lin Kai raised his eyebrows: “You went to find him.”

Xuanyuan said lightly: “Yes. Regardless of whether there is a problem with the genetic medicine, the Wusheng-level genetic medicine cannot be sold at will.”

“I have warned him that every B-type genetic medicine sold must be reported to Jiulongshan.”

“Moreover, those who inject B-type genetic drugs must also register.”

“Otherwise, kill without mercy!”

Xuanyuan’s voice was very calm, but there was a huge **** aura hidden.

Lin Kai nodded, no surprise to Xuanyuan’s reaction.

Wu Sheng is not an ordinary warrior, he can already cause a lot of damage to the city, equivalent to a human-shaped cannon.

If there is a Martial Saint evolutionary hidden in the city and suddenly murders, the casualties would be unimaginable.

Lin Kai then asked: “Then what’s the second thing?”

Xuanyuan sneered: "What else, those old things have recovered. I have already felt a few breaths have appeared on the land of China."

"There is a breath that still wants to approach the East China Sea, but I rushed to it, scared away!"

Xuanyuan said lightly.

Lin Kai took a breath, these so-called old things must also be demigods.

And it's an old monster who has lived for an unknown number of years.

Are these old monsters still afraid of his big brother?

How strong is Xuanyuan?

Lin Kai looked surprised, and said with emotion: "Brother, really majestic!"

Chapter 1932

Xuanyuan laughed a few times before sighing suddenly: "Actually, I am not the opponent of these old things. They have lived for too long, and there are so many methods that I can't match."

Lin Kai said suspiciously, "Then why should they be afraid of you?"

Xuanyuan sneered, "Of course they dare not do anything casually."

"Living for a long time is an advantage, and it is also a shackle. If you shoot at will, after a fight, I am afraid that you will die on the spot!"

Lin Kai nodded and smiled: "It seems that I don't need to be too afraid of these people."

Xuanyuan shook his head and said in a deep voice: "Lin Kai, don't be careless. Only a war **** of my level can hurt their foundation. As for you great masters, even if you kill 10,000 in a row, they won't consume much. Energy."

Lin Kai nodded helplessly and sighed, "I understand. I won't provoke them."

Lin Kai changed the subject and asked in a deep voice, "Brother, have you found a suitable candidate?"

Xuanyuan said with a 'um', and said, "You send the materials, and then I will bring the materials to you with the person."

"Can!"

Lin Kai nodded, just about to hang up the phone.

On the other side, Xuanyuan suddenly said, "Wait a minute!"

"Um?"

Lin Kai was a little puzzled, why did the eldest brother sound a little nervous?

Xuanyuan said solemnly, "Boy, Xueer's girl is here. I don't want to eat her cooking anymore."

Lin Kai laughed, but when he remembered that Lin Xueer had to learn a few new dishes for him to taste before, the smile on his face gradually disappeared.

Lin Kai said in a deep voice: "Let's just say that we have to be busy with business. I believe that Xueer is reasonable and will not fail to understand us."

Xuanyuan nodded in satisfaction and hung up the phone.

After Lin Kai hung up the phone, he walked out of the bedroom.

"Brother Lin Kai."

In the living room, Lin Xueer sat there bored, looking at the scenery outside.

When she saw Lin Kai finally exited, she jumped up happily.

"Sister Xueer."

Lin Kai also smiled, his spiritual thoughts swept away: "Where is Ying'er?"

"Sister Tang Ying went home to take care of work."

Lin Xueer pursed her lips and looked at Lin Kai bitterly.

Lin Kai shook his head, thinking Lin Xueer was jealous.

Lin Xueer said quietly: "Brother, the food I cook is so terrible, why don't you tell me?"

Lin Kai was taken aback, and asked in astonishment: "You know?"

Lin Xueer nodded: "Sister Tang Ying told me that she told me not to cook for you anymore. Otherwise, it will hurt your spirit."

With this, Lin Xueer's eyes were filled with tears, and she said discouragedly: "Brother Lin Kai, am I very useless? I can't even cook."

"I envy Sister Tang Ying, the food she cooks is really delicious."

Lin Kai walked to Lin Xue'er, patted her shoulder gently, and said softly: "People can't be omnipotent, they can do everything."

"Do you know how much Yinger envy you?"

Lin Xueer raised her head in surprise, and said puzzledly: "Why?"

She shook her fingers and said, "My sister is so beautiful and better than me. Her personality is gentle and generous. She can also cook, and she manages such a big family. I see her every day. Very busy. Also, she is very good."

"When I hit her, it was like a child."

Speaking of this, Lin Xueer became more and more depressed, and mumbled: "I found that Sister Tang Ying is almighty."

"How could she envy me for being such a perfect woman!"

Hearing this, Lin Kai almost couldn't help saying, Damn, she is really amazing.

Lin Kai shook his head and said softly, "You have a heart of innocence. Nothing can leave a trace in your heart. This is the first point she envy you."

Lin Xueer raised her head and said loudly: "It's not a pure heart. I have been thinking about you, why didn't I leave a trace in my heart?"

Lin Kai was stunned suddenly.

After Lin Xueer finished speaking, she was also stunned.

Is this a confession?

Lin Kai swallowed, and the atmosphere became a bit embarrassing.

After hesitating for a while, Lin Kai continued: "In addition, I found that when you revealed your identity as a cultivator, Ying'er always looked very envious."

Lin Kai only knew that Tang Ying envied Lin Xueer as a cultivator, but did not know that Tang Ying was because Lin Kai was also a cultivator.

She just wanted to get closer to Lin Kai.

Lin Xueer tilted her head and thought about it for a moment.

On that day, they discussed each other.

Tang Ying has been asking about immortal cultivators, and her tone is really envious.

Lin Xueer showed her self-reproach: "I even showed off to my sister that day. Would this make her even more sad?"

Lin Kai's eyes were soft, Lin Xueer's mind was pure, but she was also very considerate of others.

Lin Kai whispered: "Don't blame yourself. From now on, I will make her a cultivator!"

Lin Xueer looked up in surprise: "Isn't her aptitude average? Can she also become a cultivator?"

Lin Kai nodded firmly: "I said yes, then it must be possible!"

Lin Xueer nodded repeatedly, she believed in Lin Kai's brother.

Lin Kai looked at Lin Xueer and asked, "Have you practiced in the past few days?"

Lin Xueer nodded and raised her head proudly: "I am already a cultivator in the middle of the foundation period!"

"not bad."

Lin Kai nodded slightly, Lin Xueer was pure Yin.

This cultivation speed is just unsatisfactory.

Lin Kai asked Lin Xueer to sit down: "If you don't understand, ask me now."

Lin Xueer was like a child, sitting obediently in front of Lin Kai.

I asked her questions one by one about the doubts she had during her practice.

Lin Kai talked freely, explaining in detail for Lin Xueer.

His realm is infinitely close to the Nascent Soul Stage, and any problems in the foundation stage are not difficult for him.

The two asked and answered, like a pair of teachers and students, the pictures are very harmonious.

It seems that the unintentional confession just now was just an illusion.

After asking most of her doubts, Lin Xueer frowned Qiong's eyebrows: "Brother Lin Kai, is my cultivation speed very slow?"

Lin Kai nodded: "For ordinary cultivators, it's okay. But you are a pure Yin body, and there are endless auras here. Your cultivation speed is really slow."

Lin Xueer said anxiously: "Brother Lin Kai, I really work hard every day to cultivate."

Lin Kai smiled and said softly: "It's okay. Maybe it's because you got promoted too fast last time when we double-educated, which caused your practice to slow down. After a while, it will be fine."

