

Special Forces 1971

Chapter 1971

Wei Yuan's young face flashed a vicious color, and he shouted: "You are much stronger than I thought, but this victory belongs to me after all!"

Wei Yuan looked at the shivering people in the distance, and said with a smile: "These people will all become your imprisonment."

Lin Kai looked gloomy and said coldly: "I advise you not to hurt the innocent, otherwise I will shut down Shen Haizong!"

Wei Yuan laughed loudly: "You can't even kill me, and you want to destroy Shenhaizong. You're an innocent boy."

Wei Yuan raised his hands and stretched out to the sky.

The violent storm in the sky became more and more abrupt. At this time, sharp swords formed by water continued to form in the sky, densely stagnant in the air.

Lin Kai's expression changed, is Wei Yuan going to attack indiscriminately?

But if he did this, it would only anger him, not threaten him.

However, Wei Yuan sneered coldly, and closed his hands abruptly.

His face was flushed and it seemed to be very laborious.

Thousands of water arrows in the sky closed towards the middle.

Not only that, the torrential rain that day seemed to have received a strong suction force, all rushing in that direction.

Lin Kai's expression changed, and he flickered towards Wei Yuan.

However, in Wei Yuan's field, Wei Yuan also gained the ability to teleport.

The two figures flickered crazily, and Lin Kai didn't even catch up with him.

Lin Kai looked ugly and stopped.

Wei Yuan sneered coldly and continued to run his moves.

At the same time, Wei Yuan's low voice sounded.

"This is the strongest move I have created in the past few decades. Even a demigod who bears this move will not be unscathed."

"A mere grandmaster, after accepting this trick, he will only end up with death!"

Lin Kai sneered: "So, are you invincible below a demigod?"

Wei Yuan shook his head and said lightly: "Although this move is powerful, it is slow and lacks change."

“If Grand Master wants to avoid this trick, it’s simply too simple.”

Wei Yuan said quietly, “So this trick of mine became a tasteless one,”

Wei Yuan’s expression suddenly became complacent: “But even the most tasteless move, when used correctly, it can exert unimaginable power.”

Lin Kai’s expression moved, as if he had thought of something, his complexion changed hard to look.

Wei Yuan laughed loudly: “Yes, you guessed it!”

At this time, a water sword measuring tens of feet appeared in the sky, covering the entire sky.

The breath it exudes is cold and powerful.

Lin Kai felt the tyrannical aura, his expression increasingly ugly.

This tyrannical breath has already approached the demigod infinitely.

“Hey, the terrible rain seems to have stopped.”

At this time, the people who evaded, tried to walk out.

They suddenly widened their eyes and looked at the sky.

“My God, what is this?”

“Why is there such a long sword in the sky?”

Under the strong pressure, they slumped on the ground, looking at the sky stupidly.

Lin Kai glanced at them, his expression a little anxious.

Wei Yuan was keenly aware of his emotions, and he finally breathed a sigh of relief.

He was actually gambling, gambling in the forest meeting and caring about the lives of the people.

However, he also felt that how could there be strong people in this world who care about the lives of ordinary people?

However, after seeing Lin Kai’s uncontrollable expression, he finally let go of his heart.

Wei Yuan smiled grimly: “You said, if my sword falls, how many ordinary people can survive?”

Lin Kai’s expression was cold, and he said coldly: “So, you think I can only resist this trick for the lives of these people, right?”

Wei Yuan smiled faintly: “Of course you can ignore these people, then I have to kill them all and run for my life.”

When the people on the street heard the conversation between the two, their expressions became horrified.

“No, we are innocent. You ancient warriors fighting, why do you involve ordinary people like us?”

“Spare us, we are all ordinary people!”

Many people yelled loudly, their expressions both angry and fearful.

The water sword in the sky is hundreds of meters long, if it falls, none of them will survive.

Wei Yuan laughed and said, “As long as Lin Kai hardens this sword, nothing will happen to you. It is him who will die.”

Wei Yuan’s expression jokingly said: “Of course, he might be greedy for life and fear of death, and doesn’t care about your lives. So, let’s bet your life!”

“Why!”

“Why do you treat us this way?”

The crowd looked horrified and shouted loudly.

They change places and use their own lives for the lives of others, and they certainly won’t do it.

Their hearts became extremely desperate.

“Lin Kai?”

Someone moved their expressions and seemed to recognize Lin Kai.

“Lin Kai is a great master and the owner of Jiulong Mountain!”

“Yes, he is the owner of Jiulong Mountain!”

Everyone seemed to suddenly ignite hope.

A man shouted loudly: “Lin Kai, you have a responsibility to protect our lives. If something happens to us, you will be condemned by your conscience for the rest of your life!”

“Yes, for our lives. You go to die, okay?”

Some people’s mentality collapsed even more, and they shouted loudly.

“Blame you. Why did you come to this city. Bringing disaster to us!”

“Yes, we are in trouble now. You must solve it!”

They have grievances in their hearts, but they don’t have the courage to face that fierce and wicked youth who wants to kill them.

After all, the water sword that is hundreds of feet long is still hanging above their heads.

However, Lin Kai is different.

He is the owner of Jiulong Mountain and has the responsibility to protect their safety.

Wei Yuan laughed frantically when he saw the ugliness of everyone.

He laughed loudly: "I promise now that as long as Lin Kai is tied, he will kneel in front of me. I will let you go!"

Hearing Wei Yuan's words, everyone's faces showed happy expressions.

They said loudly: "Great. Lin Kai, hurry up and apologize. In this way, we won't have to die!"

"Yes, that's great! This is the best solution!"

Originally, they forced Lin Kai to die, and they couldn't bear it.

Now, Lin Kai just needs to kneel so that no one will die.

This is a good way to get the best of both worlds!

Lin Kai glanced at them and said coldly: "I refuse!"

"What, you refuse?"

Everyone's ecstatic expressions suddenly froze, and they looked at Lin Kai incredible.

It seemed that they couldn't figure out why Lin Kai would refuse.

Lin Kai said lightly: "My dignity is more important than my life!"

Hearing Lin Kai's words, some people bowed their heads in shame.

But more people's faces became savage: "But is our life not important anymore?"

Chapter 1972 Lin Kai's Choice

"Since you don't want to kneel down, go and die!"

"Isn't Jiulong Mountain's purpose to protect the safety of civilians even if it sacrifices itself?"

"Yes, this is the responsibility of your Jiulong Mountain!"

"If you don't kneel down, hurry up and die!"

"It's all your fault, you must save us!"

The people with embarrassed faces and scars from the heavy rain knelt there under strong pressure.

However, their gazes kept looking at Lin Kai ferociously, as if their enemy was not Wei Yuan, but Lin Kai.

Looking at Lin Kai's expression, Wei Yuan became more and more indifferent, and his secret path was not good.

If these idiots angered Lin Kai so much, it would be impossible for Lin Kai to desperately save them.

In this way, wouldn't his trick be used for nothing?

Wei Yuan shouted loudly: "You ants, shut up for me!"

Everyone was startled slightly and looked at Wei Yuan.

Lin Kai's indifferent gaze also turned to Wei Yuan.

Wei Yuan looked angry and shouted coldly: "You dogs, I am the one who wants to kill you, but I dare not get angry at me, but I will only yell at Lin Kai!"

"He is a good person, so he deserves to be scolded by you idiots? You know, your lives are in his hands!"

Wei Yuan shouted angrily: "Lin Kai is your hero, you are not qualified to yell at a hero!"

Everyone looked dull and a little dumbfounded.

What's the situation now, isn't this man an enemy?

Why did he help Lin Kai speak?

Lin Kai smiled but didn't smile, and understood Wei Yuan's thoughts.

Wei Yuan was afraid that he would be irritated by these people, so he let it go.

Now, Wei Yuan took him to the position of a hero, letting him lose his way of retreat.

However, after Wei Yuan's scolding, many people became very ashamed.

Why don't they know all this.

But, they are just ordinary people, what else can they do now besides persecuting Lin Kai?

