

Special Forces God Level Extraction System – Chapter 321 - 352

Chapter 321: Second Assessment

Chapter 321

“Friends boy and girl?” He Zhijun frowned, obviously not expecting that Lei Zhan and An Ran, who had always been arrogant, could come together.

“That’s not okay! Even if you are now engaged in the target, you can’t be in the army to corrupt the morals! You two, write a review for me today!” He Zhijun rebuked.

“Yes!” An Ran and Lei Zhan saluted.

They dare not disobey He Zhijun’s orders.

In the army, officers can fall in love, but they can’t be so blatant.

After reprimanding An Ran and Lei Zhan, He Zhijun looked at Lin Kai.

He Zhijun looked at Lin Kai with disappointment in his eyes.

“Lin Kai, I have already seen your results. Your results do not meet the standards of special forces. You have been eliminated.” He Zhijun said with some regret.

When He Zhijun excavated Lin Kai in the past, it was because of Lin Kai’s strength and talent.

But now, Lin Kai’s affairs are raging throughout the Southeast Military Region, and it is difficult for He Zhijun to know.

Rumors of reliance on drug assessments and cheating and relationships to get the new recruit have spread throughout the military region.

And although He Zhijun likes Lin Kai, he also hates that some people rely on family relationships to do evil in the army!

Lin Kai was also a little excited when he heard He Zhijun’s words. He knew that He Zhijun had great expectations of him, and his achievements would definitely disappoint him.

But Lin Kai knew that he did not lose!

“Brigadier He, give me a chance!” Lin Kai said a little excited at this time.

He Zhijun looked at Lin Kai, his eyes gleaming: "The quantile assessment is basically zero. How can you give me a chance!"

He Zhijun was angry at that time: "Lin Kai, Lin Kai, do you know how much I expect from you?"

"You are the special troop that I think He Zhijun has the most potential among recruits!"

"In my eyes, you have the potential to grow into Ye Nantian in the future!"

"But now, do you know how it is spread in the army? They are all you Lin Kai is the illegitimate son of my He Zhijun! Your rookie king is fake, second-class merit is fake, and the rank of major is also fake!"

Lin Kai was scolded by He Zhijun for a while, and his eyes were red.

He could face Lei Zhan's difficulties calmly, but Lin Kai was very sad when He Zhijun reprimanded him.

Because in his mind, He Zhijun is an elder, and if an elder has great hopes for the younger, then this younger certainly does not want to disappoint the elder.

But now, Lin Kai has disappointed He Zhijun.

Lin Kai lowered his head at this moment and said, "Brigadier He, please believe me, as long as today and tomorrow are passed, you will see a different Lin Kai!"

Just after Lin Kai said this, he only heard Wang Yi, who was next to him, laughed.

"Puff ha ha ha! Lin Kai, you don't want to continue to inject any drugs tomorrow, do you? I tell you, dream!" Wang Yi smiled disdainfully.

After Wang Yi said it, he came to He Zhijun's side and said his thoughts and jealousy.

Tell me how Lin Kai was **** in the recruit company.

After that, how awesome.

It's all because of some kind of drug injection!

"Brigadier He, if Lin Kai didn't rely on drugs, how could he explain that he suddenly changed from the bottom soldier to the new king of the Southeast Military Region?"

"Moreover, I can be sure that Lin Kai's body can no longer bear the load brought by the drugs."

“Otherwise, Lin Kai can still rely on drugs to win the championship again in this scoring assessment!”

“What he did was not only an insult to the soldiers, but also an unfairness to others!”

Wang Yi analyzed it straightforwardly, with an angry expression on his face.

He Zhijun listened to Wang Yi’s words and fell into deep thought.

In fact, He Zhijun has heard Wang Yi’s words many times from others.

At first, He Zhijun did not believe these rumors, but as Lin Kai’s assessment results appeared time and time again, He Zhijun was already disappointed with Lin Kai.

In every scoring assessment, Lin Kai is the bottom!

It seems that Lin Kai may have achieved his current achievements through drugs and cheating!

Today is the day when Lin Kai was eliminated. He Zhijun was still a little unwilling. He came to the scene.

After hearing what Wang Yi said, He Zhijun looked at Lin Kai, as if he had made a big decision, and asked: “Lin Kai, you tell me, did you cheat?”

He Zhijun looked directly at Lin Kai, his gaze seemed to be on his own!

This is the last time He Zhijun asked Lin Kai, no matter what Lin Kai said, he would believe it!

Lin Kai said no, He Zhijun would do everything to let Lin Kai stay! If Lin Kai admits, then He Zhijun will definitely not show mercy.

Lin Kai looked into He Zhijun’s eyes without evading in the slightest, and said frankly, “No!”

After hearing Lin Kai’s words, He Zhijun smiled with satisfaction: “Okay!”

“Lin Kai, I’ll give you a chance, didn’t you say it takes a day?”

“Tomorrow, on this playground, Lei Zhan, you are responsible for assessing the difficulty and levels, and reassessing Lin Kai!”

After listening to He Zhijun’s words, Wang Yi, who was originally smug, was anxious: “But...”

Before Wang Yi's words were spoken, He Zhijun stretched out his hand and interrupted Wang Yi's words: "Okay, don't say anything, I know what you want to say, tomorrow, I will send The brigade commander of the battle brigade also invites them to be the referee!"

"Also, I will invite the most advanced military doctors of the Southeast Military Region to examine Lin Kai's body. Whether Lin Kai has injected drugs or not, I will definitely not escape the eyes of military doctors by then!"

Hearing He Zhijun's words, Wang Yi's eyes rolled and the corners of his mouth began to rise slightly.

OK! With a military doctor, even if Lin Kai wants to inject drugs, it is impossible!

Tomorrow, there must be a lot of people coming to see you Lin Kai for the second assessment, then I will have to see how you Lin Kai made a fool of yourself!

After He Zhijun said this, he patted Lin Kai on the shoulder, took the guards, and left the playground.

After He Zhijun left, I saw An Ran walked out with his arms in arms and sneered: "Oh, this is a different soldier with a brigade commander. There is actually a chance for a second assessment."

"But what if there is a chance for a second assessment? If there is a military doctor on the scene tomorrow, even if you Lin Kai want to cheat, it is impossible!"

"The eyes of the masses are sharp. When the time comes, as long as I find something unusual about you, I will definitely report you!"

An Ran smiled triumphantly after saying these few words, and then saw An Ran holding Lei Zhan's arm very charmingly.

"Thor, Brigadier He was so fierce just now, I don't want to write a review, can you write it for me?"

When Lei Zhan heard An Ran's coquettish words, his bones were crisp: "Hahaha! Good!"

Chapter 322: Lin Kai Back

Chapter 322 Lin Kai, I'm Back!

Lei Zhan passed by Lin Kai with An Ran in the midst of frolicking. Lin Kai remembered that provocative look.

Lei Zhan and An Ran left, Wang Yi also sneered, and left the scene with the two special forces behind him.

The five special forces announced their dissolution in situ and were brought back by the instructors or captains of each unit.

Lin Kai followed Long Xiaoyun back to the Wolf Warrior Squadron.

Tomorrow is the time to prove yourself!

Lin Kai clenched his fists.

As time passed, Lin Kai lay on his bed, feeling his weak body.

My current self is really weak! Can't beat even an ordinary person, with a five-point attribute, I really don't know how Lin Kai from before survived.

Lin Kai's body is not inherently weak, on the contrary, Lin Kai's body is actually inherently strong!

It's just that Lin Kai later smoked, drank, didn't exercise, had irregular work and rest, and was hollowed out by alcohol, that's why he became like this.

In the middle of the night, Lin Kai came to the yard, looking at his white hands, he didn't believe how powerful such hands could be.

Picking up a brick on the ground, Lin Kai raised it a few times before feeling a sore arm.

It turned out that Lin Kai was really that weak before!

But Lin Kai knew that this was not his own power!

This is the power of the **** Lin Kai before! It's the power of that waste young man!

His own power was only temporarily confiscated!

Take a look at the time, 11:58!

In two minutes, his power will return!

Tomorrow, I must have those who look down on me, open my eyes and see what the real new king is! What is called a real crazy wolf!

The night was dark and the wind was high, and there was such a slight chill tonight.

I don't know when, Long Xiaoyun appeared behind Lin Kai. Lin Kai looked at the sky and didn't notice the appearance of Long Xiaoyun.

Long Xiaoyun looked at Lin Kai's back with a trace of pity in his eyes.

That's right, she was pitying Lin Kai too.

She understands Lin Kai's feelings, because Long Xiaoyun is also a rich child.

She has always been instilled in her mind since she was a child. You can play as you like. When you grow up, wherever I want you to marry, you must marry wherever you go!

Long Xiaoyun was not reconciled, so he came to be a soldier. In the army, Long Xiaoyun also proved himself.

I am not a useless lady! I have the ability to choose the person I like!

And Lin Kai was actually the first man who made her feel.

But Long Xiaoyun, who was born with a very strong personality, was unwilling to bow her head. She wanted Lin Kaidiao to chase after herself.

"Lin Kai." Long Xiaoyun called softly.

But at this time, Long Xiaoyun couldn't stretch it anymore. Looking at Lin Kai's haggard face, she knew how much pressure Lin Kai was under these days!

I also know that Lin Kai didn't want to admit defeat, but didn't want to choose compromise.

She and Lin Kai are so alike.

Lin Kai also turned his head. The moment he saw Long Xiaoyun, Lin Kai was stunned.

Long Xiaoyun's eyes were red, tears rolled in his eye sockets, his complexion flushed, and his lips trembled slightly.

She just looked at Lin Kai quietly.

That kind of look made Lin happy.

Because this look was something Lin Kai had never seen in the eyes of other women.

An Ran looked at her with only disgust and disgust.

Long Xiaoyun looked at her with tenderness and a strong desire for protection.

That's right, this woman actually wants to protect herself!

"You..." Lin Kaigang wanted to say something, but Long Xiaoyun suddenly rushed over and plunged directly into Lin Kai's arms.

Feeling soft in his arms, Lin Kai was stunned.

This is...Long Xiaoyun?

This is still that iron-blooded woman, Long Xiaoyun?

Is it the heroic Long Xiaoyun who doesn't seem to be able to eat fireworks?

She actually hugged herself?

For a while, Lin Kai didn't know where to put his hands.

The unique body fragrance of Long Xiaoyun also made Lin Kai intoxicated.

And Long Xiaoyun's voice was trembling at this time: "Lin Kai, promise me, will you not go tomorrow?"

When Long Xiaoyun spoke with a hint of pleading.

She knew that Lin Kai was no longer the Lin Kai he used to be.

If he goes tomorrow, Lin Kai will only lose face and lose his last dignity!

Long Xiaoyun didn't want to see the person she likes being beaten to the point that she lacks self-confidence and becomes a downright person.

So, today, Long Xiaoyun is softened.

Anyway, you have to leave the army. If I don't express my position now, I may not have a chance in the future.

Therefore, Long Xiaoyun hugged Lin Kai.

"I..." For a while, Lin Kai's heart was moved a little, he was not unhappy with Long Xiaoyun.

These days, Lin Kai's impression of Long Xiaoyun is actually very good, but he has been talking about Long Xiaoyun verbally.

And Lin Kai did think that Long Xiaoyun was a tiger lady before, but only recently did he discover that once he was hurt, the first one to stand up was always the tiger lady.

Lin Kai didn't know how to express his feelings, he just felt that his heart was beating very fast now.

"Leave the army? I will accompany you and leave the army together? Let's go back to the Lin family and be a vulgar couple, okay?" Long Xiaoyun asked softly.

Lin Kai's heart moved, he knew that Long Xiaoyun simply gave up everything for himself!

Being a soldier is her ideal! It is also the reason for her stubbornness! But now, for her own sake, she actually has the idea of wanting to be an ordinary person.

In an instant, Lin Kai's heart was already moved.

And at this moment, the second hand on the wall has reached zero o'clock, and a new day has arrived!

At this moment, a powerful and familiar force returned to Lin Kai's body!

The internal organs, limbs, and even the soul are filled with this powerful force!

This feeling... is so familiar!

At the same time, Lin Kai's ear sounded the system's voice: "Congratulations, child, your power is back!"

"Power, one hundred and sixty points!"

"Speed, one hundred and forty!"

"Reaction, one hundred and forty!"

"Physical strength, one hundred and forty!"

"Defense, three hundred points!"

"The heart of the strong, 100/100!"

The familiar feeling rushed to Lin Kai's heart again, and Lin Kai's eyes also burst into anger.

Thunder war! safely! Wang Yi!

Lin Kai, who is afraid of you, is back!

At that time, Lin Kai picked up Long Xiaoyun in his arms with one hand. Long Xiaoyun exclaimed. He didn't know what was going on, so Lin Kai carried one hand on his shoulder!

"You!" Long Xiaoyun's eyes widened. When did Lin Kai's strength become so great?

Lin Kai looked at the wall to the side at this time, clenched his fist, and banged directly up!

Boom! With a loud noise, only a solid wall was seen, and a huge hole was blasted directly by Lin Kai with a punch!

After a burst of dust, Lin Kai's hideous expression appeared!

It was still that thin and feeble arm, or that handsome face, the muscles of his arm were high and bulging, and Long Xiaoyun's eyes widened on his shoulders, shocked.

The rookie king, Lin Kai!

Chapter 323 You Really Dare To Come!

This wall is a solid wall.

But Lin Kai actually used his fist to blast through!

Long Xiaoyun's eyes widened on Lin Kai's shoulders, tears hung in the corners of her eyes, and she looked very cute.

Breaking this wall requires at least a ton of power, right?

Isn't Lin Kai a waste who can only rely on drugs? When did his strength become so great?

After a long time, Lin Kai laughed as he felt the surging power of his body.

"Hahahaha! I'm Lin Kai, and I'm finally back!" Lin Kai laughed.

Lin Kai put Long Xiaoyun on the ground and looked directly at Long Xiaoyun. In his eyes, a confident light appeared again.

The actions and words of Long Xiaoyun just now really moved Lin Kai, and Lin Kai, a single dog who was ten thousand years old, finally had a feeling of love for Long Xiaoyun in his heart.

“Long Xiaoyun, rest assured, you don’t have to give up your own ideals for me, because men protected by women are all cowards!”

After that, Lin Kai hugged Long Xiaoyun’s waist, and directly approached Long Xiaoyun. Feeling Long Xiaoyun’s rapid breathing, Lin Kai gave a smirk.

But Long Xiaoyun only felt a burst of masculine breath rushing toward his face. Lin Kai’s strong arms and chest made Long Xiaoyun’s heart beat faster.

There seemed to be a small deer bumping in his heart.

“From now on, I’m Lin Kai, protect you!” Lin Kai smiled very confidently.

Long Xiaoyun looked up at Lin Kai. Isn’t the current Lin Kai the same as before?

Compared with Lin Kai before, Lin Kai now has a sharp aura!

Such a man is cultivated and domineering!

He is the perfect mate in Long Xiaoyun’s heart!

At this moment, Long Xiaoyun didn’t know what to think, so he kissed Lin Kai’s cheek with a click, and then blushed and ran away.

But Lin Kai was holding his face, feeling the tenderness remaining on his face, Lin Kai was dumbfounded.

Long Xiaoyun, the tiger lady, actually kissed me?

Moreover, she is actually shy!

Suddenly, Lin Kai seemed to feel that his spring was coming, did he finally get out of the order?

At that time, Lin Kai smirked and returned to his dormitory.

...

Silent overnight.

Early the next morning, Lin Kai finished washing, put on a clean military uniform, and smiled brightly in the mirror.

The Wolf Warrior Squadron is ready to go, and all soldiers participate in Lin Kai's second assessment!

Led by Long Xiaoyun, the Wolf Warrior Squadron walked towards the playground of the Wolfy Special Brigade.

And around the playground, people are already sitting!

There are male and female soldiers, and the entire Southeast Military Region, but all soldiers who don't need to be tasked or trained are almost all gathered on the edge of the playground.

Because today, there is a big man who wants to conduct a second assessment!

This big man is Wang Linkai, a famous newcomer in the Southeast Military Region before!

In the center of the playground, there are various equipment and obstacles, as well as weapons.

All these things were prepared by Thunder War.

Not far away, the other four special forces were sitting on the ground. They were also the spectators who visited Lin Kai's second assessment today.

And Lin Kai's assessment instructors were An Ran and Lei Zhan.

On the right side of the playground, there is a pergola. Three people sit under the pergola, and around them there are five or six guards.

These three people are the real big shots of the Southeast Military Region!

He Zhijun, Fan Tianlei, Zhang Tianyi.

Next to them, there is a medical soldier with a white cuff on his arm. He is the best medical doctor in the entire Southeast Military Region. Today, he is responsible for Lin Kai's physical examination.

Fan Tianlei was sitting under the pergola, tapping the tabletop, looking at He Zhijun, and laughed at that time: "I said, Lao He, since Lin Kai has cheated, why bother to set up this second assessment for him alone. Test room?"

Fan Tianlei was very dissatisfied with Lin Kai before. After Lin Kai became the rookie king, Fan Tianlei was very jealous of the genius of the Wolf Squadron.

After Lin Kai's cheating was exposed, Fan Tianlei was of course the happiest.

Because of the three special forces, the Wolf Squadron is relatively weak. If the Wolf Squadron does not have Lin Kai, it will be like a tiger without teeth. It is not worth mentioning.

So now he is very unwilling to participate in Lin Kai's second assessment.

In his opinion, it is better for Lin Kai to get out early.

Zhang Tianyi also nodded: "I have watched all of Lin Kai's assessment videos. All the performances show that he is not as good as a recruit!"

"Such a soldier is a drag in the ordinary company, so why bother with a second assessment?"

He Zhijun heard what they said, sweating, and he was also under great pressure to open such a second-assessment examination room for Lin Kai.

Because there is no precedent for the second assessment of special forces.

If Lin Kai proves that his strength is okay, and if he can't prove his innocence, then he Zhijun He will also have to face various public opinions in the Southeast Military Region.

He Zhijun really didn't want to give up Lin Kai's good seed, so he set up a second examination room for Lin Kai.

"I believe him, I give him a chance, and I also give myself a chance."

After hearing He Zhijun's words, Fan Tianlei rolled his eyes, sneered and shook his head.

At this moment, I don't know who yelled: "Lin Kai's trash is here!"

As soon as this voice came out, everyone looked towards the entrance of the playground, and saw the Wolf Warriors squadron stepping into the playground neatly.

After entering the queue, all the soldiers sat on the ground, and only Lin Kai stood alone.

Lin Kai saw Lei Zhan and An Ran standing in the middle of the playground at a glance. They were also looking at Lin Kai, their eyes full of gloat.

Lin Kai, Lin Kai, today, I will let you face so many soldiers and humiliate your Lin family!

"Lin Kai, please take a physical examination now!" Lei Zhan came to Lin Kai and ordered.

Lin Kai went directly to the physical examination office. After being drawn by the military doctor, he quietly waited for the results of his physical examination.

The corners of Lei Zhan's mouth raised, and a playful smile appeared on his face.

If Lin Kai injected a drug that stimulated his potential, the machine could detect it.

By then Lin Kai's reputation will be discredited!

If Lin Kai didn't inject any medicine, then the play would be even better!

Because Lin Kai who didn't inject drugs was just a waste! The next assessment will make him lose face!

The former rookie king will become the first waste of the Southeast Military Region!

Soon after, the results of Lin Kai's physical examination came out. The military doctor took a blank paper and said: "Everything is normal, and there are no drugs that stimulate potential in Lin Kai's body."

After listening to the military doctor's words, Lei Zhan laughed out loud at the time, Lin Kai, you really dare to come!

Chapter 324: Blindfolded Gun King

Chapter 324

"Lin Kai, do you all know? This year's rookie king is particularly strong!"

"But I didn't expect that his grades were all obtained through cheating, and second-class merit was also bought!"

"Really? Such a scum can actually be evaluated twice?"

"It's really money that can change everything! If Lin Kai is really a rookie, I must smash the brick under my feet in his face!"

...

Around the playground, there was already a sound of discussion.

The story of Lin Kai had already been raged, and everyone present today was watching Lin Kai's excitement.

This is also what Lei Zhan wanted to see.

Lei Zhan brought Lin Kai to the center of the playground, glanced at An Ran, and smiled triumphantly.

An Ran came to Lin Kai aloft, and didn't use his straight eyes to look at Lin Kai: "Your first pass, marksmanship assessment."

"Lin Kai, I remember that in the assessment of the scoring marksmanship, you missed two shots with three shots, and the only shot was the third ring."

"Hehe, today, I want to see how many shots you can get!"

With a snap, a pistol was placed in front of Lin Kai.

Directly opposite Lin Kai, three hundred meters away, there are ten targets.

"You are limited to hit ten targets within ten seconds, and each target must be hit above the fifth ring to be qualified!" An Ran said coldly.

There was a hint of pride in her tone.

Yes, she is making things difficult for Lin Kai!

Hit ten targets within ten seconds, or a target three hundred meters away, which is very difficult for ordinary soldiers!

She just wanted to see Lin Kai embarrassed, she wanted to see Lin Kai embarrassed.

I want to see Lin Kai look at him with pleading eyes, begging to help him.

Thinking of this, An Ran smiled triumphantly.

But An Ran didn't see Lin Kai who bowed his head to beg, instead Lin Kai smiled disdainfully.

"Haha, such a simple assessment?" Lin Kai asked.

simple?

Lei Zhan and An Ran looked at each other and frowned. Is such an assessment simple?

There was a burst of exclamation at the scene, Lin Kai was so crazy?

He Zhijun frowned, what exactly does this kid want to do?

At this time, Lin Kai took out a piece of black cloth from his pocket.

“Why don’t it, I blindfolded, I only need five seconds, if I can’t make ten rounds within these five seconds, Lin Kai will automatically admit defeat!” Lin Kai said proudly.

Lin Kai looked at An Ran straightforwardly, with confidence in his eyes!

While An Ran was in a daze, she seemed to see the newcomer Wang Linkai before!

An illusion, it must be an illusion. Lin Kai is a trash who relied on cheating to become the rookie king. He is just pretending to be forced!

At that time, An Ran sneered: “Ha ha, Lin Kai, you are responsible for what you say!”

Lei Zhan pulled An Ran behind him, looked at Lin Kai, and smiled disdainfully: “Boy, don’t brag here, don’t you think that you will be eliminated anyway, so you want to go crazy?”

“I tell you, if you can’t do it, I will make you look good!”

Lin Kai looked at Lei Zhan with a playful smile, and asked, “What if I can do it?”

“Impossible!” Lei Zhan laughed loudly at the time: “Haha, can you hit ten targets in five seconds with your eyes blindfolded? Ten rings with guns? If you can do it, I will put you in your hand I’ve eaten my gun!”

“you said!”

Lin Kai smiled boldly, and directly covered his eyes with a black cloth. Then, Lin Kai kicked the upper part of the pistol with his heel, and the pistol bullet was loaded!

Lin Kai barely hesitated, raised the pistol with one hand, and decisively pulled the trigger!

boom! boom! boom!

There was a burst of gunfire, and Lin Kai didn’t stop at all. He fired ten shots in one breath. In less than five seconds, Lin Kai had shot all the bullets in his pistol!

Afterwards, Lin Kai directly tore off the black cloth from his eyes and threw the pistol in front of Lei Zhan with a clatter: “Now, please eat this pistol.”

Lei Zhan and An Ran have not reacted yet.

Lei Zhan laughed when he watched Lin fired ten shots and threw the pistol in front of him.

Lin Kai didn’t even aim at aiming, and fired ten shots. He thought he could hit it?

Not to mention hitting, one out of ten shots can hit the target, thank goodness!

“Lin Kai, what are you pretending to be? Did you hit it?” Lei Zhan said angrily.

At this time, An Ran opened his mouth wide and pulled the sleeves of La Lei Zhan.

Lei Zhan looked at An Ran, and saw An Ran’s look of shock. The boss with her small mouth opened, and her eyes filled with incredible and doubts.

How can it be? How did he do that?

At this time, the scene was silent.

Lei Zhan’s heart snorted, is it possible that this kid really hit all of them? impossible!

Looking back, Lei Zhan was dumbfounded.

I saw a small hole shot out by bullets on the target 300 meters away! And ten rings! The gap between each shot is only a few millimeters away!

At that time, Lei Zhan’s head buzzed, almost stunned.

This... how is this possible?

How could it be possible to shoot ten rings? Or is it blindfolded?

Lei Zhan asked himself, he couldn’t do it himself!

Not to mention Lin Kai! Isn’t he a waste who can only rely on drugs? How to explain what is happening now?

After the scene was silent for a few seconds, a wave of applause broke out!

Everyone applauded heartily!

It is too strong!

Blindfolded and shot ten rings, such a person, some people actually suspect that he was the new king by cheating?

He didn’t pass the qualifying assessment? Are you kidding me? Such a strong person can pass the assessment with his feet!

Snapped!

At this time, He Zhijun slapped the table and stood up directly, clapping his hands in applause!

“Good job!”

He Zhijun was very excited, he was right! Lin Kai really didn't lie to himself, although he didn't know why Lin Kai's strength suddenly soared, but He Zhijun knew that Lin Kai didn't humiliate himself or the Wolf!

All the members of the Wolf Warriors were also very excited. Their captain Lin Kai was back!

The Lin Kai who scorned the crowd is back again!

In the queue, He Chenguang and Leng Feng looked at each other. They didn't expect that Lin Kai had been pretending to be a pig and eating a tiger. In fact, his strength had always been very strong, but he was hidden!

