

Special Forces God Level Extraction System

Chapter 21: Ganoderma Extraction Ability

Chapter 21 Ganoderma Extraction Ability

“The cactus extract ability is to extract the cactus essence. After extraction, the host will have a very strong drought resistance ability. The cactus essence can help the host lock the water in the body, reduce water loss, and maintain physical strength.”

“Ganoderma lucidum extraction ability, extract the essence of Ganoderma lucidum, after extraction, the host will have the vitality and blood characteristics of Ganoderma lucidum, which can help others or themselves to use, restore the power of the vitality of oneself or others.

Choose one from four.

After watching these four extraction abilities, Lin Kai was very excited, all too strong, okay?

However, Lin Kai liked the ability to extract Ganoderma lucidum more than the others. This ability was too bad.

Restore vitality, that is to say, a person who is dying can make him come alive by himself! On the battlefield, this is simply a stunt to save people.

“I choose the fourth one,” Lin Kai said.

“Whether to choose Ganoderma lucidum extraction ability?”

“Yes.”

“Ganoderma lucidum ability is being extracted and possessed. Please wait.”

After the sound of the ear system fell, a burst of peculiar energy appeared in Lin Kai's body.

This is a group of green energy, which appeared in Lin Kai's body out of thin air and spread out from the center.

Soon after, Lin Kai only felt warm, as if being exposed to the sun in winter.

This energy is not only filling Lin Kai's body, but also transforming Lin Kai's body and Lin Kai's vitality.

And in Lin Kai's mind, some knowledge appeared out of thin air. This knowledge was about how to use the vitality in the body.

At the beginning, Lin Kai didn't think there was any abnormality in his body. Maybe the painless extraction ability made Lin Kai relax his vigilance in the past few times. He didn't expect that this energy extraction would cause him great pain!

Soon after, there was a severe pain from Lin Kai's whole body and even the internal organs!

That kind of feeling, it seems that 10,000 ants are devouring his body!

Especially Lin Kai's head, Lin Kai covered his head, his head is about to explode at the moment!

There was more and more knowledge about vitality in his mind, and the speed at which Lin Kai digested this knowledge could not keep up with the speed at which the knowledge poured into his mind.

Unprepared Lin Kai was caught off guard by the sudden pain. Immediately, Lin Kai kept rolling on the seat, and the sweat quickly wetted Lin Kai's clothes.

"Fuck me..." Lin Kai couldn't help cursing, the blue veins on his forehead violent.

"Choose one of four extraction capabilities. Each level of ability is hidden. The extraction ability of Ganoderma lucidum selected by the host is the gold level. During the process of fusion, the gold level extraction ability skips the bronze and silver levels, so the process will If there is pain, please hold on to the host."

"Fuck me, why didn't your uncle say it earlier?" Lin Kai cursed angrily.

Scolded, but Lin Kai still had to accept the ability of Ganoderma to transform his body.

The pain lasted for about half an hour, and Lin Kai finally became paralyzed in the co-pilot, breathing a long sigh of relief.

The clothes were all wet. For the first time, Lin Kai found out that being alive was so beautiful.

“Congratulations to the host for successfully comprehending the ability to extract Ganoderma lucidum! You still have ten attribute points. Do you choose to add them now?”

“It’s all on physical strength.” Lin Kai said weakly.

This half an hour of tossing almost drove Lin Kai to waste. If he had enough stamina, he might not be so embarrassed, so he chose to upgrade his stamina.

Host: Lin Kai

Age: 19

Sex: Male

Strength: 40

Speed: 30

Response: 20

Stamina: 30

Skills: God Eyes (Silver), Watermelon (Bronze), Plastic Bag (Bronze), Ganoderma (Gold)

Looking at the various attributes of Lin Kai, they are all very good.

The average person’s attribute value is all ten points. In the previous Lin Kai, the weak ones were all five points.

But now Lin Kai, one person has the strength of four people, and the speed is even comparable to a mountain bike. The reaction ability is twice that of the average person, and the physical strength is the sum of three people.

His ability completely crushes all special forces!

Seeing that his attributes are worth all this compared to his own suffering, Lin Kai smiled with satisfaction.

“Tingling!” When the phone rang, Lin Kai took out his mobile phone and found that it was actually his father who was calling.

“Hello? Dad? What? I’ll go back soon!” Lin Kai hung up the phone, frowning.

After half an hour of tossing, Lin Kai's alcohol was almost awake, he rushed to the driving seat and drove to Lin's house like a BMW.

After receiving the call, something has happened to the Lin family!

The old man of the Lin family, that is, Lin Kai's grandfather, was about to be unable to stand up soon, and he was about to pass away. Lin Kai's father summoned everyone in the Lin family to send him off.

I don't know why, every time Lin Kai acquires the ability, he can use it soon. I'm afraid it is not his luck, but the system can predict the future, right?

After all, the system can take oneself through. It is not difficult to predict the future.

The car quickly drove to Lin's house, and after parking the car, Lin Kaifei rushed to his grandfather's villa.

Opened the door and walked in. The whole villa seemed very quiet, and the silence was a little depressed. There were countless people in the living room. These people were branches or subordinates of the Lin family. These people stood in the living room with their heads bowed. Not posted.

Lin Kai rushed directly to the second floor, came to Grandpa's room, opened the door, and walked in.

As soon as he walked in, Lin Kai immediately saw his grandfather, lying on the bed, an old man with white hair and half of his foot in the coffin.

"grandfather"

Not seeing him for three months, Lin Kai really could not have imagined that his grandpa had changed so much!

He was still alive and well three months ago, but now, lying on the bed motionless, skinny, with white hair, he is already dead.

"Xiao Kai..." Old Man Lin stared at Lin Kai and snorted weakly, his voice was like a mosquito flapping its wings.

The whole room bowed their heads, not daring to look directly at Old Man Lin.

Lin Kai and his grandfather had a very good relationship when they were young. However, when Lin Kai grew up and became ignorant, his grandfather often beat and scolded Lin Kai, so that when he grew up, Lin Kai basically did not follow him. Grandpa speaks.

But this does not mean that Lin Kai has no feelings for his grandfather.

Lin Ting sat on the side chair, frowning, "Has the doctor arrived?"

"Immediately! I have hired the most famous doctor in Jiangbei, and Director Liang will be there soon!" The housekeeper of Bian'er said quickly.

"Director Liang is here!" As the housekeeper exclaimed, several doctors in white coats walked in from the door.

He has an identity badge on his chest, the director of the Jiangbei Hospital Department of Internal Medicine.

Chapter 22: Director Liang

Chapter 22 Director Liang

Director Liang is a middle-aged man who seems to be close to fifty years old. He has a slightly fattened body shape. He wears a pair of gold glasses and his face is full of seriousness.

Behind him were four or five doctors and nurses, holding various instruments, and hurried into the room.

When one of the nurses passed by Lin Kai, Lin Kai glanced at him and was immediately surprised.

Although she was wearing a mask and could only see one pair of eyes, Lin Kai had never seen such a divine eye.

Watery, big and energetic, a pair of willow eyebrows fully set off the beauty of the eyes, double eyelids, long eyelashes blinking and blinking is very naughty.

Her skin tone was also very fair and tender, and she looked broken. Even if she didn't see her face, Lin Kai dared to conclude that she was definitely a beauty!

But now Lin Kai didn't have the thought of picking up girls. Director Liang took everyone into the room and started busy.

In less than a few minutes, the doctors and nurses skillfully set up the instrument, and Director Liang came to the front of Mr. Lin and began to check his body.

Director Liang brought a lot of high-end instruments. Lin Kai couldn't understand what it was. He had only seen it on TV.

In the room, Lin Kai's uncle Lin Lei and Lin Kai's father Lin Ting sat aside, frowning.

And Lin Kai's cousin, Lin Yuan, wearing a mask, also sat aside.

Lin Yuan had several teeth knocked out by Lin Kai yesterday. It seemed that he had just undergone corrective surgery, and he did not even dare to take off the mask.

He looked at Lin Kai's eyes, as if he could kill people, his eyes were bloodshot!

If the look in his eyes can kill people, I am afraid Lin Kai has been killed by him thousands of times.

Today's gambling king's successor matter is probably caused by this kid. Lin Kai's eyes towards Lin Yuan are also colder.

Ten minutes later, Director Liang took off the mask, wiped the sweat from his forehead, sighed, and shook his head.

"Director Liang, how's it going?" Lin Ting asked quickly.

Director Liang shook his head, and said, "Master Lin, the body does not have any symptoms, but some of the organs in the body are aging. This is the end of life expectancy. It is estimated that there will be less than three days. During this time, the master thought Let him do whatever he wants to do."

"What?" Lin Ting widened his eyes when he heard the words, and sat down on the chair, completely stupid.

Hopeless?

Organ aging, that is to say natural death, there is no way to cure it!

The organ is no longer good enough, is it possible that the organ can be dug out and replaced?

As soon as this news came out, in the originally silent room, it was even more quiet and terrible.

Director Liang also lowered his head and allowed him to be the best western doctor in Jiangbei, but he was helpless in the face of Mr. Lin's condition.

The eyes of the beautiful eye nurse looking at Old Man Lin also felt a bit more regretful.

Lin Kai's uncle, Lin Lei couldn't help crying, and a man of seven feet was crying like a man in tears.

“Father! Don’t scare me!” Lin Lei cried with his headache.

In the whole room, the atmosphere was depressed and a little scary.

Only Lin Yuan sitting in the corner seemed to have a gleeful look in his eyes. He just looked at Lin Kai and made fun of Lin Kai.