Suddenly, a girl plucked up her courage and shouted loudly: "Lin Kai, you can run away. We just had bad luck. It's not your fault."

The girl was full of fear, crying and trembling all over, sobbing and saying, "But, you must avenge us. Ugh..."

"Well, we are not as good as a girl!"

"Lin Kai, you go. The lives of those of us are worthless, but you are a great master, and life is more valuable!"

Some young men were also full of vitality and shouted loudly.

However, more people do not agree.

"We have more numbers, so we should put our lives first."

An aunt said.

Her remarks aroused the echo of others.

Someone retorted: "But, why should we ask Lin Kai to give his life to save us?"

The aunt said angrily: "It's all because of Lin Kai that we suffered these things. Therefore, my life...no, our life, he must be responsible."

When Lin Kai saw them, it seemed that he still had to argue.

He said lightly: "Enough!"

Lin Kai looked at Wei Yuan and said faintly: "You speak for me because I am afraid I will run away."

Wei Yuan chuckled.

Lin Kai said coldly: "I won't run. I don't care about the smell of these people. As long as there is one person worth saving, I will do my best!"

Everyone sighed with relief when they heard Lin Kai's words, but at the same time they were very ashamed.

Lin Kai never gave up on them from beginning to end, but they were forcing Lin Kai to die.

Lin Kai looked at the long sword in the sky and said lightly: "And, how do you know that it will kill me?"

Seeing Lin Kai's confident expression, everyone was stunned.

Yes, Lin Kai is a very powerful master.

I heard that several great masters could not beat Lin Kai together.

They rekindled hope and looked at Lin Kai hopefully.

Wei Yuan's eyes changed and he said coldly: "It seems that I must also go all out,"

Wei Yuan's body was suspended, and suddenly turned into a stream of water, and he was submerged in the water sword.

In an instant, that water sword burst into light, and the tyrannical coercion swept everything in an instant.

Let everyone on the street vomit blood directly and lie on the ground.

The water sword released infinite light, and suddenly rose up.

From hundreds of meters to nearly a thousand meters.

The entire town fell in the shadow of this long sword.

"hiss..."

In the hidden place around, an ancient warrior gasped.

There were also some weak ancient warriors who couldn't bear this majesty and knelt directly on the ground.

"This is comparable to Tianwei!"

"Is this a move that Grand Master can use?"

Some great masters looked in a trance, and some couldn't believe it.

The same great master, why is the gap so big?

Who is this young master who is the enemy of Lin Kai?

They had many doubts in their hearts, but they couldn't help sighing in their hearts.

Under such an attack, unless more than a dozen great masters join forces, any great master will undoubtedly die.

Although Lin Kai is a powerful master, if he doesn't run, he will only end up with death!

In the long sword, Wei Yuan's majestic voice came: "Lin Kai, it's too late for you to regret it now."

At this time, Tang Feng also rushed here in the periphery.

He shouted loudly: "Lin Kai, run away. You can't take this trick."

"Even if you are not afraid of death, but this trick is too strong, you will only die together."

By his side, the Huo Sovereign and other great masters also persuaded: "Mr. Lin, with your ability, you can definitely escape."

Hearing the shouts of many great masters, the hearts of those lying on the ground sank completely.

The majesty of that long sword now is not at the same level as before.

At this time, even if Lin Kai escaped, they would not be surprised.

A young man spit out a mouthful of blood, and forcibly struggled and shouted: "Lin Kai, you go quickly. We won't blame you!"

In the water sword, Wei Yuan began to control the long sword to fall.

The speed of its landing is very slow, and the speed at which the Contrast Master shots is almost the same as the speed of a tortoise.

Lin Kai looked up and murmured, "It's a chicken ribs to blame. No great master would be beaten on the spot with such an attack."

Wei Yuan stared at Lin Kai, his expression extremely nervous.

He is not sure about it now.

His move has reached the level of a demigod.

Lin Kai is also a human, how could he bear it stupidly?

Everyone's eyes focused on Lin Kai.

Now, even if Lin Kai runs away, they will not laugh at Lin Kai.

Because this is beyond Lin Kai's ability.

Even if Lin Kai went to rescue, the result would only be Lin Kai's death with thousands of people.

Lin started moving, he stepped forward and landed in the middle of the street.

He was suspended in mid-air, his calm eyes gushing out a powerful fighting spirit, and said lightly:
“bring it on!”

Chapter 1973

“what?”

Everyone was shocked and looked at Lin Kai who was suspended in the air in an incredible way.

“Why, you will die too.”

Everyone present was shocked and moved, and at the same time still a little bit puzzled.

Those great masters outside had already told Lin Kai that they would die.

But why didn't Lin Kai escape?

Not only these ordinary people can't figure it out, but those ancient warriors can't understand it.

For them, let alone a thousand ordinary people, even 10,000 ordinary people are not as important as Lin Kai's life.

But why did Lin Kai desperately resist?

Wei Yuan took a deep look at Lin Kai, with a respectful expression on his face: “Lin Kai, I really underestimated you.”

“I thought you were a hypocrite, but just superficially working hard. I didn't expect that by this time, your mind has not changed.”

“I respect you as a hero, so let me kill you with this strongest trick!”

The golden pill in Lin Kai's body has run to the extreme, exuding a masculine aura on his body, and at the same time there is a trace of Buddhism, giving his body a layer of golden coating.

Lin Kai had a high war spirit, and shouted: “This trick will divide the victory and defeat, but also life and death!”

“good!”

All the internal energy in Wei Yuan's body poured into the giant sword, without a trace of reservation.

With the momentum of opening the sky, the giant sword suddenly accelerated, and crashed into Lin Kai's body.

Lin Kai's hands stretched the sky, and his whole body turned golden yellow.

And beyond his Jinzhu-like body, there is a rich to extreme spiritual power, as if a golden cicada wrapped in a thick silkworm cocoon.

The expressions of the two of them became savage, and without hesitation, they collided with each other viciously.

The two collided together, and the world became silent.

Suddenly, at the place where the two collided, a bright light burst out suddenly, causing everyone to close their eyes.

Immediately afterwards, a loud and earth-shattering sound rang through the world, causing everyone's ears to shed blood.

From where they wanted to hit, a white wave of air instantly spread to the surroundings.

The air wave erupted with a roar of 'buzzing'.

The endless coercion spread to the earth, slapped everyone on the ground.

The expressions of those great masters changed drastically, and they quickly fell to the ground, avoiding the spreading air waves.

Seen from a height of several thousand meters, with Lin Kai as the origin, there are tens of thousands of meters of aperture displayed in the air, forming a beautiful picture.

Fortunately, the air wave swept across the air, instead of falling towards the ground.

Otherwise, the entire town will be completely destroyed by this blow.

"Is this the Grand Master? It's terrifying!"

A pinnacle grandmaster murmured, feeling a great sense of frustration in his heart.

He always thought that he was not much different from the Great Master, and even if he couldn't fight, he still had the confidence to escape.

But now, he was completely hit by Lin Kai's battle.

"Shit, how can the great master have such an ability!"

The great master present had an ugly face and a heavy heart.

With Lin Kai's performance, they have completely trampled their great masters under their feet.

I am afraid that ten people can work together to form such a terrifying vision and strength.

However, they were too late to be lost. They turned their eyesight and looked towards the center of the explosion.

There, Lin Kai and Wei Yuan were still facing each other.

Everyone's pupils shrank and looked at the spot in shock.

Suddenly, countless cracks appeared in the giant sword outside Wei Yuan's body. In the shocked eyes of everyone, it exploded with a bang, exposing the **** Wei Yuan.

He was also full of cracks, and his eyes were thrown away into the distance blankly.

Wei Yuan fell on the ground, bounced a few times, and remained motionless.

Everyone didn't look much, but looked at Lin Kai.

Lin Kai stood proudly in the air, the milky white spiritual power shield outside his body had long been shattered, revealing his body like a golden cast.

His clothes were tattered like a beggar, but no one laughed at him.

