

Special Forces 1991

Chapter 1991 Long Xiaoyun's Test

Tang Ying's rapid breathing gradually calmed down. She hugged Lin Kai's waist and whispered, "Have you been holding me?"

Lin chuckled and said, "Yes, it's my fault that you have been wronged these days."

Lin Kai pulled Tang Ying up, let Tang Ying look into his eyes, and said very seriously: "I left without saying goodbye and haven't told you my whereabouts. This is my fault, can you forgive me?"

Tang Ying said unnaturally, "Lin Kai, you are not wrong..."

Lin Kai took Tang Ying in his arms again, and said softly: "You are my woman, and our relationship is equal. If you have any grievances, you must tell me."

"Um!"

Tears loomed in Tang Ying's eyes again, and she nodded vigorously.

Lin Kai pondered for a while, then slowly said, "I have two fiancées in the capital, they are..."

Tang Ying stiffened and wanted to stand up.

However, Lin Kai hugged Tang Ying vigorously and didn't let her get up.

He continued talking, and told Tang Ying about some of the things that had happened between the two sisters.

Lin Kai was a little nervous and asked, "I already have two fiancées. Would you still like to be with me?"

Before Tang Ying could answer, Lin Kai said domineeringly: "I didn't tell you this earlier. It was my fault. But now, it's too late for you to leave. You are mine!"

Tang Ying was not angry. Instead, she hugged Lin Kai tightly and said quietly, "I have investigated some of your previous affairs."

She whispered: "I know you have a fiancée and shamelessly seduce you. This is all my fault."

Lin Kai asked, "Do you mind then?"

Tang Ying shook her head and asked worriedly: "I am mainly afraid that the two sisters will be angry..."

Tang Ying said quickly: "It is normal for the two sisters to be angry, I am mainly afraid that they will let me leave you."

Tang Ying looked at Lin Kai and said firmly: "They can punish me no matter what, as long as they can let me be with you..."

Lin Kai smiled bitterly, Tang Ying should be worried that Long Xiaoyun would punish him...

He sighed: "I made you wronged!"

Tang Ying's slender fingers drew circles on Lin Kai's chest, and looked at Lin Kai with big eyes cutely:
"Miangong, I want it..."

Lin Kai's vitality surged, and he roared, "Little fairy, I'm here!"

...

The next day, Tang Ying sat in the office of the Tang Family Group with a glowing expression on her face.

With a sweet smile at the corner of her mouth, she was dealing with official duties.

All the employees in the group can't help but feel better, and smiles are put on their faces.

Tang Feng glanced at Tang Ying outside the door and couldn't help sighing deeply.

He was from here, and when he saw Tang Ying's appearance, he had been moisturized all night before he had such a gorgeous look.

Tang Feng was very sad. After his eldest brother came to the East China Sea, he found that his daughter had been swept away by a pig. Will he go crazy?

In the office, Tang Ying was in a daze, and the space around her suddenly twisted.

All the furniture around her is like an oil painting, becoming illusory and abstract.

Tang Ying stood up abruptly and looked around with alert.

At this moment, she seemed to appear in a dark space, everything around her seemed to have been swallowed by darkness, and she couldn't see the outside scene.

Tang Ying looked solemn and coldly shouted, "Who is it?"

At this time, a graceful figure was slowly outlined in front of her.

She was wearing leather armor, with a devil mask, and black flames burning in her eyes.

Tang Ying was originally looking at this figure very solemnly, but her expression suddenly changed into a panic.

Her complexion became very embarrassed, like Xiao San who was caught by Zheng Fu, her eyes dodged and she didn't dare to look at Long Xiaoyun.

Long Xiaoyun said hoarsely: "Looking at your appearance, it seems that you already know who I am."

Tang Ying pursed her lips, walked in front of Long Xiaoyun, and knelt down directly.

Long Xiaoyun was taken aback, as if she didn't expect Tang Ying to kneel down without saying a word.

Tang Ying knelt in front of Long Xiaoyun and said sadly: "I know I have no face to appear in front of you, but I still want to brazenly want to ask you to allow me to stay by Lin Kai's side."

Long Xiaoyun sneered and said coldly: "What you think is beautiful!"

Long Xiaoyun put up two snow-white jade fingers, and said in a cold voice: "I give you two choices: first, leave Lin Kai forever; second, die!"

Tang Ying raised her head, looking at Long Xiaoyun's cold eyes, a chill completely made her heart cold.

She knew that Long Xiaoyun was serious.

Tang Ying laughed bitterly, then her expression slowly became calm: "I don't want to die, but I will never leave Lin Kai."

A black flame appeared in Long Xiaoyun's hand, and he said coldly: "It seems that you have made a choice."

Tang Ying closed her eyes, neither joy nor sadness.