Lin Yuan has been studying abroad since he was a child, and he has no affection with Mr. Lin at all. Now that he sees Mr. Lin passing away, he is even happier, because seeing Lin Kai sad, he will be happy!

Lin Kai, Lin Kai, originally I didn’t treat you as an opponent, but your performance really surprised me!

Lin Kai frowned, took a step forward, and asked, “Is it really hopeless? Is there no way? Our Lin family can pay any money.”

Director Liang looked at Lin Kai up and down, and found that after an eighteen or nine-year-old child was talking to him, he didn’t even bother Lin Kai.

The beautiful eye nurse glanced at Lin Kai and said angrily: “Director Liang has already said that the organs are declining, and there is no way for the gods to come.”

Lin Kai frowned when he heard this. He didn’t plan to do anything. After all, there are professional doctors here.

Now it seems that I have to give it a try, after all, it is his grandfather who is lying on the bed!

“Can I give it a try?” Lin Kai asked.

As soon as Lin Kai said this sentence, the whole scene was silent for a few seconds, and then everyone looked at Lin Kai with a very strange look.

Let you try it?

An old man who is about to die, let an eighteen or nine year old child have a try? Is this a joke?

Although Lin Yuan sitting in the corner couldn’t speak, a smile appeared in his eyes, mocking Lin Kai!

Lin Ting’s expression was very serious, he reprimanded: “Xiao Kai! Don’t talk nonsense, is this the time when you can do it?”

Lin Lei didn't have a good impression on Lin Kai, and when Lin Kai beat his son like that, he snorted coldly: "Xiao Kai, don't think that if you join Langya, you can't even solve it. Can you solve the problem as a soldier?"

"Can you save the old man's life with a gun? A joke!"

Director Liang waved his hand, and the doctors and nurses began to remove the instrument.

"Young man, you may have read extracurricular books on medicine, but I have decades of work experience. In Jiangbei, I call it second, and no one dares to call it the first."

Director Liang looked at Lin Kai, carrying his hands on his back, as if educating a younger generation: "Even I don't look good on patients, even if the gods come, I won't look good! Let alone you."

"Elder Lin's internal organs are failing, and he will soon be dying. It is impossible to replace organs. Let alone the success rate of organ replacement is not high, even at the age of Father Lin, the operation will only be Let Old Man Lin go faster."

"So, let's change my sorrow."

No one believed Lin Kai. After all, Lin Kai was too young and had no medical experience, so no one dared to let him try.

You Lin Kai used to be a dude and performed well in the army. Maybe you have the talent in this area.

But in medicine, what if your talent is high? Without professional education, you still don't know anything about medicine!

Lin Kai was a little anxious. He looked at his father and said, "Dad, you believe me, just let me try it, I can!"

Elder Lin will die soon, Lin Kai won't just watch him go, he must try it!

Lin Ting was a little angry at this time, and he said angrily: "What are you trying? Do you know medicine? Can you make all the old man's organs become young people's organs? Get out of here!"

After Lin Ting was furious, Lin Lei also sneered on one side: "Xiaokai, you are so ignorant, do you want to let the old man go quickly? Impossible!"

Chapter 23: Needle

Chapter 23

At this point, the Lin family and Director Liang did not agree to let Lin Kai give it a try, because in their eyes, there is no hope for Mr. Lin!

Lin Kai was also a little angry, and he said angrily: "Dad! Uncle! What if you just let me try? Anyway, Grandpa is already like this, I have a try and hope to survive!"

Lin Ting and Lin Lei were also furious when they heard this. They just wanted to reprimand Lin Kai, but the old man Lin, who had not spoken, said at this time.

"Let Xiaokai, give it a try..." Father Lin's weak voice came.

Turning around and looking, I saw that on the bed, Old Man Lin was staring at Lin Kai amiably, tears still swirling in a pair of old eyes.

The old man Lin had already spoken, Lin Ting and Lin Lei looked at each other, and they were not talking.

"I'll see how you rescued the old man!" Lin Lei said with a cold voice.

Lin Yuan's eyes on one side were even more piercing. If Lin Kai's treatment was unsuccessful this time, when the old man died, he could use the excuse that Lin Kai caused him to die to get Lin Kai down!

There are many factions in the Lin family. He Lin Yuan has many supporters. When the time comes, Lin Kaidong's incident will depend on how proud you are!

Thinking of this, Lin Yuan couldn't help laughing. With a smile, he grinned in pain, and quickly controlled his emotions.

Director Liang didn't leave in a hurry. He and the group of doctors he brought with him watched Lin Kai from the side.

"I don't believe it, for a patient who can't even help me, what can a little kid do?" Director Liang shook his head and said with disdain.

The beautiful nurse looked at Lin Kai's back and shook her head slightly. She has been with Director Liang for many years and has a good understanding of Director Liang's abilities. Director Liang said that there is no play, so it must be no play.

No matter how Lin Kai tried, it would be useless and would even speed up the death of the elderly.

Lin Kai took out a set of silver needles from his pocket, which he bought on the way back to Lin's house, because his *Ganoderma lucidum* abilities had a certain relationship with the silver needles.

Ganoderma lucidum brings great vitality to Lin Kai. Lin Kai can infuse the vitality of the body into the silver needle, and then puncture the patient's acupoints so that the vitality can be infused into the patient's body.

Vitality is the foundation of a person. This is a gold level skill, very powerful. Although it can't bring people back to life, it can heal most of the wounded and patients.

As for the situation of Mr. Lin, it just happens that the vitality in the body has been exhausted, so the organs will fail.

"Grandpa, I'm sorry." Lin Kai lowered his head and muttered to himself, lifted the quilt, and unbuttoned his shirt.

A body of Zou Baba appeared in front of Lin Kai's eyes. Elder Lin's body had already aged to a certain level. If the vitality was not instilled, it would really not survive for three days, as Director Liang said.

Old man Lin looked at Lin Kai faintly, without saying a word. He was already a dying man. He knew that his grandson would definitely not be able to cure himself. The reason he asked Lin Kai to give it a try was just to take a closer look. Only his grandson.

Lin Kai took out the silver needle and began to rub it on his hand. The vitality in his body slowly penetrated into the silver needle, and the silver needle began to emit a very faint light.

"Why, do you still use Chinese medicine? Needle?" Director Liang almost laughed when he saw this scene.

"Now that Western medicine is so developed, the entire Chinese nation is full of Western medicine. Where can there be Chinese medicine? In the situation of Mr. Lin, even Western medicine can't help it. You can save life by getting a few broken needles?"

"Young man, be realistic. Now Chinese medicine practitioners can at most grasp a few sets of medicine and adjust slowly. In case of emergency, it is useless to use Chinese medicine!"

"In Elder Lin's situation, the needle is not good at all. I don't know which book you learned from, but you actually think that the needle can save people?"

Director Liang sneered and shook his head. He thought that Lin Kai was just doing nothing!

The beautiful-eyed nurse couldn't bear to look at the old man's condition. Originally, the old man was alive within a few days, and his grandson had to toss again. This time, it is estimated that the old man will belch the next day.

Lin Ting frowned. He really didn't want to see his son mess around here. Had Elder Lin asked him to give it a try, he would have pulled Lin Kai outside and beat him up.

Even so, Lin Ting said angrily: "Xiaokai, go out later to see how I can clean you up!"

Lin Yuan in the corner had a stronger smile in his eyes. Seeing that Lin Kai was targeted by everyone, he felt more happy in his heart.

Lin Kai, your good days are over!

When Grandpa is dead, I see who else in the entire Lin family is protecting you! When the time comes, I will say, you killed Grandpa!

Thinking of Lin Kai knocking off his teeth with a punch yesterday, Lin Yuan clenched his fists. Since childhood, he has always been the proud man of heaven. When did he receive such insults?

He is determined to make Lin Kai look good!

Rubbing the silver needle in his hand for a long time, the silver needle was full of vitality, and Lin Kai began to look for acupuncture points on the old man's body.

Some of the acupuncture points on the body go directly to the organs. Lin Kai wants to find the acupoints of the organs of the old man, and put the silver needles in them to nourish the organs.

Soon, Lin Kai put the first silver needle into Old Man Lin's chest.

Old man Lin was expressionless, but after a few seconds, Old Man Lin frowned and his complexion began to become ruddy.

In addition, Mr. Lin made a humming sound, as if there was sputum in his throat but he couldn't spit it out.

Seeing this scene, everyone in the Lin family was shocked, Director Liang's expression also changed, and he quickly stopped saying: "Stop! The old man is in a condition! Stop!"

Seeing this scene, Lin Ting also stomped annoyed: "I knew you would do something bad! Stop it! Father!"

Lin Lei said angrily: "Lin Kai! If the old man has something short and long, I won't let you go around!"

At that time, the whole room was very lively, everyone was discouraging Lin Kai and told Lin Kai not to act rashly.

Lin Yuan in the corner almost laughed when he saw this scene, Lin Kai, Lin Kai, if Old Man Lin died in your hands, you would be completely finished!

Lin Lei, who was furious, stretched out his hand to pull Lin Kai aside, but he hadn't done it yet, and saw that Old Man Lin waved his hand and signaled Lin Lei not to move.

Lin Lei was taken aback, and then took a closer look, his father seemed... his face was a little ruddy, and his eyes were a little more refreshing.

"Small open, go on, very comfortable." Even when he spoke, Old Man Lin became a little more powerful.

Lin Kai smiled slightly, as soon as the silver needle pierced into the acupuncture point, the vitality was directly instilled into Grandpa's body and directly nourished the organs. That's why Grandpa would get better.

Chapter 24: Back Light

Chapter 24

The first silver needle pierced into Elder Lin's body, and Elder Lin immediately got better.

Elder Lin only felt warm inside his body at this time, and his internal organs seemed to be moisturized.