Because he showed the beautiful lines all over his body, and there was no trace of scars on the perfect muscles.

Only above his fists, a drop of blood fell from the void, splashing a little ripple.

Lin Kai shook his hands, looked at Wei Yuan condescendingly, and said faintly, "I won!"

Yes, Lin Kai won!

After hearing Lin Kai's words, everyone reacted.

"With such a powerful attack, did Lin Kai just hurt his hands?"

"How strong is he now?"

The grand master present was complicated and restless, and he dared not look into Lin Kai's eyes.

"Lin Kai!"

"Lin Kai!"

"Lin Kai!"

Suddenly, everyone on the street stood up, and they burst into earth-shattering cheers.

Some people couldn't help but knelt down and worshipped Lin Kai.

The ordinary people who had let Lin Kai die turned red, and banged their heads on the ground.

Lin Kai saved their lives, but they actually wanted Lin Kai to die for them.

Lin Kai's stalwart makes their image more and more ugly.

Lin Kai looked at them and said solemnly: "All stand up!"

Under Lin Kai's voice, everyone stood up and looked at Lin Kai enthusiastically.

At this time, Wei Yuan spit out a mouthful of blood and moved a few times.

"He's not dead yet?"

Everyone was shocked and looked at Wei Yuan, who was covered in cracks.

Is this guy Xiaoqiang, his vitality is so strong.

"Unexpectedly, it turned out to be like this..."

Wei Yuan looked at the sky with blank eyes and muttered to himself.

After a while, his breathing became weaker and weaker, and finally stopped breathing.

Lin Kai fell from the void and nodded slightly to his corpse.

This is a strong man. If he has not yet been promoted to the late stage of the Golden Core, or even when the body has not absorbed the essence of the sun and the Buddha's will, his ending this time will only be the end of death.

Unfortunately, there is no if in this world.

Just when Lin Kai was about to leave, a figure suddenly appeared on the horizon.

In the next moment, he appeared on the scene.

This is an old man with muscles like rock. He is wearing a large blue robe, and his hair is sea blue.

Lin Kai looked at him as if looking at a piece of ocean.

Lin Kai's expression instantly became serious. Is this a demigod?

The old man walked to Wei Yuan's face, his expression unwavering.

"Unexpectedly, you actually died in such a place." The old man said slowly.

He stretched out his palm, and a whirlpool appeared in his palm.

In that whirlpool, Lin Kai could see a vast ocean faintly.

Wei Yuan's body floated and turned into a stream of light into the whirlpool.

The old man made a fist, and the whirlpool disappeared.

He turned around, looked at Lin Kai calmly, and said lightly: "Introduce yourself, Sect Master Shenhai, Broken Mountain and River!"

Chapter 1974

Lin Kai's pupils shrank to the extreme, this old man turned out to be the Sect Master of Shenhai Sect?

A blank look appeared on the faces of the ancient warriors present.

Shenhaizong?

Never heard of it!

But all the great masters showed fear.

They looked at this old man as if they had met a natural enemy, as if they had met a cat and a mouse, they couldn't use any strength at all.

Lin Kai showed a mocking smile at the corner of his mouth, and said lightly: "Kill the little one, and here comes the old one."

"Is even the Sect Master himself going out now? I'm really honored!"

Duanshanhe was expressionless, and said faintly: "You are very good, you can kill Wei Yuan. Even in the forbidden area, there are not many great masters that are your opponents."

Lin Kai's expression moved, and he asked faintly, "Not many, that is to say, are there many great masters better than me?"

Duan Shanhe nodded, and said seriously: "At least ten people can easily kill you. For example, me, killing you is easy!"

Everyone's pupils shrank and looked at Broken Mountain and River incredulously.

Is such a powerful breath just a great master's?

Lin Kai was also a little surprised, and asked in astonishment: "You are not a demigod?"

Duan Shanhe said faintly: "The outside techniques are all transmitted from the forbidden ground. But they are not perfect."

"Above the Great Master, there is also the realm of enlightenment. Only after passing the realm of enlightenment can you become a true demigod."

Lin Kai was stunned and sighed inwardly.

It seems that the real ancient martial artist, even if he is worse than the immortal cultivator, should not be underestimated.

Maybe after Gu Wu has cultivated to the extreme, he can really become an immortal, maybe even his body becomes holy.

Lin Kai said lightly: "So, you are now in the realm of enlightenment?"

Duan Shanhe nodded, shook his head again, and seriously explained: "Enlightenment is not an ancient martial arts cultivation, but a realm of cultivation. When you enlighten you, you are still a great master. Only when enlightenment is successful can you be a demigod."

Many ancient warriors in the audience listened carefully, especially the great masters.

They have no way to go, and the appearance of Broken Mountains and Rivers has rekindled hope for them.

Duan Shanhe's expression has always been very calm, even facing Lin Kai's problems, he knows everything, as if he is talking with old friends.

Lin Kai didn't relax his vigilance, and asked in a deep voice, "Sect Master, what is your purpose for telling me so much?"

Duan Shanhe looked at Lin Kai with a very sincere expression: "I appreciate your talent very much. Come to my sect."

Duan Shanhe sincerely invited: "As long as you come, your hatred for killing Wei Yuan, Po Gu and others will be wiped out. Moreover, I will make you the Venerable Protector. In addition to me, there are ancestors. Everyone in Shenhai Sect. I have to listen to your orders."

Hearing Duan Shanhe's words, everyone was shocked and envious.

They have deduced that Shenhaizong is a hidden Sejong from the words and phrases of Duanshanhe.

It comes from a place called Forbidden Land.

But Lin Kai killed the people of Shenhaizong, and now the Sect Master of Shenhaizong not only doesn't care, but also sincerely invites him to enter the sect.

Moreover, he can also order everything from Shen Haizong to go from **** to heaven in an instant.

Moreover, the benefits of joining Shenhaizong do not stop there.

They already know the realm of enlightenment, and joining the Shenhaizong will definitely get a lot of practice and even advanced experience from their predecessors.

The most important thing is to be able to fight with Shenhaizong into a jade silk, and avoid the threat of death.

Lin Kai glanced at Duanshanhe, and said faintly: "I can see your sincerity from your expression."

"but..."

"I reject!"

What?

Everyone didn't seem to believe their ears, and looked at Lin Kai like a fool.

Is Lin Kai crazy?

Duanshanhe didn't have any malice, and he didn't let Lin Kai become a slave of Shenhaizong, but became a protector of the law.

There is no reason to refuse this kind of stable profit and no loss business.

Everyone was puzzled, and Tang Feng was even more angry with his liver.

Others don't know Shen Haizong, but he does.

Because Tang Feng and his eldest brother came from the forbidden land.

When he came out of the forbidden area, he was just a child.

At that time, his elder brother was already in the realm of enlightenment.

After a few decades, his eldest brother has become a demigod, and he has married a wife and had children.

Regarding the secrets of the forbidden area, his elder brother has not told anyone else.

Only he knows the inside story of some forbidden areas.

Shenhaizong is one of the nine major forces in the forbidden area.

In the Shenhai Sect, there are countless strong people, and even the existence of a demigod.

It would be a great thing if Lin Kai could become the protector of Shen Haizong.

Compared with everyone's shock and confusion, Duanshanhe was much calmer.

He said faintly: "Your answer surprised me a bit. Can you tell me if you want to?"

Lin Kai nodded, and said faintly: "From the time the four great masters appeared, they would kill for treasure if they didn't agree."

"Just now, Wei Yuan used the lives of these ordinary people to threaten me. If I were not strong enough, these people would have died for me."

A trace of disdain appeared in Lin Kai's expression: "The sect that taught this great master is not worthy of my identity as Lin Kai!"

Hearing Lin Kai's words, everyone fell silent.

They sighed with emotion, asking themselves that they couldn't achieve Lin Kai's stalwartness, and they didn't even understand Lin Kai's thoughts.

Duan Shanhe's expression was still calm, and he said faintly: "In that case, you must be prepared too."