Long Xiaoyun put his hand on Tang Ying's forehead and asked, "Aren't you trying to resist?"

Hei Yan was less than three inches from Tang Ying's forehead, but she didn't feel any heat. Instead, a biting chill made her blood become cold.

Tang Ying's face was pale, and she replied very hard: "I am not qualified to fight back, let alone I can't beat you."

Long Xiaoyun nodded and said coldly: "Then you can go with peace of mind."

Long Xiaoyun's palm was instantly pressed and hit the top of her head.

Tang Ying trembled, and the darkness in front of her eyes became completely dark, and her body collapsed to the ground.

When Tang Ying fell, Long Xiaoyun had been carefully observing Tang Ying's expression.

Her expression is very complicated.

There is pain, fear, and reluctance.

However, only did not regret this emotion.

Long Xiaoyun looked at Tang Ying silently, and the aura on his body became even more angry.

"Lin Kai, you bastard! What is good about you! Sooner or later I will kill you bastard!"

Long Xiaoyun's teeth hidden in the mask rubbed vigorously. If Lin Kai appeared in front of her, she would have to bite off a piece of his flesh to relieve her hatred!

I don't know how long it took, Tang Ying opened her eyes.

At this time, she has returned to the office.

She looked around and found no figure of Long Xiaoyun.

"Has it gone?"

Tang Ying showed an expression of joy after the disaster.

She didn't alarm anyone, and went back to the desk.

"Huh, a letter?"

Tang Ying saw a blank piece of paper on the table.

On the white paper it says:

“Watch Lin Kai closely, don’t let him find another woman, otherwise I will kill him as a bastard!”

Tang Ying looked dazed, and cried with joy: “Did she accept me?”

Tang Ying lay on the table, crying bitterly.

This is a cry of joy and a cry of grievance.

However, in general, she is still very happy.

Tang Ying promised silently in her heart: “Sister, don’t worry. I will definitely not let any woman approach Lin Kai again!”

Chapter 1992 Sea God Inheritance

Qian family, Qian Lian’er boudoir.

Lin Kai sat on the chair carelessly, Lin Xueer beat him back at the back, Qian Lianer squatted in front of him and knocked him on his leg.

Lin Kai closed his eyes and enjoyed it for a while, opened his eyes, and saw a touch of whiteness.

A look of surprise appeared in Lin Kai’s eyes again.

Maybe it was because of Lin Kai’s gaze that Qian Lian’er’s pink face became ruddy.

However, she didn’t dodge, instead she still knocked Lin Kai’s thigh unhurriedly.

Lin Xueer narrowed her mouth behind her, a little unhappy.

It’s not because of Qian Lian’er’s behavior, because Qian Lian’er has revealed his thoughts in the past few days.

She loves her son, and she will guard Lin Kai for the rest of her life, whether she is a slave or a maidservant.

What Lin Xueer was not happy about was that Qian Lian’er’s skin became more and more supple after only a few days of work.

Pinch it up with your hands, it seems that the tender can drip water.

Lin Kai stared blankly, with his powerful mental power, he couldn’t escape this terrible temptation completely.

After a while, Qian Lian’er’s little hands could no longer knock Lin Kai’s legs.

Qian Lian’er finally couldn’t help standing up now, she lowered her head helplessly, ashamed and happy.

Lin Kai smiled: “Don’t panic...”

“His, it hurts...”

Lin Kai smiled bitterly, "Sher, don't pinch."

Lin Xueer snorted: "I haven't seen you for a few days, and I'll mess it up as soon as I meet!"

Qian Lian'er glanced at Lin Kai shyly, and said in a small amount, "It's okay..."

Lin Xueer stepped up angrily, nodded her forehead vigorously, and hated it: "You can't let my brother take advantage, or he will look down on us!"

Lin Kai asked in shock, "Where did you learn this from?"

Lin Xueer said triumphantly: "I have met many emotional masters on the Internet. They are all women of the new era. They said that men are all maggots and they cannot be taken advantage of."

Lin Kai's face sank, and a dangerous light flashed in his eyes.

He had long heard that there are people who are very good at punching on the Internet, and they are not fuel-efficient lamps.

Lin Xueer is too simple and kind, and if these people affect her mind, it will be troublesome.

Qian Lian'er glared at Lin Xue'er and quickly said, "I know these are not normal people, so my sister has already blocked them all."

Lin Xueer also knew that Lin Kai was really angry. She pouted her mouth, stuck it on Lin Kai's back, and whispered: "Is anyone kidding, why are you angry? Big deal, take advantage of you!"

Qian Lian'er also boldly walked up to Lin Kai and looked at Lin Kai affectionately.

Those big watery eyes, like a lake, are so charming.

Lin Kai's heart beat violently for a few times, and asked with a light cough, "Lian'er, do you feel that your body has changed a lot?"

