

Special Forces God Level Extraction System

Chapter 2: Extract Eagle Ability

Chapter 2 Extracting Eagle Ability

“One hundred meters shooting! Lin Kai, get ready!” In desperation, Lin Zheng had to compromise and let Lin Kai this trash act in front of King Bing.

Lin Zheng knew that Lei Zhan was a well-known strict instructor in the army, and his eyes could not tolerate sand. For soldiers like Lin Kai, he would even use stricter requirements to inspect Lin Kai.

Because in the eyes of Lei Zhan, since you dare to be presumptuous in the army, you must have presumptuous strength!

Lin Kai took the rifle in his hand and looked up and down quite novelly. This was Lin Kai's first touch of a gun.

Although he knew how to shoot through Lin Kai's memory, when he personally touched the real gun, he felt different.

“So this is a gun!” Lin Kai muttered to himself.

Everyone saw Lin Kai's performance, and Lin Kai's comrades not far away showed smirking smiles.

“Lin Kai, ten shots and three shots, this time, look at him for a few shots!”

“Hehe, he is a trash, it would be nice to hit the target, Ten Rings? Impossible!”

“Lin Kai can hit the tenth ring and I eat shit! Lin Kai, go home and eat the old!”

...

Lin Kai's ears were full of ridicules from his comrades. He Zhijun, the commander of the Special Operations Brigade, did not say anything to stop these people from speaking because He Zhijun had read Lin Kai's information and Lin Kai was really bad.

It was so bad that he, the commander of the special operations brigade who didn't want to give up any soldier, couldn't stand it.

In the Raiden Commando, Yan Wang looked at Lin Kai playfully, and said to the comrades next to him: "This kid, it seems that he hasn't even touched a gun. How did he pass the recruit company assessment?"

Codenamed Old Fox, who is also the right-hand man of Lei Zhan, he laughed out loud: "Hehe, this kid is here for the gilding of the army, and the recruit company is probably also here. Look okay, Thor will never let him go!"

Lin Kai was touching his gun at this time, aiming at a target a hundred meters away, and he was really not sure he could hit it.

At that time, Lin Kai stood up as soon as his head became hot, but now it seems that he has no certainty to stay!

correct! Novice spree!

At this moment, Lin Kai slapped his head and remembered his newbie gift bag, he still has 20 attribute points!

Lin Kai's physique is so weak that it can't be weaker, everyone else has a 10 point attribute, and Lin Kai all has 5 points! It's weird that you don't get the bottom of the army with such attributes!

But Lin Kai thought for a while, then decided to spread all the twenty attribute points evenly, saying that he must have the standards of ordinary people!

"Strength plus 5, speed plus 5, reaction plus 5, physical strength plus 5." Lin Kai said in his mind.

"The system strengthens the host's body." System voice came.

At this time, Lin Kai only felt itching all over his body. After a few seconds, a pleasant system sound came from his ear: "Congratulations, the attribute bonus is successful!"

"Give me the eagle extraction power!" At this time, Lin Kai licked his chapped lips, his eyes full of energy!

In the novel, once the male protagonists use gold fingers, they will definitely start to pretend to be forceful, and they must pretend to be forced! To get back all Lin Kai's shameless face!

"Extracting the eagle ability, please wait..."

Ten seconds later, Lin Kai heard a voice in his ear: "The extraction is successful! Congratulations on acquiring the Hawkeye skill! This skill allows the protagonist's vision to quickly catch the prey, ten times the vision, and has a slowing effect!"

After hearing the prompt from the system, Lin Kai was overjoyed!

Hawkeye! For Lin Kai, possessing the Hawkeye skill and the target in front of him is not a problem at all.

"Fusion of Hawkeye skills!" Lin Kai screamed in his heart.

"Converging, please wait."

"Successful fusion!" As the system prompt appeared, Lin Kai only felt that his eyes were cool, and when he opened his eyes again, Lin Kai saw a completely different world.

The world he saw was extremely clear, and the myopia of Er Baidu had disappeared completely. He could zoom in and out all the corners he could see at will.

Awesome!

"The system releases the task, shoots ten shots and ten rings, and rewards the watermelon extraction ability!"

Lin Kai was also a little excited when the task was released.

"Lin Kai! Are you still not shooting? If you are not confident in your own strength, then give up this test!"

Lin Kai's ear heard Lin Zheng's voice.

Lin Zheng came over with a dark face and hands behind his back. He really didn't dare to let Lin Kai expose his hands. As soon as Lin Kai made a move, his face as the company commander was dull!

Lin Zheng pulled Lalin's open arm and said, "It's almost done, don't be embarrassed here!"

Although Lin Zheng spoke in a small voice, his comrades with ears heard Lin Zheng's words.

"Company commander! Don't protect him! Let Thor see how bad Young Master Lin's marksmanship is!"

“Yes, company commander! When we competed with the recruit company, it was because of Lin Kai that our company won the third position, otherwise we would have been the first in the recruit company!”

“Yeah, Lin Kai, you should get out of our company as soon as possible. If you are in our company, you will only bring down the whole company!”

The ridicule and questioning voices in the ear continued, and when I looked back, I could only see the comrades looking at me with cold and disgusting eyes.

Young Master Lin, he is very unpopular in the army! And the strength is very bad!

But that was the former Young Master Lin, and now Lin Kai must regain his image!

Lei Zhan held the dog's tail grass and roared, “Don't talk! Lin Kai, shoot!”

When Lei Zhan spoke, the audience was silent, Lin Zheng shook his head, sighed, and walked to the side helplessly.

At this time, Lin Kai lifted the gun and fired at three o'clock and one line. Before Lin Kai was physically weak, even the gun was unstable, but now Lin Kai's hands can hold the gun firmly!

But the target in Lin Kai's eyes has changed from the size of an egg to the size of a watermelon. With such a large target in front of him, if Lin Kai can't hit it, he can go home directly!

boom!

Lin opened the first shot.

As soon as the shot was fired, someone immediately ridiculed: “If I guessed right, this kid must have been shot again, ha ha.”

The people around also nodded one after another, saying that it is impossible for Lin Kai to hit the target.

Because when Lin Kai hit the target before, he never hit the first shot!

And Lin Kai's company commander also covered his face, and couldn't bear to look at the target, and couldn't bear to listen to the results reported by the targetman. It must be beyond the seventh ring! Either it just won't hit!

Soon after, the target reporter in the distance shouted: “Lin Kai, the first ten shot!”

Ten rings?

The whole scene was quiet for a few seconds, and then the whole scene exploded.

Ten rings? How could Lin Kai hit the tenth ring? You know, his trash hits a third or tenth ring at most once. What happened to Lin Kai was a miracle!

“Hehe, he must be blind. How could this kid be able to hit the tenth ring? It seems that the one who was forced to miss the tenth ring today, I don’t believe that he can still hit the tenth ring with the second shot!”

boom!

After one shot, the target reporter said again: “Lin Kai, second shot, ten rings!”

Still ten rings!
