

Special Forces God Level Extraction System

Chapter 3: Ten Rings

Chapter 3 Ten Rings

It's still ten rings!

This doesn't fit Lin Kai's personality at all! In the recruit company, he is a trash that can't even hit the target!

Now, Lin Kai has been shot twice, and both shots are ten rings!

Everyone in the recruit company took a breath, and didn't believe that the person shooting in front of him was Lin Kai!

"Luck, it must be luck, Lin Kai doesn't have such a strong strength at all!" The speaker was a sturdy man with dark skin and a thin build.

The strong man's name is Wang Yi. This Wang Yi is the best performer in the recruit company.

Whether it is shooting or military theory, Wang Yi is very good, and some leaders have praised Wang Yi, saying that he is the most promising soldier in the recruit company to become a special force.

Such a high evaluation gives Wang Yi a very high prestige in the recruit company.

At this moment, Wang Yi squinted his eyes, looked at Lin Kai, shook his head and smiled disdainfully: "Hehe, Lin Kai is a trash, he is only suitable for returning to Lin's family to be his eldest young master. I see his performance in the recruit company In his eyes, he doesn't have the strength to hit the tenth ring at all! It's just luck. Look at him, he will definitely not hit the third shot!"

As soon as Wang Yi spoke, the soldiers next to him nodded in agreement: "Yes, this Lin Kai, but our company is notoriously useless. How could he have the strength to hit the tenth ring?"

"If he can hit the tenth ring again, I will just eat shit!"

There was a whisper around, and Lin Kai pulled the trigger and fired directly.

“Lin Kai, third shot, ten rings!”

Still ten rings!

boom!

“Lin Kai, fourth shot, ten rings!”

Fifth shot and ten rings! Sixth shot and ten rings! Until the tenth shot, Lin Kai is all ten rings!

All are ten rings!

At this moment, Lin Kai put away the gun, stood on the spot and looked in front of him. At this moment, the originally weak body seemed to have huge energy, and his whole body was glowing!

And the voice of the system came from the ear: “Congratulations on completing the task and obtaining the watermelon extraction ability! The watermelon extraction ability allows you to have a very powerful melee ability!”

On the other side, everyone is in shock, ten shots are ten rings! Even the recruits, Wang Yi, dare not say that he can achieve such impressive results!

Wang Yi was stunned, standing still with a black face, staring at Lin Kai motionlessly.

“It doesn’t make sense, how can Lin Kai shoot ten shots and ten rings...” Wang Yi muttered to himself.

Not only Wang Yi, but Lin Kai’s company commander Lin Zheng was stupid, this...Is this the Lin Kai he knew?

For three months in the recruit company, Lin Kai has always been the bottom one. His shooting has never hit within the seventh ring. Now he actually hit ten ten rings?

Is this **** possessed by a god?

The black face Lin Zheng stood still on the spot, and the recruits and soldiers who were going to mock Lin Kai at this time were all speechless as if they had eaten shit.

Lin Kai, the most despised Lin Kai, the most trash Lin Kai in the entire recruit company, actually shot ten rings!

It's ridiculous that they even teased Lin Kai, now it seems like a hundred steps of laughter in ten steps!

Lei Zhan also took off his sunglasses, squinted at Lin Kai, with a playful smile on his face.

"interesting"

He Zhijun's face was not so good-looking. At this time, He Zhijun roared: "Lin Zheng!"

"Here!" Lin Zheng rushed to the front of He Zhijun and gave a military salute.

"That's what you said, the most trash soldier in the entire company? Ten rings, the most trash in your company? Had Lei Zhan let him show his hand, I almost opened such a good soldier!" He Zhijun was dark. Scolded.

Lin Zheng was also sweating, he also wanted to cry without tears, with a hundred mouths, and he couldn't explain it clearly.

"I... Brigadier Commander, this Lin Kai, it was indeed the last one in our company before..." Lin Zheng's explanation was pale and feeble.

He Zhijun glanced at Lin Zheng, sighed, waved his hand, and continued to look at Lin Kai.

"Reporting chief! May I ask whether my grades are qualified?" Lin Kai stood in front of Lei Zhan, raising his head proudly.

Lei Zhan grinned with his arms in his arms and shook his head: "I said, I will inspect you with the requirements of special forces. Shooting skills are just a pass."

"But as a soldier, it's not enough to pass the shot. Now, I ask you to show your melee combat ability!" A sly smile crossed Lei Zhan's mouth.

Lin Kai, that body wind will fall, Lei Zhan is not optimistic about Lin Kai!

In the eyes of special forces, how good is shooting? If you can't keep up with your melee combat ability and are touched by the enemy, can you just wait for death?

As soon as Lin Zheng heard this, he panicked again. If the shooting was Lin Kai's potential explosion and all at once, then Lin Kai had no luck at all for his melee combat ability!

Lin Kai's physical strength is the weakest in the entire company, and his strength is also the weakest. His combat effectiveness is not even as good as that of a woman!

“Captain Lei, Lin Kai...”

Lin Zhenggang wanted to excuse Lin, and He Zhijun stopped Lin Zheng: “Company Commander Lin, as a soldier of the China State, is not suitable to stay in the army if he does not have melee combat capabilities.”

He Zhijun directly blocked Lin Zheng with a word, and Lin Zheng could only stand aside with a black face.

“Hammer! Get out! Discuss with Lin Kai and show mercy.”

Yama! It was Hades who was fighting Lin Kai!

Hades is the assaultman in the Raiden Commando! His melee ability is not so strong!

And Lin Kai is just the bottom of the recruits company. Lei Zhan really went to inspect Lin Kai at the request of the special forces, and actually asked Hades to discuss with Lin Kai!

At that time, the entire recruit company booed, and Lin Kai was completely planted this time. Lei Zhan didn't want Lin Kai, the rich second generation, to stay in the army at all!

Wang Yi's deep complexion disappeared at this time. He sneered: “Lin Kai this rubbish, even if marksmanship can depend on luck and close combat, you can't rely on luck, right?”

“Fight against Yan Wang, Lin Kai is dead!”

“Hell is an assaulter in the Raiden Commando team. When fighting against special forces, Lin Kai has no hope of victory!”

“Even if it's not against special forces, Lin Kai's small body, I can fight three!”

There was cynicism around, no one was optimistic about Lin Kai.

At this time, a burly man with a height of 1.75 meters came out of the queue, his mouth was a bit crooked, and his smile was evil.

Yan Wang tilted his head to look at Lin Kai, and said with a wicked smile: “I will show mercy to you, little brother.”

All the members of the Raiden Commando laughed. They are the elite of the special forces. Fighting a soldier who has just come out of the recruit company is as easy as playing!

“The mission is released, defeat the King of Yama! Reward the plastic bag extraction ability!”