Lin Kai looked solemn, and said solemnly: "Let's do it!"

Duan Shanhe's expression suddenly moved, and he looked towards the void.

His calm expression changed for the first time, and it became a little dignified.

Duan Shanhe said in a deep voice, "Senior, please come out."

Lin Kai was startled, and the huge power of divine consciousness swept across in an instant.

He finally noticed the disharmony of the void.

The void there twisted a few times, and a figure slowly appeared.

"It's Lin Hong!"

Everyone looked at Lin Hong deeply.

This is a complete old-yin ratio.

Obviously he is a demigod, but he pretends to be a great master, interacts with their peers, talks and laughs happily.

Lin Hong was exposed to the disguise, but he was not embarrassed.

He smiled and said: "You are very good, in the realm of enlightenment, you are also the strongest existence."

Duan Shanhe looked at Lin Hong deeply, with a hint of respect: "Senior, which forbidden land do you come from, and who is your identity?"

Lin Hong's smiling expression slowly faded, and he said faintly: "However, you are a little uninterested. There are some questions, don't ask casually."

Lin Kai glanced at Lin Hong, did Lin Hong really come from the forbidden land?

Bro Shanhe arched his hands and said lightly: "It's junior Meng Lang!"

Lin Hong smiled and said, "Okay, you hit yours. Leave me alone."

Duan Shanhe shook his head and said faintly: "I have investigated your apparent identity. You are Lin Kai's uncle."

"Although I don't understand your relationship, I am afraid that I will be in the calculation now."

Duan Shanhe said faintly: "Facing both of you at the same time, I might get hurt."

Chapter 1975

Everyone squinted, is this Sect Master serious?

In front of him was a demigod, and the other was Lin Kai who had just killed a powerful Grand Master.

Facing such a lineup, will he only get injured?

However, judging the face of the lord, he was very calm, not like bragging.

Duan Shanhe took a deep look at Lin Kai and said in a deep voice, "My invitation, you can continue to think about it. I hope that when we meet next time, we are not enemies."

Lin Kai's expression was indifferent and did not speak.

After Broken Mountain and River left, Lin Kai smiled and said, "Uncle Lin, thank you so much this time. Otherwise, I will be beaten to death."

Lin Hong scolded with a smile: "Little fox, I don't mean to be afraid of your appearance."

Lin Hong shook his head, with a pity on his face: "Unfortunately, I didn't fight, otherwise I can see some of your hole cards clearly."

After speaking, Lin Hong also flew away.

The Huo Sovereign and other great masters hesitated a few times, and had no face to come over to see Lin Kai, so he arched his hands in the distance and left.

Only Tang Feng came to Lin Kai.

Lin Kai smiled and said, "Uncle Tang."

Tang Feng sighed and said, "Lin Kai, you are really unwise to offend Shen Haizong. If you don't say that the judge is not behind him, there is also a demigod level ancestor."

Tang Feng solemnly reminded: "Lin Kai, don't underestimate the demigod. The so-called demigod is almost a god. The power of the demigod is beyond our imagination."

Tang Feng had some doubts in his eyes and whispered: "Although Lin Hong is also a demigod, his performance does not actually have the power of a demigod. When you meet a real demigod, you will know their power."

Lin Kai nodded, remembering the demigod who had come from Tianzhu that day, in the hands of the mysterious woman, there was no room for resistance and turned to ashes.

Perhaps, the gap between the demigods is bigger than he thought.

Lin Kai clasped his fists and said solemnly: "Thank you Uncle Tang for the reminder, I will pay attention."

Tang Feng was helpless, and knew that Lin Kai's thoughts could not be easily changed.

At this moment, a sports car galloped up and stopped in front of Lin Kai.

Tang Ying hurriedly got out of the car and looked up and down Lin Kai.

She saw Lin Kai's ragged clothes and blood dripping on her hands, and her eyes instantly turned red.

She bit her lip lightly without complaining too much, and whispered softly: "Go home, I will bandage you."

In fact, Lin Kai's injury is almost healed, but Tang Ying's kindness, he doesn't want to let down.

He nodded, and suddenly looked at the people in the distance.

Lin Kai pondered for a moment. Tang Ying followed his gaze and said softly, "I will compensate for the dead and the injured. I will also let people restore this town to its original state. Don't worry about it. NS."

Lin Kai's eyes were soft, and he said softly: "It is my luck to have you by my side."

Tang Yingqiao blushed, and Lin Kai gave a white look.

"Ahem!!"

Tang Feng coughed desperately next to him, with a helpless look on his face.

Tang Ying couldn't stand Tang Feng's expression, so she hurriedly pulled Lin Kai towards the sports car.

After Lin drove into the car, she turned her head and smiled, "I'll leave the matter to my uncle. You must arrange it properly. I will send someone to see it."

After speaking, without waiting for Tang Feng to go wild, he hurriedly got on the sports car and left.

Tang Feng was messy in the wind, his angry nose almost crooked.

He was a great master, and he turned out to be an errand runner.

Tang Feng sighed again, made a call, and ordered.

In the car, Lin Kai saw that Tang Ying's eyes still flashed with worry.

He hugged Tang Ying lightly, and whispered in her ear: "I'm really fine. If you don't believe me, when I get home, I will let you try..."

Tang Ying's hand shook, and the car shook, almost turning over in a ditch.

Tang Ying patted Lin Kai's hand angrily: "Driving, don't touch it."

“Drive?” Lin Kai nodded, “Okay, I haven’t tried it in a car yet!”

With that said, he ran his spiritual power, took over the sports car directly, stopped its engine, and used spiritual power to control the flight to the villa.

He turned over, controlled Tang Ying under him, and smiled.

Tang Ying’s small face turned red, and he slammed Lin Kai’s chest with his fists: “Big villain, you are going to bully me again.”

“pain...”

Lin Kai clutched his chest, his face changed.

“Ah, sorry.”

Tang Ying’s scared face turned pale, and she quickly apologized, stroked Lin Kai’s chest lightly, and said apologetically: “How are you?”

“It must be treated now.”

Lin Kai smiled happily and pressed it up.

“Woo...”

After struggling a few times, Tang Ying put his arms around Lin Kai’s waist and began to treat Lin Kai.

On the Xiangjiang National Road, cars drove quickly from time to time.

At this time, a Lamborghini sports car drove in an instant, leaving all the cars behind.

Suddenly, those car owners’ eyes widened, and they looked at the sports car incredibly.

“Have I hallucinated? How come that sports car doesn’t seem to land at all, it’s flying!”

“What’s so special about you, this is a car, how come it has become a maglev train?”

Those car owners spit out loudly to conceal their inner horror.

The wheels of the Lamborghini that passed by just now didn’t turn at all.

It hovered three feet high on the ground and moved forward fast.

“Is this a new type of car?”

“Still there is something extraordinary?”

Thinking of this, their bodies shuddered, a little frightening.

Lin Kai didn’t know that when Tang Ying was healing him, there was an urban strange story because of him.

Two hours later, Lin Kai returned to the villa holding Tang Ying limp in his arms.

He put Tang Ying on the bed and said softly: “Isn’t it awake these few days? Let’s take a rest first.”

Tang Ying's small face was tender and tender, as if Lin Kai had healed her just now.

She hugged Lin Kai's neck and listened to his heartbeat, her heart finally calmed down.

"Lin Kai, when I heard that you were fighting people, do you know how scared I was?"

"If something happens to you, I won't be able to live. I can't live without you anymore."

Tang Ying looked at Lin Kai affectionately, and begged: "Lin Kai, you must not put yourself in danger, I'm so scared."

Lin Kai pursed his mouth, his heart soft, he said softly: "Don't worry, I won't be in danger."

Tang Ying shook her head. Her uncle had already told her completely on the phone about what happened at the scene today.

She knew that in Lin Kai's heart, civilians had a heavy weight.

Because he had the people in his heart, Lin Kai would definitely stand up when danger came.

Tang Ying didn't expose Lin Kai's lies. Lin Kai like this made her even more eager for love.

