Chapter 20: Take A Card

Chapter 20

Yes, they competed with Thousand Skills. Now Zhao Tai lost to Lin Kai in Thousand Skills. It is a huge joke to say that Lin Kai cheated!

Although it feels incredible, the poker cards in front of him have already proved Lin Kai's powerful strength!

Zhao Tai seemed to be dreaming, he actually lost?

Who am I? He is the descendant of the king of gambling! Own father, but the Macau gambler! And he actually lost to a rich second generation!

For Zhao Tai, this is simply a stain in life!

He couldn't accept such a result, but there was no way to recover it, because he didn't know how Lin Kai made money.

Everyone in the room was stunned at this time. They also knew something about Lin Kai's gambling skills, and they could only be said to be ordinary people among amateur players.

After seeing Zhao Tai performing the card recording skills, they decided that Lin Tongyi lost, because Lin Kai only changed the most basic cards.

But this time, Lin Kai used his own strength to prove that he Lin Kai was even better than the successor of the King of Gambling.

What he holds is a draw that is countless times more difficult than recording!

All of you present here are young masters of various families, and now they admire Lin Kai as a five-body cast.

As for the fat Zhang Kaixuan, anyone with a big mouth can lay an egg. No one in the room knows Lin Kai better than Zhang Kaixuan.

He knew that Lin Kai could only use three-legged cats in terms of gambling skills. Now Lin Kai is showing his skills, which Zhang Kaixuan has never seen before.

Lin Kai won, he still gave Lin Kai a thumbs up.

“Shao Lin, awesome!”

Lin Kai smiled faintly, looked at Zhao Tai, and said proudly: “Young Master Zhao, you just said that if I can draw, you will eat this deck of cards. Now it’s time to fulfill your promise, please.”

Lin Kai pointed to the playing cards on the table.

Zhao Tai’s face was green. He came today to win Lin Kai, not to eat playing cards.

Losing to Lin Kai is already a shame to Zhao Taimo, how could he go to play cards again?

“Lin Shao is really good at drawing cards. I am afraid you are unique in the entire gambling industry, but I don’t think about playing cards, let’s forget it. How about making friends?”

After a long while, Zhao Tai blushed and said.

Zhao Tai’s tone has obviously softened. Lin Kai is worse than Zhao Tai in gambling. Zhao Tai is not destined to win Lin Kai today. It is better to make friends with Lin Kai so as to avoid the embarrassment of eating playing cards.

Lin Kai sneered, and said evilly: “Hehe, I don’t know who made you beat me, but there are local rules in one place. When you come to Jiangbei, you have to speak and count. This deck of cards, don’t eat. , Don’t you want to go!”

As soon as Lin Kai said this sentence, the original lively Tianzi instantly calmed down.

The young master in the whole sky looked at Lin Kai, with a little awe in his eyes.

The Lin family is a big family in Jiangbei, and all the young masters present are not as good as the Lin family.

But before Lin Kai was just a dude who followed them, he didn’t have the demeanor of everyone. Now Lin Kai is angry, he really has the aura of the head of the family.

Zhao Tai’s face was pale, he glanced at everyone around him, but found that no one dared to speak for him.

The strong dragon does not suppress the snake. No matter how great Zhao Tai is in Macau, he has to listen to Lin Kai when he comes to Jiangbei!

“Lin Shao, you don't give face so much? I'm Zhao Tai in Macau, and I can be considered a character. My father makes friends in the world and offends my Zhao family. This is to make enemies for the Lin family!” Zhao Tai said with a cold face.

Lin Kai immediately smiled playfully: “Haha, I'm sorry, my Lin family has family rules, but anyone who wants to bully our Lin family will have to double it back!”

“Young Master Zhao, you can give it a try. If you don't eat this deck of cards, you will never get out of Jiangbei!”

Lin Kai's words completely frightened Zhao Tai. Although Lin Kai was the eldest son of the Zhao family, he actually didn't have many sincere friends in Jiangbei.

To wipe out Zhao Tai from the house? The Lin family absolutely disagrees with Lin Kai killing a person with such a strong background!

“Good!” Immediately, Zhao Tai hesitated and sneered: “You have a kind!”

After all, Zhao Tai picked up the playing cards on the table and stuffed them one by one into his mouth.

As soon as this scene appeared, the whole Tianzi room became lively again, countless young masters clapped their hands for a carnival, and some people took out their mobile phones to take pictures of Zhao Tai eating playing cards.

Those who watch the excitement are not afraid of big things. These young masters are always the kind of clumsy ones.

Zhao Tai blushed and stuffed playing cards one by one into his mouth. What he ate was a sweat, and his veins were violent.

The water was drunk bottle after bottle. After half an hour, Zhao Tai finished a deck of playing cards.

After eating the poker cards, Zhao Tai glanced at Lin Kai meaningfully, snorted coldly, and left the sky.

Snapped!

With the sound of the door slamming, Zhao Tai left the scene angrily!

The eldest son of the Zhao family of Macau was driven out of Shangri-La by Lin Kai, which means that Zhao Tai suffered a big loss in Lin Kai!

After Zhao Tai left, everyone's attitude towards Lin Kai in Tianzi was obviously different.

The current Lin Kai, while talking, is no longer the brainless Lin Kai before. Now he has a brain and a brain for doing things, and it is even more scary to initiate.

As soon as Zhao Tai left, a group of young masters immediately surrounded Lin Kai, passing cigarettes one by one.

"Lin Shao, awesome! Even Zhao Tai is not your opponent, admire and admire!"

"Lin Shao is mighty and domineering. In the future, I will recognize Lin Shao in Jiangbei, and I will follow Lin Shao!"

"Shao Lin is awesome!"

...

Facing everyone's flattery, Lin Kai smiled slightly and raised the wine glass in his hand.

"My Lin Kai is no longer the Lin Kai I used to be. From now on, everyone will be brothers. If anything, please mention me Lin Kai's name so that I can do it!"

"Okay! Applause!"

...

This meal went straight to three o'clock in the afternoon, and Lin Kai blushed in the underground parking lot of Shangri-La, sitting in the co-pilot of his BMW car.

Fatty Zhang Kaixuan drank too much, but this kid was smart. He came with the driver and took the car home when he left.

Lin Kai is actually sober enough now, but he doesn't dare to drink and drive, this is a joke about his life.

"System, what reward did I get?" Lin Kai was still thinking about his reward.

"Host, you got ten upgrade points and ten attribute points. Choose one of the four extraction capabilities."

"Oh?" Lin Kai immediately became energetic after hearing this, choose one of four? This time I have the right to choose?

"What skills do you have?"

“Diamond extraction ability, extracting diamond essence for the host’s use, the host’s body will be greatly improved, after the gold level, you can get a body as indestructible as a diamond.”

“The monkey extraction ability, copy the monkey’s flexible genes, after the extraction ability, the host will have a body like a monkey, travel through the forest flexible and worry-free.”
