

Special Forces 1961

Chapter 1961

Lin Kai hovered in the void and nodded in satisfaction.

With a move, he flew towards the villa.

Suddenly, his figure stopped and looked at the distant sky.

“Who is here?”

Lin Kai narrowed his eyes, secretly surprised.

Now Huaxia, many people may not know his appearance.

However, when it comes to Lin Kai, I am afraid that few great masters don't know.

Because his eldest brother is the God of War, Xuanyuan.

Therefore, under normal circumstances, no great master dares to trouble Lin Kai at all.

However, now Lin Kai felt that several figures were flying quickly.

The malice emanating from them was not concealed in the slightest.

Lin Kai stood in the void, he wanted to see who was causing the trouble.

Within a few minutes, several figures appeared on the horizon, and after a few breaths, they appeared outside Dongxian Mountain.

They stopped and looked at Dongxian Mountain in front of them, the light in their eyes kept flickering.

“It seems that this is the vision created here.”

“Is this the legendary formation?”

“It was really lucky today that I saw the legendary formation.”

“Yes, the power of the formation can only be seen in ancient books before.”

“I don't know, what is the formation in front of me.”

“In my opinion, it seems like a formation that absorbs the spiritual energy of heaven and earth.”

“Absorb the spirit of heaven and earth? It's amazing.”

“Hehe, it's nothing. In our forbidden area, isn't there such a formation?”

“Shut up, haven't you seen any outsiders? Can you talk about this kind of thing outside?”

“Heh, won't anyone know if you kill him?”

“I told you to shut up. The ancestors have said, this world can't kill people indiscriminately.”

“It’s you who should shut up. The ancestor said that you can’t kill on a large scale. It’s okay to kill a few hundred.”

“Forget it, it doesn’t make sense to argue about this. Finish things quickly and go back.”

Lin Kai looked cold, watching the four great masters perform.

At this time, the four great masters stopped talking and flew in front of Lin Kai.

One of the very thin middle-aged men frowned: “At such a young age, he became a great master. Not bad. However, I don’t like the look in your eyes.”

Lin Kai looked at him lightly, but did not respond.

The thin man frowned tighter, and said coldly, “Boy, didn’t you hear this lord talking to you?”

Lin Kai stood with his hands behind, a hint of curiosity appeared on his face, and asked, “I have something, I want to ask.”

The thin man flicked his sleeves, squeezed his posture, and said faintly: “Let’s talk about it. My lord will give you some pointers.”

Lin Kai asked curiously, “Are the people from the Hidden Family of China or the sect are like you guys who don’t know the so-called and have a funny head?”

The four great masters were stunned for a moment, and were furious. The aura from their bodies surged out, causing the sky to become distorted and the clouds and mist to disperse outside.

Lin Kai sneered: “Hehe, I really look at you all. Why, do you want to do it?”

The thin man said coldly: “Now Huaxia is really inferior to one generation. Do you think that becoming a master at a young age is great?”

“Yes, it’s amazing.” Lin Kai nodded.

The thin man looked stiff, and said coldly: “What a joke, in our forbidden area, there are great masters younger than you!”

Lin Kai said indifferently, “So, did you develop the character of being above the top and being defiant?”

A headed old man waved his hand and stopped the thin man from speaking.

He said faintly: “There is no need to argue with the outsiders.”

He looked at Lin Kai with aggressive eyes: “Boy, I ask you. You arranged this formation.”

Lin Kai nodded and said lightly: “Your father arranged it.”

“The barbarians are so arrogant than our forbidden people.” A strong man furiously shouted: “Today, you must kneel and speak. Otherwise, you don’t know the majesty of our Shen Haizong!”

The old man with the name of the head also looked indifferent: “Stop his limbs and drag him in front of me.”

“Leave it to me!”

The strong man yelled and flew over.

“Damn it, he was one step ahead.”

The other two great masters are very sorry.

In their view, coming to the outside world is equivalent to human beings entering the hunting ground. In the outside world, all humans are their prey and can be hunted at will.

Now, this young man, such a young master, must be very refreshing to kill.

With a look of excitement on the brawny man’s face, while flying, turbulent waves rushed out of his body.

Standing on the top of the waves, he looked at Lin Kai condescendingly, and shouted: “Kid remember, this is true of the \*\*\*\* Hai Zong Fenghe, the one who killed you!”

Fenghe grabbed his palm toward the wave, and a long blue sword appeared in his hand.

With a loud shout, he slashed towards Lin Kai with the endless waves.

Lin Kai raised his eyebrows, this mighty power was indeed tyrannical, and the violent vigor swept over him, causing pain in his skin.

Lin Kai didn’t panic, his figure flashed, and he disappeared in place.

He just disappeared, and the place was submerged by violent currents.

In that current, endless sword energy raged wildly, making that piece of emptiness never grow.

“what?”

Feng He looked surprised, he had blocked all Lin Kai’s retreat.

However, he did not expect Lin Kai to disappear out of thin air.

“Is this your talent? Space teleportation? It’s really scary!”

Fenghe snorted coldly, but he didn’t look scared, but his fighting spirit became high.

In the next instant, Lin Kai’s figure appeared on Fenghe’s head.

He stretched out his right fist and punched out without surprise.

“boom”

It was like a cannonball being shot out, blasting towards Fenghe’s head.

Fenghe snorted coldly, but didn’t see him move.

The waves around him were surging, forming a water shield in front of him.

The highest good is like water, and water is good for all things without fighting.

Water does not seem to have strong power, but it is the softest and hardest object in the world.

Lin Kai's attack easily broke the water shield, but the water shield formed a cycle, constantly breaking and reorganizing, keeping in front of Fenghe.

It wasn't until the strength of Lin Kai's punch was exhausted that the water shield turned into water and fell under Fenghe's feet.

Fenghe sneered and said triumphantly: "Shenhaizong may not be the strongest sect, but our defense is unparalleled in the world. The barbarians outside the area also want to break my water shield?"

Lin Kai nodded and admitted: "Your water shield is indeed like a turtle shell, and it fits well with your turtle."

Fenghe's expression changed: "Looking for death!"

As his voice fell, endless waves extended in all directions, covering the entire sky.

Chapter 1962

Lin Xinxing moved, using spiritual power to cut off the invasion of the water.

Suddenly, a water arrow suddenly appeared behind him, shooting at the back of his heart.

Lin Kai didn't stop him, but flickered again and left the place.

Unexpectedly, as soon as he appeared, several water arrows blocked his retreat and shot in front of him.

With a surprised look on Lin Kai's face, Fenghe unexpectedly predicted his position?

Lin Kai pressed his doubts and kept flashing.

However, every time it flickered, several water arrows appeared instantly, shooting at his vital point.

"This area of water is like his domain. No matter where I appear, he can instantly know and attack."

Soon, Lin Kai stopped the flashing, and blasted a few punches to block the water arrow.

"Hehe, don't you run away?" Fenghe looked grim and shouted: "Then die."

The water waves rolled, and the sharp blades formed by the currents appeared in the void, like ten thousand swords returning to the sect, densely aiming at Lin Kai.

Any one of these sharp blades can easily kill the grandmaster.

At this time, hundreds and thousands of sharp blades have appeared.

Feng He waved it down with one hand, and the thousands of sharp blades made a 'buzzing' sound, and instantly shot towards Lin Kai.

"It seems that how many times I have avoided, make you think I am afraid of you?"

Lin Kai's vitality also surged up, and instead of dodge this time, he burst out with all his spiritual power.

A masculine and righteous aura exuded panic like a scorching sun, causing the void to become distorted.

Above Lin Kai's right fist, endless white light radiated, like a sun.

He shouted and blasted forward.

Hundreds of sharp blades evaporated in an instant, and a huge hole was punched out.

The white-hot energy bomb blasted towards Fenghe instantly without a pause.

Fenghe looked disdainful: "I want to die with me, dream!"