Lin Xueer's pretty face blushed, seeing Lin Kai's expression calm, she didn't continue to be shy.

She sincerely asked, "Brother Lin Kai, how can I make my practice faster?"

"This...this..."

Lin Kai's voice suddenly squatted.

Lin Xueer immediately understood what Lin Kai meant.

"Big villain, ignore you!"

Chapter 1933

I haven't said anything yet!

Looking at Lin Xueer's back, Lin Kai complained.

An hour later, Lin Kai looked at a truck falling from the sky and his mouth grew wide.

Under the truck, Xuanyuan's voice came out: "Boy, I brought all the people and materials you asked for."

Lin Kai was speechless and asked in surprise, "Are you flying directly from the capital with a truck?"

Xuanyuan nodded naturally: "Yes, otherwise, when can I drive the truck to the East China Sea?"

Lin Kai gave a thumbs up and said in admiration: "As expected of a demigod, very strong!"

Xuanyuan gave Lin Kai a sullen look, and said triumphantly: "I'll use you to say it. Once you reach the half-god state, you can already control the power of heaven and earth. Even if you fly with a truck, you won't be tired."

Lin Kai smiled slightly, his divine mind moved the power of heaven and earth.

Suddenly, the aura of this sky rioted.

Wind, rain, thunder and lightning continue to flash, leaving this sky in a rapid change.

"Is that right?"

Lin Kai's expression was indifferent, what about the demigod, how could he control the power of heaven and earth compared with the cultivator?

Xuanyuan's expression was slightly dull, and he smiled bitterly, "Smelly boy, you are a freak!"

Xuanyuan changed the subject, opened the truck, and threw out two men.

They were all about forty years old and fell into a coma at this time.

Lin Kai looked at the two men and asked, "What did they commit?"

A ray of light flashed in Xuanyuan's eyes, pointed at one of them, and said lightly: "This person is a very good gambling person. Of course, the lottery coupons from the welfare agency are also his target range."

"Unexpectedly, he was lucky with **** and won the big prize. He got a D-type genetic medicine."

"Originally, after he became an evolutionary, he could find a good job. Life is worry-free."

"Unexpectedly, he hasn't changed his life, and he is gambling online again."

"This time, he owed a huge sum of millions of dollars."

"He asked his wife for it, but she didn't give it."

A cold light flashed in Xuanyuan's eyes: "So, he killed his wife."

"It happens that when he committed the murder, he was discovered by his parents."

"So, he didn't do anything else. He even killed his parents."

Xuanyuan looked down at the man and said coldly, "Bastard, am I right?"

The man pretending to be asleep shuddered, and quickly got up and begged for mercy: "Master, please forgive me. Don't dare next time."

Lin Kai smirked, "Is there another time for this kind of thing?"

The man kept kowtow, his nose and tears: "No next time, no next time. I will definitely change."

Lin Kai nodded and looked compassionate: "I forgive you."

"real?"

The man was overjoyed, and instantly felt that he was a young man to cheat.

Isn't this a fool?

It seems that this time he bet right again, really excited!

Taking advantage of this opportunity, to gamble, you will definitely make a lot of money.

Men's thinking can't help but diverge, and they are already immersed in the joy of gambling and making money.

At this time, the young man's leisurely voice reached his ears: "I can't forgive you alone. Your parents and wife must also want to forgive you. I will send you to see them."

The man was shocked, raised his head in horror, and met Lin Kai's indifferent and merciless eyes.

Lin Kai stretched out his finger and lightly touched his forehead.

"puff"

A qi jin shot directly in from his forehead, flew out from the back of his head, and flew into the distance.

The man's body trembled and fell to the ground.

Lin Kai didn't care about his life or death, his spirit was fixed on the evil energy in the man's body.

That ray of evil energy was quietly lurking in the man's body.

When his vitality was passing, his heart lost its vitality.

The evil energy suddenly moved, and it directly absorbed all the blood in the man's body.

"Um?"

Xuanyuan's complexion changed, he couldn't sense the evil energy, but he felt that the blood in the man's body had disappeared inexplicably.

Lin Kai looked solemn and looked at all this coldly.

After the wicked energy absorbed the essence and blood, it broke out directly from his chest.

It hovered, and it went straight into the void and disappeared.

"what?"

Xuanyuan's complexion changed again, and he sensed the fluctuation of the void in front of him.

Xuanyuan couldn't help asking: "Lin Kai, what happened?"

Lin Kai looked solemn and said coldly: "The wisp of evil energy absorbed the man's essence and blood, and then broke through the void and disappeared."

Lin Kai's divine mind scanned a radius of tens of miles, but found nothing unusual.

"This is a spatial method. It should have entered a different dimension and escaped."

Lin Kai calmly analyzed.

Xuanyuan frowned and said in a puzzled manner: "It's really strange. My mental power is much stronger than you. You can see, why can't I find this evil energy?"

Lin Kai whispered to himself: "Maybe, this energy comes from a higher level of power."

Xuanyuan raised his eyebrows and took a deep look at Lin Kai.

The meaning of this sentence is almost clear, Lin Kai's power is a higher level power.

"I will try to intercept this evil energy before it enters the other-dimensional space."

Lin Kai looked at another man.

The man trembled, rolled over and ran desperately down the mountain.

Lin Kai looked at him from behind, did not chase him, and asked indifferently: "Big brother, what did he commit again?"

Xuanyuan stood with his hand in his hand, and allowed the man to escape, with a mocking smile on his mouth:

"This person is also a lucky person, who has been hit by a D-type genetic medicine."

"He used to be frail and sick, and from a poor family. I was very lazy."

"So, he is in his forties. He is still single."

"Perhaps he should have been doing nothing in his life, but he has become an evolutionary."

"With power, he is restless."

Xuanyuan said indifferently, "So, for three days in a row, he raped and killed five girls. Among them were junior high school students."

The man ran very fast, and he ran halfway up the mountain in a few words.

Lin Kai let out a sigh of relief, frowning, and said: "These ordinary people gain powerful power for nothing, but his xinxing cannot grow correspondingly. This will greatly increase the crime rate in society."

"Especially these evolvers still have power, and the damage they cause is even stronger."

Xuanyuan also nodded silently, and said softly, "So, even in the era of Wu in the future, it won't allow anyone to practice."

Xuanyuan said lightly: "I will let the people below make plans, and this matter will be resolved."

Lin Kai nodded and smiled: "Look, he has already run down the mountain."

Xuanyuan sneered: "The ecstatic smile on his face is really disgusting."

Lin Kai said leisurely: "Brother, do you want to see what a higher level of power is."

“Oh?”

Xuanyuan showed an interested look.

Lin Kai smiled slightly, and he stretched out his hand to grab the void below the mountain.

Thousands of meters away, the aura of the sky suddenly surged wildly, forming a huge palm.

It grabbed the man and threw it directly towards the mountain.

Chapter 1934

Xuanyuan’s eyes lit up, and he shouted loudly, “You can control the power of heaven and earth thousands of meters away. It’s amazing!”

Lin Kai smiled slightly, shook his head and said softly: “Brother, I’m actually just a manipulating aura.”

“The real power of heaven and earth is a kind of momentum. It is not something that our level can touch.”

Xuanyuan frowned: “Aura, momentum?”

Xuanyuan looked around and asked, “So, are the clouds and mists here all spiritual energy? No wonder I feel that I am here and become much stronger.”

At this time, the man also fell over and fell directly in front of the two of them.

Lin Kai said lightly: “Can you confess your guilt?”

The man spit out a mouthful of blood, but laughed loudly: “I’ve been worth it in this life. I have five big girls. That taste is really delicious~”

Lin Kai’s face was gloomy, and murderous intent flashed in his eyes: “I wanted to give you a good time. It seems that you still don’t know the sinister society.”