There is another person, his heart is like a stormy sea!

He is Wang Yi!

Wang Yi opened his mouth wide, with an incredible expression on his face.

How can Lin Kai be so strong? Wang Yi chose to expose his strength because he saw that Lin Kai was almost eliminated.

But now it seems that it is impossible for Lin Kai to be eliminated, because his strength is more than a star and a half better than Wang Yi!

This kid has been pretending to be a pig and eating a tiger!

Chapter 325: Show Affection Who Won't?

Chapter 325 Who Can't Show Affection?

Looking at the pistol in front of him, Lei Zhan's face was flushed.

What he said, but now he can't fulfill his promise, because this pistol is made of iron, how can he eat it?

After a round of applause, Lin Kai looked at An Ran and said indifferently: “Please start your second assessment.”

An Ran's mood at this time is very complicated.

Why did Lin Kai suddenly become stronger again?

Could it be possible that he took another drug to stimulate his potential?

impossible! If Lin Kai took any medicine, the military doctor should be able to detect it.

Then how to explain the scene that happened just now?

luck!

Yes, it must be luck!

An Ran didn't believe that Lin Kai was really better than himself!

He definitely couldn't pass the next level!

"The second level, physical fitness test, 500 push-ups with a weight of 25 kilograms, and a time limit of ten minutes."

Lin Kai laughed at what An Ran said.

An Ran really doesn't show any mercy to herself! Within ten minutes, carrying 25 kilograms and doing 500 push-ups is a challenge for special forces!

And now, An Ran actually asked her ex-boyfriend to challenge such a difficult task!

But Lin Kai grinned. Since you want to see me embarrassed, I will let you see what is called the real King of Power!

"It's boring to carry 25 kilograms, let's just carry the weight personally." Lin Kai said lightly.

Such an understatement caused the scene to explode.

What the hell?

Carrying a person?

Do you know how difficult it is to do push-ups by yourself with weights?

Carrying 50 kilograms is already a big challenge for you!

When An Ran and Lei Zhan heard this, they both sneered. Lin Kai was undoubtedly dying.

At that time, Lin Kai looked at Long Xiaoyun and waved to Long Xiaoyun: "Instructor, come and do me a favor!"

Long Xiaoyun walked to Lin Kai's side after hearing Lin Kai shouting to herself.

Lin Kai glanced at An Ran and smiled disdainfully.

Show affection?

Who won't?

At that time, Lin Kai lay down and said to Long Xiaoyun, "Sit on my back."

Long Xiaoyun was stunned. Although he felt a bit risky, when he thought of the picture of Lin Kai breaking the wall with a punch yesterday, Long Xiaoyun felt relieved again.

Long Xiaoyun sat on Lin Kai's back cautiously, but Lin Kai remained motionless, his body as steady as a rock.

Later, I saw Lin Kai actually let go of one hand, he only used one hand to do push-ups!

This is not abnormal enough. Lin Kai's other hand on the ground has only one finger against the ground. Lin Kai is doing push-ups with one of his fingers!

At that time, the whole scene was silent!

I saw Lin Kai doing push-ups one after another, with a calm expression, as if doing push-ups with one finger was very easy.

Although Long Xiaoyun is not heavy, he still weighs more than 100 kilograms. Because Long Xiaoyun is a female special soldier and has a relatively high muscle content, Long Xiaoyun has about 110 kilograms.

That's fifty-five kilograms!

With a weight of fifty-five kilograms, and doing push-ups with one finger, there is no effort at all.

Is this a **** thing human can do?

At that time, Lei Zhan's eyes widened, his eyes as big as Niu Ling.

Is this **** good?

An Ran saw Long Xiaoyun's ups and downs on Lin Kai's back, and he was jealous at the time.

Lin Kai's physical fitness is so good? How strong is it? And it seems that the endurance is also very long-lasting!

Lin Kai looked up at Lei Zhan, his gaze was a provocation.

Lin Kai still remembered Lei Zhan's appearance in front of him and An Ran.

An Ran, do you think that if you find Lei Zhan, you will be happy? In this world, no one is better than Lei Zhan?

And your ex-boyfriend is not one-tenth as good as Lei Zhan?

Now, I will show you Lin Kai, you left me Lin Kai safely, and you are only worthy of being with Lei Zhan.

Lei Zhan, less than one-tenth of my Lin Kai!

I can do push-ups with one finger on my back. Can your family be thunderous?

As time passed, and five minutes passed, Lin Kai had already done 500 push-ups!

Long Xiaoyun stood up from Lin Kai, her face flushed.

She had clearly felt Lin Kai's muscles beating just now, the sense of security that Long Xiaoyun could not describe.

Lin Kai stood up, his face was not red, his heart beat, and he looked at Lei Zhan with a playful look.

"Excuse me, are you qualified?"

Facing Lin Kai's question, Lei Zhan swallowed very hard and nodded dumbly.

He Lei Zhan dare to say a word?

With one finger and carrying a weight of 55 kilograms, he did 500 push-ups in five minutes. How about the entire Southeast Military Region, who can do it except Lin Kai?

Lei Zhan asked himself, I'm afraid I can't do any of them!

There was a sound of inhalation at the scene, and everyone inhaled air-conditioning.

Too tough!

Newcomer Wang Linkai, as expected, was as perverted as the rumors!

But how can such a perverted person participate in the second assessment?

Is it possible that someone is jealous that he is too strong and wants to exclude him?

At this moment, He Zhijun patted the table again and stood up with a very excited expression: "Good job!"

Fan Tianlei, who was next to He Zhijun, looked ugly and said nothing.

I thought that the only strong player in the Wolf Warriors squadron was about to leave, but he didn't expect that he would shine in today's second assessment!

Such a powerful special soldier, that stupid Lei Zhan actually regarded him as unqualified?

If Lin Kai is unqualified, are there any qualified special forces in this world?

Lin Kai came to Lei Zhan and looked at each other with Lei Zhan.

Lin Kai stared at Lei Zhan, his hatred for Lei Zhan finally broke out, the murderous aura from his body was released, his eyes fixed on Lei Zhan.

"Excuse me, what is the third assessment? After warming up, I can't wait." Lin Kai asked murderously.

Despite Lei Zhan's many battles, he was taken aback when facing Lin Kai like this, and he actually took a step back subconsciously.

Lei Zhan stuttered: "Melee...Melee ability assessment."

Melee ability?

Lin Kai smiled playfully and looked at An Ran.

A few days ago, An Ran beat Lin Kai violently on the fighting stage, and Lin Kai was so painful that he didn't sleep well for several days.

Now, it's time for Lin Kai to retaliate!

"What are the conditions for passing the assessment?" Lin Kai asked lightly.

Lei Zhan glanced at An Ran, then bit the bullet and said, "You can pass the assessment if you defeat me."

"Beat you?" Lin Kai looked at Lei Zhan with a wicked laugh.

It seems that Lei Zhan really took great pains to embarrass himself! In the third level, I actually want to abuse myself personally.

Then he didn't follow his wishes!

"You deserve it too?" Lin Kai patted Lei Zhan's face with a defiant look: "Wang Yi, An Ran, plus your Thunder and Lightning Commando, let's go together, save me solving them one by one!"

Chapter 326: Thunder War

Chapter 326

It's so crazy!

Lin Kai is not only going to challenge Lei Zhan, but also to Enron, Wang Yi, and Raiden Commando!

Is Lin Kai crazy?

You know, Lei Zhan's strength is very strong! He is the famous soldier king of the Southeast Military Region!

The pass condition is to defeat Lei Zhan. Everyone already feels that such conditions are already very abnormal, but Lin Kai feels that it is not enough, and he has to challenge the entire Raiden Commando!

Every member of the Raiden Commando is a master with more than five lives!

A scornful smile appeared on the corner of Lin Kai's mouth, disregarding the heroes.

Looking at the members of the Wolf Squadron, one by one clenched their fists, the expression on their faces was a relief.

They know that their captain is back!

Thinking of the insults they received against the Wolf Squadron a few days ago, their hearts were filled with anger, but now, their captain would represent the Wolf Squadron and step on all those who look down on them!

An Ran glanced at Lei Zhan, she was already scared.

Her heart was once again occupied by regret.

Lin Kai's strength is so strong, he is not a waste of medicine at all!

An Ran's heart began to tremble, thinking of the scene where he had beaten Lin Kai, An Ran was very scared.

Will Lin Kai kill himself?

He is so strong that even Lei Zhan doesn't care about it. He doesn't want to retaliate against himself, right?

Thinking of this, An Ran's body began to tremble.

Looking at Lei Zhan again, seeing his woman who was so afraid of Lin Kai, Lei Zhan was also very aggrieved.

He looked at Lin Kai, his eyes were full of anger, I tried my best, I will defeat you today!

"You are too crazy!" Lei Zhan roared.

At this moment, Lin Kai put his hands in his pockets and walked to the center of the playground.

I saw that Lin Kai didn't even look at Lei Zhan: "Too crazy? Lei Zhan, you are in my eyes, just like an ant. Whenever I want to trample you to death, I can trample you to death. "

"Even if you go together, is there any difference between an ant and a group of ants?"

Lin Kai smiled contemptuously.

"Go!" Lei Zhan finally couldn't stand Lin Kai's insult at this time, and roared, only to see the rest of the Thunder Commando directly surrounding Lin Kai.

And An Ran also bite the bullet and followed.

Wang Yi, who was sitting in the queue, gritted his teeth and followed.

Only eight or nine people surrounded Lin Kai with no blind spots.

But Lin Kai stood with his hand behind, he looked at An Ran, and said calmly: "Don't say I bully you, I only use one hand."

It's crazy!

This is the idea in the hearts of everyone on the scene. It actually only uses one hand to deal with the elite of the eight or nine special forces.

Although Lin Kai's strength is very strong, but this is too arrogant, right?

However, everyone at the scene felt that the blood on their bodies began to boil. Isn't Lin Kai the super soldier of their dreams?

Powerful, don't put any opponents in the eyes, but anyone who challenges me, slap it over!

Lin Kai faced the eight or nine special forces without a panic expression on his face. He even closed his eyes and seemed to doze in place.

At this moment, the king of Yama couldn't help it finally, and saw him roar: "Lin Kai! Look at the fist!"

After all, I saw Yan Wang punched Lin Kai's face!

This punch was fierce, and Hades's strength and speed were not comparable to ordinary people.

But even if Lin Kai closed his eyes, his movements could be clearly captured by Lin Kai.

Seeing that Yan Wang's punch was about to fall on Lin Kai's face, Lin Kai finally moved.

Lin Kai's hand was as fast as lightning, lifting and falling.

Snapped!

With a crisp sound, I saw a flushing slap print on Yama's face, and Yama backed a few steps, but he didn't realize what was going on.

There was a loud noise on the scene, too soon!

Everyone only saw Lin Kai's hand shook, and Yan Wang was slapped.

He covered his face, his eyes widened, and it took a long time before he realized that he was slapped!

too fast?

The King of Yama was stunned.

At this moment, I saw Lin Kai stretched out, just like a okay person.

Hades suddenly felt ashamed and turned into anger, but he dared not speak.

For a while, Hell could only look at Lei Zhan with a look of help.

And Lei Zhan was watched by his team members, knowing that he had to go up, even though he knew that he might only be beaten up, but Lei Zhan had to go!

At that time, Lei Zhan only heard a roar, like a bull, dashing over!

A fist of Lei Zhan smashed towards Lin Kai's face!

At this time, Lin Kai narrowed his eyes and a sneer appeared at the corner of his mouth.

Lei Zhan, you are finally here!

As soon as Lei Zhan came to Lin Kai's face, he saw Lin Kai's hand move and slap, and Lei Zhan slapped his face firmly.

Lei Zhan took his own face and took two steps back with a dazed expression, without understanding what was going on.

I saw Lin Kai approaching step by step.

Lin Kai raised his hand again, and slapped Lei Zhan's face with another slap.

"Crazy?" Lin Kai's mouth showed a disdainful smile.

At this time, I saw a red palm print on each side of Lei Zhan's face.

Lin Kai's speed was so fast that Lei Zhan couldn't see clearly.

Lin Kai raised his hand again, pop! Another slap hit Lei Zhan's face.

"This slap, revenge you for insulting me!"

Snapped!

"This slap, punish your little belly!"

Snapped!

"This slap, bless you, **** and dog, forever!"

Snapped!

"This slap is entirely because I think you are upset!"

After a few slaps, Lei Zhan's face was already flushed, and the entire face was swollen into a pig's head!

His eyes were almost swollen and disappeared.

Lei Zhan's pace was with a trace of confusion, he stepped back, and he did not want to resist.

too strong!

I can't even see him shot!

How to hide?

Lin Kai touched Lei Zhan's head, and lightly flicked Lei Zhan's Sky Spirit Cover, with a crisp bang. Lei Zhan only felt a pain in his head and lost consciousness.

With a plop, Lei Zhan fell to the ground.

Lei Zhan, the king of soldiers, actually only lasted less than ten seconds in Lin Kai's hands.

Was beaten by Lin Kaidiao!

After finishing the Lei Zhan, looking at the other members of the Thunder Commando, they all looked at Lin Kai with a look of fear, and didn't dare to come closer!

This is a **** of murder! Even their captain was easily abused by Lin Kai. Those of them who are team members, I am afraid that even if they play together, they are not enough for Lin Kai to fight!

Lin Kai looked at An Ran, and An Ran was leaning against the wall at this time, with a look of fear and regret.

Lin Kai put his hands in his pockets and moved closer to An Ran.

At this time, An Ran no longer had that arrogant energy anymore, but like a frightened dog, hiding in the corner shivering.

"Lin Kai, I was wrong, would you give me a chance? Shall we get back together? Okay?"

Chapter 327: Shake

Chapter 327 Shake!

Ann regretted then, really regretted it.

She thought that Lin Kai was a waste young man who only relied on his family, so An Ran would ridicule Lin Kai after Lin Kai lost power.

Because of this, An Ran will feel a sense of existence.

What about the Lin family?

In front of me An Ran, you are a dog!

I can always find you better than Enron, such as Thunder War.

Lin Kai, you have been with me for such a long time, you just pulled a little hand.

It looks like you are the youngest of the Lin family, but in fact, you are just a rich dick.

This is An Ran's previous view of Lin Kai.

But now, An Ran no longer dared to look down upon Lin Kai.

Because Lin Kai has really changed, he has learned to mature, to forbear, and to break out at the right time!

He is powerful and the rookie king of the military region. He doesn't pay attention to Lei Zhan, and he can finish the thunder war with one hand.

Lin Kai used his strength to prove that you left me Lin Kai safely and all you found was rubbish!

Lin Kai at this time was so perfect in An Ran's heart.

He is handsome, has a good family background, and is strong. The most important thing is that Lin Kai now has the aura of someone alone!

overbearing!

This is Enron's favorite type.

But now, it was too late to say anything. In Lin Kai's eyes, there was no Enron.

In his eyes, only getting stronger!

"Lin Kai, I... I beg you, shall we get back together? OK?"

"I know I was wrong, I used to be sorry for you, will you forgive me?"

"I am with Lei Zhan just to make you value me..."

An Ran hadn't finished speaking yet, only a slap was heard, and Lin Kai had already slapped An Ran in the face.

An Ran covered her face and was stunned.

No matter how painful his face is, it can't resist An Ran's heartache!

Lin Kai actually hit me!

You know, Lin Kai used to treat her as a treasure before, and she dropped it in his hand and held it in his mouth for fear.

But now, Lin Kai in front of him was indifferent and ruthless, and he even shot An Ran!

An Ran covered his face and was silly.

Lin Kai grinned: "An Ran, Lin Kai never beats women, but you made me an exception, do you know why?"

Lin Kai approached An Ran, disdainfully smiled and said: "Because you are no longer a woman in my eyes, but a bitch!"

After all, Lin joked, laughing wildly.

Lei Zhan just woke up from a coma at this time, and after seeing Lin Kai actually slap his lover, he fainted with anger.

Lin Kai ignored An Ran and looked at Wang Yi.

But Wang Yi was several meters away from Lin Kai at this time, looking at a loss.

Wang Yi couldn't laugh anymore. Two days ago, after seeing Lin Kai lose power, Wang Yi chose to break out!

He endured it for so long just to be the first!

Therefore, he mocked Lin Kai fiercely.

But now, Lin Kai is still the rookie king he cannot surpass!

The feeling of being stared at by Lin Kai was like being stared at by a starving wolf.

Wang Yi's whole body was exploded!

surrender?

Shameful, right?

Not surrender?

I have to be beaten for a while!

Lin Kai looked at Wang Yi, approaching step by step, grinning.

Lin Kai still remembers the look of Wang Yi holding a 30 kg dumbbell in front of him.

Lin Kai looked aside. He didn't see the dumbbells, but the barbell did see one.

It was a huge two-hundred-kilogram barbell. Lin Kai walked over and lifted the two-hundred-kilogram barbell with one hand!

In that way, it was as if the barbell in his hand was a five kilogram gadget.

Lin Kai came to Wang Yi's face, grinned, and moved the barbell in his hands up and down, with a very pleasant expression.

"Two hundred kilograms? How is it the same as five kilograms? It's so easy!" Lin Kai whistled in front of Wang Yi.

At this moment, Wang Yi's eyes were almost staring down.

Is this a human thing?

The two-hundred-kilogram barbell was easily raised with one hand.

That's two hundred kilograms! The weight of three adult men! Lin Kai can actually lift it up with one hand, and can also do bicep muscle training.

Wang Yi asked himself, 30 kilograms of dumbbells were already his limit, but compared with Lin Kai, it was nothing.

Thinking of how he was holding a 30 kg dumbbell in front of Lin Kai, Wang Yi couldn't stop blushing.

He easily picked up a 200 kg barbell and abused himself!

Lin Kai looked at Wang Yi jokingly, and said to Wang Yi: "Come on, hit me, I won't fight back."

Wang Yi was stunned after hearing Lin Kai's words.

What?

Hit him? He won't fight back?

Are you kidding me?

If he can really hit him and he doesn't fight back, Wang Yi is confident and knocks Lin Kai down!

"Hit me!" Lin Kai emphasized again.

Hearing Lin Kai said it the second time, Wang Yi was also heartbroken. Anyway, he couldn't escape. Let's do it!

call!

Wang Yi hit Lin Kai's face with a punch! With this punch, Wang Yi even used his own great power. Wang Yi swears that he has never punched such a heavy punch in his entire life!

But Lin Kai actually stood still and did not dodge.

When Wang Yi saw this scene, he was overjoyed in his past, Lin Kai, Lin Kai, although you are tough, you are too crazy, right?

Do you think I can't let you down with this punch?

With a muffled bang, Wang Yi hit Lin Kai's nose with a punch!

If an ordinary person gets this punch, it must be a broken nose! Nosebleeds!

But Wang Yi punched Lin Kai's nose, and suddenly a sharp pain came from his fist. He felt like he was hitting a wall!

Lin Kai's nose is unscathed!

But Wang Yi's hands couldn't help but tremble, his mouth was numb.

what's the situation?

Wang Yi froze.

Is this kid's body beaten with iron? Are you okay with this fight?

There was silence for a while, and everyone was silent.

This fucking, strong pervert!

Lin Kai looked at Wang Yi, tilted his head, and laughed: "Boy, I'll give you a chance, you are not good at it!"

With a bang, Lin Kai threw the 200 kg barbell in his hand to the ground.

But Wang Yi no longer had any desire to resist at this time.

For Shang Lin Kai, he has no hope of winning at all, just wait for the loss!

For the first time, Wang Yi, who had always been arrogant and arrogant, had the idea of admitting defeat in his heart.

At this time, Lin Kai's hand was slowly rising, and the palm was about to fall. Wang Yi could no longer control the fear in his heart at this time, and just wanted to shout to admit defeat.

But Lin Kai didn't give Wang Yi this opportunity at all. With a cry, Lin Kai's slap fell directly!

Snapped!

A loud noise!

Wang Yi only felt that his face had been hit by a train, a strong force came, his head buzzed, and his body was directly slammed to the ground by this huge force!

With a bang, Wang Yi's head bounced on the ground like a ball, and rolled his eyes.

Chapter 328: Pass The Second Assessment

Chapter 328

After Wang Yi fell, the other members of the Raiden Commando did not hesitate to surrender!

It's abnormal.

With Lin Kai's strength, slinged a few of them.

There is no way to fight!

"We give up!" Little Bee raised his hand.

At this time, thunderous applause broke out on the scene!

Everyone stood up from the ground and heartily applauded Lin Kai. It was too strong!

Even the soldier king Lei Zhan, in front of him, is like a three-year-old child without combat effectiveness.

Lin Kai is not a rookie king, he is already a qualified soldier king!

He Zhijun stood up from his seat and nodded with a smile while applauding.

“As expected of me, He Zhijun, the soldier, Lao Fan, what do you think?”

He Zhijun asked Fan Tianlei with a smile, anyone could see the triumphant look between He Zhijun’s eyebrows.

Fan Tianlei snorted, “Just so-so.”

Although he said that, Fan Tianlei’s eyes were an envy.

It’s a pity that such a good soldier is not my Fan Tianlei’s soldier!

A burst of applause broke out at the scene.

Lin Kai looked at An Ran and asked rather strongly, “Excuse me, is there a fourth assessment?”

An Ran was so scared that her face paled, and she shook her head: “No...no more...”

Is there a fourth assessment?

Of course there is!

It’s just that An Ran no longer has the courage to bring up this fourth assessment.

Because she knew that Lin Kai would pass it easily.

At that time, it was her Enron who was ashamed.

He Zhijun was also very satisfied with Lin Kai’s performance, although Lin Kai beat Lei Zhan Wang Yi and others excessively in front of him.

But after all, this is an assessment, the skills are not as good as people, and you can’t blame anyone if you are beaten.

In a round of applause, Lin Kai successfully passed the second assessment!

And a voice of doubt at the scene sounded again.

“Lin Kai is so strong, his strength is ten times stronger than Lei Zhan!”

“Then such a strong person, why did the first assessment fail?”

“There are also rumors that Lin Kai relies on drugs to become so strong, but the military doctor also tested it just now. Lin Kai did not take any drugs at all!”

“So, someone is framing Lin Kai?”

Everyone looked at Lei Zhan and An Ran tacitly.

It must be them!

They are Lin Kai’s assessment instructors, and it must be because they are jealous of Lin Kai’s strength that they don’t want Lin Kai to pass.

But they didn’t expect that He Zhijun actually made a second assessment.

“It must be these two bitches! An Ran and Lei Zhan must be their hands and feet.”

“Yes, if it weren’t for them, how would Lin Kai take part in the second assessment?”

“Lin Kai is so strong, but the hope of our Southeast Military Region! And Lei Zhan and An Ran want Lin Kai to leave the army, shameful!”

...

Suddenly, overwhelming shouts came.

An Ran was completely stunned.

She thought that the person scolded should be Lin Kai, but she did not expect that the person scolded was actually herself.

Lei Zhan, who fainted, just opened his eyes and just became a little conscious. After hearing the overwhelming screams, he fainted again.

The soldiers of the Wolf Warrior Squadron raised their heads proudly, looking glorious.

Lin Kai wins glory on behalf of their Wolf Squadron!

Looking at Leng Feng and He Chenguang again, with a look of despair, all the special forces of the Red Cell and Tigers special forces were also silent.

They know that Wolf Warriors Squadron will be a special force they will never be able to surpass!

Long Xiaoyun's face also showed a gratifying smile, and Lin Kai did not disappoint her as expected.

Soon, the medical soldiers arrived at the scene and carried the injured Lei Zhan and Wang Yi down. Lin Kai's second assessment officially ended.

At this moment, An Ran lowered her head and came to Lin Kai's face. She covered her face and looked at Lin Kai's eyes very dodging.

Lin Kai frowned and said, "An Ran, I said it before, we can't do it anymore."

An Ran shook his head quickly: "No, Lin Kai, I didn't mean that."

"I have a question for you."

Upon hearing this, Lin Kai smiled helplessly: "Ask."

There was a question in An Ran's heart, letting An Ran want to break his head, he didn't understand why Lin Kai did it.

"Obviously your strength is so strong, why did you perform so badly in the first two days of assessment? And, how did you suddenly become so strong?" Enron's eyes were full of expectation.

She wants answers.

This question has entangled An Ran for a long time. A Fei Shao suddenly became a rookie king of the Southeast Military Region. An Ran couldn't figure it out.

Lin Kai smiled: "Hehe, it's very simple. I suddenly became stronger because the previous Lin Kai is dead, and now I am the new Lin Kai."

Lin Kai is telling the truth, the former Lin Kai is indeed dead.

"As for why I was eliminated, it was because I made a bet with a friend that I couldn't show too much strength in this week. It's that simple."

After hearing Lin Kai's words, An Ran's head buzzed. It turned out that Lin Kai had been pretending to be a pig and eating a tiger, and he had not lost his combat effectiveness.

He just kept pretending!

An Ran got the answer, and the whole person was lost.

If she knew this, she shouldn't be proud in front of Lin Kai. Maybe she kneeled and licked Lin Kai, and there was still a chance for them to get back together.

But now An Ran knew that he and Lin Kai had no chance.

He Zhijun stood up at this time, applauded, and announced: "Lin Kai's second assessment is officially over. I announce that the Wolf Squadron, the Red Blood Cell Special Operations Team, and the Tigers Special Team are officially established!"

There was a burst of applause.

Next, He Zhijun talked about it for about half an hour.