If we say that Qian Lian'er used to have no blooming flowers, but now she has become a charming daffodil.

Moreover, the kind of flattery that came out of her bones, coupled with her current devil-like figure, can make everyone crazy.

This level of figure can be called the most perfect woman Lin Kai has ever seen.

Qian Lian'er saw the obsession in Lin Kai's eyes and was very happy.

She whispered: "It should be related to the Sea God Orb, it is changing my physique..."

"Pity, come here."

Lin Kai took her by the hand and lost a burst of spiritual power.

Lin Kai's eyes suddenly showed shock.

He prevented the two girls from misunderstanding, and said quickly: "I'm helping you see your current physique."

Qian Lian'er blushed and nodded shyly.

Ten minutes later, Lin Xue'er glared at Qian Lian'er, who was panting.

Lin Kai smiled awkwardly and moved his gaze away.

Lin Kai gave a light cough and said, "Lian'er, your current physique has become the body of water spirit. It is one of the best physiques for cultivating immortals."

Qian Lian'er showed a happy expression: "Great!"

Lin Xue'er was also very happy, happy for Qian Lian'er.

Lin Kai pondered for a while, and said, "I still have a water attribute here. You can try to practice it."

The expression on Lin Kai's face is very pity: "It's a pity that my technique is not the top-notch. I will give it to you when I have a top-notch water-attribute technique in the future."

Qian Lian'er said quickly: "My son, no need."

"Huh?" Lin Kai looked at Qian Lian'er suspiciously.

Qian Lian'er said softly: "I have communicated with Sea God Zhuneng for the first time. It seems that there is a kind of exercise in it, and I want to practice this one."

Qian Lian'er hesitated and said, "I feel that that exercise is very suitable for me."

Although Lin Kai had some worries, seeing Qian Lian'er's love for that exercise was still happy for her.

Lin Kai said happily, "Maybe, this inheritance is better than the practice I practice now!"

Qian Lian'er looked at Lin Kai's face and said cautiously: "My son, this exercise is a very mysterious and complicated symbol. I have tried it, but it can't be recorded at all. Don't be angry."

Lin Kai pretended to be unhappy: "What are you talking about, it's too late for me to be happy for you."

Lin Xue'er said enviously: "Lian'er has already built the foundation, and will soon catch up with me."

Lin Xue'er glanced at Lin Kai, and said in her heart that if she wants to practice cultivation not to be surpassed by her sister, she still has to cultivate with Brother Lin Kai.

But this is too shameful, what should I do...

Lin Xue'er only felt the pain in her little head...

After a while, a maid brought the food, and the three of them talked and laughed and ate.

After half a day, Lin Kai stood up and said, "I'm leaving."

The two girls reluctantly stood on both sides, each holding Lin Kai's hand.

Lin Kai led them and walked out of Qian's house.

Along the way, the fire in the eyes of the Qian family's many guards almost burst out.

Some people even turned pale and staggered.

More people gritted their teeth and looked at Lin Kai with great anger.

Qian Lian'er, as their goddess, especially the more devilish figure now, makes any guards crazily admiring Qian Lian'er.

Each of them can die for Qian Lian'er without hesitation.

In addition, the lively and lovely Lin Xue'er looks no worse than Qian Lian'er.

Such two sisters have always been in Qian's house. These guards don't know how happy they are, as if it were a sweet dream.

But now the dream is broken!

Chapter 1993

The people were very unwilling and wanted to rush forward several times.

But now Qian Lian'er's majesty is getting heavier and heavier, if he ran into this dog man, Qian Lian'er would definitely be angry.

They don't want Qian Lian'er to be angry!

Lin Kai was not in the mood to care about their thoughts. He took Qian Lian'er and whispered softly: "After a while, the person in charge of Jiulongshan will contact you. As for what matters, you will know when the time comes."

Qian Lian'er asked, "Is this important?"

Lin Kai looked serious, and said solemnly: "It's very important, it's related to the safety of China."

Seeing Qian Lian'er's small face tense tight, Lin Kai smiled and said, "Don't be overly nervous. You are not alone in doing this. There are many others who will do the same thing with you."

Qian Lian'er nodded, knowing that the crucial time was about to come.

She hadn't forgotten that Lin Kai asked her to return to Qian's house just to help him at a critical time.

She will not let the son down!

Three days later, Lin Kai stood on the top of the mountain, standing with his hands held down, overlooking the mountains and rivers.

His face was very solemn and shocked.

As far as Lin Kai's eyes could reach, among the mountains and rivers, among the people's smoke, a crimson aura gradually rose up, causing the entire Chinese land to be dyed with red dye.

Lin Kai deeply knew what the reason was.

Today is the latter part of June, and another week will be the very important day of China.

People's thoughts are condensed into a rope, forming this gradual crimson.