Lin Kai stretched out his hand and the man floated out of thin air and fell in front of Lin Kai in a large font.

Lin Kai’s fingers swallowed milky white light and stretched forward.

“It’s just right, I also need to study it. When your vitality is weak enough, the evil energy will escape.”

Lin Kai’s face was indifferent, and he slashed directly at the man’s lower body.

The man’s eyes suddenly bulged, and he was about to scream.

Without knowing that Lin Kai’s finger moved, he cut off his tongue directly.

In order to prevent the man from suffocating and die, he also controlled the blood flow back.

The man struggled wildly, but to no avail.

He could only look at Lin Kai with painful, crazy, and vicious eyes.

Lin Kai looked cold: “I like the look in your eyes very much, please keep it up.”

Lin Kai's hand trembled lightly, as if he was unloading a cow, and pieces of shredded meat fell into the void.

Then, Lin Kai urged him to fly down the cliff.

The man suffered unimaginable pain, but he didn't know why he couldn't faint at all.

He can only bear all this abruptly.

In the end, the man couldn't stand it anymore, and finally burst into tears, and looked at Lin Kai with pleading eyes.

Lin Kai looked unmoved: "When the five girls died, did they look at you like this? Did you let them go?"

A few minutes passed in this way, and the man's eyes completely lost their luster.

He had a complete breakdown and was so painful to death.

However, his physical body was still under Lin Kai's control, still maintaining fresh vitality.

This condition is called brain-dead vegetative people in medicine.

Lin Kai raised his eyebrows and said in a deep voice, "Brother, the evil energy hasn't moved yet. It seems that it will only escape when the heart stops beating."

Lin Kai looked solemnly, and said solemnly, "Brother, I'm going to do it."

Xuanyuan also nodded solemnly, his heart proud.

Up to now, it is difficult for him to accept the fact that he can't see the evil energy.

With a move of Lin Kai's finger, the man's body was directly shattered.

After his heart stopped beating, the evil energy instantly absorbed the essence and blood in his heart, and then fled outward.

"Stay!"

Lin Kai's huge divine power swept out in an instant, and directly pinched the evil energy.

The evil energy was crazily twisted, and even screamed that humans could not hear.

This scream made Lin Kai's spirit tremble slightly.

However, compared to his huge power of divine mind, it was just like being stung by a mosquito.

Lin Kai's spiritual thoughts pinched the evil energy, and whispered softly, "Big Brother, I caught it."

Xuanyuan's eyes widened, but he couldn't see anything.

He smiled bitterly: "I can only feel your mental fluctuations, but I can't see any evil energy."

The evil energy saw unable to escape, and even dispersed, drifting in all directions.

Lin raised his eyebrows and formed a sphere with his spiritual thoughts, enveloping all the escaping energy.

He gradually narrowed the encirclement, and finally these energies condensed again into that fel energy.

Lin Kai didn't feel complacent, but rather solemnly said: "This is just a martial artist-level evil energy. If it is the evil energy of a grandmaster, or even a great master, I don't know if I can catch them."

Xuanyuan frowned and said calmly, "So, we have to speed up."

Lin Kai nodded, and extinguished the fel energy in the void.

"Where did this evil energy go?"

Lin Kaixin is solemn, this is a higher-level power than the ancient martial artist, and perhaps it is a means of cultivating demons.

"Apart from me, a cultivator of immortality, there are cultivators in this world?"

Demon is the existence that everyone in the world of cultivating immortals shouts and beats.

They are lawless and act unscrupulous, but they have many weird methods that cultivators don't have.

This fel energy is very much like the handwriting of a demon repairer.

Lin Kai condensed the fire spirit, formed two flames, and burned the two corpses clean.

Just after he burned the body, Lin Xueer walked out of the villa.

She shouted in surprise: "Grandpa Xuanyuan, when did you come?"

Xuanyuan's body trembled, and a trace of undetectable fear flashed across his face.

Lin Kai couldn't help grinning from the corner of his mouth.

No one could have imagined that their Chinese God of War was actually terrified of a little girl.

Xuanyuan squeezed a smile: "I have something to do with this brat, and I am leaving soon."

Lin Xueer snorted and said, "Don't rush away, I will cook a meal for Grandpa Xuanyuan!"

Xuanyuan's forehead was dripping with cold sweat, and his body straightened.

Lin Kai smiled and shook his head: "Xue'er, stop joking with Grandpa."

Lin Xueer's eyes were reddish, and she said angrily: "Who told Grandpa Xuanyuan not to tell the truth. It's unpalatable, and I ate it all. I don't know, am I very guilty?"

Xuanyuan was taken aback for a moment and looked at Lin Kai.

Lin Kai whispered: "Ying'er told her everything."

Xuanyuan nodded, walked to Lin Xueer, smiled kindly: "Girl, I know your filial piety to Grandpa. So, no matter what it tastes, I will eat it all!"

Lin Xueer moved her eyes and said softly, "Grandpa Xuanyuan, you treat me better than my family. From now on, you will be my grandfather, OK?"

Xuanyuan's expression also showed emotion, and he said overjoyed: "Okay. Today I will recognize Xue'er as my good granddaughter."

Lin Xueer smiled sweetly: "Hello Grandpa!"

"well!"

Xuanyuan laughed, and the trembling clouds drifted away.

Lin Xueer showed a sly smile on her face and said with a grin: "To celebrate, shall I cook for grandpa, okay?"

Xuanyuan shouted, "I think you are trying to murder Grandpa. I have given all my things to the country, but I have no inheritance for you."

Lin Kai couldn't help laughing as he watched Xuanyuan and Lin Xue'er fight, like an old child.

His elder brother is really an interesting person!

Chapter 1935 Lin Kai's Cooking Skill

Xuanyuan and Lin Xueer had a few jokes before leaving in a hurry.

But Lin Kai began to refine the pill in the basement.

An ordinary alchemist must have a good furnace to make a pill.

However, Lin Kai is a body of pure Yang, and he is a huge furnace.

He used himself as a furnace to refine the pill.

In front of him, there are a few minutes of material.

Half of these materials are used for refining type C genetic medicine, and half are used for refining type D genetic medicine.

Lin Kai looked solemn, and a transparent and colorless flame burned in front of him.

From time to time, various medicinal materials were put in, forming a light group.

Suddenly, the flame in front of him trembled slightly, and a blue smoke came out.

Lin Kai was expressionless, dispelling the green smoke in front of him.

He failed again!

This is the third time.

However, this is all within Lin Kai's acceptance.

Although he is proficient in how to refine genetic medicine.

However, the allocation of medicinal materials will inevitably lead to errors.

This little error may lead to failure.

Lin Kai looked indifferent, picked up another medicinal material, and repeated the steps just now.

It's just that this time his movements are more proficient.

It is also more handy in the control of heat.

After more than ten minutes, Lin Kai looked at the liquid flowing in the flame with an expression of excitement in his eyes.

He finally succeeded in refining.

"Unexpectedly, the first time I made a pill, it was not a traditional pill but a genetic medicine."

A smile was raised at the corner of Lin Kai's mouth, and he slammed the liquid into the container.

He looked at the tube of genetic medicine in his hand with a look of emotion in his eyes.

The medicinal materials for making genetic medicine are simple and very common.

But these medicinal materials, after being fused together, are injected into the body and undergo a miraculous change.

In fact, the magic is not genetic medicine, but human beings.

Gene medicine is equivalent to a key, and does not have powerful energy. It just opens the genetic lock in the depths of the human body.