It was disbanded afterwards, and Long Xiaoyun took the members of the Wolf Squadron back to the Wolf Base.

In the evening, in the meeting room, Long Xiaoyun convened everyone for the last military meeting.

After today, Long Xiaoyun will no longer serve as the instructor of the Wolf Squadron, and she will leave the Wolf Squadron.

Because the Wolf Warrior Squadron is already a qualified special force.

"Well, the scoring assessment has ended, and your position has been determined."

"Liu Wanjin, assaulter, Wang Shunhu, assaulter."

"Little clever, sniper."

"Li Wenzhuang, scout."

"Zhang Zhuang, blaster."

"Our Wolf Warriors squadron has a total of five people, and the points are completed."

Long Xiaoyun said calmly while holding the list.

And Lin Kai raised his hand weakly at this time, and said, "So what, instructor Long, am I not a person?"

Long Xiaoyun looked at Lin Kai, rolled his eyes, and said angrily: "Of course you are a person. The reason I say this is because your position is more important!"

Chapter 329: Lin Kai Headed

Chapter 329

"A more important position?" Lin Kai scratched his head, confused.

“Yes, Lin Kai, because you are too versatile, whether you are a sniper or an assaulter, you can do it.” “So your position is as a substitute and commander.”

Long Xiaoyun said.

“Substitute and commander?” Lin Kai frowned, and there was big doubt in his small eyes.

“Puff ha ha ha...” And the fat man couldn’t help laughing at this time.

But I also felt that it seemed inappropriate to laugh at Lin Kai, and forcibly resisted his own smile.

Lin Kai was so powerful, the new king of the Southeast Military Region, in the end, was actually assigned a substitute position.

Fatty couldn’t stop his heart at this time.

The faces of other people can’t help but laugh.

Long Xiaoyun also blushed, and it did sound embarrassing to replace this position.

“Although you are a substitute, you have to know that the substitute is also very important.”

“Once a teammate is injured, you can immediately replace it, and your position is also crucial.”

“Furthermore, Lin Kai, you are the commander of the Wolf Squadron, and the soul of the Wolf Squadron! So in the days to come, I hope you will learn more tactics, and have more understanding and understanding between the players.

Long Xiaoyun spoke earnestly, as if he were an elder.

Lin Kai also listened carefully.

It doesn’t matter what position Lin Kai is, anyway, he is the captain of the Wolf Squadron, and these little rascals must listen to them.

Long Xiaoyun is about to leave, to be honest, Lin Kai feels very cool!

From now on, Lao Tzu, the Wolf Base is the largest!

No one is pressing Lao Tzu anymore!

Long Xiaoyun seemed to have seen Lin Kai's thoughts, she knocked Lin Kai: "Don't be proud, although I am no longer your instructor, but from now on, I will be your boss. You have to obey me. command!"

"Huh?" Lin Kai was confused when he heard it.

"I am the instructor of the three special forces. What tasks you perform in the future will all be determined by me!" Long Xiaoyun said proudly.

I rely on.

This silly old lady is not leaving yet?

Lin Kai felt very depressed at the time.

But it's not bad, at least this silly old lady will not stay in the wolf base.

"Although you have become special forces now, don't be proud, you are only C-rank special forces." Long Xiaoyun emphasized at this time.

C-class special forces?

Everyone looked at Long Xiaoyun, with doubts in their eyes.

The little clever asked: "Instructors, special forces, and ranks?"

Long Xiaoyun nodded and said, "Of course, special forces like you who have just passed the assessment are generally C-level. Even if Lin Kai is very strong, you are no exception."

"Because to upgrade your own level, you need to upgrade the level of special forces."

"There is only one way to increase the level of a team, and that is to perform tasks."

"The more tasks you perform, the higher your level will be. At that time, maybe you will become the leading special forces in the Southeast Military Region."

After listening to Long Xiaoyun's explanation, everyone suddenly realized that special forces also have levels.

Li Wenzhuang asked: "Instructor, what level are the Fire Phoenix Women's Special Forces and Thunderbolt Commando? What is the highest level?"

Long Xiaoyun replied: "The Phoenix is a b-level special team, and the Raiden commando is a-level special team."

“Further up, there are S-level special forces.”

“There are only three S-level special forces in our Southeast Military Region, and the most famous of them is the Spike Special Force.”

“Further up, there are SS-level special forces, and the most advanced is the sss special forces.”

“But the sss special team is very rare, even in China, there are only a dozen teams.”

“SS Special Forces, we don’t have any in the Southeast Military Region.”

After hearing Long Xiaoyun’s words, a person’s name suddenly appeared in Lin Kai’s mind, Ye Nantian.

Lin Kai often hears Ye Nantian’s name. He seems to be very powerful. What level is his team?

“Instructor, what level is Ye Nantian’s special team?” Lin Kai asked.

After hearing the three words Ye Nantian, Long Xiaoyun was stunned.

Obviously, she didn’t expect Lin meeting to ask Ye Nantian.

Long Xiaoyun replied: “Ye Nantian did not join any special forces. He is a general of the Yanjing Military Region. He is a general. What exactly he is in charge of is unknown.”

Even Long Xiaoyun didn’t know, for a while, Lin Kai became more curious about Ye Nantian.

What is the ability of this legendary man?

“Okay, I’ve said everything that should be said, I’m leaving, starting from tomorrow, Lin Kai will be the chief of the Wolf Base.” Long Xiaoyun glanced at Lin Kai and got up from his seat.

And Lin Kai also showed a look of reluctance: “Instructor, we really can’t bear you!”

When the fat man saw this, his eyes turned, and his tears almost fell.

“Instructor, can you stop leaving? We miss you!” The fat man said with a trembling voice.

Suddenly, the whole meeting room was filled with feelings of reluctance.

Long Xiaoyun rolled his eyes, and walked out of the meeting room without telling Lin to open them.

After Long Xiaoyun left, a burst of cheers rang and Lin Kai and others almost overturned the table!

The tigress finally left!

...

Silent overnight.

The next day, Lin Kai had appeared in the office of the captain of the Wolf Squadron.

Since he was the general manager of the Wolf Wolf base, he had to understand his base.

The Wolf Warrior Base is located at the edge of the Southeast Military Region. The entrance is a large mountain and the training field is on the right.

The Wolf Warriors base is not big, only about 800 square meters, like an enlarged version of the courtyard, with a rectangular two-story building on the left, right, and back, with a total of 55 rooms.

Among them are warehouses, weapons depots, gymnasiums, libraries, conference rooms, dormitories and other rooms. Many rooms are also vacant.

Anyway, the sparrow is small and complete.

The Wolf Warrior Squadron is a special force that He Zhijun attaches great importance to, so the conditions of the base are much better than those of the special forces that differ from the military.

In addition to Fatty and the others, there were six people in the War Wolf base.

Among them, three sentries are responsible for standing guard registration, two orderly soldiers are responsible for cleaning the sanitation of the base, and one cooking soldier is responsible for the food and beverage of the special forces.

This kind of treatment is top-notch in the entire Southeast Military Region.

Eat and drink, you just need to train.

In that case, Lin Kai managed twelve people under his hands, and he was not a polished commander.

Sitting in the office and drinking tea, Lin felt the feeling of being a leader at first.

At this moment, the office door was knocked.

“Please come in.” Lin Kai said.

I saw a sentry walk in from outside the door and said: “Report to the captain, a person from the Yanjing Military Region is looking for you.”

Chapter 330: Gossip

Chapter 330

“People from Yanjing Military Region?” Lin Kai suddenly thought of King Zhan and them.

Yes, I suddenly left Omen, and there was no time to say goodbye to them.

Now they must have completed the task, so they came to find themselves.

“Take me to find them!” Lin Kai was extremely excited.

Following the sentry to the gate of the wolf base, Lin Kai saw the rat fight with the thief eyebrows and mouse eyes at a glance.

Although this kid’s personality is not very insignificant, his natural appearance is like this, so he doesn’t look like a good person in any way.

In Mouse Zhan’s arms, he was holding a very fat cat. This was a fat white cat. Lin Kai recognized the cat at a glance.

Isn’t this the cat I met in the Yanjing Military Region?

The cat also recognized Lin Kai, swiped over, jumped into Lin Kai’s embrace, and rubbed Lin Kai’s face with his head very affectionately.

Mouse Zhan grinned and walked forward: “In the Yanjing Military Region, didn’t you keep this cat for a few days? Since beating you, this cat has been lying at the gate of the King of War Base every day.”

“I think you like this cat, so I brought it to you.”

Lin Kai smiled and patted Mouse Zhan on the shoulder: “Interestingly, go, I will treat you to dinner!”

Ten minutes later, in the cafeteria of the Wolf Wars base, Lin Kai asked the cooking soldiers to cook a few dishes individually to entertain the rat war.

And Mouse War, while eating vegetables, smiled and said, "You kid can be regarded as a change and become the chief!"

Lin Kai scratched his head in embarrassment: "What chief is just a small captain."

"By the way, did you catch Cai An?" Lin Kai asked.

The corner of Mouse Zhan's mouth was sneered at that time: "Hehe, although Cai An has two brushes, but our King of War Special Forces is a vegetarian? After you left, we caught him the next day, and he is now being locked in. In Yanjings prison, it is estimated that he will be shot in a few days."

Lin Kai nodded, this kid was caught, and Lin Kai breathed a sigh of relief.

"Your kid ran all the way to the Southeast Military Region, didn't you just send me a cat?" Lin Kai asked with a raised eyebrow.

"Hey! Your kid bite Lu Dongbin, he doesn't know good people's hearts!" As soon as Mouse Zhan heard this, he stood up and wanted to leave.

When Lin Kai saw that the situation was not right, he laughed and drew Rat Zhan back: "My fault, my fault, is my small belly, with the heart of a villain, crossing the abdomen of a gentleman."

After hearing this, Mouse War sat down.

After a glance left and right, after confirming that there was no one, Mouse Zhan whispered to Lin Kai: "I will tell you a gossip. In about a week or so, the Southeast Military Region and the Yanjing Military Region will have a cooperative exercise."

"At that time, the C-level special forces of the Yanjing Military Region will participate, and the c-level special forces of your Southeast Military Region will also participate. I think your Wolf Squadron will have a high probability of participating in this exercise."

Hearing this, Lin joked: "Hahaha, I thought it was a big deal, that's it?"

Lin Kai is very confident of his own strength, if they are also C-level, Lin Kai is confident that he can hang them!

"Don't be too happy! The C-level special forces of the Yanjing Military Region are generally better than those of the Southeast Military Region!"

“Moreover, I heard that there was a SS-level special force that was downgraded to C-level because of a mistake. You have to be careful!”

Lin Kai was stunned as soon as Rat Zhan said.

SS-class special forces?

The Spikes Special Brigade is so strong, it's just an s-level, how strong is the ss-level?

“What the **** did you make, can it be downgraded to C-level?” Lin Kai's face turned pale.

Mouse Zhan whispered: “I heard that because this special force was too swollen, it took the sss-level task to complete. As a result, it failed miserably!”

“But the downgrade to C rank is only temporary, it's just that the Yanjing Military Region wants to wipe out their spirit.”

“But this time they will participate in the military exercise.”

“If you don't prepare in advance, be careful of being abused!”

After speaking, Mouse Zhan put a file in front of Lin Kai.

“Brother can only help you get here.” Mouse Zhan put down the folder, picked up a chicken leg, and walked out of the canteen swaggeringly.

Lin Kai looked serious and returned to the office with the folder.

SS-level special forces?

That's really tough.

But if I can beat them, will the Wolf Squadron become famous?

After opening the folder, I saw five big characters greeted me.

Flame Commando!

I just wanted to take a closer look at the detailed information of the members of the Flame Commando. The phone on the desk was rang. At first glance, it was Long Xiaoyun who called.

“Hey?”

Long Xiaoyun's voice came from the phone: "Bring your equipment! Go to the gate of the Wolf Base immediately. The time limit is three minutes. The mission is out!"

"Dududu..."

Long Xiaoyun hung up the phone, and Lin Kai's heart was ecstatic!

Damn, the mission is finally out!

This is considered the first mission in the sense of the Wolf Warrior Squadron.

Lin Kai's heart was very excited.

When he arrived in the dormitory, Lin Kai yelled: "Brothers, it's time for a mission!"

This voice made everyone in the Wolf Warriors squadron busy, wearing military uniforms, wearing military uniforms, and carrying equipment. Soon after, the Wolf Squadron had assembled at the gate.

I saw the Wolf Squadron at this time, it was refreshed, everyone's military uniforms were neatly dressed, and they were carrying huge marching bags on their backs, and they brought everything in order.

And they don't have pistols on their thighs, they are holding m4 rifles, well-equipped!

Moreover, Lin Kai let them bring live ammunition!

Soon after, I saw a black armed car parked at the gate of the Wolf Squadron.

After getting in the car, the armed car directly pulled Lin Kai and the others out of the Southeast Military Region.

The atmosphere in the car was very tense, and everyone in the Wolf Squadron was very excited and nervous.

This is their first mission and the first time to get rid of the shackles of Long Xiaoyun. If the mission this time is completed beautifully, they will be more confident in future missions.

If this mission fails, it will inevitably be cursed by Long Xiaoyun!

And everyone's hearts are also very much looking forward to it.

What task is this time?

Kill the bandits?

Or catching drug traffickers?

Soon, the armored vehicle had driven out of the Southeast Military Region and entered a small mountain village.

Seeing the small mountain village, everyone was even more excited. This place is simply a paradise for drug dealers!

After a while, it is definitely going to kill the drug dealer! Thinking of this, everyone was very excited.

When the car arrived at the destination, everyone got off the car, got off the car, and immediately saw a group of people!

There are policemen and villagers, there are more than 100 people.

“Uncle Special Forces is here!”

Chapter 331: Fucking Task

Chapter 331

I don't know which child shouted happily, and the villagers immediately looked at the armored vehicle that was approaching.

When Lin drove them out of the car, they were immediately surrounded by enthusiastic villagers.

“Comrades, you can be regarded as coming, hurry up and save us!”

“If you don't come again, our entire village will suffer!”

After Lin drove the car, the villagers started begging all the time. The scene was spectacular.

This is a small village built in the mountains, the village is not big, you can see the head at a glance.

On the side, a police car and two fire trucks were parked.

Several policemen and several firemen stood there helplessly.

This is a big case!

Lin happily pushed the villagers away, led his teammates, and came to the policeman.

The leader was a middle-aged policeman, who was 40 years old. He was very happy to see Lin Kai and shook hands with Lin Kai.

“Hello, I am the director of the local police station, and my surname is Wang.” Director Wang said.

Lin Kai nodded, and said, “I’m from the Spike Special Forces Brigade of the Southeast Military Region.”

“Excuse me, what happened at the scene?” Lin Kai asked curiously.

It stands to reason that Long Xiaoyun should tell himself what kind of task he is about to take over.

But Long Xiaoyun didn’t tell him, Lin Kai felt that Long Xiaoyun might have forgotten.

Director Wang said: “That’s right, there is a beehive in the village, we can’t stab it, so I asked you to come.”

As soon as Director Wang’s words came out, Lin Kai’s smile instantly solidified on his face.

The Fatty and others, who were full of blood and ready to go to work, were also dumbfounded.

WTF?

Poke the honeycomb?

Does this matter need to alert special forces?

Seeing the change of expression on Lin Kai’s face, Director Wang knew what Lin Kai was thinking.

“That’s right, Comrade, this honeycomb is not a simple honeycomb, look.” Director Wang pointed to the location of the village entrance.

Lin Kai looked at it and saw a huge tree at the entrance of the village. The tree was very high. On the branches of the tree, there was a huge honeycomb hanging!

This honeycomb has to be the size of a car tire!

At the entrance of the village, I saw a group of dense bees flapping their wings buzzingly.

At that time, the fat man’s chin fell off: “Let me go, why is this wasp so big?”

Lin Kai took a closer look, and as expected, all the hornets are the size of a thumb!

Is this the **** wasp?

Director Wang continued: "This is not a simple wasp. It is an alien species, like a killer bee. A few days ago, a villager was killed by this killer bee."

"Our police can't do anything about Killer Bees, so we have firefighters."

"But the fire officers and soldiers have nothing to do with this killer bee. The killer bee's honeycomb is placed at an altitude of more than ten meters. The fire trucks of the fire officers and soldiers cannot get close at all. If they can't get close, the water gun cannot get the honeycomb down.

"That's why I turned to your Southeast Military Region for help."

Lin Kai was silent for a long time upon hearing this.

In his heart, he cursed Long Xiaoyun ten thousand times!

No wonder you didn't say what the task was, it turned out to be for Lao Tzu to poke a beehive!

"Wear chemical protective clothing, just climb up and get that stuff down, can't it?" Lin Kai asked.

Director Wang smiled bitterly and shook his head: "No, let's not say that the big tree is very difficult to climb. Just the bee sting of the killer bee can easily pierce the chemical protective clothing!"

The firemen on one side were also very helpless.

It was the first time they met such a tricky beehive.

Lin Kai was helpless for a while.

"Wait, I'll stab you down!" Lin Kai said helplessly.

After all, Lin opened his sleeves and walked towards the entrance of the village.

At this time, an old man suddenly stopped Lin Kaiji.

"You can't do anything about it!" the old man said quickly.

"This killer bee is very toxic! It's okay to bite one or two bites, if you bite more than a dozen bites, your life will not be guaranteed!"

This old man is the head of this village.

This killer bee has been building nests in their village for some time, so the village chief knows this killer bee very well.

Lin Kai smiled helplessly and patted the head of the village on the shoulder: "Master, just take a good look."

After all, Lin Kai walked towards the entrance of the village again.

The village chief wanted to say something more, but was stopped by the fat man.

The fat man grinned. He knew Lin Kai's terrible defense power, and this killer bee probably couldn't pierce Lin Kai's skin!

"Master, look okay, let you open your eyes today and let you know what a special soldier is!" said the fat man with a grimace.

Director Wang watched Lin Kai rush up so recklessly, he was also frightened and sweated.

If Lin Kai died here, the trouble would be serious!

Director Wang hurriedly greeted the firemen, making them ready to spray water for rescue.

Lin Kai came directly under the big tree at the entrance of the village. Just when he came under the big tree, he only heard a buzzing sound. These killer bees were very kind to Lin Kai!

Just pounce on Lin Kai!

Lin Kai slapped it casually and directly killed a killer bee.

The village chief outside saw this scene, his eyes widened.

"Don't shoot these killer bees!" the village head shouted.

The hearts of the other villagers were also hanged.

This killer bee is extremely vengeful! As long as a killer bee dies in the hands of a human, they will definitely kill the human!

Sure enough, that killer bee died, and saw the overwhelming killer bee pounce on Lin Kai!

In the face of these killer bees, Lin Kai did not hide, nor did he bother to hide.

Soon after, I saw Lin Kai's body covered with killer bees!

A few thousand or so!

From a distance, Lin Kai was a strange human surrounded by countless black spots.

Director Wang saw this scene, but rolled his eyes and almost fainted.

Lin Kai must die!

Surrounded by so many killer bees, a killer bee stung one bit, and Lin Kai died abruptly.

Suddenly, Director Wang felt a little regretful, what if he had stopped him just now!

At this time, Director Wang also wondered if Lin Kai's head was a little insufficient, was he too bloated? Think of yourself as a special soldier and fear nothing?

Director Wang just wanted to order Lin Kai to be rescued, but a magical scene happened.

Lin Kai, who was covered with killer bees, didn't fall down immediately, or turned his head and ran back.

Instead, he actually climbed towards the tree!

You know, the surface of the big tree is so smooth that most people can't climb it!

But Lin Kai's arms were extremely strong, and he directly clamped the tree with his hands and feet, and climbed up a little bit!

Fuck me?

Director Wang's jaw almost fell to the ground.

This is also OK?

Didn't this kid get stung to death by a killer bee?

The scene, which was originally very lively, was as silent as death.

The village chief looked at Lin Kai's eyes, all straightened.

Chapter 332: Run With Hive

Chapter 332

This killer bee is known as the most aggressive species in the colony.

Not only are they huge, but the bee stings are extremely sharp, and they can penetrate easily even in chemical protective clothing.

And the toxicity of killer bees is very great.

It doesn't matter if you get bitten by one or two, at most, you won't get out of bed for a few days.

But after being stung by more than a dozen mouths, he could not get treatment within half an hour, and he died.

Therefore, the police and fire officers have nothing to do with the killer bee. If they cannot get close to the hive, they cannot eliminate the killer bee.

In Lin Kai's current situation, there were more than a thousand killer bees all over his body. It stands to reason that Lin Kai should die immediately!

But now Lin Kai is not only not dead, but also climbing up the tree.

Everyone was stunned. Is this person's resistance so strong? Not even afraid of the poison of killer bees?

Not to mention the toxicity, surrounded by so many killer bees, he can't bear a bite of a killer bee!

But Lin Kai in front of him ignored the killer bees and climbed up the tree at a very abnormal speed.

That big tree is very difficult to climb!

Even the fire officers and soldiers couldn't help the big tree, but in front of Lin Kai, the tree seemed to be like a staircase.

There is no difficulty at all!

At that time, the fire officers and soldiers on the side looked dumbfounded.

Are the special forces so strong now?

What do firemen do in the future?

Just cheer for the special forces!

Director Wang was also dumbfounded. He had grown so old and had never seen such a perverted person!

The excited dentures of the old village chief fell out, but he didn't know it, and looked directly at Lin Kai who was climbing up the tree.

I saw Lin Kai climbed the tree step by step and came to the huge beehive, the huge beehive, the size of a car tire!

The dense mass of killer bees shocked Lin Kai when he saw it.

That is to say, who can hold it after changing someone else?

At that time, Lin Kai grabbed the huge honeycomb with one hand, and pulled the honeycomb down with force with the other hand!

Afterwards, Lin Kai didn't climb down anymore, and jumped down directly holding the hive!

At that time, everyone's heart touched their throats. Is Lin Kai crazy?

He actually jumped from a height of more than ten meters?

He jumped down, sure to die!

At that time, Director Wang almost fainted. Because of this killer bee, a person died in the village. He was already negligent as the director.

If a special soldier dies now, he doesn't need to be a director, go home and farm!

Everyone squeezed a sweat for Lin Kai, and some even made preparations to escape at any time. Lin Kai brought down the hive!

After a while, the killer bee may madly counter the humans!

At this time, the fire officers and soldiers held the equipment in their hands tightly. They were ready to rescue Lin Kai desperately!

But at this moment, an unexpected scene happened.

Only a muffled bang was heard. Lin Kai's feet landed on the ground. After landing, Lin Kai didn't suffer from the blow of his head as everyone imagined.

On the contrary, Lin Kai just ran forward like he had jumped off a one-meter-high step without any effort!

I saw a crowd of killer bees following Lin Kai.

Everyone watched as Lin Kai flew past their eyes!

Those thousands of killer bees followed Lin Kai!

Finally, Lin Kai came to a small river, did not hesitate, jumped down with a thump!

But most of the thousand killer bees on Lin Kai were immediately drowned. The killer bees that did not drown flapped their wings, but because their wings were soaked in water, they couldn't fly anymore and could only wait for them to be drowned.

And the killer bees in the hive have already burped.

Suddenly, all the surface of the river was the corpses of killer bees.

The killer bees that hunted Lin Kai in the air, after not seeing Lin Kai for a long time, dispersed separately.

After the killer bees dispersed, a group of people came to the river, and the police, fire officers and soldiers, and villagers all came.

The old village chief came to the river tremblingly, pointed at the river, and said excitedly: "He... he is the hero of our village!"

After all, the old village chief took the lead and bowed down!

The more than a hundred villagers behind the old village chief all knelt down at this time.

The fire officers and policemen took off their hats and bowed their heads in silence.

Lin Kai hasn't come out for ten minutes.

Even a **** can burp under water for ten minutes.

No one felt that Lin Kai was still alive.

Only everyone in the Wolf Squadron was expressionless, even a little bit to laugh.

The fat man picked up a brick from the ground at this time, slammed it into the water with a thump, and shouted, "Captain! Come out!"

Everyone looked at the fat man in unison, with annoyance in their eyes.

Lin Kai is their savior, they don't allow the fat man to insult Lin Kai so much!

But the old village chief hadn't spoken yet, only heard a puff, Lin Kai floated out of the water, wiped the water off his face, and swam towards the river.

At that time, everyone was stupid.

Is it okay?

Lin Kai stayed under the water for ten minutes!

It seems that there is nothing fart!

Not to mention being drowned, there is no trace of choking.

Looking at Lin Kai's body, thousands of holes had been pierced in the military uniform, but Lin Kai's skin was as smooth as a baby, without a single wound.

Just now, those killer bees didn't even pierce Lin Kai's skin!

The villagers were dumbfounded, they had only seen such a powerful Superman on TV.

The fire officers and soldiers were also dumbfounded. They took on hundreds of missions, ranging from climbing trees to rescue cats to flood relief, but they had never encountered such a perverted person.

Not afraid of killer bees, you can jump from a height of more than ten meters and hold your breath underwater for more than ten minutes, and there is nothing wrong with it.

Isn't this different from a god?

When Lin Kai came to the shore, he didn't feel the strange gaze around him at all, and threw the huge hive in his hand to the ground.

Then Lin Kai took off his shirt and pants and threw them directly on the ground.

"In this bad weather, the river water is hot and dead." Lin Kai said with a hand fan.

Looking at everyone again, they were all staring at Lin Kai, their mouths open and speechless.

Lin Kai was confused and asked, "What's the matter?"