Fenghe's mind moved, and the endless current once again formed a water shield in front of him.

"Like you all? Do you think too much?"

After Lin Kai slammed a punch, a dark faint light burst out from his body, and the black dragon armor appeared on his body again.

Hundreds of water arrows shot continuously on the black dragon armor, making a sound like iron strike, even splashing with fire.

However, after the water arrow ended, Lin Kai appeared on the scene intact.

"Hi, is this an artifact?"

The thin man's eyes flickered, and there was a look of greed in his eyes.

The headed old man shook his head and said lightly: "No, but it's also a semi-artifact."

His complexion also became greedy: "This kind of treasure was wasted on him, it belongs to our Shenhai Sect!"

Feng He was not in the mood to pay attention to the black dragon armor on Lin Kai's body. He looked solemnly at the water shield in front of him, with a look of horror on his face.

Because Lin Kai's fist attack made his water shield too late to heal. He was about to break through the water shield and hit him.

"I still don't believe it!"

A cruel expression flashed across Feng He's face, and he did not dodge.

After a stalemate for a few seconds, that attack finally turned into nothingness under the strong pressure of the water.

But Fenghe was not proud, his face was rather ugly.

The waters around him had shrunk by half, all because of Lin Kai's punch.

Wearing a black dragon armor and holding a black dragon sword, Lin Kai said faintly, "Your tortoise shell isn't that good!"

Feng He looked at Lin Kai coldly, and said coldly: "How many times can you use such an attack?"

Lin Kai said lightly, "Although I can use the attack just now many times, it is not necessary."

Lin Kai raised the Black Dragon Sabre, and his voice became domineering: "Let's decide the outcome with one move!"

"One thought cuts the ocean!"

The spiritual power on Lin Kai's body surged violently and poured into the saber.

"Om"

The sword burst into endless black light, causing the entire world to collapse toward the black sword.

At the same time, Lin Kai's huge spiritual mind raged out, and Feng Rui's murderous intent locked Fenghe firmly.

Fenghe's complexion changed drastically, and his hairs stood up.

His body is very broad, and his face is very rough.

At this moment, he let out a harsh scream: "Come and save me!"

The three great masters who were on the sidelines also felt the power of Lin Kai's next blow, and their expressions became shocked.

"There is such a strong internal strength and such a domineering move!"

The old man screamed in horror, this young man was even stronger than their inner strength, it was incredible.

Their Shenhai Sect is known for its strong internal strength, but compared to Lin Kai, there is a huge gap.

They knew very well that if this trick fell, Fenghe would end up with only one word, and that would be death!

Of course, it's not just Fenghe.

Any one of them will have no bones to bear this trick.

"Damn, Fenghe is locked and cannot escape. This trick can only be accepted!"

The old man quickly said: "Let's go together!"

"what?"

The other two great masters looked surprised, but they didn't expect the old man to let go of his dignity and take action together.

If this were made known to other forbidden areas, then the majesty of Shen Haizong would be completely wiped out, and they would be laughed at.

They hesitated a little, the majesty of Shen Haizong made them unable to look down on their faces and work together.

The old man flared his hair and beard, and shouted angrily: "Don't do it yet, do you really want Fenghe to die?"

The two people trembled, and there was a cruel look in their eyes.

As long as this boy is killed, no one will know about it.

The three of them stepped forward, stepped into the waters of Fenghe, and stood beside him.

At the same time, blue light burst into their bodies, and streams of water appeared out of thin air.

The waters with a radius of several hundred meters swelled suddenly, and in this void of several thousand meters, waves were all over it, like a vast ocean.

Lin Kai stood in it, as small as an ant.

However, the four people on the opposite side showed solemn colors at the same time.

Lin Kai laughed at the sight of the four great masters standing opposite each other.

He frowned and laughed loudly: "Is this a forbidden area? But it doesn't matter, you guys go together!"

As his voice fell, his body burst into light, instantly draining the water squeezed from his body.

Lin Kai seemed to be in an irregular transparent circular mask.

In all directions, there are hidden murderous intentions.

Only with a radius of ten meters around him is a piece of pure land.

The four great masters squeezed the waters frantically towards Lin Kai, but they were all resisted by Lin Kai.

"Next, it's time for me to shoot!"

"break!"

Lin Kaifei got up, yelled, and the black knife burst into an endless gloom and slashed instantly!

Chapter 1963 Storage Bag

"Om"

The air suddenly exploded like a calm lake.

A sword gas of several tens of feet appeared out of thin air, causing the surrounding airflow to become violent.

The endless gust of wind swept in all directions, and the surrounding ocean rustled, exploding huge splashes of water.

The four great masters looked shocked, and their pupils shrank to the extreme.

Without giving them too much time to hesitate, this violent sword energy instantly slashed down.

All of a sudden, flying sand and rocks, and howling the wind!

The surrounding endless waters were instantly divided into two halves, as if a piece of sea was split from the middle.

At the end of the water, there are the four great masters.

Their faces were shocked, and regrets were welling out at the same time.

They didn't know that there was such a perverted master in the outside world.

"Going desperately!"

They glanced at each other, and a decisive color flashed in their eyes.

Suddenly they sang in their mouths, and the endless waters suddenly rolled towards them.

In an instant, they formed a huge azure blue water ball, enclosing them.

The next moment, Baizhang Daomang slashed fiercely on the water polo.

"Wow"

As if throwing a bomb in the water, the water ball burst instantly, bursting in all directions.

"Wow..."

The sky over a radius of several hundred meters suddenly began to rain heavily.

And the sword energy that was reduced by half, the remaining power was shot in front of the four great masters in an instant.

At this time, the four great masters did not sit still.

They each held a weapon, and the weapon in their hand was bursting with brilliant water, and they blasted at the sword light together.

"boom"

The two crashed together, and there was an earth-shattering explosion.

Even cities hundreds of miles away could clearly hear the muffled thunder.

In the city, many people looked suspiciously in the direction of Dongxian Mountain.

"What happened there? Do you want to go and see?"

"Don't go! Forget that where is the mansion of the great master? Maybe there is another battle."

"Yes, just join in the excitement, if we get involved, judging by this terrifying power, we probably won't survive."

At this time, the countenances of the great masters of Donghai Province were grateful.

Fortunately, they didn't go to Dongxian Mountain, otherwise they might not be able to tell.

I just don't know, there are still people who dare to fight Lin Kai, aren't they afraid of the majesty of God of War Xuanyuan?

Lin Kai fell at the foot of Dongxian Mountain, and the rain that kept pouring down automatically slid past him.

He flicked the Black Dragon Sabre, and looked at the four great masters who were vomiting blood and severely injured indifferently.

Fenghe lied and shouted sharply: "What do you want to do?"

Lin Kai sneered and said indifferently: "Aren't you going to teach me a barbarian from the outside world? Why are you asking me what I am doing now?"

Lin Kai said lightly: "Now you are in my hands, but what else do you want to say?"

The old man named the first suffered the most. The clothes on his chest were completely broken, and there was a deep knife mark on his shriveled chest, which was three points into the bone, and even faintly saw the internal organs.

This is not to say that he is the weakest, but that he is the strongest.

Lin Kai's huge sword energy, half of which was endured by him.

It can be seen that the strength of this old man has surpassed the other three by too much.

Unfortunately, he met Lin Kai.

That brutal and domineering violent sword energy completely shattered his confidence together.

However, the old man's expression was still indifferent, he didn't believe that Lin Kai dared to kill them.

The old man looked gloomy and said coldly: "We are planted in your hands today because we are not good at learning. However, you better let us go. In Shenhai Sect, there are no great masters who are stronger than you. Besides, Our ancestor is a person who protects shortcomings. If something happens to us, he will come out to find you in person."

Lin Kai rubbed his chin and said lightly: "It seems that this is your last words. If there is nothing to say, then go to death!"

The cold murderous intent in his eyes suddenly flashed, and the cold black dragon sword lifted up.