He took out the paper, recorded his successful experience this time completely, and wrote densely.

After he finished writing, he checked it several times and found that there were no errors, so he solemnly put it away.

He turned his eyes and looked at another pile of potions.

Next, he should refine the C-type genetic medicine.

Three days later, Tang Ying walked into the villa.

Lin Xueer ran over like a puppy.

Lin Xueer said aggrieved: "Sister Tang Ying, why are you here?"

She looked at Tang Ying pitifully, and said, "I'm going to die if I just eat instant noodles these days. I'm ready to go down the mountain to find something to eat."

Tang Ying took Lin Xue'er's little hand with cherishment, and said angrily: "Where is Lin Kai, why doesn't he take you to dinner?"

Lin Xueer pouted her small mouth and said, "He is still in retreat and has not come out."

"That's it."

A trace of worry flashed in Tang Ying's eyes, and Lin Kai hadn't gone down the mountain for a long time. She was a little worried about Lin Kai's mental health.

Of course, she actually knew it was superfluous.

With Lin Kai's character, even ten years of retreat will not affect the body and mind.

Tang Ying washed her hands and went to the kitchen to prepare meals.

While she was cooking, she suddenly heard Lin Kai's laughter: "It's so fragrant, is Ying'er back?"

Tang Ying's heart trembled and her face suddenly blushed.

Did Lin Kai accept her?

Why is it back?

In the living room, Lin Xue'er sat on a chair obediently and greeted Lin Kai: "Brother Lin Kai, come on. Sister Tang Ying will make the meal in a while."

Lin smirked: "I'll go and help her."

Lin Xue'er jumped up and said, "I'm coming too!"

Lin Kai pressed Lin Xue'er's shoulder and said in a deep voice, "Xue'er, promise me. Don't go into the kitchen anymore."

Lin Xue'er hummed and sat down angrily.

Lin Kai didn't care, Lin Xue'er was just a child's temper.

I'm so angry now, I'll forget it in a while.

He walked behind Tang Ying and looked at Tang Ying's profile.

Tang Ying's delicate face was very smooth, and even the fine fluff was clearly visible.

However, there was a trace of fatigue hidden in her bright eyes.

If it hadn't been for Lin Kai's special observation, he would not have found it.

A look of concern flashed across Lin Kai's face: "Ying'er, I think your complexion is a bit bad. You haven't rested for the past few days, haven't you?"

Tang Ying smiled and nodded: "After all, the Tang family just came to the East China Sea. There are too many things in the family. Our family members are few, so I can only be more busy."

A trace of distress flashed across Lin Kai's face, and he whispered: "Thanks for your hard work. You are so tired, and you still have to cook for us."

Tang Ying shook her head gently: "I like this, it will relax me."

Lin Kai nodded, so he didn't say the reason why Tang Ying didn't let Tang Ying come to the villa often.

If he really said it, then Lin Kai would become Dashabi.

After Lin Kai helped Tang Ying prepare the few dishes, he smiled and said, "I haven't let you **** craft. I am in a good mood today, and I will show you something."

Lin Xueer's eyes widened, and she shouted in surprise: "Brother Lin Kai, you can actually cook?"

Tang Ying also looked at Lin Kai in amazement, and she couldn't believe it.

"Haha, how fresh it is." Lin Kai smiled slightly: "This time it will definitely surprise you all."

Regardless of how he doesn't cook much, he doesn't even know how to eat when he is alone.

After all, he is already in the Golden Elixir period, and he could have bigu long ago.

However, don't underestimate him for that.

In the past, when doing system tasks, the system once rewarded several cooking skills.

Now his cooking skills are already at the master level.

Lin Kai walked into the kitchen and said with a smile: "The dishes are almost done, I'll just make a few bowls of noodles."

Lin Kai poured flour in the basin, and then stretched out his hand, and the spirit water formed by the gurgling aura poured out from the void.

Tang Ying stood watching and said enviously: "It's so convenient for you to cook."

Lin Kai's expression became concentrated, as if only the noodles in the basin were left in her eyes.

His hands gently knead the flour, making it gradually become dough.

His hand speed gradually became faster, and in the end Tang Ying could only see an afterimage flashing in front of her eyes, and could not see the dough and his hand at all.

Tang Ying opened her mouth lightly and looked at Lin Kai suspiciously.

Does Lin Kai really know how to cook?

A ball of noodles is not always kneaded to make it delicious.

Like Lin Kai's kneading method, they couldn't bite at all, how hard was it?

At this time, the water in the iron pan had already boiled, and it was boiling hot.

Lin Kaihua's hands that turned into an afterimage also stopped abruptly.

Tang Ying looked at the white noodles in the basin and couldn't help poking her curiously.

Tang Ying poked her finger on it and was bounced directly with a bang.

Chapter 1936

Looking at the dough again, the texture is unchanged.

Tang Ying said in surprise: "Great noodles! It seems that the way you kneaded the noodles just now is very skillful."

Lin Kai nodded, "Of course, otherwise the face is just hard now, it won't be so strong at all."

Tang Ying smiled bitterly: "But, such a strong face. We can't bite at all."

Lin Kai smiled slightly: "Don't worry."

He reached out his hand and directly let the dough float in front of him.

The palm of Lin Kai's palm suddenly flashed with milky white light, which turned into an afterimage and continued to point towards the void of the dough.

The aura like spider silk kept shooting out and submerged in the dough.

The dough revolved in the void under the power of spiritual energy.

It rotates faster and faster, and more and more auras enter.

At the end, the whole dough exudes a milky white light.

Tang Ying opened her mouth slightly, staring at all this dumbfounded.

Is this still dough?

Has anyone ever seen dough that glows!

At this time, Lin Kai's fingers speeded up suddenly and directly touched the dough.

The rotating dough also stopped instantly under Lin Kai's strength.

Tang Ying looked at the firefly-like dough in front of her eyes, her eyes showing obsessiveness.

"What a nice view."

Tang Ying sighed softly.

"Hmm, so beautiful~"

Behind them, Lin Xueer's obsessive voice also came over.

She took the phone and turned on the video recording function a long time ago.

At this time, she couldn't help but sigh softly.

Lin Kai smiled slightly and said, "There are more beautiful ones, you have to look carefully."

Lin Kai stretched out his hand to be empty, and faintly screamed: "Open!"

The dough trembles suddenly, and it trembles faster and faster.

Just hearing a 'bang', the milky white dough burst directly.

Thousands of milky white silk threads spread out in all directions like fireworks in full bloom.

Lines like pearls spread out in the void, like a blooming flower.

The two girls held their breath and were completely immersed in the beauty.

Lin Kai stretched out his hand and pointed, and thousands of milky white silk threads swam into the iron pot.

“do not want!”

There were tears in the eyes of the two girls, and they looked at the noodles falling into the water with distress.

“Bastard!”

Tang Ying both raised her eyebrows, she hadn't called Lin Kai the villain for a long time.

She rushed over and landed on Lin Kai's body, beating him vigorously.

Lin Xueer's face flushed with anger, dropped her phone and ran over.

She rushed to the other side of Lin Kai, and the two girls were like little wild cats hitting Lin Kai vigorously with a king fist.

Lin Kai was beaten up by them all at once: “What are you doing?”

“Hmph, such beautiful scenery, why are you willing to destroy them!”

The two girls said loudly.

Lin Kai couldn't laugh or cry: “But they are just noodles. We want to eat, not to appreciate.”

The two girls looked at each other, and they felt a bit too much.

However, how could they admit their mistakes?

They snorted proudly: “If you can't make the noodles that we are satisfied with, I will **** you.”