Chapter 1976

Tang Ying hugged Lin Kai tightly, her face flushed again, and said with a small mosquito voice: "Lin Kai, want me..."

Had it not been for Lin Kai's sharp ears, he almost didn't hear it.

Lin Kai looked serious, and said solemnly: "Yes!"

Lin Kai turned on his horse, and the Yujia conquered himself!

...

Half an hour after Duanshanhe left, in a wilderness, he suddenly stopped.

His expression was dignified, and waves of blue water ripples spread from his body to the surroundings.

The ripple spread to thousands of meters in front of Broken Mountain River, and it suddenly disappeared strangely.

However, the ripples in other directions are still spreading.

Duanshanhe's expression became dignified, and he was faintly uneasy, so he used the secret method to explore the surroundings.

Unexpectedly, someone actually exists ahead!

Duanshanhe was a little unbelievable, even Lin Hong couldn't pretend in front of him.

If he hadn't been cautious, he hadn't found anyone hiding in front of him.

In that place, a figure was slowly drawn out in the void.

This is an enchanting woman wearing black armor and a weird mask.

In the place of her eyes, two clusters of black flames burned, which made her appear inexplicably strange and terrifying.

Duanshanhe looked solemnly, and said solemnly, "Who are you?"

The woman's hoarse voice sounded, "The one who killed you!"

With the fall of her words, a black flame shot out, instantly in front of Broken Mountain and River.

Faced with such a weird woman, Duanshanhe had been prepared for a long time.

Without seeing any movement of Broken Mountain and River, a water shield appeared in front of him, blocking him.

"boom"

Hei Yan fell on the water shield and burned violently in an instant, causing the water shield to shrink rapidly.

Duanshanhe's pupils shrank, somewhat inconceivable.

His water shield is not ordinary water. In the forbidden ground, as long as the ancient warriors who practice the inner strength of the flame, they will not be able to exert their strength at all when they encounter him.

There used to be a demigod who practiced flames, but he could only flee helplessly in the face of him.

But now, his water shield is burning!

Broken Mountain Hanoi's strength erupted, and a large amount of sea water suddenly poured out of the void, instantly submerging Black Flame.

It didn't stop, roaring, like a tsunami, blasting at the woman.

The woman folded her hands together, her eyes burst into dark gloom, and a black flame suddenly rose up around her body, isolating the sea from the outside.

Black flame and sea water collide, this is the collision of water and fire.

It is extraordinary water and fire!

There was an earth-shattering explosion, and a crater of hundreds of meters appeared in the wilderness.

In the sky, a mushroom cloud floated even more.

The woman was in the black flames, and suddenly a black silk was thrown out, covering the sky and everything.

At the same time, she also blocked the escape route of Duanshanhe.

The huge black flame power was burning in the sea, like a black dragon, rushing towards the Broken Mountain and River.

Duanshanhe's eyes narrowed, and his whole body suddenly swelled and turned into a three-meter giant.

He stepped on the two long water-blue dragons, his complexion changed savagely, and he rushed towards the black dragon without fear!

Two hours later, the scene became calmer.

Both figures have lost their traces, leaving only a vast ocean and a desert.

They are very distinct, surrounded by rubble rolling, and countless huge pits are chaotic and messy, showing the tragic fierce battle just now.

At the villa, Lin Kai and Tang Ying had just finished their battle, and the scene was equally tragic.

However, it was too tragic to describe in detail, which is very regrettable.

The two were embracing each other and talking about love, when Lin Kai suddenly received a call from Tang Feng.

Lin Kai raised his eyebrows, a little guilty, he lowered his head and said, "It's your uncle."

Tang Ying drew circles on Lin Kai and ignored him.

Lin Kai had to answer the phone: "Hey, Uncle Tang."

Tang Feng solemnly said: "Just now, that Broken Mountain and River seems to have had a big battle with people."

"Um?"

Lin Kai sat up and his expression became solemn.

Tang Feng didn't talk nonsense, and said, "I don't know the specifics. At that time, no one noticed any fluctuations."

"After the war was over, someone discovered that terrible scene." Tang Feng's voice was a little frightened.

He couldn't imagine that human beings could create such a terrible scene.

This is the power that can destroy a city!

"I'll send you the photo, you can see for yourself." After Tang Feng finished speaking, he hung up the phone.

After a while, Tang Feng sent over ten photos.

Lin Kai looked at the photo, his expression changed from solemn to dull.

He saw the land that Black Flame had burned. This was Long Xiaoyun's move!

His heart suddenly became frightened.

Why did Long Xiaoyun fight with Duanshanhe?

Could it be that Long Xiaoyun had been protecting him after she saw the threat of Broken Mountain and River.

Is she going to wipe out the troubles for herself?

Lin Kai clenched his fists tightly, as if suppressing a volcano in his heart.

Long Xiaoyun's actions moved him very much, but he was very angry!

"Asshole, who made you do it yourself!"

Lin Kai gritted his teeth, if Long Xiaoyun was in front of him, he wouldn't care how cold Long Xiaoyun was, he would hit her **** fiercely!

He looked at the photos seriously, and fell into worry in his heart.

He is not to blame for worrying, because the scene was too tragic.

Within a radius of several tens of miles, there was no complete land, all of them turned into pits and pits, as if they had been bombarded by hundreds of missiles in a row.

"Is Duanshanhe so strong?"

Lin Kai was shocked, is Duanshanhe really the realm of enlightenment?

Is the enlightenment realm so tyrannical?

Lin Kai sat in silence for a while, then turned to look at Tang Ying, and opened his mouth.

Tang Ying covered his mouth first, and whispered softly: "Go, I'll be waiting for you here."

Lin Kai took a deep look at Tang Ying, put on his clothes quickly, and left the villa without looking back.

After Lin drove away, Tang Ying looked at the photos on the phone with a pale face.

She whispered to herself, "Is that person who fought Long Xiaoyun?"

Tang Ying never knew how powerful Long Xiaoyun really was, but Lin Kai's anxious, angry, longing, and loving eyes made Tang Ying believe that only Long Xiaoyun could make Lin Kai have such complicated eyes.

"Did Long Xiaoyun find the old man for Lin Kai?"

Tang Ying muttered to herself that she had never seen Long Xiaoyun.

However, he fully felt Long Xiaoyun's love for Lin Kai.

Tang Ying was a little disappointed, sitting on the bedside and curled up: "What can I do for Lin Kai..."

It didn't take long before Lin Kai flew to the scene quickly.

He looked at the battle traces in these dozens of miles, and took a breath of air again.

"Yo, brat. You are here."

At this moment, a figure suddenly appeared next to Lin Kai, smiling at Lin Kai.

Lin Kai showed a surprised expression:

“Big Brother!”

Chapter 1977 Dead Evolvers

Xuanyuan came to Lin Kai’s side and nodded slightly to him.

Lin Kai asked in surprise: “Brother, why are you here?”

Xuanyuan looked at the battle traces on the scene, analyzed the battle scene in his heart, and said faintly: “This is a battle of demigods, I have to come.”

Lin Kai’s heart was hanging, and he asked softly: “Brother, can you analyze the situation in the scene?”

Xuanyuan frowned, and said in a deep voice, “One of them should be Broken Mountain and River.”

Xuanyuan’s expression was emotional, and he sighed: “I didn’t expect that this kid is already in the realm of enlightenment, and his strength is already much stronger than the average demigod.”

Lin Kai asked in surprise: “Brother, do you know Duanshanhe?”

Xuanyuan nodded and said with a smile: “When I walked out of the forbidden area, he was just a young man who was just showing up.”

“However, he impressed me deeply. He was a sting. Even a demigod, he dared to stare.”

Lin Kai pursed his lips and said solemnly: “Big Brother, can you tell the outcome of this battle?”

After Lin Kai came here, his spiritual power had already scanned this place several times.

He has made a preliminary judgment, but he is not sure yet.

Xuanyuan frowned deeply, and his expression seemed a little confused.