Seeing Lin Kai's expression, the expressions of the four great masters really changed.

The old man asked in horror: "You really want to kill us, aren't you afraid of the Shenhaizong behind us?"

Lin Kai said strangely: "Since I have offended Shenhaizong, what is there to fear now? Looking forward and backward, it is not my style!"

"What's more, my generation cultivator fights the sky and the earth. No matter the mere Shenhaizong, what's the fear?"

The old man was keenly aware of the word 'monk', he pressed his thoughts to the bottom of his heart, and asked in a deep voice:

"Well, how can you let us go? No matter what the price, we can pay!"

Lin Kai smiled and said lightly: "This is the enlightenment that the captive should have."

Lin Kai said lightly: "I want to know the information of all the forbidden areas in China, including the information of the hidden old monsters in the major forbidden areas."

The old man's expression changed, and he said flatly: "Impossible, this is all top secret. If we say, we will become the enemy of all forbidden areas."

Lin Kai didn't force it, nodded and said, "Yes, then you go to die."

"Wait a moment!"

The old man raised his hand and his voice softened: "In fact, as long as we don't say it, no one knows that we said it."

He took out a slap-sized brocade bag with a trident logo embroidered on it.

The old man read the formula for a while to the Jinbao.

Guanghua flashed, and a thin book appeared in his hand.

"This is a storage bag?"

At this time, Lin Kai was finally shocked, he actually saw the storage bag.

This is a treasure unique to the world of cultivating immortals, although it has almost one in the world of cultivating immortals.

However, storage bags are impossible in this world.

But the brocade bag in front of him couldn't help but admit it.

As soon as Lin Kai's mind moved, the brocade bag fell into his hand.

The old man's complexion changed drastically, and he secretly cursed himself for fainting.

How could he take out this kind of treasure in front of this demon?

Lin Kai weighed the brocade bag and asked faintly: "What is this?"

The old man reluctantly said: "It's nothing, it's just a kind of storage stuff, it's worthless."

Lin Kai smiled faintly: "Since it's worthless, then give it to me."

The old man looked ugly, and said solemnly: "It's useless if you want it. It's been used by my ancestors for a few years, so it can only be used by me and my ancestors. You can't use it at all."

"Oh, is it so?"

Lin Kai was noncommittal.

He fiddled with the brocade bag for a while, suddenly a light flashed in his hand, and a pair of stockings appeared in his hand.

Lin Kai looked disgusted and threw the stockings directly on the ground, looking at the old man with a weird expression, and asked, "Old man, I'm good at playing."

Chapter 1964

The old man didn't care about going to the club and died, his expression finally changed to amazement, and he became unbelievable.

The other three great masters also widened their eyes, and their faces became very dull.

Storage bags are rare treasures in all forbidden areas, so scarce that there are no storage bags in a few forbidden areas.

Moreover, all storage bags must have a unique spell to open it.

This spell is generally only mastered by the ancestors.

If you don't know the spell, even the ancestors of other forbidden places can't open the storage bag.

The reason why this old man can get this storage bag is that he is the spokesperson of Shenhaizong's entry into the world.

And this storage bag symbolizes the identity of Shen Haizong.

The reason why the old man dared to bring such precious things out at will is because he knew that no one except him and his ancestors could open it in this world.

However, Lin Kai took out the silk stockings in front of him, which completely subverted the old man's cognition.

The old man trembled all over, his face changed in amazement.

This storage bag must not be left outside, and it is in the hands of someone who can open the storage bag.

Murderous intent flashed in the old man's eyes, a mouthful of blood suddenly spurted out of his mouth, and his whole body turned bright red.

"Instant kill!"

The old man's eyes were about to split, and the wound on his body cracked and blood came out. He turned into a \*\*\*\* light and shot Lin Kai's chest instantly.

The old man launched a forbidden technique!

Unexpectedly, when the old man's mood fluctuated, Lin Kai was already prepared.

The Black Dragon Sabre instantly swung out and slashed directly on the blood shadow.

"boom"

Lin Kai's figure was blown out, and the blood shadow was completely broken in half under the sharp knife gas, and fell aside.

"Well"

Lin Kai's throat became hot, and a puff of blood spilled from the corner of his mouth.

He sighed softly, "Sure enough, I can't underestimate the heroes of the world, it hurt me."

The three great masters glanced at each other, also covered in blood, launched a forbidden technique, directly divided into three directions, and fled quickly.

They were so fast that they appeared hundreds of meters away in the blink of an eye.

Lin Kai frowned and chose a direction to chase.

After dozens of seconds, Feng He looked at Lin Kai standing in front of him and smiled sadly: "It seems that my luck is too bad."

Fenghe's expression was distorted, and he cursed loudly, "Shen Haizong will not let you go. I am waiting for you in the Yin Cao Difu!"

After speaking, he rushed over frantically.

Fenghe used the forbidden technique, and his body was already exhausted.

Lin Kai just dodged his attack, beheading him on the spot.

Lin Kai looked at the other two directions and sighed, "I can't catch up."

Suddenly, he frowned and looked forward.

Not far in front of him, the space suddenly fluctuated.

A middle-aged figure, holding two corpses, appeared in front of him.

Lin Kai's expression sank, and he said solemnly: "Lin Hong!"

Lin Hong smiled faintly: "Nephew, your expression doesn't seem to welcome me? But I wiped out the troubles for you."

He threw the body in front of Lin Kai. It was the two great masters who had escaped.

Lin Kai squinted, and Lin Hongneng caught up with the two great masters who used the forbidden technique in such a short period of time, indicating that his speed was much faster than himself.

Lin Kai also laughed: "It's just that Uncle Lin suddenly visited and was a little surprised."

Lin Hong said with emotion: "The movement you made is really too big."

He looked at Dongxian Mountain, the light in his eyes flashed slightly.

At this time, a layer of mist appeared outside the entire Dongxian Mountain, making it seem like a mirage, and like a fairyland.

Lin Hong took a breath, and wisps of mist entered his body from his nose.

Lin Hong said in surprise: "This is all Lingwu?"

He looked at Lin Kai, his eyes burning, exuding a fiery light: "Nephew, you are more and more surprised me now. Is this also a formation?"

Lin Hong said to himself: "It seems that my nephew has mastered a lot of formations. My nephew, if you are interested, share it with Uncle Lin."

Lin Hong smiled, but there was no smile in his eyes.

Lin Kai looked awe-inspiring, and opened his eyes and said nonsense: "Uncle Lin, I was joking. There is no formation here."

Lin Hong's expression sank, and the scene suddenly became serious.

Lin Kai looked solemn and stared at Lin Hong.

As long as there is something wrong, he will run away with all his strength.

However, on this day, he will retaliate back sooner or later.

Lin Hong blinked a few times and laughed: "If you don't want to say, forget it. In the future, I hope to be open and honest, and we can cooperate! I won't treat you badly."

Lin Hong said meaningfully: "By the way, Shenhaizong has two demigods. Nephew, you have to be careful."

After finishing speaking, Lin Hong floated away.

"Just leave?"

Lin Kai was a little surprised. He didn't expect that Lin Hong would let him go with such a big benefit.

'There is a conspiracy behind this, or are you not sure to keep me?'

Lin Kai frowned, facing this kind of demigod-level old fox, he couldn't help but treat him carelessly.

After pondering for a while, he turned around and returned to the villa.

After calming down, a space thousands of meters away suddenly became wrinkled.

In the air, there seemed to be a patch, which was uncovered, revealing three figures.

They glanced at each other, all eyes were shocked.

"There is still a demigod in this barbarian land outside?"

"Is this demigod sure that he didn't come out of the forbidden ground?"

"Absolutely not, if it is a demigod in the forbidden land, he is so young, we can't help but know him."

A great master said incredibly: "Forget it, don't worry about this demigod. The most important thing is that the young man can actually use Shenhaizong's storage bag!"

“Not only that, the arrangement on this mountain must be a very clever formation.”