Director Wang was the first to react. Director Wang put his hat on his head and barely smiled: "It's okay, the special forces are amazing. I admire them."

The firemen on the side also gave Lin Kai a thumbs up, expressing admiration.

Is this more than awesome? This is simply abnormal!

Chapter 333: Killer

Chapter 333

The old village chief walked over tremblingly, looked at Lin Kai up and down, and asked incredulously: "Are you...are you okay?"

Lin Kai shook his head, and asked, "What can I do?"

"But you guys, what are you doing here on your knees?"

After hearing Lin Kai's words, these villagers stood up and patted the soil on their knees.

It was incredible, no one thought that Lin Kai was still alive.

Look at the beehive under Lin Kai's feet, it's as big as a tire.

Honeycombs are very valuable. Such a large honeycomb can sell for several thousand yuan in the market.

Moreover, this is the hive of killer bees, with higher medicinal value.

Therefore, many villagers' eyes lit up after seeing this killer bee's hive.

They are all farmers in mountain villages, and they don't have much income after a year. Almost all young and middle-aged people go to work in big cities. Most of the leftovers are widows and lonely old people, who only have a few hundred yuan in living expenses per month.

It is very poor here.

A few thousand yuan is an astronomical figure for them.

Lin Kai didn't think so much at the time, so he gave the hive to the old village chief.

"Village Chief, you can take this hive. You can sell this thing for a few dollars. Since it belongs to your village, then this thing is yours," Lin Kai said.

When the village chief heard this, tears filled his eyes.

Very excited.

If this thing is sold, it is estimated that it can sell for ten thousand pieces. After all, this is the hive of killer bees!

However, there are not many families in the mountain village, that is, dozens of families, and each family can be allocated a few hundred yuan.

So the old village chief was very happy.

A few hundred yuan is enough to improve their lives.

At that time, the old village chief almost knelt to Lin Kai with excitement.

When I arrived at the entrance of the village, I saw that a killer bee was missing at the entrance of the village. The hive was gone. They didn't know where to go, and they scattered.

Director Wang was also quite excited and held Lin Kai's hand: "Comrade, thank you so much. Without your special forces, we really don't know what to do with these killer bees."

"Little things." Lin Kai laughed.

Director Wang and fire officers and soldiers left the mountain village after expressing their gratitude to Lin Kai.

The Wolf Warriors squadron packed up his belongings and boarded the armored vehicle. Lin Kai also put on a brand new uniform, ready to return to the team.

But at this moment, the old village chief suddenly stopped Lin Kai.

In front of the armored vehicle, I saw more than one hundred villagers surrounding the armored vehicle. They were holding eggs or clothes in their hands, and others were holding homemade smoke. They all came to thank Lin Kai.

These things may not be worth mentioning to Lin Kai and others, but to these villagers, they are their best things.

Upon seeing this, Lin Kai waved his hand quickly: "No way, no way, Chinese soldiers don't take the masses a line."

Lin Kai said sincerely.

But the attitude of the villagers was very firm. If Lin Kai refused to accept it, he would not let Lin Kai go.

“Don’t believe me, comrade, you have helped me so much, and you have given me such a big hive. You must take these things!”

“Yes, if you don’t hold it, we won’t let you go!”

...

Lin Kai was helpless at the time and could only ask for help and looked at the old village chief.

The old village chief thought for a while, waved his hand, and said, “Big guy, the army is disciplined. Since there is discipline, let’s not embarrass others.”

The words of the old village chief are very prestigious, and the old village chief has spoken, naturally other people are embarrassed to continue to pass things up.

“But, comrade, there is one thing you have to collect.” The old village head suddenly said with bright eyes.

Lin Kai scratched his head and asked, “What is it?”

“It’s not convenient to say here, you come with me.” The old village chief said involuntarily, pulling Lin Kai into the village.

Lin Kai was at a loss. After he had said that he would not accept the villagers’ things, why did the old village chief pull himself out alone?

Soon, Lin Kai came to the old village chief’s house.

There are two broken brick houses and a big tree in the courtyard. Although it is impoverished, it is very leisurely.

The old village chief took out a black sunspot from the house and placed it on a big rock in the yard.

Lin Kai looked at the black box, unclearly.

The old village chief lit his pipe, sat on the stone bench, looked into the distance, and recalled that year: “Comrade, this thing was passed to me by my father.”

“Heirloom?” Lin Kai was shocked at the time.

The old village chief actually took out all the heirlooms?

The old village chief nodded: “It’s a family heirloom, but it’s not so much a treasure, but it’s of no use in the hands of my bad old man.”

“My dad was in the People’s Liberation Army. He participated in the War of Resistance Against Japanese Aggression. This thing was seized by my dad and was supposed to be handed in. But my dad thought that this thing was unusual, so he hid it privately.”

“Now you have helped our village so much and improved the lives of everyone in our village.”

“I am too embarrassed to keep hiding this thing, so I just handed it in for my father.”

After hearing the words of the old village chief, Lin Xinzong became more curious.

What is it that can make a People’s Liberation Army hide it privately?

Opening the box, Lin Kai just drew a glance, before his eyes lit up.

That is a bronze dagger!

The bronze dagger was shiny, and there was a layer of traces that were touched to shine. Although the bronze dagger was simple, there was a hint of murderous aura from all over the body!

Lin Kai carefully took out the dagger with both hands, only to see the two words on the scabbard of the dagger, kill the god!

What a domineering word!

In Lin Kai’s eyes, those two characters seemed to be alive, piercing deeply into Lin Kai’s soul.

Pulling out the scabbard gently, when the dagger was pulled out of the scabbard, Lin Kai seemed to hear the sound of a dragon’s roar coming from his ears, and the cold light shivered, causing Lin Kai to tremble.

Good knife!

Pulling out the dagger, Lin Kai played with it in his hand, his eyes lit up.

Lin Kai has seen a dagger very similar to this one, the blood butterfly!

The blood butterfly also cuts iron like mud, and has murderous intent like this dagger!

“Good knife!” Lin Kai sighed.

“It’s a good knife, but it’s of no use in the hands of my bad old man, comrade, please take this dagger, otherwise, I feel ashamed!”

After saying this, the old village chief made a gesture to kneel down for Lin Kai.

Lin Kai hurriedly supported the old village head, thinking twice in his heart, and finally agreed.

“Well, the village chief, I promise you, I will accept this dagger.” Lin Kai said.

After hearing Lin Kai’s words, the old village chief’s eyes lit up and he sat back on the stool.

Lin Kai knew that the first reason for the old village chief was to repay his gratitude, and the second reason was because of guilt in his heart.

His father is a People’s Liberation Army, but he hid the spoils privately, and now he has turned in the dagger, which is regarded as making up for it.

As soon as he took the dagger, the fat man’s voice came from Lin Kai’s earphone. After hearing the fat man’s words, Lin Kai’s expression changed greatly: “What?”

Chapter 334: Gun Lost

Chapter 334

After listening to the fat man’s words, Lin Kai’s expression changed drastically, and he hurriedly bid farewell to the old village chief and ran towards the entrance of the village.

At the entrance of the village, a group of villagers still surrounded the armored vehicle, and wanted to put gifts on the armored vehicle.

But they insist on not accepting the fat man.

Lin Kai quickly came to Fatty’s side, and asked in a low voice, “What’s the matter?”

The fat man’s expression was very ugly, and with a hint of anger: “The villagers insisted on giving us gifts just now. Because the scene was too chaotic, Li Wenzhuang’s pistol was touched by no one.”

Feel the gun away!

Who is so bold?

It’s really poor and evil!

Actually stole Li Wenzhuang’s pistol in the chaos, because it was the first time the Wolf Warriors squadron had a mission and did not have a strong defensive heart against the villagers, so the pistol was taken away.

Stealing a soldier's gun is a felony!

The fat man asked quietly in Lin Kai's ear, "Should we control all these people and search one by one?"

The fat man has a look of hatred, gritted his teeth.

But Lin Kai shook his head.

The simple villagers in front of them are basically kind. If they are now controlled and searched one by one, their hearts will be chilled.

Besides, if the guns can be found, it's good to say. If they can't be found, their Wolves Squadron's first mission will be ruined.

"God eyes!" Lin Kai muttered silently, his eyes lit up, and he saw the villagers in front of him, all of them as if they were not wearing clothes.

Of course, Lin Kai still kept a trace of the bottom line, and didn't see through their underwear.

Soon, Lin Kai's eyes were fixed on a young man.

This young man was about twenty-three or four, with a thin body and a good-looking face. He didn't look like a bad person.

But the trace of cruelty hidden in his eyes shocked Lin Kai.

The pistol is on his body, he stole the pistol!

At that time, Lin Kai wanted to give an order to arrest him.

But after thinking about it, Lin Kai still gave up this idea.

He must be motivated to steal a pistol. You must know that stealing a soldier's pistol would be a felony if found!

And this kid actually dared to do such a thing, it shows that he has the motive, why did he steal the gun? Of course it is murder!

At that time, Lin opened his eyes and looked at this kid's expression.

He stole the pistol, must be sitting on something shameful.

At that time, Lin Kai patted the fat man on the shoulder and said: "Close the team, don't make any publicity, I know who did it."

After hearing Lin Kai's words, the fat man nodded, waved his hand, and closed the team directly!

After finally dismissing the villagers, Lin Kai also got on the armored vehicle, and the Wolf Squadron left the village directly.

And the young man hiding among the villagers was obviously relieved.

After the young man saw that the special forces had left, he felt a little grateful. It seemed that he had not been discovered.

He did this, but took a big risk!

But for revenge, everything is worth it!

A ruthless color flashed in the youth's eyes.

The young man returned to the village silently, stepped into his own house, and then never came out.

The young man's home is very desolate, with only two or three tiled houses, but there are actually not many young adults in the village.

The young and middle-aged who can stay in the village are either disabled or lazy.

The young man is not. The reason why he stayed in the village was only for one person, a person who insulted him! A man who killed his wife!

His name is Pan Daqing!

In the middle of the night, the young man walked out of the house. After making sure that there was no one, he walked towards the center of the village.

In the center of the village, there is a mansion!

It is a quadrangle courtyard with two floors. The courtyard is more than 100 square meters, and there is a Volkswagen car parked in the courtyard.

Such conditions, placed in cities, must be poor conditions, but in this village, such families are the richest families!

Pan Daqing is the owner of this house.

It was eleven o'clock in the middle of the night, and Pan Daqing had fallen asleep. He climbed onto the wall of Pan Daqing's house, and through the window, he could see Pan Daqing asleep in bed.

This is the case in mountain villages. The villagers are not afraid of stealing things, they are afraid of mountain wolves and wild animals.

At this time, the young man took out a black pistol from his arms. This is a medium-caliber pistol with an effective range of 100 meters and a loading of eight rounds. The advantage is that it has low recoil and a long service life.

When the youth took out this pistol, his eyes were red!

His hands trembled a little. This was the first time he took a gun!

It was also his first attempt to kill!

It is so easy to kill a person in a mountain village where birds do not shit. As long as he moves his finger, Pan Daqing will die in his hands!

At that time, no one knows who killed Pan Daqing!

The youth has been dazzled by hatred.

The gun in his hand has been aimed at Pan Daqing's head. As long as his finger moves lightly, Pan Daqing's life is his!

The youth trembled all over and closed his eyes. Once he closed his eyes, he could see the scene of Pan Daqing insulting him.

And his wife were insulted by Pan Daqing.

I must kill you! I must avenge my wife!

This is the only thought in the mind of the youth.

Just when the young man was determined to pull the trigger, a big hand was placed on the young man's shoulder, and the young man trembled, and the pistol almost fell to the ground without being scared.

"Who!" The young man hurriedly pointed his pistol at the incoming person.

But after seeing the people coming, he was stunned.

I saw another person lying on the wall with him. This young man was very familiar, and he also knew who came.

The person here is the special soldier, Lin Kai!

It was Lin Kai who helped the village solve big problems during the day!

"It's you?" The young man's eyes widened, his face looked incredible.

He thought that his gun-steal technique was smart enough that no one had discovered it, and the group of special soldiers did not realize that his gun had been stolen.

He thought that this group of special forces would definitely not doubt him.

But unexpectedly, at this moment, he actually saw Lin Kai!

He has seen Lin Kai's skill, climbing trees and diving are not a problem, if such a special soldier catches himself, he will not be able to escape.

At that time, the young man had a regretful look on his face. He knew he would be discovered, and he should have shot decisively!

"Do you want to kill that person?" Lin Kai asked, narrowing his eyes.

The young man sighed and nodded: "That's right."

"Why?" Lin Kai asked, "Do you know that stealing a gun is a felony! It must be sentenced!"

The young man gritted his teeth and nodded: "I know, but I must kill him!"

Chapter 335: I Come To You For Revenge

Chapter 335 I'll See You For Revenge

After the young man said, he squeezed the gun in his hand tightly without any intention of letting go.

Lin Kai saw only hatred on his immature face. Lin Kai didn't know what he had gone through to hate someone so much!

"Return the gun to me." Lin Kai stretched out his hand and looked at the young man.

The young man glanced at Lin Kai. Lin Kai thought he would aim the gun at him, but an unexpected scene happened to Lin Kai.

I saw the young man put the gun on his forehead and looked at Lin Kai with determination.

"You go, or I will die in front of you immediately!" The young man angered.

And the youth deliberately lowered his voice, as if he was afraid of awakening Pan Daqing who was sleeping.

Lin Kai was stunned. He obviously didn't expect the youth to do this. It seemed that the youth was not bad.

Lin Kai wanted to help him very much, because he was a Chinese soldier and he didn't see anyone wronged.

"Can you tell me your story?" Lin Kai asked.

The young man hesitated and nodded: "My name is Li Wen."

"I am a child born and raised in this village, and I grew up with Xiaofang."

"Xiaofang and I were childhood sweethearts. We grew up together, and we have no guesses."

"I went out to work when I was 18, and came back when I was 21. In three years, I earned 50,000 yuan. I want to give Xiaofang a beautiful wedding in the village!"

"But on the day before the wedding, Pan Daqing led someone into my house, grabbed my fifty thousand yuan, and in front of me, right... and Xiaofang!"

"After Xiaofang was humiliated, two days later, she committed suicide..."

When Li Wen said these words, tears could not help falling.

He recalled that year, holding the pistol tightly!

He hates it! He hates himself for not being able to protect Xiaofang!

After Lin Kai heard Li Wen's story, he was also moved.

In order to avenge his lover, Li Wencai dared to steal the guns of the special forces, and Lin Kai was moved.

"Have you not tried to resolve this matter by calling the police?" Lin Kai asked.

Li Wen sighed and shook his head: "It's useless, in the mountain village, Xiaofang has no evidence of his death, and I don't want Xiaofang's reputation to be humiliated. I have been bearing it all these years!"

"I want to find a way to avenge Xiaofang!"

"So, I beg you, don't stop me, let me kill him!"

"After killing him, what do you want to do with me, I will never resist!"

Lin Kai was moved by what he said.

But he would not watch Li Wen go astray like this.

“Give me the gun, and I will avenge you.” Lin Kai’s eyes were piercing.

Li Wen looked at Lin Kai with some hesitation in his eyes.

He didn’t know whether he should believe Lin Kai.

After fighting against Xiaofang, Li Wen tried to resolve the matter by calling the police, but because of insufficient evidence, the police could not take Pan Daqing about.

And Li Wen also reached a dead end, only to think of killing Pan Daqing to avenge Xiaofang!

Lin Kai in front of him, although he looks like a good man, is he too young? Is he capable of avenging himself?

“Give me the gun, I now give you a choice, give me the gun, I can choose to forgive you, and help you revenge.”

“Or, if you shoot now, I promise you won’t kill Pan Daqing, and you will go to jail for attempted murder!”

“I only give you three seconds to think about it.”

Lin Kai stared at Li Wen.

Without asking him for stealing the gun, Lin Kai was already the greatest help to him, he was pitiful enough.

Li Wen hesitated, he didn’t know if Lin Kai’s words were true.

But he looked at Lin Kai’s eyes, and he seemed to have found a piece of sincerity in Lin Kai’s eyes.

He is willing to help himself sincerely.

Li Wen put down the gun in his hand and handed it to Lin Kai.

The moment Lin Kai took the gun, he also breathed a sigh of relief, and he smiled with satisfaction.

He is not afraid of Li Wen shooting himself, nor is he afraid of him shooting Pan Daqing, but he is afraid that after he shoots, he can only use legal means to restrain a good person.

“Go home and have a good sleep. Tomorrow morning, I will be waiting for you at your door.” Lin Kai patted Li Wen on the shoulder.

Li Wen nodded rather disappointed, and went back home as if lost all the way, and fell asleep.

...

Early the next morning, Li Wen opened the door of his home and saw Lin Kai standing outside.

After seeing Lin Kai's dress, Li Wen was taken aback, and saw Lin Kai in front of him, wearing a pair of faded jeans, a white ripped half-sleeved upper body, and a pair of old Beijing cloth shoes on his feet, just like the average youth in the village.

Lin Kai smiled at Li Wen: “Let's go?”

“Is this all right?” Li Wen was a little worried.

“Let's go!” Lin Kai pulled Li Wen and came to Pan Daqing's door.

After arriving at Pan Daqing's door, Lin Kai clearly saw that Li Wen was very nervous.

He clenched his fists and trembled slightly, knocking on Pan Daqing's door with great difficulty.

Soon after, a very impatient voice came from inside the door: “The fuck, who?”

The gate of the yard was opened, and a thin-looking young man was standing at the gate with a cigarette in his mouth.

The young man was about twenty-four-five years old, with a checkered shirt on his upper body and tattoos on his body, and a social atmosphere came to his face.

When Li Wen saw him, he lowered his head and dared not speak.

“Yeah.” The thin young man was obviously happy: “Isn't this Li Wen? Why, are you here to celebrate Brother Pan today? Come in!”

After all, the young man pulled Li Wen's ear and pulled Li Wen in.

When Lin Kai came to the courtyard, he was a little surprised at the time.

I saw several cars parked in the yard, Volkswagen, Haima, and an Audi, and even a few motorcycles parked aside.

The young man dragged Li Wen directly through the yard and into the hall.

In the hall, there was a mist of smoke, and a dozen young people from society were sitting on the sofa playing cards. The tables were all red tickets.

The young man kicked Li Wen's **** directly and smiled: "Brother Pan, can you see who is here?"

The fat man sitting in the center of the sofa raised his head. There was a scar on the fat man's stomach, and he looked very fierce.

When he looked at Li Wen, he grinned, showing a few golden teeth in his mouth.

"Oh, **** me, Li Wen? Why are you a **** here?"

"Do you know that Brother Pan, who is my birthday today, came to give me gifts?"

He is Pan Daqing!

After seeing Pan Daqing, Li Wen lowered his head and did not dare to look directly!

Although I hate Pan Daqing very much in my heart, Pan Daqing is a village tyrant in the village! Li Wen was even beaten by Pan Daqing since childhood. How could Li Wen not be afraid?

At that time, Li Wen's voice trembled: "Pan Daqing, I came to see you today...I am here to take revenge."

Chapter 336: Pan Daqing

Chapter 336: Pan Daqing

When Li Wen's words came out, the audience was silent for three seconds.

Then there was a burst of laughter, and everyone laughed.

Haha laugh! Holding his stomach and laughing!

There is only mockery in their eyes! It seems that in their eyes, Li Wen is a joke, a big joke!

Is he here for revenge?

In Pan Daqing's eyes, Li Wen is an ant he can trample to death at any time!

The thin man who pulled Li Wen in laughed at that time, and saw the thin man patted Li Wen's face, playing with the taste: "I said your kid was drinking too much horse urine today?"

"Avenging revenge? What revenge are you coming?"

Even though Li Wen was trembling with fear, his eyes were still fierce and scary.

He stared at Pan Daqing, his voice trembling: "Xiaofang...Xiaofang was driven to death by you! Pan Daqing!"

As soon as Li Wen's words came out, the scene fell silent again.

Everyone looked at Pan Daqing.

Everyone knew how Xiaofang died back then. It can be said that Pan Daqing indirectly killed Xiaofang.

But it is precisely because Xiaofang is dead and there is no evidence that Pan Daqing can get away with it.

At this time, I only saw Pan Daqing touch his chin and laughed out loud: "I said Li Wen, do you really think of yourself as a person?"

"You look at you like a dick, I'm on vacation in this Poshan Village, and you are in this Poshan Village because you don't have the ability to go out!"

"What? Want revenge?"

"Come on! I'm here, you have the ability to avenge you!"

"That's right! Xiaofang, I was asleep, your little daughter-in-law, the body is so tender, it's the first time for her!"

"She called it cool that night!"

"how about it?"

"Vengeance? Come on!"

"The fifty thousand dollars you used to get married was also taken by Lao Tzu. Did you see the Passat at the door? You paid half of it for Lao Tzu! Hahaha!"

As soon as Pan Daqing's words came out, the whole room burst into laughter.

These people are watching Li Wen like a fool.

And Li Wen's old wounds were uncovered. At that time, Li Wen didn't know where his courage came from, so he roared and rushed up.

"Pan Daqing! I'm fighting with you!"

When Li Wen picked up a beer bottle on the table, he was about to open a scoop to Pan Daqing!

But who is Pan Daqing? Social scum! Village tyrant! From childhood to fighting, his skill is several times stronger than Li Wen!

At that time, Pan Daqing tilted his head, and the beer bottle flew directly past his ear.

Afterwards, Pan Daqing grabbed Li Wen by the collar and pressed Li Wen on the table.

"What? Kid, you want to kill me?"

"Do you have this ability?"

"You don't take a **** and take pictures of yourself. You are a poor dick. Without Xiaofang, now you can't even marry a wife?"

"Trash like you is not worthy of marrying a wife, and your undocumented wife is only worthy of being enjoyed by rich people like me!"

"Hey, still moving? Looking for a fight!"

After Pan Daqing said, he wanted to slap Li Wen, but at this time, a big hand appeared and stopped Pan Daqing directly.

Lin Kai appeared at this time and rescued Li Wen from Pan Daqing's hands.

As soon as Lin Kai made a move, more than a dozen people in the room stared at Lin Kai.

Pan Daqing frowned even more, when he realized that there was another person in the room he didn't know.

"Who the **** are you?" Pan Daqing cursed.

Looking at Lin Kai's clothes, he didn't look like a rich man, maybe it was an old man's doll in the mountain village, Pan Daqing didn't open Lin's eyes at all.

Lin Kai said coldly to Pan Daqing: "I am Li Wen's cousin, and my name is Lin Kai."

“Lin Kai?” Pan Daqing sneered: “Where is the stinky **** silk, go away, provoke me, I will fight you!”

After all, Pan Daqing went to pull Li Wen’s collar.

Li Wen was terrified, and kept hiding behind Lin Kai. Lin Kai also stood in front of Li Wen and faced Pan Daqing.

“Want to move Li Wen? Get past me first!” Lin Kai said angrily.

At this time, Pan Daqing was also anxious. With a snap, Pan Daqing patted the table and stood up, angrily.

“Fuck, where are you from? Pan Daqing’s affairs, you dare to manage?” Pan Daqing said angrily.

The thin man also looked at Lin Kai up and down at this time, and said with a curled lips: “Yeah, silly face! This is your first time here?”

“No wonder you don’t even recognize Pan Ge.”

“You don’t know who Pan Ge is? Pan Ge is a tyrant in this ravine, and all the villagers in the ravine must listen to Pan!”

“If Brother Pan isn’t pleasing to your eyes, it’s just a matter of one sentence, brothers will kill him directly!”

“You kid, you dare to take care of Pan Brother’s affairs. You are living impatiently, right?”

The thin man praised Pan Daqing a few words. Pan Daqing’s tail was about to be upturned at the time, and Pan Daqing showed a high look, looking down at Lin Kai.

“Now you know that Brother Pan is amazing, right? Now kneel down for me and knock three times, and I will forgive you, otherwise, you will never get out of this room!” Pan Daqing said coldly.

Kneel down and knock three heads?

Lin Kai laughed at that time: “Can’t get out of this room? What can you do with me? Do you dare to kill?”

When Pan Daqing heard this, he smiled disdainfully: “Do you think I dare not? Do you know how that Xiaofang died?”

“Xiaofang committed suicide because Li Wen was too weak to avenge her!”

“Li Wen, a coward, is Xiaofang’s death my fault? It’s your coward’s fault!”

“Hahahaha!”

There was a burst of laughter, and the whole room laughed, a dozen people!

After listening to Pan Daqing’s words, Li Wen’s eyes widened, and his body suddenly softened, almost paralyzed to the ground.

Lin Kai frowned, he was really troubled!

Pan Daqing knew that the security in the mountain village was extremely poor, so he did evil in the mountain village!

His friends, friends, friends, all know what Pan Daqing did.

But Pan Daqing was stunned and nothing happened!

This is what annoys Lin Kai the most.

Pan Daqing, the crime of **** plus robbery, was at large, and he was so arrogant that he didn’t put the victim in his eyes.

In recent years, Pan Daqing has been arrogant in the village for so long in front of Li Wen.

No wonder Li Wen would have the idea of murder.

This is all forced by Pan Daqing!

“Pan Daqing, as long as I Li Wen lives a day, I will definitely avenge Xiaofang, you wait!”
Li Wen roared heartbreakingly.

And Pan Daqing looked arrogant: “Just you? You rubbish, come with another rubbish, want revenge?”

“Dreams!”

“It’s just two wastes, I don’t care about Pan Daqing at all. Even if I beat you to death today, no one will know!”