Lin Kai pulled them off and said, “Go away, or the noodles won't taste good.”

Upon hearing this, the two girls quickly stepped away and let Lin Kai continue.

Lin Kai walked to the iron pan, the boiling water in the pan boiled with bubbles, but the noodles did not move in the pan.

Lin Kai stretched out his right hand, wisps of flames went directly into the water pot.

The two girls were shocked, water and fire are incompatible, so the flames falling into the water must be exploded.

Unexpectedly, the flame turned out to be like a tangible and qualitative entity, and even after entering the water pot, it was safe and sound.

The huge flame suddenly dispersed, encased all the noodles, and burned violently.

At this time, the noodles were also tumbling in the water.

In this boiling water pot, the noodles are like fire dragons in the sea, and the scene is very spectacular.

After ten minutes, Lin Kai extinguished the flame.

Reaching out, all the noodles were divided into three parts and dropped into three bowls.

Lin Kai looked at the crystal clear noodles in front of him with a satisfied smile: "The clear water is ready, let's start eating."

"Is this clear water surface?"

Tang Ying and Lin Xue'er looked dull, let alone they heard, they had never heard of anyone in the world doing noodles.

It's not so much the following article, as it is magic.

No, this is real fairy art!

Lin Xue'er hugged the phone in her hand and said happily, "It's good to be recorded. It's so good to watch."

Lin Kai brought three bowls of noodles to the table and let them sit down: "Taste, how does it taste?"

Tang Ying looked at the noodles in the bowl, only then did she truly understand what thin as a cicada wing is.

No, even the cicada wings are ten times thicker than the noodles in the bowl.

The noodles showed an almost transparent color, while also exuding a light milky white light.

Tang Ying took a light breath, and a strong fragrance came over her face, followed her nose and entered her stomach.

Then, it melted away from her stomach and spread into the whole body, making her body warm for a while.

Tang Ying's spirit was shocked, and her tiredness disappeared without a trace just by smelling this one.

Lin Kai looked at Tang Ying and chuckled lightly: "It seems that my mind is not in vain. You are not so tired anymore."

Tang Ying suddenly raised her head, her eyes gleaming: "Lin Kai, did you do it specially for me?"

Lin Kairou said, "Eat. You will be better in spirit."

With tears in her eyes, Tang Ying nodded vigorously.

On the other side, Lin Xue'er had already stirred up the noodles.

Her hand shook, and the noodles slipped down the chopsticks.

Fortunately, she was also a cultivator, and she didn't let the noodles fall to the ground.

Otherwise, she can only pick it up from the ground and eat it.

Lin Xueer's eyes widened and asked: "Brother, this noodle is slippery and heavy, how should I eat it."

Lin Kai said angrily: "You are all in the base-building period, and a piece of noodles is only tens of kilograms. Can't you clamp it?"

"Dozens of catties?"

Tang Ying's eyes widened in shock. This thin noodle, as thin as a cicada's wings, is so heavy?

She took a deep breath and clamped a piece of noodles.

She tried a little bit, but she didn't even pick up the noodles.

"Humph."

Tang Ying was prepared this time and steadily picked up the noodles.

She felt the noodles on the chopsticks, and said in shock: "It weighs dozens of catties!"

Tang Ying looked melancholy at the noodles, how to eat such heavy noodles.

How can her stomach stand this?

Lin Kai saw her concerns and explained: "Don't worry about it. The weight on the noodles is just the weight of the spiritual energy. After you eat it, it will disperse."

Hearing Lin Kai's words, Tang Ying put the noodles into her mouth.

On the other side, Lin Xueer also looked at Tang Ying blankly.

Because she was afraid to eat such heavy noodles.

Chapter 1937

Tang Ying concentrated all her energy and made preparations before slowly putting the noodles into her mouth.

Otherwise, she was afraid of such heavy noodles and directly dislocated her jaw.

After Tang Ying's red lips touched the noodles, she subconsciously sucked it lightly, and the noodles slipped in easily.

Tang Ying instantly felt an indescribable fragrance in her mouth.

Before she could chew, the noodles melted directly in her mouth and flowed into her stomach along her throat.

A warm feeling spread along her limbs, making her whole body warm.

"Hmm~"

This feeling was so comfortable, Tang Ying opened her red lips lightly, and a seductive groan came out.

Lin Xueer's face blushed, and she made this sound when she and Lin Kai were doing bad things in her dream.

Brother Lin Kai is all to blame for letting me learn badly!

Lin Xueer thought angrily, she never thought of these things before.

Tang Ying's face turned red too, she looked at Lin Kai in amazement, her eyes shone brightly: "Why did it just melt without chewing?"

Lin Kai smiled slightly: "I completely eat the dough with Reiki. After it touches the human body, the Reiki will automatically open and let the body absorb it."

Tang Ying nodded, but also ignored talking to Lin Kai.

She picked up the noodles and ate them in small bites.

She only ate one piece at a time, but her hand was so fast that she kept sending it to her mouth one by one.

Seeing Tang Ying's appearance, Lin Xueer no longer hesitated and started to eat too.

She put the noodles in her mouth, and her body instantly became frozen.

After a while, she made a whining sound: "It's so delicious."

After speaking, she didn't eat one by one, but took a big mouthful.

While eating, his mouth kept murmuring, like a kitten protecting the food.

Lin Kai just wanted to laugh.

However, Lin Kai was not afraid that they could not eat enough, because with their abilities, a bowl of noodles would be saturated.

Because the body cannot absorb the aura, the noodles will not melt even if it enters their mouths.

Moreover, with their teeth, they couldn't bite the noodles full of spiritual power.

Sure enough, half an hour later, both of them put down their chopsticks and looked at each other.

"Can't eat..."

They looked at the few noodles left in the bowl with an expression of pain.

Such delicious noodles, if they can't be eaten up, it's too wasteful and it hurts their hearts.

Lin Kai smiled and shook his head: "If you can't eat it, let's just leave it. After a few more hours, when the aura dissipates, it will become ordinary noodles."

They shook their heads together and resolutely said: "No, you can't be left. It's too wasteful."

Lin Kai shook his head helplessly, and put their noodles directly into his bowl.

Then he ate the noodles while eating the vegetables, so leisurely.

To him, this is just a bowl of ordinary noodles.

Even, he would rather eat noodles cooked by Tang Ying, this kind of noodles with full of energy is of no use to him.

Also lost the joy of chewing noodles.

The two girls looked at Lin Kai eating the noodles, blushing, and they couldn't help but glance at each other shyly.

Of the noodles Lin Kai is eating now, two of them were put in the bowl without biting them.

Lin Kai didn't dislike them, so he ate them all.

If anyone else eats their leftover noodles like this, they will feel very sick.

However, when Lin Kai ate the noodles, they felt sweet in their hearts, and even a little ecstatic.

Of course Lin Kai didn't care about this either.

After all, if the two noodles were picked out, Lin Kai worried that it would hurt the self-esteem of the two girls.

Anyway, he didn't think they were dirty, so he ate them directly.

The two girls sat for a while, a little fidgeting.

Their pink faces are getting redder and red, like ripe red apples.

A thin layer of fragrant perspiration also came out on his forehead, his red lips were slightly opened, and he was gasping gently.

"Brother Lin Kai, it's a little uncomfortable..."

Tang Ying was still holding back, but Lin Xue'er couldn't help but yelled out softly.

Lin Kai had expected this scene long ago.

He originally wanted to see their jokes, but when they had a seizure, it was too tempting.

This made his blood speed up, and his heart throbbed.

Lin Kai swallowed and hurriedly said, "This is because the aura in your body is too abundant, that's why this happens."