Director Liang on one side frowned when he saw this, he shouldn't! Chinese medicine should not be effective for elderly people with this symptom!

Director Liang has decades of work experience and has never seen a person with organ failure survive!

Western medicine can't help it, can Chinese medicine work? Besides, it is still acupuncture!

Soon, the second silver needle also pierced into the old man's body, visible to the naked eye, the old man's complexion became more ruddy.

When Lin Lei and Lin Ting, who were originally angry, saw this, they were all stunned. They had a look of despair. At this time, a flame of hope ignited in their eyes!

Lin Yuan in the corner looked incredible, how could it be possible? How could this bad old man be saved? It must be luck!

Faced with the better and better face of the old man, Director Liang touched his chin and said suddenly: "I know, people who are about to reach the end of their life

expectancy will suddenly come back, but this period of time will definitely not last too long, maybe it was his needle that irritated the old man, so the old man entered the state of "returning to light".

Director Liang has also seen patients who were originally terminally ill, but were suddenly alive and kicking. These patients generally know that they are not saved and feel relieved, and their body will get better, but they will definitely not escape. The consequences of a death.

The old man must have relaxed his mind and stimulated the final potential of the body after knowing that he was bound to die, so he looked ruddy.

Hearing this, Lin Ting and Lin Lei, who were full of expectations, immediately extinguished the flame of hope in their hearts by a basin of cold water.

Lin Yuan also breathed a sigh of relief, and I said, Lin Kai, how can you have such an ability!

Lin Kai was silent, only needle after needle stuck into the old man's body.

Two full hours passed, Lin Kai was already sweating profusely, but he didn't have time to wipe the sweat.

The old man's body was pierced with silver needles, there were dozens of them.

After the silver needle was pierced, Lin Kai let out a sigh of relief, got up from the seat, and wiped the sweat from his forehead.

"Okay." Lin Kai said.

"Okay?" Director Liang glanced at the old man and said, "Is there any effect if you do this?"

"Is it useful? I'll know in a while." Lin Kai said lightly.

Director Liang still shook his head: "It's useless. If Chinese medicine is useful, Huaxia will not have so many Western medicines. If you can save the father, I will worship you as a teacher in public!"

Director Liang didn't believe that a few silver needles could save a dying person. He didn't believe that Lin Kai had that ability.

Everyone stopped talking and quietly watched the changes that happened to Old Man Lin.

Soon, a magical scene happened. The vitality in the silver needle began to infuse into the old man's body. The old man's dry skin suddenly became full, as if it was inflated.

The whole body is ruddy and full, although it is not as good as the body of a young man, it is much better than the body of an average old man!

The red eye circles disappeared, and the bleak complexion was also full of ruddy. The most amazing thing is that the black hair on the old man's head turned black in ten seconds!

The old man is already in his seventies this year, but in just a few minutes, he actually became like a middle-aged man, looking the same age as Lin Ting!

"I...I'm all right?" Looking down at his body, Old Man Lin looked incredible.

When he spoke, Old Man Lin's eyes widened. When did he speak so sharply?

"Grandpa, try to stand up." Lin said with a smile.

Hearing the words, Old Man Lin tried to lift one of his legs. Old Man Lin, who had been struggling to lift his legs, lifted one of his legs very easily at this time.

Feeling like he was dreaming, Old Man Lin raised his other leg again and found that he could control his body completely!

I saw that Old Man Lin, who was dying just now, stood up at this moment! And two more steps!

"I...I'm really better!" Old Man Lin shouted out of excitement.

At this time, the scene was silent for a while.

Everyone looked at Lin Kai as if they had seen a monster!

Lin Kai actually pulled a person who was about to die back from the ghost gate, the old man of the Lin family was actually saved!

It is incredible, this should be an impossible thing!

After all, Old Man Lin's life was dying, he was about to burp, his vitality was exhausted, but Lin Kai just used a few silver needles to turn an old man into a middle-aged man!

This is better than Hua Tuo's alive!

Director Liang opened his mouth wide, and an egg could be placed in his mouth. He stared at Old Man Lin blankly, motionless, and his whole body was shocked.

He has practiced medicine for decades and has seen countless elderly people who died because of organ failure. No one can survive, no one!

Because this is the principle of reincarnation, no one can save you at the end of life!

But today, an eighteen or nine-year-old kid used a set of silver needles to refresh his worldview abruptly!

It turns out that in this world, there are people who are even more powerful than Hua Tuo, who can actually save people with a silver needle!

For the first time, Director Liang's heart was shaken by the notion that Chinese medicine is useless.

Lin Ting and Lin Lei, even more excited tears shed, their father actually survived!

All this is because of Lin Kai!

Because Lin Kai used a set of silver needles to save his father!

Although it felt unbelievable, the joyful mood still occupied the curiosity of the two people.

The beautiful eye nurse also had incredible writing in her beautiful eyes. Just now, she thought the handsome young man in front of her was just doing nothing.

But now, the eyes of the beautiful eye nurse looking at Lin Kai have changed, and their attitudes and opinions towards him have also changed.

Lin Yuan in the corner clenched his fist, his eyes seemed to be about to stare out! Blue veins on his forehead violently, and a pair of eyes filled with jealousy!

How can it be! How can it be!

A terrible old man dying! How is it possible to be saved? Still use a set of broken silver needles!

I can not be reconciled! I'm not reconciled! Lin Yuan roared in his heart.

He has felt desperate, and the second-generation Patriarch has no chance with him!

Why! I am the pride of heaven! I have studied abroad since I was a child, learned five cars, and can speak five languages! Taekwondo black belt! Strong social skills! Why! Why should I be better than a waste that has been squandering family property since childhood?

Chapter 25: Apprentice

Chapter 25

Lin Yuan's heart was full of unwillingness, he was unwilling to be riding on his head by a trash!

Lin Yuan, who was trembling all over, sat in the corner silently, and no one noticed that he had been so angry that he would explode on the spot, because everyone's focus was on Lin Kai!

Not only joined the wolfya, but also possessed a superb medical skill, which can pull a dying person back from the ghost gate. Such an ability is enough to shock the audience!

Elder Lin cried with joy, and tremblingly cried out holding Lin Kai, "Xiao Kai...good!"

After that, the old man Lin looked up and down Lin Kai, his eyes showed relief.

Now Lin Kai, not only does not have the old dude, between his eyebrows, but also has a heroic aura, and every move carries the iron-blooded temperament of a soldier.

Old man Lin found out that his grandson has really changed, and that he has changed so much!

"Xiaokai, my grandfather used to think that you were just a child who could only squander the wealth, but now my grandfather has changed his opinion of you. Xiaokai, you are great! You are the best one among the young people in the Lin family!"

Mr. Lin gave Lin Kai a high evaluation, which made Lin Lei and Lin Yuan's expressions look bad.

Lin Kai really got the support of Mr. Lin, and coupled with his roots, why did Lin Yuan compete with Lin Kai for the position of the second-generation Patriarch?

Lin Kai's father, Lin Ting, also showed a smug look on his face. Lin Kai is his son. Lin Kai is in the limelight, and his face is bright.

"As expected of my son!" Lin Ting said smugly.

"But Xiaokai, when did you learn acupuncture?" Lin Ting suddenly asked a very important question.

Everyone at the scene looked at Lin Kai. This question is very important. After all, Lin Kai has become a special soldier. It can be explained by the four words of potential explosion, but acupuncture can't have potential explosion, right?

Lin Kai scratched his head, rolled his eyes, and said nonsense: "Well, I met an old military doctor in the army. That old military doctor is very good, I learned from him."

This excuse was justified. Everyone looked at each other and stopped asking more questions.

Although Lin Kai's medical skills were amazing, they didn't have the right to know the secrets of Lin Kai's body, so they stopped asking more.

At this time, Director Liang had a wonderful expression on his face, his complexion was blue, but his eyes were shining.

Looking at Lin Kai's eyes, it was like seeing a beautiful woman without clothes.

Lin Kai used his medical skills to slap Director Liang on the face. Although he felt that his face was shameless, Director Liang still felt that he had found a talent.

If such talents are absorbed into your own hospital, your own hospital can immediately become a well-known hospital in Jiangbei Province and even the whole country!

Lin Kai glanced at Director Liang, shook his head, and smiled: "Director Liang, don't underestimate anyone. My great Chinese culture is extensive and profound. If you haven't seen it before, it doesn't mean that Chinese culture is weaker than Western culture."

"Okay, my grandfather is already well, if Director Liang is fine, please go back."

This is Lin Kai's eviction order.

Lin Kai really didn't have a good impression of Director Liang. After all, when he was treating his grandfather just now, he talked the most and the most unpleasant.

Director Liang's face turned red and he felt embarrassed, but he still didn't want to leave.

"Then what, Mr. Lin, Mr. Lin has just recovered, why don't we let us go for a checkup?" Director Liang hesitated for a while and said.

Hearing this proposal, Lin Ting thought for a while and nodded: "Okay, let's see how the old man's body is."

Director Liang received an answer and immediately ordered the doctors and nurses to perform a full examination of the body of Mr. Lin again.

Lin saw the situation and didn't stop him. Director Liang just wanted to know how amazing his Chinese medicine was.

Ten minutes later, Director Liang held an inspection report, his eyes widened: "It's incredible!"

"What's the matter?" Everyone gathered around and looked at the inspection report in Director Liang's hand.

"The old man's body is actually better! The various organs are full of vitality! Not only that, it seems that the whole body is a lot younger, and now the physical quality of the old man is about the same as that of a middle-aged man in his 40s and 50s!"

Director Liang said incredible.