“Now kneel down for Lao Tzu, Lao Tzu can still consider letting you two live.”

Pan Daqing took out a bright switchblade from his pocket and shook it in front of Lin Kai and Li Wen.

If ordinary people encounter this situation, they must be scared to pee.

Li Wen is also an ordinary person, and he is not very courageous. Now that a dozen people are surrounded by this living room, Pan Daqing is still holding a knife at him, and his heart is a little flustered.

“Kneel down!” The thin man also shouted at this time.

Li Wen was so frightened that he shuddered, his legs softened and he almost fell to the ground!

At this moment, Li Wen could only look at Lin Kai with a look of help. He could only put all hope on Lin Kai now.

Lin Kai put Li Wenhui behind him, looked at Pan Daqing, and said, “Tell you the truth, this time I come here to avenge my cousin.”

“Now, be lenient in confession, strict in resistance, let’s talk about what you have committed these years.”

“Speaking out is much better than letting me find out the result!”

As soon as Lin Kai’s words came out, the audience remained silent for several seconds.

After that, there was another burst of laughter, everyone was amused by Lin Kai’s words, everyone laughed crazy.

The thin man patted the table and laughed: “Hahahaha! You stinky hairy, really think of yourself as an onion?”

“Who do you think you are? Do you think you are a note?”

“Furthermore, the director of the nearby police station is a good buddy with Brother Pan. Even if you are a note, what about it?”

The thin man laughed loudly.

Pan Daqing also laughed disdainfully: “Hehehe, I think you are only eighteen or nineteen years old. Are you Li Wen’s cousin? Are you afraid of being a newborn calf and not afraid of tigers?”

“Do you think you will act like in a TV series, stand up for good people and get justice?”

“Lao Tzu tells you, there is no so-called justice in this world. Whoever has a hard fist makes sense!”

Pan Daqing laughed while scolding Lin Kai like a junior.

Lin Kai is Li Wen’s cousin? Pan Daqing could tell at a glance, no, Lin Kai was much younger than Li Wen.

Lin Kai may be Li Wen’s friend who didn’t know where to find it. The two hit it off and asked him to settle accounts with Pan Daqing.

But they didn’t know that Pan Daqing was not an ordinary person, nor was he something they could afford!

“Want to know what I did, right?”

“Lao Tzu tells you the truth, Xiaofang was raped by me, and Li Wen’s 50,000 yuan was also taken away by Lao Tzu. Lao Tzu gambles, takes drugs and beats more than three figures every day!”

“What? You have the ability to catch me!”

“Hahahahahaha!”

A roar of laughter came.

After the laughter, Pan Daqing’s face became cold, and he waved his hands, and the two of them pressed Lin Kai.

“Boy, I know what you think, do you want to record, don’t you? Let alone your recording, no one will accept it. Your recording can’t be taken out now!”

Pan Daqing sneered, as if holding the winning ticket.

Sure enough, Skinny found a voice recorder on Lin Kai’s body.

“This kid really has a recorder!” The thin man exclaimed.

Pan Daqing took the recorder, looked at Lin Kai, and smiled triumphantly: “Hahaha, two hanging hairs, this kind of tricks, I played it ten years ago.”

“Do you think you are very smart? Think you are heroes? Think you have entered a drug cartel alone as an undercover agent, just like the TV shows?”

“I tell you, you are two hanging hairs!”

“Shit is not a sling hair!”

“Want to take revenge? I can kill you with just one finger, and you can’t get out of this room!”

“Now, kneel down obediently and call grandpa twice, I can consider letting you go.”

Pan Daqing said while smoking a cigarette while squinting his eyes.

The people around also looked at Lin Kai and Li Wen coldly, their eyes getting more interesting.

Kneel down and call grandpa?

Lin Kai laughed and looked at Pan Daqing: “You still don’t realize the seriousness of the matter. Don’t take what I said just now!”

Pan Daqing laughed disdainfully after hearing Lin Kai’s words, and his eyes were a little impatient: “You **** don’t understand human words, don’t you? I let you kneel down!”

After that, Pan Daqing held a switchblade and pointed at Lin Kai with an angry expression on his face.

When Lin Kai faced the switchblade, he calmly stroked his chin.

“I see, you are the one who doesn’t understand humans?” Lin Kai squinted and smiled.

“Fuck me!” Pan Daqing was finally angry, pointed Lin Kai, and shouted.

At this time, a dozen people around Pan Daqing rushed forward, ready to take Lin Kai down!

But before they reached Lin Kai’s front, they all stopped, seeing them step back, afraid to approach Lin Kai.

Shouzi and Pan Daqing were also dumbfounded. They saw that Lin Kai was holding a black pistol in his hand!

The pistol was pointed at Pan Daqing’s forehead.

This kid actually has a gun!

Everyone was dumbfounded.

Lin Kai tilted his head and looked at Pan Daqing: "I gave you a chance, but you don't cherish it yourself!"

"Fuck, it's really a note?" Pan Daqing looked incredible at this moment.

Such a young policeman? It shouldn't be! When Pan Daqing saw Lin Kai, he had already determined that Lin Kai was not a policeman.

Because he is too young.

Everyone was also frightened by the gun in Lin Kai's hand.

At this time, the thin man rolled his eyes and said, "Brother Pan, how come the gun in this kid's hand is so similar to the toy gun in the village shop?"

Pan Daqing heard the words and took a closer look. Indeed, the gun in Lin Kai's hand is exactly the same as the toy gun in the village shop!

He is so young that he can't be a policeman, so how do you explain that he has a gun?

There is only one explanation, that is, this kid is fooling himself, he is scaring himself with a toy gun!

At that time, Pan Daqing sneered, put his head on Lin Kai's gun, and said, "I also give you a chance now. If you have the ability, you can shoot!"

Lin Kai smiled when he saw Pan Daqing who was so rampant. Lin Kai pushed Pan Daqing away and threw the gun into Pan Daqing's hand.

"You can see if this gun is real."

Pan Daqing was stunned for a while after receiving the gun. The gun was heavy and seemed to be real!

Pan Daqing took out the magazine and took a look. At that time, he was shaking all over. Fuck, it was all bullets, real guns!

At that time, the atmosphere in the entire living room became serious again.

However, everyone looked at Lin Kai once again. This kid looks like a fool, right? Can you throw a gun casually? Still thrown to your own enemy?

At that time, Pan Daqing pointed the gun at Lin Kai and said with a complicated expression: "The gun is a real gun, but now, this gun belongs to Lao Tzu!"

Chapter 338: Wang Ge

Chapter 338

Pan Daqing looked at the pistol in his hand. This pistol is for military use or special forces, so it is very delicate.

At that time, Pan Daqing couldn't put it down with Lin Kai's pistol.

Others also gathered around to look at the pistol.

The thin man praised: "This gun is not bad. It takes tens of thousands to get it, right?"

Pan Daqing also nodded: "It's really good, much better than my broken thing."

After all, Pan Daqing took out a black pistol from the drawer.

This pistol was very mini, about the size of a palm. Lin Kai took a look and immediately understood that it was a pistol assembled by himself.

As soon as the two guns are taken out and compared, it is immediately possible to tell which one is better.

Pan Daqing looked up at Lin Kai and sneered: "Hehe, where did your kid get this gun? How much did it cost to buy it?"

Lin Kai smiled slightly and said, "I didn't spend any money, someone else gave it."

Lin Kai is telling the truth, this gun was issued by the army, not Lin Huahua's money.

After hearing Lin Kai's words, Pan Daqing was happy at the time: "Someone else gave it?"

"Hehe, kid, do you think you can frighten me Pan Daqing with a broken gun?"

"Who is Pan Daqing?"

"Can you scare me with this stuff?"

"When I was playing with guns, you didn't know where to use urine and mud!"

Pan Daqing looked very disdainful, and everyone else looked at Lin Kai with a sneer.

"I said why this kid looks so fearless and fearless. He has a gun, but this idiot actually showed the gun to Brother Pan. It seems that he is still tender!"

“Fool!”

Everyone laughed.

Even Li Wen didn't understand what Lin Kai thought at this time. He actually gave the gun to Pan Daqing?

Originally, if they had guns, Pan Daqing would never dare to do anything with them.

But now Lin fired the gun to Pan Daqing. Doesn't this mean that someone else holds his life in his hands?

At that time, Pan Daqing put away both guns and looked at Lin Kai coldly: “Okay, continue with the topic just now, now, kneel down for Laozi!”

Pan Daqing sneered.

In his eyes, Lin Kai was just a hairy boy. Although Lin Kai took out a gun, Pan Daqing still didn't open Lin's eyes.

Because in Pan Daqing's eyes, Lin Kai was too tender.

He thought he could scare Pan Daqing with a gun? wrong!

Pan Daqing also knew gun sellers, and he had seen Lin firing this kind of gun, but it was a bit more expensive.

Although Pan Daqing didn't understand how Lin Kai got this gun, in his opinion, Lin Kai was definitely not a piece of paper, because Lin Kai was too young and too tender.

Li Wen looked at Lin Kai with a confused expression.

Now Pan Daqing makes them kneel down, what should they do?

Li Wen didn't even know.

And Pan Daqing was also cruel this time. As long as Lin Kai dared to say a word, he immediately asked someone to interrupt Lin Kai's hand!

At that time, he would let him Lin Kai thoroughly know how powerful Pan Daqing is!

But Lin Kai hadn't spoken yet. He only heard the roar of the car. Everyone looked back and saw that there was an extra BMW sedan in the courtyard.

After the BMW car stopped, a middle-aged man with a pot belly walked out of the car.

The middle-aged man wore a checkered shirt on his upper body and a big gold chain with the thickness of a little finger around his neck. He swaggered into the living room.

After everyone saw the middle-aged man, they all brightened and hurriedly greeted him.

Even Pan Daqing got up from the sofa and greeted him.

“Hey, Brother Wang, you are here too!” Pan Daqing smiled and welcomed the middle-aged man into the living room.

The man called Brother Wang obviously had a high status among the group of people. As soon as he came in, everyone was crowded around him like the stars Gongyue.

And his hair was bright, with a Chinese stick in his mouth, he walked in swaggeringly and sat on the sofa.

“Today is Xiao Pan’s birthday. How can I, the eldest brother, come and have a look?” Brother Wang said proudly.

At that time, Pan Daqing’s face immediately showed a flattered smile: “It’s a great honor!”

This person is actually Pan Daqing’s eldest brother?

It seems that Pan Daqing is really social, no wonder he is not afraid of seeing a pistol.

And Pan Daqing’s eldest brother, the man named Wang Ge, also saw Li Wen and Lin Kai at this time.

At that time, Brother Wang raised his eyebrows and asked, “Who are these two boys? They look unfamiliar!”

When talking about Lin Kai and Li Wen, Pan Daqing’s face immediately showed a disdainful smile: “Hahaha! These two people are two hanging hairs!”

“You should know this Li Wen. I said before. A few years ago, I had a little daughter-in-law who committed suicide. I also robbed him of 50,000 yuan. That little daughter-in-law, that’s it. The daughter-in-law who has not passed the door!”

“Hahahaha!” Pan Daqing laughed for a while, as if very proud.

When Brother Wang heard this, he suddenly realized that he patted his head.

“It turned out to be this hanging hair!” Brother Wang laughed loudly.

The people around also laughed loudly.

Li Wen, who was standing next to Lin Kai, clenched his fists at this time, his eyes were red.

He hates himself, hates his weakness, hates his inability!

If you have the ability, would you be so mocked by them?

If you have the ability, that 50,000 yuan will be robbed?

If she had the ability, Xiaofang would not be humiliated because of it, nor would she commit suicide because of it.

Now Li Wen regrets it a bit, because he found that bringing Lin Kailai with him was a very wrong decision!

I might as well kill Pan Daqing yesterday, even if he was shot for the murder, he would die willingly!

Because now, as soon as he falls asleep every day, he can think of Xiaofang's tragic death before his eyes. He really can't stand it!

Li Wen is a cowardly person. He is afraid of Pan Daqing. He also knows that Pan Daqing is not an ordinary person. Pan Daqing is a mixed society. The friends he knows are the kind of cruel characters who fight to see blood.

And Pan Daqing knew all the people he could not afford to offend. Pan Daqing knew all the eldest brother who drove the BMW and the director of the police station.

Otherwise, will Pan Daqing have been fine for so many years?

Facing everyone's ridicule, Li Wen clenched his fist, he decided that when he left here, he must find a way to kill Pan Daqing!

Lin Kai couldn't count on it anymore, because now, Lin Kai can't protect himself!

He doesn't understand how powerful Pan Daqing is, even if you are a special soldier? You are here alone now, and your gun has been taken away! Your recording pen was also taken away. There is no evidence. What are you using to rectify Pan Daqing?

Chapter 339: Big Brother Of Society?

Chapter 339

At this moment, Brother Wang looked at Lin Kai, raised his eyebrows, and asked, "Who is this hanging hair?"

Brother Wang didn't mean to respect Lin Kai at all, because Lin Kai looked like a country bunny in his clothes.

Speaking of Lin Kai, everyone laughed, and the expression of disdain on their faces became stronger.

Before Pan Daqing could speak, the thin man said, "Brother Wang, this Diao Mao is a fool!"

"Oh? How do you say?" At that time, Brother Wang was also interested and asked.

The thin man said happily at this time: "This Diaomao, said to be Li Wen's cousin!"

"Look at him, his age, like Li Wen's cousin?"

"He's not Li Wen's cousin, this man, Li Wen pulled over to seek revenge on Pan Ge!"

"Don't you think this is a stupid? One hanging hair is pulling another hanging hair, and he wants to get revenge on Pan, hahahaha!"

After the thin said, he laughed.

There was also a playful smile on Brother Wang's face. After looking up and down Lin Kai, he smiled disdainfully.

"It's really a hanging hair."

"Hahahaha!"

There was another burst of laughter.

At this moment, the thin man came to Lin Kai's face with dignity, his nostrils were going to the sky, he looked at Lin Kai extremely disdainfully.

"Diao Mao, do you know who Brother Wang is?"

"Speak out and scare you to death! Brother Wang is Brother Pan's elder brother!"

"Brother Pan is so powerful, and Brother Wang is a character you can't afford to offend!"

The expression on the thin man's face was extremely proud. The reason he said so was for two purposes. The first was to please Brother Wang, and the second was to demean Lin Kai!

Because belittle others, it will make thin people have a kind of pleasure!

This kind of pleasure is hard to say, but it will make the thin person feel that he has a sense of existence, and his heart will be even more refreshed!

Brother Wang was slapped by the thin man and nodded with satisfaction, with a proud expression.

Why did he come to Pan Daqing's home? It is because Pan Daqing and the group will kneel and lick him!

It will make him feel his incomparable dignity, and he will feel that he is the most powerful person in the world!

Now, I am like an ancient emperor, whoever I want to die must die!

Pan Daqing also stood up at this time and smiled triumphantly: "Boy, today you have come to the right, let you have a long experience, know who this is?"

Pan Daqing pointed at Brother Wang and asked.

Without waiting for Lin Kai to speak, Pan Daqing said, "This one, but the famous brother Wang in the nearby county town! Do you know what business Brother Wang does?"

"Speak out and scare you to death! Brother Wang is a famous elder brother in the nearby county!"

"Brother Wang is a loan shark!"

"There are hundreds of little brothers under them. If they say who is hacked to death, they will hack to death immediately!"

"It is your honor to let you see such a big person today!"

After Pan Daqing's words were finished, I saw that Wang's face was red and he seemed to enjoy Pan Daqing's flattery.

Lin Kai also took another look at Pan Daqing. He turned out to be a gangster. If he caught up with him, he would take it all!

"Oh, it's just right, Brother Wang, right? Let's confess all your crimes over the years, be lenient in confession, be strict in resistance.

Lin Kai said lightly.

When Lin Kai's words came out, Brother Wang was stunned.

There was a burst of laughter at the scene.

Pan Daqing laughed, pointing to Lin Kai with a disdainful smile and said: "Hahahaha! Brother Wang, this fool has always thought that he is a slapstick, and said that we should confess our crimes."

"Who do you think you are? Smelly Diaomao, now you can't protect yourself!"

Brother Wang touched his bright hair and smiled playfully: "Hehe, scare me, you stinky hair, dare to scare me?"

"Fucking me to confess my crime? Are you worthy?"

"Lao Tzu is a loan shark, what's the matter? It's illegal things, what can you do to me?"

"Don't say you are so stupid, there are so many people in the county who want to **** me, which one succeeded?"

"I have something to do, do you think you can get me off?"

"Fool!"

Brother Wang gave a disdainful smile and leaned on the sofa.

Brother Wang stretched out intentionally or unintentionally at this time, revealing a black pistol that he was pinned to his waist.

After seeing the pistol, everyone also showed amazed eyes and exclaimed.

"Wow!"

"Brother Wang, your gun is really beautiful!"

At that time, Pan Daqing exclaimed and said with envy.

The man named Brother Wang also smiled triumphantly at this time, only to see that he took out the pistol pinned to his waist and put it on the table.

"I just bought it recently. It can be said to be the best performance gun in the assembly. It cost me 20,000 yuan. This gun has a capacity of seven rounds and has a low recoil. It is almost as good as a military pistol."

Lin Kai glanced at Brother Wang's pistol. That pistol was indeed an assembled gun, and among the assembled guns, it was considered a good gun.

It seems that this group of people is a real underworld, buying guns and lending usury, they can do all these things.

At that time, Pan Daqing also exclaimed: "Brother Wang's gun is good. It is almost as good as a pistol. I think I bought this broken gun for 3,000 yuan. It has been used for several years. I usually use it for shooting. It's so enjoyable as a bird."

After all, Pan Daqing opened the drawer and took out his broken gun from the drawer.

At this time, Brother Wang glanced into the drawer and immediately saw Lin Kai's gun.

"Wait a minute." Just when Pan Daqing was about to close the drawer, Brother Wang suddenly stopped Pan Daqing.

I saw that Brother Wang took out Lin Kai's pistol from the drawer and took it in his hand to look carefully.

"Where did this gun come from?" Brother Wang asked with a serious face.

And Pan Daqing also patted his head and said, "This gun is from this Diao Mao. This Diao Mao used a broken gun to scare Lao Tzu. The most ridiculous thing is that he even threw this broken gun at I read."

"Brother Wang, if you like it, I will give you this gun!"

Pan Daqing directly acted as a favor and gave the gun to Brother Wang.

This gun is good, Pan Daqing can also see that Pan Daqing doesn't know guns very well, but he knows that Brother Wang likes guns very much. Give this gun to Brother Wang, maybe it will enhance the relationship between the two of them. .

But at this time, Brother Wang looked serious, he looked at Lin Kai, and asked in disbelief, "Is this gun made of hair?"

Pan Daqing saw that Brother Wang's complexion suddenly became serious, and he was a little confused, nodded, and said, "That's right, this gun is the one with a stubborn hair, Brother Wang, is there any problem?"

At this time, Brother Wang put the gun on the table and said: "This gun, you can't ask for it!"

Chapter 340: Army Gun

Chapter 340

Can't you?

As soon as Brother Wang came out, everyone was stunned. Why can't you ask for it?

Brother Wang held the gun in his hand and his expression was very solemn.

He said: "I know this gun, it's a military gun! And it's not a gun that can be equipped by ordinary troops, but a gun that can only be equipped by special forces!"

After listening to Brother Wang, the scene immediately fell silent.

so smart?

This is a military gun?

Everyone was dumbfounded.

Why is there a military gun here? Everyone looked at Lin Kai.

Is it possible that this person is a soldier? Or a special soldier?

impossible!

Not to mention that Lin Kai is so young, even if Lin Kai is a special soldier, how could he come to this poor mountain valley?

In order to destroy him Pan Daqing?

Although he is not a good person, Pan Daqing has done a lot of illegal things, but he asked himself, Pan Daqing is not a big drug dealer, and it is not worth the special forces to send someone to arrest him!

Besides, the Lin Kai in front of him looks only 19 years old and his body is so thin. How could he be a special soldier?

"Brother Wang, are you kidding?" Pan Daqing asked.

Brother Wang shook his head: "No, this is really an army gun. I can't read it wrong, but you said that this army gun is made of this sling, and how did you get this sling? A military gun?"

Everyone looked at Lin Kai.

Everyone knows that the management of firearms in the army is very strict. If a gun is lost, the army will look for it at all costs.

Who dares to ask for such a military gun?

Although this gun is very good, its performance and so on, it is thousands of miles away from the assembled gun in Brother Wang's hand. Brother Wang also wants this gun, but he dare not!

This gun is too precious. Before knowing its origin, Brother Wang didn't dare to ask for it, even if he loved it.

Pan Daqing looked at Lin Kai and asked in a cold voice, "You kid, say, how did this gun come from?"

Everyone looked at Lin Kai in unison, with doubts in their eyes.

Lin Kai replied indifferently: "I have already said that this gun was given to me by someone else."

For you?

Who the **** gave away the gun?

Everyone obviously didn't believe Lin Kai's words.

And Pan Daqing was also angry at this time. He pointed his gun at Lin Kai and said angrily: "Diao Mao! Tell the truth! Otherwise, I will kill you with a single shot!"

When facing Pan Daqing's gun, Lin Kai didn't panic at all, and said coldly, "I said, this gun was given to me by someone else."

"If you have the ability, you will shoot!"

Lin Kai's eyes were extremely cold, Pan Daqing was so angry that he almost pulled the trigger!

But Pan Daqing still controlled himself. He knew that he couldn't kill people. Killing people would be very troublesome.

At this time, a person around exclaimed: "I know where this sling gun came from!"

The speaker was a short young man in his early twenties.

I saw the short man said: "Didn't the killer bees in our village kill individuals the other day?"

"Yesterday someone was sent down from above. First, the police came, and then the firemen came back, but there was nothing to do with the beehive."

“Guess what is going on in the end? The special forces are here. I heard that it is the special forces of the Southeast Military Region. This special force has just been established and it is all small tasks.

“I guess it must be Li Wen and this Diao Mao, who joined forces and stole a pistol from the special forces!”

The short man analyzed it in a straightforward manner.

Everyone touched their chins and nodded, feeling that what the short man said made sense.

There is only one explanation now. If they hadn't stole the guns of special soldiers, how could it be explained that they would carry guns on them?

Pan Daqing suddenly realized at this moment: “Oh, I said that Li Wen, Diao Mao, has the courage to come to me Pan Daqing today. It turns out that he stole a gun with this **** Diao Mao!”

“Two Diao Mao, do you think you can get revenge if you steal a gun? Stupid!”

Pan Daqing smiled disdainfully.

After figuring out the origin of the military gun, everyone was relieved.

It seems that it is not the special forces who are coming to catch them, but the two guns stole by Mao Mao!

At this time, Pan Daqing's eyes rolled and he smiled: “Hehe, Brother Wang, if you don't dislike it, I will give you this gun.”

When Wang Ge heard this, he also hesitated. Although this gun is very tricky, he really likes it.

“This”

“Isn't it right?” Brother Wang still hesitated.

Pan Daqing smiled at this moment: “Hehehe, Brother Wang, I know what you are worried about.”

“Brother Wang, I know this Poshan Village too much, let alone those special forces suspect that their guns were stolen, even if they suspect that the gun was dropped in this Poshan Village, what about it?”

“There is no surveillance in this Poshan Village. Even if they find this place, they will definitely not find this gun!”

“They are not gods either!”

“As for the two hanging hairs, they stole the gun. They dare to expose us?”

“So, Brother Wang, you can put away this gun with peace of mind!”

After listening to Pan Daqing’s words, Brother Wang touched his chin for a while and laughed.

“Hahahaha! Xiaopan is right, what **** special forces, I think, is a bunch of rubbish! I took this gun!”

Brother Wang, who had received his gun, was obviously very happy, holding Lin Kai’s pistol, he couldn’t put it down.

This gun is simply amazing. It’s an official gun, and it looks like it’s a new gun! The kind that has never been shot.

If this gun is sold in the black market, at least it can sell for more than 100,000 yuan!

At this time, Brother Wang patted Pan Daqing on the shoulder: “Little Pan, a few days later, there is a big order, there is a debtor who is forced to owe one hundred thousand yuan, you take someone! You are coming back, you will be divided into two Million!”

After listening to Brother Wang, Pan Daqing was overjoyed and nodded again and again: “Yes, yes, I have to rely on Brother Wang in the future!”

“Hahahaha!”

A group of people laughed, and the atmosphere was very harmonious.

They completely ignored Lin Kai and Li Wen, and even gave away Lin Kai’s gun in front of Lin Kai.

At this moment, they finally looked at Lin Kai.

Pan Daqing was obviously in a good mood. He didn’t want to care about Lin Kai, waved his hand, and said, “You two, get out of here now! Take advantage of my good mood!”

But Li Wen had the idea of leaving, he pulled Lin Kai, but found that Lin Kai didn’t move.

“Go!” Li Wen cast a look at Lin Kai, and now there is no way to stay here, because they are fighting alone!

Li Wen knew that Lin Kai was a special soldier, and he also knew that special soldiers were very good at fighting, but there were a dozen people in this living room!

Several of them have guns. Can Lin Kai ever fight?

Chapter 341: Five Hundred Yuan

Chapter 341 Five Hundred Dollars

In Li Wen's heart, he was extremely disappointed with Lin Kai.

He thought that Lin Kai could fight the injustice for him, but he was wrong.

Lin Kai looked like a special soldier, but he was too arrogant. He came to Pan Daqing's home alone because he was a special soldier.

Now the gun has been taken away, and the recording pen has also been taken away.