“Who is this young man? Not only can he open the Shenhaizong’s storage bag, but he can also arrange the formation that is already legendary.”

The three great masters were unsure and shocked.

“Let’s go, tell the ancestors all about tonight.” A great master said in a deep voice, “I suspect that Tianwei was also related to this young man. This is the most important matter that the ancestors care about!”

They moved and flew towards the distance.

Soon after they left, Lin Hong’s figure reappeared in the same place.

He looked into the distance with a faint smile, and said to himself: “This world has become more and more interesting.”

Lin Kai didn’t know all of this, otherwise he would fall into doubts about his spiritual thoughts.

His divine mind is almost intact, and he didn’t find Lin Hong, the demigod, even if he didn’t leave, even the few hidden great masters weren’t found.

Fortunately, he didn’t know anything about it. Therefore, he is in a very good mood now.

Because he found that he might be rich!

With a move of his divine mind, it directly entered the space of the storage bag.

Then in the next second, a pile of materials like a hill appeared in front of him.

Chapter 1965 Water Spirit Fruit

Lin Kai looked at what was in front of him and fell into silence.

After a long time, Lin Kai murmured, “Have you made a fortune?”

He ignited his interest and began to classify these treasures.

First of all, some of the garbage in it, he swept into the corner.

For example, silk stockings, candles, iron chains...

The corners of Lin Kai’s mouth twitched, the old man did not expect to have such a weird hobby.

“Huh, is this a spirit stone?”

Lin Kai suddenly trembled and looked at several brocade boxes.

In the brocade box, there are a few gleaming stones.

Lin Kai picked them up and looked at them carefully.

After looking at it for a while, he finally determined that these stones were spirit stones.

Lingshi is a unique product belonging to the world of cultivating immortals, and contains spiritual energy that can be directly absorbed by the human body.

“There are spirit stones in the forbidden land. Could it be that the forbidden land is a place for cultivating immortals?”

Lin Kai flashed this thought and started to think.

After a while, he shook his head.

These few spiritual stones were solemnly placed in the brocade box, and they were only the lowest-grade low-grade spiritual stones.

It can be seen that spirit stones are also very rare in the forbidden area.

There are only so few spirit stones, which shows that the forbidden area is not suitable for immortal cultivation.

You know, spirit stones are very common in the world of cultivating immortals, and they are even common currency.

Of course, the presence of spiritual stones also shows that this so-called forbidden area still has a small amount of spiritual energy, which is much stronger than the outside world.

Lin Kai thought of a lot. Since there is aura in the forbidden land, the number of strong people in the forbidden land may exceed his imagination.

Lin Kai put the spirit stone aside, and later he was going to put the spirit stone in the center of the formation.

Maybe these few spirit stones can improve some quality.

If he could become a high-grade spirit stone, it would still be of some use to him.

Lin Kai looked at another pile of weapons.

These weapons are very rare magic weapons. Lin Kai observed its materials and found that they were all very rare materials from the outside world, and even some materials were not available. They were special products in the forbidden area.

Lin Kai curled his lips, the method of refining the weapon was too crude.

If these materials were handed over to a refiner in the world of cultivating immortals, it would definitely be able to refine a very powerful spirit tool.

Lin Kai put away the many rare materials collected by these gods and old men.

If in the future, he has the opportunity to become a refiner, he can combine these divine weapons and refine powerful spiritual weapons.

Among them, there are many rare medicinal materials, and the years of these medicinal materials have at least hundreds of years of medicinal effects.

Each one is invaluable, and it is a treasure that the outside world must grab to break their heads.

But here, these medicinal materials are piled into a hill.

Lin Kai waved and put all these medicinal materials in the warehouse.

He sat cross-legged, his eyes gleaming.

In the outside world, Reiki has just recovered, and there are not many rare medicinal materials at all.

But the forbidden ground gave him hope.

If there are medicinal materials he needs in the forbidden ground, maybe he can refine some medicinal pills that are useful even for him.

“It seems that sooner or later, I will go to the forbidden area.”

Lin Kai flashed this thought and pressed it to the bottom of his heart.

Now, he is too weak.

When he becomes the Nascent Soul Stage, then he can enter the forbidden land.

Lin Kai turned his gaze and looked at the three brocade boxes with the medicinal materials.

You know, these medicinal materials are rare and rare medicinal materials that are hundreds or even thousands of years old.

However, the old man just piled them together randomly.

But these few brocade boxes put together with medicinal materials can see their extraordinary.

Lin Kai opened the three brocade boxes, and there was a water-blue fruit in each brocade box.

When Lin Kai opened the brocade box, he felt a strong water spirit rushing toward his face.

The aura in the entire space became moisturized, and the spiritual power in his body also softened a bit.

Lin Kai condensed his eyes and looked at the three fruits deeply.

His expression was uncertain, and he said in surprise, “Is it a water spirit fruit?”

The water spirit fruit is produced in the place where the water spirit is rich in the world of Xiuxian.

The tree that produces water spirit fruit is called water spirit tree.

It has only roots and no trunk.

Its trunk is made of water aura.

When the water spirit is condensed to the extreme, it will produce water spirit fruit.

Water cultivators who eat water spirit fruit can greatly increase their skill, even when the mirror is broken, it has a very big effect.

Moreover, the water spirit fruit can refine a water-attribute spirit pill, which is a panacea for the immortal cultivator to repair his injuries.

What made Lin Kai happiest was another pill that Shui Ling Guo could refine.

The name of the pill is called water spirit pill.

This kind of medicine can improve the physique of immortal cultivators, and even make immortal cultivators with mixed roots become water spirit bodies.

Of course, this level of water spirit pill must be refined from tens of thousands of years of water spirit fruit to have this effect.

The three water spirit fruits in front of them are only hundreds of years old, and they can only refine ordinary water spirit pills.

However, this is enough!

Lin Kai has been thinking about Qian Lian'er's physique these days.

Qian Lian'er is a very rare water spirit body.

Unfortunately, her water spirit body has some metallic impurities.

But with the water spirit pill, this impurity can be easily removed, making her a real water spirit body.

The body of water spirit is the ultimate spiritual root of the world of immortality.

Lin Kai smiled at the corner of his mouth. This was his biggest gain today.

Lin Kai looked solemnly, put them back in the brocade box and put them away.

Now he is not qualified to refine water spirit pills.

When the time is right, he will give Qian Lian'er a huge surprise.

After packing these things out, there are few things left.

There are also a few books and a few tokens.

In addition, there are some inconspicuous sundries, such as some gold, pearls, gems and the like.

Lin Kai just glanced at them and threw them aside.

He first picked up the tokens, with a trident painted on them, and a vast ocean below the trident.

Lin Kai held it very heavy and seemed to be a precious material.

They should be tokens that symbolize the identity of Shen Haizong, just like business cards for outsiders.

Take them out, and other forbidden places can determine each other's identities.

Lin Kai put them together with the \*\*\*\* soldiers, and after a while they fuse together.

Lin Kai picked up the books and flipped through them.

Two of them are manuals for the treasures of heaven, material and earth possessed in the forbidden area.

Lin Kai looked through it, and it not only wrote the treasures of heaven, material and earth in the forbidden area of Shenhaizong.

Moreover, there are some natural treasures in other forbidden places.

Of course, the treasures of heaven, material and earth in Shenhaizong are recorded in great detail.

The treasures in other forbidden areas only record a rough outline.

Some of them have only names, without even writing down what they look like and what they are used for.

Lin Kai looked at it carefully for half an hour before putting the two books away.

He looked complicated, and said with emotion: "This old man is a good man."

Chapter 1966 Nine Forbidden Lands

Lin Kai put them up and looked at the remaining two books.

"Sky ranking, earth ranking?"

Lin raised his eyebrows and looked at it.

One of these books is called Tian Bang; the other is called Di Bang.

In the land list, what is recorded is the ranking of young talents in each forbidden land.