Although the scene where Mr. Lin was rescued by Lin Kai using acupuncture was incredible, Director Liang still wanted to see the true condition of Mr. Lin's body.

The physical condition of Old Man Lin really surprised Director Liang.

Not only is it better, not only is good health, but also physical fitness is 20 or 30 years younger!

Lin Kai, an eighteen or nine-year-old boy, completely shocked him, an old western doctor. Where is this dude? This is simply better than Hua Tuo's alive!

Although Hua Tuo's medical skills are great, he can't make a person's physical fitness so many years younger, right?

At this time, Director Liang admired Lin Kai's medical skills as a five-body cast!

"Young Master Lin." Director Liang looked at Lin Kai very seriously at this time, clasped his fists in his hands, and bowed directly.

"Teacher!" After Director Liang bowed, he changed his name directly and yelled out Teacher.

Lin Kai was taken aback, stepped back a few steps, and asked with a surprised look: "What are you doing?"

"From now on, Young Master Lin will be my teacher. I have never served anyone in medicine in my life. To you, I am convinced. From now on, I will be your student!"

The expression on Director Liang's face is very serious, and it doesn't look like a fake.

Lin Kai was also dumbfounded, saving his grandfather, but he didn't expect to have one more student.

Although Director Liang is somewhat proud of his talents, Lin Kai still appreciates his love for medicine.

“It’s inappropriate, I’m so young.” Lin joked and shook his head to refuse.

“In terms of learning, there is no difference in age. Whoever knows better is the teacher.” Director Liang said persistently.

Lin Kai looked at him like this, it seemed that he would never give up if he didn’t be his own student. Lin Kai could only helplessly say, “Okay, get up, we can communicate together in the future.”

“So, did you agree?” Director Liang was delighted, while Lin Kai couldn’t laugh or cry.

The eyes that the beautiful eye nurse looked at Lin Kai were even more peculiar. This young man was really incomprehensible.

Director Liang’s WeChat was added, and then Director Liang was sent away. When the beautiful eye nurse was leaving, she also came to Lin Kai’s WeChat.

Lin Kai was very happy to be asked to take WeChat by a beautiful woman.

Old man Lin is fine, the entire Lin family walked out of the depressed atmosphere and once again became an active Lin family.

Chapter 26: Winter Clothes

Chapter 26 Winter Clothes

After tossing all day, Lin Kaizhai was in his room at night, holding his mobile phone, having fun playing.

Lin Kai regretted adding Director Liang’s WeChat account. After adding WeChat, Director Liang can be said to keep asking questions one after another.

Lin Kai could only prevaricate.

At nine o’clock, Director Liang finally stopped asking, he seemed to go to bed.

Lin Kaigang opened King Glory and prepared to make two calls, and his cell phone rang again.

A person named Dongyi asked him to chat again.

“You performed great today.”

After seeing this sentence, Lin Kai jealously sat up directly from the bed.

I performed great today? This sentence seems to have some other meaning. Looking at the avatar, I am still a girl. I am not with a girl today, right?

“Your medical skills are very good, and I admire you very much.”

After seeing this sentence, Lin Kai was immediately relieved, it turned out to be about medical skills.

The circle of friends who clicked on the winter clothes took a look. This girl was the beautiful eye nurse that Lin Kai had seen during the day.

Her circle of friends is very clean, with only pictures of landscapes and sentences expressing her feelings, and she can't find selfies at all.

Although Lin Kai still didn't know what she looked like, Lin Kai dared to conclude that she was a beautiful woman just by looking at her eyes.

In the last life, Lin Kai was a sad bachelor. In this life, it was hard to have such a handsome face and such a good family background. I must seize the opportunity and seize the girl!

So Lin Kai replied: “Haha! It is my duty to save the dead and heal the wounded, who made me a soldier!”

After a while, winter clothes sent a mouth-covering smile: “Hey, I didn't see it, you are so cold on the surface, it's actually quite funny!”

Lin developed an arrogant expression: “I am not cold, I am just cold to people I don't know, hum!”

“Get to know, my name is Lin Qingyi, I know your name, and your name is Lin Kai.”

“Lin Qingyi? Good name, nice.” Lin Kai replied.

Lin Qingyi: “To be honest, with Director Liang for so long, I saw him calling someone a teacher for the first time, boy, you are good, sister admires you!”

After sending this sentence, Lin Qingyi also sent a few cute emoticons.

After contacting Lin Qingyi with a few words, Lin Kai found that this girl seemed to be in touch.

Because he just saw a pair of eyes, Lin Kai had a huge curiosity about Lin Qingyi in his heart. He really wanted to know what she looked like.

In Lin Kai's heart, the idea of appointing Lin Qingyi was born.

"By the way, why don't you have a selfie of you in your circle of friends?" Lin Kai asked, and also made two rolling eyes expressions by the way.

"My sister is so embarrassed that she can't let you mortals see it." There were two haughty expressions behind this sentence.

The more Lin Qingyi said that, the more itchy Lin Kai's heart became. He couldn't forget those eyes.

"Well, let's play a game. I roll the dice. If it's one, two, three, you send a selfie of you. If it's four, five, six, I don't want to take a selfie. How about I invite you to dinner?"

After sending this sentence, Lin Kai smiled cunningly. In this way, he would take advantage anyway.

Lin Qingyi made two smiles and crying expressions: "You treat me stupid, do you want to ask me? No play!"

Lin Kai was also a little distressed when he saw Lin Qingyi not taking the bait.

But Lin Kai hadn't finished his distress yet, Lin Qingyi's words made Lin Kai almost jump from the spot.

"Well, tomorrow, I will invite you to dinner, in the small restaurant opposite our hospital, see or leave."

"Goodbye! I'm sleeping! Good night!"

Behind them are two sleepy expressions.

Lin Qingyi wanted to invite herself to dinner, and Lin was very happy.

Tomorrow is Lin Kai's last day in Jiangbei, and after tomorrow, he will report to the Southeast Military Region.

I don't know if I can get out of the single state before tomorrow.

Lin Kai was alive and single for more than 20 years in his last life!

In this lifetime, although Young Master Lin was suave and has had countless women, this **** system actually made Lin Kai unable to think of it at all!

That's right! The process of Young Master Lin getting on a woman was completely erased by the system!

In other words, Lin Kai is still a virgin now!

An Ran, An Ran, if you look down on me, then I will find a better one! I, Lin Kai, left you safely, not that nobody wanted it!

Turning off the phone, Lin Kai fell asleep in bed.

The next day, Lin Kai finished washing, put on a set of casual clothes that he thought was handsome, and took a taxi to Jiangbei Hospital.

Lin Kai, who is an otaku, didn't realize that he is now Young Master Lin!

In and out, it was a Rolls-Royce luxury car to pick up and drop off. He actually chose to take a taxi!

Although the clothes he wears are all custom-made brand-names, on the surface, they can't really tell how expensive the clothes are.

As for the expensive suits and gold watches at home, Lin Kai did not move.

He feels uncomfortable wearing a suit, Rolex always feels heavy when wearing it...

You deserve to be single.

Jiangbei Hospital, the largest hospital in Jiangbei City, is also the most professional hospital.

Director Liang works at Jiangbei Hospital, and Lin Qingyi is also a nurse at Jiangbei Hospital.

When he came to the door of Jiangbei Hospital and looked across from Jiangbei Hospital, Lin Kai immediately saw the small restaurant in Lin Qingyi's mouth.

It's really a small restaurant, the facade is not big, two facade rooms, there are not many people inside, but better than clean.

With a ding dong, Lin Kai's cell phone rang, and took out the cell phone to see that it was a message from Lin Qingyi.

"Young Master Lin, I saw you! Guess where I am?" Two mischievous expressions followed.

I don't know why, Lin Kai felt a little nervous at this time, but it was a bit of the feeling of meeting his girlfriend in online dating when he was young.

Turning around and looking around, the nurse in white clothes did not see it.

Looking at those beautiful girls, although some of them are very beautiful, Lin Qingyi's eyes cannot be forgotten by Lin Kai.

Suddenly, a figure standing at the entrance of the hospital caught Lin Kai's attention.

She is wearing a pair of blue jeans, a pair of long legs are very slender and attractive, a pair of high heels are on her feet, a pair of jade feet are very beautiful, the upper body is a white simple half sleeve, and a long hair, her back is facing Lin Kai, Lin Kai couldn't even see what she looked like.

But Lin Kai's instinct told him that it was her!

After calming down his nervousness, Lin Kai told himself in his heart that he is now the youngest of the Lin family and there is nothing to be afraid of!

So Lin Kai walked over quickly, walked behind her, and asked tentatively: "Lin Qingyi?"

Chapter 27: Lin Qingyi

Chapter 27: Lin Qingyi

The girl in front of her turned around, her beautiful and energetic eyes, once again broke into Lin Kai's memory.

The moment he looked at Lin Kai with expressive eyes, Lin Kai felt that his heart was melted. Those beautiful and hazy eyes contained all the girls emotions, as if the brightest star at night could also ignite Lin Kaixin. The lamp in the middle.

She was also wearing a black mask, and could not see her face clearly, only her beautiful eyes could be seen.

"Lin Kai?" Lin Qingyi glanced up and down at Lin Kai, and found that Lin Kai was actually dressed in ordinary clothes, and she couldn't see the appearance of Lin Family. She was somewhat surprised.

"It's me, why are you still wearing a mask?" Lin Kai touched his head, at this moment as shy as the big boy next door.

Lin Qingyi smiled and pointed to the small restaurant: "I'm hungry, let's go eat first."

Lin Qingyi led Lin Kai into the small restaurant. There were not many people in the small restaurant. The owner seemed to know Lin Qingyi. Lin Qingyi ordered a few dishes and sat down with Lin Kai.