They have nothing to do with Pan Daqing.

They couldn't beat them, and there was no evidence that they committed crimes.

Li Wen no longer trusts Lin Kai, he can only figure out a way to avenge Xiaofang.

He pulled Lin Kai and found Lin Kai motionless.

Lin Kai looked at Pan Daqing with piercing eyes, and said, "Have you seen enough guns? If you see enough, return them to me."

As soon as Lin Kai spoke, Brother Wang immediately raised his head and looked at Lin Kai.

Brother Wang sneered, stood up, and came to Lin Kai's front: "This shot, do you still want to go back?"

"You **** stolen the gun, are you embarrassed to ask for it?"

"I want this gun, go away! Stinky!"

Brother Wang's attitude is extremely arrogant.

Lin Kai frowned and sneered: "Hehe, it's really toasting and not eating fine wine. Is this gun okay? I have better ones, do you want to see it?"

Brother Wang frowned and asked, "What do you mean?"

At this time, before Lin Kai could speak, another person walked into the living room.

This person, about 70 or 80 years old, is an old man.

The old man, dressed in patched clothes, a pair of straw sandals on his feet, and a crumpled five hundred yuan in his hand, walked into Pan Daqing's house.

Lin Kai took a look and immediately recognized who the visitor was. The visitor was the old village chief!

However, the eyes of the old village chief were not very good. After all, he was getting old. Besides, Lin Kai put on ordinary clothes. For a while, the old village chief did not recognize Lin Kai.

As soon as the old village chief appeared in the living room, there was a burst of laughter, and only a few young people were surrounded by the old village chief, playing with the old village chief's beard, without any respect.

At this time, Pan Daqing also saw the old village head and laughed: "Haha, yo, isn't this the old head of the village? Ask me Pan Daqing, what's the matter?"

"I'm still holding five hundred yuan. Wouldn't it be the one who knew that Pan Daqing was celebrating my birthday today and came to give gifts?"

Pan Daqing drew the five hundred yuan directly from the old village head, and he was not polite at all, and put it directly into his pocket.

The thin man on one side also smiled at this time: "Haha! Can't tell! Didn't this old man hear well before? Now he knows to hold Brother Pan's thigh? Hahaha!"

"Hahahaha!"

Everyone laughed, and looked at the old village chief in a playful manner.

And the old village chief's face also showed a simple smile: "Xiao Pan, yesterday there was a comrade soldier who helped our village get the big beehive down."

"That big honeycomb is a rare thing. It sold for more than 10,000 yuan. I calculated it according to the people in our village. It is 500 yuan for a family. After all, the honeycomb belongs to all of us."

"You take the five hundred dollars. I will go to someone else's house and send the money."

The old village chief smiled and said, after all, the old village chief turned around and wanted to leave Pan Daqing's home.

When Pan Daqing heard this, his eyes rolled and said: “Old man, wait!”

The old village head turned around, looked at Pan Daqing, and asked, “Xiao Pan, what else is going on?”

“Fuck you!” Pan Daqing slapped the head of the old village chief directly: “You’re also called Xiao Pan? It’s Brother Pan!”

When the old village chief heard this, his face also showed a helpless smile. He looked at Pan Daqing and said, “Little Pan, when your father was still alive, we were still good brothers with me. How could he be called Brother Pan? Isn’t this a mess of generations?”

“I’m going to your mother!” When Pan Daqing heard the old village chief mention his dad, he almost kicked the old village chief.

“Don’t **** mention that beast! There are obviously 30,000 yuan in the family, even if he donates it, he won’t give it to my son. He is not worthy of being my dad!”

Pan Daqing said angrily.

A bitter smile appeared on the old village chief’s face: “That’s not the past, Xiao Pan, you are addicted to gambling, and your father dare not give it to you!”

“Don’t **** mention my dad!” Pan Daqing was angry and pointed at the old village chief with a vicious look.

The old village chief was aggrieved at this time just like a child, standing at the door, dare not say a word.

“You said that the honeycomb sold for more than 10,000 yuan, right?” Pan Daqing asked at this time.

The old village chief is an honest person. He nodded and said, “Yes, I just sent it to a few stores. I will go to someone else’s house to send money later.”

“So, the ten thousand yuan is on you?” Pan Daqing gave a smirk and asked again.

The old village chief was stunned this time. No matter how honest he was, he knew what Pan Daqing was making!

At that time, the old village chief covered his pocket and said: “Xiao Pan, no, our village is so poor, this time it will finally be improved...”

The old village chief's words were not finished yet, but Pan Daqing's people had already held the old village chief, and Pan Daqing forcibly took out more than 10,000 yuan from the old village chief's pocket.

After seeing the money, Pan Daqing's eyes lit up and laughed loudly: "Hahaha! Really **** it, this old man is not a lie!"

The people all over the room watched Pan Daqing grab money from the old village chief, but no one came forward to stop him. Instead, they all smiled wickedly.

"Hahaha! Pan, it's posted, I must go out today!"

"Yes, a dozen dishes must be made!"

Pan Daqing was also happy at this time and said: "Don't worry, today Pan Ge's birthday is definitely arranged clearly!"

Brother Wang also looked at all this with a smile, more than 10,000 yuan, he did not take it seriously, so he did not ask Pan Daqing for money.

But the old village chief saw his money being snatched by Pan Daqing, and for a while, tears burst into tears, and his old face was full of pity.

He is old and doesn't remember anything, and he has forgotten who Pan Daqing is. In the old village chief's impression, Pan Daqing has always been a child.

Only now did the old village chief remember that Pan Daqing was a scumbag who cannibalize people without spitting out bones!

How can I go to his house to send money first?

I should arrange for Pan Daqing's money to be distributed at the end!

At that time, I saw the old village head grabbing Pan Daqing's arm and begging: "Daqing, it's really not good. Every household in our village is looking forward to these five hundred yuan to eat. Daqing, I know you are a good boy. Give the money to Uncle."

Pan Daqing drank a cigarette, looked at the old village head, and sneered. He had no sympathy for the old village head at all. If it weren't for the old village head's sociable face with his father, he would have played the old man to death.

"Now, let me go! Let go!" Pan Daqing pointed at the old village head with an arrogant expression.

"Daqing, you gave the money to Uncle, who is begging you, and Uncle knelt down for you!"

While talking, the old village chief knelt down tremblingly, his old face was full of helplessness and helplessness.

Chapter 342: I Have Better

Chapter 342

And Pan Daqing and others watched the old village head kneel down quietly, without any intention of blocking it.

Instead, a playful smile appeared on their faces, and it seemed that the old village chief would kneel in front of them, and they would feel extremely exciting!

Just when the old village chief was about to kneel on the ground, a hand suddenly caught the old village chief's arm.

Let the old village chief not kneel to the ground.

The old village chief was taken aback, his face showed a look of joy.

He thought it was Pan Daqing who woke up and wanted to return the money to him.

But when he looked up, he saw a young man.

The old village chief squinted his eyes and looked carefully. He only felt that the young man in front of him was very familiar, as if he had seen him somewhere.

Recalling for a long time, the old village chief patted his thigh, isn't this person the captain of the special forces?

"It's you?" the old village chief exclaimed.

Lin Kai smiled at the old village chief: "The village chief, when dealing with this group of scumbags, you can't be soft. Look good, I will definitely give you the money today!"

Knowing Lin Kai's ability, the old village head nodded with tears and stood aside.

Everyone was staring at Lin Kai fiercely at this time, Lin Kai's words were really crazy!

The thin man came to Lin Kai's side, pointed at Lin Kai and cursed: "You kid, just be nosy, right?"

Snapped!

The thin man had just finished saying this, when Lin Kai's hand was lightning fast, he slapped the thin man's face directly!

But the thin man's body was turned around by Lin Kai, and the thin man covered his face, dumbfounded.

I saw a red palm print on his face, and blood was dripping from the corner of his mouth.

Lin Kai actually did it!

At that time, with a bang, everyone stood up in unison, with the guy already in their hands!

Li Wen was frightened at this time. He pulled Lin Kai and signaled Lin Kai not to be impulsive, but Lin Kai and Ben ignored him.

Pan Daqing narrowed his eyes, and said coldly, "Boy, whoever dares to hit me, are you tired of life and crooked?"

After that, Pan Daqing raised the pistol in his hand and pointed at Lin Kai.

Lin Kai tilted his head and smiled, not afraid of the pistol in Pan Daqing's hand, but took a step forward.

"Is it great to have a gun? Do you dare to kill? I lend you the courage, now, shoot!" Lin Kai put Pan Daqing's gun on his forehead.

Lin Kai's eyes suddenly became fierce.

It's like a hungry wolf that's crazy.

Pan Daqing was shocked by this kind of momentum. This kid was not too old, but he was not afraid of guns!

At that time, Pan Daqing couldn't come to Taiwan.

shot? Shooting yourself is considered a murderer, don't shoot? Then I still have prestige in front of my little brother?

"You kid thought I didn't dare? Now I move my finger lightly, and your life is mine!" Pan Daqing frightened Lin.

Lin joked, and smiled disdainfully, and the look of disdain in his eyes became stronger: "You shot! I bet you have no bullets in your gun!"

As soon as Lin Kai said what he said, there was a burst of laughter around him.

"Do you think you are Yan Shuangying?"

“Boss, shoot this kid!”

“Too arrogant, even I can’t stand it!”

There was a roaring sound around, and they all watched the excitement and were not afraid of things.

And Pan Daqing was also under great pressure at this time.

Lin Kai was so mad that Pan Daqing couldn’t stand it anymore, and he wanted to shoot Lin Kai out!

But he dare not!

He was afraid that he would be hunted down by the police for homicide!

“Don’t dare?” Lin Kai sneered, and saw that his hand was as fast as lightning, and he took the gun in Pan Daqing’s hand directly!

But Pan Daqing didn’t know what was going on, the gun in his hand had disappeared.

Later, Pan Daqing saw that Lin Kai was holding his gun in his hand, and that gun was facing his head!

“This...” Pan Daqing was dumbfounded at the time.

Why is this kid so fast? In the blink of an eye, the pistol ran into his hands?

A layer of cold sweat appeared on Pan Daqing’s forehead. It was the first time that he was pointed at with a gun.

And that Wang brother also stood up at this time, looking nervous.

“Don’t mess around!” Brother Wang said nervously.

Lin joked, “Hehe, mess? Is this mess? Give me back my gun!”

Lin Kai stretched out his hand at Brother Wang, and Brother Wang was also afraid that Pan Daqing would have an accident, so he carefully handed Lin Kai’s gun to Lin Kai.

Lin Kai took his gun, put it in his waistband, and threw Pan Daqing’s gun to Pan Daqing.

And Pan Daqing took his gun and pointed it at Lin Kai in an instant!

Brother Wang also took out his gun, and the two of them pointed their guns at Lin Kai!

The atmosphere at the scene was once again tense.

Pan Daqing sneered at this moment: "You kid, you're so **** arrogant. If you don't collapse today, I can't solve the hatred in my heart!"

At this time, Pan Daqing hated Lin Kai to the extreme!

Lin Kai frightened him with a gun, and made him lose face in front of his little brother.

In Pan Daqing's heart, the idea of murder has arisen.

Lin Kai lowered his head and smiled playfully: "Pan Daqing, Pan Daqing, I have given you more than one chance, why don't you repent?"

"I'm pooh!" Pan Daqing spit out thick sputum: "Who do you think you are? You give me a chance? Are you worthy?"

Lin Kai smiled playfully and picked up a glass tea cup from the table.

"How is my gun?" Lin Kai asked suddenly.

When this question came up, Pan Daqing and Brother Wang were taken aback. Why did Lin Kai suddenly ask this question?

Brother Wang said coldly: "The gun is a good gun, but it's not yours!"

"I have something better, do you want to see it?" Lin Kai asked.

"What do you mean?" Pan Daqing and Wang Ge looked at each other, both of them puzzled.

Lin Kai laughed and threw the teacup in his hand to the ground. The teacup fell to the ground, and it snapped and shattered!

What is this kid doing? Both Pan Daqing and Wang Ge were very puzzled.

But soon they understood why Lin Kai did this.

The teacup had just landed, only a muffled bang was heard, and the door was kicked open!

And the three windows in the living room exploded in an instant!

Five special forces wearing camouflage uniforms broke into the door and window!

The special soldier wears a camouflage helmet on his head, and there is a strong flashlight on the helmet. The person irradiated by the strong flashlight cannot open his eyes!

And their hands are all fully automatic rifles of the m4 series!

In an instant, these five people controlled all the exits in the living room, blocking Pan Daqing and others in the living room!

But Pan Daqing and Wang Ge were dumbfounded. They looked at the special soldiers in front of them, and they didn't react for a long time.

Chapter 343: My Wish To Save The World

Chapter 343 My Wish To Save The World

The five special soldiers were wearing camouflage uniforms and carrying the top equipment.

There are thunders, flashing lights, and smoke bombs hung around their waists, their thighs are pinned to black pistols, and their huge backpacks are all killing weapons.

And in their hands, they are holding a powerful fully automatic rifle!

Their eyes are so fierce!

As soon as this group of special forces appeared in the room, the temperature in the room dropped a lot.

Everyone was dumbfounded.

Special forces?

They could tell at a glance that the person here was really a special soldier!

But why do special forces appear here? Everyone was dumbfounded.

And that brother Wang, his face was pale at this time, special soldiers, this is, brother Wang has done bad things in the county town, he is most afraid of being a soldier.

But I did not expect to meet soldiers in this Poshan Village!

Pan Daqing was also dumbfounded. Although he knew he had committed a lot of things, he wouldn't let the special forces dispatch!

"Captain!" At this time, the fat man called out and threw an assault rifle directly at Lin.

team leader?

Everyone once again looked at Lin Kai in unison.

This young man is actually the captain of the special forces?

Pan Daqing and Wang Ge looked at each other, both of them were dumbfounded.

impossible! He is so young and looks so tender, how could he be a special soldier?

But what happened before them made them believe that Lin Kai was the captain of the special forces.

At this time, the cold sweat on the foreheads of Pan Daqing and Wang Ge appeared instantly, and he actually offended a special forces captain!

Just now, he actually confessed his crime in front of him, and even took out his gun to show off, and even grabbed the gun of the special soldier.

Think about it now, that's just looking for death!

At that time, both Pan Daqing and Wang's legs became weak.

They looked at the assault rifle in the hands of the special forces, and then at the pistol in their hands. Compared with the equipment of others, the guns in their hands were unnecessary for shooting a bird!

"Don't move! Put down your weapons!" At this time, the fat man shouted.

But Pan Daqing and the others were full of agitation. At this time, they no longer had the slightest heart to resist, and obediently put down the weapons in their hands.

After the weapon was put down, the fat man took the people and immediately controlled the dozen people, forced them into the corner, and two people looked at them with guns.

As long as they dare to act rashly, the merciless bullet will greet them!

With an assault rifle in his hand, Lin Kai came to Pan Daqing and Brother Wang with a playful smile on their faces.

With a clatter, Lin Kai put the assault rifle in his hand on the table and said, "What's so fun about the pistol? Come, take a look at this, this one is better."

But Pan Daqing and Wang Ge looked at each other, and their legs were shaking.

Where do they want to look at this rifle now? Thank God for being able to protect yourself!

“Brother, misunderstanding, it’s all misunderstanding...” Pan Daqing’s face showed a smile more ugly than crying.

“Misunderstanding?” Lin Kai tilted his head and asked, “Is there any misunderstanding?”

“The old village chief kindly subsidized the entire village. You actually snatched the old man’s money and asked the old man to kneel in front of you. Is this a misunderstanding?”

“You insulted someone’s daughter-in-law and forced the girl to commit suicide. Is this also a misunderstanding?”

“You rob someone else’s money, fifty thousand! Is this also a misunderstanding?”

“Also, you said you take drugs and gamble. Is this also a misunderstanding?”

“You also hide guns privately, is this also a misunderstanding?”

“Just now, you grabbed a soldier’s weapon. Is this also a misunderstanding?”

“All kinds of crimes are enough for you to spend the rest of your life in prison!”

After Lin Kai’s words were over, Pan Daqing’s face was pale and with a plop, Pan Daqing was directly paralyzed on the sofa.

He was dumbfounded.

He never thought that he would have such a day!

He did not expect that the so-called hanging hair in front of him was actually a special soldier! Still the captain!

I have been caught by the special forces. I just confessed all the crimes. I am a dead end!

Lin Kai took the recorder on the table with a playful look. The recorder is still recording. This pen is proof of Lin Kai!

After that, Lin Kai looked at the brother Wang, who was dodged and afraid to look directly at Lin Kai.

Lin Kai still came to him and laughed, “Brother Wang, right?”

“I don’t know exactly what crime you are.”

“But you loan sharks, raise thugs, and have an affair with the county police station. You are a gangster who is alive!”

“Don’t worry, I will say hello, and I will find out all the bad things you have done, and make those good people fair!”

When Lin Kai’s words came out, Brother Wang was also dumbfounded, and he collapsed on the sofa.

Finished, completely finished.

He never expected that he would ruin his future by celebrating Pan Daqing’s birthday.

At this moment, there was a regret in his heart. He had known this long ago, and he shouldn’t have come to this chase!

At this time, Lin Kai took out the 10,000 yuan from Pan Daqing’s pocket and placed it in the hands of the old village chief.

“The village chief, you take the money and send it door to door. I will leave you a phone number for a while. In the future, if there are people like Pan Daqing in the village, you can call me anytime!”

Lin Kai said this while looking at the group of people in front of him.

Want to avenge good people? Lin Kai doesn’t allow it!

Wherever Lin Kai’s eyes passed, everyone lowered their heads, afraid to look directly at Lin Kai.

When the poor mountains and bad waters bring forth the evil people, Lin Kai is going to beat all these evil people back to their original form!

At this point, Li Wen finally broke out. He came to Pan Daqing, pointed at Pan Daqing, and shouted: “Pan Daqing! You beast! You deserve it! You deserve it!”

Having said that, Li Wen knelt on the ground with a plop and cried.

“Xiaofang, did you see it? Pan Daqing finally got retribution...”

Lin Kai patted Li Wen on the shoulder, comforted Li Wen, and gave the fat man a look, and the fat man readily understood.

Thirty minutes later, several police cars had been parked in the yard. Many policemen got off the police cars. The policemen came to the living room. After Lin Kai explained the situation to the policemen, he took Pan Daqing and more than a dozen people. Boarded the police car.

Soon after, Lin Kai had arrived at the police station and began to take notes.

After the transcript was finished, it was dark. At this time, Lin Kai got on the armored vehicle and officially returned to the team.

On the way, Lin Kai played with the killing **** in his hand, and Li Wen's words echoed in his mind, and he remembered Li Wen's hateful eyes.

I dont know how many people in the world are waiting for good people to save!

Lin Kai whistled and looked at the scenery outside the window. My wish is to save the world!

After arriving at the Southeast Military Region, all personnel handed in weapons, ate, took a bath, and rested.

Chapter 344: Survival Exercise

Chapter 344: Survival Exercise

For the next few days, Lin Kai led the Wolf Squadron to train as usual.

The incident in the mountain village was just an episode of Lin Kai in the army.

It was the first mission, and it was successfully completed, and it also attacked the underworld forces in the mountain village.

Lin Kai learned that Pan Daqing was sentenced to eight years in prison, while Wang Ge was sentenced to life imprisonment for suspected crimes such as guns, underworld, and violent debt collection.

Their results must be very pleasing.

The Killing God in Lin Kai's hands was not taken away. After Lin Kai reported the killing, Long Xiaoyun ignored it, and Lin Kai left the dagger himself.

Six days later, as expected, Lin Kai received the news that the exercise was about to be carried out.

Lin Kai has experienced jungle exercises and urban exercises, and this exercise is completely different from the previous two.

This time the exercise is a survival exercise.

Recently, mobile games and terminal games are very popular in a game called PlayerUnknown's Battlegrounds.

The survival exercise this time is very similar to PlayerUnknown's Battlegrounds.

The place of the exercise is about ten kilometers in a small town.

The troops participating in the exercise are the three new special forces of the Southeast Military Region, the Wolf Squadron, the Red Blood Cell Special Operations Group, and the Tigers Special Forces.

The special forces of the Yanjing Military Region to participate in the exercise include the Flame Commando, Thunder Commando, and Ice Special Forces.

Among them, the Thunder Commando and the Ice Special Forces are both new special forces in the Yanjing Military Region.

Although they are newly built, they are the elites of the Yanjing Military Region! And their instructors are all Ye Nantian's apprentices!

The strength of the Yanjing Military Region is stronger than that of the Southeast Military Region. Over the years, every time the Southeast Military Region and the Yanjing Military Region engage in exercises, the Southeast Military Region has never won.

And this time, both sides brought out the most elite special forces.

Among them, the flame commando is a special force of the ss level, but it was temporarily reduced to a c level.

The Southeast Military Region was also very helpless in the face of such a SS-level special force, because they really made a mistake and were directly ordered to be demoted.

And the Yanjing Military Region also took this opportunity to let the Flame Commando participate in this exercise.

A total of six special forces are conducting exercises in a small town called Shakou Town.

Note that in the six special forces, everyone entered empty-handed, and everyone only wore a uniform.

In the small town, there are a few materials hidden. If you want to survive, you must find these materials.

Every soldier participating in the exercise will have a watch on his wrist. The watch is used to calculate points.

For every hour of survival, ten points are added, and for each opponent eliminated, one hundred points are added.

Finally, the team with the highest average points wins first place.

And the team that won the first place has a huge reward, that is, directly promoted to the b-level special forces!

It is not only the chiefs of the Southeast Military Region and the Yanjing Military Region who are paying attention to this military exercise. The chiefs of the capital are also very concerned about this military exercise.

Tomorrow, the exercise officially begins!

In the past few days, Lin Kai also checked the information of the Flame Commando, so Lin Kai took the Wolf Squadron for special training in order to restrain the Flame Commando.

But it's not very useful. The Fire Commando is very strong. They may sweep all opponents in this exercise.

Lin Kai was also quite helpless.

The next day, early in the morning, the Wolf Warrior Squadron had assembled at the base, and Long Xiaoyun appeared in front of everyone again.

Today's Long Xiaoyun is extraordinarily heroic, wearing a military green camouflage uniform, holding an assault rifle in his hand, and looking serious.

"Comrades, the time has come to prove us! This time, we must win glory for the Southeast Military Region!"

"Target boarding the airport, let's go!"

Following Long Xiaoyun's order, Lin Kai led the Wolf Squadron and trot to the boarding airport.

And at the boarding airport, three helicopters have already been parked!

The RBC Special Operations Team and the Tigers have arrived, and the Wolf Squadron is the last to arrive.

After the three special forces arrived, they all boarded and flew towards Shakou Town.

Long Xiaoyun did not board the plane, and according to regulations, she was not allowed to follow.

After half an hour, the helicopter successfully arrived at Shakou Town.

Looking from the top down, Shakou Town is very large, with a radius of about ten kilometers, and various buildings are very prosperous.

However, for this exercise, the troops have emptied all residents in Shakou Town and blocked roads around Shakou Town until the end of the exercise.

The helicopter landed and the three special forces also landed.

After the special forces landed, they waited quietly for the arrival of the special forces of the Yanjing Military Region at the entrance of Shakou Town.

At this time, Lin Kai only heard a shout. When he turned around, he saw Leng Feng shouting to himself.

Lin Kai walked over and found He Chenguang was there.

“Lin Kai, this time it is about the honor of our Southeast Military Region. I hope that our three special forces can work together! We will solve the people in the Yanjing Military Region first, and then we will determine the victory or defeat!” He Chenguang said.

Together?

Lin Kai thought about it a little bit. Without He Chenguang, Lin Kai also thought of this idea.

“Yes.” Lin Kai nodded in agreement.

Therefore, Lin Kai, He Chenguang, Leng Feng, the three formally formed an alliance at the entrance of Shakou Town!

Even if the three special forces have formed an alliance, Lin Kai has no bottom in his heart, because he knows that the three special forces in the Yanjing Military Region must be in an alliance.

While thinking about it, I only heard a sound of da da da, three helicopters flying over from a distance!

There are three helicopters, one with the two characters “Ice”, one helicopter with the two characters “Thunder”, and the last one with the characters “Flame”!

The word flame is particularly eye-catching.

Three helicopters landed, and a dozen people got off the helicopter. Each of these dozen people was wearing military uniform, empty-handed, no backpacks, and no equipment, just like Lin Kai and the others.

It’s just that the people of the Flame Commando are particularly eye-catching!

There are five people in the Fire Commando.

As soon as these five people appeared, they immediately attracted everyone’s attention.

Because these five people are really too confident, standing in front of the special forces of the Southeast Military Region, the sharp eyes in their eyes make it impossible to look directly!

They almost looked at Lin Kai and others with a look of contempt.

Because they are SS-level special forces, although they are now C-level, they know that their strength is much better than Lin Kai’s real c-level special forces!

They almost looked down on everyone with a kind of kingly demeanor!

The special forces of the Thunder Commando and the Ice Commando, although not as arrogant as the Fire Commando, their eyes flashed with strong confidence.

Because they conducted exercises in the Yanjing Military Region and the Southeast Military Region, they have never lost!

Chapter 345: Fire Commando

Chapter 345 Flame Commando

“The task is released. Eliminate opponents in Shakou Town. For every opponent eliminated, you will increase your 20 attribute points and 20 upgrade points. After successfully completing the task, the reward will be extracted immediately.”

The system has released the task!

Lin Kai's eyes lit up. The mission this time was similar to the jungle mission Lin Kai had completed.