After a week, this power will reach its peak, allowing the entire China to be scattered in the red ocean.

“Human power can break mountains, fill the sea, and cover the sky!”

This crimson color is the color of human blood, and it is also the color of China.

Under this breath, any evil charm is hiding in a dark corner, otherwise it will be turned into ashes in the breath of the sun!

Lin Kai could feel the attraction of the sun’s breath just standing on the top of the mountain.

They hovered around Lin Kai, giving Lin Kai a feeling of longing.

He tried to absorb a ray of red breath, and his eyes burst into light instantly.

Lin Kai’s spiritual power actually increased by one quarter in an instant, which was comparable to the time he spent ten days of painstaking cultivation.

Not only that, Lin Kai could feel that this breath not only increased his spiritual power, but was also transforming his body in all aspects.

If he absorbs enough, he doesn’t know what changes will happen.

Immediately afterwards, Lin Kai began to ponder.

This breath is not a gift blindly, Lin Kai can feel its **** when he absorbs it.

This is not the power of heaven, this is the power of the people!

This is the power of thought of all the people on the land of China. Only when you wholeheartedly fight for them can you be qualified and able to absorb this breath.

But as long as he absorbs this breath, his fate will be closely related to China.

Prosperity and prosperity, loss and loss!

Lin Kai pondered for a while and smiled calmly.

He has this ability and this idea, so why should he be afraid of wolves and tigers?

After Lin Kai figured it out, his thoughts were mastered, and the power of divine consciousness directly touched a door.

Dark clouds quickly condensed in the sky, but the crimson aura rose up and directly washed away the dark clouds.

Lin Kai laughed dumbly, even if it is the way of heaven, should he retreat under the mighty power of this humanity?

Lin Xinxing suddenly moved, and now is a good time to be promoted to the Nascent Soul Stage.

Because, when he breaks the wall, there will be no thunder and tribulations, and he can smoothly become the Nascent Soul Stage.

Lin Kai smiled slightly. Even so, it wasn’t necessary.

Because, for him, Lei Jie is not only a catastrophe of promotion to Yuan Ying stage, but also his chance.

Only after experiencing thunder tribulation, he has a stronger comprehension of heaven and his control of spiritual power more smoothly and freely.

Lin Kai took a deep look at the thousands of miles of rivers and mountains, then turned back to the villa.

He forcibly resisted the temptation of this red sun breath, and did not rush to absorb it.

Because if he was immersed in absorbing this breath, he would have missed a major event.

...

Leiyuan Group, Lin Yuan walked back and forth in the room, seeming to be very irritable.

Jiang He stood on the side, not daring to make a sound.

Only nameless, looking at Lin Yuan speechlessly, asked: "What the **** is wrong with you?"

Lin Yuan said irritably, "I don't know, but I always feel like something big is going to happen."

Wuming chuckles and said: "After a week, there is indeed something to happen to China."

Lin Yuan snorted and said disdainfully: "A trivial group of mortals, what does it care about."

Wuming also smiled, this event may be very important to ordinary people.

However, they are ancient warriors. What does the festival of mere mortals have to do with them?

Lin Yuan sneered: "When I take control of this land, only the days I allow will be important!"

Lin Yuan looked at the two and asked, "How is the plan going?"

Wuming smiled triumphantly: "Under our operation, the prize pool of Lin Yuan Welfare Society has greatly increased."

"Now there are 200 million evolvers in the world!"

Hearing this, Lin Yuan's eyes were red, and his breathing became thicker.

These evolvers are all his food. When the day is harvested, how happy should it be?

Wuming sighed and said regretfully: "It's a pity that we make a lot less money in this way."

Lin Yuan said lightly: "It's okay, the money will be vomited back sooner or later."

Lin Yuan gave a weird smile: "Even they themselves are lambs to be slaughtered, so why bother about a little money?"

"Hahaha..."

Wuming and Jiang He both laughed.

It's just that Lin Yuan's identity as a diviner always reminds him that there seems to be something bad that keeps him upset.

However, every time he divination, he can only see a red ocean.

This strong smell of human smoke made him very disgusted.

Three days later, Lin Kai came to the capital again.

Here, the red sun aura became more intense, Lin Kai didn't need to absorb it, and even his breathing could make his physical body change subtly.

In the capital, everyone is radiant and full of bright smiles.

They have light in their eyes and hope for the future.

After a while, Lin Kai came to the base.

Xuanyuan was already waiting for him.

Today, Xuanyuan's complexion is exceptionally good, even the light in his eyes is emitting, and he can't hide.

For the first time, Lin Kai felt the aura emanating from Xuanyuan. This Yuan-like inner strength shocked Lin Kai deeply.

If his spiritual power is a rushing river, then Xuanyuan's internal power is like the vastness of the ocean.

In front of Xuanyuan, he felt a weakness for the first time.