“I can’t figure out what existence is fighting the boy Duanshanhe. Whether he is a male or a female, and what realm he is, I can’t even feel it.”

Xuanyuan’s complexion was deeply puzzled, and the aura remaining in this land was very magical.

If an ordinary person or an ancient warrior under the martial sage came to this land, his mind would be polluted, and he would become a slave to the slaughter.

Because the killing air here is too strong, even they can feel a trace of chill directly into their hearts.

Xuanyuan hesitated and said, “If my guess is correct, Duanshanhe should have lost!”

Lin Kai nodded. In the scene of the battle, the area of water left by the battle was slowly shrinking, as if it was being eaten away by a force.

It won’t be long before this world will completely become a desert full of murderous air.

Lin Kai breathed a sigh of relief, which was the same as his judgment.

It seems that Long Xiaoyun won, but I don't know if she was injured, and where she went now.

Xuanyuan glanced at Lin Kai, and suddenly asked, "Smelly boy, how do you feel that you know this person? You seem to be very concerned."

Lin Kaigan laughed, and said quickly: "Why, it's a demigod after all. That's why I care more."

Lin Kai couldn't reveal the identity of Long Xiaoyun, it was difficult for her to regard her as a decent person in her current appearance.

On the contrary, it is more like a terrible devil.

Lin Kai felt that if they met, no good things would happen, so let's keep it secret for the time being.

Xuanyuan nodded and didn't ask any more.

He looked at the desert and said lightly: "This person's techniques are too weird and domineering."

"Such a person will cause more harm than ordinary demigods if they attack in the city."

"So, I hope this person is not a murderer. Otherwise, I can only spend a bit of effort to find him."

Lin Kai stood beside Xuanyuan, silent.

"Don't care about these things."

Xuanyuan turned his head, and said solemnly, "Lin Kai, how is the genetic medicine development?"

Lin Kai nodded and said solemnly: "Don't worry, I can start researching only when higher-level genetic medicine appears."

"Actually, if you give me another half a year, maybe I can research a higher-level genetic medicine by myself."

Lin Kai's tone was full of strong self-confidence.

Xuanyuan lingered for a while, his eyes sharpened, and he said coldly, "If this is the case, then let's do it."

Lin Kai was taken aback: "Are you in such a hurry?"

Xuanyuan nodded, and said in a deep voice, "Now there are more and more evolving martial artists, and there are even more than hundreds of millions of people."

Lin Kai hesitated. Although he was confident, he also had a guilty conscience for such a big matter.

If he can't develop it, then the genetic medicine may be insatiable.

Xuanyuan patted his shoulder, eyes full of trust: "Lin Kai, it's your words, you can do it!"

Xuanyuan squinted his eyes and said in a deep voice, "Moreover, these evolvers are very aggressive, and many evolvers have already died. If it continues, I don't know what will happen."

Lin Kai's expression was a little puzzled: "Did you die a lot?"

Xuanyuan nodded and said in a deep voice, "In the past month, China has killed tens of thousands of evolvers. It is even more chaotic abroad. The number of deaths cannot be counted. There are probably hundreds of thousands of evolvers who have died."

"what!"

Lin Kai's eyes widened and looked at Xuanyuan incredulously.

"There is a problem!" Lin Kai said confidently.

Xuanyuan nodded, and a killing intent flashed in his eyes: "Yes, some of them are doing a ghost."

"Behind China, one of the forces is Shadow Gate, and the other should be Leiyuan Group."

"Foreign countries also have the shadow of the Leiyuan Group. They reached an agreement with the local forces to confuse the evolutionists underneath to kill each other. In a short period of time, there will be a large number of evolutionists, and many ordinary people have died!"

"Shadow Gate?" Lin Kai frowned: "Why is it also mixed in?"

Xuanyuan sneered: "The Shadow Sect is afraid that the world will not be chaotic. Maybe they have reached an agreement with Leiyuan Group. It will be destroyed sooner or later!"

Lin Kai looked at Xuanyuan and asked, "Is the Shadow Gate also from the Forbidden Land? There are also demigods behind it?"

Xuanyuan nodded and said, "Yes, the Shadow Gate actually came from the tenth forbidden area, but this forbidden area was destroyed hundreds of years ago. That's why they walked out."

Lin Kai was taken aback again, this is really a big secret.

Xuanyuan continued: "As for demigods, there must be some, but I don't know how many others are."

Xuanyuan said lightly; "This time, first destroy the Leiyuan Group. As for the Shadow Sect, let's deal with it slowly."

Lin Kai nodded. After all, there was a demigod involved behind this, and it must be treated with caution, otherwise it would cause serious consequences and it would be too late to regret it.

Lin Kai didn't mention Shadow Gate any more, and discussed with Xuanyuan about the specific plan of Eliminating Leiyuan Group.

When Lin Kai was thinking about dealing with Lin Yuan, Lin Yuan also watched a video repeatedly in the Leiyuan Group.

In the video, Lin Kai and Wei Yuan are fighting.

Lin Yuan has watched this video several times.

Every time he watched, his expression became uglier.

Especially in the end, when Lin Kaiwan stood in the void like a god, Lin Yuan's face was already dark as a black pot.

“boom!”

He shattered the coffee table in front of him with a palm, and his breath became very violent.

“Damn, why is Lin Kai this dog so powerful!!”

Chapter 1978 Type B Gene Pharmacy

Lin Yuan fought many great masters, and even fought some outstanding ones among the great masters, he could easily defeat them.

However, Lin Yuan had no doubt that Lin Kai’s current strength could tear him to pieces.

Lin Yuan looked gloomy and said coldly: “The plan must be accelerated. The B-type gene medicine will be officially sold tomorrow.”

Jiang He replied respectfully: “Yes!”

After Jiang He retreated, Lin Yuan looked at Wuming and said dissatisfied: “The Shadow Gate and your movements are too slow. It’s been a month before Huaxia died of more than 10,000 evolutionaries.”

“Look at abroad, it’s awesome. More than 700,000 people have died!”

Wuming shook his head and said in a deep voice, “Foreign countries believe in the survival of the weak and the fittest. They kill each other, and as long as they don’t threaten the high-levels, they will let him develop.”

“But in China, there is the existence of Jiulong Mountain. We have already attracted the attention of Jiulong Mountain. Perhaps Xuanyuan has already focused on us.”

“Xuanyuan...”

A cold color flashed across Lin Yuan’s face and said coldly: “Sooner or later, I will let him die in my hands!”

Wuming glanced at Lin Yuan and sneered in disdain.

The demigods who wanted to kill Xuanyuan couldn’t count them with their fingers.

Even the existence behind them would not necessarily be able to kill Xuanyuan.

Just rely on you, still want to kill Xuanyuan?

What a daydream!

Lin Yuan caught the mocking expression flashing across Wuming’s face, and there was a fire in his heart.

You are just a dog, so you dare to look down on me?

Lin Yuan sentenced Wuming to death, and when he became a demigod, he would use nameless blood to commemorate this moment.

Lin Yuan said calmly, “Speed up, don’t be afraid of Xuanyuan. It won’t be long before Master will come out of the forbidden ground.”

“At that time, just Xuanyuan, what’s the fear?”

Wuming nodded, he was only responsible for monitoring Lin Yuan’s actions.

For the implementation of the specific plan, he must listen to Lin Yuan’s orders.

After there was no one in the house, Lin Yuan lowered his head again and watched the video.

“Lin Kai!!”

The voice of suppressed jealousy echoed in the dim room.

At this time, the official website of Leiyuan Group released the news:

At ten o’clock tomorrow morning, the B-type genetic medicine will be officially sold in the East China Sea. Those who are interested, please buy it as soon as possible.

After tomorrow, the whole world will keep up and start selling type B gene medicine.

At the same time, the Lin Yuan Love Welfare Association will also put B-type genetic medicine into the prize pool.

“What, type B gene medicine will be officially sold tomorrow?”

“This is a Martial Saint level genetic medicine!”