They all eliminate opponents to get upgrade points and attribute points.

Lin Kai had just accepted the task here, and when he raised his head, he saw the Flame Commando walking towards him.

All of the five special forces carried extremely arrogant arrogance.

A special soldier in the lead, a burly figure, about 1.8 meters tall, his eyes are very sharp, sweeping everyone, no one can see.

He asked in a dull voice, "Lin Kai, He Chenguang, Leng Feng, who are they? Stand up?"

He almost said in a commanding tone.

Lin Kai and He Chenguang looked at each other and stood up.

"We are!" He Chenguang raised his head and said without being afraid of that person.

I saw a disdainful smile on the corner of the special soldier's mouth: "Our Flame Commando will beat you all down in this exercise! I hope you won't lose too ugly!"

Arrogant!

confidence!

The people of the Flame Commando were extremely hard to speak!

After all, they are special forces descended from the SS level!

He Chenguang and Leng Feng are also **** people. They were so excited by the other party that they were angry at the time.

"You are too crazy! It's not always true who loses and who wins!" He Chenguang shouted.

I saw that special soldier tilted his head and looked playfully: "To deal with you rookies, we only need one-tenth of our strength."

"You!" He Chenguang knotted.

The man glanced at He Chenguang, then at Leng Feng, his eyes finally stopped on Lin Kai's body.

The man laughed: "Oh, you are Lin Kai, right?"

"Is it really the same as the rumors, white and tender, the new king of the Southeast Military Region?"

"Sorry, if you meet us, even if you are the old man, you will still fail miserably! Because the Spikes Special Brigade of the Southeast Military Region is our defeat!"

"To deal with you, we are like beating a three-year-old child!"

The special soldier said very arrogantly.

Lin Kai was not irritated by him, but ridiculed: "Hehe, no wonder you will be downgraded to C-rank. It turns out that it is a bunch of bragging waste."

After hearing Lin Kai's words, the special soldier's eyes showed an angry look.

Being downgraded to a C rank is the biggest joke they have made since they became soldiers. Now that they are mentioned by Lin Kai, they are naturally very angry.

"Lin Kai, I hope that after the exercise begins, you can still be so crazy!" The special soldier said, sneered, waved, and the man with the Flame Commando left.

After the man left, He Chenguang cursed and said: "Fuck, who does he think he is?"

Lin Kai hugged his arms and said lightly: "The captain of the Flame Commando, code-named Hu Yan, the rank of Colonel, won the third-class merit three times and the second-class merit once, and killed hundreds of enemies."

He Chenguang's face changed after hearing Lin Kai's words.

Damn, so strong?

Not only He Chenguang's face, but also the faces of many others changed drastically.

The rank of colonel!

Third class three times! Second class work once!

Kill over a hundred enemies!

Too tough!

No wonder it is the ss-class special forces.

At that time, the fighting spirit of everyone was mostly wiped out.

The opponent is so strong, how can you fight this?

He Chenguang was not convinced, but he had to admit that the opponent was very strong.

“Huh! What about the SS level? If we lose, we can’t lose too ugly!” He Chenguang said angrily.

In He Chenguang’s heart, he had no idea of winning.

He just wants to keep himself from losing too ugly.

Leng Feng’s face was also very ugly.

Soon after, I drove into an armored vehicle from outside the town, and walked off several soldiers with live ammunition from the armored vehicle. At the front of the soldiers was the instructor of this exercise, Long Xiaotian.

Long Xiaotian wore a neat military uniform, his face was serious and he was not angry or pretentious.

He came to the crowd and said, “Hello, I am the instructor of this exercise. My name is Long Xiaotian.”

“I believe you all understand the rules of the exercise.”

“In a while, you will be taken into the town and lose contact with your teammates. How to survive in the town depends on your own ability.”

“There are scarce supplies in the town. We will randomly drop airdrop supplies into the town. Of course, snatching airdrop supplies is a very risky behavior.”

“So, this exercise will be very exciting and tense!”

“Not much to say, the exercise officially begins!”

“Now, my soldiers will take you into the town, good luck to you!”

After Long Xiaotian said, only a few soldiers behind him came to Lin Kai’s face, covered Lin Kai’s eyes with a black cloth, and led Lin Kai into the town.

That’s right, everyone’s position is disrupted, and Lin Shanxi loses contact with his teammates.

If you want to regain contact, you can only look at your own ability.

Before Hu Yan entered the town, he looked at Lin Kai coldly and made a decapitating motion, with a sneer at the corner of his mouth.

Lin Kai was also blindfolded and led into the town. About twenty minutes later, the black cloth from Lin Kai's eyes was taken off.

"Good luck." The soldier finished saying this and left the town directly.

But Lin Kai was in a small store, there was no one in the store, and the food on the shelves of the store was swept away!

empty!

I rely on, it seems that this time is really a survival exercise, without food, you will be starved to death!

But the corner of Lin Kai's mouth showed a smug smile.

However, I am the only opener in this exercise!

Because I have magic eyes!

Having a magic eye is equivalent to bringing a perspective hanger, and in the game of PlayerUnknown's Battlegrounds, the most practical plug-in is the perspective hanger!

At that time, Lin Kai activated his divine eyes, and saw Lin Kai's eyes lit up, Lin Kai could see through the wall in front of him!

However, it is a pity that Lin Kai's divine eyes can only allow Lin Kai to see through a distance of less than ten meters. No matter how far away, Lin Kai can't see through.

Half an hour later, Long Xiaotian's voice came from Lin Kai's headset: "All exercise members enter the exercise area. The exercise officially begins, and the exercise time is until the last person is eliminated!"

"The exercise officially begins!"

The watch on Lin Kai's wrist also started counting, and Lin Kai's points are currently zero!

What should I do now?

Looking for equipment!

Find a gun!

At that time, Lin Kai flipped up and down in the house, but rummaged through the entire canteen, but did not find any weapons.

It looks different from the game! The exercises in the game, isn't the room full of guns?

Lin Kai didn't believe in evil, left the canteen and went to another bookstore. As soon as he entered the bookstore, Lin Kai's eyes lit up, an artifact!

Chapter 346: Level Four

Chapter 346

Lin Kai saw a pan!

Level 4 A!

At that time, Lin Kai happily picked up the pan and carried it on his body. No matter what, Lao Tzu is not defenseless now.

Next, Lin Kai looked for supplies in nearby houses.

But the materials in this small town are really scarce.

After searching for more than half an hour, Lin Kai just held a pan in his hand.

Exercises are exercises. They are not games. It is impossible to have weapons in every room.

After half an hour, Lin Kai was a little tired, but at this moment, Lin Kai's eyes lit up.

Because he saw someone!

A member of the Ice Special Forces.

Through divine eyes, Lin Kai saw that this kid was looking for supplies in an auto repair shop.

And this kid was carrying a backpack on his back. There was a bulge in the backpack, and he didn't know what supplies he was carrying.

And in his hand, holding a black pistol!

Have a gun!

At that time, Lin gave a smirk, looked around, and after making sure that there were no other people, he swaggered into the auto repair shop.

After walking into the auto repair shop, Lin Kai knocked on the door: "Hey, buddy."

The kid was taken aback, turned around and pointed his gun at Lin Kai: "Who?"

After seeing Lin Kai, the members of the Ice Special Forces were taken aback, the enemy?

A person?

Holding a pan?

Give a head?

Three big characters popped in his mind.

After confirming that there was no one around Lin Kai, he smiled at that time.

"Hahaha! You are so brave! You want to **** me with a broken pot? If you attack me, you can just walk in."

Hearing this, Lin Kai had an indifferent expression on his face.

"Sneak attack? That's not my style of doing things. Since I've been eliminated, then go open and honest!" Lin Kai laughed.

The members of the Ice Special Team sneered: "It seems that you, the rookie king, are nothing more than this. In that case, I will accept your head."

After all, he pulled the trigger directly.

boom!

With a shot, the smile on the faces of the members of the Ice Special Forces gradually solidified, becoming... incredible?

I saw Lin Kai holding up his pan, and there was a crater on the pan.

Lin Kai blew his hair quite coolly: "Sorry, I'm talking about you."

After all, Lin Kai dashed forward!

At that speed, like a flash of lightning, the members of the Ice Special Team didn't know what was going on. With a muffled bang, Lin Kai had already knocked on his forehead!

At that time, Lin Kai put on a pose that he thought was very handsome: "Sorry, you were eliminated."

As soon as Lin Kai finished speaking, I only heard Long Xiaotian's voice coming from Lin Kai and his headset: "Ice Special Team, the third player is eliminated."

At that time, that person was dumbfounded and fell into a box?

Why is Lin Kai so fast?

In Lin Kai's mind, the system's voice sounded: "Congratulations, you have got 20 upgrade points and 20 attribute points!"

Successfully won the blood!

Soon after, a soldier took away the bewildered member of the Special Forces Ice, leaving only his equipment.

Lin Kai checked it and saw some snacks in his backpack. There were seven bullets in the pistol, which were all his equipment.

Taking his equipment, Lin Kai happily went to find other supplies.

At this time, in a certain war room in the small town, Long Xiaotian looked at the performance of Lin Kai under the surveillance, and smiled with satisfaction: "As expected of my brother-in-law, he is amazing."

That's right, every special soldier's helmet is equipped with a camera, and everyone's performance can't escape Long Xiaotian's eyes.

Although the Ice Special Forces and the Thunder Commando are also very strong, they are, after all, C-level special forces, which Lin Kai doesn't care about.

Lin Kai then searched for supplies. In the next three hours, Lin Kai found three grenades and a flash bomb.

Apart from these, no other materials were found.

At this time, Long Xiaotian's voice suddenly came from Lin Kai's headset: "Wolf Warrior Squadron Liu Wanjin, weed out."

I go?

Fatty was eliminated?

At that time, Lin Kai narrowed his eyes. Could it be that the fat guy had met someone from the Fire Commando?

No, I must find my teammates quickly!

At this time, the points on Lin Kai's watch were 130 points.

There are thirty-five people remaining on the court.

"The safe area has been refreshed. Please go to the safe area and stay in the non-safe area for more than ten minutes. It is deemed to have been eliminated." Long Xiaotian's voice sounded again.

Taking out the radar and taking a look, Lin Kai's location was outside the safe zone.

The original safety range of ten kilometers has now been reduced to eight kilometers.

Lin Kai walked out of the room at that time and ran towards the safe zone!

At the same time, I only heard the sound of a helicopter, and a helicopter came in the sky!

The helicopter flew over Lin Kai's head, came into the safe zone, dropped an airdrop with a parachute, and flew away.

Airdrop hit the face!

At that time, Lin Kai's eyes lit up, and he rushed to the place where the airdrop fell. The airdrop was about one kilometer away from Lin Kai.

After the airdrop landed, red smoke emerged.

But Lin Kai's divine eyes have been opened, and the airdrop has landed, and there are bound to be many people robbing the airdrop. Lin Kai must remain vigilant at all times!

At this moment, the alert cat's eye on Lin Kai's chest vibrated, and there was danger in the front left!

At that time, Lin Kai rolled on the spot, with a bang, and a bullet shot at the location where Lin Kai was just now.

Sniper!

Lin Kai locked the position of the person who fired at a glance, and rolled behind the wall.

Inside a three-story building on the front left.

And Lin Kai saw that there were two people on the first floor of the small building and a sniper on the third floor!

three people!

They seem to have hung together very early. The two people on the first floor each hold an assault rifle, and the sniper on the third floor holds an m24 sniper rifle!

Good guy, very fat!

Lin Kai hid behind the wall and glanced at the airdrop not far away.

Airdrops will definitely attract a large number of people to **** them, and it is not a way to fight with them!

At that time, Lin Kai took out a flash bomb from his waist and threw it directly into the room on the first floor opposite.

With a bang, the flash bomb exploded, and the two assaultmen on the first floor were temporarily blind.

Lin Kai also took advantage of this opportunity to run out of the chaos! Ignoring the sniper on the top of the building at all, the target was an airdrop!

The sniper on the third floor looked at Lin Kai on the street through the scope at this time. Lin Kai was very cunning. He deliberately picked a place with a cover to escape quickly, and the sniper could not aim at all!

In less than ten seconds, Lin Kai had already ran out of the sniper's sight.

Chapter 347: Long Xiaolin

Chapter 347 Long Xiaolin

"Damn it!" The sniper slammed the ground fiercely, his expression a little annoyed.

And Lin Kai quickly ran out of the attack range of the three, he was not a god, he was also afraid of bullets!

If the two assaulters came out to give him a sudden burst, Lin Kai could not guarantee that he would not be shot.

So Lin Kai chose to bypass them and went straight to grab the airdrop.

Soon, Lin Kai entered the safe zone and came to the side of the airdrop.

The airdrop is a big red box, which is thrown directly from the helicopter and has a parachute, so the airdrop box will not be damaged.

The airdrops were still filled with red smoke, which would reveal the location of the airdrop, as well as the location of Lin Kai.

At that time, Lin Kai quickly opened the airdrop. After seeing the equipment inside, Lin Kai's eyes lit up.

Without even thinking about a heavy black body armor, Lin Kai directly put it on his body.

A black helmet, the kind with goggles, was very dark and did not reflect light. Lin Kai put it directly on his head.

A big backpack that seems to hold a lot of things.

At that time, Lin Kai transferred the contents of his small backpack into the large backpack and carried the large backpack on his back.

And the pan was hung on the waistband, and the pistol was pinned to the thigh.

Looking at the weapon again, Lin Kai's eyes lit up.

An m4a1 fully automatic rifle has a total of three magazines, and one magazine contains 30 bullets, that is to say, there are a total of 90 bullets!

"It's fat!" Lin Kai inserted one magazine into the progress gun, and the other two into the body armor.

In addition to a rifle, there is also a sniper rifle.

Semi-automatic sniper rifle, three magazines, 30 rounds.

Lin Kai didn't even think about it, carrying a rifle, picked up the sniper rifle, and went straight away!

Soon, Lin Kai came to the center of the safe zone, found a hotel with good conditions, found a room by himself, lay on the bed, and squinted his eyes to sleep.

Anyway, the teammates can't be found. It's still so dangerous outside, it's better to sleep for a while.

This is Lin Kai's very straightforward idea now.

The exercise has started for four hours, Lin Kai's score is one hundred and forty points, and at this time, the first place has reached three hundred and forty points.

He is the Tiger Flame from the Flame Commando.

At this time, in the Beijing Military Region, in a huge war room, there were countless people sitting.

These people are all well-known chiefs of the Beijing Military Region.

The lowest ranks are all battalion-level officers.

And sitting at the forefront are the chiefs from the Southeast Military Region, Yanjing Military Region, and the Capital Military Region.

They are Major Colonel He Zhijun, Major Colonel Fan Tianlei, and Major Colonel Zhang Tianyi.

And a leader of the Yanjing Military Region also came, he was the brigade commander of the Flame Commando, his nickname was Zhang Sanfeng, and his rank was major general.

And in the center of this group of chiefs, there is an old chief.

This old chief wore a military coat. He was about 60 years old, with thick eyebrows and big eyes. Although he was in his 60s, he was still full of energy.

This one, a commander of the Beijing Military Region, the rank of general!

Is the real chief!

And his name is also Megatron in Beijing.

He is Long Xiaolin, a member of the Long Family in Beijing, Long Xiaoyun and Long Xiaotian, both his children.

In front of this group of leaders, there are thirty-five monitors.

These thirty-five displays represent the perspectives of thirty-five individuals in this exercise.

Among them, five monitors have been extinguished because they have been eliminated.

Of those eliminated, one belonged to the Ice Special Forces, and the remaining four, two belonged to the Tigers Special Forces, one was from the Red Blood Cell, and one was from the Wolf Squadron.

Except for the members of the Ice Special Team who were eliminated by Lin Kai, the other four were eliminated by the Flame Commando.

At this time, Zhang Sanfeng's complexion was ruddy, with a proud face.

Because the Flame Commando is his troops under Zhang Sanfeng and the special force he is most proud of.

Although the Flame Commando was temporarily downgraded to C-rank, it could not conceal the pride the Flame Commando brought him.

But He Zhijun and others looked very ugly.

Because they knew that their Southeast Military Region lost again in this exercise.

Because they are not only facing the c-level special forces of the Yanjing Military Region, but also a master force that was once the ss-level special forces!

The three special forces such as the Red Blood Cell, although the elite of the Southeast Military Region, still have no chance of winning against the SS-level special forces.

Therefore, they only hope that this time, their Southeast Military Region will not lose too ugly.

And the gaze of the old chief Long Xiaolin stayed on Hu Yan's body.

Hu Yan, the captain of the Fire Commando, is twenty-five years old this year. He has extremely strong individual combat capabilities and a strong family behind him. He is still single.

Hu Yan is not only a special soldier he likes, but also a son-in-law he likes.

He wants to recruit Hu Yan into Long's family as his son-in-law and Long Xiaoyun's husband!

At this time, Zhang Sanfeng also saw Long Xiaolin staring at Hu Yan, and said at the time: "Old Chief, Hu Yan, but the new king of the Yanjing Military Region two years ago.

"The individual combat capability is extremely strong!"

"And with superb commanding skills, team consciousness is absolutely reliable."

"Furthermore, Hu Yan is a member of the Wang family, and his background is not small."

With that said, Zhang Sanmad clicked on the remote control, and saw that Hu Yan's screen immediately became the largest, and everyone swiped at Hu Yan's screen.

And Hu Yan was meeting an opponent at this time.

And this opponent is Wang Shunhu of Wolf Warriors Squadron.

In a narrow alley, Hu Yan and Wang Shunhu collided.

After Wang Shunhu saw Hu Yan, he was taken aback for a while, and ran away without even thinking about it!

Wang Shunhu has a pistol on his body. He drew out the pistol and ran while shooting at the Huyan behind him!

Although Hu Yan had an assault rifle in his hand, he left the assault rifle behind his back, ran away, and pursued Wang Shunhu!

The corner of Hu Yan's mouth showed a cruel smile.

Lin Kai's words made Hu Yan remember that he is a man of grudges!

He will definitely eliminate everyone in the Wolf Squadron!

Hu Yan is big, but his speed is also very fast, the most abnormal, he is also very flexible!

The several shots that Wang Shunhu fired were all easily avoided by Hu Yan!

Wang Shunhu was not as fast as Hu Yan. Soon, Hu Yan chased Wang Shunhu's back, grabbed Wang Shunhu's collar with one hand, and threw Wang Shunhu to the ground.

A strong man of one hundred and forty catties, in Hu Yan's hands, is like a chicken, and can be picked up with one hand.

With a plop, Wang Shunhu fell to the ground, and Hu Yan squeezed his fist and made a crackling sound.

"Where is Lin Kai?"

Chapter 348: Wake Up Things Are Not

Chapter 348

Wang Shunhu fell to the ground in embarrassment, but his eyes stared at Hu Yan fiercely.

"I do not know!"

"Then you go to die!" Hu Yan smiled grimly, and directly drew out the pistol from his leg.

boom!

With a shot, Wang Shunhu was shot directly in the chest, and red smoke came out of his body armor.

“Wolf Warrior Squadron, Wang Shunhu, weed out.” Such a sentence rang in everyone’s ears.

At this time, in the capital war room, everyone applauded.

A triumphant expression also appeared on Zhang Sanfeng’s face.

This is the tiger flame he is proud of!

The old leader Long Xiaolin also nodded in satisfaction: “Yes, Hu Yan is a good soldier, and he has the energy to be a king of soldiers!”

Long Xiaolin was very satisfied with Hu Yan, and Hu Yan also met Long Xiaolin’s criteria for choosing a son-in-law.

At this moment, Long Xiaolin suddenly looked at He Zhijun and asked, “Is there a guy named Lin Kai in your special forces brigade?”

The reason Long Xiaolin asked this was because he had heard Long Xiaotian say that there was a good guy named Lin Kai.

He wanted to introduce Long Xiaoyun to Lin Kai.

He Zhijun was taken aback for a moment and nodded quickly, the excitement on his face couldn’t hide.

“Yes, yes, old chief, this Lin Kai is the new king of our Southeast Military Region this year! He has a very strong individual combat capability, and he is the best able to fight among the three special forces!”

After hearing He Zhijun’s words, Long Xiaolin was also interested.

“Bring me out Lin Kai’s picture.”

Soon, Lin Kai’s picture was called up.

Everyone swept back and looked at the screen. After seeing the picture on the screen, everyone was stunned.

I saw that Lin Kai’s picture was still, and the camera was pointed at the ceiling. Is this kid sleeping?

And Long Xiaolin's face became hard to look at that time, only to hear Long Xiaolin sneer: "Hehe, Xiao Tian is really crazy, such a lazy person, want to marry my Long Xiaolin's daughter?"

And He Zhijun's face became flushed after brushing.

He had just finished talking about how powerful Lin Kai was. He didn't expect Lin Kai to have such a moth, he was actually sleeping!

And Zhang Sanfeng laughed out loud at this time, he glanced at He Zhijun, and then held back his smile.

Not only Zhang Sanfeng, but many officers behind the chief laughed.

He Zhijun's face couldn't hold it anymore. He said, "Ahem, Lin Kai may be tired. He has a strong individual combat ability. Maybe he has eliminated several people now."

Hearing this, Long Xiaolin waved his hand again.

I saw that Lin Kai's elimination number was displayed, and Lin Kaiman had a full plan and only eliminated one person!

Everyone laughed again, this is the new king of the Southeast Military Region?

Just this quality?

Long Xiaolin shook his head, obviously disappointed with Lin Kai.

Compared to Lin Kai, he liked Hu Yan more.

There is a sense of fearlessness in the body!

...

Time flickered, and four more hours passed.

The game has started for eight hours.

Lin Kai stretched out and sat up from the bed.

I checked my watch. It was six o'clock in the evening.

And his score has reached one hundred and eight, and he has survived for eight hours.

It is better to say that Lin Kai has survived for eight hours, rather than slept for eight hours.

Looking at the number of survivors again, Lin Kai was dumbfounded.

The number of survivors, eighteen?

I just slept, why is there only 18 people left?

Looking at the number of survivors of the Wolf Warrior Squadron, Lin Kai was dumbfounded. Apart from Lin Kai, the Wolf Warrior Squadron only had little clever alive.

As for the Red Blood Cell Special Operations Team, Wang Yi and Leng Feng remained.

Tigers special team, Wang Yanbing, He Chenguang, Li Erniu.

Those who survived were the ones Lin Kai was most familiar with, and they were all outstanding in the assessment.

Seven to eleven?

The Flame Commando is full!

There are three people alive in the Ice Special Forces, and three people in the Thunder Commando.

The total number of their three special forces is only 17 people!

In other words, within eight hours of the game, the Yanjing Military Region was eliminated by six people, while the Southeast Military Region was eliminated by 14 people!

Lin Kai was sober at that time.

No, I must find my teammate immediately!

Whether it is He Chenguang or Leng Feng, he must find them immediately!

Without their own help, they can't do the Fire Commando!

At this moment, there was a burst of gunfire, and Lin Kai was full of spirits.

Opening the curtains, Lin Kai immediately saw He Chenguang and others on the street fighting with the people of the Yanjing Military Region!

All six people from the Southeast Military Region are here!

Their hands are weapons such as rifles and submachine guns.

Opposite them are the Fire Commando, the Ice Special Forces and the Thunder Commando.

Due to the large number of people in the Yanjing Military Region, the people of the Southeast Military Region were not opponents at all, and they were defeated steadily.

boom!

With a shot, the snipers of the Yanjing Military Region fired!

Wang Yanbing accidentally was eliminated.

The snipers of the Southeast Military Region also immediately counterattacked. They were clever, and the clever returned with a shot, directly eliminating a member of the Ice Special Forces.

Ten to five!

Let me go, I have to help!

With a sniper rifle? Lin Kai glanced at his own sniper rifle. It was very powerful and very loud. With a gun, I was afraid that a single shot would reveal his position.

Use melon seeds!

Lin Kai's eyes lit up, he was a person with watermelon skills. At that time, Lin Kai took out a large bag of melon seeds from his backpack, put it in his mouth and started spraying!

Whoosh!

Lin Kai still overestimated his abilities. The seeds are too light to fly in front of the special forces of the Yanjing Military Region!

I tried several times in a row, but it didn't work!

There is no other way but to use a gun. Without the steel ball, the melon seeds can no longer do much. But when Lin Kai just picked up the gun, the two men and horses had already shifted their positions and ran into the house to fight.

But Lin Kai's eyes were smeared at this time, and no one could see it.

But Lin Kai's ears heard waves of being eliminated.

The Southeast Military Region will soon be unable to withstand it!

I must go to support immediately!

Lin Kai finally couldn't sit still, he took up his weapon, rushed downstairs, and ran to support.

At this time, Lin Kai's ears kept ringing the players being eliminated.

At that time, Lin Kai's eyes were red.

"War Wolf Squadron, small clever, eliminated."

"Red Blood Cell Special Operations Team, Wang Yi, weed out."

"Red blood cell special action team, cold front, weed out."

"Ice Special Team, number five, eliminated."

"The Tigers, He Chenguang, get out."

"Tiger Tigers, Wang Yanbing, weed out."

There is only one person left!

Only the last Li Erniu is left!

Lin Kai flushed his eyes, exhausted all his strength, and ran away!

It's two to nine now!

Chapter 349: One To Nine

Chapter 349

Beijing Military Region, war room.

After returning to the room for a few hours to rest, the chiefs returned to the war room again to watch this exercise in Shakou Town.