Tang Ying looked at Lin Kai boldly with watery eyes, and said in an anguish: "Bad, you did it on purpose."

Lin Kai smiled bitterly, somewhat unable to withstand Tang Ying's offensive.

This time he shot himself in the foot.

He quickly said: "Ying'er, go and practice your Tang family exercises. Xue'er, you practice the foundation building that I taught you."

Lin Xue'er was already rubbing her body uncomfortably, and she reluctantly sat down cross-legged when she heard Lin Kai's words, and went straight to the spot.

Tang Ying took a deep breath and forcibly struggled to stand up.

Unexpectedly, because of the scouring of the spiritual energy, her bones became crisp.

She slammed directly to the side with a soft cry.

Seeing Tang Ying about to fall on the table, Lin Kai hugged her in a flash.

Tang Ying's eyes trembled lightly, she leaned her head on Lin Kai's chest, and whispered, "Bad guy, hold me back to the bedroom."

Lin Kai swallowed and said hoarsely, "Okay!"

Lin Kai hugged Tang Ying's beautiful body, and disappeared into the living room with a flash.

In the living room, only Lin Xueer was meditating alone.

The Lingwu on the top of Dongxian Mountain has been moving slowly in a very regular motion.

Suddenly, it suddenly rioted and rolled like a stormy sea.

There seems to be a swimming dragon constantly riding the wind and waves in the mist, stirring the sea.

Amidst the clouds, a golden dragon walked out. It was there, looking at a bedroom with bitterness.

If you make trouble, make trouble, I can't practice anymore!

Jin Long sighed very humanely, then plunged into the spiritual mist and lurked.

I don't know how long it took, in the dark living room, a dazzling light flashed. Lin Xueer's eyes trembled lightly and opened her eyes.

"How long have I meditated?"

She looked at the dark sky outside, somewhat surprised.

Was it morning just now, has it turned into evening?

She felt the body again, the late stage of foundation building!

"Hehe, I really am a genius for cultivating immortals."

Lin Xue'er was happy, and she wanted to share the joy with Lin Kai.

"Where are they? Has Sister Tang Ying gone?"

She looked at the unpicked food on the table and shook her head gently.

If Tang Ying had to leave, she would definitely clean up the dining table before leaving.

"Is she still cultivating? Where is Brother Lin Kai, he won't retreat again?"

Lin Xueer stood up and ran towards Tang Ying's bedroom.

She stood at the door, hesitating.

In case, Tang Ying is still practicing martial arts.

If she goes in now, will it bother her.

At this moment, the bedroom door was opened, and Tang Ying appeared at the door.

Chapter 1938 A Good Friend?

Lin Xueer said in surprise: "Sister Tang Ying, have you finished your practice too?"

Tang Ying's face was very delicate, and she nodded lightly without speaking.

Lin Xueer glanced at Tang Ying's face, with a suspicious expression on her face.

Tang Ying's eyes trembled lightly, and her pretty face became more rosy.

Lin Xueer said with some worry: "Sister Tang Ying, haven't the aura in your body been exhausted? I think your face is still very red."

Tang Ying's eyes were a little flustered, and her voice was slightly hoarse.

Hey, what's wrong with Tang Ying's voice?

Lin Xueer was a little surprised, and groaned: "Sister Tang Ying, don't worry. Brother Lin Kai said that he will definitely make you a cultivator."

Tang Ying smiled slightly and said softly: "Look at fate."

"Look at what fate! I say it will work!"

At this time, Lin Kai's door also opened.

He walked out of it, looked at Tang Ying, and whispered, "Ying'er, I can do it."

Tang Ying looked at Lin Kai's eyes, gleaming like stars.

Obsessed, admired, and admired, even a fool can easily see it.

However, she suddenly moved her eyes, and her shining gaze was hidden by her.

This made Lin Xue'er feel like an illusion just now.

Tang Ying chuckles: "Well, I believe you."

Tang Ying looked away and whispered softly, "I'm going back. The Tang family still has a lot to do."

Lin Kai frowned and said without a doubt: "It's too late now, and I will leave tomorrow!"

Tang Ying was a little embarrassed, after all, many people in the family had called her on her cell phone.

However, she muted the phone and ignored it all the time.

If you haven't gone back now, the people of the Tang family may be anxious.

"Um?"

Lin Kai snorted, looking at Tang Ying with aggressive eyes.

Tang Ying's heart trembled and nodded aggrievedly: "Okay, I'll come back tomorrow."

Lin Xueer pouted and said angrily: "Brother Lin Kai, why are you so domineering. Don't scare Sister Tang Ying."

Lin Xueer touched Tang Ying's hair and coaxed softly: "Sister is not afraid, Xueer protects you."

Lin Kai touched his nose and smiled bitterly, his attitude was really not so good just now.

However, he didn't want Tang Ying to be too tired.

Let him be self-willed once. Tang Ying will definitely support Tang Ying if he wants to be busy with work in the future.

Lin Kai glanced at Lin Xueer and nodded in satisfaction: "Yes, it's the late stage of foundation building. It won't be long before it will be the peak."

"Now, most Martial Saints are no longer your opponents."

"When I teach you some spells of the cultivator, you can fight even if you are a master."

Tang Ying looked at Lin Xueer with a look of emotion on her face: "Sister Xueer, you have only cultivated for a month, and you have become a master at the master level from a mortal. It's really amazing."

Tang Ying's qualifications are among the best of the younger generation.

However, she has only recently become a master because of Lin Kai's power of merit.

Otherwise, she is still in the realm of Martial Saint.

She has been practicing martial arts since she was eight years old, and she has suffered too much.

In addition to martial arts training, both medicated baths and medicinal soups are very painful things for her.

Of course, because of these, she was able to become a master of Wu Sheng at a young age.

Otherwise, if you practice martial arts at such a young age, your body will be worn out a long time ago.

Compared to her, Lin Xueer was much happier.

In just one month, she had walked the road of more than ten years without any pain.

How can this not be enviable?

Tang Ying clenched her fist, her powerful energy extinguished in the palm of her hand.

There was a smile at the corner of her mouth, and she was not bad now.

Now her realm is the pinnacle master!

From the master to the peak of the master, it is much more difficult for the martial artist to the master.

But she also became a master of the pinnacle in just one month.

No, it should have only taken a day to become the pinnacle master.

This time, she only endured a little bit of pain, and enjoyed the rest of the time...

One day later, she just became the pinnacle master.

All this is because of the man in front of him.

Tang Yingjiao glanced at Lin Kai eagerly, the water in her eyes seemed to melt Lin Kai.

When Lin Kai looked back, Tang Ying secretly avoided again, not wanting him to find out.

Lin Xue'er didn't care about the comparison with the ancient warriors, she was not interested in fighting and killing.

If you really want to fight, maybe any martial sage can beat her.

The three chatted for a while, and after watching TV for a while, Lin Kaibian suggested, "It's already late at night, let's go back to the room and rest."

Lin Xue'er shook her head decisively: "I just woke up and I am not sleepy at all. Let's play for a while."

Lin Kai's face sank, and he said solemnly: "Your sister Tang Ying will go to work tomorrow and needs a rest."

Lin Xue'er pouted and said, "Well then, sister Tang Ying, go and rest. I will play with Brother Lin Kai for a while."

Lin Kai's face changed slightly, and he coughed lightly, "I've been refining the pill for many days in retreat, and I'm also tired. I want to rest soon."

Lin Xue'er was a little unhappy, but she still smiled and said, "Well, then go and rest. I will watch TV for a while."

Tang Ying couldn't bear it, she wanted to accompany Lin Xue'er.

Lin Kai stared at Tang Ying and motioned for her to return to the room.