As mentioned above, only great masters under 30 years old can be on this list.

After 30 years of age, they will automatically be removed from the list.

When Lin Kai saw the last person first, his expression became serious.

There are a total of 87 people on the list.

The last one, that is, eighty-seven, is a male named Li Yunde.

He is only twenty-two years old, but he is already a great master.

In other words, he became a Grand Master at the age of 22, and all of these 87 people were masters at the Grand Master level.

On the list, if you don't become a master before the age of thirty, you are not eligible to be on the list!

Lin Kai's expression changed in shock. Among the 87 people, there was even a 19-year-old boy.

Lin Kai couldn't help gasping for this talent.

Even he has only recently become the Golden Core Stage, comparable to the Great Master.

But in the forbidden area, there are many people who are more talented than Lin Kai.

A gleam of light flashed in Lin Kai's eyes, and a strong fighting spirit poured out.

He is now more and more interested in the forbidden land.

Lin Kai glanced at the top of the ranking list.

Zhao Tianlong!

Twenty-seven years old, great master of Shenbing Pavilion, first place on the list!

"Zhao Tianlong..."

Lin Kai looked at this name, and there was a hint of warfare.

This name is the most powerful young man in the Forbidden Land of China.

As long as he defeated him, Lin Kai would be the strongest great master among young talents!

Lin Kai picked up the Tianban again and looked at it.

He flipped through the ranking list, and at first glance, he saw a name.

Zhao Tianlong!

Twenty-seven years old, great master of Shenbing Pavilion, third in the ranking!

Lin Kai's eyes condensed, and he was deeply impressed by the name.

Tianban is different from local ranking in that it does not limit the age.

In other words, only the strong can be on this list.

There are only fifty people on the list, and all of them are great masters.

Of course, it does not mean that all forbidden lands add up to only one hundred great masters.

Rather, it means that Tianbang only accepts fifty people.

Lin Kai took a look at the top 20, except for Zhao Tianlong, everyone else was over fifty years old.

Lin Kai knows that this list is not necessarily accurate.

Because some great masters may be better at hiding, and no one has discovered his power.

But this list clearly shows that these fifty people must be very powerful.

At least, the old man who caused Lin Kai to spit blood was not eligible for this list.

Because, in this day's list, Shenhaizong only has one person on the list.

He is a thirty-six great master, he is obviously not the old man.

"interesting!"

Lin Kai chuckled and put away the books.

Finally, Lin Kai took out the book given to him by the old man.

Lin Kai looked through the book with a serious look on his face.

Huaxia Land, in nine directions, there are nine forbidden areas in nine hidden areas.

In the forbidden area, there is a very powerful force hidden in it.

Lin Kai originally thought that there was only one hidden Sejong Sect or family in each forbidden area.

At this time, he knew that there was indeed an absolute power in each forbidden area.

But in addition, there are some small forces attached to nine absolutely powerful forces.

The reason why these nine forces can control the forbidden area is because there are demigods among these forces.

Moreover, it is the oldest demigod and the most powerful demigod.

Otherwise, other forces can't be controlled at all.

This is the Dinghai Shenzhen. No matter how many great masters there are, when a demigod comes out, they all bow their heads.

For example, the Shenbing Pavilion where Zhao Tianlong is located is just a second-class power.

The master of the forbidden area where the Shenbing Pavilion is located is a sect named Fist Sect.

Lin Kai kept reading the books, and did not see any demigod information, so he could only sigh.

This was in his expectation. The old man probably didn't have the guts to collect books that recorded demigods.

Besides, if there are such books, he has to ask a question mark.

Because, I learned from the book.

These demigods have been hidden in the deepest part of the forbidden area.

Some great masters have never seen a demigod in their entire lives.

After Lin Kai finished reading the book, he let out a long breath.

I don't know. Only by looking at it can I see a corner of the forbidden area.

The forbidden area is too powerful, and at least there is a demigod in every forbidden area.

If these demigods come out in full force, Huaxia will directly change into the sky and fall into huge chaos.

Fortunately, they still take care of it now, but they just sent their forces.

The demigod himself has not yet emerged from the forbidden ground.

When the demigod appeared, Huaxia entered a time of precariousness.

"For the mountain rain to come, it must become the Yuan Ying period as soon as possible."

Lin Kai stood up and left the villa.

After reading the introduction of the forbidden area, he felt that it was necessary to arrange another defensive formation.

Because in addition to the demigods, he found that the great masters on the sky list might be able to pose a threat to him.

If he was suddenly attacked by a great master on the sky list while he was practicing, then he might be in danger of falling.

What's more, Lin Hong, the old Yinbi, always ran to his Dongxian Mountain.

Moreover, this demigod seemed to have a hidden technique, if it weren't for Lin Hong's automatic exposure, it would be difficult for Lin Kai to find him.

Therefore, he must arrange several big formations.

Lin Kai thought for a while, then decided to arrange a chain formation.

This is a chain formation that integrates attack, defense, and illusion.

This kind of complex formation is generally called the Great Mountain Protection Formation in the world of immortality.

Of course, Lin Kai couldn't complete a mountain protection formation of that level.

However, he can still arrange a miniature mountain protection formation.

Lin Kai pondered for a while, and listed all the materials he needed.

Suddenly he frowned. Some needed materials were not in the warehouse.

Even in this world, it may not exist.

"How to do..."

Suddenly, Lin Kai had an idea and took out the book that recorded the treasures of heaven and earth.

He was delighted that those rare materials were recorded in this book.

"It's a forbidden place!"

Just how to get these materials is a big problem.

"Forget it, let's talk about it later when I have a chance."

Lin Kai sighed and began to arrange another alert formation.

This formation doesn't have any other abilities, it has only one function, which is early warning.

As long as the Great Master enters Dongxian Mountain, Lin Kai will receive an early warning.

However, Lin Kai was not sure whether it could recognize the demigod.

Because, limited by the material, his vigilance formation is also a simplified version.

Lin Kai started to take action. Pieces of rare materials continued to fly out of the warehouse and flew to various places in Dongxian Mountain.

After laying out the materials, Lin Kai began to portray the alert formation.

Chapter 1967

Half an hour later, a breeze blew by, and a layer of mist suddenly appeared around Dongxian Mountain.

This layer of mist is not a mist formed by rich spiritual energy, but a very mysterious aura.

This is a kind of miasma, as long as foreign creatures enter it, Lin Kai can be alerted and can perceive its existence.

After everything was done, Lin Kai began to retreat.

Of course, he is not practicing this time.

After all, the spirit-inducing formation had just been set up, and the spiritual power of Dongxian Mountain was not enough for him to cultivate.

He retreats this time for the purpose of refining pills and preparing for the refining of water spirit pills.

A few days later, in a forbidden area somewhere in the East China Sea.

“Why didn’t the four of Pogou and others return after leaving the outside world?”

“Did something happen to them?”

The people of Shenhaizong looked solemn and felt a little bad.

“Don’t be kidding, the great master in the outside world is a mysterious big figure with no tail in the Shenlong. The four of Pogou go out, as long as they don’t provoke Xuanyuan, who can kill them?”

“Maybe it’s Xuanyuan?”

“It’s even more impossible! Xuanyuan has already made an agreement with the ancestors, and they can’t make any shots at will.”

“Yes, if Xuanyuan makes a move, it will break the agreement. This is the way to die!”

“It’s not necessarily Xuanyuan’s shot, maybe it’s other forbidden places.”

“There are a few forbidden places that have always been out of hand with our Shenhai Sect. Now it is possible to kill Bogu and the others,”

The great figures of Shenhaizong sat in the hall, arguing endlessly.

At the same time, they still have some anxiety in their eyes.

Because the storage bag is in the hands of Bogu, this is a treasure handed down from ancient times, if it is discarded in this way, then their generation will become the sinners of Shenhaizong.

“Check, even if you turn upside down, you still have to find the four of them!”