"By the way, Young Master Lin, you actually came by taxi? Yesterday in your parking lot, I saw it. There are countless luxury cars!" Lin Qingyi asked with a smile.

"I don't like driving." Lin Kai let out a dry cough, so he wouldn't say that he forgot to drive.

As everyone knows, Lin Qingyi nodded, seemingly satisfied with Lin Kai's answer.

"Me too. I hate that kind of **** who drove a luxury car on the road and swaggered across the street. The engine was changed so loudly, it was so noisy."

Lin Kai smiled awkwardly when he heard this. The former Young Master Lin seemed to be the kind of person Lin Qingyi said.

Soon, the food was served. Lin Qingyi asked for home-cooked dishes, scrambled eggs with sauce, fish-flavored eggplant, dried and stir-fried carob.

Plus two bowls of rice.

It just so happened that Lin Kai was also hungry, so he was not polite. He picked up his rice bowl and ate with a big mouthful of incense.

Lin Qingyi blinked a pair of curious big eyes and stared at Lin Kai for dinner.

Lin Kai blushed when he was seen, and said, "Is it ugly to look at me?"

"No." Lin Qingyi smiled and shook his head: "Actually, I hate people like you, Young Master Lin."

Hearing this, Lin Kai was taken aback, and the hand holding the chopsticks also stopped.

"But I found that you seem to be different from those young masters. Those big and young, pick up and drop off in luxury cars, and chat on WeChat, also give people a feeling of unattainable, dressed in just three words, nouveau riche!"

"Those rich and young have no special skills, but you are different."

"I heard that you are a soldier? A special soldier?" Lin Qingyi asked with blinking big eyes.

Lin Kai nodded very honestly: "Yes."

"Soldiers have good medical skills, have a good family background, are handsome and humble."

"The food here is all home-cooked dishes. I didn't expect you to be able to eat it. It doesn't fit your identity at all."

Lin Qingyi was stunned by what Lin Qingyi said. Modest? Isn't this what an ordinary person should have? Why did you get to Lin Qingyi's place, all the ordinary things in yourself seemed to have become advantages?

Is it just because he wears a hat of a wealthy man?

"I treat you as my real friend now! Hello, my name is Lin Qingyi." Lin Qingyi stretched out her little hand.

Lin Kai wiped his hands and shook hands with Lin Qingyi. Lin Qingyi's small hands were as thin as boneless, white and tender, and very cold and comfortable.

However, Lin Kai just shook his hand and released it.

Seeing Lin Kai so sensible, Lin Qingyi smiled and asked, "Do you want to see what I look like?"

Lin Kai, who was planning to eat, was stunned again, nodded, and stared at Lin Qingyi intently.

Lin Qingyi took off the mask from her face in front of Lin Kai.

As soon as the mask was taken off, the chopsticks in Lin Kai's hand fell to the ground uncontrollably.

So beautiful

The white and tender skin, can be broken by blows, the small cherry mouth, and the charming facial features on his body seem to have become the beginning of Lin Kai's crime.

Lin Kai really couldn't think of any words to describe Lin Qingyi in front of him. He could only use four words to describe the fairy tale.

The Buddha is a fairy who does not eat fireworks in the world. Not only does her eyes have beautiful eyes, but any part of her facial features are very beautiful, without any flaws.

The tall nose, small cherry mouth, willow eyebrows, expressive eyes, and the most important thing is her skin, white and tender, it looks like a pinch can pinch water out.

Lin Qingyi raised her chin with both hands, tilted her head and looked at Lin Kai, laughed, and her two cute little tiger teeth were immediately exposed.

"Hehehe, how is it? Sister is good-looking, right?" Lin Qingyi asked with a smile.

"It looks good." Lin Kai nodded subconsciously, drooling from the corners of his mouth.

Lin Qingyi in front of him is definitely a beauty of the same level as An Ran, even a bit more beautiful than An Ran!

"Now you know why my sister has been wearing a mask? In the hospital, those who have undergone certain removal operations, they immediately collapsed when they saw my sister. There is no way, my sister can only wear a mask every day.

Lin Kai couldn't laugh or cry when he heard this, yes, with Lin Qingyi's beauty, people can indeed break the line!

"By the way, Lin Kai, I asked you out today, but I actually wanted to ask you." Lin Qingyi smiled cleanly and moved closer to Lin Kai.

A scent of fragrant wind hit, Lin Qingyi lay down beside Lin Kai, when Lin Qingyi spoke, Lin Kai felt a gust of heat approaching her ears.

"What's the matter with your acupuncture and moxibustion saving people? Tell your sister." Lin Qingyi asked with her big watery eyes.

It turned out to be acupuncture.

Not only Director Liang is a medical idiot, but Lin Qingyi is also a medical idiot. He is very curious about Lin Kai's acupuncture and moxibustion to save people.

Lin Kai smiled and shook his head: "I can't tell you."

Nonsense, the system is your biggest secret, how can I tell you?

Lin Qingyi sat back quite disappointed when he heard this, and said grievously: "Okay."

Lin Kai couldn't bear to see her like this, so he added: "But if you can use my place in the future, you can call me."

"Really?" Lin Qingyi's eyes lit up and asked.

"Really."

"Cheers!" Lin Qingyi raised the Coke on the table and touched Lin Kai's beer.

A meal was very pleasant. Although Lin Qingyi didn't ask Lin Kai's secret, she seemed to have a good impression of Lin Kai.

Seeing Lin Qingyi's face, Lin Kai's soul was taken away by Lin Qingyi.

For such a beautiful girl, Lin Kaifa vowed to catch it!

After checking out, the two of them walked out of the small restaurant, but as soon as they walked out of the small restaurant, Lin Kai and Lin Qingyi immediately ran into a young man in their twenties.

The young man in suit and leather shoes is slightly fat, wearing a gold watch in his hand, and looks like a nouveau riche.

The young man was shocked when he saw Lin Qingyi, then overjoyed, but when he saw Lin Kai beside Lin Qingyi, his brows were frowned.

“Qing Yi, who is he?”

Chapter 28: Li Feng

Chapter 28-Li Feng

The appearance of the young man couldn't bear to look directly at it, just like the scene of a car accident. His facial features seemed to be acne-prone to no one.

However, his clothes are very glamorous, an Armani suit, crocodile leather shoes on his feet, and a Vacheron Constantin watch in his hand.

On his waist, there is even a BMW car key.

Lin Qingyi frowned immediately after seeing him. Before Lin Kai could speak, Lin Qingyi said: “Li Feng, he is my friend, please don't embarrass him.”

The person in front of you is called Li Feng? Lin Kai tilted his head and thought about it. In Jiangbei, he didn't even know the man named Li Feng.

Li Feng looked at Lin Kai's eyes as if he could eat people. Seeing Lin Qingyi actually protecting Lin Kai, there was a jealousy in Li Feng's heart.

“Qing Yi, it turns out that you didn't agree to my pursuit because of this little white face?” Li Feng pointed to Lin Kai and questioned Lin Qingyi.

Li Feng turned around in a frantic manner. It was an anger. He was struggling to pursue Lin Qingyi for many days and failed. He had never seen Lin Qingyi's smile, but he saw his goddess and other men in the same place. Together, how can he not be angry?

Lin Kai put his hands in his pockets and looked at Li Feng playfully.

“Is Li Feng what is inferior to him? Look at him, all the stalls, can he give you happiness?”

“Only I, Li Feng, can give you happiness! There are several restaurants under my father’s name. As long as you nod, those are all yours!”

“Qing Yi, don’t be fooled by this kid’s rhetoric, he is here to lie to you for money! Look at him, what else is there besides being handsome?”

Lin Qingyi covered his face when he heard the words, pretending not to know Li Feng.

Local stalls? Although Lin Kai wears casually, his clothes are all custom-made by big brands. All of his clothes are enough to buy the BMW at Li Feng’s waist.

Seeing Li Feng stalking so hard, Lin Qingyi also frowned slightly, and Lin Qingyi directly took Lin Kai’s arm.

“He is my boyfriend, Li Feng, please don’t bother me anymore. It’s my right to choose who you choose.” Lin Qingyi said lightly.

But Lin Kai’s eyes widened. Lin Qingyi’s upper body was only wearing a simple white half-sleeve. After putting it on this way, Lin Kai immediately felt the amazing fullness and softness.

Lin Qingyi, the capital is not small!

When Li Feng saw this scene, he exploded!

This is the goddess he has been searching for! She didn’t even pull her hand for so long, but now she is holding someone else’s arm!

At that time, Li Feng looked at Lin Kai’s eyes, it was cold, and the jealousy in his eyes couldn’t hide.

Seeing that there is no play on Lin Qingyi’s side, Li Feng glared at Lin Kai and said angrily: “Boy, if you are acquainted, stay away from Qingyi, otherwise I will let you know the fate of offending my Li Feng!”

Hearing that, Lin Kai laughed too, and someone actually said something like this to the Lin family!

“Oh? What can you do if you offend?” Lin Kai asked with a smile.

“Do you **** know who I am?” Li Feng asked Lin Kai, pointing his thumb to his nose, with a silly look.

I saw Li Feng akimbo and said angrily: “I am Li Feng, and my dad is Li Gang! My dad has five restaurants under his name! I have to call the whole Jiangbei to be there. This is the end of offending me!”

Li Feng was almost staring at Lin Kai with his nostrils, his appearance was as arrogant as he was.

Lin Qingyi on one side couldn't help but laugh out loud at this moment. Li Feng didn't even know that it was the young master of the Lin family in Jiangbei, Lin Kai!