“Not only selling, but also putting B-type gene medicine in the prize pool!”

“This is incredible, Leiyuan Group yyds!!!”

Once the news was sent, it quickly spread all over the world.

They were extremely excited, but also very envious of the people of Donghai Province.

“Damn it, Donghae Province is the first to get the Type B gene medicine again.”

“Hmph, Great Sage Lin Yuan is from the East China Sea, so please go envious of it~”

The people in the East China Sea are very proud and proud of Lin Yuan’s achievements.

Although, most of them can’t buy genetic medicine.

“Don’t think about it. What does the sale of type B gene medicine have to do with us ordinary people? Can you buy it?”

In the heated discussion on the Internet, discordant voices appeared.

“Poor, shut up. Do you think you are as poor as you?”

Passerby: “Haha, that’s right. I’m poor. May I ask you several hundred million? Type B gene medicine is about 10 million doses. You are not poor, can you afford it?”

After seeing this sentence, the netizens gasped.

Not to mention that ordinary people can't afford it, even a large family can't afford it if the demand is high.

For a while, everyone was silent.

At this time, passer-by B appeared and said: "Okay, take less rhythm!"

Passerby refused to accept: "How can I bring the rhythm?"

Passerby: "Don't say type B genetic medicine, even 90% of people in the world can't afford type D genetic medicine."

"But, do you know how many evolutionaries there are in the world now?"

Passerby hesitated and said, "There are probably a few million people, right?"

Passer-by B sneered: "Wrong, there are at least 20 million evolvers in China! Outside of China, there are at least 80 million evolvers!"

"impossible!"

"Everyone has so much money, is that money still worth it?"

"Yes, where did ordinary people get so much money?"

Many netizens were incredulous and questioned.

The passerby said indifferently: "Because at least 80% of the genetic medicine is from the Linyuan Love Welfare Society!"

"Some people got genetic medicine directly, and some got coupons."

"That is to say. It is the great master Lin Yuan who is high-spirited and has a human heart. It has greatly reduced the difficulty of obtaining genetic medicine."

"So there are so many evolutionaries in this world."

Everyone inhaled and murmured, "How come there is such a kind person as Lin Yuan in this world?"

Some people were even moved to tears: "Lin Yuan is the living Bodhisattva in this world. We should all put the statue of Lin Yuan in our house and worship it day and night."

"Yes, Lin Yuan is not born in nature, the world is like a long night!"

"I believe that with the existence of Saint Lin Yuan, he will make our world better and stronger!"

...

Lin Yuan smiled when he saw the comments on the Internet.

He looked at Jiang He and smiled faintly: "The public opinion is well guided, and I am very satisfied."

Jiang He respectfully said: "This is mainly because the world knows the master's mighty shore, so that they can understand the tip of your great iceberg."

Lin Yuan laughed loudly, sweeping away the gloomy mood.

At the same time, Lin Kai also got the news of the official sale of genetic medicine tomorrow.

Of course, he also saw the overwhelming praise of Lin Yuan on the Internet.

In the eyes of everyone, Lin Yuan has become a **** descending to the earth, the embodiment of heaven and earth, the **** of kindness and strength.

Those exaggerated praise and praise made Lin Kai a chill.

Lin Kai put away his phone and said to himself: "The higher you hold, the worse you will fall. I am looking forward to how you feel when you fall to hell."

Soon, the next day came.

Leiyuan Group Headquarters in Donghai Province officially sells Type B gene medicine.

For a time, the online order was swiped by the huge order.

The front door of Leiyuan Group is even more crowded and messed up.

The crowd onlookers said with emotion: "There are so many rich people in this world."

"This is ten million, so many people have come to buy genetic medicine."

"Yes, ordinary people like us are still waiting for the draw."

"Well, I hope I can get free genetic medicine. No matter what, I can get a discount."

Three days later, this wind in the East China Sea blew across the country, followed by the whole world!

Chapter 1979 everyone's mockery

While the Leiyuan Group was selling genetic medicines in full swing, unknown forces were buying various medicinal materials in various parts of China.

Ten days later, hundreds of medical scientists stood in front of Lin Kai.

Lin Kai looked at them with a slight smile in his eyes.

These 100 people are old and young, but their top medical scientists in China directly serve the country's academicians.

Lin Kai's eyes were very kind, even with a slight smile.

However, these hundreds of people, whether they were old men or young people, looked at Lin Kai with questioning eyes.

Lin Kai said indifferently: "Today we have gathered you from all over the country here for only one purpose. That is to let me teach you to make a potion."

"After you learn, you will travel to all parts of the country and start to lead your team to make this medicine using wisdom and machines."

That's right, this is Lin Kai's plan. With the help of the state machinery, to help him complete the antidote for genetic medicine.

Otherwise, if Lin Kai only relied on refining the antidote himself, he wouldn't be enough to refining it to death.

Only a powerful industrial country like China has the strength to accomplish this.

"Haha." A young man covered his mouth and laughed.

The other person side: "What are you laughing at?"

The young man: "No, I remember something happy."

Another person asked: "What's the matter?"

The young man said faintly: "My dog wants to teach my cat to climb a tree, do you think it's funny?"

"Hahaha."

The others burst into laughter, and the room was full of joy.

Outside the door, Xuanyuan secretly looked at the room with a smile.

These guys are all domestic and even world-class medical masters, all of whom are proud.

Even if it was Lin Kai, the Great Master, they didn't care.

Lin Kai was not angry when he heard them laughing at himself.

This group of people, in their profession, has stood at the pinnacle of this world.

Suddenly, an inexplicable person came out to teach them to make medicine. It is normal to distrust and even taunt.

If someone runs over and tells Lin Kai, I will teach you how to cultivate immortals.

Lin meeting directly treated him as a neurosis.

Lin Kai glanced at them, waiting patiently for them to finish laughing.

Within a minute, the room became quiet.

They glanced at each other, and looked at Lin Kai a little stunned.

Who is Lin Kai? He gave them the information when he came.

This is a young man who has become a master of the pinnacle of military power in the world.

Logically speaking, this young man must be more arrogant than them.

They were all ready to endure Lin Kai's anger.

Unexpectedly, Lin Kai was not angry, but looked at them calmly.

At this time, an old man stood up and said in a deep voice: "Mr. Lin, I know you are a great master. Perhaps you are far more than us in your contribution to the country."

The old man warned: "However, in the field of medicine, we are the authority. Please don't take the ancient martial arts to the academic world, this will not work."

Lin Kai nodded and bowed slightly to show respect: "Thank you for the old man's teachings."

The old man's face was gentle, and he nodded: "Russ can be taught."

"but..."

Lin Kai turned around and said calmly: "Old sir, and everyone. Why don't you just listen to me for a while and then draw conclusions?"

The old man's complexion changed and he became dissatisfied.

Another young man stood up and sneered: "Old Gu, don't tell him. How can such a muscular man listen to the good words?"

Lin Kai frowned, finally getting a little impatient.

He stood with his hand holding his hand, scorned everyone, and said calmly: "I have long heard that domestic scientists have solidified their minds and don't know how to work. When I saw it today, it really deserves its reputation!"

Lin Kai said coldly: "Confucius said, three people must have my teacher! Even an ordinary person, we can learn from them. Now, you have not listened to me, just talk nonsense, and you are worthy of being called. Is it a scientist?"

Lin Kai's ridicule immediately caused everyone to blow up their hair.

"A arrogant child, I really don't know how high the sky is!"

"Huh, three people, there must be my teacher. What I mean is that there must be something inferior to others outside of the field of my proficiency."

"Now, we are the world's top medical scientists, and perhaps there are still shortcomings. But a kid who runs out of nowhere will become our teacher. I don't know what to say!"

These scientists were angry and accused Lin Kai angrily.

Lin Kai's expression was indifferent, and he said faintly: "You are so convincing now. If you ask me to teach a lesson, if you don't understand, don't blame me for being beaten in the face."

Elder Gu was also angry and sneered: "Everyone, then we will listen to what this babbled kid has. If the **** doesn't make sense later, we won't be too late to scold him."