The grandmaster of Shenhaizong issued an order with majesty.

Just as the people of Shenhaizong were turning their backs on their horses, a guard walked in and reported loudly: "Report to the Sect Master and the elders, there is someone outside the forbidden area for a visit."

The Sect Master of Shenhai Sect is an old man with blue hair and muscles like cast iron.

His eyes were azure blue when he looked at the guard.

The guard seemed to be facing a sea, which made him feel suffocated.

Sect Master Shenhai said majestically: "Xuan!"

After a while, the three great masters walked in and worshiped respectfully: "Xingyun Pavilion disciple, meet the Sect Master Shenhai."

The old man nodded slightly and asked faintly: "Why did you come to my site?"

A great master respectfully said: "I guess Shen Haizong must be looking for Brother Pogu and the other four, so we are here."

A divine light flashed in the eyes of Sect Master Shenhai, causing the waists of the three masters to bend down in an instant.

Their foreheads were sweating and their bodies were shaking.

This Shenhai Grandmaster was named Duanshanhe, and his great name resounded through the nine forbidden places. He was only half a step away, and he was in the realm of a demigod.

Regardless of his muscles, he is full of energy.

In fact, he is more than two hundred years old, and he is a well-known master.

I heard that even the demigod could not kill this suzerain.

Of course, the leaders of the Nine Forbidden Lands are almost half-steps and demigods.

They have surpassed the top rankings and are alternates for demigods.

Only one chance, these people can become demigods.

Shenhai Sect Sect Master Duanshanhe squinted his eyes, and asked indifferently: "Could it be that you killed Bogu and others?"

The three people smiled bitterly: "How do we have the ability to kill Brother Pogu?"

However, they dared not sell it anymore and took out a mobile phone from their arms.

A great master respectfully said: "Brother Pogu and others were indeed killed. I had already filmed the process on the phone at that time."

Duanshanhe's mind moved, and an arm-like stream of water held the phone and came to him.

He was fiddling with the phone, a little curious and a little surprised in his eyes.

This is just something made of the most common materials, and it can record images?

At this moment, a young man walked up next to him and talked to him in a low voice.

“Sovereign, this object is called a cell phone. It is used by ordinary people outside of the world to make calls. They can even communicate with each other thousands of miles away.”

After hearing the man’s explanation, all the old men in the hall looked at the phone in shock with a curious look.

“This mobile phone, one of its functions, is video recording.”

The young man took the phone, opened the video, and it started playing.

In this video, it is the four of Pogu.

Among them, Fenghe is fighting with a young man.

And that young man was Lin Kai.

Duan Shanhe didn’t care to be curious about the function of this phone, and watched the video seriously.

Most people in the hall are middle-aged and elderly men, but their eyesight is very clear.

Because these people are all great masters.

Therefore, even at a distance of tens of meters, they can clearly see the content on the mobile phone.

They were surprised to see Fenghe actually fighting a young man.

“Is this young man from outside? He turned out to be a great master, and he can play against Fenghe.”

People in the forbidden area are very conceited.

They look down on any great masters outside, of course this does not include Xuanyuan.

Because Xuanyuan itself walked out of the forbidden land.

The reason why ancient warriors appeared in the outside world was because of the forbidden land.

The forbidden area casually reveals some influential and low-potential exercises and martial arts, so that people from the outside world are rushing.

Unexpectedly, the outside world used these exercises to form an ancient martial arts civilization.

In the outside world, many great masters have appeared.

However, no one from the outside world has cultivated into a demigod for so many years, which is enough to explain the inferior power of the outside world.

Therefore, this young man was able to fit in with Feng, which shocked the people of Shenhaizong.

However, as time went by, their expressions became shocked.

When Lin Kai summoned the Black Dragon Battle Armor, a trace of greed flashed in their eyes.

However, when the knife was used, everyone stood up in shock.

This is a stunning knife, this is a terrible knife.

There are dozens of great masters present, and they think it is difficult to take this knife.

Po Gu and others couldn't catch the knife, even if the four teamed up.

As a result, they did not expect it.

Po Gu and others were seriously injured and fell into the hands of the young man.

"Why do people from outside have such powerful masters?"

"Did this young man also walk out of the forbidden ground?"

The crowd was a little unacceptable, muttering to themselves.

The young man beside Duanshanhe stood with his hands in his hands and looked indifferent.

He looked at everyone and said lightly: "Although the forbidden land allows us to retain the heritage, it also confines us."

"Without all of us knowing, the outside world has changed."

"The outside world is no longer a land of barbarians, but we have become frogs at the bottom of the well."

Chapter 1968

The people were very dissatisfied, and they still looked down on the outside world.

However, this young man, except for the lord and ancestor, no one can stop him.

If they speak indiscriminately, he may be beaten.

Duan Shanhe ignored them, and he continued to watch the video calmly.

He saw Pogu hand over a book in order to survive.

Seeing that young man snatched the storage bag again, none of this could make him move.

However, when a silk stocking appeared in the young man's hand, Duanshanhe stood up suddenly.

In his body, with a bang, an infinite wave was released, rushing in all directions.

Except for the young man, everyone else flew out embarrassedly under this huge wave.

However, they couldn't care about this anymore, they ran back all the time, looking at the phone in shock.

"Impossible, why can this young man use our Shen Haizong storage bag?"

A great master screamed.

Even the young man had a solemn expression with an incredible face.

There is a consensus in the nine forbidden areas.

The storage bags owned by each sect can only be opened by the ancestors of the sect.

The ancestors were able to open it because they mastered the spell to open the storage bag.

If this spell is lost, the corresponding storage bag will be completely useless.

But now, the young man opened the storage bag without using any spells.

How could this not shock everyone in Shenhaizong.

In the hall, everyone looked solemn, and even the appearance of a demigod at the back just made their complexion even more ugly.

“Why has the outside world changed so much?”

“Even the demigods appeared?”

Duanshanhe pondered for a while, and said faintly, “Disciples of Xingyun Pavilion, do you know how important this video is?”

A great master smiled and said: “Of course I know. This boy can open this storage bag at will, maybe he can open other storage bags.”

Duan Shanhe nodded, it seems they do know.

You know, in the long river of history, the spell of many storage bags has been lost.

Those storage bags can only be placed deep in the warehouse to eat ashes.

Even if there are any treasures in it, they can only sigh helplessly, and they will never be able to take it out again.

However, the appearance of this teenager gave them an opportunity.

If you master this boy, you may master the method of opening all the storage bags in the nine forbidden places.

One can imagine the huge benefits of this.

Duanshanhe squinted and asked quietly: “Let’s talk about it, what do you want.”

The great master respectfully said: “Sect Master, you also know that we are only a second-rate sect, and there is no demigod in the sect.”

“But our sect has offended the boxing sect and is in danger of extinction. Therefore, I want the Sect Master to protect us Xingyun Pavilion.”

The three great masters knelt down together and pleaded.

Duan Shanhe did not rush to agree. Boxing Sect belonged to one of the nine major forces.

It is even much stronger than Shenhaizong.

“Okay, I promised!”

Without thinking about it for long, Duanshanhe said majestically.

Duanshanhe looked at the crowd with majesty, and asked faintly: “What do you think should be done with this matter?”

A great master said in a deep voice: “This boy is indeed very strong. But if you kill him or even catch him, it’s not difficult.”

Another great master nodded: “The key question is that demigod!”

Hearing this, Duanshanhe frowned.

A great master suggested: “Should I report this to my ancestors?”

“No, it’s not Xuanyuan’s presence. Ordinary demigods don’t have to alarm the ancestors!”

At this time, the young man said lightly: “Sect Master, I’ll go out and catch this kid back.”

The others were surprised, but after thinking about it, they were still silent.

That young man was not a waiting person, and everyone present might only be able to bring that young man back easily.

Duan Shanhe nodded, and said calmly: “I’ll hold the line for you, if the demigod comes forward, I will meet him for a while.”