Lin Kai touched his nose when he heard the words. "Your dad is Li Gang? There are five restaurants under his name? How amazing?"

Li Feng didn't hear the ridicule in Lin Kai's words at all, and he really thought Lin Kai was scared.

Li Feng nodded proudly: "Of course, it's still too late for you to kneel and apologize to me!"

"What if I don't kneel down?" Lin Kai asked rhetorically.

"Then you are dead!" Li Feng said coldly.

Lin Kai rolled his eyes and glanced at Lin Qingyi. Lin Qingyi looked up at Lin Kai, smiling without saying a word.

At this time, I saw Li Feng remove the BMW car key from his waist.

He took the car key and dangled in front of Lin Kai's eyes for two laps, and sneered: "Haha, I'm sorry, do you have the BMW that my dad just mentioned to me? What qualifications do you have to be with Qingyi?"

"Now hurry down and apologize and leave Qingyi. I can forgive you. Maybe I can give you a chance to follow me."

"But if you toast and not eat or drink fine wine, I will make a call, and the whole famous young and old in Jiangbei will be there! Then I will let you go around without eating!"

Facing the clamoring Li Feng, Lin Kai waved his hand: "It's up to you."

Seeing Lin Kai's seemingly indifferent, this really angered Li Feng, and saw that Li Feng took out an Apple mobile phone from his pocket and was about to make a call.

"You kid has a kind, wait for you to die!" After that, Li Feng stepped aside and called someone to go.

"Hello? Young Master Zhang? Something happened to me..."

"Hello, Master Wang..."

“Shao Li...”

Seeing Li Feng calling people one by one, Lin Kai was not anxious, but Lin Qingyi was anxious.

She shook Lin Kai’s arms, her big eyes were a little worried: “Li Feng has started looking for someone, won’t you call home?”

Lin Kai smiled and said, “To deal with this kind of person, do I still need to call home? I am enough.”

The Lin Kai now is no longer the Lin Kai he used to be, and there is no need to call someone in the family to deal with Li Feng, the lowest-ranking dude in Jiangbei.

Lin Kai alone is enough.

After the call, Li Feng walked back and pointed to Lin Kai’s nose and cursed: “Little bastard, wait for me, you are dead! My friends are already on the road, I will show you in a while. What is despair!”

After that, Li Feng looked at Lin Qingyi again, the love in his eyes couldn’t hide.

“Qing Yi, I will give you one last chance to leave this poor boy and stay with me. I promise that I will let you have a good food and clothing for the rest of your life, and enjoy prosperity and wealth!”

“Look at him again, what can he give you with this poor look?”

“I can let you spray Chanel perfume, use Dior’s lipstick, carry Prada’s bag, and ride in a BMW. Can he give you this pauper?”

Li Feng became more and more excited as he talked, spitting out the stars, his every move, all his words showed his family history.

Every sentence belittles Lin Kai’s humble life experience.

But Lin Kai stood with his hands in his pockets and remained silent.

And Lin Qingyi also covered her small mouth with a smile.

Chapter 29: Prepare For Funeral

Chapter 29

“Qing Yi, leave him, I am the one who loves you!”

“I can give you everything you want, can he?”

“I have money. I have money in my house. Why do you go to work? Isn't it for money? I can give it to you!”

“Promise me, Qing Yi.”

Faced with Li Feng's hard pursuit, Lin Qingyi was finally angry.

“Li Feng! You're enough!” Lin Qingyi suddenly stomped and said angrily: “Do you know what I hate you most? What I hate is not your looks or your height, but the smell of copper on your body. the taste of!”

“Is it great if you have money? Can you buy affection if you have money? Impossible!”

“Li Feng, I will also give you a chance. I'm leaving now. It's still too late, otherwise my boyfriend will really embarrass you for a while!”

Lin Qingyi still felt soft, and kindly reminded Li Feng, after all, Li Feng was kind to her, even though Lin Qingyi didn't like Li Feng.

But when Li Feng heard Lin Qingyi's words, he was angry at the time. Li Feng pointed at Lin Kai and said disdainfully: “Just him? He can embarrass me? Qingyi, it seems that you still don't understand the strength of my family.”

“My dad basically knows all the bigwigs of the upper class in Jiangbei City. There are five five-star restaurants in my house, and the big bosses in the city come to my house for dinner.”

“The celebrity, Li Feng, knows even more. Just him, a little white face, can he embarrass me? Qing Yi, don't excuse him, he is doomed to not leave today!”

Lin Qingyi covered her forehead with a helpless expression on her face.

Lin Qingyi really gave Li Feng a chance, but Li Feng took Lin Qingyi's kindness as donkey liver and lungs, and Lin Qingyi was helpless.

Li Feng put his hands in his pockets, staring at Lin Kai extremely arrogantly, and wiped his neck.

Lin Kai shrugged with an indifferent expression. Now Lin Kai has no problem hitting ten of them. If he can't beat them, he can still run, but Lin Kai doesn't believe it. In Jiangbei, who dares to touch him, Young Master Lin!

Soon after, I saw a group of luxury cars coming from a distance.

The leading car is actually a Rolls-Royce Phantom, and behind it is Land Rover and Jaguar. There are more than a dozen luxury cars!

The luxury car stopped directly in front of the small restaurant. When such a fleet appeared, it immediately attracted a large number of onlookers. Many people pointed to the luxury car.

Seeing the luxury cars, Li Feng smiled triumphantly at the time, and said with a gleeful smile: "Little bastard, you are finished! Have you seen these cars? The young masters inside are all my friends. What do you compare with me?"

There was a sound of opening doors, and one young master after another came out of the car. There were dozens of rich second generations.

Everyone is dressed brightly, high and low, fat and thin, with three words written on their faces, I have money!

These are the lowest-ranking rich second-generation generations in Jiangbei City. Basically, they do business in their homes, with an annual income of tens of millions.

At this time, Li Feng ran over, with enthusiasm, smiles, and handshake after another.

"Ohhhhhh, Shao Li, trouble you..."

"Shao Zhang, long time no see..."

"Young Master Wang, if you have any trouble..."

"Don't worry, help my brother, my brother will arrange for Shangri-La tonight!"

Li Feng had a hot face on their cold ass, and the group of young masters also responded coldly to Li Feng.

It seems that although Li Feng has two money in his family, Li Feng is clearly the bottom of the rich second generation.

At this time, a big bald head came out, the big bald head was wearing a black half sleeve and a big gold chain around his neck. He took a cigar and said, "That's it, Li Feng, someone is asking you for trouble? Take me to see. Look, I want to see who is bullying my brother Li Feng!"

After that, the big bald head grabbed Li Feng's neck with one hand. Li Feng didn't dare to resist, pointed at Lin Kai and said, "Brother, it's him!"

When Li Feng pointed, all the young masters on the scene looked at Lin Kai together, with a proud look on their faces.

But after seeing Lin Kai's face, this group of young masters was stunned. The person in front of him seemed a bit familiar!

The big bald head immediately recognized Lin Kai's identity in front of him, and the look on his face changed at that time.

"Are you sure it is him?" the big bald head asked.

Li Feng nodded and said decisively: "It's him! Brother! He robbed my horse. Today I must abolish his legs!"

Li Feng was a man gritted his teeth, pointed at Lin Kai, and said angrily: "Little bunny, you are arrogant! You arrogantly show me!"

"Have you seen the brothers behind Lao Tzu? Those are all the eldest young masters of the upper class. Playing with your stinky trash is like playing around!"

"I will give you a chance now, give me a kneel and go under my crotch, I can consider letting you go."

"You dare to move my horse, you really don't know how to live or die!"

Li Feng was arrogant in front of Lin Kai, turned around and looked at Lin Qingyi with a smile, with a trace of complacency on his face: "Qing Yi, have you seen it? These people are all my friends, he can be so rich Friends?"

"Leave this **** and follow me."

Lin Qingyi still frowned her eyebrows, sighed, and looked at Li Feng with a hint of pity.

Seeing that Lin Qingyi was still ignoring himself, Li Feng cast all his anger on Lin Kai's body: "Fuck, you little gadget, why don't you kneel down for me?"

"Brother, he..."

Li Feng turned his head very arrogantly and was about to call someone, but when he turned around, he saw dozens of rich second-generation standing in place very quietly and looking at him with a very strange look.

Especially the big bald head, looking at Li Feng's eyes, seemed to see a dead person.

"Brother, why aren't you talking?" Li Feng was a little strange and asked when he came to the side of the big bald head.

At this time, the big bald head pushed Li Feng away like the **** of plague: "Who is your brother? Don't hold me if you want to die. I don't have a brother like you."

"Huh?" Li Feng was stunned, what did this mean, he was at a loss.

Then Li Feng came to a rich second-generation who had a Jaguar key on his waist, and said: "Wang Shao, you are usually at my hotel, and I have to give you..."

"Certainly, I have missed a few meals, and I will pay you all back, but don't ask me for this matter today, I can't help."

"My brother kindly reminds you, that one, in Jiangbei, there are not many people who can provoke him. If you offend deeply, call home now and prepare for the funeral."

What the skinny said made Li Feng stunned, ready for fun?

The kid behind me?

Are you kidding me?

But seeing the serious expressions of these rich second generations, Li Feng's heart snorted.

Looking back, Lin Kai looked at him with a smile.

The cold sweat on Li Feng's forehead came down at that time.

"Brother, can you tell me who is he?"

Chapter 30: The Holiday Is Over

Chapter 30

The thin man smiled and said, "Do you know the Lin family?"

"The Lin family?" Li Feng nodded. Of course, he knew that the Lin family knew that there was a very large family in Jiangbei. No one knew about the whole Jiangbei.

Wait, the Lin family?