The exercise has been underway for eight hours.

The safety zone has also been refreshed to within one kilometer.

Now, only sixteen people survived.

He Zhijun and the others looked at the screen. First, Zhang San was crazy and opened the screen of Hu Yan's perspective.

I saw Hu Yan holding a sniper rifle in his hands, and he tumbling to the back of the telegraph pole in front of him, with a click, the bullet was loaded!

Turn around and shoot!

The shooting action was very neat, and it took less than a second to eliminate Wang Yanbing!

The chiefs in the war room all took a breath.

It is worthy of being an SS-level special forces team member, the strength is powerful!

Then, Hu Yan led three special forces to pursue fiercely the five survivors of the Southeast Military Region!

A triumphant smile appeared on Zhang Sanfeng's face.

There is no suspense anymore.

It's ten to six now, and all of his ace special teams have survived!

The Southeast Military Region has no hope of winning at all.

He Zhijun's complexion is very ugly, not only He Zhijun, but Fan Tianlei and Zhang Tianyi's complexion are not very good-looking.

They knew that this time, the Southeast Military Region was embarrassed again.

Long Xiaolin, the old chief, stared kindly at Hu Yan's perspective on the screen, and his eyes seemed to be looking at his future son-in-law.

Compared to Lin Kai, Hu Yan is really much stronger than him!

At this time, Zhang Sanfeng rolled his eyes, glanced at He Zhijun, and smirked.

"Hey, why didn't you see the new king of the Southeast Military Region? Bring out his perspective and let me see!" Zhang Sanmad said.

Everyone was also taken aback, yes, why didn't they see Lin Kai's perspective?

It seems that Lin Kai hasn't appeared on the monitor for a few hours, he is still sleeping, right?

He Zhijun's heart is also tight, Lin Kai, you can't lose the chain at a critical moment!

Lin Kai's perspective was adjusted, and Long Xiaolin also looked at it curiously.

I saw in the screen, Lin Kai holding a bag of melon seeds, throwing out one by one!

He stood at the window, holding a bag of melon seeds, and wanted to use melon seeds to attack the special soldiers of the Flame Commando!

“Naughty!”

boom!

With a loud noise, Long Xiaolin slapped the table fiercely.

Long Xiaolin’s eyes widened, his expression can be said to be blowing beard and staring, he looked at He Zhijun.

“This is the new king of your Southeast Military Region?”

“It’s enough to sleep late during the exercise. Now the people in your Southeast Military Region are almost dead, and he is still spitting melon seeds!”

“What does he want to do? Do you want to use melon seeds to eliminate Hu Yan?”

“Hu Yan used to be the rookie king of the Yanjing Military Region. Why is the gap between the rookie kings of the two military regions so big?”

Long Xiaolin was so angry that there was a burst of laughter around him. Many officers were amused by the scene of Lin Kai spat out melon seeds.

And what He Zhijun was trained is not temperamental at all, he can’t say a word!

He also wondered in his heart, why Lin Kai, who has always been tough, became confused at this time?

He Zhijun blushed and was speechless.

And Fan Tianlei stared at He Zhijun very resentfully, it’s all you!

Originally, even if our Southeast Military Region loses, it can also lose. Although it is glorious to lose, after all, they have SS-level special forces, but now it is good. Lin Kai’s performance makes the chief dissatisfied!

He Zhijun is also a dumb eating coptis, there is hardship to tell!

...

As the screen turned, in a huge square in the center of Shakou Town, five members of the Fire Commando, three of the Thunder Commando, and one member of the Ice Special Force, a total of nine people, surrounded Li Erniu. .

Hu Yan looked down at Li Erniu, and said indifferently, "Where is Lin Kai?"

Click!

The bullet of the Hu Yan pistol was loaded, and the gun was aimed at Li Erniu.

"As long as you tell me, have you seen it? One, two, three, four, the points of the four of them are all yours."

"You just need to tell me where Lin Kai is."

Hu Yan pointed to the Ice Special Forces and Thunder Commando behind him.

The faces of the four of them changed, but they didn't refute Hu Yan, because they knew that they were just to set off the supporting role of the Flame Commando.

A triumphant smile appeared on Hu Yan's mouth. He believed that Li Erniu would definitely say it.

Because Lin Kai, who is not a member of his special team, confided Lin Kai's news, he could get 400 points, why not do it?

But he didn't expect that at this time Li Erniu spat out **** sputum: "Bah! You get rid of me, let alone I don't know where Lin Kai is, even if I know, I will never tell you!"

Hu Yan's face changed after hearing what Li Erniu said.

Hu Yan is an extremely vengeful person, and he has always been brooding about what Lin Kai said to him at the entrance of Shakou Town.

But after entering Shakou Town, he could not find Lin Kai.

Now, this Li Erniu did not reveal Lin Kai's location, which made Hu Yan very annoyed.

boom!

With a shot, Hu Yan didn't show any mercy at all, and shot directly!

"Big Tigers, Li Erniu, eliminated."

At this time, Lin Kai, who had just rushed to the square, was dumbfounded, what? Are you alone?

One dozen nine?

Lin Kai was a little confused, so he slept for a while, how come he died?

Nineteen people! All nineteen teammates were eliminated!

The special forces of the Yanjing Military Region were eliminated by only eight people!

This gap is too big, right?

Looking at the data, Huyan's points are currently more than 1,300 points!

In other words, just this kid eliminated 13 people from the Southeast Military Region!

Sure enough, it was an ss-level special force.

Lin Kai narrowed his eyes and looked at Hu Yan. He had challenged the captain of the s-class special forces, the king of war. The king of war was very powerful, but Lin Kai could defeat it.

Now Lin Kai looks forward to the captain of the SS-level team.

At this time, Hu Yan also discovered Lin Kai.

With a bang, the eight people around Hu Yan raised their rifles and aimed at Lin Kai.

At that time, Lin Kai subconsciously touched the pan behind his ass.

And Hu Yan's mouth showed a sneer.

"Haha, Lin Kai, you are finally here."

At this time, in the war room of the Beijing Military Region, Lin Kai's perspective had been adjusted to the maximum.

I increased Lin Kai's perspective not because everyone wanted to see Lin Kai, but because Lin Kai is now the only survivor in the Southeast Military Region. From his perspective, he can see the entire exercise site more clearly.

Long Xiaolin shook his head: "Southeast Military Region, the wind of corruption is blowing! Such people can become the new king, hum!"

Chapter 350: Give You A Chance

Chapter 350

After hearing Long Xiaolin's words, a cold sweat broke out on He Zhijun's forehead.

Lin Kai, Lin Kai, why did you drop the chain at a critical moment?

Zhang Sancrazy smiled slightly, with a smile on the corners of his mouth and triumph in his eyes.

Now it is nine to one. How do you win in the Southeast Military Region?

At this time, the officers of the Yanjing Military Region were full of joy and laughed and discussed with each other.

The expressions on the faces of people in the Southeast Military Region are not very good.

They lost again in the Southeast Military Region.

Originally, it was not shameful to lose to a team that was once an SS level, but Lin Kai, but it meant that they lost face in the Southeast Military Region!

He actually slept during the exercise and spit melon seeds out the window when the two sides were fighting.

Now, Lin Kai is the last person to survive.

No one puts hope on Lin Kai, even if Lin Kai is more powerful, can he be the opponent of the SS-level team?

The scene is nine to one!

...

Shakou Town, the central square.

Hu Yan led nine special forces to surround Lin Kai.

Hu Yan held a pistol in his hand and stared straight at Lin Kai, his eyes were a bit playful.

He did not choose to directly eliminate Lin Kai, it would be too cheap for Lin Kai.

"At the entrance of Shakou Town, do you think I am just bragging rubbish?" Hu Yan asked, squinting.

Lin Kai faced the nine special forces in front of him and was also under great pressure.

“Yes!” Lin Kai said, staring at Hu Yan.

Men can lose, but integrity can't be lost!

“I will give you a chance now.” Hu Yan smiled triumphantly.

“Now, you just have to say that the Wolf Squadron is inferior to the Flame Commando. Have you seen these four people? Their points are yours.”

“With the points of these four people, your Wolf Warrior Squadron can get the second place in this exercise.”

Hu Yan made a request to Lin Kai again.

But facing Hu Yan's temptation, Lin Kai snorted with a look of hatred.

“Bah! I'm Lin Kai rare? The points of the four of them, when I want to take it away, I can take it away!” Lin Kai said coldly.

“Okay, you are crazy.” Hu Yan nodded, a trace of cruelty flashed in his eyes.

Since you're toasting and not eating fine wine, don't blame my subordinates for being merciless.

“Hanbing, take the three members of the Thunder Commando and solve him, remember, I only allow you to use your fists!” Hu Yan said.

Hanbing is the captain of the special team of Hanbing, codenamed Hanbing.

He was the only one surviving from the Ice Special Forces, and there were three other survivors from the Thunder Commando.

Their ability to survive this cruel exercise shows that they have real abilities. At that time, Han Bing also looked at Lin Kai with a greedy look in his eyes.

That's a hundred points alive!

Most of the people in the Southeast Military Region were eliminated by Hu Yan. Now, whoever can get Lin Kai's 100 points can get second place!

The three members of the Thunder Commando also looked at Lin Kai, looking bad.

The four of them need to knock out Lin Kai with their fists!

But Hu Yan sat not far away with a lively expression, he didn't want to use a gun to deal with Lin Kai, that would be too boring.

He wants to see his opponent be eliminated under torture!

At this time, the focus of the audience was on Lin Kai.

Whether it is the capital or the entrance of Shakou Town, everyone is paying attention to Lin Kai!

At the entrance of Shakou Town, there is a huge LCD screen. In the big screen, Lin Kai's viewing angle is monitored.

And beside the big screen, stood a crowd of people who were eliminated from the Southeast Military Region.

He Chenguang, Leng Feng and others are all here.

They clenched their fists and stared at Lin Kai in the big screen with a nervous expression on their faces.

Lin Kai, you must not be ashamed of the Southeast Military Region!

Even if they know that even if Lin Kai is strong, he cannot be an opponent of the SS-level special forces, but they only hope that Lin Kai will not lose too ugly. As long as he eliminates a member of the Fire Commando, it is already considered as an opponent. The military region wins glory!

Beijing Military Region, inside the war room.

Everyone was staring at Lin Kai's viewing angle screen, and no one thought that Lin Kai could turn defeat into victory.

After all, the gap between the two sides is too big!

There are nine people on one side and one person on one side.

Everyone can see Lin Kai's performance before, and everyone has no good impression of Lin Kai.

As for Hu Yan, he was the rookie king in the first two years of the Yanjing Military Region. Although he was temporarily demoted to a C-rank special force, it was only temporary.

Special forces at the ss level are terrifying!

Although Lin Kai is the rookie king of the Southeast Military Region, he is still too young. He is just a C-level special soldier.

Whether he can survive in the hands of Hanbing and others is still a question.

At this time, Zhang San said madly and proudly: "Hanbing and Thunder, both of them are also outstanding among the rookies of the Yanjing Military Region. These two special forces are named after their codes.

"Isn't this Lin Kai codenamed Crazy Wolf? How do I think it is more appropriate for him to code Sick Wolf?"

After Zhang Sanfeng said this, there was a burst of laughter.

The old chief Long Xiaolin also nodded. He said at this time: "Zhang Sanfeng, after the exercise is over, call Hu Yan to the capital. I have something to say to him."

After hearing what Long Xiaolin said, Zhang San was overjoyed.

He knew what Long Xiaolin wanted to do.

There is a woman in Long Xiaolin who looks beautiful like a flower, but she has never had a spouse. I heard that Long Xiaolin has broken her heart for her.

Long Xiaolin must be for his daughter, wanting to recruit Hu Yan into the Long family as his son-in-law!

If Hu Yan becomes the son-in-law of the Long Family, he, the leader, can also be touched!

As for Lin Kai recommended by Long Xiaotian, Long Xiaolin didn't take it seriously.

In his opinion, what can a soldier who can sleep soundly during exercises do?

Shakou Town, the central square.

I saw Thunder and Hanbing walking towards Lin Kai from four directions with the other two special forces.

With indifference and self-confidence in their eyes, four beat one, Lin Kai is definitely not their opponent!

"Drink!" At this time, Han Bing moved first, and saw his body rushing like the wind, and instantly appeared next to Lin Kai, hitting Lin Kai's face with a punch!

Lei Ting also took advantage of this opportunity to rush to Lin Kai's front, kicking to Lin Kai's crotch!

When two people shoot, it is a lore!

The other two people came behind Lin Kai and wanted to attack Lin Kai.

Within two short seconds, Lin Kai had been surrounded by four people, and Lin Kai was about to be hit.

Hu Yan, who was not far away, smiled disdainfully and shook his head. In his opinion, Lin Kai had been eliminated and he had no hope of winning.

Dare to speak big words in front of my Huyan?

You can't even fight the C-level special forces, and you still want to eliminate me Huyan? dream!

Chapter 351: Let's Go Together

Chapter 351

At this moment, Lin Kai narrowed his eyes, and he also exploded with his amazing strength!

You are very strong, right?

You helped Huyan eliminate his comrades in arms, right?

You think Lin Kai is very weak, right?

Then I will show my true strength today!

At that time, I saw Lin Kai's hand moved like lightning. When his hand moved, Hanbing only felt a pain in his chest, and a strong force came!

He didn't even see how Lin Kai made the move!

Seeing Han Bing's body flew upside down, his face instantly turned pale.

And Lei Ting's foot was about to hit Lin Kai's lower body, and Lin Kai's foot also moved.

boom!

With a muffled noise, Lin Kai kicked Lei Ting's calf. In an instant, Lei Ting's face turned pale.

There was a sharp pain in his calf, as if a train hit his calf!

The intense pain caused Thunder to take a breath.

It's so fast!

Snapped!

Lin Kai hit Lei Ting with a punch in the face, and Lei Ting's head fell back and fell to the ground with a bang.

The two masters of the new recruits of the Yanjing Military Region, in front of Lin Kai, were like three-year-old children, easily defeated.

And the remaining two people were ambushing Lin Kai behind Lin Kai at this time.

But Lin Kai didn't turn his head back at all. He took out a pistol from his thigh, fired two shots back at random, and then retracted the gun to his thigh.

And the two people behind him stood stupidly in place, because red smoke appeared on their chests, and they were also eliminated.

The four attacked Lin Kai together, and it only took Lin Kai less than three seconds to kill them!

Han Bing and Thunder looked at each other with incredible expressions in their eyes.

How can it be? How could he be so strong?

Hu Yan's eyes narrowed, the ending was beyond his surprise!

Han Bing and the four of them did not defeat Lin Kai?

At this time, there was silence in the war room of the Beijing Military Region.

Everyone believed that Lin Kai had no room to fight back against Frost Bing and they, Lin Kai would definitely be defeated!

But Lin Kai used his strength to prove that he is not easy to provoke Lin Kai!

It was too fast, Lin opened his shots so fast that Hanbing and the others had no time to dodge and were knocked down.

The expression on Zhang Sancrazy's face was wonderful. He just finished talking about how powerful Hanbing and Thunder were, they were brought down.

The one who was brought down has no power to fight back!

And He Zhijun, whose expression had always been gloomy, finally showed an expression of excitement on his face.

Lin Kai finally showed his true strength!

“Lin Kai, the king of rookies! He is a mad wolf, definitely not a sick wolf!” He Zhijun angered.

He let out the squeezed breath in his heart.

Even Long Xiaolin looked at the screen quite unexpectedly, Lin Kai is very strong, no wonder he is the rookie king.

No wonder he was recommended by Long Xiaotian, he was really good.

However, Lin Kai was far inferior to Hu Yan in his eyes.

What if you can defeat the c-rank special forces? Can you have a tiger flame? Although Hu Yan is five years older than you, he is an SS-level special soldier! It was temporarily downgraded to C-level.

“Yes, but Lin Kai is about to be eliminated.” Long Xiaolin said.

Everyone also nodded, although everyone was shocked by Lin Kai’s strength.

But they didn’t think that Lin Kai could turn defeat into victory, because what he had to face was a whole formation! Group of five! Fully equipped! Moreover, they used to be SS-level special forces!

If Lin Kai can turn defeat into victory, it would be a miracle!

At this time, in a war room of the Southeast Military Region, Long Xiaoyun stared at the big screen and clenched his small fist.

“Lin Kai, you must fight for me!”

At the entrance of the exercise site in Shakou Town, He Chenguang, Fatty and the others stared at the big screen and sweated.

Although they knew it was impossible, they really hope that Lin Kai can create miracles!

“Lin Kai, aren’t you the best at creating the impossible? Today, please don’t fail!” He Chenguang muttered to himself.

Although he regards Lin Kai as his competitor, he now hopes that Lin Kai can win!

In Shakou Town, Hu Yan had already stood up, and the four people behind him had also stood up.

Hu Yan stared at Lin Kai, tilted his head, and smiled slightly: "There are two brushes."

"Don't say we bully you."

Bang!

I saw Hu Yan throw the gun in his hand to the ground, then throw his helmet and body armor to the ground, all over his body, without a weapon.

The other four members also threw down their guns.

"Five of us, pick whatever. The rules of the game are until one is beaten down." Hu Yan said.

And Lin Kai smiled freely when looking at the five of them.

Lin Kai also threw down his weapons and equipment, and waved at Hu Yan: "Let's go together."

"Go together?" Hu Yan frowned upon hearing this, "Boy, are you too crazy?"

"Crazy?" Lin Kai touched his nose, and the flames of war were already burning in his eyes: "I Lin Kai doesn't know how to write crazy characters, but you eliminated so many people in my Southeast Military Region. Now is the time to let me Lin Kai's back one round."

After hearing Lin Kai's words, Hu Yan laughed wildly at the time: "Since you want to lose, then we will fulfill you!"

"on!"

Hu Yan gave an order, and the four people behind him moved instantly.

Once they were SS-level special forces, the tacit understanding between them was very high. The five of them shot together, even the SS-level special forces couldn't stand it!

I saw five of them, and instantly rushed towards Lin Kai from five different directions, front left, front right, back left, and back right, with Hu Yan in front of him.

The five people rushed over like rhinos running wildly!

The person on the left front took the first shot. He took Lin Kai's arm directly. His goal was not to knock Lin Kai down, but to control Lin Kai!

The person in the front right took Lin Kai's other arm straight.

The two people in the back aimed at Lin Kai's two thighs.

These five people have an orderly division of labor. Four people are responsible for controlling Lin Kai, and one person is responsible for attacking Lin Kai. The attack method can be said to be very shameless.

Suddenly, even Lin Kai, who reacted quickly, was a little confused.

Lin Kai slapped the person in front of the right with a bang. After the person and Lin Kai slapped his palms, he stepped back several steps, with a surprised look in his eyes.

Obviously, he did not expect Lin Kai's power to be so huge!

He was astonished, and Lin Kai was even more astonished. His palm was less than a thousand pounds of power, but he just stepped back.

When it was said that it was too late, Lin Kai shot one person, but three others rushed towards Lin Kai.

In a hurry, Lin Kai could only run to the breakthrough on the right front, but he was still a step late, and saw a big hand appear, and that big hand directly grabbed Lin Kai's arm!

When he raised his head again, Hu Yan had already rushed towards Lin Kai's chest with a palm!

Chapter 352: Extreme Anti Kill

Chapter 352

Suddenly, Lin Kai was restrained by four people, and Hu Yan slapped Lin Kai's chest with a palm.

But Lin Kai's eyes were cold, and the suppressed Lin Kai, instead of feeling panicked, on the contrary, he felt very good to have such pressure!

After so long, I can finally have a good fight!

Contained by four people, Lin Kai didn't run away at all, right? I meet you!

At that time, Lin Kai shouted angrily and slapped Hu Yan with a palm!

The power of one hundred and sixty points burst out, and the two palms collided in the air, making a loud bang!

That sound is like setting off firecrackers!

Humph!

Hu Yan stepped back three steps, showing a surprised expression.

His palm trembled slightly.

What kind of perverted force is this? Hu Yan was stunned!

Looking at Lin Kai again, standing still, there was no sign of trembling in his palms.

It was the few people behind Lin Kai who were shaken out several meters by their rivals.

Everyone was stunned.

What role is Huyan? It was a ruthless character who was famous for being overbearing, and recruit Lin Kai not only received a palm from him, but also bounced Hu Yan so far.

Lin Kai didn't move a step.

In everyone's minds, they were very surprised.

And Lin Kai's mouth showed a fierce smile: "Hahaha! Happy!"

Having said that, Lin Kai glanced at the person closest to him, and Lin started to move, he was the best!

I saw Lin Kai kicked the ground, and the concrete floor was kicked out of a hole by Lin Kai. Lin Kai's body rushed towards the man like a cannonball!

And that person was shocked, Lin Kai's speed was too fast!

In a hurry, he only had time to stretch out his palm and blast Lin Kai!

But it's too late!

Lin Kai came to him, slapped his chest with a palm, saw his face changed drastically, his body flew upside down involuntarily, and he fell to the ground with a plop, and red smoke rose from his body.

Kill one person!

It's one dozen four now!

Hu Yan and his teammates looked at each other, they knew that they had to show their housekeeping skills.

“on!”

Hu Yan gave an order again and pounced on Lin Kai!

But Lin Kai smiled slightly, facing the siege of the four, Lin Kai had found the right way to deal with it, found a breakthrough, and beat him to death!

At that time, Lin Kai looked at a special soldier on his right.

At that time, Lin Kai said silently: “Mountains!”

20 points for reaction power and speed, 160 points for reaction and 160 points for speed!

“Phantom attack!” Lin Kai shouted again, and his body fluttered out lightly.

Although it looks like his body is light and fluttering, but in fact it is very fast, there is reality in the void, and the void in the reality.

I saw that Lin Kai’s lower body was steady and his upper body was misty, as if he was drunk, and the wind came rushing in front of the man.

He didn’t react until Lin Kai came in front of him. He didn’t know that he had been eliminated until Lin Kai punched him in the face and a dizziness felt in his head.

boom!

I saw that person fell directly to the ground with red smoke rising from his body, he has been eliminated!

Kill again!

It’s one dozen three now!

At that time, there was a cry of exclamation on the scene, and everyone took a breath of air-conditioning. This Lin Kai had a good chance!

Nine people, he killed only three people!

This strength is too strong, right?

“What kind of body is this?” At that time, Hu Yan frowned and had a serious expression.

Only now did he understand that he really met a master!

Lin Kai is not a rookie at all, he is a master!

“Give it to me! Leave no energy!” Hu Yan roared at this time.

There is no need to talk about Hu Yan, the other two people also understand that if Lin Kai is not solved, where is the face of their Fire Commando?

At that time, the three of them rushed towards Lin Kai, all their killers had been revealed!

But Lin Kai looked at the person on his left, and once again a cruel smile appeared on the corner of his mouth.

“Phantom attack!” Lin Kai directly jumped out of the circle of three people.

Why did Lin Zhuan choose to escape, instead of killing one of them with a ghost attack?

Because Lin Kai is looking for an angle!

Finding the angle, Lin Kai is ready to eliminate both of them at the same time!

And now, Lin Kai has found the right angle.

“Rhino sticks to the mountain!” At this time, Lin Kai made a low voice in his throat.

boom!

Lin Kai stepped on the ground with a muffled sound, and Lin Kai stepped out of a big hole on the concrete floor!

And Lin Kai’s body, like a rampaging rhino, crashed into those two people!

From Lin Kai’s perspective, the two people stood in a straight line. If they couldn’t dodge, they would all be knocked into flight by Lin Kai!

Lin Kai hugged his arm, used his shoulder as a rhino’s horn, and slammed into it angrily!

But Lin Kai’s extremely fast speed surprised them. They only had time to protect their chests with their hands. Lin Kai had already come to them!

boom!

With a muffled noise, Lin Kai directly hit a member of the Flame Commando!

And that person's face turned pale in an instant, and he let out a big mouthful of blood with a wow!

But his body flew upside down, directly hitting a player behind him.

boom!

The man was hit by his teammate, both of them landed, and red smoke appeared on them at the same time.

Two people were eliminated at the same time!

Flame Commando, now only Hu Yan is left!

Hu Yan looked at Lin Kai stupidly, his eyes full of incredible.

Why can this person's speed, strength, and reaction be so strong?

Moreover, Lin Kai's ghost attack and rhino sticking to the mountain are stunts he hasn't seen before!

This kind of stunt makes the flame commando overwhelming!

And Lin Kai's ear also heard a pleasant voice.

"Congratulations, you have successfully eliminated nine people and gained one hundred and eighty upgrade points and one hundred and eighty attribute points."

"Attention, the Tiger Flame in front of you belongs to the boss-level opponent. Eliminate Tiger Flame and reward forty attribute points and 40 upgrade points."

Forty o'clock!

At that time, Lin Kai looked at Hu Yan's gaze, as if looking at an undressed beauty, his eyes showed a greedy look.

"Hu Yan, take out your housekeeping skills, I don't want you to lose too ugly!" Lin Kai moved his muscles and sneered.

But Hu Yan saw that his teammate was eliminated, he was not afraid, on the contrary, he felt very angry!

My own flame commando was once an SS-level special forces, but now it has been abused by a c-level special force!

This kid eliminated eight people from the Yanjing Military Region as soon as he came up. This made Hu Yan very angry!

“You are very strong, but I’m not convinced by Hu Yan!” At that time, Hu Yan stepped on the ground and rushed towards Lin Kai.

And Lin Kai also sneered, and said silently in his heart: “Yuri Ability!”

“Mind control!”