When everyone saw that the Sect Master was going to go out of the mountain himself, they finally relaxed completely.

Duan Shanhe scanned the crowd, holding his mobile phone and said in a deep voice, “Dear elders, since we have decided to be born in the nine forbidden places, we must understand everything about the outside world.”

“For example, this mobile phone, its role must be, you all know very well.”

“Furthermore, there are other demigods in the outside China, as well as this strange young man.”

“All this shows that the outside world is different from before. Therefore, we can no longer be complacent.”

“Otherwise, in the near future, our Shenhai Sect will be in danger of extinction!”

“You guys must keep in mind, don’t be careful!”

Many great masters stood up together and said solemnly: “We understand, Sovereign!”

Duan Shanhe nodded, and said in a deep voice: “Go down. I’ll go to Boxing Sect!”

...

Lin Kai was immersed in retreat, he didn’t know that the danger was already coming.

At this point, a week has passed since that battle.

He has no longer refining pill now, but has started formal cultivation.

Now, the spiritual fog in Dongxian Mountain is very dense.

The entire Dongxian Mountain was wrapped in a vast white fog, and the trace of Dongxian Mountain was completely invisible.

In the center of the formation, that is, in the villa, the aura is the strongest place.

Lin Kai breathed the aura that was so rich that it almost turned into liquid, very satisfied.

Now, Reiki has just recovered. There is not much aura in the outside world.

All of Lin Kai's Ling Ling Formation can absorb so much aura in a short time.

The reason is that in this world, he is the only one who has mastered the Spirit Induction Array.

If Lin Kai arranged a large enough formation, he could even absorb aura from all over the world.

He doesn't have to be afraid of other forces competing with him for aura.

It's a pity that the materials are not enough, and he doesn't have the ability to set up an array of that level.

Lin Kai sat down with his knees crossed and started to practice his spiritual energy.

The mist surrounding Lin Kai formed a whirlpool.

In the center of the whirlpool, Lin Kai is located.

All of Lin Kai's mind was immersed in the cultivation, and his dantian exudes a faint golden light.

This is the light of the golden core and the symbol of the Lin Kai golden core period.

The golden core in his body moved, like a glutinous glutinous rice bowl, suddenly opened his huge mouth and inhaled abruptly, the spirit mist from the outside swarmed in and sank into the golden core.

As the spirit mist continued to enter, Lin Kai's golden core became purer and its aura became stronger and stronger.

I don't know how long it took, all the mist of Dongxian Mountain suddenly boiled like boiling water.

They seemed to be attracted by a huge force and went crazy toward the villa.

Within a few minutes, all the spiritual fog in the entire Dongxian Mountain disappeared, and it changed back to the ordinary Dongxian Mountain before.

At this time, Dongxian Mountain also completely calmed down.

Chapter 1969

I don't know how long it took, Dongxian Mountain was once again covered by the white fog.

In the villa, an electric light flashed, and a tyrannical breath rose to the sky.

Lin Kai stood up and flew into the air with a clear whistle.

He felt the mellow golden core in his body, and he smiled.

He was finally promoted to become an immortal cultivator in the late Jindan stage.

Now facing the four great masters, he can easily kill them.

Lin Kai did not return to the villa, but flew into a town.

Qinghe Town, Qinghe Market.

The sun is shining and the breeze is blowing today.

The people of Qinghe Town, with bright smiles on their faces, are playing in the market.

On both sides of the road, small vendors yelled to solicit customers.

Lin Kai walked comfortably on the side of the street, watching the smell of fireworks on both sides, showing a gentle smile.

The road to cultivating immortals is relaxing one by one.

Don't let go, but don't let your nerves keep tense.

Moreover, the fireworks in the world and the rolling red dust contain the principles of the Great Dao, making it easier for the cultivator to comprehend the Great Dao of Heaven and Earth.

At Lin Kai's realm, absorbing aura is no longer the most important part.

Rather, you need to comprehend the way of heaven and see the way forward for promotion in order to become a cultivator in the Nascent Soul Stage.

The sun today is very gentle, shining on people, making them warm and feeling very comfortable.

A 28-year-old girl who was just in the cardamom age walked on the road all the time.

Suddenly she stretched out her hand, and a trace of doubt appeared on her delicate little face: "Is it going to rain?"

She pouted, a little unhappy.

She finally came out to play when the weather was good today.

It's going to rain now, so her interest is lost all of a sudden.

She raised her head and looked to the sky, her rosy lips slightly open, showing a look of consternation.

Everyone also felt the strangeness and raised their heads involuntarily.

In the sky above Qinghe Town, large black clouds gathered quickly, blocking their vision and blocking the sun.

“My God, this day is too weird. Is this going to rain?”

Everyone was a little surprised, they had never seen dark clouds converge so fast.

Tap, tap, tap...

Drops of rain suddenly landed on everyone.

“It’s broken, it’s going to rain. Everyone quickly pack up and go home.”

Everyone was a little panicked and hurriedly packed their things.

They are not afraid of rain, but if their business gets wet, it will be ruined.

At this moment, a gust of wind blew up on the ground, pots and leaves on the side of the road. Even the stones flew up and swept across the air.

Snapped! Snapped! Snapped!

Before people could react, the torrential rain suddenly rushed down towards the ground frantically.

“Ah, it hurts me!”

Everyone was unprepared, and was beaten in severe pain.

Some children were even hit by the violent rain, unable to stand up.

Their parents rushed forward and protected their children with their bodies.

But the rainwater that resembled flying rocks hit them mercilessly, causing them to scream, and blood flowed out in no time.

“What happened, is this still rain?”

Everyone kept crying, and the whole body was in pain from being smashed.

Even the buildings on both sides of the road made a crackling sound.

Some buildings collapsed directly, drowning the people hiding in them.

At one end of the street, Lin Kai looked at the terrible state of the ground, furious.

He casually rescued several people buried under the collapsed house, with fierce murderous intent on his face.

Da da da!

At the end of the street, the crisp sound of footsteps slowly approached.

Lin Kai raised his head abruptly, revealing a fierce murderous intent.

At the end of the street, there was a young man holding a water silver long sword, watching Lin Kai calmly.

Lin Kai glanced at him, then looked up at the dark clouds in the sky.

Lin Kai stretched out his hand, a giant aura palm formed in the air, and patted directly on the dark clouds.

“boom”

Large black clouds dispersed directly, revealing brilliant sunshine.

Lin Kai frowned suddenly, because the dark clouds had dissipated, but the terrible rain did not stop.

At this time, the young man said lightly: “It’s useless, this is my domain. You can’t disperse it.”

“Domains?”

Lin Xinxing moved, he could feel the ubiquitous restraint force in the pouring rain.

And when the rain fell on his spiritual energy shield, it was actually wasting his spiritual power.

If it were an ordinary great master, within ten minutes, all his internal energy might be wiped out.

Even Lin Kai felt a slight discomfort.

Lin Kai looked gloomy and shouted, “Who are you?”

Before the young man could speak, Lin Kai’s expression suddenly moved, and he said in a deep voice, “Are you Wei Yuan from Shenhaizong?”

Wei Yuan raised his eyebrows and said lightly: “Do you know me?”

Lin Kai solemnly said: “ranked thirty-second on the list, Shen Haizong, 37-year-old Wei Yuan!”

Wei Yuan nodded faintly, and said with a smile: “Yes, it’s me.”

Lin Kai hehe sneered: “It seems that you know that I killed your Shenhaizong people?”

Wei Yuan nodded again, and said lightly: “Yes, so I’m here to invite you to Shenhaizong.”

Lin Kai let out a deep breath, looked at the wolf sister on the street, and said coldly, “Is that how you came to invite people?”

Wei Yuan showed a hint of curiosity, and said lightly: “From your expression, I can see that you seem to care about the lives of these civilians.”

Lin Kai’s expression sank, and he said coldly: “They are all innocent people. If you come to me, don’t hurt these people.”