Li Feng suddenly understood something. He looked back at Lin Kai mechanically and stuttered: "Brother, brother...you mean, he is from the Lin family?"

The thin man nodded and said, "Young Master Lin, Lin Kai, the top dude in Jiangbei, you dare to mess with it?"

After hearing this sentence, Li Feng seemed to be struck by five thunders!

It was Lin Kai!

Of course he is familiar with the two words Lin Kai. As a whole Jiangbei, who doesn't know Lin Kai's name?

However, his Li Feng's level could not reach Lin Kai's circle, so he had only heard of Lin Kai, but had never seen Lin Kai.

Although he has never seen Lin Kai, Li Feng understands that this Lin Kai represents the top family power in Jiangbei!

I actually offended Lin Kai!

No wonder Skinny asked himself to go back and prepare for the funeral. Young Master Lin Jialin wanted to disappear from this world. It was so easy!

Thinking of how he was so arrogant in front of Lin Kai just now, Li Feng was almost scared out of urine.

Dead, dead!

I actually offended Young Master Lin Jialin!

No wonder Lin Qingyi just said to give herself a chance, otherwise his boyfriend would embarrass him. This is not bragging, but Lin Kai is really capable!

At this time, Li Feng's heart was ashamed, and for a while, he didn't know what to do.

At this moment, the big bald head turned his eyes, came behind Li Feng, and kicked Li Feng's ass.

With a plop, Li Feng was directly kicked by a big bald head and a dog ate papa.

"Fuck, Li Feng, are you tired of living? Do you dare to provoke Young Master Lin?" The big bald head scolded and kicked Li Feng forward.

The one that Li Feng was hit was a man rolling all over the ground, covered in mud, so embarrassed.

When other young and old saw the big bald head's behavior, they all followed suit. Countless people joined the battle, and dozens of people ganged up.

"Damn, Young Master Lin dare to provoke him, and want us to offend Young Master Lin? It's time to fight!"

“Li Feng, you don’t take a **** and take photos of yourself. Are you worthy to fight Young Master Lin?”

“You don’t deserve shoes for Young Master Lin!”

A group of people violently beat Li Feng cursingly. Li Feng’s voice was directly drowned in the abuse. There was a crackling sound. After a while, Li Feng’s voice could not even be heard.

Ten minutes later, the crowd dispersed, only to see Li Feng lying on the ground very embarrassed.

The current Li Feng didn’t have the compelling energy he had just now. The brand on his body was beaten like a beggar’s clothing at this time, with one hole on the left and another on the right.

His hairstyle was also stained with mud, there were two teeth on the ground, the corners of his mouth were bleeding, and his body was bruised and red.

The group of people with big bald heads started without any ambiguity. They were really fighting!

Li Feng couldn’t even speak on the ground at this time, so he could only keep rolling while clutching his stomach.

The big bald head trot in front of Lin Kai and said with a low smile: “Young Master Lin, this little gadget doesn’t recognize you. It’s time to fight. I have already taught him for you.”

Lin Kai glanced at this big bald head. To be honest, Lin Kai didn’t know this big bald head, but it was normal for him to know himself and want to please himself.

Lin Kai patted his big bald head on the shoulder, and said with a smile, “Good job.”

After receiving Lin Kai’s compliment, the big bald head looked like a dog got the bone, smiled and nodded, wagging his tail at Lin Kai.

Lin Kai glanced at Li Feng on the ground, walked in front of him, and smiled: “Li Feng, I really can’t drive a BMW, because I usually drive a Bugatti Veyron out of the house, and Chanel can’t afford it either. I give a girl a gift. , I only give away millions of things. There really are no five big hotels in my house. It seems that there is only one national hotel chain company, which is about a few hundred.”

“Although my family is very poor, but Lin Qingyi likes me, there is no way.”

After that, Lin Kai hugged Lin Qingyi's shoulder directly, Lin Qingyi was taken aback, but still cooperated with Lin Kai and looked at Li Feng with a smile.

Li Feng was on the ground at this time, wishing to bury his head in the soil. Today, Li Feng has lost all his dignity for his entire life.

What he said just now was nothing more than a joke in Lin Kai's eyes.

Seeing that his goddess has become someone else's plaything at this time, and he still looks down on himself, only he can understand the taste in Li Feng's heart.

Li Feng lowered his head and did not speak. Lin Kai looked at Lin Qingyi and smiled: "Qing Yi, what do you say to him?"

Lin Qingyi is a girl after all, and seeing Li Feng in such a tragic situation, she can't bear to do anything to him.

"Forget it, send him to the hospital, after all, he didn't do anything to us." Lin Qingyi said softly.

Lin Kai nodded, to deal with this annoying fly, Lin Kai didn't bother to care about him.

"You handle it." Lin Kai waved at the big bald head, hugged Lin Qingyi and left the scene.

Walking into Jiangbei Hospital all the way, Lin Qingyi glanced at Lin Kai faintly at this time: "Is it enough to take advantage? Don't let go?"

Lin Kai was taken aback, only to realize that he was still holding Lin Qingyi, quickly let go, and smiled shyly: "Hey, I'm sorry, I'm in the play, and I really think of myself as your boyfriend."

Lin Qingyi smiled shyly, did not express anything directly, but said: "Well, Young Master Lin, I'm going to work, goodbye!"

Lin Qingyi didn't wait for Lin Kai to speak, put on a mask and bounced into the hospital.

Lin Kai scratched his head outside the door, looked at Lin Qingyi's back, and then thought of the alluring fragrance on Lin Qingyi, he actually smiled stupidly.

Lin Qingyi, if it were not for me to return to the army tomorrow, I must pursue you!

Lin Qingyi, wait, when I come out of the army, I will pursue you!

Lin Kai turned and left Jiangbei Hospital, took a taxi, and returned to Lin's house.

All day long, Lin Kai's head was filled with Lin Qingyi's sweet smile and enchanting eyes. He seemed to be possessed by a demon, thinking about Lin Qingyi every moment.

"Am I obsessed? I'm going to the army tomorrow. How can I think of a woman who is impossible with me?" Lin Kai sighed, lay down on the bed, and fell asleep unknowingly.

It was the alarm clock that woke Lin Kai the next day. At five o'clock the next morning, Lin Kai woke up in a daze, and when he looked at the time, he was immediately excited.

He washed his face and brushed his teeth as quickly as possible, then packed his luggage, bid farewell to his parents, and went to the lawn next to the helicopter.

Set off, head to the Southeast Military Region!

Chapter 31: 358 Regiment

Chapter 31 358 Regiment

As the helicopter took off, behind a certain window of the Lin family, Lin Yuan's cold and jealous eyes were staring at the helicopter flying into the sky.

"Dad, do I have a chance?" Lin Yuan asked unwillingly.

Lin Lei sitting on the sofa took a sip of his cigar and nodded sadly: "There is no chance."

"If I join the army and get better results than Lin Kai in the army, do you think Grandpa will support me?" Lin Yuan suddenly looked back and asked.

Lin Lei was stunned to ask this question at the time, and he asked, "Could it be that you want to join the army?"

"There is only one way to go. From childhood to adulthood, no one can beat me, no one!"

...

Lin Kai didn't even know that he was being watched. At this moment, he was sitting on a helicopter and looking down at the scenery.

This young master's life is good. In his life, Lin Kai hadn't even boarded a business jet, but now, he can sit on a private helicopter and watch the scenery.

The Southeast Military Region is coming soon, and Lin Kai is also looking forward to it, not knowing which special forces he will be assigned to.

Half an hour later, the helicopter successfully landed in the Southeast Military Region. After Lin Kai got off the plane, he came all the way to the door of Chief He Zhijun's office.

Knocking on the door, He Zhijun's voice resounded inside: "Come in!"

Lin Kai opened the door of the room, walked in, and saluted He Zhijun: "Report! Lin Kai, a recruit, is here to report!"

He Zhijun raised his head after hearing Lin Kai's voice, a smile appeared on his face immediately.

"It turned out to be Lin Kai, sit down." He Zhijun said very enthusiastically.

Lin Kai sat down, He Zhijun turned around and took out a document from the drawer and placed it in front of Lin Kai.

"This is about your transfer order. You have been transferred from the recruit company by me." Lin Kai took a look and found no problems.

Lin Kai used to be an ordinary soldier of the recruit company, but He Zhijun was the commander of the special operations brigade. Lin Kai was not directly managed by He Zhijun.

After the transfer of orders, Lin Kai now truly became a member of the Special Operations Brigade.

"Chief, then which Special Forces I have been transferred to?" Lin Kai asked expectantly.

He Zhijun smiled slightly and said, "At present, you are not in any special forces."

"Huh?" Lin Kai was very surprised when he heard this.

Is it possible that with your current talents and strength, is not enough to join the special forces? He Zhijun regretted it?

"Don't worry." He Zhijun slowly explained: "Our special forces brigade, this time with other special forces brigade, has engaged in a special forces selection contest."

"This time, three special forces were established."

"The first is the Red Cell Special Forces, the second is the Wolf Warriors Special Forces, and the third is the Tigers Special Forces."

“This time around 500 people participated in the selection, but the maximum number of each special force is only ten.”

“Lin Kai, you are very strong. This time, it is a joint competition of three special forces brigade. I hope you can represent our special forces brigade and win glory for our special forces brigade in this competition!”

After hearing He Zhijun’s words, Lin Kai nodded slightly. It turned out that the military area was playing the game.

In the Southeast Military Region, there is not only one special operations brigade of He Zhijun, but also other special operations brigades. This time, three brigades are engaged in competitions. Thirty of the 500 people are selected to form special forces.

Five hundred people, carefully selected from three brigades, each of them is an elite.