Tang Ying turned her head, not going to see Lin Kai.

Lin Kai had no choice but to arch his hands, with a flattering expression in his eyes.

Tang Ying snorted proudly, and said softly: "Sister Xue'er, you also have to rest early."

After Tang Ying returned to the room, Lin Kai slowly got up and returned to his room.

After returning to the room, Lin Kai's figure flashed, and he went directly to Tang Ying's boudoir.

Tang Ying was taken aback, and groaned: "Always fascinating."

Lin Kai smiled, rubbing his hands and walked towards Tang Ying: "It's late at night, let's rest."

Tang Ying used her little hand to press Lin Kai's chest, and said coquettishly: "Bad, don't mess around. I will let Sister Xueer hear it."

Lin Kai smiled slyly: "I have set a barrier, she can't hear it."

Hearing Lin Kai's words, Tang Ying's strength finally disappeared.

Her tender body softened and fell directly into Lin Kai's arms, and said, "Bad guy, he will bully me..."

Lin Kai's eyes instantly turned red, panting heavily and threw Tang Ying on the bed, and rushed over...

Two hours later, Tang Ying drew circles on Lin Kai's chest and said quietly: "We are like this, what about your fiancée?"

Lin Kai's body froze and fell silent.

Bitterness flashed across Tang Ying's face and smiled: "Fool, I took the initiative. You don't have to be burdened, we are still good friends, right?"

Lin Kai rolled over and pressed Tang Ying under him, gritted his teeth and said, "Then let's do something good friends should do."

Tang Yingjiao shouted, begging for mercy: "I was wrong, please forgive me."

"Huh, it's late!"

Lin Kai snorted coldly, arrogantly.

Chapter 1939: Decisive Tang Ying

Fish get water in the yin and yang springs,

The five elements are printed on the peak of the sun and the moon.

There are a few offenses and defenses in Qiankun Valley,

Celestial sounds outside of heaven and earth.

Not to mention the fight between two people in the bedroom.

Lin Xueer was bored sitting in the living room alone, so she took out her mobile phone.

She pulled out the video recorded today.

In the video, Lin Kai shows all the steps in making noodles.

Lin Xueer admired it obsessively for a while, and then spread it to her own space.

She also wrote the title on it:

"Brother himself, it's really good-looking and delicious~"

Lin Xueer thought happily that such a precious video must be preserved, and she will often show it later.

Lin Xueer played mobile games for a while, and then went back to the room to sleep.

The sky was bright, and Tang Ying made the meal early.

Her face is too smooth now, if Lin Xueer found out, she would definitely doubt it.

Therefore, she sneaked away without waiting for Lin Xueer to get up.

Who knows, she had just walked a few steps before Lin Kai took her waist into her arms.

Tang Ying blinked her big eyes and said grievously: "Bad guy, I really can't do it. No more, okay."

Lin Kai was speechless and scraped her nose: "Don't drive back, just hit a Fei Di."

"Feidi?"

Tang Ying was a little ignorant and didn't understand what Lin Kai meant.

"That's it."

Lin Kai hugged Tang Ying's waist and directly soared into the sky, flying to the nine heavens.

Thousands of miles of white clouds are under their feet, and even Dongxian Mountain has become small in their eyes.

Lin Kai held Tang Ying's waist with one hand behind him.

A long black hair flew backwards, and the white robe was hunting in the air.

Tang Ying hugged Lin Kai's tiger waist with a happy face, admiring the thousands of miles of rivers and mountains, and said softly: "At this moment, I want to fly to eternity and fly to the end of the universe."

Lin Kaifei was very slow, not even as fast as driving.

He also enjoyed the time alone with Tang Ying.

However, after more than an hour, they still flew over the Tang family.

Tang Ying sighed: "We are here."

Lin Kai bowed his head and chuckled softly: "Do you want to fly again?"

Tang Yingbai glanced at Lin Kai and said softly, "I still have a lot to do, and I know you also have a lot to do."

Lin Kai nodded and said, "I do have a lot to do now. Maybe I have to cooperate with the Tang family."

Tang Ying frowned and said softly: "I don't want to let the Tang family get something that shouldn't be there because of my relationship."

Tang Ying looked at Lin Kai affectionately and stroked his cheek: "Whether it is you or the Tang family are my most important family members. However, in my heart, your weight has exceeded the Tang family, so I don't want you Embarrassed."

Lin Kai's eyes flickered, and he was moved in his heart, and he pressed her tightly in his arms: "Girl, you are playing with fire when you say this kind of love story. Do you want me to rectify the Fa right here?"

Tang Yingqiao blushed and said, "Don't make trouble, I'm serious."

Lin chuckled and said, "Don't worry, I do need to cooperate with some forces. Not only the Tang family, but I also want to look for other families to cooperate. This cooperative project is not enough for the Tang family."

Tang Ying was taken aback. It seemed that Lin Kai was about to do something that would shake the world.

However, she is a smart woman.

When Lin Kai didn't tell her, she would not take the initiative to ask.

When the time is up, Lin Kai will naturally tell her.

Lin Kai hugged Tang Ying and dived down. Tang Ying said quickly, "Don't fall directly at Tang's house."

"Huh?" Lin Kai frowned.

Tang Ying lowered her head and said softly, "I don't want anyone to know our relationship."

Tang Ying looked at Lin Kai pleadingly, and said, "I don't know how to face your fiancée. Lin Kai, don't be public, okay?"

Lin Kai pursed his lips and smiled bitterly in his heart.

Tang Ying was obviously overly concerned. With Long Xiaoyun's current ability, she must have known everything she should know.

However, Tang Ying always considers him. How could Lin Kai bear to embarrass her?

He nodded lightly and landed a kilometer away from Tang's house.

Tang Ying looked at Lin Kai cautiously, and said worriedly, "Lin Kai, are you angry?"

Lin Kai shook his head and said solemnly: "This is my fault, what am I up to doing. Don't worry, no matter what happens, I will never leave."

A string of tears fell from Tang Ying's eyes, and she smiled brilliantly: "With you, I am not afraid of anything that happens."

She turned her head and ran towards the Tang family.

Lin Kai watched in silence for a while, then flew away.

Tang Ying had just returned to Tang's house when she heard a voice coming from behind:

"Huh, are you willing to come back?"

Tang Ying's expression changed, she turned around with a flattering smile, and said coquettishly: "Uncle, you scared me."

Tang Feng looked at Tang Ying and said suspiciously, "You have something wrong."

Tang Ying said angrily: "Uncle, did you do nothing in the morning just to make me angry? If this happens, I don't care about family affairs."

When Tang Feng heard this, he quickly smiled and said, "Ying'er, uncle was wrong. There were many things yesterday, and uncle would not be able to deal with it. It's just the time when you are needed, so you can't play your temper."

Tang Ying walked forward and suddenly turned around and said, "By the way, don't inject the 500 pieces of genetic medicine you bought. They are problematic."

Tang Feng frowned and said faintly, "You heard what Lin Kai said. He did tell us that, but now a lot of evidence shows that this seems to be a misunderstanding."

Tang Feng spoke more euphemistically, but the underlying meaning was that Lin Kai was slandering Lin Yuan.

As for the reason, of course it was the hatred between Lin Kai and Lin Yuan.

Tang Ying turned around, looked at Tang Feng seriously, and said in a deep voice, "Tang Feng, as the heir of the Tang family, I ask you to stop injecting genetic medicine into the disciples of the Tang family."

Tang Feng looked up in surprise, a trace of anger and a trace of sorrow in his eyes.

However, at this time, his current identity was no longer Tang Ying's uncle, but an ordinary disciple of the Tang family.