Wei Yuan shook his head and said indifferently: “This is my domain. They are just a disaster. But what does their life and death have to do with me?”

He gave a weird smile: “Moreover, I found your weakness, how can I not make good use of it?”

Lin Kai looked indifferent and said coldly: “You think too much, and I don’t care about their lives very much.”

“Yes...”

Wei Yuan looked strange and smiled slightly.

Suddenly, three water arrows measuring several meters long suddenly condensed in the heavy rain.

They cut in three directions instantly.

In those three places, there are very strong buildings.

Hundreds of people hid inside, avoiding the terrible rain.

Lin Kai's expression sank. If these three water arrows were shot on everyone, they would have only one end, and that would be death.

Lin Kai shot it casually, and the three energies instantly chased up, blasting the three water arrows to shatters.

Wei Yuan sneered, "Do you still care about their lives?"

Lin Kai's eyes were red, and he said angrily: "This is hundreds of lives!"

Wei Yuan said coldly: "I have already said, what do their life and death have to do with me?"

Lin Kaishu took a sigh of relief, and his expression became completely cold: "Animal, you are dead. No one can save you."

Chapter 1970 Water Body

Wei Yuan sneered, and said with some surprise: "Knowing that I am a member of the top ranking list, I dare to speak out. You don't think that killing Bogu's four wastes can kill me?"

"Tianban? I want to learn it."

A war spirit flashed in Lin Kai's eyes, and his figure disappeared instantly, appearing behind Wei Yuan.

Without hesitation, he blasted Wei Yuan's body with a palm.

"boom"

Lin Kai's hand full of spiritual power hit Wei Yuan's back heart fiercely.

This palm, to say nothing, has a power of hundreds of thousands of catties, not to mention a person, even steel, will be beaten in two by this palm.

Wei Yuan's body trembled suddenly and burst open.

However, Lin Kai's expression changed, and his figure shot towards the back.

In the next instant, the two-piece corpse turned into a sharp sword and stabbed at the original position of Lin Kai fiercely.

Not far away, in the downpour, Wei Yuan showed his figure.

He smiled faintly, and said faintly: "Don't think that only you can teleport."

"Not only can I teleport, but I can also condense the clone."

As Wei Yuan's voice fell, a group of figures appeared around Lin Kai.

They all had the same face, looked at Lin Kai intently, and said together: "Now, what are you fighting against me?"

Lin Kai calmly looked at dozens of clones, and said lightly: "So many clones are really amazing."

"The awesomeness is yet to come!"

Together, they raised the silver-white long sword in their hands, with murderous intent flashing in their eyes, and flew toward Lin Kai's direction.

They are like venomous snakes in the heavy rain, and the heavy rain covers their bodies.

The silver-white light flooded Lin Kai's vision, making him unable to tell the direction of the enemy.

What's more, now there are dozens of figures rushing towards Lin Kai together, making it even more difficult to distinguish Wei Yuan's figure.

Lin Kai's eyes were shed tears by the silver-white light, and he couldn't help closing his eyes.

Wei Yuan, who was in the avatar, showed a natural look.

At the age of thirty-seven, he ranked twenty-two on the top list, relying on his domain and clone.

In the field, he can create a large number of clones.

In addition, the ancient Wu of the Silver Snake Sword makes him even more powerful.

Once the move is performed, it is like a silver snake dance, and with a large number of clones, it makes him a very tricky existence.

Except for the top ten in the top ten, almost all the great masters have a headache when facing him.

His martial arts has a fascinating effect on the mind.

Lin Kai closed his eyes, this was all in his expectation.

In the battle, facing the enemy but closing your eyes, the end is doomed!

Wei Yuan shook the silver snake in his hand, avoiding Lin Kai's heart, and slashed towards his limbs.

What Shenhaizong needs is Lin Kai's knowledge, as long as he lives for his life.

Just when Wei Yuan's silver snake was about to slash Lin Kai's limbs, Lin Kai's palm suddenly protruded out like lightning and grabbed the silver snake severely.

As for those clone attacks, Lin Kai summoned the Black Dragon Battle Armor and directly carried it down.

boom!

Dozens of attacks instantly slashed on Lin Kai's body, bursting out violent air waves.

This violent air wave impacted in all directions, causing those clones to fly out.

Only Wei Yuan's body remained in place with a look of shock.

Because his silver snake was firmly grasped by Lin Kai.

A trace of blood spilled from the corner of Lin Kai's mouth and smiled: "Sure enough, your clone is only one-tenth of your skill."

Lin Kai was a little shocked in his heart, this clone was almost comparable to an ordinary great master.

However, Wei Yuan has dozens of clones.

Lin Kai glanced, and found that the avatars were shaking and a little unstable.

However, as the heavy rain continued to fall, those clones solidified again.

Lin Kai's eyes condensed, it seems that the domain is immortal, and these clones will not disappear.

However, Lin Kai didn't know that Wei Yuan was even more shocked.

He asked in shock: "Did you discover my real body?"

Lin Kai looked at Wei Yuan indifferently, but did not rush to attack, and said indifferently: "Why, is it difficult to find your real body?"

'Nonsense, of course it's hard!'

Wei Yuan roared in his heart, no more than five great masters could find his real body among the many clones in the forbidden area.

Moreover, if you want to discover his true body, you also need to go through some battles before you can lock it.

In a place like the outside world, he couldn't imagine that a teenager he met would find his true body.

Moreover, just a face-to-face meeting, the young man easily found his real body, and also caught his silver snake.

Wei Yuan looked ugly, and said coldly: "How did you find out?"

Lin Kai sneered silently, and could only say that Wei Yuan was too unlucky to meet him.

For the cultivator, eyes are not that important.

Divine mind is their confidence to see the truth of this world.

With a sweep of Lin Kai's huge divine mind, he could clearly 'see' that dozens of clones were just water bodies formed by inner strength and water.

Wei Yuan's flesh and blood body was completely invisible in his spiritual thoughts.

There was a strong murderous intent in Wei Yuan's heart, and he no longer wanted to take Lin Kai back.

He is going to kill this boy!

The clone is the capital of his forbidden land, so it is easily seen through by others, which makes him feel a strong sense of crisis.

He didn't know if this young man was special, or there were loopholes in his practice.

Lin Kai would definitely not tell him, so let this young man enter the grave with a secret!

The two suddenly raised their heads at the same time, and attacked each other with one palm.

The two palms collided and there was a violent explosion.

Lin Kai didn't move, but Wei Yuan's complexion flushed, and a trace of blood spilled from the corner of his mouth.

Astonished in his eyes, Lin Kai's inner strength seemed endless, like a sea.

Among the great masters, only Duanshanhe has such a powerful internal strength.

But Duanshanhe is already two hundred years old, and Lin Kai is just a teenager!

Wei Yuan's face was cold, and the silver snake sword that Lin Kai was grasping hard suddenly turned into a stream of water, flowing out of Lin Kai's fingers.

Lin Kai did not expect that a physical sword could turn into a stream of water.

So, caught off guard, he was escaped by the silver snake sword.

The silver snake sword flowed out of Lin Kai's hand, and instantly turned back into a long sword, like a poisonous snake spitting out a letter, and pierced Lin Kai's throat.

Lin Kai's body was wrapped in the black dragon armor, but he had no confidence to block the silver snake sword's attack.

Lin Kai didn't hesitate, and his figure flashed before teleporting dozens of meters away.

When the two confronted each other, their expressions became serious.

They all felt each other's difficulty.

Suddenly, Wei Yuan showed a weird smile, making Lin Kai's heart sink.

Wei Yuan exclaimed: "You can easily see through my clone, and I lost half of my skill. However, I also know your shortcomings!"

Lin Kai's face was gloomy, staring at Wei Yuan firmly.

Wei Yuan saw Lin Kai's expression with a happy expression.

His gaze moved, and he looked at the trembling people on both sides of the street.