Thirty elites were selected out of 500 elites. This time, the difficulty for special forces to advance is not that ordinary.

And He Zhijun also placed great hopes on himself. He hopes that he can represent the special forces brigade and shine in this competition and win glory for the special forces brigade!

“The mission was released and won the first place in the special forces selection competition! One hundred upgrade points awarded!”

At this moment, the voice of the mission came from Lin Kai’s ear. After hearing the upgrade point, Lin Kai was full of spirits.

Upgrade points are a good thing. He can turn Lin Kai’s skills into more powerful skills. In order to upgrade points, he has to fight for it!

“The head can rest assured! I will definitely go all out!” Lin Kai shouted in a salute and very confident.

He Zhijun was very satisfied with Lin Kai’s current state. He nodded and smiled slightly: “Yes, but Lin Kai, you still can’t take it lightly. The special forces selection competition will begin tomorrow. Before that, you should go to the 358 regiment to take a break. .”

“Yes!” Lin Kai left He Zhijun’s office with a transfer order.

358 group? It is said that the 358 regiment is the hero regiment of the special forces brigade. During the Anti-Japanese Period, the 358 regiment performed very well on the battlefield. After the liberation, the 358 regiment remained in accordance with the original unit designation.

The current fighters are proud of being able to enter the 358 regiment.

Lin Kai carried the huge marching bag and walked towards the 358 regiment. On the way, many soldiers in neat lines whizzed past Lin Kai.

There was a nervous atmosphere in the entire Southeast Military Region.

The day before the special forces selection competition, the entire military region was very tense. The soldiers wanted to become special forces, but the competition was too great, and everyone did not have much hope.

Although the special operations brigade is called the special operations brigade, it does not mean that every soldier in the special operations brigade is a special force. The special operations brigade is just a combat unit.

With his own transfer order, he found the head of the 358 regiment, and received the command to allow him to rest. Lin Kai went to the men's dormitory.

The 358 regiment was a bit different today. Today, the 358 regiment received many soldiers from the following companies. These soldiers all came to participate in the special forces selection competition.

As for the 358 regiment, which had ample accommodation conditions, the accommodation suddenly became tense. Each dormitory vacated no less than three beds for the soldiers who came to participate in the selection.

There was no one in the dormitory that Lin Kai entered. He found his bed, lay down, and prepared to rest.

After running around all morning, Lin Kai was also a little tired, lying on the bed, unexpectedly fell asleep without knowing it.

I don't know how long it has passed, and for a while, Lin Kai seems to feel that someone is kicking his leg.

"Hey! Hey! Don't sleep! You really treat this as your own home?"

"Fucking asleep, don't you understand human words?"

With a crash, Lin Kai's whole body was pulled up from the bed. With a muffled bang, Lin Kai was directly pressed against the wall.

"I said you foreigners really don't understand the rules. Lie down and sleep. Do you know whose bed this is?"

At this time, Lin Kai woke up and looked intently, only to see a group of sweaty soldiers surrounding him.

It seemed that they had just returned from training, and they all looked at Lin Kai playfully. The one who pressed Lin Kai to the wall was a strong dark-skinned soldier.

Chapter 32: Liu Hong

Chapter 32

The dark soldier raised his eyebrows and looked at Lin Kai with a provocative look.

Looking at the other soldiers, they all booed on the sidelines, looking like a social rogue.

Lin Kai was very unfortunate. The dormitory he was assigned to was the gathering place for soldiers of the entire 358 regiment.

The soldiers of the entire 358 regiment gathered in this dormitory, a total of eight or nine people.

These eight or nine people are soldiers. The reason why they can stay in the company of heroes is that each of them is extremely powerful. Therefore, the commander of the 358 regiment also closed one eye and kept them. In the 358 regiment.

Lin Kai frowned and said, "I am a soldier assigned to this dormitory. If you don't believe me, you can ask your group leader."

Lin Kai got the transfer order from He Zhijun, and even the occupancy permit from the leader of the 358 regiment. Even if this group of soldiers are gangsters, they dare not drive him out, right?

The dark-skinned soldier sneered, "Hehe, take the regimental commander to crush me? I don't eat that set! Boy, let me tell you, I don't care what heroic character you are in another company, come to regiment 358, it's the dragon. I'm crouching, it's a tiger, you lie down on my bed, you don't deserve to sleep!

After all, the dark soldier threw Lin Kai's backpack directly into a corner of the wall.

"This is where you sleep!" The dark soldier jokingly said.

"Hahahahahaha..."

The surrounding soldiers roared and cheered, and their eyes were full of pride and satisfaction. It seemed that bullying a foreign soldier like Lin Kai would give them a great sense of satisfaction.

The dark soldier even held his arms, raised his head, and proudly stared at Lin Kai with his nostrils. He looked like Lao Tzu was number one in the world.

Other soldiers around were also surrounding him.

“I’m not welcome?” At this time, Lin Kai’s eyes also cooled. He patted the dust on his shoulder, walked to the corner, and picked up his backpack.

“Then I’ll leave.” After that, Lin Kai moved to leave the dormitory.

But when the dark soldier saw this, he also sneered and blocked the door of the dormitory directly.

joke! If Lin Kai left the dormitory, the team leader would definitely know that they were making trouble again. Although the law does not blame the public, he shouldn’t let the team leader dislike them because of such a trivial matter.

“Go? Where are you going? For the entire 358 regiment, Lao Tzu Liu Hong said that you have to sleep in the corner wherever you go to the dormitory! Go back to me obediently!”

Snapped!

After all, Liu Hong snatched the backpack in Lin Kai’s hand and threw it into the corner again.

The soldiers around cheered again.

Lin Kai clenched his fist tightly at this time, and he could no longer control the great power in his body.

Lao Zi Lin Family, let alone your identity, you can’t afford it, just because Lao Zi has a god-level extraction system, it’s not something you mortals can afford!

If it was the former Young Master Lin, it would definitely break out, but the result would definitely be a brutal beating by Liu Hong and others.

But now Young Master Lin has a lot more brains than the previous ones, so he will not be foolishly beat this group of male soldiers in the dormitory. If he wants to fight, he must go to the corridor to fight!

This is their site. They were beaten in the male soldier’s dormitory. When the time comes, the leader will trace them down. They are all in the same group. Lin Kai can’t argue.

But the hallway is different. There are cameras in the hallway. If you want to fight, you have to fight there.

Lin Kai tilted his head and smiled: "I am a person, the most annoying that others pretend to be in front of me."

"Lin Kai?" As soon as he heard the name, Liu Hong glanced at each other with the other soldiers, and smiles appeared in his eyes.

"Yeah, I heard that there is a junk soldier in the recruit company called Lin Kai, just you?"

"Ten shots and three shots, is that you?"

"I heard that you were also favored by Chief He Zhijun and selected the special forces brigade. With your small body, you can leap over the dragon gate? How much did the special forces brigade cost, say?"

Liu Hong stared at Lin Kai with a smile, his eyes filled with playfulness. He didn't believe that a soldier at the bottom of the recruit company could become the first in the recruit company and come to the special operations brigade!

"I didn't spend money, I don't want to explain so much, I don't need the backpack, goodbye."

After all, Lin Kai went straight through the crowd and walked out of the dormitory.

As soon as Lin Kai walked out of the dormitory, Liu Hong gave a few soldiers a wink. A few soldiers readily understood, and a group of people rushed out of the dormitory.

Lin Kai just stepped out of the dormitory, a group of soldiers rushed up behind him, and with a bang, they were directly pressed by Lin Kai on the wall of the corridor!

The strength of a few soldiers is very strong, even if Lin Kai's strength is several times that of ordinary people, it will take some hands and feet to break free.

In the dormitory, Liu Hong walked out staggeringly with his arms in his arms: "Go, did I let you go?"

Liu Hong deliberately spoke very loudly, and the other soldiers in the corridor were also attracted by this scene, casting curious eyes.

Not far away, there was a man Lin Kai was very familiar with, and he was Wang Yi who performed very well in the recruit company.

Wang Yi was originally the strongest presence in the recruit company, but the appearance of Lin Kai made him second.

Therefore, Wang Yi has always held a grudge against Lin Kai. This time, Wang Yi was also fortunate to come to participate in this selection. Seeing Lin Kai who was pressed on the wall, he stopped directly and looked over with schadenfreude.

“Lin Kai, Lin Kai, let you go crazy again, this is not a recruit company, but no one is protecting you anymore!”

In the army, it is normal for veterans to bully recruits.

The recruits were afraid to resist the veterans because they had been in the army for longer and were more familiar with the environment of the army.

Lin Kai saw that he was the recruit who had just walked out of the recruit company, so Liu Hong and others looked at him and bullied Lin Kai the recruit.

Lin Kai was pressed on the wall, but he did not resist. He asked, “Liu Hong, right? What do you want?”

“What do I want? Hehe, is it what you want? You don’t like the dormitory where Liu Hong stayed? You want to go? Where do I go? Let me go in!”

Liu Hong pointed to the dormitory behind him with a brutal look, and seven or eight soldiers also released their hands and surrounded Lin Kai, looking at Lin Kai playfully.

Entering the dormitory, Lin Kai’s freedom really does not belong to him.

No matter what happened inside, Lin Kai could only recognize it.

But Lin Kai leaned against the wall and clenched his fists, he also couldn’t bear it.

A group of self-righteous veterans really thought that in the 358 regiment, no one can cure them? Do you really think that you can do whatever you want in your own territory?

“Uncle can bear it, aunt can not bear it, as the owner of the god-level extraction system, it can’t bear it! The mission is released, Liu Hong and others in front of him are beaten to the ground, and a random extraction skill is awarded!”