"Yes, when the time comes, I will find Xuanyuan War God to ask for an explanation. We are all looking at his face before we put aside our research and came here."

"If a little yellow-haired kid plays like this, we will never end with him!"

The crowd said in unison, then sat down and looked at Lin Kai in unison.

Lin Kai didn't panic. With a wave of his hand, several bottles of D-type genetic medicine appeared on the desk in front of him.

Lin Kai said lightly: "Today, what we want to analyze is this genetic medicine."

"what!"

They looked at Lin Kai like a fool, with a sneer at the corners of their mouths.

"I'm so ridiculous, I thought you were going to talk about genetic medicine."

"Hundreds of us scientists have joined together, but we haven't studied the genetic medicine. You said that you want to analyze it, it's a big surprise!"

Suddenly, a scientist's expression changed: "I understand. He just knew that we didn't understand the genetic medicine, so he said to analyze it. Because, even if he didn't know anything, he could also excuse that we didn't understand it at all. "

Hearing what he said, the other people looked at Lin Kai with sneers and anger.

An old man said angrily: "You are already a great master, respected by the world. Why do you come to harm our medical profession?"

"Calling Xuanyuan, we must give us an explanation!!"

Lin Kai had no choice but to release a trace of aura and shock everyone.

Lin Kai said helplessly: "I said that you will get slapped in the face, so why don't you remember it. Can you listen to me first?"

Lin Kai turned around and wrote on the blackboard.

After a while, the entire blackboard was filled with the names of medicinal materials.

Lin Kai pointed to the names of those medicinal materials and said lightly: "These medicinal materials are the raw materials for making D-type gene medicine."

Chapter 1980 New Civilization

Everyone was a little unbelievable, but they still remembered these medicinal materials subconsciously.

After a while, Lin Kai erased all the words.

Then began to write the method of making genetic medicine on the blackboard.

Everyone looked at Lin Kai writing the formula and sneered disdainfully.

But as Lin Kai wrote more and more words, their expressions suddenly changed.

Because Lin Kai didn't write it indiscriminately.

They calculated in their minds that these medicinal materials could actually be made into a kind of medicine through Lin Kai's method.

Of course, based on their level, it is still impossible to calculate the specific medicine.

However, they already knew that there was something in Lin Kai's mind.

Seeing Lin Kai write more and more, he quickly filled the entire blackboard.

After Lin Kai finished writing, he erased the first half of the content and continued to write.

Everyone's complexion changed, and some people quickly took out papers and pens to record.

Some of them are still holding on forcibly. If they record now, doesn't it mean that Lin Kai has real skills?

Then they laughed at Lin Kai so much at first, but now they are like students, recording what Lin Kai wrote down, how embarrassing they are.

But as Lin Kai erased the content on the other blackboard, the cold sweat on their foreheads fell off.

They have now determined that these formulas written by Lin Kai may change the world.

It can even open up a new world again with their saturated knowledge.

If they lose this opportunity now, they will regret it for a lifetime.

The last dozens of people couldn't hold it anymore, and quickly took out paper and pen to record.

But Lin Kai's writing is too complicated, and they have forgotten some of the previous knowledge.

Now looking at some of the blank spaces in front of them, they can only cry without tears.

Fortunately, some people reacted quickly and put down their faces long ago and followed Lin Kai's record.

After Lin Kai finished writing, they could copy again.

They are a little magical. They are the pride of heaven. When they were the only ones who copied their homework in their school days, they would have to copy other people's homework one day.

After writing on three full blackboards, Lin Kai stopped.

He dropped the chalk, turned and smiled and looked at the crowd.

All the scientists in the audience felt Lin Kai's gaze, and their faces blushed.

But they still didn't dare to stop recording, otherwise if Lin Kai wiped these precious things, they would have nowhere to cry.

After a while, they finally finished recording.

Their faces were flushed, and they did not dare to look directly at Lin Kai.

A proud young man with a flushed face said: "Who knows if this is the formula for making genetic medicine, maybe it is another kind of medicine? Maybe it is poison!"

Old Gu stood up, looked at the young man seriously, and said solemnly, "Xiao Li, this is not an attitude to study."

“Regardless of whether it is a method of making genetic medicine or not, these things are enough to revolutionize the medical world and change the medical world in the future.”

“This is a matter of immense merit, are you still talking coldly?”

The young man froze for a moment, stood up and said guiltily: “I was wrong, teacher.”

Old Gu said solemnly: “You shouldn’t apologize to me, but to Lin Kai.”

The young man lowered his head and said guiltily: “Sorry, Mr. Lin.”

Old Gu also bowed deeply to Lin Kai, looking very guilty: “If it weren’t for Mr. Lin’s high-mindedness and open-mindedness. We almost missed this precious knowledge.”

“Mr. Lin not only didn’t care about our mistakes, but passed on all this knowledge to us.”

“Mr. Lin, please accept the apologies of those of us!”

Everyone behind stood up and bowed deeply, “I’m sorry, Mr. Lin.”

Lin Kai looked serious and said solemnly: “Sirs, I accept your apology! Please get up.”

After hearing Lin Kai’s words, all the talents raised their bodies.

Lin Kaiqing lowered his throat and said, “Everyone, there must be many things you don’t understand. Next, I will explain to you in detail.”

“After the explanation is over, I will take everyone to make genetic medicine by themselves.”

Everyone’s eyes lighted up and said loudly, “Yes, Mr. Lin.”

Even the old people are full of energy and look excited.

They had to be excited, because most of the contents of what was recorded just now were incomprehensible to them.

Lin Kai nodded and began to explain.

Listening to Lin Kai’s explanation, everyone’s expressions were sometimes confused and sometimes dazed.

They only feel that the three views are being reshaped, and a direction different from modern medicine was born at this moment.

After Lin Kai finished explaining, they couldn’t calm down for a long time, and they were shocked.

“Leiyuan Group can actually develop a genetic medicine, how did they do it?”

“Are their scientists too smarter than us to develop it?”

In the past, these scientists did not know the terrible nature of genetic medicine, but now they fully understand that this is no longer a medical technique, it is close to a civilization.

How can this prevent them from doubting life and being extremely depressed?

Lin Kai said lightly: "You don't have to be like this, these things actually belong to another civilization of medicine."

"Looking at modern medicine from the mountain, I am naturally ignorant." Lin Kai said in a deep voice, "However, as long as you understand this system, I believe that with your wisdom, you can definitely surpass them."

Lin Kai looked at them with inspiration in his eyes: "Don't doubt your own wisdom, you decide to belong to the pinnacle of this world."

"Thank you Mr. Lin!"

Everyone stood up and bowed to Lin Kai again.

An old man even had tears in his eyes: "Mr. Lin, you not only taught us this unprecedented knowledge, but also taught us the truth in life. How can we thank you for this?"

Lin Kai smiled: "You are the pillars of the country, and China's most precious wealth. I should do all this."

At this time, a young man had huge doubts in his eyes.

He hesitated several times before standing up.

The young man asked: "Mr. Lin, Leiyuan Group has applied for a patent for gene medicine. Even if we make it, we can't sell it."

Lin Kai smiled and said, "I'll talk about this later."

Lin Kai looked at them and said indifferently, "I will be here for today's class. After you go back, sort out the knowledge you have learned. You can ask me questions tomorrow."

They stood up, and bowed to Lin Kai like a student treated their teacher, "Mr. Lin, goodbye."

Lin Kai returned the gift and watched them leave in a hurry.

After they left, Lin Kai appeared next to Xuanyuan and asked, "These people are reliable, and these things can't be spread."

Xuanyuan nodded: "They are all national-level scientists, and they have signed a non-disclosure agreement a long time ago. Moreover, they are all believers, so you can rest assured."

Lin Kai nodded, letting go.

Xuanyuan asked, "About how many days will the plan be implemented?"

Lin Kai squinted his eyes and said solemnly: "Within a month, I will definitely let the Leiyuan Group disappear!"