Tang Feng bowed his head and said dully, "Yes, I understand."

Tang Ying's expression eased, she stepped forward and said coquettishly: "Uncle, don't be angry."

Tang Feng smiled bitterly: "This was originally your right to exercise. I just don't understand. You have never used the identity of the family heir. This time, why are you so determined?"

Tang Ying said softly: "Genetic medicine is absolutely problematic."

There was a gleam of wisdom in her eyes: "I don't know why Lin Kai didn't stop Leiyuan Group. However, there must be a hidden secret behind it."

"Of course, he is the owner of Jiulong Mountain. He will never make fun of ordinary people's lives."

"So, I guess. Now even if you inject genetic medicine, there will be no problems."

Tang Feng was even more puzzled. He asked, "If that's the case, why don't you let the Tang family disciple get an injection?"

Chapter 1940

Tang Ying looked at Tang Feng and asked softly: "Lin Kai has already told you that there is a problem with the gene medicine. You are still letting the Tang family disciples inject it now. Doesn't it mean that our Tang family doesn't believe in Lin Kai at all?"

Tang Feng looked at Tang Ying suspiciously, and said, "Aren't you afraid of Lin Kai being angry? Yinger, you haven't married him yet, so just think about him."

Tang Ying looked at Tang Feng angrily, and said solemnly, "Uncle, I am completely thinking about the problem from the standpoint of the Tang family. Even if we are injected with genetic medicine, Lin Kai will not care."

"However, the trust accumulated between us and Lin Kai was consumed."

Tang Feng frowned and sighed, "Well, it's not a rush. However, after the B-type genetic medicine is sold in large quantities, we will have to inject without injection."

Tang Feng looked at Tang Ying solemnly: "Otherwise, our family will be swallowed by the martial sage who sprouts out of the rain."

Tang Ying is noncommittal, she will not agree.

If Tang Feng insists on an injection and her father does not support her, she will be too lazy to take care of family affairs.

Go to Dongxian Mountain, stay with Lin Kai, cook, and grow flowers. Isn't it good?

Lin Kai did not return to the villa, but went directly to Donghailin's house.

Before arriving at Lin's house, he saw Lin Hu and Lin Yun standing there waiting from a distance.

Seeing Lin Kai land in front of them, Lin Hu and Lin Yun looked at each other, a little surprised.

"Master Lin Kai, there is a long way to go."

The two looked at each other and greeted Lin Kai.

Now that Lin Kai is already a great master, they can no longer communicate with Lin Kai on an equal footing.

Lin Kai smiled and said, "Two, we were a family a hundred years ago, so don't be so polite."

"You said so, Uncle Tiger."

There was a smile on Lin Hu's dark face, and he found that Lin Kai had been more polite to him than before.

Lin Kai looked at Lin Yun again and smiled: "Brother Lin Yun, the same goes for you. Don't be too polite."

Lin Yun looked complicated and sighed softly: "Brother Lin Kai's mind is really admirable. If you are down, you will be brazen!"

The three of them walked to the Lin family, and Lin Yun couldn't help asking: "Brother Lin Kai, have you told my father that you are coming?"

Lin Kai shook his head, and said lightly: "No, I was upset."

Lin Yun said in surprise: "Ten minutes ago, my father asked us to wait here. He said you will come in a while."

Lin Kai shook his head lightly and smiled unpredictably: "Brother Lin Yun, your father is not an ordinary person. Why is this difficult for him?"

Lin Hu's eyes flashed, as if thinking of something.

His fist clenched unconsciously.

Lin Hu suddenly asked, "Lin Kai, is my daughter still with you?"

Lin Kai nodded and said in confusion, "Aren't you on the phone? Why, Uncle Hu wants her to come back."

"no need!"

Lin Hu's voice suddenly increased, and he was silent for a while, and said, "Xue'er likes to live with you. I'll ask you to take care of her."

Lin Kai nodded, a soft color flashed on his face, and whispered: "Uncle Tiger, don't worry. Sister Xueer, I regard her as my close relative. I won't let her suffer any wrongdoing."

Lin Kai walked ahead, his eyes flickering.

Lin Hu seemed to have noticed some of Lin Hong's secrets, so he didn't want Lin Hong to come back.

It's just that the secret that Lin Hong hides is just that he is a demigod?

Lin Kai couldn't believe that a middle-aged man in his forties had quietly become a demigod.

This kind of aptitude is too unimaginable.

Lin Kai heard Xuanyuan say at random, any great master wants to become a demigod, he must find his way.

In order to find this way, they almost have to experience the great horror between life and death.

Otherwise, their experience is not enough to support their way.

Lin Hong has spent almost all his life in the East China Sea, and he has not experienced too many battles.

Why does he become a demigod?

Perhaps Lin Hu knows some Lin Hong's secrets.

But now, it is not the time to ask about these.

When there is a chance, Lin meets to ask Lin Hu to ask clearly.

After a while, the two brought Lin Kai to the living room.

Lin Hong sat on the head of the golden horse with a big sword, looked at Lin Kai, showing white teeth, and said: "Lin Kai, you dare to send it to the door, do you want to die?"

Behind them, Lin Hu and Lin Yun's complexion changed, and they looked at Lin Hong in amazement.

How can Lin Hong dare to speak like this? Lin Kai is a great master demon. Is Lin Hong his opponent?

Lin Kai nodded and admitted, "I do have a gambling element, and I was very nervous when I came. If Uncle Lin wants to kill me, I have no confidence to run away in your hands."

Lin Hong said with interest: "Now, are you not afraid?"

Lin Chengqi smiled and said, "I want to understand. I have a great brother, what is there to be afraid of. The big deal, let my eldest brother talk to you in person."

Lin Hong's face sank, and he said coldly: "Don't mention him to me, otherwise, I can't guarantee that I won't kill you."

Lin Kai said with interest: "It seems that some unpleasant things have happened between Uncle Lin and my elder brother."

Lin Hu and Lin Yun looked confused, they didn't know what Lin Kai was talking about.

It seemed that Lin Hong had the upper hand.

But Lin Hong was very afraid of Lin Kai's mysterious elder brother.

What happened to this?

Lin Hong waved his hand and said calmly: "You can go out. I have something to discuss with Lin Kai."

"Yes."

The two arched their hands and backed out.

After they left, Lin Hong stood up and walked towards Lin Kai slowly.

The surging air shocked Lin Kai's body, like a boat in the waves.

Lin Kai looked like a pin of dignity of the sea, standing still.

He smiled faintly: "Uncle Lin, the competition is imposing, I didn't even pay attention to my eldest brother, so don't waste your effort."

Lin Hong squinted his eyes for a while and said lightly: "Let's talk about it, what can I do?"

Lin Kai rubbed his chin and said, "It's okay, I just want to come and see you. So, here it is."

Lin Hong couldn't help but smiled: "I really have the courage, do you think I really dare not kill you?"

Lin Hong looked at Lin Kai with smiles in his eyes.

Lin Kai felt a cold chill from it.

This time, Lin Hong was really murderous.

If you dare to entertain a demigod, you must be prepared to give your life.

Lin Kai looked solemn and said in a deep voice, "It's my nephew Meng Lang. Actually, I'm here this time to ask you, how much do you know about Lin Yuan's genetic medicine?"

Lin Hong's expression was cold: "How much do I know about you? It seems that you have nothing to say."

A layer of sweat appeared on Lin Kai's forehead, and he said solemnly: "Of course it does. I'm here to find Uncle Lin to cooperate."

"Cooperation?"

Lin Hong's expression moved, and the invisible murderous intent seemed to dissipate a bit.
